## CHARGES FILED AGAINST JUDGE

MAN WHO SENTENCED LABOR  
LEADERS FOR CONTEMPT  
CHARGED WITH MIS-  
CONDUCT

## PRESIDENT PETITIONED

Charges Filed by Man With Whom  
Judge Had Disagreement in  
Private Business

By Associated Press.  
Washington, Feb. 26.—Charges of  
irregularities and misconduct against  
Justice Daniel P. Wright of the dis-  
trict supreme court here, who attracted  
national attention when he sentenced  
Samuel Gompers and other national  
labor leaders for contempt, were  
made in a petition filed with  
President Wilson today by W. H.  
Cooper, president of two local savings  
banks.

The petition charged irregularities  
in the conduct of Wright's personal  
business. It stated that Justice  
Wright was formerly an officer in one  
of Cooper's banks. Disagreement  
over the management of the bank led  
to a bitter fight between the two  
men.

## MEAT CONSUMPTION AND PRODUCTION DECREASES

Washington, Feb. 26.—The results of  
the high cost of living are clearly re-  
flected in a report just issued by the  
United States Department of Agriculture,  
which shows that the per capita  
consumption of fresh meats has steadily  
decreased during the past 14 years.  
In 1900 the people of this country con-  
sumed 175 pounds of meat. In 1909 it  
dropped to 172 pounds and in 1913 the  
per capita consumption was 152  
pounds. The theory that high prices  
promote increased production has been  
explored. The report shows that the  
production, too, has declined during  
this period. The per capita yield of  
dressed meats in 1900 was 211 pounds,  
185 pounds in 1909 and only 161 pounds  
in 1913. Our exports during this time  
dropped from 32 pounds in 1900 to 8.7  
pounds in 1913.

From 1900 to 1913 the consumption  
of beef per capita has increased about  
1 pound but consumption of mutton  
per capita is 1 pound less and the net  
capita requirements of pork and lard  
has decreased 7 pounds.

## CONDEMNED MEXICAN BOY LEARNING TO PLAY GUITAR.

Waco, Texas, Feb. 26.—Doomed to  
hang for the murder of Miss Emma  
Brown at Saragossa, Texas, in 1911,  
Leon Martinez, a Mexican youth of  
18 years, is now learning to play the  
guitar in the county jail here. His  
death sentence has been affirmed by  
the supreme court and there is little  
hope that the governor will extend  
any clemency. Martinez, realizing  
that he has but a short time to live,  
is entertaining other prisoners and  
the guards by song, story and the  
guitar, though he is not adept at the  
instrument yet. He will be the young-  
est person ever legally hung in Tex-  
as. His victim was a school teacher.  
He was brought to Waco to avert mol-  
litude. His date for execution has  
not been announced.

## FLOOD OF WHEAT ENDANGER- SEVERAL LIVES AT MCKINNEY

McKinney, Texas, Feb. 26.—A liter-  
al flood of wheat nearly caused loss  
of life here today. A row of  
steel tanks owned by the Morten Mill-  
ing Company and containing about  
20,000 bushels of the grain collapsed.  
Warning had been given but a few  
minutes previously or fatalities would  
have been certain. The concrete  
foundations of the big bins gave way  
when the thousand tons of wheat bore  
down on one side. The wheat came  
pouring out on the ground in a huge  
stream.

## SAN ANGELO PREACHER TURNS DOWN BIGGER SALARY

San Angelo, Texas, Feb. 26.—There  
is one preacher in Texas who refused  
to accept a pulpit that would have  
paid him \$1,000 more than he is now  
receiving. He is Rev. B. F. Lyon of  
this city, pastor of the First Baptist  
Church. He was offered a church in  
Wichita Falls at a big increase in  
salary but declined because he said  
the conditions were so pleasant here  
he hated to leave.

## HISTORIC WHITE KIKE BURNED BY MILITANTS

Arson Squad Set Fire to Church and  
Relics of Battle With Cromwell  
Destroyed

By Associated Press.  
Dunbar, Scotland, Feb. 26.—An ar-  
son squad of militant suffragettes to-  
day burned to the ground the his-  
toric parish church of White Kirk. The  
church was built in the sixteenth cen-  
tury and contained many relics of  
the battle in which the Scots were  
routed by Oliver Cromwell's forces in  
1650.

## ENGLISH ROYALTY AT BALL GAME

THREE HEARTY AMERICAN  
CHEERS AND A TIGER FROM  
PLAYERS GREET KING

## THIRTY-THOUSAND ATTEND

King George Immensely Pleased With  
Enthusiastic Hurrahs and Shakes  
Hands of Several

By Associated Press.  
London, Feb. 26.—Three hearty  
American cheers and a tiger were  
given by the baseball team to King  
George on his arrival today to wit-  
ness the game between the New  
York and the Chicago teams. The  
hurrahs immensely pleased the king  
who repeatedly bowed his acknowl-  
edgment. The players were grouped  
immediately in front of the box oc-  
cupied by the King and Queen and  
King George shook hands heartily  
with Charles Gonsky, John J. Me-  
Carthy, Joseph Terrell and James  
Callahan. There were thousands of  
spectators.

The crowd was greatly amused  
while awaiting the king's arrival by  
the Chicago team's diminutive man-  
ner who went to bat and knocked a  
home run through intentional care-  
lessness on the part of New York  
players. Chicago won the regular  
game 3 to 4.

