

BECOMING FROCKS FOR COLLEGE GIRL

New York, Sept. 13.—Vacation days are no longer and everyone is returning to town, to shop, bank, home or school, as the case may be, and real life is beginning with real responsibility. Not a little of this is occasioned by the anxiety attendant on getting her girl equipped for college.

The first costume to be considered is the practical frock for daily street or school wear. This will vary with the climate. Fabrics adapted to wear in Alaska or northern Canada are not always what a girl living in southern Florida would require.

A frock which serves for afternoon and evenings will also be essential. This should be of soft, clinging fabric, preferably crepe de Chine or soft silk and of pink, light or gobelin blue shade.

Another charming costume suitable for all smart afternoon occasions may be seen in the second figure. It has the stylish new vest feature developed in santon brown poplin of soft, pliant quality like that used for the attractively draped skirt.

But have you noted the attractive hooded cape and negligee? These, too, must be provided; also bathrobe and slippers, together with sufficient sweetness in the lingerie chest.

Philadelphia 2, St. Louis 0. St. Louis, Sept. 13.—Philadelphia closed its season with St. Louis this afternoon by winning a ten inning pitchers battle two to nothing.

BASEBALL RESULTS

AMERICAN LEAGUE

Cleveland 3, Philadelphia 1. Philadelphia, Sept. 13.—Cleveland got off its losing streak today, defeating Philadelphia, three to one, by bunching hits in the fourth inning.

Chicago 6, Washington 4. Washington, Sept. 13.—The Chicago White Sox took the first of a three game series here today, six to four, stopping the local's winning streak.

New York 4, Detroit 3. New York, Sept. 13.—Chance's New Yorkers won today from Detroit, four to three. The superstitious picked the locals to win today as they have captured every game on the thirteenth of a month this year, today making the fourth such victory.

Boston 3, St. Louis 2. Boston, Sept. 13.—A two-base hit by Speaker in the fifth inning drove in the run which gave Boston a three to two victory over St. Louis today.

NATIONAL LEAGUE

Boston 4-12, Cincinnati 5-0. Cincinnati, Sept. 13.—Cincinnati and Boston broke even in a double header today the locals taking the first in eleven innings, five to four and the visitors winning the second, one to nothing, in five innings.

SCHOOL STARTS MONDAY MORNING

VACATION AT AN END AND THE SCHOOL ROOM AWAITS BUOYANT SPIRITS

DISTRICTS ARE OUTLINED

New Building On Austin Grounds Not Complete But All Pupils Will Be Housed

Tomorrow morning at 9 o'clock the 1913-14 session of public schools will begin and practically everything is in readiness for another year of work. Only one of the two new buildings is ready for occupancy but the other is being rushed to completion as rapidly as possible and no congestion is anticipated. During the past week, large purchases of school books and other supplies have been made. The purchases were heavier than normal by reason of the fact that the books

adopted for the six-year period are now in use, forcing the old texts into the discard.

The new building on the Alamo school grounds is not ready for the pupils, but will be within a few weeks, it is expected. It is thought that the present accommodations will be nearly, if not quite, ample for the opening enrollment and as soon as this building is available, there will be plenty of room. The new school in the factory district is ready for the pupils. It will be known as the Sam Houston school.

School Districts Outlined. For the benefit of those unfamiliar with the school districts, the boundaries are published as follows: The high school is located on Broad, between Eleventh and Twelfth and all pupils in the high school grades will enroll there. Also all the seventh-grade pupils, except one grade, which will go to the Austin school.

The Austin school fronts on Bluff, between Thirteenth and Fourteenth, its enrollment will include all pupils in the first to sixth grades, inclusive, residing south of Ninth street and east of Grace street; it also includes one room seventh grade pupils.

The Alamo school is on Eleventh street, near Floral Heights. All pupils in the first to sixth grades, inclusive, living southwest of Grace street, are expected to enroll there. The San Jacinto school is on Fifth

street, between Burnett and Bluff streets. All pupils in the first to sixth grades, inclusive, residing east of Grace street and north of Ninth, are expected to enroll there.

The Travis school is at the corner of Adams and Third streets, east of the railroad tracks. Its enrollment will include all pupils in the first to fourth grades, inclusive, living east of the Fort Worth and Denver right of way.

The Sam Houston school is located near the factory district, west of the street car line and north of the Wichita Valley tracks. In it will be enrolled all pupils in the first to fourth grades, inclusive, residing south of Avenue H, Floral Heights and in the factory district. Pupils in this district in the fifth and sixth grades will report to the Alamo school and all higher grades to the high school.

The Washington school for negro children is in the southwestern part of the city and all negro pupils of the city will enroll there.

First Teachers' Meeting Held. The first meeting of the teachers was held yesterday morning when the work for the year was outlined and organized. An account of this meeting appears in another column.

Supt. Carpenter says that pupils of the sixth grade in the Austin school last year who were promoted to the seventh grade will report to the Austin school tomorrow.

STREET PAVING MOUNTAIN SCENERY

Wood Blocks Swell After Recent Rains Repair Men Were Kept Busy Yesterday

"Bumping the bumps" was a familiar diversion downtown yesterday morning. The recent rains had caused the wood block paving to swell to such an extent that it rose in large bumps above the level surface. The bumps, while not large enough to interfere with traffic were sufficient to be noticed. A force of men was put to work early in the day, and soon had the pavement divested of its mountain scenery.

The blocks had become so dry during the dry weeks of August and this month that they readily absorbed the two and some odd inches of rain that fell last week and the swelling resulted.

WILBARGER COUNTY FAIR WILL BE HELD OCT. 10.

(Vernon Record) Last Monday afternoon in response to a call by the directors a goodly number of the stockholders in the Wilbarger County Fair Association met in the city hall and overwhelmingly voted in favor of holding a county fair this fall, and, while the

amount of stock represented at Monday's meeting was insufficient to make the action binding, the directors met Tuesday afternoon in the office of W. M. McCaleb in the Lutz building and made plans and arrangements for holding a fair along the lines suggested in the Record last week, on Friday and Saturday, October 10th and 11th.

