## JUDGE SCURRY'S PLACE UNFILLED

HIS ACCEPTANCE OF JUDGE WILL LEAVE DISTRICT ATTORNEY SHIP VACANT

## SEVERAL ARE APPLYING

County Attorney Dan Boone Is Mentioned But Is Not Seeking Place—Other Candidates

With the acceptance by District Attorney Edgar Scurry of the appointment to the district judgeship tendered him by Governor Colquitt Tuesday, another office, that of district attorney in the thirtieth judicial district will be vacant on March 1. No announcement has been made as to Judge Scurry's successor as district attorney Wednesday morning.

It is reported here that several attorneys of the district are applicants for the appointment, among them being Leslie Humphries of Henrietta and a son of Judge Arnold of Graham. It is believed by many here that County Attorney T. R. Boone could secure the appointment if he asked for it but Mr. Boone has given out that he is not an applicant for the place.

### Comes As Good News

Judge Scurry's appointment is highly pleasing to his many friends here. It has been known all along that he would accept but before the intended resignation of Judge P. A. Martin became public he had pledged his support to Judge A. A. Hughes and worked loyally for the latter's appointment. His acceptance of the appointment is considered to mean that he will be a candidate for election to the judgeship. It is also believed that whoever is appointed district attorney to succeed him will be a candidate for election to that office also.

Judge Scurry accepted the appointment in the following telegram to Governor Colquitt last night:

"O. B. Colquitt, Austin, Texas: Your telegram tendering me the judgeship reaches me as I accept and wish to thank you for this as well as other promises to me. I hope to conduct the office so that you may never regret your action. Your friend, EDGAR SCURRY."

## FUNK-WITNESS ON TRIAL FOR PERJURY TODAY

Chicago, Feb. 18.—Hopes that the "bighorns" in the alleged conspiracy to ruin Clarence S. Funk, former general manager of the International Harvester Company following his important testimony in the Lorimer senatorial investigation, might be dragged into the lime light were renewed today when Miss Aileen Heppner, the "woman of mystery" in the fake alienation suit against Funk, was placed on trial for perjury and conspiracy.

Miss Heppner, a pretty nurse, was the star witness in the suit brought against Funk by John G. Henning, who alleged alienation of his wife's affections. She testified that she saw Funk and Mrs. Josephine Henning together in the Grand Pacific Hotel. Her testimony, however, was refuted by that of other witnesses who said they were with her. The alienation suit collapsed and Henning and his wife, who were located after several months' search, confessed the suit was a frame-up against Funk and that they were well paid for their part. Miss Heppner, Attorney General Daniel Donahoe and Isaac Stiefel, a private detective, were then indicted for conspiracy. Donahoe was convicted and fined \$2,000 and the detective was acquitted. The trial of the two men, however, failed to develop who paid the money that caused the Henning to play their roles in the plot to defame Funk.

## FREIGHT RATES ON OIL TO ARIZONA ARE REDUCED

By Associated Press. Washington, Feb. 18.—Holding freight rates on fuel oil, refined petroleum and engine distillate from California, Kansas, Louisiana and Texas producing points, to points in Arizona were excessive the interstate commerce commission today directed reductions as a result of complaints by the Arizona corporation commission that lower rates be established.

## CONVICT GUARDS DROWN AND PRISONERS ESCAPE

Break For Liberty Is Successful and Officers Who Pursue Meet Death in Channel

By Associated Press. Houston, Texas, Feb. 18.—W. Isom Taylor and Roy Daly, Harris county convict guards drowned today in the ship channel below the city. Prisoners under them made a break for liberty, plunging into the water, swimming across and escaped. Daly and Taylor followed but sank in the current. Their bodies were recovered.

## NO ROW BETWEEN LANE AND LOONEY

CONTROLLER SAYS HE HAS NOT PRESUMED TO PASS ON ALLISON LAW

## HOTELS SERVING DRINKS

Single Sale, However, Does Not Constitute "Business" According to State Controller Today

By Associated Press. Austin, Texas, Feb. 18.—Controller Lane expressed indignation today at stories published to the effect that he and Attorney General Looney are at odds as to the provisions of the Allison liquor law regarding the serving of liquor in dining rooms in wet territory.

Mr. Lane said he had not presumed to pass on the Allison law, as it in no way comes under his jurisdiction, and that what he has said is that bars cannot make a business of serving drinks off their premises. He said he had never held that liquor could not be served at banquets. What he did hold was that a hotel-keeper cannot serve drinks in his dining or sleeping rooms as a business. A single sale, he said, did not constitute a "business."

## RULING IS DISREGARDED BY HOTELS AND RESTAURANTS

Though several local hotels and restaurants here have never permitted the serving of drinks on their premises, those which have followed such a custom are paying no attention to the attitude of the controller and the action who wishes to wash his dinner down with a glass of beer or something stronger is permitted to do so if he has the price. Some of the hotels here and several of the restaurants have never served drinks at their tables or counters and of course are not doing so now.

