COMMISSION FOR MEXICO

THIS FORM OF GOVERNMENT IS BEING URGED BY SOUTH AMERICAN MEDIATORS

OPPOSED BY REBELS

Plan is to Have Provisional Body Representing All Elements in the Conflict to Rule Country

By Associated Press. Washington, May 13.—The South American mediators resumed their sessions today with plans being matured not only for the adjustment of the Lobos Island and other incidents which have arisen, but on the merits of the main question of how to bring about the solution of the Mexican conflict.

There is little doubt that one of the possible lines of adjustment is by means of a provisional commission representing all the elements in the conflict to carry forward Mexico's governmental affairs in an orderly way until an election can be held.

Tentative suggestions along this line have developed strong opposition from the constitutionalist leaders, but it is understood that other features yet to be developed might incline all parties to withhold action until the plan itself could be worked out by the mediators and delegates and considered by the parties.

Plans for leaving for Niagara Falls now are about completed by the mediators and delegates.

By Associated Press. Torreón, Mexico, May 13.—General Carranza is understood here to return today from Durango and will remain here until Saltillo has been taken by the constitutionalists.

WILL ASK GENERAL MAAS ABOUT MISSING SOLDIER

United States Trying to Learn Whereabouts of Private Believed to Have Gone Insane

By Associated Press. Washington, May 13.—Secretary Garrison has directed General Funston at Vera Cruz to ask General Maas, the Mexican federal commander, what has become of Samuel Parks, the United States private who while supposedly insane, rode through the Mexican lines and has not been heard of since. A like inquiry has been transmitted by Secretary Bryan to General Huerta through the Brazilian minister in Mexico City. It has been reported that Parks met death in the Mexican lines.

"HOLY CATHOLIC CHURCH" WILL REMAIN IN CREED

Methodist Vote Down Proposal to Change Wording—Clergy Favor It, Laymen Do Not

By Associated Press. Oklahoma City, May 13.—Southern Methodism will continue to recite the Apostles' Creed containing the phrase "The Holy Catholic Church," this was decided at today's session of the general conference of the Methodist Episcopal Church, South. When the committee reported recommending the elimination of the phrase and substituting "Church of God," it was defeated.

A vote by orders requiring a majority of each class of delegates was taken, resulting as follows: Year—clergy, 74; laymen 85. Noes—clergy, 84; laymen, 58.

WILSON TELLS OIL MEN HE WANTS WORK RESUMED

By Associated Press. Washington, May 13.—President Wilson told a delegation of oil representatives from the Tampico district today that as soon as one or the other of the factions battling for control of Tampico became master of the situation he would make vigorous representation for the protection of the wells and the return of American employees to care for them.

UNIQUE REUNION IS HELD AT CLARENDON

VETERANS OF SHELBY, QUANTRELL AND MARMADUKE BRIGADES MEET THERE.

WELL KNOWN CHARACTERS

Names of Frank James and Cole Younger on Roster—Impressive Sessions Are Held.

Special to the Times.

Clarendon, Texas, May 13.—The old soldiers of the Shelby, Quantrell and Marmaduke brigades, by vote of the members present, were merged into one company at their meeting here. Hereafter they will be known as the Shelby, Quantrell and Marmaduke Divisions. The election took place after a vote to merge the companies into one. The following officers were elected:

Col. R. S. Kimberlin, of Clarendon, Major General.

Col. Tuck Hill, of South, Texas, Colonel.

Frank James, of Missouri, Adjutant.

A very impressive service was held at the residence of Col. Kimberlin. Col. W. M. Buck, the oldest Confederate soldier living, led the prayer, praying one of the most impressive prayers ever heard. Many of the old soldiers shed tears as he continued in prayer. Following the election, Frank James made an excellent address, old Confederate songs were sung, music was given by the famous fiddlers, and a general good time was had.

The citizens of Clarendon, thirty in number, took the old soldiers out for a trip through Donley county, showing them the good things of Donley county, and letting them breathe some of the pure, cool Panhandle air.

On the whole, their stay in Clarendon has been one of great pleasure and it has been a pleasure for the men of Clarendon to entertain them; for they have indeed been interesting from the very beginning, their stories, their "fiddle" music and all the other things which they have brought with them.

