## ENGLAND STILL FACING CRISIS

ALTHOUGH ASQUITH HOLDS UP  
PER HAND ARMY MUST BE  
RECKONED WITH

## DISRUPTION LIKELY

Wholesale Resignations of Officers  
Certain To Follow Withdrawal  
of Guarantees

### FIELD MARSHAL FILES RESIGNATION

London, March 26.—Field  
Marshal Sir John French, chief  
of the imperial general  
staff of the British army, re-  
signed his commission today  
on account of the Irish trouble.

### ANOTHER HIGH OFFICER RESIGNS.

By Associated Press.  
London, March 26.—A news  
agency today announced that not  
only Field Marshal French, but  
Adjutant General John Ewart had  
offered their resignations and  
that the government had refused  
to accept both. Field Mar-  
shal French is practically the  
head of the British army.

By Associated Press.  
London, March 26.—Although it  
was generally conceded today that  
Premier Asquith had regained the up-  
per hand in parliament, the govern-  
ment is by no means out of trouble.  
It has still to deal with the army of-  
ficers in Ireland under the new con-  
ditions established by the Premier's  
speech in the House of Commons  
yesterday. Brigadier General Gough  
declared that this will cause whole-  
sale resignations and the disruption  
of the army.

The Premier's speech won back  
not only the support of the Liberals,  
but of the Irish and the Labor mem-  
bers, by the stand he took in repudi-  
ating the army in Ireland that they  
might decide whether they would serve  
against the Ulster Unionists. It is  
now asserted that as soon as the gov-  
ernment formally withdraws the  
guarantees and the fact is commu-  
nicated to the army officers in Ireland  
that they will resign their  
commissions and it is asserted that  
their resignations will be "this time  
in earnest."

Brig. Gen. Gough in an interview  
said:

"If Premier Asquith withdraws the  
guarantees he will have to overthrow  
the army and the government will be  
faced practically with disruption of  
the entire army."

Asquith's statement.  
The cabinet Monday framed a gen-  
eral statement of the officers' position  
and duty under the law and Col. See-  
ley freely admitted that his error was  
in yielding to Gen. Gough's demand  
for a written assurance that the army  
would not be used to suppress the  
covenanters.

Premier Asquith's statement that  
the officers should return to duty un-  
conditionally, it is declared, were  
made in good faith, since he learned  
of Col. Seeley's amendments to the  
cabinet memorandum only yesterday  
afternoon. The prime minister made  
plain to the House of Commons that  
the government's position regarding the  
army, declaring he would not assent  
to the claim of any body of men in  
the service of the crown to demand  
assurances of what they would be  
required to do in circumstances  
which had not arisen.

Sir Edward said:  
"The government is prepared to use  
force to whatever extent is required  
to make the will of the country  
prevail. That is a contingency  
which can not arise for a long time  
and we will labor to avoid it."

Much of the debate in the House  
of Commons last night consisted of  
fury denunciations of the military  
aristocracy.

Government Members Placated.  
Government members were placated  
by yesterday's revelations, but  
there remains among radicals and  
Laborites a strong and outspoken dis-  
satisfaction with the whole affair.  
Many think the matter would have  
been allowed to rest except for the  
almost unanimous attacks by the  
Liberal press and boasters of the  
conservative press over what they  
speak of as Gen. Gough's victory.

All talk of a compromise on the  
home rule bill for the time is sus-  
pended. Conservatives hold that no  
promise is possible except on the  
unconditional exclusion of Ulster.

### L. C. C. ORDER NOT EFFEC- TIVE UNTIL JUNE 1.

By Associated Press.  
Washington, March 26.—The effec-  
tive date of the Interstate Commerce  
Commission order in the Shreveport  
rate case was postponed again today  
from April 1 until June 1. The case  
is pending before the supreme court  
on an appeal from the order of the  
commission and hence will not be-  
come effective.

## END CAME TO DELMA STEARMAN TODAY

YOUTH STABBED SATURDAY SUC-  
CUMBED TO PNEUMONIA  
THURSDAY

### CHARGE OF MURDER IS FILED

Ira Moore Will Probably Be Given  
Examining Trial Some Time  
This Week

Delma Stearman who was stabbed  
last Saturday evening near his home  
at the Holiday bridge died at 11:20  
this morning in a local sanitarium.  
Death was due to pneumonia, said to  
have been caused by the knife wound  
in his breast.

Following Stearman's death, the  
complaint against Ira Moore who was  
placed in jail following the cutting,  
was changed from assault to murder,  
to one of murder. He will probably  
have an examining trial this week.

Yesterday afternoon when it was  
evident that Stearman's death was a  
matter of only a few hours, County  
Attorney Dan Hoome visited him and  
secured an ante-mortem statement of  
the affair. Yesterday the young man,  
realizing that death was near, bade  
his relatives good bye and told them  
that he had made his peace with God  
and was ready to die.

Stearman, who is nineteen years  
old, received four wounds, two in  
the back, one in the abdomen and  
one in the breast. The wounds were  
received following an altercation with  
Ira Moore who was arrested shortly  
after the first. It was evident from  
the first that the wounded man's  
chances of recovery were scant and  
his unusual vitality delayed the end  
much longer than was expected.

Moore has been in jail since the  
tragedy, his examining trial being de-  
layed pending the definite outcome  
of Stearman's wounds.  
Stearman will be buried tomorrow  
afternoon, but the details have not  
been announced. He is survived by  
his parents and by two brothers and  
three sisters.

### SENATOR CLARKE IS RE- NOMINATED IN ARKANSAS

By Associated Press.  
Little Rock, Ark., March 26.—Prac-  
tically complete returns from yester-  
day's primary give United States  
Senator Clarke a majority of about  
10,000 over William S. Kirby, his op-  
ponent for renomination.

## SUMMER TEMPERATURES REGISTERED WEDNESDAY

Mercury Climbed to 82 in Afternoon  
and at Noon Today Thermom-  
eter Registered 74

A breath of real summer touched  
Wichita Falls yesterday afternoon,  
when the mercury climbed to the  
82 degree mark, the warmest  
weather of the present spring. The  
heat was moderated by a cool breeze,  
but was considerable more like June  
than March.

Today at noon the mercury stood  
at seventy-four with prospects of an-  
other warm afternoon.

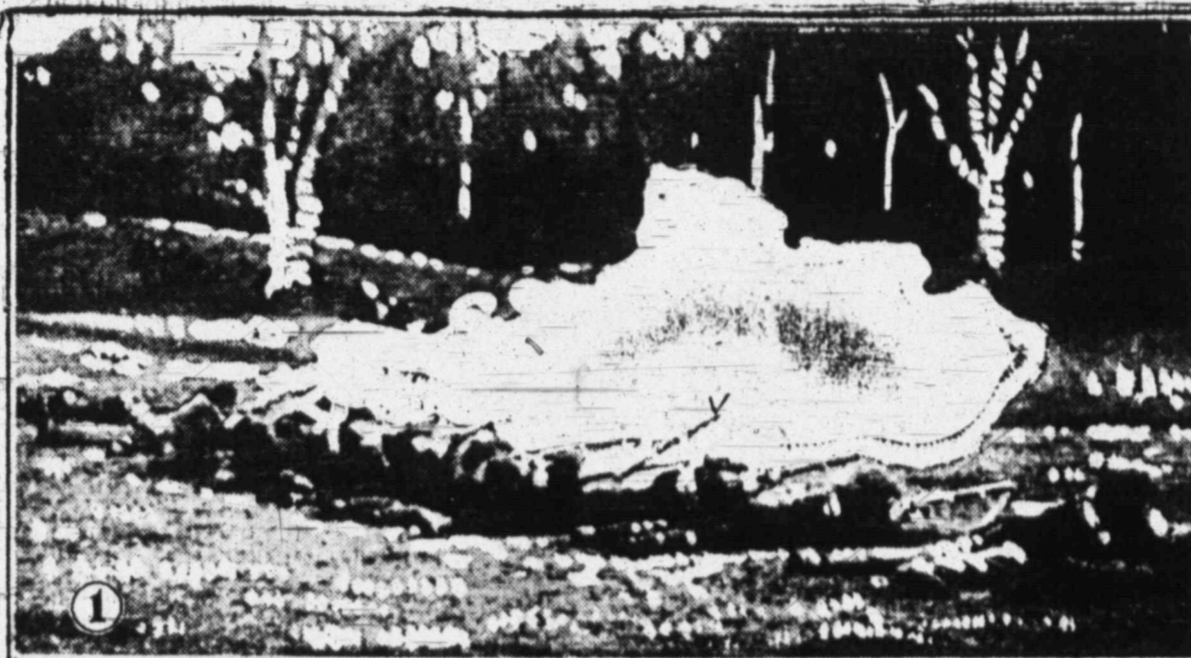

### \$6,000,000 AT ISSUE IN STRANGE OLD CLAIMS

Washington, March 26.—Six million  
dollars is at issue in twenty-six  
claims now being considered by the  
Great Britain in behalf of the Cayuga  
Indians resident in Canada. It is  
claimed that the ancestors of these  
aborigines were prior to the war of  
1812 deprived of their rights, which  
they had in a perpetual annuity of  
\$2,300 which the state of New York  
agreed to pay for lands ceded to it  
by the Cayuga nation. The petitions  
hold that since 1809 only American  
Cayugas have been paid the annuity.  
The amount claimed with interest,  
amounts to nearly \$1,000,000.

