PROGRESS MADE BY JOHN LIND

ADMINISTRATION FEELS THAT SPECIAL ENVOY HAS MADE BREACH IN WALL

PRESENTMENT IS MADE

This Will be Followed by Others Setting Out More in Detail His Mission

By Associated Press. Washington, Aug. 16.—Substantial progress has been made in the judgment of administration officials by John Lind in the discharge of his delicate mission to Mexico. They feel he has at least made a breach in the wall which theoretically has been erected by the Mexican government to obstruct his negotiations. The presentment has already made is understood to be only preliminary in character and will be followed by others setting out more in detail the object which the American administration had in mind in dispatching him to Mexico City. The delivery of these supplementary communications, either orally or in writing, will depend entirely upon the reception which the Mexican government gives the first communication. This is now under careful consideration, a fact regarded as of the utmost importance for the ultimate success of the negotiations. It is understood that while there is nothing in these views in the nature of a demand for the withdrawal of General Huerta from the presidency, or for the arbitrary fixing of the date for a general election, there is nevertheless a distinct intimation of the administration's belief that some concessions should be made by the Huerta government to terminate the present insurrection and to insure the ascendancy of a truly popular government. If these conditions are accepted, the way will be open for conferences to define the means by which the desired results could be brought about. It is expected at the state department that the next step in the negotiations will not be taken before Monday. The request that the Mexican government should also consider Mr. Lind's presentation practically conveyed that idea. Meanwhile, it is deemed essential that the principals to the negotiations should surround themselves with the greatest secrecy. Not the slightest intimation of Mr. Lind's communication has reached any of the representatives of the foreign powers. Senator Lodge had a long talk with Secretary Bryan today about Mexican affairs. This is believed to foreshadow a better entente between the democratic and republican members of the foreign relations committee than existed yesterday. Former Ambassador Remains in Washington. Henry Lane Wilson, retired ambassador to Mexico, remains in Washington, still undecided as to his future movements. Mr. Wilson today also was reflecting upon the communication which Secretary Bryan sent to Ambassador Page in London regarding his comment upon the statement attributed to the British foreign office. Whether he will make any further criticism in this matter probably will depend upon Great Britain's answer to Secretary Bryan's apology, which probably will be received Monday or Tuesday. Democratic members of the Senate foreign relations committee have decided that if the investigation of American border conditions and American financial support to revolutionists is to be continued by the special subcommittee that worked along the border last year, that committee will be reorganized so that control rests with democratic senators. Fighting at Rodriguez. Associated Press. Rio de Janeiro, Aug. 16.—The fighting between constitutionalists and federalists at Rodriguez, according to reports brought here, late reports said there was no apparent advantage to either side. The fighting began late yesterday. Constitutionalists between Monrovia and Torreon reported the capture of a trainload of refugees. They said they fired on the train before they learned the character of its passengers but that no one was hurt. Exhausted by two days of desperate fighting, constitutionalists and federalists ceased hostilities near Rodriguez late today with no decisive advantage to either side. Losses were heavy, but details are unknown. Several thousand men were engaged in the battle. Carranza in Durango. By Associated Press. Washington, Aug. 16.—Gen. Venustiano Carranza, constitutionalist leader in northern Mexico, with a large number of his troops, is now in Durango, according to state department dispatches today, having retreated westward after a reported defeat near Torreon, where about two thousand of his revolutionist followers were reported killed. Carranza had not been heard from since July 25. Death From Lightning Stroke. By Associated Press. Dalhart, Texas, Aug. 16.—J. C. Hampton, a farmer aged fifty, and brother-in-law of the city clerk of Dalhart, was killed by lightning on his farm near Texhoma last night.

HUERTA'S REPLY EXPECTED SOON

GAMBOA ANNOUNCES MEXICAN GOVERNMENT CONSIDERING WILSON'S PROPOSAL

IT'S HUERTA'S MOVE NEXT

Mexico City Newspapers Continue Display of Bitterness Toward United States

By Associated Press. Mexico City, Aug. 16.—Frederico Gamboa, the Mexican minister of foreign affairs, tonight gave out the first statement made by any Mexican official regarding the message sent to President Wilson through his personal representative, John Lind. Gamboa would give consideration to the communication presented by Mr. Lind and after fully discussing it would make a reply. This procedure is contrary to the opinion held generally here during the past week regarding the Mexican government's attitude, it being assumed, in view of Gen. Huerta's note of August 15 in which he characterized Mr. Lind as being persona non grata, that he would not be received. Ex-Governor Lind and his mission in Mexico City served to fill several columns of the local newspapers today but so far as he or the Mexican government were concerned it was merely a case of marking time. Mr. Lind is waiting for the Mexican government to make the next move and there prevails an opinion in the capital that Provisional President Huerta will not delay his reply to President Wilson later than Tuesday or Wednesday. While it is known that the Mexican officials are considering the communication the public professes to believe Huerta will reject any proposal which might be construed as interference. The idea of mediation by a commission representing the South American powers is no less repugnant to the Mexican mind than one representing solely the United States. The newspapers of Mexico City betray editorially and in their news columns their bitterness toward the United States. This is emphasized by caricatures of Mr. Lind, Uncle Sam and Dr. Bayard Hale, but toward Mr. Lind personally there is manifested a feeling that is almost friendly. Mr. Lind remained wholly uncommunicative to the public, however, being fixed in his determination not to discuss politics with unofficial Mexicans. He spent the entire day at the United States embassy reading and writing and receiving a few callers, and aside from this and his communications with Washington he appeared to have done nothing.

PAWN BROKERS BEFORE PROBERS

MONEY PAID REP. McDERMOTT BY BROKERS CENTER OF DAY'S INVESTIGATION

McDERMOTT GOT DIVVY

House Page Testifies When Cong. Congressman Got His Chicago Colleagues Paid Off

Washington, Aug. 16.—The House lobby investigators centered their attention today on the statement of F. H. McMichael, one of the members of the House, that Representatives James T. McDermott of Chicago had received about \$7500 for efforts to defeat a bill affecting local pawnbrokers and loan sharks. More than five hours of hard work, the committee was not much nearer a definite conclusion about the \$7500 than it was when McMichael made his first statement. He stuck to his story under severe cross examination. The former Washington pawnbroker who quit business when this bill became a law gave no definite information as to how McDermott with any such fund or to disclose that the pawn brokers ever raised any such amount for any purpose. Broker Has Poor Memory. Abraham Bernstein, one of the brokers, said he contributed to a fund to be used in advancing the arguments of himself and his fellows. He showed a lack of memory about many details. Pinned down after time, however, Bernstein denied that the brokers ever raised more than \$3500, and swore it was used to pay attorneys to represent them before officials here and in public utility work. He said he was asked to help by another local pawn broker, George D. Horning, who, according to McMichael, made the arrangement with McDermott to work against the bill. He said he gave two checks to Horning, totalling about \$700. He took no receipt and did not know how the money was used, but presumed it went to attorneys. McDermott, he said, he had known about a year. Bernstein's failure to remember details finally became so frequent that every question of his inquiries were answered by Bernstein's colleagues, but no information from the witness. Bernstein denied that \$3500 was raised to defeat legislation. He said: "Thirty-five hundred dollars never defeated legislation. You might defeat it with \$40,000 or \$50,000." Bernstein denied he ever talked with McDermott about legislation except in a casual way. He could not remember when Horning first suggested to him they must do something to defeat the loan shark bill. He said Horning and another pawnbroker talked about the matter frequently, but he could not give details of the conversation. He finally admitted: "We didn't do anything rash." Immanuel Stein, another pawnbroker, said he contributed nothing to the fund to defeat the bill. He said: "I told Horning I would contribute if the bill passed with the pawn brokers excluded from its terms." Representative Ferris suggested: "You were willing to go in on a sort of insurance plan, wasn't you?" The Stein answered, "yes sir, I am not out anything."

RAILROADS ASK MORE MAIL PAY

PARCELS POST HAS ADDED BIG INCREASE FOR WHICH ROADS NOT COMPENSATED

A 14 PER CENT INCREASE

Congress Has Provided a Five Per Cent Increase in Pay to the Railroads

By Associated Press. St. Louis, Aug. 16.—Officials of seventeen western railroads, including the Santa Fe, Harrington, Rock Island and other trunk lines, signed a telegram that was sent today to Postmaster General Burleson urging the government to increase the compensation of the route of the handling of mail. The increase is asked on the ground that the volume of mail has increased as a result of the parcels post, and will further increase after August 20. The telegram, the result of the investigation by a railroad committee, said in part: "The testimony of the postoffice department before the Senate committee July 25 showed that the first three months business of the department after the installation of the parcels post, had a gross increase in postal revenue of 14.54 per cent of which at least 9.16 per cent was attributed to the new parcel post business. On the basis of this statement, the government must have collected not less than \$11,286,800 in revenue from the parcel post for the first six months beginning January 1.—To remunerate companies for the additional parcel post business, Congress provided, beginning July 1, a five per cent increase in their mail pay, based on rates, zones and weight limit in the original act, although the additional business amounted to at least 9.16 per cent. The extension of the parcel post, inaugurated August 15, when the weight limit was raised from eleven to twenty pounds and mileage increased is certain to result in vast enlargement of business. The government will collect postage on this business, but no provision has been made to pay the railroads for transporting it." In addition to the roads mentioned, the signers included the Iron Mountain, Missouri, Kansas and Texas, Cotton Belt, Illinois Central, St. Louis and San Francisco, Denver & Rio Grande, Texas and Pacific, Chicago and Eastern Illinois.

CONVENTION PUT UP TO LOONEY

HIS OPINION REGARDING CONSTITUTIONAL RESOLUTION IS AWAITED

BROUGHT UP SATURDAY

Terrell Resolved Resolution Was Matter of Legislation and Therefore Out of Order

By Associated Press. Austin, Texas, Aug. 16.—With the matter of a constitutional convention involved in a resolution by Humphries, Peltier and McLanahan, set as a special order this morning, the House began work early today in an effort to clear the docket as nearly as possible as the Wilson honor bill, which was a special order for ten o'clock, was called up. Humphries took the floor for the resolution for the constitutional convention, but Speaker Terrell ruled the resolution out of order on the ground that the terms and nature of the resolution necessarily make it subject matter for legislation. An appeal from this decision was made but was withdrawn pending an opinion from the attorney general. The passage of minor bills began and the following were rapidly disposed of without argument: By Campbell and McGill—Galveston county road law. By Rowell—bill for developing mineral resources by allowing the state to lease 1000-into of 200-acre of public land within ten miles of a producing oil well. By Brelsford—Senate bill for the appointment of notaries public in special sessions. The House engrossed the bill repealing the drainage district law of the tenth session. Rules were suspended in order that local bills might be considered before the All-South bill was taken up. The Senate amendments to the Worham flag bill, which put into effect the law prohibiting the use of the Texas flag on labels for railroads for transporting mail, and emptying patriotic societies, were adopted and the bill passed finally. The resolution for the appointment of a committee of five, three men and two women, to solicit funds for a state exhibit at the Panama-Pacific exposition, also passed finally with minor amendments from the Senate.

END OF KANSAS DROUGHT IN SIGHT

RAIN FALLING AT MANY PLACES IN SOUTHWEST STATE LAST NIGHT

THE TEMPERATURE DROPS

Storms Reported in Southwest Missouri—Kansas Governor Proposes Pond Day

By Associated Press. Kansas City, Aug. 16.—The end of the longest, hottest and most costly drought in the history of Kansas is in sight, according to reports tonight. Rain of some consequence fell over a considerable portion of the state today and in many places continued tonight. Government forecasters said the rain probably indicated the drought was broken. Good showers were general over Missouri and Northern Oklahoma. Rain was general over the eastern part of Kansas tonight. A drop in temperature was experienced at all points where rain fell. The high temperatures continued in portions of central Kansas, where no rain fell. Abilene reported 105 degrees, Emporia 104 and Salina 103. Storms in Southwest Missouri. In southwest Missouri late today, several small hailstorms and showers were wrecked by a wind storm. A heavy rain followed. At Kansas City today there were two deaths due to heat. A shower of fifteen minutes sent the temperature down here for a short time. An ice famine prevails in the section of the city where many poor families live. Many deaths of infants in this quarter in the last few weeks have been attributed to lack of ice. At Topeka, all social functions have been postponed and club women and society leaders have deserted regular meetings. Pastors of churches have announced they intend to enjoin their Sabbath sermons. Scores of small cities near Topeka which depend on Topeka ice dealers for their supply, have been advised that unless it rains, their ice will be cut off. Pond Day Proposed. Governor Hodges of Kansas today announced he was planning a "pond day" for the last of this month. He said: "The worst situation that has confronted Kansas in many years is with us now. We must take care of the future by saving the water that falls in winter and spring months. This situation should never confront us again. I believe we could have a week of pond building in Kansas that would bring results far in excess of good ponds that have four or five feet of water in them and there is no shortage of water on these farms. I am going to try to get a pond built on each farm this fall to store water that falls during the winter."