One old veteran was carrying with him, his parole, which was given him by the authorities of the United States after the war. He was number three, and was one of the very first to be paroled. Another carried a picture of a lost brother, searching in vain for his whereabouts, or the story of his death. Stories were told of long ago, old men were made happy by talking over all the things of the past, and everyone will part with a kindly feeling for Col. R. S. Kimberlin, who has made their meeting possible and their stay a pleasant one.

Cole Younger could not be present, but sent to Col. R. S. Kimberlin, following letter, stating why he could not be with the old veterans:

Lee's Summit, Mo., May 6, 1914.—Mr. Sam Kimberlin, Clarendon, Texas. Dear Mr. Kimberlin: It is with the deepest regret that I write you to let you know that I am unable to be with you during the reunion. I hate this more than I can express, a great deal more so on your account, than of my own. I had fully arranged to be with you, until unexpectedly a few days ago I was suddenly stricken with an attack with my heart, and since that time have been bedfast, however I am getting along as well as could be expected of a person of my age and afflictions and hope to be able to get up and around again.

No doubt you will have a great time during the reunion. I only wish I could be with you. Remember me to all the boys, especially those I met when with you last, hoping that I may be able to see you again sometime soon. I beg to remain with sincerest friendship to yourself, family and brothers.

COLE YOUNGER.

One noticeable feature in all their conversation is that they are without an exception well impressed with the country, and that it is a much better country than many of them thought it was. Those who live far in the East were especially well impressed with the country, and from their talk, must have had rather a bad opinion of the Panhandle of Texas before coming, but now it is removed, so the meeting has not been in vain from any standpoint.

SILLMAN FELICITATED TO CAPITAL UNDER GUARD

Will be Turned Over to Brazilian Minister and Allowed to Proceed to Vera Cruz

By Associated Press. Washington, May 13.—The French embassy today received advices from the French legation in Mexico City stating that United States Vice Consul John R. Sillman who had been held by federal authorities at Saltillo was on his way to Mexico City under guard. At Mexico City Sillman will be turned over to the Brazilian minister and allowed to proceed to Vera Cruz.

M'REYNOLDS AND FOLK APPEAR TO BE AT OUTS

Hard Feelings Appear to Have Resulted Over Hearings in New Haven Inquiry

By Associated Press. Washington, May 13.—Charles S. Mellen, former president of the New York, New Haven and Hartford railroad, will testify tomorrow before the Interstate Commerce Commission in its inquiry into the New Haven's affairs, notwithstanding earlier information that the inquiry might be ended unless immunity be given witnesses. This was announced by Joseph W. Folk, chief counsel for the commission, after a conference with Attorney General McReynolds.

After adjournment of the hearing early in the day until next Monday, Mr. Folk and Interstate Commerce Commissioner McChord went to the attorney general's office with Speaker Kern of Indiana and Senator Norris of Nebraska had preceded them. Within a few minutes, Mr. McChord and Mr. Folk left the conference showing evidence of excitement. Mr. Folk was asked why he left the conference. When he hesitated about replying, Senator Norris said:

"Well, I will tell you. He and Mr. McChord left because they practically were asked to do so by the attorney general." Mr. Folk then smiled and remarked:

"As the Senator has told you, I will say that the conduct of Mr. McReynolds was such that we did not care to remain. At the present time it is my intention to proceed tomorrow with the examination of Mr. Mellen."

NO LEGISLATION ON FARM CREDITS

PRESIDENT AGREES TO ABANDONMENT OF THAT PART OF PARTY PROGRAM

PLANS FOR ADJOURNMENT

House Leaders Adjust Selves to New Schedule in Hopes of Getting Through by July 10

By Associated Press.

Washington, May 13.—President Wilson will abide by the democratic caucus action in abandoning rural credits legislation at this session of Congress. Representative Glass of Virginia, chairman of the banking and currency committee, conferred with the president today and explained that in his opinion the federal reserve bank act will extend credit aggregating \$5,000,000 on farm lands.

