FIRE INSURANCE COMPANIES WILL AWAIT EFFECT OF NEW LAWS

CONFERENCE AT DALLAS

Insurance Men Believe That Powers of New Commission Are Too Extensive Under Law

By Associated Press. Dallas, June 26.—P. P. Tucker, spokesman for the fire insurance company managers of Texas, who held a conference here yesterday, said today the companies intend to wait before taking action, until they see the effect of the new fire insurance law effective July 1. It has been reported the companies were contemplating withdrawing from Texas. Tucker said he believed the new fire insurance commission will have more absolute power than any other body in the state. Mr. Tucker did not discuss the proposal of withdrawing from Texas.

NAME GIRLS AS CAUSE OF DOUBLE KILLING

Spokane, Wash., June 26.—Franz Fromm, champion revolver shot of the United States in 1909, and his wife were found dead in a tent back of their home here yesterday. From a note in the dead woman's handwriting, the authorities believe that Mrs. Fromm shot her husband through jealousy and then committed suicide. In the note two young women of this city are named as the cause of the tragedy.

ESPIONAGE ON FEDERAL JUDGES IS RESENTED.

By Associated Press. St. Louis, Mo., June 26.—Criticism of the department of justice for "arbitrary espionage or investigation of federal judges by means of examiners" was made today by Judge Emory Speer, United States judge for the Southern District of Georgia before the annual session of the Iowa State Bar Association. Judge Speer spoke with great vigor and emphasis declaring the situation intolerable.

Abilene.—The farmers of the plains and west Texas have about finished plowing the annual session of the Iowa State Bar Association. Judge Speer spoke with great vigor and emphasis declaring the situation intolerable.

10,000 SQUARE INCHES OF SKIN FOR GRAFTING

That Much is Needed in Buffalo and Volunteers Are to Be Called For

By Associated Press. Buffalo, N. Y., June 26.—More than 10,000 square inches of skin must be given for grafting purposes if the death list of the Huested Milling explosion and fire is to be kept from reaching its more appalling proportions, according to conservative estimates of physicians. To meet this demand the services of three hundred volunteers will be required. A public appeal will soon be issued.

WACO INTERESTS OPPOSE ABOLITION OF DIFFERENTIAL.

Waco, Texas, June 26.—A resolution opposing the abolition of the Galveston differential and revision of cotton rates has been adopted by the Waco Freight Bureau and Chamber of Commerce. The resolution says the abolition would work an unnecessary hardship on railroads, reducing their earnings on cotton alone nearly a million dollars a year.

J. P. MORGAN ESTATE IS VALUED AT \$100,000,000.

By Associated Press. New York, June 26.—The whole of the J. P. Morgan estate is valued at about \$100,000,000, according to the state controller's department, which has had an investigator in Europe examining the books of the Morgan houses in London and Paris.

DIVIDENDS WILL REACH 266 MILLION DOLLARS

New York Banks Get Ready to Make Largest Payments in Wall Street's History

By Associated Press. New York, June 26.—New York banks have begun preparing to disburse the largest sum of money ever paid out in one month in the history of Wall street. This sum will total \$266,000,000, and will consist of the annual, semi-annual and quarterly distributions of dividends and interest due June 30. The payments include practically all the dividends paying railroads and industrials.

DUKE LUDWIG IS ASKING DIVORCE

AGED BROTHER IN LAW OF AUSTRIAN EMPEROR HAS FILED SUIT

FORTY YEARS HIS JUNIOR

Was Second Morganatic Wife Member of Bavarian Royalty Took From Stage

By Associated Press. Munich, Bavaria, June 26.—The eighty-two year old Duke Ludwig of Bavaria, brother-in-law of the Austrian emperor, today entered suit for divorce against his second morganatic wife, a former ballet-girl of the Bavarian court opera, whose maiden name was Antonie Barth, and who is just forty years younger than her husband. They were married in 1892.

Duke Ludwig has twice taken consorts from the stage, first marrying morganatically an actress named Mendel, who died in 1901. The occupying of this union with Countess Larisch who recently published her memories in London. The Bavarian royal court treated Ludwig's first wife with great consideration and she received the title of Baroness. Antonie Barth did not occupy a similar position at court. The grounds for the divorce are not stated.

REPORTED GASSER BROUGHT IN NEAR COMANCHE TODAY

By Associated Press. Comanche, Texas, June 26.—Local parties struck a gas well near Sipe Springs twelve miles north of here this morning. The gas was ignited and burned three hours before the well was brought under control.

MARKET NEWS SERVICE FOR TRUCK GARDNERS

Feasibility of Such a Plan Will Be Discussed by Officials of Department of Agriculture

Washington, June 26.—A market news service for farmers and truck gardeners who raise perishable products may be established by the recently created office of markets of the department of agriculture. The feasibility of such a plan is to be discussed by a specialist of the office who will also consider the best way of rendering statistics of demand and supply useful to the farmer. The prices received by producers, the cost of transportation and storage, change of ownership, accumulated charges, profits and other elements will be investigated.

Other specialists, it was announced, are to give attention to co-operative organizations of producers and consumers and will assist in the formation of new co-operative enterprises. An expert in co-operative accounting will assist such organizations to keep their books and records effectively, to establish cost systems and follow up method of handling goods. Specialists in transportation will assist producers to obtain equitable freight rates and will discuss questions of extending facilities, determination of rates, routing and other matters connected with the speedy and cheap moving of produce. The milling, marketing and utilization of cottonseed will be given special attention.

MAY DEMOBILIZE TROOPS NOW STATIONED ON COAST

Major General Carter Reported to Have Made Recommendation to Washington

By Associated Press. Galveston, Texas, June 26.—A report was prevalent today in both the camp of the Second Division, United States Army at Texas City and the Fifth Brigade here that the troops will be demobilized and returned to their various posts about July 15. It was reported that Major General W. H. Carter in command of the second division, has recommended to the war department that demobilization be begun, but he was non-committal when asked about the report today.

CONVENTION OF POLICE CHIEFS AT GALVESTON ENDS

By Associated Press. Galveston, Texas, June 26.—The convention of Texas city marshals and chiefs of police ended today and selected San Antonio for the 1914 meeting place. New officers are: W. L. Sallis of Brenham, president; W. S. Knight of Corsicana, vice president; E. W. Newby, Fort Worth, secretary and treasurer for life.