Among the American claims there  
is one by heirs of William Webster,  
who they claim, purchased lands in  
New Zealand from native chiefs  
about 70 years ago. Great Britain  
grabbed the property. It amounts to  
\$170,000. A similar amount is involv-  
ed in a like claim by one Studer, for  
concessions given by the Sultan  
of Johore which he was later de-  
prived of. The United States is re-  
presented in claims for the seizure by  
Canadian officials of American fishing  
vessels, and Great Britain in a coun-  
ter claim for vessels seized in Bering  
Sea by the United States. Great  
Britain is also pressing claims for  
cutting of the oceanic cables at Cien-  
fuegos, Cuba in 1896 and in Manila  
Bay during the Spanish-American war.

Kansas City Cash Grain.  
Kansas City, March 26.—Cash wheat  
No. 2 hard \$7 and 91; No. 2 red 91  
to 92. Corn No. 2 mixed 69 to 70.  
Oats No. 2 white 40.

## ULSTER VOLUNTEERS IN SHAM BATTLE THAT MAY BECOME REAL IF HOME RULE PASSES

1. ULSTER VOLUNTEERS PRACTICING FIRING IN FIELD. 2. ULSTER SOLDIERS TRAINING IN FIELD.

## THREE KILLED IN AUTO ACCIDENT AT DALLAS

Automobile Struck Pile of Gravel  
and Bounded Over Bluff Into  
Deep Draw

Dallas, Texas, March 26.—Two per-  
sons were killed instantly, another  
died immediately after reaching a  
hospital and three others were badly  
injured as a result of an automobile  
accident about two miles north of the  
city on the Maple avenue road at  
1:30 o'clock this morning. The au-  
tomobile was that of Dr. Samuel P.  
Tipton and the others were pas-  
sengers in the car when it leaped  
from the road at a sharp curve and  
dived forty feet downward into a ravine.

Dr. Tipton was killed instantly and  
Mrs. Katie M. Loving was dead. It  
is believed, before the car was at rest,  
William C. Loving, son of Mrs. Lov-  
ing, died a few minutes after reach-  
ing the Parkland Hospital.

The injured are Mrs. Hattie Cun-  
ningham, both arms broken above the  
elbow; Mrs. R. C. Boppington, left  
ankle broken and Jack Young of Stam-  
ford, believed to have received in-  
ternal injuries. Both of the injured  
women were badly bruised, are be-  
lieved to have suffered internal hurts  
and are said to be dangerously in-  
jured.

It is said that the automobile party  
left the city before midnight and  
that it was returning from an extend-  
ed run when the car struck a pile of  
gravel at the roadside, turned abruptly  
and bounded over the edge of the  
sharp bluff into the deep draw. The  
automobile was demolished. All the  
persons were pinned under the car.  
The cries of the wounded reached  
the roadway above and two automo-  
biles were stopped, their passengers  
went to the scene of the disaster and  
the wounded were rushed to the Park-  
land Hospital. The dead were brought  
to the city in undertakers' wagons.

At the hospital City Health Officer  
Dr. Albert W. Nash, assisted by Dr.  
C. E. Card of the hospital staff, gave  
attention to the injuries. Dr. J. H.  
Marshall, partner of Dr. Tipton, was  
reached by telephone and rushed to  
the hospital. Internist Dr. Royall  
Stacey from Emergency Hospital, was  
summoned to the Parkland corps.

### WORLD SENTIMENT FAVORS REPEAL

By Associated Press.  
Washington, March 26.—President  
Wilson declared today that with the  
South and Central American press  
protesting against the Panama toll  
exemption the entire world was  
unanimously in favor of the repeal.

## WEATHER FORECAST

Tonight and Friday unse-  
tled, probably rainy; colder.

## 300 MEXICAN SOLDIERS CROSS THE RIO GRANDE

They Will Not Return to Mexican  
Side But Will Work in Texas  
Orion Fields

By Associated Press.  
Laredo, Texas, March 26.—Rebel  
and federal Mexican prisoners who  
have been confined at Fort McIntosh  
since the battle at Pedras Negras  
were released last night by order of  
the war department.

About 300 federal fugitives from  
the battle of Guerrero reached Lare-  
do last night and this morning. Most  
of them announced they would not  
return to the Mexican side but would  
seek work in the onion fields of this  
section.

## THIS CITY BECOMES AN OBSERVATION POINT

Geodetic Engineer Establishes Monu-  
ment Here—Another Expert  
Here Recently

J. L. Green, an engineer of the  
United States Coast and Geodetic  
Survey, left this city today for Am-  
arillo after establishing a "geodetic  
monument" here. The monument was  
placed in the cemetery, being a sim-  
ple shaft of stone with a small plate  
showing the elevation above sea level.  
This is to be used in making surveys  
to establish the exact attitude and  
other data, and will be visited from  
time to time by government engi-  
neers.

H. M. Richards, representing the  
United States Geological Survey, was  
another expert here recently. He  
left Wichita Falls for points south,  
it is being his plan to make an in-  
spection of the new oil fields at Mo-  
ran and Brownwood. He expressed  
the opinion that the Electric field is  
part of an immense pool which cov-  
ers West Texas and of which the  
strikes at Moran and Brownwood are  
indications.

## REAL WEIGHT REDUCING EXERCISE FOR PLAYERS

Indianapolis Players Trot Out To  
Ball Park With Temperature  
Around 70 Degrees

Members of the Indianapolis base-  
ball team who have not been keep-  
ing down the proper weight re-  
during process today in the early  
afternoon with the mercury at sev-  
enty and some odd degrees, several  
of the team trotted to town from the  
city ball park a distance of over a  
mile and a half. Manager Phillips  
was among the number.

The fair weather of this week has  
enabled both teams to make up for  
the time they lost when it was cold  
last week and they are rounding into  
form rapidly. Plans are being made  
for another game Sunday. It will  
probably be played at the lake park.  
The Federal squad is now complete  
with the arrival yesterday of Outfield-  
er Hoos.

### VOLCANIC ERUPTION TO LOWER PRICE PUMICE.

Tokio, March 26.—A sharp drop in  
the pumice stone market may be ex-  
pected as soon as it was believed here  
today, as the pumice stones created  
by the eruption of Sakurajima are  
plentiful on the market. Since the  
eruption the gulf of Kogoshima has  
been covered by such a mass of  
floating pumice stone that naviga-  
tion has been difficult and many large  
masses of the useful stone have float-  
ed out to sea.

A few days ago a heavy rain on  
Sakura Island washed down huge  
masses of pumice stone from the side  
of the volcano and many of the vil-  
lagers who live on the island have  
quit farming and turned their atten-  
tion to the harvesting of the pumice  
stone which has been cast at their  
doors. One who is of a statistical  
turn of mind has estimated that the  
new pumice stone created by the  
Sakurajima eruption is enough to  
supply the world for ten years.

### MEXICANS MAY RETURN VERGAGA'S STOLEN HORSES

By Associated Press.  
Austin, Texas, March 2.—Adjutant  
General Hutchins was returned from  
Laredo and Eagle Pass where he has  
been in connection with the return by  
the Mexican authorities of horses al-  
leged to have been stolen by Clemente  
Vergaga. It is said the horses will be  
returned. General Hutchins would  
make no statement.

