DEMOCRATS ARE VICTORIOUS IN NEARLY ALL ELECTIONS

Tammany Overwhelmingly Defeated And Mitchell And Sulzer Win—Results In Other States

Democratic governors were elected yesterday in each state where this office was filled, Massachusetts, New Jersey and Virginia. With the exception of New York where the Tammany democracy was severely rebuked, more democratic than republican victories were recorded. Maryland elected as United States Senator Blair Lee. Of the four congressmen elected throughout the country three were democrats. The exception was C. E. Paige in the third district of Massachusetts.

In Massachusetts there was a democratic landslide. Lieutenant Governor David I. Walsh was chosen governor by a plurality of 53,691, the largest ever given a democratic candidate for the office. Mr. Walsh carried with him into office every democratic candidate on the state ticket, with the possible exception of the attorney general. Republican majorities in the two houses were greatly reduced and they will not have a majority, several Progressives having been elected.

The Tammany democracy in New York state was condemned in a manner which left little solace to the leaders. John Purroy Mitchell, Fusionist, was elected mayor of New York over Edward E. McCall by 121,209 votes. William Sulzer, deposed governor, was elected to the assembly. The assembly will be republican.

In New Jersey, James F. Fielder, Democrat, was elected by 22,000 and the democrats will control both houses of the Legislature. The democratic victory in Kentucky was complete.

The defeat of Tammany in New York City was accentuated, of course, by the triumph of William Sulzer, running on the Progressive ticket for assemblyman from the sixth district.

By a safe majority, the republicans will control the next Assembly, democratic, fusion and progressive candidates being defeated in enough up-state districts to overcome the small margin which the democrats possessed in the legislature. The republicans will control the lower house by a vote of about forty to twenty while the democrats by a vote of twelve to nine, will remain in control of the Senate.

One result that is occasioning some comment today is that in Massachusetts, where the republicans have apparently secured second place. The progressives had practically been conceded second place and were hopeful of electing their man to the governorship.

Crew Forced To Give In When Trolley Comes Off—Car Injured By Missile

By Associated Press. Indianapolis, Nov. 5.—The first street car to be moved since the traction company employees strike was called Friday night was deserted in the streets today after strike breakers had run it less than a mile through a constant hail of bricks. One strike breaker was badly hurt. Four other strike breakers and a number of patrolmen were seriously hurt by the downpour of missiles from roofs and the crowd in the street. A mile from the start the trolley came off the car and it became dangerous for the strike breakers that they laid down on the floor of the car and as a sign of surrender threw out the controller and all their arms into the street. The car was almost entirely wrecked. A conference which began early in the day between the peace authorities and strikers, with the object of settling the strike, was still in session when the rioting took place.

What is expected to be one of the most notable Masonic gatherings this city has ever entertained is to be held here next Monday when the third degree will be conferred by Sam P. Cochran of Dallas, sovereign grand inspector-general in Texas. He will be assisted by other thirty-third degree Masons, of whom about forty will be here from Dallas. The invitation was accepted this morning and local Masons are making preparations for the affair. The ceremony will probably be held in the Wichita Theatre, as a special dispensation to hold it there will be asked. The lodge room is considered too small for the visitors. The visiting Masons will reach here Monday morning and spend the day here. A reception committee has been appointed to entertain them until the time for conferring the degrees, which will be at 7 o'clock in the evening. Many Masons from neighboring towns are expected here, as all have been invited, and the occasion is expected to be a memorable one in local Masonic annals.

ADMINISTRATION'S VIEWS UPHELD, WILSON'S VIEW

Has No Official Comment To Make on Election Results, But Feels Encouraged

By Associated Press. Washington, Nov. 5.—President Wilson made no official comment today on the Democratic victories but told friends he was much encouraged because in the three states electing governors the tariff and currency were issues and he felt the administration policies had been upheld. Secretary Bryan declared yesterday's elections afforded the first opportunity the country has had to express itself on any extensive scale since the presidential election and that the results could not be taken otherwise than as an indorsement of Wilson's policies.

