WILL ARRIVE THERE THURSDAY

If President Unable To Be There He Will Send Personal Representative With Letter

By Associated Press.
Washington, May 4.—President Wilson plans to go to Brooklyn Thursday and meet the *Montana* steamer which is bringing to the United States the bodies of the men killed at Vera Cruz. This was announced early today by Secretary Daniels after a conference with the President. If the press of duties makes it impossible for the President to leave Washington he will send a personal representative with a letter from the President welcoming the funeral ship.

30 YEARS VIEW OF TOM BALL'S RECORD.

The following is from the *Waco News*, organ of the prohibitionists of Texas:

1. In 1885, as mayor of Huntsville he recommended and procured the passage of an ordinance abolishing the vice system and placing all city officers on a salary basis, which system has remained in vogue until today.

2. In 1887 he actively supported and made speeches for statewide prohibition in the memorable contest of that year.

3. In 1889 he actively supported the submission by the legislature of Texas of the constitution amendment providing for the present railroad commission to regulate freight rates.

4. In 1890 he actively supported "Hogg and the commission" in Gov. Hogg's great fight for the governorship on the railroad commission platform.

5. In 1892 he actively supported Governor Hogg for the re-nomination and re-election against Judge Clark in the historic Hogg-Clark gubernatorial contest. He was one of Gov. Hogg's floor managers in the famous carshed convention.

6. In 1895 he actively supported free silver coinage, participating in the historic free silver democratic state convention in Fort Worth, which started the silver movement in Texas.

7. In 1897 he actively supported William Jennings Bryan for president on the Chicago platform.

8. In 1897 he became a member of Congress and during his four terms of service there supported every demand of organized labor.

9. In 1900 he supported William Jennings Bryan for the democratic nomination for the presidency for a second time and served on the committee which reported the Kansas City platform on which Mr. Bryan ran that year.

10. In 1902, as a member of the sub-committee on platform, he actively helped to write the democratic state platform, against strong opposition, the plank demanding the present law prohibiting child labor in mills and factories.

Also the plank demanding a law requiring uniform primary elections for the nomination of all candidates for office.

Also the plank requiring a constitutional amendment permitting the formation and operation of state banks in Texas.

Also the plank demanding the abolition of free passes on Texas roads.

11. In 1914 he actively supported the adoption of the constitutional amendment under which the national bank monopoly of banking in Texas was ended and the present state banking system has grown up.

12. In 1907 he actively favored the passage of the Robertson insurance law, requiring life insurance companies to invest in Texas securities.

13. In 1909 he actively supported the passage of our present law guaranteeing bank deposits under which depositors in state banks are protected against loss.

14. In 1912 he actively and most effectively supported Woodrow Wilson for the democratic nomination for president.

15. In 1913 he supported the proposed charter amendment for the city of Houston.

16. In 1914, after he had repeatedly declined to become a candidate for governor, he was drafted by the forces of good government to lead their fight to redeem Texas from its quorum misrule.

BUSY DAYS AHEAD FOR CONGRESS

UNDERWOOD ANNOUNCES IMPORTANT LEGISLATION BEFORE ADJOURNMENT

ANTI TRUST BILL INCLUDED

Interstate Trade Commission Bill and Rural Credit Measure Also on Program

By Associated Press.

Washington, May 4.—After a conference with President Wilson today Majority Leader Underwood announced that an agreement had been reached to put through before Congress adjourned the Clayton omnibus anti-trust bill, the Covington interstate trade commission bill and a bill to regulate the issuance of stocks and securities as well as a rural credit measure.

Mr. Underwood announced that he would call a democratic caucus to consider the program which he had arranged with the President and that it was the aim of the President and himself to have Congress adjourn by July 1.

Mr. Underwood said: "The President thinks that it is absolutely necessary to pass the Clayton anti-trust bill, the Covington bill and a bill to come from the Interstate Commerce Commission for the regulation of the issuance of securities and a rural credit bill. The President also had hoped for the passage of a presidential primaries bill but the illness of Judge Rutger, chairman of the elections committee, has delayed this measure so that it is not a part of the program, but the President is still hopeful that we may pass it before adjournment."

Mr. Underwood said he believed the program could be gotten through as early as July 1 without difficulty.

Chicago School Board Sent To Jail For Contempt

By Associated Press.

Chicago, Ill., May 4.—Eight members of the Chicago school board were sentenced to thirty days confinement in the county jail this morning for contempt of court for refusing to obey Circuit Judge Foell in his order to reinstate four members of the board.

The situation arises from the dispute over the retention of Ella Plagg Young as superintendent of the schools. The four members voted against Mrs. Young and their resignations signed before election were accepted by Mayor Harrison. Judge Foell held that the resignations were void.

GENERAL SICKLES DIES AT HOME IN NEW YORK

By Associated Press.
New York, May 4.—General Daniel Edgar Sickles, the last of the Union Commanders at Gettysburg, died here last night. His death had been expected for some time.

The gruff old warrior, with one leg shot away in battle, his massive head resembling Blenarck's, was a picturesque figure as he hobbled along on crutches during the last half century of his turbulent life.

His indomitable fighting spirit remained to the last. Born in New York City in 1825, Sickles, at the age of 22, fought the Whigs as a Democrat in the New York Legislature. At 28, he displayed his fighting spirit as a corporation attorney of New York. It was he who secured for his city the great Central Park. At this time his military career began as major of the 12th regiment, National Guard, New York.

Before he was 32 years old, Major Sickles had served as secretary of legation at London under Minister James Buchanan; he had won a state senatorship through a bitter campaign; and he was seated in the Thirty-fifth Congress at Washington.

It was at this time that an event occurred which became the sensation of the day. Sickles had begun his second term as Congressman in 1859 when the national capital was stirred by the news that the young Representative from New York had shot and killed Philip Barton Key, the United States District Attorney for the District of Columbia. Sickles declared that Key had misled Mrs. Sickles, who was Theresa Barlow, daughter of an Italian music teacher. The trial lasted 20 days, ending in the acquittal of Sickles on the ground of "unwritten law." He then took his erring wife back.