## CANAL TOLL REPEAL IS AGAIN DELAYED

CONFERENCE REPORT CALLED  
UP AND DEBATE IS POST-  
PONED

### PRESIDENT IN CONFERENCE

Is Told By Administration Leaders in  
House Repeal Will Have Ma-  
jority of Nearly 100

### WORLD SENTIMENT FAVORS REPEAL.

Washington, March 26.—  
President Wilson declared to-  
day that with the South and  
Central American press pro-  
testing against the Panama  
toll exemption the entire world  
was unanimously in favor of  
the repeal.

By Associated Press.  
Washington, March 26.—Democra-  
tic House leaders today advanced the  
idea of only fifteen hours debate on  
the Panama tolls exemption repeal.  
Such a provision in a special rule  
brought in today divides the time so  
as to give ten hours for those sup-  
porting the repeal to be controlled  
by Chairman Adamson of the com-  
merce committee, five hours for the  
Democratic members opposed to the  
repeal, four hours to the Republic-  
ans and one to the Progressives.

President Wilson Conferences.  
President Wilson conferred with  
several congressmen before the House  
convened. Representative Covington  
of Maryland and Bell of Georgia, who  
are helping line up the administration  
forces for the repeal told him there  
would be a majority for the passage  
of a special rule of at least 50 and  
about 75 or 100 for the adoption of  
the repeal amendment.

Consideration Again Delayed.  
Just as both sides were prepared  
for the beginning of the struggle to-  
day another delay set back the con-  
sideration of the canal tolls repeal.  
Although the rivers and harbors bill  
was in a direct line to be speedily  
finished to make place for the canal  
tolls repeal, Representative Fitzger-  
ald of New York, one of the Demo-  
cratic members opposed to the re-  
peal, brought out the conference re-  
port on the emergency appropriation  
bill. A conference report is always  
in order and placed the rivers and  
harbors bill which still has the right  
of way over the canal toll repeal  
back. To add to the delay the con-  
ference report took up the much dis-  
puted question over a provision for  
paying for the care at Fort Bliss of  
the Mexican refugees from Olinaga.  
That question almost precipitated a  
filibuster. The parliamentary ques-  
tions were such that the actual de-  
lay of the tolls question may be de-  
layed several days.

More Convicts Wanted  
On the Honor System

Smith County Asks Governor Colquitt  
For Fifty More Convicts To  
Work On Roads

By Associated Press.  
Austin, Texas, March 26.—Follow-  
ing the Linder, Smith county plan  
of working convicts on the county  
roads on the honor system, G. C.  
Reedy, member of the legislature from  
Smith county, was here today and  
filed an application with Governor  
Colquitt for fifty convicts to work  
the roads in the Tyler precinct.

Mr. Reedy has made an investiga-  
tion of the plan at Linder and be-  
lieves that it is the solution of the  
penitentiary problem. Other counties  
are watching the experiment closely  
and if it proves a success there will  
be many applicants for convicts.

## BULGARIA'S QUEEN WILL VISIT UNITED STATES

Queen Eleanor Will Be First European  
Reigning Queen To Visit This  
Country

By Associated Press.  
Sofia, Bulgaria, March 26.—Queen  
Eleanor of Bulgaria today announced  
that she would depart on her journey  
for the United States during the  
third week in May. She will be the  
first reigning queen to visit the United  
States. She intends to study Amer-  
ica's institutions and people, with a  
view of securing ideas for adoption in  
Bulgaria.

### MEXICO CITY REPORTS ANOTHER REBEL REPULSE

By Associated Press.  
Washington, March 26.—This mes-  
sage sent from Mexico City last night  
was received at the Mexican embassy  
here today:  
"Rebels once more routed and re-  
pulsed at Gomez Palacios with heavy  
losses while trying to enter Torreón."

## FIGHT IS ON AT TORREON

NEW REPORTS OF REBEL REPULSES  
STILL COME IN FROM  
MEXICO CITY

## NEWS IS INDEFINITE

One Report Says Federals Planning  
Offensive—Another That Artillery  
Duel On

With continued reports of re-  
bel repulses from Mexico City  
and the lack of definite news at  
Juarez the belief is growing that  
General Villa has met with a re-  
verse at Torreón and the success  
of the attack upon Torreón is in  
serious doubt. Little news of a  
definite nature additional to that  
published yesterday was received  
last night or today and what  
news has been received is little  
more than confirmation of yester-  
day's dispatches. It appears  
that Villa has met with unexpected  
and desperate resistance at  
Gomez Palacios and no doubt one  
of the hardest and cruellest bat-  
tles of the war is now being  
fought there.

SAYS FEDERALS PREPARING  
TO TAKE OFFENSIVE.

By Associated Press.  
El Paso, Texas, March 26.—That  
the rebels have been repulsed every-  
where they have taken the offensive  
at Gomez Palacios was the assertion  
today of Miguel Dietbold, consular  
representative here of the Mexican  
government. He exhibited messag-  
es from Mexico City as his authority  
for the statement. One message de-  
clared the rebels had not approach-  
ed Torreón proper but had their  
hands full at Gomez Palacios—three  
miles distant.

He asserted the federals were  
about to take the offensive and that  
for this purpose were sending out  
a flanking force against the rebels.

## ARTILLERY FIRE THROUGHOUT NIGHT.

By Associated Press.  
Juarez, March 26.—At noon an un-  
official report was received that an  
intermittent artillery duel was car-  
ried on at Gomez Palacios during the  
night. The dispatch did not state  
which side, if either, had the ad-  
vantage.

## FEELING OF PESSIMISM AT JUAREZ TODAY.

By Associated Press.  
Juarez, March 26.—An atmosphere  
of pessimistic anxiety enveloped con-  
stitutionalist headquarters here over  
the possible fall of General Villa and  
his 12,000 rebel soldiers. For two  
days no definite news has come from  
the front. Not a courier has pene-  
trated the desert between here and  
Chihuahua City.

## WASHINGTON IS WITHOUT DEFINITE NEWS OF FIGHTING

By Associated Press.  
Washington, March 26.—The state  
department has only a report from  
El Paso on the fighting at Torreón,  
saying that up to yesterday afternoon  
"results are still undetermined." Other  
dispatches report that there is no  
foundation for the report that five  
Americans in Coahuila had been exe-  
cuted.

Consul Garrett at Nuevo Laredo  
today reported that an American boy  
in Laredo was wounded in the cheek  
by a shot fired from the Mexican  
side.

### YOUTH SHOT BY MEXICAN ONLY SLIGHTLY HURT

By Associated Press.  
Laredo, Texas, March 26.—Francisco  
Arquilla, a Mexican boy, aged 15, was  
shot in the cheek Tuesday by a Mex-  
ican claimed to have been a federal  
soldier, but the wound was slight. Sev-  
eral boys were playing on an island  
in the Rio Grande near which a crowd  
of men were bathing on the Mexican  
side. The boy it is said, shouted at  
them in a contemptuous manner and  
one of the bathers fired, the bullet  
striking young Arquilla. The boy is  
proudly showing his wound today.

## NORTHWEST'S TELEPHONE TRUST IS DISSOLVED

Bell System Accepts Decree Restoring  
Competitive Conditions With-  
out a Fight

By Associated Press.  
Portland, Ore., March 26.—The so-  
called telephone trust by which the  
Bell system dominates the telephone  
lines of Washington, Oregon and  
Idaho was dissolved without a fight  
here today when a decree was ac-  
cepted by the telephone interests and  
conceding the government's demands.  
The decree makes specific plans  
for the restoration of competitive  
conditions in the Pacific Northwest.  
The Bell company will give up its  
holdings in certain competitive lines.

**WARNING AGAINST ANTI CONVENTION**

**RADFORD AND LEWIS ISSUE FINAL STATEMENT OF ATTITUDE OF UNION**

**STATE THEIR OBJECTIONS**

**Dove of Peace Cooling On Shoulders of City Business Men They Say**

Fort Worth, Texas, March 26.—We would not feel that we had fully performed our duty to the citizenship of Texas if we did not make a final statement of the attitude of the Farmers' Union toward the coming convention of so-called constructionists. We have two serious objections to the convention. First, it is undemocratic; second, it is a factional convention. The Terrill election law prescribes the manner in which nominees for the Democratic party, as well as all other parties, shall be chosen and the methods pursued by the prohibitionists and those adopted by the opposition is outwary and a crime against good government.

