TENSE ATMOSPHERE IN TOLL REPEAL DEBATE

GREAT CROWD PACKS GALLERIES
TO HEAR SPEECHES ON
REPEAL

CLARK IS CHERED

Reference to Speaker and Presidency
Brings Outburst—Speaker Praises
President Wilson

By Associated Press.
Washington, March 31.—The greatest crowd that the House has in recent years jammed the galleries of the Chamber today to hear the final debate over the repeal of the Panama tolls exemption.

Just after daybreak when janitors were cleaning up the galleries they were amazed to find two women and a man seated for the long wait until noon.

"You will have to get out of here now or we will have to lock you in until the galleries are regularly opened at ten o'clock," the janitor said to the trio.

"Lock us in," said the waiting ones and locked in they were.

Atmosphere of Excitement.
In an atmosphere of tense excitement the struggle today was pressed to its last stage. On the program for speeches were Speaker Clark and Republican Leader Mann, both opposing the president and Representatives Sherley and Covington, for the administration. Administration supporters confidently claimed the repeal bill would pass by a majority of from 80 to 75.

When Representative Humphrey, Republican of Washington, declared "That but for an injustice the great and patriotic speaker of this House would be occupying the president's chair," the galleries joined the floor in a round of applause.

Representative Mann Speaks.
Republican Leader Mann told the House three questions were involved in repeal of the tolls exemption. They were the present and future rights under the treaty and the economic policy involved. He said the economic question might be changed at any time but a decision on treaty rights must be a lasting one. He maintained no treaty construction compelled the United States to charge the same tolls for its own ships or those of Panama as those levied on ships of other nations. He said:

"England's attempt to secure her construction of the treaty at this time is not for her present effect; it is for the long distant future. If we agree now to the English construction it is certain that in the future when we have a war with Japan or China or some other country, questions will arise in connection with the use of the canal, especially as to war vessels and in that time of contention of England, the present ally of Japan, or by some other country, that we have already construed the treaty in such a way that we cannot protect the canal without bringing a protest that will embarrass it not defeat us."

Speaker Clark Speaks.
Speaker Clark closing the debate against the repeal disappointed those who had expected him to attack President Wilson. He disclaimed any personal feeling on the question and declared he believed Mr. Wilson acted by the highest patriotic motives and that there was no breach in the Democratic party. He referred to the president's contention as the amazing request of the president for the repeal like unto peace of God that passed all understanding.

Mr. Clark rebuked some of the papers which have been discussing his possible candidacy for the presidency in 1916 and declared he had told all to whom he had spoken about the 1916 situation, that if the present administration were a success the president would be re-elected and if it were a failure the nomination would not be worth having.

The speaker insisted that he could be happy without the presidency, the speakership or even if retired to private life.

He declared he opposed the repeal because he did not believe in bolting the party platform.

The debate will close at 6 o'clock this evening and it is expected the vote will follow immediately.

VISCOUNT MORLEY TO STAY

President of Council Abandons His
Intention To Resign When Pres-
sure is Exerted

By Associated Press.
London, March 31.—Viscount Morley, of Glasburn, president of the council today abandoned his intention of resigning from the cabinet.

At the cabinet meeting today strong pressure was brought to bear on him not to add to the difficulties of the situation by giving up his office.

The establishment of a federal system of government for the British Isles was suggested in the House of Commons today by Sir Edward Grey as a solution of the problems now before the government.

The suggestion was received with great attention.

SCHOOL PUPILS HEAR SAFETY FIRST TALK

Mr. Kraus Delivered Instructive Ad-
dress at High School Monday
Afternoon

The "Safety First" movement that has become universal was the subject of a most interesting address given to the students of the high school yesterday afternoon. It was announced that Dr. Lipscomb, who is here with the demonstration car would speak but he was unable to fill the engagement. Mr. Kraus speaking instead.

Mr. Kraus' talk was directed along the lines of preventives and showed how the school children could help in the "Safety First" movement. Of the hundreds of thousands of people injured annually 9,000 of these are school children who are trespassing on railroad property, he said. Seventy-five per cent of the accidents are preventable and if laws were passed against trespassing on railroad property the number of accidents would be considerably lessened. The negligence and carelessness of the American railroads and general public about the railroad crossing and switch yards has been termed "The crime of the American Public." In foreign countries laws against trespassing that are stringently enforced serve to reduce the appalling death list to a minimum. "Safety First" societies are being formed in all of the larger cities with excellent results. The co-operation and aid of the school children will amount to a great deal.

The talk was enjoyed by the student body and was very profitable. Prof. Carpenter has been very fortunate in being able to secure a number of ministers, professional and business men to address the school from time to time on various subjects of the hour and the "Safety First" theme is one that every citizen is interested in and that all good citizens aid in promoting.

TO MARK SITE WHERE WASHINGTON WAS VICTOR

Trenton, N. J., March 31.—Twelve obelisks of granite will mark the route of Washington's movement around the British left at Trenton and thence to Princeton, one of the Revolution's most important strategic points. The Sons of the Revolution have let contracts for the erection of the markers which will be eight feet tall and set with the bronze legend: "Route of Washington's march by night from Trenton to Princeton and Victory, January 3, 1777. Erected 1914."