TRUCE AT ALBANY OVER SUNDAY

LITTLE CHANGE IN SITUATION IN FIGHT FOR GOVERNORSHIP OF NEW YORK

LETTER FROM GOV. SULZER

Says Appeal to Courts Will Save Future Litigation—Movement for Sulzer's Defense

By Associated Press. Albany, N. Y., Aug. 16.—An armed truce over Sunday is the present situation in the fight for the governorship of New York State. Both Governor Sulzer and Lieut. Gov. Glynn, as acting governor, signed official papers during the day. Apart from this, the only skirmish, the one resulting by Governor Sulzer of a reply of Mr. Glynn's refusal of the suggestion that their differences be taken at once to court. Mr. Glynn left his official fort on the third floor of the capital early in the afternoon, but the governor stood by his guns on the floor below throughout the day. Sulzer's Letter. Governor Sulzer's letter said: "Your statement that the matter is now in the highest court in the State, the court of impeachment, I suggest to you, is very inaccurate. The court of impeachment will not convene until the eighteenth of September. The court is not to determine who is to discharge the duties of governor pending trial of the charges presented to it, and could not determine that question before it convenes. "Whatever the result of the charges against me may be, it is certain that future trouble and litigation will arise growing out of your acts and mine, and it was to prevent as far as possible such a condition of affairs, and to avoid the spectacle of two persons claiming to act as governor of this great state at the same time, that I made the suggestion that counsel for you and for myself endeavor to agree upon some method of presenting the question as to who should act as governor until the decision and determination of the charges against me, to the courts at the earliest possible moment, and that we abide by the law as it should be determined by the courts and not by equal business to the lowest possible degree under the law." Thomas W. Lawson Tenders Support. Mr. Arnold's announcement embodies a telegram from Thomas W. Lawson volunteering to be "one of the men to supply the necessary starting fund—and it must be a big one—to make the fight a winning one." Mr. Lawson will also, by express, expressed determination not to engage in a physical contest. He insists it is of no importance what room he occupies in the capitol and that the possession of the privy seal, now in the hands of Governor Sulzer, is of particular consequence, by advice of the attorney general he is having made a special privy seal to use on official documents. Mr. Glynn learned today that Attorney General Hogan has advised officials of that state to recognize him as acting governor of New York. There was considerable speculation as to what bearing this might have on the case of Lewis Luchs, whose extradition papers to Cleveland were signed yesterday by Governor Sulzer. "Governor Sulzer made public today the following message: 'I have stood from citizens of New York and other states. More Advice For Sulzer. J. W. Frost of Washington wires the governor to be courageous and above all "to keep your strangle hold on the tiger." The secretary of a commercial club in a Texas town in a telegram points out that "unlimited natural gas has been developed there which will create a lucrative opening for you." I. L. Farris, speaker of the Florida House of representatives, advises Mr. Sulzer to demand from the legislature submission of a constitutional amendment providing for the recall of officials by popular vote and to "protest against trial by a partisan tribunal carrying out the dictates of a corrupt political machine." Refuses To Recognize Sulzer's Requisition. By Associated Press. New York, Aug. 16.—A. R. Watson, corporation counsel of New York City, today advised P. A. Whitney, commissioner of corrections, against delivering a prisoner to police officers from Connecticut on a requisition signed by William Sulzer, as governor of New York. Mrs. D. A. Wilcoxson entertained at dinner last Sunday the following guests: Mr. and Mrs. Perry Parker, Mr. and Mrs. H. G. Cabness and daughter, Hortense, Eugene Ischar, Elmer Pryor, Adrian Shelton and Dewey Shelton.

NIGHT SESSIONS IN THE SENATE

Sugar Schedule Upon Which is Centered Fight Will be Taken Up This Week

By Associated Press. Washington, Aug. 16.—The Senate almost completed consideration of the agricultural schedule of the tariff bill, disposing of several important rates protested by the Republicans. No amendments were adopted although Republican leaders sought to increase the rates on straw, fish, apples and other fruits, to abolish the proposed duties on canary, caraway and anise seed, and vigorously protested against any duty on bananas. Democratic leaders expect to complete the agricultural schedule Monday and express confidence that none of its provisions will be changed. Free cattle, free wheat and their products already having been approved. The sugar schedule upon which the greatest fight of the tariff controversy will be waged, will be reached next and majority leaders are planning to hold night Senate sessions beginning the middle of the coming week. The principle debate today on the agricultural schedule centered about fish and bananas. Senator Lodge of Massachusetts declared the great reductions proposed on fish products, with fresh fish on the free list would give Canadian fishermen control of the great New England market. No change, however, was made in the rates. Duty on Bananas Defended. Defending the proposed rate of one-tenth of a cent a pound on bananas, Senator Williams of Mississippi facetiously remarked that it would "tax" the dock workers working at the rate of one-fiftieth of a cent per banana. The vote sustaining the proposed banana tax was close, thirty-two to twenty-eight. Senators Thorton and Randall of Louisiana voted with the Republicans. Senator Snodgrass discovered there was a conflict in the bill relating to dead and dressed poultry and prepared meats, whereby both might be made dutiable at thirty per cent under one paragraph and three under another. Senator Williams said it was an oversight and that it would be recommended for redrafting. Senator Norris of Nebraska protested against the proposed duty of two cents a

ATTACKS ON HALE ARE CONTINUED

ONE OF PRESIDENT'S AGENTS IN MEXICO OBJECT VIOLENT ATTACKS

EXPULSION IS THREATENED

Dr. Hale Believes Campaign Directed Against Him Comes From United States

By Associated Press. Mexico City, Aug. 16.—Vicious attacks on Dr. William Bayard Hale are continued daily in nearly all the Mexican newspapers. The intrusiveness accused him of being "an interventionist whose greatest desire is to see the Stars and Stripes waving over Mexico." Other comments are of a similar tone. Dr. Hale has received a dozen anonymous warnings, either telephoned or written, that he is in danger of arrest or expulsion. He believes the campaign against him is directed from the United States. By Associated Press. Lynnfield, Mass., Aug. 16.—Eugene N. Foss, three times elected governor of Massachusetts as a democrat and a candidate for the democratic nomination for the presidency last year, today again declared himself a republican but remained indefinite regarding his reported candidacy for governor on the republican ticket. "Speaking today he said 'The state and nation need a return of the republican party to power and the republican party is justly entitled to be returned to power, notwithstanding its betrayal by leaders in the past. I now announce myself a republican.'" Vice president Keeler on his annual inspection of the Fort Worth & Denver spent Friday night in Wichita Falls leaving Saturday morning for an inspection of the Wichita Valley. ***** WEATHER FORECAST ***** Sunday fair. *****

EXPULSION IS THREATENED

MEDITERRANEAN TOUR TO START OCTOBER 23

Navies of World Will be Invited to Meet at Hampton Roads for Trip Through Canal

By Associated Press. Newport, R. I., Aug. 16.—October 23, 1913, has been set as the date for the Atlantic fleet to start on its Mediterranean tour. The fleet will depart December 25, so that the sailors may spend the Christmas holidays at home. Secretary Daniels also announced that the battleship Oregon made famous by her run around Cape Horn from the Pacific to the Atlantic during the Spanish-American war will come through the Panama Canal next spring to lead the Atlantic fleet to the Pacific. She is now at the Bremerton navy yard. An invitation to all navies of the world to meet at Hampton Roads in January, 1915 and pass through the Panama Canal to the Panama exposition at San Francisco, accompanied by a fleet from the United States navy shortly will be issued by President Wilson. Secretary Daniels made his announcement tonight. The invitation will be in the form of a proclamation. CHURCH UNION UPHELD BY U. S. DISTRICT COURT. By Associated Press. Kansas City, Aug. 16.—The Union of the Churches in the United States of America and the Cumberland Presbyterian Churches, effected in 1906, was upheld by Judge Van Valkenberg in the United States district court today. Members of the Cumberland Church are forever enjoined from interfering with the use by the united church or church property in Missouri. GIRL SHOT WHILE RIDING IN AUTOMOBILE WITH SISTER. By Associated Press. San Antonio, Texas, Aug. 16.—Miss Alma Krane, aged eighteen, while riding in an automobile with her sister and two young men last night, was shot and dangerously wounded by an occupant of a car which passed them at high speed. The matter was not reported to the police until twenty-four hours later, the girl's mother saying she desired to avoid publicity. The police are investigating. Fire Loss at Mission. By Associated Press. Mission, Texas, Aug. 16.—Fire this morning completely destroyed the buildings and stock of the old Hidalgo Lumber Company, recently bought by the Southern Lumber Company, and also that of the Hidalgo Mercantile Company. Probable loss to each is \$15,000 or \$20,000 with partial insurance.

REFUSES TO RECOGNIZE SULZER'S REQUISITION

GIRL SHOT WHILE RIDING IN AUTOMOBILE WITH SISTER

IRISH FARMERS WELL ORGANIZED

JUDGE LINDSEY TELLS HOW SUCCESSFUL NEW METHODS ARE

CONTEST WITH DENMARK

Inadequacy of Old Methods Fully Demonstrated By Story of Ireland's Experience

Edinburgh, Scotland, July 26.—"Better farming, better business and better living" is the slogan of the organized Irish farmers, and with this slogan the organized Irish farmers are regaining the position the Irish farm products once held in the markets of England and Scotland.

There is nothing in all Europe which so aptly illustrates the inadequacy of old methods of agriculture as the story of the loss of the markets of England and Scotland by the unorganized Irish farmers to the organized Danish farmers. The lesson to be gained from the experience of the Irish farmers is the most valuable of any on this side of the Atlantic for our own farmers of Texas to profit by.

With the awakening of the manufacturing and commercial sphere of Germany, the farmers of that nation, already organized, were able to act promptly and effectively in their own interests. When the manufacturing interests began to demand more protection for their products, the farmers demanded that the right to supply the food to the people of Germany be secured to them. They were strong enough to enforce their demands upon the government and tariff duties were levied on wheat, flour, butter, cheese, meats, spirits, etc. Up to this time Denmark had supplied the German markets with meats, eggs, butter, cheese, etc., and Ireland had supplied the markets of England and Scotland with similar farm products. But it remembered that both England and Scotland were then and for a long time engaged in manufacturing, and the farmers of these countries were not organized in the matter of production, so that the products of their farms came to market in such poor condition that they did not appeal to the educated tastes of the urban people under the new order of things. For here, as at home, as the

people of the cities grew wealthier, they demanded the best that markets afforded. Irish butter, Irish cheese, Irish bacon and Irish potatoes being produced in a country more favorably equipped with soil and climate than England and Scotland, brought first prices, while home grown products took second place in the markets of England and Scotland.

Danish Seek English Markets. Now the markets of Germany, being closed to the Danish farmers, they were forced to seek the markets of England and Scotland, Denmark being poor in soil, harsher in climate and in every way less favored of agriculture than Ireland, could not hope to gain the markets of England and Scotland by underselling the Irish farmers. Moreover, the farmers of Denmark had already learned that the new prosperity now becoming world wide made an unrestricted market for food products of the first quality and that whoever produced such food products, could fix their own prices.

So the farmers of Denmark organized egg and poultry producing societies, butter and cheese co-operative factories and co-operative bacon factories. They set for themselves a high standard in every line. They established testing stations for their eggs, poultry, butter, cheese and bacon and placed men of high character and great scientific attainments in charge of these stations. They devised a common trade mark. To each local association was given the right to use this trade mark so long as the standard of its products were maintained. If the standard fell below or there was any improper grading or cheating in packing, the trade mark was taken from that society until such time as ample proof should be made that the standard in all things would be observed. In this way everything came from the Danish farmers in condition for the table of the most fastidious. To give an idea of the value of such modern methods of production and marketing, the Danish farmers are today receiving fifty-five and sixty cents a pound for butter, while the farmers of Ireland, England and Scotland, who persist in the old methods, receive about one-half that price. So it followed that when the Danish products began to reach the markets of England and Scotland, Ireland lost these markets rapidly and as a result, Irish agriculture became stagnant, the people discouraged and the country fell into utter poverty.

