SUFFRAGETTES VISIT WILSON

PRESIDENT GAVE NO ENCOURAGEMENT TO DELEGATION WHICH CALLED ON HIM

AWAITS PARTY'S ACTION

Some of the Women Refuse to Shake Hands With Executive After Conference

By Associated Press. Washington, Feb. 2.—President Wilson gave no encouragement today to the women suffragists who marched to the White House to ask him support for the proposed amendment to the constitution. The president told them that as leader of the Democratic party he was limited to the role of mediator. He said he would not be a party to the fight which the party had declared itself through its platform.

"We don't want you to break with your party but we would like your support and influence," said Mrs. Glendower Evans of Boston.

"It isn't a question of breaking with your party, it is a question of speaking for it," replied the president.

"Well, why don't you speak for it?" rejoined Mrs. Evans. "That's what we want you to do, you have such tremendous influence and power."

The president did not continue the discussion. Some of the women declined to shake hands with the president passing indignantly his proffered hand. Five women spoke for the delegation. Mrs. Evans referred to the fact that she had visited Mr. Wilson at Seagrave when he was a candidate for president and claimed to have gotten encouragement from him then.

"I thought from what you said that you were in favor of our cause. You were drumming for votes," said Mrs. Evans. "I was much freer to express my opinion then than I am now," replied the president.

Following the visit of the delegation word was issued from the White House that the president would take a similar position toward all delegations calling upon him and that the Democratic party took a stand on the subject he would not try to recommend legislation.

PLANNING AN AEROPLANE RACE AROUND THE WORLD

New York, Feb. 2.—The Aero Club of America announced today that it had promised its cooperation in plans for an airplane race around the world. The race is to be run under the auspices of the Aero Club of America and the Aero Club of France. The race is to be run in May, 1915, and to be completed at the same place within ninety days. The first prize will be \$100,000.

The promise was given on the receipt of a telegram stating that the Aero Club of France had agreed to the race. The Aero Club of France had been invited to participate in the race by the Aero Club of America.

"The telegram stated," said the club's announcement, "that the Aero Club of France had agreed to the race and to offer \$150,000 in money prizes and expects to obtain at least \$100,000 more, which will be divided among the contestants. The first prize under the rules of the International Aeronautical Federation. The Aero Club of America will officiate.

"The plan is to have the race open for any type of motor driven aircraft. Guy Slaughter, president of the Aero Club of America, in his telegram recommends that sanction be granted and advised that full particulars and the application for sanction have been mailed and will be received at the Aero Club by Feb. 4."

WILSON WOULD CHECK ASSISTED IMMIGRATION

Has Not Announced His Position on Literacy Test as Yet—Will Consult With Leaders

By Associated Press. Washington, Feb. 2.—President Wilson regards it as universally agreed that there should be some restrictions to prevent what is known as "assisted immigration." He has not yet announced his position on the literacy test feature of pending immigration bills, and indicated today that he would not do so until consulted by leaders in Congress. The Senate committee on immigration has announced that it will seek the president's advice in the matter.

16,000 REBELS TO ATTACK TORREON

TROOPS AWAIT ORDERS—DATE OF DECISIVE CONFLICT IS STILL UNCERTAIN

ARE MOBILIZING FORCES

Federals Believed to Have at Least 6,000 Men—Have Advantage of Position and Artillery

By Associated Press. Mexico, Feb. 2.—Uncertain as to when they would be ordered to begin the attack on the Mexican federal army at Torreon, the scene of the most important conflict in Mexico, 16,000 rebels mobilized today along the railroad south today, awaiting the coming of General Villa.

With their forces drawing in from the south, east and west of Torreon and with the troops mobilized to a north, rebel generals assert they will attack the city with a total strength of 16,000 men.

The federal strength is estimated by rebels at from 3,000 soldiers upward. Mexican soldiers, however, have the advantage of position and are said to be supplied with superior artillery.

FEDERAL LICENSES FOR DRY TERRITORY BARRED

Congressman Vaughan of First Texas District Introduces Bill That Effect

Washington, Feb. 2.—Congressman Vaughan of the first Texas district, introduced a bill in the House to prohibit the issuance of a federal liquor license in dry territory, which differs from those which have heretofore been introduced on the same subject and is sweeping in its character.

The principal features are that before a federal license can be obtained, written application must be filed with the officer authorized to issue such license, stating specifically the place where the applicant intends to engage in business, giving the street and number, if in a city, and if not giving the number of the county, state and town or nearest postoffice and otherwise designating specifically the house in which such business will be located.

The applicant shall also show, in his application and prove to the satisfaction of the federal officer to whom the application is made, that he is not forbidden by any law in force in the locality where his business is to be located from engaging in such business and must accompany his application with evidence that the local authorities have granted him permission to engage in the liquor business at the place specified.

The application must be sworn to by the applicant or by a corporation, by some officer or agent conducting its business.

It also provides that no sale shall be made except at the place designated in the application, and fixes the penalty per each violation of the law at a fine not to exceed \$,000 or two years in prison or both such fine and imprisonment.

A like penalty is also provided for any employee who shall make any sale of liquor without the requirements of the act having first been complied with by his employer.