MOTOR CAR SERVICE OVER THE FRISCO INTO QUANAH. (Quanah Observer) The St. Louis and San Francisco last Thursday inaugurated motor car service on their line out of Vernon, using the motor and trailer as a substitute for the local train which operated between Vernon and Clinton, leaving here at 2:30 p. m. each day and arriving at 11 a. m. The change

will greatly reduce the operating expenses of the line into this city without any inconvenience to patrons. In fact, the motor car service is favored by many over the old train service. The motor is thoroughly modern, having all the conveniences of modern railway cars and in that respect is superior to the day coaches used on the Frisco line in the past.

Ready

We're ready to play the good clothes game with you for fall and winter, nineteen thirteen-fourteen, and because the live store believes in doing everything a little better each succeeding season you will find even a bigger, better, brighter variety of good things for men and young men in our new stock than we have ever offered before. A careful, conscientious study of the prevailing styles, has convinced us that we make no mistake in pinning our faith to clothes. Likewise a careful inspection on your part will convince you that here, and here alone, are garments which are both pleasing to the eye and critic-proof from a standpoint of quality and worthy workmanship. Right now we wish to extend to every man an invitation to make this store his clothing home. We want to meet you and know you personally. We want you to feel free to come here at any time.

Our main idea, as good business men, is to sell clothing. We are for friendship and acquaintances too. An ideal combination of both is just exactly what we are looking for, and because such an announcement as this would be incomplete without telling you what these good things will cost you. Here's our complete price range, and from the lowest to the highest, every dollar spent will represent just so many dollars worth of that before mentioned quality.

BAPTIST ANNUAL MEETING ENDED

MUCH INTEREST MANIFESTED IN SESSIONS HERE DURING PAST WEEK

ANOTHER MISSIONARY

Two Evangelists Will Be Kept in the Field Constantly During the Year

The Wichita County Baptist Association will have two missionaries in the field during the next twelve months. This decision was reached at the annual meeting of the association here Friday after the work of the past year and the outlook for the coming twelve months had been thoroughly discussed.

V. A. Duncan who has been a missionary of the association was elected as one of these and a special committee was named to select the other. One of the missionaries will spend most of his time in work in Wichita Falls.

The meeting came to a close here Friday night and while the attendance was cut down on account of the rains there was much interest in the sessions and Wichita county Baptists face a new year's work with a splendid organization of the forces of the church.

The reports from the field showed the organization of two new churches during the past twelve months and a substantial increase in the membership of Baptist churches throughout the county. The association closes the year with a small balance in the treasury.

The association adjourned to meet at Electra September 10 after the election of the following officers: L. H. Lawler, moderator; T. P. Mahaney, Iowa Park, clerk; G. M. Parker, Iowa Park, corresponding secretary; W. L. Robertson, secretary.

TRESPASSING ANIMAL NOT OF FIRE DEPARTMENT

J. C. Ward, fire marshal, declares that it was not a fire department horse which incurred the displeasure of the postoffice department by nibbling at the postoffice department's grass. It will be recalled that the city council was recently scolded by the government for allowing one of its horses to graze on the government lawn and it was stated at the time that it was a fire department horse.

Mr. Ward declares that if the horse belonged to the city at all, it did not belong to the fire department. The latter's animals, he said, were kept fastened securely so that it would not be necessary to go out and catch them when a fire started.

RALLY DAY MEETING OF EPWORTH LEAGUE

Service Will Be Held at M. E. Church, South, Special Program Arranged

Rally Day services of the Epworth League of the M. E. Church, South, will be held this evening at eight o'clock and a special program has been arranged for the occasion. The services will take the place of the regular evening service at the church and will also replace the regular League meeting.

These services were to have been held last Sunday evening, but were rained out. The program follows:

Opening song—Laverne Somerville. Song, "Jerusalem," Choir. Announcements—Rev. J. W. Hill. Offering.

Scripture lesson, Charles M. Crowell. Judges, Chapter VII, 14-21; Joel II, 28-29.

Vocal solo—William McDonald. History and Object of the League—A. J. Snodgrass. Duet, Misses Laura Bell and Bonnie Hardy.

"Epworth by the Sea"—Rev. J. W. Hill. Song by congregation. Benediction.

CITY TEACHERS HOLD INITIAL MEETING

Elect Officers and Select Texts For Institute Work For the New Term

The teachers for the school session which opens tomorrow held their first meeting yesterday morning at the high school. About fifty were present, including a number of new teachers. Superintendent Carpenter in a preliminary talk spoke of the prospects of the coming session, saying that every effort had been made to secure the most competent teachers possible.

"There are certain characteristics," said Professor Carpenter, "that distinguish true teachers from the other class. The real teacher regards the work as any other professional man does, looking upon it as his life's work and putting his whole soul into it. Teachers of this sort not only have a very high regard for their profession, but exert such an influence in the community in which they labor as to cause other people to have a higher conception of the importance of the teaching profession."

Organization for the year was perfected, the following officers being chosen: Supt. G. H. Carpenter, chair-

WINDOW GLASS PLANT FIRES START MONDAY

Fires will be started this week in the furnaces of the Wichita Falls Window Glass factory and early in October that plant will resume operations. The reopening of the factory has been delayed by negotiations for a new wage scale and these, it is assured, will be completed at Cleveland the latter part of this month.

It is understood that the employees of the plant here will benefit by the new scale, but this is not authentic. The present outlook is that the plant will reopen about October 12. The fires will be started this week and it will require about two weeks to heat the furnaces. Several days will be taken up in the manufacture of "cullets" as the lumps of raw glass are called, and the plant will then be ready for operations.

The Texas Bottle Manufacturing Company's plant will be in operation again probably by October 1, though no definite announcement has been made. There is little doubt, however, that both plants will be going full force by the middle of October.

SHIPMENTS AT GRANDFIELD SHOW CONDITIONS GOOD. That Grandfield still occupies her proud position in the front rank of agriculture is best evidenced by an examination of the freight records. Such examination develops the fact that during the period from July 1, 1912, to the present date the following carload shipments of Big Pasture products have been made from this point: 280 cars wheat; 197 cars corn; 60 cars cattle; 75 cars hogs; 2 cars poultry; 25 cars oats; 7,000 bales of cotton. Total freight tonnage, \$81,517,260 pounds. Ticket sales for same period, \$13,155,000.

