## DEMOCRATS CARRY BILL

### ADMINISTRATION CURRENCY MEASURE PASSES HOUSE BY VOTE OF 286 TO 84

## FEW AMENDMENTS

### Practically No Changes Made in Essential Details of Bill as it Was Reported

By Associated Press. Washington, Sept. 18.—Passing the House, practically unamended, by a vote of 286 to 84, the administration currency bill today reached the end of the first stage of its legislative career in the House. The measure, completed in detailed consideration after three days of efforts to amend, reached a final vote in the House today, practically unchanged in its essential provisions.

The bill will go to the Senate, where a lengthy consideration before the banking committee, awaits it. It probably will be some weeks before the measure is reported to the Senate, where further debate awaits it.

Representative Wingo of Arkansas demanded a record vote on the so-called gold standard amendments. On a division, 165 democrats and republicans voted for it and forty-five democrats voted against it. The roll call, however, changed the vote to 298 in favor of the amendment to sixty-nine against it.

All those voting no were democrats. The progressives offered a motion to recommit the bill to the committee, with instructions to incorporate a provision to prohibit interlocking directorates, but was defeated.

### Eleventh Hour Revolt

An eleventh-hour revolt from the will of the caucus and the leadership of the banking and currency committee spread among Democrats of the House when the Administration currency bill was within the shadow of the final vote upon its passage. It threatened serious proportions, but the party leaders finally got the situation in hand again.

Chairman Glass of the committee and other leaders who sided with him were plainly worried and their predicament afforded unceasing amusement to the Republicans and particularly Progressive Leader Murdock.

An amendment by Representative Fess of Ohio designated to maintain all legal money at a party and insure the retention of the gold standard, caused all the trouble. Some democrats professed to see in it a revival of the old issue of bimetalism and openly charged that the committee in endorsing such an amendment was offering a gratuitous insult to four-fifths of the Democratic party. That issue, they pointed out, was settled sixteen years ago.

No material changes were made in the bill. Republicans and Progressives today concentrated their fight on amendments offered to the note issue section of the bill which the Democrats disposed with a rolling chorus of "Noes" monotonously repeated. At one time sixteen amendments proposed from the minority side were voted down in rapid succession.

### Return to "Greenbackism"

The attack was directed principally at the provision making the Federal reserve notes, proposed to be issued through the Federal Reserve Banks, Government obligations. "The Republicans declared this a provision making the notes payable in 'gold and lawful money,' indicated a return to 'greenbackism,'" and declared that Secretary Bryan had written into the bill the monetary theories "for which he has contended since 1896."

The committee proposed, and the House voted in the bill, an amendment which prohibited the Federal Reserve Banks from engaging in loan transactions with any one other than the Government.

This change was made to prevent the Federal Reserve Banks from engaging in commercial business in competition with the member banks, which are forced to supply the capital on which the reserve banks will operate.

No obstructive tactics were resorted to by the opposition to the bill and the reading of the measure for amendment went along smoothly. A recess was taken before the evening session in order to allow the Banking and Currency Committee to draft certain minor amendments designed to perfect the phraseology of the bill.

### TEMPERATURE OF 127 IN CALIFORNIA TOWN REPORTED

By Associated Press. San Bernardino, Cal., Sept. 18.—What is believed to have been the maximum heat record this year was reached at Silver Lake yesterday when the mercury reached 127 in the shade, according to reports today.

### FOUR YEAR OLD BOY SHOT BY PLAYMATE, DIES

By Associated Press. Fort Worth, Texas, Sept. 18.—Noel Pace, four years old, shot through the brain by a ten year old girl playmate, died today. The girl aimed the gun playfully at the child and said she was going to "shoot him." She thought the gun was unloaded.

## CHANGE WILL BE MADE IN COTTON SCHEDULE

### Tariff Conference to Consider Question of Modifying Clarke Amendment

Washington, Sept. 18.—Modification of the Senate's cotton futures tax amendment to the tariff bill to make the provision acceptable to the House will be considered by the tariff conference committee within a day or two. Informal discussion of the subject has developed the fact that the House probably would accept the plan of taxing grades in cotton futures. If the terms of the Clarke amendment adopted by the Senate, were modified, a substitute for the Clarke amendment, submitted to the conference by Representative Lever of South Carolina, chairman of the House committee on agriculture, would provide that the tax of 50c per bale shall not be assessed where the cotton contracts call for the regular government grades and such grades actually are delivered, or where the difference in price is paid if another grade is delivered. This and other changes will be considered in the belief that the cotton futures amendment finally will be retained as a regulatory provision as well as a revenue raising feature.

The tariff conference pushed through the sundry schedule of the tariff bill today, reaching agreements on most of its provisions. The differences between House and Senate over hats, photographic films, works of art, furs and several other important items were left for later action.

The House members accepted the Senate amendments, putting gunpowder and fulminate on the free list, making changes in the method of assessing duties on laces and putting harness and saddlery on the free list. The Senate receded from its amendment, putting camolis, calfskins and similar leathers on the free list and accepted the House rate of 15 per cent. The Senate also consented to a reduction in the rates it had fixed on gloves.

### Chairman Underwood of the House conference expressed the belief that there would be no great differences between the members of the two Houses over the income tax on large incomes.

Due to the large number of amendments to the text of the income tax section, however, it is expected some time will be spent by the conferees in perfecting the measure to prevent confusion in the administration of the law.

## SUNDAY SCHOOL MEETING BEGINS

### DISTRICT CONVENTION BEGINS ITS WORK HERE THIS AFTERNOON

## EXPERTS IN ATTENDANCE

### First Meeting Held at Three O'Clock This Afternoon—Also Session Tonight

With delegates coming from fifteen or twenty counties within a radius of a hundred miles from Wichita Falls, the district Sunday School Convention was opened here this afternoon to continue through Friday and Saturday.

Expert Sunday school workers are here to take part in the program, including W. N. Wiggins of Dallas, general secretary, Mrs. W. N. Wiggins, state field worker, John N. Adams, state field worker, Miss Mildred Dixon, pianist and S. W. Hatton, state adult superintendent and wife. These are already in the city ready for the opening session while J. Shreve Durham of Chicago, international visitation superintendent is expected to arrive to participate in the program Saturday.