STATE RESTS IN COX TRIAL TODAY

ONLY TWO WITNESSES ARE PUT ON STAND BY PROSECUTION IN CASE

DEFENDANT NOW WITNESS

Goes on in His Own Behalf This Afternoon—Testimony May Be Concluded by Tonight

(Staff Special) Henrietta, Texas, Nov. 5.—The State rested this morning in the trial of E. B. Cox, charged with murder for the killing of Policeman Sheriff B. Morris at Wichita Falls on the night of August 11 of this year, after examining two witnesses, J. T. Young and Policeman Charles Summerville who were eyewitnesses to the shooting.

The defense at once began the introduction of its testimony and when the noon recess was taken of their witnesses, Graves and Storey, policemen and W. P. Hooper, employed with L. C. Hivick, the oil man, had testified.

There were discrepancies in the details of the testimony of all the witnesses, each testifying to incidents and words that others had not observed and each seeing some things differently from others.

The jury is composed of men none of whom are over forty-five years of age and none apparently under thirty years. It is apparently a jury of high average in intelligence. It is probable that the testimony will be closed tonight. All of the important witnesses are being held even after they testify.

Graves and Hooper were good witnesses for the defense. Their cross examination failed to change their testimony on any important point.

Clarence Brown was on the stand when noon recess was taken. It was announced that the defendant himself would be the next witness.

The taking of testimony began yesterday afternoon. Charles Summerville and J. T. Young being the witnesses. Mr. Young's testimony was completed and Summerville had undergone his direct and cross examination when the court recessed for the day.

This Morning's Session. On re-direct examination at the morning session Summerville said that at the city hall Morris had only said that if the complaint against the men was filed by a negro he would not accept it. Nothing else was said that he remembered Cox, he said, walked out without saying anything. The State rested with Summerville's testimony.

Policeman J. S. Storey was the first witness placed on the stand by the defense. His examination was taken up by Attorney Taylor.

Storey said he worked with Cox probably more than he worked with any other policeman. He was on duty on the night of the shooting. He was at the ice plant where he had heard the shots.

He said he and Cox were first on the scene of the second arrest. He was "customary" not to fire complaints against prisoners arrested late at night until the next morning. Often prisoners were permitted to go if they could furnish appearance bonds.

He said he and Cox were first upon the scene of the second arrest. Policeman Graves and Deputy Sheriff George Hawkins came up in an automobile while they were questioning the men and bystanders. They heard "ursing in the pool hall. This pool hall was at the alley on Seventh street between Indiana and Ohio avenues.

Graves Put On Stand. Policeman Arthur Graves was the next witness called by the defense. He said he was not with the officers when the first arrest of the four men was made. Was not at city hall when men were brought in. Was present when second arrest was made at alley on Seventh street between Indiana and Ohio avenues. He knew the relations between Roberts, one of the men arrested and Morris were very friendly. Witness heard cursing as he drove up to scene in Mr. Simpson's automobile. Cox and Storey came from across the street after he got there. Deputy Sheriff Carnes and Hawkins were there. Two of the men, one of them Mr. Roberts, both drinking, were taken to the city hall their names registered and placed in jail. He and Cox then left the city hall walking toward Eighth street.

They met Morris in front of the Wichita Hardware store. Morris said, "Hello, fellows." Graves said they answered Morris' greetings. Morris

lost and denied that he or Cox were "swelled up to the 104th degree." He denied that the second arrest was made to show Morris that they could arrest the men.

He said officers exercised their own discretion sometimes and let prisoners go after they had been taken to the city hall if they thought they would go on home without trouble. He believed a man could see fifteen or twenty feet at the place of the shooting fairly distinctly. There was a small arc light at the entrance of the Moose Hall.

On re-direct examination Storey said it was the custom among the officers to be governed in the disposition of prisoners by the first man searching them when arrested. It was "customary" not to fire complaints against prisoners arrested late at night until the next morning. Often prisoners were permitted to go if they could furnish appearance bonds.

FRANCE ASKED BY MEXICO TO MEDIATE IN CRISIS

Gives Non-Committal To Request, Indicating Unwillingness To Interfere With United States

By Associated Press.

Paris, Nov. 5.—The French foreign office was asked informally today by the Mexican foreign office if it was disposed to mediate between the United States and Mexico. The French government took the attitude that it will do nothing further until advised as to the policy of the United States toward Mexico, and then nothing which might be unwelcome.

Action Of France Brings Satisfaction In Official Circles At Washington

By Associated Press.

