## BETTER METHODS AMONG FARMERS

DISTRICT AGENT J. W. CAMPBELL MAKES REPORT TO COMMISSIONER'S COURT

### PLANNING BABY BEEF CLUB

It will be Feature of Work Next Year—Urges Raising of More Live Stock Here

A report of the farmers co-operative demonstration work in this county has been compiled by J. W. Campbell, district agent of the department of agriculture, covering the period from September 1 to November 8. It follows:

"I have to date eighty-nine demonstrators and seventy-eight co-operators. Fifteen demonstrators have been added to the list lately for next year's work, and will add quite a number more as some of the old list have moved away. I will revise the list December 1st. I had 255 boys in the various clubs. The most of them have done extremely well considering the long drought this summer. Quite a number report from thirty-five to sixty-one bushels of corn on their acre and forty to seventy-four bushels of maize per acre. The cotton boys were hit pretty hard with the drought still some of them have made from 500 to as high as 2000 pounds per acre.

"Miss Geneva Vaughan has 150 girls in the canning and poultry club. The most of them have done exceedingly well especially in the poultry club.

"I have collected the most of the reports on the demonstration plots cultivated this year, which really better than expected. Quite a number report from thirty to as high as forty-one bushels of corn per acre and from one-fourth to a bale of cotton per acre. Our listed wheat-plants made from five to seven and as high as nine bushels per acre. The wheat that broke this year was not so good as last year. This method of preparing the wheat land has been increased this year four per cent; also the same methods of preparing seed beds for spring crops resulted in increases. The use of the six small shovels on the plow in place of the deep soil much to hold the moisture and prevent a hard pan from forming below the plowing is most invariably the case when cultivation is done with sweeps in dry weather. The difference is very noticeable in the dry weather as the crops hold up much better with a deep soil much.

Urges More Live Stock.

"I have been advocating raising more live stock on the farms the past year especially hogs for home consumption and have interested a number of farmers in planting small hog pastures and raising more hogs, poultry and dairy cows so as to supply the home demand and have a surplus to supply the home markets. There has been a great deal done this year in this line and the interest is still growing especially with the tenants on the farms. I have got several land owners to agree to build small hog pastures for their tenants and furnish them brood sows on the shares thereby to enable the tenant to raise his own meat and to have a small surplus to sell.

"I will reorganize the boys and girls clubs soon for next year. I would have done so sooner but owing to so many being out of school and waiting for them to enter. As my time is limited in this work I only have time to visit the various schools in the county and organize them.

"I have two boys organized in a baby beef club. Each will fatten a calf for the fat stock show at Fort Worth next fall. I got up the prizes for the boys and girls clubs and awarded them their prizes October 17th, which was highly appreciated by them. I have made 178 visits to demonstrators, traveled 342 miles with team, 1016 miles by rail, attended the agents meeting four days at Brownwood and attended club day at the Dallas Fair.

"I consider the demonstration work and club work in Wichita county in fine condition and the interest still growing. Respectfully,  
"J. W. CAMPBELL."

**BOOKING OFFICE IS SUED FOR \$3,000,000 DAMAGES**

It is Charged With Blacklisting Performers and Theaters in Violation of Anti Trust Law

By Associated Press.  
New York, Nov. 11.—The United Booking office of America, promoters of theatrical enterprises, are made defendants in a Sherman law anti-trust suit for \$3,000,000 damages filed today in the federal courts by H. E. Marshall of New York, London and Paris.

The Maranelli concerns engaged in hiring vaudeville performers, alleges that its business has been destroyed by the defendants who are charged with controlling the vaudeville business in this country and with blacklisting performers and theaters in the Keith and Orpheum circuits.

By Associated Press.  
London, Nov. 11.—Militant suffragettes arson squads and bomb troops were at work in several parts of the British Isles early today. The Cactus House at Manchester containing a collection valued at \$50,000 was wrecked by a bomb. Bebbok, a fine mansion near Bristol, was badly damaged by fire. The Bowling and Tennis Club houses at Catford, south

## DIRECTORS HOLD WEEKLY SESSION

DEFINITE PROPOSITION FOR WELL DRILLING MACHINERY PLANT IS CONSIDERED

### PHOTOS OF LAKE WICHITA

These Will be Placed in Hotels and Passenger Stations—Glove Factory Manager Arrives

If Wichita Falls will contribute \$100 toward the purchase of 100 acres in block 2 of the Barwise addition, C. A. Benton of Corsicana, offers to start a plant here for the manufacture of well drilling machinery and supplies. The offer was made in a letter received by Acting Secretary Thomas after Mr. Benton had conferred with members of the manufacturing committee. Mr. Benton returned to his home at Corsicana after spending several days here to confer with his associates on proposals discussed with the committee. His letter was the result of this conference. It was read before the directors of the Chamber of Commerce at their regular weekly session this morning.

After a discussion of Mr. Benton's letter it was referred back to the committee for their recommendation. In his letter Mr. Benton said his company would erect a substantial corrugated iron building 40 by 150 feet and at the start would employ from ten to fifteen men. The total investment he said would be from \$25,000 to \$30,000. He said the company expected to grow to within a year to be employing forty or fifty men.

Secretary Thomas reported that he had secured quotations on the cost of securing twenty-five framed pictures of Lake Wichita and had found they would cost not less than \$75.00. Upon a motion ten of these pictures were ordered purchased and framed to be placed in hotels, passenger stations and ticket offices.

A communication was read showing that \$750 of the bonus for the purchase of the site for Ball Brothers' plant was still uncollected. Further efforts for the collection of these delinquencies were planned. It developed upon inquiry that T. A. Hilburn, head of the company which is to establish a glove factory here, had leased the candy factory building on Ohio avenue and had rented a house here for his residence. He is now in El Paso preparing to move the plant from that city.

## HENRY HAS ANTI-TRUST MEASURE OF HIS OWN

Introduces It Without Waiting for Announcement of Administration's Policy on Subject

Washington, Nov. 11.—Representative Robert L. Henry, chairman of the rules committee, and leader of the radical Democratic element in the house, without waiting for the announcement of the administration's trust policy, today made public an anti-trust bill which he will soon introduce. It carries out the idea of "personal guilt" and exempts labor unions and farmers and live stock organizations from the operation of the Sherman anti-trust law.

Mr. Henry comes from the farming and cattle country of Texas. Here is Section 2 of the bill:

"Every person who shall monopolize or attempt to monopolize or combine or conspire with any other person or persons to monopolize any part of the trade or commerce among the several States, or with foreign Nations shall be deemed guilty of a felony, and on conviction thereof shall be punished by imprisonment in the penitentiary for a term of not less than two years nor more than ten years."

The other most interesting part of the bill reads:

"Section 10. That nothing in said act (Sherman law) is intended, nor shall any provision thereof hereafter be enforced so as to apply to members of organizations or associations not for profit without capital or to agricultural products, or live stock in the hands of the producers or raisers."

The bill also seeks to define illegal combinations more closely than does the present law by specifying certain acts, which, if performed, would make them amenable to the law, as, for instance, agreeing upon prices or endeavoring to restrict trade.

**WAGES AND MORALS IS TOPIC AT MINNEAPOLIS**

Minneapolis, Nov. 11.—"Wages and Morals," and their relation to each other, was the subject of the principal address here today at the fifth day's sessions of the International Purity Congress. Mrs. Florence Kelly, general secretary of the National Consumer's League, New York City, was the speaker. The speaker declared that a living wage paid to girl workers and to women would do much to eliminate immorality and the social evil.

## VISITING MASONS ARE ENTERTAINED

LARGE NUMBER FROM OUT OF CITY WITNESS THIRD DEGREE WORK

### BANQUET BY LOCAL LODGE

Nearby Towns Send Large Delegations in Addition to Visitors From Dallas Lodge

So many visiting Masons accepted the hospitality of the Wichita Falls Lodge of that fraternity Monday afternoon and evening that there was room in the lodge hall in the First National Bank building only for the visitors and local Masons withdrew from the hall to make room for their guests while the Master's degree was conferred by Dallas Masons all of whom were of the thirty-third degree.

The largest delegations were from Iowa Park, Burkburnett, Electric, Henrietta and other nearby lodges and from Dallas, but many were present from widely scattered lodges, several being from Pennsylvania points. More than 150 visiting Masons were registered and many more were in attendance who did not find time to get their names on the visitors' book.

After the afternoon trains were in Monday and the visitors had registered at the Elks' Hall, Chapter work was opened at the Masonic Hall. This was exemplified by the local team. At 7:30 the Dallas visitors gave the Blue Lodge work.

Are Tendered Banquet.

The meeting was brought to a close with a delectable banquet at the Elks' Hall, at 10:30 at which local Masons who had retired from their own hall on account of the crowded condition sat with the visitors. Wiley Blair was toastmaster and responses were made by Dr. Bell, a local Mason and by Mike Thomas, J. L. Stevens, G. T. Thomas, J. W. Blackstone of Dallas.

Some of the visitors left for their homes on the early morning trains and others remained over until Tuesday afternoon. All report a most enjoyable entertainment and are looking forward to an invitation to return when the corner stone of the proposed new Masonic Hall on Tenth street is laid.