4256 BIRTHS, 2362 DEATHS IN TEXAS DURING MAY

By Associated Press. Austin, Texas, June 26.—The vital statistics report for May shows a total of 4256 births and 2362 deaths. There were thirty-two sets of twins and one set of triplets. The report shows the deaths of two white persons over a hundred years old.

MEREDITH NICHOLSON, NOVELIST, WHO DECLINED APPOINTMENT AS MINISTER TO PORTUGAL BY WILSON

MEREDITH NICHOLSON, NEW AMBASSADOR TO PORTUGAL

Meredith Nicholson, the Indiana novelist, has finally declined the ambassadorship to Portugal, which was tendered him recently by President Wilson. The author gave as his reason that Portugal afforded too little opportunity for educating his children. Some objection had been made to Nicholson's appointment on the ground that he became a democrat only in recent years, but these contentions seemed to have little effect upon the President, who urged the novelist to accept the place. The scene below Nicholson's portrait was taken in the stony capital of Portugal, showing the soldiers patrolling the streets to prevent threatened outbreaks by the imperialists. Nicholson is known widely by such of his novels as "The House of a Thousand Candles," "The Port of Missing Men," "The Siege of the Seven Suitors," and a number of short stories.

TO INVESTIGATE EASTERN RATES

INTERSTATE COMMERCE COMMISSION WILL LOOK INTO MATTER AGAIN

THREE MEMBERS OPPOSE

Statement is Issue Warning Against Any Undue Conclusions Being Drawn

By Associated Press. Washington, June 26.—The Interstate Commerce Commission today issued an order for an investigation into the increase of freight rates by about fifty eastern railroads. The decision to investigate was reached by a bare majority, three of the commissioners having voted not to investigate.

MAY DEMOBILIZE TROOPS NOW STATIONED ON COAST

Major General Carter Reported to Have Made Recommendation to Washington

BLOW WITH BASEBALL IS FATAL TO DEKALB YOUTH

Remains in Game, But is Found Unconscious Today and Dies Without Regaining Senses

600 INCREASE IN SCHOOL CENSUS

TOTAL OF 2537 PUPILS ARE FOUND BY ENUMERATOR BROWN

170 OUTSIDE THE CITY

Negro Children Number 170 Also Only Two Foreigners are Found in School District

City Censustaker Brown has finished his work. The figures show an increase in the school census of 600 during the past year. The total number of children under 7 years is 384; under 8 years, 267; under 9 years, 282; under 10 years, 257; under 11 years, 272; under 12 years, 270; under 13 years, 229; under 14 years, 23; under 15 years, 232; under 16 years, 131.

RUFUS J. FELDER, BROTHER OF TWO WICHITANS DEAD

Judge C. B. Felder was called to Chappel, Texas, this morning by a message announcing the death of his brother, Rufus J. Felder. The news of his death came as a shock to Judge Felder, and to Dr. W. H. Felder, also a brother, as no word had been received by either of the illness of their relative. No particulars were given in the message, but it is the belief of the brothers here that the death was due to some accident.

WEATHER FORECAST

Tonight and Friday, generally fair.

NEW YORK BANKS OIL DEPENDANTS

STATE FILES AMENDED PETITION INCLUDING THEM IN PENALTY SUIT

TOTAL NOW \$102,161,000

Banks Alleged to Hold Bonds of Defendant Corporations are Made Parties in Case

By Associated Press. Greenville, Texas, June 26.—Five New York banks have been added to the defendants in the Texas \$99,000,000 oil penalty suit and by this action the total penalties have been increased to \$102,161,000. This became known today with the announcement that the State on May 26 filed an amended petition here including the New York banks as parties to the suit because they are alleged to hold bond issues of either the Magnolia Petroleum Company or the Corsicana Petroleum Company, the Texas Oil companies in the suit. The banks and the respective penalties are: Columbia Knickerbocker Trust Co., \$1,800,000; Central Trust Company, \$271,500; Chase National Bank, \$271,500; Eshboard National Bank, \$271,500; The Magnolia bond issue of \$10,000,000 and the Corsicana's \$90,000,000. These two companies or their present stockholders and officers are charged with Texas anti-trust law violation running continuously since 1900 and the penalties are assessed on a daily basis on these alleged violations.

DEVISING PLAN TO STOP PARCEL POST CONGESTION

Department Will Establish Forty New Terminal Railroad Postoffices—Baggage Cars to be Used

Washington, June 26.—Plans to relieve the railroad mail service of the congestion resulting from the parcel post have been partly completed by Alexander H. Stephens, superintendent of railroad mail service.

The first step will be a request of Congress for an appropriation of \$200,000 with which to establish forty new terminal railroad postoffices. These will assist toward giving special facilities with which to handle the most bulky parcels. The project contemplates handling the larger parcels such as the "blue tag service" disposed of the bulk of second-class mail shipments.

A terminal railroad postoffice exists in St. Louis, and this, it is believed, will serve to carry out the new plan there. Similar offices are to be installed in Kansas City and St. Joseph, Omaha, Dallas, Houston, Fort Worth, Denver, Pueblo, Memphis and Lincoln, Neb.

The smaller parcel post packages will be transferred along with regular mail in mail cars, although it was found the big packages cannot be carried conveniently in these cars.

The idea is to assemble the larger packages at the points of origin in a separate room and to dispatch them in baggage car space. The mail cars are not built to meet the demands of the large size parcels. On many routes, because of the heavy burden of large packages, delay and confusion has resulted.

CONFEDERATE FLAGS NOT TO BE BARRED AT GETTYSBURG.

By Associated Press. Nashville, Tenn., June 26.—Word has been received here from the Gettysburg commission that reports that only United States flags will be permitted at the reunion of blue and gray at Gettysburg are utterly unauthorized.

Gainesville.—Good roads bonds in the sum of \$175,000 for Fort Bend county, Texas, purchased by E. B. Blanton, a local capitalist. It is understood the roads will be improved at an early date or as soon as the money is available.