Delegates are being met at the trains by a reception committee from the various churches and are being assigned to homes where they will be guests during the convention.

The convention was not opened until after 3 o'clock this afternoon and several of the numbers scheduled were omitted from the opening session. Tonight's session will open at 7 o'clock with a vesper service by John N. Adams. This will be followed by a song service. A feature of tonight's session will be a talk by Mr. Wiggins in which he will tell how one Sunday school grew from a membership of 150 to over 5,000.

## 1,432 ITALIANS KILLED IN TURKISH WAR, FIGURES SHOW

Rome, Sept. 18.—For the first time since the war with Turkey for the conquest of Tripoli and Cyrenaca, Italy today gave out the official statement of its total losses in killed and wounded. The number killed in battle is placed at 1,432; died of disease 2,353; wounded in battle 4,229; returned home on account of illness 42,921. The publication of the statement just before the October elections is expected to offset any dissatisfaction aroused by the belief that the government was keeping back the total losses because of their reported enormity.

## CHANGE CHARTER FOR COMMISSION

### INITIATIVE, REFERENDUM AND RECALL PROVISIONS ARE INSERTED IN IT

## PLAN PUBLIC SPEAKING

### Open Air Meeting May Be Held Monday Night—Additions Made to Campaign Committee

Seven additional members of the commission campaign committee were named yesterday afternoon at a meeting of the committee, and some time was spent in an informal discussion of the initiative, referendum and recall provisions. As a result, it is probable that there will be a public speaking next Monday night with some prominent speaker from one of the commission cities of the State here.

The initiative, referendum and recall are now features of the proposed commission charter, the provisions being as outlined yesterday. The charter committee made the changes.

When the recall of a commissioner or the mayor is sought, the petition must be signed by thirty-five per cent of the highest number of votes cast at the next preceding election and of these at least a third must be men who supported the commissioner whose recall is sought. For instance, the candidates for commissioner had received 1,000 votes at the next preceding election, the recall petition would have to have 350 signatures and at least 127 of these signatures would have to be those of men who supported the commissioner whose recall was sought. This provision was inserted to prevent an officer being hounded solely by political enemies.

The initiative and referendum petitions must be signed by a number of voters equal to twenty-five per cent of the highest number of votes cast at the next preceding election.

Efforts are being made to secure some leading citizens of Dallas to come up Monday night to address the citizens, but it is not known at present just what time the public speaking will probably be held in the open air.

The campaign committee now includes the following: R. E. Huff, chairman, B. J. Bean, W. H. Cousins, W. T. Pedigo, C. W. Bean, W. G. Long, T. H. Noble, F. W. Householder, T. W. Scott, W. P. Weeks, A. L. Huey, Dr. L. Mackebney, M. A. Marcus, George Whittier, M. H. Barwise, E. M. Everton, K. L. Hendricks.

The names of Myles O'Reilly was withdrawn from the committee because Mr. O'Reilly will be one of the election judges and cannot properly serve as a member of the committee.

## WORKMAN IS INJURED; FALLS FROM BUILDING

### New Presbyterian Church Scene of Accident—Man Has Narrow Escape from Death

Henry Sprinkle, aged about twenty-one years, was seriously injured Thursday morning when he fell from the top of a narrow barrow to the street under construction on Tenth street. Sprinkle was using a wheel barrow in the distribution of material on the roof and had evidently stepped back on a plank projecting over the edge of the roof and was precipitated a distance of nearly forty feet below. In the fall the wheel barrow dropped first and it was lucky that it had so far off it struck the palings of a picket fence and acted as a shield preventing Sprinkle from being impaled. The wheel barrow before striking the palings crashed through the top of a small tree and this also served to break the full force of the fall. One of the larger limbs of the tree was broken and this caught Sprinkle's right arm lacerating it severely above the elbow.

While none of Sprinkle's fellow employees saw the start of the fall some of them working at windows below saw the wheel barrow and his body as they dropped past their windows. They ran out expecting to pick up his dead body but found him alive although unconscious. Doctors and an ambulance were summoned and the injured man was taken to the Wichita Falls Sanitarium where Doctors Wade and Mike Walker attended his wounds. They found a compound comminuted fracture of the right femur, a lacerated arm and a bruised place on his right temple.

It is not believed that he suffered any internal injuries although it is too early to determine this.

Sprinkle lives on Scott avenue between Thirteenth and Fourteenth streets and has a wife and one child. He was employed by the Gross Construction Company which has the contract for building the church.

## SENATOR TERRELL TO BE CANDIDATE FOR CONTROLLER

### By Associated Press. Waco, Texas, Sept. 18.—H. B. Terrell of West, member of the State Senate from the Eleventh district, today formally announced his candidacy for state controller.

## ENGLAND-DRAWS COLOR LINE ON NEGRO DOCTOR

### Is Defeated in Election for Physician for Poor Despite High Qualifications

By Associated Press. London, Sept. 18.—The "color line" is not often drawn in England, but the Cumberland poor law guardians today declined to appoint a negro a district medical officer on the ground that the poor were very fastidious in such matters. It was admitted during the session of the guardians, that the negro doctor's qualifications were better than those of the other candidates and some of the guardians wanted to treat him as a "brother." The majority of the guardians, however, supported Dr. Robert Cates, who said:

"In plain English, he is a negro, and such is not a suitable doctor for a post of this sort. The poor are a great deal more fastidious than people imagine. They would refuse to be attended by a negro."

## NEW HAVEN STOCK FINDS NEW LAW RECORD TODAY

### Has Dropped 44 3/8 Points Below Its High Figure for Years—Slight Rally Today

By Associated Press. New York, Sept. 18.—A break of two and a half points in the stock of the New Haven railroad on the stock exchange carried the price down to 85 1/2, a new low record. This was 44 3/8 points under the high price of the year. The depreciation in market value represented by the decline is nearly \$70,000,000.

The long decline, extending back more than a year, grew out of various difficulties—financial and otherwise, of the New Haven system, and the reduction in the dividend from eight to six per cent. The stock today rallied a point after the decline.