Washington, Nov. 5.—State department officials take the position that the action of the French foreign office in refraining from indicating whether it was disposed to mediate between Mexico and the United States is another evidence of the intention of France to defer to the policy of the United States in the Mexican situation. France was among the first to comply with the request of the United States to defer action until this government formulated a policy.

Mr. Bryan today flatly refused to discuss the Mexican situation. He was asked about one published report, that General Huerta had made a reply to a recent communication from the United States, he refused to either confirm or deny it.

Though the use of the word ultimatum has been avoided, it has been admitted here that negotiations have been proceeding in pursuance of President Wilson's determination to secure the elimination of Huerta as a factor in Mexico. That this involves the delivery to the Mexican authorities of another communication also was admitted, though it was said that this communication did not partake of the nature of an ultimatum.

This much abused diplomatic term, it was pointed out, marks a stage in negotiations where one party justifies the other that a compliance with certain demands must be made by a certain fixed hour and date, leaving it to be inferred that force would be used if necessary to bring about a compliance. The term is often popularly used to indicate an urgent diplomatic communication that in effect is calculated to bring the negotiations to a definite issue, and some officials suggested it probably was in this last sense that the term was used in reports of action taken at Mexico City.

The correspondence already published shows that President Wilson has from the beginning insisted that the United States government can not recognize the legality of Huerta's claim to the presidential office and also that the so-called elections in Mexico, held Oct. 26, fell short of meeting the Washington view of the requirements of the constitution.

Consequently, it was said it is a logical deduction that this late note of communication was in the line of development of a policy which President Wilson has consistently pursued from the beginning and that in substance it amounted to a rather sharp reminder to Gen. Huerta that the United States government now looked to him to meet its expectations and give way to some regularly constituted authority calculated to bring peace to Mexico by commanding the hearty support of the factions now at war.

In communicating these views, however, it is said that officials are desirous of having their movements proceed in a normal manner without an over emphasis which would imply that all the resources of diplomacy had been exhausted.

BARR IS AGAIN TAKEN TO DALLAS

Sister of Man Gives out Statement Regarding His Actions at Time of Murder

By Associated Press. Dallas, Texas, Nov. 5.—Meade Barr, under guard of Sheriff Brandenburg started for Dallas this afternoon from the Waxahachie jail. It was believed Barr was to appear again before the grand jury here. There were no developments in the case today.

Sister Asserts His Innocence. Mrs. C. E. Sanders, Barr's sister, in an interview, asserted that her brother is innocent. Her husband expressed the same belief. The sister said today of the events just before the Brown murder:

"For a week or more before Meade left Dallas he seemed to be in mortal fear that the Indiana officers were coming after him and often he would not leave the house alone. On the Sunday before the murder of Miss Brown, Meade appeared to be more nervous than ever. He claimed that the Indiana officers were in Dallas looking for him and would not let us tell anyone that he was in the house. When the telephone rang he warned Mr. Sanders to tell anyone who asked for him that he was not there.

"On the morning of July 28, the day the murder was committed, Meade left the house about 8 o'clock, it might have been a little before or it might have been a little after this hour. When he left he told me good-bye, saying he was going to leave Dallas. He walked south along Haskell avenue, going toward Fair park. On the Saturday night pre-

vious to this Meade was drinking and when he came home that night he told me he had just cut a negro all to pieces. On that Sunday he hadn't had any trouble with a negro. When he would tell us these fantastic yarns his eyes always appeared to be abnormally bright and there was an air about him that would cause anyone who knew him to realize that he was drawing on his imagination.

Left Morning of Crime.

"He was at my house all the Sunday before the murder. Once in talking to me, he said that he had not had any serious trouble but that he was dissatisfied with Dallas. When he left here Monday morning he carried no clothing nor any wearing apparel except what he wore and he had but very little money. I received a letter from him the following Thursday, which was mailed on the train some place in Arkansas. I did not hear from him again, and he has not been seen until he was brought back to Dallas.

"To my mind he is as innocent of that brutal murder as any man who walks the streets of Dallas, and I believe that the officers would work as hard in establishing his innocence as some of them are to fix guilt upon him, they would prove a complete alibi for him. His statements that he killed the girl are simply the statements of a man with a disordered mind. He seems to crave publicity. Why he should bring a woman into the case is beyond me. Despite the fact that he has been rather reckless and has been in a number of escapades, he was always very polite to women and would fight for them if he imagined that they were in the least being imposed upon."