The House today began adjusting itself to the new legislative program of concentration on anti-trust bills and appropriation measures with adjournment in contemplation by July 10. The date is tentative, but administration leaders hope to adjourn by that time.

House leaders under the caucus program adopted last night will insist that the Clayton anti-trust bill and the Rayburn bill for federal regulation of railroad stocks and bonds be passed in the order named, or at least voted upon and sent to the Senate.

This was the program fixed at the instance of President Wilson.

HUERTA MAY LEAVE CITY

O'SHAUGHNESSY SAID TO HAVE SUCH A REPORT BACK FROM MEXICO

PUEBLO AS HIS GOAL

Would Make Last Stand There—Has Only From 4000 to 6000 Men at His Command

By Associated Press. Washington, May 13.—That General Huerta, preparing for a crisis in his dictatorship, has long been planning to leave Mexico City with his troops, and make a last stand at Pueblo, between Mexico City and Vera Cruz, was understood today to have been told to President Wilson last night by Nelson O'Shaughnessy, former charge of the American embassy in Mexico City.

The President, it is said, was informed that Huerta has picked Pueblo for his last refuge in case rebel assailants got too close to Mexico City, and that latest developments in the revolution had caused him already to begin fortifying and provisioning Pueblo. Mr. O'Shaughnessy is said to have told the president that Huerta had no intention of resigning, but that the Mexican dictator realized that his regime could not stand long.

At Pueblo, according to plans said to have been determined months ago, he would fight rather than consent to elimination, said to have told the president that the number of troops which Huerta has at his command is greatly exaggerated and that as a matter of fact the number is only 4000 to 6000 men. Neither Zapata nor Villa would have any great difficulty in taking the city is understood to be the view pressed.

The Leopold team defeated Henrietta, nine to five. Bert Lowry was in the box for the locals and pitched shut-out ball, but was not accorded sufficient support.

The first game of the afternoon between the negro teams of Wichita Falls and Mineral Wells resulted in a score of nine to eight in a game the crowd enjoyed thoroughly.

EUREKA! GOLD IS FOUND HERE

Discovered at 2200 Feet

Formation Found in "Big Limes" White Dolomite—City Geologist Does Not Excite

From Sunday's Daily. Not oil, but gold and silver ore was found at a depth of 2200 feet recently by drillers on the Ella Schulz farm west of Burk Burnett.

The well in question was No. 3 by Andy Urban on the Ella Schulz, and was drilled to a depth of 2000 feet when the "big lime" as the oil men call the thick limestone stratum was reached.

The drill penetrated this rock which was about 800 feet thick in the middle of the formation. It is of peculiar appearance and specimens bore tiny particles of what appeared to be gold and silver.

Mr. Urban sent the rock to a geologist and received the reply that the silver ore in the rock would pay out about \$10,000 to the ton, which is an average percentage for silver ore; no figures were given as to the value of the gold ore.

This is the first time any such ore has been found in this section, and were the discovery to be made at a depth where mining was practicable, gold and silver might well be added to the minerals wealth of Wichita county.

To mine the metal it would be necessary to sink a shaft large enough to admit a man's body, to a depth of 2200 feet; it costs over \$10,000 to sink an eight inch hole to that depth, and the additional cost of a hole large enough to accommodate a man's body would be several times as great.

The extent of the stratum is of course very uncertain and it may be there is only a small pocket of the ore bearing rock. Other wells in that vicinity show no such formation, although the nearest well, No. 2 Ella Schulz is 1400 feet distant.

The find has attracted such attention from local oil men and some of them favor bringing an expert geologist here to make tests and observations with a view to determining if it is possible to commercialize the discovery.

Although this does not seem possible, the discovery of surface ore strata, perhaps nearer the surface, might result. It has long been believed that gold is to be found in the Wichita mountains, and considerable money has been spent there in an effort to locate, but without results.

Silver ore, brought from close to the surface, can be profitably mined if it runs as high as \$100 to the ton and that found in the Schulz well is 100 times as rich.

JOY RIDERS STEAL CAR AND LATER ABANDON IT

Machine is Found Near Northwestern Shops After Being Run 55 Miles

From Sunday's Daily. Joy riders Sunday night took an automobile belonging to Mike Emmert from the corner of Grace and Ninth streets, where it had been left by Mr. Emmert's son while making a call.

