4800 BARRELS OF NEW PRODUCTION

FIFTY SEVEN COMPLETIONS IN NORTHWEST TEXAS FIELD DURING OCTOBER

DAILY TOTAL NOW 33,000

Iowa Park Continues to Hold Interest—News From Shackelford one of Month's Features

The 33,000 barrel mark was reached during October by Northwest Texas oil production, that figure being attained through 4883 barrels new production, resulting from fifty-seven completions.

The Iowa Park district held the center of interest for the month, but there were no marked extensions of the shallow field being developed there. Much work was in progress and the activity there is still unabated. Petrolia came to the front with a good strong gasser and two oil producers and Burk Burnett had several producing completions. Electra, as usual, furnished the bulk of the new production with 4367 barrels.

Another feature of much interest during October was the news from Moran, Shackelford county, where a 200 barrel well was drilled in. This is not of course, in the Northwest Texas field, is not too far away from Wichita to be considerably interested, and developments there are being closely watched.

Runs and shipments for the month were as follows:

Pipe Line Figures.
Electra—J. M. Guffey Petroleum Company ran 73,000 barrels, shipped 60,000 barrels; stock, 50,000 barrels. Texas Company ran 45,000 barrels, shipped 35,000 and let the Magnolia have 100,000. Its car shipments were 3500 barrels and fuel deliveries 4000 barrels; its stock is 100,000 barrels. The Magnolia Petroleum Company ran 300,000 barrels, shipped 35,000 barrels; stock, 350,000, including 100,000 from the Texas Company.

Burk Burnett—The Texas Company ran 4000 barrels, shipped 1500 barrels and delivered 4000 barrels for fuel, stock, none. The Magnolia ran 25,000 and shipped it all.

Iowa Park—Magnolia Petroleum Company ran 4000 barrels, the entire production. Part of this was shipped via two inch pipe line to Iowa Park and the rest used for fuel. These figures indicate a production of about 265 barrels per day in the Iowa Park field.

Petrolia—Texas Company ran 20,000 barrels, shipped 35,000; stock, 50,000. Magnolia ran 13,000, shipped 18,000; stock, 20,000. The developers shipped 6000 barrels to Dallas. For the field as a whole, the runs were 899,000 barrels, shipments 932,000 barrels, a deficit of 33,000 barrels. The gross stock of the field for the month was 1,070,000 barrels, a gain of 23,000 barrels over September, when the gross was 1,047,000 barrels. Completions for October follow:

Electra and Vicinity.
Producers—Wagoner 49, ninety barrels; Wagoner 55, ninety barrels; Wagoner 56, 125 barrels; Marriott 8, 125 barrels; Marriott 9, 120 barrels; Marriott 20, 100 barrels; Stringer 48, 100 barrels; Allen 14, 75 barrels; Bickley 27, 50 barrels; Marriott 4, 125 barrels; Honaker 8, 250 barrels; Herron No. 1, 20 barrels; total, 1270 barrels; one gasser Stringer 19, with 2,000,000 feet, was brought in.

C. R. R. 12, 100 barrels; Allen 57, 200 barrels; total, 767 barrels.

Red River—Bywaters 24, 300 barrels; Bywaters 27, 150 barrels; Bywaters 28, 110 barrels; Bywaters 5, 150 barrels; Bywaters 25, 100 barrels; Bywaters 26, 100 barrels; total 910 barrels.

Cochrane et al—Fee 1 and 2, 20 barrels each; Guff Miller 12, 400 barrels; Miller 24, 500 barrels; total, 900 barrels.

PLAN Y. M. C. A. FOR RAILROAD MEN

PASTORS ASSOCIATION STARTS MOVEMENT AT ITS SESSIONS THIS MORNING

TO MAKE SECOND EFFORT

Matter Will Be Taken With Officials of Railroads Entering This City

Another effort to secure the establishment of a railroad Y. M. C. A. is to be made in Wichita Falls. It will have the support of the Pastors' Association which this morning decided to make an effort to secure such an institution for Wichita Falls. Dr. J. L. McKee was appointed to take the matter up with officials of the organization.

An effort to secure a railroad Y. M. C. A. was made here several years ago at which time a canvass showed more than five hundred railroad men in the city but for some reason the movement failed. Children which has fewer resident railroad men than Wichita Falls has a railroad Young Men's Christian Association.

TRIBUTE IS PAID TO LATE PIONEER

R. P. (DICK) WHEELER SERVED IN DAYS WHEN REAL COURAGE WAS NEEDED

FORMERLY STAGE DRIVER

Drove Coach in Early Days in West Texas—Judge Rye Writes of Some of His Experiences

(By Edgar Rye)
One by one the old pioneers are crossing the Great Divide. And now it is Dick Wheeler who has gone down into the Valley of Shadows to the ferry over the River Styx.

I know him in the wild and woolly days of the frontier. It was one bright morning in May, 1876 that I first saw him mounted upon the driver's seat of an old Rockaway stage coach, drive into old Fort Griffin. He held the "ribbons" over three spans of Spanish mules as wild as deer and as vicious as mountain lions. He came up Griffin avenue with a grand flourish of his whip, each nimble animal in the team with ears back and mouth open, leaping forward like jack rabbits making for cover. They arrived in front of the stage stand amid the cheers of cowboys and soldiers. Uncle Billy Wilson stood in the fore-front to receive the passengers and baggage and to extend true western hospitality. The stage stand employees each grabbed a mule by ear and bridle-bit to allow Dick and the passengers to alight.

It was in the days when men guarded their lives with their six-shooters, and the quickest man on trigger furnished a corpse to plant on "hoolie hill." Consequently, every man was armed to the teeth.

It was among these surroundings that Dick Wheeler lived and worked in a day when no coward dared to face the dangers and hardships necessary to blaze a trail for civilization. When Dallas was a town and Fort Worth a village, Dick Wheeler began to drive a stage from the Texas & Pacific terminal at Eagle Ford, out over the open country to the government posts along the old Mackenzie trail. As the railway was built west he pushed on ahead, carrying mail and passengers from the extension terminals to the farther west. On and on, until the iron rails linked El Paso with the east. Then it was that Dick Wheeler's occupation was gone, and he came to Wichita Falls to live and raise a family. Here he has lived for a number of years, quiet and unassuming.

Few people knew that Dick Wheeler had a past as wild and daring as any hero of a wild west novel. He rarely ever told of the stage hold-up at Mary's Creek in the Trinity bottoms near Fort Worth. It was from other plainmen that the writer learned of his battle with robbers at Doan's crossing of Red River, where two men were left dead as a tribute to his marksmanship. It was only when he was requested to tell the story, that he related the incidents of his fight with the Comanches near Tascosa, in Oldham county.

Dick Wheeler performed a man's part in the days when it required endurance and bravery. Here in Wichita Falls he lived out his span of life, adapting himself to new conditions. And to him, the old west gave place to the empire builders of modern progress. Now he sleeps in Riverside Cemetery—"peace to his soul."

Sherman—More than \$800 has been raised to defray the expenses of the Grayson County Poultry Association, which will conduct its exhibition here, December 3rd, 4th and 5th. A preliminary list is being prepared and will be ready for distribution shortly.