"We Sell Them For Less"

The Newest Models

The latest fall models in G-D Justrite corsets are here and ready for your inspection. The natural figure lines will prevail in the corset fashion world this season. Your corset must reveal the beautiful curves of the natural body, hence it must be supple, flexible and gently yielding to every movement. G-D Justrite corsets are as perfect fitting as human skill and long years of experience, in corset designing, can make them. Without artificial bands, straps, or flaps or harness-like arrangements, G-D Justrite corsets gently mould the figure into graceful lines. The expert skill of the designer is shown in the manner the corset distributes flesh and brings out the natural figure curves. In selecting your corset choose the one best adapted to your type of figure; choose the one that gives your figure the ideal lines without any sacrifice of comfort, for without comfort there can be no true style. You should have a new G-D Justrite before you fit your new fall dress. We have so many models you will have no trouble in being fitted. You'll find corset comfort in wearing a G-D Justrite. It costs no more to get a G-D Justrite than it does an ordinary corset.

Fashionable Plaid Piece Goods

Never before have plaids come in more agreeable harmonies of attractive colors. One of the most pleasing weaves comes in wool, in browns and reds, navy blue and red and green and red, the fashionable colors. Plaids have the merit of being extremely nobby and at the same time affording the best possible service. For general utility street dresses they are unexcelled. Our stock is complete and our prices are as low as we can make them. Per yard 19c to 50c

Royal Mills Underwear

These garments are the Acme of Elegance. Let us call your attention, Madam, to these splendid undergarments. Dainty womanhood was never clothed in anything so fitting. Either vests and pants or the union suits—will give you the greatest satisfaction. These are soft, silky and finely finished. They fully satisfy the most fastidious. These dainty garments are exceptionally well knit of finest long fibre cotton. They are elastic lengthwise of the garments, thus meeting every curve of the body without bulge or wrinkle. The union suits are double thick across the chest.

Handsome Chambray Shirting Per Yard 10c

Checks, plaids and stripes. Absolutely fast colors. This fabric will stand hard wear and is splendid shirt material. We are selling it close.

A Wise Western Merchant

Used to say "I would rather see a woman go out of my store empty handed, but smiling, than to see her leave with a purchase in her hands, but a frown on her face." You see, that man had learned that in the long run it's satisfaction that counts, and not the immediate sale. We aim to, and hope we will, always be able to meet your wants when you come to us. But, if in any particular we cannot suit you, we'd prefer to keep our merchandise and retain your good will. Please feel free to tell us frankly whenever we fail, and to bring back any unsatisfactory purchase. Your money will be returned gladly, and with all possible dispatch.

Ready for the First Lesson

Soon the old school bell will call the romping boys and girls back to their desks and books. Then there'll be a grand scramble for Bettie's and Billy's clothes. Plan for some of their clothes now—there's more time now than later and prices are attractive. Look over our school-time clothes. We are already provided with all necessities for the youngsters. Neat, serviceable fabrics which will make up into handsome, economical clothes—lots of ready-mades, too. And all offered at prices which insure good value. Come and see.

New Showing of Dress Goods

We are pleased to say that we have opened for your inspection fashion's dictates in modish dress goods, showing the newest shades and qualities. We have Ratines, Eponges, Serges, Matelassis, Brocades, Embossed Broches, and most all standard weaves. We hope you will see them soon.

Many a Man is Judged by the Hat he Wears

Our patrons in the hat line don't need to fear the verdict. We pride ourselves on the high quality, excellence of style and superior finish of the lines we carry. Never have they been finer than they are this season. In those minute details of shape and dimensions which are so easily overlooked, although of importance to the man who wishes to be well dressed our hats excel. Never have we shown a wider range of authentic styles suited to all faces and figures. We can assure you a perfect fit in a becoming hat whether you want a soft or stiff hat. The crowns are right, the brims are correct and the finish is high grade in every detail. Both in black and the fashionable shades. We'll please the conservative as well as the swagger dresser. We'll supply you with a hat of the kind you want this season at \$3 00

The Style You Wish—in the Material You Like—at the Price You Want to Pay

That's what you'll find in our splendidly stocked ready-to-wear section with its superb showing of magnificently made garments. The smartness of our appareling is proverbial and Caesar has outdone Caesar in this display of the very garments you've been longing for. And, of course, to lend charm to the array, we've liberally spiced it with some truly wonderful values. Some the result of a number of special purchases, others resulting from our willingness to cut close on some large lots that we desire to move quickly. The assortment of colorings and cloths is particularly large—all the fetching effects of the season being strongly to the fore. If you have a need in ready-to-wear, you'll find it most desirable to at least examine the garments we've assembled. And in most cases you'll save money.

"When the Frost is on the Pumpkin and the Fodder's in the Shock"

It's time for good clothes for everybody. In fact, good clothing is needed all the time. It pays in business and improves the social standing. It's the pleasing appearance and the well dressed feeling experienced by wearers of our clothes that makes them so popular.

Mercerized Linen Per Yard 23c

This fabric is medium weight, finely woven, and suitable for lining the finest dresses. It is made of the best sea island cotton, mercerized, and is not only beautiful but very serviceable and extremely popular in the East. It comes in several shades.

Your Child's Eye Sight.

You are responsible for the eyes of your child. Watch out for frowns and squints. When he reads or looks at a picture book does he hold it too near or too far? These little things grow fast, but in many cases can be overcome if discovered in time.

We insist on your bringing the children in.

You may save them a lifetime of strain and weak sight. Defects of vision never disappear of their own accord, and in most cases grow worse. It's a duty you owe your child.

HIGH SCHOOL GRADUATES HOLD PLEASANT REUNION.

The W. F. H. S. class of '13 held a class reunion Friday night at the home of Miss Emma Childers. Not all of the class were able to be present two of the members, Misses Lucile Hug and Ruth Trueblood, having moved away. Those present however, report a most enjoyable affair. The time was spent in toasting marshmallows, playing clap in and clap out and similar old fashioned games. Refreshments of chocolate and cake were served to the crowd. The members of the class present were Misses Vera Taylor, Bernice Taylor, Geneva Kennedy, Zola Robertson, Annette Coffield, Lucy Coker, Lois Brothers, Thora Fore, Lou Ella Morgan and Karl Hammond, Preston Brown, Cecil Crowell, Leonard Smith, Eustace Hickman, hiPete Martin, Jim Barnard and Luther Robertson.