## BLOODY TRAIL IS BEING FOLLOWED

POLICE AT WORK ON MYSTERY OF GIRL'S DEATH AT AURORA, ILLINOIS

## EX-LOVER STILL IN JAIL

Chief of Police Goes To Chicago Following Up Clues—Assault or Robbery Not Motive

By Associated Press. Aurora, Ill., Feb. 18.—A new trial from St. Nicholas Cemetery where Miss Theresa Hollander was clubbed to death and thrown on a grave Monday night led Chief of Police Michels out of Aurora today, it is understood in Chicago. The girl's former sweetheart, Anthony Petras, an Austrian, is still in jail.

It is said Chief Michels went to Chicago to question a former resident of this place whose pocket knife was found a few feet from the body of the girl.

Miss Hollander was not assaulted, a post mortem examination disclosed. Neither was she robbed.

## LONDON TEMPLE OF LABOR PLANS APPROVED TODAY

London, Feb. 18.—Final plans were approved today by the London Trades Council for the proposed "Palace of Labor" to be erected in the Drury Lane district at the cost of approximately \$275,000. Besides providing a large assembly hall for labor conventions and suitable meeting places for the various individuals trades unions, the building will contain restaurants, club rooms and a moving picture theatre. A unique feature will be a general provision store on the ground floor for the purpose of supplying food and clothing to members during times of industrial troubles, in lieu of strike pay. It is figured that by buying supplies at wholesale and furnishing them at cost-price the unions will be saved at least 35 per cent in the handling of their strike funds. In the moving picture theatre, arrangements are being made to show especially films "telling distinctively labor stories" which will be accompanied by a large orchestra and a pipe organ with music peculiarly adapted to the pictures.

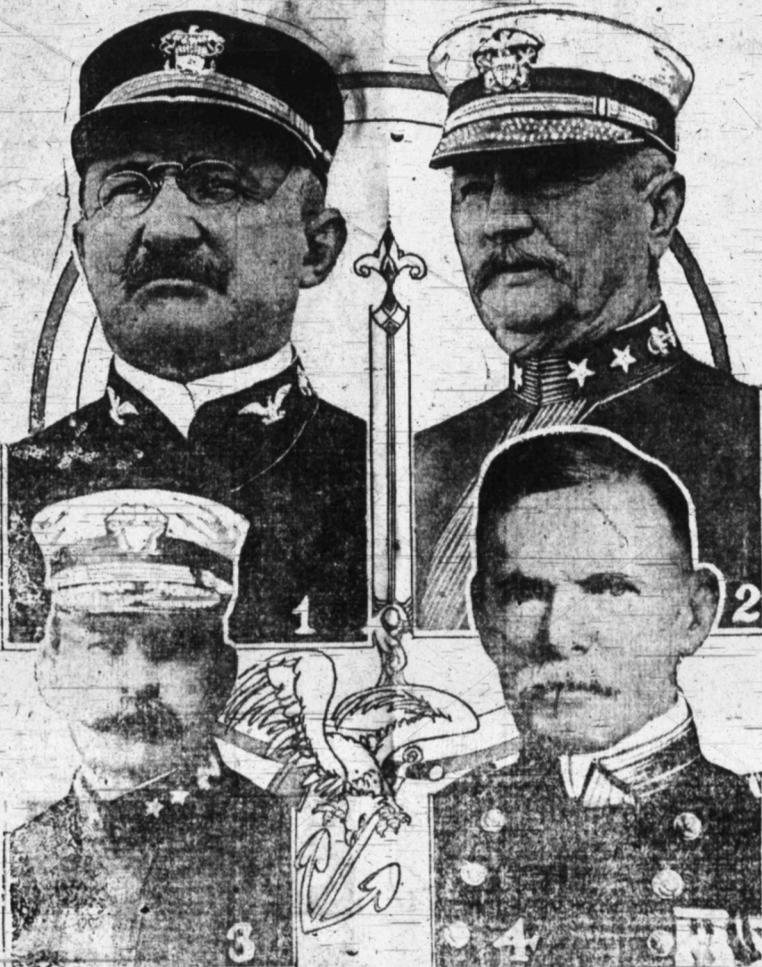

## FORT WORTH DOESN'T KNOW HOW TO ACCOMMODATE PROS

By Associated Press. Fort Worth, Texas, Feb. 18.—Where to hold the prohibition state convention is worrying local leaders. The Chamber of Commerce auditorium will seat only 2000 and the largest church 2500, while the 8000 seat coliseum is believed to be too far away from the business center.

## DENY WILSON'S DAUGHTER IS ENGAGED TO KANSAS MAN

By Associated Press. Washington, Feb. 18.—Publication of an official denial of a report that Miss Margaret Wilson, the president's eldest daughter, was to marry Boyd Fisher of Kansas City, Mo., was requested today by the White House.