LEGISLATURE PLAYING PROMINENT ROLES IN NEW NATIONAL CURRENCY BILL CAMPAIGN

Washington, Nov. 3.—The complications arising over the enactment of the new national currency bill are absorbing almost the entire attention of congress. President Wilson has had united opposition to his plans, as embodied in the Glass-Owen measure, from the banking interests of almost the entire country. Carter Glass, congressman from Virginia, represents the president in conferences and debates. Leaders in opposition to the bill are Senators Bristow, Reed and Hitchcock. Senator O'Gorman of New York, originally opposed to the measure, is said to have been won over to the president's side. New York bankers had hoped that Senator O'Gorman would lead an active campaign against the measure.

COOPERATION OF FOREIGN POWERS

JOHN LIND HAS CONFERRED WITH RUSSIAN GERMAN AND NORWEGIAN DIPLOMATS

REBEL AGENT IN CAPITOL

Will Doubtless Be Permitted To Confer With President Wilson Regarding the Situation

Washington, Nov. 3.—Reports from John Lind concerning his recent conferences in Vera Cruz with the Russian, German and Norwegian ministers to Mexico, conveyed the impression to President Wilson that there was a disposition on the part of those diplomats to cooperate with the United States in plans for solving the Mexican situation.

No announcement was made today as to any future policy but administration leaders said public stories forecasting armed intervention were unwarranted. The arrival of Robert Pesquera, an emissary from General Carranza, raised the question whether the Washington government would receive representation from the constitutionalists. President Wilson made it clear that officially the government would not receive formal representation, but that in some way or other Pesquera's information would be laid before the American government.

It was learned the rebels have decided not to ask for recognition of their belligerency, but to request that there be no interference from the United States in their own efforts to solve the situation by force of arms.

Several new witnesses have been summoned by the state in the case of the state vs. Cox now on trial at Henrietta. Among the number are J. C. Jennings, John McCauley, Oscar Vitt and E. V. Merchant.

STRIKE STILL ON AT INDIANAPOLIS

BUSINESS MEN WILL PATROL STREETS WHILE GUARD PROPERTY

CARS REMAIN IN BARN

Strikers and Sympathizers Gather So Thickly Near Barn That None Are Moved Out

Indianapolis, Nov. 3.—No effort was made up to noon today to resume the street car service, tied up since Friday night by the strike of employees of the Indianapolis Traction and Terminal company.

Although a special guard of police was detailed to guard strike breakers, the crowds of strikers and sympathizers locked so thickly near the Louisa street car barns that the cars were not run out.

Bankers, merchants and professional men are to guard the streets tonight in order to let the police devote their full time to the prevention of destruction of street car property. Two hundred representative business men were summoned this morning. They were called upon to aid the sheriff under penalty of arrest.

Clubs were used freely today when strikers interfered with policemen running cars into the barn.

HARVESTER CASE ARGUMENT TODAY

FINAL STRUGGLE IN GOVERNMENT'S SUIT TO DISSOLVE BEGINS AT ST. PAUL

SUIT IS IMPORTANT ONE

Differs From Other Anti-Trust Actions, Not Being Against Holding Company or Merger

St. Paul, Minn., Nov. 3.—Opposing counsel entered the United States district court here today for the final struggle in the government suit to dissolve the International Harvester Company as a monopoly in violation of the Sherman law. Members of the court heard final arguments in the case, filed more than a year and a half ago. Two days probably will be consumed in arguments.

Attorney General McKeen's head ed the government's counsel and the harvester company had on hand a formidable array of legal talent. The suit is regarded by officials here as one of the most important undertaken by the department of justice in many years. This is one of the few government prosecutions of a corporate combination. Most of the big cases which have been won in the supreme court have been directed against holding companies or mergers.

The government contends that the International Company was formed for the sole purpose of taking over the interstate business of several companies engaged in selling harvesting implements and that it was in effect the same sort of monopoly as was condemned in the tobacco trust case.

Corisana—Another Texas interurban has been opened to traffic and six passenger cars are now entering this place over the newly constructed Dallas-Corisana line. A large crowd turned out here to see the first trolley car enter this city.

MURDER CHARGE IS FILED AGAINST BARR AND WOMAN

"Lord Jesus, I Am Too Young to Die," Miss Brown's Last Words, Caused Confession of Barr.

By Associated Press.

Dallas, Texas, Nov. 3.—A charge of murder "by aiding and abetting Meade Barr" in the killing of Miss Florence Brown here last July has been filed against Mrs. Allie M. Lake, a young widow with whom Barr claims acquaintance. The charge was filed Saturday but not admitted to public notice until today.

A charge of murdering Miss Brown was similarly filed against Barr several days ago before his arrival here from the Jeffersonville, Indiana reformatory where he first confessed.

"O, Lord Jesus, I am too young to die and my life has been filled with so much trouble," ringing in the ears of Barr, confessed slayer of Miss Brown, was what led to his confession, according to information secured today.

"The words of that woman, uttered as she knelt on the floor after I had struck her with a pistol, and warm blood which spattered over my hand and arm when I drew the knife across her throat is more than I can bear to think of," said Barr. "When I close my eyes I can hear those words ringing in my ears, and I often wake up and find myself trying to wash the woman's blood from my hands and arms."

Officers who have been working on the murder mystery since Miss Brown's body was found lying in the real estate office where she worked on July 28, appeared to be well satisfied today. The grand jury continued its investigation of the case today, but Barr was not before it. He was still in the Waxahachie jail.

HEAD OF PACKING COMPANY IS DEAD

EDWARD MORRIS, PROMINENT CHICAGO STOCKYARD FIGURE SUGGUMBS

LARGE FORTUNE IS LEFT

Estimated at From \$30,000,000 to \$50,000,000. Had Been in Business Since Age of 14

Chicago, Nov. 3.—Edward Morris, president of Morris and Company packers, died at his home today after an illness of more than a year, due to nervous breakdown. Mr. Morris was forty-seven years old and was the oldest son of the late Nelson Morris, pioneer packer. Edward Morris was a multi-millionaire and one of the best known meat packers in the world.

In the will of Nelson Morris, the building of the vast fortune was attributed largely to the genius and energy of Edward, who began his business career at an age when most of his companions were barely out of knickerbockers, being only fourteen years old when he entered his father's office.

The wealth held by Mr. Morris is estimated at between \$30,000,000 and \$50,000,000. He was credited with being the largest individual owner of bank stock in this city.

TOM SMITH IS INJURED; TWO MEN UNDER ARREST

Tom Smith, a well known citizen here formerly employed with Stampfli's bakery, is reported to have been seriously injured this morning when he was attacked by two men in the Elliott place northwest of the city. The two men have been arrested and are being held pending an investigation of the affair.

The attack was witnessed by Harvey Stearns Jr., who was with Smith while the latter was gathering pecans on the place.

According to a story told by the boy the two men came up to a tree which Smith had climbed to shake down pecans and first taking the cartridges out of his shotgun invited him to come down and when he did so set upon him. The two knocked him down and after they had him on the ground are said to have kicked and maltreated him severely.

The trouble is said to have started when Smith ordered a party of pecan gatherers from the place yesterday.

POSTPONEMENT IN ARSON TRIAL

ABSENCE STATE WITNESSES CAUSES DELAY OF CASE UNTIL THIS AFTERNOON

FOR WEATHERFORD FIRST

Eastus Case Is Called But Substitution of Another Sought—May Proceed This Afternoon

Weatherford, Texas, Nov. 3.—Failure of witness F. O. Hill and wife to appear, caused a postponement of the Fort Worth First Baptist Church arson trial here brought here on a change of venue until this afternoon. Prosecutor B. M. Doyle said if the witnesses were present the State would be ready this afternoon, but without them it would not.