No Wonder.
The ancients thought the world was flat. I'm really not surprised at that. We'd think it flat I dare to say, if we were living in their day.

Just think, they had no autos then. No show girls to delight the men. No pipes to smoke and no cigars. No cocktails served at handsome bars.

No bridge to play and no pink teas. No liners speeding o'er the seas. No fluffy ruffles and no rats. No women's monstrous picture hats.

No tariff problems to attack. No gowns that button up the back. No end-seat bogs with manners-rude. No monkeying with the price of food.

No ice bills, no cold storage eggs. No canisters to make things stir. No telephones, no photographs. No drummer yarns to make one laugh.

No bills to pay, no banks to bust. No wicked grafters and no trust. No trolley car with clank and whirr. No broncho busters, spurs and quirts. No gauzy hose, no hobbie skirts. No picture shows, no ships in air. No "Midways" at the county fair.

Say, is it any wonder that the ancients thought the world was flat?

A High School Dramatic Club has been formed. The students belonging are being trained by Miss Elizabeth Jourdan, the expression instructor at the College of Music and Art. Miss Jourdan is now training the members in comedy. During which the different stages of expression and varieties of plays will be worked up and the Shakespearian dramas will be studied at the close of the year.

On account of the rain the Art Literature Club meets today with Mrs. E. O. Filgo instead of yesterday.

AMERICAN MOTORCYCLISTS IN SESSION AT CHICAGO

Chicago, Nov. 5.—Important questions regarding changes in the constitution and by-laws which were referred to the board of directors of the Federation of American Motorcyclists at the time of the national annual convention in Denver, last July, were taken up today when the board met here. The board chose Chicago as its place of meeting because the Chicago Motorcycle Show is now on here with motorcycle manufacturers and devotees of the two-wheeled motor propelled vehicle attending from all sections of the country. The federation is maintaining headquarters to entertain the visitors at the Coliseum.

WEDDING OF PRESIDENT'S DAUGHTER TO BE SIMPLE

Beholding and Other Ancient Customs Will Be Discontinued Under New Regime

Washington, Nov. 5.—Preparations for the wedding of Miss Jessie Wilson, the president's daughter, and Frances Sayre are going forward rapidly, but little is being said about them. As far as the public is concerned, it is being changed in its generally mythical stage. Miss Wilson, and it is known that the president is of the same mind, considered it "strictly private"—a solemn, sacred affair.

Miss Isabella Hagner, Mrs. Wilson's social secretary, was the authority last night for the statement that the wedding "will be, as far as possible, a private and non-official ceremony, the details of which are not regarded as legitimate news at this time."

The invitations, nearly 800 in number, were ready for distribution, but the exact list was unannounced. The attendants will be made public next week.

Ban On Gifts.
President Wilson's declaration that "gifts" except from personal and intimate friends of the bride and groom, of great value and number, has aroused much comment. Just how radical the departure from the accepted uses of the White House weddings, will be not apparent. When Alice Roosevelt, the last White House bride, was married, the presents were of great value and number.

The president is expected officially to announce his views in regard to his daughter receiving gifts from the crowned heads of Europe. The return to Washington of the German, French, Italian and Turkish diplomats from their countries, bearing presents from their rulers for Miss Wilson and the president's announced objection to "promiscuous giving" has aroused a great amount of speculation as to what the outcome will be. Wives of the cabinet officers are guarding the gifts with utmost caution, openly at a loss to know what to do.

Now get the uncertainty of the situation, members of the house have elected Miss Genevieve Clark, daughter of the speaker, to purchase their testimonial for which they have chipped in a total of over \$2000.

Representative Townsend, a member of the committee collecting the contributions, said last night that it was the purpose of the committee to send a present of practical use to the bride. It had been tentatively decided, he said, to purchase a solid silver service.

Honeymoon Question.
Gospey was busy last night with the honeymoon question. Some friends of the bride declared it will be spent at Windsor Forge, near Churchtown, Pa.

Miss Nevin, an aunt of the bridegroom, resides there, and it was that picturesque countryside that Miss Wilson and Sayre first met.