A partial list of the visitors follows:

Geo. Fleming, P. C. Bullington, Petrolia; J. I. Staley, Burkburnett; W. L. Hawke, Burkburnett; A. Kuehn, Petrolia; O. C. Fields, J. D. Ham; T. E. Cannedy, Caddo; J. R. Hule, Odell; W. M. Scott, Odell; P. Parks, Newcastle; W. L. Morris, Burkburnett; E. P. Hannaford, Corpus Christi; J. S. Huff, Fredonia; L. W. Proctor, Burkburnett; S. R. Allen, Collinsville; W. T. Schrib, Burkburnett; W. W. Matthews, P. L. Hart, E. C. Austin, B. D. Smith, Odell; J. W. Leake, Vernon; O. A. McWhorter, Burkburnett; J. R. Bruce, Burkburnett; John H. Rogers, Electric; E. A. McCleskey, S. W. Boy, G. F. Akin, C. F. Fields, J. D. Harding, Iowa Park; W. T. Cozart, Archer City; J. A. Tamer, Iowa Park; H. W. Peter, I. D. Russell; C. A. Stevens, Nat Fleming, Petrolia; Nolan T. Games, Bellevue; W. H. Wright, Petrolia; Dr. L. F. Crook, Bellevue; M. W. Sansom, Miners; Wells; J. J. Cobb, W. H. McKensie, P. T. Smith, H. B. Johnson, J. A. Putnam, B. N. Ferguson, S. R. Munden, John T. Bell, D. O. Smith, T. W. Parker, W. D. Cottrell, P. G. Kildow, Frank, Stock, Quasah, P. Yarbrough, J. C. Allen, Carrier; J. W. Blackstone, W. Bates, L. W. Wills, W. M. Fechtelner, Albert Lins, Mike H. Thomas, H. W. Evans, George Lang, E. H. McClure, J. L. Stevens, L. B. Gerner, Edward Titcher, W. O. Rawlins, S. B. Dallas, G. Webb, H. M. Hughes, R. H. Hooreston, Electric; C. E. McDaniel, J. T. McDaniel, Electric; J. M. Smith, Iowa Park; J. L. Hughes, Seymour; W. M. Huper, Houston; W. M. Bush, Springfield, Mo.; W. H. Polberg, Dallas; J. D. Smith, Burkburnett; P. B. Kaashburn, Burkburnett; Elmer Graham, Seymour; W. L. Lieberman, Olney; W. F. Wright, Sam Thompson, L. P. Karlington, George Alexander, A. W. Wilcox, M. A. Lee, W. E. Muse, G. W. McCormick, W. J. Jones, C. S. Conner, Archer City; J. W. Hays, P. P. Cofford, T. L. Woods, Newcastle; A. M. Anderson, Olney; Rufus Helm, Newcastle; V. R. Jordan, Newcastle; Henry Wood, S. M. Benson, Olney; A. E. Laney, C. S. Morris, A. J. Demasa, S. P. Juren, J. G. Gaston, W. E. Forgy, Archer City; W. A. Maury, G. Taylor, Henrietta; Joseph Darling, Chica, Pa.; S. E. Pontius, North Baltimore, Ohio; Oscar Hines, Bridgeport; F. L. Moffett, Chillicothe; Fred Case, Robert Coy, H. B. Warner, A. R. Turner, J. O. Ferguson, H. W. Morris, G. N. Shields, J. A. Kirkpatrick, L. D. Smith, Quasah; R. E. Fowkes, John L. Hughes, Seymour; R. E. Stevenson, Chillicothe; J. W. Beck, Archer City; F. A. Crutchfield, Bellevue; J. M. Charleston, Port Arthur; C. J. Woods, Dallas; W. C. Young, S. H. Seligra, Archer City; C. E. Rouse, Seymour; R. J. Harris, Fredrick, Okla.

## WEATHER FORECAST

Tonight warmer; Wednesday fair.

## AGRICULTURAL AGENT OF DENVER HAS WARNING

Urges Farmers in This Section To Exercise All Possible Care in Selection of Seed

That right now is the time for seed selection for next year is the substance of advice given by Henry E. Webb, agricultural agent of the Fort Worth & Denver and Wichita Valley railways, and he outlines the simple methods which may be followed in selecting the very best seed to plant for 1914.

Mr. Webb particularly emphasizes the necessity for careful cotton seed selection and he advises farmers in this section to send elsewhere for their seed. Mr. Webb's advice follows:

"In heading our maize, kafir and other head crops, a tomato case strapped to the side of your wagon would probably hold every perfect head in your load. It would be no trouble to throw the most perfect heads into this receptacle. You could easily put the contents of this case in a separate bin or stack until through with your harvest.

"A few hours time spent to re-classify them, and eliminate all imperfect heads would insure you seed of extra germinating power, also insure you good stands and last, but not least, insure you a uniform crop. (I mean by this that your plant will appear at practically the same time, and will remain so the season through, provided your land is the same quality the field over.)

"From my observation of the cotton grown along the Denver and Colton lines this year, I must say that I fear the germinating power will be extremely low and would advise our farmers to test the seed they contemplate planting, and do so immediately. Should the percentage be low, I would advise procuring seed from Cooke, Fannin or Collin counties for planting purposes. It will be too late next spring after you have planted your faulty seed and find you have a poor stand.

"After you have obtained the best seed possible, next you will want a seed bed suitable for germination and containing enough plant food to carry your plants to a successful maturity. Plant food is just as essential to young plants as the milk of the dam is necessary to a young foal or calf. We know that a vigorous calf fully developed from our very best cattle will not thrive without proper nourishment, so after you have selected good seed and find sickly looking calves, a surprise to most, the same reason should govern us as farmers in the selection of our seed. If our cattle and hog raisers had been as negligent about the sires of their herds for the last thirty years as the average farmer has with his planting seed, the big cattlemen could today send their cattle to the market parcel post, instead of requiring mile long freight trains for their transportation.

"We should begin now to save our seed for spring planting. It will take some time to do this, but we are sure that the time spent will prove a profitable investment."

## STEEL FREIGHTER SINKS; NO CLUE TO IDENTITY

Number of Lives Believed to Have Been Lost When Vessel Overturns in Lake Huron

By Associated Press.  
Port Huron, Mich., Nov. 11.—No clue has been obtained today to the identity of a 600 foot steel freighter which overturned with the probable loss of from twenty-five to forty lives during the terrific storm which swept Lake Huron yesterday. The name of the derelict remains far beneath the water and the waves are still rolling high. Captain Reid of a tug which watched the vessel all last night believes all members of the crew were drowned.

The wreck not having been reported until last night, it was difficult to ascertain when the disaster occurred and where it took place. The unknown vessel probably drifted several miles. Reports seem to indicate that a shifting of the cargo may have caused the wreck.

Captain Reid thinks another vessel may be on the bottom of Lake Huron near where the overturned

## ARE CANVASSING VOTE ON STRIKE

SOUTHERN PACIFIC EMPLOYEES ARE BELIEVED TO HAVE AUTHORIZED WALKOUT

### MANY POINTS AT ISSUE

Long List of Differences Between the Company and Members of Brotherhood is Cause

By Associated Press.  
Houston, Texas, Nov. 11.—The executive committee of the Federated Engineers, Enginemen and Firemen, Conductors and Trainmen of the Atlantic System, Southern Pacific lines, is in session today, canvassing the vote cast in the recent strike referendum. At noon today nothing was given out, unofficial information is that the result has been largely in favor of a strike authorization.

Should this be the case it would not mean immediate drastic action but simply authority for the Federation, negotiators to resort to a strike when it becomes necessary. There is a long list of differences between members of the order involved and the company and the strike referendum followed an open break in negotiations.

## \$20,000,000 ESTATE TO EDWARD MORRIS' WIDOW

Already Wealthy as Result of Inheritance From Father, Now One of World's Richest Women

By Associated Press.  
Chicago, Nov. 11.—Mrs. Helen Swift Morris was put in control of the \$20,000,000 estate of her husband, Edward Morris, by the will filed in probate court here today. This disposition of the packer's estate makes Mrs. Morris, who inherited a large fortune from her father, Gustavus Swift, one of the wealthiest women in the world. Mrs. Morris' share of the estate is forty per cent; sixty per cent goes to the children.

## ASTOR AND HUNTINGTON FAMILIES TO BE JOINED

Groom, Recently Heir to Sixty-Five Million Dollars—Bride Comes of Prominent Family

New York, Nov. 11.—Vincent Astor and Miss Helen Dinmore Huntington, daughter of Mr. and Mrs. Robert P. Huntington, will be married in the spring.

The announcement of the engagement was a surprise to most persons in society because of the old belief that among the wealthy the playmates of childhood seldom are the sweethearts of later years. This is not the case of Miss Huntington and Mr. Astor.

Hopedale House, the home of the Huntingtons, at Statesburg, adjoins the Percival estate of the Astors, at Rhinebeck. As children, Miss Huntington, who is two years younger than Mr. Astor and Young Vincent were much together. There were children's parties and the merry-making and when out at some function, his preference for little Miss Helen was shown then.

While society has been speculating a great deal as to the possible choice of the young man, Miss Huntington was considered just as a young widow or when out at some function, he came to the conclusion long ago that Mr. Astor was doing his best to win the hand of the playmate of other years.

They recall that he was the first to her side at any time she appeared where he was, and he did not seem particularly well pleased, although too well bred to show it, when she was accompanied by some one else belongs to 400.

Miss Huntington is the granddaughter of William B. Dinmore, a multi-millionaire. She has preferred outdoor sports to formal functions, although she has not neglected to take her place among the 400. She made her debut two years ago. She was one of the bridesmaids at the Steele-Milburn wedding recently and her beauty was spoken of then by all who were present.