The case against Roy Eastus was called first and a short recess was taken while a motion was prepared calling for Lee Weatherford's trial first. Before passing upon this, the court asked the State to announce whether it was ready and the failure of Hill and his wife to appear was followed adjournment.

Lee Weatherford, Bill Ratliff and Roy Eastus are accused of burning the First Baptist Church and parsonage, following the alleged confession of Fred Lavender before the grand jury. Lavender implicated them, but later repudiated the confession. However, the prosecution claims it can make out a case without Lavender.

TWO DEAD, FOUR INJURED, IN BUILDING COLLAPSE

Entire Side of Four Story Structure in New York City Gives Way, Falling On Dwelling

Hartford, Conn., Nov. 3.—The entire side of a four story storehouse in North Front street collapsed today and crashed through the frame dwelling of John Hughes, adjoining. Hughes and his grand-daughter, Eva Dooley, were instantly killed, three other persons fatally injured and another seriously hurt.

Michael Greenberg, owner of the storehouse, said the building was dynamited, but firemen found no evidence of an explosion and declared that faulty construction probably caused the collapse.

OPENING OF PARLIAMENT IS IMPRESSIVE CEREMONY.

London, Nov. 3.—One of the greatest crowds ever seen in Westminster today witnessed the impressive opening of the new Parliament. Interest was at high pitch because this Parliament will finally enact Home Rule for Ireland and will deal with woman suffrage unless Premier Asquith again breaks his promise to allow the House of Commons to consider another vote for women measure.

SCRAPPING LIKE KILKENNY CATS

NEW YORK MAYORALTY CONTEST IS LIKENED TO SITUATION DESCRIBED IN VERSE

SULZER IS LIVE CORPSE

If He Wins it Will be Clear Case of Double Cross for Murphy and Tammany

There once were two cats of Kilkenny each thought there was one cat too many. So they quarreled and they bit— They scratched and they bit. 'Til except for their tails and the tips of their tails. Instead of two cats there weren't any. New York, Nov. 3.—A Kilkenny cat fight. That ancient verse most completely describes the New York mayoralty campaign that will end when the polls close tomorrow night. On the eve of the election one thing stands out clearly. Tammany has had a run for its money. "Chief" C. Francis Murphy has faced the most critical situation in his career as monarchial "Boss" and the Tiger knows it has been in a fight. The verdict tomorrow night will show whether the most determined and organized fight Father Knickerbocker ever waged on the discredited, pretty generally hated, but greatly feared Tammany organization has been successful. The Fusionists today claimed certain victory all along the line. The joker in the campaign deck that the Tammany Wigwag tried to stack was the impeachment of Gov. William Sulzer at Albany. Murphy thought as left a political corpse in the "Deepus" House. The undertaker double-crossed the chief and let somebody get to the supposed corpse with a palmer before the body was embalmed. East side progressives resuscitated the supposed corpse even while the wake was yet on in Fourteenth street and the supposedly discredited Sulzer turned out to be the most powerful Fusionist weapon against the Tiger.

The Albany End.

The Tammany braves stayed at Albany until they thought that Sulzer was "good and dead" and then returned to New York to hold impressive obsequies and hint how powerful was Tammany in the destruction of those who don't bow to the chief. From their standpoint, they fell down when they declined to bar him from holding further office. No sooner had they turned their backs than Sulzer came out with the most virulent attack on Murphy that has ever been made on a Tammany chief. He told how the boss offered him all the money he wanted when he was inaugurated and then followed the offer up with dictation on every appointment within the governor's power to make. Sulzer turned down both the money and the dictation. For this Sulzer was impeached. Sulzer's very plausible story was spread broadcast throughout city and state and the result was the hottest fight that the Tiger ever got into.

Edward E. McCall, the Tammany candidate for mayor was portrayed by Sulzer as Murphy's go between. Sulzer told how McCall, formerly a supreme court justice and now head of the public service commission, always referred to Murphy as the "chief."

New York never before saw such a municipal campaign. The tragic death of Mayor William Gaynor, at sea, cast a damper on the beginning of the struggle, but this was soon forgotten in the heat of battle and early in October the rival factions were at it hammer and tongs. That "politics makes strange bed fellows" is nowhere more true than in New York City, during a mayoralty election. Old party lines are entirely lost sight of. Republicans and Democrats lose their identity. In the present campaign it has been Fusion versus Murphy's Tammany. Had Mayor Gaynor not died, there would have been three candidates, with Gaynor an independent. When Murphy decreed, in the little back room

at Delmonico's, that McCall should be his' candidate. Gaynor announced his independent candidacy, without endorsement by any party, and a crowd of more than 10,000 Gaynor Leaguers, a voluntary organization, crowded city hall park and nominated Gaynor by acclamation, as he stood, too weak to speak on city hall steps. The Fusionists nominated John Purroy Mitchell, a Wilson Democrat, for mayor and on the same ticket placed District Attorney Whitman, a staunch Republican, for reelection. Whitman at the same time accepted an endorsement of Tammany. This of course was one of Murphy's clever moves to keep the police graft issue out of the campaign but at the same time it insured Whitman a practically unopposed election.

Effect of Sulzer Contest.

Then came the Independence Leaguers, headed by William Hearst, who snatched Mitchell and some of the other Fusionist candidates, and played directly into Murphy's hands by repudiating other members of the Fusion ticket. The places of the repudiated candidates were filled up by their own applications. This left some candidates for office on all tickets and rival candidates for party offices. On no ticket were party lines drawn.

The injection of the Sulzer impeachment into the fracas brought popular interest to the boiling point.

Mitchel added fuel to the flame by openly declaring there was fraud in the registration. Murphy, through his usual underground channels (Murphy himself never talks) demanded a grand jury investigation. The grand jury merely told Mitchell that if he had any communication to make to it, it would be glad to hear it, and dropped the matter.

A ship from Africa brought a Mahogany log that was rippled with rich, heavy, cross-grained marks. In Grand Rapids a factory sliced it into many feet of marvelous veneer and this was made into the tops of sturdy tables, buffets, etc. Another log came from the oak crowned hills of Virginia, and in time it, too, appeared as a massive Turkish rocker. From far and near we gathered this furniture, each piece with a fascinating history, each a joy in comfort and utility, 4,782 pieces of it here to honor your coming tomorrow—a truly wondrous stock for your selection. Come tomorrow, then. The visit will do you good. We shall take pleasure and pride in showing you through.

Virginia Bride. When I was but a little urchin, And she a tiny little lass, Her barley stick and ginger cookie She shared with me in spelling class.

When I, inflated with young ambition, To seek my fortune went away, She begged in all my lofty prospects Nor begged me once at home to stay.

And still, when I came stealing home ward, Improved (I hope) by unsuccess, Did any ask if I had prospered, With kindling eyes she answers "Yes!"

When late I begged a priceless honor I had not earned and ill could claim; She wore for me the orange blossom And changed for mine her ill name. —Sarah N. Cleghorn.