## FOUR UNITED STATES NAVAL OFFICERS WHO WILL BECOME VICE ADMIRALS UNDER NEW BILL PASSED BY SENATE

1-BADGER 2-FLETCHER 3-FLETCHER 4-HOWARD

Washington, Feb. 18.—The Senate without a roll call and with practically no opposition passed the bill introduced by Senator Bryan creating the grade of vice admirals at salaries of \$11,000 a year and providing for appointment of six vice admirals. Appointments to the new grade shall be made by the president with the consent of the Senate from the rear admirals who "have served with credit in command of a fleet, squadron, division or other command afloat." The brief debate in the Senate showed that the motive behind the bill arose chiefly from a desire to prevent American naval officers in important commands from being outranked by foreign officers. Only four of the six vice admirals will be appointed this year if the bill becomes a law. Secretary Daniels said that in the selection of officers for the new grade it would be his rule to pick the biggest and best men he could find. The rule of seniority will not apply and the present exigencies of the different commands will largely control in making the selections. The first four officers who are expected to be advanced to the grade of vice admiral are Rear Admiral Charles J. Badger, commanding the Atlantic fleet; Rear Admiral Frank Friday Fletcher, commanding the detached squadron stationed in Mexican waters; Rear Admiral Thomas B. Howard, commanding the Pacific fleet and Rear Admiral Walter S. Cowles, commanding the Asiatic fleet.

## CASTILLO'S CASE IS NEW PROBLEM

STATE DEPARTMENT DOESN'T KNOW WHAT TO DO WITH CAPTURED BANDIT

## CAN'T RECOGNIZE REBELS

May Take Him To Border Where Villa Has Promised To Take Him and Give Public Execution

By Associated Press. Washington, Feb. 18.—Maximo Castillo, the Mexican bandit who wrecked the Cumbe tunnel and caused the death of ten Americans, has furnished the latest knot in the Mexican tangle with his capture by United States troops in New Mexico. Diplomats pointed out today that no extradite Castillo to the Mexican rebels might be construed as a recognition of their belligerency. There was no indication Huerta's government would ask for the bandit.

One way out seemed to be the deportation of Castillo across the border as an undesirable alien. In that event he probably would fall into the hands of General Villa who has promised him a public execution in Juarez.

## FIVE MASTED SCHOONER REPORTED IN DISTRESS

By Associated Press. New York, Feb. 18.—From two sources today word came to New York that the five masted schooner Kineo of Bath, Maine, was in distress and in danger of sinking northeast of Diamond Shoals off Cape Hatteras. The city of Atlanta, which sent a wireless message, said the schooner was taking twelve inches of water an hour.

## ENGLISH PEER WHIPPED BY SUFFRAGETTE TODAY

Woman Mistakes Baron For Member of Cabinet and Welchs Lash Vigorously On It

By Associated Press. London, Feb. 18.—A suffragette armed with a whip, savagely attacked Baron Waerdaale, while he was waiting today with 200 others for a train to Northampton. The suffragette apparently mistook the elderly peer for one of the cabinet ministers. He was approached from behind by the woman; at the first blow from her powerful dog whip he fell in a heap to the ground. Later, however, it was found he had suffered no serious injury. The woman was arrested.

## DEPOSED PRESIDENT OF PERU IS EXILED TODAY

With Son and Minister of the Interior Is Placed on Vessel Bound for Panama

By Associated Press. Lima, Peru, Feb. 18.—The deposed president, Billinghurst, was exiled today together with his son George and Minister of the Interior Tarido. They were put on a vessel bound for Panama.

## SAYS M'MURRAY WAS CONSPIRATOR

ATTORNEY IN THE GORE TRIAL MAKES CHARGE IN ARGUMENT TODAY

## OLD ENEMY OF SENATOR'S

Says Gore Only Man Who Had Nerve To Oppose McMurray's Claim For Bfg Fee

By Associated Press. Oklahoma City, Feb. 18.—Attorney Robert L. Rogers of Little Rock, Ark., caused a ripple of excitement in addressing the jury in the Gore case in which the Oklahoma senator is being sued for \$50,000 damages by Mrs. Minnie Bond for alleged improper conduct, when he charged that J. F. McMurray, a prominent Oklahoma lawyer now living in Washington, planned the conspiracy against Gore.

Several years ago McMurray sought to prosecute claims for nearly \$3,000,000 fees from Indians of Oklahoma in connection with the transfer of their lands and Gore fought McMurray's claims. Rogers asserted that "Senator Gore was the only man who had 'nerve' enough to oppose McMurray and in retaliation the conspiracy to ruin him had been planned.

A verdict of one cent would satisfy the plaintiff, he declared, for such a verdict would brand Senator Gore. The case is expected to go to the jury by five o'clock.

By Associated Press. Washington, Feb. 18.—Vice President Marshall and Secretary of State Bryan will be the chief speakers tonight at the tenth annual dinner of the Washington University Club.

## RESERVE LIMITS BEING DEFINED

ORGANIZATION COMMITTEE BACK IN WASHINGTON TODAY AFTER LONG TRIP

## THREE PLACES CERTAIN

New York, Chicago and St. Louis To Be Reserve Points—Location of Other Banks Still Open

By Associated Press. Washington, Feb. 18.—With the return of the reserve bank organization committee today, action was begun upon the definition of limits of the reserve districts and the selection of cities for reserve banks.

