STILL HOPE THAT SOME ARE ALIVE

SOUNDS HEARD IN DEBRIS BLOCKING ENTRANCE OF WRECKED MINE AT ECCLES

REDOUBLED RESCUE EFFORT

Many Bodies Recovered from Mine No. 6 and Fresh Parties Sent into the Mine

By Associated Press, April 29.—Hope that some of the 17 miners imprisoned in Mine No. 6 of the New River Colliers Company, were still alive was revived today.

A rescue party driven out of Mine No. 6 reported that they had heard sounds among the debris blocking the entrance of No. 6 as some one moving. A party of fresh miners was hurried into the entry and began moving the debris.

Governor Hatfield today instructed Inspector Henry to make another attempt to enter the mine.

The crew of rescue car No. 7 is steadily at work and many expert miners have been organized in the rescue work and are being sent into the mine.

The explosion occurred in mine No. 5. The two shafts of this mine were demolished. It is believed the explosion traveled through this mine into No. 6.

One shaft of the latter mine was wrecked but the other remains intact and to it is due the salvation of at least fifty-nine of the workmen.

This little mining community of 1,500 persons was shaken by the muffled rumbling of the explosion. At first there was no smoke, but men on the tipple noticed that far underground the toll of death was being taken.

Superintendent Thomas Donaldson of mine No. 3, Local Superintendent M. E. Kent and General Superintendent F. B. Baylis of the New River Colliers Company were at the scene of the disaster within a short time.

Superintendent Donaldson and an expert rescue crew were lowered down the shaft of No. 5 mine.

For a time the crowd of frightened women and children at the tipple waited in suspense, but soon the signal came to hoist away and the cage appeared. It bore two men badly hurt, a few of the rescue party and two bodies. Other trips were made as rapidly as possible and each time blackened and burned miners were brought to the surface, until sixty-three men had been brought up, four of them dead. The injured were assisted to near-by houses, where physicians waited to care for them.

The rescued men expressed doubt that any of the thirteen miners still in No. 6 shaft would be taken out alive. Some of the men said portions of No. 6 shaft had been destroyed and they believed that the entrance connecting with No. 5 mine had been entirely destroyed. Of the bodies recovered two are Americans, one a foreigner and the fourth a negro. A large number of the miners employed are Americans.

The death of the two main shafts in 600 feet and the mine are connected underground. There are two other shafts into the mine, but the explosion totally wrecked three out of the four. The one shaft leads into mine No. 6 and by means of it the rescues were made. No. 5 mine apparently is completely shut off from the surface and rescuers hold little hope of reaching the large number of men in time to save them.

ANTI-AMERICAN FEELING DIES DOWN IN MEXICO.

Washington, April 29.—Sentiment against Americans in Mexico City changed after the truth was learned there as to what has taken place in Vera Cruz and the anti-American spirit is temporarily in abeyance, Admiral Fletcher reported today.

He said that he had learned this upon most reliable and personal information.

"The streets and theatres of Mexico City," continued the dispatch, "are at present crowded and the situation is most hopeful. The Monday afternoon train brought back no refugees to Vera Cruz from the interior. Lieut. Fletcher, who was in charge of this train, was informed by the Mexican officers that their men in this vicinity have orders not to fire on our troops, but simply to keep the country free from bandits. He was also given to believe that all Americans and other foreigners who wished to, could get out."

USE INFLUENCE WITH U. S. FOR CONVENTIONS

South American Envoys Reported to Have Approached European Powers with Request

Berlin, April 29.—The South American mediators have approached European powers with a request that these nations exert influence with the United States to agree to concessions said to be necessary for the success of the negotiations.

LAKE WICHITA BOAT PIER BADLY BATTERED

High Water Renders Repairs Necessary Before it Can be Used as Landing Place

A fall of four inches was recorded in Lake Wichita last night and unless there should be another heavy rain, the danger is considered past for the time being.

The high water has damaged the pier to such an extent that it will be impossible to hold the banquet next Saturday as planned and the spread for the visiting editors will be served in the pavilion.

The pier is partly under water and the remainder is battered and weakened to a point where permitting a crowd to gather on it would be out of the question. It cannot be repaired until the water subsides which will be some time.

It is reported that the high water made some new islands on the land across the lake and some of the roads over there are said to be under water for the first time in history. The water is not deep enough to stop travel, but makes travel slow and inconvenient.

The water is pouring through the spillway at a rapid rate, the stream being about five feet deep under the Southern trestle. It will be a month or more before the flow of water has entirely stopped even without additional rains.

BIG RABBIT DRIVE AT ALLENDALE SATURDAY

Mile of Wire Netting Being Put Up—Drivers Asked to Assemble at Albert Gwynn's

The farmers of the Allendale community are planning to have a rabbit drive on next Saturday. In fact there will be two drives—one in the morning and the other in the afternoon. A mile of wire has been purchased with which to construct the wings to the net, which means each wing will be half a mile in length. The party is to meet at the farm of Albert Gwynn on Saturday morning by 9 o'clock. No dogs or guns will be allowed in the drive.

The Times is requested to state that everybody is invited to participate in this drive and to bring their dinner with them. The wire netting for this drive was furnished by the City National Bank of this city.

ARMY UNIFORMS FOR EXPOSITION GUARDS.

San Francisco, April 29.—A regulation army olive drab with orange collar piping, with the uniform formally adopted today for the guards at the Panama-Pacific Exposition. Breeches-cut on lines of the United States infantry uniform, leather puttees, military caps with tan leather visors, and olive drab overcoats will complete the uniforms. There are at present less than 100 guards on the exposition grounds, but this number will be increased to about 200 after the gates are opened.

TENTS WILL BE SENT FOR PEACOCK RELIEF

Austin, Texas, April 29.—In response to an appeal for aid for the cyclone sufferers of Peacock, Stone-wall county, Gov. Colquhoun directed the adjutant general's department to spread at the earliest possible time, twenty tents to be used in sheltering the homeless.

The appeal came from G. A. Gray, chairman of the relief committee at Peacock, who advised that about 200 people have been left homeless as a result of the storm.

EASTERN RAILWAYS ADOPT REVENUE RAISING PLANS

Washington, April 29.—Railways operating in Eastern classification territory have adopted the evident suggestion given them by the Interstate Commerce Commission and have begun to file tariffs providing for a charge for "spotting" cars.

The provisions and charges contained in the tariffs are identical in all instances, indicating concerted action on the part of the roads.

The charges are 5-12c a ton with a minimum charge of \$2 a car. The action of \$2 a car it is believed, would increase the revenues of the roads at least \$10,000,000 a year.

GREEK WOULD FIGHT FOR ADOPTED COUNTRY

Austin, April 29.—Z. Sakellaris, formerly an officer in the Greek army, now a business man of Temple, told the governor that in the event of war between the United States and Mexico, 600 Greeks in Texas would enlist for service with the Texas volunteers and he estimated that 10,000 Greeks in the United States would offer to fight under the Stars and Stripes.

