"THE DISPUTED BOUNDARY" IS JOHN D'S FAVORITE.

Cleveland, O., Feb 25 .- Those of the old residents of East Cleveland who had to run barefooted with John D. authority fo the statement that the oll king with all his nine hundred millions of dollars most highly among his personal pos-sessions an \$87,000 painting, "The Disputed Boundary."

This statement, it is said, was in a degree repsonsible for Rockefeller's action in transferring first of all the painting from his Forest Hills estate to Pocantico Hills at Tarrytown, N. Y., some time ago, when Cuyahoga county tax commissioners were de manding that he pay about \$12,000,000 taxes on his personal property.

"The Disputed Boundary,' it is said, is typical of the disputed conflicts in John D's. life, for the oil king has had more law suits and scrapping bees over tine fences and land claims than any man in the country.

The masterpiece was painted by Ers kine Nichol, an English artist. It de picts a sturdy squire with puckered brows and quill held between pursed lips, listening to the heated arguments of two worthy landowners.

The squire holds a rude map in his hand. Legal papers and books are Neattered on the old style table. The compliments flying between the squab bling landowners can almost be heard, so realistic is the masterpiece. "It's just like John," all the old

WILSON IN 1916 IS SLOGAN HEARD

Democratic Leaders Feel Certain the President Will Run Again and Will Win

Washington, Feb. 25,-Democratic leaders here feel certain that President Wilson will be a candidate for conviction that Mr. Wilson will run for a second term are being made now. Current activity on the part of the democratic national committee has that end in view.

To suggestions that Mr. Wilson's nomination for a second term would be a flat violation of the Baltimore platform, leading democrats reply that the platform declaration was merely an indorsement of the proposal to amend the federal constitution so as to provide for a singleter mfor a person elected to the presidency. They contend that there has been much misunderstanding about the "term of president" plank, and argue that a careful reading of it ought to convince anybody that it does not contain any party inhibition against a second term for Mr. Wilson or any other president elected by the adoption of the suggested constitutiona!

amendment. This is the text of the plank:

"We favor a single presidential term, and to that end urge the adoption of an amendment to the constitution making the president of the United States ineligible for re-election and we pledge the candidate of this convention to this principle."

Those leaders who are proceeding on the conviction that President Wilson will be a candidate for the nom; nation in 1916 have not regarded i as necessary to consult the president on the subject. They have felt a de licacy in making any such inquirles, but are satisfied that there need be no worry on that score

Trip Through Oil Fields and Bareboue Among Features of Editorial Entertainment

Tentative plans for the enteriainnent of the two major league teams which will visit Wichita Falls within the next three months were made a special session of the Chamber commerce directors this morning. The plans for the entertainment o

the national editors, who will be here ompleted until it is known just how many are coming and how long they will be here. One plan, considered at fternoon provided for taking the edi tors to Electra on their special train early in the morning, taking them through the oil field in autos and bringing them back to this city early in the afternoon; the afternoon woul e spent in a visit to the factories motor boat ride at the lake hen a banquet in the pavilion. After the banquet the special train would be waiting for the editors on the Southern track.

Another plan which is being con sidered is to give a barbecue some where in the country while the oli feld trip is being made, it being felt that such a feature would be more distinctively Texan than a banquet It is certain that the entertainment will include a visit to the oil field and to the lake. The directors this morning agreed on the tentative plan and took steps for financing the entertainment.

A committee consisting of Messrs St. Clair, Marcus, Staniforth and Mar ow has been appointed to raise \$400 rom among the business men, this being the amount needed to install paths and dressing room at the City Park for the Indianapolis team There may be some difficulty in curing adequate dewntown hotel ar angements for the players, it de eloped as with all her hotels, Wich ta Falls seems to have none that will undertake to provide rooms and meals or the forty or fifty persons in the squad. Around the edge of the table festoons of red and white and blue hung and red shaded candelabra were placed around the tree. glass compotes containing red and white mints carried out the colo scheme further. Mrs. C. W. Beavers presided at the tea service, making quite an adorable Martha in cap and fichu. Dainty sandwiches were served with the tea by Mesdames W. W. Little, Elmer Filgo, J. O. Smith, E. B. The becomingness of the gowns and the powdered confures was very marked. Mrs. Fitzhugh pinned tiny red hatchets, souvenirs of the occasion on the departing guests.

The explanation lies in the fact that chairmanships go with long service; and the Democrats who represent the South have been in Washington a long time; the Democrats from the North and West came in largely as the result of a political landslide, and are for the most part one and two-term men. Considering the very large power lodged in the chairman of a committee, these facts are striking and Important. Congressman Rogers makes the charge that the southern members are using their power to dipublic buildings and other local appropriations, to their section. If this is true, it is a perfectly natural thing, and merely an imitation of what northern republicans have been doing for a good many years. But the facts to which Congressman Rogers calls atention have a much more important significance.-Collier's Weekly.

It is a charming property, ideally located. Situated on the car line with the highest elevation between the city and Lake Wichita, the view in all directions is one of magnitude of stretching landscape as far as the eye can see.

You don't have to be rich to own a home in this district. The restrictions are modest and simple, as follows: No residence shall be constructed in this restricted district in excess of one residence to two whole lots and no residence shall cost less than \$3000.00. Just think; you can purchase a pair of these lots for \$660.00, onethird cash, balance on or before one and two years at 8 per cent interest. The Company only has a few of these lots left, and there is no limit to the prices you will see these lots sell for in the future. Two of the finest homes in the city are in this restricted district. Come to our office today and let us show you these beautiful lots.

There is Much in the way Tobacco is Kept

Whether it is good or not. Old dried out Cigars, no matter what brand, will not taste right. We probably sell more Cigars, Tobacco and Cigarettes than any store in the City, but we buy in Factory shipments, and always have fresh goods. It costs a little more this way, but it's worth it in the added satisfaction it gives our customers. We carry all the leading brands in 5c. 10c and 15c Cigars, both imported and domestic, the best makes of Pipe and Cigarrette Tobaccos, including some very fine imported English goods, and Cigarettes of every make. Box trade on Cigars is a feature of our business—our goods are always so fresh they keep perfectly in the office or home for a long time. RED BOOK MAGAZINE IN TO-DAY.