We do not see how a convention called for the purpose of defeating prohibition can be anything but an anti-prohibition movement, for an anti-convention by any other name is an anti-just-the-same. Factional issues madden men and those who contribute toward making factional strife paramount in this campaign deserve to be crushed at the polls. We believe it would be as impossible to keep liquor representatives out of that convention as it would be to keep a duck out of water, and the farmers will have nothing to do with any convention whose leaders represent or have represented special interests, liquor or otherwise.

Like the prohibition convention, it has no rights that voters are bound to respect. We are as much opposed to an anti-prohibition faction in this campaign as we are to a prohibition faction. In our opinion, no man as a candidate of any faction can be elected governor of Texas unless he should be the people of Texas are tired of factional strife and peace is the plowman's hope.

**Discretion the Better Part of Valor.** We realize how trying it must be upon anti leaders to engage in peaceful pursuits while the law is thrilled with the bay of the greyhounds of prohibition as they strike the trail and set politics to the music of the chase and we know full well the power of the bugle call of mighty hunters as they make the welkin ring, marshalling their forces for the contest and challenge to the brave to the test, but discretion is the better part of valor and there are things far more important in our public affairs today than scrambling over a bottle of booze.

**Be Not Deceived.** Let the farmers of Texas be not deceived by promises of either pro or anti agricultural legislation "after the scrap is over." No party organized for the chase ever did anything more than pursue the object of their wrath or pleasure and then divide the spoils and none ever will. No party or faction thereof organized to fight for or against prohibition ever plowed the fields, built factories or opened mines and none ever will. The prohibition question was here before we came and it will be here when we are gone. Like Tennyson's brook, it will run on and on forever; the final word will never be spoken. But it should not be permitted to perpetually torment the life of state. Let us have one administration of peace.

**A Peace That Surpasseth Understanding.** The Farmers' Union stands for peace and we want a peace that surpasseth the understanding of the politicians who feast upon the office of strife. Peace acquired by coercion, conquering another is not sufficient. We want a peace that contemplates the retirement of liquor warriors, both pro and anti, as well as the elimination of the liquor question from this campaign.

**Frightening the Dove of Peace.** We know of no spectacle more calculated to frighten the dove of peace than for an anti major-general to come striding up to the convention with his saddle bags filled with recommendations and nothing could more effectively point the crooked finger of suspicion at any candidate who might be selected than to have his name put forward by a man or men whose pockets are filled with plunder from the distilleries and whose occupation is that of sapping the lifeblood of the breweries. It is as if a cat were to spring upon the dove of peace.

Such an act would be an outrage against the peace of the commonwealth that could only be excelled in vulgarity by prohibition leaders fighting booze both in the big room and out, coming lame in the counter, felt molts of abjectness and making indecent exposures of ambition that shock the morals of society.

**Farmers Must Stand Together.** There is no use for a farmer to take part in a convention or series of conventions where his vote is not considered in the final count and responsible to their constituents is immoral and silences the voices of the people in the selection of candidates. We want to again urge the farmers to have nothing to do with the precinct, county and state Democratic conventions on April 4th, 6th and 14th, respectively, but to stand as a jury passing upon the platform and conduct of all candidates who offer for the July primary and select a governor freed from domination of special interests of whatever character.

The farmers of Texas, both pro and anti, must stand together in their efforts to secure peace, giving the prohibitionists and the anti-prohibitionists as a faction, identically the

same treatment. Peace can only be obtained by hurling bedeggerant pro-anti leaders down the precipice of obscurity and climbing obstreperous politicians into the dungeons of silence.

**The City Business Man's Problem.** With these few remarks, we leave the Fort Worth convention in the hands of the city men. There never was in the history of Texas, such an opportunity presented to smash machine rule and exterminate bossism as is now offered to the voters of this State and they can do it by withholding the Fort Worth convention with silence and placing business above politics in the July primary.

The dove of peace now sits cooing upon the shoulders of the city business man. Will he frighten it with prejudice and indifference or caress it with courage and wisdom? We shall see.

**A TEXAS WONDER**

The Texas Wonder cures kidney and bladder troubles, dissolves gravel, cures diabetes, weak and lame backs, rheumatism and all irregularities of the kidneys and bladder in both men and women. Regulates bladder troubles in children. If not sold by your druggist, will be sent by mail on receipt of \$1.00. One small bottle is two months' treatment and seldom fails to perfect a cure. Send for Texas Testimonials, Dr. E. W. Hall, 526 Olive St., St. Louis, Mo.—Sold by all druggists. (Adv.)

**JOAN OF ARC COMES TO EMPRESS FRIDAY**

The stupendous production, "Joan of Arc" is to be shown Friday at the Empress. Of this picture the Moving Picture News says, "Joan of Arc is a gigantic production in five parts and gives every evidence of being wonderfully accurate in the smallest details. A tremendous cast supports the action and there are no attempts to get the proper effects with cheap properties. It is a splendid production in every part."

A special musical program has been arranged to make "Joan of Arc" all that it should be.

WICHITA FALLS RECIPE.

Recipe For Sunshine Cake.

(By Mrs. J. C. Quinn) One cup of sugar, sift three times. One-third cup of flour with two-thirds teaspoon cream of tartar, sifted three times. Beat the whites of seven eggs until light, fold in the sifted sugar; to this add the well-beaten yolks of seven eggs, then add the flour, flavoring with vanilla. Bake in an ungreased pan from 3 to 45 minutes in a slow oven.

RECEPTION FOR NEW MEMBERS FIRST PRESBYTERIAN CHURCH.

Following the usual mid-week prayer service on Wednesday evening the Ladies Aid of the First Presbyterian Church entertained the church members—both old and new—with an informal reception in the church parlors. A program consisting of organ selections and vocal music was enjoyed. James D. Duncan, the latest arrival of the church, arrived at Mrs. C. Fred Thompson's home for an informal meeting of the ladies. At the conclusion of the program the congregation was invited to the Sunday school department, where the ladies served sandwiches, coffee and pickles and a social hour was enjoyed. A large number of the membership were present.

NEW IDEA CLUB MEETS WITH MRS. W. G. SHAW

Mrs. W. G. Shaw was hostess to the regular meeting of the New Idea Club—Wednesday afternoon. The time was spent in sewing and conversation and at the conclusion of the meeting the club members sent flowers to two of their number, Mrs. Charles Scott and Mrs. Peabody, who are ill. The hostess served delicious sandwiches, banana salad, coffee and cake late in the afternoon. Mr. Mitchell was the only guest, club members present being Mesdames Goodale, Simon, Carey, Long, Dobson and Dellis.

ART LITERATURE CLUB VISITS PICTURE SHOW

A matinee party to witness "Our Mutual Girl" on Wednesday afternoon made a decided innovation an welcome diversion to the usual afternoon of study sent by the Art Literature Club in their regular sessions. Mrs. H. L. Baker was hostess to the club on this occasion arranged for this pleasing treat. The club members met at her home and went from there to the Victoria Theatre where a section had been reserved for them. The pictures, especially "Our Mutual Girl" met with the decided approval of the ladies, and the show was very much enjoyed. After the show the party was conducted to the Candy Kitchen where there were served delicious tea cream with fresh strawberries and angel food cake. Art Literature Club members and additional guests enjoying Mrs. Baker's delightful hospitality were Mesdames Bear, Meredith, Leicham Stone, DeBerry, Blankenship, Nolan Robertson, Kerr, E. B. Smith, Bogging, Gebhart, Rountree, Harris, Little G. W. Filgo, E. O. Filgo, Silk, Entler, Carlthens, Cravens and Miss Jamison.

NEW CENTURY CLUB MEETS WITH MRS. R. C. SMITH

The New Century Club met in regular session Wednesday afternoon with Mrs. R. C. Smith. Roll call was answered with quotations from some play and Mrs. Whitney discussed in a very comprehensive manner, "The American Drama." "The Drama Declining" was the subject of a discussion by Mrs. Gardner and Mrs. Addicks had a paper on the interesting subject, "The Photo Play." Instrumental selections were given during the course of the afternoon by Misses Theresa Smith and Temple Thompson. The hostess served a delightful collation to the following members and guests: Mesdames Addicks, Adams, Barnard, Burnside, Grisham, Inest, Kelly, Lee, Lynch, Montgomery, McGregor, Watts, Whitney, Walker, Gardner, Harrington, Farris and Greenlease. Mrs. Greenlease, formerly a member of the New Century Club, announced that she would entertain the club next Wednesday afternoon at the home of Mrs. Burnside.