"TUT, TUT," SAYS WILSON WHEN HE GETS PEEVED

President Has New Form of Denatured Expression When Things Don't Go Right

By Associated Press. Washington, June 26.—President Wilson has introduced a new form of denatured explosive expressions into administration circles. Where former Roosevelt relieved his feelings by exclaiming "Godfrey," President Wilson is said to seek the same relief by the expression, "Tut, Tut!" Robert Taylor, a fourteen year old caddy describing a golf game by the president, said today: "The president struck the ball and it rolled it right to the edge of the hole. I sneaked over close, for I know what they usually say when such a thing happens on the course. The president looked very peeved. He opened his mouth as if to say something and I picked up my ears. 'Tut, tut,' that was what he said."

MUCH INTEREST IN GOOD ROADS

CAMPAIGNS NOW BEING WAGED IN MANY PARTS OF THE STATE

SEVERAL MEETINGS HELD

State Convention at Corpus Christi Next Month Expected to Be of Good Results

Special to The Times. Fort Worth, Texas, June 26.—That the vigorous good roads campaign that has been waged in every section of Texas during the past two years, is bearing fruit is shown by the fact that during the first five months of 1913 \$3,690,000 was voted for good roads in twenty-two states, which sum exceeded the total amount voted for good roads during 1912, according to records kept by the Texas Commercial Secretaries and Business Men's Association.

The interest in the good roads movement is not alone confined to individual counties, but has grown until many counties of the state are co-operating in the construction of several interstate highways; notable among these is the Colorado Springs to the Texas Gulf Coast Highway, which is now being logged following the recent formation of the Federal division of the Colorado to the Gulf Highway Association at Chidress, Texas.

The Texas Good Roads Association will hold a mid-summer congress in Corpus Christi, Texas, July 10, 11 and 12. W. W. Wade, director of the Bureau of Public Roads, another man of national reputation will be present and the hope is to make this the greatest gathering of good roads enthusiasts that has ever been held in the state. One of the features of this mid-summer congress will be a good roads exhibit of the A. & M. College. Homer D. Wade of Stamford, secretary of the association has received replies from almost every commercial organization in the state assuring the attendance of a representative and also many mayors of cities, county judges and county commissioners of the various sections of the state have signified their intention of being present.

MEETINGS BEING HELD

At Lampasas, Texas, recently, at least a thousand people of more than eight counties attended the meeting of the San Antonio, Blanco, Goff, the Belt Good Roads Association. Among the speakers was D. E. Colp of the Bexar county Highway League which is a powerful factor in creating an interest for better roads in Southwestern Texas. One of the many features of the Texas Commercial Secretaries Institute, to be held at Mineral Wells on July 15 to 19, inclusive, will be the second day's session, which will be entirely devoted to the subject of good roads. In addition to the government, assurance of the construction of a \$150,000 federal post highway between Fort Worth and Mineral Wells, Texas, a distance of sixty-five miles, passing through Tarrant, Parker and Palo Pinto counties, there will be talks by Col. B. B. Buckeridge, general secretary of the Texas Commercial Secretaries, R. O. McCormack, secretary of the Tarrant Chamber of Commerce, and many other good roads experts.

On Saturday, July 9th, a special election will be held throughout the state of Texas, at which time an amendment to the constitution will be submitted which states to permit a majority vote instead of two thirds vote on good roads bond issues, as at present.

The commissioners of Parker, Palo Pinto and Tarrant counties have appropriated a total of \$80,000 which, with the \$40,000 allotment by the United States government, assures the construction of a \$120,000 federal post highway between Fort Worth and Mineral Wells, Texas, a distance of sixty-five miles, passing through Tarrant, Parker and Palo Pinto counties.

DEMONSTRATION PLANNED.

On the occasion of the meeting of four Texas conventions and highway county clerks, county and district attorneys and the county tax collectors in Fort Worth, August 7, 8 and 9, one of the greatest demonstrations of road building ever given in the South will be held. Government good roads experts, prominent speakers and highway making machinery of all types have been secured for this occasion. By this time, nearly seven miles of the new paved road system being built for Tarrant county under the supervision of Engineer Travilla, will be ready for use between Fort Worth and Handley. They will be the first complete paved roads in the state and as the people of Texas are aroused on the subject of good roads as they have been on no other species of public improvement, it is believed this meeting will be the means of drawing delegates, not only from all sections of Texas, but from southern and middle western states as well.

BATTLESHIP UTAH GETS STAND OF STATE COLORS

Washington, June 26.—Captain William S. Benson, commander of the battleship Utah, now at New York, has made arrangements for the acceptance on behalf of the vessel today of a stand of the colors of the state of Utah. The donors had planned originally to present the colors at the same time the silver service was presented, but they were not then completed.

WILL FOLLOW UP LOVETT'S CHARGE

HARRIMAN OFFICIAL SAYS MEN ARE IMPERSONATING SOME CONGRESSMEN

WOULD "GREASE WHEELS"

One of Attorneys Mentioned by Lovett Will be Heard by Lobby Investigators Tonight

By Associated Press. Washington, June 26.—Robert S. Lovett's charge that men are impersonating members of Congress and making demands on Wall street has stirred congressional circles. He made this charge before the Senate lobby committee last night saying the men impersonating representatives had claimed to be able to "grease the wheels in Washington" for the Union Pacific merger dissolution.

While the committee was in recess today plans for following the trail Lovett disclosed were taken up by the members. Mr. Outerback of New York, attorney mentioned by Lovett arrived here today and agreed with Chairman Overman to be heard before the lobby committee at eight o'clock tonight. He said he was prepared to deny Lovett's charges generally but would testify that he had talked with the man and would explain his conversation.

Lorena.—The Lorena Publishing Company has taken over the plant of the Register and several improvements are contemplated. Senator H. B. Terrell, editor of the West News formed the organization.

RICH WOMAN PLEADS GUILTY TO SMUGGLING

Customs Inspector Cole Discovered Change Had Been Made on Two Handsome Silk Dresses

New York, June 26.—Mrs. Crawford Hill, wife of the owner of the Denver Republican, was fined \$200 in the federal court in Newark on a charge of smuggling gowns on the Imperator.

Mrs. Hill, with her maid, Cora Cowan and her husband, a capitalist of Denver, arrived on the Imperator Thursday. Customs Inspector Cole found gowns and other clothing, specifically two silk dresses and a coat valued at \$731, in which the foreign labels had been removed and the names of American makers substituted.