FRAIL, WEAKLY CHILD

Made Strong by Vinol. So many cases like this are coming to our attention for the benefit of others and mothers of weak, sickly, flailing children in this vicinity we publish the following letter: Mrs. J. P. Weatherford, Litchfield, Ill., says: "We have had an invalid child for the past nine years and until we began using Vinol, we sometimes thought there was little hope for him. He would have terrible coughing spells at night, and they would leave him so exhausted. We tried everything, but to no avail. At last some one suggested that we try Vinol, and we noticed a change in him from the very first. The coughing spells ceased and he gained in strength right along. We would not be without it and would advise parents who have frail and weakly children to try Vinol." This is because the child needed strengthening col liver elements and the tonic iron that Vinol contains. No oil, delicious taste. Children love it. We give back your money if Vinol does not benefit. READY MONEY WILL BE THEATRE OFFERING TONIGHT

Theatregoers of this city will have an opportunity to see a refreshing, novel, "Ready Money" the James Montgomery comedy of love, finance and thrills, which William A. Brady, Ltd., will present at the Wichita Theatre tonight. "Ready Money" was produced in London last August and is a play by Sir Charles Windham's New Theatre, and enjoyed an "eight months" run, while "American company" was having a remarkable run at Maxine Elliott theatre, New York.

That a man cannot succeed without woman's help is one of the morals to be drawn from the Montgomery comedy. Had not Stephen Baird the gro been in love with the right kind of a girl, he would never have endured hardships and bent his energies as he did to winning the fortune which brings him happiness and a wife, here appears a very vital conflict in the family—mother and daughter at variance about a thing that concerns no deeply and the other innocent such, and both holding a very deep ve for the other. Often the reason for the mother for objecting to her daughter's choice are not of the fairest, but that makes the conflict no hard for both. It is such a conflict between mother and daughter that supplies a compelling love interest to the modern romance, "Ready Money."

The New York company that will be seen in this world-wide success are Robert Morris, John M. Kline, Robert Webber, Harry Elmore, Robert Jones, Mary Sullivan, Mae Reese, Ruth Farnum, Marjorie Conroy and Jean others.

Houston—The Houston Ship Channel will be completed in March, 1914, and it will be turned over by the United States government to deep sea navigation. To prepare for the coming of the big ships, the city is planning the construction of free wharves and docks at the turning basin located at the upper terminus of the channel. Construction is to begin at once.

Wichita Falls, Texas, Nov. 3, 1913

Under the provisions of the new income tax law only those who draw an annual salary, or have incomes of \$20,000 and over will be honored by a visit from the income tax collector. The others will simply have the tax taken out of the pay envelope. And this arrangement causes us no worry.

The next meeting of the National Editorial Association will be held at Houston and the next meeting of the State Press Association is to be held at Wichita Falls. While in the state the National Editorial Association will make a tour of several of the larger cities, and Wichita Falls should not fail to make an effort to be one of the favored cities.

To stand still is not much better than to retrograde. No city ought to be content to stand still; neither should any real progressive city lag behind in the making of necessary civic improvements. For this reason Wichita Falls must do something, and in the judgment of the Times the best thing to do now is to adopt that new proposed charter. If that is done, the city government can then catch up with the procession. To defer the charter will greatly retard the growth and prosperity of the city.

Tomorrow New York City elects a new mayor. John Purroy Mitchell is the candidate of the Fusionists, while Tammany, claiming to be the regular Democratic organization, has put up as its candidate Judge McCall. President Wilson, so the Washington dispatches say, is anxious for the overthrow of Boss Murphy, and therefore favors the election of Mitchell. While Senator O'Grinn is standing by McCall, if Tammany loses, it means the undoing of Murphy, and his fall in the city of New York. The result of that election is attracting more interest than any of the other elections that will occur tomorrow in the several states. If Mitchell wins, his election, nationally, will mean more of a victory for the Democratic party than if McCall should be elected. Tammany is out of harmony with the Na-

PROTEST FROM A MUSIC LOVER

To the Editor of the Times: Mr. Marlow is to be congratulated for having brought "Robin Hood" to Wichita Falls, but it is to be deplored that the enjoyment of such an attraction should be marred by the uproar that came from the second balcony, particularly when some of the society bloods participated. The southern sons are supposed to pride themselves on their chivalry to women but on Friday evening one could feel that such chivalry only a tradition. Imagine the feeling of the young lady sitting in the parquet whose name was repeatedly called out from the upper balcony; also the feeling of the appreciative audience and the Prima Donna herself at having her most prominent solo made almost inaudible by all sorts of noises from above. Evidently some of the native sons forgot themselves or haven't been about much, else they would have absorbed something. Suffice it to say that the management would do well to take the rough-housed and paper-shower of the past.

TARIFF IS NOT LOWERED ON THEATRICAL SUPPLIES

Devotees of Theatre Will Profit but Little by Passage of Under-wood-Simmons Bill

Washington, Nov. 3.—Glare of the footlights didn't squint the eyes of Democrats who framed the new tariff law. They apparently had little thought of reducing the cost of theatre-going in their "revision downward" to lower the cost of living. The stage-actors and play-goers will be little cheaped, if any, as the result of the tariff reductions. Of course, lambs and hams are made free of duty, but actors and actresses can find little financial solace in the new law. Neither can the devotees

of the theatre, especially the "movie men."

Theatrical supplies may even be slightly higher, as a result of the tariff revision, while increased import taxes on foreign moving picture films and complete photoplays, are given a new and almost prohibitive tax. Exposed and developed "movie" films must pay about 50 per cent of their value in duty now, as compared with 20 per cent under the old law. "Raw" unexposed film, however, is not subject to any duty. This gives American "movie" concerns the edge against foreign competition. It promises presentation of fewer foreign picture plays.

For the actor and actress, the new law increases about two per cent the duty cost of cosmetics, theatrical grease paint, pencils, powder, etc. Eyebrow pencils, however, are reduced about ten per cent. "Stage blondes" may be benefited by the lopping off of one-half the duty on bleaching powders. The duty on hair curlers, so dearly loved by stage folk may be cheaper by the reduction in the new law of three cents a pound duty on calcium. However, most of the spotlights nowadays are electric. Opera glasses may be cheaper, too, as the import duty has been lowered to 10 per cent. Wigs of real hair do not promise to sell cheaper at retail, as the duty of 25 per cent in the old law has been retained. Cheap horse hair wigs may drop at retail, however, as the import tax has been chopped considerably.

Burlesque theatre patrons—actresses—may be pleased to know that the duty on cotton tights has been cut in half. This may result in cheaper tights at retail—and more of 'em. Skeletons, too, are on the free list. Skins dressed lower are reduced in duty to ten per cent while undressed skins are on the free list.

FIRE EARLY TODAY NEAR WATER AND LIGHT PLANT

A house near the power plant and pump station of the Wichita Falls Water and Light Companies owned by Moore and Nichols and occupied by Earl Nash and family was destroyed by fire early this morning. The fire started in the roof and is believed to have originated from a flue. The building was destroyed but a part of the furniture was carried out.

REVIVAL OPENS AT M.E. CHURCH

REV. VAN MARGER PREACHES TO TWO LARGE CONGREGATIONS SUNDAY

OTHER NEWS OF CHURCHES

Dr. Hill Chosen To Preach at Union Thanksgiving Services—Presbyterian Sunday School Moves

Two large congregations yesterday heard Rev. Van Marger at the First M. E. Church, opening the revival services which will continue all of this week. Much interest was manifested and it was felt that the outlook for a very successful series of meetings was excellent. "Brother Van" comes from Oregon and describes himself as being of "average height and ugliness." In speaking he pushes the pulpit back out of his way, saying he prefers to get where he can look his audience in the face. His subject yesterday morning was "One Thing Thou Lackest;" in his sermon he spoke of the things the church possessed in the way of power, equipment, social prestige and the like but said it was lacking in consecration and a passion for souls. He uttered a plea that such consecration might enter into his hearers.

