UNIONS MARCH IN ANNUAL PARADE

NUMBER OF MEN IN LINE LARGER THAN IN PREVIOUS PROCESSIONS

FLOATS AND MOTOR CARS

Members of Unions Spending Day at Lake With Dancing and Other Diversions

Several hundred union men were in line for the Labor Day parade here this morning and although a number of the locals were not represented the number of men in the line of march was probably as large as on any previous Labor Day in the city. This can be accounted for because the bricklayers and carpenters and other workers turned out in such large numbers. In the line of march there were 128 carpenters, thirty-five barbers and thirty-six bricklayers.

The line formed at the court house and moved on Seventh street to Ohio avenue, south on Indiana avenue to Tenth street where the Ohio arsenal and back to Seventh street and back to the court house. No address was delivered this morning.

Headed by Grand Marshal, the parade was headed by Grand Marshal Duffy of the Bricklayers' union who was escorted by Sheriff Randolph and Acting Chief of Police Henry Allen, all mounted on prancing steeds. Following them came the band which also represented the Musicians' union.

Behind the band Mayor Pro Tem John Bradley and Acting Fire Chief McChesney rode in an automobile, following the hook and ladder wagon and the auto fire engine on which rode members of the fire department.

The bricklayers with thirty-six men in line headed the ranks of the marching union men. Behind them came the barbers with thirty-five men, following the barbers was a float drawn by six mules on which was erected poles and lines of wires with dynamos and other electrical machinery at the base, and on which rode members of the Electrical Workers union, a number of whom also marched behind the float.

The Paperhangers and Painters in their white working garments were next and behind them came the Carpenters. The Carpenters were punctuated by their local and city unions. The Broommakers who followed them each carried a broom. The Plumbers who did not reach the court house before the parade started joined the line of march up town in automobiles as also did the Bartenders.

Stores Have Floats. Following the marchers came a number of floats from some of the stores. The first of these was one in the form of a huge duck built over an automobile and entered by C. J. Barnard & Company. The driver of the automobile was hidden within the fowl and on its back rode a party of little girls dressed in white. One of these had ribbons fastened onto the bill of the duck with which it appeared that she guided it.

The next float was that of Brin & Dolman's. It was a delivery wagon piled high with mattresses manufactured in this firm's factory here and was surmounted by a large silk flag, and other flags fluttered from the sides of the pile of mattresses.

The Texas Furniture Company was represented by two wagons loaded with kitchen cabinets and other furniture and the North Texas Furniture Company also had a load of kitchen cabinets in the parade.

Two automobile loads of P. H. Pennington's clerks accompanied by Mr. and Mrs. Pennington rode in the parade. The Eagle Messenger Service was represented by a number of boys on wheels carrying packages. Phone 978. Messenger Service was also represented by a wagon loaded with packages of various descriptions intended to show the scope of the delivery service. The rear of the line was brought up by a number of automobiles.

Many Go To Lake. After the parade a number of the marchers went to the court house yard where photographs were taken of the marchers in their regalia. Later many of them took the cars for Lake Wichita where picnic dinners were spread and where a dance will continue throughout the afternoon and evening.

This evening the Moose will give a parade which will be followed by a dance in their hall on the square. The banks and many stores and business houses are closed in celebration of Labor's holiday and there was a general suspension of business throughout the day.

SEVENTY ONE PER CENT OF FIRES PREVENTABLE

Figures are Issued by State Fire Marshal Showing Causes for the Past Year

Austin, Texas, Sept. 1.—Thirteen thousand fires occurred in Texas between December 10, last year, and September 1, this year, according to a report just issued by State Fire Marshal Wallace English. Of preventable fires the greatest number, 2,282, or 16.7 per cent, occurred as a result of defective flues. Under the head of preventable fires the record follows: Flues, 2,282; exposures, 4,120; flagration, 185; stoves and heaters, 1,304; kerosene lamps, 561; curtains and gas, 47; electric wires, 466; ashes, candles, carelessness, 551; parlor matches, 528; gasoline and volatiles, 471; kerosene stoves, 245; fireworks, 55; burning grass and rubbish, 155; spontaneous combustion, 100; cigars and cigarettes, 157; electrical appliances, 115; incubators and brooders, 4. These causes constituted a percentage of 71.5 and a total of 9,780 fires.