Sir Horace Plunkett's Activities. There was at this time, at least one man in Ireland who did not lose courage. This man was Sir Horace Plunkett. Sir Horace had spent many years in America, ranching in Montana, and had returned to Ireland to

try to redeem it. He was shrewd and patriotic, and he was also lively and courageous. He has the courage to tell the Irish people there was no remedy lay in adopting modern methods, and it was he who waged a campaign in Ireland for the slogan which appears as the first sentence of this article. I visited Sir Horace at his home near Dublin the other day and had a long talk with him. He told me that he held and addressed fifty-one meetings among the Irish farmers before he received the European recognition. But Sir Horace kept pegging along, writing, speaking and working. He had hit upon and worked out a plan—the right plan—for redeeming Ireland and nothing could stop him.

In 1896 he secured a delegation to visit Denmark and make a study of the agricultural methods, and by this means he was enabled to convince the Irish farmers that they must organize in order to produce better grades of goods and get to market through their own agencies with the standard of products the world is now demanding.

To organize the Irish farmers was no easy trick. Sir Horace said that it was then a common saying that the Irish could conspire, but could not organize. The Agricultural Organization Society, this society procured and trained men who went out and organized farmers. They established the same kind of organizations as the Danes had employed, namely, Co-operative factories, cheese factories, bacon factories, poultry and egg societies. They did not organize for an indefinite purpose, but with a very definite and immediate end in view. They organized for the purpose of producing something better and putting it to market. They had ever done before, and for the purpose of marketing that product in an up to date business manner.

Irish Products Handled Directly. Two things told whether the organization of the Irish farmers have been a success. So far as it has gone, it is the very large and imposing building in Dublin, Ireland, known as the Plunkett House, in which is conducted the business of the Irish Agricultural Organization Society. This building, which must have cost at least \$2,000,000, erected by agricultural societies of Ireland for Sir Horace to carry on the work of further organizing the farmers of Ireland. The other is, the great number of signs one sees in the show windows and on the doors of grocers and dealers in Glasgow, Edinburgh, London and other cities of England and Scotland, announcing that the grocer or dealer within carries in stock Irish bacon, Irish butter, Irish cheese, etc.

There are as many or more such signs announcing the presence of Irish agricultural products as there are announcing Danish agricultural products for sale. Both Irish and Danish agriculture have succeeded in getting their products directly to market without the intervention of middlemen, by assembling, grading and packing them themselves. They did by organizing. All classes have profited by these kind of organizations and I must pronounce it good for the country.

In the experience of these countries we have our own lesson. We in Texas have no right to complain of marketing conditions so long as California fruits, Kansas City eggs, Illinois butter, Wisconsin cheese, Iowa and Kansas corn, Minnesota flour, Oklahoma hogs and cattle are sold in Texas.

DEBATE AT GOOSENECK: CAMPBELLITES VS. BAPTISTS. (Goose-neck Correspondent of Graham Reporter) We had a debate between the Campbellites and Baptists, and we got so interested that we did not expect to eat much less to write. The debate was well attended; some say there were seven hundred persons there last Sunday. There were people from Jackboro, Bryson, Ivan, Graham and other places. It closed on Tuesday and left everybody friendly. Following the debate the Baptists had a protracted meeting; one addition to the church.

TEXAS LEAGUE.

Dallas 4-4; Houston 3-2. Dallas, Texas, Aug. 16.—Dallas evened up yesterday's double defeat by Houston by taking both games of a double header. The scores: Dallas.....4 8 3 Houston.....3 10 3 Batteries—Schwank and Bahama; Malloy, Napley and Kitchens.

SECOND GAME.

Dallas 4-3; Houston 2-7. Houston.....2 7 8 Batteries—Mullins, Ponder and Bahama; Ware and Reynolds.

Beaumont 4, Waco 0. Waco, Tex., Aug. 16.—Ducky Swann pitched a no-hit game against Waco today. The score: Waco.....0 0 3 Beaumont.....4 6 2 Batteries—Helm, Carson, Reilly; Swann and Betts.

Austin 12, Galveston 6. Austin, Texas, Aug. 16.—Elegen batters were up in the first inning scoring seven runs on six hits, giving Austin today's game with Galveston. The score: Galveston.....6 12 4 Austin.....12 0 4 Batteries—Dodd and Wilson; McCuller and Bobo.

Fort Worth 12, San Antonio 1. Fort Worth, Texas, Aug. 16.—Fort Worth won today's game from San Antonio, twelve to one. Features for Fort Worth pitched eight innings without allowing a hit. Score: San Antonio.....1 5 4 Fort Worth.....12 0 4 Batteries—Morton, Hanks, Surrance and Price; Feintess, Appleton and Robertson.

St. Louis 1-3, Brooklyn 0-14. St. Louis, Aug. 16.—St. Louis and Brooklyn divided today's double header. St. Louis taking the first one to nothing and Brooklyn the second, four to five. In the second Brooklyn got four home runs. Scores. First game: St. Louis.....1 10 0 Brooklyn.....0 6 2 Batteries—Sallee and Hilderbrand; Wingo, Yingling and Miller.

Chicago 4-8, Philadelphia 3-3. Philadelphia, Aug. 16.—Cheney's pitching was a big factor in the two games which Chicago won here today. Scores: Chicago.....4 7 2 Philadelphia.....3 9 2 Batteries—Staecke, Cheney and Archer; Mayer and Killifer.

Pittsburg 8, New York 6. New York, Aug. 16.—Pittsburg won from New York today, eight to six. Features for Pittsburg pitched six innings, the visitors knocked Mathewson out of the box. Score: Pittsburg.....8 14 2 New York.....6 11 5 Batteries—Adams, McQuillan and Gibson; Mathewson, Wilste and McLean.

New World's Record for Three Year Old PACE. St. Louis, Ill., Aug. 16.—A new world's record for three year old pacers was established today. The Great Western established this afternoon when William, owned by W. W. Marvin of Lafayette, Indiana, went the second heat of the three year old and under pace in 2:06 flat. The two heats made by William this afternoon constitute the two fastest heats ever paced by a three year old.

GAINS FOR COTTON FUTURES SHOWN. Market Closed With Net Gain of 11 to 14 Cents for the Week. By Associated Press. New Orleans, Aug. 16.—The net change in the price of cotton this week favored the bull side of the market to the extent of eleven to fourteen points. The week's high prices were made today. The low prices were made Thursday. At the highest they were eighteen to twenty points over last week's close, at the lowest to ten to eleven points under; range, twenty-nine to thirty points.

AMERICAN LEAGUE.

Cleveland 10, Philadelphia 1. Cleveland, Aug. 16.—Cleveland boned hits today and with Philadelphia's errors, won ten to one. The scores: Cleveland.....10 11 0 Philadelphia.....1 8 3 Batteries—Mitchell and O'Neal; Bush, Wyckoff and Shang.

Chicago 2, New York 0. Chicago, Aug. 16.—Manager Callahan instructed his men to play a bunting game in the lucky seventh inning today and as a result Chicago won from New York two to nothing. The score: New York.....0 4 4 Chicago.....2 3 1 Batteries—Leveaux and McCauley; Sweeney; Scott and Kuhn.

Boston 4, St. Louis 0. St. Louis, Aug. 16.—Boston won from St. Louis today four to nothing. About half the spectators, angered by a decision of Umpire Connolly, left the park in the eighth inning. Manager Stovall announced he would not play again this year on account of bruised hands. The score: St. Louis.....0 8 2 Boston.....4 7 1 Batteries—Roos and McCauley; Leonard and Carrigan.

Washington 6, Detroit 1. Detroit, Aug. 16.—Groome pitched a splendid game today for Washington and Detroit never had a chance. The score: Washington.....6 9 0 Detroit.....1 6 5 Batteries—Groome and Henry; Daus and Stange.

NATIONAL LEAGUE. Boston 5, Cincinnati 7. Cincinnati, Aug. 16.—Maraville opened Boston's half of the eleventh inning today with a three-bagger and scored on a squeeze play, Boston defeating Cincinnati, eight to seven. Score: Cincinnati.....7 12 5 Boston.....5 13 2 Batteries—Packard, Brown and Clarke; Dickson, Reuloff and Rrarden.

St. Louis 1-3, Brooklyn 0-14. St. Louis, Aug. 16.—St. Louis and Brooklyn divided today's double header. St. Louis taking the first one to nothing and Brooklyn the second, four to five. In the second Brooklyn got four home runs. Scores. First game: St. Louis.....1 10 0 Brooklyn.....0 6 2 Batteries—Sallee and Hilderbrand; Wingo, Yingling and Miller.

PROFIT TAKING CHECKS ADVANCE IN CORN

Effect of Rains in Oklahoma and Kansas, However, Appeared Small. By Associated Press. Chicago, Aug. 16.—Heavy profit taking by leading holders acted as a check today on any decided advance in corn. The closing was steady, at one quarter to three-eighths off to a gain of one-quarter compared with last night. Wheat finished one-eighth and three-eighths net higher and oats were unchanged to one-sixteenth up and provisions up five to twelve and one-half to fifty and fifty and a half cents.

The effect of rains in Oklahoma and Kansas appeared small. September corn went above seventy-five cents, a new record and December almost touched seventy. Delay in winter plowing had a bullish influence on wheat.

SELLING MOVEMENT ON ACCOUNT OF DROUGHT

Supporting Orders Brought General Recoveries and Fresh Strength. By Associated Press. New York, Aug. 16.—Continued lack of rain in the west and southwest was made the basis of another selling movement in today's early market. There were several declines of a point and some minor specialties yielded two points. Supporting orders brought general recoveries and in the final dealings the market gathered fresh strength and closing prices for the favorites were well above those of previous days. Today's bond market was irregular. Total sales par value \$531,000. Government bonds were unchanged for the week on call.

The week's stock market continued to feel the impetus of the factors which have moved prices upward, but an unstable tone developed at a point and some minor specialties yielded two points. Supporting orders brought general recoveries and in the final dealings the market gathered fresh strength and closing prices for the favorites were well above those of previous days. Today's bond market was irregular. Total sales par value \$531,000. Government bonds were unchanged for the week on call.

The practical consummation of the United Pacific plan for the sale of its Southern Pacific holdings removed a long standing menace from the market. It indicated a returning freedom in the investment of capital. The effect of the United States deposit in Southern and Western banks has been protracted repayment by those banks of loans, to New York banks, with increased ease in the Wall street money market, and a feeling of reassurance in financial circles has grown up.

THE LAST GIFT

It is the custom to give gifts unto your children. Every year you remember your loved ones and friends. Yet many a gift before the year closed, was unremembered and unappreciated. As a last gift that dear old FATHER and MOTHER left you a legacy of truth, honesty and fidelity, along with a handsome sum of ready cash. Next day there was a protest filed in the county courts contesting the will. What is the matter? The will calls for a \$50.00 memorial head-stone to be purchased and placed at their graves as a LAST GIFT. The children in protesting say, "They do not need it. A \$10.00 tomb-stone is good enough." Visit the spot and you will find they sleep in UNMARKED, UNREMEMBERED GRAVES. The Wichita Marble & Granite Works do not erect TOMB-STONES, but instead beautiful and lasting MEMORIALS, that are appreciated by friends and loved ones. Come to see us.

COMPLETIONS AT BURKBURNETT

INTERESTING DEVELOPMENTS IN NORTH PART OF COUNTY DURING WEEK IN THE SHALLOW POOL

Some Good Shallow Wells Scattered Between Electra and Iowa Park

Burkburnett has been the scene of the most interesting developments of the past week, several wells being brought in in that vicinity, bringing the production for that section of the field up to quite sizable figures. Among the completions are Corsicans No. 1 Wells, 100 barrels; Head and Langford No. 1 Heiserman, 125 barrels. The Burkburnett Oil Company brought in another shallow well. The Worth Oil Company's well on the Mertens was put on the pump yesterday for the first time; it is still making better than a hundred barrels a day.

The extent of the shallow pool east of Electra is the subject of considerable conjecture among oil men these days, and the general belief is that the real shallow field is yet to be opened. At present there are three shallow wells on the Lochridge, south of Iowa Park, while north of that place the Burkburnett Oil Company has two, Allen and Fisher have two, the Interstate Oil Company has one on the north and the Corsicans has one on the Reilly. These cover a wide stretch of territory.

