## WILSON'S REPRESENTATIVE CONFERS WITH CARRANZA

### BAYARD HALE AT NOGALES TODAY

MEETS WITH ENTIRE CONSTITUTIONALIST CABINET THERE AT NOON

### EXACT STATUS UNKNOWN

Not Much Doubt at Washington, However, That he is Personal emissary of President

By Associated Press.  
Noales, Sonora, Nov. 12.—William Bayard Hale, President Wilson's representative, went into conference with General Carranza here just before noon today together with Carranza's entire constitutional cabinet.

CONFERENCES INTERPRETED AS FIRST OPEN MOVE.

By Associated Press.  
Washington, Nov. 12.—Conferences between William Bayard Hale and General Carranza at Noales are interpreted in official circles as the first open move by the United States government to show its interest in the Constitutional movement in Mexico. No one commented today on Mr. Hale's exact status, but on a previous occasion, when he spent three months in Mexico City gathering information, President Wilson let it be known that Mr. Hale was there as his personal friend.

Little doubt exists that while Mr. Hale still retains the character of unofficial envoy, he is furnishing the Washington government with information for official purposes. He will probably report on the personal character of Carranza, whether he has the united support of the Constitutionalists and if successful by arms, whether he would establish a provisional government that would guarantee fair and free elections.

There was no announcement here today as to future steps in the American policy. News of the arrival at Noales of Mr. Hale gave rise to the suggestion that the Washington government is waiting for more information about the constitutionalists before proceeding.

There is a hope on the part of both the president and Secretary Bryan that the situation is permitting exportation of arms may not be required to solve the problem. Influences are at work which, in the opinion of many officials, may force the early collapse of the Huerta regime. There is a closer understanding, for instance, and more frequent communications between the state department here and foreign governments generally than has been in evidence at any time since the Mexican problem became so widely international.

Not only through the American embassies and legations abroad, but through the diplomatic corps in Washington, Secretary Bryan is giving such detailed information of the American policy as to leave no doubt of what the United States would like to see accomplished. So far as is known, there have been no direct requests for foreign support. But the strong intimations that the United States would like foreign nations to refrain completely from interference in the affairs of the Huerta government are expected to produce tangible results.

That President Wilson might possibly issue a statement in a day or two making a comprehensive explanation of the purpose of the United States was indicated by some of the diplomats who have now been fully informed about the situation. The president, it is said, has not finally determined whether he shall make a pronouncement, but it has been suggested to him that such a declaration might place on record before the world the reasons why the elections conducted by the Huerta government of president, vice president and members of Congress in Mexico could not be recognized by the United States. It is reported that in this connection, too, the president may announce the repudiation in advance of any acts of the new Congress, which Huerta has said would be convened on Nov. 20.

President Wilson was in communication again through Senator Bacon with members of the Senate foreign relations committee. The president feels that members of the committee, Republicans and Democrats alike, are supporting the policy of the executive and he is giving serious consideration to their views as to the removal of the embargo on arms.

### INCREASE IN MEMBERS OF U. O. C. IS REPORTED

President Makes Report at Annual Convention in New Orleans—Organized in Colorado

By Associated Press.  
New Orleans, Nov. 12.—About 4000 members were added to the ranks of the United Daughters of the Confederacy during the last twelve months of the year, a new state division, Colorado, is to be brought into the organization, Mrs. Alexander D. White, president of the Daughters, told delegates at the twentieth annual convention here today. More chapters have been dropped than in any year of the organization's history. This Mrs. White attributed to a weeding out of dead timber.

### MORE STATISTICS WANTED ON COTTON SEED BUSINESS

Washington, Nov. 12.—Director Harris of the Bureau of the Census finds that there is great demand for the publication at more frequent intervals of statistics concerning the consumption of cotton seed. It has been the practice of the Bureau of the Census to compile statistics for this important part of the cotton crop only twice during the ginning season. The first report for the crop of 1912 related to the quantity of cotton seed crushed prior to January 1, 1913. The second report showed the quantity crushed prior to March 1, 1913, with an estimate of the quantity remaining to be crushed from the crop.

The statistics of cotton seed are collected in connection with those for the production of cotton as reported by the ginners. This is necessary because the quantity of linters is constantly increasing and forms a much larger percentage of the total crop than heretofore.

Mr. Harris believes that an additional report showing the quantity of seed and of crushed linters obtained should relate to some date between October 31 and January 1. He is not certain as to the most desirable date, and is accordingly corresponding with the farmers and cottonseed-oil mills in order to establish it. It is hoped that all will agree upon a fixed date, so that the work can be inaugurated during the present season.

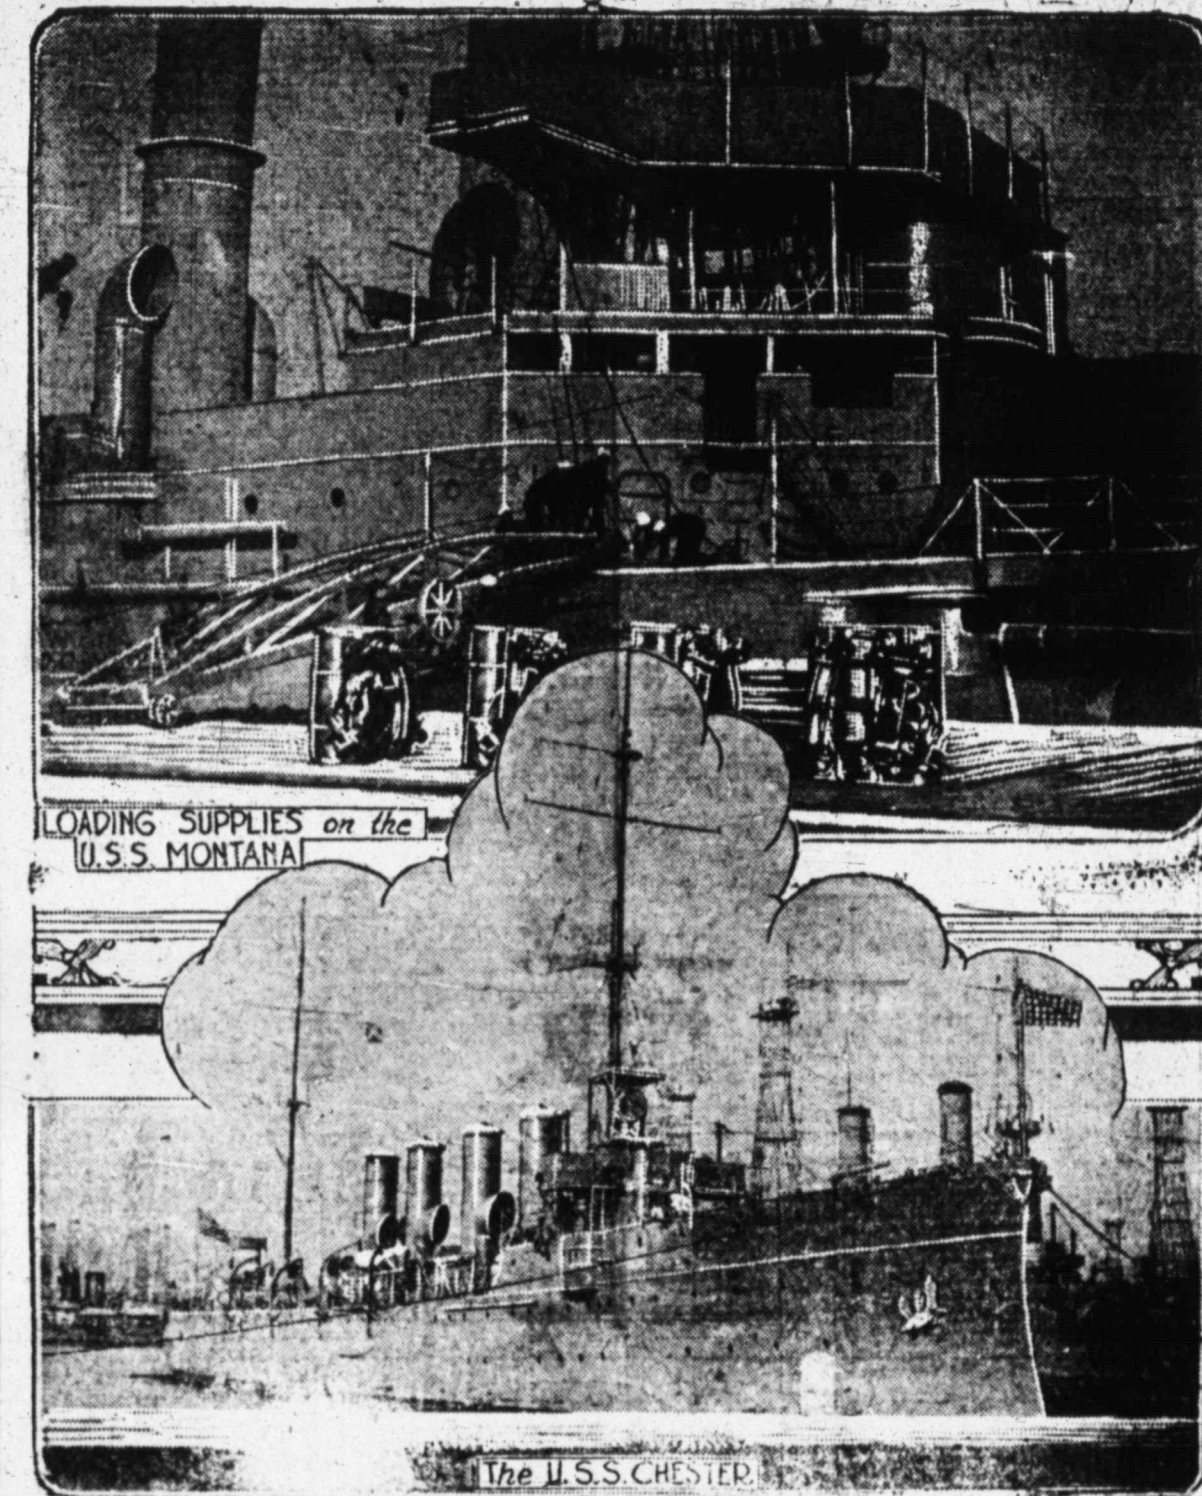

This additional report will be of great value to the farmers, as well as to the oil mills and public generally.

### SECRETARY GARRISON IS MUCH PLEASED WITH CANAL

Washington, Nov. 12.—Secretary Garrison returned to his desk today from his first trip to the Panama canal.

"The defenses constitute a marvelous feat in engineering," said Mr. Garrison. He explained that guns to be mounted at the Atlantic and Pacific terminals will have a range of ten to twelve miles, adequate to protect either Miraflores or Gatun locks. The first step toward developing the canal defense of the canal was taken today by the dispatch of five submarine boats from Guantamo to Cristobal.

## LOADING SUPPLIES ON ONE OF NAVY'S STRONG FIGHTERS AT PHILADELPHIA

Philadelphia, Nov. 12.—All is hustle and bustle here at the League Island navy yard. Sailing orders for battle ships have come. The protected cruiser Chester has left for Vera Cruz. Three other ships—Mississippi, Tennessee and Montana—are ready to go. The cruiser Salmon received orders to overhaul her turbine engines and be ready for active service.

### LAKE'S MYSTERY NOT YET SOLVED

IDENTITY OF BOAT LOST IN LAKE HURON STORM NOT ESTABLISHED

### MAY BE MORE THAN ONE

Possibility That Two Boats Sank—Fears Are Expressed For Other Craft Reported Missing

By Associated Press.  
Port Huron, Mich., Nov. 12.—Although many marine men are firm in their belief that the steamer which turned turtle in Lake Huron a few miles northeast of here during the big gale is the ill-fated steamer Regina, of the Merchants Transportation Company of Toronto, others are equally sure today that it is not.

It is regarded certain, however, that the Regina went down during the storm. Many believe there was a collision between the unidentified vessel and the Regina, that the vessel went over immediately, while the Regina's crew abandoned her and took to life boats. They believe the Regina's wreck will be found in another place.

The wreck of the Regina was confirmed when ten bodies were found on the beach at the Canadian fishing village of Port Frank.

### STEAMER LEAFIELD MAY ALSO HAVE SUNK IN STORM.

By Associated Press.  
Port William, Ont., Nov. 12.—Fears today were expressed for the steamer Leafield, aground on Angus Island, beyond Thunder Cape, by officers of the passenger steamer Harmonic. Marine men believe the Leafield slid off the rocks and sank as she was loaded with steel rails.

### MCKINNEY MAY SUCCEED HUGO IN T-O. LEAGUE.

By Associated Press.  
Denison, Texas, Nov. 12.—C. C. Johnson of Durant, president of the Texas-Oklahoma League, called a league meeting in Denison for November 24 today. It is expected McKinney will secure the Hugo franchise.

By Associated Press.  
Tokyo, Nov. 12.—The Japanese government has decided to send the armored cruiser Izumo to Mexican waters for the protection of Japanese subjects in Mexico.