The car bore evidence of having been occupied by a bunch of drunken men and women and Mr. Emmert is offering a reward of \$25 for the arrest and conviction of the guilty parties.

CONVINCED OF ERROR WILL VOTE FOR REPEAL

By Associated Press. Washington, May 9.—Convinced that his position both on the legal and economic side of the Panama tolls question in 1912 was wrong, Senator Thornton told the Senate today he would now vote to repeal the law.

COLORADO PARTY REACHES THIS CITY

SOCIABILITY TOURISTS ARRIVE IN WICHITA FALLS LATE SUNDAY EVENING

ARE INFORMALLY ENTERTAINED

Are Taken to Lake and Given Supper at Westland—Day's Run is Made Without Mishap

From Monday's Daily. Sunburned and tanned and begrimed with the dust of the road, thirty business men from Colorado Springs, Manitou and Pueblo, reached Wichita Falls at 6 o'clock Sunday evening and pulled out again this morning for the trip to Fort Worth.

The party is making a "sociability tour" of the Southwest, the idea being to acquaint the people of this section with the attractions of Colorado. The trip is being made in nine automobiles; from Fort Worth the tourists will go to Dallas, Waco, Austin, San Antonio, Houston, Galveston, Dallas, Denison, Sherman, thence through Oklahoma and Kansas and home again. One of the cars left the party last night, its owner being called to Oklahoma and only eight will proceed from here.

Are Met by Wichitans. A large party of Wichitans met the tourists at the county line and escorted them through the oil field and down to this city. A quick run to Lake Wichita was made, and afterwards an informal but enjoyable supper was spread for the visitors at the Westland Hotel. The tourists had requested no formal entertainment be planned for them, it being Sunday and this request was observed.

Outside of the usual tire trouble, there were no mishaps until two of the cars were on the river bridge last night, when with two Wichita Falls cars, there as a general pile-up that looked like someone would be badly hurt, though it did not result seriously.

About a dozen auto loads of Wichitans met the party at the county boundary and at Electra, including Hugh Weaver, D. P. Talley, Wes Clansby, Morris Marcus, Phyll Taylor, Wiley Blair, J. L. Art, J. B. Marlow, L. B. Hammonds and several others. The trip to the county line was made with D. P. Talley as pilot. Pink Hammond led the way on the return trip.

Praise For Good Roads. Real joy shone on the faces of the tourists when the cars struck the road between Iowa Park and this city; the highway as smooth as a floor and the big cars hummed down it at express train speed. The visitors said they didn't want to find any better roads. In general the roads in this county were found in good condition, but one culvert north of Iowa Park had some loose planks that caused the Wichitans in the escort party to do some apologizing.

Several pictures were taken, one being made in the oil field at Electra, another on the Iowa Park road and others in Wichita Falls and at the lake. These will be used for picture show slides and will serve to give this city considerable publicity. "We'd expect to find a good road in every town here, but nothing like this," said one of the visitors just before the getaway this morning, "I was here four years ago and I wouldn't know it for the same place at all."

Yesterday the party stopped at Quannah and Vernon being guests of the Business League at dinner at the latter place. Several Vernon cars escorted the party to Electra.

Personal of Party. The visitors were hearty in their praise of Texas' hospitality and of the treatment accorded them since they reached this State. Those in the party were:

J. W. Atkinson, Acacia Hotel. B. A. Banta, county commissioner of El Paso county.

H. G. A. Boyd, physician. H. N. Brundage, president Manitou Incline Railway, representing Colorado Springs and Manitou attractions.

W. H. Cudey, general agent passenger department Denver & Rio Grande Railway.

C. H. Dunning, attorney. W. S. Dunning, vice president Chamber of Commerce, the Antlers Hotel.

Edwin J. Eaton, president Colorado Savings Bank.

George F. Geiger, mayor of Ramona. A. W. Hendon, secretary Chamber of Commerce.

Ray Hagler, the Acacia Hotel. T. C. Kirkwood, Giddings-Kirkwood Company.