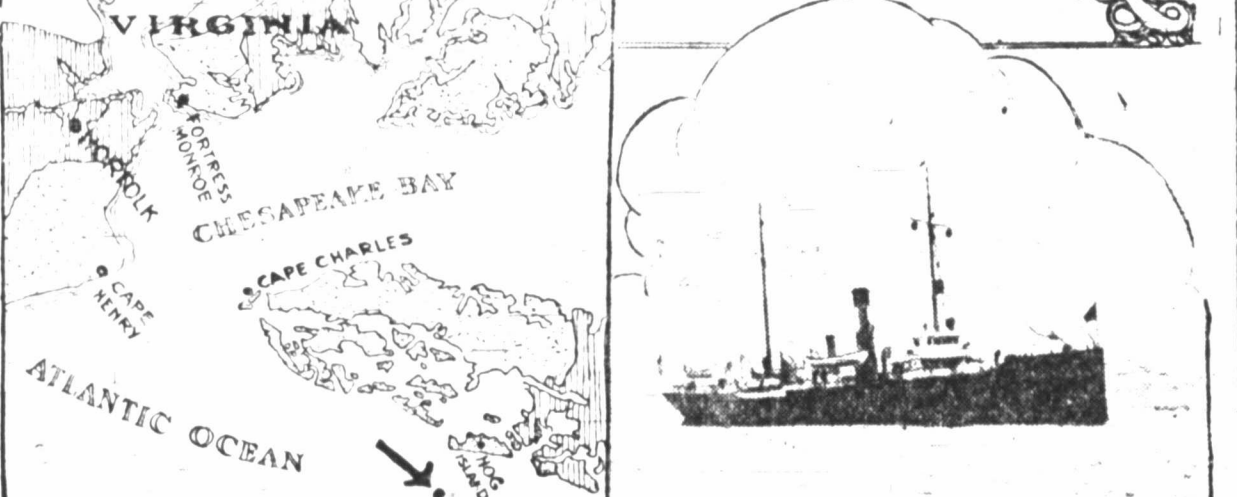

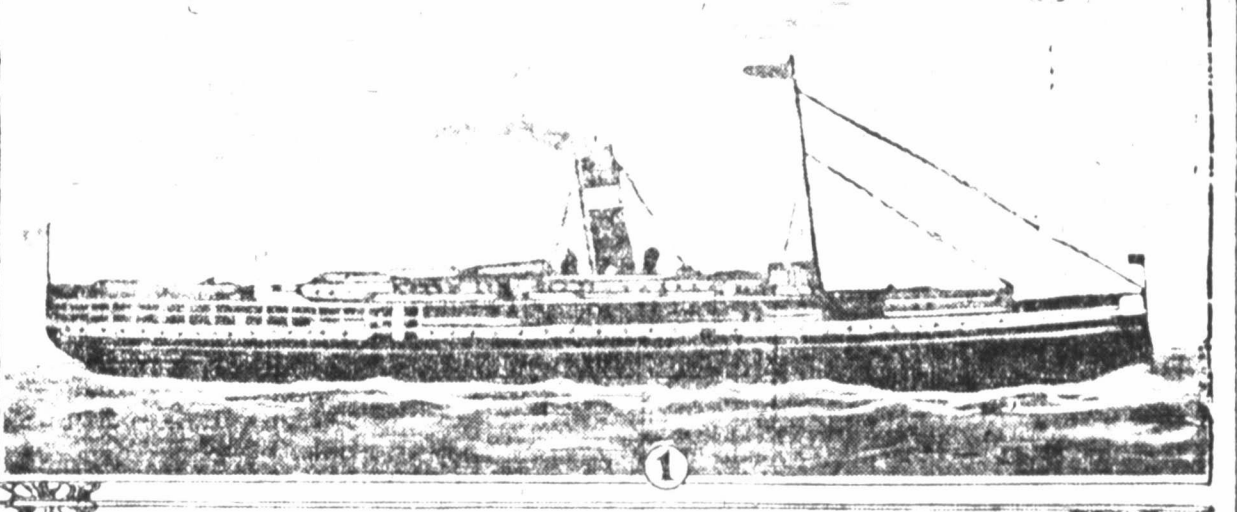

In regard to the bill Mr. Vaughan stated that it is in accordance with what he advocated along this line while a candidate for Congress and that he has carefully prepared so as to cover the ground fully.

He also stated that while he does not intend to do anything that will embarrass the administration he proposes to push the passage of this bill with all possible vigor.

WORK ON TOWER OF JEWELS STARTS FOR 1915 EXPOSITION

"San Francisco, Feb. 2.—Work started here today on the Tower of Jewels, the 426-foot structure, which will stand near the main entrance to the Panama Pacific Exposition. It is estimated that 250 days will be required for its completion. The total cost of the structure will be \$100,000. The ground area of the tower will be 22,000 feet. The tower will stand in the main group of palaces on the approach to the "Court of the Sun and Stars." It will be approximately square on the ground level, rising in several receding stories and built with narrowing areas of colonnades and sculpture to the summit. Several sculptured figures of heroic proportions will surmount the top story, which will be circular. The tower with the facades of the different stories hung with pendant jewels, glinting with iridescence from hidden searchlights, will be one of the most beautiful and decorative features of the exposition.

STEAMER THAT CARRIED FIFTY TO DEATH IN COLLISION, AND U. S. RESCUE SHIP

1. The MONROE 2. REVENUE CUTTER ONODAGA

New York, Feb. 2.—Fifty persons perished in a collision between a steamer and a revenue cutter in the Atlantic Ocean today. The steamer, the Monroe, was bound for New York from Norfolk, Va., and was carrying a cargo of lumber. The revenue cutter, the Onodaga, was bound for Norfolk from New York. The collision occurred in the Atlantic Ocean, near Cape Charles, Va., at about 10 o'clock today.

The Monroe was struck on the starboard side by the Onodaga. The Monroe was damaged and sank. The Onodaga was damaged but remained afloat. The Monroe's crew and passengers were rescued by the Onodaga and other nearby vessels.

The Monroe was carrying a cargo of lumber. The Onodaga was carrying a cargo of coal. The Monroe was bound for New York from Norfolk, Va., and was carrying a cargo of lumber. The Onodaga was bound for Norfolk from New York.