Just what progress has been made with the trousseau is unknown. A room in the White House to which the president himself has been denied admission, has been set aside for the sewing.

One thing at least can be stated with certainty. It is this: The ceremony will be democratic in simplicity, a solemn religious affair and wherever possible the pomp and display that marked other White House weddings will be conspicuous by absent.

The Wichita Nursery and Floral Company, 1109 Ninth street, carry a full line of shade and fruit trees, rose bushes, berry vines, grapevines, etc. When wanting anything in that line all or phone 271.

Burned Out, But Still in the Game

I have been so busy since my recent fire that I have not had time to prepare an add telling you that I was still in the game and that I was getting ready to re-open in a new location with new goods, new fixtures and new ambitions.

My new location is in the Reese building. I expect to open between now and the 15th. The exact date will be announced later.

I am going to show the people of Wichita Falls what a modern pure food store could be and will be. I will be better off in many respects than I was before the fire. That means that you will be able to get better goods and better satisfaction for your money.

NEARLY TWO INCHES OF RAIN HAS FALLEN HERE

Northwest Texas Gets Heavy Precipitation, Covering Wide Scope of Territory

A total of 1.85 inches of rain has fallen in Wichita Falls in the past thirty-six hours, after one of the rainiest periods in some time. Yesterday was a record breaker as a wet day, there being scarcely a moment throughout the day when the rain was not falling more or less copiously. Late yesterday evening the rain stopped and since then only light mists have fallen.

The cold weather which many Wichitans had expected on account of the low temperatures north of here,

failed to materialize up to noon today. Conditions similar to those in this city prevail all along the Fort Worth & Denver, there being no more rain, but cloudy and misty weather.

The rain covered practically all of Northwest Texas, being reported at all points on the Denver and the Wichita Valley. The local government gauge on top of the Kemp and Kell building registered 1.85 inches.

LIGHTNING BOLT STUNS TWO BINDER WORKERS.

Childress, Texas, Nov. 5.—W. S. Calcote and son, Tom, aged 14, were struck by lightning late yesterday afternoon. They were working a binder, cutting feed. The boy was riding one of the mules. The boy and his father were knocked unconscious. The father soon revived and saved the boy from burning to death, as his clothing had ignited.

Four mules were being worked to the binder and were killed outright. The boy is still unconscious, and his condition is critical.

BREECHES

A Breech-Cloth is an Indian's excuse for indecent exposure.

The Scotch Highlanders wore this before they put on the "Kiltie." The "Kiltie" simply abbreviated their exposure sufficient to keep the wind that whistled across the Wild Moor from freezing icles on their underpinning. From the word Breech came the word Breeches, and every since there has been strife in the household on whom they really belong. The drubbing given Tammany yesterday will be as nothing compared to what it will get when Sulzer gets back into harness.

The Tammany bunch received a thorough drubbing in yesterday's election in New York, and the best part of it is that Sulzer assisted very materially in the work.

Gov. Eugene Foss of Massachusetts can now see where he made his mistake. He might have been elected for a fourth term on the Democratic ticket but for his flop.

It now seems that Gov. Brown of Mississippi is to be the next governor to be impeached. His real offense is that he caused to be sent to the penitentiary a few fellows who were grafting the state. Of course, that is not the way the indictment of the impeachment court reads. It alleges the governor consorted with a woman of easy virtue while on a recent trip out of the state. This attempt to impeach a governor however, may not result as in the case of Sulzer.

MORALITY OF NEWSPAPERS

A progressive, live newspaper man of Chicago has purchased the Rocky Mountain News and the Denver Times and in assuming control makes the following announcement, which, in the judgment of this paper is the policy and standard that should be followed by every self-respecting publisher: "We believe that a newspaper, to be always welcome among the people with whom it associates, must, like a human, be clean. A newspaper that is unclean in one department is unclean in all. And uncleanliness in the advertising department, especially, affects the integrity of the opinions the newspaper voices. It assails the moral sense of the reader. It depreciates the worth that properly belongs to the advertiser of legitimate wares. It gives a tangible, collateral value to advertisements of a questionable or quasi-fictitious character, and thereby labels a swindle with the dig-

DISASTROUS FIRE AT FORT SUPPLY INSANE ASYLUM.