JAPAN DECLINED TO ACT FOR HUERTA

WILL NOT REPRESENT HIM IN PEACE NEGOTIATIONS AS HUERTA REQUESTED

AN ARMISTICE WILL BE ASKED

Peace Envoys Notify U. S. and Huerta Such a Decision Had Been Reached

By Associated Press, Washington, April 29.—An armistice in the difficulty between the United States and Mexico has been reached by the South American envoys who have undertaken to avert war.

Ambassador De Gama of Brazil today notified Secretary Bryan that such a step had been determined upon and that General Huerta had also been notified.

The proposal for an armistice was telephoned to President Wilson at the White House and although no announcement has been made it is reported that the United States will accept an armistice agreement on the condition that there would be no civil uprising in Mexico or other untoward incident.

The Brazilian ambassador today presented Secretary Bryan Huerta's answer to the Brazilian minister in Mexico City agreeing to mediation.

The report persisted today that the envoys had seriously considered plans for a provisional form of government for Mexico. No suggestion has been made to this government from any government other than Brazil, Argentina and Chile.

The Japanese government, it was learned today, was asked and declined to act for the Huerta administration in the negotiations. It was also reported that prior to Huerta's application to Spain to have its consular representatives in the United States act for Mexico, similar application was made to Japan which declined to allow its consuls to act.

VESSELS BELIEVED LOST IN STORM

WRECKAGE FROM THE BENJAMIN NOBLE PICKED UP ON LAKE SUPERIOR

FIVE VESSELS ARE OVERDUE

Storm Which Has Been Raging Many Hours Turns Into Blizzard This Morning

Duluth, Minn., April 29.—Reports from the life saving station make it appear that the Benjamin Noble and her crew of twenty men and officers have been long in Lewis bay in the storm that is sweeping Lake Superior.

Life boats, oars, pieces of boats, a section of the Benjamin Noble cabin and other wreckage was picked up this morning.

Great anxiety is felt here for five vessels overdue here since yesterday. These vessels are "The William H. Trousdale," "G. K. Willis," "Jane Fettingler," "Sheldon Parks" and the "David V. Norton." No word has been received from these vessels.

The storm which raged for twenty-eight hours has turned into a blizzard and much uneasiness is felt for the inhabitants of Lewis Bay.

SENIOR CLASS PREPARING FOR COMMENCEMENT

The graduating class of the high school have already commenced preparations for commencement, the epoch to which they have been working for the past four years. The essays which have been occupying the graduates waking hours and sometimes proving a nightmare during their sleeping hours, have been completed and handed in and with that load off their mind the class has commenced to plan for commencement festivities.

The invitations have been ordered and are due to come in sometime this week and already the girls are discussing the all important question of dress. The five dollar limit, which at former times has been placed on graduating frocks has been removed and the girls may deck themselves in all the frills and fineries desired. In about three weeks the final senior examinations will be held and the graduates will be determined. There are thirty-three prospective graduates, nineteen girls and fourteen boys, the largest class in the history of the school.

A program for "Class Day" which will be held on May 29 is being arranged and "The Coyote" the annual official publication of the students will be ready for distribution by about the 20th of May.

Man Files Suit For Recovery Of His Own Hand

Suit for possession of his own hand, which he had carried all his life until a short time ago and to which he probably become very much attached, has been filed in the justice court at Electra by J. E. Hooker against the Producers Oil Company.

Several weeks ago while at work on a producer's rig, Hooker accidentally cut his left hand just above the wrist. He was brought here for medical attention and an employee of the company picked up the severed hand and pickled it in alcohol.

A short time ago Hooker asked for his hand returned to him, but the employee declined to do it back. Hooker accordingly filed suit against the Producers, asking for his hand. While his petition does not say so, it is probable that Hooker feels that nobody has a right to come and take his hand away from him without asking him about it.

ON TRIAL FOR MURDER MAN KILLS HIMSELF

J. T. Pickett Shoots Himself Through Head After Close of Evidence at Lampasas

Lampasas, Texas, April 29.—J. T. Pickett killed himself here in his room early today shooting an automatic pistol. The bullet went through his head. Since Monday he had been in trial for the murder of George Smith, a government agent in this county. It is said he would have been cleared as there was a strong plea of self defense. He was about 42 years old and leaves a wife and one son. The evidence was all in at his trial and the attorneys were preparing to begin their arguments this morning.

OFFICERS ELECTED BY RETAIL CLERK'S UNION

Officers were elected and installed Tuesday night at a meeting of the recently organized Retail Clerks Union of this city. A number of new members were enrolled and an interesting session held. The officers are:

John F. Weaver, president; Lee Sullivan, vice president; Miss Obie Fatheree, second vice president; Miss Kate Stroud, recording secretary; Leonard Smith, corresponding secretary; Jack Barnard, treasurer; J. C. Hinkley, guide; R. N. Ermel, guardian.

W. W. Van Zandt, general organizer for the Retail Clerks International Protective Association, is here assisting the clerks to get their organization started.

No More Drinks For Tangomanias.

St. Louis, April 29.—Drinks of the dance floors at summer gardens or on other dancing pavilions this summer have been tabooed according to Excise Commissioner Anderson today in a suit against the Tangomanias of Paris, Highlands, Suburban Garden and other similar places.

Tango, flende, will now have to miss a dance to quench their thirst for the beer dispenser, always heretofore at their elbows, will have moved to parts more distant.

MORE FATALITIES IN COLORADO WAR

SEVEN KILLED WHEN STRIKERS ATTACK BOARDING HOUSE AT ROCKY MINE

Companies of Twelfth Cavalry Arrive in Tremont County—No Disorder There

By Associated Press, Fort Collins, Colo., April 29.—(By Courier from Rocky)—Seven men are dead and a number of others of the Rocky mine defenders at Forties are missing as the result of a battle this morning. Two or three strikers are reported killed.

GENERALLY QUIET IN STRIKE DISTRICT

By Associated Press, Denver, Colo., April 29.—The militia will be withdrawn as soon as the regular troops arrive and we will cooperate in every way with the federal government for the re-establishment of order in the strike districts, said Governor Ammons today in reply to a question as to what he intended to do.

Quiet prevailed generally throughout the Colorado fields with the one exception at Forties where the sheriff reported strikers had attacked a boarding house occupied by guards and had withdrawn after firing upon the house.

In Fremont county where Companies E and H of the Twelfth Cavalry have arrived no disorder is reported.

ARREST SOCIALIST AUTHOR AND WOMEN

UPTON SINCLAIR AND FIVE WOMEN WERE MAKING DEMONSTRATION AT JOHN D. JRS OFFICE

WORE MOURNING EMBLEMS

Woman Carrying American Flag Invaded Inner Office Seeking an Interview

By Associated Press, New York, April 29.—Upton Sinclair, his wife and four other women were arrested today after a demonstration in front of the office of John D. Rockefeller, Jr., in the Standard Oil building this morning. They had come to protest against the conditions in the Colorado strike district.