The members of the H. H. S. C. will be entertained Friday afternoon

MISS LUCY HUGGINS AT HER HOME 90 BLUFF.

FINE THIMBLE CLUB MEETS WITH MISS BERRY

Miss Marie Berry entertained the fine Thimble Club at its regular meeting on Wednesday afternoon. The usual routine of sewing and conversation was engaged in and a delightful refreshment course was served. Miss Blanche Berry was the guest of the afternoon. The members present were: Misses Mildred Harrington, Maurine Smith, Alice Jenne, Audrey Ferguson, Hallie Adams, Sale Addicks, Dorothy Warren, Minnie Watts and the hostess.

The Austin Mothers' Club will meet Friday afternoon at the Austin hotel at 4 o'clock. Important business will be discussed and all members are urged to be present.

HIN TRANSPARENT CURTAIN FOR SUMMER

Curtains too thin to shut out the sun, too filmy to catch summer dust, transparent to oppose a single summer hammer. Materials light in weight and light in color are a relief after the opaque and heavy fabrics of winter. When the cold weather makes it impossible to look upon dark-toned fabrics; for deep colors give a sense of warmth, and at night, when curtains are drawn, appear to close in the room with an air of intimate comfort.

Those who provide drapery fabrics have borne this fact well in mind in designing the curtain materials of this spring. Transparent and gauze-like, they scarcely screen the light at all, add their little designs of springs, dots of flowers and of geometric angles seen floating in a mist of soft light, says Vogue. Nottingham, though among the cheapest of lace, appears this spring in designs of charming daintiness, in both square and round mesh. Stripes, also, are shown, and give character to the sheer fabric. In the street of this season the squares have been altered to oblongs, which bring a novelty in effect and design without changing the general character. This flit net is a very practical material, for it can be cut in any line between the squares and will not ravel if left without hem or finish of any kind. Many inexpensive ones are also to be had which are bordered on either side with a narrow edge, so that they are practically ready to hand.

Chinese Landscape, Patterns

A pattern which is decidedly novel is the Chinese landscape. For some time this design has been familiar in hints and brocade, and now the makers of lace are reproducing the eccentric tree, the picturesque pagoda, the dragon in the misted dories. Those who seek novelties will find curtain materials which are both new and interesting in these qualities. Chinese designs which suggest the patterns of old willoware.

Oriental net is a very appropriate summer fabric as its sheerness and delicacy are scarcely surpassed in any other material. Plain bobbinet is one of the smartest materials, where the necessity for screening a room from the outside world requires that the curtains cover the window. It is appropriate for either long curtains or ash curtains, and may be finished all round with one of the narrow braids sold for the purpose. A plain hem fringe in the laundering; therefore the braid is desirable.

Scrim in its finest varieties masquerades as something newer, under the name of marquisette, and is very satisfactory because of its plain surface and its durability. It is shown now with pretty borders that obviate the necessity of sewing. It is to be had in a variety of stripes, which are usually a satin weave, with various patterns between them, or with a design in color, or a design carried out in the rough weave called madras. In some cases the border is woven of silk, which gives a satin effect especially pretty in contrast to the delicate, gauzy marquisette. Scrim is also woven in a variety of allover squares and stripes, all imitating various patterns of drawnwork.

Phone 1973 for any information regarding hats. Mrs. Olive Child, 517 Scott.

Protest Against Torturing Exiles St. Petersburg, March 25.—The recent sufferings of the political exiles at Narva have been made the subject of a formal protest to the minister of the interior by the labor group in the Duma. A letter describing conditions there says the exiles are in danger of starvation, their appeals to the government for relief remaining unheeded.

EVEN AT THAT THERE MUST BE SOME PLAY Washington, March 26.—Senator Martine of New Jersey, thinks the American people don't consider the balance of expenditures when they talk about the high cost of living. "Why, city people kick like steers at paying thirty cents a pound for a very good quality of butter, but they're perfectly willing to pay five dollars to hear Madame Somebody or Other sing," he asserted several days ago. "City folk spend more every year for amusements and travel than for food. The farmer doesn't get too much for his products and if he did, the city people would profit because the farmer is a good spender when he has the money."

Mrs. Tucker's Shortening

UNTIL this ideal shortening came on the market the trouble that most women experienced in cake making was not only to get the texture light, soft and palatable, but to make cake that would "keep." Lard and butter were at the bottom of the whole trouble. Cake made with lard is heavy, soggy and indigestible and loses its freshness. Butter, except a few kinds that could not be used for cooking, owing to their prohibitive prices, was not free from taint. Mrs. Tucker's Shortening is the direct answer to the housewife's demand for a pure, wholesome, economical cooking fat.

Makes Light, Soft Cake That Will Keep Fresh

Cakes that are rich and palatable, biscuits that will fairly make your mouth water with their delicious creaminess and lightness. Use this shortening for all cooking purposes. Order today—be sure you see Mrs. Tucker's picture on the can before you buy. 2-lb. to 30-lb. cans.

Editorial and Business Office, 167 Wichita Falls, Texas, March 23, 1914

We do not know how true it is, but the statement has been made and to our knowledge has not yet been contradicted, that the sheriff's office in some of the more densely populated counties of Texas, pay all the way from \$10,000 to \$25,000 annually, and that some justice of peace offices pay a greater compensation than the salary paid to the chief justice of the supreme court of Texas. If this is true, then the law should be changed, but this can never be done unless we elect men to serve in the legislature who are against the fee system.

Some unkind enemy of Clarence Ousley remarks that at the Dallas meeting, Sir Clarence insisted that it was no time for humming bird candidates for governor. It was time for a sure enough big man. And that, on the following Sunday, Sir Clarence, by offering for the place, declared in effect, "I am that man."—Denton Record and Chronicle.

Well, if Mr. Ousley made use of any such remarks, by his own act, he has now placed himself in the "humming bird" class. He has withdrawn from the contest. This will be a great disappointment, no doubt to a great majority of the Democrats of Texas. They owed Clarence something, and were dead anxious of an opportunity to give it to him. He seemed to have realized what it was that the "un-terrified" were anxious to hand him in the July Democratic primary and politely declined to give them the opportunity.

The fee system of compensating county officers for services rendered is a matter that should receive some thought at the hands of Democratic voters when making up their minds as to who shall be our next governor and members of our legislature. The Houston Post, in an editorial under the caption of "The Fee System Must Go," says in part:

"At this moment, the fee grabbers, both anti and pro, are the most active men in Texas, and they are trying to control the action of primaries and conventions in behalf of those from whom they expect to receive favorable consideration. If fee grabbers control the Fort Worth convention on April 14, no patriot need waste time attending it. An indorsement by a convention so controlled would not be worth the paper it is written upon. It would not be respected by broad minded citizens who have no interest in this campaign except the advancement of the instrumentalities of service and justice, and the promotion of the common welfare."

In another column of this paper will be found an article written by a thorough and practical farmer supporting and advocating voting bonds for the building of good roads. The Times would like to have other farmers give an expression of their views on this matter, whether in favor of or against the voting of bonds. It is a matter that all of us should be interested in. The Times believes the soil of Wichita county, when properly tilled, is as productive as the soil of any county in the state. For that reason it favors that a liberal amount of bonds for the building of good roads should be voted, but as to how large the issue shall be to start with is a question that even those who favor the proposition are divided on. Some favor an issue of \$500,000; others \$300,000, and still others for lesser amounts. Perhaps if the people interested in good roads will attend the good roads meeting to be held in this city on next Saturday afternoon, March 28th, they can come to a better understanding as to the amount of bond issue desired, and also learn from men who have had ex-

perience in road building the best way and kind of material to be used in the construction of good roads.

## A FARMER WRITES IN FAVOR OF GOOD ROADS

Editor Times:

As good roads are one of the great blessings to a community it is a mystery why any farmer can oppose a bond issue for good roads. Besides being a pleasure to ride over a good road, it adds greatly to the health and value of all property nearby. A good farmer at Burk Burnett said that he had lived here for thirty-five years and had never seen a time but that he could haul his produce to market over our roads.

It is not a question of "can we haul our produce to market," but how much cheaper and easier can we haul it. Of course we have all managed to haul over bad roads some way. If we could not haul a large load we could haul a small one.