Of the unpreventable fires 679 were caused by sparks on roofs, 494 were caused by lightning and 329 were incendiary. To unknown causes 2,385 fires are ascribed.

The foregoing record deals with dwellings, apartment houses, boarding houses and private outhouses.

Dealing with mercantile establishments, special hazards and other classes, there were 5,481 fires or 33.6 per cent, all of the preventable class and traceable to exposures, conflagrations and cigars and cigarettes.

In this same classification there were 883 incendiary fires. Lightning caused 260, sparks on roof 2,091, machinery, 184, boilers 61. There were 812 cotton fires and 719 cotton gin fires.

Taking the proportion of preventable fires from unknown causes to be the same as for known causes, the ratio of preventable fires in this class is 71 per cent.

In dwellings occupied by owners there were 7,577 fires, while in dwellings occupied by tenants there were 4,887. These were of frame construction. The percentage of fires in brick dwellings was small in comparison.

In mercantile buildings of brick construction there were 3,547 fires, while the number in frames was 2,123.

By Associated Press. Sherbrooke, Que., Sept. 1.—Crowd streaming into Sherbrooke today for fair week, all determined to get a glimpse of Harry K. NEW YORK FAKED BY FALSE REPORT REPORTED HE WAS KILLED

"EXTRA" ON THAW CASE IS SOLD TO THOUSANDS IN METROPOLIS

Papers Printed in Philadelphia—Thousands are Sold Before the Hoax is Discovered

By Associated Press. New York, Sept. 1.—Thousands of New Yorkers last night were victims of a fake sensation when they went down in their pockets for a nickel to buy a "newspaper" across whose front page in letters three inches high they read "Harry Thaw Shot—Trying to Escape." The papers sold like wildfire.

Those who bought read below the report that Thaw was "killed" and one or more men with him in his dash for liberty also were "killed" or "injured," qualified however, by the statement the report was unconfirmed. On close inspection the fake became apparent as the issue was "Volume 1, No. 1" of the "Sunday Telegram" printed in Philadelphia where no regularly established paper of that name is known.

The police suppressed the paper. It is estimated that over 100,000 fake papers had been sold in cities between Philadelphia and New York and in this city with a profit of about \$2000 to the perpetrators of the enterprise.

The story was wholly unfounded.

LARGE FORTUNES TAXED HEAVIER

DEMOCRATS PLAN INCREASE WHERE INCOME IS MORE THAN \$250,000 A YEAR

WOULD PUT 6 PER CENT TAX ON INCOME OF MORE THAN MILLION DOLLARS ANNUALLY

By Associated Press. Washington, Sept. 1.—An increase of the income tax on large fortunes only when the incomes run above \$250,000 a year, is the basis of a compromise democratic members of the Senate finance committee will recommend to the caucus tomorrow night. The insurgent democrats today indicated they would not accept the arrangement without a fight.

The new taxes now proposed in addition to the normal tax above the \$2000 minimum are: four per cent additional on \$250,000 to \$500,000; five per cent on \$500,000 to \$1,000,000, and six per cent above \$1,000,000.

It is estimated there are 550 persons in this country with incomes between \$250,000 and \$500,000, 350 persons with incomes between \$500,000 and \$1,000,000 and more than a hundred with incomes above \$1,000,000.

AMERICANS' PROPERTY IN MEXICO NEW PROBLEM

Sugar Company Wants to Know What to Do With Plant if Forced to Leave

By Associated Press. Washington, Sept. 1.—Senator Bacon, chairman of the foreign relations committee, today declared the Mexican situation seemed to be marking time. No word of importance, he said, had been received from Mexico City, and nothing has come from Mr. Lind who remains at Vera Cruz. His plans are not known.

Chairman Flood of the House foreign affairs committee today submitted to Secretary Bryan letters from a large sugar company in Vera Cruz asking to whom its property should be entrusted if President Wilson's advice to Americans to get out of Mexico were followed.