One of the women invaded the inner office occupied by Mr. Rockefeller where she sought to interview him. Mr. Rockefeller's secretary told her that he was attending a conference. The woman carried an American flag and gave her name as Belle Zierman. She was joined on the sidewalk by Sinclair and the others who wore crepe in pursuance of a plan announced before the demonstration for the lives lost in the strike.

Sinclair and the women were arrested as they walked up and down the sidewalk in front of the building.

FOUR LOST LIVES IN FIRE AT PORTLAND, ORE.

By Associated Press, Portland, Ore., April 29.—At least four people lost their lives in a fire which started early today in a thick, foggy, populated block on the east side. A number of others were severely burned. Four bodies have been recovered and search for other victims is in progress.

WILSON ATTEMPS STRIKE SETTLEMENT

CALLS IN KENTUCKY OPERATOR AND ALABAMA MINE WORKER AS ARBITRATORS

THEY WILL GO TO COLORADO

These Two Men Will Name a Third to Assist in Attempt to Compose Trouble

By Associated Press, Washington, April 29.—President Wilson has asked a Kentucky coal mine operator and the President of the Alabama Coal Miners federation to come to Washington immediately for a further attempt to mediate the Colorado strike.

Hywel Davis is the president of the Kentucky mine operators organization and William R. Fairly, the official of the United Mine Workers of America, suggested by Secretary of Labor Wilson.

These men may select a third to complete the committee and will go to the strike district in Colorado.

The Italian Ambassador called this morning on Secretary of State Bryan to ask protection for the Italians in the strike district. The murder of five Italian children was the immediate cause of the request.

CARRANZA AND VILLA MERELY SPECTATORS

By Associated Press, Chihuahua, April 29.—Generals Carranza and Villa have met and canvassed the political and military situation in Mexico, with special reference to the attitude to be assumed toward the United States in its controversy with Gen. Huerta and upon the highest authority, it is stated, that they have reached the conclusion that so far as matters have thus far progressed, the constitutionalists are only interested as spectators.

It was said emphatically by my informant that so long as there was no armed invasion of constitutional territory, the statement of President Wilson and Secretary Bryan that it was not the intent of the United States to make war upon Mexico would be accepted at its face value, and the constitutionalists would turn their attention to the prosecution of the revolution.

HAMLIN YOUTH DROWNS WHILE FISHING IN TANK

Hamlin, Texas, April 29.—Willie Moss, aged 18, son of W. S. Moss of this city, was drowned in the Orient Lake this afternoon while fishing. He had been dead about six hours when his body was recovered.

KATY WILL ADOPT W. F. INFANTS NEXT FRIDAY

Wichita Falls Route Lines Will Then Become Part of the Katy of Texas

On next Friday four railroad children will be formally adopted into the family of the Katy of Texas, when the Wichita Falls & Northwestern of Texas, the Wichita Falls & Wellington, the Wichita Falls Railway and the Wichita Falls & Southern will be taken over as lease properties of the big system.

Very little change, if any, will be made in local conditions. Some records and reports hitherto handled at the offices here, will go to Dallas or Denison; otherwise there will be little indication that the percentage of the roads department has changed. It is understood that the car account department, employing two men, will be moved to Denison, but this is not official. No circulars or announcements have been received here and nothing is known of any other changes.

No circular regarding the reported resignation of L. F. Linney, auditor, has been received, though the resignation was supposed to take effect Friday. It is rumored that W. S. Hall will succeed Mr. Linney as auditor, but this is not confirmed. Mr. Hall was in Dallas today.

CATCHING FISH WITH USE OF PITCHFORKS

High Water Permits Fish from Lake to Pass Over Spillway—Holiday Creek Fishing Good

Fishing with the bare hands, with out pole, line, hook, bait or snake bite medicine is now possible below the spillway at Lake Wichita and is being taken advantage of by a number of people. Carp and croppie, getting out of the lake through the spillway, swim into the shallow water in the morning and evening to feed and it is no trick at all to catch them with a pitchfork or even with the bare hands.

The fish fence which was constructed across the spillway proved too short, there being deep water extending beyond each end. As a result many fish got out of the lake while the water was at its highest and fishing has been good along Holiday creek for the past several days.

CLASSIC ENGLISH RACE. RUN THIS AFTERNOON

Newmarket, Eng., April 29.—The Two Thousand Guineas, first of the season's big Classic three year old races, was run today over the usual mile course here. The race, being its name, was worth \$2,500 to the winner and as might be expected with regard to an event which is considered a dress rehearsal of the all important Derby—run at Epsom a month from now—interest centered on the way in which the cracks had wintered.

King George was present to see his colt Sunny Lake endeavor to follow in Mibour's footsteps and place the race to the credit of a monarch, and the royal colt was much liked on account of his stylish display at the Newbury recently. Unfortunately Sunny Lake is not entered in the Derby.

King George had had some 3 classic race victories and Americans pinned their hopes to Durbar, France. American bred son of Rabelais, Durbar made no secret of his belief that Durbar would repeat the victory of his good colt, Swallow, if a couple of years ago. Betting however has taken but a narrow range owing to the uncertainty as to the well being or otherwise of Capt. Dermot McCalmont's phenomenal colt, the Tetrarch, who simply smothered all opposition as a two year old. This oddly marked son of Roi Herode, has been suffering from leg trouble and right up to the last moment there was uncertainty as to whether he would run. "FR and well, the "Two Thousand" and the Derby, were reckoned a "cake walk" for McCalmont's entry, but it was known that he has been pinched and the racing public has for months past been tormented by reports that the rocking horse as the Tetrarch is popularly called on account of his queer color, would not be seen on a race-track again. McCalmont refused an offer of \$150,000 for him last fall.

DEAFENED BY WHISTLE WOMAN DEMANDS \$10,019

North Yakima, Wash., April 29.—Mrs. Ruth C. Hoffman of Ellensburg wants \$10,019 from the Oregon Western Railroad for the loss of her hearing for injuries she says one of the company's employees inflicted on her with a locomotive whistle. "The suit will be heard shortly. The locomotive was attached to the Shasta limited, on which she was a passenger. Backing the train into the Portland Union Station, she says it let out a shrill hoot which caused concussion of the auditory centers and deafened her right ear."

GALLANT BRITISHER SAVED AMERICANS

GENERAL TWEEDEE WOULD NOT LET TRAIN GO UNTIL REFUGEES ABOARD

AMERICANS PERMITTED TO GO

Three Trains Now Enroute to Puerto From Mexico City

By Associated Press, Vera Cruz, April 29.—Anxiety in Vera Cruz as to the safety of friends and relatives in the interior was relieved today by reports that the Mexican authorities are permitting Americans to leave. Refugees here settled down to await news from Puerto of the arrival of three trainloads of refugees from Mexico City.