PINDELL NOT TO BE AMBASSADOR

ILLINOIS EDITOR WHOSE APPOINTMENT CAUCUSED IN QUIRY, DECLINES POSITION

FEARS MISUNDERSTANDING

Refusal Recalls Controversy Growing Out of Letter Said to Have Been a Forgery

By Associated Press. Washington, Feb. 2.—Henry M. Pindell of Peoria, Illinois, who was nominated recently and confirmed as ambassador to Russia, has declined the appointment in order to a letter to President Wilson, made public today. Mr. Pindell wrote President Wilson that although the Senate had investigated accusations in connection with his appointment, he felt nevertheless that no controversy of any kind should surround the appointment of any ambassador as it was liable to be misunderstood abroad.

The president in a letter of regret, accepted Mr. Pindell's declination. The controversy grew out of a publication of what purported to be a letter from Senator Lewis of Illinois to Mr. Pindell, urging the latter to accept the post for a year and saying he would be relieved of all diplomatic responsibilities for that period and could travel freely in Europe.

Senator Lewis charged that the letter was a forgery, and Secretary Bryan in a public statement, revealed the circumstances were that Mr. Pindell had said he could not accept the post for a year because he felt he could be absent from his duties for no longer than that. A Senate committee investigated the correspondence and recommended Pindell's confirmation.

REPORT SHARP FIGHTING

Troops of Rival Revolutionary Leaders Said to be Engaged in Battle Today

By Associated Press. Port-au-Prince, Feb. 2.—Sharp fighting has occurred at night between the followers of the two rival revolutionary leaders, Senator Daxos and General Zemanor, former government delegate at Cape Haitien.

Demand for the withdrawal from the Haitian capital of the German and American marines was presented today to foreign diplomatic corps in the citizens' committee of public safety. The port authorities feared today the landing of sixteen hundred marines would extend to the port of Maitland and Aquin.

Reports from the south indicate serious disturbances there. German and American marines have evacuated a number of landing revolutionists at the port of Maitland and Aquin.

Only the meager details were obtainable about the battle. It was said that the crews of the Haitian naval vessels which left the port today for the north were ordered to fire on the revolutionists. The revolutionists asserted they saw flames rising over a vast area. The reason for the fire, they said, they had been set on fire.

INVITATION NOT BEING ACCEPTED

PRESIDENT IS SURPRISED AT INDIFFERENCE TO TRUST LEGISLATION MATTER

WOULDN'T BE LOBBYISTS

Wilson Says They Couldn't be Considered That Way—Wants Expressions from Business

By Associated Press. Washington, Feb. 2.—President Wilson is surprised at the lack of interest in business men in the invitation of the House to appear at a hearing on the trust legislation. The president said today that he was surprised that business men would not be more interested in the matter. He said that he was surprised that business men would not be more interested in the matter. He said that he was surprised that business men would not be more interested in the matter.

When it was suggested to the president today that business men might fear being branded as "lobbyists" if they came to Washington in that connection, Mr. Wilson indicated that he was not concerned by the possibility of a lobbyist who came by invitation.

BAPTISTS PLAN \$40,000 CHURCH

NEW STRUCTURE IS TO BE BUILT ON SITE OF PRESENT EDIFICE

PLANS STILL INDEFINITE

Architects Going Over Ground With View to Putting up Much Larger and More Handsome Building

Another new church is to be erected in Wichita Falls, probably within the current year. The First Baptist congregation is now making its plans for a structure to cost \$40,000 or more and while the plans are as yet not in definite form, there is every reason to believe that the building will go up during this year.

The new church will occupy the site of the present structure at the corner of Tenth and Austin, but will cover more ground. If possible, some of the present building will be used in building the new one, in a matter which is receiving the attention of the architects at present. The tentative plans provide for a building which will extend sixty feet further westward than the old building, giving a great deal more seating space and providing much more room for the various departments of church activity.

The church has been feeling the need of additional room for some time and at first contemplated building an addition to the present building. Later it was decided that in order to meet the requirements of the future as well as of the present, an entirely new building would be required and the congregation is now at work to this end.

CHANGES PROPOSED IN VOTING BOX PRECINCTS

Five Boxes at Present Vote in Town Though Three Extend Far Beyond City Limits

The fact that hereafter there will be no city poll taxes under the new charter, has led to some agitation for a change in the arrangement of voting precincts so that it may be determined in the future how many voters there are in the corporate limits of Wichita Falls. At present only two boxes are strictly city boxes. There are five boxes in the city, but some of them accommodate voters living many miles out of town.

The car barn box extends to the Archer county line, the city hall box extends to Clay county and the bridge box, which votes in town, extends several miles in the other direction. Changes in the boundaries of the boxes would probably be so that all voters residing in the corporation could vote at two or three boxes.

NEW YORK CITY WILD AND WOOLY

DESPERADOISM IS FLOURISHING THERE MORE THAN IT EVER DID IN THE WEST

POLICE SEEM POWERLESS

Hold-ups, Kidnappings and Killings Perpetrated by Gunmen and Gang With Apparent Impunity

New York, Feb. 2.—This town long thought to be New York the metropolis of the Western Hemisphere, the second largest city in the world, supposedly a center of art, learning, society, culture and wealth, but one can have a hard time convincing visitors like Ike Platts, Peter, Cheyenne, Harlan and others of this frontier entry that a revival of the mighty oings in this man's town were the chronicles of civilization.

The other night a big black touring car dashed at breakneck speed down Eighth avenue among the lights of the street, signaling with his horn and with a revolver in his hand, he took up in the swaying car, yelling or help.

"For God's sake rescue us," a passerby heard one of the girls say. A policeman on "hog post" heard the screams and stood in the middle of the street, signaling with his horn and with a revolver in his hand, he took up in the swaying car, yelling or help. "For God's sake rescue us," a passerby heard one of the girls say. A policeman on "hog post" heard the screams and stood in the middle of the street, signaling with his horn and with a revolver in his hand, he took up in the swaying car, yelling or help.