The letter said the company's plant was valued at \$1,500,000, it had a growing crop worth \$500,000 and it was in charge left Mexico; it would be at the mercy of bandits.

MANY INJURED IN DUBLIN RIOTING

NEARLY FOUR HUNDRED HURT IN CLASHES WITH POLICE SUNDAY

INFLUENCE ON POLITICS

Both Unionists and Liberals are Trying to Make Capital Out of Affair

By Associated Press. London, Sept. 1.—Both the Union and Liberal parties in England are trying to make political capital out of riots yesterday in Dublin. Latest reports say that 320 civilians and forty-five policemen were seriously hurt. One civilian has succumbed to his injuries.

Frederick Booth, Liberal member of Parliament, who witnessed the rioting, accused the Dublin police of brutality. The correspondent of the Manchester Guardian makes similar charges and declares that many of the police apparently were inflamed with liquor.

Crowd Charged By Police. The strike committee, in the interest of peace, had receded, early in the morning, the call for a mass meeting in O'Connell street and had substituted a parade from Beresford Place to Crofton Park at Fairview, a suburb on the north side of the city. The authorities meanwhile had prohibited the mass meeting.

Crofton Park belongs to the Transport Workers' Union and a meeting was held here without disorder. But on the return march attempts of the police by baton charges to disperse the constantly growing crowds led to rioting.

The mob was further incensed by the arrest of one of the strike leaders, James Larkin, against whom a warrant had been out for twenty-four hours. Larkin was on the balcony of a hotel in Sackville street. He was wearing a disguise for the purpose of eluding arrest, but an enthusiastic admirer raised the cry, "There's a Larkin!" The police immediately pounced on him and violent scenes ensued.

The rioting became general in various parts of the city. The police charged repeatedly with their sticks and this led to pitched battles. Stones, brickbats and bottles were hurled by the infuriated rioters, and the streets were soon covered with protrate forms.

Larkin's Arrest Causes Anger. Larkin is secretary of the Transport Workers' Union, which he practically created, and has been the organizer of many strikes. He was liberated on bail on an understanding that he cease agitation. Friday, however, he publicly burned the proclamation prohibiting the strike meeting, whereupon a warrant was issued for him.

His arrest aroused popular anger against the police, who are accused of having used the batons against men, women and children without discrimination. Numbers of women and children were injured in the wild rush, many innocent people returning from church being carried down in the riot.

REV. J. P. BOONE ENDS PASTORATE

PREACHES FINAL SERMONS SUNDAY—LEAVES TODAY FOR ROCHESTER, N. Y.

FOUR YEARS IN THIS CITY

Membership of Church More Than Doubled During His Pastorate—Will Resume Studies

After four years as pastor of the First Baptist Church of this city, Rev. Joseph P. Boone, president of the Synod, will leave for Rochester, N. Y., to enter a theological seminary for a year's study. He will stop at Waco, where Mrs. Boone will join him, and will sail on the "Protos" from New Orleans on September 6.

Unusually large congregations, despite the hot weather, assembled yesterday morning and last evening to hear their pastor for the last time. The selection of a successor to Rev. Boone is in the hands of a committee, which will probably have an announcement within a short time.

During the four years of his pastorate, Mr. Boone has increased the membership of the church from three hundred to more than seven hundred. He has reorganized many departments in the church, enlisted all of the church activities and in many ways has endeared himself to his congregation. Much of the work which he undertook recently is unfinished, this including the erection of a mission in the factory district and the construction of an addition to the church.

This was Mr. Boone's third church, he coming here in October, 1909 from the Kentucky Avenue Baptist Church in Fort Worth. Previously, he was in charge of a church at Weatherford.

"I expect to enter the senior class in the seminary at Rochester," said Mr. Boone, "and when I complete my studies there, I am coming back to Texas." Mr. Boone requested the Times to convey his thanks to the people of Wichita Falls for the kindnesses extended him. His final sermon last night dealt with the Divine will as expressed in human life, and it was considered by many to be one of the most eloquent efforts of Mr. Boone's career here. At its conclusion there were three additions to the church. The singing of "God Be With You 'Till We Meet Again" was an impressive finale to the service.