Commander Tweedie of the British cruiser Essex received advices that the train would be dispatched from Mexico City last night.

Puerto is a long and roundabout route to the coast and it is not expected that the train will reach the coast before Friday.

Rear Admiral Badger will have a vessel at Puerto to pick up the refugees. He will probably not send a warship which might excite anti-American feeling.

The vessels in port at Puerto have limited wireless equipment consequently particulars as to the time of arrival of the train with the names of those on board cannot be learned.

800 Enroute to Coast. Reports from Mexico City say that 800 refugees are being conveyed to the coast. Commander Tweedie found it difficult to convince Huerta that it was necessary to dispatch the train and Sir Lionel Carden, British minister to Mexico was called into the conference and finally Huerta yielded.

General Huerta declared there was no reason for placing a guard on the train and any way he did not care to assume the responsibility for the safety of the refugees.

From Mexico City comes the report that an American, whose name was not learned was killed in front of the Hotel Isabel a few days ago.

F. W. Lehmer, a ranch manager near Tampico and whose home is at Omaha, not knowing of the developments several days ago started for Vera Cruz on a visit. He was seized by federal soldiers at Sierra Blanca and carried to Cordova, with twelve other Americans. While passing through the streets of Cordova a mob of students pursued them and would have run them down had not the soldiers intervened.

"I was hit on the head with a flag staff and a man walking beside me was knocked down. It was due to the fine conduct of the Mexican soldiers that we escaped with our lives," said Lehmer. "We were taken to the palace and placed in jail in the same building and held for six days. Among the prisoners were two women, one with a young baby. While in prison we got enough blankets to keep them warm. Monday we were taken to Soledad. Tuesday the train arrived. The officers were not going to let us go but Tweedie refused to let the train go without us. Hundreds of Mexican soldiers were gathered about the railroad tracks and our train would surely have been wrecked and the passengers killed, but for the British flag carried ahead of us."

Mexicans Kindly Treated. The bluejackets here have been ordered to be very careful not to use any unnecessary harshness in the treatment of Mexicans. The Spanish consul here sent a message to the Mexican minister at Mexico City asking him to communicate this fact to General Huerta.

The release by General Gustavo Maass, the federal commander over Vera Cruz of more than 100 refugees who left Soledad yesterday through the intervention of General Tweedie, the British commander, clears the territory between Vera Cruz and the City of Mexico of all American soldiers scattered families who whereabouts are unknown.

Refugees Praise Britisher. The refugees from Soledad are enthusiastic in their praises of General Tweedie, whose determined stand they believe saved them from probable death.

When they were released from the Soledad prison where they had been taken for protection against mobs they were handed over to a Mexican major who had no instructions what to do with them. The first train bound for Vera Cruz passed through Soledad today. The train was stopped at hours until the train on which General Tweedie was riding came into the town. It stopped. At first the Americans were not permitted to board by the Mexican authorities but General Tweedie calmed their fears, saying:

"You need not worry, this train will not leave without you." After some delay General Tweedie got them aboard the train and ordered it to proceed.

MALE NURSES WANTED BY THE NAVY SERVICE

Recruiting Officer Urged to Make Enlistments of Men Qualified For Nursing Work

Five recruits have been sent from the naval recruiting station here, recently by F. M. Kraus, recruiting officer here. Many other applications are still pending, but have not been finally acted upon as yet.

The government is now making a special effort to enlist male nurses and those recruited in this state will probably be sent to the Great Lakes for training. The following circular has been received by Mr. Kraus on this subject:

Efforts are requested on the part of the recruiting force to make enlistments of qualified male nurses. Such men may be enlisted as hospital apprentices first class or hospital apprentices in accordance with their qualifications. Men who are enlisted in these ratings should be treated as promptly as possible, to receiving ships or stations.

THROW AWAY YOUR GLASSES.

A Free Prescription—You Can Have Filled and Use at Home

Do you wear glasses? Are you a victim of eyestrain or other eye weakness. If so, you may be glad to know that there is real hope for you. Many whose eyes were failing say they have had their eyes restored through the principle of this wonderful free prescription. One man says after trying it: "It was almost blind; could not see to read at all. Now I can read everything without any glasses and my eyes do not water any more. At night they would pain dreadfully; now they feel fine all the time. It was like a miracle to me." A lady who used it says: "The atmosphere seemed hazy with or without glasses, but after using this prescription for fifteen days everything seems clear. I can even read fine print without glasses." It is believed that thousands who wear glasses can now discard them in a reasonable time and multitudes more will be able to strengthen their eyes, so as to be spared the trouble and expense of ever getting glasses. Eye troubles of many descriptions may be wonderfully benefited by following the simple rules. Here is the prescription. Go to any active drug store and get a bottle of Optona, fill a two-ounce bottle with warm water, drop in one Optona tablet, and allow to dissolve. Filter this liquid through the eyes two or four times daily. You should notice your eyes clear up perceptibly right from the start and inflammation will quickly disappear. If your eyes are bothering you even a little, take steps to save them now before it is too late. Many hopelessly blind nights have been saved if they had cared for their eyes in time. (Adv't)

LOCAL CONTESTANTS WILL GO TO AUSTIN

High School Speakers, Debaters and Athletes Will Participate in State Meet

A number of high school boys who were winners in the district track meet that took place several weeks ago will leave Thursday to take in the interscholastic track meet at Austin. They will be accompanied by the high school debating team, composed of Brennan Gillespie and Otis Nelson and Professors Brant and Vance. The track athletes who will attend the university meet and the events that they will participate in are as follows: Wilbur Lea, mile and half miler; Ivan Lawler, hammer throw; Addison Trotter, 220 and 440 yard dash; Lester Cooper, high jump and broad jump; Lawrence Dougan, pole vault and high jump.

MAY-THOMAS COMPANY IN CANDY BUSINESS

Produce Company Purchases Plant of Lone Star Candy Company on Barwise Street. The Lone Star Candy factory has been purchased by the May-Thomas Produce Company, which is today installing the machinery in its building on Barwise street. H. H. Price, an experienced candy maker, will be in charge of the manufacturing department. W. L. Dillard, who started the factory here, returns from the business which will hereafter be handled by the May-Thomas Company.

DECIDE YOURSELF

The Opportunity is Here, Backed by Wichita Falls Testimony. Don't take our word for it. Don't depend on a stranger's statement. Read Wichita Falls endorsement. Read the statements of Wichita Falls citizens.

And decide for yourself. Here is one case of it. John Glen, shoemaker, 412 Seventh street, Wichita Falls, Texas, says: "For many years I had various troubles caused by my kidneys and bladder. I had pains in my back and side and was troubled by irregular passages of the kidney secretions. Seeing Doan's Kidney Pills so highly recommended, I tried them and found them even better than represented. They cured me and now I seldom need a kidney remedy. When I do I take Doan's Kidney Pills and they always benefit me."