Among her friends, Miss Huntington is spoken of as a paragon of common sense, without a silly fad. She is blue-eyed, tall, slender and brown-haired. She is an enthusiastic horsewoman. She likes motorcaring and is frequently to be seen with her mother and Mr. Astor. Much of her other time has been spent in the tennis courts or in swimming during the season. She has neglected no particular sport that she thought she ought to take up for health or pleasure, but her favorite recreation has

## STORM CAUSE OF SEVERAL DEATHS

LIGHTSHIP IS WRECKED IN LAKE ERIE AND CREW OF SIX DROWNED

### CLEVELAND STORM BOUND

Several Fatalities are Due to Accidents Resulting From Sunday's Snow and Blizzard

By Associated Press.  
Buffalo, Nov. 11.—Lightship No. 52 carrying a crew of six persons and stationed in Lake Erie off this city, fifteen miles west of this city, is reported lost by incoming vessels and is known to have foundered during the recent storm.

Wreckage of the lightship floated into the Buffalo harbor today. The ship carried a crew of six men. "The lightship was gone when we passed her anchorage this morning," said Captain Duplo, master of the ore carrier, Champlain, "apparently she was driven from her anchorage in the gale and went to the bottom."

**FIRE AND ACCIDENTS IN CLEVELAND FOLLOW STORM.**

Cleveland, Nov. 11.—Cleveland today is still storm-bound. Traffic is still crippled so as to be almost annihilated. Business is at a standstill and there is no hope of recovery for many hours, and perhaps for days. There has been a \$75,000 fire and if there should be another fire the department would find it almost impossible to fight it.

An unidentified man was burned to death in a fire at the Standard Oil Company's works, Carl Bourgeois was electrocuted by a fallen wire, William Bukhart was thrown from a box car and killed.

Damage to telephone and telegraph property here is estimated at nearly a million dollars.

**CONDITIONS IMPROVING IN VICINITY OF PITTSBURG.**

Pittsburg, Nov. 11.—Western Pennsylvania, Eastern Ohio and West Virginia were still buried this morning under a foot or more of snow, but conditions were improving rapidly. One train arrived here from Cleveland early today after having been stalled in a drift for twenty-eight hours. The passengers suffered intensely from cold and hunger.

**GOOD ROADS ASSOCIATION WANTS CONGRESS TO ACT**

St. Louis, Nov. 11.—Determined to bring before Congress the necessity of building cross country highways and to impress upon the various state legislatures the necessity of altered roads connecting with the general federal cross roads, four thousand delegates today attended the second days session of the six day convention of the United States Good Roads Association.

It is understood the Missouri governor intends to rig up his moving picture machine and show the delegates just how Missouri turned out hundreds of miles of good roads in the two "Good Roads Days" last fall. The United States Good Roads Association was organized at Birmingham last summer. There are eighty-two road improvement organizations in the states and it is hoped that before the convention adjourns all will consolidate with the United States Association. The Association has been incorporated in Missouri and the fight for better roads will be waged from St. Louis, the permanent headquarters. Thomas L. Cannon, was elected managing director of the association at Birmingham and it is believed that he will continue to direct the affairs of the federation. John H. Bankhead, United States Senator from Alabama is president and J. A. Rountree of Birmingham, secretary.

**HOUSTON WIDOW GIVES SELF UP AFTER KILLING**

Body of Contractor is Found in Her Home With Three Bullet Holes—Says He Beat Her

By Associated Press.  
Houston, Texas, Nov. 11.—Mrs. Mae Bell Cox, a widow aged thirty-eight, walked to the police station today and surrendered, saying she had killed W. H. Morrrough, after he had beaten her. Officers went to her home and found the man dead with three bullet wounds in his chest. Morrrough had been divorced from his wife, Mrs. Cox, figuring in the proceedings, and she says was engaged to marry Morrrough. A charge of murder has been preferred against her.

**NEW HAVEN'S PROPOSED BOND ISSUE NOT LEGAL.**

Providence, R. I., Nov. 11.—A decision that the proposed \$67,000,000 bond issue of the New Haven railroad would not be legal in Rhode Island was announced today by Bank

## MAY FORCE HUERTA OUT

UNITED STATES WANTS POWERS TO REFRAIN FROM GIVING MEXICO FINANCIAL AID

### "HANDS OFF" RULE

Washington Believes Refusal of Loans Would Soon Compel Huerta to Eliminate Himself

By Associated Press.  
Washington, Nov. 11.—Indications today were that the American policy toward Mexico which it was hoped the nations of the world would follow, still was "hands off." The general interpretation of the situation was that the United States, by giving foreign powers information of its own determination to refuse to recognize the acts of the new Mexican Congress, had indicated a desire that the powers generally refrain from financial dealings with the Huerta government.

With the intention to regard as illegal any loans the new Congress may undertake, there has been distinct intimation that a policy of acquiescence by foreign governments would be gratifying to Washington. Without financial aid, and with its machinery government pronounced illegal, officials here expect to see the state of affairs that may force Huerta to eliminate himself.

**CABINET DISCUSSES RAISING OF THE EMBARGO**

Washington, Nov. 11.—The cabinet met again today with the Mexican topic foremost. Raising the embargo on arms, which has been urged upon the president, was discussed at length.

**ZAPATA IS REPORTED TO BE SEEKING PEACE AGAIN.**

Mexico City, Nov. 11.—Emiliano Zapata, the rebel whose operations have caused the government so much trouble in the South is again on the point of surrendering, according to official information issued today. An emissary from Zapata was said to have conferred with Huerta, who offered the rebel safe conduct to the federal capital in order to conclude peace.

It is not generally expected Zapata will accept the proposal. He has been periodically reported as suing for peace, but nothing has ever come of the negotiations.

**GERMANY WILL NOT SEND ANY MORE BATTLESHIPS.**

Berlin, Nov. 11.—It was officially declared at the foreign office here today that the German government does not intend to send any more warships to Mexico.

"The battleships Kaiser and Koenig-Albert and the cruiser Strasburg which has been ordered to leave Germany in December are not to visit Mexico. Their cruise is for purely technical reasons," it was stated.

**RAILWAY TRACK FOREMEN MEETING IN NEW YORK**

New York, Nov. 11.—Delegates from every section of the country today at the opening of the annual convention of the Order of Railway Track Foremen of America. The convention will remain in session throughout tomorrow.

**ARSON SQUADS BUSY IN MANY PARTS OF ENGLAND**

Bombs are Used With Destructive Effect and Much Damage is Reported

By Associated Press.  
London, Nov. 11.—Militant suffragettes arson squads and bomb troops were at work in several parts of the British Isles early today. The Cactus House at Manchester containing a collection valued at \$50,000 was wrecked by a bomb. Bebbok, a fine mansion near Bristol, was badly damaged by fire. The Bowling and Tennis Club houses at Catford, south

## CEREMONIES at HINDU WEDDING

Foreigners in India have the privilege of witnessing a high caste Hindu wedding and only special circumstances enabled the writer to be present at the ceremonies described here.

Subhoda, the barber, had arranged a marriage between Anandi, only daughter of Dhola Buhar, a wealthy member of the Kahatriya caste, and Surindro Tagora of the same caste. That is one function of barbers in India. Anandi was just eight years old. Surindro was just eighteen. Anandi had never seen her future husband. Nobody had ever thought of asking the opinion of either of the most interested parties as to the proposed marriage.

The expenses of a Hindu wedding come upon the bride's father, and they are so great that a family sometimes is ruined or impoverished for many years by the marriage of a daughter. The next most costly affair is the burial services. Should the head of the family escape bankruptcy when his daughter is married, the eldest son is almost sure to be ruined when he buries his father.

The woman barber, who is another great institution in India, came every day. For two weeks she bathed Anandi frequently in perfumed water. Every day the girl's hands and feet got an application of henna. On the evening of the wedding day Anandi was bathed in rose water and her hands and feet got a last application of henna.

Many Jewels. She was dressed in a red silk sarree embroidered with gold and finished with a golden border at the bottom. Around her waist were wound chains of gold, which were fastened by gorgeous buckles set with jewels.

Her arms from the shoulder to the wrist were covered with armlets and

bracelets. Close under her throat was a necklace of pearls, below which hung a dozen or more gold chains. Her ears, which had been pierced in six places, had earrings of fine workmanship suspended from each hole. From where the hair met the forehead was hung a fringe of gold and pearls. On her ankles were gold bangles. All of this gold would have proved a heavy burden to the bride if she had been obliged to walk, but she was not.

In another part of the house the gurus of the two families were laying down the law to the two fathers-in-law, making the necessary settlements and promises. This ceremony is tedious and lasted several hours, was enlivened by the babus who went among guests and sprinkled them with rose water which was carried in silver vases.

On upon the ears of the guests burst the cry "The bridegroom comes!" All heads were turned to see six little girls who could not have been over six years of age bearing lighted torches run through the court and out into the street and lead Surindro in.

The bridegroom was seated upon a rug placed in the center of the court for him. While he was seated on this rug, and it was as much as an honor, he was instructed in his marital rights and duties by the family guru.

On the ground, nearly in front of Surindro, was a small pan of bright red coals of sacred fire; and at his side was the barber, who was master of ceremonies and who from time to time blew a trumpet.

The family guru left the courtyard and went into the women's apartments, where stood the women and children, each woman with a chuddah drawn tightly over her face.

Then five women came in, all of them closely veiled and wrapped in silk sarrees. The first was the bride's mother. On top of her head was a little tray, filled with red hot coals of fire. She carried a jeweled chattri of water in her hands.

Bride Carried In. The four other women bore trays loaded with different kinds of fruit. The women marched around the bridegroom seven times, the mother pouring the water gently out of the chattri so that it formed a circle around Surindro. She then stepped aside and the bride was brought in.

A number of symbolic figures had been chalked upon a board. On top of these figures the bride was seated and then carried into the room by the barber and his assistants. Within the circle which had been made by the water the mother had spilled Anandi was carried around Surindro six times. The board was then lowered from the shoulders that bore it, and the bride was placed at her husband's feet.