### BANDITS SECURE \$10,000; BATTLE WITH CITIZENS

Bank in British Columbia Is Robbed; and Six Men Placed Under Arrest—Cashier Wounded

By Associated Press.  
Seattle, Wash., Nov. 12.—Five bandits escaped with \$10,000 from the Union Bank at New Hazelton, British Columbia, after a running battle with citizens last night and early today six men suspected of implication in the robbery were arrested. The bank cashier was wounded.

### STABBED BY BLIND MAN; WACON'S WOUNDS FATAL

Sightless One Inflicts Four Cuts in Body of Man Who He Claims Attacked Him

By Associated Press.  
Waco, Texas, Nov. 12.—J. D. Hones, aged fifty-three, died today as a result of four stab wounds inflicted yesterday by W. D. Pitts, a blind man. Pitts claimed Hones struck him over the head with a lantern. He has been held without bail.

### DAMAGE IN PERU BY EARTHQUAKE

TEN TOWNS ARE DESTROYED AND SEVERAL HUNDRED PEOPLE ARE KILLED

### SURVIVORS ARE IN WANT

Suffering From Lack of Food and Shelter—Government Sends Provisions

By Associated Press.  
Lima, Peru, Nov. 12.—Ten towns were destroyed and several hundred persons killed in an earthquake which occurred last Friday in the mountainous Peruvian province of Ayacucho. News of the disaster reached this city by courier today.

The number of known dead was 120 when the courier left the devastated district, but it was believed that several hundred more bodies would be recovered from the wrecked town. The survivors are living in the open spaces and are suffering great privations owing to lack of food and shelter.

The government today forwarded a large quantity of provisions and has appropriated funds for relief.

### REINFORCEMENTS ASKED BY FEDERALS AT TEXPAN

Government Takes Step For Protection of Its Subjects in Southern Republic

By Associated Press.  
Mexico City, Nov. 12.—The federal garrison at Tuxpan, Vera Cruz state, has asked the war department for reinforcements to defend the city against a strong force of rebels. The garrison numbers 250 men. The war department replied that reinforcements were not available.

The United States battleship Louisiana and the gunboat Wheeling are at anchor in Tuxpan harbor.

## CONFERENCE ON CURRENCY BILL

SENATE DEMOCRATS AGREE TO RECOMMEND SIX REGIONAL BANKS

### COMPROMISE IS REACHED

Reed and O'Gorman Go Into Meeting But Hitchcock Stays Out—Hope To Reach Agreement

By Associated Press.  
Washington, Nov. 12.—Senate Democrats in a party conference today took up the currency situation, with the plan of bringing the administration bill out of committee which have grown up about it in the banking committee and putting the measure on the way to passage in a form acceptable to the president.

Sensors O'Gorman and Reed went into the committee meeting, but Senator Hitchcock did not. A compromise was effected between the twelve regional banks of the House bill and the four voted in the majority of the Senate committee, the Democrats agreeing to recommend six.

Bank ownership of stock in regional banks was taken up, but the administration senators refused to yield and it was practically agreed that the House provision on that point should stand.

Marked progress toward an agreement on the bill by six of the members of the Senate banking committee resulted in a request that action by the conference be delayed. Senator O'Gorman said the six Democrats were reaching an agreement by mutual concessions and he asked the conference to leave the question to the committee members in the hope that the bill, in the form provided by the president, might be presented to the Senate, signed by the six democratic members at an early date.

The new method of combining all the annual reports into one and that issued by the executive council is said to have accomplished a saving of two days in the work of the convention. The report of the executive council was divided into several topics and each turned over to its proper committee for action.

Fort Worth, Texas, has asked for the next convention, but it is practically decided not to meet next year and to assemble in San Francisco in 1915.

## COPPER MINING CONCERN WARNED

SECRETARY OF LABOR WILSON ATTACKS MICHIGAN COMPANY AT SEATTLE

### PUBLICITY IS PROMISED

Low Wages, but Enormous Profits, he Says—Echo of Mulhall Discrepancies is Heard

By Associated Press.  
Seattle, Nov. 12.—Secretary of Labor William D. Wilson, addressing the American Federation of Labor today bitterly condemned the attitude of the Michigan Copper Mining Company, and warned them that a new conception of titles of property was in process of formation. He declared he would make public, not only the wages paid to the miners, the hours they worked and the labor conditions, but the enormous profits of the mine owners.

The Federation refused to accept the credentials of Jacob Tazelaar, delegate of the Painters, Paper Hangers and Decorators' Union, and ordered that he be excluded from the floor of the convention hall.

Tazelaar was named by Col. Martin M. Mulhall, former agent of the National Association of Manufacturers as having been employed by Mulhall to work against the election of Representative (now Senator) William Hughes of New Jersey. Mulhall swore before a congressional committee that he paid Tazelaar \$1,800 for his services against Hughes, whom the National Association of Manufacturers was seeking to defeat.

The new method of combining all the annual reports into one and that issued by the executive council is said to have accomplished a saving of two days in the work of the convention. The report of the executive council was divided into several topics and each turned over to its proper committee for action.

Fort Worth, Texas, has asked for the next convention, but it is practically decided not to meet next year and to assemble in San Francisco in 1915.

## FEDERAL INDICTMENT OF MERIDIAN BANK CASHIER

Is Alleged to Be Short \$2500 to \$3000—Bill Returned by Grand Jury At Waco

By Associated Press.  
Waco, Texas, Nov. 12.—Charged with misapplication of funds belonging to the First National Bank of Meridian, Ernst Mulhead, cashier of that institution, was indicted today by the federal grand jury here. The amount mentioned in the indictment approximates \$100, but United States Assistant District Attorney Cresson stated that the total alleged shortage is between \$2500 and \$3000.

### AMERICAN SAILORS ARE GIVEN WELCOME AT NAPLES.

Naples, Italy, Nov. 12.—The Italian government outdid itself in the reception accorded to Rear Admiral Badger, commander in chief of the division of the Atlantic fleet which is visiting Italian ports. The admiral's flagship, Wyoming, dropped anchor today in the Bay of Naples, following an exchange of salutes. Officers from the royal navy immediately boarded the Wyoming to pay their official respects to Rear Admiral Badger, who soon after returned the call, accompanied by his full staff. Every minute of today was taken up with an elaborate program of entertainments and receptions in honor of the American naval commander-in-chief and his officers. The crew of the flagship as well as the officers and crews of the American battleships Arkansas and Florida, which have been in port since November 8, were entertained ashore by Italian naval officials and crews. The Wyoming leaves early tomorrow.

### HOUSTON WOMAN GIVEN FREEDOM ON \$5000 BOND.

By Associated Press.  
Houston, Texas, Nov. 12.—Mrs. L. Cox, charged with the murder of W. P. Morrow yesterday was released on \$5,000 bond just before noon today, pending examining trial November 17.

### SEARCHING FOR SCENE OF SUPPOSED MURDER.

Paris, Nov. 12.—For two weeks Paris police have been searching in vain for the scene of a supposed murder. A woman in charge of an apartment house in Passy, answering the ring of a telephone bell a fortnight ago, heard screams for help and the cry that murder was being committed, a policeman was called and he listened to the end of the supposed tragedy. The cries became fainter and fainter and there seemed to come the sound of a falling body.

Meanwhile repeated inquiries, "who are you?" and "where are you?" remained unanswered. Suddenly the connection was cut. All efforts at the telephone exchange to place the call failed.

## FORCE OF REBELS IS ANNIHILATED

TWELVE HUNDRED SONORA SOLDIERS TRAYED BY FEDERAL FORCE OF 700

## CHIHUAHUA HOLDS OUT BREAKS WITH CABINET

Federalists Still in Possession of City Despite Savage Attack of General Villa's Force

By Associated Press. El Paso, Texas, Nov. 8.—Twelve hundred Sonora rebels under Julio Acosta were trapped by General Jose Inez Salazar's command of seven hundred federal volunteers and were almost annihilated by the federalists, according to official messages received tonight in Juarez.

**Salazar Lost Heavily.** The rebels were hurrying to Chihuahua to reinforce General Pancho Villa, who has been assaulting Chihuahua. The message stated that Salazar lost a large number of men. Salazar has been in the Santa Clara canyon for several days awaiting the approach of the rebels. Federal troops were placed in charge of the telegraph offices in Juarez today and all news from the south was closely guarded.

**Chihuahua Still Holds Out.** Information of conditions in Chihuahua which rebels claim to have taken, is being withheld, but federalists deny its surrender. Otto Kueck, German consul at Chihuahua today telegraphed to the German consular agent here that fighting at Chihuahua had continued for thirty-six hours and that the federalists repeatedly had driven the rebels back. The rebel loss is heavy. The dispatch says Villa has seven thousand men and it leaves the impression that the fighting continues.

## INDIAN TROUBLE STILL FEARED

POSSIBLE AWAITING ORDERS TO PROCEED AGAINST NAVAJO REGENATES

## FEELING OF THE SUPREME

Fearful Unrest Will Spread Throughout Tribe and Involve Several Hundred Indians

By Associated Press. Durango, Colo., Nov. 8.—Possibly tonight were waiting at Farmington, New Mexico and Aztec, Colorado, for orders from Superintendent W. P. Shelton of the Navajo Indian reservation at Shiprock, New Mexico, to proceed to the assistance in quelling what threatens to be an Indian uprising as the result of attempts to arrest eleven Indians.

The situation on the reservation tonight was one of suspense. While the band of renegades is small, it is feared by Superintendent Shelton that the unrest will spread through the Navajo tribe and involve several hundred Indians. United States Marshal Hudspeeth, with his deputies, should arrive at Shiprock from Santa Fe some time tonight.

## VIOLENCE MARKS MINERS STRIKE

ONE MINER AND THREE GUARDS KILLED ON LAVETA—ANOTHER KILLED AT AGUILAR

## GOVERNOR IS STIRRED

Governor Orders Militia to Round up and Imprison Men Who Shot From Ambush

By Associated Press. Laveta, Colo., Nov. 8.—One miner and three guards were killed late today when they were ambushed while returning to the mine. The miner had come to Laveta this afternoon to visit a dentist. When he started to return to the mine, he was surrounded by strikers but managed to summon aid. Three guards came to Laveta and rescued the miner and started for the mine in an automobile. The party was attacked and in the exchange of shots, all the occupants of the automobile were killed.

**Shot Down From Ambush.** Trinidad, Colo., Nov. 8.—Pedro Armijo, a miner, who has been working at Aguilar, was killed today by a shot fired from ambush while being escorted out of town by a marshal. The marshal had just rescued Armijo from a crowd of strikers.

**Governor Ammons Acts.** Denver, Nov. 8.—Adjutant General Chase was ordered today by Governor Ammons to round up and imprison under martial guard the men who today ambushed and killed a non-union miner and those who late today ambushed and killed three mine guards and a non-union miner near Laveta. The governor declared if he could find a way to try the men under martial law, he would order General Chase to proceed with that trial.

## FIRM EVEN TO POINT OF WAR

HUERTA SHOWS NO INDICATION HE WILL COMPLY WITH AMERICAN DEMANDS

## CHIHUAHUA HOLDS OUT BREAKS WITH CABINET

Admits Financial Weakness But Believes He Can Meet Money To Keep Up Campaign

By Associated Press. Mexico City, Nov. 8.—General Huerta has shown no indication that he will comply with the American demands for his resignation. On the contrary those who profess to have his confidence say his program includes the continued occupancy of the presidency until some time late in the year 1914 and that he intends to carry out his plan of organizing the new Congress and defying Washington, even to the point of war.

**Many Rumors Afloat.** One persistent report today was that Huerta had turned the government over to General Huerta, the foreign minister, and had gone to Vera Cruz. Another was that he had committed suicide. That Huerta has begun to break with certain members of his cabinet is indicated by the reported resignation of General Blandino, minister of war. There is some basis for believing the United States has served on Huerta a supplementary notice that his official career must be brought to an end by Monday night.

**Admits Financial Weakness.** It was reported today that John Lind was the medium employed by Washington. Mr. Lind and Mexican officials deny this, but the rumor originated in the national palace. Those who insist that Huerta will resist all overtures say he admits financial weakness, but is convinced that from time to time, he can get enough money to keep up a dogged intermittent campaign against the rebels. According to this informant, General Huerta does not expect to bring about pacification for many months, but until it is accomplished, he will not resign. They add that he is still determined that the new Congress must meet and he expects it to annul the recent elections, leaving him in the provisional presidency until new elections are held at his call.

**Congress Must Not Meet.** That the new Mexican Congress must not meet is a point insisted upon by the United States, since it is the belief in Washington that one of the first acts of that body would be to legalize certain concessions that are not considered desirable. Mr. Lind and Sir Lionel Gordon, the British minister, conferred again today. It was learned that their ideas regarding a solution of the situation are still far apart.