Price 50c at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mr. Glen had. Foster-Milburn Co., Props., Buffalo, N. Y. (Adv't)

TWILIGHT LEAGUE OPENS SEASON MAY 5TH

GAS LINE BREAKS; DRILLING STOPPED AT FRIBERG

The Corsicana well drilling on the Friberg farm and the well on the Perry farm are temporarily shut down on account of a break in the gas line which furnishes fuel for the drilling rigs. The Corsicana well is down 1500 feet. A showing of gas has been encountered. The well on the Perry farm is down 675 feet. The gas line was broken at the 1/2 by the high water Monday.

JACKSONVILLE ELDER

Writes Characteristic Letter Regarding Loss of Appetite

He says: "Vinal is just the thing for summer, winter, fall or spring. Follow directions, take it right. It will save your lagging appetite. I know for I have tried it. For weeks I could scarcely eat enough to keep a snake alive. I have taken three bottles of Vinal and now it looks like I will eat my head off. I am at the table three times a day eating as I did in the good old days when I split rails, dug wells, topped trees, plowed corn and hoed cotton. Try Vinal and see how good it feels to the real hungry. When you ought to be hungry and are not it is because your stomach does not feel strong enough to ask for food—a sure sign of impaired general health. Better than dosing the stomach with poison, for temporary relief is taking Vinal, our delicious tonic, which has the strengthening and blood making power of iron, and the building up value of cod liver oil. It quickly restores appetite and perfect digestion. If Vinal does not help you it costs you nothing. Miller Drug Store. P. S. If you have any skin trouble try Saxo Salve. We guarantee it. (Adv't)

HELPLESS AS BABY

Down in Mind Unable to Work, and What Helped Her.

Summit Point, W. Va.—Mrs. Anna Blue Emery, of this place, says: "I suffered for 15 years with an awful pain in my right side, caused from womanly trouble, and doctored lots for it, but without success. I suffered so very much, that I became down in mind, and as helpless as a baby. I was in the worst kind of shape. Was unable to do any work. I began taking Cardui, the woman's tonic, and got relief from the very first dose. By the time I had taken 12 bottles, my health was completely restored. I am now 45 years years old, but feel as good as I did when only 16. Cardui certainly saved me from losing my mind, and I feel it my duty to speak in its favor. I wish I had some power over poor, suffering women, and could make them know the good it would do them."

If you suffer from any of the ailments peculiar to women, it will certainly be worth your while to give Cardui a trial. It has been helping weak women for more than 50 years, and will help you, too. Try Cardui. Your druggist sells it. Write for Chattanooga Medicine Co., Ladies' Advisory Dept., Chattanooga, Tenn. for Special Instructions on your case and 64-page book, "Home Treatment for Women," in plain wrapper. N. C. 121

TACKY PARTY OF EPISCOPAL GUILD A GREAT SUCCESS.

The tacky party given Tuesday evening at the Kemp Kart dining room by the entertainment committee of the Guild of the Good Shepherd proved quite a success, both socially and financially. A large crowd was in attendance and the costumes were the cause of much merriment, furnishing amusement for some time. The costumes of years past were assumed for the occasion and every conceivable combination of colors was observed. A short musical program was given out in the early part of the evening. Miss Gordon giving an instrumental selection, accompanied by Mr. Bradbury on the violin. Miss Simpson sang and Miss Sammons gave a piano number. Then to the strains of "Turkey in the Straw" played by Mrs. Inge, the "Grand March" commenced. Rev. Datson and Messrs. Bibb and Sammons were the judges to pass on the tackiest costumes and the couples passed by the judges' stand in grand review. The ladies' prize was awarded to Miss Mabel Simpson and the gentlemen's went to Mr. Inge. Following the awarding of the prizes the old fashioned dances were indulged in, the Virginia Roll and others and some of the newest dances were introduced as well. The occasion was a very enjoyable one for all present, being free from any restraint and formality and the committee may consider themselves capable entertainers.

MUSICIANS' CLUB CANTATA TO BE GIVEN SOON.

The cantata "King Rene's Daughter" which the Musicians' Club has been practicing on for the past few months will be presented to the public at the Wichita Theatre some time next week, the date to be announced later. MALE NURSES WANTED BY THE NAVY SERVICE

Recruiting Officer Urged to Make Enlistments of Men Qualified For Nursing Work

Five recruits have been sent from the naval recruiting station here recently by F. M. Kraus, recruiting officer here. Many other applications are still pending, but have not been finally acted upon as yet.
The government is now making a special effort to enlist male nurses and those recruited in this state will probably be sent to the Great Lakes for training. The following circular has been received by Mr. Kraus on this subject:
"Efforts are requested on the part of the recruiting force to make enlistments of qualified male nurses. Such men may be enlisted as hospital apprentices first class or hospital apprentices. In accordance with their qualifications. Men who are enlisted in these ratings should be sent, as promptly as possible, to receiving ships or stations."

THROW AWAY YOUR GLASSES.

A Free Prescription—You Can Have Filled and Use at Home
Do you wear glasses? Are you a victim of eyestrain or other eye weakness. If so, you will be glad to know that there is real hope for you. Many whose eyes were failing say they have had their eyes restored through the principle of this wonderful free prescription. One man says after trying it: "I was almost blind; could not see to read at all. Now I can read everything without any glasses and my eyes do not water any more. At night they would pain dreadfully; now they feel fine all the time. It was like a miracle to me." A lady who used it says: "The atmosphere seemed hazy with or without glasses, but after using this prescription for fifteen days everything seems clear. I can even read fine print without glasses." It is believed that thousands who wear glasses can now discard them in a reasonable time and multitudes more will be able to strengthen their eyes, so as to be spared the trouble and expense of ever getting glasses. Eye troubles of many descriptions may be wonderfully benefited by following the simple rules. Here is the prescription: Go to any active drug store and get a bottle of Opton, fill a two-ounce bottle with warm water, drop in one Opton tablet, and allow to dissolve. With this liquid bathe the eyes two or four times daily. You should not see your eyes clear up perceptibly right from the start and inflammation will quickly disappear. If your eyes are bothering you even a little take steps to save them now before it is too late. Many hopelessly blind might have been saved if they had cared for their eyes in time. (Adv't)

John Glen, shoemaker, 712 Seventh street, Wichita Falls, Texas, says: "For many years I had various troubles caused by my kidneys and bladder. I had pain in my back and side and was troubled by irregular passages of the kidney secretions. Seeking Doan's Kidney Pills so highly recommended, I tried them and found them even better than represented. They cured me and now I seldom need a kidney remedy. When I do I take Doan's Kidney Pills and they always benefit me."

TWILIGHT LEAGUE OPENS SEASON MAY 5TH

Next Tuesday evening will mark the opening of the Twilight League of baseball clubs and the opening game will be between the Irish Lads or clerks team and the postoffice nine. The tentative schedule has been prepared and will become official as soon as adopted by the club managers.