"I am not aware of any statute or code of morals," said Sickles to his critics, "which makes it intemperate to forgive a woman. I can now see in the almost universal denunciation with which she is followed to my threshold, the misery and peril from which I have rescued the mother of my daughter. I shall strive to prove all that an erring wife and mother may be forgiven and redeemed."

Mrs. Sickles died of a broken heart a few years later.

At the outbreak of the Civil War, the young fighting politician, then 36 years old, went to Lincoln to offer his services. "You have been a leader in New York Democratic politics," said the President. "If you kept your end up at that game surely you'll do to take command of men in the field. Raise your regiments and you shall be Brigadier-General in command." Sickles raised the famous Excelsior Brigade in New York, taking command of one of its regiments as colonel. Lincoln kept his word and in 1861 raised him to Brigadier-General. His fighting spirit early won him his spurs. On the Peninsula and at Antietam he distinguished himself as a soldier and leader. At Gettysburg he led the Third Corps, lost a leg and became a national hero. At 37 years of age,

GEN. SICKLES

he had risen from a colonel to major-general of volunteers.

After the war his fighting spirit led him into the regular army, and he became first brigadier and then major-general. He continued active service until 1869, when he was appointed minister to Spain by President Grant.

Muskogee, Okla., May 4.—The crest of the Canadian river flood is at Calvin, Oklahoma today where the bridges of the Missouri, Kansas and Gulf and the Rock Island railroads are in danger. OLNEY NAMED HEAD NEW BANK SYSTEM

CLEVELAND'S SECRETARY TENDERED APPOINTMENT BY PRESIDENT

WARBURG MADE A MEMBER

New Yorker, Connected With Kuhn, Loeb and Co. Accepts Membership On Board

By Associated Press.
Washington, May 4.—Richard Olney of Boston, formerly secretary of state in the Cleveland administration, has been selected to be governor of the federal reserve bank board. Paul W. Warburg of New York, also has been appointed a member of the board.

Mr. Olney although 78 years of age is active and has long experience in the business world and finance and is believed by the president and his advisers to be particularly fitted to be head of the new banking system. Mr. Warburg who was connected with the firm of Kuhn, Loeb and Company has accepted the offer of membership on the board. Formal announcement of his selection as well as the other three members and the governor is expected within the next two or three days.

It is understood that a southern banker is to be one of the members of the board but there has been no announcement. The complete board will consist of seven members and their salaries will be \$12,000 per year. The secretary of the treasury and the controller of currency are ex-officio members and the five other members are to be appointed by the president.

OLNEY SMILED WHEN INFORMED OF SELECTION.

By Associated Press.
Boston, May 4.—Richard Olney smiled today when informed that President Wilson had selected him to be governor of the reserve bank board but declined to comment or to indicate whether he would accept. A year ago he declined a diplomatic office tendered him.

TWO GOOD ADDRESSES BY REV. W. H. SANDY

Evangelist With Scoville Party Had Two Large Audiences Sunday at Christian Church

By Associated Press.

Washington, May 4.—General Huerta has informed the mediators that Leo Liorasa, a Mexican jurist, and August Carragallion, under-secretary to the secretary of justice, have been named as delegates to confer with the mediators and that a third name will be submitted tomorrow.

In making announcement of the Huerta delegates, Secretary Bryan said the American representatives had not yet been chosen.

REPORT PERSISTS THAT HUERTA WILL RESIGN.

Vera Cruz, May 4.—Persistent reports continue to circulate here that Gen. Huerta intends to retire from the Provisional Presidency of Mexico on condition that he be assured a safe conduct to a port and be placed on board a foreign warship.

It is declared in some Mexican circles in this city that Gen. Huerta was ready to resign a week ago, but was prevented by internal dissensions in his cabinet.

Change Foreshadowed

The resignation of Jose Lopez Portillo y Rojas, the foreign minister, coupled with reports that there is a growing undercurrent of feeling in the City of Mexico against the Huerta government, is interpreted here as foreshadowing a change in the situation in the federal capital.

Close observers here of the government's situation believe, Senator Portillo's resignation may clear the way eventually for the appointment of a foreign minister, who, under the Mexican constitution, could succeed Gen. Huerta as president. It is pointed out that while Venustiano Carranza declined to treat with Gen. Huerta, he might consent to enter into negotiations with his successor and thus facilitate mediation.

Continued Constitutional Successes in the North and the Outcome of the Attack on Tampico, may, according to well informed opinion, bring about a rapid change in the City of Mexico.

Deception Becoming Known.

While the federal capital was reported quiet, refugees arriving here from the seat of government declared the populace there was beginning to learn that Gen. Huerta had been deceiving the people all the time by issuing false reports of federal successes over the constitutionalists.

News of the peaceful way in which the Americans are occupying Vera Cruz, it is said, has spread to the capital and has convinced Mexicans there that the American invasion of the port is not for conquest or aggression.

AGAIN DEMAND SURRENDER

MEXICAN OFFICERS CALL FOR SURRENDER OF WATER STATION

OUTPOST REFUSES

Mexicans Then Retire Without Making Aggressive Effort To Enforce Demand

By Associated Press.

Washington, May 4.—Another fruitless demand by Mexican soldiers for the surrender of the waterworks just outside Vera Cruz was reported to the war department today by General Funston. The report said Mexican outposts called upon an American outpost to surrender the water works but made no vigorous effort to back up their demand. The Mexicans retired and no shots were fired. General Funston has asked for instructions as to contemplated steps.