**General Blandino Denied Tonight** that he had presented his resignation.

## WANTS \$100,000 FOR MAKING AFFIDAVIT

George W. Speer, Trainer of Major Delmar, Claims Lou Dillon's Owner Owes Him

By Associated Press. New York, Nov. 8.—The sum of \$100,000 for making an affidavit in the investigation of the defeat of Lou Dillon the famous trotting mare, by Major Delmar at Memphis, in 1904, is demanded by George W. Speer, Major Delmar's trainer, in a suit filed today against Cornelius K. G. Billings, Lou Dillon's owner.

Speer alleges that he made affidavit that a conspiracy existed between the trainer of Lou Dillon and the trainer of Major Delmar, owned by E. E. Smathers, providing that Lou Dillon should be beaten. After the race Billings claimed his mare had been tampered with and substantiated his claims with Speer's affidavit. Speer alleges that he made the affidavit only after Billings had agreed to make good any loss Speer might sustain by being black-listed by the National Trotting Association. From May, 1906 until May, 1913 Speer alleges the association refused to permit him to train or drive horses. Because of this and other restrictions, Speer charges he has sustained \$100,000 damages. Billings he charges, has paid him nothing.

## ARBITRATION TREATY WITH DENMARK

One Now Being Considered for Arbitration of All Questions Even of National Honor

By Associated Press. Washington, Nov. 8.—Secretary Bryan announced today that he was negotiating with Denmark a treaty for arbitration of all questions arising including those of national honor. The negotiations were undertaken at the initiative of Constantine Brun, Danish minister here. The proposed treaty is understood to be even broader in its terms than the Knox treaties with Great Britain and France, which were so radically amended by the Senate as to be practically devastated. The Knox treaties proposed arbitration of all questions, even including those of honor, but to conserve the treaty making powers of the Senate provision was made for a joint commission to determine questions subject to the Senate's approval.

**Denton—Word has been received here from E. P. Turner, promoter of the Dallas-Denton Interurban, that actual work on the proposed line will begin early next year. The route from Dallas to this city will be either by Lewisville or Grapevine.**

## CONFERENCE IS CALLED

President Talks With Foreign Relations Committee—U. S. Agents Investigate Constitutionalists

By Associated Press. Washington, Nov. 8.—Notwithstanding intimations that President Huerta must refuse to resign, administration officials asserted tonight that his elimination would be accomplished in one way or another. They declared that every opportunity would be given him to retire peacefully and that drastic steps would be avoided if possible.

**Conference Called.** The chief development of the day was a call sent by President Wilson for members of the Senate-foreign relations committee; republicans as well as democrats. He had Senators Stowe and Swanson with him for an hour and expects to discuss the subject individually with other members within the next two or three days. He is in constant communication with Senator Bacon, chairman of the committee who early in the day had a long conference with Secretary Bryan.

**Elimination Fixed Purpose.** Mr. Bacon said tonight that while he was not at liberty to discuss his talk with Mr. Bryan in detail, he could state that there had been no change in the fixed purpose of the United States to have Huerta eliminated and that it would be done, though every effort would be made to avert extreme action. In the view of many officials who anticipate a flat rejection by Huerta of American demands, only two courses are open to the United States; either to compose the situation directly, or to throw its moral support with the constitutionalists. That there is a strong disposition to adopt the latter course was evident in many quarters today. Lifting the embargo on arms is the method by which many senators believe the situation can be met.

**Investigate Rebels' Plans.** It is believed that before the Washington government takes any steps, an understanding through unofficial channels may be reached as to the exact purpose of the constitutionalists, so that any act of sympathy toward their cause might be predicated on assurances of a very definite character. To this end it is reported, agents of this government are gathering information along the border on the strength of the constitutionalists and the program which they have mapped out. The president is said to be impressing upon all those who discuss the situation with him that it is the duty of the United States to see to it that the arbitrary assumption of power by Huerta should not be permitted to ripen into precedent in Latin America. Absolutely no official comment was forthcoming tonight on the dispatches

## BILL RATLEFT GIVEN BOND AT WEATHERFORD

One of Men Charged With Burning Fort Worth Baptist Church Furnishes Bond for \$500

By Associated Press. Fort Worth, Texas, Nov. 8.—Bill Ratleft, one of the men charged with burning the First Baptist church and patronage whose case recently was transferred to Weatherford on a chance of venue, was given bond this afternoon at Weatherford. The bond was signed by C. C. Littleton, capitalist. The bond was in the sum of \$500.

DUDLEY FIELD MALONE.

Washington, Nov. 8.—It is predicted here that President Wilson will appoint Dudley Field Malone of New York collector of the port of New York to succeed John Purroy Mitchell, who was elected mayor. Mr. Malone is now assistant secretary of state and is a son-in-law of United States Senator O'Gorman.

**Pearson's Activity Known.** Information on this is said to have been in possession of the United States government for some time, and persons in the confidence of President Wilson declared he had this phase in mind, when in his Mobile speech he attacked the influence of material interests of foreign nations in the political affairs of Central and South American republics.

## PRISONER SHOWS FIGHT; GIVES OFFICERS TUSSELE

Man Arrested at Union Station Put Up Scrap at Jail but is Overpowered

A man arrested at the Union Station this morning and now believed to be suffering from some sort of mental derangement gave a party of officers an exciting tussle at the county jail this morning. The man was not obstreperous when put in jail, but later when the run-around door was unlocked to place another prisoner in the jail the man threw himself against Deputy Sheriff Carnes and Constable Frank Burns and Sheriff Randolph on the jail stairway and it required the efforts of these officers and of two trustees at the jail to overpower the man.

## ACTION ON NEW BRIDGE QUESTION IS DELAYED

County Commissioners Postpone Decision Until February—Routine Business is Transacted

The county commissioners this morning appropriated \$100 to the Riverside Cemetery Association to become available in February. Routine business has occupied most of the session. Today Judge Felder and Commissioner Barlow were excused from attendance on the court during the remainder of the session.

Late yesterday afternoon N. Henderson in behalf of the new Scotland addition proposed that if the county would build a bridge across the Wichita at Burnett street large and heavy enough to accommodate wagon and foot travel the addition would pay half of the cost of the total up to \$24,000. Consideration of the offer was laid over until the February term of the commissioners court. Several commissioners expressed themselves favorably on the proposal.

## STRIKE OF PROTEST IN THE BRITISH COLUMBIA.

Vancouver, B. C., Nov. 8.—Seventeen hundred men quit work last night on the Pacific Great Western grade near Newport, completely tying up the work there. The Industrial Workers of the World, who caused the strike declare that all railway workmen in British Columbia will go out for the chief object of the strike is to protest against the sentencing to jail of the Nanaimo miners, engaged in the recent riots.

## EGGS 75 CENTS A DOZEN IN NEW YORK CITY.

New York, Nov. 8.—Eggs are so scarce in New York that dealers have put the retail price up to seventy-five cents a dozen for the best quality and the outlook is that they will go from three to five cents a dozen higher. Failure of hens to lay and a shortage of cold storage supply are given as reasons for the scarcity.

## LABOR LEADERS READY FOR ANNUAL MEETING OF AMERICAN FEDERATION

Seattle, Wash., Nov. 10.—The American Federation of Labor will hold its annual convention here today. It is considered likely that Samuel Gompers, president and Frank Morrison, secretary, will be re-elected. Labor leaders from all parts of the country will be present. Many im-

portant matters of vital interest to labor will come up for settlement or discussion. President Gompers in his yearly report will allude to the labor victories of the past year and will map out plans for future guidance of the national organization.

## COX NOT GUILTY, VERDICT OF JURY

CASE IS DECIDED EARLY TODAY, THE JURY BEING OUT ALL NIGHT

## SIX HOURS OF ARGUMENT

Widow of Slain Man Objects to Statements Made by One of Attorneys for Defense

E. B. Cox was found not guilty of murder in the killing of Sterling E. Morris by the jury in the Clay county district court. The verdict was rendered a few minutes after 9 o'clock Friday morning. The case went to the jury at 9:45 p. m. Thursday night. The case was given over to the jury at 9:45 Thursday night after six hours of argument by the opposing attorneys. Each side was given three hours. Attorney Kay opened for the state, it was followed by Judge Ralston for the defense. District Attorney Scully, Attorney Weeks, Taylor and Mathis followed in the order named.

During the argument of Attorney Weeks, Mrs. Sterling Morris, widow of the slain man, interposed an objection to some statements made by the speaker concerning the habits and disposition of her husband. Judge Mathis instructed the attorney not to repeat the statements and the argument proceeded.

## FARMERS UNION COTTON OIL MILL IN OPERATION

Has Capacity of Sixty Tons Daily—McConkey Discusses Recent Ruling of Attorney General

The Farmers' Union cotton oil mill began operations today and the machinery is being given a thorough testing. The new mill is of the cold press type and has a capacity for handling sixty tons per day. The capital stock of the company is \$60,000. It has already bought more than 2800 tons of seed.

Farmers' Union gins and oil mills throughout the state are not affected by the recent ruling of Attorney General Loomis, said J. L. McConkey, formerly chairman of the Farmers' Union state executive committee to day.

Mr. McConkey says that this matter had been gone into by the Farmers' Union several years ago and as a result the investigation of the law it was made a rule to organize separate corporations for all Farmers' Union cotton gins, oil mills, stores and all other institutions conducted by the Farmers' Union. Stock in these institutions is held by individual members of the union not by any local or by the state organization.

## FIRST SHIPLOAD OF ARGENTINE CORN ARRIVES TODAY

Galveston, Texas, Nov. 8.—What is believed to be the first cargo of corn to be imported into the United States since the adoption of the new tariff law, placing corn on the free list, reached Galveston this afternoon on the French steamer, Carrol from Buenos Ayres, Argentine. The cargo consists of 4800 tons of corn, which will be sent to a grain company at Wichita Falls.

LARGE NUMBER FROM OUT OF CITY WITNESS THIRD DEGREE WORK

## BANQUET BY LOCAL LODGE

Nearby Towns Send Large Delegations in Addition to Visitors From Dallas Lodge

So many visiting Masons accepted the hospitality of the Wichita Falls Lodge of that fraternity Monday afternoon and evening that there was room in the lodge hall in the First National Bank building only for the visitors and local Masons withdrew from the hall to make room for their guests while the Master's degree was conferred by Dallas Masons all of whom were of the thirty-third degree.

The largest delegations were from Iowa Park, Burk Burnett, Electra, Henrietta and their nearby lodges and from Dallas but many were present from widely scattered lodges, several being from Pennsylvania points. More than 150 visiting Masons were registered and many more were in attendance who did not find time to get their names on the visitors' book.

After the afternoon trains were in Monday and the visitors had registered at the Elks' Hall, Chapter work was opened at the Masonic Hall. This was exemplified by the local team. At 7:30 the Dallas visitors gave the Blue Lodge work.

## Are Tendered Banquet.

The meeting was brought to a close with a delectable banquet at the Elks' Hall at 10:30 at which local Masons who had retired from their own hall on account of the crowded condition sat with the visitors. Wiley Blair was toastmaster and responses were made by Dr. Bell, a local Mason and by Mike Thomas, L. L. Stevens, G. T. Akers and J. W. Blackstone of Dallas.

Some of the visitors left for their homes on the early morning trains and others remained over until Tuesday afternoon. All report a most enjoyable entertainment and are looking forward to an invitation to return when the corner stone of the proposed new Masonic Hall on Tenth street is laid.

## A partial list of the visitors follows:

## CAVIN M. PAYNE VISITOR IN WICHITA OIL FIELDS.

Calvin M. Payne of Titusville, Pa., one of the vice presidents of the Corsicana Petroleum Company, arrived here yesterday for an inspection of Petrolia, Burk Burnett and Electra pools. He went out to Petrolia this afternoon in company with F. V. Faulkner, general superintendent of the Corsicana Company. Mr. Payne came here after a trip through the Oklahoma fields where he found great activity "but nothing that could beat the Electra pool" which he indicated simply couldn't be beaten. Since his last visit here ten months ago Mr. Payne has made a trip to Europe.

## BETTER METHODS AMONG FARMERS

DISTRICT AGENT J. W. CAMPBELL MAKES REPORT TO COMMISSIONER'S COURT

## PLANNING BABY BEEF CLUB

It will be Feature of Work Next Year—Urges Raising of More Live Stock Here

A report of the farmers' co-operative demonstration work in this county has been compiled by J. W. Campbell, district agent of the department of agriculture, covering the period from September 1 to November 10 follows:

"I have to date eighty-nine demonstrators and seventy-eight co-operators. Fifteen demonstrators have been added to the list lately for next year's work, and will add quite a number more as some of the old list have moved away. I will revise the list December 1st. I had 255 boys in the various clubs. The most of them have done extremely well considering the long drought this summer. Quite a number report from thirty-five to sixty on bushels of corn on one acre and forty to seventy-four bushels of maize per acre. The cotton boys were hit pretty hard with the drought still some of them have made from 500 to as high as 2000 pounds per acre.

"Miss Geneva Vaughan, his 180 girls in the canning and poultry clubs. The most of them have done exceedingly well especially in the poultry club.