During this ceremony the bridegroom had never moved a muscle. The barber and his assistants now lifted Anandi to the level of Surindro's face, underneath a large sheet which had been stretched over their heads. The bride's mother and another woman, near of kin, were on either side of the bridal pair. Each woman held a light close to the face of the bride and bridegroom and the sarree was removed from the bride's face.

The sheets were then carried away and the bridegroom walked into the bride's house. The barber and his assistants carried the bride in just after her husband. Within a circle chalked

INDIAN PRINCE, HIS TEN WIVES AND FOUR CHILDREN

on the floor the bride and bridegroom were seated opposite one another; between them was a vase filled with flowers. On this vase the back of the bridegroom's hand was placed, while the back of the bride's hand was placed in his palm. The two hands were then bound together with wreaths of flowers, while in them the marriage fee was placed.

Each family guru laid down the law to the opposing father-in-law; but not one word was said to the bride couple. At the side of the bride's father was a large dish filled with water from the sacred Ganges, into which he had dropped a ruby ring and a thin iron bracelet. The bracelet was given to the bride and the ring to the bridegroom, who were both sprinkled with some of the sacred water and the flowers were thrown at them.

The bride, still on the plank, was lifted and carried, first to the right side of the room and then to the left. The sarrees of the bride and bridegroom were next tied together. This made them husband and wife.

After the marriage knot had thus been tied the bride was placed on her feet, standing in front of her husband with her back toward him. The attendants placed in her hand a plate upon which were some rice and some plantain, while a wisp of lighted straw was thrown at her feet. The bride was then conducted to her husband's side; in the parting of her hair at the front some red powder was rubbed. This red powder may be worn by wives only, never by maids or widows, and the chuddah, which she now donned for the first time, was drawn over her face.

Class.—Work commenced last week on the piping of natural gas to this city from Moran and it is expected

that gas will be turned into the mains not later than January 1st.

## CAUSES OF INFIDELITY DISCUSSED IN SERMON

Rev. Van Marter Speaks To Large  
Congregation at Methodist  
Church.

"Infidelity and Its Causes," was the subject last night at the meeting conducted at the First M. E. Church, by Rev. Charles Van Marter. The sermon was one of the strongest Mr. Marter has yet delivered here and will be followed tonight by its companion sermon, "Infidelity and Its Consequences." One of the largest week day congregations since the meeting opened heard the sermon last

## BETTER SUNDAY SCHOOL TEACHERS FOR ST. LOUIS

St. Louis, Nov. 11.—St. Louis is to have better Sunday School teachers. A training school was opened for them today in the new Y. M. C. A. building, under the supervision of the Church Federation of St. Louis. General lectures will discover advanced Bible studies, Biblical geography, Church History, Psychology and Pedagogy, Sex Instruction, Community Service and Organization and Management of Sunday School.

Clint—H. J. Gray, manager of the El Paso Valley Fruit Growers' Association is endeavoring to get the members of the association to plant 300 acres or more to watermelons next spring. He has the assurance of 200 acres and it is probable that the 300 mark will be reached before planting time. A market has been assured for the yield.

## WOMAN'S ALLIANCE MEETING MONDAY WITH MRS. BASFORD

Division number 3 of the Woman's Alliance of the First Baptist Church met Monday afternoon with Mrs. W. O. Basford. The lesson was on "What the Church is Doing for the Young People," and was in the nature of a general discussion. Mrs. Basford served delicious fruit punch and cake to the following ladies: Mesdames Martin, Taylor, Johnson, R. P. Watts, McConkey, Maricle, Amos Morris, Sam Taylor, Jackson, H. V. Collier and J. H. Ryan.

WEDDING AT HUFF, TEXAS, OF MUCH INTEREST HERE.  
Tuesday afternoon at Huff, Texas, Miss Sarah Cul-Perna Gant was united in marriage to Mr. John Du Witt Meredith. The bride has a number of friends here and is the sister of Gant brothers, managers of the Farmers' Union Supply Company of this city. The groom is a brother to Dr. Duane Meredith and is engaged in business at Burkburnett. Mr. and Mrs. Meredith will be at home after November 30th at Burkburnett.

## IN THE SPHERE OF WOMANKIND

Society Reporter's Phone 34

The Gentle Reader,  
"Why does the poet choose to sing?  
No impulse ever stirred in me  
The wish to make myself a thing  
To which all mocking gibes might  
cling."  
Perhaps he sees more than you see.

Why should this fool go crying out  
The secrets of his soul? In steel  
I case myself nor care to shout  
And make a mockery of my heart.  
Those things one does not talk  
about."  
Perhaps he feels more than you feel.

"If I had wisdom to impart,  
I'd say the thing and let it go,  
Not trifle with a foolish art  
And make a mockery of my heart."  
Perhaps he knows more than you  
know.  
—Century Magazine.

## WICHITA FALLS' ALLOTMENT OF RED CROSS STAMPS HERE

Mrs. T. R. Boger, the general chairman of the Red Cross committee of this city, received the ten thousand stamps allotted to Wichita Falls. Each city is given one stamp for each inhabitant or in approximately that proportion. The money received from the sale of these stamps goes to establish and maintain hospitals for tubercular patients and crippled children. The Red Cross seals answer the same purpose that the conventional Christmas and New Year seals do, towards beautifying and besides every stamp adds one cent towards the fund for warring on the Great White Plague. The committee will be appointed soon and the ladies will commence selling the stamps next week. Every citizen is urged to do his share towards helping the committee to dispose of these stamps.

## MRS. INGE HOSTESS TO EPISCOPAL GUILD LADIES.

The ladies of the Episcopal Guild met Monday afternoon with Mrs. Inge. The first chapter in the study of church history was read by Mrs. Sammons. Arrangements for the towel sale to be held on Thursday, December 11 were completed. The members present were: Mesdames Allen, Inge, Gwynn, Milburn, McElroy, Bibb, Childers, Fontaine and Sammons.

## MRS. HERTZBERG'S FAREWELL LETTER AS PRESIDENT.

Dear Friends: In addressing these few words to you, I am for the last time doing so in my official capacity as president of the Texas Federation of Women's Clubs.

My weekly letters to the good club women of the State have ever afforded me pleasure in the writing thereof, for they have brought us closer together and have endeared us to each other as nothing else has. They have brought the Federation many, many new friends, who had not been familiar with the great work of our organization before and who have expressed astonishment at the magnitude of the varied interests which are engaging the time and the energies of our beloved Federation. Especially do the humane, the philanthropic and the educational side appeal to our citizenship, and I predict that the next two years will bring into our organization every club in the State not yet affiliated with it, for every club will feel that it must share in the noble work that we are doing and that only through a great united womanhood can results be speedily attained.

To the press of our State we can not sufficiently give thanks for it is due to the generosity of the good men and women in charge of the newspapers that much valuable space has been allotted in which our good work, our aims and our efforts have been reported. Without the co-operation of the press, our work would lack the life and the inspiration which the press has injected into it.

The press is always ready to recognize the things worth while, and when we have a message to send to the masses the press is ever ready to speak for us.

Never has the Federation been more alive than now. There is not the least sign of decreased interest. On the contrary, increased interest is apparent at every turn. So let us put forth our best efforts and aim to make the next two years the greatest ever experienced by the Federation, doing all that is within our power, having in view only the uplift of humanity.

Assuring each individual club woman that she has my deep appreciation of all that she may have done towards the work during my administration, believe me as always,

MRS. ELI HERTZBERG.

## THE WHAT NEXT CLUB MEETS WEDNESDAY WITH MRS. JACK SHELTON.

The What Next Club meets Wednesday with Mrs. Jack Shelton, 1508 Scott.

## SUPT. CARPENTER STILL CONFINED TO HIS ROOM

Superintendent G. H. Carpenter, who has been confined to his room for two weeks with an injury to his left leg, is still unable to be out, but is improving steadily. He has been able to sit up for a while each day and hopes to be back at his desk again within another week or two.

Professor Carpenter's home has been transformed into city school headquarters and yesterday afternoon the monthly meeting of principals was held there. A conveniently arranged telephone enables the superintendent to keep in fairly close touch with affairs. The injury was sustained while Prof. Carpenter was watching a football game, he being knocked down by some over-eager spectators.

## STOCKHOLDERS OF BANK HOLD PITTSBURG MEETING

Pittsburg, Nov. 11.—Stockholders of the First-Second National Bank in this city, closed last summer by order of the Assistant Comptroller of the Currency at Washington, met today to ratify plans for the re-opening of the institution. At a meeting of the two-thirds of the directorate held here in Oct. sentiment for re-opening was unanimous. A satisfactory plan to the federal authorities has already been agreed upon a two-thirds vote of ratification by the 260 stockholders will remove the last bar to re-umption.

## IS IMPROVING AFTER RECENT INJURY— Holds Principals Meeting in Boudoir Monday Afternoon

Superintendent G. H. Carpenter, who has been confined to his room for two weeks with an injury to his left leg, is still unable to be out, but is improving steadily. He has been able to sit up for a while each day and hopes to be back at his desk again within another week or two.

Professor Carpenter's home has been transformed into city school headquarters and yesterday afternoon the monthly meeting of principals was held there. A conveniently arranged telephone enables the superintendent to keep in fairly close touch with affairs. The injury was sustained while Prof. Carpenter was watching a football game, he being knocked down by some over-eager spectators.