NEGRO SAYS VILLA A DESERTER FROM U. S. ARMY

Dr. L. Coons hands us the following clipping from a Kentucky newspaper:

Joe Williams, a colored man of this place, gives out the following bit of history. Speaking of the troubles in Mexico, he said: "I am well acquainted with Gen. Villa, whose right name is George Goldsby. I served two years with him in the same company in the United States Army, the 10th Cavalry Company D. He is a mulatto, and he came to Texas from Maryland. During the two years, I was with him almost daily, our company being stationed at Fort Davis, Texas, and while there Goldsby deserted and went into Mexico, where his time was occupied in stealing cattle and he was the meanest man I ever knew, overbearing in disposition, had no regard whatever for human life, and our boys were all afraid of him. He was first sergeant of the company. It was not until after he deserted the United States army that he assumed the name Villa. He was so mean that a number of the members of the company entered into a conspiracy to kill him the first opportunity but his desertion deprived them of carrying out their intention—a lost opportunity for the betterment of mankind."

17 YEAR OLD BOY ON TRIAL FOR MURDER.

Herkimer, N. Y., May 4.—Joan Giannini, 17 years old, today went to trial on a charge of brutally attacking and then murdering Miss Lydia Haescher.

On the morning of March 20 last, searching parties found the body of the pretty Poland school teacher in a clump of bushes just off the roadway near her home. The body was badly mutilated and showed evidence of criminal attack. The police were certain that revenge was the motive. The afternoon of the finding of the body the Giannini boy was arrested. He stoutly maintained his innocence. When strong circumstantial evidence confronted him, however, he calmly admitted the crime. He has never once expressed regret, nor does he appear to be in the least concerned over his position. His lawyers will plead insanity for his client.

PHILADELPHIA FIRM OF BROKERS SUSPENDS

By Associated Press.

Philadelphia, May 4.—The failure of Grant Mitchell and Co., bankers was announced on the Philadelphia stock exchange this morning with liabilities exceeding \$3,000,000.

It had been known for some time that the firm, which was prominent and maintained elaborate offices, was in difficulties owing to severe losses in underwriting operations. One of these was an asbestos corporation which collapsed three years ago but was subsequently reorganized when its stock and bond issues were scaled down from \$18,000,000 to \$10,000,000. The firm was also involved in a coal products company which had failed to come up to expectations.

J. F. MONTGOMERY DIVISION ENGINEER FOR THE KATY

The appointment of J. F. Montgomery as division engineer of the Katy, with headquarters in this city has been announced from this city's general office at Dallas. Mr. Montgomery was formerly division engineer here but for some months past, has been roadmaster at Woodward. The place has been vacant since he went to Woodward. No other changes affecting this city have been announced in connection with the adoption of the Wichita Falls lines by the Katy, which took place June 1.

ROCK AND DIRT CONTINUES TO MOVE DOWN CUCHARACHA SLIDE

ENGINEERS ARE FIGHTING HARD

Fears That Opening May Be Delayed Are Steadily Growing Less Daily

By Associated Press. Panama, May 2.—Rock and dirt are still moving down the Cucaracha Slide into the Culebra cut, but the engineers who have been fighting the treacherous slides in this vicinity, are at last gaining upon nature...

Movies a Civilizer. H. H. Windsor, editor of the Popular Mechanics Magazine says: "Five years of movies among the tough districts of New York's East Side has produced a very marked improvement..."

The movies have brought the world to the East Side—the great world of snow capped mountains, sparkling brooks, great trees and beautiful flowers. It may be hot and stifling in the small, crowded room next the flat roof, but even the poorest may occasionally enjoy five cents for an hour in which mountain and lake are brought to those who have never been to either...

British Women as Army Recruits. London, May 4.—Although Great Britain is not yet ready to give women a voice in the government, the war office authorities are not at all backward in accepting their services in persuading young men to enlist in the regular army.

A novel recruiting campaign was begun today in the London borough of Camberwell in which 200 women and girls of that section are playing leading roles. They are distributing from house to house an attractively printed and illustrated pamphlet drawing attention to the delights of army life...

The Camberwell plan will be followed in other London boroughs and provincial towns if it proves a success there. The war office has been frankly worried of late on account of the remarkable falling off of enlistments in recent months and the increasing number of desertions.

COUNCIL OF WOMEN OPENS AT ROME

4,000 WOMEN REPRESENTING 21 LEADING COUNTRIES OF WORLD ATTEND

QUESTIONS TO BE TAKEN UP

Accomplishments of Women and Outlook for Their Activities Will Be Considered

Rome, May 4.—Over 4,000 women, representing twenty-one of the leading countries of the world participated in the formal opening of the quinquennial congress of the International Council of Women. The opening address was made by Countess Isabella Aberdeen, wife of the Lord-Lieutenant of Ireland while there in the audience was Queen Mother Margherita of Italy, the wives of practically the entire diplomatic corps accredited both to the Quirinal and the Vatican...

Immediately following the close of the congress of the International Council of Women, an International Congress of women will be convened which will continue its sessions in Rome until May 21.

In addition to the 4,000 delegates to the International Council an equally large number of delegates is expected to assemble for the Congress making the latter the largest and most world-wide representative gathering of women ever held. The congress from May 14 to 21 will be presided over by Princess Letitia, Duchess of Aosta and cousin of King Victor Emmanuel.

Following the formal address of Lady Aberdeen disposition was made for the taking up of the regular work of the council in sections. That for International Peace and Arbitration was placed in charge of Mrs. May Wright Sewall; that of a Single Moral Standard for Man and Woman and the Fight Against White Slave Traffic in charge of Mme. Avril De St. Croix; that of Emigration, Countess Daniell-Camozzi; Universal Suffrage, Rev. Dr. Anna Shaw. A special section was appointed for the consideration of laws relative to the legal position of women and children.

In addition to the regular work of the Council announcement was made of intended discussion of various proposals made to the International Council by the various national Federations of Women's Clubs. Amongst these it was announced was one by the French Federation for the organization as a permanent part of the International Council of a Woman's Labor Commission; by the Danish Federation for the creation of a permanent commission against intemperance; of the German Federation for the International Council to pledge itself to a general worldwide fight against alcoholism.