Under the law, national banks required to enter the system or give up their charters, have until February 22 to signify such intention. Only 200 national banks of the 7500 remain today on the list of those which had not joined the system.

Although the committee's trip may have changed its opinion of the proper location of several banks, it is not doubted that banks will be placed in New York, Chicago and St. Louis, central reserve cities in the present national bank system. Location of the others is still an open question.

## NEW YORK BANKS HAVE ALL BECOME MEMBERS

By Associated Press. New York, Feb. 18.—All of the thirty-five national banks in this city have signified their intention of joining the new reserve system. The National Park and the Fifth National Bank, the last to reach a decision, late yesterday signified their intention to join.

## PRESIDENT'S AID FOR ALASKA BILL

TELLS UNDERWOOD DEMOCRATS CAN BE ASSURED OF HIS OWN SUPPORT

## PANAMA TOLLS MEASURE

Bill Comes In For First Debate In Senate Today and President Is Defended

By Associated Press. Washington, Feb. 18.—President Wilson told Democratic Leader Underwood today that members could be assured of his own support for the Alaska bill. Reports have been circulated recently that the president was opposed to it.

The Panama canal tolls repeal also was discussed. Mr. Underwood did not agree with the president's position, but did not indicate what his course would be.

President Wilson's plan to repeal the Panama tolls exemption came in for its first Senate debate today, during which it was characterized by Senator Britton, Republican, as an aid to trans-continental railroads. Senator Lodge, Republican and Senator Underwood, Democrat, supported the position. Mr. Britton denied having impugned the president's motives.

## POLICEMAN GETS \$86,000 BUT STILL "POUNDS" BEAT

Atlantic City, N. J., Feb. 18.—"I should worry about \$86,000 simoleons," nonchalantly remarked Motorcycle Policeman William L. Campbell. "I must report at the station pretty soon and wouldn't like to lose my job for not being on time." It was today that Policeman Campbell was to receive \$86,000 left him by his uncle, William Linker of Philadelphia. Campbell's "I should worry" was in answer to the query, "Will you retire from the force and live at leisure?" Today is Campbell's birthday. He admitted the \$86,000 he was to get on the anniversary of his natural day is the largest gift he ever received, but, as he put it, "It isn't worrying him a bit." He said he expects to be just as happy after today as he has always been.

## BOTH SIDES AWAIT PRO CONFERENCE

SEEMS TO BE SOME DOUBT AS TO WHETHER TOM BALL WOULD ACCEPT

## WILL ANTI'S ELIMINATE?

Should Pros Agree, Such Action On Their Part Seems Necessary To Defeat Houstonian

Special to the Times. Austin, Texas, Feb. 18.—One thing seems certain, at least as certain as things can be in Texas politics: Tom Ball can get the endorsement of the pro mass meeting at Fort Worth Saturday if he wants it. Going into the meeting with enough support instructed for him to win, and with a record of service both as a prohibitionist and as a Democrat that ought to make him almost a certain victor if he does run—in the face of these things, the Houstonian congressman hasn't said a word. Old Mrs. Sphix, who is supposed to hold the long distance silent records, has been positively garrulous compared with Col. Ball.

His friends and supporters are taking it for granted that he will accept, and the smoothness with which the machinery has so far turned in his favor indicates that there must have been some sort of promise on his part, beforehand. Yet the anti pros have insisted that he will not accept and the Brownwood Bulletin, Will Mayes' paper, published what purported to be an authentic declaration that the Houstonian would not accept under any circumstances.

## Office Seeks the Man

The declaration is made in well informed circles that Col. Ball was as much surprised as some other folks when he learned last Saturday that he had carried the State and that he hadn't been consulted beforehand by anyone; that there was a preconceived and well executed maneuver in his behalf is not being denied, but the near-nominee himself was not, it is said, in any sense a party to it.

On the other side of the question the attitude is one of waiting and indecision. The anti's are hoping that something—something that doesn't seem possible now—will happen to prevent Col. Ball from getting the endorsement of the pro Saturday. If he does, there is just one answer, the anti's must follow suit and do some eliminating on their own grounds. Chester Terrell, Sam Sparks and Will Robertson of Dallas are the leading lights on the anti side of the ticket now. The anti powers that might be gotten together on Barry Miller of Dallas, who would be a hard man to beat, just as the pro powers that be centered on Ball, but Miller isn't a candidate.

There are two elements maybe there, that must be considered. In the first place Lamar is getting the fealty and his promise to abide by the results of Fort Worth had a string to them; he said "if the action of the convention was in good faith" or words to that effect, and it stands to reason he will be his own judge as to what he goes for and what he isn't. In the second place, Senator Radford and the Farmers' Union apparently are not going to rush heading into either pro or anti camp. The possible third element is Mayes, who hasn't said definitely that he will abide by—either at Fort Worth.