A number of the members of the church gathered at the Union Station this afternoon to bid the pastor goodbye.

Manchester, Eng., Sept. 1.—An emphatic demand for general minimum wage legislation was expected to be made by the British Trade Union Congress which met in annual session here today. In order to correct some of the inequalities that have developed in the application of that measure since it went into effect one year ago. The shop assistants (retailers) union is urging the shop act be amended forthwith so as to reduce the hours of employment per week to sixty and the Textile Workers have asked the Parliamentary committee of the congress to prepare a bill reducing the working week in that industry to forty-eight hours.

They reached here about two hours apart, but both met the same fate. Sheriff Koff and his deputies spoiling both marriages. Asa Bishop appeared at the court house Monday morning and asked for license to marry Miss Nettie Allen. He informed Judge Lokenbill that he was 21 years old and his prospective bride 18, but Judge Lokenbill is extremely cautious in such matters, fancying that he can tell a girl's age better by looking at her than by taking her sweetheart's word for it, and informed Bishop that he would have to see Miss Allen before he issued the license. Bishop left for the purpose of bringing the girl back with him.

Monday night Asa Bishop and Miss Allen went to a country church, as did also Tobe Bishop, Asa's older brother, and Miss Hattie Kinchloe. The Bishop brothers appear to be persona non grata at the Kinchloe and Allen households—at least, they are not included in the list of desirable sons-in-law. The four made it up to drive to Frederick and be married.

They had not been long on the road until someone notified S. H. Allen, father of Hattie Allen, that his daughter was running away with Asa Bishop, and securing an automobile, he gave chase. Mr. Kinchloe was not at home, and therefore, did not get into the game.

Allen took the precaution to notify Sheriff Key at Vernon, Texas, and to have the sheriffs at all the county seats to which Asa Bishop and his daughter might go requested to arrest and hold them, offering \$200 reward for their arrest and detention. Sheriff Key also advised Sheriff Koff to be on the lookout for Tobe Bishop and Hattie Kinchloe. Asa Bishop and Nettie Allen were the first to arrive at the Frederick court house, early Tuesday morning. They had driven all night, with the girl's father in close pursuit. They did not secure a marriage license, but were taken in custody by the sheriff, and within about ten minutes after their arrival the pursuing father's car came whirling up to the court house and Mr. Allen firmly strode up the stairs, to find his daughter awaiting him. Mr. Allen was much incensed by the effort which Asa Bishop had made to marry his daughter against his will, but made no effort to take any action further than to take his daughter home. Miss Allen looked but two months of being 18 years of age, but those two months sufficed to cause her to be sent back home in her father's custody.

Two hours later Tobe Bishop and Hattie Kinchloe drove into the city, found the court house and began to make inquiries for the county judge. Before they met that dignitary, however, they made the acquaintance of the sheriff, and Miss Kinchloe was informed that she would have to wait away the hours in the care of that official until the sheriff of Wilbarger county should come after her. Miss Kinchloe is 17 years and eight months old. Asa Bishop is 21 and Tobe Bishop is 24.

Sheriff Key arrived Tuesday and took charge of Miss Kinchloe, taking her back to Vernon.

LIFE PENALTY ASSESSED IN CASE OF FRANK NASH

Second Trial for Oklahoma Killing Results in Conviction—Wichitans Under Indictment

A jury at Hobart, Okla., Saturday returned a verdict of guilty against Frank Nash tried for the murder of Humpie Wain. Nash was assessed his penalty at life imprisonment. Wainman was brought here after being shot and after lingering for a time died in a local sanitarium. Two Wichitans are under indictment for perjury in connection with this case. The first jury that tried Nash was unable to agree. Nash lived at Lawton.

The motive for the commission of the crime was given that Wainman had at one time "peached" on Nash and another companion in a robbery in which the three participated. For that they "got" him.