# CHIFFOROBES

ONLY  
\$1.  
00  
WEEK

WEDNESDAY  
AND  
THURSDAY

We believe every home in Wichita Falls should have one of these splendid Chifforobes. It is the most useful and practical article of Furniture you could select. It is equally suitable for ladies or gentlemen; gives you two useful pieces of furniture at the price of one. We have just received a car of the very latest patterns, and have most any style or finish desired.

### The Design Shown

Are a great improvement over any that have heretofore been offered or being offered. They have a place for everything from hats to shoes, and is our idea of what a thoroughly pleasing and practical chifforobe should be.

### The Beauty of Them

Is that they combine a well arranged chiffonier and wardrobe in one. The chiffonier has four drawers and mirror, the wardrobe is large and roomy and is supplied with convenient coat and trouser (or skirt) hangers.

### Well Made Throughout

They are made of genuine quarter sawed oak, American quartered oak, Birdseye Maple, Circasian Walnut and Mahogany. They are made especially for us by one of the best factories and are thoroughly guaranteed to give the utmost service and satisfaction.

### The Prices Range from \$17.50 to \$65.00

There is only one way you can appreciate what wonderful values these are, and that is to come and see them for yourself. In style and quality they excel any shown and you will say so too when you see them.

### Note the Terms

Not only have we the values in these chifforobes, but the terms and payments are equally pleasing. We will save you at least twenty-five per cent and all you pay is \$1.00 a week.

### There will be a Rush

For these chifforobes at these prices and values. We know that from previous experience. So if you are at all interested we urge you to see this your first attention Wednesday before they are all sold.

## BODY OF HOWARD FARMER IS SENT TO CLARKSVILLE

Met Death in Crossing Accident Monday Morning—Brother Survives Him, Parent Being Dead

The body of Howard Farmer, who was crushed to death between the wheels of a freight car at the Seventh street crossing Monday morning was forwarded to Clarksville, Texas, his former home, last night by Undertaker E. G. Hill.

R. L. Lassiter of this city, formerly of Clarksville, says that Farmer was unmarried and that both parents are dead, the closest surviving relative being a brother, Lane Farmer, a Clarksville. The victim was about twenty-eight years old, being older than his appearance indicated. Farmer formerly worked on a farm near Clarksville, but followed his trade, that of a plumber, after coming to this city several months ago.

The condition of R. E. L. Smith, engine foreman, who was hurt in a daring but unsuccessful effort to save Farmer's life, was reported as improved this morning. C. H. Sparks, the switchman who also risked his life in trying to reach Farmer before the train did, and who was slightly hurt, was much better today, it was stated.

## HIGH SCHOOL FOOTBALL CHAMPIONSHIP CONTEST

Only Seven Towns Now Remain in Running for State Honors Following Results of Saturday

Austin, Texas, Nov. 11.—The football interscholastic championship of Texas now lies between Houston, Port Arthur and McGregor for South Texas and Amarillo, Sherman and Fort Worth for North Texas. Austin triumphed over Marlin Saturday 27 to 21 and Houston tramped on Beaumont 47 to 0, thus eliminating these two teams from the race and leaving McGregor still undefeated. On Nov. 1 Port Arthur tied Houston High 7 to 7. In North Texas, Sherman downed Bonham 40 to 7 and the Dallas High suffered a defeat by Fort Worth by a score of 65 to 14, thus cutting down the number of eligibles to seven.

The North Texas championship will be fought out between Fort Worth, Sherman and Amarillo. All three of the schools are said to have strong teams. It is believed that Austin will have little trouble in defeating McGregor and Houston is a favorite over Port Arthur.

Broderick, divorce.

**SHUN TEAPOT, WARNS BISHOP**

Irish Churchmen Say It is Responsible for Much Lunacy Among His People.

For the last ten years or so a number of Irish doctors interested in mental diseases have been trying to locate the causes of the widespread lunacy among the people of County Kerry. It has remained for an eminent ecclesiastic actually to fit it.

The Most Rev. Dr. Mauga, the Roman Catholic bishop of Kerry diocese, now attributes this sad mental state to the use of tea indulged in the use and consumption of tea among the young people. As a consequence he has issued a warning to mothers to be sparing in the supply of that popular beverage to their children.

"Before the teapot," says his grace, "became such a common domestic utensil, Kerry homes produced a race of men and women that was the admiration of Europe. Instead of beautiful, muscular development we have now a population of stunted growths exhibiting symptoms of mental degeneracy. I beg of you all, therefore, to shun the teapot."

**WIFE SHOULD KEEP SECRETS**

"Divorces Are Largely Due to Couples Knowing Too Much of Each Other."

Boston.—The wise wife never tells her husband all her secrets. She knows better than run the chance of losing her independence.

So declared Mrs. Charlotte Smith, head of the National Homestead association. The association is studying to find out what makes happy homes. It was learned that if a wife tells her husband everything it is a lesson to him not to tell her his secrets.

"Many divorces are occasioned by married couples knowing too much of each other," declared Mrs. Smith.

"When their secrets become known they magnify them. A wife is really a fool if she lets her husband know everything. It is best all around not to tell all you know; it saves trouble and heartbreaks. In married life, silence is golden. Don't understand that I mean husband and wife should do things on the sly. Not at all. Tell hubby just enough to keep him happy."

**DISCOVER A NOVEL CACTUS**

Unique Species of the Plant is Found in the Sun-Baked Desert of Arizona.

Washington.—A new-come in the cactus world for scientists to puzzle over is shown in the accompanying picture. Whether a freak or a distinct variety which has hitherto escaped detection, botanists are unable to determine. Curiously enough it resembles in general contour the famed "traveler's palm" of the tropics and like that valuable plant, the cactus stores up a quantity of water for the thirsty wayfarer behind his thorny armor. The specimen here pictured

**Unique Arizona Cactus.**

was discovered on the rocky rim of the Bloody Basin in Arizona, near the site of the great Roosevelt dam. Its peculiar appearance so impressed the field officers of the reclamation service that a picture of the great fan-shaped plant was made and forwarded to the department of agriculture at Washington. Experts failed to find any record of such a cactus, so it has been officially classified as a freak of the large and eccentric family of Cereus Giganteus—called by the Spanish "Sahuara"—the members of which form the "nigger head," a foot in height, to the Sahuara Grande, which lifts its cluster of white "flowers of death" 50 feet or more above the ground.

**Staring at Policeman is Serious Offense; Man Gets Sentence in Jail**

By Associated Press.

Breslau, Germany, Nov. 11.—Sentence of a fortnight in prison for staring at a policeman was imposed on a business man of this city today. In his defense the citizen said he believed the policeman was observing too closely and he stared back. The court said the defendant had been guilty of "a most serious insult to an official."

**The New Idea In Men's Clothes**

Men used to have the idea that a suit, to be comfortable and serviceable, had to be loose and baggy. And the idea was a correct one—then. The art of clothes making had not developed to the point it has now reached.

To-day the clothes ideal is a trim, perfect-fitting, form-hugging coat and straight hanging, narrow trousers. But the shapely garments of today are every bit as comfortable and as serviceable as the loose garments of the past, simply because the great manufacturing clothiers have devoted their time and energy to the problem, and have been able to produce the perfect combination of good looks and absolute serviceability.

Ask us to show you Michaels-Stern Clothes of this sort at from \$15.00 to \$30.00. We guarantee to save you from \$2.50 to \$5.00.

Will Banknight is Under \$500 Bond on Charge of Aggravated Assault Upon His Wife

Will Banknight, proprietor of a saloon in the 11st district, is under \$500 bond to answer a charge of aggravated assault alleged to have been made upon his wife last Sunday. Mrs. Banknight is said to have been unconscious for several hours. Monday she was brought to a rooming house up town and a physician called. Banknight was placed under arrest last night and gave bond this morning. His wife was able to be out this morning.

**COUNTY COMMISSIONERS ARE IN SESSION TODAY**

Increase Appropriation for Canning and Poultry Clubs—New Bridge Matter is Presented

The county commissioners are holding their regular quarterly meeting at the court house. Monday and Tuesday their time was taken up with the consideration of bills.

Tuesday afternoon they voted to increase the appropriation for the salary of the superintendent of the girls' canning tomato and poultry clubs to \$150. Miss Geneva Vaughan is in charge of this work. The increase in the appropriation was made upon the recommendation of J. W. Campbell, agricultural demonstration agent for this county.

At the afternoon session a committee comprised of N. Henderson, T. B. Noble and B. J. Cain appeared before the court to ask for co-operation in the building of a bridge across the Wichita River to connect with the new Scottland addition.

Texas City—It has been definitely announced that the \$10,000,000 steel establishment is to be established here upon the recommendation of J. W. Campbell, the company will be in a position to announce plans for the various plants.

**WRESTLERS ARE TO MEET TONIGHT**

ADOLPH ERNST WILL BE HERE FRIDAY NIGHT TO MEET THE WINNER

**GOOD SPORT IS PROMISED**

Contest Will be Held at Nine O'Clock at Moose Hall—Both Men in Condition

Charles Rentrop and George Hart the two wrestlers who will meet on the mat at the Moose Hall at nine o'clock tonight are both here and ready for the fray. Both contestants are big, husky fellows and look like they could furnish an interesting contest. Hart has the advantage in weight, being at about 195 pounds; Rentrop weighs 160 pounds. Hart is an American and hails from

Delta, Colorado. He has been in numerous contests throughout the west and south, mostly as he has never failed to give a good account of himself.

Considerable added interest was given the contest this morning by the announcement that Adolf Ernst, the German giant, had wired that he would be here Friday to meet the winner. Rentrop, one of tonight's contestants, is also a German, and says he will be more than willing to meet Ernst if he wins tonight.