The Five Rivers Oil Company of Alabama, started spudding yesterday for its well near Sapulpa, Okla. This company has been hitting the pay sands with fair regularity around Electra and the Alabamians hope to repeat in Oklahoma.

Natural gas may be used for industrial purposes in Dallas and Fort Worth. Representatives of one of the large manufacturing concerns of Dallas were here recently looking over the Petrolia field and figuring on piping the gas to Dallas for factory fuel.

TO RAISE \$25,000 FOR GIRLS' TRAINING SCHOOL

Governor Asked To Co-operate With County Judges Judge Feider Writes Executive

A letter requesting Governor Colquitt to ask the organizations named in the resolution to name members of a committee to act with a similar committee from the County Judges and Commissioners in an effort to raise \$25,000 for the proposed Girls Training school was forwarded by Judge Feider this morning.

The letter which is self explanatory follows:

Gov. O. B. Colquitt, Austin, Texas, Dear Sir: By a resolution of the county judges and commissioners of the state of Texas in convention assembled in Fort Worth on August 8, the undersigned were appointed a committee to request your Honor to appoint two persons, who together with the president of the Humane Society of Texas, President of Federated Clubs of Texas and President of Mothers Council and Parents-Teachers Association and the Board of Control may adopt such plans as they may deem wise and expedient to be used in securing a subscription of \$25,000 to supplement the \$25,000 appropriated by the 33rd Legislature for the establishment and location of a Girls Training School. If such committee has already been appointed then we request your Honor to urge them to prompt action in the matter to the end that said institution may be available as early as conditions may warrant.

"The fact that there is now no provision for the care and training of dependent and delinquent girls prompts us to make this request. Very respectfully,

"C. B. FEIDER, County Judge Wichita County.
"E. A. HILL, County Judge Eastland County.
"J. M. HILL, County Commissioner Johnson County.
"Committee"

Lin Boyd has sold to Cox and Fitzgerald for a consideration of \$7500 one of the five business rooms recently constructed by him on Indiana avenue.

E. G. Hill, undertaker, office and parlors 900 Scott Ave. Phone 225. Prompt ambulance service. 96c 1tc

Fire Marshal J. C. Ward went up to Grandfield yesterday to inspect 1500 feet of fire hose offered for sale there. The hose was purchased by Grandfield several years ago but has never been used because it was found that the wooden water mains there would not stand the pressure necessary to send the water through the hose with enough force to do any good. The hose is offered at a bargain price and if found of sufficiently good quality Mr. Ward has been instructed by the city council to buy it.

Hines & Embry, undertakers and embalmers. Kemp & Kell basement. Open day and night. Phone 302. Prompt ambulance service. 81c 1tc

QUALITY TELLS AND THE PRICE SELLS

This is the reason our business is growing so fast and you see so many satisfied customers coming back to our store to buy. They realize and appreciate the good values and the high-class merchandise that we are selling them at a reasonable price. Because they know when they spend a dollar at this big store they are going to get *one hundred cents on the dollar* in return on every purchase that they make, which is a consolation to every one, regardless of the price they pay. Our slogan, "quality tells, price sells," which, in these four words, tells the whole story of how we do business, coupled together with the best service that can be had makes buying from us both pleasant and profitable

To be a policeman a man ought to be a good citizen and combine all the qualities that go to make a successful career.

When you hear a fellow "cussin" the police force and the officers, before you give his sentiments full credence, find out if he has been fined for "speeding" or some other such offense.

A mistake or an error made by a newspaper can stir up more indignation than anything else in the world.

When their members grow old and are unable to work, they can be assured of a home that is a real home, and will not be made to feel while occupying it that they are paupers, or accepting alms.

There are about 165 inmates of this institution, and so far as this writer was able to observe, each and every one of them seemingly felt as much pride in the home as if it had been constructed by his own labor.

WHEN MOTHER'S GONE AWAY. The floors are covered o'er with dust. The stove is getting red with rust; The cat he howls the live-long day. Since mother's gone away.

The dust is thick upon my chair. There's cobwebs in my hair. The blooming hens have ceased to lay. Since mother's gone away.

There's trouble here to make me drink. Scrubbing floors and rugs and sink. I stepped upon a tack today. It hurt me worse since ma's away.

No man can ever live alone. When mother's gone he gnaws at bone. His bare feet tread through sand and clay. When mother's gone away.

Come back, come back from way up North. We miss you girl, we know your worth. If you'll please hurry home to stay. We'll drudge and toll the live-long day. -W. G. LONG.

The improvement of the stretch of road from the county bridge to the railroad was completed yesterday.

Now, that Uncle Sam and the people of the United States have learned why it was that England and France extended recognition to the Huerta government in Mexico, the wonder is that Henry Lane Wilson was allowed to fix the date of his resignation as ambassador to Mexico for October 1st.

It now begins to look as if the real criminals who burned the First Baptist church at Fort Worth and the parsonage were going to be caught, as according to dispatches in yesterday's papers, the Tarrant county grand jury had returned six indictments against three men, charging them with burning the church property.

It is to be hoped the parties indicted will be given a fair trial, and if the evidence is sufficient to convict, given the hint of the law. Their mo-

DR. HILL WRITES FROM CORPUS CHRISTI, TEXAS

Wichita Falls Pastor Tells of Pleasures at Epworth-By-the-Sea

Editor Wichita Times: My stay here at Epworth-by-the-Sea, Corpus Christi, during the past ten days has proved most enjoyable.

The Times, while it does not wish to be understood as endorsing everything that Dr. Norris has done, or that he is now doing, has never for a moment believed he was guilty of burning his own residence, or the church of which he was pastor, and there was little or no evidence produced on the trial of his case upon which to base such an indictment.

The International Typographical Union is, so far as the Times is aware, the only labor organization that assesses its members regularly for the maintenance of a home for those of its members who are no longer able to support themselves, and the "Printers' Home," located at Colorado Springs, Colo., is without doubt, one, if not the best, conducted and most thoroughly equipped institution of that nature to be found in the entire world.

When we go into the surf most every day and it is certainly a novel sensation to ride the big waves and breast the billows as they dash and tumble all around your head.

Sworn and subscribed to before me this 16th day of August, A. D. nineteen hundred and thirteen.

BELLE OF WICHITA--It's the Best

HOLD-UP IN FRISCO TRAIN NEAR KANSAS CITY

By Associated Press. Kansas City, Aug. 16.—A bandit who boarded a Pullman car of the St. Louis and San Francisco passenger train known as the Meteor at the union station here tonight, held up four passengers on the car soon after the train left for Oklahoma and Texas. The robber escaped by jumping from the train.

According to the report made to the police the men robbed were S. J. Graham, Tulsa, Okla.; L. P. Thomas, Port Scott, Kansas; W. T. Hollins, Claremore, Okla., and George Winkler of Tulsa. Most of the money was taken from Hollins and Winkler. The bandit had purchased railroad and Pullman tickets and entered the train a regular passenger. The train had passed scarcely beyond the limits of the city when suddenly he stood up and flourishing a pistol demanded that the other passengers give him their money and valuables, and four men readily surrendered their pocket books containing \$108.

The man became frightened when he discovered one of the passengers covered with his revolver and flourishing a pistol. He quickly dropped off the train.

The bandit who was unmasked was well dressed in a blue serge suit and straw hat. There was a scar on the left side of his face which appeared to have been made recently.

DIPLOMA HOLDER WIELDS BROOM IN CITY HALL. Spokane, Wash., Aug. 16.—Although he holds the distinction being one of the youngest men ever granted a degree by the University of Norway, and whose intellectual attainments proved a marvel to the faculty, Torger G. Gilbebo, was busily engaged today wielding a broom and swabbing the floors of the city hall.

Gilbebo was recently appointed janitor. He passed at the top of his classes in psychology, theology and philosophy. He converses fluently in German and English as well as having passed with honors, the study of his native tongue. He entered high school in Norway at the age of nine and was graduated from the University of Norway when 17.

\$1.00
Week

We believe every home in Wichita Falls should have one of these splendid chifforobes. It is the most useful and practical article of furniture you could select. It is equally suitable for ladies or gentlemen; gives you two useful pieces of furniture at price of one

THE DESIGNS SHOWN

Are a great improvement over any that have heretofore been offered. It has a place for everything from hats to shoes, and is our idea of what a thoroughly pleasing and practical chifforobe should be.

THE BEAUTY OF THEM

Is that they combine a well arranged chiffonier and wardrobe in one. The chiffonier has four drawers and mirrors, the wardrobe is large and roomy and is supplied with convenient coat and trouser (or skirt) hangers.

WELL MADE THROUGHOUT

They are made of genuine quarter sawed oak, American quarter oak, Birds Eye maple, Circassian Walnut and Mahogany, and are highly finished. They are made especially for us by one of the best factories and are thoroughly guaranteed to give the utmost service and satisfaction.

THE PRICES RANGE FROM \$75 TO \$18.50

There is only one way you can appreciate what wonderful values these are, and that is to come and see them for yourself. In style and quality they excel any shown and you will say so, too, when you see them.

NOTE THE TERMS.

Not only have we the values in these chifforobes, but the terms and payments are equally pleasing. All you pay is \$1.00 cash, and the balance on easy terms of only \$1.00 a week.

THERE WILL BE A RUSH

For these chifforobes at these prices and values. We know that from previous experience, so if you are at all interested we urge you to give this your first attention this week before they are all sold.

Loyal Order of Moose—Meets every Sunday afternoon. A. C. McKeen, Dictator.

Diamonds Advance September 1st

ONLY thirteen more days before the recently announced increase in diamond prices goes into effect. Beginning September 1st all prices will be automatically increased 10 per cent. This increase is necessitated by a number of causes, including the tariff agitation, and the greatly increased demand for diamonds. Present scale of prices will prevail until September first.

Genuine Blue-White Diamonds

1-8 carat	\$11.00	5-8 carat	\$75.00
1-4 carat	\$22.50	3-4 carat	\$67.50
3-8 carat	\$40.00	7-8 carat	\$105.00
1-2 carat	\$55.00	1 carat	\$125.00

PLEASANT OUTING AT LAKE TO END EARLY THIS WEEK.

The house party which has been a source of so much merriment for the participants at Lake Wichita, will come to a close as all delightful affairs must, tomorrow or Tuesday. The members are occupying three of the cottages at the lake and have rather taken general charge of everything at that resort. Dancing has been no lack of fun. Friday night Mrs. McGregor, Miss McGregor and Miss Simpson regretfully departed to go to South Texas, but the others will remain over today. Those in the party include Misses Anne Freear, Edna Carver, Genevieve Carver, Mabelle Jackson, Kathleen Blair, Kathryn Hindman, Messrs Merrill Blair, Cliff Bullock, Burton Stayton, Robert Burns, Carter McGregor, Ben Bell, John Thomas, Wiley Blair.

MR. AND MRS. TAYLOR HUDSON AT HOME IN MINERAL WELLS

Mr. and Mrs. Taylor Hudson, who were married at Denison two weeks ago are now installed in their home at Mineral Wells. Mrs. Hudson, who was Miss Eldora McGinley, resided here for some months previous to her wedding being a popular member of local society. She is the daughter of Mr. and Mrs. M. McGinley of the Bryn Apartments. The groom is of a prominent Belton family. Mr. and Mrs. Hudson will make their home in Mineral Wells.

UNUSUAL COMPLIMENT PAID MRS. J. W. LEE OF THIS CITY.

The appointment as delegate-at-large from Texas to the International Conference of Schools at Buffalo, N. Y., has been tendered to Mrs. J. W. Lee of this city by Mrs. W. H. Hutchinson, president of the Texas Congress of Mothers' Clubs. On account of her health Mrs. Lee is unable to attend the meeting which will be held Aug. 25 to 30. Her friends feel that it is no small compliment to Mrs. Lee's earnest and untiring work in Mothers' Club circles here that this appointment should be tendered her and they regret that she is unable to attend as the conference, both in its personal and purposes, promises a great deal. A more extended outline of its work appears in another column. Mrs. Lee is now on the coast, and is reported to be doing very nicely after her recent illness.