It is history that Lord Cornwallis retired on this memorable night and said: "We'll catch the old fox in the morning." However, in the morning Washington was at the rear of Cornwallis, ready to meet the British reinforcements coming from New Brunswick. This force was thrown into confusion and fled. Washington's little force was too exhausted to pursue the advantage and it retired to Morristown and went into winter quarters. The obelisks will be placed in position late in April or in early May. Some of them will stand in open fields while others will stand on the side of roads still in use. Eventually, the Sons of the Revolution will put up obelisks all the way to Morristown.

CHAMBER COMMERCE DIRECTORS MEETING

REQUEST FOR FINANCIAL AID TO
MOTHER JONES DEMONSTRATION
UP TO COMMITTEE

OTHER MATTERS TAKEN UP

Appropriation Made For Loving Cup
For Track Meet Wingers—Civic
League Thanked

Several matters received the attention of the directors of the Chamber of Commerce at their weekly session this morning. Frank Hoffman, who is promoting the plan for a "Mother Jones" demonstration in this city, outlined the scheme before the directors. He was referred to the entertainment committee. Mr. Hoffman wanted some financial aid from the organization for his plan, which he said would bring 10,000 labor union men and possibly 15,000 to this city.

Mr. Hoffman explained the purpose of the meeting, saying that even if the directors were not in sympathy with it, they should give it their support as a business proposition.

The directors made an appropriation to buy a loving cup, which will be the prize for the district track meet to be held in this city on April 14. Prof. Brandt of the high school asked that the organization put up the cup and his request was granted. The trophy will be given to the winning team, but one team must win it for three successive years before it becomes permanent property.

Civic League Thanked.
Judge Carrigan offered a resolution, which was unanimously adopted, as follows:

"Resolved, That the ladies of the Civic League be tendered a vote of thanks for their interest in and efforts in behalf of the city and county hospitals as the recent election; and also that the voters of the city and county generally be congratulated on the unselfish spirit manifested by their action in voting for said hospital bonds."

Mr. Bosen, recently of Amarillo, presented a plan for a special edition which was referred to the advertising committee.

At the request of Superintendent Carpenter, an appropriation was made to provide special street cars to convey the visiting teachers here next week on a ride through the factory district and out to Lake Wichita. The teachers will be here to attend the district convention and about 200 are expected.

T. A. Hilborn of the glove factory addressed the directors, expressing

his thanks at the treatment his concern had received at the hands of the organization and saying that he felt the business would be amply repaid. He invited the directors to visit his factory and adjournment was then taken, the directors going to the Hilburn plant.

Fort Worth, Texas, March 31.—Mrs. India King and Mrs. Arthur Florey were seriously injured when the splitting of a switch caused a northbound Rosen-Heights car to leave the tracks yesterday. Both were hurt about the head. Mrs. King sustained the fracture of three ribs.

Dallas, Texas, March 31.—Considerable damage by wind and lightning resulted in and around Dallas from yesterday's storm. The rainfall was 2.18 inches. The German Methodist church was struck by lightning but did not burn.

Dallas, Texas, March 31.—Judge W. F. Robertson, candidate for governor, is asking James F. Ferguson of the county to meet him in John debate.

CONCLUDING TESTIMONY RATE-ADVANCE HEARING

At Request of Railroad I. C. C. Will
Expedite Hearing and Give Early
Decision

By Associated Press.
Washington, March 31.—To facilitate consideration of the proposed advance in freight rates, Chairman Harlan announced that the Interstate Commerce Commission had decided to grant the request of the railroads to hear their concluding testimony today and Thursday. This request was made by V. P. Brownwell of the Erie Railroad who pointed out what he declared was the serious financial condition of the carriers which warranted them and the commission to expedite the hearing.

The commission had planned to head the final testimony the latter part of April.

Philadelphia Voting On \$12,900,000 Loan

Philadelphia, March 31.—Whether Philadelphia will receive funds for the monster improvements planned and which include a municipal art museum, a great boulevard through the heart of the city, a complete remodeling of the waterfront and other changes, is being decided today at a special election. Voters have been called on to pass today on a loan ordinance totaling \$12,900,000.

Knives

By Associated Press.
Santa Fe, N. M., March 31.—Twenty masked men early today took Adolfo Tadiello, charged with murdering his wife from the Santa Fe county jail to the nearest street corner and stabbed him repeatedly. They overpowered the jailor. They quietly dispersed leaving Tadiello in the street. He will die.

Charlie Ladd of Vernon and Ed Ladd and Robert Tittle of this city returned yesterday in an automobile from a few days trip to Mineral Wells.

REPORT RECEIVED AT JUAREZ SAYS VELASCO'S FORCES MAK- ING LAST STAND

SUCCESS IS NEAR

Absence of Official News From Tor-
reon Does Not Longer Cause
Anxiety at Juarez

By Associated Press.
Juarez, March 31.—Confidence in Villa's ultimate victory was restored among constitutional sympathizers here by receipts of semi-official reports that Villa's fighters had forced Velasco's army to its last stand in the general barracks at Torreon. Army officers here said they believed that the long drawn out battle of Torreon cannot last much longer. It is believed here the week's fighting has left the rebel army better provisioned both in arms and supplies than it has the federals.

RECEIVE TELEGRAMS FOR GOMEZ PALACIOS

By Associated Press.
Chihuahua, March 31.—While rebel officials are confident of ultimate success at Torreon they say the absence of reports indicated that General Villa was meeting with stubborn resistance.

The telegraph office here is accepting telegrams addressed to Gomez Palacios in care of General Villa but none addressed to newspaper men have been replied to.