Rentrop says he has never been thrown by a man of his weight and he is middle weight champion of Germany. He has wrestled in every state east of the Mississippi and is willing to meet all comers. He has been in this country three and a half years, during which time he has successfully met such wrestlers as Young Hackenschmidt, Jimmie Thompson and Waidek Zbyszko, the latter being a younger brother of the famous Polish wrestler.

Tonight's match will be held in the Moose Hall and will start at nine o'clock. There will be some good preliminaries and local followers of the mat game are promised a good evening's entertainment.

Pitroo and Daye, the wise rube and the actress, uptodate patter, featuring the Holland Tango dance, another one of the acts on the new bill at the Lyda Margaret Theatre today.

"MIRACLE" MYSTERY PLAY AT THE NEW MAJESTIC TONIGHT

"The Miracle," a mystery play of the golden days, will be shown at the New Majestic tonight. This is a spectacular and realistic performance telling the story of Sister Beatrice, a young and beautiful nun, who was tempted and fell and was saved from perdition through the special grace of the Virgin Mary. This picture had been advertised to appear here several weeks ago but was delayed in transmission and did not arrive. It is now here and will be shown this afternoon and tonight.

**\$12000 OF BLUEJACKETS' MONEY HAS FADED AWAY**

Entrusted to Musician to Make Arrangements for Audience With Pope—Man is Missing

By Associated Press.

Rome, Nov. 11.—Blue jackets of the American battalions, Utah, Delaware, Vermont and Ohio discovered today that they had been robbed of \$12,000 which they entrusted to the care of a musician named Camerazco, a former band-man, on the Utah. He was to have used the money, which sailors who desired to see the Pope, had given him to engage a special train for the purpose of arranging an excursion and the audience. When the money was ready to start they found the musicians had absconded.

### 2300 CHILDREN ENROLLED HERE

FIGURES FOR SECOND MONTH OF PUBLIC SCHOOL TERM ARE COMPILED

### INCREASE OF OVER 500

New Building on Austin School Grounds Will Be Ready By First of December

Twenty-three hundred children, 2296, to be exact, are now enrolled in Wichita Falls public schools. These figures are for the second school month, which has just ended.

Last year at the end of the second month the enrollment was about 1700 and an increase of between five and six hundred has been recorded this year. The enrollment by schools is as follows:

High school	380
Austin school	820
San Jacinto	329
Alamo school	345
Travis school	182
Houston school	97
Washington (colored)	103

The average attendance at all schools for the month was 1960, the average absence being 140 and the number of tardy pupils 260. The percentage of attendance was ninety-two.

It is expected that the new building on the Austin school grounds will be ready for occupancy by December 1, there being little prospect that it will be completed before that date.

### VISITS OF STORK TO BE CHEAPER IN THE FUTURE

Nearly Everything for Baby is Admitted at Lower Duty Under New Tariff Law

Washington, Nov. 11.—There's at least one feature of the new Democratic tariff law that is bound to make it immensely popular, if predictions of Democrats and admissions by Republicans materialize. Democrats predict and Republicans admit that it's going to cost quite a bit less than formerly to entertain that world old visitor who seldom fails to call after Cupid has scored with his bow and arrow. Reference is had to Old Doc Stork. Even the most eloquent, exhaustive and valuable Democratic booster of the new tariff refuses to admit that the farmers were looking so far ahead for votes but however that may be, race suicide is given a potential wallop by tax reductions on almost everything which the new arrival must have.

From safety pins to go-carts, the articles the new papa must buy should be cheaper for the tariff has been greatly lowered. Even calendars, on which are recorded the wondrous doings of the baby, ought to be cheaper. Safety pins are cut 15 per cent, and \$350,000 are expected to be imported next year. Pure castile soap for the little ones bath can be brought into this country under a six per cent import tax reduction. Imports aggregating \$5,000,000 pounds are looked for during next year.

Boric acid, a very necessary adjunct in the toilette of Sir Infant or Lady Infant, as the case may be—may cost two cents a pound less than it has formerly. Castor oil, another real necessity, is reduced twenty-two cents a gallon on the former import tax, and while the retail price will not be greatly lowered there ought to be enough reduction to help some.

Although the law takes a tax of two cents a gallon off of fresh condensed milk, there is only a slight chance that this lowering of import duty will be felt by American fathers and mothers. Still, since to import the stuff may bring down the price of American manufacturers to retailers, there might be a very slight reduction in retail price, at that. Even talcum powder is reduced five per cent in the new law. Peppermint oil, frequently used to stop colic, ought to be some cheaper, following a slice off the import on that homely remedy, and the tax on mustard—the kind you make plasters with—has been lowered enough to permit retail reduction. Sewing machines for those who like to make the baby clothes can come in duty free. Competition by German, English and Belgian machines is expected to reduce the price on sewing machines considerably. Duties on everything that goes into the making of go-carts and perambulators also have been reduced enough to make probable noticeable reductions in retail prices on those necessities.

### ASBURY PARK SUNDAY SCHOOL MEETING OPENS

Asbury Park, N. J., Nov. 11.—With delegates present from every section of the state, and speakers from many other states, the annual Asbury Park Sunday School convention opened here today. The session will continue tomorrow and Thursday. Rev. Dr. Floyd W. Tompkins, rector of Holy Trinity church of Philadelphia, will have charge of the devotional services during the convention. Rev. Dr. Cornelius Wolkin, pastor of the Fifth Avenue Presbyterian Church of New York City, delivered the convention sermon this morning. William H. Brown, superintendent of the missionary department of the United States, will make one of the principal addresses of the convention as the representative of the International Sunday School Association.

### Governor Ralston Of Indiana And Scene In Big Street Railway Strike

Indianapolis, Nov. 11.—The street railway strike here has assumed most serious proportions. Governor Ralston ordered the entire national guard force of Indiana to mobilize in this city as the result of the strike riots, and 3,000 guardsmen are here. It is the largest body of troops mobilized in Indiana since the militia was reorganized under the federal plan. The men are under heavy marching equipment and have plenty of ammunition.

### UNITED STATES ARMY IS ANXIOUS TO TEST SELF

Improvements Made in Recent Years in Methods and Equipment—Mexico May Give Opportunity

Leavenworth, Kan., Nov. 11.—There is a group of studious, earnest men on the Federal reservation here who are awaiting an order of "On to Mexico" with great anxiety. They are the men who, since the Spanish War have built up the "Made in Leavenworth" army that now represents the military strength of the United States, and though without any spirit of malevolence, they are anxious to see this man-killing machine tried out. The Spanish War, although brief and successful, showed plainly that the time for a change in the military affairs of the United States had come. The first move was to sweep aside the jealousies of the four schools of theorists and let it be known that military training as taught in the school at Leavenworth was the thing. War Machine Welded. In the years that have followed the war, teachers at Leavenworth have welded the various parts of the army—the medical, and those of sanitation, equipment, engineering, discipline and communication—into a machine that needs some severe test to show how well the work has been done. That is the reason these men want to invade Mexico—to test the war

### Like Grandmother Made

Pure, fresh fruit jellies and preserves possessing that deliciousness which is so seldom found even in home-made delicacies, and which is never even looked for in things you buy. Their goodness belongs to our grandmothers' time.

### White Swan Jellies and Preserves

have all the richness and purity of the home-made preserves and jellies, with the added goodness that comes from long experience and the use of only the finest materials.

Made the same day the fruit is picked, only the fruit, the pure fruit juice and cane sugar being used. Prepared with home kitchen care and cleanliness. Put up in glass jars and hermetically sealed.

Your grocer will be glad to recommend them because he knows you'll come back for more.

Waples-Platter Grocer Co. Texas

One of these men who wants a war as an outdoor test of this laboratory constructed army disposes of the capture of the City of Mexico as settled with the landing of the first fighting detachment at Vera Cruz. He says: "It would be only the aftermath of the capture of the City of Mexico that the new army would fear. It is one thing to take a nation's capital another to occupy a hostile territory of thousands of square miles. We learned that in the Philippines when we took Manila with the loss of a dozen men and spent three years and hundreds of lives attempting to hold the archipelago."

### MUCH DAMAGE BY SURF ON CHICAGO WATER FRONT

Chicago, Nov. 10.—A tremendous surf, did by a fifty mile gale, did hundreds of thousands of dollars damage along the Chicago water front during the last twenty-four hours. At Milwaukee a thirty thousand dollar breaker, part of the new harbor project and more than that amount of damage was done to shipping. Two deaths were reported here.

### Thousands of Workmen Engaged in Constructing Huge Exhibit Palaces On the Shores of San Francisco Bay for Marvelous Exposition in 1915

A corner of Machinery Hall; Capt. A. C. Baker, Director of Exhibits, at top; Harris D. H. Connick, Director of Works, and Charles H. Green, Chief of Department of Manufactures, at bottom.

corative plants now being grown in nurseries.

Although England and Germany decided not to make government displays at the exposition, it is by no means certain that they will not change their decisions. In any event, a splendid industrial representation from both countries is assured and some of their great manufacturers will make displays. The manufacturers of England and Germany have established exhibition bureaus in London and Berlin and the exposition has established headquarters in both cities.

More than 200,000,000 feet of pipe is being, officially participated in the exposition. Every portion of the globe will be represented.

Hundreds of great construction companies will meet in San Francisco during the exposition. The world movement for social betterment will be given special attention. The department of social science, which has characterized the world work in the hands of Dr. Alvin Kroeber, will be given special attention. All scientific work will be given special attention and the most advanced and better systems will be exemplified. Thousands of inquiries from prospective visitors are pouring in upon the exposition management from all portions of the world. Dr. James A. Barr, chief of the bureau of conventions, is in touch with officials of five hundred societies throughout the world.