3,000 Ohio Corporations "Executed" Today.
Columbus, O., Sept. 1.—The existence of 3,000 Ohio corporations ended today when the state tax commission made the biggest slaughter in its history and struck them from the records of the state. The official killing was done on the order of the attorney general's department through failure of the corporations to pay Willis law taxes of a percentage on the capital stock. After today the books of Ohio will contain the names only of those corporations which are in good standing with the state. The task of killing these corporations began two years ago at which time there were 8,000 companies carried on the lists as delinquent.

PICNIC PARTY AT LAKE WICHITA LAST FRIDAY.

The Misses Kate, Jodie and Emma Haynes—Mrs. J. J. Purson, Mrs. Fowler, Miss Fanny Fowler and Mr. Brewster spent the day at the lake last Friday. Going out on the early morning car they arrived at the lake in time for breakfast. The time until noon was pleasantly whiled away in fancy work and conversation and at 12 o'clock a fine picnic lunch was spread and full justice done to it. The afternoon passed quickly away as supper was spread and the enjoyable day was over all too soon.

ENJOY FISHING PARTY AT TYSON'S LAKE FRIDAY.

Mr. and Mrs. N. W. Self and family and a few others enjoyed an unusual fishing expedition and picnic last Friday evening. Leaving town about dusk they drove to Tyson's Lake where they pitched camp and fished. They reported unusual angling luck as they caught fish enough for supper, breakfast the next morning and brought an abundance home and the minister in the party vouched for their "fish" story. Those who enjoyed this all night picnic were Mr. and Mrs. N. W. Self and daughter, Misses Ruby Self and Marion Crabtree and Dr. McKee.

Mrs. W. L. Robertson and little daughter, Virginia, left Battle Creek, Michigan, Saturday and will arrive here today. While in the North they visited Niagara Falls and other points of interest.

Mrs. Leon Loeb is expected home today from a trip to points of interest in the North and East.

Misses Vera McKinley and Winnie Allen of Henrietta, who have been visiting in Burk Burnett the past week stopped over today for a short stay with Miss Mary Tille.

Mrs. Kelly and her son and daughter, Malcolm and Miss Louise, left last week after an extended visit with relatives in this city.

Miss Helen Ritchie will return some time this week from Kansas City, to resume her work in the College of Music and Art. Her mother and John McKee will return with her.

Miss Berniece Sparkman will return today to Alvord, after a short visit with Miss Mills, 805 Thirteenth.

Mr. and Mrs. J. C. Hunt, Mrs. Smith and little Miss Marietta Hunt left last week for Colorado. They will make the trip to Mr. Hunt's new Cadillac and intend to be gone several weeks.

Mrs. Theo Lawson left Friday for a visit to Wolfe City.

Miss Jodie Haynes left this morning for Iowa Park.

Mr. and Mrs. T. B. Cook and children have returned from a six weeks' vacation spent in Nebraska.

United Labor League Celebrates. Pittsburg, Pa., Sept. 1.—Prominent labor leaders and delegations from all over Pennsylvania today attended the fifteenth annual celebration of the United Labor League which is being held at West View Park, Enoch Run, who as city councilman secured passage of the bill extending to employees of the city the principle of just compensation for injuries received in the performance of duty, spoke on "What Civilization Has Done for Labor."

SAVES DAUGHTER

Advice of Mother no Doubt Prevents Daughter's Untimely End.

Ready, Ky.—"I was not able to do anything for nearly six months," writes Mrs. Laura Bratcher, of this place, "as I was down in bed for three months. I cannot tell you how I suffered with my head, and with nervousness and womanly troubles.

Our family doctor told my husband could not do me any good, and he had to give it up. We tried another doctor but he did not help me.

At last, my mother advised me to take Cardui, the woman's tonic, I thought it was no use for I was nearly dead and nothing seemed to do me any good. But I took eleven bottles, and now I am able to do all of my work and my own washing.

I think Cardui is the best medicine in the world. My weight has increased, and I look the picture of health."

If you suffer from any of the ailments peculiar to women, get a bottle of Cardui today. Delay is dangerous. We know it will help you, for it has helped so many thousands of other weak women in the past 50 years.