At the night service his text was "Awake, Thou That Sleepest." In this sermon Mr. Marger drew the parallel between physical sleep and spiritual sleep; among other things he said that just as physical sleep might be superinduced by poison, so spiritual sleep might be brought about by the taking in of false doctrines that were being circulated. In concluding he told a graphic story of a man, asleep at his post of duty with danger ahead, and compared the experience to that which might confront the church today.

The music will be a special feature of the services. Mrs. Marger is a soloist and yesterday there was music by a male quartette. Services will be held each evening of this week.

Beginning next Sunday, the Sunday school services of the First Presbyterian Church will be held in the College of Music and Art. It has been found necessary to move from the old Y. M. C. A. building and the college rooms will be used until the new church is ready.

At this morning's meeting of the Pastors' Association, Dr. J. W. Hill was selected to deliver the sermon at the union Thanksgiving services, which will be held this year at the Central Presbyterian Church.

The M. E. Church, South, is launching a campaign to free its building from debt and expects to pay off considerable of the indebtedness. The congregation built for the future when the present church home was constructed and as a result the building is not yet entirely paid for; the payments are to be on the basis of one-fourth down and the balance in three, six and nine months.

The North Texas Conference of the M. E. Church, South, will convene a month from here at Clarksville, Texas, and efforts are being made to lose the conference year in the local church with full reports from every department.

Next Sunday will be "grand rally day" at the First M. E. Church, the services being in the nature of a "round trip" for which tickets were issued yesterday. The services will start at 9:45 and continue until 11:45.

NEW JERSEY'S CAMPAIGN PRESENTS MANY ANGLES

Fielder, Wilson's Successor as Governor, is Democratic Nominee, With Much Opposition

Trenton, N. J., Nov. 3.—New Jersey's campaign is ended today. It is all over but the shouting as far as the election of a governor and a legislature, together with the election of numerous city and county officers, is concerned. All candidates ended their appeals today and the voters will give their answer at the polls tomorrow. Many Jerseyites declare tomorrow's election to be an expression of opinion—and the first from any state—on President Wilson's administration, since Wilson has openly declared for Acting Governor Fielder, who assumed the office of chief executive when Wilson resigned to go to the White House. Fielder has continued the policies started by Wilson when he was governor. He has continued to turn down the bosses and has turned a deaf ear to every suggestion from Jim Nugent, state boss for many years and ex-Senator Smith, on whom Wilson, when Governor, waged open and relentless war, in every policy of administration and legislation.

Democratic predictions are that Acting Governor F. Fielder, Democrat, will be elected to the chief executive office, defeating former Governor E. C. Stokes, Republican and former state Senator Everett Colby, Progressive, not to mention the prohibitionist, socialist and other candidates. Claims are made also that the

Democrats will remain in majority in the legislature thus giving them continued control of state affairs and state officers. But Republicans are also making claims of success today. The supporters of former Governor Stokes are figuring out a Republican sweep that will elect him and return the party to control of the state. The progressives see a great slump from both old parties and the election of Colby, although even in their most optimistic moments they are not counting much on the legislature.

Democrats base their claims for success on the split in the Republican ranks, due to the break with the progressives. They declare Governor Fielder will poll practically the entire Democratic vote excepting only in Essex county where his war on Smith and Nugent may result in some cutting. The governor's recent repudiation of the Smith-Nugent crowd, it is believed, will cost him votes in Essex, the home county of these old time leaders, but is expected to make him support elsewhere.

SAVE OLD ST. JOHN'S

Historic Church Edifice in N. Y. to be Conserved.
Old Chapel of Trinity Parish, Is One of the Two Structures of Their Kind Standing on Manhattan Island a Century Ago.

New York.—Blocking the road of progress—even where it is the road of temporary progress—only is an offense of which growing cities are rarely impatient. They are apt ruthlessly to destroy for some immediate commercial end landmarks which cannot be restored when, after a few years, the road of progress must be shifted again. New York naturally is particularly apt to be hasty in such matters. Perhaps, in view of the comparative scarcity of historical architecture worthy of preservation, it has more excuse than some older cities for an un sentimental attitude. All the more

Portico and Spire of St. John's.

reason therefore exists for protecting whatever exists that is worthy. And the case of St. John's chapel of Trinity parish is a notable case in point. The beautiful old building in Varick street has had many narrow escapes already, and Trinity Corporation can hardly claim the credit for its survival into its one hundred and fourth year. Rather the vigilance of the newspapers has saved it. It is the newspapers again which have widely advertised those recent plans for street improvements to meet new conditions in the region of west side warehouses which contemplated once more the sacrifice of St. John's rather than, for instance, any part of the ugly pile of brick across the way—the freight station which was the usurper of the park which once faced the chapel, and though the fashion that requested it has moved far uptown, should still face it. Publicity is doing its part. For the rest the present status of affairs is indicated in the following statement from George McAneny, who, as borough president of Manhattan, has the streets in charge. "It is recognized," says Mr. McAneny, "by all who want to preserve the old landmarks of New York, that nothing should be left undone to prevent the demolition of St. John's chapel. The matter is in abeyance now, pending the acquisition by the city of the park which is to be taken in connection with the widening of Varick street. When the map has been fixed, however, the board of estimate and appropriation will have the power to change the line of either the roadway or the sidewalk. I propose to ask the board to take action upon this matter at the first meeting in September. It is impracticable to obtain action before that time, because any change in the plans at present would involve the reopening of the entire proceeding for widening Varick street, and that would mean a long delay."

St. John's chapel is one of the two-church edifices that were standing on Manhattan Island a century ago, the other being St. Paul's chapel, between Fulton and Vesey streets on Broadway. The Trinity church, which then stood in Broadway opposite Wall street, was not the present Trinity church, which is the third on the same site, the first, consecrated in 1698, having been destroyed in the great fire of 1776, and a subsequent structure, erected after the Revolution, pulled down to make way for the present one. St. George's, on what was known as Chapel hill at Cliff (then Van Cliff) and Beekman streets, was the first of the Trinity chapels to come into existence. It was consecrated in 1752, but became a separate charge in 1811. The edifice was burned in 1814 and rebuilt the following year, and after 1846 rebuilt once again on the ground on which it now stands, in Rutherford place.

DECLAMATION LEAGUE LETTER

DIRECTOR VANCE CALLS ATTENTION OF TEACHERS TO UNIVERSITY SCHOLASTIC LEAGUE

SUBJECTS ARE ANNOUNCED

Worth While Prizes Offered Winners in Public Speaking and in Athletic Contests

Prof. E. L. Vance, general director of the Wichita Falls District of the University Interscholastic League has issued a letter to the teachers of the schools in the district directing attention to the contests to be held under the auspices of this organization.

His letter follows:
To the Teachers in the Counties of the Wichita Falls District:
I wish respectfully to call your attention to the state organization of the University Interscholastic League. It has now time to make arrangements to make preparation for the contest held under the auspices of this organization. The purpose of the work is to give to the pupils in the public schools such training in public speaking and in physical exercises as to make them grow into more useful and efficient citizens.