Police Efforts Vain

Another policeman a block away heard the shot and planned to follow the street to intercept the national black automobile with its passenger, the chauffeur tried to run him down, but the policeman leaped and managed to get a foot hold on the foot board of the racing car. A sharp swerve that did not stop the flying vehicle into the street, shot the policeman and sent him sprawling. He managed to fire two shots at the car, but missed.

Commandeering a taxicab, the policeman set off in pursuit of the black automobile firing six or eight shots at its tires. Other policemen, hearing the shots, tried to stop the car and almost lost their lives for their plans. As the black car flashed into fashionable Nicholas avenue, every policeman who was hot at the tires and many citizens, wearing the hub cap turned out and tried to head off the automobile. The car, though, distanced all pursuers, lodged all bullets, and disappeared into the night. All this happened in the heart of New York's residential district before 9 o'clock at night. The unidentified girls, doubtless white, whose victims, were completely white.

Gunmen's Methods

The gunmen of New York are as picturesque in their carrying on as Dopey Bonny, the head of the "last Side band of brigands" shot a policeman. He was arrested and put on trial before a jury of uneducated men. To induce citizens to serve in the gangster jury, it was necessary to assure them their names would never be known to the friends of the defendant. So wide has spread the terror of the gunmen that not a man would testify for the jury and assured that their names would never be known to any but the deputy sheriff who drew and summoned them. Dopey Bonny did not know the name of one of his peers who would him guilty and sent him to Sing Sing for twenty-one years—on the double charge of assault and of

violating the Sullivan law which prohibits citizens from having deadly weapons in their possession.

Immediately on learning of Dopey Bonny's escapade, his gangsters set on their campaign of terror. A rival gunman was shot to death the very same night in a boozery saloon known as "The Tale of Blood." The place was invaded while three women were in the rear room and the women were the death of.

The next night gunmen trapped another saloon. This time they were out after any rivals but they needed money to carry on their operations. Before the eyes of his little girl the gangsters beat the saloon man into insensibility, drove his customers to the street and covered with iron traps up another saloon at the pistol point, but were forced to flee by the gathering crowd before they obtained any money. Four were captured. Such things are nightly occurrences

in New York and they are by no means confined to outlying and isolated districts. Three desperadoes invaded a West Side saloon the other night in the district which is colloquially known as "Hell's Half Acre."

Though it is only a stone's throw from Longacre Square and the Great White Way and shot down the northern side of the place because the bartender refused to serve them. A multitude of shots went back the building and the saloon was completely engaged in a trice.

HOUSE AT 1506 HOLLIDAY IS DAMAGED BY FLAMES

Fire which may have been started by small boys smoking cigarettes partially burned a residence at 1506 Holliday street occupied by L. G. Howell. The fire was discovered in time to remove all of Mr. Howell's furniture from the building but more than half the house was burned before the flames were extinguished. The fire department made a quick run to the fire and did good work.

The house was owned by F. E. Barr, a former member of the high school faculty.

It is believed by some that the boys had been seen smoking cigarettes at the side of the house and it is believed by some that they may have dropped a burning cigarette or match into a pile of shavings there and caused the fire.

GROUND-HOG'S SHADOW PLAINLY VISIBLE TODAY

Means Six Weeks More of Winter, According to Tradition, if Sun is Shining

The ground-hog, in obedience to tradition, emerged from winter quarters today, took one snout at the universe and went back indoors for another six weeks. This is Ground-Hog Day, upon which that lovely little animal is supposed to issue from his hole to study the weather. If he sees his shadow, it means six more weeks of winter—and he goes back for another snooze. Should he fail to see his shadow it means that winter is over and he stays out.

Just how winter could be over, in this section, when there hasn't been any, is not known, and a careful and exhaustive study of the authorities on ground-hog fails to shed any light on the subject. The sun was shining brightly this morning, as per usual, and if there were any ground hogs in this vicinity they undoubtedly saw their shadows.

"Now I Lay Me Down To Sleep."
The fire upon the hearth is low,
And there is stillness everywhere;
Like ironed spirits here and there—
The firelight shadows round me creep
A childish trouble breaks the gloom,
And softly from a farther room
Comes: "Now I lay me down to sleep."
And, somehow with that little prayer
And that sweet trouble in my ears,
My thoughts go back to distant years
And linger with a dear one there—
And I hear the child's "Alien,"
Crouched at her side—I seem to her,
My mother's faith comes back to me
A mother holds my hands again,
Oh, for an hour in that dear place,
Oh, for that childish hope sublime,
Oh, for a glimpse of mother's face,
Yes, as the shadows round me creep
I do not seem to be alone—
Sweet magic of that treble tone—
And "Now I lay me down to sleep."
Eugene Field.

MEETING OF UNITED CLUBS HELD SATURDAY AFTERNOON
The United Clubs held a call meeting Saturday afternoon, January 31, at the high school. Reports of the different committees were received and the committees were retained up to further meetings. No definite action was taken in regard to the reports and no definite arrangements have been made concerning the proposed club house and library.

MISS JANICE HARRINGTON'S BIRTHDAY IS REMEMBERED
A most enjoyable children's party was given Saturday afternoon, Jan. 31 by Mrs. Ered Harrington on Tenth street, honoring her little daughter Janice's seventh birthday. A party is always agreeable to every one and especially to a child, this one proving no exception to the rule. Some games were played, both indoor and outdoor for quite a while and that children's favorite "pinning to tail on the donkey" contest was engaged in. In this Pierce Langford proved himself expert, winning the prize. At the serving of refreshments the birthday cake with its eight candles presided the center of attraction. Ice cream and assorted cake were served with the birthday cake. The little hostess was the recipient of many beautiful gifts, tendered by the small guests including Elto Felder, Mary-Frances Collier, Joby "Red" Duke, Wm. Fred Daugherty, Edna Lucille Rommre, Beniah Garcia, Virginia Robertson, Virginia an Elizabeth Miller, Benite and Solomon Jennings, Zallie Whittaker, Marlin Wood, Helen Grieban, Elizabeth Greenwood, Preston Wood, Thomas Straus, Rhea Bland, Mattie Lee and "Red" Duke, Wm. Fred Daugherty, Edna and Vergil Fisher, Edwin, Lajeck Pierce Langford, Judith Sherrard, Dwight and William Young, Flor Bruce Greenwood, Rodney Lee, Mar Ashmore, Otis Butler, Warner Downling, May Delaney, Emma Frances Miller, Wiley Curbertson, Doroth Wells.