## OPPOSITION TO MEET TOMORROW

### THOSE AGAINST COMMISSION FORM WILL HAVE SESSION FRIDAY

## TO FORM AN ORGANIZATION

### Advocates of Aldermanic Form Will Enter Actively Into New Charter Contest

Opponents to the commission form of government will hold a mass meeting Friday night at the court house. A call for the meeting appears elsewhere in this issue and from the form of the call it is evident that the anti-commission men will vote on September 27th instead of remaining away from the polls as was at first considered.

At the meeting Friday night it is expected that an organization of those favoring the aldermanic form will be perfected and a plan of campaign outlined. The meeting will be open to all voters.

The "Commission Form" campaign committee is holding meetings almost daily and a mass meeting is planned for Monday night, although this has not been definitely announced. It is expected that prominent citizens of Texas cities now governed under the commission form will be brought here to address the citizens before the election September 27th.

By Associated Press. Fort Worth, Texas, Sept. 18.—Cattle receipts 5,700 steers 5.75 to 6.50. Hog receipts 700, active and five cents higher. 8.50 to 8.80.

## GROUND PARKER OF GRANTS KILLER DIES SUDDENLY

By Associated Press. New York, Sept. 18.—John Murphy, aged seventy, ground keeper for the New York National League baseball team, died suddenly today. For eight years he conditioned the polo grounds and the Marlin, Texas, training grounds. Murphy's salary as ground keeper for the Giants was larger than that of most players outside the major league.

## THAW FACES LONG FIGHT IN COURTS

### IF CASE GOES TO SUPREME COURT IT MEANS YEARS OF LITIGATION

## LOOKING FOR PRECEDENT

### No Case Found on Record Where Inmate Charged With Crime. Was Extradited

By Associated Press. Concord, N. H., Sept. 18.—Harry K. Thaw sat today behind a great heap of newspapers reading Washington dispatches saying that if his case went to the United States supreme court, years might roll by before a decision was handed down. Ten law clerks, retained by Thaw's counsel, were busy today looking up state and federal court rulings in the matter of extraditing a person charged with crime, yet held to be insane.

"So far, we have been unable to find any case where a person in Thaw's position was ever extradited," said one of his lawyers. This was the opinion taken by Federal Judge Aldrich.

## TOWN OF DRESDEN MAY BE DEPRIVED OF TELEPHONE

Berlin, Sept. 18.—Dresden, capital of Saxony, today is threatened with a year's deprivation of its telephone system, just because the townpeople have been making so many complaints of the service.

The town council represented forcibly to the Federal Telephone Bureau that the telephone service on the semi-automatic exchange was so inefficient that it was seriously affecting business interests which depended on the telephone to great extent. They complained that nearly every one of the 20,000 subscribers have had more or less trouble.

Many of the telephones have been out of order for weeks at a time, and the Dresden authorities put up such a kick that Berlin got very much peeved. Berlin red tape does not admit that the service is bad and warning was received by the town council today that if Dresden makes any more complaints the service would be discontinued for a year as a punishment.

## FOLK MADE SOLICITOR FOR STATE DEPARTMENT

By Associated Press. Washington, Sept. 18.—Joseph W. Folk former governor of Missouri, has been appointed solicitor for the state department. Secretary Bryan in formal announcement today, declared that Mr. Folk was not an aspirant for the position, but that the office was tendered him because of his fitness for the position.

## NEW OUTBREAK BY YAQUI INDIANS IS REPORTED

### Said to Be Engaged in Continuous Warfare Against Mexicans but Not Molesting Americans

By Associated Press. Douglas, Ariz., Sept. 18.—Official reports of new outbreaks about Yaqui Indians south of Guaymas and in the Yaqui river valley, which reached here today created grave uneasiness among Sonora state authorities. The report said that the Indians are engaged in continuous warfare against the Mexicans, although they have not molested Americans.

A prolonged battle was reported at Buena Vista over the possession of a railroad. The outcome is not known.

## REPORT FEDERAL VICTORY IN FIGHTING IN TORREON

By Associated Press. Washington, Sept. 18.—From Durango it was reported today that after several days fighting rebel forces under General Contreras were expelled from Gomez Palacio by the Torreon federal garrison. Heavy losses were reported.

## OHIO SENATOR ATTACKS DEMOCRATS' MONEY BILL

### Critics Plan for Federal Reserve Board to Control the Issuance of Currency

By Associated Press. Cincinnati, Sept. 18.—Members of the institute of bankers in annual session here today heard Senator Theodore B. Burton of Ohio, attack the democratic currency bill pending in Congress. The senator condemned the regional reserve bank plan proposed in the bill, but his criticism was aimed chiefly at the provision authorizing the federal reserve board to control the issuance of currency.

"It is based on an erroneous idea," he said, "namely, that a government or political organization may properly assume the providing of a supply of paper currency directly or indirectly. The plan would cause no derangement in times of fair weather, but in a panic, the obligation of the government to redeem circulating notes would be most burdensome and might seriously impair its credit."

## EUGENE FIELD IS SOON TO BE GIVEN MEMORIAL

### Friends of Famous Poet Start Movement to Erect Suitable Monument at Grave

Chicago, Sept. 18.—Eugene Field, the children's poet, whose verses have alternately wrung tears and laughter from the people of many lands, is to have a memorial. A plan to erect a memorial was started today and it is hoped that subscriptions will be made not only by people all over the United States but by residents of other countries.

Eighteen years after his body was laid away in an obscure corner of Graceland cemetery, old friends of Field, gathering in the graveyard to strew flowers on the grave, learned with a shock of surprise that only a simple grave stone marks the last resting place of one of America's most cherished writers. Since that time it has been just a few weeks ago they have held several meetings and today they announced their plans to raise a memorial fund by making a direct appeal to everyone who has read the poems of Eugene Field.

Chicago friends of the children's poet, old timers in the newspaper game, who knew Field as a struggling newspaper rhymer, will be first approached. Then the canvass will be broadened and patrons of literature all over the world will be asked to contribute.

Will J. Davis, a close friend of Field's today agreed to lead the campaign for subscriptions and he announced that he will appeal directly to the children for their pennies and nickels and dimes, believing the tribute to Field's memory will be more touching if the children themselves help to build the memorial.

"I am astonished to learn that no memorial had been erected over Gene's grave," said Davis today. "It shows how we, in our busy commercial life, are quick to forget. Surely Eugene Field whose verses have cheered and delighted and brightened the lives of so many children, and whose spirit as well, should have this tribute of loving memory paid to him."