To facilitate the work of the league the State is divided into sixteen districts, each of which include a number of counties. The Wichita Falls district includes the counties of Wilbarger, Wichita, Clay, Morton, Knox, Baylor, Archer, Throckmorton, Young, Jack and Wise. Each county has its own organization under the general supervision of the district committee, which in turn is under the control of the state committee of which Prof. E. D. Shurtz of Austin is chairman.

Public Speaking and Athletics.
The league holds annual contests in public speaking and in athletics. In public speaking there are three distinct contests; one in debating; one in declamation; and one in oratorical declamation. There are also junior and senior contests in athletics. The contests under this organization holds its contests at some time between November 1 and March 1. The winners in the county contests meet at Wichita Falls at some time between March 1 and April 1 to engage in the district contest. Likewise the district winners meet at Austin on May 1, 1914, to participate in the state contest.

Any school that does not offer courses above the ninth grade is eligible to enter the junior contests in declamation and in athletics, and they may also enter the declamation and in athletics contests open only to schools which offer work above the ninth grade. All public schools and private schools below collegiate rank may enter these contests. To entitle any school to participate in this contest the membership fee of one dollar is required. Send this fee to Prof. E. D. Shurtz, Austin, Texas.

Question For Debate.
The question that is to be debated this year is: "Resolved, That at the regular session of the Texas legislature there should be enacted a compulsory education law requiring children between the ages of seven and fourteen, not mentally or physically incompetent, to attend school more than six months during each school year." The subject for the senior declamation contest in this particular district will be on some phase of industrial peace. For the junior contest in declamation any subject may be chosen. After you have read your pamphlet containing full directions of the subject for debate, together with particulars relating to the organization and conduct of a debating society.

Special Prizes Offered.
There are special inducements offered to the schools of the Wichita Falls district this year. The Chamber of Commerce of Wichita Falls offers a prize of \$100 to the winner in the senior declamation contest \$50 to him who wins first place; \$40 to the second best. The state prize are as follows: Mr. Francis W. Wainwright of Dallas, offers a state cup in the senior declamation contest; the Dallas News, a state cup in junior declamation; Eugene L. Harris of Paso, a state cup to the winning athletic team in the high school class; the A. G. Spalding Company offers a state cup to the winner of the academy class. To the school whose team wins first place in the final debating contest, the American Book Company offers \$50 worth of books; to the debating team which wins second place in the final debating contest, Ginn & Company offers \$25 worth of books; to the school whose representative wins first place in the final state declamation contest, Martin and Hoyt Company offers \$5 worth of books; to the school whose representative wins second place in the final declamation contest, the Macmillan Company offers \$25 worth of books; to the school whose representative wins first place in the junior declamation contest, Rand McNally and Company offers \$50 worth of books; to the school whose representative wins second place in the junior declamation contest, Hinds, Noe and Ellinger offers \$25 worth of books; to the winners of the relay race in each of the three classes the University of Texas offers all banners, appropriately lettered finally to each member of the two debating teams that qualify for the final contest the University of Texas offers debating scholarships. These scholarships entitle the holders to exemption from matriculation fees while students at the University on

BAY STATE MAY ELECT PROGRESSIVE GOVERNOR

Possible but not Probable that Massachusetts Will be First One to do It

Boston, Nov. 3.—Is Massachusetts to be the first Eastern state to elect a progressive governor? That question, during the past month and today has been asked as many times as there are voters in the Bay State. When Massachusetts answers that query tomorrow in the annual gubernatorial election, it may be "no," but political sharps throughout the state—when they forget everything but the way that old Massachusetts has asserted in three previous elections—admit there is a "possibility but not a probability." That there is strong likelihood of a heavy and increased progressive vote everyone admits for it is argued that the baby party is lighting not for a hold but for a stronger hold in Massachusetts.

It is the first time in many years here are four major candidates for governor. In the past year, political here have shifted like the quicksands of a river bottom. The chances of the chances of Gov. Foss from the subject in Republican and the law of independent, have made and lost him votes—and incidentally aided in "mixing things." Foss has a wonderful personal following. Some of them have followed him like a flock of sheep the hell weather ram. Progressives draw about equally. The Republicans and Democrats in their first entire last year, with perhaps a slightly greater disaffection from the Republican ranks. This year they declare the same following is with them with others added. If this is true Foss may split the Democratic vote enough to give the progressives the fifth spine to fill—if the other parties, whose ranks are anything but old, don't do the splitting, thereby saving Foss to draw his fourth ace. The candidates are Congressman A. S. Gardner, Republican, son-in-law of Governor Hiram Berkeley; Gov. D. Walsh, Democrat, who claims to have a united party behind him; Charles Sumner Bird, progressive who has spoken in every city and town in the state.

Progressives have a popularly chosen candidate who claims to have practiced party principles in his big industrial plant; who has made one of the most thorough campaigns ever attempted in the state, and who has been aided in his campaign by progressive big guns from other states; he is Albert J. Beveridge and Gov. Hiram Johnson of California kicked over the traces when the Republican convention didn't approve four of his planks, and this seems to prove claims of other parties that there has been some dissension in Republican ranks which will be noticed tomorrow. The Democrats have stood pat on past performances, exhibited nothing but peaceful sympathy to the outsider—and have avoided controversy. Their campaign has been rather quiet. The unknown quantity admittedly is Gov. Foss. He declares his candidacy at the last minute, making the New Haven railroad, his maize of trolleys and similar public service corporations the center of his fight. He was left without a party when the Democrats refused to endorse his last administration.

ARTICLE II. Annual Estimates, Budget and Tax Levy.

Section I. Annual Estimates. On or before the first Monday in October in each year or on such date as shall be fixed by the Board of Aldermen, the heads of the departments, officers and Park Directors shall send to the Mayor a careful estimate in writing of the amounts, specifying in detail the object thereof, required for the business and proper conduct of their respective departments, offices and commissions during the next ensuing fiscal year.

Section II. General City Estimate. On or before the third Tuesday in April each year or on such date as shall be fixed by the Board of Aldermen, the Mayor shall submit to the Board of Aldermen an estimate of the probable expenditure of the city government for the next ensuing fiscal year, stating the amount required to meet the interest and maturing bonds of the outstanding indebtedness of the city and the warrants of all departments of the municipal government in detail, and showing especially the amount necessary to be provided for each fund and department; also an estimate of the amount of income from fines, licenses, water and all other sources of revenue, exclusive of taxes upon property, and the probable amount required to be levied raised by taxation to defray said expenses and liabilities of the city.

Section III. Budget. The Board of Aldermen shall meet annually prior to fixing the tax levy and make a budget of the estimated amounts required to pay the expenses of conducting the business of the city government for the next ensuing fiscal year. The budget shall be prepared in such detail as to the aggregate sum and the items thereof allowed in each department, office or commission as the Board of Aldermen may deem advisable.

Section IV. Appropriation Ordinance. Upon said budget, as adopted and filed, the Board of Aldermen shall pass an ordinance not later than the second Tuesday in May in each year, in which it shall appropriate such sums of money as it may deem necessary to defray the expenses and liabilities of the city and in such ordinance shall specify the objects and purposes for which such appropriations are made, and the amount appropriated for each object and purpose therein named for the ensuing fiscal year.