ENJOYABLE LAWN PARTY IS GIVEN FRIDAY EVENING

The B. C. O. W.'s proved themselves gallant and clever hosts when on Friday evening they entertained a number of their girl friends at the home of Mr. and Mrs. J. L. Jackson, 808 Denver street. The boys were graciously assisted in receiving by Mrs. Jackson, Katy Mae, Bernice, Dorothy, whose charms as hostess and entertainer were never more prettily evidenced. The delightful moonlit evening was brim full of pleasure for the merry young folks who indulged in various games on the lawn. In the game of buncos, Ruth Corlett, Ruth Davidson, and Mattie Ruth Corlett, were winner and the club presented her with a handsome box of candy. The much-frequented punch-bowl in a bower of greenery was a most attractive feature. Within doors, in the later evening strains of spirited music inspired the dance and the splendid harmony and music room were soon filled with whirling couples. Before good-byes were said ice cream with cake was served. The affair will be happily remembered as one of the most delightful of the season. Those present were Misses Lorna Shaw, Elizabeth Jackson, Katy Mae, Bernice, Dorothy, Tonye, Margaret Burnside, Annetta Monroe, Millred Van Voy, Madoline Mackechney, Annett Walsh, Gertrude Davidson, Mattie Ruth Corlett, Ruth Simpson; Messrs. J. L. Jackson, Jr., W. Christensen, A. Skinner, C. Zehnder, R. Nolan, E. Math, C. Reed, Coleman, J. Mackechney, W. McGinley.

PARTY AT LAKE WICHITA FOR WEATHERFORD VISITORS

In honor of her Weatherford visitors, Miss Laura Rentz and Miss Hill, Mrs. J. M. McFall entertained a number of young people with a picnic at Lake Wichita Monday evening. A hay wagon was the means of locomotion provided and conveyed the party to the scene of festivities. It had been planned to take a swim in the pool, but the tank had been emptied, so the guests enjoyed themselves in other ways. An ample and sumptuous lunch had been provided and was greatly enjoyed. Those taking part were: Misses Laura Rentz, Hill, Mabelle Jackson, Edna Carver, Genevieve Carver, Kathleen Blair, Anne Freear, Lennie Peery, Gertrude Orth, Messrs. John Thomas, Jack Barnard, Cliff Bullock, Wiley Blair Jr., Josette Bonner, Ernest Palm, Burton Stayton, W. Fridly, Jack A. V. B. J. Harris. Mr. and Mrs. Bob Thorburn, Mr. and Mrs. J. M. McFall.

BENSON-SHELTON NUPTIALS TUESDAY MORNING

A very pretty home wedding was celebrated Tuesday morning at 9 o'clock at the home of the bride's grandmother, Mrs. R. E. Hendry, 1008 Scott avenue, when her grand-daughter, Eva Benson and Jack Shelton of this city were united in marriage.

Dr. J. L. McKee of the First Presbyterian Church was the officiating clergyman, the simply ring ceremony being used. The wedding was a very quiet affair, there being just a few of their friends and relatives present. The house was beautifully decorated with various cut flowers interspersed with ferns and greenery, while a number of handsome wedding presents on display attested the popularity of the young couple. The wedding party was announced when C. V. Durand and the strains from Lohengrin wedding march, and "The Roseary," the latter being played throughout the ceremony. The bride wore a beautiful gown of white broadcloth, charmeuse, draped with chiffon and

chiffon lace jewels, passementerie. The young couple left on the noon train for points in Colorado, where they will spend several weeks. The bride's going-away suit being of terra cotta, with hat to match. On their return they will make their home with Mrs. R. E. Hendry at 1008 Scott avenue. Those present were Misses Lena Gardner, Gladys Trueblood of Memphis, Texas, Marie Shelton, Pauline Mears and Kathleen Benson. Messrs. Messrs. Durand, W. D. Benson and son of Lubbock, Texas, Overton McDowell and Ebes Howard.

SENSATIONAL TRIAL OPENS AT KANSAS CITY TODAY.

Kansas City, Mo., Aug. 16.—Highly sensational details involving a set of wealthy young high school boys and girls were promised by the prosecuting attorney today when Doctors J. Hall and Fabrian Pratt went to trial on charges of causing the death of Meta Zook, 18 year old daughter of a prominent business man of Kansas City. The physicians have been at liberty on bonds of \$2,000 since their arrest. Two 18 year old high school boys, George T. Vance Jr. and Henry Kiger, appeared today as material witnesses for the state. The physicians were arrested August 15. Dr. Pratt said the Zook girl consulted him and then consulted Dr. Hall. Pratt is 23. Hall denied before the grand jury that he had performed an operation on the girl. In the course of his investigation of the case the prosecutor declared he unearthed a deplorable state of affairs regarding the moral conditions existing in one of the Kansas City high schools.

WICHITA FALLS GIRL MARRIED AMARILLO MAN THURSDAY.

Miss May Pope, a popular young woman of this city was married to John F. Corbin of Amarillo at the home of Grandma Huff on Tenth street Thursday afternoon. The ceremony was pronounced by Rev. F. F. Walters, pastor of the bride's church. The couple left on the afternoon train for Amarillo where they will make their home.

Moose Dance.

At the lake Wednesday, August 20, music by the Lake Wichita eight piece union orchestra. Bring sister, mother or sweetheart. There will be no Turkey Trot or Bear dance, but there will be a real good Moose Dance. Come. Geo. Danday, Floor Manager. 82 11p

575 AUTOMOBILES REGISTERED IN WICHITA COUNTY

Five hundred and seventy-five automobiles have been registered in Wichita county. In addition to this number of automobiles 37 motorcycles have been registered.

Automobile registrations since the first of the month follow:

- J. C. Hunt, Wichita Falls, 569, Cadillac.
- E. and S. Shumaker, Burkburnett, 570, Ford.
- Jack E. Kelley, Wichita Falls, 571, Buick.
- J. H. Simpson, Electra, 572, Wichita Truck.
- John Krabath, Wichita Falls, 573, Ford.
- J. E. Noll, Electra, 574, Ford.
- W. C. Jonte, Wichita Falls, 575, Hubmobile.

BARN DESTROYED BY FIRE EARLY SATURDAY MORNING

Fire at 5:30 yesterday morning resulted in the destruction of the barn and outhouses. At the home of W. A. Soule, 907 Travis. The origin of the fire is unknown. A buggy, a number of chickens and a large amount of feed were destroyed. The fire had too much of a start for the department to have the outhouses, but the flames were kept from neighboring property. The water pressure was good.

Dr. Frothro, dentist, Ward building, Eighth Street.

Styles For Early Autumn Show Smart New Features

New York, Aug. 16.—The summer ending, woman's thoughts turn eagerly to fashions for fall. Already the features which will characterize the modes for the approaching season have been announced by the arbiters of style, and begin to appear in the early models. There have been whisperings about history repeating itself, of a return to the styles of a century ago, through the evolution in progress, of the ultimate crinoline—but it must, indeed, be a veer to predict such a reversal in the face of such feminine fashions as now hold sway. Could the artists who have created the clinging robes of such consummate grace and beauty of the past few seasons perpetrate such horrors as the old-time hooded skirts? Modern woman forbid! We will not, at least, contemplate the crossing of that bridge till full upon it. The present, with all its fascinating illusions in vaporous tulle, web like laces, chiffons, crepes and the softest of silks, is still delightfully ours, and will merge much of its charm into the approaching season.

There are, as usual, new weaves and finishes in materials for the tailored suit. In mixtures of Australian wool and cashmere are peau de pêche and peau de loutre. The Jacquard weaves are popular, and fall, plain and with damask designs, is seen in some of the prettiest gowns. The plain broadcloths are special favorites, and are effectively combined with the plain. Wool and silk crepes are much in demand for morning and afternoon toilettes.

The problem of choosing a gown for these semi-dress occasions, one which is to be in frequent requisition and that will be neither lacking in decorative features nor embellished with easily perishable trimming, is solved with great satisfaction in a gown of Canton crepe, with embroidered garniture. Such a one is reproduced in the second figure. The color is seen, the always fashionable, hue, and just now much in vogue. The collar and cuffs are in natter blue-brocaded crepe, which furnishes a beautiful background for the embroidery in peacock shades of blue and green, bronze and rust red. Using a brocade for embroidering is an Oriental idea, and one which the Chinese have proved most effective. The blouse fronts and sides of the skirt also show ornament in embroidery. The result is a gown of elegance, but one which will wear extremely well and retain all its charm as long as it lasts, and this appeals to all women with more or less limited incomes. The embroidery can be done in a short time, as coarse floss and loose stitches are the mode. For receptions, afternoon teas and informal evenings the woman in such a frock as this will appear correctly gowned.

The newest hats are modest little shapes, the smartest ones having "Tam" crowns. Black velvet rules supreme as the milliner's best medium. A characteristic feature today is the halo. This is of tulle or lace, and flares out from the rim and crown in very natty fashion. Another becoming detail is the velvet girle under the chin.

For upon a midsummer frock seemed paradoxical. Playing a similar prank, Dame Fashion now chooses for frosty weather the filmy fabrics that previously have been considered the prerogatives of spring and summer. Midway's fall wardrobe may embrace gowns of airtiest creation and most ethereal lightness; but, of course, the more substantial things will be there, too, and it is perhaps more essential to know about these in detail.

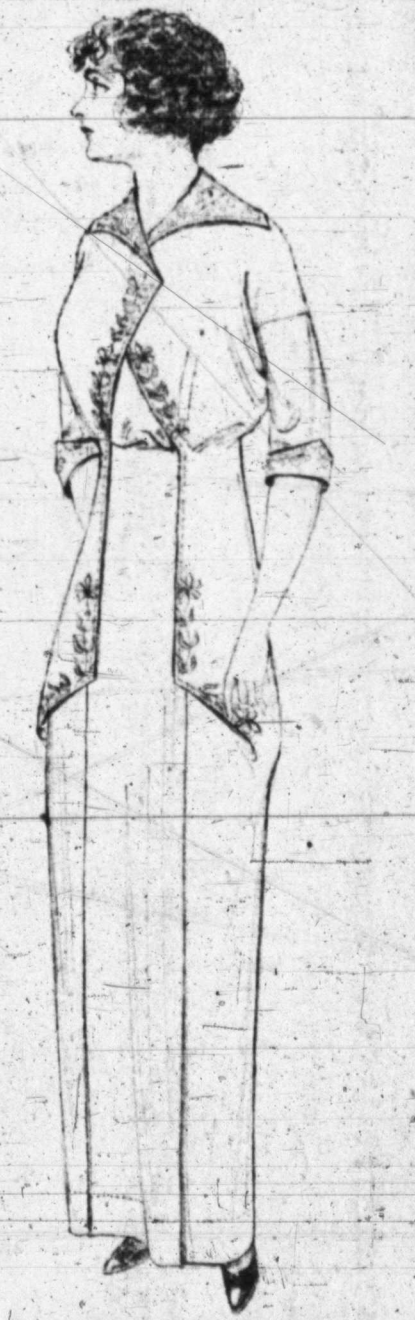

In selecting a model for the early fall street costume, one could scarcely do better than to choose the chic skirt and blouse represented in the first figure. The fashionable skirt of tartan plaid, in green, blue and tan broadcloth and waist of green faille silk with an satin collar and cuffs, both show the most up to date lines; a stunning two piece dress. Both skirt and blouse show smart button trimming, a popular feature for the season.

Do not fail to notice the correct new peplum, lapping with the blouse, from left to right. This is the way the women of Japan close their kimono, and is the way all men's garments are lapped, but it seems an innovation for woman's dress here, and a really new idea. A modish costume like this would be appropriate for many occasions, and with the addition of lace or net accessories, such as are so much in vogue, a more dressy appearance may at once be effected. Also, if one has a particularly fetching riddle or cash, this will give a vivid touch of color and would prove very attractive. A black velvet girle, with a smart little bow and buckle, would look well with this, and with various other blouses.

The woman who knows the value and economy in providing for her toilettes the newest in dress accessories will have at hand a dozen different arrangements to vary her gowns, and thus always look smartly dressed. It is oftentimes in the details that effect is obtained. The main thing at present, however, is to achieve the fashionable figure. This does not mean, as it once did, that one's natural form must be distorted by uncomfortably tight laced corsets. Just the contrary. The ultra blouse of the corage and the increased fullness of the skirt about waist and hips,

WORLD'S SERIES PROMISES MUCH

FRANK CHANCE CONTENDS THAT FIFTEEN GAMES SHOULD BE PLAYED

OTHER NEWS OF SPORTS

Giants and Athletics Have Some Old Scores to Settle if They Meet This Fall

By Associated Press.
New York, Aug. 16.—Basing his prediction on the assumption that the Giants and Athletics will be the contenders, Frank Chance forecasts a remarkable struggle for world's championship honors this autumn.
"The leaders of the two leagues appear to be very evenly matched," said Chance, in discussing the teams, "and I look for a very close, exciting series. In my opinion the winning club will be the one that gets the early breaks in the play. You can't eliminate the 'breaks' in baseball, and in a series as important, and as short as the world's championship, it has always proved a very prominent factor. In all the series in which I have taken part it has always been present. Sometimes the breaks came our way and then again it helped the other fellows, but never have the line whiffs I didn't play a leading part."
"For that very reason I have always held that a seven game series between two clubs of the calibre of the National and American League pennant winners was not as decisive as it should be. Fully fifteen games would be necessary, to my mind, to decide positively which was the better club. Unfortunately, however, such a long drawn out series would fail to hold interest. Coming at the end of a seven months' season eighty per cent of the fans of the two cities would lose interest in the play before the completion of the play. It has been suggested that playing several of the games in cities other than those directly interested might solve this problem. I have no doubt that Pittsburgh, Chicago and Washington would turn out big crowds for one game each, even though the Athletics and Giants were the contending teams. It's a difficult problem to please both player and spectator, but I believe that eventually a more satisfactory method will be evolved for deciding the world's championship."

