ANTI PROHIBITIONISTS ALSO ADOPT THE ELIMINATION PLAN

ABOUT 400 LEADERS ATTEND CONFERENCE

Precinct, County And State Conventions Called Governor Colquitt Attends—Chilton The Favorite

The Anti Prohibition Calendar

- April 4—Precinct Mass Meetings
- April 6—County Conventions
- April 14—Convention at Fort Worth to Endorse Candidate for Governor

By Associated Press.
Dallas, Texas, March 7.—Following practically the same plan as the pros, the leaders of the State democracy, opposed to prohibition, in convention here today, decided to hold precinct county and state conventions to select their standard bearer for governor. The precinct conventions will be held April 4; the county conventions April 6, and the state convention, which will be held at Fort Worth, April 14. This action was decided on by the committee appointed shortly after noon today by Bryan T. Barry, chairman of the convention, following the introduction of a resolution to this effect by Jake Wolters and C. E. Lane.

In the committee, members of which represented the entire state, considerable opposition was developed to the resolution as mapped out by Wolters and Lane. Some of the members said it was following too closely in the footsteps of the pros, but they were in the minority and the recommendation went to the convention where it was adopted after a brief discussion. This practically settled the work of the convention and adjournment came at 3:30 o'clock, following a brief address by Johnathan P. Lane and one by Governor Colquitt.

Colquitt's Appearance Surprise.
The appearance of the governor on the stage was a surprise, as he had announced several days ago that he would not attend the convention. In his address, which was received with cheers and applause, the governor reviewed some of the recent political history of the State and said he was in favor of amending the Terrell election law so that candidates must receive a majority of all the votes cast in the election and not a plurality.

Governor Colquitt said if the democrats of Texas desired, he was willing to call a special session of the legislature to amend the Terrell election law. A resolution was introduced by R. M. Johnston of Houston, requesting the governor to call a special session of the legislature, but no action was taken on it. It was practically certain this morning, before the appearance of the governor, that no action would be taken to nominate any one man to oppose Thomas Ball but the leaders freely expressed their hopes that former United States Senator Horace Chilton could be induced to make the race. They said that Chilton is strong in his own right and he has been considering entering the race for some time.

Adjournment Sudden.
The sudden adjournment of the convention was a surprise to many of those attending. Following the short speech of Jonathan Lane in which he made a plea for personal liberty, men in different parts of the theatre were on their feet endeavoring to get the attention of the chairman, but Judge Barry after vainly rapping for order announced presently that the convention stood adjourned. A majority of the delegates and the leaders of the party left tonight for their homes. The leaders expressed themselves as being well pleased with the result, saying that the question of selecting an anti-prohibition candidate was now squarely up to the people.

Wortham Opens Meetings.
The convention was attended by

HORACE CHILTON NON-COMMITTAL.
Dallas, Texas, March 7.—Former United States Senator Horace Chilton was asked today by prominent leaders of the anti prohibitionists whether he would accept the nomination for governor. It was learned on word authority Senator Chilton declined to make any statement.

ANTI COMMITTEE HAS ISSUED CALL

DEMOCRATS REGARDLESS OF VIEWS ON PROHIBITION ASKED TO JOIN

DISTRICT CHAIRMEN NAMED

T. F. Houghton of Floydada Will Call Convention in This District

Dallas, Texas, March 7.—A clarion call to the democrats of Texas, regardless of whether they are anti or pro to hold precinct meetings April 4 as a means for representation in a State convention to be held at Fort Worth, April 14 to select a Democratic candidate for governor to be placed on the primary ballot in July was issued by the advisory committee of the Dallas conference Saturday night following adjournment of the conference.

The executive committee appointed at the conference also held a meeting after the conference adjourned and issued a formal call for the precinct meetings, the county conventions April 6 and the State convention, April 14 at Fort Worth, Texas. Bryan T. Barry of Dallas, was made chairman of the executive committee and B. J. Flood, secretary.

The members of the committee were instructed to name county chairmen in each county in their senatorial districts to call the precinct and county conventions.

Sam Sparks issued a statement Saturday night announcing that he was pleased with the action taken.

Addressing the conference Saturday afternoon Governor Colquitt declared that if the faction represented by the Fort Worth convention, February 21 and the conference there-in session asked for it he would call a special session of the legislature in ten days to amend the election law to call for majority nomination. On motion of R. M. Johnston the meeting called upon the governor to make an address at the conference and to call the matter is now up to Tom Ball and that if Ball joins in the request he will take the action.

The executive committee to arrange for the April primary conventions is composed of members from each senatorial district in the State. Those attending from the audience of 400 that gathered in the Orpheum Theatre. They are: First district, Dr. A. Crossley, Linden, Cass county; second, Everett Edwards, Clarksville; third, J. F. Morris, Galesville; fifth, J. R. Cook, Westport, Texas; sixth, B. J. Flood, Dallas; seventh, W. N. Jones, Mineola; eighth, Major J. D. Rudd, Marshall; ninth, Dr. Percy Larkins, Athens; tenth, J. A. Stephens, Robertson; eleventh, Gen. Felix H. G. Childs, Tague; thirteenth, W. L. Page, Crockett; fourteenth, Dr. B. F. Calhoun, Beaumont; fifteenth, George D. Neal, Navasota; sixteenth, St. Clair Talferro, Houston; seventeenth, J. B. Stubbs, Galveston; eighteenth, H. Miller, Bellville; nineteenth, S. E. Klobner, Austin; twentieth, S. V. Pfeuffer, New Braunfels; twenty-second, Ben Fly, Victoria; twenty-third, J. N. Taylor, Corpus Christi; twenty-fourth, C. Birkhead, San Antonio; twenty-fifth, James Callahan, Menard; twenty-sixth, J. K. Baker, Coleman; twenty-seventh, G. H. Boynton, Hamilton; twenty-eighth, Otis Boyer, Baird; twenty-ninth, T. F. Houghton, Floydada; thirtieth, Paul Waples, Fort Worth; thirty-first, J. A. Harbanson, Denton.

The address states that other gov-

ernments, including Lamban were not asked how they stood on prohibition as a qualification to becoming a democratic candidate and asserts that the action of the pros at Fort Worth makes some step necessary to prevent the question of a man's views on political power a test of his democracy. The address also stresses the importance of other matters including farm credits.

60 FEDERALISTS KILLED IN ENGAGEMENT WEDNESDAY.
Brownsville, Texas, March 7.—Sixty federalists, including six officers, were killed in a battle Wednesday in the hills between Monte Morelos and Vadenzyta in the State of Nuevo Leon, according to news received in Matamoros. The constitutionalists lost two dead and seven of their men were wounded, including two officers. The report stated that the federalists occupied an almost impenetrable position on the hills and the rebels were able to dislodge only after six hours of hard fighting.

Another engagement is reported to have occurred near Alta Mira, located near Tampico in which ten federalists and three rebels were killed. Considerable supplies were captured in both engagements.

FERGUSON ISSUES SHARP CHALLENGE

TEMPLE GUBERNATORIAL CANDIDATE SAYS DEMOCRATS FACE VITAL CONDITION

ANTI LEADERS ARE RAPPEL

Calls to Arms Texas Yeomanry to Smite Hip and Thigh Pro and Anti Factions

By Associated Press.
Temple, Texas, March 7.—In an interview given to the press tonight after the report of the Dallas meeting had become public, J. E. Ferguson, candidate for governor said:

"The action of the Dallas convention will in no way alter my plan; the action of the prohibition democrats at Fort Worth in nominating a candidate upon the one issue did not surprise anyone, but the attempt of certain anti-prohibitionists to hold a similar convention to nominate another candidate standing on an anti-prohibition plank, shows that the real democrats of Texas whether they be anti or pro, face a very vital condition. With an abiding faith in the people of Texas, I shall raise the flag of true democracy and call to arms the yeomanry of this great State who will smite the anti and pro fanatical hip and thigh and banish forever the political bosses from the control of the people's business."

GEN. KELLEY'S ARMY CREATES A PROBLEM

MILITIA ORDERED OUT AT SACRAMENTO, CAL., TO GUARD ARSENAL

UNEMPLOYED IN TWO FACTIONS

Governor Johnson Orders Army to Go to Work But They Refuse Employment

By Associated Press.
Sacramento, Cal., March 7.—Sacramento wrestled all-day with the unemployed problem precipitated by the arrival here of General Kelley's army on its way to Washington. Tonight no solution had been reached, but a company of the state militia had been ordered out to guard the state arsenal and to be in readiness to answer a riot call. Companies at Orville, Stockton, Chico and Woodland were notified to hold themselves in readiness for similar service.

300 Recruits Join Army.
More than 300 recruits joined the army which is now divided into two rival factions of almost equal strength, one obeying the orders of General Kelley and the other composed of seceders.

Leaders of the men called at the executive offices today and demanded of Gov. Johnson that they be supplied with food and transportation to the state line. The governor ordered them to work instead and they refused declaring they would accept no employment until they had completed the march to Washington. No decision could be reached by city and county officials as to what disposition should be made of the army. One of the questions debated was whether or not to ship it back to San Francisco where it started.

Bitter Feelings Between Factions.
There was no disturbance at the rival camps, although emiassees of the seceders added to the bitter feeling by inducing a number of Kelley's followers to desert. To the men, Gov. Johnson said:

"For the men who want work, I have the greatest sympathy and I am willing to do everything I can to help them. For the men who won't work which I understand is the principle with the Industrial Workers of the World, I have no sympathy. You do not present an unemployed problem; what you do present is a partially propaganda and you are asking the state to assist you in spreading it. These are not the actions of unemployed men."

GAS COMPANIES COMMON CARRIERS

OKLAHOMA JUDGE ISSUES WRIT OF MANDAMUS TO ENFORCE CARR BILL

PRODUCERS EQUAL MARKET COMPETITION IS RESTORED

Gas Companies Ordered to Purchase and Carry Gas of All Producers

By Associated Press.
Oklahoma City, March 7.—The writ of mandamus requested by the State to compel all gas companies operating in Oklahoma to become common purchasers and carriers of gas from the immediate territory in which the gas pipe line operates, was granted today by District Judge George Clark in granting a writ against the Oklahoma Natural Gas Company. Judge Clark said that he entertained considerable doubt as to the writ being the proper legal procedure to compel the companies to obey the common carrier law of Oklahoma as the Carr bill, but he said he granted the writ because the federal courts have evinced a desire to suspend hearings of similar cases pending the final adjudication of the law in the state courts.

Attorneys for the gas company will ask for a new hearing upon the writ.

SAYS BIG TRUSTS BEING DISSOLVED

FORMER ATTORNEY GENERAL WICKERSHAM WELL PLEASED WITH RESULTS

COMPETITION IS RESTORED

People Have Been Too Impatient for Immediate Results, the Speaker Says

By Associated Press.
New York, March 7.—In an address tonight at a banquet of the Nassau County Bar Association, George W. Wickersham, former attorney general of the United States, referred to what he regarded as undue confidence in the immediate results of legislation. The disappointment in the immediate results of decrees against monopolistic corporations under the Sherman law, he said, had far outstripped what really had been accomplished.

"When the Standard Oil and Tobacco Companies were divided up," he said, "the fact that the persons were stockholders in like proportion in all the companies was used to support the contention that the dissolution was not real; but the companies were separated, forbidden by the court's decree to combine or consolidate anew and in the case of the tobacco companies, forbidden to have common officers, directors or agents, Process of Separation.

"I said at the time that those facts inevitably would lead to a further divergence. Large holders, finding that competition could not be prevented, would sell their holdings in some of the companies and concentrate their interests in one company or in two or more that were not in competition with each other. The critics were impatient; they could not wait results, and much misrepresentation and public misunderstanding. But the process I foresaw has been going on and still is. The Rockefeller interests have sold their stock in the Western-Pierce Company to H. Clay Pierce. The American Tobacco Company's stock in the United States was sold to some one else. The Reynolds Company increased its stock from twenty to twenty million and the twenty-nine individual defendants, the men who had built up the trust being enjoined from increasing their holdings, the increased stock went into other hands. I do not know to what the holders of stock in these companies migrated their interests, but I know the process is going on. I believe the community of stock interest in the different companies created out of the tobacco trust has greatly changed and that it must entirely disappear within a reasonably short time. That is a sure result of dividing the business among a dozen or more companies and enjoining those companies from doing the only things that can prevent the play of the natural tendency of men to compete with each other for the rewards of enterprise. People will get tired of running one company in competition with another and yet holding stock in both. There soon must come a time when they voluntarily will separate their interests and independent ownership and competition will follow.