"It is a sad commentary for us not to have erected this memorial before and it certainly should appeal to everyone to make up for past neglect. I think people everywhere will realize this and hasten to make amends. My idea is to have copies made of the one bust of Field in existence and have one placed in the family burial lot and the other in some public park."

## INCREASE OF 425 IN ENROLLMENT

### NEARLY TWO THOUSAND PUPILS ALREADY ATTENDING PUBLIC SCHOOLS

Enrollment in the city schools up to Wednesday afternoon totalled 1912 pupils, according to reports made to Superintendent Carpenter today. This is an increase of 425 over the same time last year when the enrollment was 1487. The total enrollment for the year last year was 2350, an increase of about 900 over the first week. If the same ratio of new pupils is maintained this year the enrollment by the end of the term will be about 2900.

On account of crowded conditions at the Austin school the first three grades are on half time and will be conducted that way until the new building is completed which will probably require three or four weeks.

In the high school proper there are already 250 pupils enrolled. This is eight more than was enrolled during the whole term last year and it is expected that the total enrollment in the high school this year will go above 300.

The enrollment by buildings follows: High School—343. Austin—704. San Jacinto—300. Alamo—298. Travis—113. Sam Houston factory district—66. Washington (colored)—88.

## RELIGIOUS BELIEFS COST ENGLISH PEER \$500,000

London, Sept. 18.—The religious and political convictions of Lord Ashbourne, it became known today, have cost him just half a million dollars. When his father's will was probated, it was found that practically the entire estate had been left to the younger son, Ashbourne succeeding only to the title, a few family heirlooms and \$4,000. The late Lord Ashbourne was an ardent Unionist leader, and he never forgave his elder son for being converted to Roman Catholicism and the Nationalist party. The young lord is so enthusiastic for the cause that most of the time he wears Irish dress and talks Irish.

## SULZER IS ON TRIAL

### IMPEACHMENT PROCEEDINGS BEGIN IN SENATE AT NOON

## SENATORS SWORN

### Challenges of Some of Them by Defense are Overruled—Adjourn Until Tomorrow

By Associated Press. Albany, Sept. 18.—The case of William Sulzer, first governor of New York to be impeached, was called for trial today at the bar of the court of impeachment, the Senate and the judges of the court of appeals, for alleged "high crimes and misdemeanors."

Whether the governor will appear in person or be represented solely by counsel as did President Andrew Johnson before the United States Senate was not known until preliminary articles had been disposed of. Noon was the hour appointed for convening the court, but several thousand persons thronged the capitol building and grounds before 9 o'clock. There was no indication that any testimony would be taken today.

Arranged against the governor as counsel were Alton B. Parker, former democratic presidential candidate and chief judge of the court of appeals, John B. Stanchfield, Edgar T. Brackett, Eugene Lamb Richards, Isadore J. Kresel and Hiram C. Todd. Attorneys for the defense included C. C. Herrick, Irving C. Vann, former judge of the court of appeals; Austin G. Fox, Harvey B. Hinnman, Louis Marshall and Roger P. Clark.

### The Possible Penalty

While under the constitution, Governor Sulzer may be removed from office and disqualified and holding from any other legal position, this is the extreme penalty and the court may affix a lighter penalty if it chooses. He must be convicted by a two-thirds vote of members present.

Judge Cullen announced that the question had been raised as to the right of Judges Hiscock, Case and Miller, designated members of the court of appeals, to sit as members of the high court. He said in his opinion the judges should be permitted to sit. Counsel for both sides assented.

The right of Senator Fraley, chairman of the committee which brought out the evidence against Sulzer, and other members of the committee to sit as members of the court was challenged by the defense, but they were allowed to take the oath. The oath was administered to every member of the court.

Judge Herrick announced that Gov. Sulzer desired to appear through counsel. This request was granted. They adjourned until ten o'clock tomorrow morning.

### Both Sides Predicting

Friends of the impeached executive repeated their assertions that he is in good spirits, confident of a verdict that will clear his name of the stigma cast upon it by the adoption of the articles of impeachment. They were no less certain that he had no thought of resigning and thus escaping the ordeal of what promises to be a lengthy trial.

On the other hand, his opponents were free in expressing the opinion that after the legal preliminaries had been swept away and the taking of testimony had begun the governor would surrender his office rather than face cross examination.

From the governor's camp came no intimation of his defense. There were surmises, however. These in effect were that his counsel first would attack the validity of the impeachment on the ground that the assembly had no authority to adopt the articles while in extraordinary session and that efforts would be made to prevent senators who served on the Fraley committee and those who may be called on to testify from sitting as judges.

### Preliminary Objections

If the preliminary objections are overruled—and it is the general opinion today that they will be—it is understood that the governor will base his defense on the claim that whatever he may have done prior to his inauguration last January, none of his acts while executive constitutes a high crime or a misdemeanor.

The belief that the preliminary legal technicalities will be quickly disposed of is strengthened by the assertion today of Chief Judge Edgar M. Cullen of the court of appeals, who will preside over the deliberations of the high court.

"I anticipate no delay either in the opening or the course of the trial," he declared. "I expect we shall be able to decide the preliminary legal questions that may be raised within a few hours and proceed with the taking of testimony possibly on Friday morning."

The procedure to be followed, order of voting and other details, Judge Cullen said, probably would be decided by a committee composed, both of judges of the court and senators.

**CONFIDENCE IS GROWING**

NOTWITHSTANDING LIGHT HARVESTS BUSINESS INTERESTS HOLD OPTIMISTIC VIEW

**LEGISLATION ON TARIFF**

Certainty Regarding That Factor Causing Increased Activity in Many Lines

New York, Sept. 17.—There is an unmistakable confidence in business circles, although the sentiment has been slow to express itself in increased activity. Perhaps the habit of caution begotten by a long period of discouragement still exists but in less degree; thus making initiative correspondingly slow. Perhaps also disappointment regarding the harvest has chilled incipient optimism. In some quarters, nevertheless, there is strong foundation for maintaining hopeful views regarding the future. In the first place there are signs of abatement in the radical tendencies of Congress. There is also an awakening of sober second thought among the people to the disastrous consequences of revolutionary ideas upon national prosperity. These symptoms, if in fact, are not yet very pronounced, but there is distinctly less disposition to tear up the established order of things than was the case some months ago.