Settle Old Scores.
Should the New York and Philadelphia clubs win their respective league pennants, the world's series of 1913 will be in the nature of a "rubber." At present each has a world's championship title won at the expense of the other. The Giants quickly snipped the championship aspirations of the Athletics in their initial meeting of 1905. Under the direction of McGraw the New York team won four of the five games played, all of which were shut outs. Six years later Connie Mack secured his revenge for the Athletics and won four of six games from the Giants.

Of the players who engaged in the series of 1905, Bender, Plank, Davis and Murphy are still enrolled with the Athletics, although the latter two seldom in the regular line-up. Mathewson and Wittse are the only Giants of those days who still wear the New York uniform. It is a singular feature of the game that Bender and Mathewson, the respective club heroes of 1905 series, are latter masters of the art of pitching, eight years after their initial clash and may face each other during the play next October, unless an eleventh hour rush by one of the other league clubs upsets the predictions of the baseball prophets. To date the world's series has been an excellent financial proposition for New York and Philadelphia clubs and players. The two series netted the club owners \$124,387.47 and the players \$155,394.81.

Freshman Athletics.
In discussing the freshman athletic problem at Harvard William F. Garcelon, former graduate athletic treasurer, makes another plea for an athletic coaching course for those students who are preparing for a career as instructors in schools and colleges. "Mr. Garcelon states: "It has been urged for the past five years that some action be taken on this matter, but Harvard has stood still, while nearly every small college in the country has moved ahead. The winning of games and bringing home of championships to the university gives us much joy. Athletic organization and efficiency is worth while and should not be and has not been neglected, but the boys who do not know the joy of running, or leaping, or being physically active on the green grass under the blue sky, should be given a chance to learn what all that means. Those who are studying to be educators should be given this help, in order that they may get out of and put the most into their work."
"During the last fifteen years there has come a demand from public schools for trained teachers who could also take general charge of athletics. Failing to find men who understood the athletic problems from a broad study of them, they have generally accepted men who have been skillful football or baseball players or track athletes. The appointments office at Harvard is steadily receiving calls for men who can combine with good scholarship a general knowledge of athletics and physical education. The added duties in athletics command from \$500 to \$600 additional salary. Harvard today does not qualify men to fill such places, except through study in the summer school of physical education. What is needed is a course of lectures and instructions which would give teachers practice in the fundamentals of football, baseball and all other sports and teach them the relative value of all sports for growing boys. Instruction should also be given in training methods, in diet, and in general athletic organization and administration."

Foreign Invasions.
The tide of sport invasion has again turned toward these shores. Several English and French professional golf-

ers will be seen in action at the United States open championships scheduled for Brookline, Mass., September 17-21. The women's national championship, to be played at Wilmington, Del., October 13-18, is also expected to attract several of England's best women golfers, including possibly the title holder. The open golfing contingent, consisting of Edward Ray, Harry Vardon, Wilfrid Reid, Arnaud Massy and Louis Teller, are already practicing for their contests against America's best professionals, and some stirring golf is expected when the foreign experts tee off at Brookline.

T-O LEAGUE SEASON TO COME TO CLOSE MONDAY

Denison Practically Certain of Pennant—Hugo Finishes in Sixth Place

Tomorrow marks the end of the season of the Texas-Oklahoma League, and it seems fairly certain at this writing that Denison will be the pennant winner. Paris seems to have second place certain.
The Hugo team which played under a Wichita Falls banner—the first part of the season, will finish sixth. Bonham is fifth by a small margin and it looked for a time as if the Drillers would lead the second division at the season's close, but they stopped too soon.
With the exception of Denison, none of the towns in the league have accorded the teams sufficient support and it is not at all certain that there will be a revival of the circuit next season. While Wichita Falls was the only town to surrender its franchise, several others were threatened with similar experiences.
A number of Texas-Oklahoma League players are scheduled for later company next season, among them being Scoggins, Fred Morris and "Bud" of this season.

CHILDRESS COUNTY TO VOTE ON POOL HALL QUESTION

(Childress Post)
Monday, on petition of a large number of Childress county voters the commissioners' court ordered an election for the entire county to be held on August 20, to determine whether or not pool halls shall be allowed to run in this county. Bearing on this question it may be said that reports are current that one of the pool halls in Verpus is preparing to make a test case to determine whether or not this law is constitutional. It is said that the pool hall will run one day longer than allowed by law, be indicted and tried, then carry the case to the higher court on appeal and thereafter get a test of its constitutionality. Many people have raised this question and many lawyers are of the opinion that the law will not stand the test of the higher courts, since there is no constitutional provision for such a election. So far as we have learned, pool hall elections have resulted in affirmative decisions in every county in which they have been held so far, and there is no reason to doubt that they will be voted out in Childress county.

YOUNG COUNTY MULE HAS QUEER TASTE FOR FOOD

(Graham Reporter)
Mules are naturally queer creatures and are capable of causing a great deal of excitement at times. This statement can be especially vouched for by our good friend, Joe Taylor, of the Indian Mound community. One day last week just after the postman passed by Joe's place, Joe drove his team of mules up to the house and proceeded to devour the morning's mail. In one of the letters was a red label, bearing the words, "Old 'how' or something similar, but Joe wasn't interested in this so threw it in a tin close to where the mules were standing. Joe went into the house and in a few minutes looked out to see his mules running away at about a thirty mile gait. Joe says he doesn't know how to account for the runaway unless the mules got tips on the whiskey soaked out of that label.

LATEST EVENTS ON THE RIALTO

SHAKESPEARAN REVIVALS DURING THIS SEASON PROMISED BY SHUBERTS

NEW TALENT IN EVIDENCE

Some Heretofore Unknown Authors Appear—Grand Opera Offerings in Sight
(By Beau Rialto, written for the United Press)
New York, Aug. 16.—Three Shakespearean revivals are promised by the Shuberts in the list of plays. Just

given out, that they will produce in New York during the 1913-14 season Sir Johnston Forbes-Robertson, the eminent English actor recently knighted by King George, who will come to America this fall to make what he says is to be his farewell stage appearance anywhere, will open the new Shubert theatre in West Forty-fourth street in his Shakespearean repertoire. His company will be headed by his wife, Gertrude Elliott, and they will also revive "The Passing of the Third Floor Back," "The Light That Failed," and George Bernard Shaw's "Caesar and Cleopatra." They will have several weeks in New York and then tour to the coast playing the principal cities.
At the same time it is planned to present E. H. Southern and Julia Marlowe at the Manhattan Opera House in Shakespearean plays, "Macbeth," "Romeo and Juliet," "As You Like It," and "Twelfth Night."
Several heretofore unknown au-

thors appear in the Shuberts' announcement. "A Modern Girl" by Ruth C. Mitchell, "The Warning" by Arthur J. Eddy and "If We Only Had Known" are among the American plays to be put on early in the season. "The Winning of Ma" is an American comedy, a dramatization of the "Pa Flickinger's Folks" stories by Jessie Hoover and another is "Miss Phoenix" by Albert Lee, dealing with modern New York life.

The Aborns, heading the Century Opera Company, have announced an agreement whereby, during the coming season, they will exchange vocalists for brief engagements, with the Chicago-Philadelphia Opera Company and the Boston Opera Company. Thus when the Century Company is putting on an opera in which some members of the other companies will sing to better advantage the Aborns will just borrow the desired singers and ship them back at the end of the engagement.

PRICES SLAUGHTERED

Beginning Friday, July 15, We'll Reduce the Price on Oxfords to Cost and Less than Cost

Our fall stock has begun to arrive and we must have room. We don't often have a sale, but when we do it means a real one, and on dependable goods. Remember everything goes—men's, ladies' and children's oxfords of every grade and kind and up to date in every respect. You can afford to buy these oxfords whether you need them or not. Come in and see.

Delegates Gather At Buffalo For Great Conference On School Children's Health

Buffalo, Aug. 16.—"By far the most elaborate effort ever made in this country toward improving the health and efficiency of school children." Such is the announcement of the executive committee organizing the fourth international congress on school hygiene, which will meet at Buffalo the week of Aug. 25-30 and which will be attended by delegates now gathering not only from all the leading important communities of this country, but from all the leading nations of the world. Are the Johnnie and little Susie attending school in a sanitary class room? Are they spending too many hours in school? Are they hiding germs of diphtheria or scarlet fever? Are they given plenty of fresh air? Are they given good drinking water? Are they given proper rest rooms and suitable vacations? Are they suffering from poor eyesight, bad breathing apparatus and defective hearing? These are a few of the questions to which the educators of today are giving a large amount of attention and which will be taken up at Buffalo by experts from all over the world. Altogether six days will be devoted to the congress, and over 300 speakers will tell the results of their experience and observations and make known the best methods at hand for improving health and efficiency of school children. For the purpose of defraying the expenses of the congress the citizens have contributed \$75,000. Boy scouts will act as official guides and interpreters during the congress, and elaborate plans are now being completed for the entertainment of visiting delegates. The chairman of the Buffalo citizens' committee is Dr. Roswell Park, the surgeon who attended President McKinley in his last days at Buffalo. Dr. Charles W. Eliot of Harvard will act as president of the congress.

AT THE CHURCHES

First Methodist Episcopal Church (Corner Seventh and Lamar) Sunday school at 9:45. Morning worship at 11 o'clock. Epworth League at 7:15. Evening worship at 8:45. LOVE WILL LAUGH AT EUGENIC LAW

SO DECLARES PROMINENT COLORADO PHYSICIAN ANSWERING GENERAL BLUE

NAMES PAST GENIUSES

Says Many of Most Brilliant Men of World Were Not "Well Born" in Modern Sense

Denver, Colo., Aug. 16.—If such a law as that recently passed in Wisconsin forbidding the marriage of diseased persons and compelling the sterilization of defectives had always been enforced, three fourths of the world's greatest geniuses would never have been born. This was the opinion expressed today by Dr. Paul S. Hunter, secretary of the Colorado state board of health, as an answer to the statement of Surgeon General Blue in which the surgeon declared that this country must stem the propagation of defectives and that the Wisconsin law is the correct answer. Dr. Hunter declares that love will laugh at laws just as he has laughed at Locksmiths. Following is Dr. Hunter's statement: "Theoretically I am heartily in favor of prohibiting the marriage of all men and women who cannot show a clean bill of health, but it does not work out in practice. The strongest parents bring forth puny children; the most moral produce immoral offspring. The old joke about the 'minister's son' is founded on history. On the other hand, many of the

weakest fathers and mothers, while transferring their weakness such as drunkenness, insanity, perversion and all the traits Surgeon General Blue says would be eliminated by law, also pass on the "divine spark" that has lighted the path of progress since Time began. In fact, genius, nine times out of ten, is very closely allied with ill health, criminality, insanity or drunkenness. There are very few of our greatest poets, musicians, painters, authors and other artists who were not afflicted with some weakness which was inherited from the parents. Wagner, Dean Swift and Charles Lamb were insane; Keats and Robert Louis Stevenson died of inherited tuberculosis; Coleridge and De Quincey were opium fiends; Pope was a dwarf and Herbert Spencer was an invalid; Edgar Allan Poe was mentally unbalanced and an inveterate user of drugs and drink; Goldsmith was called "the inspired idiot"; Rousseau and Oscar Wilde were moral and mental perverts of the lowest order; Shakespeare was highly immoral in that he had an illegitimate daughter; it is hardly necessary to refer to Byron and Robert Burns, for their drunkenness and the open immorality of Byron are too well-known. It is true that all these fell down through heredity but along with them come that thing which has compelled every advancement in the world of literature, art, science and invention. The question of why great talent seldom accompanies physical health has never been answered. The present agitation over eugenics is not new. It began in Sparta before the time of Christ, when, in order to attain physical perfection as a race, all cripples or weak or deformed babies were exposed on the mountain tops to die or receive strength from the gods. None but the strongest were allowed to marry. This system produced the greatest physical giants of history, the most perfect animals

of all time, but mentally the race became dwarfed; their brains went to seed. They produced no really great men, and distinguished themselves only in war and feats of strength. If the plans of the eugenics enthusiasts were carried out in the matter of prohibiting marriage of persons who drink, sixty per cent of the American people would be old maids and bachelors. It is evident from this how long it will be before such a law becomes general. And if the nation does get a law compelling every man and woman to produce a physician's certificate, it will not accomplish the desired results, for doctor's certificates are cheap these days. Any couple intent upon getting married could get fifty certificates in a day despite their state of health, if they had the price. Only by training young men into a full and complete knowledge of the sin committed against the next generation by marrying diseased persons, can the race be strengthened. Laws contrary to the fundamental instincts always have been violated and always will be. The instinct to have strong, healthy children must be cultivated. Marriage will then occur only between men and women capable of becoming parents of the right kind of children. HEAD AND LANGFORD HAVE GOOD WELL AT BURKBURNETT Head and Langford have a good well on the Heiserman tract southwest of Burkburnett and northeast of the Borohelid well. It is reported good for better than 100 barrels. Sonder Yachts in Trial Races. Marblehead, Mass., Aug. 16.—Nine sonder yachts sped across the starting line today in the trial races to select three that will represent Uncle Sam in the international races with the German yachts for the President Wilson and Governor Foss cups.