BOTH ARMIES WORN OUT IN FIGHTING

By Associated Press.
Juarez, March 31.—Fighting continues at Torreon, according to information received by constitutionalist authorities here. No details were received. Rebel leaders claimed that the main battle for supremacy was fought last week at Gomez Palacios. The losses at Gomez Palacios were so heavy that neither side now is capable of repeating so determined a battle. In Torreon the fighting is said to be from building to building without any open charges. A story that reached Juarez from Torreon told how the federals might have routed the rebels in confusion if they had known how to follow up on their first advantage at Gomez Palacios.

FORWARD FINAL PAPERS NATL. BANK OF COMMERCE

The National Bank of Commerce, this city's newest financial institution, has now completed its organization, the final papers being forwarded to the controller recently. This bank has become a member of the reserve system.

Work is progressing steadily on the remodeling of the Ward building, where the new bank will have its quarters and it is expected to open for business there within a few weeks.

GOOD PROGRESS MADE ON HIGH SCHOOL ANNUAL

The staff of the high school annual is working hard, holding meetings every week or so. The material for the publication is coming in rapid and will soon be ready for the printer. The "Coyote" is the name of the Wichita Falls high school year magazine which takes the place of the last two monthly reviews. The seniors are in charge of the annual and expect to surpass all previous efforts made by other classes. All of the regular departments that go to make up a first class high school annual are included in "The Coyote" and the result will be one in which the entire student body will glory.

NEGRO WOMAN HANGED AT WAGONER BY A MOB

Dragged From Jail and Hung Up To
Telephone Pole—Man Killed

By Associated Press.
Muskegon, Okla., March 31.—Marie Scott, a Negro woman who Sunday night killed Lemuel Pace, a young white man, by driving a knife into his heart, was taken out of the Wagoner county jail early today and hanged to a telephone pole.

The mob was masked. It overpowered the jailor who was one armed, opened the cell, threw a rope over the woman's neck and dragged her out of jail.

The county attorney of Wagoner county has started an investigation to learn the identity of the masked men.

HOOSIER FEDERALS TO LEAVE TUESDAY

KANSAS CITY TEAM LEAVES ON WEDNESDAY OR THURSDAY FOLLOWING

LAST GAME HERE ON SUNDAY

Members of Two Teams Will Be Guests of Elks Club at Smoker Tonight

Next Tuesday, April 7 is the date set for the departure of the Indianapolis Federals for their trip home. It is expected that the Kansas City club will leave on Wednesday or Thursday of next week. Secretary Wilkins of the Indianapolis team has closed for five games on the trip home, the Hoosiers being due in St. Louis to open the season on April 16.

Tomorrow afternoon the Hoosiers will play the Wichita Falls high school team and the members of the latter are awaiting the game with eagerness. It will be their first public appearance of the season. The game will be played at the city stadium starting at 4 o'clock and an admission fee of twenty-five cents will be charged. The high school players hope at least to be able to score against the big leaguers.

Tonight both the Kansas City and Indianapolis players will be guests of the local lodge of Elks at festivities in the lodge rooms here. There will be a smoker and lunch and other things and a joyous occasion is anticipated. The Kansas City squad is due to reach home on April 11 when the players will be guests at a big banquet to be tendered by the fans.

The last exhibition game will be played next Sunday and it is probable that a game will be arranged for Friday also.

On their way home the Indianapolis players will stop at Shawnee, Oklahoma City, Muskogee and McAlester, Okla., and Joplin, Mo., arriving in St. Louis on April 15. They open the season at St. Louis on April 17.

MASONS COMPLETE PLANS FOR TEMPLE

WORK EXPECTED TO START ON THREE STORY STRUCTURE SOON

MEMBERS WILL LOAN \$10,000

When This Amount Is Pledged Lodge Will Be Ready To Start Work On Building

Monday night at a special meeting of the Masonic Lodge it was decided to erect a handsome Masonic Temple at the northeast corner of Tenth and Scott avenue, but before the contract is let it will be necessary for the lodge to raise the sum of \$10,000 as a loan from its members. More than half that amount was subscribed in amounts ranging from \$50 to \$100 at the meeting and a soliciting committee consisting of five members was appointed, each member of which is expected to raise \$1000 between this and April 10th and in the event the plan succeeds, work on the Temple will be started just as soon as it can be determined by the lodge whether to make it two or three stories.

The building committee recommended a 50x150 foot two story structure, the ground floor to be occupied by business houses and the second story as the home of the lodge, but the members of the lodge present on this occasion all favored adding the third story which in all probability will be done.

After the \$10,000 loan has been fully subscribed by the members, a sufficient sum is to be obtained to complete and furnish the Temple, replacing a loan on the structure and it is thought this can be done readily in the lot upon which the Temple is to be constructed is free of all encumbrances and this with the \$10,000 loan to be made by its members, it is thought, will make it so that a loan sufficient to complete the building can be readily obtained.

At the conclusion of the business meeting an elegant lunch was spread in the lodge room and several short addresses were made by the members and visitors.

The soliciting committee expects to succeed in securing the balance of the \$10,000 membership loan subscribed with but little trouble, as not more than one-half of the members of the lodge were present at last night's meeting, and it is thought necessary for 50-50, some of those who were present and subscribed to the loan will raise their subscriptions.

WARLIKE "BEN" TILLMAN IS WARLIKE NO LONGER

Washington, March 31.—"Pitchfork Ben" Tillman, erstwhile proponent of the arts of Mars, has become a non-combatant. He has abandoned the scorching strenuousness of the earlier days for the gentle art of exercise and living right. Gone is his love of battle that gave the general from South Carolina a picturesque reputation ten years ago. "Old Ben Tillman" as he styles himself, now has the gentle "art of living right" as his main hobby.