The improvement in the monetary situation is already an old and oft-told story. This improvement continues, but there is no prospect of any monetary crisis now in view. So far, the Treasury has put out only \$2,000,000 of the \$50,000,000 promised to aid the crop movement. The currency question has finally reached a stage where it will soon be the only important problem before Congress. The bill in its present form is not entirely satisfactory and needs further revision. Opposition, however, to the best banking sentiment of the country in regard to the law should cease. Banking and currency are highly technical questions which only the experience and the experts can adjust, and it is perfect folly to assume that the banking community as a whole is corrupt and hostile to the best interests of the country. No class of men appreciate character, ability and sound judgment more than bankers, and the bill which meets the approval of the bank and most conservative banking interests is not a whole lot less confident by the American people. Owing to the quiet persistence of President Wilson, there is a possibility of a banking bill being enacted this session of Congress. If a satisfactory measure can be evolved, this promise will be highly satisfactory. If not, final action on the bill should be deferred until the next session, which will follow closely after the existing one.

Another element of encouragement is the early passage of the tariff bill. That measure is already practically in its final form, and the changes made in conference committee will probably be quite unimportant. Within another week or ten days the bill may receive the President's signature and become a law. Thus will end a long period of business uncertainty. The effects of the new tariff have already been very largely discounted. Much business has been long deferred. From now on more activity may be expected for replenishing empty shelves. Large stocks of goods have been held in bonded warehouses for months, and these will soon be released. Our manufacturers have already largely adjusted themselves to the new conditions. Some temporary derangement may follow; but many lines of business will benefit by the changes, and we look for a general revival of activity from this source. A very important result has been gained by the fact that the tariff will now be out of politics for some time to come, thus removing an important business uncertainty.

The harvest has proved somewhat disappointing—the only exception being wheat, which promises a bumper crop. The anticipated yield of our principal crops, based upon the government report, is as follows:

Wheat, bushels, 1913 estimated 774,000,000, 1912 actual 720,267,000; increase, 53,733,000.

Corn, bushels, 1913 estimated 2,350,000,000, 1912 actual 2,124,000,000; decrease, 226,000,000.

Oats, bushels, 1913 estimated 1,066,000,000, 1912 actual 1,418,000,000; decrease, 352,000,000.

Barley, bushels, 1913 estimated 168,000,000, 1912 actual 223,800,000; decrease, 55,800,000.

Total, bushels: 1913 estimated, 4,268,000,000, 1912 actual 5,486,067,000; decrease, 1,218,067,000.

Potatoes, bushels, 1913 estimated 225,000,000, 1912 actual 420,000,000; decrease, 195,000,000.

Hay, tons, 1913 estimated 83,900,000, 1912 actual 71,700,000; decrease, 12,200,000.

Cotton, bales, 1913 estimated 19,000,000, 1912 actual 14,100,000; decrease, 4,900,000.

The money value of these four principal crops at current Chicago prices is about \$300,000,000, as against \$220,000,000 a year ago. In view of the high prices for corn, cotton and other agricultural products, our farmers as a class will receive as much money this year as last year and probably more. This means that a few districts will suffer serious losses; while the great majority of farmers will continue prosperously. Some loss of traffic to railroads will naturally follow, but it should be remembered that the country and its transportation interests are becoming less and less dependent upon crops owing to the growth of population and the marvelous expansion of manufacturing industries. It is not denied that agriculture is a matter of much importance to the railroads, but the losses will fall chiefly upon a few western lines. Moreover it should not be forgotten that we have not yet met with a serious crop disaster, but rather a disappointment of brilliant promises. Furthermore, it should be taken into consideration that the Government very frequently underestimates actual yields in its early reports, and that there is still fair chance of considerable recuperation in both corn and cotton. Savings banks have fallen since the Government report was made and some improvement must have followed.

The stock market is really in a fairly satisfactory position. There is a scarcity of stocks for sale, and prices are noticeably more sensitive to favors than to unfavorable conditions. The money outlook is clear and more encouraging. There is less monetary doubt on this side of the Atlantic than in Europe, where the Bank of England is keeping up an unusually strong reserve in case of needed assistance to either Paris or Berlin, both centers having been under special strain from financing the Balkan war. An easier feeling, however, is shown in London, where there is a better investment demand and where new issues are again being floated with more freedom. On this side there has been a sharp curtailment of security issues, and the result has been beneficial. Our railroads, however, are still in urgent need of new capital; and this is an element which should not be ignored in future operations. During the last few days there has been some speculation as to what will be done with the \$25,000,000 of money now in the treasury from sale of the Southern Pacific. While the technical situation of the market is certainly very good, there is an absence of vigorous leadership and prices are still allowed to drift to and fro in accordance with daily developments. This may be partly attributed to the withdrawal of banking support since the sale of the Southern Pacific securities, which operation is still a strong stock market factor. For the time being the Mexican question seems to have dropped out of sight. More frequent fluctuations are in prospect, with increased activity and a tendency to a higher range of prices.

City Court Defendant Shows Disposition to Become Regular Contributor to Treasury

As a contributor to the city exchequer a man arrested last night probably holds the record. The man was arrested by Policemen Graves and Storey and a complaint charging him with associating with a prostitute was filed against him. This morning he pleaded guilty and was fined. It then developed that this was the third time he had been fined in the city court since Sunday. The first two times he was fined for intoxication. He has a clear competition in his record in a man who has been fined four times in the last twenty days for intoxication, having contributed forty dollars in fines. There are several other names that appear on the police-court docket with considerable frequency. One of these is a young man about town who pleads guilty twice within a week to charges of affray and whose name adorned the docket several times previously.