Sam Sparks' anti exports. Of the anti candidates, Sam Sparks seems to be the favorite just now. Popular, genial, with a clean record and many years of efficient public service, he would be a factor to be very seriously considered, should he run as an anti designee, but Chester Terrell and W. F. Robertson of Dallas are also to be considered. Personal popularity is an asset in politics, but it doesn't elect men to state offices. "Bib Barker was beaten for controller three times before he found his out."

W. F. Robertson is a Dallas lawyer, a brother of the late James H. Robertson who wrote the insurance and liquor laws that bear his name, he has dabbled little in politics heretofore and has no political record. Chester Terrell's forebears were Republicans, his father being the party's nominee for governor against Colquitt in 1910. Chester was legislator for three terms, speaker, consistent and uncompromising anti. At present the anti choice is limited to these three.

Million Dollar Loss When Country Home, With Many Art Treasures Burns

By Associated Press. Jericho, L. I., Feb. 18.—The country home of Mrs. William K. Vanderbilt Jr., valued with its furnishings and art treasures at nearly a million dollars was destroyed today by fire. The only occupants were a caretaker and servants left to look after the property.

FRAIL, SICKLY CHILD Restored to Health By Vinol—A Letter To Mothers

Anxious mothers often wonder why their children are so pale, thin and nervous and have so little appetite. The benefit of such mothers in his vicinity we publish the following:

Mrs. M. L. Cassady of Thomasville, Mo., says: "My little daughter was pale, delicate and nervous, she had no appetite and seemed listless. I could not seem to find anything that would help her until we were advised to give her Vinol. Inside of two weeks after taking it she showed a marked improvement, both in appetite, vim and looks. I continued giving it to her and words fail to express my gratitude for what Vinol has done for her."

This child's recovery was due to the combined action of the medicinal elements extracted from cods' livers—combined with the blood making and strength creating properties of iron contained in Vinol.

It will build up and strengthen delicate children, old people and the weak, run down and debilitated. We return the money in every case where it fails. Miller Drug Store.

PITTSBURGH NOW INVITED

Chances For Securing It Also Are Good—Monday Stovall Spends Good Afternoon Here

That one Federal League team will train in Wichita Falls is certain and that another will come here is highly probable. As the result of the visit here yesterday of George Stovall, manager of the Kanests City team in the Federal League.

Not only did Stovall decide to bring Kansas City here, but he sent a telegram to the management of the "Hillsburg Federal team, urging them to come here also. They could be easily accommodated, both the lake and city parks being available. Stovall's recommendation would go far in influencing another Federal team to come here and it is believed that he outlook for securing both clubs is very favorable.

About fifty people, including players and their wives, trainers, club officials, newspaper men and others will be in the party from Kansas City here. They will arrive here sometime between March 5 and March 10 and remain until the opening of their season April 14.

The Kansas City squad will have the use of the hotel, baseball park and other buildings at the lake and Stovall intends to keep them there during daylight hours as much as possible.

is Pleased With City. "It's the place for us," he said, "I'll be more like a vacation than training season; the boys can fish and row and enjoy themselves there at the lake and get in good condition. We ought to bring more than twenty-five players, but we'll have to bring only those we expect to use and the squad will be limited to that number. I've got a bunch of contracts a my grip now, you'll hear from them when I get back to Kansas City."

"I wired Pittsburg to come here too, and I rather think they'll pick Wichita Falls also. That would give all the exhibition games we need. It would be fine for both of us. You see, the other leagues consider us outlaws and won't play us for our practice games. Of course we're not outlaws because we don't sign players under contract; we observe their contracts strictly but not the reserve clause."

Mr. and Mrs. Stovall arrived yesterday afternoon from Fort Worth, having just come from Los Angeles where their winter home is. The Federal manager looked at one of the parks in Fort Worth by invitation, but said last night that that city had nothing to compare with Wichita Falls in the way of training facilities.

is Shown Over Properties. The Kansas City manager was taken out to the lake by John Thomas, T. St. Clair, Frank Goffler and F. P. St. Clair. It took him just as long to make up his mind as was required for him to see the facilities. The Chamber of Commerce committee, consisting of W. G. Long, N. Henderson and Wiley Blair, submitted a formal proposition for the establishment of training quarters—a proposition that does not require the Chamber of Commerce to "put out" anything—and it was all settled. Mr. Stovall and his wife left last night for Fort Worth and are returning to Kansas City today. They were shown every courtesy while here.

"In lots of training camps," said Stovall, "the felt is some distance from the hotel and the men get stiff and cold again after their workout before they can get to the shower bath. Out here, it's only a step from the park to the hotel and that will make it a mighty nice arrangement for us."

Stovall was reluctant at first when questioned about the general prospects of the Federal League, saying he would let the presidents and others do the talking.

"I Should Worry" Attitude. "But we're here to stay," he declared, "we're not fighting; the American and National Leagues are the ones who have to scrap. If they go to court on that reserve clause matter, they're certain to lose. The Federal hasn't been doing much talking, but you can take it from me that it's sundering the money. There's more money back of the Federal League than there is back of either of the other major leagues."