The senator told the Senate all about it the other day. He was discussing his resolution to prohibit smoking in the Senate chamber during executive sessions. Incidentally, he made one of the best little sermons on clean living that has been heard before. But it was a violent change from the Ben Tillman of yore who used to breathe fire and allude to his enemies as "a bunch of scoundrels" and "a bunch of scoundrels" as the senior South Carolina senator calmly and calmly enunciated his platform of health.

"Since my illness four years ago,"

he said, "I have learned more about the human body than in all the years of my life put together and I am sure I have discovered some of the secrets of nature. The pity of it is I had to ruin my health before I discovered these things and learned how to live rationally. Had I lived ten years ago as I am doing now, my health never would have broken down at all."

"I believe I could lengthen the life of every man in this chamber from six to fifteen years if I could only get them to believe what I tell them and follow my advice."

"I owe what degree of recovery I have made—and I am constantly being told I look a great deal better—and I know it is so—to will power and self-control in eating; the will power to exercise my muscles and nerves sufficiently to give them tone and keep the rust out of the joints, but the greatest health help to my health has come from the self-control which enables me to keep from eating things I ought not to."

"There is no doubt in my mind that the great mortality among senators is due to the way we live in Washington. The life here is indeed an arduous one; the mental strain is immense. There is a continuous succession of banquets, dinners and receptions. Automobiles and street cars are used by senators instead of walking and pure air and sunshine are things of which we get too little. There is no surer way to undermine the health than eating too much or eating irregularly."

"There is nothing more deadly than to breathe air that has already been breathed by others and thus robbed of its oxygen, besides being poisoned in other ways. The ventilation of this chamber is poor and when we increase its impurities by tobacco smoke, as is being done all the while, the air is very unwholesome and unhealthy."

The Senate agreed to abolish smoking during executive sessions. The non-smoking rule during open sessions has been in force for more than a dozen years.

Mary Francis Maxwell. Mrs. Mary Francis Maxwell was born in Illinois, July 12, 1844, was married to D. Maxwell, December 24, 1866 and departed this life March 27, 1914. She leaves a husband, one son and three grand children to mourn her loss, but they do not mourn as they have no hope. She was a worthy member of the church for over fifty years and had always lived a consistent Christian life. She was never heard to murmur or complain throughout all her illness but always had a kind word for all and a smile of appreciation for favors shown; was amiable, obliging and self-sacrificing. Truly her "inheritance here has been sweet. Blessed are the dead that die in the Lord, from henceforth rest, sayeth the Spirit, that they may rest from their labors and their works do follow them."

Things Worth While. These are the things worth while: The rainbow after rain; The peace that follows pain; The dew-dipped garden rose; The flower that by the wayside grows To claim an urchin's smile.

The little sacrifices made: The patient mother-love; The touch of little children's hands; And sweet affection's subtle bands.

The bright sunshine above; The song the robin sings; The chord of music that awakes; Yearning for nobler things; These and a trusting woman's love— In life are most worth while.

WICHITA FALLS RECIPE.

Recipe For Butter Scotch Pie.

Cook together three tablespoons of brown sugar and one heaping tablespoon of butter until the sugar is well dissolved, then set aside. Mix with two tablespoons of flour enough sweet milk to make a thin batter, add one and one-half cups of milk and the yolks of two eggs, add to the first mixture and cook in a double boiler until it is the proper consistency. Fill crust which has been baked separately with the mixture and top with a meringue made of the whites of two eggs.

(Recipes are solicited. Phone 1671 or send in Times office.)

J. M. NICKELL SURPRISED ON 49TH BIRTHDAY

A most enjoyable affair occurred at the home of Mr. and Mrs. J. M. Nickell of Thornberry Friday evening, in honor of Mr. Nickell's 49th birthday. Shortly after the arrival of the guests they were all busily partaking of a sumptuous old-fashioned turkey dinner. After due justice had been rendered to the dining table another surprise was accorded Mr. Nickell, this being a number of gifts heaped high on a table in the adjoining room. Those partaking of this delightful hospitality were: Mr. and Mrs. L. Nickell and son of Iowa Park; Mr. and Mrs. C. C. Nickell, Mr. and Mrs. Page and Miss Survelia Shultz of Wichita Falls; Mr. and Mrs. John Thorman, Mr. and Mrs. Godfrey and Miss Viola Nickell of Thornberry.

SOCIAL MEETING AT THE FIRST METHODIST CHURCH

The ladies of the First Methodist Church held their monthly social meeting Monday afternoon at the home of Mrs. W. G. Shaw, with a good number of the membership in attendance. The meeting was opened by the reading of the twenty-third chapter of Proverbs by the president, Mrs. G. W. Corkhill, followed by a prayer by Mrs. M. S. Cox. After a short business discussion the ladies enjoyed a very pleasant social hour. Delightful refreshments consisting of salad, wafers, coffee and cake were served. The entertainment committee for the afternoon was composed of Mesdames Shaw, C. A. Thornberry, Easton, J. E. Cox and Valentine.