ENTERTAINS IN HONOR OF THOSE LEAVING FOR SCHOOL

Miss Audrey Addicks entertained in honor of the boys, who leave soon for school Friday evening. The honorees were Jim Barnard, James Martin Williams, Alfred Carrigan, Luther Robertson, Markham Ferguson, Austin Self, Jim Jennings, Joe Kell and Robert Avis. During the course of the evening two contests were held. In a cut Miss Gladys Herron and Clyde Smith were the fortunate ones, receiving the favors. Dancing, singing and other amusements were indulged in. Refreshments were served to Misses Bernice Jackson, Helen Stone, Thelma Kahn, Dorothy Beavers, Pauline Richolt, Ruby Moore, Gladys Herron, Celia Stayton, Lillian Bell, Abbie Thompson, Helen Hines and Luther Robertson, and the honorees.

INVITATIONS ARE ISSUED FOR RECITAL MONDAY NIGHT.

Invitations have been issued as follows: Recital given by Mrs. Walter S. Robertson, soprano, assisted by Mrs. Bruce Greenwood, violinist and Miss Ona Bell, accompanist at Music Theatre Monday evening, Sept. 15 at 8:30 o'clock.

MISS SELF ENTERTAINS IN HONOR OF VISITOR.

Miss Ruby Self entertained Friday afternoon in honor of Miss Omario Morgan of Fort Worth. The afternoon was most pleasantly spent, music being the especial feature of the entertainment. Refreshments were served to the following guests: Misses Cora Lee Waggoner, Marion Crabtree, Audrey Roberts, Annette Coffield, Tula Stokes, Helen Hines, Lena Millican, Mable Williams and the honoree.

YOUNG PEOPLE ENTERTAINED AT THE MAXWELL HOME.

Last Tuesday evening at 8 o'clock Carl and Georgia Maxwell entertained quite a number of friends. Numerous games were played and punch

and an ice course was served. Those indebted to Carl and Georgia for a most pleasant evening were Mildred and Elgin Van Voy, Majorie and Ella Mathis, Frank and Elizabeth Staples, Adele, Lawrence and Kathrine Marcus, Kathleen Lynch, Forest Shelton, Louise and Reia Deaton, Maurine Smith, Joe Fisher, Roberta Fairchild, Patway Cobb, Carl Dodson, Jewel Burton, Myrtle and Mabel Morris, Ruth, John and Retta Barnard.

LADIES AID SOCIETY TO RESUME WORK NEXT WEEK.

The Ladies Aid Society of the First Presbyterian Church will resume their work next Monday. A fifty cent social will be held Monday afternoon, September 15th at the home of Mrs. M. M. Addicks. All the members are urged to attend.

THURSDAY SEWING CIRCLE MEETS WITH MRS. HARTSOOK.

The Thursday afternoon Sewing Circle met Thursday with Mrs. C. B. Hartsook. Owing to the weather but few of the members were present, however the meeting was a very enjoyable one. The time was spent, as is the usual custom in sewing and conversation on various topics. The members present were Mrs. C. B. Montgomery, Misses Lena Gardner and Jennie Huggins. The visitors were Mrs. Crawford of Electra, Miss Roberta Bolton of Whitesboro and Mrs. A. M. Hartsook.

FIRST MEETING OF NEW ERA CLUB HELD SATURDAY.

The New Era Club met with Mrs. Christensen Saturday afternoon, September 6 instead of Mrs. Bolding as announced on account of illness. Mrs. Christensen occupied the chair and presented a splendid paper on the necessity of literary work for women. An open discussion was then held on the study of the novel. Mrs. W. G. Shaw also read a most excellent paper on the worth of the study of fiction. After a social hour the club adjourned in regular order. The club meets every two weeks and its course of study is under the direction of the University of Texas.

HOWARD-MCCOY NUPTIALS CELEBRATED LAST SUNDAY.

Last Sunday evening at 7 o'clock the marriage of L. H. Howard and Mrs. Beale McCoy was solemnized at the bride's home, 706 Lamar, Rev. Coe officiating. The bride party entered to the strains of the wedding march played by Mrs. J. DeBerry. Mrs. Crosby, sister of the bride and Mrs. W. J. Haynes led the wedding party. Miss Bess Webster of Dallas, niece of the bride, as maid of honor,

and Roy Breazeale as best man, entered, followed by the bride and groom. The ceremony was simple and quiet, only a few relatives and intimate friends of the family being present. The popularity of the wedding parties was attested by the many beautiful gifts received. The bride is very popular and has many friends who wish her every happiness. The groom holds a government position and is well liked. Mr. and Mrs. Howard are at home to their friends at 706 Lamar.

MRS. W. W. LITTLE HOSTESS TO FAMILY REUNION DINNER.

Mrs. W. W. Little entertained Sunday with a one o'clock dinner in honor of her brother, E. E. Clayton and her sister, Mrs. H. W. Head of Sherman. The dinner was in the nature of a family reunion, Mr. Clayton having just returned from the Orient after an absence of several years. Those present were Mr. and Mrs. W. W. Little, P. W. Nolan, H. W. Head, H. L. Baker, W. J. Nolan, Misses Cayley of Gainesville, Bertha Taylor, and Grace Nolan, E. E. Clayton, Chas. Phil and Nolan Bulloch, Chas. Robert, Lawrence, Ruth and Dorothy Nolan.

ROY JAMES' BIRTHDAY IS APPROPRIATELY OBSERVED.

A birthday party was given for Roy James Monday afternoon at his home, 601 Lee street, it being his twelfth birthday. Despite the threatening weather and the several showers of rain quite a number were present, Roy was the recipient of many pretty and useful presents. Numerous games were played and a pig contest was engaged in, little Irene James winning first prize and Evelyn Underwood second. Ice cream and cake was served and later in the evening bananas. Mrs. James was assisted in entertaining for the children by Mrs. Ketchel. The invited guests were Bennie Annman, Temple Shell, Paul McGrath, Tom Mahoney, Dee Gross, Russel Kenzel, Edgar Watts, Maud McGrath, Amelia Elliott, Mary Oats, Audrey Browning, Beatrice Watts, Mary and Evelyn Underwood, Maggie Lacey, Hazel Ketchel and Inez and Leslie Carter.