At all druggists.

CONVENTION OF ZIONISTS IN SESSION AT VIENNA

"On to Palestine" is Keynote of Meeting—500 Delegates From Twenty-Five Countries Attend

Vienna, Sept. 1.—"On to Palestine" was the keynote of the world's Zionist Congress which convened here today. Professor Warburg, of the University of Berlin, presided. About 500 delegates representing twenty-five countries are in attendance. The United States and Canada are represented by more than fifty delegates.

It was expected that the old fight between the two factions in the Zionist movement—the practical and the political Zionists—would break out again upon the adoption of the report of the actions committee, as the executive committee is known. The dream of the practicals, who are in control of the Congress, is the colonization of Palestine by the Jews as a nucleus for the ultimate formation and organization of an autonomous Jewish state. The politicals believe they are thus carrying out the promise and prophecy of Holy Writ. The politicals, on the other hand, headed by Dr. Max Nordau of Paris, oppose this idea as visionary and fantastic and stand rather for the unified and concerted action on the part of Zionists to secure safeguards and equal privileges and opportunities for the Jews in countries where they are still more or less oppressed.

The report of the actions committee on the Palestine movement, together with the fact that the majority of the delegates are from Russia and Roumania, who see little hope of anything being achieved in those countries by the politicals, it was believed will further strengthen the hold of the practicals on the Congress.

The Jewish Colonial Trust Company, the financial instrument of the Zionist movement, with headquarters in London, has a capital of \$10,000,000, of which \$1,350,000 has been paid in. There are 110,000 shareholders all over the world. A second financial organization is the Jewish National fund, started nine years ago to collect money for the purchase of land in Palestine. Up to the present \$250,000—mostly in small sums from pennies to dimes, has been collected. It is hoped that a new record will be established this year by the collection of \$250,000 for this fund. America last year subscribed \$10,000 in cash.

Aside from these two funds and a number of smaller organizations working toward the same goal, there

How To Get The Best Tea And Coffee For Your Money.

PHONES 432 AND 232 AUTO DELIVERY

I am satisfied that a great many people in Wichita Falls are not getting what they might get in the way of value and satisfaction from their tea and coffee purchases, not that the brands they are using are not good but the fact that those particular brands may not be the best suited to their tastes. What one person thinks is a splendid tea and a perfect coffee another person dislikes very much. The problem is to get the tea and coffee flavor best suited to your taste.

I have helped a number of families to do this and know I can help you too. In my coffee and tea department I have several of the best brands in both coffee and tea that are produced including price. They are always fresh and selected for cup quality. If you will come in and talk with me about the coffee and tea question I know I can help you find the best for your money. The best in strength, flavor and the kind best suited to your family.

Cotton is the money crop of the South and always will be. By the construction of a dam across the Wichita river more than a hundred thousand acres of as fertile land as there is in Texas, lying in Wichita and Clay counties can be placed under irrigation and produce a hundred thousand bales of cotton each year. As now, in years when the seasons are favorable, not more than half that amount can be produced from the same lands, and in years like this the yield is much less. It is a proposition for land owners to consider and act upon.

The Home and Progress number of the Tulsa Daily World has come to our exchange table. This number contains 168 pages and is one of the most complete and attractive special editions we have ever seen. One section of twelve pages is given over to photographs of Tulsa men and scenes and illustrations are scattered in profusion throughout the entire edition. Special attention is given to the oil industry and the mineral resources of Oklahoma with a review of the discovery and growth of the petroleum

industry in Oklahoma that will make it a publication to be treasured. As a whole the number is one that reflects credit on even as live a town as Tulsa and as live a paper as the World.

"We shall triumph as Mexico's friend sooner than we could as her enemy," is the way President Wilson puts it. That's the way most of us have been thinking, but it may require something more than the sort of kind words to convince Huerta that the United States of America, really means what she says when she tells the warring factions that the fighting must stop. President Wilson seemingly has done all in his power to avoid sending American troops across the border to protect Americans and their interests, and he makes it clearly and distinctly understood that if it is necessary to use force to persuade the Mexicans to respect the demands of this country, he will then take that course. That time has about arrived, and in the next few days things at Washington may take a very different turn.