MRS. WALTER GARNER IS JUST SO CLUB'S HOSTESS
The Just So Club was entertained Saturday afternoon by Mrs. Walter Garner. The usual sewing and conversation occupied the club's attention until the serving of the dainty refreshments of ice cream and cake. Those present were: Mesdames McDowell, Jack Shelton, Carthens, Alton Walker, Smith, Misses Barwise, Downing, Jones, Smith, Sherry, Martin, Childers. The next meeting will be an open meeting Friday evening with Mrs. Billingsley.

STUDIO TEA AND ART EXHIBIT GREATLY ENJOYED
The second studio tea and art exhibit given by the College of Music and Art Saturday afternoon was a very enjoyable affair. The work of the students was on exhibition, some really beautiful work being shown. A number of honorable mentions were accorded the students for work done during the past month, among the students so honored were Kenneth Barker, Louise Montgomery, May Vaughn, Alexander McKee and Joby McKee in the water color and crayon departments. In the charcoal work honorable mention was awarded to John McKee, Paul Poad, Alexander McKee and Kenneth Barker. In the juvenile department to Louise Stevens, Paul Walters and Madge Tulin.

Several special mentions were given to Miss Ethel Bean for her work in oil. The students work is all original, either taken from models in still life or from living models. Several of the figures done in charcoal were very good. All of the work on exhibition showed talent, careful preparation and execution. In the ceramic department honor was given to Miss Lillian McGregor, Clara McCarty and Audrey Addicks. In this department as well as in the others the work is strictly original the students working out their own designs and applying them. Saturday afternoon Miss Ritchie poured tea, assisted by Misses Lillian McGregor, Vaughn, and Clara McCarty. Mrs. McKee and Miss Ernst, the art teacher, received the guests. These little informal teas are always very pleasant affairs both as social functions and art exhibits.

MR. AND MRS. PAGE ENTERTAIN AUXILIARY TO TRAINMEN

Friday afternoon, Jan. 30 Mr. and Mrs. T. C. Page entertained the ladies Auxiliary to the Brotherhood of Railroad Trainmen, both members and prospective members. Entering each guest was presented with a double hearted favor, bound together with red, white and green ribbons, the colors of the order. The time was pleasantly spent with music and other diversions. At the close of the afternoon a delicious two course luncheon was served by the hostess, assisted by her husband. Those who enjoyed Mr. and Mrs. Page's delightful hospitality were: Mesdames Sherwood, Hardesty, Lee, Irwin, Montgomery, Stone, Hammond, Ross, Hindlestone, Hutchins, Geraghty, Wilson, Duncan, Hays, Coats and Patton.

Miss Ruth Tawler has returned from a three weeks visit in Dallas.

Miss Mills has returned from an extended visit with her sister inorney.

Mrs. Lydia Wilson of Battle Mountain, Idaho is visiting her mother, Mrs. T. J. English.

Miss Jewel Brown will entertain on D. S. C. Friday afternoon at her home, 1518 Twelfth.

The members of the senior class of the high school made up a box party at the benefit given at the Music Theatre for the Athletic Association.

The Priscilla Club will meet Friday afternoon with Mrs. J. M. Erwin.

The Civic League meets Tuesday afternoon with Mrs. A. Zundelowitz at 3 o'clock.

EYMOUR, DEMPSEY & SEYMOUR IN TALKING PICTURES

A big feature of the new bill, which Thomas A. Edison will present at the Majestic Theatre on Thursday night, is his remarkable new talking pictures. The picture is a lively and amusing sketch featuring Seymour, Dempsey and Seymour, the well known ragtime entertainers. This number is a musical gale of fun and comedy from start to finish, being entirely different from anything heretofore produced for the talking pictures. The piece, which is in two parts, is staged in a Rathskeller and the kaleidoscopic fun and wit of the cabaret is shown at its best. Music, rapid fire comedy, dancing and singing in this popular number's best style, hold the interest of the auditor every moment.

The big feature of Mr. Edison's splendid new talking picture program is John J. McGraw, manager of the New York Giants National League club in a baseball and society sketch. Also included are "The Deaf Mute," a war drama by Rupert Hughes, author of "Excuse Me," the fullman comedy which Mr. Henry V. Savage produced with so much success last season.

PHYSICIANS ENDORSE VINOL

To Create Strength and For Pulmonary Troubles

Run down, debilitated people, those who need strength, or who suffer from chronic coughs, colds or bronchitis may find help in these letters.

Dr. C. L. Dreese, Goshen, N. Y., says: "In cases where the curative influence of cod liver oil is needed, I prescribe Vinol, which I find to be far more palatable and efficacious than other cod liver preparations. It is a worthy cod liver preparation in which a physician may have every confidence."

Dr. B. B. Bouchele of Thomasville, Ga., says: "I have used Vinol in my family and in my general practice with the most satisfactory results. It is exceedingly beneficial to those afflicted with bronchial or pulmonary troubles and to create strength."

Dr. W. N. Rand of Evans Mills, N. Y., says: "I want to say that I have used and prescribed Vinol in my practice and it will do all you claim for it and more."

Dr. F. E. Thornburgh says: "I have used Vinol for my children's Eczema. Sava Salve is guaranteed truly wonderful." (Advt.)

\$105,000 OIL DEAL IS REPORTED AT LAWTON

Lawton News and Star.