"I have collected the most of the reports on the demonstration plots cultivated this year, which were really better than expected. Quite a number report from thirty to as high as forty-one bushels of corn per acre and from one-fourth to a bale of cotton per acre. Our listed wheat plots made from five to seven and as high as nine bushels per acre more than the flat breaking. This method of preparing the wheat land has been increased this year four per cent; also the same methods of preparing seed beds for spring crops resulted in increases. The use of the six small shovels on the cultivators in place of sweeps has increased thereby making a deeper soil mulch to hold the moisture and prevent a hard pan from forming below the plowing as is most invariably the case when cultivation is done with sweeps in dry weather. The difference is very noticeable in dry weather as the crops hold up much better with a deep soil mulch.

## Urges More Live Stock.

"I have been advocating raising more live stock on the farms the past year especially hogs for home consumption and have interested a number of farmers in planting small hog pastures and raising more hogs, poultry and dairy cows so as to supply the home demand and have a surplus to supply the home markets. There has been a great deal done this year in this line and the interest is still growing especially with the tenants and owners to agree to build small hog pastures for their tenants and furnish them brood sows on the shares thereby to enable the tenant to raise his own meat and to have a small surplus to sell.

"I will reorganize the boys and girls clubs soon for next year. I would have done so sooner but owing to so many being out of school and waiting for them to enter. As my time is limited in this work I only have time to visit the various schools in the county and organize them.

"I have ten boys organized in a baby beef club. Each will fatten a calf for the fat stock show at Fort Worth next fall. I got up the prizes for the boys and girls clubs and awarded them their prizes October 11th, which was highly appreciated by them. I have made 175 visits to demonstrators, traveled 242 miles with team, 1016 miles by rail, attended the August meeting four days at Brownwood and attended club day at the Dallas Fair.

"I consider the demonstration work and club work in Wichita county in fine condition and the interest still growing. Respectfully,

J. W. CAMPBELL.

## CONFERENCE AT DALLAS TO ORGANIZE REGIMENT

Meeting is Held to Have Texas Represented Among Volunteers When Fighting Starts

Dallas, Texas, Nov. 10.—A call for meeting to organize a Texas regiment to be rendered the government in case troops are needed in Mexico was responded to here today by the presence of the congressman and several prominent Dallas business men. The call was issued by E. W. Edwards, a local business man, who said he was acting on his own responsibility. Congressman Hutton W. Summers and Secretary J. R. Babcock of the Chamber of Commerce were among those in attendance.

The conference agreed that in case of intervention a call would be issued for volunteers to be brought to Dallas and maintained here without expense to the government, until accepted for service.

## SALOON BUSINESS FOR THE PURITY CONGRESS

Speaker Suggests That it Establish Resorts as Competitors of Those Where Immorality Thrives

Minneapolis, Nov. 10.—To combat the evils of the immoral cafe, J. Frank Chase, secretary of the New England Watch and Word Society of Boston, addressing the International Purity Congress here today proposed the establishment of "tripartite saloons" one part for men, one for women and one for couples. Mr. Chase would make it a punishable offense to rent a house for immoral purposes as a means of overcoming the immoral lodging house. A law compelling the janitor to keep on file in a room on the first floor the marriage certificate of each person living in a flat as a means of eliminating the evils of the "affinity."

New York, Nov. 8.—Mrs. John Purroy Mitchell, wife of the new mayor, is an active woman who will not be embarrassed by the many duties that will fall on her through the elevation of her young husband to his high position. She is a member of several social organizations and is deeply interested in woman suffrage and in welfare work designed to stamp out and cure tuberculosis among the poor.

## URGES MORE CARE IN SENDING MAIL

POSTOFFICE DEPARTMENT ASKS PUBLIC TO ADDRESS LETTERS MORE CAREFULLY

## AVOID DELIVERY DELAYS

First Assistant Postmaster General Issues Circular Letter to Postmasters

When you next address a letter to "John Jones," "Bill Smith" or some other fellow in some city or on some rural route, it will probably facilitate the delivery of the letter write his street and number or the number of his rural route and box number as you do his postoffice and state. In event you do there won't be any occasion for the delivery of the letter to Bill Smith after a delay of several days with this notation stamped on the envelope "delivery delayed on account of incomplete address."

Some people assume that every eddy in the postoffice at Oshkosh or Calumet or wherever Bill Jones lives ought to know him and know his street address or his rural route and the number on his box. They argue that there may be several Bill Jones in Oshkosh or that even at the postoffice clerk's may not have the good fortune of his acquaintance so they don't bother about placing these details on the envelope.

## Wants More Care Taken.

This carelessness is causing so much trouble in the postal service that Daniel C. Roper, first assistant postmaster general has issued a circular letter to the postmasters throughout the United States asking their cooperation in teaching the people to be more careful. Postmaster Bacon has received one of these letters. It follows:

"Sir: Your active co-operation is requested in an effort to relieve the postal service of the burden imposed by the growing evil of incompletely and improperly addressed mail.

"The delivery of letters, especially in the large cities, is frequently delayed and often times made impossible by the omission of an important part of the address, such as the street number, or room number when addressed to an office building. Not infrequently the name of the street is omitted, only the name of the postoffice and State being given. Another source of trouble is the practice of giving an address at the intersection of two streets without giving the location of the corner, for in some large cities a number of carriers' routes may terminate at that point or it may be the dividing line between the respective territories of the main postoffice and a station or between two stations, and in the absence of the notation 'N. E. N. W.' etc. the distributors are unable to determine to which carrier the mail should be thrown.

"The increasing carelessness on the part of the public in addressing their mail is no doubt aided and abetted by the practice of the department in supplying deficient addresses and also by the exploitation in newspapers of the ability of some clerks to decipher 'freak' addresses.

## MONEY BILL AS PARTY MEASURE

WILL BE MORE NON-PARTISAN WHEN IT IS FURNISHED, WILSON TELLS CALLERS

### HITCHCOCK NOW DEFIANT

Attacks Caucus Plan and Declares he Will Not Yield Conventions on President's Account

By Associated Press. Washington, Nov. 10.—Only in the sense that the Democratic party will be responsible for currency legislation and therefore must direct its progress, does President Wilson believe the currency bill will be made a party measure. He told callers today that he expected it would be a non-partisan bill when completed. Senator Hitchcock made a hot attack today upon the proposal to take the currency question into a Democratic caucus. He is the one Democrat on the banking committee standing out against the administration in a statement from the floor, he declared he would not yield his convictions "to meet the views of the president."

Work on a report on the administration currency bill to be submitted to the Democratic conference of the Senate was completed by Senator Owen, Shafroth, Pomeroy and Hollis the four Democrats who found it impossible to put the measure through the Senate banking and currency committee.

An it goes to the conference the report will recommend the bill virtually as it came from the House, with a number of minor amendments and changes of phraseology which the administration believes necessary to perfect it. An attempt will be made by the four senators to secure, in addition to their signatures, those of Senators Reed and O'Gorman, who have opposed many of the features of the bill in the committee. Both of these senators have sought to avoid action by the Democratic caucus on the bill and neither signed the petition which resulted in the call for Wednesday's conference. It is practically certain that Senator Hitchcock, whose currency views differ widely from those embraced in the administration bill, will stand out to the end.

When the committee meets it will be in the position of working on a measure which apparently is doomed to be discarded. There is some question as to whether the committee will continue its struggle to reach an agreement or whether it will give up the attempt and leave the entire matter to be disposed of by the conference. The latter course probably will be recommended by the administration senators, but they may have some difficulty in inducing the committee to suspend work.

At any rate the Republican members of the committee will continue their efforts to perfect a bill and will report a completed measure to the Senate. There, it is expected, the fight against the administration bill will be sharp and long drawn out.

Case Had Attracted International Attention—Alleged Murder for "Blood Ritual" Was Charge

By Associated Press. Kiev, Russia, Nov. 10.—Mendel Veil, accused of the murder of the Christian boy, Yushinsky, was acquitted by the jury today. The trial of Veil, a Russian of the Hebrew faith for the alleged murder for the purpose of "blood ritual" of Andrew Yushinsky, began October 8.

The case caused an immense sensation. The boy's mutilated body was discovered March 25, 1911, in a courtyard. His hands were bound and there were forty-seven wounds on his body.

## CALIFORNIA MEN WILL OPERATE HERE

Advance Guard of Golden State Oil Interests Already on Ground Taking Leases

Although definite information on the subject is not available at this time, it is learned that California interests are preparing to enter the Northwest Texas oil field on an extensive scale and some of the concerns involved already have representatives here. This advance guard includes several geologists, who are studying formations, and surface indications in the field.

J. G. Lantry, for some time an operator in the California field, moved here some weeks ago and has taken a number of leases. Another Californian arrival is T. J. Peterson, representing the Peerless Oil Company. It was reported recently that one company with considerable production in this field was soon to sell its holdings to California concerns, but no confirmation can be obtained. There is little doubt, however, that some of the concerns now operating in California will soon extend their activities to Texas.

By Associated Press. London, Nov. 10.—Walter H. Page, United States ambassador, today presented to the British foreign office another message from President Wilson, the general effect of which is that under no circumstances will the president recognize Huerta or any of his acts. The message is regarded here as in the nature of an interim report, not calling for a reply.

Great Britain, therefore, awaits a more definite pronouncement from President Wilson, setting forth precisely what steps he proposes to take to enforce his policy before sending a formal reply.

## LABOR LEADEAS ON LOBBY PROBE

RECENT DISCLOSURES ARE DISCUSSED IN REPORT TO SEATTLE FEDERATION MEETING

### OPENING OF PANAMA CANAL

Event Taken as Occasion for Showing Need of Restricting Immigration in Western States

By Associated Press. Seattle, Wash., Nov. 10.—"Invisible government by organized dollars" was scored in the report of the executive committee of the American Federation of Labor to the 33rd annual convention which began here today. The recent congressional lobby investigation and the charges of M. M. Mulhall against the National Association of Manufacturers formed the basis of the attack.

"It has been shown to be the worst group of selfish mercenary interests now fattening upon civilization," the officials of the organization have not denied their official signatures to any communication offered in evidence. They have not denied that they paid their lobbyists large salaries and had immense expense accounts. They have not denied that they attempted to break strikes of Congress and frequented the rooms of its members to prevent legislation in behalf of labor. The National Association through its overreaching greed for power and profit, now stands absolutely disgraced before Congress and the Nation. Its influence for evil has been materially reduced."

The report charged that only a limited number of copies of the lobby hearings have been printed and expressed the hope that the convention would call upon Congress to supply more that they might be distributed and the knowledge of the alleged "conspiracy of the manufacturers" be widely disseminated.

Reference to the lobby investigation concluded. Now that the existence of the invisible government, the stronghold of organized dollars, has been established beyond doubt, question now that its methods, purposes and agents have been revealed to the public, those who have been the interests of humanity and the maintenance of a democratic form of government, are able to attack the problem with the wisdom of experience and knowledge."

The early opening of the Panama Canal was made the occasion to declare for greater immigration restriction through national legislation. Earlier access to the Pacific Coast, the report says, forces a duty upon the workers in Western States to seriously consider the new problem of foreign immigrant labor. The failure of remedial legislation in recent Congress was deplored.

In connection with the work of the department of labor, the report declares in favor of the establishment of a bureau of labor safety to look after the safety of workmen and the enforcement of safety devices. A museum of safety, it was declared, "would be of great assistance in promoting these various purposes."

### IS FINED FIFTEEN DOLLARS FOR AUTOMOBILE SPEEDING

Jack Culbertson pleaded guilty in the city court this morning to a charge of violating the speeding ordinance and was assessed a fine of \$15. The forfeiture of a bond for \$25 for Mr. Culbertson's appearance in court Saturday morning for which John G. Horton was surety was set aside. Mr. Culbertson claiming that it was his understanding that he was to be fined in event the suit was to be called. In answer to an inquiry by Judge Rye, the defendant said this was the second time he had been before him on a charge of speeding whereupon his fine was placed at \$15.

Mexia—Well No. 19 was brought in here recently by the Mexia Oil and Gas Company at a depth of 670 feet. It is a four inch dry gas well and is variously estimated that it is producing between 10,000,000 and 20,000,000 cubic feet of dry gas per day.

## MAP OF POINTS IN MEXICO WHERE INTERVENTION IS LIKELY; EX-PRES. WOULD FIGHT U. S.

Washington, Nov. 10.—There is no mistaking that official circles here expect armed intervention in Mexico. Troops and war craft are being put in fighting trim in many important localities. At League Island navy yard, at Philadelphia, for instance, warships lying there are receiving the necessary touches for active service. The falling old Brooklyn, for instance, flagship of Admiral Schley at the battle of Santiago, has had new guns mounted and her engines overhauled. Supplies of food, clothing and ammunition are centered at convenient points for quick removal, and every one familiar with the army situation knows the strength of the detachments along the border is thoroughly impressive. The state troops made by former President Porfirio Diaz that he will return to Mexico and fight against the United States in case of armed intervention adds new complications. Diaz is a strong character and popular with most of the soldiers. He would prove

## COTTON PRICES DOWN \$2 BALE

CENSUS BUREAU'S REPORT SHOWS MUCH LARGER GINNINGS THAN WAS EXPECTED

### TOTAL, 8,835,913 BALES

Reports up to November 1 Show Only Few Thousand Bales Less Than Previous Year

By Associated Press. New Orleans, Nov. 8.—Cotton broke in a sensational manner this morning on the census ginnings report. It was 100,000 bales larger than generally expected and 200,000 bales larger than the bulls looked for. It caused a loss in prices of almost two dollars a bale.