The Panama-Pacific International Exposition is today assured as the most comprehensive exposition of modern times and its epoch-making character is being emphasized by the fact that the exposition will be open to the world on February 20, 1915, the exhibition will present a spectacle such as no man has ever beheld. And it will be completed and fulfilled in its last detail. Every exhibit will have been installed every piece of picture completed and the exhibit will be ready. The thousands of professional photographers, and the vast beds of flowers in bloom, will have become firmly rooted. The work of the exposition management and workers will be shown in finished form. In beauty and brilliancy the exposition will justify every line of the American people for their great Panama canal celebration in 1914.

# BRIN & DOLMAN

Have just received from one of the largest factories in Indiana, this solid carload shipment of "Princess" Kitchen Cabinets which are guaranteed to be mouse, rat proof, and sanitary.

## Read Our Special Introductory Offer

From now until Christman, we will deliver one of these High-Grade "Princess" Kitchen Cabinets to your home for the remarkable easy payment of

# One Dollar Down

and One Dollar a Week

We make you this special term offer so as to allow every family in Wichita an opportunity to own a "Princess" Kitchen Cabinet. This will lessen the labor of the housewife whom you have so faithfully promised to love, honor and obey. Remember you can have a "Princess" in your home for One Dollar. Why not order today. Your loving wife will appreciate it. You will have a happier home with a contented wife. Why pay \$30.00 for a kitchen cabinet when we well sell you our 1914 "Princess", New Model Kitchen Cabinet for considerable less. We consider our cabinet the most perfect cabinet on the market today. It stands head and shoulders above all other makes. Come to our store now, today, and see with your own eyes, five different patterns in our new 1914 "Princess" Kitchen Cabinets.

*Have a "Princess" in your home and be happy. One dollar will bring 365 days of happiness to your home if you have a "Princess" Kitchen Cabinet in it*

### SPORTSMEN BENEFITTED BY NEW TARIFF BILL

It Contains Many Provisions That May Aid Them in Getting Their Effects Cheaper

Washington, Nov. 11.—Sportsmen—and also "sports"—should give three cheers for the new tariff law. It's going to be slightly cheaper to be both. Outfittings—wild forest, field and stream—and around "the green table" are all made less costly by new tariff provisions. Hunting and fishing outfits for the sportsmen—and playing cards for the sport—will both probably be sold cheaper at retail with present reduced import taxes. If the full tariff reductions in the new law are chopped off the price of foreign packs of playing cards they should sell for about 20 cents a pack instead of 25 and up. More real savings in outfitting are possible for the hunter and fisherman, however. Present retail prices of shotguns, rifles, automatic pistols and revolvers that are imported should be cut about 15 per cent. If the ultimate consumer is given the "entire benefit" of tariff reductions, imported fishpots, rods, reels, flies, artificial baits, nets, seines and other tackle outfits are reduced as much in the new law. The large home production of tackle, it is believed, will prevent any radical price slashing in the bulk and file of American fishermen. However every little bit helps. Striking at the powder trust in the new law, the Democrats have sought to make shooting cheaper. Instead of a tax of 2 to 4 cents a pound on

gunpowder in the former law, powder comes in free today. The Democrats estimate that 4,000,000 pounds will be imported next year to the value of \$2,500,000. The Democrats believe, although Republicans tariff makers deny, that this situation will force down retail prices of shells and cartridges to the American manufacturer and to some extent to the purchaser at sporting goods stores. For the hunter, the new bill cuts taxes on foreign hunting knives about 12 per cent. Sweaters, boots and other hunting equipment should be sold cheaper at retail, if manufacturers, wholesalers and retailers do not themselves absorb greedily all benefit from tariff reductions forcing lower prices through competition in our markets. But the joys of fighting mosquitoes may cost more for the bill increases the tax on citronella oil, the anti-skeeter dope, 20 per cent.

### Takes Off Freckles, Removes Tan.

Beautiful your complexion. Get rid of those freckles. You can do it in a jar of WILSON'S FRECKLE CREAM and they'll disappear. Severe cases may require two jars—no more. We positively guarantee this, and if your complexion is fully restored to its natural beauty, we agree to refund your money without argument. ### CONFERENCE BEING HELD ABOUT RAILROAD WAGES

Total of 250,000 Men Affected by Result of Meeting Now in Progress

Chicago, Nov. 11.—Wage scales, affecting 250,000 men employed on the sixty-seven trunk railroads west of Chicago, were to be fixed when representatives of the three big organizations of employees and the Railroad Chairman's Association met here today in a conference that may be prolonged for many weeks. Without exception the men will demand increased wages, shorter working hours in many instances and improved working conditions. The representatives of the roads publicly announced that if the present wage scale is to be altered at all, they will demand that wages be lowered. Preliminary to the big conference, sixty representatives of the Brotherhood of Railway Conductors, headed by President A. B. Garretson, have been in Chicago for two weeks, attempting to agree upon a definite wage program to be submitted to the representatives of the roads. During the same period the railroad chairmen have been in almost daily conferences, preparing to meet the demands of the men. With the arrival here today of President Warren R. Stone of the Brotherhood of Locomotive Engineers and Firemen and representatives of that organization, the stage was all set for the big battle. The engineers and firemen are expected to come to a formal agreement upon their demands within a few days, and then appoint

a sub-committee to confer with sub-committees already appointed by the other two organizations. While the nature of the demand to be made upon the railway chairmen by these three sub-committees will not be known until they have met in conference, it is understood that the men will demand an increase of wages averaging from 5 to 7 per cent, strict enforcement of the federal hours of service act, shorter hours on many runs, and enforcement of the full crew law in those states where such legislation has been enacted. The men will argue for increased wages on the ground that the increased cost of living has not been met with wage increases in the past, and that because of superior transportation facilities, each individual employe is now contributing more to the profits of the railroads than at any time in the past. The railway chairmen are expected to argue in reply that legislative enactments have decreased their profits to such an extent that they are not able to meet the demand for the increase. The three organizations represented at the conference have a combined membership of about 150,000, but the wage scales to be evolved from the meeting will affect not only those but at least 100,000 more railway employes, according to union officials who work as helpers.

DUDLEY FIELD MALONE TO BE MITCHELL'S SUCCESSOR. By Associated Press. Washington, Nov. 10.—Dudley Field Malone was nominated by President Wilson today as collector of customs to New York, succeeding John Purroy Mitchell, elected mayor. Mr. Malone is now third assistant secretary of state.

## DRAMA IS IN BAD WAY IN GERMANY

MOVING PICTURE THEATRES ARE BLAMED FOR CONDITIONS IN THEATRE

### KAISER MUCH INTERESTED

He Owns Several Theatres, but They are Said to be Considerably Behind the Times

By Karl H. von Wiegand  
Berlin, Nov. 11.—Low salaries, lack of engagements, want and misery prevail in the theatrical profession in Germany to an extent never known before in the history of the country. It is ascribed largely to the "Kino" and to the "Kaiser." In some circles in Germany everything good and progressive in the country is credited to the Kaiser. It naturally follows that in other quarters almost every bad condition, whether in politics, business or industrial depression, is also laid at the door of the Kaiser such as in the United States, poor crops, low prices and dull business is blamed on the President.

Very active in almost every phase human endeavor in Germany, and taking a keen interest in a multitude of things made possible only by his remarkable versatility, the Kaiser is charged with utter indifference to the dramatic art and the theatre, except such as he owns, controls and can dictate what is to be played. To this and to the bulwark expansion of the "Kino" business, the "movies" are known here, the inability of actors and actresses to secure engagements, is attributed. Those who are fortunate enough to have engagements complain of almost-servant girl and manual laborer wages.

**Kaiser Party to Blame**  
Up to date in almost everything else, the Kaiser is declared to be "behind the times" in the modern development of the theatre. He owns half a dozen royal theatres and as many royal opera houses. He employs a small army of approximately 1500 singers, actors, actresses, dancers, ballet and chorus girls, orchestra members; mechanics, stage hands, etc., and pays the difference between their salaries and the box office receipts out of his royal pocket. This "difference" amounts to over \$200,000 some years. Aside from his own theatres and operas, he has been apathetic to the point of indifference—some say even antagonistic—towards the modern development of the drama and theatre.

The Kaiser never goes to any theatre except his own nor to any opera but the Royal. In these he can dictate what is to be played or sung for his edification. Musical farces, operettas and some of the modern dramas are an abomination to his sight. He has never seen a "problem play." The Crown Prince and the Crown Princess may often be seen at the other theatres, the Crown Prince particularly, having a predilection for the operettas, Sherlock Holmes dramas and the Circus of which there are two in Berlin. Prince August Wilhelm is a regular patron of Professor Reinhardt's "Deutsches Theatre," which for stage art, and star actresses and actors, is the last word in Germany if not in Europe. But the Kaiser goes to none of these.

It naturally follows that the Kaiser has not kept in touch with the development of modern German drama and the German theatre. His personality and impetus, felt in almost every other branch of art, science and nation-wide enterprise, is utterly lacking in the development of the German theatre and dramatic art. His aversion to the modern theatre may be said to be due to the fact that he does not like the trend of its development for the Kaiser the stage is first and above all, a moral and educational institution. His whole conception of art, particularly the stage, is that it must "teach." He demands practical results of the theatre, not merely amusement and time-killing. The Kaiser demands that the stage be patriotically monarchical, ennobling, uplifting and educational in the interests of the existing state and society. He dislikes realism and naturalism on the stage and all the things that show moral decay in society, make light of marital relations, disrespect for authority, and ridicule of existing institutions.