Mr. Stovall said the Federal season would start about the same time as the American and National, April 14, though the schedule committee has not yet taken final action on the dates. He had just received word of the taking of Brooklyn into the circuit and considered that this would be a great help. The new League, as it now stands includes Kansas City, Chicago, St. Louis, Indianapolis, Pittsburg, Buffalo, Brooklyn and Baltimore.

Wants Practice Games. Wichita Falls is one of only three Texas cities chosen as training camp sites. The New York Giants will train at Matris as usual, the New York Americans at Houston and the Kansas City Federals at Wichita Falls.

One reason Mr. Stovall is particularly anxious to bring another Federal League team here is that the national commission will not permit any Texas League or Texas-Oklahoma League team to play its club, putting it in the "outlaw" class. For this reason, if he gets any practice games season, it he gets any practice games season, it he must be with Federal League clubs and this makes the outlook good for another one of the "outlaws" training in Wichita Falls this spring.

CELEBRATION TOMORROW BY KNIGHTS OF PYTHIAS

Fiftieth Anniversary of Founding of Fraternal Order to Be Observed By Local Lodge

The fiftieth anniversary, or golden jubilee, of the Knights of Pythias will be appropriately observed tomorrow night by the members of the local lodge at their hall. At the same time lodges throughout the country will be observing the occasion in various ways.

The order, which now numbers its members by hundreds of thousands, was founded just fifty years ago tomorrow, the first meeting being held on February 19, 1864.

The feature of tomorrow night's program by the local lodge will be an address by Dr. J. L. Gaston. There will be an initiation, there being two new members to be taken in, making a total of about twenty-five initiations within the past few weeks; these have kept the lodge too busy to make very elaborate plans for a jubilee celebration. Another feature of the celebration will be the burning of the red, blue and green lights on the altar, this having its particular significance to members of the order.

### Cottolene

Foods fried in a pan are more greasy than those fried in deep fat because pan-fried foods absorb fat more and are, therefore, more indigestible. Fried in deep fat, the same food absorbs less fat, takes on a light, delicate brown and has no burned edges.

Modern domestic science teachers all advocate deep frying instead of pan frying.

You can afford deep frying, if you use Cottolene, because it can be used over and over. It absorbs no odors. Merely strain, after using, and it is ready for next time.

### ADOPT RESOLUTIONS ON DEATH OF DR. J. M. BELL

The following resolutions upon the death of Dr. J. M. Bell were adopted by the District of the Chamber of Commerce at their meeting Tuesday: "Resolved by the Board of Directors of the Chamber of Commerce of Wichita Falls: "That in the death of Dr. J. M. Bell who was constant in his attendance on our meetings, courteous in demeanor, wise in council and energetic in action, this body and this city have suffered an irreparable loss. As an old resident of this county, he has always been one of its most prominent citizens and workers for advancement in the material and moral progress of the community. His friends are legion, drawn to him by his broad love for his fellow man; and his uncompromising integrity and frankness of speech could leave no one in doubt as to his standing or opinion on any question or subject he felt called upon to express himself. A man of positive character and strong convictions, a good fighter for what he deemed right, he at times aroused opposition, but ever held the respect of his antagonists, who on that account seldom became personal enemies.

"All in all, we declare that he was a man without fear and without reproach, big of body, brain and heart, loved by his friends, feared and respected by his enemies and adored by his family; a man faithful, brave and true, the influence of whose life for good will be felt for years to come.

Wichita Falls, Texas, Feb. 18, 1914

The light rain of last night and today will help the wheat farmers a great deal.

The reason Wichita county has not voted bonds for good roads is plain enough. To the Times, the farmers, as a rule, are opposed to that method of building good roads, and so long as they hold to that idea they can't expect to attract homeseekers. The counties that are being rapidly settled up with progressive home-makers are the counties that have taken steps to vote bonds for the construction of good roads. As we write this, we have before us a copy of the McKinley Courier-Gazette of date February 15th, and it contains two and one-half columns of real estate transfers, set solid in eight point type. Most of the property changing hands is farm lands in small tracts at prices ranging from \$100 per acre and up. Precinct One, Collin County, of which McKinley is the county seat, recently voted a good roads bond issue of \$450,000. As a result, people seeking homes are being there. In the judgment of this paper, the man who owns that land makes a very serious mistake when he opposes a bond issue for the construction of good roads. Of course, the Times does not know, but it ventures the prediction that farm lands in Precinct Number One, Collin County, have enhanced in value an average of at least ten dollars per acre since the owners of the lands have, by a majority of about four to one, voted the \$450,000 good roads bonds. It is the same way in other counties where good roads bonds have been voted. The Times is fully aware that, in advocating the voting of bonds for the construction of good roads, it is tramping on the toes of some of its best friends, and it would not take that view of the matter unless it was thoroughly convinced that in the event Wichita County should vote a liberal amount of bonds for the construction of good roads it would be the cause of attracting homeseekers and in a comparatively short time the farming and agricultural interests of the entire community would more than double in value.