Results Require Time.
"The big combination was built up with the aid of legislation. It was compelled to dissolve as a result of legislation. The process of building took more than twenty years. The results of dissolution do not follow as by a wave of the enchanted wand, they require time. If within a few years a twenty year monopolistic growth is undone surely the public can be satisfied. Great reforms in government are achieved. It is one of the functions of trained minds to point this out to the people."

WORLD'S BASEBALL TOURISTS HONORED

MEN FROM ALL PARTS OF COUNTRY ATTEND BANQUET IN NEW YORK

MEN OF PROMINENCE SPEAK

President Tener Says Men of Two Teams Will Rank With Baseball Immortals

By Associated Press.
New York, March 7.—Men prominent in every line of work and from all parts of the country gathered tonight to attend the banquet given here in honor of the world touring baseball-players who arrived here yesterday. Baseball magnates, officials and players predominated, but all branches of sport were represented among the 700 persons attending.

It was close to 10 o'clock before the coffee, cigars and speech making session was reached and some of the principal figures in organized baseball addressed the assembly. With former Judge Edward E. McCall acting as toastmaster, Lieut.-Gov. Robert Wagener extended a greeting to the returning players. President Sam Johnson of the American League followed with an address on "Circling the Globe by Organized Baseball." President Charles A. Comiskey was to have spoken on "The World's Tour," but the "Old Roman" who was taken ill aboard and was not yet himself, was indisposed tonight and Toastmaster McCall asked those present to excuse him from making an address. Comiskey was cheered for nearly five minutes as he rose and bowed.

Ovation For McGraw.
Another great outburst of applause came when Manager John J. McGraw stepped to the speaker's platform and delivered his oration entitled "The Giants." He was followed by President John K. Tener of the National League, who took as his subject, "Baseball as a Profession." August Hermann, president of the Cincinnati club and chairman of the National Commission talked on "Baseball as a National Institution."

Baseball Immortals.
"There is a particular and special honor always attached to pastime, and this honor of Spalding, Anshel, Comiskey, McGraw, Callahan and every player who accompanied these luminaries are written in bold characters that future generations may know that they constituted the touring parties that demonstrated to the civilized world the incomparable national game of the United States. All glory and honor to the world tourists of 1888-1889 and 1913-1914. There is no doubt that this world trip of baseball did much to introduce the game in foreign lands. The sun never ceases to shine on the English speaking race; it never has seen any cheering drama and on innumerable occasions, I have predicted that in the near future such a statement may be made of our great American outdoor sport. To consummate this you, Messrs. (Continued on Page 6)

LONG LOST TREATY WAS DISCOVERED

AGREEMENT NEGOTIATED IN 1860 WOULD GIVE U. S. RIGHT TO INTERVENE

SENATE SECRET ARCHIVES

Have Long Held Document Which Has Now Become of Extraordinary Interest

By Associated Press.
Washington, March 7.—Additional interest in the Mexican situation was caused today by the publication of the details of a proposed treaty negotiated more than half a century ago between the United States and Mexico, which, if ratified, would have authorized the United States to intervene in support of its own treaty rights and the security of its own citizens when ever Mexico may be unable to guarantee the same without incurring the obligation or necessity of a general intervention in the domestic affairs of that country.

The treaty had been lying in the secret archives of the Senate committee on foreign relations since the treaty was removed yesterday by Secretary Bryan with reference to the case of Luis Terrazas, Jr., held for ransom for General Villa. It was said that Gen. Villa and Gen. Carranza both will be informed that the State Department could but construe the threatened execution of Terrazas as indicative of great weakness in the rebel government of northern Mexico.

This information came from a rebel official today. The official added that the Carranza commission appointed to investigate the killing of William S. Benton was prepared to face any facts which might be unearthed derogatory to the action of Gen. Villa or his subordinates.

"It will not be a whitewash," he added, "and I ask you to observe particularly that the assurance given to Washington has carried conviction with it."

COMMITTEE INVESTIGATES

Panic in Italian Hall

By Associated Press.
Calumet, Mich., March 7.—A score of witnesses were examined today by Congressman Taylor of Arkansas, and Congressman Casey of Pennsylvania, of the congressional committee investigating the copper strike, in an effort to ascertain the cause of the Italian hall panic in which seventy-three persons lost their lives.

Men, women and children who were in the hall, testified that a man stood in the doorway and yelled "Fire." Some man said that the man's coat lapel bore a citizen's Alliance button but none attempted to identify him. Frank Schultz, a boy, declared he had seen the same man in a red jacket several weeks before the panic carrying a club. Eric Erickson testified he saw two men wearing Citizens Alliance insignia in the doorway after the call of fire. The testimony of these two had not been brought out by the coroner's inquest.

Petter Maarckat who was in the ticket room outside the main hall, said he heard no cry of fire, but admitted that noise in the hall might have prevented his hearing such a cry. John Poggio, who said he was inside the hall near the door, declared he heard no one yell. Eli Wuotia testified he was at the bottom of the steps when the rush began, and heard no cry, although his child with him told him, "Somebody hollered fire up there."

SIMS BILL BEFORE HOUSE

IN ABOUT TWELVE DAYS

By Associated Press.
Washington, March 7.—The Sims bill for repeal of the coastwise shipping exemption cause of the Panama Canal act probably will be laid before the House in about twelve days, Democratic Leader Underwood and Chairman Adamson of the committee on interstate commerce reached an agreement late today to press the measure after the passage of the Rivers and Harbors appropriation bill which will follow the discussion of the agricultural appropriation bill next week.

While no carriage of the House has been made, it was thought tonight that about fifty democrats would vote against the administration plan. House Republicans are also divided. It is understood that Representative Mann of Illinois, minority leader, will oppose the bill as will Majority Leader Underwood on the ground that the Democratic platform binds him to oppose the president in this matter.

Bright-Colored Waists Worn With White Taffeta Skirts

New York, March 7.—The last few days of the pre-Lenten season are with us and the social whirl is a vortex of gaiety. A luncheon here, a the Dancers there, dinners, balls and theatre parties, come and go in fresh and successful succession. And Wednesday will be welcomed by the satiated as the advent of days of rest, if not of penance.

Homes are not large enough for these last and grandest of the season's affairs and hotel ballrooms are hired for the occasion. Here are seen many of the gowns whose style is a harbinger of the spring and summer models.

Net and tulle are used in ball gowns a great deal more than chiffon. Taffeta is used as the medium of development for gowns of all colors and for all sizes.

The first illustration shows a charming dancing frock worn by a debutante. Its simplicity caused it to be remarked in these days of much drapery.

The bodice and simple all around banner are of pink and white wide-

striped taffeta. A deep frill of white meline fell from the low neck line and from the sleeves. The tunic ends with a ruffle of itself and the undraped lower skirt is of plain pink taffeta.

The stores are showing attractive spring suits and coats of taffeta and moire-silk. This last fabric is very popular and is used to especial advantage in my second illustration.

Fine French serge is used for the jacket and moire for the skirt, whose double tunics are of the serge. Moire collar and cuffs complete the jacket. The buttons on the jacket and tunic are moire covered.

It is not surprising, when the separate blouse and skirt idea is applied to elaborate evening gowns that separate waists and skirts should be widely shown among the shops. One of the smart Parisian ideas is to have a white taffeta skirt with a blouse of brilliant yellow or green moire or broadened silk.

Charming waists, which are an American adaptation of Parisian models are seen. The most interesting of these are the blouses with puffed sleeves, which vary, as well as the adjustment to the waistline. They are rounded or square, some are apron-like and others are accordion pleated or gathered in under the girdle.

Among the brilliant colored waists is a distinctive one of yellow golfine. A deep yoke is U-shaped of the same color of crepe and is outlined with a standing frill of creamy lace, having a picot edge of vibrant orange. The collar is a continuation of this frill and is wired and bent to fall far away at the sides. Italian sleeves of crepe, finished with cuffs of golfine have frills of lace run into a U-shaped cut-out below the elbow. Yellow buttons and silk cord loops for the fastening at the front.

Another waist has body and sleeves in one and is made of pea pod green golfine. Shadow lace over flesh colored chiffon makes the fronts which are decorated with green tassels. A green cord with tasselled ends shirrs the lace at the neck. The short cuffs of lace peep up the kimono sleeves and are also drawn up on a silken cord.

These brilliant colored waists are striking and attractive, but it is doubtful whether they will be worn in the summer without little costumes to match the skirt, elaborately trimmed with embroidery.

There are many novelties in neck wear for the spring season. One style collar is of white moire silk, high standing in the back with sharp rolling points. A separate "Nor-

man" collar is made of sheer Swiss and embroidery. The collar part is laid in pleats and stands up in the back. On either side a fine wire is sewen, which is bent to form a point. Organdy and Swiss are sheer materials that are being used to make collars and gimpes and are considered very smart.

In attending a dance, a few evenings ago, I was greatly impressed with the simple footwear worn by the majority of the dancers. The toes were round and graceful. The heel is low and nicely proportioned. The slippers are laced around the ankle sandal-like, the ribbon coming through three eyelets on each side, which insures their fitting closely to the foot.

The present rage for jet ornaments was brought about by an original and beautiful Parisian actress, who appeared in an elaborate evening gown, wearing a wide jet dog collar which accentuated the beauty of her skin. Immediately several society women appeared with similar collars. Jet combs are very smart, especially when worn in white hair. Jet beads, sequins and bangles lavishly decorate hats and lace gowns.

Charming little hand bags, shaped like jelly bags are made of moire and taffeta and richly embroidered in jet. Some have an elaborate monogram-headed jet or rhinestones, although others are embroidered with the most precious stones.

Ribbons are another of the season's fashions. They are used most extensively on summer millinery and for sashes. The grosgrain and moire seem to be among the most used. The popularity for plaids has, as a matter of course, affected the ribbon-trade, and the spring ribbons are displayed

striped taffeta. A deep frill of white meline fell from the low neck line and from the sleeves. The tunic ends with a ruffle of itself and the undraped lower skirt is of plain pink taffeta.

The stores are showing attractive spring suits and coats of taffeta and moire-silk. This last fabric is very popular and is used to especial advantage in my second illustration.

Fine French serge is used for the jacket and moire for the skirt, whose double tunics are of the serge. Moire collar and cuffs complete the jacket. The buttons on the jacket and tunic are moire covered.

It is not surprising, when the separate blouse and skirt idea is applied to elaborate evening gowns that separate waists and skirts should be widely shown among the shops.

New Spring Millinery

Brilliant, original, effective, different, that only starts the story. Marvelously delicate and lovely to look upon, flower trimmings are lavish. They come in both garland and cluster effects, the deep colors most fashionable are tango brown, night blue, mysterious green, (that rich lovely color) that is so becoming, lighter shades incline to dull rose, robins egg blue and heliotrope. But the best we can possibly say in behalf of these new spring creations is that the mode, the new mode, the correct mode, is here, in all its foreign and domestic glory. Many direct copies of imported patterns from "Gay Paris" and the price range is wide enough to meet the ideas of all as to expenditure.

Attention, Mothers!

WOMAN SHOT BY DIVORCED HUSBAND IS STILL ALIVE

By Associated Press. Galveston, Texas, March 7.—Mary Harnsley, who was shot five times yesterday at Texas City by her former husband is still alive today. Her condition is apparently unchanged, but no hope is entertained for her recovery as both her lungs and brain were penetrated by some of the shots. Mrs. Harnsley some time ago secured a divorce from Will H. Harnsley, who shot and killed himself yesterday after wounding his former wife. It is believed that failure to effect a reconciliation was the cause of the shooting.

BURKBURNETT MEETING TO DISCUSS ROADS APRIL 18

Meeting Announced for Saturday Postponed to Give Better Notice to Farmers

The good roads meeting announced to have been held at Burkburnett Saturday afternoon was postponed and will probably be called for the afternoon of March 18th. This is the date that was practically decided upon Saturday afternoon. The Katy's agricultural special will be at Burkburnett on that date and it is planned to hold the good roads meeting immediately after the train leaves which will be early in the afternoon.

The meeting was postponed from yesterday for the reason that it was

relieved sufficient notice had not been given the farmers in that section.

"We want to give every farmer in our territory ample notice of the meeting," said Mayor Ben Schwelger of Burkburnett, in discussing the plans for the meeting Saturday. "We've got to do a lot of educational work if the road bonds are to be carried. I believe some of those who are now opposed to a bond issue will be for it when the proposition is properly presented to them. We are going to give all the people of our section a chance to come in and discuss the matter before we attempt any action."

DECISIVE MAJORITY FOR POOL HALLS AT ELECTRA

By a decisive majority the citizens of the Electra precinct voted to retain pool halls in that precinct, as a result of Saturday's election. The vote was: For the retention of pool halls, 219; against, 75.