MR. AND MRS. MCGREGOR AND MISS MCGREGOR ENTERTAIN

An affair that was fairly replete with enjoyment for the large throng that was bidden, was the dance given at the Lake Wichita pavilion Wednesday evening by Mr. and Mrs. W. M. McGregor and Miss Lillian McGregor. To say that it reflected the ability of the hosts and hostesses as entertainers, in every detail would be the most comprehensive statement of the many delightful features that were provided and seldom, if ever, have the young people of this city been more pleasantly and thoroughly regaled. The crisp September air made dancing a joy and the floor was thronged with couples for every one of the sixteen numbers on the program rendered by the Katz orchestra. The grand march began at 8 o'clock, led by Miss Lillian McGregor on the arm of Lester Burns with fifty couples in line and from then until the strains of "Home, Sweet Home" signalled the end of the evening's pleasures, every moment was enjoyed. In the intervals between the dances, delicious punch was served and in the intermission an ice course was an added refreshment feature. The dance program included fourteen regular dances and two specials; one the "Wes" special, was in honor of Miss Lillian, whose nickname is "Wes"; the other, the "Durrett Special" was a compliment to Miss McGregor's guests, Misses Lillian and Lucille Durrett of Fort Worth. It was after midnight before the program was finished and the dancers boarded the waiting cars for the ride home. The guest list for the occasion included Misses Lillian Durrett, Lucille Durrett, Eddie Carver, Genevieve Carver, Blanche Kahn, Lillian Ayle, Edith Mathis, Vivian Mathis, Jess Kemp, Bertha Mae Kemp, Anna Brown, Anna Carrigan, Kathleen Blair, Laura Bell, Ona Bell, Hazel Hunter, Fannie Hunter, Grace Nolan, Carnes, Alice Burnside, Kathleen Stonecipher, Adalynne Gibson, Jennie Perry, Pauline Richolt, Olive Paterson, Frank Gaston, Lillian Deany, Mabelle Jackson, Mabelle Clifton, Evelyn Coffield, Ethel Cobb, Helen Beavers, Tula Stokes, Icie White, Cecil Toban, Mabel Simpson, Gertrude Orth, Dorothy Beavers, Margate Burnside, Carrie Kell, Bess Kell, Helen Nichols, Margaret Burns, C. ### The Little Rifles—Big in Quality

YOU are going to buy a 22 calibre rifle, single shot or repeater—you'll find that many well known crack shots started with a Remington-UMC 22. Their advice now would be "By all means, get a Remington-UMC" because they know that there is a tendency in some quarters to look upon these models as only "a small boy's rifle" and to cheapen them so that they can be sold at a price.

You have just as much right to expect full shooting value in your 22 calibre arm as in your \$75 big game rifle.

You want the Remington-UMC single shot or 22, 25, 10 or 32 calibre, made by the same people who make the famous Remington-UMC Autoloading Rifle.

Or, if you prefer the repeating rifle, the Remington-UMC slide action 22 calibre rifle, with extra safety features, shooting 22 shot, 22 long or 22 long rifle cartridges, at \$30 and up, is your arm. Sold by live dealers of this country—the most popular small calibre rifles in America.

The city commission of Dallas has instructed the city attorney to prepare an ordinance making the minimum charge for electric lighting 50 cents per month, and neither of the light companies will oppose the reduction. The decrease will become effective 30 days after the ordinance has been enacted. In Wichita Falls the minimum charge is \$1.25 per month. The consumer is required to pay this whether he uses any light at all or not.

Last Sunday's Houston Chronicle contained a twenty-page advertisement for the Peden Iron and Steel Co. of that city. This is believed to be the largest single advertisement ever run in the South, and probably in the entire country. This advertisement illustrates in a striking manner the progress and advancement made not only by the Peden Iron and Steel Co. but by Houston and the Chronicle as well. A big advertisement like this is possible only for a company that has a lot to advertise and such a company would of course be out of place in any but a progressive and growing city and none but a progressive and growing newspaper would be selected to carry the advertisement. In less than a decade the Peden Iron and Steel Company has grown from a small concern with a capitalization of \$7,500, to a mammoth enterprise whose trade extends through the south and to many of the Central and South American states, and its capital has been increased to \$1,000,000. This growth was possible only in a city with superior distributing facilities in a developing territory. Such a community demands a progressive newspaper, one that will be a beacon for the community's advancement, and Houston has such a newspaper in the Chronicle. The Chronicle is not only abreast of the community in material advancement but it has blazed the way in political thought in Texas. At times it has been far enough in advance to appear out of accord with political thought in the state, but today the procession has caught up with the Chronicle and no paper in Texas so fully sounds the popular sentiment of the day as the Chronicle.

FARMER DEAN ASKS A LEGAL QUESTION

Editor Times: I note what your editorial says in regard to employed labor under the new law. Now, what I want to know is this: Suppose I have a young man working for me at \$25.00 per month, and I have a young horse, mare or mule that he wants to ride or drive, or otherwise break. Now, this is voluntary on his part; nothing compulsory, but of his individual choosing. Am I liable under the law for any accident that may happen under the circumstances?

Very truly,

C. DEAN.

Wichita Falls, Texas, R. 2, Oct. 17.

Candidly the Times does not know. It has not progressed to that degree where it can afford to maintain a legal department, but is rather of the opinion, from the reading of Section 2 of the law, that it does not apply to farm labor in any event. Section 2 of the law is as follows:

"Sec. 2. The provisions of this Act shall not apply to actions to recover damages for the personal injuries or for death resulting from personal injuries sustained by domestic servants, farm laborers, nor to the employees of any person, firm or corporation operating any railway as a common carrier, nor to laborers engaged in working for a cotton gin, nor to employees of any person, firm or corporation having in his or their employ not more than five employees."

RETURNING NEWLY WEDS GIVEN ROUSING RECEPTION.

Friends of Leonard W. Grayson of the Nell E. Anderson Company here, gave him a rousing and riotous reception when he came in last night with his bride, Dorothy Miss Ruby Van Vactor of Elk City. The couple was met at the train by a large crowd of friends, seized and placed in an automobile and driven over the city to an accompaniment of confusion of noises made by horns, bells, tin pans, saw blades and other in harmonious instruments. After being driven over the city the couple was taken to 1801 Ninth street where they are to be at home and where they held an informal reception to the chivalry party.