HENRIETTA IS TO HAVE A NEW GAS LINE

The following from the Henrietta Review reads just like some one in or about Wichita Falls is, or at least, has been conspiring to block the way or in some way prevent or delay Henrietta from getting a car load of gas pipe with which to lay a line from the gas field at Petrolia to that place, and whoever the party is should be prosecuted to the limit of the law. Henrietta needs that new gas company, and when she gets it here's hoping she will get along with it some cheap gas and factories—a sufficient amount to keep Col. Edwards and the Review from laying all the bad luck that might be visited upon that city to the home in this city, rather than in some place where the people seem in hurry and are not bursting any blood vessels in their efforts to do things that count in the way of city building.

"The pipe for Henrietta's new gas line was discovered Tuesday in the railroad yards at Wichita Falls, where it had been quietly or otherwise sidetracked. On its non-arrival Monday, Mr. Slade on Tuesday took up the matter with Denver road headquarters,

BELLE OF WICHITA THE HOME-MADE FLOUR THERE IS NONE BETTER

In whose care it had been consigned, he at first got little satisfaction, but on making the very natural suggestion to the company official, that party got busy and found it shortly. The shipment is believed to have been at the Falls several days. Just as soon as certain little nagging delays and hindrances, placed in the way by the dominant corporation through its local satellites, can be overcome, Mr. Slade has the men and teams ready for the pipe laying, and can reach Henrietta with it from his gas wells in 16 to 15 days. And Henrietta can be in position to tell the world that she has the factory price fuel and to invite factories. Moreover, with the outlook of the coming year ahead of us, the good Creator knows that Henrietta is at the place of Have To. Those who now stand in the way of this very necessary consummation should be now and henceforth anathema in this locality.

Everything possible is being done to harass and delay, with the evident intent to wear out Mr. Slade and to send elsewhere a big factory that is in sight for our town. A sample of the dirty contemptible stuff is that Mr. S., with a car of the pipe at Petrolia, found the Wichita Valley Jerkwater's agent there either too stupid or too bound to some occult pre-engagement to treat him in the commonly respectable way. After payment of the freight Mr. Slade was curtly informed that he couldn't unload in the yards because a company had the ground leased up to the tracks; also that remurrage would be charged.

Another sweet little action is that the North Texas adjunct of the Star refuse to allow the new line to cross its own, necessitating a little more delay—the beautiful, altogether golden delay upon which Henrietta's enemies are building present hopes of Henrietta's humiliation and ruin. And the name of the like little things in legion.

Now brethren and sisters, we have come to the place where there should be no man or woman among the careless and unconcerned in these premises, but a good-will coming to the front; to the time and place where the chronic knocker should be effectually knocked; to the exact and last-chance period when Henrietta conspir-

ators against Henrietta should be plainly labeled and set aside for ornamental purposes only. It is time for the old gal to get raw with an unequivocal rawness that nobody shall misunderstand. This present situation holds for us a new earth with quickened conditions in growth, trade and property valuations—or on the other hand the opposite of these. Let us try this time to come out and be no longer the poor old Henrietta we have been. Suppose we come alive and get with this proposition and say it shall be.

STATE EDUCATIONAL INSTITUTIONS TO SUFFER BY GOVERNOR'S VETO

This from the Houston Post, a staunch supporter of Gov. O. B. Colquitt in both his campaigns for the governorship, indicates that every governor does is not meeting its approval.

"We do not believe the Agricultural and Mechanical college will have to close because of the disapproval of the item for fuel necessary to operate the power plant. "No doubt Governor Colquitt will grant deficiencies for such expenses as are absolutely necessary, but even if he should decline to do so we feel sure the public-spirited citizens of the state would donate the fuel rather than see the institution close.

"The most unfortunate feature of the situation is that the whole institution must operate within restricted lines when there is an urgent demand for expanded powers and capacity. "And what is true of the Agricultural and Mechanical college is true of all institutions that suffered by reason of the governor's vetoes.