The lists of players for each team are to be filed with the president by six o'clock Friday evening, at which time a meeting of the managers has been called at Chiller & Hendricks store. Each manager will be expected to submit a list of twenty players.

The games will be played at six o'clock in the evening on Tuesday and Friday of each week on the site of the old ball park across the railroad tracks. The tentative schedule follows:
Tuesday, May 5—Irish Lads vs. Postoffice.
Friday, May 8—Black Cats vs. Liepold.
Tuesday, May 12—Irish Lads vs. Liepold.
Friday, May 15—Black Cats vs. Postoffice.
Tuesday, May 19—Liepold vs. Postoffice.
Friday, May 22—Black Cats vs. Irish Lads.
Tuesday, May 26—Irish Lads vs. Postoffice.
Friday, May 29—Black Cats vs. Liepold.
Tuesday, June 2—Irish Lads vs. Liepold.
Friday, June 5—Black Cats vs. Postoffice.
Tuesday, June 9—Liepold vs. Postoffice.
Friday, June 12—Black Cats vs. Irish Lads.
Tuesday, June 16—Irish Lads vs. Postoffice.
Friday, June 19—Black Cats vs. Liepold.
Tuesday, June 23—Irish Lads vs. Liepold.
Friday, June 26—Black Cats vs. Postoffice.
Tuesday, June 30—Liepold vs. Postoffice.
Friday, July 3—Black Cats vs. Irish Lads.
Saturday, July 4—Double header to be arranged later.

If two more clubs join the league, the above schedule will have to be revised on a three game per week basis.

GAS LINE BREAKS; DRILLING STOPPED AT FRIBERG

The Corsicana well drilling on the Friberg farm and the well on the Perry farm are temporarily shut down on account of a break in the gas line which furnishes fuel for the drilling rigs.

The Corsicana well is down 1500 feet. A showing of gas has been encountered. The well on the Perry farm is down 675 feet.

The gas line was broken at the Friberg by the high water Monday.

JACKSONVILLE ELDER

Writes Characteristic Letter Regarding Loss of Appetite

He says:
"Vinal is just the thing for summer, winter, fall or spring. Follow directions, take it right. It will save your lagging appetite."
"I know for I have tried it. For weeks I could scarcely eat enough to keep a snake alive. I have taken three bottles of Vinal and now it looks like I will eat my head off. I am at the table three times a day eating as I did in the good old days when I split rails, dug wells, topped green blowed corn and hoed cotton. Try Vinal and see how good it feels to be real hungry."

When you ought to be hungry and are not it is because your stomach does not feel strong enough to ask for food—a sure sign of impaired general health. Better than dosing the stomach with pepsin for temporary relief is taking Vinal, our delicious tonic, which has the strengthening and blood making power of iron, and the building up value of cod liver oil. It quickly restores appetite and perfect digestion. If Vinal does not help you it costs you nothing. Miller Drug Store.

HELPLESS AS BABY

Down in Mind Unable to Work, and What Helped Her.

Summit Point, W. Va.—Mrs. Anna Belle Emey, of this place, says: "I suffered for 15 years with an awful pain in my right side, caused from womanly trouble, and doctored lots for it, but without success. I suffered so very much, that I became down in mind, and as helpless as a baby. I was in the worst kind of shape. Was unable to do any work. I began taking Cardui, the woman's tonic, and got relief from the very first dose. By the time I had taken 12 bottles my health was completely restored. I am now 48 years years old, but feel as good as I did when only 16. Cardui certainly saved me from losing my mind, and I feel it my duty to speak in its favor. I wish I had some power over poor, suffering women, and could make them know the good it would do them."

If you suffer from any of the ailments peculiar to women, it will certainly be worth your while to give Cardui a trial. It has been helping weak women for more than 50 years, and will help you, too.

Try Cardui. Your druggist sells it.

TACKY PARTY OF EPISCOPAL GUILD A GREAT SUCCESS.

The tacky party given Tuesday evening at the Kemp Kort dining room by the entertainment committee of the Guild of the Good Shepherd proved quite a success, both socially and financially. A large crowd was in attendance and the costumes were the cause of much merriment, furnishing amusement for some time. The costumes of years past were assumed for the occasion and every conceivable combination of colors was observed. A short musical program was carried out in the early part of the evening, Miss Gordon giving an instrumental selection, accompanied by Mr. Bradbury on the violin. Miss Simpson sang and Miss Sammons gave a piano number. Then to the strains of "Turkey in the Straw" played by Mrs. Inge, the "Grand March" commenced. Rev. Datson and Messrs. Bibb and Sammons were the judges to pass on the tackiest costumes and the couples passed by the judges stand in grand review. The ladies' prize was awarded to Miss Mabel Simpson and the gentlemen's went to Mr. Inge. Following the awarding of the prizes the old fashioned dances were indulged in, the Virginia Roll and others and some of the newest dances were introduced as well. The occasion was a very enjoyable one for all present, being free from any restraint and formality and the committee may consider themselves capable entertainers.

MUSICIANS CLUB CANTATA TO BE GIVEN SOON.

The cantata "King Rene's Daughter" which the Musicians Club has been practicing on for the past few months will be presented to the public at the Wichita Theatre some time next week, the date to be announced later. PLEADS FOR A BETTER MARKET-ING SYSTEM

To the Times:

I am trying to truck farm it in the rural district on the irrigation plan. I am an infant in the business and a stranger in the rural land, as I am to the Times and city. While I have had but little experience in raising and selling garden produce since I came to this rural district, I can see that something is needed to be done in the way of bringing about a system by which the producer, dealer and consumer may handle produce raised for the market in and around Wichita Falls.

When I load my truck with vegetables and carry them to this market it is a difficult matter to dispose of it at a living price. When I approach the wholesale men they say they have no time to lose with my little stuff, and when I call upon the grocery dealer he informs me that he is already supplied by the wholesale men. And I often find a car load on the side track which the jobber or peddler can put up a plea he can buy or be supplied at prices cheaper than I can afford even to rather put of some other man's patch and haul to town, much less spending money for land and seeds, valuable time and irrigation water to raise the stuff.

This makes me think I would have been better off had I never located here, and instead of giving \$400 per acre, for land to raise truck to sell on the Wichita Falls market, I would not give \$40 per acre for it.

When a fellow sends off to Sears-Robuck or to any mail order house for articles the cry is: "Why don't you patronize home industry," and at the same time when I have my wagon full of stuff to sell which the soil produces at Wichita Falls I can't sell it from the fact that the dealers are well supplied from other sections.

I wonder if it is a fact that we truck growers around this city will

same grade for \$1.50 per bushel that he had bought from the wholesale dealer or the car on the side track. Then when I get out in the streets and offer my product to the consumer for the same price the dealer threatens to boycott me.