The cotton is alleged to have been forwarded from Eagle Pass via Texas City and Vera Cruz, and was consigned to a Mexican, said to be friendly to the rebel cause, and the arms and ammunition reached their destination before it was suspected that the shipment was anything other than cotton for the spinners. J. E. Hobson and wife have leased to R. B. Allen and C. W. Brooks, R. C. Sanders and E. A. Dale, 50 acres of a 320-acre tract 18 miles west of Wichita Falls for a consideration of \$3,000.00. ## Where There Is So Much Smoke There Must Be Some Fire

Our store is not crowded with customers from morning till closing time by accident, for there is an underlying fundamental principle to business getting and its *true value giving*, and true value giving does not mean samples and trash, and shoddy goods cheap; but good, clean reliable merchandise sold at a close price—Merchandise that will stand the test of wear. To be able to sell good, clean merchandise at a low price requires skill in buying and an economical method of distribution. A system free from the expense of bookkeepers, collectors and lost accounts

SICILIAN BANDITS ADMIT THEY MURDERED AND ROBBED

Roma, Sept. 18.—Declaring that they desired to prevent the arrest of innocent people, two well known Sicilian bandits named Bantexzo and Giallo, have written to the Giornale di Sicilia confessing that they are the murderers of Cavalier Serge, estate agent to Prince Trabia, who was found dead on a lonely road near Caltanissetta, Sicily, recently. Serge, who was known to have been in possession of a large sum of money, which he had collected for rentals, had been robbed. The murderers, in their letter added a warning to certain landowners in Sicily not to warn the police when "unfortunate malefactors" ask for small pecuniary aid. Bantexzo and Giallo today are still at large although several squads of government troops have scoured their usual haunts.

"THE CLANSMAN" WILL BE SHOWN SEPTEMBER 20.

The story of Thomas Dixon's celebrated drama, "The Clansman," which will appear on Tuesday, Sept. 20 at Tenth and Ohio is well known to all theatregoers. However, in view of the coming engagement of the play, it may be well to mention it.

"The Clansman" is briefly the story of how the descendants of the Scottish clans, living in the South Carolina hill country, rose up in the year 1867 and threw off the carpet-bagger yoke. Their agency in effecting this result was the celebrated Ku Klux Klan. The hero of the play, Ben Cameron, is a leader of the Klan. His sweetheart, Elsie Stoneman, is the daughter of an Abolitionist, the organizer of the hated Union League. Here is the interplay of love and hate, of passion and circumstance, in which the dramatist delights.

Elsie's father puts forth every effort to enforce negro domination and Ben as stoutly resists. The latter is arrested and clapped in jail by the scalawag white governor of the State who is egged on by the mulatto Lieutenant Governor, Shins Lynch. A federal court martial sentences Ben to death. Elsie begs the lieutenant-governor to save him. The latter says he will if Elsie will marry him (the mulatto). Elsie faints at the shock. Her mother enters and is saddened on learning what his trusted protégé Lynch has done. He has encouraged Lynch about social equality and indeed has told him to go ahead and marry a white woman; but when he learns Lynch wants his own daughter, there is another story and his rage and disgust are beyond bounds.

Yet Stoneman and his daughter are helpless in the hands of the mulatto. It is the Ku Klux Klan who, headed by the rescued Ben surround the house, make Lynch a prisoner and free the old man and his daughter. Stoneman at last sees his gigantic mistake in trying to rule the country by carpetbaggers and negroes and in instilling false ideas of social and political equality. He announces that he will make yet another trip to Washington to induce the authorities there to withdraw the federal troops and allow the Southern people to manage their affairs in their own way. Ben and Elsie are united. A fairer day begins for that portion of the tricked South, thanks to the high purpose, steadfast courage and heroic achievements of the Ku Klux Klan, "an Invisible Empire which within a few months overspread a territory larger than modern Europe, snatched power out of defeat and death and tore the fruits of victory from twenty million conquerors."

OKLAHOMA RANCH WILD WEST HERE SEPTEMBER 20.

The Oklahoma Ranch Wild West show is coming to this city. The late has been definitely fixed for September 20 and one of the most picturesquely interesting exhibitions of its kind ever seen in this city may be looked for with confidence. The Oklahoma Ranch Wild West show, it is announced, has all the best features of the most famous among the old time border exhibitions, together with many novelties that give it a character distinctively its own. Its illustrations of the old life on the plains with a wealth of detail and with what is declared to be absolute fidelity to historic truth; its Indians are real Indians, and they have been selected from the Sioux, Cheyenne, Arapahos and other tribes that have figured so thrillingly in the frontier history of the United States; its old scouts and trappers have actually lived the lives which they reproduce in the arena; the stage-coach drivers are among the last of that reckless daring race of men who crossed the plains and mountains with the reins in one hand and a six-shooter in the other; the cowboys are the real chaps wearing short spurs, high heeled boots, and the cattle ranches; the cowgirls are to the manner born; the Mexicans have been recruited from the great Spanish ranches in Central Mexico; or from the bull rings of the oldest of rebellion swept Old Mexico; and even the troupe of Cossacks, under Prince Taurin, who contrast the riding of the Russian Steppes with that of the American cattle ranch, are declared to be among the most cleverly daring of their race.

Among the border dramas to be given in the great arena when the big show exhibits here will be a thrilling battle between Indians led by the great Sioux chief, Mighty Thunder, and a company of scouts, frontiersmen and cowboys, under the direction of Col. Zach Mulhall, the famous ranchman and sharpshot of Oklahoma. There will be a picturesque attack upon the old stage coach by Mexican bandits, Indians will illustrate the old time method of surrounding and destroying an overland caravan, and there will be other dramatic pictures of former strenuous days on the plains of the great west. Cowboys, cowgirls and other clever people, to the manner born, will present the sports and pastimes of the modern ranch. Marvelous riding and roping feats will be given by Lucille and George Mulhall. An especially thrilling feature that will undoubtedly create a sensation here will be an exciting auto polo game. This great contest will be seen at every performance.

Wild west day will be inaugurated with a new and novel street parade, in which the resources of the Oklahoma Wild West show will be generously exploited upon the streets.

## SCHOOL BOOKS NOW ON SALE

We are now ready to fill all orders for School Books, excepting a few of the High School studies, which will be in latter part of week. To avoid rush at opening of school parents whose children hold promotion cards should have them get together all their old school books, bring them down and exchange in part payment for such books of the new adoption as they may require. Old books if brought to us at the time new books are purchased will be credited at prices set by State Board. No school books will be charged for any one and parents should provide their children with sufficient funds to pay for their books. List of books used in all grades may be had at our store now or of your teacher on opening of school. Please attend to this now and avoid rush.