Section V. Tax Levy. Such ordinance shall include the proper levy in mills upon each dollar of the assessed valuation of all taxable property within the city, such levy repre-

senting the amount of taxes for city purposes necessary to provide for payment during the ensuing fiscal year of all properly authorized demands upon the treasurer. No personal street or poll tax shall ever be levied.

ARTICLE IV. Assessment and Collection of Taxes.

Section I. Method of Assessment. The Board of Aldermen shall have the power by ordinance to regulate the mode and manner of making out tax lists, inventories and appraisements of property for taxation, and to prescribe the oath that shall be administered to each person on such condition of his property, and to prescribe the manner and form of assessment rolls, and to fix the duties and define the power of the City Assessor and Collector, and adopt such measures as the Board of Aldermen may deem advisable to secure the assessment of all property subject to taxation within the city; to provide for the equalization of all taxes assessed, for which purpose the Board of Aldermen shall either sit as a Board of Equalization themselves and hear complaints under such rules and regulations as may be prescribed by ordinance or select three freeholders as a Board for that purpose and to collect taxes due thereon; and may by ordinance provide that any person, firm or agent in control having property subject to taxation or being liable for any tax under the provisions of the charter and neglecting, failing or refusing to render a list, inventory and appraisal thereof or failing or refusing to make oath therein as required by the ordinance of said city, shall be liable to such fines as may be prescribed, not exceeding the amount herein elsewhere authorized.

Section II. The Board of Aldermen shall have full power and authority to provide by ordinance for the seizure and sale by the City Assessor and Collector of a sufficient amount of personal property of any delinquent taxpayer to pay all taxes due on said personal property by said delinquent to the city, together with all interest, penalties and costs, which seizure and sale shall be made without necessity of any writ, and by virtue of the tax rolls of said city, which shall be sufficient warrant for said purpose, and such sale shall be conducted and notice given in the same manner now provided by law for the sale of personal property by county tax collectors, and at such sale the purchaser shall acquire absolute title to the property sold.

Advertisement and Sale of Property Delinquent Taxes.

Section III. The Board of Aldermen shall have full power and authority to regulate advertisements and sales by the Assessor and Collector of personal property upon which taxes may be unpaid, and to provide for the perpetuation of all proceedings with reference to such advertisements and sales; and to pass all ordinances necessary to enforce the collection of such taxes.

Taxes—When Due and Payable, Interest and Penalties.

Section IV. All taxes due the City of Wichita Falls shall be payable at the office of the City Assessor and Collector, and may be paid at any time after the tax rolls for the year have been completed and approved, which tax rolls shall be completed and approved not later than October 1st, and no demand shall be required to be made upon any taxpayer whose duty it shall be to attend at the Collector's office and pay the same as aforesaid.

All taxes levied and collected for the year 1913 shall be paid by February 1st, 1914, or thereafter bear interest at the rate of six per cent per annum, and all taxes hereafter to be levied for the year 1914 and subsequent years shall be paid by the first day of February of the year succeeding the levy, and when not so paid by February first, shall thereafter bear interest at the rate of six per cent per annum, and in addition thereto there shall be collected an additional ten per cent upon the amount of such taxes as a penalty against the person, firm or corporation failing, neglecting or refusing to pay such taxes by the time when the same began to bear interest as aforesaid, which penalty shall be collected by seizure and sale of personal property of the delinquent or by suit, the same as herein provided for the collection of taxes.

Section V. All property of railroad companies of whatever description lying and being within the City of Wichita Falls on the first day of January of each year shall bear a proportionate share of municipal taxation, and if any such property shall not have heretofore rendered for taxation for any year, the same shall be assessed and taxes collected thereon in the same manner as herein provided for other unrendered property of previous years.

Tax Liens.

Section VI. The annual assessment of taxes made by the City of Wichita Falls upon landed property shall be a special lien thereon, and all property, both real and personal, belonging to any delinquent taxpayer shall be liable to seizure and sale for the payment of all taxes and penalties due by such delinquent; provided that the homestead of such delinquent shall only be liable for the taxes due thereon.

All real property in the City of Wichita Falls upon the first day of January of each year and subject to taxation by said city, shall stand charged with a special lien in favor of the city for all taxes levied against the owner thereof during the year, superior to all mortgages and other liens thereupon, except the liens for the state and county taxes, and all persons purchasing the same after the first day of January of any year shall take the same subject to such lien, and the city may intervene in any suit for the foreclosure of any other lien and assert its right, or may institute an independent suit and make all mortgage and lien holders and subsequent purchasers parties for the purpose of enforcing its lien, or

recovering personal judgment for its taxes; and the said city shall be authorized and it is hereby made the duty of the City Assessor and Collector to file the proper statement of the taxes in any court a bankruptcy administrator, the estate of any bankrupt taxpayer.

In all cases where a taxpayer makes an assignment of his property for the payment of his debts, or where his property is levied upon by creditors by writs of attachment or otherwise or where the estate of a decedent is become insolvent and the taxes assessed against such in whole, or the amount of such unpaid taxes shall be a first lien upon all such property; provided that when taxes are due upon the estate of a deceased person levied hereon provided for shall be in civil suits. And if the defendants subject to the allowances to widows and minors, funeral expenses and expenses of last sickness; and such unpaid taxes shall be paid by the assignee when said property has been assigned, by the sheriff out of the proceeds of sale in case such property has been seized by attachment or other writ, and by the administrator or other legal representative of decedents, and if said taxes shall not be paid all said property may be levied on by Tax Collector and sold for such taxes in whose hands it may be found.

Personal Property—Removal of Precedence.

Section VII. If it comes to the knowledge of the City Assessor and Collector at any time after the levy of taxes for the year that any personal property subject to taxation in the city is about to be removed from the city, and the owner of such property has not other tangible property in the city sufficient to satisfy all assessments against him, the Assessor and Collector shall, if said property has not been assessed, proceed at once to assess the same and he shall thereupon levy upon a sufficiency of such property to satisfy such taxes and all costs and penalties as provided in the preceding section; and the ordinance levying taxes for the year and the assessment made upon such property shall be sufficient warrant for so doing and to vest title in the purchaser.

Tax Suits, Foreclosure and Sale Redemption.

Section VIII. The City of Wichita Falls shall be authorized and it is hereby given the right to institute suit in any court in Wichita County having jurisdiction under the constitution and laws of the state at any time after taxes become due and are delinquent as herein provided, and to recover personal judgment for the amount of taxes remaining unpaid by any person, firm or corporation, together with all interest, penalties and costs, and if any part of any such delinquent tax list shall be due upon any landed property, the city shall have the right to foreclose and to have its lien thereon foreclosed and such property sold as provided by law for the foreclosure and sale of property under mortgage or other lien; provided that in all cases where lands are sold the owner shall have the right within two

years from the date of sale to redeem his land from the purchaser under such judgment upon the payment of double the amount of money paid for the land, and failing to do so, the title of the purchaser shall become absolute without further act or proceeding. The privilege of redemption shall constitute part of the judgment and deed made to the purchaser and such cases need not be inserted in the deed.

Tax Suits—Non-Residents Process and Service.

Section IX. In all suits for the foreclosure of a lien upon lands or lots by the city, if the defendants or any of them be alleged to be non-residents, or if the residence of such defendants is unknown, or the owner or owners of said land or lots are unknown and the City Tax Assessor and Collector or City Attorney shall make oath to that effect at the time of filing the petition, or at any time subsequent thereto, then citation shall issue and service shall be had as is now required by law in suit for the collection of state and county taxes in like cases.