Mrs. Hill was much veiled when she appeared in court. Her counsel, George Gordon Battle of New York, pleaded guilty for her and the plea was changed to non vult. The assistant United States district attorney asked that a fine of \$500 be imposed. Judge Cross decided \$200 was sufficient. Mrs. Hill paid it promptly and left the court.

Mrs. Hill was Louise Bethel Sneed of Memphis, Tenn.

GOVERNOR DUNNE SIGNS WOMAN SUFFRAGE BILL

Opponents of Measure Declare That it Will be Tested in the Courts at Once

By Associated Press. Springfield, Ill., June 26.—Governor Dunne today signed the women's suffrage bill which provides that Illinois women of legal age may vote for all statutory officers. Opponents of the measure declare it will be tested in the courts.

SECOND MURDER TRIAL RESULTS IN ACQUITTAL

By Associated Press. Clarksville, Texas, June 26.—Hiram Rogers who was tried twice in Reg River county courts on a charge of murder, was acquitted today at his second trial. Ed Murphy was the man he killed here a year ago.

SAN FRANCISCO-TEXAS HIGHWAY NOW PLANNED

Organization Formed at Good Roads Meeting San Angelo—Proposed Route Logged

By Associated Press. San Angelo, Texas, June 26.—A temporary organization of the Texas to San Francisco Highway Association was formed here this morning. Thomas Owen of San Angelo, was elected president and E. P. Eason of Winters, secretary. Homer D. Wade of Stamford, was made a member of the executive committee. The association plans to complete the highway now logged from El Paso to Fort Stockton and to go via San Angelo to Fort Worth and Texarkana.

DENISON LOSES LAST OF SERIES

DRILLERS PLAY REAL BASEBALL AND BOX ARE SHUT OUT

KANE ALLOWS FIVE HITS

These Are Well Scattered—Catch by Brown in Ninth Inning is Feature of Game

Special to the Times.
Denison, Texas, June 26.—Putting up such an improved appearance that it seemed to be a new team, Wichita Falls copped the third of the series here, shutting the locals out. Kane pitched the shut-out kind of ball and had support that was well-nigh perfect, while hits off Adams and errors of the local infield gave the visitors two scores.

OFFICIAL SCORER HAS AN EASY TIME OF IT, HASN'T HE?

Exchange.
The official scorer is the Deluded Simp in the press row who thinks he knows the difference between a base ball and a boot. However, the ball players and the bugs will tell you that he flatters himself.
The official scorer is the Main Allib for many a sick, battling average. The player murmurs bitterly that he didn't get half the wallops he knocked. According to his own figures (carefully kept and accurately compiled) he hit 310, but the official average gave him only 288.
Any bug in the stands will tell you the Official Scorer is a Big Bum who doesn't know as much about scoring a ball game as a goldfish knows about prohibition. Leaving the game any old day one may hear some incoherent diatribe emitting talk after this fashion:
"That big stiff of a Jitsy made six errors today, but the Official Scorer won't give him any. I don't see where that guy gets his scores! He couldn't score an amateur game for me."
The batter who hit a ball right in front of second baseman got a hit probably because the ball bumped into an obstruction of some sort and bounded untouched between the fielder's props. The home pitcher can not see it that way.
Then there is the batter who dumped a slow roller toward the third baseman, who proceeded to kick the ball all the way to the grand stand and back again. The official score shows an error for the third baseman. The batter waits after this manner:
"Why, the Simp Headed Sack didn't give me a hit on the ball to third. Everybody knows it was too slow to be handled in time to get me."
And, anyway, the athletes always gets the worst of it on the road, so they readily ought to get the breaks on their own yard.
The official scorer hears all these murmuring typically. Only on rare occasions when the provocation is great does he flare back. Then he tells the complaining athlete that he ought to be thankful no column is provided for home-head flies.
Frequently other scorers differ from the official scorer, but that gent always has the fun of knowing his guess is the last word and the only one that will reach the league president.

THROW-OUT AT SECOND KILLS MAN AT HOME

Jasonville, Ind., June 25.—Michael Ruth, 28, died here last night of concussion of the brain, the result of being hit on the head with a ball during a baseball game here Sunday.
Ruth was at bat when the catcher tried to throw a man out at second base. The ball hit Ruth on the head and he fell unconscious.

TEXAS TOWNS MAY NOT GET NEW POSTOFFICES

Representative Fitzgerald of New York Wants to Save About a Million Dollars

Washington, June 26.—A light-haired man with nose glasses has crossed the path of those Texas towns that had confidently expected Uncle Sam speedily to invest within their boundaries in site for federal buildings.
The light-haired man with glasses is not Woodrow Wilson, but Representative John Henry Fitzgerald of New York, chairman of the House appropriations committee. He is strong for economy and last February he thought he saw a chance to save about a million dollars and with him to think of an economy is to act. Here follows the story.
Late in February it appeared pretty certain that Congress was going to fall to pass a public buildings bill. President Taft was thought to be opposed to it and there was so much feeling over the whole thing that House leaders became convinced that it would be impossible to get the bill through.
Then there came rumblings from the Senate to the effect that the bill would be blocked there. However, as all now know, all of these calculations went awry and a public buildings bill did get through Congress in the closing hours of the session and was approved by President Taft.
It was when the best guessers were predicting failure for the public buildings bill that Fitzgerald got his work, which is now causing congressmen to hustle around and appeal for the passage of an urgency deficiency bill. Fitz told the appropriations committee a fine showing in reduced appropriations could be made by eliminating from the sundry civil bill the item of a million or so dollars intended to be utilized in purchasing sites for public buildings, for the reason there would be no public buildings bill and consequently it would be useless to make that appropriation in the sundry measure. Accordingly the item was eliminated and the bill rushed through. All would have been well had it not been for the fact that the public buildings bill did pass and at a time when it was too late to change the sundry civil bill.
President Taft vetoed the sundry appropriations bill and it was not passed over his veto so dollars intended upon saving that million dollars. Chairman Fitzgerald did not inform the House of the fact that there was a failure to make funds available to carry into effect the recommendations of the public buildings bill. Instead he passed over an agreement from the democratic caucus that the bill should be passed at the present special session just as it had been passed the first time and that is what has been done.

