"Place of Many Hazards" The Lone Star Gas Compan has recently released a booklet on Home Safety, which your Chamber of Commerce would encourage every parent and student to read. According to sta Council, about 50% of accidental injuries annually reported in the United States occur in the home. In a recent year, 20,000 of these injuries were fatal.

The precautions suggested in this booklet, if heeded, can help make your home a safer place

Visitor Compliments Baird A "passer-through," who, with his family, stopped in our local coin laundry, at one of our restaurants, and serviced his car at one of our stations last week end, remarked that Baird was one of the friendliest towns he had ever been in. Courteous and friendly people add a plus factor to any community and we are as pleased as the stranger who was here and left with a good impression of our city.

two points, completing scoring in the first half. Cross Plains opened strong in the third period, but the tough Bears proved hard to handle,

and stopped the Buffalo drives. About the middle of the third quarter, Baird owned the ball on the Buff 45 yard line. Barnes completed a 42 yard pass to Tommy Higgins, placing the ball at the 3 yard line. Barnes then plunged for the TD, and again went into the right side for the two points, making the score 16-8

In the fourth quarter, the Buffs started a strong drive from their own 49, which ended in a fumble on the Bear 4 yard line.

Although outweighed some 16 pounds per man, the Bears proved tough on defense. Both teams mar the play, and very few offside penalties, which speaks well of Coach Townsend and Coach Gunn, Cross Plains outgained the Bears some 20 yards, had 9 first down to the Bears 8 Buff quarter back Doug Dallas completed 7 of 11 pass tries, mostly the short running pass Bear quarterback David Walls and full back Barnes completed 5 of 12 tries.

The Bears meet the Class AA Ranger Buildogs in the home opener at 8:00 p. m. tonight at the Bears' Den. Again the Bears will be badly outweighed, but we will bet they won't be out-hust-led and out-fought. See you at the game tonight.

ed up quickly among consumers, over the state. clerks and merchants during the first week of application of Texas' almost general sales tax.

Reaction was not so much against the cost of the new tax, but more to the principle, in-convenience and confusion. Natural resistance to any new levy always is evident. And there's certainly not hing "hidden" about a sales tax. Noticeable were strange new surpluses of They were bothersome. Arguments also ensued over what is subject to tax, and what isn't

Although State Comptroller Robert S. Calvert issued bulletin after bulletin explaining what is covered by the tax, it was evident that much time will have to pass before everyone concerned understands the new tax.

No one would venture a guess as to how many telephone calls were received by the Comptroller's office during the first week. The multitude of businessmen converging on the Capitol fo seek information or lodge complaint gave Comptroller Calvert not a moment's peace.

Contributions were received to of the line - the direct contact point for collection of the extra pennies - clerks, especially those In supermarkets, were equally harried. There had been so little time for them to bone up on the many exemptions and intricacles of the new way of taxing

Probably the most universal scheme to beat the tax emerged in coffee shops across the state. came to 25 cents or more, there was no sense in one person picking it up and having to pay an extra penny.

CHICKEN PRICES FIXED? -Texas chicken caters who have been enjoying their favorite fare at phenomenally low market prices this summer have been given something to think about by Atty. Gen. Will Wilson.

DRIVERS SLOW DOWN—The State Highway Survey indicates a continued slow-down in average of Texas highway. This year the study indicates an average of 55.3 miles per hour for passenger cars clocked

Storm clouds of protest boil- by hidden radar at 25 locations

This compares with 55.9 MPH in 1960, and 56.2 MPH in 1959. Average speed for trucks was 50.1 MPH, compared with 51.2 MPH last year. Buses slowed down slightly from 60.7 MPH last year to 60.0 in the recent survey.

RACE SHAPING — Many eyes of Texans are beginning to look in the direction of the Lieutenant Governor's pffic, vacated by Ben Ramsey's appointment as Railroad Commissioner. One candidate, Republican O.

W. Hayes of Temple, has anthe race. Other definite possibilities include House Speaker James A. Turman of Gober, Sen. Crawford Martin of Hillsboro, Sen. A. M. Aikin, Jr., of Paris, Sen. Preston Smith of Lubbock, Sen. Bob Baker of Houston and Don Yarborough of Yarborough ran against Ramsey

NEW IDEA FOR PADRE IS-LAND — Land Commissioner Jerry Sadler tossed a new idea into the breach of controversy over what should be done with playland potential of beautiful Padre Island.

The beaches, he said, should be turned into a state park -not turned over to the Federal Government for a National park as has been proposed. He said the proposed Federal project would take about 200,000 acres of submerged lands which have yielded more than \$12,000.000 for the state's permanent school fund, and which have a potential of at least \$1,000,000,00 in oil and gas development.

Mr. and Mrs. James E. Clark returned Thursday from a weeks vacation trip to Mexico City and Alcapulco, Mexico.

John will leave for Lubock to enroll in Texas Tech below-cost prices, the ultimate result will be scarcity and sky-rocketing retail chicken prices."