At best the deficiency policy is unsatisfactory and should be resorted to only in case of dire necessity. It became so great an evil in Washington that congress enacted the strictest statute against it. "The indiscriminate granting of deficiencies has a tendency to upset the whole system of appropriating money for public purposes. "It is a legislative function to expend the public money. Keep Your Eyes on Southland Addition

Contract for 200,000 square feet of cement sidewalks was let last week. Work is progressing rapidly on sewerage system and new street car line. Water mains to guarantee a plentiful water supply for the addition will be laid shortly. SOUTHLAND ADDITION will be the most complete residence addition ever placed on the market in West Texas. Buyers will be protected by restrictions preventing the building of unsightly shacks through the placing of a minimum building restriction on the property when deeded. These restrictions will not, however, retard the building of modest homes. Lot owners will be protected against the building of outhouses alongside front of lots by preventing lots being cut cross-wise and backing up against other lots. Lots will be sold for residence purposes only. SOUTHLAND ADDITION WILL NOT be placed on the market until all improvements are completed. It will be a full grown addition that will sell rapidly and build rapidly. Its location is far enough away from the noise and dirt of the business district to be very desirable for homes and close enough in to give quick direct car service down town to enable the busy man to lose but little time. WAIT FOR SOUTHLAND ADDITION. OPENING SALE WILL TAKE PLACE IN ABOUT 30 DAYS.

A LABOR DAY PRAYER

By W. G. Long

All-wise and Heavenly Father; we thank Thee for a perfect day of peace and harmony, after another year of contented labor.

We realize that we are all laborers in Thy vineyard, and thank Thee for being a just and liberal Master.

We thank Thee, for this day of rest, for our day in the year to mingle with our fellow craftsmen, that we may talk together of Thy manifold blessings.

Our lines, O Lord, have been cast in pleasant places, and our compensations worthy of our efforts.

Thou art the great designer of the universe, the architect and builder of the house of clay that contains our immortal soul. May our lips be undefiled, our hearts pure, and our garments be pure and unspotted as the driven snow.

Bless, we beseech Thee, the administrators of the affairs of this and other nations. The Governors of the States and our municipal government. Keep pure our flag and unspotted from the crimes of war, for thou knowest, O Lord, where the burden of war rests, and during the past years our burdens have been great.

May we live, O Lord, in harmony and peace, industrial peace, that our homes may be brightened at the entrance of labor from a days work well done. Thou art our only master, all others our brothers.

Thou art the great Master craftsman, Thou seeest our inner lives, Thou knowest our motives. We pray that our thoughts, and our behavior be in harmony with Thy just and wise laws.

And when our work here is done, and the great superintendent looks over the work, when the square is applied, and the level set, that there will be a great shout of joy in heaven in the skilled and true work, and in the book of life everlasting will be written our names, and Thy name will have the praises Amen.

Suffragettes On Campaign in Iowa. Des Moines, Iowa, Sept. 1.—Following up their victory in the last legislature when a vote for women resolution amending the state constitution was adopted, the suffragettes of Iowa today started a state wide campaign when they left the home of Governor George W. Clark at Adel for a tour of the commonwealth. Every town and city of importance will be visited. Today's move was the start of the fight to have the next legislature vote favorable when the bill comes up for a second ballot which will submit the matter to the people.

Good Intentions!

Do you remember what you told yourself, your wife, loved ones and friends about beautifying and marking the lonely mound out on the hill? Good men and true all over this part of the country, have said time and time again, they were going to mark the sacred plots in the cemetery "tomorrow, next month, next year. But visit those graves, and you will find them unremembered, unmarked. In many instances, there is a rotten board, which the dust of time has all but destroyed. Every cemetery has its unmarked, unremembered dead, thus hindering those who have the work at heart and desire to make the place beautiful and attractive. Why pave your way with good intentions and as the shadows of night gather round you forget them? Count your marked graves, and you KNOW your best citizens in any community. Come to our plant and do your part in this great work.