Heavy Selling in New York. New York, Nov. 8.—A break of two dollars a bale followed publication of ginning figures in cotton today. January contracts touched 12.93 under heavy, general selling, much of which came from southern sources.

8,835,913 Bales On November 1. Washington, Nov. 8.—The fourth census ginning report of the season, compiled from reports of census bureau correspondents and agents throughout the cotton belt and issued at 10 a. m. today, announced that 8,835,913 bales of cotton, counting round as half bales or the growth of 1913 had been ginned prior to November 1. To that date last year 8,869,222 bales, or 65.8 per cent of the entire crop, had been ginned; in 1911 to that date 9,570,005 or 64.1 per cent of the crop had been ginned; in 1908 to that date 8,491,557 bales or 62.6 per cent of the crop had been ginned and in 1906 to that date 6,906,395 bales or 62.2 per cent of the crop had been ginned.

Included in the total ginnings were 61,829 round bales, compared with 54,529 bales last year; 68,313 bales in 1911, 81,183 bales in 1910 and 109,621 bales in 1909.

The number of Sea Island cotton bales included was 42,769, compared with 28,887 bales last year; 55,653 bales in 1911, 40,504 bales in 1910 and 55,237 bales in 1909.

Ginnings prior to November 1, by States follow: Alabama—1,012,540; Arkansas—430,557; Florida—47,317; Georgia—1,602,482; Louisiana—121,900; Mississippi—567,719; North Carolina—385,225; Oklahoma—526,012; South Carolina—361,190; Tennessee—173,925; Texas—2,950,439; Other States—46,204.

Clint—H. J. Gray, manager of the El Paso Valley Fruit Growers' Association is endeavoring to get the members of the association to plant 300 acres or more to watermelons next spring. He has the assurance of 200 acres and it is probable that the 300 mark will be reached before planting time. A market has been assured for the yield.

## RECOGNITION IS UNLIKELY

WILSON NOT CONSIDERING GIVING AID TO CONSTITUTIONALISTS AT PRESENT

### NO HUERTA REPLY

Text of His Communication Late Saturday Night Not Yet Received in Washington

Special to The Times. Washington, Nov. 10.—Recognition of the Constitutionalists and the removal of the embargo on arms to the revolution is not contemplated by President Wilson at the present time. This he made clear to callers today. No reply has yet been received from Huerta to the representations recently made by the United States.

The president pointed out that no limit had been set for a reply from Huerta. Pending developments the president will not consider another address to Congress on Mexico.

Informal comment on Huerta's statement to the diplomatic corps at midnight Saturday which had not been cable to the election of the president and vice president were to be declared void Huerta intended to consider the election of Congress valid.

By the Washington government, that is regarded as an inconsistency of which foreign nations must take cognizance and the impression prevailed that the repudiation of all acts of the new Congress would be forthcoming by the United States.

President Wilson, it was feared later today, is giving serious consideration to raising the embargo on arms. In his talks with senators, he asked their advice on that point and has been advised by most of them to lift the embargo.

### INDUSTRIAL UNIONISM AMONG METAL WORKERS.

Seattle, Wash., Nov. 8.—Industrial unionism won a victory today in the meeting of the metal trades department of the American Federation of Labor when a resolution offered by delegates of the Machinists' Union providing that strikes may be called on a vote of seventy-five per cent of the members involved, was adopted. The resolution provides that no single union can reach an agreement until all the unions involved have secured a settlement.

## DEADLOCK ON CURRENCY BILL

CONFERENCE ON MEASURE BY SENATE DEMOCRATS CALLED FOR MONDAY

### TWO SENATORS OBSCURE

Reed and Hitchcock Vote With Republicans in Fight Against Eight Regional Banks

By Associated Press. Washington, Nov. 8.—With the Senate banking and currency committee deadlocked in its consideration of the administration currency bill, a call was issued tonight for a conference of Senate democrats next Wednesday to discuss the measure. The call was issued by Senator Swanson of Virginia on authority from Leader Kern, who is out of the city. All day long, the committee wrangled without result over the question of fixing the number of regional banks to administer the new currency system.

Half a dozen votes were taken on various propositions fixing the number at from four to eight. Each vote disclosed a tie. Senator Hitchcock voting with the free Republicans against the six bill. Democrats declared that the president was determined to have at least eight regional banks.

Reed and Hitchcock Obdurate. When the committee had adjourned, Democratic members went into session. The four administration supporters argued with Senators Hitchcock, Reed and O'Gorman, although the latter two had swung into line with the administration on several propositions. An attempt was made to secure a compromise by which the administration supporters would yield on other points to assure eight regional banks, but the effort failed.

No Comment At White House. Senator Swanson and his conference call them came into the situation. The petition for the call was signed by twenty-three Democratic senators. No comment was made at the White House regarding the situation. Republican members of the committee tonight expressed the intention of working for a minority currency bill, based on a publicly-owned, publicly-controlled system of regional banks, of which there would not be more than four. In many respects the bill would follow the Glass administration bill.

The administration Democrats in the committee are at work on a report which probably will be laid before the conference Wednesday.

## FELKER HONORS REQUISITION

THAW'S CASE NOW AUTOMATICALLY TURNED OVER TO THE FEDERAL COURT

### HOPE IS NOT GIVEN UP

Vermont Decision on Indictment Returned Against Matsewan Fugitive for Conspiracy

By Associated Press. Concord, N. H., Nov. 8.—Gov. Felker today honored the requisition of the State of New York for the extradition of Harry K. Thaw. The case is now transferred automatically to the federal courts, where a writ of habeas corpus on behalf of Thaw is pending. The governor based his decision on the indictment returned against Thaw in New York City, which charged him with conspiracy to escape from the Matteawan asylum.

Thaw made his sensational flight on August 17. Thaw's attorneys announced that they would immediately file an amendment to their petition for a writ of habeas corpus, which was made soon after Thaw was deported. The original petition was based on the allegation that Thaw was indicted by the Dutchess county grand jury and was suspended pending the governor's decision.

Thaw was not present when Governor Felker announced his decision. He will remain here in custody of United States Marshall Nate and Sheriff Drew, pending the federal proceedings. Thaw said that he would make no comment upon the governor's decision and the probable future course of the case. His mother issued a statement in which she said that the governor's decision was not a shock to her, although it was a disappointment.

## CRITICISM FROM QUESTIONABLE SOURCE

Henry Lane Wilson Again Shows Smallness of His Caliber By Criticism

By Associated Press. Cleveland, Nov. 8.—Henry Lane Wilson, whose resignation as ambassador to Mexico was accepted by President Wilson, criticized the administration's Mexican policy in an address before the Union Club here tonight.

"I believe that had Huerta been accorded diplomatic courtesies, peace would have been brought nearer," said the former ambassador, "no one will say that Huerta is an ideal head for any government, yet under the conditions that obtain in Mexico, I insist that with him as the internationally recognized head of the government the purposes of peace and order and the protection of the property and lives of Americans would have been conserved far better than they have been."

He quoted the administration as having announced that the testimony of American investors in Mexico would not be heeded in solving the Mexican problem. He asked: "What testimony should be heeded in Mexico?" Mr. Wilson concluded with the inquiry: "By what course of reasoning can there be an insistence from Washington that an Anglo-Saxon system of government can be established in Mexico, where ninety per cent of the population cannot read or write. American intervention means war."

## WISHED SHE COULD DIE

And Be Free From Her Troubles, but Finds Better Way.

Columbia, Tenn.—"Many a time," says Mrs. Jessie Sharp, of this place, "I wished I would die and be relieved of my suffering from womanly troubles. I could not get up without pulling something to help me, and stayed in bed most of the time. I could not do my household."

The least amount of work tired me out. My head would swim, and I would tremble for an hour or more. Finally, I took Cardui, the woman's tonic, and am not bothered with pains any more, and I don't have to go to bed. In fact, I am sound and well of all my troubles."

Cardui goes to all the weak spots and helps to make them strong. It acts with nature—not against her. It is for the tired, nervous, irritable women, who feel as if everything were wrong, and need something to quiet their nerves and strengthen the worn-out system.

If you are a woman, suffering from any of the numerous symptoms of womanly trouble, take Cardui. It will help you. At all druggists.

### NO RACE SUICIDE IN ITALY IS IN EVIDENCE.

Rome, Nov. 10.—Following the recent announcement of vital statistics in Germany and France which showed that the birth rate in those countries is either only equal to or below the death rate, Premier Giolitti today announced with evident pride Italy's latest figures. In 1911 despite the heavy death rate from cholera, the births exceeded the deaths by 350,000 and in 1912 with no epidemics by 495,000 making a total increase in population for the two years by births alone of 848,000.

## DALLAS WOMAN IS EXONERATED

MRS. ELLIS M. LAKE ABSOLVED FROM ALL CONNECTION WITH MURDER OF MISS BROWN

### IS NO LONGER IN CUSTODY

Meade Barr Declines to Tell Why He Implicated an Innocent Woman

By Associated Press. Dallas, Texas, Nov. 8.—Mrs. Ellis M. Lake was completely exonerated of any connection with the murder of Miss Florence Brown here last July and was released from custody late this afternoon on habeas corpus proceedings. Meade Barr, whose confession to the grand jury implicated the woman told the court that so far as he knew, Mrs. Lake had absolutely nothing to do with the crime.

"Why did you implicate this woman?" asked County Attorney McCutcheon, but Barr refused to answer. Barr answered but one question concerning his own alleged connection with the death of Miss Brown. "Did you kill Florence Brown?" he was asked.

"I did not," he replied. The release of Mrs. Lake adds another puzzling feature to the mystery that has baffled the efforts of many detectives since July 28. It was rumored at one time that Barr might soon be returned to the Indiana state reformatory, where he was an inmate when his first "confession" was made.

## INDIANAPOLIS CARS ARE AGAIN RUNNING

Old Motormen and Conductors in Charge—Receivership Suit is Postponed

By Associated Press. Indianapolis, Nov. 8.—For the first time in seven days the people of Indianapolis heard the hum of motors and clang of bells of street cars today as the service was resumed by the strike of employees was resumed. Old motormen and conductors were in charge of the cars.

A suit asking that a receiver be appointed for the street railway company and that the Indianapolis Traction and Terminal charter be cancelled, was indefinitely postponed.

## SUPPLY SHIP CULGOA TO BE PROVISIONED

Meats and Other Supplies Will be Carried to Ships in Mexican Waters

By Associated Press. Washington, Nov. 8.—The navy department today ordered the supply ship Culgoa, now at Norfolk, to steam to New York to take aboard meats and other provision for the fleet at Vera Cruz and Tampico. It was explained that this action was in line with the navy department's policy to make the American squadron, so far as possible, independent of supplies from shore. It appears that the second division of the fleet allowed its store of provisions to run very low, expecting to leave Mexican waters earlier in the week to go home upon the arrival of the third division. The order from Secretary Daniels, detaining the second division indefinitely in Mexican waters, consequently made it necessary to rush supplies to the ships.

## GREAT LAKES SWEEP BY A HEAVY GALE

Several Vessels Grounded and Loss of Life Indicated in the Early Reports

By Associated Press. Detroit, Mich., Nov. 8.—The gale which swept the Great Lakes today resulted in the grounding of at least two vessels near here and the drowning of Frank C. Foster, first mate on the wheelback steamer, Samuel Mather. Reports reached here tonight that an unidentified steamer was pounding to pieces on the rocks off Point Pelee in Lake Erie.

### The Louisiana On Rocks.

Cleveland, Nov. 8.—The steamer Louisiana went on the rocks near Port Washington in Lake Michigan early today and began pounding to pieces, according to word the owners received here last night. While the crew of twelve were working to free her, fire broke out and the crew took to the boats, sailing safely.

### ORGANIZATION TO PROMOTE STUDY OF THE BIBLE.

Philadelphia, Nov. 10.—The most extensive Bible campaign ever witnessed in the East started in earnest here today, when prominent educators and Bible experts representing nearly all the Protestant denominations, gathered in conferences and meetings throughout the city for a two weeks session. The purpose of the campaign, participated in by most of the churches of the city, is to promote study of the Bible, by the distribution of tracts by neighborhood or district Bible conferences, Bible study classes and prayer bands.