GOOD SHEPHERD GUILD MET MONDAY AFTERNOON

The Guild of the Good Shepherd met Monday afternoon with Mrs. McElroy. In addition to other plans made during the business session, an Easter egg hunt for the children of the Sunday school was decided on to be given on Easter Monday. The next meeting will be with Mrs. Sammons and the election of officers for the next year will be in order. The members present at the meeting were: Mesdames Shutt, Gates, Warner, Fontaine, Byers, Shaw, Allen, Reed, McCullough, McElroy and McBurn.

YOUNG PEOPLE ENJOY OUTING AT LAKE WICHITA

Friday evening a number of young people under the chaperonage of Judge and Mrs. Carrigan and Miss Anier enjoyed an outing at Lake Wichita. A picnic supper and informal dance formed the chief amusements for the evening. Among those in the party were: Misses Helen Stone, Audrey Adickes, Pauline Ricbolt, Bernice Jackson, Bernice Lambus, Helen Hines, Ethel Bean, Thelma Kahn, Lillian Fain, Lillian Groves of Childress, Ruby Moore, Helen Eldred, Fannie Minter, Elizabeth Carrigan, Messrs. Dougan, Carrigan, Clossut, Stringer, Smith, Pond, Avis, Gillespie, Nolen, Jung, Nelson, Robertson, Hamlin and Earl Fain.

ENJOYABLE MEETING OF BAPTIST WOMANS ALLIANCE

The social meeting held Monday afternoon by the Baptist Womens Alliance to which all the women of the congregation were invited was quite a success. A very interesting program was carried out; the discussions and talks being very animated, a number taking part in the discussions and displaying much interest. At the conclusion of the program, a social hour was enjoyed and punch and cake was served. The program carried out was as follows: Song, selected; devotion led by Mrs. S. J. Clashey; welcome, Mrs. W. H. Davis; our general work, Mrs. J. A. Parrie; vocal solo, Miss Della Stone; discussion, enlistment and efficiency, led by Mrs. W. L. Robertson; piano solo, Mrs. R. Taylor; discussion led by Mrs. R. P. Watts; violin solo by Miss Bernice Jackson.

Some Excellent Meat Dishes That Are ..Cheap.

If you have an idea that veal loaf, beef loaf or chili is not too expensive, perhaps it is because you have not realized that you can use some of the cheaper meats in producing these dishes and still have as good quality and as thorough satisfaction as though you use some of the most expensive cuts.

Now, if you come and let me show you personally just what kind of meats can be used for these dishes and the different costs of them, I am sure that you'll find a pleasant surprise and that you'll be ready and glad to use some of these less expensive cuts in this way and thus save money.

In another column will be found the ballot to be voted at the city election on Tuesday, April 7, as compiled by the city secretary. The names of the various candidates were placed on the ballot in the order their respective applications were filed.

Will H. Mayes, lieutenant governor, has given it out that he will not be a candidate for that or any other office in the July primary, but at the expiration of his term of office will retire to private life, dividing his time between the conduct of his farm and newspaper.

Now that Terrell, Ousley, Willacy and Sparks have got out of the way, won't somebody please do a little boosting for Brother Jonathan Lane for governor? There are just odds of fellows in this grand old state who would take fully as much pleasure in making Brother Jonathan as they would in casting their ballot for their favorite candidate.

The Masons of this city are determined to have a handsome Masonic Temple, and if their plan succeeds which now seems certain a handsome three-story structure 50x150 feet will adorn their lot at the northeast corner of Tenth and Scott before the end of this year.

There is still a demand for office rooms in Wichita Falls. Three years ago when the Kemp & Kell office building was constructed those who then had two and three story buildings feared they would be without tenants for the upper floors. But such is not the case. More than a dozen two and three story structures have been constructed since that time, and several are now going up. All that have been completed are occupied, and those under construction, in most instances, were leased before work on them was started. This is substantial evidence of the growth of Wichita Falls, and there is not better or safer investment than Wichita Falls real estate.

WILSON'S ATTITUDE IS SIMPLE HONESTY

The clause in our treaty with England covering the building of the Panama canal reads as follows: "The canal shall be free and open to the vessels of commerce and of all Nations on terms of entire equality, so that there shall be no discrimination against any such Nation or its citizens or subjects in respect of the conditions or charges of traffic or otherwise."

The clause in the law we passed concerning tolls in the Panama Canal reads as follows: "No tolls shall be levied upon vessels in the coastwise trade of the United States." Any person able to understand the English language who reads these two clauses and then refuses to admit that we are in the wrong proclaims thereby his own personal moral status. No statesman, was ever on stronger ground than Wilson is in the matter of canal tolls.—Collier's Weekly.

Good roads, to be sure, do not make farm lands more productive. It is also a fact that the construction of good roads means increased taxation. But the fact remains that the building of good roads increases farm land values far more than the amount of tax money that is required to construct them. This can be verified by going to the counties that have voted bonds for the construction of good roads and making inquiry as to the price of farm lands before the bonds were voted, and compare them with the prices that the same lands

are now being sold for when owners will consent to part with them at all. No owner of farm lands located in any county that has so far voted bonds for the construction of good roads has yet been heard of who has parted with his holdings and gave as his reason for doing so that of high taxes, or because his neighbors had voted bonds to build good roads. The farm lands of Wichita county are as productive of crops as that of any county in the state, the only drawback being that the rainfall is not quite so heavy in this part of the state as in others. There are those who are engaged in farming and at the same time claim that the farmers do not make anything above a living needs no contradiction further than to cite them to dozens of Wichita county farmers who came to this county with little, and now have accumulated small fortunes. And they have accomplished this by farming, engaging in no other line of business. Wichita county is one of the best endites in the state, and according to population is one of the richest, and by far the greatest asset the county has are its rich and fertile farm lands. But the county needs a hundred miles or so of goods roads, and if the roads are constructed the farming population will double in the next five years, and farm land values will do likewise.