HYGIENISTS PLAN GREAT CAMPAIGN IN SCHOOLS

Will Launch Movement to Improve Health and Efficiency of Public School Pupils

New York, Aug. 16.—An aggressive national campaign to improve the health and efficiency of 29,000,000 public school children in the United States will be launched at Buffalo during the week of August 25, according to an announcement made today by Dr. Thomas A. Storey, of the College of the City of New York, in a statement giving the detailed plans of the Fourth International Congress on School Hygiene. The urgent need of school reform will be one of the principal topics discussed by the 300 speakers on the program at Buffalo. Attention will be called to the prevailing bad conditions in the public schools of many leading cities—conditions which it is declared by Dr. Storey tend to show that tax payers are now compelled to pay out money at a great loss on their public school investment. In this connection many speakers will point out the findings made by the medical inspectors in their respective communities. According to statistics which Dr. Storey received today, several million school children are suffering from such common troubles as eye strains, decayed teeth, obstructions in the nose and throat, skin diseases, defective hearing and nervous diseases as well as physical deformities. Delegates will be asked to secure passage of laws in every state requiring all public school children to be tested as to hearing and sight. Special attention also will be paid to the

problem of testing school children to learn if they are mentally fit to attend regular classes or whether they should be put in special classes for backward children. Among other subjects which will be discussed will be "Tuberculosis—Among School Children"; "Open Air Schools"; "Sex Hygiene." 30,000 VOICES! And Many Are the Voices of Wichita Falls People. Thirty thousand voices—What a grand chorus! And that's the number of American men and women who are publicly praising Doan's Kidney Pills for relief from backache, kidney and bladder ills. They say it to friends. They tell it in the home papers. Wichita Falls people are in this chorus. Here's a Wichita Falls case. F. McEanis, carpenter, 1108 Scott street, Wichita Falls, Texas, says: "I suffered from pains across the small of my back and in my sides. I also had to get up frequently during the night to pass the kidney secretions. Seeing Doan's Kidney Pills so highly recommended, I got a box and used them. In a short time I was cured." For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, N. Y., sole agents for the United States. Remember the name—Doan's—and take no other. TRIAL OF COX AT HENRIETTA

GRAND JURY RETURNS INDICTMENT AGAINST POLICEMAN CHARGING MURDER

IS ADMITTED TO BAIL

Case Will Come Up For Trial At October Term Clay County District Court

An indictment charging E. B. Cox, policeman, with murder in connection with the killing of Sterling B. Morris, a brother policeman, last Monday night was returned by the grand jury Saturday morning. Cox waived two days service of a copy of the indictment and was arraigned before Judge Martin immediately after the indictment was returned, and entered a plea of not guilty.

A change of venue was agreed upon between the district attorney and the defendant's attorneys and the trial was transferred to the Clay county district court at Henrietta where it will come up during the term that opens October 27th.

District Attorney Scurry admitted that the case was a bailable one and Judge Martin fixed the defendant's bond at \$5,000 without hearing any testimony. Cox was accompanied in to the court room by his wife. His attorneys are F. W. Weeks and Judge Ralston or Mt. Pleasant, a brother-in-law of the defendant.

WILL PUBLISH BLUE BOOK: PUBLICITY FOR WICHITA FALLS

Col. A. J. Peeler who is compiling the Standard Blue Book of Texas, will arrive in the city some time this week to collect data concerning Wichita Falls and its citizens for publication in the Blue Book.

Col. Peeler has compiled blue books for a number of other states. These books are fashioned after the blue book issued by the United States government on trade conditions, and with it is associated the idea of the social blue book of the European countries. These books have had the endorsement of commercial organizations, educational institutions and social organizations wherever they have been published.

These books not only serve as a guide for the present day and time but are prized as a record of men and institutions in the years that follow. In the Texas Standard Blue Book an effort is being made to portray all that tends to the progress of the Lone Star State.

The Memphis News-Simitar of Memphis, Tenn., has this to say of Col. Peeler: "He is an industrial and social exponent as applied to the development of trade conditions of international reputation." In appreciation of his ability along these lines, he was placed upon the national payroll, by the great military ruler of our sister republic. He has served as presidential toastmaster, is a university graduate, a retired bank president and has for eighteen years been a close student of industrial development and dedicated his life to this work.

Col. Peeler will arrive in Wichita Falls this week to collect data for this city's special advertising in the Blue Book of Texas. Assisting Col. Peeler as society editor, comes Miss Bess Savage of Mineral Wells, who has for the past three years had charge of the society columns of the Mineral Wells Index. She comes highly recommended by her own town's people. Miss Savage while in the city is the guest of Mrs. McGenley and she will be glad to communicate with the Wichita Falls ladies relative to her work.

Building Permits
Bullington and Jones, four one-story tile residence on Welch street, costing \$350 each and one costing \$175.

T. T. Reese, one-story brick business building on Ninth street to cost \$8500.

CHARTER TO BE TAKEN UP AGAIN

CITY COUNCIL EXPECTED TO ORDER AN ELECTION AT EARLY DATE

TO HOLD TWO ELECTIONS

First Will Decide Between Aldermanic and Commission Forms of Government

Steps to bring the proposed new charter for Wichita Falls before the people will be taken within the next two weeks when the question will be taken up by the city council. The council will probably first, in conformity with the recommendation of the charter committee order the question of whether an aldermanic or a commission form of government be adopted to be submitted to a vote of the people after which one of the forms already drafted will be submitted to the people for ratification or rejection.

It will be necessary to act in this matter soon as the city council must make the tax levy in December and the legal requirements as to notices of election, publication, etc., will bring the proceedings close-up to that time even if started within the next thirty days.

METHODIST SWIMMING POOL PROVING POPULAR

The swimming pool in the basement of the First Methodist church is proving very popular among the young folks of that congregation these warm days, the natatorium being daily visited by the boys and girls in classes. Special evenings are set aside for the convenience of the visitors and swimming lessons are being afforded, under

the guidance of an expert instructor. The water is kept at a refreshing temperature and is changed at the required intervals. The bathers derive much enjoyment out of the visits to the swimming place.

Notice A. F. & A. M.
There will be a called communication of Wichita Falls Lodge Monday at 7:30 p. m., sharp to confer the F. C. Degree on two candidates. All visiting Masons are extended a cordial invitation.

THREE INDICTMENTS WERE RETURNED

Grand Jury Convened in Special Session To Investigate Killing Adjournd Saturday

The grand jury, convened in special session Friday, was adjourned Saturday at noon after returning three indictments, including one against E. B. Cox, charging murder, Jesse Cook, carrying a revolver, and John Sommers, burglary. The last named case comes from Electra. The defendant is charged with entering a house and taking a sum of money.

LUKE WILSON'S PLAN FOR FARM FINANCE SOLUTION.

(Fort Worth Record)
Luke Wilson, a well known Texas and Oklahoma cattlemen, has evolved a new scheme for the federal government to assist the farmers who are in financial distress. Depositors in postal savings depositories are paid three per cent by the government. Mr. Wilson would have the powers that be reloan this money to farmers at five per cent. He regards land securities as gilt edged at all times and insists that it would be a great boon to the farmers and that the government would be making the best possible investment of the postal savings deposits.

IMPROVEMENTS UNDER WAY BY WATER COMPANY

New Pumps and Boiler Being Installed—Building Addition To the Plant

An increase of about five million gallons daily in the pumping capacity of the plant of the Wichita Falls Water Company will be made possible shortly when two new pumps, each with three new million gallons capacity, are installed. This new machinery has been ordered and is expected soon. The company is putting in a new boiler, increasing the strength of the plant by 350 horsepower. Additions are being built at the plant to house the new machinery, which, Manager F. N. Lawton believes will care for five year's increase in population here. The new mains have practically all been installed and there has been a notable improvement in pressure as a result. The company is getting ready to put down about two miles of pipe in the new Southland Addition. When the new pumps are in operation, some of old ones will be discarded. The plant's pumping capacity at present is about four million gallons, which the new equipment will increase to nine million gallons.

County Judge Holds the Key to Ballot Box

NEW VARIETY OF GRASS GROWN IN MONTAGUE COUNTY
(Bowie Cross-Timers)
J. B. Chambers who lives one mile south of Saloma, brought us last Monday, a sample of new grass that promised to be a boon to the farmers of this section. Mr. Chambers says the seed was sown July 7 and the grass is now about three feet high, and has had but little rain and was sown on the poorest land that he had. It seems to have great drought resisting qualities, and if sown early in spring can be cut several times, and its yield about as great as that of Johnson grass. But unlike Johnson grass, it has to be re-sown every year, thus preventing the danger of spreading. Mr. Chambers received the seed from his daughter who lives in Arizona. Lace curtains laundered, 35c and 50c a pair. Address Felix Lindsey, Box 72, 79 16c

NOW IS THE TIME FOR ALL GOOD MEN

**and Women, too, Both Old and Young
to Purchase Lots in Floral Heights....**

Fortune is knocking continuously at your door right here in the City of Wichita Falls, and all you have to do is to keep your eyes and ears open and take advantage of opportunities as they present themselves, and there will be no limit to your success and prosperity. It's well enough to investigate thoroughly everything undertaken, but don't just keep on investigating and waiting and let all the opportunities slip by. The Lord helps those who help themselves. Now is the time to get action on your money, and I know of no better place to get quick action on the same than in Floral Heights. You don't have to have a fortune to buy lots in Floral Heights. They are very cheap. I have in mind one citizen who invested \$250 in Floral Heights last February, he was a little shaky and skeptical when he did so; but has kept it turning until today, and if necessary I could procure his sworn statement that he has made over \$2000 on his small investment, besides he has carried on his business without any loss of time.

What others have done and are doing you can do—You don't have to take my word for it. For your benefit I reproduce below letters from reputable citizens of Wichita Falls stating their opinion regarding Floral Heights investments. If necessary, I could procure just as easily a hundred testimonials bearing out the fact that this addition is all we claim for it.

Be sure to read the letters reproduced below

RESIDENCE OF J. A. KEMP
Restricted District of
Floral Heights

TAYLOR STREET, LOOKING NORTH, IN FLORAL HEIGHTS

Mr. A. L. Huey, Gen'l Agent,
Floral Heights Realty Company,
City.

Dear Sir:

Regarding lot values and their future prospect in the restricted district of Floral Heights, I wish to state that I consider this restricted district the coming garden spot of Wichita Falls. The beautiful native trees you have growing there with your system of irrigation and expert care in taking care of same, will, in a few years make this portion of the city look like a lovely park. There is no question in my mind but that the best homes of the city will in the future be built in this restricted district where it is beautiful, high and cool, as well as away from the noise and dust of the city.