There are only two voting boxes in the precinct. The Beaver Creek box voted solid for the pool halls. At Electra the vote was 209 for the pool halls, and 75 against.

This was the first pool hall election held in Wichita county and the large majority given for the continuation of such halls by the Electra people probably will be a deterrent to similar election in other precincts in the county for some time to come.

A week or two ago I told you quite a little about the new brand of grape juice, "Red Wing." Since then I have had quite a few calls for it and not a few compliments.

A few people keep grape juice on hand for emergencies and for special occasions such as for sick people and for parties and the like, all of which is very good, but they ought to go still further.

"Red Wing" is an excellent table beverage; it helps to promote health and build up. No, it isn't a panacea for all ails, but it helps a whole lot and is therefore well worth the price that it will cost you to keep it on the table constantly.

For that purpose you ought to buy it by the case. See me for the price on the size of case you can use.

BRAZIL AND THE NEGRO

Racial differences are said to be responsible for the present troubles in Brazil where Rio Janeiro, the largest city in South America is reported in a state of siege.

In this connection there is a most timely article in the Outlook of the date of February 21 from the pen of Mr. Roosevelt and the current issue of that weekly also contains an interesting article from Col. Roosevelt "Brazil and the Negro" is the title of the article first mentioned. In that article Mr. Roosevelt does not attempt either to justify or condemn the Brazilian attitude toward the negro but simply sets forth what this attitude is.

An extract from Col. Roosevelt's article follows:

"If I were asked to name the one point in which there is complete difference between the Brazilians and ourselves, I should say that it was in the attitude toward the black man. As the Indian becomes civilized he is absorbed into the population, as is the case with us in Oklahoma and wherever has Indian blood in him is proud of the fact. The president of Brazil is one of these men, and there are a number of others among the leaders whom I met. It is an entire mistake to speak as if the population of Brazil were so mixed as to be wholly neither of Europe or the United States. It is mixed only in the sense in which the populations of Italy and Spain are mixed, as the population of southern France is mixed, as the population is mixed in many parts of the United States. As regards the major part of the population, the mixed race is such only in the sense in which that is also true of the United States and of most of the advanced nations of mankind. There is one real difference, however. This difference between the United States and Brazil is the tendency of Brazil to absorb the negro. My observation leads me to believe that in 'absorb' I have used exactly the right expression to describe this process. It is the negro who is being absorbed and not the negro who is absorbing the white man. The great majority of the men and women of high social position in Rio are, of an unmixed white blood as the corresponding class in Paris or Madrid or Rome. The great majority of the political leaders are pure whites with an occasional dash of Indian blood. But any negro or mulatto who shows himself fit is without question given the place to which his abilities entitle him. I met one or two colored deputies. At one military school I met a negro professor. At one great laboratory I saw a colored doctor. All of these men were accepted quite simply on their own merits and no one anybody had any idea of discriminating against them in any official or business relations because of their color. A very great majority of the negroes, and most of the colored people—that is, the mulattoes and quadroons do not hold the highest positions and they are proportionately most plentiful in the lower ranks. Among the working people, for instance, and among the enlisted men of the army and navy, I saw many negroes, many colored men, working side by side in the same organizations with the whites and apparently without any discrimination being made against them. In Bahia there is a very large negro element among the working class. In parts of Brazil it is somewhat larger. In Rio it is noticeable, but far less so than in most of the cities of the Southern United States.

"Brazil is most fortunate in the fact that its white working population has nothing of the parasite about it. The whites do not endeavor to live on the labor of the blacks, the inevitable result of which, as shown in all other communities, is that ultimately the blacks crowd out of existence those who live on their labor. On the contrary, the bulk of the work, even in Rio, is done by white men. But these white men draw no line against the negro and in the lower ranks intermarriages are frequent, especially between the negroes, and the most numerous of the immigrant races of Europe. In the middle class these intermarriages are rare and in the higher class almost unknown so far as concerns men and women in which the black strain is at all evident. But even in the higher ranks there is apparently no prejudice whatever against marrying a man or girl who is, say, seven-eighths white, the remaining quantity of black blood being treated as a negligible element. The men and women with whom I closely associated were in the very great majority of cases pure white save in the comparatively rare instances where they had a dash of Indian blood. But they naturally and unconsciously told me the facts as I have above related them.

"Perhaps the attitude that the Brazilians, including the most intelligent among them, take is best symbolized by a picture we saw in the art museum in Rio. It portrayed a black grandfather, a mulatto son and a white grandchild, the evident intention of the painter being to express both the hope and the belief that the negro was being absorbed and transformed so that he would become a white man. It is idle to prophesy for any remote future that there is a very doubtful thing to prophesy even about the immediate future, but my impression is that the guiding or ruling classes of Brazil will continue to be almost absolutely white, that in the classes immediately below them there will continue to be a certain small absorption of negro blood and that among the ordinary people this absorption will be larger—large enough to make a slight difference in the type.

"From the above it will be seen that the ideals of the United States and of Brazil as regards treatment of the negroes are wholly different. The best men in the United States not only among the whites but the blacks also, believe in the complete separation of the races so far as marriage is concerned, while they also believe in treating each man of whatever color absolutely on his worth as a man, allowing him full opportunity

to achieve the success warranted by his ability and integrity and giving to him the full measure of respect to which that success entitles him. In Brazil, on the contrary, the idea looked forward to is the disappearance of the negro question through the disappearance of the negro himself—that is through his gradual absorption into the white race.

"This does not mean that Brazilians are or will become the 'mongrel' people that they have been asserted to be by certain writers, not only French and English, but American. The Brazilians are a white people, belonging to the Mediterranean race and differing from the northern stocks only as such great and civilized old races as the Spaniards and Italians, with their splendid historic past, differ from these northern stocks. The evident Indian admixture has added a good and not a bad element. The very recent immigration of itself tends, decade by decade, to make the negro blood a smaller element of the blood of the white community. The Brazilian of the future will be in blood more European than in the past, and he will differ in culture only as the American of the north differs.

"The great majority of the men and women I met, the leaders in the world of political and industrial effort and of scientific accomplishment, showed little, if any more trace of negro blood than would be shown by the like number of similar men in European capital. Yet not only is there in some classes a considerable infiltration of negro blood, with a corresponding tendency of the pure negro type to disappear, but this process is regarded with hearty approval by the most thoughtful statesmen of the country."

WHAT THE WOMEN OF TEXAS ARE DOING.

The annual session of the W. C. T. U. of the eleventh district met Wednesday and Thursday at Waco. A statement of the resolutions passed at the conclusion of the session contains a comprehensive residue of the work of the union. The resolution endorses the movement now on foot to establish an industrial school for the welfare of delinquent girls, prays that the legislature raise the age of consent from 16 to 18, prays the supreme court to abide by the will of the majority in the pool hall local option law and proposes a movement to provide for children taken from irresponsible parents. Mrs. Nannie Curtis, state president was the chief speaker of the meeting. Other well known Texas women took part in the program.

Miss Carrie L. Hill of Austin, has been unanimously elected as tax assessor of Travis county by the county commissioners' court to fill on the unexpired term of her father.

The Texas suffrage societies are getting busy. The woman's political union of Houston which upholds woman's suffrage is campaigning for membership. The San Antonio society has held open air meetings with Mrs. Hazlett and Miss Bliz as speakers. The Austin suffrage society has held meetings recently and encouraging reports are coming in from over the State.

The women of Houston observed a Charity Day in the Heights on Wednesday. Bredged workers canvassed the entire suburb in behalf of the United Charities, meeting with much success.

State Health Officer Ralph Steiner has issued a proclamation officially designating March 10 as Clean Up Day for Texas. He asks the co-operation of the women's clubs over the State in the observation of the day. He points out that this day is designed to arouse in the people of Texas a desire to ward off diseases peculiar to the warmer months and guard against those diseases like tuberculosis which are perennial in their destruction. The women's clubs everywhere are taking a hearty interest in making a clean State.

The Dallas Y. W. C. A. is doing a great work among the young women of that city and is rapidly outgrowing its surroundings. The building contains insufficient room to accommodate all the classes in gym and other work that are held daily. Mrs. Great-house is in charge of the vesper services which are held at 5 o'clock on Sunday afternoons. Free classes are conducted in millinery, dressmaking, literature and the study of English and foreign languages. The ladies of the city are very much interested in this work for the girls and young women.

Wichita Falls, Texas, March 8, 1914

Sunday's Wichita Times came out dated Friday. Now the only way we can account for that is that Editor Ed Howard went home early Saturday night, before the issue was printed. Although Howard lives in a sort of a wet town he is an ardent pro and we would hesitate to believe he was not right at the time of printing his issue. However, it being Saturday night and pay time with the boys they may have for the time laid aside discretion with the result aforesaid.— Seymour Hanner.

There were sixteen pages in the news and advertising sections of Sunday's Times, (not counting the comic section), and therefore sixteen date lines to be corrected. We got fifteen of them correct. The reason the sixteenth got by uncorrected was because we left the office just exactly two and one-half minutes before the last page was locked up and sent down on the elevator to the press room. It shouldn't occur again. But being correct fifteen times out of a possible sixteen is not so bad.

Under date of February 28, Henry Clews, the New York banker, thus writes: "The outlook is encouraging financially, and industrial conditions are sound. Political conditions are becoming less threatening, and spring is approaching, when sentiment is usually of a more hopeful character. Most of the depressing influences are of a temporary nature, and have been largely discounted by the decline of the last three weeks. Washington is still a cause for hesitancy; but the Mexican situation remains the most serious factor in this market, and the European financial situation also requires watching. Should we be obliged to intervene in Mexico, the effect upon the security markets could only be temporary and probably not very severe; although a long and costly struggle is possible. It is to be hoped, however, that the Mexican crisis will be solved without any resort to force; and earnest efforts are being made in that direction. Some public opinion will approve the policy of non-intervention as long as possible."

Fifty convicts have just been paroled by Governor Colquitt and will work on the building of good roads near Lindale, Texas. They will be paid \$15.00 per month and will get half of the amount for their own private use while half will go to the state. Many men applied for the work. Let us hope that the experiment will prove successful. If it does there is reason to believe that more men will be employed by other counties and that a new day will come to our penitentiary methods. To say the very least for the plan it is giving the men a chance to do something for themselves. It is appealing to the better nature, the spark of manhood that is usually left in every human being. It is playing on the right heart string. It is treating men like they were yet human beings.— Palestine Herald.

Critics and newspapers not over friendly to the present state administration charge that under the present system of caring for convicts, the state is losing something like a million dollars a year, after deducting from the keep and care of the prisoners all the actual work they have performed for the state. In fact it is charged that the state could place the convicts in first-class hotels or rooming and boarding houses, and pay for their board and lodging at the rate charged regular boarders, at a less cost than the present system costs the state. If Gov. Colquitt's plan of paroling the convicts to work on public roads at \$15.00 per month proves a success (and it has in other states), it will prove a great saving to the state and at the same time will have a tendency to make better men of those who have gone wrong. Anyhow, the project is well worth trying out.

Recent extensions of the sewer system, the installation of an incinerating plant, and the purchase of additional garbage and trash wagons by the city ought to place Wichita Falls in a good position to take care of the sanitary needs of the city. If these measures leave anything necessary for the city to do its part in maintaining sanitary conditions during the coming spring and summer, and at all times the Times believes it speaks the general sentiment of the people when it assures the council that the tax payers will not begrudge money expended in that direction, the tax-payers want the city authorities to supply it now. While present conditions leave much to be desired there has been such marked advancement in recent years that there is ground for hope that Wichita Falls will yet become a city of whose cleanliness its citizens can boast. It is understood that the city is buying new wagons with the intention of taking over the garbage hauling business itself and of sending its wagons through the alleys of the city at frequent periods to collect and haul off garbage and trash. This is a step in the right direction, the Times believes. In this connection the Times suggests a step further; that is, that the city adopt a standard garbage can, and that it buy or have these cans made and furnish them to the housekeepers at actual cost. These cans should be made water tight and should be provided with covers. The lack of such receptacles and of a garbage hauling service has been the cause of much of the complaint. Some people who should know better have been in the habit of dumping slops, vegetable refuse, tin cans and other garbage into boxes without covers or with boards off or on the ground there to ferment and decay and be scratched about by chickens or dogs until some itinerant garbage hauler comes around. A standard garbage can and regular and frequent trips by city garbage wagons would leave no excuse for such conditions and those responsible could be dealt with accordingly. A more vigorous enforcement of sanitary measures is demanded in the interest of public health and for a better appearance of the city streets and alleys and of private premises. The time has come when the placing of blame for conditions on the city, by citizens, and on the citizens, by the officials must be stopped, and all work together for cleaner and more sanitary conditions.