12,000 TUBERCULAR DOGS SWARM PARIS STREETS. Paris, Sept. 18.—There are between 12,000 and 18,000 tubercular dogs swarming the streets of Paris today, according to Dr. Cadot, of the National Veterinary School, at Alfort. Mothers are warned not to permit their children to keep dogs because the domestic animals seldom if ever escape infection from stray dogs. Dr. Cadot calls the conditions a national disgrace.

### CITATION BY PUBLICATION

The State of Texas, To the Sheriff of Constance of Wichita County—Greeting: You are hereby commanded to summon C. C. Young by making publication of this Citation once in each week for four successive weeks previous to the return day hereof, in some newspaper published in your county, to appear at the next regular term of the District Court of Wichita County, to be holden at the Court House thereof, in Wichita Falls, on the first Monday in December, A. D. 1913, the same being the first day of December A. D. 1913, then and there to answer a petition filed in said Court on the 12th day of May, A. D. 1913, in a suit numbered on the docket of said Court No. 4612, wherein John Threshgill is Plaintiff, and C. C. Young is Defendant, and said petition alleging that on or about the 5th day of April, 1912, your plaintiff and those under whom he claims were the owners in fee simple and entitled to the possession of the lands hereinafter described, to-wit: said lands are situated in the counties of Archer and Wichita within the State of Texas, to-wit: That on or about the 1st day of January, 1913, C. C. Young unlawfully and with force in arms entered upon the said lands and ejected plaintiff therefrom, and now unlawfully withholds from plaintiff the proceeds thereof, to plaintiff's great damage \$2,000. That the land so unlawfully entered and withheld from plaintiff are described as follows: 1st. The North one-half of block 8, League 3, Denton County School land, being 77 acres. 2nd. 94 77-100 acres being all of block 9, League 3, Denton County School land, north of Wichita Valley railway. 3rd. All that part of Blocks 1, 11 and 2, League 3, Denton County School land, which lies north of the Wichita Valley Railway Company's tracks. 4th. All of block 24, and all that part of block 19, and 10, League 4, Denton County School land which lies south of the Wichita Falls and Seymour road. 5th. All that part of blocks 12, 3, 2, and 1, League 4, Denton County School land which lies north of the Wichita Falls and Seymour public road. 6th. Blocks 1 and 2 out of the west one-half of the Margaret Ramsey Survey. 7th. All of block 4 and all that part of block 11, League 4, Denton County School land north of the Wichita Falls and Seymour public road being the same land conveyed by C. C. Young to W. J. Price by two deeds of even date. Wherefore plaintiff sues and prays

for citation by publication to the defendant for writ of restitution and for general and special relief. And your plaintiff further complaining of C. C. Young, defendant, says that heretofore to-wit on or about the 5th day of April, 1912, the lands hereinafter described was conveyed to one J. M. Hines, and that afterward by means said land became the property of your plaintiff. That after making such deed by W. J. Price to J. M. Hines on or about the 12th day of April, 1912, W. J. Price unlawfully and fraudulently executed and delivered to C. C. Young a certain oil and gas lease and pretended conveyance. Your plaintiff says that such oil and gas lease and conveyance above described was void and fraud upon plaintiff's rights and is a cloud upon the title of your plaintiff.

Wherefore, plaintiff sues and prays for citation by publication to the defendant, and upon final hearing hereof for judgment against C. C. Young for the cancellation of the said oil and gas lease and for the removal of the cloud upon plaintiff's title and for general and special relief, costs of suit, etc. Herein Fall Not, but have before said Court, at is aforesaid next regular term, this writ with your return thereon, showing how you have executed the same. Given under my hand and the seal of said Court, at office in Wichita Falls, this 17th day of September A. D. 1913.

A. F. KERR, Clerk District Court, Wichita County.

**THE DULL CHILD IN SCHOOL**  
A teacher is judged, a considerable extent, by the progress of her pupils. If she gets too many dull ones her progress in her profession will be retarded, and she will gain the reputation of being a poor teacher. She will hammer away at the dull ones, giving them far more than their share of time and attention, and will be more or less in a condition of despair because of lack of results. There isn't any doubt that in many cases a child is dull in school because either his vision is poor or uncomfortable, hence that teacher who insists that the eyes of dull children shall be examined to see whether glasses are necessary. No "drops." We know how.

**AMMUNITION SMUGGLERS ON TRIAL FOR MURDER**  
By Associated Press.  
Carrizo Springs, Texas, Sept. 18.—The case of thirteen Mexicans and one American charged with the murder of Deputy Sheriff Ortiz last week was called for trial here today in state district criminal court. The morning was spent in argument of defense counsel. When their attempt to quash the special venire for this case was overruled, the defense moved to continue the case until next term and announced if they failed they would try to secure a change of venue. Charles Cline, the American member of the party whose papers indicate he is a member of the Industrial Workers of the World said today this organization "will not see me punished if money can save me."

**F. D. SCOTT AND MISS RUTH HOFFMAN ARE MARRIED.**  
F. D. Scott and Miss Ruth Hoffman were quietly married at the office of the justice of the peace in Wichita Falls Sunday evening at 7 o'clock. Mr. Scott's home is in Houston where his many friends will be surprised to hear of the good news. Miss Hoffman is from Olney, Texas, where she is popular among her friends. Mr. Scott is a clerk in the Northwestern offices which position he came to Wichita Falls to take. He met his wife in Wichita Falls while she was here on a visit. They have many friends in Wichita Falls all of which wish them happiness and prosperity. They will make their future home in Wichita Falls.

**DREAMERS**  
Men and women who do things, have always been dreamers. They dream of something nearer the ideal than the other fellow then they get busy and do it. "The populace say 'they are a genius,' but they are only ordinary folks that make day dreaming a habit, that must come true. Dreamers in every line, if they develop their ideas, make a hit. They are listed on this mundane sphere as Electricians, mechanics, bankers, lawyers, doctors and preachers, the farmer and the day laborer, battling with adversity. "The best known to the science of our craft is not enough." A better plant and studio, a truer conception of harmony both in subjects and surroundings, telling the story of life today in all of its fullness that the children of tomorrow may read, your life, your thoughts and dream of your great love for those who passed before you, and in so doing be made better for the thought. Our memorials to your loved ones are everlasting. It is not a duty, but a glorious privilege.