WESLEY GIRLS SEWING CLUB MEETING TUESDAY.

The Wesley Girls Sewing Club met Tuesday afternoon with Miss Kathleen Benson. The time was pleasantly spent in sewing and conversation as is the custom. Several musical selections were given by Misses Waggoner and Cook. Miss Benson was assisted in sewing by her sister, Mrs. Jack Shelton. Those present were Mesdames C. R. Hartsook, Hugh James, Misses Gertrude Orth, Aileen Waggoner, Ila Cook, Murrie Hickman, Tommie Hale, Marie Shelton, Alta Ruffner, Bon Hardy, Virginia Walters and the class mascot, Linnie John Bob James.

The Mayflower 42 Club will meet with Mrs. G. E. Storrs, 1507 Eleventh street instead of with Mrs. Hursi.

Miss O'Marie Morgan left Friday night for her home in Fort Worth, after a visit of several days with friends.

William Walters of Independence, Kansas, is visiting his uncle, Rev. F. F. Walters. He is interested in the oil fields.

The Misses Haynes and Mrs. C. B. Turton spent Thursday in Iowa Park. The U. D. C. meets next Wednesday with Mrs. G. D. Anderson.

SMUGGLER BAND HAS SURRENDERED

MEXICANS OVERTAKEN BY U. S. CAVALRY CROSSING RIO GRANDE

LEADER IS AN AMERICAN

Band at First Defied Soldiers. But Give Up Quickly When Fire is Opened

By Associated Press. Eagle Pass, Texas, Sept. 12.—Lieut. McLane, in command of a detachment of the Fourteenth Cavalry, sent to intercept Mexican arms-smugglers, reported to army headquarters at noon today that all the band had been captured with a loss of one Mexican killed and six wounded. None of the pursuing party was injured, but two cavalry horses were hurt.

The soldiers discovered the Mexicans shortly after daylight a few miles from Alamo crossing of the Rio Grande and opened long distance fire. An American who is the reputed leader of the Mexicans, but whose name is unknown, replied to the order to halt and declared his party would never surrender.

The soldiers were then ordered to fire and at the first volley one Mexican was shot dead, two others apparently mortally wounded and four slightly wounded. The American leader, realizing that the odds were against him raised a white handkerchief and later said he wished to surrender. In addition to the leader thirteen Mexicans were captured. All the prisoners were taken to Windmill ranch.

MRS. BACON UNDERGOES OPERATION AT LEXINGTON.

Mrs. Otis T. Bacon of this city underwent an operation for the removal of gall stones at Lexington, Ky., Saturday. A telegram received by Postmaster Bacon from his son, Bentley, who is with his mother was as follows: "Mother stood operation well. Conditions favorable. Still some danger. Writing particulars." Mrs. Bacon went to Lexington in July 10 and with her sisters there and was taken ill soon after her arrival. A few days ago her suffering became more acute and yesterday an operation was decided on and a telegram sent to Mr. Bacon to that effect. The telegram reached Mr. Bacon only a short time after a letter from the physician stating that he believed such an operation would be necessary.

POSTMASTER'S PRIMARY TO BE HELD AT DECATUR.

(Wise County Messenger) On Saturday, Oct. 4, 1913 there will be held in Decatur a democratic post-office primary. County Chairman F. J. Ford last Saturday called the primary for the purpose of deciding who should be appointed as the democratic postmaster of Decatur. Last week we published a letter from Col. John Stephens authorizing the primary, but Mr. Ford hesitated in calling the election until he knew Postmaster General Burleson would also agree to abide by the result of the primary and endorse for appointment the person receiving the plurality of the votes here. On Saturday Chairman Ford received a telegram from Col. Stephens that Mr. Burleson had agreed to recommend the one elected. Another telegram was from Mr. Burleson, stating that the matter of a primary for Decatur had been placed wholly in Mr. Stephens' hands.

\$2500 DRAFT NOT WANTED: DEMANDS THE LONG GREEN.

(Hollis Post-Herald) W. H. Ford was in town Monday with one of his customers with whom he was having some trouble. He made him a farm loan of \$2500 and the remittance came in the form of a draft as is always the case. When he went to make settlement with his man he was informed that "that little dinky bit of paper don't look like \$2500 to me. I either want the long green or my papers back." And Mr. Ford had to bring him to Hollis and get the actual cash for him.

DISTRIBUTION REAL PROBLEM

"BETWEEN THE PLOW HANDLES"
RADFORD DISCUSSES GOVT.
FARM BULLETINS

INCREASE IN PRODUCTION

Economic Distribution Farm Products
is World's Greatest Problem

(By Peter Radford, Texas Farmers Union)

Fort Worth, Texas, Sept. 13.—The resolution of friendly criticism passed by the National Farmers Union in convention at Salina, Kansas, recently, against the bulletin service of the federal department of agriculture is a plea for more rigid economy in distribution and a more practical selection and discussion of agricultural subjects, but the fundamental error is in spending all the funds

available on the production side of agriculture and giving little or no attention to marketing. There is much to be commended in the work of this department, and its future prospects for service far excel its past achievements now that it is giving consideration to distribution of farm products. The secretary of agriculture is entitled to and will receive the cordial support of the three million members of the Farmers Union in his efforts to better agricultural conditions and he can best serve our interests by giving all possible attention to marketing.

The man who plows has his viewpoint, and as the department of agriculture was organized to assist us, certainly we have a right to discuss its work if needed we should not have a voice in its councils.

While the department of agriculture has been dumping tons of literature on the farmer, telling him how to produce, the farmer has been dumping tons of products in the nation's garbage can for want of market.

While many wealthy corporations and individuals professing a desire to aid the farmer have been telling us how to plow, the farmer has been suffering from lack of distribution.