A. J. Lawton, commissioners of public works. A. W. Markshaeffer, president of Markshaeffer Motor Company.

G. B. Merrick, official photographer of Run. J. J. Pierce, Alamo Hotel.

L. A. Puffer, president Puffer, Tucker Wholesale Grocery Co. H. H. Stevens, Alta Vista Hotel.

F. H. Stevens, Alta Vista Hotel. Robert D. Sims, Credit Reporting Company.

TO VOTE ON POOL HALLS IN BURKBURNETT PRECINCT

County Commissioners Order Election For June 6 When Petition is Presented

From Monday's Daily. A pool hall election in commission-precinct No. 2 was ordered by the county commissioners in their regular session this afternoon. June 6th was the date set for the election. There will be two voting boxes in the election, one at Burkburnett and the other at Cashion.

The election was ordered upon a petition signed by many voting citizens of the precinct. The commissioners were busy most of the day with the allowance of bills. This is the regular quarterly session and later in the week the commissioners will begin their sitting as a board of equalization.

JOY RIDER MIXES THINGS WITH POLICE OFFICERS

Later Makes His Escape—Had Been Using Cars of Other Folks by Working Easy Game

From Monday's Daily. One of men who escaped from the city jail last night will be looked for with much zest by Night Policemen Humphris and Will Allen. He is a man they believe was an attempted joy rider and possibly the thief of an automobile. Several times recently garages here have been called over the phone by supposed owners of automobiles to have their cars ready, as they were sending a man over to get the car. This effort to be a regular occurrence with a certain automobile owner and one day last week he was asked about the matter at the garage. It then developed that he had never telephoned the garage or had never authorized any one to take out his car.

On Saturday night the supposed owner telephoned again to have the car ready, as he was sending over a man to get it. When the fellow came over to get the car Officer Humphris and Allen got him. They were taking him to jail when he made a last effort to escape, hitting Mr. Humphris in the eye and Mr. Allen on the back of the head. He didn't get away, however, and the officers landed him behind the bars at the city hall. He was one of the three that got away last night.

It had developed since his arrest that a gang of joy riders has been playing the same easy game at several garages.

SPANISH AMBASSADOR APPEALS FOR MARTINEZ

Gov. Colquitt Announces He Will Not Set Aside Verdict of Death For Youth

By Associated Press. Austin, Texas, May 9.—An appeal to save the life of Leon Cardenas Martinez, the young Mexican sentenced to hang Monday at Pecos for the murder of Miss Emma Brown, was made today by Gov. Colquitt by the Spanish ambassador at Washington, Juan Riano. The ambassador wired: "As representative of Mexican interests and sympathy, I appeal to your excellency with the utmost earnestness in behalf of Martinez with the heartfelt hope that the tender age of this poor boy will incline you to leniency and mercy and to grant the commutation of the awful sentence passed upon him."

The governor answered that he would not further interfere in the case. The governor said: "His case has been pending in the courts nearly three years and I do not believe the evidence justifies the governor in setting aside the verdict of the court."

AUTOMOBILE OVERTURNS AND SEVERAL ARE HURT

Machine is Wrecked Near Henrietta Sunday When Driver of it Loses Control

From Monday's Daily. L. S. Williams of Pterolla is lying at the St. Elmo hotel in Henrietta suffering from a broken rib and what are feared to be internal injuries, and Tom Taylor and John Pressley are carrying broken arms in slings and Jim Miller and George Gordon also of Pterolla are suffering from bruises and cuts as the result of the overturning of an automobile in which they were riding on the road from Jolly to Henrietta early Sunday afternoon.

The party was going to Henrietta from Wichita Falls intending to return from there to Pterolla when the driver lost control of the car in some manner and it turned turtle. The injured men had barely crawled away from the wreck than it burst into flames and the car was destroyed. The accident happened about six miles west of Henrietta and the injured men were picked up by a passing automobile and carried into the place where they received surgical attention.

While Williams injuries are considered serious it is believed he will recover. The others are not seriously injured and were able to be out on their feet before reports brought here from the place.

The Colorado-to-the-Gulf tourists passed the scene of the wreck on their way to Henrietta this morning and photographs were taken at the scene.