The writer came to this country in 1890 from Kaufman county in a two-horse wagon, traveled over all kinds of roads, "sometimes under them," and had to get help to pull out from under the mud. I have farmed here ever since, have passed through sand storms and droughts, but my greatest trouble was in getting my produce to market. Some will say, we do not make much on the farm to haul, therefore, do not need any better roads. While we have some short crops, this country sometimes makes the finest and largest crops I have ever seen. Several years I have seen better than thirty bushels of wheat to the acre, sixty bushels of oats and a bale of cotton to the acre. In one of those good years the writer had to haul 6,000 bushels of wheat, 3,000 bushels of oats besides other crops. Owing to the bad roads 50 bushels of wheat was a good load for a team of mules. At that rate it would take one hand and team one hundred and twenty loads, or as many days of valuable time to haul these 5,000 bushels of wheat. Saying nothing about the other crops.

Suppose we had roads on the order that Tenth street now is, then hauling would be a pleasure and we could double the load and haul a crop to market in one-half the time, and less damage to the team, and no necessity for cuss words either.

A little boy in school was told to write an essay on "Public Roads" with 500 words. The little fellow described his road leading from his home to town, and told about his father going to town and buying an automobile and returning home bogged down in a mud hole. The teacher told him that was all right as far as it went, but he had used only 50 words and asked what about the other 150 words. "O!" said the boy, "that was what Pa said about his mud hole, and it wasn't fit to go in an essay."

A country is judged by its roads as well as towns and cities are judged by their streets. We have all seen the folly of working the roads by the "old time system," and know that if we do not tax ourselves, we will never have good roads. It is an erroneous idea to think that good roads are made by automobiles only, for they will benefit all alike from the auto down to the road cart, and no one more than the farmer. I have always been in favor of working the public roads by taxation, and it seems to me that the best thing we can do for our country and fellow man is to get together and vote at least \$200,000 bonds for our roads.

F. M. HULL

## BETWEEN SAVAGE AND TIGER AT THE NEW MAJESTIC

"Between Savage and Tiger" the second of the George Kleine productions will be shown at the New Majestic tomorrow afternoon and night. The principal players include several of the lines players who have already become popular in this country. Sig Anthony Novelli, who appears as Lieut. Ross, was the original Vintius in "Quo Vadis" and Marc Anthony in "Antony and Cleopatra." He is an actor of engaging personality and an evident sincerity that has won him many admirers. Leah Clanchi, who made such a sweet and pathetic Lygia in "Quo Vadis," plays the daughter of the chief of one of the wild tribes of India in this new production. She did not appear in "Antony and Cleopatra." However, there is such a vast difference between "Quo Vadis" and "Between Savage and Tiger." It very strongly demonstrates her versatility. In fact versatility is one of the predominant virtues of all the lines players. Sig Lupi, who played Aulus Plautus in "Quo Vadis" and Octavius in "Antony and Cleopatra" is cast for Tom, the boatswain in "Between Savage and Tiger." This story of adventure and romance in the wilds of India is said to be a thriller from beginning to end with a punch in every scene. "Between Savage and Tiger" will be at the Majestic Friday, March 27.

Constable Frank Burns, last night arrested a man charged with forgery. The prisoner is alleged to have passed a check for \$40, drawn on a Seymour bank, on George Davis of this city.

## AT THE MOVIES.

Victoria. "A Robust Romeo," a Keystone comedy, featuring the two great fun makers, Mabel Normand and Roscoe Arbuckle, the fat boy, "The Idler," a Romance drama, and the "Musical Weekly," with one other picture is the bill for today at the Victoria.

## Empress

A very attractive picture is showing today at the Empress, a story of the sea, that derives its interest from the attraction that the tragedian of the deep have on the imagination, and this interest is increased by the wonderful photography. "The Broken Barrier" tells the story of a brave sailor who has been shipwrecked on a desert island and mourned for his dead. After years he is rescued and returns to find his wife happily wedded to a former suitor. Here fate takes the life of a melodramatic climax the life of the former suitor is taken in an explosion so that the last barrier is broken and he happily joins his wife and child. This feature is in three parts.

## Gem

The Gem today is showing a two-part Lubin, featuring Romaine Fielding, "The Man from the West." Three good comedies complete the bill. In one of these "Three Pairs and a Cat" a feline plays quite an important part. "From Janitor to Artist" and a "Leak in the Water Pipe," both Lubins, are the two other pictures.

## Majestic

In the days when Herod the Great was king there lived in the city of David a rich young man who, wearied of the emptiness of life spent all his time in carousing and reveling. One night he was set upon by thieves, who beat him and robbed him of his wealth and then dragged him to the city walls and cast him out. Here some shepherds chanced upon him and their hearts being tender and full of compassion, they bound up his wounds and brought him to return to the fields with them, and held out hope to him that he might find peace in quiet and solitude. The young man went with them, shaking off the dust of the city streets, and it happened that one night as he watched beside the shepherd's flock, while the rest were sleeping, there was one star that shone out brighter than all the others, and the angel of the Lord came and stood before him and he was sore afraid. And the angel spoke to him, telling of the birth of the Babe who was to be Savior of the world. And he awakened, his companions, his heart filled with joy that he, the unworthy, had been received of the joyful tidings. And the shepherds came into the city and found Joseph and Mary and the Babe even as the angel had said. This is the story of "The First Christmas" that is to be seen today at the Majestic with Mary Fuller playing. Two other pictures complete the program.

Invigorating to the Pale and Sickly The Old Standard general strengthening tonic, GROVE'S TASTELESS CHILL TONIC, drives out Malaria, cures the blood, and builds up the system. A true Tonic. For adults and children. See

How To Grain In Mission. My mission-graining process gives the dull stained hardwood effect over varnished or painted woodwork, furniture, etc., without the expense of removing the old finish. Entire cost but 2c per square foot and any one can apply it. You can't realize how handsome a finish this makes until you see samples at the Wichita Hardware Co. CHI-NAMEL. (Adv't)

Fort Worth Livestock. Fort Worth, Texas, March 26.—Cattle receipts 2600. Market weak. Steers \$6.25 to \$7.40. Hog receipts 8000-ten cents lower and steady. Bulk of sales \$5.35 to \$5.60.

# 18c-- HAMS --18c

Do not pay 25c per pound for ham when you can buy it from NEWTON for seven cents per pound less. The brand is the same. Why not save a dollar, or don't you need it? This is good for Friday, Saturday and Monday only, because the price is less than the packers ask for hams. So get busy and supply your needs. Remember the grade and brand is exactly the same, and my price will be 20 cents after Monday. I also sell fifty pounds Compound Lard for \$4.45. Why not trade where you can save money? I sell for cash, to everybody alike, but you can easily see the difference if you will compare my prices with other grocers.

ANDERSON & PATTERSON, 646 Eighth Street, Wichita Falls, Texas

## Highland Heights Addition TO WICHITA FALLS, TEXAS

\$10 Down and \$5 per month; no interest; no taxes

The finest lots ever put on the market in the history of Wichita Falls on the installment plan. The street car line runs through these lots, with the town on one side and the factories on the other; lights, water and gas. The time will never come again when you can buy lots at the prices we are now offering them. Every Real Estate Firm in town will sell these lots.

### Why Not Own Your Own Home

Instead of a bundle of worthless rent receipts? Don't you want to own your own home? Don't you want a little place where the children and wife will know the roof over them belongs to them? Don't you have that feeling that sometimes in life creeps over every man—the desire to own some property all your own? Don't you want your own place where the little handy work you do in spare times goes to improve your home and not the landlords? A comfortable home with a comfortable porch, flowers, a garden, a few chickens and maybe a cow—that's living. There is not another word in the English language that means as much as that word H-O-M-E. Yes, you want it sir—the good wife wants it too. You both have a right to demand it. The question in your mind right now is

### Can We Pay For a Home?

Suppose I get sick and cannot meet my payments? The answer is this—if you get sick, we do not demand any payments until you are able to work again. No interest, no taxes, until paid for. The only thing to keep you from owning your own home is procrastination—that thing that makes us put things off. These lots are situated just beyond Floral Heights, gas water and lights, 5 cent street car fare to town, and right in the direction the town is growing. Between the factory district and town. They are bound to increase in price if the town keeps on growing and there isn't a shadow of a doubt in the mind of anybody but that the town will get larger every year. \$10.00 cash and \$5.00 per month buys one of these lots and the price runs from \$175.00 to \$350.00. Don't wait, call and see us at once, we can show you by automobile or street car. Remember, that every man, woman and child will pass right by your door some time this summer if you own one of these lots. These lots are close to School and Church.