THE 5,000 REFUGEES
Huerta wants his soldiers back. He has instituted habeas corpus proceedings to force this country to turn over to him the 5,000 soldiers who fled from

Ojinaga into the United States and are now interned at Fort Bliss. His attorneys contend that there is nothing in international law or in treaty to justify the Mexicans being held in this country, although they point out that, if Mexico were fighting another country, a provision in the Hague treaty would make it obligatory for the United States to intern the fugitives until the war had ended.

"We don't believe this country will permit the soldiers to return. Had not the 5,000 taken refuge in the United States they would have been captured or slain, or perhaps both captured and slain, by the constitutionalists. To turn them loose now to fight the constitutionalists seems scarcely fair to the Carrancistas. They, too, at what point in Mexico would the United States government turn these soldiers loose? At the point where they crossed? In that case we can easily imagine 5,000 protests from the interned. The constitutionalists hold north Mexico. Were Huerta's former soldiers turned loose in North Mexico we fancy they wouldn't last much longer than an orchid in the Arctic Circle.

It is true that the United States could take the refugees to some Texas port, where they might embark on standard garbage can, and that it buy or have these cans made and furnish them to the housekeepers at actual cost. These cans should be made water tight and should be provided with covers. The lack of such receptacles and of a garbage hauling service has been the cause of much of the complaint. Some people who should know better have been in the habit of dumping slops, vegetable refuse, tin cans and other garbage into boxes without covers or with boards off or on the ground there to ferment and decay and be scratched about by chickens or dogs until some itinerant garbage hauler comes around. A standard garbage can and regular and frequent trips by city garbage wagons would leave no excuse for such conditions and those responsible could be dealt with accordingly. A more vigorous enforcement of sanitary measures is demanded in the interest of public health and for a better appearance of the city streets and alleys and of private premises. The time has come when the placing of blame for conditions on the city, by citizens, and on the citizens, by the officials must be stopped, and all work together for cleaner and more sanitary conditions.

Osteopathy In case of colds, grippe, pneumonia, or any of the acute fevers, the osteopath should be called—that is if you desire immediate relief with no complications and nothing to follow, such as the disease settling on some organ or part of the body. When you are sick and have an osteopath the very worst hour is the one in which the first treatment is given. To give a sick man something and expect it to make him well when it would make a well man sick is real good nonsense to an osteopath. If a man is suffering from poison and all cases of fever are due solely to poison, the osteopath never adds to poison but excels all others in his ability to take poison out of the system. The osteopath pleads that you ask questions, that you demand a reason for every thing, and that you take nothing by blind credulity. No one knows what an osteopath can do but an osteopath, no one knows when it is applicable but an osteopath. Drs. Campbell & Farris, K. & K. building. 55 ttc

WICHITA SPEAKERS CONTEST WINNERS HIGH SCHOOL REPRESENTATIVES VICTORS IN COUNTY CONTEST HERE WILL REPRESENT COUNTY Iowa Park School Was Only Other Represented in Contest Saturday Night

Representatives of the Wichita Falls high school were winners in the county declamation and debating contest at the high school auditorium Saturday night and will represent the county in a district contest, arrangements for which are now being made. The winners in the district contest will represent the district at a state contest to be held at Austin later. Iowa Park was the only other school in the county represented in the contest Saturday night. There were two numbers in the contest being junior and senior declamation contests and a debate. Representatives of the Wichita Falls high school were victors in all three. In the junior declamation contest the speakers were: Ross Bassinger of Wichita Falls and Clyde Hall of Iowa Park; in the senior contest the speakers were Charles Butts of Wichita Falls and Paul Zink of Iowa Park.

The question for the debate was "Resolved, That at the next regular session of the Texas legislature there should be passed a compulsory education law requiring all children between the ages of seven and fourteen not mentally or physically incompetent to attend either a public or a private school not less than six months during each scholastic year." Iowa Park represented by Lenley Humphries and John Matthews had the affirmative and Wichita Falls, represented by Otis Nelson and Brennan Gillespie, the negative. The judges were: Superintendent C. F. Walker and Principal Hugh Moore of the Henrietta schools and J. W. McConnell of Petrolia. The vote of the judges, in each of the contests was two to one in favor of Wichita Falls.

Several hundred people heard the contest and the speakers were given frequent and enthusiastic applause.

PREMIER GIOLETTI TO RESIGN; CRISIS IS PREDICTED.

Rome, Italy, March 7.—The approach of a ministerial crisis was forecasted when it was stated that Premier Gioletti desired to resign, was accelerated today, when the radicals decided to join the opposition. This would render impossible radical members of the cabinet holding their portfolio and eventually lead to the resignation of the entire cabinet.

RESIGNATION OF LIEUTENANT W. W. SMITH IS ACCEPTED

SOUTH RANGE RAID BY CITIZENS ALLIANCE DEFEATED. By Associated Press. Houghton, Mich., March 7.—The South Range raid by members of the Citizens Alliance, acting as a sheriff's posse on union headquarters in search for arms, was defeated today by witnesses before the congressional committee investigating the Michigan copper strike. The committee worked until a late hour tonight in an effort to hear remaining witnesses, but failed to finish. Witnesses for the Houghton county sheriff's office occupied the stand all day. Under Sheriff Heikila who was accused by Louis Ford, a striker of attempting to railroad him to the penitentiary, explained his encounter with Ford when he went to arrest him for assaulting non-union miners. \$75,000 WORTH OF FIRE ARMS FOR MEXICO.

CREW OF ABANDONED TUG, POTOMAC, SAVED. By Associated Press. Washington, March 7.—The navy department was informed today that Boatswain J. M. Wilkinson and thirty-two others of the crew of the tug Potomac, abandoned in the ice floes of the Gulf of St. Lawrence, had reached the receiving ship at New York. It was necessary to leave four men at Bonne Bay, Newfoundland, as they were unable to travel owing to frozen feet.

BULLET HOLE IN HEAD NOT BOTHERING GONZALES. By Associated Press. Brownsville, Texas, March 7.—Col. Gonadino Gonzales, a rebel officer, arrived in Matamoros today, showing a bullet through the head, but from which he declared he has suffered nothing worse than a pain. The bullet entered the head at the side of his nose and about an eighth of an inch below the right eye, passing out at the base of the skull. The optic nerve was not affected except that the eye is bloodshot.

Latest News From Training Camps Of League Teams

By Associated Press. Alexandria, La., March 7.—With the arrival of Catcher Clarke today at the training camp of the Cincinnati Nationals, the roster of the team was completed with the exception of Manager and Pitcher Douglas of Rome, Ga.

St. Louis Nationals. St. Augustine, Fla., March 7.—The St. Louis Nationals defeated the Jacksonville team here today, three to two. In the eighth inning with the score two to one against the Cardinals, Miller Huggins of St. Louis secured a base on balls, stole second and scored on Butler's double. Butler scored a moment later when Miller singled. Huggins scored his team's other run in the first inning.

Boston Nationals. Boston, Mass., March 7.—Sweeney at first base, John Evers at second, Merrville at short and Deal on third will be the make-up of the Boston Nationals infield this year, according to reports here today. George Stallings, manager, announced that Sweeney would reach here tomorrow and admitted that he would probably be used at first base.

Browns Win From Chicago Cubs. Tampa, Fla., March 7.—The St. Louis Browns won the spring training championship from the Chicago Cubs when they defeated the Cubs seven to three. The Browns won three out of five games.

TEXAS-OKLAHOMA LEAGUE WILL OPEN ON APRIL 16. Sherman, Texas, March 7.—The Texas-Oklahoma League schedule was adopted here yesterday at a meeting of league club owners. The season opens April 14 and closes August 16.

Chicago Federals. Chicago, March 7.—Owners of the Chicago Federal League baseball club tonight announced that they would take sixty-five persons to training camp at Shreveport, Louisiana, on a special train leaving Chicago Sunday evening. Seventeen players reported at headquarters today. Besides the players of the Chicago team the party bound for Shreveport will include President Charles Weeblan, Vice President William Walker, Secretary Charles Williams and President Gilmore of the Federal League.

THE OPEN SEASON FOR PHENOMS NOW OPEN

New York, March 6.—The open season for the development of phenoms is now on. With the warm March sun of the South shooting into the systems of managers, vets and rookies and various other things trickling through the systems of war correspondents the annual tangle of the wonders from the bushes are on tap. You may believe the stories or not, but every phenom that may be developed will be needed. This stormy Winter League, which has kept all baseball men quivering with expectancy and participating with patience will be reflected in the regular playing season.

Out of the swarming mass the Chicago Cubs have come out wrecked. The Cleveland Naps stand stripped of several main springs in their pitching apparatus due to raids of the Feds. The Cincinnati Reds couldn't have been made much worse, so they will start with the same old question mark attached to their tail. The Phillies are minus a veteran in Knabe. Their other Federal jumpers may be tied up to the courts after the first game. And to it goes on down the line, a hold here and a bruise there, and the National capsule suffering from what may not have been quite a civil war, but badly scarred nevertheless by the upsurge brought on by the Murphy-Evers affair.

All the grades that the players have had against Hank O'Day as an umpire will certainly be satisfied in the months that are to come. They got even with O'Day in a measure when he became manager of the Reds, but the job he had at that time was a little compared to the dizzy going ahead. In the first place if the Cubs do not get Sweeney from Boston all O'Day has to do as a starter is to plug up two gaping holes in his infield. At best he has one to fill. With Johnny Evers out of it and Al Bridwell a Federal jumper the entire vicinity immediately adjacent to second base is defenseless.

O'Day has nothing to worry about but the establishment of a second baseman and short stop behind his pitchers. In addition the head of the club has been kicked out of organized ball and a few boss is in the saddle. The last cog of the old smooth running Cub machine has been kicked away. Several men who served under Chance know what discipline and playing ball "inside ball" mean and still in the outfit, but they have witnessed the wrecking of the machine, are serving under their second manager since Chance was fired, and being out of the game may not be expected to start in learning many new tricks.

If O'Day is able to establish himself as the real boss of this outfit and makes a winner he will surprise hundreds who looked on while he was wrestling with the Cincinnati Reds. The Yale coaches have told the candidates for the Blue crew that with "wor hand faith" they can beat Harvard. Outside of getting back to a system of rowing that does not use an about 50 per cent of their power in best men; putting beef and brawn equal to that of Harvard in the boat, and being able to row just a little better than the crimson, it might be that "work and faith" is all that is needed.

While Tom Sharkey has been doing his bit of 20 days for keeping a disorderly house and incidentally qualifying as an expert snow shoveler in the jail, the authorities have revoked Tom's license to run a cafe. This means Sharkey will lose his famous Front Street establishment where he made a govt effort watching other people spend their money for wet goods without separating himself from so much as a nickel. If shoveling snow takes the kinks out of some of Tom's muscles we might as well get ready for a haul, well from him when he gets out of jail, the burden of his remarks being that he can lick any white hope, past, present or future. As easy as the money has been around New York Sharkey won't waste time in grabbing some if he really needs it.

While in this country recently "Baker" the Australian fight promoter, told of a few fighters they have in the Antiochia who has it on almost any "bug" fighter developed here. Jerry Jerome, the freak, is 45 years old, according to Baker, never trained a day in his life; goes into a fight laughing and smiling and if the fight ceases to amuse him will throw out his gloves and jump from the ring. Jerome doesn't stand up like an or-

WORLD'S BASEBALL TOURISTS HONORED

(Continued from Page 1)

Comiskey, McGraw and Callahan and players of both teams have done more than to express. Conduct Praised. It is my wish to emphasize another phase of the world tour just completed. I refer to the gentlemanly conduct and splendid deportment of members of this party. It could not have been more fortunate for our game and its exposition than that every player who participated in the tour should have been a gentleman in manners, words and deeds, off and on the field. You have proved to come, class and really that a past time, peculiarly American, a sport that has been recommended that every professional exponent, was above criticism in every respect, and that every American baseball player could be a professional and a gentleman. This great American nation and people is proud of you and will delight to honor you as the years roll on.

Edgar Scurry for District Judge. To the Voters of the 30th Judicial District of Texas:

I was sworn in as Judge of the Thirtieth Judicial District of Texas on the 22nd day of February, 1914, and am now serving my first term.

I am a candidate for the Democratic nomination at the primaries to be held July 25th, 1914, to succeed myself.