The game went eleven innings,  
daily the first man up in the eleventh  
inning won for Chicago with a home  
run. The score was tied at the end  
of the ninth and New York got two  
runs in the first half of the tenth,  
but in the second half Crawford  
knocked a home run for Chicago  
bringing in a runner ahead of him.  
Thirty thousand spectators saw the  
game. The King showed intense in-  
terest. When a foul from Egan's bat  
broke a window above the royal box  
the King did not even dodge the fly-  
ing glass. He took away a piece as  
a souvenir. One of the royal party,  
the Earl of Chesterfield had his tin  
cup valued at \$2,500 stolen.

## LORD AND LADY DECIES PASSED THROUGH WICHITA FALLS THURSDAY MORNING

LORD and LADY DECIES  
COPYRIGHT BY AMERICAN PRESS ASSOCIATION

## WICHITA FALLS HAD REAL NOBILITY WITHIN HER MIST FOR A SHORT EARLY THIS MORNING

Wichita Falls had real nobility  
within her mist for a short while  
early this morning. The nobility  
wasn't aware of it at the time, and  
if Wichita Falls was aware of it, she  
didn't show the matter to excite her  
in the least.

The nobility were Lord and Lady  
Decies. Lady Decies was Miss Vivian  
Gould, daughter of George Gould, the  
railroad magnate. She is quite  
wealthy and as beautiful as such  
wealthy ladies always are whether  
they are or not. The bearded couple  
were on a private car attached to the  
southbound Denver. They were due

## WHITMAN WILL ASK RETRIAL OF BECKER

District Attorney Will Not Dismiss  
Indictment Against Former Po-  
lice Lieutenant

New York, Feb. 26.—District At-  
torney Charles S. Whitman will not per-  
sonally assume the responsibility of  
letting Charles Becker go free on the  
charge of murdering the gambler,  
Rosenthal, it was learned. At least it  
was indicated that the prosecutor's  
present intention is to move for a sec-  
ond trial of the former Police Lieuten-  
ant, whose conviction as Rosen-  
thal's slayer was set aside by the  
State Court of Appeals Tuesday.

It was reported that Mr. Whitman,  
fearing he could not get a second con-  
viction, planned to seek Becker's in-  
dultment on a charge of extortion and  
bribery. Mr. Whitman tonight denied  
he had such a move in mind.

Interest centered tonight on what  
hope the District Attorney might have  
of finding witnesses to corroborate the  
testimony of Vallon, Rose, Webber,  
and at the time of the prosecution of  
Becker and the gunmen received im-  
munity on their promise to tell the  
truth.

Vallon Makes Denial  
Vallon late today denied it was he  
who fired the shot that killed Rosen-  
thal. This statement was made after  
Becker in Sing Sing today had de-  
clared he thought Vallon was the  
slayer.

"Becker is pretty smooth," said Val-  
lon, "and his object in accusing me is  
plain. He hopes the accusation and  
his expressions of sympathy will in-  
fluence the four men in the death  
house he is going to do something to  
aid them. His idea is that as long as  
he can make them think he is their  
friend they will not confess and give  
information implicating him to the  
District Attorney."

Mr. Whitman tonight said no evi-  
dence was presented at his office that  
Vallon fired the fatal shot. "The re-  
ports were investigated and no cor-  
roboration was found," he said. "The  
highest court in the State has decided  
that the conviction of the gunmen  
stands and that they committed the  
murder."

Becker will be brought here from  
Sing Sing tomorrow or early Friday  
and placed in the Tombs pending a  
new trial or a quashing of the murder  
indictment. His counsel tonight said  
the court decision automatically re-  
stored Becker as a member of the po-  
lice department under suspension. His  
counsel said that his move, if he makes  
one, to get back as a policeman will be  
to get a writ of mandamus directed  
against the Police Commissioner. Un-  
der this he could be tried before a  
deputy and have an opportunity to  
prove his innocence of any charge  
against him.

## CONSUL EDWARDS DISCREDITS STORY

Does Not Believe Statement that Am-  
erican Political Prisoners Are  
Held at Juarez

By Associated Press.  
El Paso, Texas, Feb. 26.—American  
Consul Edwards at Juarez today said:  
"I am convinced there are no Amer-  
ican political prisoners at Juarez. I  
know there are a number of alleged  
small crooks locked up in the city  
jail—I am certain no Americans are  
held on political charges."

Edwards made this statement in  
connection with the story told by A.  
Michaelis last night who declared he  
had just left the Juarez jail where  
he had been a prisoner and that  
Bauch and thirteen other Americans  
were there at the time. Edwards  
said he believed Michaelis fears the  
El Paso police and he does not be-  
lieve his story.

## CONTROLLER W. P. LANE MAY RUN FOR CONGRESS

Austin, Texas, Feb. 26.—Controller  
Lane was asked whether or not he  
would become a candidate for Con-  
gressman-at-Large. He said that he  
has the matter under consideration,  
but has not fully made up his mind.  
Mr. Lane explained that he had re-  
cently been running for governor and  
had not thus far made definite plans  
for the future, but was very much in-  
clined just now to become a candi-  
date for Congressman-at-Large.