The merchants of the city have been warned by the prevalence here of shoplifters and are on the alert. Yesterday afternoon a prominent dry goods firm was relieved in a mysterious manner of a new tango skirt worth about \$10. There is no clue to the lifter of the garment; however, it is safe to say the new "tangoist" will make no attempt to adorn her person with the new model while in Wichita Falls. Other instances of shoplifting of a minor nature here from time to time but apprehension of the perpetrators has been a problem.
Our ambulance free of charge to charity patients. Wichita Falls Undertaking Co., phone 202. 37 t/c
The "expert" rope-tiemer who fell down on an exhibition here about two weeks ago passed through here today en route to some point north. The fellow obtained permission from the city council to give an exhibition in the city, his proposition being that anybody would be permitted to tie him bodily with a strong rope and if he did not succeed in escaping from the meshes, all moneys collected and held in stake should be turned over to some charitable organization. With a hundred feet of his own belted rope, a bunch of cowmen hogtied him, knotted him, did the double-sailor, jimbomed his forecable, lashed him in mast bows and in short fixed him so that for almost three hours he struggled unsuccessfully with the strands. It was claimed that the expert was discovered lying on his back trying to see-saw the menaces with a piece of glass and the crowd jumped in and cut him loose. The "pot"—about \$8—was promptly delivered to the Salvation Army for future reference.
The Ronatch Mineral Water
Acts directly on the digestive organs of the stomach. Strengthening the kidneys and keeps the blood in fine condition. Good circulation is the only cure for constipation, rheumatism and the only way the system has to throw off germs that causes typhoid, smallpox and other loathsome diseases. Four years in the water business in Wichita Falls has taught us precaution during epidemics of loathsome diseases. We are not strangers in Wichita Falls. We have been here fifteen years and are here to stay. We have always met our obligations. We are equipped to furnish our trade with a clean wholesome vessel. And the best water in the state. Fall in line and share food health with us. Special attention given five gallon phone orders. Our wagon leaves the well at 7 a. m. and 2 p. m. Two trips daily except Sunday. Phone line 9001 ring 14. The Clothes declared Best by American Men are found at this Store

Fifty Nine Years of Knowing How
The Eagle Screams in Stein-Bloch Clothes
London hears it, and so do Glasgow and Edinburgh. In Berlin the sound has become quite familiar, and the refrain has been taken up in Australia, Porto Rico, Honolulu, Alaska and other places more or less distant.
Yes, Stein-Bloch Smart Clothes have earned the American sport into many of the world's oldest and greatest markets.
For five years this foreign demand for America's best men's clothes has been growing, and today has reached such proportions that the eagle cannot be blamed for screaming a bit about it.
Enough Stein-Bloch Smart Clothes are sent and sold abroad to keep one big clothes factory busy. And the total is bounding upward at a cheering rate.
Kings and lords' men may not wear them, but they appeal mightily to ordinary mortals—the civilized world over. Just one more example of the fact that a thing declared best by the greatest number of American men is wanted pretty much everywhere.
And so it may be said that in its avocation of foreign markets the Stein-Bloch Company has been more than a path-finder. It has been a patron.
Stein-Bloch
Rochester, N. Y. Chicago

EVER zealous in the interests of our patrons, ever watchful to give them the best in merchandise, this store takes pardonable pride in featuring the article printed here today.

In Stein-Bloch Smart garments we know we have the clothes American men want. Our business success proves this.

Glad to show you the clever patterns, the choice fabrics, in Spring styles as tailored by Stein-Bloch, for Men and Young Men.

# MAJESTIC THEATRE

Friday, March 27

One Day Only

Geo. Kleine (Producer of Quo Vadis) Presents another big production

## BETWEEN SAVAGE AND TIGER

Six Parts A MAGNIFICENT WILD ANIMAL SPECTACLE Six Parts

Taken in the jungles of India where we see the Wild Animals in their native haunts  
A PICTURE TEEMING WITH SENSATION AND THRILLS.

Children 10c; adults 15c; loge seats 25c

Kleine's Name Stands for Quality

A dweller in Atkinson, H. N., found frozen stiff a large cluster of flowers which had been placed in a closet for safe keeping. After being drawn from the ice, wrapped in a cloth and

placed in a dark place for several hours, they thawed out and kept fragrant for several days. The British Road Improvement Association has offered a prize of \$500 for an improved horse shoe which will

afford the animal a sound footing on the modern smooth pavements and at the same time minimize the amount of damage done to the roadway by the existing types of shoes.

### CORN ACREAGE WILL BE GREATLY REDUCED

Corn Crop Failures and Increased Acreage in Wheat and Other Crops Reason

A marked reduction in the acreage planted in corn is in prospect for Wichita county this year, according to reports from over the county. Recent failures of the corn crop in this section are given as the reason. Very little corn will be planted on the large farms, though the acreage in the Red River bottoms will be about the same as last year.

Some of the land planted in corn last year will be used this season for forage crops, such as kaffir corn and milo maize. Present indications are for an increase in the cotton acreage over last year.

### OTHER PETITIONS FILED WITH CITY SECRETARY

There Are Now Seven Candidates For Alderman—Time For Filing Expires This Week

Three petitions for candidates for city offices have been filed with City Secretary McCarty as follows: For chief of police—L. N. Jernigan. For chief of police—A. J. Humphris. For alderman—S. T. Taylor. This makes seven candidates for alderman; eight petitions have been filed but W. J. Bullock whose friends circulated a petition for him, served written notice that he would not be in the race. Messrs. Jernigan and Humphris announced for chief of police some time ago, but did not file their petitions until this week.

### ARSENIC IN BAKING POWDER CAN FATAL

W. W. HURLEY OF SEYMOUR IS DEAD AND MAN NAMED REDMON MAY DIE

### POISONING IN FOARD COUNTY

Mistake While Making Biscuits Fatally To One of Party of Men Killing Prairie Dogs

A mistake of arsenic for baking powder cost the life of W. W. Hurley of Seymour, father of R. M. Hurley, the barber of this city and will probably result in the death of a man named Redmon. The body of Hurley was brought through here this afternoon enroute from Crowell, near where the poisoning took place. The son accompanied his father's body from here to Seymour where the coroner will take place on the arrival of the train.

Mr. Hurley had contracted to kill prairie dogs on the Waggoner ranch which extends into Foard county. With two other men employed to assist him he camped on the ranch. Tuesday night the men came in to and Mr. Hurley it appears, made some biscuits. Arsenic used in poisoning the dogs had been kept in a baking powder can. In making biscuits Mr. Hurley used the contents from the wrong can for baking powder. He died Wednesday morning at about 10 o'clock. His father was still alive at a late hour last night with small hope for his recovery. The third man of the party seems to have escaped without harm.

Details of the affair further than these facts have not been learned. R. M. Hurley, son of the dead man, first learned of his father's death through a message received from a sister at Seymour. He later telephoned the undertaker at Crowell and gave instructions concerning the shipment of his father's body. It was sent to Chickochee over the Orient, thence here over the Denver and was transferred here to the Wichita Valley.

Mr. Hurley was 57 years old and had been a resident of Baylor county many years. He leaves a widow, four sons and a daughter. One of the sons lives in Oakland, Cal.

At the time of her husband's death Mrs. Hurley was visiting with a brother at Gore. She did not know of her husband's death until her son telephoned her from here. She was taken to Crowell in an automobile yesterday afternoon.

### QUICK RELIEF FOR STOMACH MISERY

Miona Will Put Your Sour, Gassy, Upset Stomach in Order

If you are a stomach sufferer do not despair—immediate, safe and sure relief is at hand. Miona Stomach Tablets, sold in fifty cent boxes at all drug stores, are a specific for out of order stomachs.

Miona is not only a quick digestive but a stimulant and strengthener of the stomach walls. It increases the flow of digestive fluids, soothes the irritated membrane and puts the stomach in shape to do the work nature intended.

If suffering with indigestion, dyspepsia, gastritis or any of the various forms of stomach misery, usually indicated by nervousness, distress after eating, headache, dizziness or sour stomach, do not wait, do not suffer needlessly—take Miona today. Footshee & Lynch sell it on money back if not satisfied plan. (Adv't)

### LAWTON PAPER'S REPORT OF A NEW OIL WELL

(Lawton Star) One hundred and thirty barrels of high grade oil was pumped from the well, which is owned by the Epstein company east of this city, in the first twelve hours pumping Sunday night. This means an average of over ten barrels per hour for that period of time. It is known, however, that the oil had been standing seven hundred feet in the casing before pumping operations were started. The pump was permitted to remain idle after the twelve hours work for a period of twelve hours, and it was expected to pump another twelve hours last night. With this method within a few days a fairly accurate knowledge may be acquired as to the productiveness of the hole.