There is a factory at Wichita Falls which makes glass. It is running day and night, working four hundred men. That's where the blue fruit jars come from. The managers have made arrangements to get sand from Benison in order to make jars of clear, white glass. Those people are evidently expecting the Texas canning club girls to have a busy season this year.—Temple Telegram.

We can't see why so many papers insist on broadening their editorial columns. It keeps the paragrapher distressingly busy to furnish enough stuff for the thirteen em measure.—Waxahatchie Light.

You shouldn't criticize us; we want our paragraphs to have some symptoms of broadness.—Cleburne Morning Review.

The broad column for editorials is a change that is not an improvement. They are a source of trouble to the make-up man and they are usually harder to read than the columns set to the regular measure.—Temple Telegram.

editor of Harper's Weekly, in the February number of the Review contributes an interesting editorial under the caption, "The Diplomats of Democracy."

In his inventory of the political appointments made by the present administration he finds some that are commendable, but others come in for sharp criticism.

Of the ministers plenipotentiary appointed to European courts, he says that "a majority at least rank easily as the peers, if not indeed the superiors of their predecessors."

He is most severely critical of the appointments to the diplomatic service in the Latin American countries.

It will be remembered that before Mr. Wilson received the democratic nomination for the presidency he requested Colonel Harvey to not be so effusive in his support of the former's candidacy through Harper's Weekly, as such support would likely result in more than good.

In his reference to the president's appointment of a minister to Colombia after specifying the qualifications of retiring Minister DuBois, Colonel Harvey observes: "His successor is Mr. Thomas T. Austen, a ranch owner of Austin, Texas, presumably not unknown to Assistant President Edward M. House."

## WOMEN ENLISTED FOR GOOD ROADS

APPOINTED ON PRECINCT COMMITTEES AT MEETING HERE TUESDAY AFTERNOON

TO MEET AGAIN MARCH 3

County Organization To Be Formed With Bond Issue As Aim—J. C. Travilla Is Speaker

Following an address by J. C. Travilla, road expert in Tarrant county at the Chamber of Commerce rooms Tuesday afternoon where good roads advocates from every section of the county were gathered, initial steps were taken for the formation of a county good roads association with the ultimate view of petitioning the county commissioners for a bond election.

A committee of six, three of whom are women and three men were appointed at the meeting from each of the four commissioners' precincts in the county. These committees were instructed to call and meet in their precincts and agitate and discuss the road question and the advisability of bond issues, and report at a meeting to be held here on Tuesday afternoon March 3rd at two o'clock in the district court room. At that meeting it is expected steps to petition for a bond election will be taken.

Women To Cooperate. The appointment of women to an equal representation on the precinct committees was decided upon following a stirring good roads talk by Mrs. Brown of Iowa Park. It had already been moved that precinct committees be appointed when Commissioner McCleary, declaring that he believed in equal suffrage and opposed taxation without representation, offered an amendment increasing the committee members to six, three of whom should be women. The amendment carried with a whirl. The precinct committees were named as follows:

Commissioners' Precinct No. 1—D. P. Talley, P. Prescott, Myrtle O'Reilly, Mrs. A. H. Carrigan, Mrs. T. R. Boger, and Mrs. E. T. Anderson. D. P. Talley being out of the city Morris Marcus was appointed to serve as chairman in his place until his return.

Commissioners' Precinct No. 2—Ben. Schwegler, R. L. Edds, A. J. Batts, Mrs. A. B. Lipscomb, Mrs. R. W. Ramming and Miss G. Xaughn. Commissioners' Precinct No. 3—Frank Boyd, Jake Cobb, L. C. Dennis, Mrs. Brown, Mrs. Frank Boyd and Mrs. Mattie Parker.

Commissioners' Precinct No. 4—J. R. Brewer, J. F. Winston, S. W. Walker, Mrs. J. H. Howell, Mrs. W. J. Sheldon and Mrs. C. E. McDonald. The committees named were given authority to appoint whatever sub-committees they thought necessary.

About seventy-five citizens were present at the opening of the meeting and more came in during its progress. R. E. Huff was made chairman and W. M. Fuller, secretary. W. B. Head introduced the speaker of the afternoon, J. C. Travilla, the expert on the roads of the Tarrant county road work, where \$1,600,000 is being expended in the improvement of the highways.

Mr. Travilla told how this money was being expended and gave advice for the creating of a sentiment for good roads in the county. He said the work of road building was first undertaken in Tarrant county it had been attempted with day labor by the county itself. Thousands of dollars had been expended with little to show for it when citizens committees prevailed upon the commission to place the work in his hands.

The work was then let out by contract, which he recommended as much more satisfactory. In letting the contracts, however, he said it had been stipulated that wherever possible home labor and home materials must be used.