Questions to be Considered. Announcement was also made that during the congress the Council would be called upon to take definite action on the following questions affecting women and children:

That of asking the governments of the world to pledge themselves to arbitration even when vital interests are at stake. That of asking the next Peace Conference at the Hague to formulate international laws for the protection of women and children during wars. That of establishing and guaranteeing in all countries the civil capacity of woman both as to her person and property.

The establishing of equal rights for both father and mother as regards children. The establishing in every country of the world of special courts for children.

The creation of an obligatory pension for wives and children, both legitimate and illegitimate and the protection of abandoned mothers and children, both legitimate and illegitimate.

The governmental provision and regulation of all employment agencies for women and the placing of a woman inspector on every transatlantic boat for the surveillance of minors; the suppression of all tolerated disreputable houses. The organization of governmental bureaus of information in every country on every possible phase of emigration.

The international protection of birds. In spite of the large amount of work which would have to be done, the delegates were also informed that there would be no lack of entertainment during the congress. This part of the program includes receptions, both by Queen Elizabeth and Queen Mother Margherita, audiences with Pope Pius, and visits to the various remains of antiquity in and about Rome.

An invitation was also accepted by the Congress from the National Federation of Women's Clubs of Austria to come to Vienna at the close of the congress for a special program of entertainment which has been arranged for. \$633,500 ROAD BONDS VOTED DURING APRIL

Six Elections Resulted Favorably and Four Adversely—More Elections Ordered

Fort Worth, Texas, May 4.—There were ten road and bridge bond elections conducted in the various counties of Texas during April, according to a report issued by the Texas Highway Men's Association. Of this number six resulted in victories authorizing the issuance of highway improvement bonds in the sum of \$633,500 compared with \$640,000 for the same month of 1913. The four defeated issues had a value of \$800,000. There was only one election recalled during the month an that was in the Plano district of Collin county and involved bonds to the amount of \$100,000. During the four months of this year road improvement bonds aggregating \$5,245,500 have been issued in Texas, while during the same period of 1913 only \$2,945,000 in highway bonds were authorized.

The following are the counties, precincts and dates in which the successful elections were held during April: Comal, entire county 13th, \$17,000; Denton, Mustang precinct 25th, \$22,500; Hays, entire county 25th, \$100,000; Kaufman, Crandall precinct 16th, \$150,000; Kaufman, Terrell and Elmo precincts 16th, \$300,000; Sevier, entire county 11th, \$50,000.

The defeated issues are: Brewster, \$100,000; Denton, \$300,000; Hunt, \$200,000; Kaufman, \$200,000. Of the four elections defeated, three of them got a majority vote, but were lacking the necessary two-thirds which is required by law. Immediately after the defeat of the

DEFENDANTS HIRE BABIES FOR EFFECT

Inquiry By New York Magistrate Uncovers Flourishing Industry in Baby Renting

New York, May 4.—They've found a use for babies over on the crowded East Side. On the East Side, heretofore East Side babies generally were a drug on the market, so to speak. They got in the way. They cost a lot of money to take care of. There were so many of them that when one of the little tota died, nobody cared very much excepting perhaps the mother or father. Many times were glad baby had gotten away from the East Side's sordidness and misery. But now it's different. Babies are now a source of income. They are "rented out" to those who have hope for a few hours at a time, as "property" in the tragedies of the East Side. The authorities, since making the discovery a few days ago, have tried to stop it. They may succeed, but here's the story.

Chief magistrate McAdoo, after a dozen or more minor cases against women had been called, began to wonder where all the babies, each one had, came from. He had noticed one, a big-eyed, pudgy little girl in particular among seven that one defendant had with her when she appeared to answer to a charge of keeping an unsanitary home. The woman didn't deny that her kitchen and bedrooms and other rooms were unsanitary. She meekly and dolefully pointed to the flock of children who hung to her skirts and said they kept her so busy

MR. BOB AGAIN SCORED HIT AT THE WICHITA

According to numerous requests coming from a number of sources, the High School Dramatic Club presented for the second time "Mr. Bob," Saturday evening at the Wichita Theatre.

The first performance was given on an exceedingly discreditable night, when but few were able to be present, hence the demand for a repetition. Since "Mr. Bob" was first staged the cast had put in a good deal of time on rehearsals and had worked the play up to perfection. All the characters were well chosen and each actor had his part down letter perfect. In fact the play of Saturday night may be classed as the very top notch of amateur theatricals.

The vehicle in which the able cast of characters was presented to the public, was a breezy little playlet, with much action, comedy and love involved. The typical old maid, with the usual cast, a stage struck maid, a dignified butler, a surprised lawyer, two pretty girls and a conventional hero made up the cast that furnished an amusing hour or so for those who attended. Those included in the cast of characters were Misses Helen Hink, Daisy Stewart, Ruby Moore, Anita Moore, Mack McGinley, Ralph Pond and J. L. Jackson, Jr.

VERNON PURCHASED FOR FEDERAL BUILDING

In a telegram to W. O. Anderson of this city last Thursday, Congressman John H. Stephens stated that the lot on property on the corner of Texas and Cumberland streets, between the Vernon and Bailey Hotels, had been selected by the treasury department at Washington as the site for the erection of the Vernon federal building.

The appropriation was \$50,000 for a building and site. Local citizens have made contributions so that the government will receive the site free, thus enabling the department to expend the full amount of the appropriation in the erection of the building. When steps looking to a commencement of actual construction will be taken is a matter of conjecture. The government architects are said to be far behind with their work and the local building must await its turn unless some pressure can be brought to bear for earlier action.

What Are Raisins?

That may seem to you a sort of foolish question, because you are so familiar with raisins that you probably think that you know all about them and probably you do. But bear in mind that the best raisins are simply the evaporated prize bunches of California grapes. Suppose you went out into one of the California vineyards during the grape season and picked some large luscious bunches of those delightful California grapes and sat down somewhere in a cool and shady spot and ate them, then imagine those same grapes lying out in the sun properly cared for until the water of the rich juice had all been evaporated, leaving nothing but the pulp and sugar then you would have a bunch of delicious raisins.