All sorts of rumors were afloat Sunday night as to what the well was producing, many enthusiasts placing the production as high as five hundred barrels. Investigation Monday morning, however, by those interested in getting at the real facts, brought forth the above information.

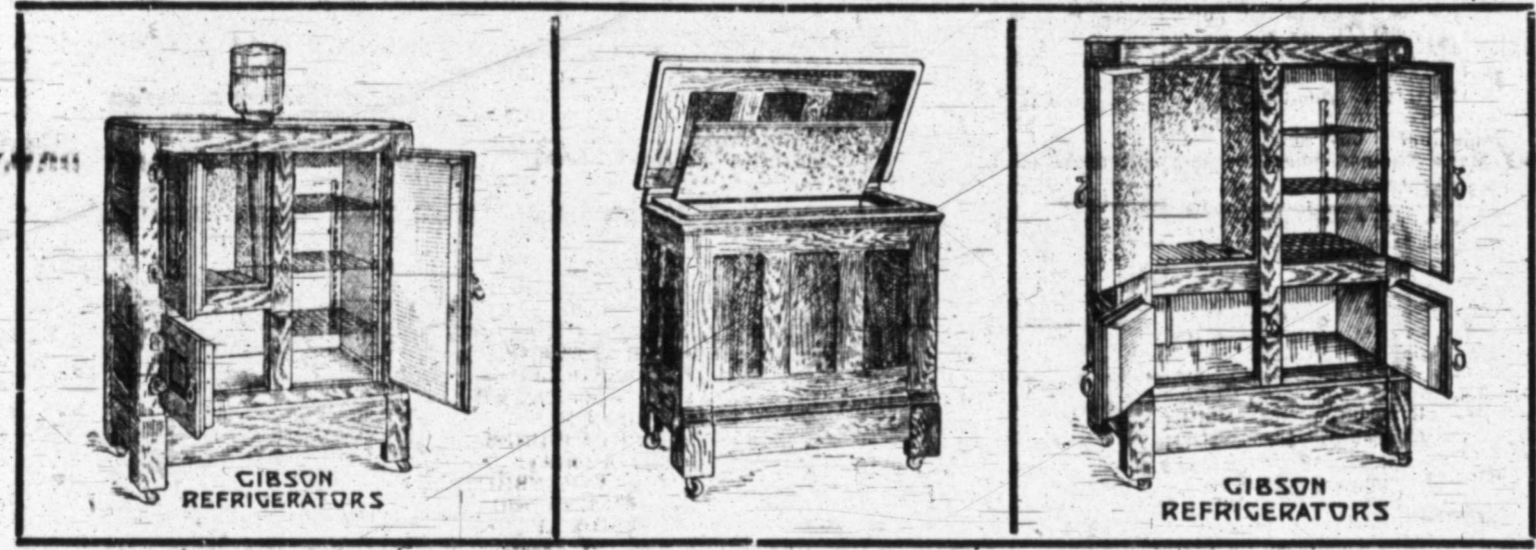

Is Fine Producer. That the well is to prove an excellent producer is already asserted. Oil men are of the confident opinion that the well will produce one hundred barrels daily, probably a little better. The oil is being pumped from the three sands and is of excellent quality. The product is all oil which is not intermingled with water to any degree whatever.

Sunday evening and all of Monday auto parties visited the well and enthusiasm runs high as it is believed the showing made by the Beddo well will satisfy operators that the field is a valuable one. If the field will develop one hundred barrel wells at a depth of 850 feet, which is the depth of the well in question, operators could ask nothing better. What lies farther down is of course unknown but is expected to be demonstrated shortly.

Must Now Be Solved. The question of finding an outlet for the product must now be faced. At the Beddo well there is tankage for probably 250 or 300 barrels. Two days pumping will see the tankage capacity exhausted. What plan is to be adopted remains yet to be decided upon.

# Solid Car Load of the Famous GIBSON REFRIGERATORS

Just Received. All New. None Carried Over.

ANOTHER year has rolled by and we again have the pleasure of submitting to you a new line of the "Famous Gibsons." Since last year many changes have taken place. One of which is the new method of construction, which makes them absolutely sanitary, durable and ice-saving. Easily taken apart and cleaned. Will keep your food cold and sweet in the hottest of weather and guaranteed to give perfect satisfaction or your money back.

36 Different Patterns of Refrigerators and Ice Chests From \$60.00 to \$5.75

Lined in "Porceloid," "Opalite," "One-Piece Porcelain" and "Galvanized Iron." All built of hard wood with double walls that are perfectly insulated. A positive dead air space is formed in all the walls with especially prepared non-conducting Felt or Charcoal Sheathing on each side of it, so that it is impossible for the outer air to penetrate the box. The corners also are solid, making them much stronger than others. In the "Gibson" the inner case is made of tasteless and odorless lumber and there is no wood exposed in any part of the inside of our refrigerators, and if you prefer buying a refrigerator that is well made, handsome in appearance, and when bought will be pleased with, you will consult your interests by looking over our line before you purchase.

## R. L. ROBERTS Real Estate

A fine lot, Floral Heights, well located, \$550; this is certainly a bargain. Good rooming-house propositions, right in business part. \$2 to 21 rooms, 450 to \$550 cash. Several other good rooming-house propositions, money makers, we would like to show you. Nice lot on car line \$225; \$29 down, \$5.00 per month. No interest, no taxes. Room, Old P. O. Bldg. Phone 367.

## It Only Takes From \$350 to \$750 To Own Your Own Home Under Our Building Proposition in Southland Addition.

To the first two buyers in each block in Southland Addition, who pay for the lot in cash, the Southland Addition will lend the amount of money needed to build your home and you can pay back the loan in monthly installments.

This is an unusual proposition to home builders and you will never get another chance like it after the required number of applications are filed. Every lot in Southland Addition on the market has sidewalks, sewerage, on or near high pressure water mains, car service, protective restrictions that will prevent abuses against adjoining property, and ideal location. Lots range in price from \$350 to \$750, 60x150 feet. Now is the time to get your choice of location.

## Bean & Gohlke, Agts. 617 Eighth Street Phone 358

## We Want You to See the RESTRICTED DISTRICT of Floral Heights

For a visit will convince you that it is the cheapest high-class restricted property in the city. There can be no other residence section like it. Consider its surroundings; it is ideally located, situated on the car line with the highest elevation between the city and Lake Wichita. All the beautiful, expensive homes for the next few years will be built here. Lots in the restricted district are very cheap and are sold in pairs. Think how beautiful it will be built up with fine homes and every owner having 100 feet front. You can make no mistake in buying and building your home in this district. Every convenience is right at your door—car every twelve minutes. Don't delay but come to our office today and let us show you some of these beautiful cheap lots before they are all gone.

## Floral Heights Realty Co'y.

604 Eighth Street A. L. HUEY, General Agent Phone 1478 Note: Remember the cheapest lots between the City and Lake Wichita are still in Floral Heights. We have beautiful east front lots for sale at \$300.00 each, one-third cash, balance on or before one and two years, 8 per cent interest.

"It Didn't Hurt!"

**Up-to-date Dentistry**

is a common expression of children who are brought here to have an aching tooth extracted. I take particular pains with children, and their parents know and appreciate it. My reputation embraces high-class and effective work in every branch of Dentistry, and my charges are based upon right and reason.

**Spring Is Here**

the season when the poet gets busy filling the printed page with rhythmic anent the singing birds, whispering zephyrs and babbling brooks. The angler gets out his tackle and hunts for a likely looking place to dig bait. The city farmer lugs home a load of thoroughbred garden seed from which he expects to glut the truck market with radishes that will no doubt cost him a dollar a piece. Barefooted boys, straw hats and sand storms mark the coming of Spring.

With the arrival of spring we have overhauled our big soda fountain. Our stock of pure fruits, pure fruit juices and syrups, the largest stock ever shipped to Wichita Falls is here. Everything is in ship shape. Our soda fountain man is a veteran of many summers and knows the fountain business as a sailor knows the sea. Our fountain department will please you as it has thousands of others in summers gone. Come and see.