RIANO APPEALS TO SECRETARY OF STATE BRYAN ALSO

By Associated Press. Washington, May 9.—Spanish Ambassador Riano today called on Secretary Bryan in behalf of the Mexican citizen Leon Martinez, under sentence of death in Texas. The ambassador asked for clemency because of Martinez youth.

RE-INCORPORATION OF ALL BOARDS AND CONFERENCE THEMSELVES MAY BE NEXT

By Associated Press. Santa Barbara, Cal., May 9.—Charles W. Post, the millionaire manufacturer of Battle Creek, Mich., shot and killed himself this morning. Mr. Post was struck here several months ago and hurried to Rochester, Minn., for an operation. He returned here only recently, apparently recovered.

Re-incorporation of All Boards and Conference Themself May Be Next

By Associated Press. Oklahoma City, May 9.—Not within recent years has Methodism been called upon to face a more perplexing problem than that which confronts the denomination here this morning. The case brought upon it by an adverse decision of the supreme court of Tennessee in a suit instituted to determine its rightful ownership and control, and no question has excited more widespread interest, especially within the bounds of Southern Methodism, which extends from Baltimore to Mexico and from the Atlantic to the Pacific coast.

MEXICO CITY NEWSPAPERS CONTINUE TO MAKE BITTER ATTACKS ON THE UNITED STATES, AND ALLEGED COPIES OF THE AMERICAN ARTICLES OF WAR ARE BEING PUBLISHED IN THE CAPITAL TO INFLAME THE PUBLIC.

All attention on the main situation has turned to the condition of affairs in Mexico City, where the next scene in the international drama is looked for by many American and foreign observers.

The outside world knows little of what is going on there. It is impossible for any correspondent in the capital to send out any but a closely censored report. Those from the outside who venture into the city and most of these are foreigners who go protected by passports—see evidence of such a tense situation that they do not think it safe to remain long and make only the most cursory observations.

Signs of Iniquity Apparent. Refugees who arrived in Vera Cruz today and foreigners who have ventured to penetrate Huerta's stronghold describe the capital as surcharged with intense apprehension and despite Huerta's apparent confidence and the pursuit of the daily routine there are signs of undercurrents of intrigues.

FULL POWER GIVEN PEACE EMISSARIES

HUERTA'S REPRESENTATIVES CLOTHED WITH COMPLETE AUTHORITY

SOME DOUBT OF SINCERITY

By Associated Press. Vera Cruz, May 11.—Emilio Rabasa, Agustin Rodriguez and Luis Elguero, the three peace commissioners appointed by President Huerta to represent him at the Niagara Falls conference, who will sail today for Havana en route to Key West, are clothed with full powers nominally at least, to sign any agreement or convention. The Mexican senate, in a resolution approving President Huerta's nomination, conferred full power and ample authority to judge, counsel, carry on business and sign any agreement or treaty.

Many prominent Mexicans here, however, are not inclined to regard this broad authority as real and declare that Huerta has given his commissioners the broadest powers to make a show before the world of having done all in his power to reach a settlement.

Mexico City newspapers continue to make bitter attacks on the United States, and alleged copies of the American articles of war are being published in the capital to inflame the public.

Seizure of Lighthouse. Huerta's protest over the reported seizure of Lopez Island, an important light house port off the coast of Mexico by a landing party from the United States was taken up today by the Southern American envoys, who are seeking to pave the way to peace in the Southern republic. The reported occupation of the island probably to assure uninterrupted operation of the light house, first was revealed in a telegram from Mexican Foreign Minister Kutz to the mediators, which stated that a party had been landed from the American torpedo boat, that the keeper had been arrested and then released after turning over the apparatus for operating the beacon. The mediators were asked to make representation to the Washington government in connection with the incident.

Only a week ago, the Spanish ambassador on behalf of the Mexican government made appeals both to Secretary of State Bryan and to Governor Colquitt. The latter stated, however, that he would not interfere with the carrying out of the State's mandate.