San Saba—San Saba now boasts of a new and novel industry. An enterprising citizen is shipping dozens of horned frogs to New York City. He says he secures a good price for them and it is supposed the freaks are sought as curiosities.

MAN SEVERELY HANDED WHEN HE RESISTS OFFICERS

Deputy Sheriffs Hawkins and McQuall arrested four men on the other side of the river last night, and one of them put up such a fight that the officers had to manhandle him in pretty rough fashion. He has several cuts on his head to show for it today. Two of the men arrested are charged with robbery, one of the four claiming to have been robbed by these two.

Wichita Falls, Texas, July 25, 1913

An increase of over 600 in our scholastic population over that of last year will give the outsider some idea of the rapid growth of Wichita Falls.

There is a town or city in the state that can show as great a percentage in increase the Times will be glad to learn the name of it.

The scholastic census for the independent school district of Wichita Falls, which has just been completed given the number of children between the ages of 7 and 17 years at 2539 showing a net increase over the census of 1912 of 635.

Of the total 178 reside outside of the limits of the city, and taking that from the total in the district leaves 2360 scholastics within the corporate limits.

Multiplied by six, this indicates a population of 14,160.

This is certainly ideal weather for threshing, and the threshermen are making the most of it.

With the largest wheat crop that has ever been produced in Wichita County, they have a long job ahead of them.

But they have made a splendid start, and the grain is being loaded into granaries, box cars and elevators at a rapid rate, and on some few farms, where the grain has been cut and threshed, the stubble is being turned in preparation for a new crop.

Farmers have about concluded that it pays to plow early and deep, and where this is done the chances of their crops being destroyed by a long dry spell are greatly reduced if not completely eliminated.

Col. John G. James, well and favorably known by those who made Wichita Falls their home in the early days as it were, for the building of this most thrifty and thriving city, while no longer a resident of Wichita Falls, still he shows every evidence of being a well wisher for the continued growth of the city, and prosperity of the people who reside here.

He writes the Times from Roff, Oklahoma, as follows: "I read the Daily Times with great pleasure, and greatly appreciate the valuable service you are rendering your city and county—not only in building up the material interests, but also in fostering all the higher interests—educational, religious, social interests of the people and in making a clean, sound instructive paper fit to go into every family of the land."

Faithfully yours, John G. James." The Times, while not particularly fishing for compliments, most certainly appreciate them, when they come un-solicited from men who are in a position to judge its work.

The Times' greatest ambition is to be a factor in the building of a great city, and it follows most naturally that its next greatest desire is to make the Times a great newspaper.

As to how well it is succeeding along these lines those who keep close track of events as they transpire will have to be the judges.

TRUE FRIENDSHIP

Happy is the man who has one true friend. Not many can lay claim to that many.

By friend we do not mean the man who claims to be your friend when all goes well, but the man who stands shoulder to shoulder with you when trouble is on, when friendship counts for something.

A friend is worth more than all the gold of all the world. If you have a friend see that you prove worthy of friendship.

Down at Galveston there is a man who seems to have lived before his fellows in a way to have many friends. His name is J. B. McDaniel.

When his surgeons announced that the only hope to save his life lay in the willingness of healthy men giving up their blood for him: between fifteen and twenty of his Hill county friends volunteered to go on the table and give their healthy blood to save the life of their friend.

A brother and his friends were allowed the privilege of giving up their blood, three quarts for him. That is friendship.

When we are willing to face danger, when we are willing to go down in the valley of death for our friend then we begin to know real friendship.

Again we say happy is the man who has even one true friend—Abilene Reporter.

WHAT MEXICO NEEDS

In speaking of conditions in Mexico some one has said:

"What Mexico needs is another step, unfolding dictator like old Porfirio Diaz. The people are too ignorant and degraded for self-government."

Admitting that they are degraded, I would like to ask: What has degraded them and reduced them to ignorance?

BELLE OF WICHITA--IT'S BETTER

Was it democracy and freedom, or was it not tyranny and despotism? Diaz ruled Mexico for thirty years with the iron hand of a despot, and during that time, by means of their freedom of speech and press, they were disgraced, their schools were closed, they lost their property, and were reduced to serfdom and slavery.

Was that good for the Mexican people? Is that why a dictator is the thing for Mexico? If dictatorship is good for Mexico why is it not good for this country and other countries? Are they any less human than we?

The Spanish people, like the Romans, have always tried to enslave the people over whom they ruled, and have thus degraded them and marred their progress. No country has ever advanced under this rule. No country can advance very far up the ladder of progress while the people are in poverty or are enslaved.

Progress is made only when the yoke of oppression is thrown from the neck of the people and the chains of slavery are loosened from their ankles. The most progressive nations are those that have the greatest freedom—that are nearest to self-government. Mexico does not suffer for dictatorship and tyranny, but because of it.

Freedom is what Mexico needs. Freedom and democracy. Only then can she progress among nations.

JOHN H. STOKES, Wichita Falls, Texas.

PAPA'S RIGHTS

That Nebraska boy who turned down the proposition of his dad, which was to refuse to marry the girl of his choice, join the navy and accept a gift from him \$10,000 in cash did the proper thing. If the father is the right sort of man he ought to feel proud of his son's decision.

When a man has an opinion which he is ready to back with ten thousand perfectly good dollars that opinion is entitled to respect. Of course no father is competent to choose a wife for his son, but nearly any father is competent to guess which girl is likely to make a good wife and which one not.

And if he has come to pass that a father is not worthy to have some say so so vastly important a matter as his son's marriage, then indeed has the office of daddy sadly degenerated.

Sure, the son ought to consult the father in such matters, but in cases where they disagree—in love matters for instance, as it just the proper thing for a father to offer to bribe his son in order to induce him to accept his advice, or to disinherit him if he does not? An affair of love is a serious matter.

One in which the contracting parties have more at stake than all others. Of course, it might have been that the girl in the case might not have been the boy's equal, socially, but where one instance of that kind is found, there are a hundred matches made where the boy is not the equal of the girl, either socially or morally.

We are still of the opinion that the Nebraska father, in measuring his son's future happiness by employing a \$10,000 yard stick, made a grievous mistake, and that the boy deserves a great amount of credit for turning down his offer.