"The farmers in Tarrant county who at first opposed the bond issue as a result of this stipulation are more prosperous today than they have ever been," said Mr. Travilla, "and are today the best boosters for good roads in the county. For instance at Aledo where there was a large majority against the bond issue every man today is a booster. They didn't know what it was going to mean to them; they didn't have confidence in the intentions of those advocating the bond issue. Now that they are using the roads and know how much they mean to them in every way they are the most enthusiastic good roads advocates in the county."

be the organization of a good roads association with a view of conducting a campaign of education. In this connection the association ought to have a publicity man he said. "A good plan is to interest the women," he said, "tell them what good roads mean to the school and church; and to better rural life. You want to keep out of the campaign any impression that the bonds are to be issued solely for automobile owners. Of course the number of farmers who will own automobiles will be greatly increased with better roads but it isn't necessary to educate the people who already own automobiles."

Estimated Cost Per Mile. Some Tarrant county roads were costing from \$500 to \$550 per mile, others were costing up to \$650 per mile and the Dallas pike was costing \$850 to \$700 per mile. Some other roads costing as low as \$350. He believed a conservative average would be \$600.

In reply to questions Mr. Travilla said he believed the gravel found in this section would make a very good base for a crushed rock surface. He also said that any kind of crushed stone no matter how soft could be used for a base. Some gravel, he said, might be used as a surface for some roads.

He declared that it would be inadvisable to vote too many bonds at first; that the people could be depended upon to vote more bonds when they saw that the money was being properly expended and that good results were being obtained.

All roads should be graded, he said, by declaring that a mistake was often made in the kind of oil applied. "Oil with a paraffine base is sometimes used which makes the roads slick and greasy, when an oil with an asphalt base should be used," he said.

Mr. Travilla answered many questions as to materials used in road building, cost, etc., and at the conclusion of his talk was extended a vote of thanks.

**HEED THE WARNING**  
Many Wichita Falls People Have Done So

When the kidneys are weak they give unmistakable warnings that should not be ignored. By examining the urine and treating the kidneys upon the first sign of disorder, many days of suffering may be saved. Weak kidneys usually expel a "brick dust" smelling urine, full of "dark, ill smelling urine, full of 'brick dust' sediment and painful in passage. Strenuous kidneys often cause a dull pain in the small of the back, headaches, dizzy spells, frequent languid feelings and frequent rheumatic twinges.

**Decide Plans First.**  
In Tarrant county we have given thought to the debt which has been expended and what has been done, to the press and citizens committees appointed to advise with the commissioners are so well satisfied that they have ceased to come around at all.

Mr. Travilla said he did not believe in going to the debt which has been expended and what has been done, to the press and citizens committees appointed to advise with the commissioners are so well satisfied that they have ceased to come around at all.

### MADAME PAVLOWA TO BE ENTIRE SHAW IN HERSELF.

Pavlowa is the "whole show" herself, yet when she comes to the Wichita Theatre on February 28th, the world's greatest dancer will be surrounded by a company of over 80, including the complete symphony orchestra under the direction of Theodore Slier. And every one in the American metropolis, "Soul of the Dance." Returning after three years absence the Russian not only equipped her loftiest previous achievements, but gave New York the finest and best trained ballet company it has ever known, the most complete ballet scenery and a variety of work hitherto unattempted here.

Without exception the entire company and orchestra which delighted New York is coming here, and the big feature of the repertoire are to be given. These features are "The Magic Flute," comic dance drama; "The Invitation to the Dance," shorter dances, all these divertissements are now, with the exception of the im-

mortal "Autumn Nocturne," which in response to public demand, is retained. The "Gavotte Pavlova," the latest society dancing craze, will not be omitted here either. It will be a performance just as at the Metropolitan Opera House, New York, or the Auditorium, Chicago. And from all indications there would be just as big an audience, provided the capacity of the theatre could be increased. Seats are now obtainable at the Rexall Drug Store.

### COHEN'S NEW SUCCESS IS "THE LITTLE MILLIONAIRE."

No one at least no author, knows better how to gauge the public taste in the matter of plays than Geo. L. Cohen, the genius of the theatre who, in the past eight years, has from all indications there would be just as big an audience, provided the capacity of the theatre could be increased. Seats are now obtainable at the Wichita Theatre March 17.

Wilfong & Woods. EVERYTHING FOR THE OFFICE

On Feb. 11th

We gave two pairs of my best gold filled frames and Geneva Crystal Lenses to Mrs. Frances Rahl, 606 Travis, and to Mrs. J. M. Fabion, 209 1/2 Seymour street. These ladies were successful in being at my store first for glasses.

Now I will give to the first gentleman entering my store Feb. 14th, 1914, one pair the same as I gave to the above ladies. We are scientific opticians, and know how to make you see. It will be a pleasure to have a pair of my Geneva Lenses. We are serving people every day and the best reason I can give is we make them see as they once did. You need not fear any drops put in your eyes which is so harmful. We use the latest methods in every respect.

Phone us for engagement. I may be busy when you come to see me. I certainly will not rush a patient through to get to the person waiting. We do our work right and take the time needed. Further you will not have to wait till we send off for our lenses. We grind them and make delivery soon after the examination.