It was rumored Thursday that the Lawton Natural Gas company had disposed of its holdings east of the city, or the controlling interest, to the Corsicana company, which company has headquarters at Corsicana, Texas. A representative of that company has been in the city for the past several weeks. F. E. Shipley, president of the Natural Gas company, denied last night that any such deal had been consummated, saying that he had heard nothing about it. The price was stated to have been \$105,000. The Corsicana people represent big interests and if they enter the field there will be something doing that is needed to be done at this time.

So far we have had but little cold or winter weather this winter, but when we look at our monthly gas bills we are just forced to believe that we must be mistaken.

Today is groundhog day, and he is supposed to have emerged from his hole, looked at his shadow and beat it back to stay for six weeks more.

The Federal game law that forbids the killing of wild geese had ducks was introduced into the Senate and it will be unlawful to kill that sort of wild game from now until November 1st.

The increase in poll tax payments in Wichita county this year over last year was \$84. That is a fine showing, but had all done their duty by paying this tax the increase would have been at least \$100.

ARE THE RAILROADS BEING DEALT WITH FAIRLY?

The railroads all over the country have been forced by circumstances to increase their operating expense. They are forced to increase wages, and while they have done this repeatedly, they have been unable to increase freight rates. They are now appealing to the authorities through the people—those who pay the freight rates, to be allowed an increase of 5 per cent. The Times has never been considered over friendly to the railroads. It has always contended that if the railroads would treat the people whom they deal with on the same basis as the people who patronize them are forced to deal with them, a much better feeling than now would exist between the people and the railroads.

At first Mr. Mayes was not at all in favor of the pro eliminating process, but he has changed his opinion in that regard. He now seems heartily in favor of it, and is urging his friends to be at the Fort Worth meeting on February 21 in great numbers. Mayes, evidently, has been hearing some things and making some observations, but Mr. Lane is still holding out, and says he will have nothing at all to do with the Fort Worth meeting. That means, of course, that the Fort Worth meeting will have nothing to do with him. And further, it all means that the pros will have at least two candidates in the July primaries.

be trusted to collect money for them, in all justice they should endow him with a sufficient amount of authority to settle off claims for damage on goods. But back to our subject. Here is an article prepared and sent to the Times by an advertising agency, and while the Times don't usually pay any attention to such letter, this one really has some very good points that bring out and show clearly that the railroads are not getting exactly a square deal. This circular letter is headed: "Increased Freight Rates Essential to Public Service," and reads as follows:

The "ultimate consumer" is, after all, the interested party whenever freight rates are discussed. And yet there are few questions to which the public, as a rule, pay so little attention. But nowadays, when the people are waking up to economic questions, it is good to stop and ask: "Are the railroads properly compensated for their carrying service?" Does not the general development of the country and the demand that their wages also be increased to enable them to keep the pace?

The time has come for a conservative, impartial view of this giant burden-bearer, what it means to the development of the country and what its rewards should be. These manufacturers whose vision is broadest agree that the railroads in their capacity of public carriers are vital sources of successful commerce; that a re-encumbrance which cripples their service is bound to act as a boomerang against the business it keeps going. In short, that lowered freight rates inevitably mean lowered efficiency and a corresponding decrease in general trade.

The actual facts are surprising; here are a few: Every item of expense attached to freight-handling has gone up, while the rate per ton per mile has gone down. The cost of carrying a pair of shoes here are a few: Every item of expense attached to freight-handling has gone up, while the rate per ton per mile has gone down. The cost of carrying a pair of shoes here are a few: Every item of expense attached to freight-handling has gone up, while the rate per ton per mile has gone down.

TEXAS AND THE LEGISLATURE In announcing that he will not be a candidate for re-election, Representative Crisp of De Witt, makes some observations that are worth attention. He stresses the importance of legislative service, and deprecates the insufficient pay of the members. It is quite true that the legislative office is one of commanding importance to the people, especially if its duties are performed intelligently, honestly and patriotically. It is also true that there is much legislative failure, due to many causes not necessary to discuss here, and yet we really do not legislate since reconstruction of which it can not be said that it accomplished much good.

Sometimes, people are inclined to blame the personnel of the legislature for its shortcomings, and in some respects the personnel has been to blame, but on the whole the Texas legislatures have been intelligent. There has been, in the judgment of The Post, too much brawling over prohibition for ten years past. The harmony of the body has been destroyed by irreconcilable differences at times, and this has caused many of the public interests to suffer. Very likely these differences would have arisen if the ablest men of the State had constituted the legislative body, since behind the legislature there was more or less excitement among the people.

When all is said, however, we must admit that the State exacts too great a sacrifice of men who serve in the legislature. The pay is, indeed, ridiculous, and under present conditions many of the best and most competent citizens of the State will not consent to serve. This is unfortunate. If the compensation were sufficient to enable the legislator to pay his actual expenses, the personnel might reach a higher standard. No man wants to give several months of his time to the State and foot the greater part of the bill. When the compensation was fixed at \$5 a day, \$5 would buy more than \$15 will buy now. A salary of \$1500 a year would not be excessive pay for a legislator, and this could be paid without much great

WINDHORST CITIZENS TO DRILL TEST HOLE FOR OIL

Archer City Dispatch. A company of local citizens of Windhorst headed by T. A. Schreiber, Jacob Martini and others are making arrangements to drill a test hole for oil in that vicinity. They expect to begin operating soon. The territory to be tested has never been entered by anyone for the purpose of opening up an oil field, yet the citizens say that oil has been struck in many of the shallow wells and they claim there is no reason why it shouldn't be found in paying quantities at a lower depth.

Senator Johnson for Second Term. Senator W. A. Johnson has announced his candidacy for a second term as the representative of the 29th district in the upper house. He has been very successful as the author of several good laws placed upon the statute books and a good old Democratic doctrine will no doubt land him for a second term without opposition. The recent sustaining of his pool hall local option law is a feather in his cap. He will make an active campaign during the summer.