RETURN FROM VISIT TO "WICHITA FALLS OF IDAHO"

Messrs. Kemp, Kell, Henderson and Anderson returned this afternoon from Twin Falls, Idaho, where they were guests of some of the citizens who recently came here, their visit being in the nature of a return call.

Twin Falls is a very thriving city and has made such rapid strides recently that it was dubbed "the Wichita Falls of Idaho" by the Wichitans who made the trip. All report a very enjoyable trip and said that the journey was a very pleasant one.

\$3500 VERDICT FOR PLAINTIFF IN DAMAGE CASE

The jury in the case of J. E. Bland vs. R. S. Allen returned a verdict at 2 o'clock this afternoon, giving the plaintiff \$3500 damages.

Plaintiff sued for ten thousand dollars damage for injuries sustained when struck by an automobile owned by defendant. The accident occurred near the City National Bank some months ago.

The case has been on trial since Tuesday in district court.

SUGAR INTERESTS HAVE NO COMPLAINT COMING

Given Every Opportunity for Hearing Before Committee, Declares Tavenner

(By Congressman Clyde H. Tavenner)

Washington, June 26.—If the sugar lobbyists should succeed in having the tariff restored to sugar, the sugar trust and the men back of the sugar lobby would each year draw down dividends amounting to millions of dollars.

But where would this money come from? The answer to this question is the milk in the lobby controversy cocoon. The millions that would go annually to the sugar magnates would not drop from the blue sky; but would come from the consumers—the men, women and children of the United States who use sugar.

The lobby issue is plain. If the lobbyists win out in their fight to persuade members of Congress to forget their promises to the people and slap the tax back on sugar, the consumers must go on contributing to the coffers of the sugar trust by paying artificially high prices for sugar.

And if the sugar lobbyists do not succeed, these millions will be saved to American consumers.

Thus it will be seen that the consumers have something at stake in the framing of a tariff bill, as well as the sugar barons.

If the sugar lobbyists should succeed, one of the principal beneficiaries would be the same old sugar trust which not so very long ago stole some \$2,000,000 from the government in customs duties by deliberately placing steel springs in fourteen pairs of scales, so that their importation of sugar would be under weighed and the government cheated.

Caught red-handed, the trust was forced to disgorge most of the plunder, and a few underlings were sent to jail and released after serving a small portion of their sentence. But none of the millionaire sugar magnates into whose pockets the stolen millions would have gone had the crime been undiscovered, were even called to the bar of justice, let alone prosecuted.

Conducting a lobby in Washington by the sugar interests is a business proposition strictly. The multi-millionaire sugar magnates who are every year adding to their colossal fortunes by millions through the kindness of Uncle Sam in giving them a protective tariff which guarantees them a monopoly of American markets with power to charge consumers what they please, can well afford to spend a few hundred of thousands in the form of \$1,000 a month salaries to slick tongued lobbyists, if by doing so they can prevent their monopolies and profits from being interfered with.

To hear the wall, how going for from the \$1,000 a month men, one would imagine Congress had not given the sugar people any opportunity whatever to be heard. The fact is a committee of twenty-one members of the House of Representatives—the ways and means committee—sat in session for weeks listening to the arguments of those desiring protection. The sugar people were permitted to say any and everything they desired. The members of the ways and means committee sat somewhat as a court.

They considered all the testimony, and then brought in their verdict in the form of the Underwood bill after having had a fair deal in open court, the sugar trust is now trying to win as usual by the underhanded method of approaching members of Congress in private, and working in the dark.

The people are at a disadvantage in the face of this kind of warfare because they have no knowledge of the pressure and kind of arguments brought to bear on congressmen by special privilege, nor lobbyists to present the viewpoint of the consumers or to disprove the false statements which may be poured into the congressmen's ears by the able and resourceful representatives of the sugar trust.

Other Bankruptcies Must Be Settled First. Kansas City, June 26.—Before an order of foreclosure decreeing the sale of the Kansas City, Mexico & Orient, asked last week by creditors of the company, can be granted, bankruptcy proceedings of the Illinois and Union Construction companies which built the road, must be settled, according to a ruling by Federal Judge Pollock at Kansas City, Kansas, today.

Fifteen Soldiers Are Bitten by Mad Dog. San Antonio, Texas, June 26.—Fifteen soldiers of Troop A, Third Cavalry, are confined in the Fort Sam Houston hospital and are undergoing the Pasteur treatment for hydrophobia as a result of being bitten by a supposedly mad dog while in camp at Leon Springs.

DENVER FREIGHT WRECK; ELEVEN CARS IN DITCH

Traffic is Delayed by Smash Near Dick Worsham—Passenger Trains Detoured

A freight wreck occurred on the Fort Worth & Denver at Dick Worsham this morning at 8:30. Eleven cars went into the ditch. Of these, seven were loaded with bananas and seven with lumber. The bananas and lumber are now scattered over the right of way. No one was injured in the wreck.

Conductor Woolen and Engineer Cook were in charge of the train. At the dispatcher's office today it was said that the cause of the wreck had not yet been learned here.

Traffic will be delayed for about twelve hours from the time of the accident. This will tie up most trains until about 8 or 9 o'clock this evening, but the northbound passenger was detoured by way of Dowle.

Allendale News. All farmers are busy threshing this week. The yield of wheat is better than was expected, the yield per acre averaging from twelve to twenty bushels.

PURE ICE is what we are offering you every day of the week. Purity is our hobby. We take great pride in the manufacture of our product.

Besides, we want you to know that the sanitary conditions under which our ice is made are all that any one would ask for. You would not want it any better in your own home. Your own interests demand that you take these necessary precautions in your purchases. Then again, our ice is frozen just right. It lasts longer. It's economy to buy our ice.

RESIDENT COMMISSIONER OF PHILIPPINES IS ANGRY

Says That Washington Organization's
Purpose is to Keep Islands in
U. S. Possession

Washington, June 26.—Manel Quezon, resident commissioner of the Philippine islands in congress, has resigned from the executive committee of the Philippine society and also as a member, because he is not in sympathy with the announced purposes of the society, nor with the course he says has been pursued by the society's officers and members.

Former President Taft is the honorary president of the organization, and the active president is Gen. Luke Wright, former governor general of the islands. The headquarters are in New York.

Quezon, in his letter of resignation, writes that he joined the society with the honest belief that he could aid in the promotion of its announced purpose to "create a more sympathetic interest between the American and Filipino people."