Tax Suits—Non-Residents, Judgment and Foreclosure—Redemption.

Section X. In case the service of notice provided in the preceding section be by publication the case shall stand for trial at the second term of court. The suit shall be held in all respects to be a proceeding in rem, and the court shall hear proof and render judgment in favor of the City of Wichita Falls against each parcel of land for the amount of tax, interest, penalty and costs legally chargeable against the same, and shall foreclose the lien of the city thereon and condemn the land to be sold under execution for the purpose of satisfying such judgment; provided that for the purpose of foreclosing the lien of the city on all lands and lots where the owners thereof are alleged to be unknown, it shall not be necessary to institute a separate suit against each piece of property, and all such property may be embraced in one suit and judgment entered against each parcel and condemning the same to be sold as aforesaid; and provided further, that in all cases where lands are sold under judgment based upon service by publication, the owner shall have the right within two years from the day of sale to redeem his land from the purchaser under such judgment upon the payment of double the amount of money paid for the land, and upon failure to do so the title of the purchaser shall become absolute without further act or proceeding. The privilege of redemption here given shall constitute a part of the judgment and deed made to the purchaser in such case, and need not be inserted therein, in such sales each lot or parcel of land shall be sold separately and the purchase price shall be stated in the deed.

Tax Suits—Procedure.

Section XI. It shall be competent in all cases to supplement the de-

scription contained in the assessment rolls with full proof of the identity of the whole tract or parcel of land therein assessed, and in suits to enforce collection of taxes by the city, such additional matters may be inserted in the petition and reference may be made to any map, plan or survey of said city or any addition or subdivision made thereto or to any deed or decree or other instrument describing the same, which shall be on file or of record in the General Land Office of Texas or in the office of the District or County court of Wichita County, and such reference shall constitute part of such petition and all proceedings had in said suit.

Tax Suits—Evidence.

Section XII. In all suits for the collection of taxes which have been heretofore or which may hereafter be levied upon the tax rolls of said city, a certified statement made therefrom by the Assessor and Collector shall be prima facie evidence of the truth of all recitations made therein upon said rolls and shall be held to be sufficient proof (subject to rebuttal only by pleading and proof by defendant) of the following facts, viz: (a) That the person, firm or corporation therein shown to be a taxpayer was such and owned the property therein listed, and that such property was subject to taxation in said city and was rendered by such person, firm or corporation or by his or its agent at the value placed thereon in such rolls, or was unrendered and placed on the unrendered roll; (b) That the taxes due upon such property were duly and legally levied for the purpose shown in such rolls and that the same are valid and unpaid; (c) That all acts and proceedings required by law or by ordinances of the city in the manner herein rendering, appraising and fixing the value of said property and the giving of all notices to such taxpayers have each and all been performed and complied with at the time and in the manner and form required and that all things that might be construed as conditions precedent to the lawful demand upon such taxpayers to pay the amount of taxes in such rolls shown to be due by him or them have been performed at the time and in the manner required by law; provided that in the event a defendant shall show that his property was wrongfully rendered upon him and that the valuation of the same was subsequently changed by the Assessor or Board of Equalization without notice to him or his agent, or shall show that the said rate of taxation for any purpose was to any extent illegal, judgment shall thereupon be rendered against him for the amount due, based upon the value of his property as rendered by him and the amount of tax which is found to be legal.

INDIVIDUALISM. Did you ever stop to think what it was that made your friend Jones or who ever it happened to be the kind of a character he was. Every time you think of him you remember some distinct characteristic. What is it? You don't know and you never will, unless the Creator gives you a better vision in the next world, but the human brain is such a wonderful thing that it looks and at once perceives the varied characteristics that go to make up the different individual. No other business calls for individualism like the one in which we are engaged. Our customers seek oftentimes to reflect the most marked characteristics, and we thus record history for future generations to consider. We always try to reflect the life of the individual, as near as possible, using marble, granite or bronze and the English language. WICHITA MARBLE & GRANITE WORKS Phone 440 A. G. DEATHERAGE, Prop.

COMMON GRUB WORM DOES \$7,000,000 HARM IN YEAR

Department of Agriculture Issues Bulletin Showing Best How to Fight Pests Away

Washington, Nov. 3.—A very conservative estimate places the damage to corn, timothy and potatoes in Iowa, Wisconsin and Illinois done by the common white grubs in 1912 at not less than \$7,000,000. This estimate resulted from a personal survey by John J. Davis, a scientific assistant, bureau of entomology, whose interesting pamphlet on the "Common White Grub" was recently issued as farmers' bulletin No. 543 by the Department of Agriculture. The damage to the same crops in other infested areas can not be figured at less than 5,000,000, which brings the total loss, exclusive of strawberries, nursery stock, lawns and miscellaneous crops to not less than \$12,000,000 for one year. Injury was sustained in almost every section of the country north of the Ohio River from the Atlantic Ocean to South Dakota. Observations seem to make it quite certain that in the Northern States the total life cycle of this injurious species is three years. May beetles were unusually abundant in 1908 and 1911 and the grubs caused the great- est damages of 1909 and 1912. Differences in Grubs. There is a general belief, which is erroneous, that the common white grubs of the old and the white grubs found in manure heaps and rotten logs are identical. The grubs of May beetles are not known to breed in refuse of any kind. The grub of the Southern green June beetle is also commonly mistaken for the more serious pest. The grub of the June beetle seems to prefer fertilized soils and may also be distinguished from the true white grub by its peculiar method of crawling on its back. Farmers in the regions infested last year will find it of special value to do deep plowing this fall. Ordinarily the best time to plow is between Oct. 1 and Oct. 15. The grubs will at this time have changed to pupae and adult beetles. These pass the winter in cells and if the cells are disturbed their inhabitants will be destroyed. It is important to remember that plowing should not be delayed until cold weather for then the grubs will have gone down to their winter quarters beyond the reach of the plow. An infested field may be thoroughly freed from grubs by pasturing it with hogs and this method should be followed wherever possible. Hogs will root to a depth of a foot or more in search of grubs. For infested lawns hogs are efficacious, but are not usually desirable as they tear up the sod. Turkeys Good Assistants. Domestic fowls—turkeys in particular—are preferable for lawns and if given the run of infested fields when the land is being plowed, will destroy large numbers of grubs. Pasturing of hogs to root out these grubs should not be delayed later than the middle of October nor practiced earlier than April or May, since in winter the grubs are probably too deep in the ground to be reached. The May beetles usually deposit their eggs in fields of grass, timothy and small grains, especially in the vicinity of timber where they feed. The crops planted in these fields the year following a season of beetles should be those least susceptible to grub injury. Such crops are small grains, buckwheat, clover, alfalfa and peas. There is no authentic record of the grub attacking these crops. In 1914 a maximum acreage of such crops as corn and potatoes should be planted as this will be in general, a season for beetles rather than grubs. These should be kept thoroughly cultivated during the fight of the beetles (May and June). Land which is planted to small grains (timothy and other crops which cover the ground with vegetation at this time should be planted in fields farthest from trees. Liberal applications of commercial fertilizer will assist grass in overcoming grubs if there are not too many of them. When a lawn is badly infested the sod should be removed and the grubs gathered by hand, after which, fall plowing will probably prove satisfactory. In Europe cheap labor is often employed to gather grubs after the plow, especially where the grubs are numerous.