Guthrie, Okla., Nov. 5.—As a result of a disastrous fire at the Fort Supply State Insane Asylum last night, more than 200 insane patients are to be transferred immediately to the Oklahoma Sanitarium for the Insane at Norman, of which Leonard H. Sells, governor of Guthrie is president. He was notified by the state board of affairs to make the necessary arrangements to accommodate the patients from four wards at Supply. The Supply kitchen and dining room were also burned, a total loss of \$25,000. The blaze started while the patients were at dinner. No one was injured.

One of three governors elected in as many different states the Democrats got three. They could not have done more. And further, out of the four congressmen elected three are Democrats. This does not indicate that the people are dissatisfied with the new tariff or the Democratic administration.

Bryan started the fight on Tammany and Boss Murphy, and Sulzer seems to have put the finish to both the organization and its boss.

BURKE BURNETT REPORTED DOING WELL AFTER OPERATION

Chicago, Ill., Nov. 5.—S. B. Burnett, the Fort Worth cattleman, was operated upon at Mercy Hospital Tuesday and he is said to be getting along very well. The operation was performed by Dr. John B. Murphy of Chicago, assisted by Dr. W. A. Duringer of Fort Worth. Both doctors expressed themselves as entirely satisfied with Mr. Burnett's condition. T. I. Burnett, a son of S. B. Burnett, said last night that his father was resting easily when he left the hospital for the night. "Father went through the operation in fine shape," said Mr. Burnett. "The doctors expressed no opinion as to how soon he will be able to leave the hospital, but it probably will be several days before he is able to travel."

STATE RESTS IN COX TRIAL TODAY

(Continued from Page 1)

then remarked, "You don't seem to like what happened down at the city hall awhile ago." Cox answered, "That wasn't my affair and it don't make any difference with me." Witnesses said to them, "Let's don't have any more of this, we have enough fighting to do without fighting between ourselves, and turned and took a few steps away from them. Heard Morris say, 'You've got to keep your bill out of my business,' and heard Cox say, 'Well, what are you going to do about it?' They heard blows and turned and ran between them and tried to separate them. Witness felt Morris' hand touch revolver in his (Graves) pocket, turned out of his reach and Morris caught hold of the billie in his pocket and pulled it out. He grabbed the billie and they tussled over it, Morris wresting it from him. He did not see Morris strike Cox with the billie but both were fighting. He pulled it at them again and both stepped back. The shots followed quickly.

is Cross Examined

On cross examination Graves said when he and Cox met Morris in front of the Wichita Hardware store he did not know whether Morris knew of the second arrest of the men. "I was arrested at the time we met. I had on a billie and a pistol. I think Cox had a pistol and a billie. Morris had no shot of a weapon that I saw. There was probably ten pounds difference in the weight of Cox and Morris, the latter being the heavier of the two. I did not notice how Summerville got there. I did not see Mr. Young. When the first shot was fired they were not over four or five feet apart. I was close to Cox but was not looking at him. I did not strike Sterl in my effort to separate them. I did not have a pair of metal brass knucks. Cox did not have a pair of knucks that I know of. I did not see anyone strike Morris with a pair of knucks. I did not see Cox's gun until the flash of the first shot.

Witness did not see Morris strike Cox with a billie. He said the two men went together and did not know which hit the other.

W. P. Hooper on Stand

W. P. Hooper was the next witness. He is now employed with L. C. Hivick. Was working for the National Supply Co. in August. Was in front of the Globe Clothing store when he saw somebody scuffling across the streets. He ran across examination witness said he saw one man run in between the two who were fighting. He said Morris and one of the men struggled over the possession of a billie. Morris finally wrested it from the other and witness saw him strike Cox with it. Witness said Graves ran in several times between Morris and Cox and that he saw a billie fall to the ground. He saw Morris kick Graves and heard him tell Graves—"You're my friend but you've got to turn me loose or I'll hurt you and hurt you bad." Witness saw Morris take a step toward Cox after Graves had separated them two or three times and make a motion with his right hand toward his right side at waistline. Then Cox fired. The three shots were in rapid succession. Witness saw Morris kick Graves on the shin. On cross examination witness said he was in ten feet of the men in middle of sidewalk toward Wichita Hardware Co. He said Morris had dropped the billie before shots were

fired. Witness made no effort to interfere but stood still until after the shots were fired. Did not see who else was there besides Cox, Morris, Graves and man whom he afterwards learned was Summerville. He did not see Morris have any weapon other than a billie he took from Graves. He had appeared before the grand jury and had discussed the killing next morning at the hotel.