YOUNG FARMER FAVORS GOOD ROADS

Editor of Times: I see much about good roads in the papers. Is it a fact that there are lots of farmers opposed to good roads? Or is it the bond issue that scares? Or has those few figured the cost and not given the matter close study?

I am a farmer young in age, but I believe good roads are as necessary to my success, as the paved streets are to the city's business men, and I believe in paying the costs. I have put on four horses many times to a two horse load and was afraid almost to get out of the rats in passing others for fear of sticking up. With poor roads we are compelled to double horsepower, use more feed, keep longer hours or double time that is valuable, get in late and eat cold suppers in order to market our produce. Men who live ten and fifteen miles out of town are often compelled to stay at home with an attack of restlessness, when if it were not for the frog pond roads, they would be delivering that wheat, cotton and such on which the time limit has nearly expired, at good prices. One of our farmer friends has truly said: "It's not prizes we want but prices, or better markets, etc. I think in line with this. We need better roads to our markets, so we can deliver the goods cheaper, at the right time and in better shape, getting more for our produce with enough less expense to pay a good sized road bond."

Now, Young Farmer will not ask too much space to explain all points why farmers should vote road bonds, as most of them already know. Nor do I believe in "chewing the rag" with any one, but I would like for any farmer to give a good reason for opposing a road bond to build good roads. If good roads are such costly luxuries to vote down, why do counties who have tried it, say it is good? If you won't be more than paid by increased values of property, why not? City men and experts would not boost good roads to burden the farmer. When we're hurt all classes suffer. Think about it, most all will go to the bank and borrow to buy land, hogs, mules, etc. Why? Because there is money in it. There is money in voting road bonds. If our city brother gives his aid and good roads

helps him it will doubly help the farmer, the captain of all industries. Respectfully, A YOUNG FARMER.

PROPOSES SPECIAL TAX

Editor Times: As good roads seem to be the paramount issue just at present in Wichita county, and you have opened the way for the opinions of the taxpayers to be expressed upon this problem, I am going to take my little say. In the first place I do favor bond issues only when circumstances make it impossible to accomplish the object in any other way. Secondly, I am in favor of building up our roads by a system of taxation. Thirdly, I favor doing the work by contract instead of by convict.

I consider our present road laws a scandal on the legislature that passed it and a shame and disgrace upon us, to cite them to dozens of Wichita county farmers who came to this county with little, and now have accumulated small fortunes. And they have accomplished this by farming, engaging in no other line of business. Wichita county is one of the best endites in the state, and according to population is one of the richest, and by far the greatest asset the county has are its rich and fertile farm lands. But the county needs a hundred miles or so of goods roads, and if the roads are constructed the farming population will double in the next five years, and farm land values will do likewise.

innumerable have been the good roads conventions and the good roads talks during the last decade, and good roads laws enacted by the wagon load and money spent by the car load, and what is there to show for all this time and energy? Most all those who tell you of good roads and how to build them are men of no or but very limited experience. Their theories are weak when put to a test and their practice is useless. Thus here we have a waste of hard earned wealth that is going from day to day impossible to compute. Would it ever dawn upon those lights that want to shine in the good roads conventions, that good roads legislation, recommending more good roads laws, that about all the road laws now in force could be chucked in a single mudhole and there they would do more good than elsewhere?

A Plan Outlined Now I will attempt to outline the plan that has made itself most popular in every place it has been tried. First, we must win the faith of the people by appealing to their better instincts and show to them that a small outlay upon each mile of road that good results may be obtained and benefits derived in equality thereby to the many farms and farmers for it is to this latter class of people that the subject should be of more than passing interest. Now suppose we proposed to levy a 20c tax upon the \$100 assessed valuation of all property for road purposes with the avowed and distinct understanding that the taxes thus derived is to be expended upon the roads say at the rate of \$65 per mile for grading. By this process sooner or later not more than three years every mile of road in the county can have been graded, thus each

and every farmer can have a better road over which to haul his grain to market. I agree with Mr. Hull of Burkhardt that good roads are no more or at least should not be for the autos than they are for the man with the big wagon or the wife with the horse and buggy. But it seems to us that the parties including the county judge want to make a special pike for this special class of autoists. We see ramblings of what it will be and what we can expect every time we make a trip from Iowa Park to Burkhardt or Wichita Falls. Almost all those driving autos or motorcycles are breakers of the law, who utterly disregard the

Mrs. Tucker's Shortening THE fat you use for cooking can make or mar the whole meal. Lard is too greasy and indigestible and often imparts an undesirable taste. The cost of butter of dependable quality makes it prohibitive for cooking purposes. Most women are abandoning both lard and butter for Mrs. Tucker's Shortening because it is pure, wholesome, economical, highly digestible. It never varies—is always fresh—lacks lard greasiness—has butter richness. Fries meats, fish, potatoes, etc., to a fine, crisp brown. Most economical, too; you use less of this shortening. It has

4000 RAILROAD TARIFFS SUSPENDED BY I. C. C.

By Associated Press
Washington, March 31.—All new tariffs filed by railroads making allowances for industrial lines were suspended by the Interstate Commerce Commission until July with the exception of those affecting the United States Steel Corporation and other iron and steel companies, which were permitted to stand. About 4000 tariffs were suspended. They would have become effective at midnight and were submitted in compliance with the commission's order in which it was held that allowances and divisions of rates made by trunk lines with certain industrial railways were rebates and should be suspended. Only those industries which have not had their day in court were granted a suspension of the tariff affecting them.