These lots are a paying proposition, and when I say this I am speaking from experience as I have purchased and turned a great many lots in this district in the past six months, and I have realized handsomely on all of my investments. I remember in January of this year I purchased, from Mr. J. T. Montgomery two lots in the restricted district for \$1,000.00 and while I made a nice profit on them I sold them too soon as Mr. J. M. Bland sold the same lots last week for \$1750.

I honestly believe that it is only a matter of a short time until these restricted lots will be selling in pairs from \$3000.00 to \$4000.00 and then be cheap to parties who are able to build nice homes and desire to have them protected.

I trust that the information given above is what you require and shall be pleased to answer any further questions.

Yours very truly,
T. P. ADAMS.

Floral Heights Realty Company,
City.
Gentlemen:

Personally I have invested money recently in Floral Heights lots, and I can conscientiously recommend to my friends to do the same. I firmly believe that those investing in Floral Heights lots today at fair prices will within a reasonable time make very large returns on their money in increased values, and those who buy for homes will rejoice and never regret their move, as it is without a question of doubt the very choicest residence section of the city.

I have purchased a good many lots in Floral Heights for an investment and have always turned them at handsome profits.

Yours very truly,
J. C. MYTINGER.

Floral Heights Realty Company,
City.
Gentlemen:

I know of no better way of answering your inquiry relative to my opinion of the restricted district of Floral Heights than to state that I now own 29 of these lots and am in the market for more of them. I have also bought and sold a good many of these lots in the past six months and in every instance I have made nice profits and the purchasers have all been highly pleased with their investments. I have choice lots reserved that I would not care to part with even at unreasonable figures as I intend to build my home on them in the future. I am a great believer in this restricted district as I expect to see it become the most magnificent residence section of the city in the very near future.

Yours truly,
J. M. BLAND.

Mr. A. L. Huey,
City.

Dear Sir:

Pursuant to our recent conversation in reference to the possibilities of lots in the restricted district of Floral Heights it affords me great pleasure to be able to say to you that I have been in the real estate business for the past year as a member of the firm of Cravens, Maer & Walker, and during this time I have sold a great deal of real estate, and I can truthfully state that the easiest property I have ever sold was in the restricted district. I am still in the real estate business and am a great booster and believer in the restricted district of Floral Heights for the reason that my clients have all been better satisfied and have made quicker returns on their investments in this district than any other portion of the city. I have seen lots in this district double since I have been in the business, and the possibilities of these lots is inconceivable, as I have actually sold some pairs of lots as many as four times and the present owners are highly pleased with their investments. They are the most profitable investment that I know of, as there is absolutely a certain big increase in the selling value of this property.

Hoping I have answered your inquiry in a satisfactory manner, I am,

Yours very truly,
MARK WALKER.

You Can Still Purchase Beautiful Lots in Floral Heights \$200 to \$450
One-third cash, balance on or before one and two years at eight per cent—Now is the time to buy before the advance this fall—there are only a few left and they are selling fast

General Real Estate Dealers
617 Eighth Street Phone 358

MONEY AND FAITH

These are two of the great essentials in buying real estate. Lots of people have the money and yet they lack faith. Others have faith and lack the money.

If you have resided here as long as six months and haven't got the confidence that this is going to make a large city, then you ought to rub up against a wide awake real estate man and come out of your trance or stupor and awaken to the great possibilities that surround you.

Don't you know that Wichita Falls is going to make a city? Can't you see its great natural advantages which are bound to make it grow to a large manufacturing, industrial and commercial center? Certainly you can see it if you will but open your eyes. We have water, gas, railroads, oil, coal, good farming lands with a large territory to draw from with no competitive city. We also have the finest bunch of business men that you can find anywhere. What more do we need? Why, it is a cinch that we are going to build a city here. If I didn't think so I would move out, wouldn't you?

Well, you say that you have the money and the confidence, but you are going to wait awhile to invest.

Are you waiting for a slump, cool weather or a big sensational movement in real estate? If so, learn now your mistake. There will be no slump in Wichita Falls property, and prices will never be so low again as they are today. Hot weather should cut no ice nor delay you, neither should you wait for some excitement, but learn to use good judgment rather than impulse.

The best time to purchase property is when the market is quiet as you will find more good bargains offered. Never wait for a big rush to buy property for it is then that every one wants to buy and no one wants to sell, consequently you don't find so many bargains offered.

Now if you have a little money and will call at my office, suite 311, Kemp & Kell building, I can soon convince you that we can make your little money grow into big money by investing it in Wichita Falls real estate.

You will note that I have changed my office but that I am still in the real estate business.

While I expect to push Floral Heights as a leader for bargains, yet you can rest assured that if there are any other bargains offered in the city you will find them among my listings and I will take great pleasure in showing them to you. I have quite a few of these bargains now. Call and see me.

A. L. HUEY, General Agent

The Public Is Invited To Visit Our New Ice Plant

We want all of our customers to know just how the ice which you use in your water, tea and milk is handled and made—We want you to see for yourself how the sanitary conditions are around our plant, what care we take in manufacture of our ice

Your self interest demands that you buy pure ice. We want the ladies especially to come and inspect the plant. We will take pleasure in showing you through and explain our method of manufacturing. The wagon service from our plant has no equal in Texas

Our motto is "To Give Our Patrons the Best For Their Money"

PEOPLE'S ICE CO.

LONDON DOCTORS PLANNING UNION

POLICE MAY ALSO FORM PROTECTIVE ORGANIZATION OF THEIR OWN

WEEK'S NEWS IN LONDON

James R. Bell, Original of Kipling's "Bridge Builder" Is Dead—After Unique Career

By Associated Press. London, Aug. 16.—The British Medical Association, at its annual meeting, seriously debated the advisability of organizing as a labor union.

Recently the official organ of the association was mulcted for heavy libel damages for calling a practitioner a quack. Inasmuch as, under a recent decision of the British courts, the funds of a labor union cannot be touched for such damages, the doc-

tors felt that the reorganization of their association into a labor union would not be without certain advantages.

The British Medical Association in its recent strike against the provisions of the compulsory state insurance act emulated the tactics of labor unionists, but in spite of the reputed higher mentality of its members, it suffered defeat on account of a lack of solidarity, just as many of its humbler exemplars have.

Following in the footsteps of the doctors, the police are contemplating the formation of a labor union to be called the Amalgamated Society of Policemen. Letters appear every week in the police organ, citing grievances and suggesting the formation of a union as the first step towards their correction. The chief demand is for a maximum police salary of ten dollars a week, and one correspondent suggests that, as the police have to enforce fair play in the labor disputes of others, they should have little difficulty in enforcing their own demands. One writer hinted that it might go badly with the public if the police struck for their rights. One of the chief worries of the police is due to the suffragettes whose activities have added greatly to their overtime, for which they get no extra pay. Recently the force has been increased in order to give longer vacations, but the men feel that their lot is still cast in hard places.

Kipling Character Dead.

James R. Bell, the original of Kipling's "Bridge Builder," is dead at his home here.

Mr. Bell was a sad reminder of how the cast iron rules of the Indian civil service hamper the efficiency of some of its best members, for he was at the heyday of his powers when he was arbitrarily retired at the age of 55. He was in excellent health, in the midst of some of his best achievements, and willing and anxious to go on with his work, when the orders came to cease his activities.

After his retirement Mr. Bell passed nearly every winter in India or China, where his services as a consulting engineer were welcomed. He came from a family of engineers, being the grandson of James Bremner, who floated the "Great Britain," then the largest steamer in the world, when she stranded in Dundrum Bay on her third trip across the Atlantic.

Mr. Bell built some of the greatest bridges in India. Some of these structures are great engineering feats, for the designs have to provide for inundations and changes in the courses of the treacherous rivers they span.

Home Secretary McKenna is being execrated on account of the "Cat and Mouse" bill, but it is generally admitted that an effect of this measure has been to decrease militancy, those on the fringe of the suffrage movement having gone back to constitutional methods, leaving only the irreconcilables to continue the battle.

Mr. McKenna is being attacked from two sides—on one by the more virulent members of the opposition press and on the other by the supporters of militancy in the House of Commons, the latter section being headed by Keir Hardie, the labor-socialist member. The position of the home secretary has been and still is extraordinarily difficult. He has had to deal with the serious crime of widespread arson, and at the same time he has been compelled to keep his prisoners alive, in spite of their own efforts to starve. In this connection he has had to take into consideration the grave dislike which many people, both pro and con have against forcible feeding.

Women in Politics.
The Duchess of Marlborough, who was Miss Consuelo Vanderbilt, of New York, has consented to act as chairman of the new Women's Municipal Party. This organization, in future municipal elections, will ignore party lines to such an extent that the American duchess may appear as the backer of a socialist candidate.

The new party will only concern itself with questions which affect women, and any candidate meeting their approval will receive support regardless of the ticket on which he may be running. The new party will get down to work at once, and the duchess will preside at a meeting which will decide which candidates to support at the pending London county council election at Mile End. No boycott will be placed on men candidates, but the party has indicated that it will seek to have two or more women on the ticket in every division.

The council of the new party, which will meet at Sunderland House, the residence of the duchess of Marlborough, in October, represents all classes and includes working class members.

A TEXAS WONDER.

The Texas Wonder cures kidney and bladder troubles, dissolves gravel, cures diabetes, weak and lame backs, rheumatism and all irregularities of the kidneys and bladder in both men and women. Regulates bladder troubles in children. If not sold by your druggist, will be sent by mail on receipt of \$1.00. One small bottle is two months' treatment and seldom fails to perfect a cure. Send for Texas Testimonials. Dr. E. W. Hall, 2926 Olive St., St. Louis, Mo. Sold by all druggists.

No, He Isn't A Fish, But Brown Can Do Stunts In The Water That Would Make Most Fish Jealous

AL BROWN

New York, Aug. 15.—In this season of water sports the feats of endurance by Al Brown, one of the best professional swimmers in the country, are interesting. Brown recently tried to swim from the Battery to Sandy Hook and was in the water eight hours. He had to crawl into the boat that accompanied him when within two miles of his goal because of oil and driftwood on the water. Later he swam from Coney Island up through the Narrows

HALL COUNTY MAN INDICTED FOR MURDER OF HIS WIFE.

(Hall County Herald)

The last Donley county grand jury found a true bill against B. H. Wall, late of Hedley, for the murder of his wife at that place last November. Sheriff Patman of Donley county went to Anadarko week before last and took charge of Mr. Wall and brought him back to Clarendon for examining trial. After hearing the evidence in the examining trial, Judge Browning placed the bond of the accused at \$2,000 which he readily gave. It will be remembered that Mrs. Wall was killed by the discharge of a shot gun, accidental or otherwise, which she handed to her husband through a plank fence. Mr. Wall had called to her to bring him the gun so that he could shoot a hawk. The grand jury which convened to investigate the affair failed to indict, but it is rumored that new evidence has been placed before them and the arrest is the result. Wall was married last May to a widow who was living on his place at the time of the killing. The present Mrs. Wall says that she is sure he will come clear and that the whole trouble is being stirred up by Mr. Wall's children, who objected to their marriage. Wall is a Baptist preacher and has been conducting the Windsor Hotel at Anadarko, Okla., since he moved to that state. He got wind of the fact that Sheriff Patman was after him and left Anadarko and went to the home of his son, Jack Wall at Cyril, at which place the sheriff found him. His trial will come up at the next regular term of district court in Donley county.

Record Inheritance Tax.

Los Angeles, Cal., Aug. 16.—Final details were arranged today for the payment to the state of the largest inheritance tax in its history. The levy amounts to nearly half a million dollars, the estate concerned being that of the late Mme. Arcadia de Baker. It is valued at \$4,500,000 and includes holdings intimately associated with the romantic days of the Spanish occupation of California.

Optional Application

You will reserve for me _____ shares of stock in Riverside Oil Co. of Handlett. I reserve the right to accept or reject this stock on receipt of notice that you have found oil in paying quantities. If I conclude to take this stock after you have struck oil in paying quantities, I agree to notify you of my intentions within three days after you have notified me by sworn affidavit that you have struck oil in paying quantities. If I so desire I will pay one-fourth on demand, balance in 30, 60, 90 days from date oil is found. If I pay for this stock at \$10 per share I am to get a warranty deed to a lot 20x30 feet with each share; said lot to be out of 100 acres surrounding the deep well now drilling for oil on Sec. 5, B. E. H. & C. R. E. Survey, Clay County, Texas.

If we strike a gusher you can pay for it if you want to, or you can let it alone. We are drilling two wells for oil. If they are "dry" we will not expect a cent. Try dealing with honest people and see if we do not do all we promise.