"I do not think I will be a candidate  
for Controller again," said Mr. Lane,  
"for I have served the allotted two  
terms in that position and while ap-  
preciating the friendly suggestions to  
run for a third term, I hardly think it prob-  
able."

From Mr. Lane's statement it would  
seem that he will probably not ask for  
a third term as Controller, but will as-  
pire to go to Washington as one of  
the two Congressmen-at-Large from  
Texas.

## FAMOUS AMERICAN BASSO DIES FROM APPENDICITIS

By Associated Press.  
New York, Feb. 26.—Putnam Gris-  
wold, American basso and member  
of the Metropolitan Opera Co., died  
here today of appendicitis. He was  
38 years old. He was twice decorated  
by the Kaiser before whom he had  
sung at the palace.

## GUNMEN TO DIE WEEK OF APRIL 15

By Associated Press.  
Albany, N. Y., Feb. 26.—The week  
beginning April 15 was fixed today  
for the executions of the four gun-  
men found guilty jointly with Chas.  
Becker for the murder of Herman  
Rosenthal.

## TWELVE KILLED IN DYE FACTORY EXPLOSION

Berlin, Germany, Feb. 26.—At least  
twelve men were killed in an explo-  
sion which destroyed a dye factory  
here today.

## HUERTA SAYS WOULD NOT PERMIT MARINES TO LAND

President Wilson, However, Denies  
Permission To Send Marines  
Has Been Asked By U. S.

By Associated Press.  
Mexico City, Feb. 26.—Provisional President Huerta today  
refused permission to the United States Government to send  
2,000 American marines for the protection of the legations here.  
This information came direct from Huerta himself. He said he  
had been asked from Washington to agree, in addition to the  
American marines, to the despatch of a corps of 1,000 marines  
made up of German, English and French. To all of these he  
had returned a negative reply on the ground that there was no  
need for such protection.

Nelson O'Shaughnessy, American charge d'Affaires, refused  
either to confirm or deny this information.

## Denial Of Report At Washington

By Associated Press.  
Washington, Feb. 26.—Word came direct from President Wil-  
son himself today that the United States had never requested per-  
mission from President Huerta to send marines to Mexico City  
and had not discussed or taken up the subject in any way with  
Mexican officials.

The President said Rear Admiral Fletcher had sent a long tele-  
gram discussing the sending of marines but that his conclusion  
was that such a move on the part of the American government  
was not advisable or necessary at this time. Mr. O'Shaughnessy,  
he said, took the same view.

At a conference today between Secretary Bryan and the British  
Ambassador it was decided that the British Consul would not  
proceed to Juarez for the examination of the body of William S.  
Benton until better arrangements can be made. Conflicting re-  
ports of the location of the body made it evident that the inves-  
tigation could not proceed until the situation could be made more  
definite. Meanwhile the American government will press for  
such information as it needs for the investigation and Consul Per-  
ceval will remain with Major General Scott.

## CARRANZA'S INVESTIGATION WATCHED WITH INTEREST

By Associated Press.  
Washington, Feb. 26.—The Amer-  
ican government today continued to  
exert all its influence to obtain the  
surrender of the body of William S.  
Benton. There have been persistent  
reports here that the body was  
created.

Official denial came from the  
White House today of a published re-  
port that Rear Admiral Fletcher had  
recommended the landing of marines  
at Vera Cruz.

High officials here conceded that  
the future development of American  
policy toward Mexico hinged largely  
on the outcome of the investigation  
of Benton's death. Another feature  
of importance was the fact that the  
Benton incident promises to develop  
into a test of Gen. Carranza's author-  
ity. Every sort of pressure is being  
brought to bear on him by both Am-  
ericans and Mexicans to impress on  
him the necessity of an adequate ex-  
planation of all circumstances sur-  
rounding Benton's death.

If Carranza cannot obtain that from  
Villa the powers of the cabinet and  
chief of the constitutionalists will fall  
in the estimation of the Washington  
government. Officials here have for  
some time been disposed to feel kind-  
ly toward Carranza.

Secretary Bryan appeared before  
the foreign relations committee today.  
He took the Senate committee  
into his confidence on the Mexican  
situation in general and the Ben-  
ton execution in particular and also  
discussed the foreign relations of the  
nation as pertaining to other coun-  
tries. He told the committee that the  
position of the United States in this  
regard was little improved by the  
ratification of the arbitration  
treaties last week had been effective  
in establishing confidence among the  
powers.

The committee wanted to learn all  
the facts that could be obtained re-  
lative to Mexico and Secretary Bryan  
answered frankly all the questions  
put to him. He emphasized the fact  
that the policy of the government to-  
ward Mexico was receiving loyal sup-  
port from foreign nations and re-  
sulting in the restoration of peace  
to the subject from other pow-  
ers. He called attention to the  
speech in the House of Commons the  
other day of Sir Edward Grey, the  
British foreign minister, after the  
execution of Benton and declared that  
it was an evidence of the general satis-  
faction existing in other lands with  
regard to the attitude of the United  
States toward Mexico.

The secretary was not at all reserved  
in discussing the facts about Mex-  
ican conditions. He answered to the  
best of his ability based on the gov-  
ernment's information all the questions  
relating to the physical and financial  
strength of the contending Mexican  
forces. Many of the senators displayed  
great interest in the character of  
the constitutionalist movement.