PORTLAND FOR HEARING

Portland, Oregon, Feb. 2.—Oregon national bank representatives flocked here today to attend the hearings of the organization committee under the new currency law, composed of Secretary of the Treasury McAdoo and Secretary of Agriculture Houston. The bankers urged the establishment of a regional bank either at Portland or some other Oregon city. The committee expected to conclude the local hearings this afternoon and leave tonight for San Francisco where they will conduct hearings on Wednesday, Thursday and Friday.

DIVERS SEARCH FOR BODIES OF THE MONROE'S VICTIMS

Good To the Last Slice

When Made With

Calumet pastry is good to look at, good to eat. Always light, fluffy, tender and wholesome. Calumet is the one baking powder that is high in quality and moderate in price.

RECEIVED HIGHEST AWARDS
World Pure Food Exposition, Chicago, Ill.
Paris Exposition, France, March, 1912

You don't save money when you buy cheap or big-size baking powder. Don't be misled. Buy Calumet. It's more economical—more wholesome—gives best results. Calumet is far superior to your milk and soda.

**NOW HAITI RISES UP TO TROUBLE
 UNCLE SAM WITH NEW REVOLUTION;
 MARINES TO PROTECT AMERICANS**

U.S. MARINES 2-CRUISER, MONTANA 3-CAPT. RUSSELL
 IN CHARGE AT HAYTI

Washington, Feb. 2.—President
 Oreste of Haiti abdicated and left the
 country without a government. Mar-
 ines from the United States cruiser
 Montana were landed at Port au
 Prince to protect American interests.
 Marines also have been landed from
 a German cruiser stationed at Port
 au Prince. This condition of affairs
 imposes upon the administration an-
 other embarrassing problem in the
 relations of this government with the
 Caribbean countries. Under the de-
 claration of policy made by President
 Wilson he will be unable to recognize
 any revolutionary government set up
 in Haiti as the result of this uprising.
 Rear Admiral Badger reported that
 he had dispatched the battleship
 South Carolina from Guantanamo to

Port au Prince. Captain Russell,
 who is in command of the South
 Carolina, will assume command of
 the American vessels in Haitian wa-
 ters and will act in his discretion to
 protect American lives.
 Cape Haitien, Feb. 2.—The revolu-
 tion in Haiti is spreading all over
 the north. At Port de Paix and Gon-
 avives the entire population has ris-
 en.
 Bogota, Colombia, Feb. 2.—The
 Liberal candidate for the presidency
 has withdrawn, and all parties are to
 unite and support the conservative
 candidates in an effort to make a
 solid stand in the negotiations with
 the United States. Colombia is seek-
 ing to stir up all South America in
 its behalf.

**OIL EXCITEMENT SCENE
 NORTH OF IOWA PARK**

Well on J. P. Sunday Farm to Be
 Shot Today—Would Open up
 New Territory

A development of much interest and
 importance was the finding of an oil
 sand at a depth of about 700 feet in the
 well being drilled by Dr. Griffin of
 Houston and associates on the J. P.
 Sunday farm two and a half miles
 northwest of Iowa Park Sunday. Sev-
 eral hundred feet of oil was reported
 standing in the hole and arrangements
 have been made to shoot the well this
 afternoon. A large number of local
 oil men have gone out to see the well
 shot.

If the well proves a producer it will
 mean the opening of a new pool. Dry
 holes have been drilled north and
 west of this location but no tests have
 been made closer than two and a half
 miles.

Other oil men are attributing occult
 powers who lit on this lease several
 months ago when it did not look prom-
 ising and then after he had started
 drilling bought other leases in the vi-
 cinity at prices that were considered
 high.
 An interesting feature in connection
 with the shooting of this well is the
 fact that it will be shot with nitro-
 glycerin manufactured right in this
 field, being the first well to be shot
 with the home made product. The In-
 diana Torpedo Co. will shoot the well.
 This company has built a nitro-gly-
 cerin plant on the Sheldon farm near
 Electra and is now manufacturing the
 explosive there. Contracts have al-
 ready been made for the shooting of
 a number of wells in the Burk Burnett
 district.

**THE WOODS AND THE SKY
 IN "SHEPHERD OF THE HILLS"**

"The woods and the hills are a part
 of God's handiwork. From this play
 you may, in some measure, feel their
 influence. My play is the story of a
 man who took the trail that leads to
 the lower grounds; and a woman and
 how she found her way to the higher
 sunlit fields. These are Harold
 Bell Wright's preliminary remarks
 regarding his dramatization of his
 celebrated novel, "The Shepherd of
 the Hills" which comes to the
 Wichita Theatre Friday night.

He has written a story of rough
 times in the Ozarks, days before the
 coming of the railroad, the period of
 huckstering, housewifery, rough and
 ready settlement of disputes with the
 fists, laborious farming, highway
 robberies and so on. It is a "red
 blood" circle play, yet one that has
 a deep message. It is filled with
 unique characters and incidents. The
 fact that the novel, from which the
 play was made has held the record
 for five years as the leading "best
 seller" is ample proof that it is
 what the public wants.

**REVIVAL IN FACTORY
 DISTRICT ENDS TUESDAY**

The revival by Rev. J. C. Coe which
 has been going on in the factory
 district for the past three weeks will
 continue until next Tuesday night at
 least, perhaps all the rest of the week.
 The interest grows with each meeting
 and good results are being had, a
 number of conversions being made
 each week.