I am asking for a second term—the Democratic custom and usage in the 30th Judicial District and in Texas—as well as the National Democratic Party has been given a second term. I am only asking the Democrats to do for me what they have always done for other Democratic office-holders.

The present term of the court began at Graham on March 2nd, 1914, and from this date until July 25th, the date for the Democratic primaries, I will be in the court room trying cases and cannot call upon you personally and solicit your votes and support; therefore I take this method of asking for your vote and influence and that you take care of my interest in the election while I am taking care of yours in the courts.

Being Democrats, you must be fair and just men; therefore, I believe you will be as fair to me as you have always been to other Judges in this district and give me a second term. If you will I assure you that your kindness will be appreciated and I promise you to give to the people my very best effort and services.

Yours most respectfully, EDGAR SCURRY

Referring to the above, the Times has nothing to add except that Judge Scurry, as district attorney, proved himself a most efficient officer, making a record fully equal if not superior to any of his predecessors. He has been a citizen of Wichita county for more than twenty years, and is known to almost everyone—young and old, and everyone is his friend and wish for his success in his aspirations to succeed himself in the office he now holds.

NORTH TEXAS CO. GIVEN FRANCHISE AT BURKBURNETT

Burkburnett Star. As was anticipated would be done, the City Council Monday night passed an ordinance by unanimous vote granting a franchise to the North-Texas Gas company for the construction of mains and intermediate connections for supplying natural gas for domestic, manufacturing and all other purposes within the city of Burkburnett.

Under the franchise the company is obligated to have the piping all completed and the gas system installed and ready for use within one year from the date of the granting of the franchise, but it is asserted that the citizens of Burkburnett will be burning natural gas long before the expiration of that period.

The maximum rate of 50 cents per thousand feet is fixed, but it is said that the rate to be charged Burkburnett consumers will not exceed 30 cents per 1000 feet, owners of course to the number of consumers and the amount of gas consumed. Even at 50 cents per 1000 feet, gas will be cheap, by cheap coal at prevailing prices.

The council also passed an order for the installation of four more street lights, which will increase the total number to twelve.

There were several citizens present at the meeting of the council, all boasting for gas and not street lights.

FAREWELL BANQUET
GIVEN ED MORGAN

POPULAR OIL MAN WHO LEAVES SOON FOR CHINA IS HONOR GUEST

TOASTS FROM EVERYBODY

All Wish Genial Friend a Safe Journey and a Most Successful Venture

Friends of Ed Morgan last night gave a banquet in his honor at the Westland at which more than thirty were seated. The occasion was a farewell to Mr. Morgan who leaves soon for a new field of work in China for the Standard Oil Co., and though the friends were loth to see him go they were proud to know that he had received the responsible position to which he is going and all-joined in wishing him a safe journey and a most successful venture.

The menu served in the ordinary of the Westland, in the best style for which the hotel is famous, was as follows:

- Oyster Cocktail
- Celery en Branches
- Queen Olives
- Consomme Clear en Tasse
- Fried Filet of Sole
- Sauce Remoulade Potatoes Julienne
- Assorted Poultry
- Roast turkey Chestnut dressing
- Mashed potatoes asparagus tips
- Portouaise Salad
- Saltine Flakes
- English Plum Pudding
- Hard and Brandy Sauce
- Imported Swiss Cheese
- Crackers
- Cafe Noir
- Mints

Cigars

John Owens presided as toastmaster and in his usual happy mood introduced Mr. Morgan as the guest of the evening and with a witty remark in succession introduced the speakers. J. L. McMahon was the first to be called upon and in a very laudatory address told of the friendship and esteem in which every one in Wichita Falls held Mr. Morgan. Mr. McMahon was followed by W. G. Long, Chas. T. Paul, L. G. Kempner, Howard Robinson and others who all voiced the general regret that Mr. Morgan was to leave Wichita Falls and the hope that he would have a safe journey and a prosperous future. A humorous diversion in the program was the entrance of Parson Davis in the character of Vinny, who sang Mr. Morgan's favorite ballad, "The Yellow Garter." Toasts were still being given at 1 o'clock this morning.

Those present were Dr. Felder, Walter Reid, S. R. Stanforth, W. C. Gibson, J. L. McMahon, Parson Davis, John O'Donohoe, A. Clark, Sam Sealing, C. E. Heassey, D. M. Roe, Abe Marcus, Morris Marcus, Bob Sanders, Jim Calvert, Jno. Owen, L. S. Kempner, A. S. Foyville, Dick Dulaney, Chas. Paul, R. L. Taylor, W. B. Cordlett, H. W. Whitney, H. J. Roberts, Bill Dalton, J. E. Head, M. D. Rowe, Hugh Sturm, Steve Cowling, W. G. Long, Roy Artley, Jack Reynolds, Dad Pringle.

HUERTA MAY ABANDON FEDERAL BANK PLAN

Now Appears Probable This Expedient May Not Be Resorted to in Mexico

Mexico City, March 7.—Abandonment of the proposed scheme to re-establish a federal bank was discussed at the palace today, and it appeared probable tonight that such a bank would not be one of the means used for raising money. The scheme, it is said, was opposed by Adolfo de la Lama, minister of finances, and antagonism on the part of the regular bankers was undisguised.

The announced intention to establish the federal bank helped cause a high rate of exchange today. Although there was evidence the increase was partly artificial. The national banks were heavy buyers of exchange late today. The rate stiffened toward the close of the market when the selling rate dropped from 3.50 to 3.35.

RESEMBLANCE OF MEN CONTRADICTS TESTIMONY

Denver, Col., March 7.—The startling resemblance of two strikers was used effectively today to contradict the effect of the testimony given by a witness for the operators before the congressional committee investigating the Colorado coal strike. C. S. Rallsbach, special agent of the Santa Fe railroad, took the stand to give an account of the alleged stopping of a train bearing strikebreakers by supposed strikers who were said to have sent it back toward Florence amid a hail of rifle bullets.

The special agent said he was confident he could recognize the leader of the crowd, whom he described as a handsome, curly haired Italian. James Brewster, attorney for the mine workers, questioned the witness sharply as to his ability to identify the leader. "Where did you see him last?" "I see him in this room now," said the witness as he pointed to Felix Tegliano, who is handsome, curly haired and an Italian.

As the hearing continued, another handsome curly haired Italian, P. J. Posturcio, pushed unobtrusively through the crowd and stood behind Tegliano. A titter swept through the audience as the resemblance between the two men was so striking as to puzzle many of the spectators. The two Italians then testified they had been in Indianapolis attending the convention of the United Mine Workers meeting on the date the train was said to have been stopped.

CHIEF SAM SETS SAIL BUT NOT FOR AFRICA

Negro Leader Says His Ship, the Cirutuba Will Be Overhauled at Portland

New York, March 7.—After long delay, the steamship Cirutuba, on which Chief Sam was to carry a large number of negroes to a colony on the Gold Coast of Africa, sailed today, but not for the promised land. She is on her way to Portland, Maine, where Sam said the vessel would be overhauled and put into shape for the African voyage.

Sam said eighty negro men and women who had been using the ship as an ark, had been put ashore. He said he would pay their railroad fare to Portland where they would be allowed to go on board again.

BODY OF COW PROTECTED MILKER FROM BULLETS.

San Francisco, March 7.—While Tony Klicinovich was milking his cow today Bart Skarich, with whom he had quarrel, arrived and began pumping lead at him. Klicinovich dodged behind the cow. Skarich shot the cow and she fell dead on top of her master. Her body protected him partially and as he lay pinned to the ground Skarich shot him through the right arm, the right leg and the left hip. He is dying. Alarmed by the sound of shooting Mrs. Klicinovich ran to the door. Skarich shot her through the breast and she fell dead. Skarich fled to his lodging house, locked himself in his room and committed suicide.

GENERAL STRIKE MONDAY IN ROME AS A PROTEST.

Rome, March 7.—All classes of workmen have decided to take part in a general strike to be called Monday. It will be the first movement of its kind in Rome. The avowed object of the strike is a protest against reforms introduced in Rome hospital, but in reality it is said to be born of the desire to test the strength of the workmen's organization. An entire cessation of work is promised and no food will be sold. Even newspapers will suspend publication.

SUIT BROUGHT AGAINST AMICABLE PRESIDENT

Three Stockholders of Insurance Company Allege Secret Profits To Clabagh

Waco, Texas, March 7.—E. C. Clabagh, president of the First State Bank of Belton, Texas, Stephen F. Davidson, banker of Reagan, Texas, and Rev. A. D. Porter of Waco, as plaintiffs for the benefit of themselves and all other stockholders of the Amicable Life Insurance company, filed suit in the Fifty-Fourth district court today against A. A. Roberts, president of the company, to recover \$80,000, alleged to have been secret profits he made out of the sale of stock in the life insurance company. They allege Roberts contracted for the company with selling agents for the selling of stock in such company and that such selling agents paid or gave to him a part of the profit in the sale of stock in the corporation and that his part of these profits or gifts aggregated \$80,000. The plaintiffs further allege that such secret profits or gifts were without the knowledge or consent of themselves or the other stockholders, and that the money should have been paid to the corporation for the benefit of the stockholders.

ART FIRM FAILS; LIABILITIES ARE MORE THAN \$1,000,000.

Chicago, March 7.—Receivers for the art firm of Moulton and Ricketts today began search for valuable paintings said to have been disposed of by the bankrupt firm when it realized that failure was inevitable. The involuntary bankruptcy disclosed liabilities of nearly a million dollars and assets of about \$200,000. Roy Ricketts, head of the defunct firm admitted today before the referee in bankruptcy that he had shipped nearly 100 paintings to creditors during the last three weeks. He also admitted sending pictures as gifts to friends. Some of these paintings were the works of oil masters.

Service That Satisfies.

SOMEONE has aptly said that "the value of any business house to a community depends upon the character of service it renders." Our service means more than mere filling of orders. It includes everything that will contribute to the satisfaction and pleasure of our patrons. For instance, we have Nunnally's Candies sent to us by express just to give better service while most of the other candies sold here are shipped by freight.

16 MEMBERS OF CREW OF WRECKED STEAMER SAVED

Picked up by Whaleboat Half Dead From Exposure Saturday Morning

Newport News, Va., March 7.—Bringing Captain H. C. Simmons and sixteen members of the crew of the American steamer, Charlemagne Towers Jr., which went down off the New Jersey coast yesterday morning, the whaleback steamer Bayport reached here late this afternoon. The wrecked survivors were landed at Sewell's Point where they boarded a trolley for Norfolk leaving Norfolk tonight for New York.

Half Dead From Exposure.

With four men half dead from exposure the shipwrecked crew was picked up at Garnet Light yesterday afternoon at five o'clock during a blinding snow-storm five miles south of the wreck scene. Their rescue was effected by the tug, Chance, a signal light attracting the attention of the Bayport's captain just as the steamer was in the act of passing the smaller boat. The snow was falling heavily and it was fast growing

Saving is not always a virtue nor is it always good sense. You can't remedy eye-strain for a dime but by spending this amount for glasses you may deceive yourself temporarily. Put a value on your eyesight and decide whether it isn't economy to pay a little more and be certain of the results. We examine eyes, make and fit glasses in accordance with your needs, as shown by delicate instruments in our examination room—the only safe method.

AFFINITY EARLE AND WIFE CONVICTED OF KIDNAPING

By Associated Press. Remorantin, France, March 7.— Ferdinand Pinney Earle, the American artist and Miss Charlotte Herman, charged with having kidnaped Earle's son, Harold, from a school near Paris were found guilty today after two days trial. Earle was sentenced to two months in prison and fined five dollars and the woman to a month's imprisonment and a fine of \$3.00. Both defendants were released this evening, however, in view of the fact that they had already served the time to which they were sentenced. The abduction of young Earle, who is a son of the artist by his first wife, Madame Fischbacher, occurred last November. The lad was taken to Norway where Earle and Miss Herman were arrested in January.

OLD BUSINESS METHODS that were in vogue twenty years ago have some ginning into that mystic haze, the past. They have been relegated to the scrap heaps of inefficiency and dissatisfaction. They outlived their usefulness. The man who today tries to give satisfaction and cope with competition using the old methods is a pitiful sight as he totters with his burden on the uphill road, the top of which he can never hope to reach. The customer of today demands not only the best merchandise that men and machines can produce but they demand service that nothing but modern systematic business methods can render. Our system of serving the exacting public comes from years of experience in catering to the wants and supplying the demands of all kinds of people and when a defect is found in this system it is promptly eliminated. The standard we seek to maintain throughout the crucial tests of time is satisfaction. It is the one standard on which we want to merit your patronage not only this month and this year but for all time to come. Put us on trial for our business life today.