The question of the United States  
recognizing the belligerency of the  
constitutionalists was dwelt upon, the  
general opinion prevailing being that  
the time for such a diplomatic move  
on the part of the United States has  
not arrived. It was conceded, how-  
ever, that such a contingency might  
arise in the near future and would  
call for careful consideration.

## AMERICAN MILITANT MAY BE DEPORTED

If Miss Emerson Violates Alien Act  
British Government Will Send  
Her Back Home

By Associated Press.  
London, Feb. 26.—Confirmation of  
the statement that steps are being  
taken by the British government for  
the deportation of Miss Zelle Em-  
erson, the American militant, was given  
out by the home secretary's office  
today. If Miss Emerson commits an  
offense bringing her within the alien  
act the British court will be asked to  
order her deported.

## WHAT CHI-NAMEL VARNISH WILL STAND

Every woman who looks at the faded and scuffed appearance of her living room floor and furniture, has reason to wish that varnish was not such a delicate thing.

Her wish could be gratified and a lead of care taken off her mind if she were to have the entire woodwork (house, furniture and all) coated with my pure unadulterated varnish.

Water will not hurt it.  
Heel balls will not scratch it.  
A blow from a sledge hammer will not make it powder off or turn white.

Wichita Hardware Co. can furnish the proof; call at their store.

## FIRE DEPARTMENT OFFICIALS RESIGN

R. V. Gwinn and J. L. McClure Tender Resignations as Chief and Marshal

Two resignations were filed today affecting the fire department; one was that of R. V. Gwinn as fire chief, the other that of J. L. McClure as fire marshal. Mr. Gwinn's resignation will be acted upon at the meeting of the fire department tomorrow night. Mr. McClure will go to the city council at its session tonight.

Mr. Gwinn said that other matters prevented his giving the work the time it required and he did not wish to remain in the position of chief unless he could put in as much time as was needed.

Fire Marshal McClure, in presenting his resignation to the council, said that he was informed that a petition was being circulated to appoint V. E. Stampfli, former fire chief and marshal, as marshal once more, and he did not wish to stand in the way of such a competent man.

## WHITMAN WILL ASK RETRIAL OF BECKER

(Continued from Page 1)

"If it can be proved," he said, "that it was a frame up, I want to take the bell inside vacant, by Becker. I want also to pay the penalty. We must all face the judgment of God. There and there only can I be judged upon the testimony I gave at the trial."

Bridgie Webber, who is living in Passaic, N. J., refused to discuss the Becker decision.

"I have nothing to say, I don't want to be bothered about it any more," he said.

## SLIDES ARE INSTALLED AT AUSTIN SCHOOL.

The children of the Austin school may be said now to be supremely happy if such a state be possible. They are now the proud possessors of two slides on which they may "shoot the chutes" to their little hearts' content. They declare that nothing they know of is better than these two slides unless it be more slides. The slides had such a great attraction for the youngsters that it was almost impossible to get them inside of the school-room when recess was over. It is the intention of the Teachers' Club to install more playing apparatus from time to time.

## ELECTRICAL SIGN BOARD WILL BE ERRECTED HERE

Representatives of the American Electric Display Co. of Fort Worth are in the city and have entered into contract with H. H. Davidson, owner and manager of the Wichita Poster Advertising Co. to assist in promoting and maintaining an electrical display sign board here. This will be erected across the street and one block south of the post office. It will be seventy feet long and fifteen feet high. On it will be a Western Union clock and a S. observatory time corrected hour-glass. It will also have a six foot thermometer so that Wichita can tell the time and the temperature at any hour of the day.

Advertisements will be flashed on these boards at intervals with electric lights. A similar display has been erected at Ardmore, Oklahoma, from which place representatives of the display company carry good letters of recommendation.

This is the first large electrical sign in this section. It will be erected here and will doubtless attract much attention.

## Mrs. Tucker's Shortening

UNTIL this ideal shortening came on the market the trouble that most women experienced in cake making was not only to get the texture light, soft and palatable, but to make cake that would "keep." Lard and butter were at the bottom of the whole trouble. Cake made with lard is heavy, soggy and indigestible and loses its freshness. Butter, except a few kinds that could not be used for cooking, owing to their prohibitive prices, was not free from taint. Mrs. Tucker's Shortening is the direct answer to the housewife's demand for a pure, wholesome, economical cooking fat.

## Makes Light, Soft Cake That Will Keep Fresh

Cakes that are rich and palatable, biscuits that will fairly make your mouth water with their delicious creaminess and lightness. Use this shortening for all cooking purposes. Order today. Be sure you see Mrs. Tucker's picture on the can before you buy. 2 lb. to 30 lb. cans.

### BUSINESS COLLEGE DEBATERS WINNERS

Debaters representing the Wheeler-Hughes commercial college were victors last night in a contest with high school debaters when the question was "Resolved, that the next Texas legislature sitting in its regular session should pass a compulsory educational law requiring all children between the ages of seven and fourteen years to attend school at least six months during each scholastic year, unless physically or mentally incompetent."

The commercial college had the affirmative side of the question and was represented by Quincy Roberts and Mr. Hinds while on the negative side were Otis Nelson and Brennon Gillespie.

The judges were Hon. Edgar

Smith, City Attorney W. N. Bonner and Attorneys Snoot and Marshall. The judges were instructed to base their decision on 66 and two-thirds percentage for argument and 33 and one-third for delivery. They found that the affirmative was entitled to the decision on argument and the negative on delivery.