SOUTHERN METHODIST CONFERENCE TAKES UP QUESTION OF VANDERBILT CASE

By Associated Press. Oklahoma City, May 9.—Not within recent years has Methodism been called upon to face a more perplexing problem than that which confronts the denomination here this morning. The case brought upon it by an adverse decision of the supreme court of Tennessee in a suit instituted to determine its rightful ownership and control, and no question has excited more widespread interest, especially within the bounds of Southern Methodism, which extends from Baltimore to Mexico and from the Atlantic to the Pacific coast.

When the general conference met in this city for its seventeenth quadrennial session, the Vanderbilt case was the center of interest and at noon today when adjournment was taken until Monday, the interest had not abated; on the contrary it has been intensified. This was due to the introduction of a resolution by Dr. E. B. Chappell and Dr. T. B. Ellis, calling for a commission to investigate and determine the rights of the church, its boards and hospitals and to determine their rights to hold property under the laws of the States in which they are incorporated. This is the initial step to reincorporate all the boards of the church and the general conference itself, if necessary, to guarantee it in its property rights. The resolution is broad in its scope as it provides that if the charters now operative are insufficient, this commission shall have authority to go into any state in the union to reincorporate, whose laws will guarantee such corporate bodies in their property rights.

Third Representative Not Yet Appointed and Only Two May Represent Wilson

By Associated Press. Washington, May 11.—Associate Justice Rucker of the United States Supreme Court and Frederick W. Lehmann of St. Louis, former solicitor general, have been selected by President Wilson to represent his views before the South American mediators in the Mexican negotiations at Niagara Falls, Canada.

Secretary Bryan made this official announcement today. Whether a third representative would be appointed, Mr. Bryan declined to say, indicating that it could be assumed that there would be no other, although he did not wish definitely to indicate that such a possibility was foreclosed.

ALL APPEALS FAIL, MARTINEZ HANGED

MEXICAN PAYS EXTREME PENALTY OF LAW TODAY AT PECOS, TEXAS

KILLING OF YOUNG WOMAN

International Controversy Over Case is Closed When Sheriff Obeys Order of Court

By Associated Press. Pecos, Texas, May 11.—Leon Cardenas Martinez, the Mexican youth, was hanged here at noon today for the murder of Miss Emma Brown, a school teacher, three years ago. The Mexican government had the case carried to the United States Supreme Court in a vain effort to save Martinez.

Leon Martinez, the young Mexican, whose case has developed into an international one since his conviction for the murder of Miss Emma Brown three years ago, near here, faced death by hanging here today, apparently every legal resource having been exhausted. The woman was shot and stabbed to death while riding alone in a buggy, and it is charged that Martinez, who was arrested the following day, confessed the crime. Later he stoutly maintained his innocence.

Why say room for another candidate? What is the matter with...

The weather is warming up a little, and so is the gubernatorial campaign. Nearly every day some prominent anti-prohibition Democrat announces that he is going to support Col. Ball for Governor...

Kentucky lawmaker is clamoring for a one-house legislature. Move to amend by making it "a hat house."

When a fellow past fifty, the father of six children and a grandfather, can come along and choose for his bride a girl of twenty-four and the daughter to our President at that, there is still some hope for some of our bachelor friends right here in Wichita Falls.

There are many big things in store for Wichita Falls this year, but the biggest thing now in sight is the bumper wheat crop that is going to be harvested. That alone should bring to Wichita county wheat farmers not less than a million dollars.

It is said there are 200,000 tenant farmers in Texas, and the statement may be true. We should be glad if each one of these owned his farm. But in the cities and towns of Texas there are probably fully 200,000 families who do not own the homes they occupy.

Three things are certain—death, taxes and a royal good time for every Texas editor who comes to Wichita Falls for the Texas Press Association meeting next month. You can't dodge death and taxes, and if you miss the other, you'll regret it always.

Texas people are getting an enviable reputation for their hospitality. One of the Colorado tourists remarked to a Times representative yesterday, "they not only seem to do everything in their power as entertainers, but they have a warmth and cordiality about them that makes you feel that they are really glad to see you and have you as a guest."

With baseball, the leaden ball and Tom Ball before the public's eye, the front page of the dailies is a whizzer.—Pittsburg Gazette.