GLASSES--

is a very important thing to possess. But the proper kind is a more important thing. Every person that wears glasses should consider the person fitting them. Now one word about us. We are not the only person who fits glasses correctly, but we are one who has been kept busy pleasing hundreds of patients. There is no magic about us. We will promise you not to use drops in your eyes. We will prompt you to make you see if within the power of man. We will guarantee you satisfaction. If not your money back. We will make moderate charges, our reason for this is, we have one of the most modern grinding plants in Texas. We save you time of waiting to send off to fit you exactly just the same as if you were having a shoe made to fit your foot, and we will save you dollars on your glasses. We are adhering strictly to ability, quality and price. If we can serve you on the three important points we solicit your troubles.

RECEPTION BY TRIO OF GRACIOUS HOSTESSES.

One of the most charming afternoon affairs given this season was the formal reception Thursday afternoon at the home of Mrs. C. C. Huff, with a trio of gracious hostesses in persons of Mrs. C. C. Huff, Mrs. T. T. Reese and Mrs. E. M. Brown.

The entire reception suite was transformed into a bower of spring beauty, the tints of the Killarney roses in blush and white furnishing the color scheme.

The lights in each room were shaded with rose and white shades in the Killarney pink. In the reception hall the mantel and fireplace were banked with ferns and palms, with carnations and sweet peas intermingled to furnish color. On the card table in the hall a basket filled with the pink and white sweet peas stood beside the card tray. In the library roses of smilax and fern were mingled profusely with white Killarney roses, white carnations to produce a very lovely effect. Festoons of the fern entwined hung in the double doors, and potted plants were used with discriminating taste. The same general decorations were observed in the punch room, the punch table being placed in a corner, beneath a cataract of ferns and smilax. Roses and carnations in the pink and white tints were used to embower the punch bowl, where the Misses Held, Kell and Augusta Wadsworth presided. For the dining table centerpiece the Killarney roses again formed the motif, a large cluster of these flowers, combined with pink carnations and pink tulle being used. The room was lit with pink shaded candles.

Here a delicious salad course was served to the callers.

The callers were met at the door by Mesdames Hamlin, Carrigan, Wiley Robertson and Agnes, Mrs. Noble and Mrs. Blair presented them to the receiving line at the head of which stood Mrs. Huff, Mrs. Reese and Mrs. Brown.

The personnel of the house party included Mesdames Snider, Kell, Thatcher of Oklahoma City, L. B. Gray, Reid, William Huff, Sr., F. F. Walters, R. E. Huff, Arthur Huff, William Huff, Burlington, Jackson, Barwise of Fort Worth, Miller, Jack DuVal, Guest, Kemp and McGregor. Music was furnished throughout the afternoon by Katz orchestra.

MRS. R. L. YATES HOSTESS TO MAYFLOWER 42 CLUB.

Mrs. R. L. Yates was hostess to an unusually pleasant meeting of the Mayflower 42 Club Thursday afternoon. In the game of the afternoon Mrs. Allen scored high. The hostess, assisted by her daughter, Mrs. Ruth and Miss Lucile Pontile served a delicious two course luncheon, the menu being as follows: Sandwiches, pickles and coffee with a desert course of fruit salad in orange cups with whipped cream, fruit cake and mints. The members present were: Mesdames Wilson, Bradshaw, Gregg, Dobson, Hurst, Walker, Allen, Langford, Habern, Dallis, Mesdames Ponville, Stewart, Simon, Coffield, Long and Corkhill were guests.

THURSDAY SEWING CIRCLE MEETS WITH MRS. McDOWELL.

Mrs. J. O. McDowell was hostess to this week's meeting of the Thursday Sewing Circle. In addition to the usual needle work and conversation, further enjoyment was afforded the members by the serving of refreshments this being the first Thursday and refreshment day. Late in the afternoon the hostess served an appetizing chili supper to the following members: Mesdames Gardner, Montgomery, Waggoner, Murph, Harisook, Miss Jennie Huggins. Mrs. Terrill was the guest of the afternoon.

WHAT NEXT CLUB WITH MRS. JACK SHELTON.

Wednesday afternoon Mrs. Jack Shelton was hostess to the regular weekly meeting of the What Next Club. The usual diversion of sewing afforded entertainment with conversation mixed in. The hostess served dainty sandwiches, olives, custard and cake to the members.

HOW A BROOKLYN GIRL Got Strong and Well Again.

Grace D. Lamb of Brooklyn, N. Y. writes: "I was all run-down and on the verge of nervous prostration; I could not sleep for pain in my back. In all I was a wreck. A friend told me what Vinol had done for her little girl, so I tried it. I noticed an improvement after the first bottle. I could sleep, walk, my appetite improved and after taking three bottles I am strong and well again."

Vinol is the most efficient strength creator for such women. It is the medicinal elements of the cod's liver contained in Vinol aided by the blood making and strengthening properties of tonic iron which makes it so superior to all other tonics to build up health and strength for weak, tired and ailing women. It contains no oil and has a delicious taste.

We give back your money if Vinol does not do what we claim. Miller Drug Store.

P. S. If you have any skin trouble try Saxo Selye. We guarantee it. (Adv.)

FIRST CHRISTIAN CHURCH, ERECTED AT COST OF \$40,000, TO BE DEDICATED TODAY

DEDICATION FIRST CHRISTIAN CHURCH

THREE SERVICES WILL BE HELD IN CONNECTION WITH DEDICATION TODAY

A SPLENDID ACHIEVEMENT

Building Cost More Than \$40,000 and Will Be Dedicated Free From Debt

The dedication of the new First Christian Church recently completed at the corner of Travis and Tenth streets, will take place this morning, beginning at 10:40 o'clock. There will be three services at this church today—the dedicatory service this morning, the fellowship service this afternoon at 3 o'clock and the evening service at 7:30 o'clock.

The new church, a picture of which appears above, has already been described in detail in the columns of "The Times." It is considered one of the most up to date structures of its kind in the State, being built for service. The arrangement of the rooms for use by the Sunday school and the general design of the building are along the very latest approved lines. The building cost in excess of \$40,000 and its dedication this morning finds it without a dollar of indebtedness of any kind. It has a magnificent pipe organ and every feature that goes to make an ideal church building. Its pastor, Rev. Frank F. Walters, has been in this city less than two years, the church having been planned and completed since he assumed his duties. The church was completed several weeks ago but it was decided not to dedicate it until the entire debt was lifted. The program for today's services follows:

Morning Service.
Organ Prelude—Mrs. R. E. Strange, regular church organist.
Invocation, audience standing.
Invocational Prayer—Rev. J. E. Coe, pastor First Methodist Church.
Anthem: "Send Out the Light."
Hymn No. 325, "I Love Thy Kingdom Lord."
Offertory: Andante.

THROW AWAY YOUR GLASSES
A Free Prescription—You Can Have Filled and Use at Home
Do you wear glasses? Are you a victim of eyestrain or other eye weakness. If so, you will be glad to know that there is real hope for you. Many whose eyes were failing say they have had their eyes restored through the principle of this wonderful free prescription. One man says after trying it: "I was almost blind; could not see to read at all. Now I can read everything without any glasses and my eyes do not water any more. At night they would pain dreadfully; now they feel fine all the time. It was like a miracle to me." A lady who used it says: "The atmosphere seemed hazy with or without glasses, but after using this prescription for fifteen days, everything seems clear. I can even read fine print without glasses." It is believed that thousands who wear glasses can now discard them in a reasonable time and acquire more will be able to strengthen their eyes, so as to be spared the trouble and expense of ever getting glasses. Eye troubles of many descriptions may be wonderfully benefited by following the simple rules. Here is the prescription: Go to any active drug store and get a bottle of Optona, fill a two-ounce bottle with warm water, drop in one Optona tablet, and allow to dissolve. Wash this liquid into the eyes two or four times daily. You should notice your eyes clear up perceptibly from the start and inflammation will quickly disappear. If your eyes are bothering you even a little, take steps to save them now before it is too late. Many hopelessly blind might have been saved if they had acted for their eyes in time. (Adv.)

WILL USE NEWSPAPERS TO ADVERTISE WICHITA FALLS

Chamber of Commerce Decides To Discontinue Taking of Space In Magazines at Present

Newspapers instead of magazines, will be used by the Chamber of Commerce for a while to advertise Wichita Falls and her advantages. This was decided at a meeting of the advertising committee of the Chamber of Commerce yesterday morning.

For some time past the organization has been using such publications as the "World's Work," "Literary Digest," "Outlook" and others; yesterday it was decided to use the daily papers in the larger cities of the country and the advertising fund will be used for this purpose.

The committee ordered 10,000-label buttons of a "booster" nature, estimating this a sufficient supply for three years. It also decided to recommend that photographs and cuts of the lake, oil field and other scenes around this city be furnished the visiting writers of both the national and state associations if they desired them.

WICHITA FALLS PROOF

Should Convince Every Wichita Falls Reader

The frank statement of a neighbor telling the merits of a remedy. Bids you pause and believe. The same endorsement.

C. C. Willard, 1922 Eighth street, Wichita Falls, Texas, says: "I suffered constantly from my back and kidneys. Every move I made sent sharp twinges through my back. I got Doan's Kidney Pills from Harrington's Drug Store and although other remedies had failed, they made a cure. We still use Doan's Kidney Pills when we need them and are always greatly benefited. You are at liberty to continue using my endorsement."

VICTORIA'S MATINEE PRICES ARE REDUCED.

The Victoria "The Mutual Movie House" has reduced the matinee price to five cents for children and grown people alike. This plan of a five-cent matinee price has proven quite popular in all the large cities and will doubtless do so here. The Victoria continues to show four reels each day of good clean pictures with comedies mixed in at just the right interval.

NEW DOWNTOWN BUILDINGS ARE NEARING COMPLETION

Work To Start Soon On Remodeling of Bank's Home—Progress On Other Structures

Although building activity here is not nearly as great as during much of last year, new-business structures continue to give the usual busy look to the downtown section. The walls of the new Pennington building on Indiana between Eighth and Ninth, are up and from present indications this will be ready before very long; it promises to be one of the most attractive business houses on the street.

Another Indiana avenue improvement is the Bacon-Lory-Henderson building, three stories in height at the corner of Tenth and Indiana; this will be occupied by the North Texas Furniture Company when completed.

Work will be started this week on the remodeling of the Ward building at Eighth and Ohio, to be occupied by the National Bank of Commerce. The front and north side of the building will be changed and its appearance materially altered.

N. Henderson is erecting two buildings on Seventh street and is also adding a second story to one of his one story structures. Work on the building at Seventh and Scott has been temporarily halted but will be resumed at an early date it is said.

KAHN'S SPRING STYLE SHOW GIVES ATTRACTIVE DISPLAY

Suits and Hats For Warm Weather are Shown—Many Novel Features Are in Evidence

A glance at the spring showing of Kahn's means a resumé of all the latest and most modish of the spring fashions. This is a season of contrasts and all of the suits and gowns on display are remarkable for their richness of texture, beauty of color and grace and ease of style.

One of the most noticeable frocks in the showing is a clever model of scarlet crepe with flounces of biasing chiffon and real lace trimmings. Another gown worthy of mention is of changeable taffeta, with Antoninette collar and Russian green trimmings.

Kahn's showing of millinery is quite as complete as the ready to wear department. A number of the best imported hats are carried, some of these being Hyland, Paul Poiret, Gold Meccal and Kurman. The shapes shown are of Milan, hemp, imported Tagal, leghorn and Panama; and are in all of the approved shades—nigger brown, all of the new blues, greens, American beauty shades taupe and such like.

The hats for the most part are small or medium sized, the small hats being trimmed very high and the large ones having rather flat trimmings. Housewears are used extensively, very deep and on both the sides and back soft creases of crepe or moiré are very popular and maline is much used for trimming.

One of the most striking imported models is of imported violet hemp, plumage trimmed and with baroque effect. Some very handsome sarapes are shown in leghorn, trimmed with printed chiffon and flowers.

CROCHET AND EMBROIDERY LESSONS PROVE POPULAR.

HIGHLAND HEIGHTS ADDITION TO WICHITA FALLS, TEXAS

LOTS SOUTH AND EAST OF FLORAL HEIGHTS FOR

\$10 DOWN AND \$5 PER MONTH

NO INTEREST---NO TAXES

Why Not Own Your Own Home Instead of a Bundle of Worthless Rent Receipts?