The real farmer has no voice in the disbursement of the appropriations made by the government, or of dona-

tions made by public spirited citizens to promote agriculture. The work is all done on the basis that the farmer does not know his problems.

We not only present the suggestion that the farmer is incompetent but have for years asserted that the farmers of the United States are the most intelligent farmers on earth. They have solved the problems of production and the assistance now most needed is in marketing. The trouble all along has been in faulty distribution. In support of this position, I shall offer in defense of the National Farmers Union of America, a series of articles to the press. I want to say here that I follow the plow and that I am not wielding an alien pen. **The World Will Never Starve.**

At no time since Adam and Eve were driven from the Garden of Eden have the inhabitants of this world suffered from lack of production, but some people have gone hungry from the day of creation to this good hour for the lack of proper distribution. Slight variations in production have forced a change in diet, and one locality has felt the pinch of want, while another surfeited, but the world, as a whole, has ever been a land of plenty.

We now have less than one-tenth of the tillable land of the earth's surface under cultivation and we not only

have this surplus area to draw on but it is safe to estimate that in case of dire necessity one-half the earth's population could at the present time, knock their living out of the trees of the forests, gather it from wild vines and draw it from streams. No one should become alarmed; the world will never starve.

The consumer has always feared that the producer would not supply him and his fright has found expression on the statute books of our States and Nations, and the farmer has been urged to produce recklessly and without reference to a market, and regardless of the demands of the consumer.

Back to the Soil.
The city people have been urging each other to move back to the farm but very few of them have moved. We welcome your city cousins back to the soil and this earth's surface contains 18,992,160,000 (18 1/2 billion) acres of tillable land where they can make a living by tilling the earth with a forked stick, but we do not need them so far as increasing production is concerned; we now have all the producers we can use. The city man has very erroneous ideas of agricultural conditions. The commonly accepted theory that we are short on production is all wrong. Our increase in production far exceeds that of our increase in population.

The World As a Farm.
Taking the world as one big farm, we find two billion acres of land in cultivation, representing one-fifteenth of the earth's surface. Of this amount there is approximately 750,000,000 acres on the western and 1,250,000,000 acres on the eastern hemisphere, in cultivation. This estimate, of course, does not include grazing lands, forests, etc., where large quantities of meat are produced.

The world's annual crop approximates fifteen billion bushels of cereals, thirteen billion pounds of fibre and sixty-five million tons of meat.

The average annual world crop for the past five years, compared with the previous five years is as follows:

Corn, past half decade 3,534,174,000; previous half decade 3,403,655,000.

Wheat, past half decade 3,522,769,000; previous half decade 3,327,526,000.

Cotton, past half decade 19,863,000; previous half decade 17,541,200.

The world shows an average increase in cereals of 13 per cent during the past half decade, compared with the previous five years, while the world's population shows an increase of only 3 per cent.

The gain in production far exceeds that of our increase in population, and it is safe to estimate that the farmer can easily increase production 25 per cent if a remunerative market can be found for the products. In textile fibres the world shows an increase during the past half decade in production of 16 per cent, against a population increase of 3 per cent.

The people of this nation should address themselves to the subject of improved facilities for distribution. **Distribution the World's Greatest Problem.**

Many of the other nations of the earth have given more consideration to the practical problems of civilization than that of the United States. The American Commission which has been touring Europe and studying conditions in the old world report many of the nations far advanced in the problem of distribution.

DAINGEROUS CALOMEL GOING OUT OF USE

A Safer, More Reliable Remedy Has Taken Its Place in the Drug Store and in the Home.

A few years ago, men, women and children took calomel for a sluggish liver and for constipation. They took risks when they do so, for calomel is a dangerous drug. Your family doctor will be the first to tell you this. If he discovers you dosing yourself with calomel.

But the drug trade has found a safer, more pleasant remedy than calomel in Dodson's Liver Tone.

Miller tells us that their drug store sells Dodson's Liver Tone in practically every case of biliousness and liver trouble where calomel used to be taken.

Dodson's Liver Tone is a vegetable liver tonic that is absolutely harmless for children and grown people. It sells for 50 cents a bottle and is guaranteed by Miller's Drug Store who will refund your money with a smile if it does not give quick, gentle relief without any of calomel's unpleasant after-effects.—Miller's Drug Store.

TWO BURGLARIES ARE COMMITTED AT IOWA PARK.

(Iowa Park Herald)

Sometime during Sunday night, robbers entered the Park Implement Co. store by taking out a window light at the front of the store, and helped themselves to several boxes of pocket knives, a shot gun and two rifles. Monday morning when H. L. Terhune opened the store he made the discovery by noticing the empty knife boxes on the floor. He at once notified Constable J. J. Cobb and N. F. Strickland who began to use the telephone notifying officers in surrounding towns to keep on the watch for this person. The goods stolen amounted to over fifty dollars. A reward of \$25 was made. The same night some person or persons entered the Park Tailoring Company and stole three pairs of trousers that were laying on the counter to be cleaned and pressed. Mr. Ellis says the trousers stolen were about all the same size, and that he thinks there were three men that did the stealing, as they took three guns from the Park Implement Company.

Fashion Hints

From the *Bischof* Style Show

Suits that Give New Figure Lines

In the new silhouette, the most striking note is the tapering effect—the width just below the hips and the narrowing down about the feet.

Skirts are longer this season—as long as they can comfortably be worn—and must be draped close to follow the lines of the figure. Many of the most elegant new costumes show drapery at the front, but the skirt that is draped at the side vies for favor. Much of this new drapery flows down from the waistline, swelling somewhat below the hips; again it is introduced in plaits or gathers at the belt with the folds swinging off to right or left or caught in at the sides—styles which maintain the indispensable narrow effect about the ankles.

To be really in the height of the mode, the skirt must be slashed. The slash, as Bischof uses it, is generally the unstitched end of a deep lapped seam and is designed only to relieve the narrowness of the new skirt.

The coats, too, show the tapering effect. The important part the cutaway plays is seen everywhere in connection with the elongated panel back.

The sleeves also accentuate the long, sloping shoulder lines, most of them being of the Mandarin type set low on the arm. As these sleeves are long and fit the forearm closely, they are set into a large, pear-shaped armhole. In every Bischof garment a tiny gusset under the arm insures comfort, freedom and good service.