He soon suspected, he goes on to say, that the real object was to create a public opinion in favor of indefinite retention of the islands by the United States.

He says he had opportunity to learn at the first meeting of the society the ideas of the members on that subject, and he is firmly convinced that, while the society may graciously listen to an appeal from the side of independence, it has a fixed view on the subject, and it intends to maintain that view with all the opportunities and means at its command.

"In other words," he continues, "I am satisfied that the society has been organized to gather the scattered forces that are now at work to preserve the present regime in the Philippine islands and systematize and concentrate their efforts. It is thus apparent that what, in the opinion of the society, is a sympathetic interest between the American and Filipino people, is nothing more nor less than the continuation of their present governmental bond."

Quezon declares in unmeasured terms that neither philanthropic, religious nor commercial aid will reconcile the Filipinos to the colonialism which the society is undoubtedly advocating in a more or less disguised, though none the less defined and energetic form.

HUERTA COMMANDER AT END OF RESOURCES.

Douglas, Ariz., June 26.—Declaring reports that Ojeda and his federal army were retreating toward Guaymas were misleading, Governor Pesqueira of Sonora telegraphed today that the Huerta commander had attempted to break through the rebel cordon and regain his base, but had been repulsed with great loss. He added the surrender of Ojeda might be expected at any time.

Pesqueira said that representatives of several wealthy Guaymas families who had come out to congratulate Ojeda when he had telegraphed that the rebels were beaten, were forced to remain in the federal army and are now suffering extreme privations.

COMMENTS HEROISM OF THREE U. S. SAILORS.

Washington, June 26.—Secretary Daniels wrote letters commending the heroism of John Stover, chief water tender; Henry Boehme, oiler; and William H. Edwards, fireman, U. S. S. May 23, rushed into the engine room of the destroyer Stewart in an effort to save their shipmates on duty there when the tower end of the port high pressure cylinder blew out.

Immediately after the explosion the room was so hot that it was almost impossible to live therein.

The commander of the Pacific torpedo flotilla recommended life-saving medals for the men, but the law covering the award of such medals prevented such recognition.

FRENCHMAN FLIES OVER BALTIC SEA TO SWEDEN.

Stockholm, June 26.—Marcel Brindjone Des Moulinais, who recently made a flight from Paris to St. Petersburg, arrived in the Swedish capital this morning.

He crossed the Baltic in his aeroplane from Reval in four hours, including the time spent in making a descent on the Swedish coast in order to ascertain his whereabouts.

He intends to start again June 27 for Copenhagen on his way back to Paris.

INDICT CEMENT COMPANY AGENTS A SECOND TIME.

Chicago, June 26.—Indictments against agents of the Empire Portland Cement Company, a \$150,000 corporation, with works at Portsmouth, Ohio, and offices formerly in Chicago, were returned by the federal grand jury here yesterday for the second time in three months.

Albert H. Marshall, Chicago; Arthur G. Marshall, New York; Albert T. Kirk, Shell City, Mo.; Harry E. Williams, Sheboygan, Wis.; and J. T. Boester, Chicago, are charged with conspiring to defraud buyers of the stock of the company.

A demurrer to the former indictment was sustained.

EXPECT FIGHT IN SENATE OVER RENEWAL OF TREATY WITH ENGLAND DUE TO CANAL

Washington, June 26.—It was feared that the failure to ratify the renewed arbitration treaty with Great Britain in the Senate after identical treaties with two other countries had been ratified, without any objection being raised would lead to complications. Senator Chamberlain of Oregon, responsible for the successful blocking of the attempt to ratify the treaty, based his opposition to the fact that ratification of the treaty would obligate the United States to arbitrate the Panama Canal tolls controversy with Great Britain. The British arbitration treaty expired by limitation. The two governments previously agreed to its renewal for another period of five years and the Senate committee on foreign relations brought in a report recommending the ratification of the treaty as well as of identical treaties with Italy and Spain. The Senate in executive session agreed to the ratification of the treaties with Spain and Italy, but when a vote on the British treaty was proposed Senator Chamberlain objected. The Senate, desiring to avoid the appearance of affronting Great Britain, thereupon withdrew the ratifications of the Spanish and Italian treaties. The British treaty will lie over until it is ascertained that the necessary two-thirds vote can be obtained for its ratification. It was understood that a considerable number of senators stand with Senator Chamberlain, who has already introduced a resolution providing for the abrogation of the Clayton-Bulwer and Hay-Pauncefote treaties, upon which Great Britain bases her protest against exemption of American vessels from payment of canal tolls. Senator O'Gorman, who is a member of the foreign relations committee and chairman of the committee having charge of canal legislation, has announced that he is in favor of Senator Chamberlain's resolution for re-

BOTTLED SODA WATER

The housewife who has a case of our bottled COCA-COLA or other soda water in her house on holidays and the joyous weeks between has solved the problem of giving her household and her guest the greatest pleasure at the smallest cost.

Our bottled sodas are different from the "POP" you read of and used to drink years ago. It is a combination of pure distilled water with pure cane sugar syrup and flavored with food flavors approved by the health authorities—a wholesome food product as well as a delightful beverage.

You can't get as big a money's worth of pleasure and benefit out of any other known food product as you get from our delicious bottled carbonated drinks.

Phone your groceryman and have him send you a case. You will be pleased. If your groceryman can not supply you phone us and your order will receive prompt attention. Price 75 cents per case of 24 bottles.

radiation of the treaty. He has been one of the leaders in the fight for exemption of American ships engaged in the coastwise trade from payment of tolls.

PARIS THIEVES LIFT
AMBASSADOR'S ROLL.
Paris, June 26.—Curtis Guild, who recently resigned as United States ambassador to St. Petersburg, was robbed today of \$1,000 in cash and a letter of credit for \$50,000. He is staying at a hotel in Paris.

Xavier Guichard, head of the criminal investigation department, and a large force of detectives were sent to search for the thieves.

SALOON LICENSES NOW BEING ISSUED AT AUSTIN

Approximately Four Thousand Will be Taken Out by July 11—Houston Leads

Austin, Texas, June 26.—Of the number of retail liquor dealers in Texas, approximately 4000, the licenses of about three-fourths of them will have to be renewed July 11, and before this can be done a permit must be obtained from the comptroller to apply to the local authorities for the license. It follows, therefore, that the applications for permits should be pouring into the comptroller's department rapidly at this time, as they have for several days past.