The largest number of lots ever put on the market in the history of Wichita Falls on the installment plan. The Old Street Car Line runs through these lots, with the town on one side and the factories on the other; lights, water and gas. The time will never come again when you can buy this bunch of lots at the prices we are now offering them. Every real estate firm in town will sell these lots. Don't you want to own your own home? Don't you want to own a little place where the children and wife will know the roof over them belongs to them? Don't you have that feeling that something in life creeps over every man—the desire to own some property all your own? Don't you want your own place where the little handy work you do in spare time goes to improve your home and not the landlords? A comfortable home with a comfortable porch, flowers, a garden, a few chickens and maybe a cow—that's living. There is not another word in the English language that means as much as that word H-O-M-E. Yes, you want it—the good wife wants it too. You both have a right to demand it. The question in your mind right now is

Can We Pay For a Home?

Suppose I get sick and cannot meet my payments? The answer is this—if you get sick, we do not demand any payments until you are able to work again. No interest, no taxes, until paid for. The only thing to keep you from owning your home is procrastination—that thing that makes us put things off. These lots are situated just beyond Floral Heights, gas, water and lights, 5 cent street car fare to town, and right in the direction the town is growing. They are bound to increase in price if the town keeps on growing and there isn't a shadow of a doubt in the mind of anybody but that the town will get larger every year. \$10.00 cash and \$5.00 per month buys one of these lots and the price runs from \$175.00 to \$350.00. Don't wait, call and see us at once, we can show you by automobile or street car. Remember, that every man, woman, and child will pass right by your door some time this summer if you own one of these lots.

THE ADVENTURES OF KATHLYN

Another series in the Adventures of Kathryn pictures will be shown at the Lydia Margaret Tuesday night. These pictures take up the story where Kathryn is forced to occupy an unwelcome throne in compliance with the scheming councilors of a fanatical people.

The high priest prepares to go on with the ceremony of marrying her to Umballah, who is the manspring of all her troubles; but she conspires all her powers of resistance to this proceeding, and with the dominant force of the Anglo-Saxon for the time cowers the superstitious brown men who hover about the throne. This causes a delay on their part, which she instantly takes advantage of and the Council of Three, coerced by public spirit, decide that she will be given a week in which to consent to the marriage—Thus ends the sentimental episode in the gorgeous festival of the Dunbar.

During this horrible week of respite for the captive Queen, a high-caste native, Ramabal, is charged with murder, and under the law, all his property reverts to the reigning sovereign, including even his wife. In this instance, the wife is a beautiful young person, Pundita, highly educated. Kathryn at once frees the captive, as far as slavery is concerned; and Pundita, in gratitude, begs to remain with her until she learns the fate of her husband. When Kathryn hears her story, she orders Ramabal brought before her and declares him innocent. He, in turn, craves permission to remain in the palace, as the Queen's personal attendant. Thus Kathryn, by fate and by force, secures for her personal service, two powerful factors in her favor, (who remain with her throughout this series of plays)—During this trying period, while Kathryn has all her wits working to thwart the advances of the crafty people about her; Bruce, an American sportsman, happens upon the scene from the far interior, where he has been hunting big game and at once becomes a hero in spite of himself.

Second Reel.
The second reel opens with the close of the fateful week—Kathryn still refusing the alliance with Umballah, the Council has decreed that she must submit to two ordeals with wild animals. If she survives these, she will be permitted to occupy the throne like Elizabeth of old, as a maiden queen. Bruce, learning of her plight, has managed to communicate with her, and swears himself her life champion. Pundita communicates with Bruce the circumstances of the ordeals.—In the first test Kathryn is dragged to a leopard's trap and lashed to the main stay of the deadfall as a human bait to lure the spotted cat from the depths of the jungle. She is so secured that the heavy door will fall the moment the animals springs upon it. It would seem that there is no hope of escape. The faithful Pundita, however, has informed her that Bruce will not fail to appear at the proper moment.—Now comes the steadily leopard closer and closer to the trap. At the last moment, there is a flash, but it is not the form of the leopard hurtling through the air—but Bruce. Even as the heavy door falls, the famished, frenzied cat is clawing at it, trying to break through. Bruce fires at the animal through the bars and it limps back to the jungle, broken from his fire.

While Kathryn has escaped from the beast by a seeming marvel, for the second time she refuses to request of the Council, to marry the villainous man that dominates the scene. She is ordered to an amphitheatre, where the populace assemble to witness her fate as the refractory leader of their community. Bruce, now more wonderfully resourceful than ever in Kathryn's interest, appears before the high priest and the Council and tells them that a miracle will save the Queen from the jaws of the savage lions, but if they compel her to submit to such a cruel ordeal, the same force will destroy many of the people assembled to witness her death.—The impressionable people shrink at this idea; but stern Umballah mocks at him and orders him driven out.

That same night we see Bruce and Ramabal meet at the house of a high caste native. Ramabal is the leader of a band of high minded conspirators whose object is to uplift the people and secure better government. They lead Bruce to a secreted place where are hidden land mines which have been smuggled by revolutionists into Allah, in view of impending military troubles.—These mines, with electrical appliances for operation, are loaded on elephants and then under cover of night, the little band enter the silent and deserted arena of the amphitheatre, bury the mines, and connect them with wires leading to a box on the lower amphitheatre.

The great day comes.—The hungry lions are shown in their dens; the populace crowd in the stalls; and then comes Kathryn the beautiful captive, regal even in her simple robes of white, who is led into the arena. She walks to the far end and stands under a canopy designed as a resting place for athletes between their feats. Umballah and his Council are in the royal box. The keeper opens the door and the famished lions rush into the arena. They see the shining human mark; they crouch their lean, sinewy bodies for the fatal spring. The scene flashes back to the shadowy box where Bruce is manipulating the push down of a blasting machine. As he establishes the connection there is a rush, a roar and the volcano of earth and stone bursts in the arena, leaving in its litter a great gash between Kathryn and the savage lions. Bruce leaps down from his box and seizes Kathryn in his arms as the scene dims.

brief tour of the United States the organization departs from England and from there on a two years tour of the Continent. The rise of Mrs. Thaw in the theatrical world has been likened unto the birth of a rose. For six years she kept herself in seclusion perfecting herself for her return to the stage which she knew must eventually come. In London she made her appearance as the bud, under an assumed name and not recognized until after her success was assured, then she burst forth as a full blown star on her appearance in New York City and has swept the country with the charm of her dances. In addition to Mrs. Thaw her managing directors, Messrs. Comstock and Gest have contributed a number of feathers from the music halls of both Europe and America including Bernard and Weston, the Schwart company, direct from the Palace Theatre, London.

W. B. PATTON COMES TO THE WICHITA THURSDAY NIGHT.

W. B. Patton will appear here next Thursday night, March 12th in his new play, "Lazy Bill" which promises to be the most worthy offering of the season. The play itself is creating so much comment that a Boston firm has procured the rights from Mr. Patton to publish it in book form. The scenes are laid in a small town in upper New York State and the story is woven around a motif that is substantial and delicate and should put its author among the most appreciated of our play-wrights. There is not a bombastic thing in it, there is no problem involved, moral theory, or gallery play. But many are the problems of morality, kindness and human fun, just as much as there are in life itself to meet the search for underlying meaning and when you have seen it, you will come away with the one word on your lips—complete.

ZEMO is sold and guaranteed by druggists everywhere and in Wichita Falls by Miller Drug Store. (Adv.)

CITY RAPIDLY ONTROWING NEW POSTOFFICE BUILDING

Believed Present Structure Will Be Too Small Within Year or So—Rapid Increase

Within fifteen months after Wichita Falls' new postoffice was opened to the public the need for larger and more commodious quarters is already being felt and from present indications it is believed that this city will have entirely outgrown the new building within a year or two. When the building was designed, it was amply large for this city's needs there being then only 8000 people here. Since that time the city has almost doubled

in population and if the present rate of growth continues it will not be long until the pressing accommodations are entirely inadequate.

It is likely that the matter will be taken up again by the Chamber of Commerce which has already discussed it at one meeting, as by the time the official red tape has been unwound this city will probably have increased a great deal more. It would take two years at the earliest to get an appropriation through and there is little doubt that by that time larger quarters will be a decided necessity.

Belton—The city council of this place has ordered a bond election for March 21st for the purpose of voting on the issuance of \$25,000 worth of bonds. Of this amount \$20,000 is to be used for the building of a new high school an the remaining \$5,000 for the erection of a bridge over Nolan Creek.

IMPORTANT POINT ON BASEBALL MAP

KANSAS CITY AND INDIANAPOLIS TEAMS EXPECTED TO ARRIVE WEDNESDAY

MAKEUP OF TEAMS UNKNOWN

There May be Some Big Guns of Baseballdom Among the Players Coming

Wichita Falls will become an important point on the baseball map during this week with the arrival of the Kansas City and Indianapolis teams of the Federal League. The two clubs are expected Wednesday or Thursday and by the end of the week there will be from fifty to sixty players here, together with trainers, newspaper men, and others of the hotel.

Preparations for the visitors are about complete. The bath house is being installed at the City Park, while at the lake Manager St. Clair has both hotel and grounds in readiness for the arrival of the Kansas City team.

Pitchers Falkenburg and Muller and Catchers Harriett and Tetter of the Indianapolis team failed to work out yesterday morning on account of the norther, but were out for a short time yesterday afternoon. They are taking life with much ease around the ball park. Among the players to arrive this week there may be some more of the big guns of the baseball world as desperate bids are now being made by the Federal League for the services of those who made the tour of the far east during the winter. As yet these offers have not been accepted and it is still largely a matter of conjecture just who will comprise the two squads.

APRIL 17 DATE SET FOR EXECUTION OF FRANK

Condemned Man Protests Innocence and Declares He is Victim of Popular Clamor

By Associated Press. Atlanta, Ga., March 7.—Leo M. Frank was sentenced to death here today for the murder of Mary Phagan, a factory girl. His execution was set for April 17 the date of his thirtieth birthday. Frank was born in Paris, Texas, on April 17, 1884. Immediately after the decree of execution was read the condemned man made a brief statement to the court protesting his innocence. He spoke with composure, varying his tone of voice only to emphasize various points touched upon in his statement. In his statement, Frank charged that popular clamor for "blood sacrifice" has been responsible for his conviction. "Previous to and during my trial," he said, "gossip on the street carried vile, damning stories concerning me and my wife. From a public state of mind the jury that tried me was being organized with a few exceptions entered the minds of those twelve men and stole away their judicial frame of mind. The issue involved was law, but the poison of the unspeakable things took its place. But if the State wills that my life be taken as the atonement for the little child who was ruthlessly killed by another, then it remains for me only to die with whatever fortune my manhood may allow."

NEW WELL AT BURKBURNETT EXTENDS FIELD NORTHWARD

Corsicana Company Gets Small Producer More Than Mile in Advance of Production

An important extension in the Burk Burnett field was brought about during the week by the completion of the Corsicana Petroleum Company's No. 1 Scharner, where a ten barrel well was secured at 1610 feet with five feet of pay.

This well is one and a half miles north of Horton and Walker section of the field and widens the field to that extent. While the production is small for that depth the strike is considered important, indicating as it does that the pay sands extend that distance to the northward.

TWO NEW CANDIDATES ARE IN RACE FOR COUNCILMEN

Two new candidate, W. J. Bullock and Howard Hines have entered the race for aldermen, having filed their formal petitions with City Secretary McCarty. This makes seven aspirants for places on the board of aldermen, the entire present membership having announced for re-election. They are J. W. Bradley, J. T. Young, M. J. Gardner, J. A. Richolt and Dr. J. E. Reed.

Of the new candidates Mr. Hines is a real estate dealer, owning considerable downtown property. Mr. Bullock is at present deputy county clerk. He has been a member of the school board for several years, being president of that body and during the time he has served on the school board every school building in the city excepting one, has been constructed.

ELECTION OF OFFICERS OF LOYAL ORDER OF MOOSE.

P. A. P. A. C. McKee was unanimously re-elected dictator of the Moose Lodge Monday night, his election being by an unanimous vote. This will be his third term in that office in Rucker Lodge No. 1222 Loyal Order of Moose. This lodge is now the largest fraternal organization in the city having over a thousand members and has done much to advertise the city abroad. The lodge announces a big smoker on Sunday, March 15th when all members are requested to be present and to invite a friend to come with them. The regular meetings are held on the first and third Monday nights of each month on account of the carnival that opens under the auspices of the lodge on March 15th the regular meeting for that date will be held on the 15th at 2:30 p. m.

A military branch of the order is now being organized with a few exceptions will add much to its popularity. The following has been adopted as the organization of the order: When a stranger from another city comes along, let him who and what you are. Make it strong. No matter how long they stay, they are not to be invited to stay.