But hope comes to the weatherwise,  
And soon we shall be swatting flies  
If I'm not wrong.  
Soon northward will the geese whir,

And would, whenever I'm with her,

However, I will bide my time  
And check my impulses to rhyme,  
For I'm familiar with this chime  
Wherein I dwell.  
I know that when in silly trees  
The sap comes up on days like these  
Then generally there is a freeze—  
So you can't tell.

The sap will all be in my head  
When I ask Polly Ann to wed,  
And I think I'll wait—  
But then, suppose some other chap  
Yields to the influence of sap—  
Yes, I'll propose what'er may hap,  
Ere, it's too late!

Wichita Falls, Texas, Feb. 26, 1914

Ex-Gov. Sulzer of New York who was impeached by Murphy and his gang, has now instituted suit to get the salary attached to the governor's office, and the office itself. What is more, he may get what he is asking for.

If ejected governor Col. Tom Ball says he will favor a preferential primary law, making it impossible for any man to be elected to state office by less than a majority vote. There is no doubt but there is need for such a law. It is not just that the minority should rule in this state. Yet, under the present law, it is often the case that the minority does rule. Here's hoping if Col. Ball should become governor he will remember his promise and do all in his power to bring about the preferential primary law.

Good roads enhance farm land values. They also increase the tax. But the people are finding out that it is far better to increase their taxes by voting bonds for good roads than it is to continue to pay a smaller tax for bad roads. Last Saturday three precincts in Tarrant County voted \$350,000 worth of good road bonds. This is in addition to the \$400,000 worth of bonds voted by the McKinney precinct some time ago, making a total bond issue for the county for good roads of \$750,000. The people who are seeking houses are not going to avoid Collin county on account of that bond issue. That is an evidence of their progressiveness.

The anti-prohibition Democrats are gradually coming over to the plan adopted by the pro Democrats—that of elimination, and an Austin dispatch in today's Fort Worth Record is authority for the statement that Clarence Ousley, editor of the Record, is being favorably spoken of as the man for the anti Democrats to make the race for governor against Tom Ball. Mr. Ousley has certainly given substantial evidence of his loyalty to the cause, and is doubtless entitled and should receive the endorsement of the anti Democrats of the state. Besides, Mr. Ousley, apparently, has been wanting to find out just how well he stands with the people of Texas, and an endorsement for high office will give him the chance of doing this.

### GENERAL VILLA'S FLIMSY EXCUSE

Houston Post. General Villa's statement with respect to the killing of Benton would be abundantly satisfactory if it were true, or if there were good reason to believe it to be true, but the Mexican leader's record and character are not such as to be readily accepted by Great Britain. From the moment that he attained prominence, as a revolutionist general he has repeatedly exhibited the murderous brutality which characterized his career as an outlaw. The summary execution of prisoners of war and the general reign of rapine, plunder and murder which has marked his leadership, have greatly detracted from the glory with which his military successes might have otherwise invested him.

Of course, the country is not well acquainted with the character of Benton, but from the testimony of his friends, it is impossible to believe he was the fool that Villa's statement makes him out to have been. The average Briton is a self-contained citizen and neither a braggart nor a fool.

DR. THOS. D. BUGG Practice Limited to the EYE, EAR, NOSE AND THROAT 710 1-2 Indiana Avenue Successor to Drs. Hale and Bugg

No foreigner of ordinary sense would have done the thing that Villa asserts, since it was bound to have meant certain death. It is far more probable that Benton was protesting against outrages that would have reflected upon Villa and that Villa thought the best way out of the difficulty was to kill him and plead self-defense. Had there been real provocation, Villa might have avoided embarrassment by inviting the American consul to the courtroom to hear the evidence and the alleged confession. To have invited the presence of the American consul would have rendered it impossible to put the Englishman out of the way.

The accumulating evidence that Great Britain is deeply stirred by this outrage can not be overlooked by the Washington government. The great powers are not as accustomed as we to regard as trivial the cold-blooded murder of citizens, and there need

be no surprise if Great Britain were to demand in addition to indemnity the head of Villa himself. The circumstances peculiarly embarrassing for us at this time is that Villa's audacity and brutality have increased from the moment that the Washington government extended him and his compatriots a helping hand by lifting the embargo upon the shipment of arms into the rebellious territory. If this act of aid and friendship is to be rewarded by such occurrences as the execution of Benton, it is not difficult to see that our government in its desire to force Huerta and avert intervention has committed a grave blunder.

We are beginning to see very clearly, what has been the belief of many all along—that the crushing of Huerta can simply very little the obligations of the United States in the premises. No exchange Huerta for Villa would be tantamount to swapping the devil for a witch. Indeed, place Villa in the shoes of Huerta and the extremes to which his brutal vanity might lead him are beyond estimate.

The time is at hand when our government must assert itself with more vigor than has marked its attitude toward Mexico up to the present time. Soft words are entirely out of place. Hesitation merely strengthens the impression which exists in Mexico that the United States is afraid to intervene and as that impression grows the lives and property of American citizens and other foreigners will be placed in greater jeopardy.