ILLINOIS TOWNS GO DRY RESULT OF WOMEN VOTING. Prohibition Carries Numerous Towns Due to Interest Taken by the Female Voters. Springfield, Ill., Nov. 5.—Women of Illinois, freshly clothed with suffrage powers, had their first opportunity at the saloons Tuesday and the result is highly disastrous for the liquor forces. They also fully demonstrated that the claim of the anti that the majority of the women would not vote if given the ballot was false. All towns polled the largest votes in their history and generally as many women voted as men. Four more Illinois counties were added to the entirely dry list and all but three or four of the twenty-four towns voting on the wet and dry proposition banished the saloon. The counties added to the dry column are Cass, Massac, Perry and Pulaski. The campaign in all the towns voting yesterday had been the most active in their histories. Women, organized and maintained their headquarters, conducted prayer services in churches and on the streets, made a personal canvass of voters, served luncheon and coffee and not only got out every vote they could influence but also stirred the opposi-

tion to put out its extreme strength. The liquor forces, under direction of their headquarters in various cities, made strenuous efforts to prevent inroads upon their territory in Illinois for the effects yesterday's results will have upon the spring elections, when a much larger territory will be battled for. East Boardtown, conceded one of the wettest spots in Illinois, voted dry by a majority of 133. By the overwhelming majority of 2,404, Jacksonville voted dry. Metropolis also voted out saloons. Twenty-four hundred and twelve ballots were cast there. Of these 848 ballots were cast by women. Five hundred and thirty-seven men and eleven women voted wet at Metropolis. Percy, a wet city, went dry. Three hundred and twenty women voted there, 230 of them voting dry. Two hundred and sixteen women voted Baldwin into the dry column. A large dry women vote in Rockford changes it from wet to dry.

INDIVIDUALISM

Did you ever stop to think what it was that made your friend Jones or who ever it happened to be the kind of a character he was. Every time you think of him you remember some distinct characteristic.

What is it? You don't know and you never will, unless the Creator gives you a better vision in the next world, but the human brain is such a wonderful thing that it looks and at once perceives the varied characteristics that go to make up the different individual.

No other business calls for individualism like the one in which we are engaged. Our customers seek oftentimes to reflect the most marked characteristics, and we thus record history for future generations to consider.

We always try to reflect the life of the individual, as near as possible, using marble, granite or bronze and the English language.

The Enduring Gift

Every woman loves a Diamond. Every boy, girl, youth and man has at some time admired a fine diamond ring. Diamonds have always been more than gifts. They carry with them more than a mere "gift" sentiment. A birthday diamond, for example, always delicate because of its sweet significance, as will as the regard of the giver and the enduring quality of the gift itself. So, when you give, let your gift fulfill that existing desire for something beautiful. Give a diamond—a handsome diamond—a diamond you can afford, the gift that you will endue. For whatever gift occasion—birthday, holiday or anniversary, you will find the diamond most appropriate no matter what it is for.

Center of Population

is Located at Lonely

Little Town in Indiana

Woods (or Rural), Ind., Nov. 4.—This hamlet which includes Ace Norton's farm wagon garage and home shoeing emporium, Ben Sutton's grocery and Clint Sander's store—not to mention eleven houses, ten barns, a fancier's henhouse and two bright G. R. & I. railroad tracks—is the "median point" or center of population of the United States.

The hasty geographers who following the 1910 census placed the center of population by the side of a furniture factory in nearby Bloomington, Ind., overlooked this hamlet, which is known as both Woods and Rural. The mixup over the right name is beside the point, but the natives here get along fairly well with both names. When one stands in Wood's front main street, he can turn to the east and say: "Half of the people in the United States are East of me." He can turn to the west and say: "Half of the people of the United States are west of me." And of the north and south he can say the same. In the popular mind that is what the "center of population" means. Scientifically, it is known as the "median point." The Washington authorities said it could be found where latitude 39 degrees 10 minutes and 12 seconds north intersected 86 degrees 33 minutes and 20 seconds longitude west. And this is exactly where Woods (or Rural) is situated.