Now you know that grapes are a delightful and a wholesome and nutritious food, then remember that raisins are nothing more than these same grapes less the water and you can easily put that back in if you want to cook them, or eat them the same as they are. They make a delightful food.

Here's an excellent recipe for the use of raisins:

Haunted.

Walking one night and peering through the gloom, I saw the lean, pale faces of the old moon. Casting a spectral light above the room. And heard the low, sad song that the night winds croon. Then sleep half loosened me from her embrace. And, by the sickly, pallid torch of night. There, crouching in the shadows, I could trace Vague shapes that hovered 'twixt the gloom and light.

Startled, I cried, "What means this mystery? Why do you come to haunt me?—what are you?" They crowded close and, whispering, answered me: "We are the good deeds you forgot to do."

MRS. BOGER HOSTESS TO MISS DELPHINE WYATT.

Saturday evening Mrs. T. R. Boger entertained a number of young people in honor of Miss Delphine Wyatt of Dallas, who formerly resided here. As this was the first time in two years that Miss Wyatt had visited here the affair was very delightful to both the honoree and guests, offering opportunities of renewing former friendships. The reception rooms were decorated for the occasion with an abundance of ferns and potted plants. The dining room decorations were especially attractive, a color scheme of yellow, white and green having been observed. The evening was spent in a most delightfully informal manner with games and dancing, the hostess being assisted in entertaining by Miss Ethel Bean and Mrs. Gohlke by Miss Ethel Bean and Mrs. Gohlke. Refreshments were served, consisting of ice cream, cake and candies to the following guests: The honoree, Miss Wyatt, Misses Rose Johnson, Ellen Adele Robertson, Dorothy Toney, Ruth Simpson, Louise Leitcham, Lella Bell Anderson, Gertrude Davidson, Margaret Noble, Adele Adickes, Lorna Shaw, Mattie Ruth Corlett, Mary Lou Thomas, Margaret Burnside, Anita Monroe, Louise Montgomery and Mack and Lewis McGinley, Fred Warner, Crim Zehndar, Admiral Skinner, Lewis Coleburne, Ernest Ciosuit, Everett Whitley, J. DINNER PARTY AT THE WESTLAND SATURDAY EVENING

Saturday evening Mrs. L. C. Hivick an dher sister, Mrs. J. J. Dunning who is visiting here from Oklahoma City, were the guests of Mr. and Mrs. Newton Brown at a dinner at the Westland. An excellent seven course dinner was served in the excellent manner customary to the Westland and following the dinner the guests made up a pleasant picture show party, thus adding further to the enjoyment of the evening.

MISS BARWISE HOSTESS TO THE JUST SO CLUB

Miss Nina Barwise was hostess to a delightful meeting of the Just So Club Saturday afternoon. The usual pleasantly informal time was enjoyed by the members, fancy work and conversation being enjoyed. Late in the afternoon the hostess served delicious ice cream, cake and wafers.

MISS SAMMONS COMPLIMENTS BRIDE-TO-BE SATURDAY

Of all the numerous showers and other affairs honoring Miss Mabelle Jackson none have been more charmingly arranged or more thoroughly delightful than the one o'clock luncheon given Saturday with Miss Florence Sammons as hostess. A Japanese motif had been chosen and this idea was featured in the appointments of the luncheon table. The center decorations, the luncheon cloth and place cards were in the Japanese scheme, the dishes in Japanese ware and the entire table resembled a bit of the Flowery Kingdom. A delightful menu was served in five courses and the guests spent the remainder of the afternoon in a pleasant manner with music and conversation. The guests included the honoree, bride-to-be, Miss Jackson, Misses One Bell, Genevieve Carveth, Tempie Thompson, Emma Smith, Theresa Smith, Alice Burnside, Helen Eldred, Bess Kell and Bertha Mae Kemp.

Lady Baltimore Cake

The Most Popular Cake This Season
By Mrs. Janet McKenzie Hill, Editor of the Boston Cooking School Magazine

This is considered by many cooking authorities the finest cake that can be made, though in reality it is not at all difficult.

K C Lady Baltimore Cake

One cup butter, 2 cups granulated sugar, 1 cup milk, 1 level teaspoon rose water, 3/4 cups flour, 3 level teaspoons K C Baking Powder, whites of 6 eggs, beaten dry.

Cream the butter and beat in the sugar gradually, sift together, three times, the flour and baking powder, add to the butter and sugar, alternately with the milk and rose water. Lastly, add the egg whites. Bake in three-layer cake pans. Put the layers together with the following frosting.

NOTE—The cake is a large one and sells at Women's Exchanges for \$1.50.

Frosting for Lady Baltimore Cake

Three cups granulated sugar, 1 cup whipping cream, whites of 3 eggs, 1 cup chopped walnuts, 1 cup chopped nut-meats, 3 figs cut in thin slices.

Stir the sugar and water until the sugar is dissolved, then let boil without stirring until the syrup from a spoon will spin a long thread; pour upon the whites of the eggs, beaten dry, beating constantly meanwhile. Continue the beating until the frosting is cold; add the fruit and spread upon the cake.

Mrs. Ferguson, historian; Miss Jackson, registrar and Mrs. Burnside, chaplain.

Mrs. George Harrington was leader for the afternoon, giving the summarized events in a clear and concise manner and Mrs. Herblin read "Washington's Farewell Address to the Army." The Chapter enjoyed having as a guest a visiting Daughter, Mrs. Keith of Stamford. At the conclusion of the program a refreshing ice course was served.

Miss Delphine Wyatt of Dallas, who has been visiting friends here, returned today to her home.

Doctors Fearful Lung Trouble, Restored To Health By Vinol

The medical profession does not believe that lung troubles are hereditary, but a person may inherit a weakness or tendency to them.

Mrs. Kate Heckman, Springfield, Ohio, says: "I was a few years ago in a very bad run down condition and the physician told me I had consumption. I tried another physician and he told me I had ulcers on my right lung. I quit the physicians and started on Vinol. Today I am perfectly healthy and that is why I recommend Vinol."