We truck growers would like very well to bring about co-operation with the dealer or peddler and consumer by which we might dispose of our products. We must have a market for what we produce even if we have to resort to some other market. If we cannot sell what we raise, the irrigation water rents and high-priced lands will go out of business, as well as the truck growers.

Our motto should be: "Cut out the expense between the producer and the consumer." By so doing it will enable the consumer to buy more and create a greater demand for our stuff.

It seems to me that there are several parties who should be interested in the matter of the welfare of Wichita Falls. The man who orders produce from other sections when he can get it here is building up and creating high priced lands where the stuff grows.

If I cannot sell my produce I cannot afford to buy lands and pay irrigation water rents, for seeds and tools in order to produce stuff for the market, and the man who sends the water down the ditches, the wholesaler, the retailer and the consumer as well as the producer who places it on the market should be interested in bringing about a plan of living and let live for all.

Let us look around and see how things are working. I can say to the readers of the Times and the consumers of produce that I drove in the city of Wichita Falls with a little stuff to sell after trying the retail dealers. Failing to sell them, I went to the wholesale dealers and they informed me they didn't want my stuff. Then I began to sell to the peddlers and the wholesale men ordered me away. He was selling them stuff that was raised in some other land. How does that strike the man who has come to Wichita Falls and paid from \$200 to \$400 per acre for irrigated land? It makes me wish I was where the produce was raised that is being shipped in here.

Let us all get together and work together for the best interests of all concerned.

If the editor approves this, I will come again, asking all who are interested along this line to come together at some specified time to discuss ways and means by which to dispose of produce raised in and around the city of Wichita Falls.

P. A. BERRY. R. F. D. N. 2, City.

THE LAND TENANCY PROBLEM.

While attending the State Press Association at San Antonio last year the late Col. Henry Exall accepted an invitation to address that large body of newspaper men. At that time there

was considerable talk of Col. Exall making the race for governor, but during the course of his address he made it plain that under no circumstances would he accept the nomination. That afternoon—and the next morning we looked over the San Antonio papers to see if the speech had been reported in full, but never could find a part of it—the part we considered at the time was by far the best. Ever since that time it had been a matter of regret to us that a copy of that address, particularly that part which is reproduced below, was not secured at the time of delivery. It might have been that Col. Exall had made use of it in former addresses delivered by him, but if so, it had escaped our notice. As we remember it, Col. Exall vouched for its truthfulness. After waiting for almost a year the story has at last found its way into print. We find it in a marked copy of the Houston Telegram, which paper gives credit to the Henry Exall Farm Book, just from the press, and is as follows:

"I was to speak at a beautiful country town one afternoon. In the morning the committee took me for an auto ride to see the beauties of the surrounding country, and I did see many things that gave me great pleasure, but presently on a by-road my attention was attracted to something that ought not to exist. I saw a house in which no human being ought to live and as we approached I said, 'I am thirsty; stop a minute and I will go in here and get some water.' The owner of the auto and of the land said, 'But you can't get any water here. There is a good well down the road.' But I said, 'I can't wait. I am choking; chauffeur, stop the wagon!' and I grabbed him and forced him to stop.

As I got out of the car I noticed that the house stood two feet above the ground and that weeds completely encircled it. I said to the landlord and his companion, 'I am afraid to go into this house by myself; there might be a dog under it. Come, go with me.' He didn't want to go, and declared it was useless to expect to get a drink of good water at that house, but I insisted and finally forced him to go. I found inside just what I expected to find—a poor, anemic woman, sallowfaced, destitute, miserable. There were three baby children, from four to eight years old and one little fellow two or three in a soap box by the wall, who has surely been put into another box long, long ago.

I said, 'Madam, can you give me a drink of water?' 'Yes, sir,' she said 'if you can wait till the children can go and fetch some.' I said, 'How far do they have to go?' She looked at the landlord and answered, 'Not so very far.' 'Good woman,' I said, 'you have sometimes heard how far it is to the well, haven't you?' 'Yes, sir, it is somewhere 'twixt a quarter and a half.' I said, 'Then these baby children bring all the water that this family consumes during the year between a quarter and a half mile?' 'No, sir,' she said, 'when the baby ain't so sick I brings the most of it myself.' I said, 'The baby is very, very sick, isn't it?' 'Yes, sir,' she said, 'he is monstrous sick; I am fearful about him.' I said, 'What do you feed him?' She said, 'It is hard to find anything to feed him since we lost the cow.' I said, 'Did the cow die?' 'No, sir, she didn't die, but we owed on her.'

I pointed to the landlord and said, 'Did this man take the cow away when the baby and the children were famishing for the milk?' 'No, sir, he didn't do it,' she answered. I said, 'Did his hired man take the cow away by his direction?' 'Yes, sir, but he owed him.' I turned to that man and said, 'Get away from me. Don't stand near me. I would not ride back to town with you. I would walk ten miles first.'

Every man who knows of such a condition and does not help to change it and smoke out the cruel perpetrator is really a party to the crime.

AN ARCHER COUNTY IDYLL

The Archer county farmer is not exactly "in clover," but he is in wheat, oats and corn knee high, his old buggy sag is fat as butter, his mules are braying, his chickens are laying, his children are fishing and his wife is singing.—Archer County News.

OFF-COLOR JOURNALISM.

John R. McLean, who owns the Cincinnati Enquirer and the Washington Post, has been co-operating with William R. Hearst in the effort to discredit President Wilson's administration in the matter of canal tolls. The methods to which these high-minded (?) journalists resort to get material to fire the public mind is well illustrated in the following telegram: Cincinnati, Ohio, April 10, 1914. Some Reliable Newspaperman, Elkhart, Indiana.

Please file early Friday evening, 300 words showing unfavorable sentiment your section toward President Wilson's stand on Panama canal tolls. Interview big business men and get them to say something hot.

ENQUIRER. The telegram fell into the hands of a "reliable" newspaper man, but not the kind the Enquirer was looking for. He sent it to Senator Kern, who read it in the Senate and revealed the scheme to cook up a lot of alleged public sentiment against the president.

As a matter of fact, an overwhelming majority of the people of the United States are opposed to subsidies of all kinds and have no sympathy with the effort to subsidize the owners of coastwise ships. There is much indignation among these ship owners and small-calibre politicians who are looking for an issue to discredit the president, but now that the methods by which the anti-administration newspapers get their "hot stuff" on canal tolls has been revealed there will be

a slump in the market for "hot interviews" condemning the president's stand.—Waco News.