### MR. BALL'S CANDIDACY

After all, elimination is not so bad, and will not prove bad for Texas if all parties and factions follow the example set by the prohibition faction of the Democrats. Without intending to appear partisan or expressing any view whatsoever as to the merits of those who are running for office, it is unpleasantness." The Times Herald does no violence to its conscience, neither does it overdraw the picture when it says that the pros have done well, not only from the standpoint of politics, but from a standpoint of patriotism and statesmanship as well. The man whom they have called to leadership, without doubt, is qualified for leadership. He is a close student, and should be finally given the governorship there is no doubt but that he would make a capable executive for the simple reason that he is qualified to be governor, and we believe his heart is in the right place.

The only danger that would menace Governor Ball's administration is that he is apt to be chosen on one idea, and one alone, and history is replete with the names of executive failures who carried with them into office the thought that they were chosen for one purpose, and one only. Col. Ball will find that the question of whether Texas shall have the licensed saloon is a small matter indeed, taken in connection with the many vexatious problems that face a man who is chosen to govern a large portion of the earth's surface.

And here it is, in our opinion, why Texas should congratulate herself on the action of the pros. Col. Ball's ability and patriotism are unquestioned. His friends seem justified in claiming that he is big enough to pass upon all questions with justice and impartiality, and assert there will be other war cries as well as "Texas Going Dry." If so, well enough. The point should not be overlooked that if other factions have candidates and no doubt they will have, their candidates must of necessity measure up to the standard set by the Fort Worth convention, otherwise it is to be a run-away race.

There may be some objections to Col.

Ball's record on the Texas corporation laws, written on the statutes by James S. Hogg, but the fact remains that many of those who are loudest now in denouncing the enemies of Hogg were the loudest when that great reformer was fighting for his political life in denouncing Hogg and all he stood for.

The Times Herald feels eminently justified in making this observation in that this newspaper was one of the very few daily papers in Texas that stood on the battle line on every field with James Stephen Hogg. Years before Robert LaFollette had doffed his pinafore, William J. Bryan his knickerbockers or Woodrow Wilson been heard of. Other men have changed in Texas since it has been clearly shown that Hogg's policies were best and designed for the best interests of the people, numbers of them being much in evidence in the Fort Worth convention. Numbers of them, no doubt, will be in the anti-elimination convention, should one be called.

Then why discriminate? If we are to allow one anti-Hogg man to be cheerfully whoop things up for some "anti" candidate who was opposed to Hogg and his policies why shouldn't we suffer an enthusiastic pro, who was a Hogg man to whooper her up for a brother pro who was against the commoner?

This, however, is a part of Mr. Ball's troubles, and not ours. He is no doubt capable of taking care of himself on the stump prior to the day of voting. The point intended here is that the pros have put forward one of their very best men. It is up to the other factions to do the same for the good of all Texas. Regardless of the issue, saloon or no saloon, The Times Herald insists that Texas will need a governor—Dallas Times Herald.

If you are tired of paying rent, buy a lot and build your home. It's the best investment you can make. Building lots were cheaper in Wichita Falls one year ago than they are today. They will be higher next year. At this time, The Times would not hand out this sort of dope unless it believed in it, and it has been offering that kind of advice to prospective home-builders and investors for the past six or seven years. As to whether anyone took it or not, it does not know, but those who have made investments in Wichita Falls real estate during that time have made good money by doing so. Nothing ever gets cheaper in Wichita Falls. It is the same way in other cities that are progressive and growing like this city is now.

Judging from the attacks being made on Col. Tom Ball's record as a democrat just now, it would seem the name of ex-Gov. Hogg is going to cut about as much figure in the gubernatorial campaign as that of Bailey. Hogg is dead, but his memory and the measures for which he stood still live, and seemingly, the people of Texas are agreed that everything for which the late and lamented ex-governor stood for should now be enacted into law or laws. The Times is surprised, agreeably so, to learn at this late date that Hogg really had no political enemies. All were his friends, and some of those whom we had been erroneously led to believe were his political enemies at one time can now shed tears at the very mention of his name.

### VIEWS OF A HOUSTON ANTI CONCERNING BALL.

Judge W. H. Gill, a prominent Houston man and an anti-prohibitionist has announced that he will support Thomas H. Ball for governor. He was interviewed a few days ago by Letter B. Coby of the Houston Chronicle and these in substance, are some of the things Judge Gill said: "I can not help but be an admirer

of Colonel Ball. He is big, resourceful, energetic, a marvelous organizer. He is a just man, and not a fanatic. I am against statewide prohibition and for local option. I do not agree with Colonel Ball on his prohibition views and on some other questions. I am not for the initiative, referendum and recall. I do not think we need a partial peace. We have an election every two years. I think we would be better off without it. But I don't think it would hurt much if we had it. Weighing Colonel Ball in the balance, and trying to judge his real value, I'm willing to forget some of these things. We will always find as we go through life, that the biggest, truest, most conscientious men die.

Ball Would Bring a Truce. Looking at the situation squarely, I am confident that more than one candidate who has offered his services, Colonel Ball would bring to Texas a partial peace. I believe he will do more than any other man to cause a truce between the warring factions that have torn the state. I believe that the anti and the pro who are not too prejudiced and who do not consider the liquor question as all paramount will see the wisdom of uniting for Colonel Ball and will come strong to support him.