Vinol soothes and heals the inflamed surfaces and allays the cough. Vinol creates an appetite, strengthens the digestive organs and gives the patient strength to throw off incipient pulmonary diseases.

USUAL FIRST MONDAY CROWD HERE DESPITE WEATHER

In spite of wet weather and muddy roads the usual large crowd was in the city today for "First Monday," and if street salesmen and others were less numerous on account of the weather, traders were here in larger force. A number of horses changed hands during the morning and early afternoon and business was up to the usual "First Monday" average.

HELPLESS AS BABY

Down in Mind Unable to Work, and What Helped Her.

Summit Point, W. Va.—Mrs. Anna Belle Emey, of this place, says: "I suffered for 15 years with an awful pain in my right side, caused from womanly trouble, and doctored lots for it, but without success. I suffered so very much, that I became down in mind, and as helpless as a baby. I was in the worst kind of shape. Was unable to do any work."

I began taking Cardui, the woman's tonic, and got relief from the very first dose. By the time I had taken 12 bottles, my health was completely restored. I am now 48 years years old, but feel as good as I did when only 16.

Cardui certainly saved me from losing my mind, and I feel it my duty to speak in its favor. I wish I had some power over poor, suffering women, and could tell them know the good it would do them."

If you suffer from any of the ailments peculiar to women, it will certainly be worth your while to give Cardui a trial. It has been helping weak women for more than 50 years, and will help you, too.

Try Cardui. Your druggist sells it.

TIMES PUBLISHING CO. ED HOWARD, Mgr.

Speaking of patriotism, we are willing to put our record against that of our honorable opponent, Cyclone Davis, any day and anywhere. Cyclone was offered a \$2,500 a year job in the Philippines. Did he go when his country called? Not Cyclone. He so loved the Philippines that he sent his son to teach them agriculture. We were offered a \$5 a month job as an alderman. We took hold and served our town for eighteen years—hold on in fact until the people had to abolish the form of government to shake us loose. He who takes patriotism may be selfish; greedy, covetous, but he who does patriotism is a man for a country to tie to.—Buttermilk Lowry, editor Honey Grove Signal.

The editor of the Kansas City Star is not a Democrat and of course did not support Wilson for the presidency. But he is a loyal American citizen, nevertheless, and as such is supporting the President and his policy of treating the Mexican situation. In reply to a critic of President Wilson's Mexican policy, the Kansas City editor telegraphed the following reply: "We are not offering the President any suggestions in the Mexican situation; we are supporting him." Some editors of democratic newspapers might do well to cease their criticism of the President. By keeping at it, they are only making themselves ridiculous in the eyes of all Americans who believe in following the flag, and "my country, right or wrong."

Those who own or drive automobiles should be required to take out a license, and before this license is granted the party applying for same should be required to stand some sort of examination in order to determine whether he or she is qualified to drive a machine. If this is done the result will be the avoiding of many accidents caused by careless or reckless driving. It has also been suggested that instead of assessing a fine against those who violate the laws regulating the running of automobiles, that the license be forfeited, for a time, at least, and then in the event those whose licenses have been forfeited attempt to run their machines, that they be arrested and fined. As to whether such a law could hold, or stand the test, is a question on which lawyers disagree, but if a law like that could be enacted and enforced it would not only be more safe for those who own and drive autos, but for everybody. There is entirely too much of this reckless or careless driving of machines through the streets of this city, and The Times is glad that the city authorities are going to do what is in their power to put a stop to it.

UNCLE RIENZI MAKES CHOICE

(Waco Times-Herald) Col. R. M. Johnston—the same being our Uncle Renzi—has made declaration of his intention to support Tom Ball for Governor. Colonel Johnston is a Georgian by birth and a Texan by preference. He came to Texas some forty years ago and lived for a time at Crockett. Then he got down to Houston and became associated with some other gentlemen in the publication of the Post. It was no easy task, that of putting the Post in comfortable financial circumstances. More than one fortune had been impaired in that undertaking. When Colonel Johnston went to the Post, the Galveston News was the chief daily newspaper in Texas, and the News distinctly disclaimed being an organ of the Democratic party. Here

was the Post's opportunity. It put itself at the head, so to speak of the Texas Democracy. It had George Clark Jennings up to the time of the divided convention; then it came strong for Hogg and that gave it many friends throughout the State.

This same thing was repeated four years later, when it changed from a Cleveland supporter to a Bryan shout. Bryan being the party nominee, Colonel Johnston has virtually controlled the Post politically, and his idea is to go along with the party in any nomination it makes or any position it takes. He became the friend of Joe Bailey about the time the question of the retention of the Philippines arose, and they have been as Damon and Pythias ever since. He was for a number of years the member from Texas of the National Democratic Executive Committee, being succeeded by Cato Selis, who led the fight for Wilson in this State and who is now the Indian Commissioner. When Mr. Bailey resigned from the Senate, Governor Colquitt appointed Colonel Johnston to the place, but he was not permitted to serve out the term, the Legislature electing Morris Sheppard for both the short and the long term. This was poor reward for forty years of service in behalf of the Democratic party. We said at the time that Colonel Johnston had made a great mistake in taking the place by appointment. Colonel Johnston went with Hogg and he went with Bryan, but he couldn't go the pace of Morris Sheppard, and today he sees disaster for the American Republic unless a halt is called on our centralizing tendencies. Frederick W. Robertson thus relates: "After a mighty career of a thousand years Rome had run out her course. Among the loftier minds who stood up protesting against her corruption, and daring in a corrupted age to believe in the superiority of right to enjoyment, grand contempt for pleasure, sublime defiance of pain told of the dying agonies of the iron kingdoms, called by the heart of steel which beat beneath the Roman's robe." Colonel Johnston believes that the progressive movement, carried to its legitimate end, will convert this republic of ours into an iron kingdom, whose destruction is as certain as that of ancient Rome. He has now come to the place where he must choose the lesser of what he regards as two political evils, and he tells his friends that Tom Ball is that lesser. He breaks with Colquitt, but he remains with Bailey and his friends.