**COLORADO CONVICTS TO
 HAVE BASEBALL GROUNDS**

Adequate Outdoor Amusement to be
 Furnished Them Under New
 Honor System

Canon City, Colo., Feb. 2.—Having
 proved that penitentiary convicts can
 be put upon their honor and sent out-
 side the prison walls without guards
 to do road construction work, Thoma-
 s Tynan, progressive warden of the
 Colorado penitentiary proposes to go
 a step farther and build an amuse-
 ment park for the prisoners. This
 plan is proposed to furnish more
 adequate outdoor amusement for
 convicts who are not in the trusty
 class and have not gained the privi-
 leges accorded prisoners who work in
 the road camps. In an exclusive
 statement today, Warden Tynan dis-
 cussed the plan as follows:

"While all our trusty prisoners
 have plenty of outdoor exercise in the
 way of sports, we have never been
 able heretofore to take care in the
 same way of prisoners not consider-
 ed trustworthy. I have decided to
 create an outdoor amusement park
 for this class of men. We are now
 constructing a wall about a six acre
 enclosure back of the prison where
 such men can play baseball or in-
 duige in other sports during their
 leisure hours.

"Of course we have in the prison
 chapel the regular motion picture
 shows, yet there are a great many
 men who are employed in our cell
 houses, prison shops, boiler room,
 etc., who do not get enough exercise.

"It has long been by theory and I
 think it has proved correct from the
 experience we have had with men in
 our road camps, that it is hard to
 build up a man morally or to
 strengthen his character without first
 building him up physically. We pur-
 chased all of the buildings of the
 Fremont County Fair Association
 and are placing a grand stand in this
 enclosure for the use of the prison-
 ers. There will be an opening to this
 enclosure, to what is known as the
 south gate of the prison, which opens
 on to the street and one portion of
 the grand stand can be used by the
 public to see ball games or other
 athletic amusements participated in
 by the prisoners.

"The main feature will be that men
 after completing their tasks for the
 day, will be allowed to go into the
 park for such exercise as will do
 them the most good. Each prisoner
 in the institution will be provided
 with an honor button and will be al-
 lowed to have access to the park dur-
 ing his leisure hours so long as his
 behavior is what it should be. Should
 he violate any of the rules of the in-
 stitution he will be deprived of his
 button and will not have access to
 the park.

"We found, when we installed the
 motion picture apparatus at the in-
 stitution that it helped us to keep
 discipline for the reason that men
 who violated rules were excluded
 from the picture exhibitions for all
 the way from three to six months. I
 feel, that with the park in operation
 it will not only add to the efficiency
 of the work of the men, but it will
 have a tendency to reduce violations
 of the prison rules.

"Of course, our men in the road
 camps are well provided for in this
 way and they constitute half of our

THE live wire Texan of today has a big fund of physical and mental energy with which to put things across; and he's putting 'em across. He's making the Lone Star State into the great big Empire Commonwealth of the whole world.

Keep your body and brain in tune. That's efficiency, and a good, pure tobacco — Tuxedo — is an excellent pace maker.

Try Tuxedo in a pipe. A few whiffs clear your brain and keep it concentrated on your work. Keep your nerves and muscles keyed just right, too.

Tuxedo is the original non-biting tobacco. We learned how to take the stinger out, and of course we've had a lot of imitators. But the old original Tuxedo way is still a secret and still the best.

The "bin-thar" smokers of the Lone Star—the old he-boys of the pipe and cigarette—have cottoned to Tuxedo. It's rapidly becoming the big smoke-hit of Texas.

JAMES WILLIAM PATTISON
 James William Pattison, artist, leader
 in municipal art, and now editor of the
 Fine Arts Journal, Chicago, says:
 "A pipe, a bowl, and an open fire.
 These are three delights I can recom-
 mend to any man. But be sure the pipe
 is filled with mild, fragrant Tuxedo if you
 wish to enjoy the three in the highest sense."

It can't bite your tongue, for the stinger has been removed by the original Tuxedo process.

It gets to you absolutely fresh. We have a special Texas crew of inspectors who keep the Texas market supplied every month with fresh Tuxedo. This makes Tuxedo smoke cooler, as moist and delicious as when it left the factory.

**"THE VIRGINIAN" HERE
 NEXT SATURDAY NIGHT**

Jones and Crane will offer the fa-
 mous American comedy with poetic
 title of "The Virginian" at the Wich-
 ita Theatre on Saturday, February 7.
 This is the play in which Dustin
 Farnum, America's greatest romantic
 actor first won recognition. The piece
 comes here endowed with the usual
 Jones and Crane extravagant scenic
 equipment. All of the scenes are
 laid in the romantic days of the
 "golden west" and its quaint humor
 and stirring situations are quite a de-
 parture from the usual western plays
 we have been accustomed to see.
 There is no swash buckling hero or
 buckets of gore spilled indiscriminately
 on the stage. It is not a problem
 play nor yet a foolish fairy tale but
 is a vivid story of romance of won-
 derful and misty world which so
 few of us ever take the trouble to
 visit. The story is human and whole-
 some and its characters are the kind
 that have gone with the advent of
 progress, driving before it all the
 romantic picturesqueness. Therefore,
 it will interest the general theatre-
 goer regardless of the taste in the
 matter of the theatrical amusement.

MOTHER'S COFFEE
You remember the cup of coffee your mother made way back yonder at the Homestead. In memory you still smell its delightful aroma, taste its rich, mellow flavor and feel its exhilarating influence—a morning benediction. Mother didn't have as good coffee as you get now, as coffee at that time was in the hands of semi-savage tribes and was poorly cultivated and handled. Mother made it in an old tin coffee pot. BUT MOTHER DID HAVE FRESH ROASTED COFFEE. She roasted it herself in the oven—a day's supply at a time. It wasn't roasted in Boston, New York or Chicago. It didn't lay in dirty box cars and depots nor linger on the grocer's shelves for weeks and perhaps months before it reached your kitchen, so in spite of inferior coffee and inadequate apparatus mother made a dandy cup of coffee. You can make a better one if you buy your coffee of us for you will get the very best of fine old mild growths of coffee intelligently blended to get the best results in the cup and fresh roasted—in up to date roasting machinery.