## BETTER OUTLOOK FOR WILSON PLAN IN MEXICO

### COMPROMISE HUERTA MAY RECEDE SOON

MEXICO CITY WHICH BELIEVED WAR CERTAIN TAKES OPTIMISTIC VIEW

### HUERTA TO QUIT? OVERTURES MADE

O'Shaughnessy and Aldape To Confer Again Later Today—Situation Considered More Hopeful

By Associated Press. Washington, Nov. 14.—Secretary Bryan exchanged messages today with Charge O'Shaughnessy about the reported concessions which Huerta's cabinet members have intimated he would make. Efforts to recall John Lind to discuss the American demands that the new Mexican congress should not convene were taken here to indicate that Huerta's advisers would suggest a compromise whereby the new Mexican congress would meet but not pass upon measures calculated to continue Huerta in power. Officials were silent about inner negotiations, but were optimistic.

It was believed that Huerta would not announce his resignation until arrangements could be made for the choice of an acceptable successor. There was a report today that Senor Mojeno foreign minister might be selected.

The Washington government realizes that even should Huerta announce his intention to retire, a competent machinery of government would have to be substituted, and that negotiations for an armistice and peace arrangements looking toward a fair and free election would have to be carefully worked out. The United States purposes to help in any way it can, affording a medium of communication between Nogales and City of Mexico if desired and otherwise contributing toward a peaceful solution.

United support from the great powers abroad for the American policy toward Mexico, shown in a great variety of quiet diplomatic activities, has given President Wilson and Secretary Bryan a confidence feeling that the elimination of Gen. Victoriano Huerta as provisional president of Mexico soon would be an accomplished fact.

That the financial blockade instituted by the United States had effectively tied the purse strings of Europe; that diplomatic pressure was being exerted incessantly on all sides at the City of Mexico; that close friends of Huerta were applying their influence, and persistent reports saying Huerta had gone into mysterious seclusion, raised the hopes of the Washington government that at last it was making definite progress toward solving the Mexican problem.

An exchange of cablegrams with Ambassador Page, an agreement by Great Britain to leave the solution of the Mexican problem in the hands of the United States and announcements that no moral or financial support would be granted by England to the Huerta regime, set forth in London press dispatches, created a favorable impression throughout official Washington. It was felt that Great Britain, France, Germany and other nations now stood together in acquiescence to the plan of the United States for the elimination of Huerta.

### MCOMBS NOT LIKELY TO ACCEPT POST IN FRANCE

Returns From Abroad With Bride and Indicates That He Will Not Take Public Office

By Associated Press. New York, Nov. 14.—William F. McCombs, chairman of the Democratic national committee, came home today from Europe with his bride, formerly Miss Dorothy Williams of Washington, whom he married in London. Asked about the possibility of his accepting the ambassadorship to France, he said:

"I have no taste for public service, and I do not expect to take public office."

MUTUAL CONCESSIONS MAY BE MADE ON REASSEMBLING OF CONGRESS

Believed His Resignation Will Follow Agreement As To Succession—Mojeno Considered Likely

By Associated Press. Mexico City, Nov. 14.—Confidence in the early establishment of the aims of the United States toward Mexico was expressed today by Nelson O'Shaughnessy, American charge d'affaires. The overtures made by the Mexican minister of the interior, Manuel Aldape, late yesterday are taken as evidence that Huerta is ready to recede from his stand.

Although Mr. O'Shaughnessy refused information as to any phase of the later developments, it was understood he would have another conference with Senor Aldape late today when it is expected that the ideas of Washington as to the wisdom of John Lind's returning from Vera Cruz to the capital and receiving a committee representing Huerta would be made known to the latter's representatives.

Dispatches from Washington today indicating the probability of a settlement without resort to arms, which during the past week appeared here to be a forlorn hope, created an atmosphere of optimism and relieved the tension today.

The Mexican Minister of Interior, Manuel Garza Aldape, saw Nelson O'Shaughnessy, the American charge d'affaires, late Thursday and appealed to him to do all in his power to induce his government to withhold action until the Mexican officials could communicate with Mr. Lind, now at Vera Cruz.

He based his appeal on the allegation that he was unable to get into touch with Gen. Huerta in order to present to him Mr. Lind's communication.

The American Charge could give the minister little assurance. Senor Aldape asked if Mr. Lind could be persuaded to return to the capital or, failing that, if a representative of the government might not go to Vera Cruz and confer with Mr. Lind.

To Ask President Wilson. Mr. O'Shaughnessy expressed the opinion that either course would be useless. In the end they agreed to present the case to President Wilson, embodying the representations of President Huerta's counselors, together with an appeal for postponement of action directed at lifting the embargo on arms and ammunition, or such other action as had been decided upon.

It is believed that Gen. Huerta, through his counselors, proposes to present a plan something in the nature of a substitute. He is said to be reconciled to the idea of resigning the presidency, but wants to submit his resignation to the new congress, the body which President Wilson, through Mr. Lind, has declared must not convene. Huerta's friends and those in his cabinet who are attempting to induce him to yield, have been informed that there are certain measures congress might adopt to which the United States would be unalterably opposed and that if any plan devised by them involves the convening of congress, it would be well to stop papers in which should be set forth exactly what measures the new law-making body expects to pass upon and to see to it that such measures as are regarded by Washington as objectionable are excluded.

The statement made by the minister of finance Wednesday night that he had been unable to present Mr. Lind's message to Gen. Huerta, was verified. The provisional president had gone on a visit to Tlalapa, a suburb, without the formality of notifying his personal friends or official associates.

The announcement of Mr. Lind's departure from the capital and the circumstances attending it, excited only casual comment among Mexicans. A number of Americans left for Vera Cruz, but the capital, as a whole, lost none of its accustomed calm.

CONFESSIONS SECURED OF PAYMENTS TO POLICE FOR PROTECTION FROM ARREST

### INDICTMENT OF "BAG-MAN"

Ex-Member of State Democratic Committee Charged With Extorting \$250 Contributions

By Associated Press. New York, Nov. 14.—District Attorney Whitman confirmed today the report that he had obtained confessions from a gang of wire tappers involving the payment of graft for police protection to a civilian in high authority at police headquarters, one police inspector and at least two lieutenants.

Many hundreds of thousands of dollars, Mr. Whitman said, had been obtained by the wiretappers under police protection. Ten per cent of this sum and a fixed retainer of \$2500 a month, according to the confessions had been divided among the police officers involved.

One Chicago woman, it was said, had been fleeced out of \$400,000 by the gang. Still more startling revelations are expected in the confessions of others.

Everett P. Fowler, former member of the Democratic state committee, described by John A. Hennessy as "Tammany" "bag man" was indicted this afternoon for extorting in exacting a \$250 contribution from S. T. Hull, a contractor.

Fowler's indictment is the first resulting from investigations of Hennessy's charges that more than 300 contractors on state work had been compelled to contribute to politicians. Other indictments will follow, Mr. Whitman said.

### CONGRESSMAN STEPHENS IS VISITOR HERE TODAY

Goes to Byers and Petrolia to Visit Friends—In Southwest to Inspect Indian Agencies

Congressman John H. Stephens came into town unannounced on the early morning train this morning and after an early breakfast left on the morning train going out to Petrolia and Byers where he is spending the day looking over the oil field and meeting friends. When he left this morning Mr. Stephens did not know whether he would return to Wichita Falls or spend the night at Petrolia or Byers, but friends are expecting him to come in on the train late this afternoon.

Congressman Stephens who is chairman of the committee on Indian affairs has been in the Southwest for several weeks inspecting the various Indian agencies and while in this section took the opportunity to stop off at his home at Vernon for several days. Developments in the currency legislation may call him back to Washington at any time.

He had accused the girls of spending their time reading novels, and failed to substantiate the allegation.

## STRIKE IS IN FULL FORCE

ATLANTIC DIVISION OF SOUTHERN PACIFIC SEEMS EFFECTUALLY TIED UP

### PEACE NOT NEAR

Few Trains Being Operated—Men Carry Out Their Threat To Go Out Late Thursday

By Associated Press. Houston, Texas, Nov. 14.—The Atlantic system of the Southern Pacific lines and the Federated trainmen appear to have fully accepted the terms of battle of the officers of the company and a struggle to the finish is evidently on. With all prospects of intervention by the federal board of mediation or other outside agency removed, for the present, at least.

There was not the slightest indication at noon today that any prospect of peace exists. The road's officials are depending on officers of the company to operate what few trains are kept in service.

The first evidence of strike feeling was reported early today when one of the large passenger engines was started by some unknown person, with the throttle wide open. The engine ran for several blocks before it was derailed, slightly damaging the tracks. At 6:30 o'clock a carload of cotton was fired by some unknown person in the yards, and destroyed.

Preparations for protecting the property of the company were made today when large numbers of men applied at the company's offices for positions as guards. They are being placed at various points. No attention is paid to freight movement and paralysis in that department is complete.

Telegrams received this afternoon from Washington say the federal board of mediation will meet there tonight and immediately take steps to end the strike.

Efforts by G. W. W. Hanger, assistant commissioner of mediation and conciliation of Washington, to avert a strike were unavailing.

"Mediation can not stop this strike," one official declared. "The only thing that can stop it is the reinstatement of all men who, struck last night without prejudice, with the agreement to meet the joint committee for an adjustment of grievances."

In calling out the 2,400 men it is urged by the brotherhood officials that there be absolutely no violence and that the men remain at their homes as much as possible pending an adjustment of the strike.

Among the demands made by the four organizations jointly are: demand that company treat with a joint committee, representing the employees; demand reinstatement of twenty-six discharged engineers, firemen and trainmen; new agreement regarding excessive lay-offs; freedom from home; discontinuance of moving engines under steam without engineers; seats to be placed on road engines for brakemen; demand \$3.75 for firemen, in accordance with agreement; to limit the practice of subordinated writing cut letters to employees; and men to be given right to report for duty by telephone. There is protest also against the present mode of examination.

The order affects all members of the Brotherhood of Locomotive Engineers, Brotherhood of Locomotive Firemen and Engineers, Order of Railway Conductors and Brotherhood of Railway Trainmen employed on certain lines of the Southern Pacific in Louisiana and Texas, which includes the Galveston, Harrisburg and San Antonio, the Texas and New Orleans, Morgan's Louisiana and Texas Railway, the Louisiana and Western Railroad, and the Iberia and Vermilion. Although the order did not apply to the switchmen and yard men, they also struck in the Houston yards and it is reported that the strike among the yardmen and switchmen on the lines is general.

The strike affects approximately 400 engineers, 600 firemen, 400 conductors and 1,100 trainmen. While there is no definite estimate of the number of yardmen out, union officials say probably several hundred are affected.

The order was issued Wednesday night to the men to walk out at 7 o'clock Thursday evening, unless otherwise ordered. No countermanding order was given and the strike followed. Union officials stated that the only thing that would prevent the strike being ordered was an agreement of the railroad officials before that hour to meet the joint grievance committee of the four organizations for a settlement of the differences.

## TRAFFIC RULES ARE PRESENTED

ORDINANCES MAKING SEVERAL CHANGES IN REGULATIONS INTRODUCED IN COUNCIL

## DAMAGE OF SEWER DITCH

Property Owners in Southeastern Part of City Ask Action—Aldermen Act in Other Matters

Motor or horse drawn vehicles cannot turn in or across the streets in the built up portions of the city except at the street intersections and motor vehicles when left standing in the street must be fronted or backed squarely upon the curbings, if an ordinance laid before the council last night is enacted as it was read. It was placed upon its first reading and may be amended. Specific exception is made from its operation to bicycles and a clause provides that parts of it shall not be operative between the hours of 8 p. m. and 2 a. m.

**Anti-Noise Ordinance.** In this connection Mayor Bell suggested the proper noise ordinance. He said at times the noise was almost unendurable. He said it was not an uncommon practice for motorists to drive in front of a store or office building and call out whoever they wanted to see by honking the horn of their machines.

Among other matters considered by the council Thursday night were the building of new sidewalks in Floral Heights and request of property owners along the open ditch into which the storm sewers empty for relief from the flood water which is constantly widening the ditch and damaging the properties.

Sidewalks were ordered laid on the east side of Van Buren street from Ninth to Eleventh street, in front of lots 15 and 16, block 12, on Tenth street in Floral Heights and in front of block 222 on Twelfth street in Floral Heights.

**Property Owners Heard.** Messrs. Scheurer, Ziegler and Mezie, owners of lots along the ditch into which the storm sewers drain, asked the council to do whatever the city could to protect them from further damage from the flood waters. Mr. Ziegler said he could remember driving across that part of town more than twenty years ago and that there was no ditch there at that time. He said he thought the ditch had been formed after the Wichita Valley Railway was built by diverting the water dammed up by the railway grade through furrows plowed by authority of the city. Dr. Reed said he had been making some inquiry about the ditch and had been told by the man who was mayor of the city at that time that although some furrows were plowed at the time the water did not flow through them, he believed the ditch to be the course of a natural drain. After some discussion it was decided that the council would inspect the ditch Friday morning in company with the property owners and see what could be done to give them relief.

**Other Matters Considered.** The question of whether the city could collect street tax from those liable to such a tax living in the Spivey addition when that addition was annexed to the city six months ago came up on the offer of a resident of the addition to pay the tax to the city collector. It was decided that the right of the city to this tax was questionable and tenders of such tax were ordered refused. The street railway company was ordered to make a change in its sign on Lamar avenue at Seventeenth street.