**What Wages are Paid**  
His conception of the stage finds expression in the repertoire of the royal opera and the bill in his theatre. In the opera it is the mystic Wagnerian music dramas and in the royal theatre patriotic military plays. His favorite and one which he never tires of seeing, is "The Great King." The plays at the royal theatre are always proper in every sense of the word. Nothing questionable or problem-like is ever staged there. As a result of the Kaiser's indifference to the modern theatre and drama altogether with the "Kino" or "movies" contagion, which has seized upon Germany and Austria, the theatrical profession claims conditions never worse morally. In a book recently published, an actress, writing under the name of Helen Scharfenstein, declared that the path of success for an actress in Germany "leads through the bedroom of the theatrical manager."

An inquiry into the wage question established the following figures: Out of 2,112 members of the stage, 315 received from \$18 to \$25 a month; 317 \$40 to \$50; 186 \$50 to \$60; 103 \$100 to \$125; 22 \$200; and one three \$250 a month. Out of the 2,112 \$26 earned \$250 during the entire season of usually 6 or 7 months; the others averaged less than \$50 for year. Chorus girls in the big opera houses in need of the Kaiser's average about \$11 a week, ballet girls about the same. Budding prima donnas, among who there are quite a number of Americans, usually start at some of the small operas at from \$25 to \$30 a month. When the Beckman endowment fund for needy actors and actresses was opened for distribution at the city hall in Vienna a few days ago, the rooms were literally stormed by half starved members of the stage and their families. City Councillor Radler declared that the "Kino" had driven the theatre out of business in many of the provincial towns.

**HAIR HINTS**  
Worthy the Attention of People Who Wish to Preserve the Hair  
Never use a brush or comb found in public places, they are usually covered with dandruff germs. Shampoo the hair every two weeks with pure soap and water, or a good ready prepared shampoo.  
Use Parisian Sage every day, rubbing thoroughly into the scalp. This delightful and invigorating hair tonic, which Footlock's French sell in a large 50 cent bottle, is guaranteed to quickly abolish dandruff—stop hair from falling and scalp from itching or money refunded.  
To put life and beauty into dull, and fluff use Parisian Sage. It is one of the quickest acting hair tonics dry or faded hair and make it soft known. (Adv't)

## A Tower Hat for wet weather

The "Protective"  
See how the rim protects the eyes, and how the brim keeps the rain off the face. It is soft and folds inside when not needed. So soft it may be carried in the pocket.

75 cents at all stores that sell Fish Brand goods, or send prepaid on receipt of price.  
A. J. TOWER CO., BOSTON  
Tower Canadian Limited, Toronto

## OPPOSITION TO GOMPERS IS EXPECTED AT SEATTLE

Labor Chiefs Gather for Meeting of Federation of Labor—Two Weeks of Work Ahead

Seattle, Wash., Nov. 11.—Labor chiefs from the entire country gathered here Monday for the Thirty-third annual convention of the American Federation of Labor. Headed by President Gompers, they prepared for a two weeks' convention in which vast problems will be discussed, union jurisdiction settled, and a president elected. Officials of the Federation today predicted Gompers' reelection. Opposition, if it arises this time, will be inconsiderable, the chiefs believed.

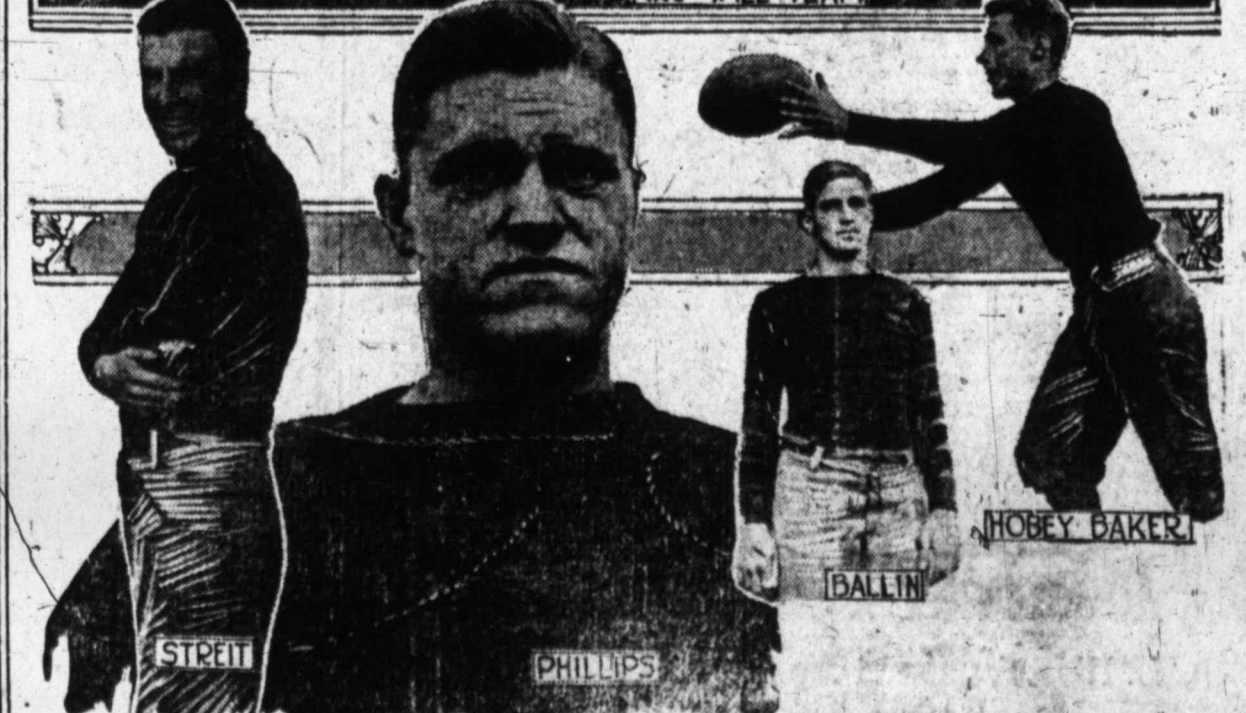

The chief jurisdiction dispute is likely to be that of the steam shovelmen, who for some time past have had internal trouble over the proper membership for their organization. Other minor disputes are expected to be settled without particular trouble. Minimum wage legislation, especially for women will be one of the biggest problems before this session. The labor chiefs, believing that the minimum wage for women workers is a proper solution of the problem at this time, will urge that the Federation go on record in favor of it.

Determined opposition in some quarters was expected at the opening of the convention, because many of the several hundred delegates argued that capital would take advantage of such legislation and make the minimum standard also the maximum. This contention was answered by the claim that only by setting some standard can women workers gain a fair wage under the present labor conditions.

Growth of the industrial workers of the world movement did not alarm the leading delegates and they declared that this new labor sect, preaching syndicalism rather than persuasion, had not assumed dangerous proportions and had interfered only in some instances with workers who preferred to join unions. President Gompers and the executive council today presented to the convention a report of work in the past year, and recommendations for the future.

## Yale Team And The Stalwart Princeton Gridiron Stars It Will Meet November 15

New Haven, Conn., Nov. 11.—The Yale-Princeton football game will be played here Saturday, Nov. 15 and a record breaking attendance is assured. Princeton is the favorite owing to the somewhat disorganized shape of the Eleven. Captain Hobey Baker of Princeton and Captain Ketcham of Yale have each been putting their men through secret practice. Strett's line plugging, Baker's running back of punts and the fierce tackling of Ballin and Phillips are expected to be the chief points of strength of the Princeton eleven. Yale's line has been strengthened by shifting several men, and Captain Ketcham, best known as a center man will play at end. The members of the Yale team in the accompanying photo according to number are as follows: 1, Carter; 2, Warren; 3, Cooney; 4, Knowles; 5, Wilson; 6, Captain Ketcham; 7, Pumpelly; 8, Robinson; 9, Alnoworth; 10, Talbot; 11, Ayers.

**Selz Waukenphast Model**  
Very Latest for Women

This is one of the newest models brought out by the Selz factories. The popularity and universal satisfaction given by the Selz Waukenphast for men, suggested a similar model for women and children. They were introduced this season for the first time. The factory at Chicago is working day and night to supply the demand for them. Let us fit you with a pair and you will then know why Selz shoes are so popular.

We also have many other styles for men, women and children.

\$14.00 Brussels	9.00
All Guaranteed to be Best Grades	

**THE PLAIN TRUTH IS—**  
That rugs of this kind are as good as gold. They are seldom reduced. As a matter of fact, the wholesale price is constantly advancing, so when opportunity to secure a rug of this kind at the prices we name is offered it is a duty you owe to yourself to take prompt advantage of this unusual saving that we offer.

**THE VALUES—**  
We have no desire to exaggerate but the fact of the matter is that each of these rugs is a truly remarkable value at the prices we name and assure you a positive saving of from \$5.00 to \$10.00 on any one you buy, and a saving like that on a single rug is certainly worth while.

These rugs are made by one of the very best mills in America—a firm whose reputation for producing fine rugs is known from the Atlantic to the Pacific and we have their assurance that every one of these rugs will give the best of service and satisfaction.

**THE PATTERNS—**  
The designs and colorings are all new this season and include a varied assortment of floral, medallion and oriental effects. Every pattern is a good one and you can select any in the entire lot with the assurance that it will please you and harmonize with the rest of your furnishings.

**ACT PROMPTLY—**  
We believe we have enough of these rugs on hand to last all week, but the response to this announcement is going to be extraordinary and it would be well to make your selection as early as possible—Wednesday if you possibly can.