85,000 ACRES IN WHEAT ESTIMATED

CONSIDERABLE MORE THAN MILLION BUSHELS PROMISED FOR THE HARVEST

CROP WAY ABOVE AVERAGE

Oat Crop Acreage Less and Yield Will be Below Ten Year Average
More than a million bushels of wheat will be produced in Wichita county this year, local grain men estimate, if the crop pans out as good as the prospects indicate. This is the largest crop this county has ever raised and means, in round numbers, a million dollars for the farmers of the county.
It is estimated that about 85,000 acres are planted to wheat in this county and if the yield is as good as ten year average in Texas—that is, about eleven bushels—it would make a crop of 935,000 bushels for the county. However, it is thought from the present outlook, that the county will average at least fifteen bushels and some place the average still higher. At fifteen bushels to the acre, the yield would be over 1,270,000 bushels.
The present condition of the crop is placed at 110, that is to say, ten per cent above the ten year average. The acreage is about twenty per cent more than last year.
The oat crop is not nearly so good, its condition being estimated at 85 and its acreage at 75, the late frozes doing considerable damage to this crop.

MEXICANS SAW DOG DIE THEN WENT ON STRIKE

Mine Superintendent Who Was Doping Employes Had Hard Work to Prove Not Poisoner

Vera Cruz, April 29.—Why Jim Montague—that is not his real name—had a strike of his Mexican miners at Montrey goes like this:—
Yellow fever appeared in the city, and of course, the first effort of the doctors was to guard against its spread. They ordered champagne for those persons who were rich enough to afford it to increase heart action and thereby ward off chances of getting the disease. For the Mexican miners were ordered small doses of strychnine and Montague, before his miners went to work in morning, used to line them up in rows and have the mine doctors give each man a spoonful of a strychnine solution.
Word got about among the Mexicans that Montague was trying to poison his miners. One of the Mexicans by stealth got hold of the bottle of strychnine to see what it was. A hundred Mexicans looked on while a hungry dog ate a piece of meat over which the contents of a full bottle had been poured. A moment later a hundred Mexicans saw a Culbraz dog turn up its toes and die.
The strike began that night and it took two weeks for Montague to prove that he was not a wholesale "gringo" poisoner.
Among the cavalrymen down along the Rio Grande, waiting to come up here to the Mexican capital, if they get a chance, is Troop C of the 10th, the richest troop in the army. It isn't made up of rich men's sons, either, but most of its officers including Captain Warren Dean and many of its privates are business men—just at present the troop has two acres of muskmelons planted at Clint, Texas; owns 200 chickens, 20 hogs and has a cow and 2 calves, all of which are or will be bringing money in for the troop mess. At last reports Dean was negotiating for a moving picture show in the small town of Clint, which would bring even more funds into the troop's exchequer.
The biggest and finest ball ever given by a troop along the Rio Grande, since the Mexican trouble started, was sponsored by Troop C. It cost \$200 and took place at Montrey, around.

CHATTERTON BOOSTING FOR WICHITA FALLS

(Brownwood Bulletin)
W. A. Chatterton of Warsaw and Wichita Falls, arrived in Brownwood Saturday night and will make his headquarters here for a couple of weeks. He is the traveling man who had the temerity to enter the race for governor of Texas. "I'm new \$400 wiser, and that's all the wisdom I could afford," he said in commenting on his withdrawal. Chatterton found that the support of the traveling men was impossible, because there is naturally a competitive profession. Chatterton is a booster of everything that pleases him. He has already found that there are a number

of live boosters in Brownwood, and he likes them. "Boosting makes a town so," he says and he means it, for he is continually boosting his line of goods and boosting his new home, Wichita Falls. He has become so accustomed to the ways of Wichita Falls, in fact, that when he saw a hydrant here he became excited and unintentionally took a shower bath. He didn't know that the hot water was good to drink, but he is learning. Commenting on the governor's race, he says:

"Mr. Mayes, if I know anything, should have stayed in the race regardless of the elimination at an roller that walked over him. He is a strong man for the place, and with the united support of the better class of newspapers he could have been elected. I believe he eliminated himself from the race."
COMPLETE ARRANGEMENTS POULTRY SHIPPING EXHIBIT.
Arrangements for the visit of the "egg social" of the federal department of agriculture were completed yesterday afternoon when W. W. Evans, of the Katy, conferred with members of Commerce officials regarding the visit. The car will be here May 14. Letters will be sent to all farmers in this section who it is thought would be interested, and a special effort will be made to bring Oklahoma farmers here to attend the lectures and demonstration. The

school children will also attend, it being planned to have a committee from each room in which the pupils are ten years of age or over, to attend the demonstration and then return and explain it to the others.

The car will be in charge of specialists under the direction of H. C. Pierce, who will demonstrate to local handlers and shippers of eggs and poultry, the latest systems of feeding, grading, packing and chilling eggs for travel to distant markets.
The objects of this demonstration are to improve the quality, increase the supply and decrease the preventable loss in poultry and eggs in this country. It is estimated that during the summer months the loss to farmers on eggs handled in the territory surrounding Wichita Falls is over \$1,000 per week. This enormous loss can be entirely prevented by the proper care, resulting in the farmers who, having more money to spend and the people in cities having more eggs to eat.
The methods to be demonstrated are those which after long practical tests by the department have been proved to be effective in preventing deterioration of poultry products and in bringing them to distant markets in prime condition. All interested in shipping poultry and eggs or preparing them for market are invited to visit the car and attend the demonstrations, which are free. The car is well worth a visit as it contains the

essentials of a thoroughly modern poultry refrigerating plant operated by its own gasoline engine and is the only one of its kind in the world.

The advertisement of our big buggy sale which appeared in Sunday's TIMES, certainly was a good starter. We well knew that this special offer of a \$75.00 buggy for \$60.00 wouldn't last long, and, in fact it didn't last long, so we must change our advertisement to-day, and for the balance of this week, or as long as they last, we will offer you our regular \$90.00 high grade Buggy for (cash) **\$72.00**

—AND—
\$85.00 high grade Buggy for (cash) \$68.00

These we make no special mention of only for the reason that we have unusually more of this grade, but we also have quite a variety of Surries, Phaetons, open Runabouts, oil drillers wagons and spring wagons which are included in this big buggy sale that lasts this week only.

Remember, this week only—we will not continue this sale another week because it will not be necessary, as our present sales have already proven that we are selling 'em.

The effects of eye-strain are far-reaching and destructive to mental and physical development.

The strain never ceases during waking hours.

The only remedy is proper glasses.

They correct the defect, relieve the strain, and give comfortable, easy vision.

We can fit you with glasses that will give satisfaction.

WEALTH OF HAIR

Parisian Sage Makes Thin Lifeless Hair Soft and Abundant Beautiful hair, thick, soft, fluffy, lustrous and free from dandruff, is one of woman's greatest charms, yet so many have streaked, thin and lifeless hair and think there is no remedy. Pretty hair is largely a matter of care.

Frequent applications of Parisian Sage well rubbed into the scalp is all that is needed—it acts like magic. Try it tonight—you will really be surprised with the result. Not only will the hair become soft, fluffy, radiant with life and really doubly beautiful, but all dandruff disappears, falling hair and itching scalp cease—your head feels fine. All druggists sell a large bottle of Parisian Sage for fifty cents. Get it from Poole & Lynch and they will refund the money if you are not satisfied. (Adv.)