Come in and see how cleverly Bischof uses every one of these new style features.

You will find a wealth of suggestions—for he has thought out all your needs for Fall and Winter in garments that combine the most fashionable effects with moderate price. Come in and see this interesting collection now; make your selection before the choicest models are taken.

CRAP SHOOTERS WERE SURPRISED

SIX INCLUDING WOMAN CAUGHT ROLLIN' DE BONES FRIDAY NIGHT

"COME PHOEBE" HEARD

"Up jumped the—" Was Exclamation When Players Discovered Officers

"Five's the point." "Bet me five he don't pass." "Shoot, you're faded." "Come Phoebe, come Phoebe." "Tray, deuce dice." "Stay off craps, dice." "Come five." These and other similar exhortations and exclamations and abjurations in subdued but earnest tones caught the ears of Deputy Sheriff Ed Carnes and Constable Frank Burns when they stepped into the hall of the "Brick" on Mulberry Row Friday night with the purpose of making an investigation to learn whether the recent district court injunction against the place was being obeyed or not.

Instantly the officers were all caution and attention for they knew that prey was near. After listening a minute they located the voices as coming from a room adjoining the hallway in which they were standing on the first floor. Carnes stealthed

over to the door opening into the room after the manner of Sherlock of the comic supplement and handed one of his optics to the key hole. In his exuberance at the panorama that spread before his view he barely choked off an exclamation of delight that would have flushed the game prematurely. In the dim light of the hall he beckoned rigorously to his fellow officer and when Burns peeped through the keyhole he was as delighted as Carnes had been. What they had seen were five men and one woman kneeling about a piece of bed cover spread upon the floor. Littering the cover were five dollar bills and silver dollars. Before some were heaped growing piles of silver and paper money and before others were piles that dwindled as the squared pieces of bones were rolled across the cover, first by one and then another of the men. The woman didn't handle the dice but her money was wagered on every pass and the pile at her corner was the largest of any there. All were so intent upon the rollicking bones that they did not hear the stealthy movements of the officers in the hallway. The two sleuths moved with catlike tread and the very air seemed surcharged with "shh!" Burns tiptoed to another door down the hall which he opened gently while Carnes stood at the first door. The door down the hall let Burns into a room just back of the one where the bones thudded softly over the bed cover and between which there was a doorway. Burns turned the knob gently and there was not a sound as he gently pushed the door ajar and stepped into the room. Every one of the six in the room had pitched money onto the bed

spread on the throw of the dice then being made. Five was the point and repeated passes had been made, but both the five points and the seven were obsolete. Suspense hung over the rolling bones and the six kneeling there were so engrossed that they did not even notice the intrusion of the officer. Finally there came a pass the dice that seemed to settle all the wagers. "Thrown seven" cries one. "Up jumped the devil," the woman started to exclaim but she had got only as far as "Up jumped—" when she looked up and saw Burns and in her confusion she finished the exclamation with the name of our worthy constable instead of his satanic majesty. For an instant there was a hasty grabbing of money followed by a rush for the front door where the crap shooters were met by the suave and smiling Carnes. Some put up cash bonds on the spot and others had to accompany the officers to the court house from where they called relatives or friends out of bed over the telephone and got them to come down and make bond for them. Pleas of guilty were entered for all six including the woman in Justice Brothers court this morning. The customary fines were assessed and promptly paid.

CANNOT TRY ARSON CASES BEFORE NOV.

District Judge in Parker County Says Cases Cannot Be Reached Until Then

By Associated Press. Fort Worth, Texas, Sept. 13.—Tarrant county's noted church arson cases which were transferred to Weatherford yesterday on a change of venue cannot come up for trial before November 1, according to District Judge McKenzie of Parker county. His term of court begins September 29 and he said it will be impossible to reach the arson cases before the fifth week.

JUDGE C. B. FELDER ON THE NEW CHARTER

Our city council recently ordered a straw ballot to be taken on Sept. 25, 1913, presumably to determine the number of voters in the city who favor an indefinite, undetermined commission form of government. There is nothing saldus to the kind of commission form of government proposed. The voters are in the dark absolutely. There is no authority in law for such election. There is legal authority under certain conditions—which conditions have not been complied with in this case—for an election to adopt a new charter. In such case it is provided that a copy of the proposed charter shall be first mailed to every qualified voter in the city, in order that he may vote intelligently. We are asked now to vote for a commission form of city government, without notice of the provisions to be contained in the charter. We are not advised whether such charter is to be safeguarded by such features as the initiative, referendum and recall, referred to as "the best features of commission government" by Mr. Long. If it is proposed to submit to us the charter already prepared by a committee these "best features" are eliminated except as to franchise. I am not committed to commission government, but if we are to have commission government then give us the initiative, referendum and recall. We are entitled to know just what we are asked to vote for. The law has wisely made provision for due notice, and a legal election for the adoption of a new city charter, and when the law has been complied with I shall gladly ask the voters of the city to participate in an election. Under present conditions I feel it my duty to ask the voters of the city to refrain from voting on Sept. 27. The above expressions are prompted by a sense of duty. Inasmuch as I was appointed by a mass meeting a member of a committee to prepare a special charter for submission to the people. The charter was prepared to either a commission or aldermanic government, but does not include the "best features" of commission government. It is needless to add that I was often in the minority on the committee and that I regard the concentration of too much power in the hands of the few as extremely dangerous. C. B. FELDER.

TRY A TIMES WANT AD

THE IDEAL HOME!

With the many conveniences which the present age affords in the way of street cars, automobiles and other modes of transit, it is not necessary for homes to be crowded by being located in the dust and din and noise and bustle of city life.

Residence J. A. Kemp, Floral Heights

It is a rank injustice to your children to bring them up in the crowded, noisy, dusty city when a mile further out can be found pure, fresh air, health, comfort and happiness. Every home builder should consider these conditions in selecting a site for the place that is to shelter and protect him and his family.

Location for an Ideal Home

The beauty of its surroundings is one of the chief charms of the restricted district of Floral Heights. It is a charming property, ideally located. Situated on the ear line with the highest elevation between the city and Lake Wichita and directly on the Lake Boulevard, the most beautiful driveway in and around the city. The view in all directions is one of magnitude of stretching landscape as far as the eye can see.