BARTLESVILLE NITROGLYCERIN WAREHOUSE BLOWS UP

Bartlesville, Okla., March 31.—Six hundred quarts of nitroglycerin stored in the plant of the Eastern Torpedo Company, three miles south of here, exploded and wrecked the entire plant Monday morning. A hole 40x75 feet and ten-feet deep was blown in the ground, and stones weighing several tons were hurled more than half a mile. Three men narrowly escaped death by escaping from the plant a few moments before the explosion. The loss of the company was placed at \$5,000. There is only the hole in the

HEAVIER RAINS IN PARTS OF COUNTY

PRECIPITATION IN NORTHERN AND WESTERN PARTS OF COUNTY HEAVIEST

SHOWERS IN ALL DIRECTIONS

Wheat Flourishing and Pastures Are Starting to Grow—Farmers Are Optimistic

While less than two inches of rain has fallen in Wichita Falls during the past week, the northern and western parts of the county and the neighboring counties have received considerably more, according to information received here. Heavy rains have fallen at Burkburnett, Electra, Byers, Petrolia, Archer City and at many points in Wilbarger county. There were light showers locally today and yesterday.

Wheat is said to be in an unusually thriving condition and if it is not bothered by insect pests, is assured of a crop. The sunless, damp weather that has prevailed today and Monday has been very beneficial. Reports from the oat crop are not as encouraging as those from the wheat farmers.

Archer county has received some good rains recently, the northern part of the county getting heavy showers Sunday and yesterday. Burkburnett, which did not share in the first rains of last week, has been liberally visited by the later showers.

Showers Monday extended all the way from Abilene to Red River.

A CHANCE TO SEE YOUR BABY IN MOTION PICTURES

Picture Will Be Taken at Majestic Wednesday Afternoon—Taking Pictures Here

If you have got a baby and want to see him or her in a moving picture, go to the Majestic Theatre tomorrow afternoon and take the baby with you. Manager Berry has made arrangements to take a motion picture of all the babies present and the film will later be shown on the screen at the Majestic and probably at the Lybia Theatre also. The baby picture will be taken at 4 o'clock sharp.

The pictures are the work of the Bell Motion Picture Co., of Chicago, and the work is in charge of Mr. Bell and Mr. H. Treble, assisted by a corps of three other artists. In addition to the baby picture, scenes of interest about the city, including the principal streets, buildings, churches, schools and the lake will be taken. The schools will be taken while the scholars are leaving the building either at noon or at the closing hours. It is also planned for an exhibition drill of the fire department with a view of the fire boys in action.

The Bell Company will be here for a week or more and will develop and print the pictures here and show them while the makers are on the ground to remedy or replace any defects.

Messrs. Wren and Berry have brought the company here at their own expense for the purpose of interesting the people in the making of motion pictures as well as showing them.

Religion Basis Element In The Ulster Uprising

The opposition in the province of Ulster to home rule in Ireland is based upon two points. A majority of the people of the province are Protestants, whereas the majority of the people in the rest of Ireland are Catholics. The first ground for opposition to home rule is that the Protestant population of Ulster is English in sympathy and do not want to be separated from England proper. They want to be governed by the British parliament and not by an Irish parliament. Expressions of the leaders indicate that they do not want home rule under any circumstances, not even if permitted themselves to control Ireland. A large proportion of these Ulster Unionists are either former inhabitants of England or Scotland or descendants of such.

They are to all intents and purposes as English as the Englishmen who now live in England.

Several things have contributed to make Ulster Protestant, while the rest of Ireland remains Catholic. With the advent of English rule there came unrest and conspiracies to restore independence. This resulted at various times in the lands of Irish men being confiscated and given to Englishmen, not only in Ulster but in other parts of the island. Cromwell expelled the Irish from Ulster by wholesale and their places were taken by Englishmen and Scotchmen. Then, too, Ulster is near Scotland, and for several hundred years there has been constant communication and trade between them. People have moved from Ulster to Scotland and from Scotland to Ulster. The Scotch took their religion along. The Scotch.

Practically all the manufacturing of Ireland is confined to Ulster province, and the plants are owned by Englishmen. Workmen in large numbers from England have been employed in these factories, largely Episcopal. Presbyterians or Methodists. Protestantism has been recruited from the outside, therefore, as well as enjoying something of a natural growth. The Presbyterian faith predominates among the Protestant religionists.

The Catholic religion in Ulster has a larger number of adherents than any one of the Protestant religions. In 1901, the last religious census figures at hand, the church population in Ulster was: Catholic 699,000, Episcopal 354,900, Presbyterian 626,170, Methodist 47,100. The Protestant population is largely concentrated in the counties of Londonderry, Down, Armagh and Antrim—those nearest the English coast. The Catholic population is scattered in the other counties.

Fears of Ulster Unionists. The Ulster Unionists profess to fear that in the event the home rule bill is enacted into law the Irish parliament will make Catholicism the state religion, require Catholic teachers in the schools, levy taxes for the support of the Catholic church and

refuse to recognize marriages as legal except when performed by a Catholic priest.