The Moose. The following were the officers elected Monday night's meeting: Dictator—F. S. Jones. Dictator—A. C. McKee. Vice Dictator—E. R. Jones. Secretary—J. P. Blanton. Treasurer—C. E. Blanton. Sergeant at Arms—C. M. Mann. Inner Guard—J. T. Reiche. Outer Guard—M. H. Ernest. Trustees—F. J. White, J. A. Prange, H. W. Tipton.

Physicians—Mrs. Lane, Mackechney, Conn, Daniels and Gaston.

101 RANCH PICTURE TO BE SHOWN AT EMPRESS MONDAY

Monday the New Empress will show a remarkable picture, "The Loyalty of a Savage," a story featuring Jim Millican, the popular ranchman of Oklahoma. The film was made at the Miller-101 Ranch. The story centers around a kidnapped child and an Indian who like the others of his tribe, "has long, long thoughts." He has been befriended by a family of white people and shows his gratitude by saving the kidnapped child. The winding of the lot makes a pretty story and affords opportunity for some very clever photography.

Get The Personal Touch

this particular advertisement can induce you to go to the nearest Mitchell dealer and take a ride in his demonstrator, then the object of the advertisement has been accomplished for we think the Personal Touch will sell the car.

No sensible twentieth-century man will buy anything direct from an advertisement. The real purpose of advertising is not to create a demand or make a sale but to create a desire to see the article advertised.

The claims we make for this car are so many and they will sound so bombastic and egotistical in print that we haven't the heart to inflict them on you. The only way to prove the car is by *Demonstration* and the only way to make a demonstration is to get you in the car and let you run it yourself.

Sitting at the wheel of the Mitchell you get the feel of the car. You will understand after you have run the car a mile or so just what we mean by superb mechanism, ease of control, prompt response and knowledge of power. You will understand without being told what we mean by sturdy build, engineering balance and proper distribution of strength and resistance to road strain. But no amount of advertising or printed matter can possibly make you understand or appreciate these features. You've got to see and feel to know.

Running the Mitchell yourself you will get the personal touch—you will know just what the action is whereas if you let someone else run it you will be accepting hearsay evidence. And we want you to know that it is a risky proceeding to invest a lot of money in an automobile looks good when it is running by you yet half of them will reveal coarse mechanism if you sit in the driver's seat and get the feel of the whole affair.

We welcome the personal demonstration. It leaves nothing whatever to chance. It's the only way to buy an automobile and the only way to sell one. If we were not absolutely sure of what the personal drive will do we would try the

advertising and the hot-air plan of sale. But this car has performed so admirably for every man who has bought one that we know what it will do for you. So see don't fear the personal touch.

Now then, if the personal demonstration pleases you if the car performs to your satisfaction and you are sure of its action, don't stay until you ask yourself this most important question: "Will the maker of this car live up to the moral responsibility that every honest manufacturer should feel and observe? What is there behind him to prove that he will?"

The answer of the Mitchell makers is this: "Eighty years of faithful service to the American Public—eighty years of telling the truth—eighty years of building honest merchandise and selling it close to cost." And to confirm this we have the evidence of 80,000 Mitchell owners who love the car as we love it—who love it for what it has done and what it can do—who love it for its hourly, monthly and yearly efficiency, its lasting qualities and its economy of maintenance.

The families that created this concern eighty years ago, own it yet. The reputation they gained half a century ago for decency and honor remains intact today. This is your guarantee of insurance. This is the undeniable asset that goes with every Mitchell car and makes your purchase an investment rather than a speculation.

No motor car is cheap. Noting in the form of a vehicle that costs over a thousand dollars is cheap. Some cheap cars are awful cheap and some are mighty expensive whether cheap in price or not. So that to get the full worth of your money and to be assured that you are not making a mistake, take the personal demonstration and ask who is behind the car that you are asked to buy.

Go to your nearest Mitchell dealer today and borrow his demonstrator for half an hour. Sit at the wheel yourself. See how it feels to drive a car that has the real quality in it. If there isn't a Mitchell dealer in your neighborhood, write us direct at once and we will find a way to give you this personal demonstration.

Here is the Equipment for all the Mitchell Models Which is Included in the List Prices:

MONDAY AND TUESDAY'S COMPARISON SALE

Compare values! We do! You should! Don't just stumble along, dropping in just any old place and spending your hard-earned money! Wake up! Compare values! It's a duty you owe yourself. Here's a good time to begin comparing. If we don't sell you cheaper—buy from the other fellow. If we do—buy here.

The only real judge of true values is comparison, so we repeat for emphasis—compare. Evidence of our supremacy in quality merchandise, and our ability to underprice others on the same grades of merchandise is only a matter of careful comparison—that's all—so compare.

Aside from these comparison values, special attention will be given Monday and Tuesday to the showing of New Spring Merchandise.

New Spring Dresses

Here is a splendid example of what we did by comparison. While in New York we kept our eyes open, watched the markets and were able to pick up a wonderful bargain in these, ladies' white embroidered crepe dresses that are actually worth almost double this price. **Monday only 3.98**

Full line of D. M. C. Thread in white and colors came in by Friday's express. Phone in your orders or hurry down town Monday.

PARIS GARTERS 19c
Another instance where you save six cents by reading just one line.

STICKERIE BRAIDS
Compare this value, all colors just arrived, offered special at 5c

Stetson Hats \$3.50

Now these hats are made by John B. Stetson and are what they call factory seconds and they won't put their names in them. They are all right and better hats than we can buy from others to sell at this price and are bargains at this price.

Men's Silk Four-in-Hand Ties 10c

And we are still making a small profit on them. It's true they are just as good as you can buy elsewhere at 25c and more, but we compared values, watched the markets and bought them cheap enough—that's it.

New Spring Gingham

We have just received a big shipment of new spring utility gingham, specially priced, per yard. **10c**

New Silk Dresses

We have them in too many styles to try to describe them. They are here in the new changeable taffeta, fancy faille silks, printed silk crepe and many other pretty styles shown first Monday and specially priced from \$6.50 up to **\$25.00**

New Table Padding

An extra heavy close quilted table felt will save you the price of the goods in just a few days in the way of protection to that new dining table, offered at a saving, per yard **85c**

New Curtain Draperies

We are almost tempted to say no matter what you want in this line we have it, but really we have a splendid line at 12 1/2c, 15c, 25c and **40c**

New Silk Petticoats

The new narrow styles, made of nice material, embroidery and ribbon trimmed, a special value worth comparing at **\$1.35**

New Hair Ribbons

We have been promising you these for several days and at last they are here in all styles and colors at 25c and **35c**

Ladies' Shoe Special

A chance to compare values again, a special lot of ladies' \$4.00 shoes in either black, patent, gun-metal or tans to close out **\$2.48**

NEW MUSLIN UNDERWEAR

We call your attention to the fact that we have just received a large shipment of muslin underwear that we now have checking and marking, getting ready to give you Monday and Tuesday some genuine White Sale Bargains.

Boys' Wash Suits

Just another instance where comparison enabled us to buy under price a big line of boys' wash suits in the very newest styles, just come in this week and specially priced at 65c, \$1.00, \$1.25 and **\$1.50**

Val Lace Special

And here you are again. Comparison did it. We bought over 10,000 yards of fine Val lace at a price that enables us to sell them, per yard **5c**

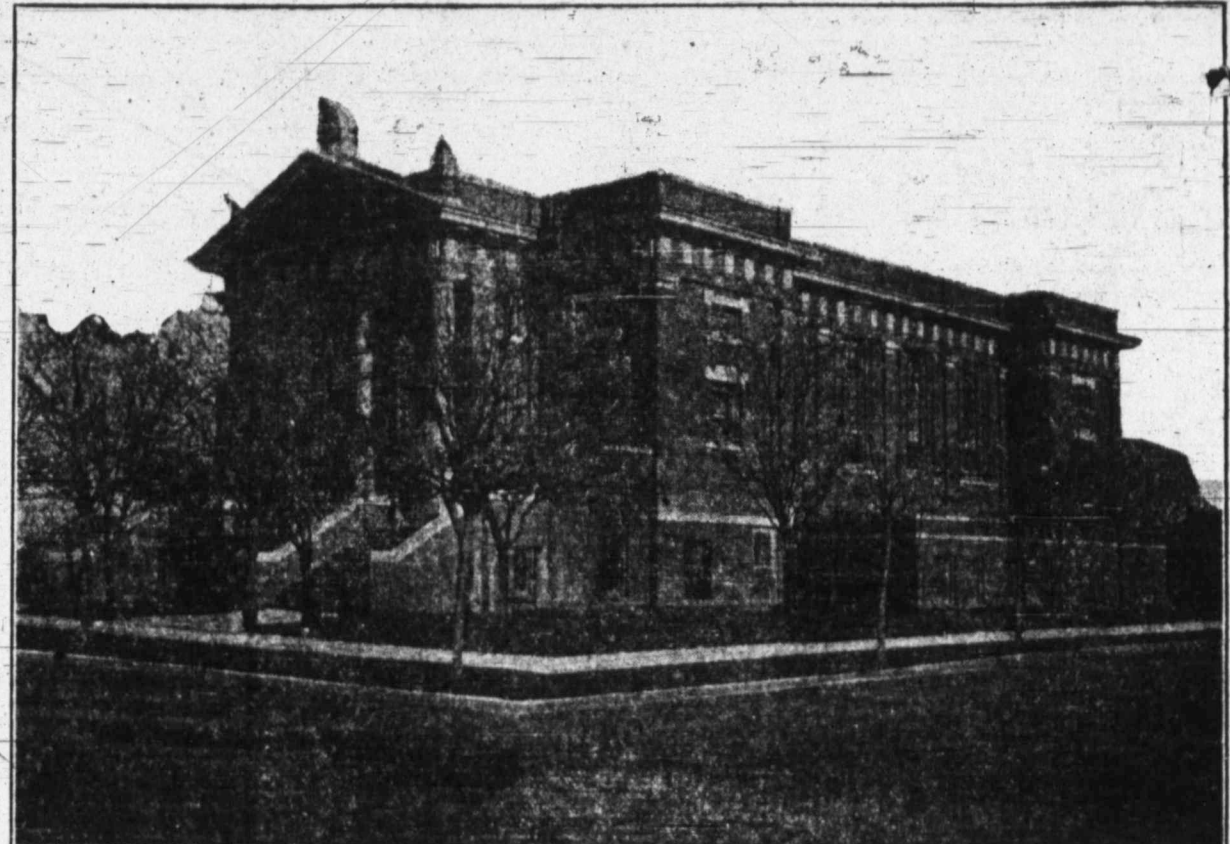

Ladies' Shoes Red Cross Shoe

Now here is just where we didn't keep our eyes open, however this happened last year. We didn't watch close enough and allowed our shoe department to get overloaded on small sizes and narrow lasts in ladies' fine shoes. Now many of these shoes were bought to sell at \$2.50, \$3.00 and \$4.00, but we have too many of them so have decided to close out the entire lot, all styles at **\$1.00**

Gingham Aprons at a Saving

By comparing values and knowing just when and where to buy we were lucky enough to get this fine assortment of all colors, styles and sizes in ladies' gingham aprons and give you a saving on every one of them. Specially priced at 25c, 35c and **\$1.00**

NEW FIRST PRESBYTERIAN CHURCH WHICH WILL BE OPENED TODAY

NEW PRESBYTERIAN CHURCH OPENING

FIRST SERVICES IN NEW FIRST PRESBYTERIAN CHURCH ARE TO BE HELD TODAY

IS A BEAUTIFUL STRUCTURE

Churches in Other Parts of Country Look To Building as a Model To Copy

Today promises to be memorable in local church annals, witnessing the dedication of one church and the formal opening of another. The first services will be held this morning in the new First Presbyterian Church at the corner of Tenth and Bluff streets and the opening sermon will be preached by Rev. J. W. Hill, pastor of the M. E. Church, South.

DR. J. L. MCKEE, Pastor First Presbyterian Church.

First Presbyterian Sunday School
The Sunday school of the First Presbyterian Church on last Sunday recorded the largest attendance in the history of the school. A still larger number is expected next Sunday. All who are planning to be present at the opening of the new church should remember to visit the Sunday school, too. Many school Presbyterians accustomed to church inactivity during the past months when the church was without a home of their own have not yet realized that a live Presbyterian school has been meeting in Sunday school parlors for some three or four weeks. Having entered upon a new era of its existence the school is wide awake and bids fair to discharge its share of duty so far as the moral and spiritual uplift of Wichita Falls is concerned. However, the school needs more workers. The sessions begin at 9:30 a. m. promptly. A devotional meeting of the teachers and officers is called for 9:15 this morning.