Without making any invidious comparisons, I think he is far and away the best man who has become a candidate. He will regulate the liquor traffic and will efficiently enforce the laws, so that the people will be satisfied with them. In reality, our laws are sufficient, if enforced.

And here Judge Gill smiled and added: "I think this would really make anti votes for some future day, for if the people are satisfied with the liquor laws they won't be so anxious to get new laws—and prohibition." Judge Gill's inference seemed to be that it was the wise "old anti" who would this time vote for a pro.

Retains His Standards. Paying a pretty tribute to Colonel Ball, Judge Gill went on: "Colonel Ball is, in spite of his wonderfully busy life, his years of doing and accomplishing, a man who has retained his ideals, his standards and his measures. I admire him because I personally know that it has been his private ambition to retire, to get out of his own business before the inroads of time have sapped his energy and his strength, and to devote a few of his final years to doing some real and lasting good for the welfare of his brother man.

He is a man who has a heart for the public and a conscience. I trust him, believe he would make a good governor, and while I speak with no disparagement of any who have offered themselves, I believe he is a figure that towers above them all, the one man, fitted by his peculiar personal qualifications and long years of experience, best endowed to take upon himself the burdens and responsibilities of the chief executive of Texas.

This is the substance of Judge Gill's little talk on the present problem before the state. Then he added: "The naming of Colonel Ball puts it up to the anti to name a good candidate to oppose him. For this I am truly glad. But my opinion is that Colonel Ball is absolutely certain of election."

EVELYN'S ENGAGEMENT IS NOT APPROVED

New Century Club Adopts Resolution Protesting Against Appearance of Notorious Woman

In the belief that the proposed appearance here of Evelyn Thaw, wife of Harry K. Thaw, slayer of Stanford White, is not the kind of attraction that is deserving of their support, the members of the New Century Club, one of the foremost of the women's clubs of this city, Wednesday afternoon adopted a resolution protesting against Evelyn's appearance here and also agreed that should the proposed appearance be held they will not attend.

The members of the club made it clear that their action is directed against the Thaw affair and not against moving pictures or any other scheduled theatrical event. "We don't believe Evelyn Thaw would make the sort of attraction we ought to have," said a member of the club today, "that sort of show is degrading and we feel that we ought to take a stand against it as a matter of public morals. We hope to see some of the mothers' clubs and the other organizations take the same action."

Evelyn is booked to appear here sometime next month. The resolution was unanimously adopted by the club and has the effect of a strict boycott, all the members agreeing to remain away. Reference to the engagement of Evelyn has been made by local pastors from their pulpits.

HOUSTON COMMENT ON ANNA PAVLOVA

Anna Pavlova was in Houston last Monday night when the big city auditorium there was filled to see her. Tuesday's Houston Chronicle says: "Anna Pavlova—the Russian who is teaching the world to dance, appeared at the city auditorium last night before an audience of 4000 persons. Assisting her were a number of dancers gathered from the principal ballets of the world. An orchestra conducted by Theodore Stier made it possible for the dancing to be what it was. No orchestra has appeared in Houston that more completely fulfilled its mission."

The program for the evening was divided into three parts. The first was a collection of minor dances, some of them dances of the people. The second was called an "Oriental Fantasy." It was a magic Arabian story told in motion and color and music. The last section was probably the favorite of the audience. It included seven dances known as the "program as a whole." When robbed of its title the last section was nothing more nor less than a selection of seven short dances, each of which told a pleasing little story, communicated the feeling of the dancer to the audience or presented a pleasant picture. The seven dances prove that dancing is as surely a means of expression as speaking or writing.