A change in the grade on Tenth street between Grace and Broad was authorized.

## AFTER COUGHING TWO YEARS.

Waycross, Ga., Woman Found Relief in Vinol

"Did you ever cough for a week? Then just think how distressing it must be to have a cough hang on for two years."

Mrs. D. A. McGee, Waycross, Ga., says: "I had a very heavy cold which settled into a chronic cough which kept me awake nights for fully two years and felt tired all the time. The effect of taking your cod liver and iron remedy, Vinol, was my cough is gone. I can now get a good night's rest and I feel much stronger in every way. I am 74 years old."

It is the combined action of the medicinal elements of the cods liver, aided by the blood purifying and strength creating properties of tonk iron which makes Vinol so efficient for chronic coughs, colds and bronchitis—at the same time building up the weakened, run down system.

Try a bottle of Vinol with the understanding that your money will be returned if it does not help you. For sale by Miller Drug Store.

P. S. If you have any skin trouble try Saxo Salve. We guarantee it.

## OLDER BOYS' CONFERENCE IN SESSION AT TARRYTOWN

Tarrytown, N. Y., Nov. 14.—The Metropolitan and Suburban Older Boys' Conference of the Young Men's Christian Association convened here in annual session today. William Gilman Low Jr., of New York, presided at the opening sessions this afternoon in Arbury M. E. Church. The Rev. Joseph Hillman Hollister, of Mt. Vernon, N. Y., delivered the annual address. The banquet to be held this evening in the Y. M. C. A. building will be the big feature of the annual meetings. Dr. Charles C. Albenston, D. D. of Brooklyn, will be the principal speaker at tonight's function, and music will be furnished by the Y. M. C. A. Mandolin Club. The sessions will continue through Sunday.

## WRESTLERS ARE TO MEET TONIGHT

ERNST AND RENTROP READY FOR THEIR AFFRAY AT MOOSE HALL

## GOOD SPORT IS PROMISED

Have Been Anxious to Meet Each Other for Some Time—Ernst Has Been Training "Pet" Brown

Two wrestlers who have been wanting to get at each other for some time will meet tonight at the Moose Hall when Charles Rentrop and Adolf Ernst come together. Both are Germans and are near enough the same weight to prevent either being handicapped in this particular. The first preliminaries will be held shortly after nine o'clock.

Ernst comes here from Taylor, where he has been acting as trainer for "Pet" Brown, the Texas wrestler. When he heard that Rentrop and Hart were to meet here Tuesday night, he immediately issued a challenge to the winner and was accepted. Rentrop has been no less anxious to meet Ernst. The match will be held at the Moose Hall. Ladies will be admitted free.

Rentrop is a man who believes in good, clean sport, and is a picture of physical culture. He is an all around athlete, being a good boxer as well as middle-weight wrestler. He acted as physical director for numerous big clubs all over the country in recent years. Rentrop says he is real anxious to have fathers bring their sons out to the wrestling match, not for sake of the admission fee but it will help them to take care of the body and learn of the developments acquired by the proper care. He said:

"Some people think that food gives strength, this is not so. Sleep strengthens food only goes to build up the tissues. How often do we see people loading themselves with food when they feel tired and weak. They do not stop to think that the act of digestion calls for energy and consequently, draws to the indigestive organs, all the rest of the body which would otherwise have lain stored up, and been afterward distributed over the body, which would then recover its normal vitality."

"I took up physiology and discovered many things about the human body. I find that the lungs and the stomach are the most important organs, but by fast living it has proved that the body becomes round shouldered the lungs and spine pushed out of place and the whole body becomes a wreck."

"Every father should pay more attention to his boy, concerning drinking, smoking and cut out late hours."

"Wrestling is the best exercise, develops every portion of the entire body. It's better than boxing or ball games of any kind. The wrestler is not only strong and active, but he must be a quick thinker and skillful in his performance."

## A SURE REMEDY FOR LAZY LIVER.

Go to Stenographer-Smith's For This Safe, Reliable Remedy and Get Your Money Back If It Fails

There are very few remedies that gain the confidence of druggists as Stenographer-Smith's Liver Tonic does. Stenographer-Smith sell it and back up the sale of every bottle with the money back guarantee that the price will be refunded if it fails to give complete satisfaction.

Dodson's Liver Tonic costs 50 cents a bottle. It is the safest and best remedy for torpid liver, constipation, biliousness, etc., that has ever been sold in this city. It takes the place of dangerous calomel and does not lay you up as a dose of calomel often does. A bottle in the house is as good as fifty cents in the bank. If you or your family need a liver tonic you have the medicine ready. If it fails you get your money back.

Be sure you get Dodson's Liver Tonic when you ask for it. There are imitations of it that may disappoint you.

## COMING ATTRACTION IS "THE PRICE SHE PAID"

A celebrated dramatic critic of Chicago was asked a few weeks ago what he considered the best play of the season. He replied that without hesitation he had to award that honor to the current dramatized story, "The Price She Paid," now being played in this territory. The editor, for he combined the duties of critic and editor, remarked that public taste in dramatic offerings had undergone a decided change in the past few years. The unreal, distorted, artificial life depicted in the plays of a few years ago, he contended, would not appeal to a present day audience which demands truth, possibility and plausibility. Love interest must be strong, heart interest must be ever present and dramatic action indispensable.

The fact that the management of "The Price She Paid" has gone to such an extent as to engage a metropolitan cast of players, headed by the incomparable Shirlay Mayberry, proves conclusively that they consider their offers little short of wonderful and when a short time ago the play was pronounced by a leading newspaper as better than David Graham Phillips' book, no doubt remained as to its popularity. Added to this play has been a tremendous success wherever it has been seen and from present indications, standing room only will greet its appearance here at the Wichita Theatre on Wednesday, November 19.

# Cottolene

Make your pancakes as you always do, using a tablespoonful of Cottolene (instead of butter) and an extra pinch of salt—or try this:

**PERFECT PANCAKES**

1-4 cups flour; 1-3 teaspoon salt; 1 tablespoon sugar; 1 cup sour milk; 3-4 teaspoon soda; 1 egg. Sift flour, salt and sugar together; dissolve soda in sour milk and add gradually to the flour, beating smooth. Add well beaten egg. Bake on a hot, iron griddle, slightly greased with Cottolene. Let the cakes spread on griddle until quite thin.

Cottolene makes all foods palatable and easily digested. It goes much farther than butter, lard or any other cooking fat and is more economical.

### EVANGELIST VAN MATER TALKS ABOUT "REFUGES"

Speaks at Revival Service at First M. E. Church Thursday Night—Students Invited Tonight

At the revival services at the First M. E. Church last night Evangelist Van Mater spoke upon "False Refugees." He said that it was unthinkable that men should not give some consideration to the life beyond.

"Every one should be willing to examine his faith to see if it is well founded; whatever one trusts in is their refuge. First, it ought to meet his highest ideal; second, it should make one better; third, it should give peace in the hour of death; fourth it should be in line with God's word."

The evangelist here called attention to the many refugees, mentioning mortality as a common one.

"Does it meet the highest ideal?" he asked, "does it make one better?" He spoke of how many men have a double code of morals. One for home and their friends, another when amongst strangers.

The lodge, said the evangelist, is taken by many as a religion. He let it be known that he was a lodge man and belonged to one of the greatest fraternal societies. He spoke of personal experiences, showing that many were trusting in their lodge; he asked them to apply the test, does it make one better? He said many pray in the lodge room and curse on the street, showing that the lodge

does not change a man's moral character.

"It is good as far as it goes but man's great need is Jesus Christ."

Many are hiding behind the hypocrites, he said, and asked if always seeking for the disagreeable features in life tended to one's betterment.

Universalism is a refuge many take, he said, this being a belief that all shall be saved without any act of their own. For the man that robbed a girl of her purity and afterward destroyed her life to be saved along with his victim was not his conception of God, said the speaker, unless the proper repentance and faith upon the part of the sinner; without it all could not be saved.

Infidelity is a refuge for some, he continued, but it does not make men better. When a man lowers one's estimate of God he lowers the man. The evangelist showed how Indian's idea of God permitted the natives to practice the lowest forms of immorality. He said infidelity was a poor thing to die by for a Christian did not need to change his program at death and many an infidel had. Religion was mentioned as a refuge and if it failed to make one better and have perfect faith. It, too, was a false refuge, he said.

The Christianity of Jesus Christ has been shown to meet the highest ideal and wherever it has been put to the complete test it has made men better and those who trusted in the finished work of Christ did not need to make any change in their program; their faith was in accord with God's word," the speaker said.

### WOMAN'S BIBLE CLASS IN SESSION WITH MRS. GWINN

The Woman's Bible Class of the M. E. Church, South, met with Mrs. R. V. Gwin, Tuesday afternoon from three to five. After a short business session with the president, Mrs. Gwin, in charge, the ladies enjoyed a social hour, spent in fancy work and conversation. The hostess served delicious fruit salad and cake to the members of the class and on leaving each one expressed themselves as having spent a most delightful afternoon. Those present were: Mesdames Bland, Anderson, Frank, Humphries, Hayne, Downing, Bullard, Duke, McDowell, Niles, Rogers, Williams, Rahl, Shelton, Tummins, Statton, Wells, Ross, Allen, Gilliam and Williams of Clarendon.

### MRS. JACKSON ENTERTAINS TELEPHONE EXCHANGE GIRLS

The young ladies of the telephone exchange were honored at a most delightful informal reception Thursday afternoon and night given by Mrs. J. P. Jackson. The Jackson home was beautifully decorated in costs and chrysanthemums scattered in profusion over the entire suite of reception rooms. The dining room had been transformed into a Japanese tea room with all of the characteristic embellishments. Here the young ladies and the callers were seated at small tables, and tea by a number of young ladies dressed in Japanese style. In the afternoon Mesdames Filgo and Norton poured tea and Misses Celia Statton, Beryl Murph and Emma Smith served and Miss Helen Hines was in charge of the register. On both occasions Mrs. Jackson planned delightful sustenance on the honorees after they had registered, bar pins with the compliments of Jones-Kennedy in appreciation of the splendid and cheerful manner in which they served the public. After refreshments informal music and conversation was enjoyed. In the afternoon the guests were favored by vocal and instrumental selections by Misses Laura Bell and Helen Jalonic and Mesdames John Chambers and Lester Jones. At night entertainment was furnished by Misses Ida Cook, Helen Hines, Jessie Montgomery and Mrs. Fred Barron. Others who assisted Mrs. Jackson in entertaining were Mesdames J. L. Jackson, Fleming, Williams and C. C. Shelton. Quite a large number called during the different hours to meet the young ladies and the affair was most enjoyable to all concerned. Those of the exchange who enjoyed Mrs. Jackson's delightful hospitality were: Misses Zada Guldbrandson, Ruby Moore, Mary Striman, Leann Johnson, Myrtle Ryan, Lila Highsmith, Winnie Johnston, Sidney Minnerly, Mae Minnerly, Sue Tomlinson, Grace McCarrel, Ellen Savage, Gertrude Watts, Ethel Roberts, Bessie Birdwell, Nora Mays, Myrtle Dodgen, Jodie Lacy, Ida Dodgen, Dona Jennings, Mallie Richardson and Pearl Stephens.

### MRS. GEORGE HURST HOSTESS TO MAYFLOWER CLUB

The Mayflower Forty-two Club was pleasantly entertained Thursday afternoon by Mrs. George Hurst, assisted by her daughter, Miss Hazel. A series of eleven games was played in which Mrs. Della made high scores. Delightful selections by Howard Hurst were much enjoyed. During the course of the afternoon a delightful salad course was served the following club members: Mesdames Davis, Brown, Hutson, Dells, Page, Gregg, Langford, Stearns, Grey, Wilson, Halpin, Yates, Allen, Bradshaw, Dobson and the guests were Mrs. Crites and the Misses Elliott.

### B. O. P.'s ARE ENTERTAINED BY MRS. HARDY THURSDAY

Mrs. Dan Hardy entertained the B. O. P.'s most delightfully Thursday afternoon. Sewing occupied the young ladies' attention for the greater part of the afternoon. Music was also enjoyed. Mrs. Hardy, assisted by her daughter, Mrs. Chambers served sandwiches, pickles, punch and cake the following: Mesdames Cora Lee Waggoner, Ruby Self, Una Cook, Anna Bell King, Velma Williams, Carrie Roberts, Tula Stokes, Mabel Williams and Mrs. Kelly.

A number of young people enjoyed an informal dance Thursday night. This will probably be the last dance given at the Elks' Club rooms until the Thanksgiving ball.

A studio tea will be given at the College of Music and Art Saturday afternoon from 4 to 6. The work done by the students during the past month will be on exhibition and in

Wichita Falls, Texas, Nov. 14, 1913

After November 18, no more liquor

can be shipped into dry territory from  
any place within or without the state.

And Uncle Sam is now advising that  
Christmas shopping be done early. He  
is more clever this year, however, than  
before. Now the postoffice employees  
have instructions to lick the stamps  
that are to go on Christmas packages  
when so requested.