There is only one restricted district in Wichita Falls for elegant homes. It will be impossible to have any other like it in years to come. The area is small and limited comprising only about 60 acres. There are now built and under construction in this district five beautiful homes, two of which are the finest in the city. There are also 1500 beautiful native trees growing nicely at an expense to this Company of over \$6000.00 besides four years care and trouble. These trees are now valued at \$15,000.00 and in a few years they will be worth a quarter of million to this city.

You don't have to be rich to own a home in this district. The restrictions are modest and simple, as follows: No residence shall be constructed in this restricted district in excess of one residence-to-two whole lots and no residence shall cost less than \$3000. The way building material and labor costs at the present time \$3000 is not considered much to expend on your home, and the two lots will not cost you near-

ly so much as one a little closer in, besides the same car that takes you to Broad street will for the same fare land you in the restricted district just five minutes later.

Can you imagine any part of the city to compare with this restricted district when it is built up with beautiful homes, every owner having 100 feet front with well kept yards, and all the streets and avenues lined with beautiful sheltering trees?

Do you know that in a short time it is going to be one the greatest regrets of your life that you did not purchase a pair of these lots while the price was reasonable? Do you know that they are about all sold and that they will soon be in the hands of parties who will not sell them at any price? There is no limit to the prices that you will see these lots selling for in the very near future.

Drive out today and take a look at this restricted district. Study its surroundings, its magnificent view in all directions and see if you don't come to the conclusion that here will be built the beautiful homes of the future. When you have done this you will see good judgment by coming to the office of the Floral Heights Realty Company Monday morning and let us show you how reasonable these lots can be purchased.

MOTHER AND SON ARE STRUCK BY LIGHTNING.

(Frederick Leader) While on their way from Chattanooga to Frederick Monday, Mrs. H. S. Hiner and her ten year old son, David, were struck by lightning. The accident occurred about half way between Chattanooga and Frederick. Mrs. Hiner and son were riding in a spring wagon, which had no other occupants. There came up a thunder shower. Mrs. Hiner and David remember a particularly bright flash of lightning as they were alongside a telephone pole. The next thing they knew they were lying in the bottom of their wagon, with the steady family mare, which they were driving, moving along as though nothing had happened. The stroke had rendered them unconscious, but for how long they do not know, as there was nobody else around. They were able to drive on to Frederick, although the boy for a while could not hold the lines. Wednesday both seemed to have entirely recovered from the effects of their harrowing experience.

RECORD BREAKING RATTLER IS KILLED AT ELECTRA.

(Electra News) This morning near the stock pens in the eastern part of the city, B. C. Ellis killed a record breaker rattle snake. It measured six feet in length and had fourteen rattles. It was of the diamond species. The rattler evidently was looking for water and had heard that Electra voted for water works and was headed toward town. Mr. Ellis removed the skin from the snake and is going to have it tanned.

DREW RETURNS TO SHAKESPEARE

INTERPRETER OF MODERN CHARACTERS WILL BE SEEN IN SHAKESPEARE

IS NOT THE FIRST TIME

Comedy Star Appeared as "Benedick" More Than Eighteen Years Ago on Broadway

New York, Sept. 13.—From "Jack Straw" to "Benedick"—from W. Somerset Maugham to W. Shakespeare—a far cry, not to some jump, in the patois of the Rialto. Yet that is the astonishing feat that the supple and versatile John Drew attempted when he persuaded Charles Frohman to put him on in "Much Ado About Nothing," and the critics and public say he got away with it. So long as John Drew portrayed modern bachelors, modern husbands, modern friends of the family and such things the present day theatre goes never thought of him as a Shakespearean actor. Therefore there was considerable astonishment when Drew's announcement went up, especially in view of the fact that Broadway is to see Sir Johnston Forbes-Robertson in Shakespeare as well as the Stratford on Avon players who have played his dramas for many seasons.

But whether John Drew preferred to forget it or whether the fact slipped from the public's mind his "Much Ado About Nothing" this season is not his first appearance as Benedick. The press notices made no mention of it and the critics said nothing about it but old timers remember that John Drew appeared in "Much Ado About Nothing" at Daly's Theatre about 18 years ago. His portrayal then was said to be successful, but evidently the actor did not like the old dramas, for he abandoned the production after a short run and never again essayed Shakespeare until this season.

FOOTBALL SEASON OPENS SATURDAY

Carlisle Indian Albright Game and Several Other Minor Contests Scheduled

By Associated Press. New York, Sept. 13.—The coming week will mark the opening of the football season with the playing of the Carlisle Indian-Albright College game and several other minor contests on Saturday, September 20. Practices has been under way, either

formally or informally, at a majority of the larger eastern universities, for some days; and within the next two or three weeks every variety eleven will swing into action for the short but strenuous season allotted to the gridiron sport. The Yale squad has been training since the first of the month at Newport and Siasconset. This practice, which has been more or less informal, found the backfield candidates working under the direction of Dr. W. T. Bull, famous as a punter in his active football days. The linemen, under the direction of Capt. Ketcham and head coach Howard Jones begin the long training grind on Nantucket Island. The scene shifted to Yale field on September 11 and from now on the new system of a resident coach will be watched with interest

by Yale undergraduates and alumni, and the followers of the Harvard and Princeton elevens, which will test the merits of the new system late in November. Howard Jones, who opens his three-year term as active field coach, will be assisted by Walter Camp in an advisory capacity. Unfortunately for the new head coach the Yale material is not particularly impressive at this time. The backfield will have to be reconstructed, due to losses by graduation, and veteran forwards are scarce. Some excellent substitutes and freshmen players of last season will be available, however, and the new coach is counting upon this material as the nucleus of his team. The outlook at Harvard is far more optimistic. This makes the task facing Coach Jones harder, for after all

is said and done, Yale's chief rival in intercollegiate athletics is the Crimson. Coach Haughton has instructed the Harvard candidates to report at Soldiers Field on Tuesday and with the perfect football system that prevails at Cambridge, the development of another strong team will begin without delay.