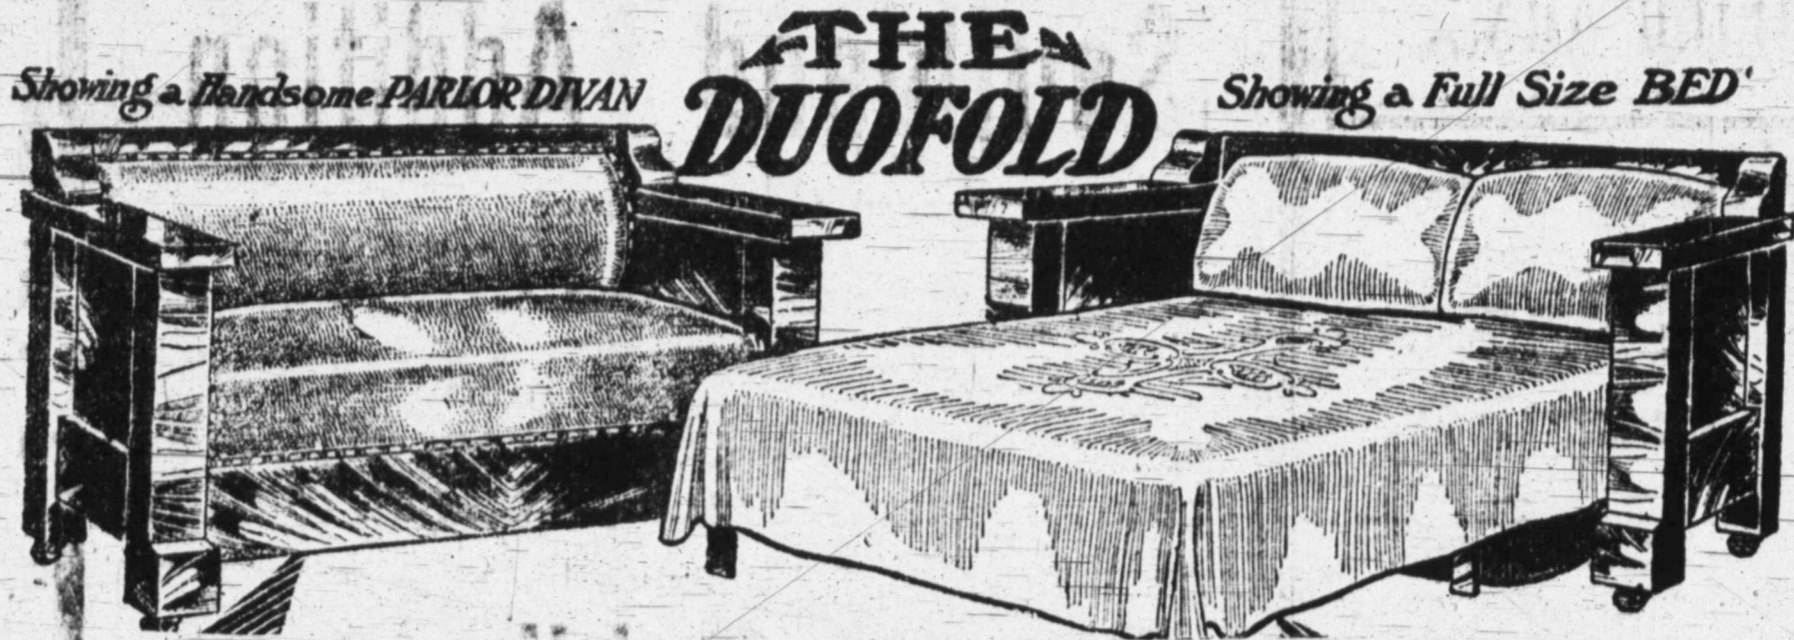

The central spectacle of the performance was the Oriental story. It was a complete drama told in dancing. The attractive of the hero, his temptation and the triumph of love in keeping him from yielding were depicted. The dance of the serpents, the dance of the warriors and the finale were full of life and meaning. The scenery for this part of the performance was rich in color and striking in design. The atmosphere carried out the illusion by their fitness.

There was not a dance in the performance last night that was less good than the others. In looking over the program afterwards scarcely a number fails to actively stir the memory. Still, from the attitude of the audience it was made plain that the simpler dances made the strongest effect. The gavotte danced by Pavlova and Borge was to music that every person in the house knew and enjoyed and it was one of the simpler dances

### NO DANGER OF BREAD FAMINE; PLENTY OF WHEAT

Washington, Feb. 26.—The world's wheat crop of 1913 was the largest ever produced and amounted to 4,125,658,000 bushels, according to a report just issued by the Federal department of Agriculture. Its nearest rival was the crop of 1912, which aggregated 3,871,687,000 bushels.

The yield of the United States was also the heaviest in history, totaling 763,320,000 bushels, which sold for \$610,122,000. Two other crops, the one of 1908 and that of 1909, sold for a larger amount, but the yield was smaller than the one of 1913. The Texas 1913 crop amounted to 11,650,000 bushels and was the largest yield since the 14,125,000 bushel production of 1906. Last year's Texas crop brought \$10,273,000. No value of the world's last crop have yet been computed.

that the restricted district of Floral Heights is destined to be the bon-ton residence section of Wichita Falls for all time to come. It will be impossible to have any other restricted property like it. It is a charming property, ideally located. Situated on the car line with the highest elevation between the city and Lake Wichita, the view in all directions is one of magnitude of stretching landscape as far as the eye can see. You don't have to be rich to own a home in this district. The restrictions are modest and simple, as follows: No residence shall be constructed in this restricted district in excess of one residence to two whole lots and no residence shall cost less than \$3000.00. Just think; you can purchase a pair of these lots for \$660.00, one-third cash, balance on or before one and two years at 8 per cent interest. The Company only has a few of these lots left, and there is no limit to the prices you will see these lots sell for in the future. Two of the finest homes in the city are in this restricted district. AT THE MOVIES.

The love story of Lincoln and Ann Rutledge is playing today at the New Majestic. The title of the film is "Lincoln the Lover" and the following Vitagraph players were featured: Ralph Ince, Anita Stewart and E. K. Lincoln. The story is in the form of a reverie, Lincoln thinking of what might have been, falls asleep before the fire and the events which make up his early love affair come before him. The picture is a very pretty one with touches of pathos throughout but sure to please. "The Ghost of Self" Essanay, featuring E. H. Calvert and Ruth Stonehouse and an Edison Special "The Antique Brooch" with Marc McDermott playing the lead completes the bill at the New Majestic. Four good pictures are showing at the Victoria today. "Wellington's Wallet," "Reliance," "Side Tracked by Sister," "Majestic" and "The Bad Man From the East," another "Reliance." At the Gem today a Vitagraph Special in two parts, "The Blue Rose" is being shown. The cast is composed of Van Dyke Brooks, Norma Talmadge and Leo Delaney. The remainder of today's offering consists of comedies, two Biographs and three Lubins. Tomorrow at this house will appear John Bunny and Flora Finch.