Congressman John H. Stephens was  
in the city today for a short time, pre-  
sumably to look after his interests,  
which he found in good shape, and  
therefore decided it was unnecessary  
to spend too much of his valuable  
time in one place.

The name of the Texas Commercial  
Secretaries, it is said, is to be changed  
to the Texas Business Men's Associa-  
tion. As to what prompted this action,  
the Times is not informed, but if  
permitted to do so it hereby en-  
dorses the change of name for the rea-  
son that it sounds better. The organiza-  
tion has done good work for Texas,  
though it has come in for a great deal  
of criticism, (some of which was just,  
and some unjust).

The way things look now there will  
be more development in the oil and  
gas fields in and around Wichita Falls  
during the next year than ever before.  
New companies are being organized al-  
most weekly, or daily, and the price  
of the stock of some of the companies  
is selling at a figure that is calculated  
to make one dizzy. One company, it is  
said is now paying a 10 per cent divi-  
dend monthly.

If Wichita Falls expects to keep  
that slogan "The Best Built City in  
Texas," she must adopt the new city  
charter on the 26th, and by that means  
give the city a chance to catch up and  
make needed public improvements.  
The city has done about all it can  
under the present charter. It was  
framed for the government of towns  
much smaller than Wichita Falls, and  
has been a failure. Unless the new  
charter is adopted the city govern-

ment cannot hope to make additional  
improvements. In truth, it will do well  
to even keep in repair improvements  
that have already been made.

Recent developments have been favor-  
able for the smaller companies op-  
erating in the Wichita district, oil  
fields including Electra, Iowa Park,  
Burkburnett, Petrolia and in the Eeds  
and Borchardt sections. These favor-  
able developments are encouraging  
other smaller companies to enter the  
field and the next few months prom-  
ises to see the greatest activity since  
the opening of the Electra pool. While  
the development work by the three  
big companies has been a great boon,  
it has been felt that a greater bene-  
fit would accrue to the city of Wichita  
Falls and to the communities in which  
actual operations are being carried on  
if a large number of smaller compa-  
nies and individual operators would get  
into the game. This is what is now  
happening.

Miss Genevieve Clark, daughter of  
Speaker Clark, has been commissioned  
by members of Congress to buy the  
wedding present of Miss Jessie Wil-  
son. The amount contributed by the  
members of Congress for this purpose  
was something like \$2,000, and with  
this much money she should be able  
to purchase a very handsome present,  
and her selection for this duty was  
in exceedingly good taste. Perhaps,  
had the young lady been of the jealous  
kind, she would have declined, for it  
will be remembered that it looked  
for a time at the Baltimore conven-  
tion as if Champ Clark was going to  
be made the Democratic nominee for  
President instead of Woodrow Wilson,  
and had it turned out that way Miss  
Clark herself might have been made  
a White House bride.

It seems it is just about as natural  
for a real big man to show his narrow-  
mindedness as it is for the little fel-  
lows, and when it develops in the lit-  
tle fellow most people are ready to  
excuse it on the ground that he can't  
help being little in mind. It's a sort  
of birthday gift with him, you know.  
But now comes Senator Hitchcock of  
Nebraska, a man with a sufficient  
amount of brain to elect himself sen-  
ator from that state at a time when  
he knew Mr. Bryan was in a recep-  
tive mood and would like to have had  
the position for himself; and opposes  
the Democratic currency bill because, it  
is said, that he feels "peevish" at Pres-  
ident Wilson for having ignored him  
in the distribution of the Nebraska  
patronage and turned it over to the  
Secretary of State. We trust this is not  
Hitchcock's real reason for voting with  
the Republicans on the currency mat-  
ter. He ought to be a bigger man than  
that. But nevertheless, it looks just  
a little that way. Perhaps President  
Wilson did wrong in ignoring him in  
the matter of patronage. As to this,  
we of course, do not know. The Pres-  
ident may have had other reasons for  
"flowing Mr. Bryan to handle the Ne-  
braska patronage. At any rate, Hitch-  
cock was elected as a Democrat, and  
when he fails to support party mea-  
sures he should make it plain that it is  
not because of patronage.

## TRYING TO BUY MORGAN COLLECTION OF WATCHES.

Geneva, Nov. 14.—A local syndicate  
today is raising a fund of half a mil-  
lion dollars in the hope that it will  
empt the family of the late J. P.  
Morgan to part with a superb collec-  
tion of old Swiss watches which the  
American financier purchased in 1910.  
The watches, most of which were  
made in Geneva, were being exhibited  
at Neuchatel where they caught Mor-  
gan's fancy. There were other con-  
noisseurs who wanted the collection  
but he quickly outbid all rivals and  
took the watches back to America  
with him. It is the purpose of the  
syndicate, if successful to present the  
collection to the National Museum of  
Switzerland.

## SAVES DAUGHTER

Advice of Mother no Doubt Pre-  
vents Daughter's Untimely End.

Ready, Ky.—"I was not able to do  
anything for nearly six months," writes  
Mrs. Laura Brucher, of this place, "and  
was down in bed for three months.  
I cannot tell you how I suffered with  
my head, and with nervousness and  
womanly troubles.

Our family doctor told my husband  
could not do me any good, and he had  
to give it up. We tried another doctor,  
but he did not help me.

At last, my mother advised me to take  
Cardui, the woman's tonic. I thought  
it was no use for I was nearly dead and  
nothing seemed to do me any good. But  
I took eleven bottles, and now I am able  
to do all of my work and my own  
washing.

I think Cardui is the best medicine in  
the world. My weight has increased,  
and I look the picture of health."

If you suffer from any of the ailments  
peculiar to women, get a bottle of Cardui  
today. Delay is dangerous. We know  
it will help you, for it has helped so  
many thousands of other weak women  
in the past 50 years.

At all druggists.

Acts directly on the digestive organs  
of the stomach. Strengthening the  
kidneys and keeps the blood in fine  
condition. Good circulation is the  
only cure for constipation, rheumatism  
and the only way the system has to  
throw off germs that causes typhoid,  
smallpox and other loathsome dis-  
eases. Four years in the water busi-  
ness in Wichita Falls has taught us  
recreation during epidemics of loath-  
some diseases. We are not strangers  
in Wichita Falls. We have been here  
fifteen years and are here to stay. We  
have always met our obligations. We  
are equipped to furnish our trade with  
a clean wholesome vessel. And the  
best water in the state. Fall in line  
and share food health with us. Spe-  
cial attention given to the well at  
orders. Our wagon leaves the well at

### THE STATE OF TEXAS

To the Sheriff or any Constable of

Wichita County, greeting:

You are hereby commanded to summon Nettie Stewart by making publication of this citation once in each week for four successive weeks previous to the return day hereof, in some newspaper published in your county to appear at the next regular term of the district court of Wichita county, to be held at the court house thereof, in Wichita Falls, Texas, on the first Monday in December A. D. 1913, the same being the first day of December A. D. 1913, then and there to answer a petition filed in said court on the 6th day of November A. D. 1913, in a suit, numbered on the docket of said court No. 4779, wherein S. J. Stewart is plaintiff and Nettie Stewart is defendant, and said petition alleging that on the 19th day of January, 1906 plaintiff and defendant were lawfully married in Jones county, Texas, and lived together as man and wife until April 24th, 1908, at which time defendant abandoned plaintiff and since said time they have not lived together as man and wife. That during the time they lived together she bore and conceived and with kindness and forbearance, and provided for her as a kind and faithful husband, but that defendant abandoned him as aforesaid. That plaintiff did nothing to cause defendant to leave his home and desert him, that more than three years have passed since defendant deserted and abandoned plaintiff, and that he is entitled to his divorce for which he sues. Wherefore premises considered plaintiff prays that citation be made by publication as the law directs, citing defendant to appear and answer this petition, that he have his divorce and decree adjudging the bonds of matrimony heretofore existing between plaintiff and defendant dissolved, and for costs of suit.

Herein fail not, but have before said court, at its aforesaid next regular term, this writ with your return thereon, showing how you have executed the same.

Given under my hand and the seal of said court at office in Wichita Falls, this 6th day of November A. D. 1913.

A. F. KERR, Clerk District Court, Wichita County.

# AN APPEAL TO REASON

*A dose of facts that will be good for your system, that is calculated to remind you of something about the mercantile business that you know but overlook, and incidently prove to you that Riggs Misfit Clothing makes good.*

**W**HEN any one offers you one dollar's worth for ninety-five cents without giving a good reason for so doing, look out! There's a nigger in the wood pile. He is trying to get your confidence and appealing to your cupidity in order to put some graft across.

The time is past when an advertiser can make unproven and unreasonable statements and claims and get by with them. The consuming public is from Missouri. "They're wise."

Every reasonable person knows that the merchant must make a profit and that he is entitled to it as much as a wage earner is to his wages.

When you pay him his profit you simply pay him for his services and time going into the market hunting up the merchandise you can use.

The cost of the merchandise to you largely depends upon his foresight and as a buyer, and largely upon his ability to do a large volume of business for when he increases his volume he lowers the cost of doing business by being able to do the increase volume with the same overhead expense, (Light, rent, clerk hire, etc.) that he does the small business.

Another big item in business economy is to always sell merchandise when it is in style; and people can use it for when the merchant sells out-of-style goods, he not only loses money on goods, but loses the customer to whom he sold.

A manufacturer cannot allow a machine to stand idle and a driller will not allow his rig to rust and rot in idleness, and a merchant stands in his own light when he lets goods stay in his house until they begin to go out of style.

**T**HE Big Merchant Tailor Houses, from whom we buy our clothing, do nothing but make clothes to measure and all of the clothing returned from C. O. D. deliveries or any other way, becomes dead stock on their hands, (They call them misfits) and they are glad to contract with us for a price less than the cost of the makers, provided we agree to take them a year at a time, which enables them to put the money back into the business again where it soon earns back the incidental loss made on the "misfits."

Our volume of business enables us to sell goods for less expenses for the selling than the ordinary merchant, because with little expense set aside for advertising, we are putting men wise to a big saving in fine individual, high-grade, all-wool, hand finished clothing and they are taking a tumble. ASK 'EM.

For these reasons we can buy clothing made by the tailors for, from \$30 to \$45.00, at prices that enables us to sell them at \$15.00 to \$18.00 per suit, less than you can buy high-grade ready-to-wear clothing and much better because they are hand tailored and just as individual as you could order from the tailor for yourself.

*Men who wear our clothing say there is nothing better.  
Better take their advice and try Riggs for Clothing.*

*Store will stay open evenings until 9:00 o'clock*

S. M. Benson of Olney, is in the city.

Miss Bertha Roach of Burk Burnett, was a visitor here today.

C. W. Kamas and wife were down from Elberta today.

Archibald Drake of Oklahoma City, is here on business.

Mrs. R. P. Webb came up from Henrietta today for a short visit with her daughter, Mrs. D. J. White.

W. Johnson of Pottsville, arrived this afternoon for a visit with his son, W. H. Johnson.

Mrs. W. H. Duffy and niece have returned after spending several weeks in Fort Worth and Dallas.

Mr. and Mrs. A. T. Derden have returned from a visit to Marlin, the Waco-Cotton Palace and other points after an enjoyable trip.

Tom D. Taylor, Farmers' Union lecturer, came in today from the County line community where he addressed a Union meeting last night. Nearly four hundred people were in attendance.

E. N. Coates was down from Elberta today. He returned this afternoon and will go out to the Menden tract near Love Park, where a well being put down by him and his associates will be drilled into the sand this afternoon. The sand was reached several days ago at a depth of 487 feet.

One can purchase new hair, new teeth, new wooden legs and numerous other more or less useful artificial appendages, appendages accessories and accessories, but a glass eye is not a thing of beauty nor a joy forever. Conserve your natural eyesight by means of good glasses.

The open eyes of nearly all of us continually maintain an unnatural attitude, figuratively, of standing on their hind legs and pawing the air. Literally, perfect glasses, correctly adapted, enable those same eyes to "go away back and sit down."

My chief aim is to implant in the minds of the public the firm conviction that at last, thank Heaven, the right place has been found to get good, dependable glasses.

## Four Strong Points

RELIABILITY—Nearly four years of faithful and efficient service to the public.

ACCURACY—Every diamond, no matter how large or how small, is carefully examined, weighed and tested by two experts who have a life's training in this business, and who have charge of our diamond department.

SATISFACTION—We have made it our business to see that every customer gets full cash value for his purchase, and that is considered closed until he or she is convinced that they are getting every penny's worth of value. If our words are not worth the money, we are ready and willing to refund the money.

NO FALSE CLAIMS—We have numerous unsolicited testimonials from customers attesting to our honorable and straightforward method of doing business. We do not make any high falutin' claims of giving you more than your money's worth, etc. Anybody can do that; you know yourself that such claims are all papercut. We are willing to let you judge for yourself. That's all you want. WE HAVE NO FEET-BADED PICTURES IN OUR SERVICE. Remember, what you pay for, and are on the way to sunrise to sunset.