The home rule bill contains provisions designed to prevent the Ulster Unionists from doing anything which the Unionists profess to fear. The proposed Irish parliament would be forbidden to enact laws on certain subjects and would be expressly prohibited from appropriating money for church support. The subjects of legislation forbidden to the proposed Irish parliament would be retained wholly in the jurisdiction of the British parliament, which is a Protestant body by a large majority. The Ulster people do not put faith in the efficacy of these safeguards, contending that the same power which put them into a home rule bill could take them out again at a later date. There has also been a proposition discussed to exclude the Protestant counties of Ulster from the jurisdiction of the Irish parliament for six years. The Ulster Protestants declare this is but putting the matter off. Therefore they do not want home rule in any form.

The antagonism between the Irish Catholics and Protestants is several hundred years old. Differences over religion have caused much bloodshed. After the union of Ireland and England there was a determined effort to stamp out the Catholic religion and substitute the doctrines of the church of England. Then there was an effort to use the school system to propagate Protestant beliefs. While the state church has been disestablished in Ireland and each religion stands alone, the memory of these things linger. Catholic children now go to schools taught by Catholics and Protestant children go to schools taught by Protestants.

San Francisco, March 31.—The Pacific Coast Baseball League opened its 1914 season today with games at San Francisco, Los Angeles and Sacramento. Despite the intruders made on the various clubs by the Federal League each of the six clubs professed to present a stronger line up than in 1913. The season closes October 25. The Portland club, winner of the 1913 pennant, opened at Sacramento; Oakland at Los Angeles and Venice at San Francisco.

CALIFORNIA TO HAVE HANGING ON EVERY FRIDAY IN APRIL
San Quentin, March 31.—Unless Governor Johnson should interfere there will be a hanging every Friday next month. Heretofore Gov. Johnson has not been disposed to interfere with the law's course in capital punishment cases. Thomas Green, a cowboy, is scheduled to die April 3. He shot the cashier of a Riverside county bank while he and another cowboy were holding it up. The execution of Jerry Allen is set for April 10. He murdered his wife at Williams because she was an inmate of a questionable resort and refused to leave the life. Lee Nan Chin is to hang April 17. He quarreled with a fellow-Chinese, ambushed and shot

him after used in San Joaquin county. Louis Bundy's death is fixed for April 24. Bundy is the youth who killed a boy employed as a drug store messenger to get money with which to buy his sweetheart a Christmas present.

HIGH SCHOOL TEAM PLAYS HOOSIER FEES TOMORROW

The local high school baseball team will open their season on Wednesday afternoon at the city ball park with the Hoosier-Federal League team. The high school boys have been practicing regularly for the past two months and are in excellent condition and playing form. They expect to give a good account of themselves, although playing against professional men of years experience. The line up for the high school team is not as yet definitely settled. The coach expects to give all of the best men of the school a tryout in this game. The team will be handicapped by the ineligibility of several players who are deficient in their studies.

The Best Thing Out

Is an Aching Tooth

SAVE YOUR CHILD from pain and discomfort. Many parents from thoughtlessness or mistaken notions of economy, allow their children's teeth to decay. When it becomes necessary to fill them it takes time and money. Prompt attention means little money. No pain.

How's Your Batting Average

Do you know what to do with a dollar? How do you stand in the book of financial batting averages? The American Dollar does its duty only when spent judiciously. You can't expect to make your dollar buy a hundred cents worth unless you buy standard merchandise from experienced merchants. The amateur who does not know any more about the goods he is selling than you know about the climate of Madagascar is not in position to help you in the matter of judicious buying. We are experienced merchants and careful buyers and our knowledge of the goods we are selling comes from a life time in the business. We cannot afford to advise you wrong because upon your satisfaction depends our success. You may rest assured that there is somebody running the PALACE DRUG STORE. And they will look after your wants to the smallest detail. Use the phone.

"I Consider It The Best Diamond In The City For The Money"

We sold a diamond one day this week for \$550 to a man who had looked at every stock in the city, and had even gone to Fort Worth and Dallas to see if he could not get a better deal. After he had purchased the stone he told us how he had looked around, and the prices that had been made, and wound up with this very significant remark: "I consider this the best diamond in the city for the money."

That is the way all our customers talk, and it means a whole lot. It means that our prices must be right and our goods are equal, if not better, than others can show. All we ask of any buyer is comparison. Come in and compare. A word to the wise is sufficient.

WHY WE WENT INTO THE COFFEE ROASTING BUSINESS

We have been playing the game for twenty-five years and always paid particular attention to coffee.

Always had a great deal of trouble in getting blends to suit us and for years before we commenced to roast bought our different coffees roasted separately and blended them ourselves and always enjoyed a splendid coffee business but coffees don't blend perfectly except—in the roaster where the different flavors can combine harmoniously.

Years ago we bought a hand power roaster and experimented on a small scale but our business soon outgrew this and we had to go back to the Roaster.

In 1909 we built a small building at the rear of our store and rigged up

the hand roaster with a motor and commenced to roast our coffee but did not let the public know we were doing so as we wished an unbiased verdict. Inside of ninety days our business had quadrupled and become too big to handle with our little plant so we ordered our coffees roasted again and went East to purchase a plant large enough to handle our increasing business. We bought the very best and up-to-date machinery obtainable and came back unafraid to ADVERTISE THE FACT THAT WE ROAST OUR OWN COFFEES, and since that time our business has increased faster than we dreamed. So we know we are right.

If you are using our FRESH ROASTED COFFEES there's nothing to say. If not, would be pleased to show you the difference.