A BOY AND HIS DOG

Bill and Bingo are a pair. They are inseparable companions, whenever Bill will let Bingo follow him. They romp just like two children, and Bill will throw Bingo down, roll on him, and Bingo will pretend to bite Bill, but the worst he ever does is to tear his clothing. Bill doesn't mind this, for he doesn't yet understand the value of clothing. Bingo doesn't either. He has been provided by nature with all the garments he wants and all he desires is to play and eat and sleep. This about all Bill cares to do either. It is well that he can play, and I am glad he has a dog he can tussle and tumble about the yard with, one he can pinch and pull his tail and not get bitten. Bingo is a very patient dog. If he were not, he would resent some of the things Bill does to him, for Bill is rough as a Comanche Indian at times. He is perfectly willing to beat Bingo and pull his ears, but he gets furious if any one else hurts him. All boys who own dogs are the same way. I have seen men who exhibit the same traits. Once I saw a man shoot at another one, all because he kicked his dog around. The affection of a dog is a wonderful thing. It has much to commend to humanity. A dog is grateful and it will never go back on a friend. How few men there who are as good in this respect as a dog? I hope that when Bill grows to manhood he will be as faithful to those who have befriended him as Bingo is today. May he ever be grateful for favors done, and be true to those who have stood by him in times of need. Ingratitude is the most despicable of all human traits. It is never found in a dog.—Cleburne Enterprise.

CLAY COUNTY DISTRICT COURT PROCEEDINGS

Henrietta Independent. Judge R. H. Buck of Fort Worth will occupy the bench in the Clay county district court next week and try criminal cases in which Judge Scurry is disqualified. Judge Scurry will attend the Confederate reunion at Jacksonville, Fla. The first case to be called is that of the state against Sterling White, charged with the murder of his sweetheart, Miss Beulah Lee near Petrolia in the fall of 1912. White was convicted one year ago and given 50 years in the penitentiary, but the county district appeals reversed the case. By reason of having been of counsel for the defense on the defense on the first trial of the case District Attorney Humphrey can not prosecute. In a case of this sort the law provides that the county attorney shall perform the duties of the district attorney. It is stated that Hon. H. A. Allen, who was a private prosecutor in the first trial, will again assist in the prosecution. The Canley Gillespie case has been set for Tuesday, May 12, at 9 a. m. and a special venue of 120 jurors ordered. Cases have been disposed of as follows: State vs. Lone Star Gas Co., permitting gas to run at will dismissed. Mack Thomas vs. Henry Johns et al. debt and attachment, dismissed. C. L. Taylor vs. W. H. Ellinger et al. cancel oil lease, settled and dismissed. J. J. McGee et al. vs. L. D. Major et al. trespass; judgment for plaintiffs quieting title 200 acres to McGee and 120 acres to Jas. M. Redin. Jury for the week: George Patterson, A. S. Wilson, C. H. Haber, Jack McDaniel, N. VanWinkle, Scott Webster, M. Davis, E. L. Gossett, Richard Gowan, E. P. Murrell, Tom Liles, R. W. Watkins, Ed. Pearson, P. H. Boddy, O. L. Gill, R. J. Brown.

A stranger yearning glasses the color of tobacco juice and carrying a blue grip with the inscription, "God With Us," in large white letters, was an unusual sight on the streets of Brownwood this week. Brownwood is a common field for wandering street preachers, but this stranger was apparently not talkative. He sat around the street corners and the outer curb of the sidewalk, where he posed his messages. The stranger was most conspicuous. If he possessed the secret of salvation he did not reveal it here, as he left the city as quietly as he entered.—Brownwood News.

William Alden Smith is a senator from Michigan. Senator Smith says that the big interest are behind the trouble in Mexico, and that three men met in the Hotel Astor in New York to reach an agreement for the control of valuable franchises in Mexico as a consideration for putting an end to the revolution. All this happened six months. The men named as in the conference were Gustavo Madero, Senator Llanour, former minister of finance of Mexico, and Sherbourne Hopkins, a Washington attorney. It would be interesting for the public to know the men the Washington attorney represented in the Hotel Astor conference. There are men behind the scene who are playing for high stakes in Mexico. The 12,000,000 blanket peons of that country are just so many human insects in this battle of financial kings for supremacy in that land of conquest, blood and romance.—Fort Worth Record.

NIGHTIES MUST MATCH WALL PAPER IN LONDON

London, May 2.—Night gowns to match the wall-paper and bedding, is the latest fad of the Futurists, Cubists, post-Impressionists, etc., who have turned their talents to the art of home decoration. The traditional white and pale tints which have hitherto been exclusively used for robes de nuit are being ousted in ultra-smart London homes by the latest lingerie de luxe. Just now artistic taste is running rather violently to black silk nightgowns with pale blue ribbons, in order to match the black sheets and pillow slips which the Cubists introduced a little while ago. Black, however, is only suitable for women with fair complexions, so the brunettes are

One hundred and twenty years ago today occurred the events which resulted in an insurrection for the independence of Ireland. At midnight of that day Dublin was in an uproar. The doors of a local legislative reform club, a branch of the United Irishmen Society, burst open with a crash. In the doorway stood the scarlet-coated soldiers of the King, covering the assembled Irishmen with their guns. The leaders were arrested and carried off to jail for treason. From that time the date of the insurrection that was fought out four years later, Ireland was flooded with government troops, but the society grew steadily. Outlets of membership and secrecy were administered. Pikes and munitions of war were secretly distributed and hidden for the uprising. The society had over 1000 members at the beginning of 1798. Stern measures to stamp out the rebellion were instituted. The insurrection began near Spafford on the 24th of May. It raged for a month, closing in the battle of Vinegar Hill with victory for the government. The rebellion cost the lives of 150,000 Irishmen and 20,000 English. Three years later the Irish Parliament was removed from Dublin and united with the English at London.