According to Liquor License Clerk Ray, who has a number of permits in his hands, very few are being refused, which is taken to indicate that the saloon men are obeying the law as a rule throughout the west section. Houston leads, all other towns in refusals so far, though 50 per cent of its 330 saloons have secured their permits, while San Antonio, with 375 saloons, has only secured 75 permits to apply for licenses. It is possible when the returns are all in San Antonio may take the lead over the Bayou City.

Dallas comes next with 217 saloons having secured permits. Of Tarrant's 182, which is confined to Fort Worth, 75 per cent of its 182 saloons have secured permits to apply for renewal licenses. Out of 118 in El Paso, 40 per cent have been issued. McLennan county, 50 out of a total of 90 new doing business have secured permits.

Travis county's saloon men seem to have been more active than other counties and cities in that the record shows out of a total of 100, 90 have secured permits to apply for renewals.

The department reports no delay in the issuance of permits when applications are filed in due form and there are no charges against the applicant. Usually the permits go out the same day the application is received and for that reason former complaints of delays are not being repeated.

POOL HALL ELECTION IN GRAYSON COUNTY SOON

Sherman, Texas, June 26.—The last Legislature passed a law giving counties the right to say by popular vote whether or not pool halls may be operated in the county.

Under the law, which is now in effect, Judge J. Q. Adamson of this county court today issued a call to the commissioner's court to meet in Sherman, July 2, and at this meeting an election will be ordered for July 19, at which time the proposition will be voted on in Grayson county.

By ordering the election for this date, which is the same date on which the other amendments will be voted on, Judge Adamson and the county commissioners will save the sum of \$1,200.

A short synopsis of the new law is: "An act to authorize the qualified voters of any county or political subdivision thereof in this State to determine, by an election to be held for that purpose, whether or not pool rooms or pool halls shall be prohibited in such county or subdivision thereof; to provide the manner of holding elections for such purposes and declaring the result thereof; defining the term pool room or pool hall and providing a penalty for the violation thereof. . . . At such election the vote shall be by official ballot, which shall have printed or written on it the words 'Official Ballot,' and shall also have written or printed thereon the words 'For the Prohibition of Pool Halls,' and the words, 'Against the Prohibition of Pool Halls,' and the clerk of the county court shall furnish the presiding officer of each voting box within the proposed limits at least twice the number of ballots as there may be qualified voters at said voting box."

Considerable interest has been shown on both sides of the question in Sherman and in parts of the county, and it is expected that there will be rather a warm campaign.

ON EASY TERMS—Good four room house close in, \$1100; \$100 cash, balance \$20 per month. Two east front lots between Ninth and Tenth street, \$900 each. Five room house, east front, all modern, in Floral Heights; \$2100, \$250 cash, balance \$25 per month. Six room house on Ninth street with servant house, barn, cistern, storm cellar, walks, fine lights and bath fixtures; \$3100, \$1000 cash, balance to suit. Five room house, all modern, near Austin school, east front; \$2100, \$300 cash, balance to suit. Six room house, all modern, in Floral Heights; \$2500, 1-3 cash, balance to suit. Four room house on car line, Floral Heights \$1250, 1-3 cash balance on terms. Thomas & Simon, agents. 606 Eighth street. Phone 89. 34 tc

LEGAL CATCHING OF FISH AT LAKE WICHITA.

In order to stop the illegal catching of fish in Lake Wichita, the Wichita Falls Traction Company enlists the co-operation of every one to that end. The fish in the lake are stocked and fostered for the sport and pleasure of the general public and fishing privileges with hook and line in a legal and sportmanlike manner are free to every one, but catching them by illegal means as seining, dynamiting, etc., is an offense to the general public as well as to the traction company; and to stop this practice, the Wichita Falls Traction Company offers \$25 reward to anyone furnishing information necessary to convict such offenders.

THE WRONG MEDICINE

The mistake in bottles or in the drugs used in filling a prescription never happens with us. In our prescription department every prescription we fill is checked and re-checked so there is no possibility of a mistake. We do not leave out one drug or substitute another, for we give your doctor credit for knowing what ought to go into a prescription better than we do. Our system is too well perfected to permit of any bungling accuracy. Positive accuracy and perfect purity, that only properly describes our prescription department.

SERVICE Good business in any line is only service. We exchange service with our neighbors and friends for a numeral sum that we may obtain the service of some one else. This exchange of service brings about business, and the more exchanges the better the business. The banker, the merchant, the day laborer, or the farmer, in fact the human race is one mighty family, where each has his or her chance to assist in this beautiful happy game of life. We are playing our part in this great game to the very best of our ability. We have the best plant of its kind in the state, our employees are all faithful and efficient, and we are here to serve those who may need any service we can give. Best you get. Your cemetery plot needs beautifying. We are located just here, sleep at your service. Wichita Marble and Granite Works. Phone 100. G. D. BERRY, Prop.

ABE MARCUS FIGURES IN TOUCHING PIPE STORY.

Abe Marcus rushed into a cigar store this morning and said "Give me a pipe—I lost mine yesterday." "We found one in here yesterday—is this yours?" said the clerk, holding up a weather-beaten and smoke damaged pipe. "Oh, my pipe, yes that's my pipe—I thank you," said Abe as he grabbed his old friend. He lighted the pipe, and with a smile of satisfaction, he left the store, for how was he to know that that pipe had been loaded with cinnamon and salt since he left it there the evening before.

When the doctor arrived Abe at first told him that he had been shot, but later said he believed it was the heat of yesterday.

The fellows who loaded that pipe are staying close at home today.

The Trail of the Lonesome Pine

By John Fox, Jr.

The poetic side of life in the Kentucky mountains is most beautifully portrayed in this novel. The "Lonesome Pine" from which the story takes its name was a tall tree that stood in solitary splendor on a mountain top. The fame of the pine lured a tucky to catch the trail, and tucky to catch the trail, and when he finally climbed to its shelter he found not only the pine but the foot prints of a girl. And the girl proves to be lovely, piquant, and the trail of these girlish foot prints led the young engineer a madder chase than the "trail of the lonesome pine."