Today, after more than a century under the rule of the Parliament at London, it is proposed to restore the Irish Parliament taken away in 1801 and to give Ireland home rule. The country is split in two over the proposition. The province of Ulster at the north declares against the proposal, while the balance of Ireland demands it. The House of Commons has twice passed the bill and the third passing, when the bill becomes a law, is near. More than 100,000 men of Ulster stand in defiance against the proposed government. They are organized into a citizen army with some of Great Britain's greatest soldiers as their leaders. They are drilling and learning to shoot straight. Munitions of war are being gathered. A fund of \$5,000,000 is being raised for the support of "the dependent relatives of the volunteers who may be wounded or killed in the fighting." The leaders of the government are striving to avert civil war by conciliatory measures. More than 25,000 British troops are assembled today in the government barracks in Ulster to put down any uprising.

It is said that scarlet with yellow ribbons makes a very fetching nightgown for a woman occupying a room decorated in red, and the fashionable lingerie establishments are turning out charming nighties of violet and white, green and white, and other combinations to match any complexion, wallpaper or bedding. A boudoir set shown by a leading West End establishment includes a

night dress of black silk, trimmed with black lace and pale blue ribbons, dressing gown of black brocade lined with pale blue turned over at the cuffs and collar, blue slippers and black boudoir cap decorated with blue bows. One aesthetic young woman who has a room decorated in dark green and white has ordered a set of dark green sheets and pillow slips, trimmed with cream, a cream coverlet, green nightdress and boudoir cap with cream ribbons.

A thief Sunday night entered the room in Mrs. McCarty's boarding house occupied by E. Nelson and H. C. Dakin, linotype operators for The Times and took a pocketbook belonging to Mr. Dakin containing about \$15 in cash, two rings and valued receipts. On retiring Mr. Dakin had transferred the pocketbook from one trousers pocket to another pair of trousers. Two watches and other jewelry and money belonging to Mr. Nelson were not molested, the thief evidently slipping in getting the money and getting away quickly.

HIGH SCHOOL REPRESENTATIVES RECEIVES PRAISE. At chapel exercises held Monday morning the high school students enjoyed short talks by Supt. Carpenter and Prof. B. L. Vance. The high school representatives to the Austin meet were commended upon their work and although they were defeated in the final tryouts their excellent work was well worth praise. Wichita Falls was defeated by Lone Oak team, which also defeated Dallas and in turn was defeated by San Antonio. Prof. Vance stated that one thing that impressed him very much in his trip to Austin was the school and class spirit and pride that prevailed and urged students to work up more of the proper school spirit.

COLORADO LEGISLATURE CONSIDERS COAL STRIKE

Supporter of Governor Ammons is Democratic Caucus Nominee For Speaker

By Associated Press. Denver, Colo., May 4.—The Colorado legislature convened in extraordinary session today to consider matters connected with the Colorado coal strike. The selection of J. M. Fitzgery as the democratic caucus nominee for speaker was regarded as a victory for the supporters of Governor Ammons.

The administration supporters appeared to favor the payment of the militia but their opponents declared that if this was done an attempt would be made to impeach the legislature.

A suggestion was made that the House and Senate appoint a joint committee to investigate the strike and report at the regular session of the legislature which convenes in January leaving the present situation to be handled by the federal authorities.

CLAIMED INVENTION WILL CLEAN BOLL COTTON

A model of a machine which is designed to clean boll cotton before ginning and which, if perfected, will enable farmers to get much better prices for their staple, will be built in Wichita Falls this week and if it works successfully a company will be organized to manufacture it. It will cost several hundred dollars to construct the model and the money has been subscribed.

The invention is said to eliminate the chief drawback in machines heretofore put into use in that it thoroughly cleans the cotton of the burr and hull before the staple goes to the gin. Other machines have removed the burr, but not cleanly and the ginned staple would bring from five to fifteen dollars per bale less than otherwise. If the new machine does all that is claimed for it, it will prove a very valuable piece of ginning equipment and will do the farmer ready sale.

The inventor is a man named Patterson, who has been at work on the machine for some time.

LEGAL NOTICES

THE STATE OF TEXAS To the sheriff or any constable of Wichita county, greeting:

You are hereby commanded to summon George E. King by making publication of this citation once in each week for four successive weeks previous to the return day hereof, in some newspaper published in your county to appear at the next regular term of the district court of Wichita county, to be held at the court house thereof in Wichita Falls, Texas, on the first Monday in June A. D. 1914, the same being the first day of June A. D. 1914, then and there to answer a petition filed in said court on the 26th day of March A. D. 1914 in a suit, numbered on the docket of said court No. 4423, wherein Ella King is plaintiff and George E. King is defendant and said petition alleging that plaintiff and defendant were lawfully married December 28th, 1899 in Collin county, Texas and lived together as husband and wife until about one and one half years ago, when defendant without any cause permanently abandoned plaintiff and has remained away since said date. That during the time they lived together plaintiff treated defendant with kindness and consideration and was true in all respects to her marital vows. That defendant was harsh, cruel and abusive to plaintiff. That since abandoning plaintiff he has not contributed anything to her support. That for a number of years prior to the time of the abandonment defendant would not furnish any supplies for plaintiff, but spent all his wages on himself, etc. That defendant abused and abused plaintiff and would strike and beat her with his fists, etc. That by reason of the above facts their further living together as husband and wife has been rendered insupportable. MORE SHOWERS FALL IN THIS VICINITY

Another heavy shower visited Wichita Falls and vicinity at 6 o'clock Sunday evening, the rain being local in extent. About a third of an inch was recorded.

The usual Sunday crowd was at Lake Wichita when the rain came up and many others were on the cars en route to town. These suffered some inconvenience, but as usual the rain stopped as abruptly as it started.

There has been enough rain for all practical purposes in Wichita county and farmers are beginning to complain of too much moisture, saying wheat will suffer if it rains much more.