Mr. Ball stands for the same kind of democracy as Woodrow Wilson—progression, safeguarded by carefulness and free from outside contaminating influences.—Redland Herald.

Sam Sparks, anti-prohibitionist, former state treasurer, former representative of Bell county, the home of Mr. Ferguson, has come out for Tom Ball for governor of Texas.

however, put on the soft pedal when it comes to the point of making laws that will make dodging of taxes a penal offense.

In the Baylor County Banner, in honor of this week, Dr. Brooks of the Baylor University virtually makes the announcement that he will be a candidate to succeed Senator Chas. A. Culberson.

Colonel Ball opposes national prohibition because the states can manage the problem better. Colonel Ferguson opposes statewide prohibition because the counties can manage the problem better.

There'll never be a platform made that will suit everybody. Men's ideas and tastes differ. Some believe in high tariff and others in low tariff.

A sure cure for the blues is to take a ride out into the country and look at the wheat. It's a sight that would bring joy to the heart of a wooden Indian.

Naturally enough, we're opposed to raising the price of second-class mail matter from one cent to two cents per pound. It would work a hardship not only on the general reading public, but on the publishers of periodicals and newspapers.

It is said there are 200,000 tenant farmers in Texas, and the statement may be true. We should be glad if each one of these owned his farm. But in the cities and towns of Texas there are probably fully 200,000 families who do not own the homes they occupy.

We have a candidate for governor who is the champion of the tenant farmer, but so far he has said nothing for the tenants in the cities and towns. They need relief, but their case is as hopeless as that of the tenant farmer.

Just think of it! One wheat farm alone in the Wichita Falls country will require at least 12,000 pounds of binder twine in the harvesting of the 6,000 acres of wheat on it this year.

A sample of oats, grown on the farm of C. A. Andre, five miles north of the city, was brought to the Times office yesterday and if we're any judge of such matters Mr. Andre is going to be in the class of the famed Mr. Carter when he harvests his crop.

Wichita Falls is a wonder for a west Texas city. They have shown the possibilities of a city of push. During the past few years they have accomplished wonders by their energy.

Wichita Falls can always be depended on to do the right thing, even though they are sometimes a little late. A few days ago a cyclone wiped out the little town of Peacock, destroying almost everything of value in the way of buildings, merchandise and household furniture of the one hundred and fifty inhabitants.

The United States is today the strongest governing power in Mexico, and it is safe to predict that she will not relinquish her hold until after Huerta, Carranza and Villa have all been eliminated from power or positions of influence.

Crude oil dropped to 75c a barrel on Tuesday. That makes about 25c or 30c decline in the last month, and since Wichita county oil fields are now producing from 25,000 to 30,000 barrels of oil daily, the drop in price is hurting the oil producers to the extent of about \$5,000 daily.

Now that Col. Ball has denied most emphatically the statement made by Candidate Ferguson to the effect that some Houston saloon keeper had contributed \$2,000 to the Ball campaign fund, it is up to Mr. Ferguson to furnish the proof, or correct the statement. It does not hurt a candidate for office to be mistaken, provided he takes the first opportunity to correct it after he is satisfied he has made a mistake.

Some allusion is made elsewhere on this page to Mrs. Lee J. Rountree, wife of the editor of the Georgetown Commercial. Let us relate a little story about this lady. At Houston last week, at the banquet to the National Editorial Association, the toastmaster offered a sentiment to "The Head of the Rountree Family," and looked toward Mrs. Rountree.

This is certainly a fine wheat growing weather. Just a few weeks more of it and Wichita and adjoining counties will be in the midst of the greatest wheat harvest in the history of this section of the state.

Charles Becker has been sent to trial by a New York judge who refused to grant him a change of venue. If newspapers can create prejudice against a man accused of crime, then certain New York newspapers have made it impossible for Becker to obtain a fair trial on Manhattan Island.

Whatever might be the outcome of this Mexican affair, there is nothing hardly that will keep 1914 from being the most prosperous year in the history of the county. Our people realize this, and as a result things are talking on new life. Real estate is beginning to change hands again, and every sale recorded is at a higher price than was sold for before.

Wichita county will lead all other Texas counties in wheat production this year. At least, that is the way we have our sights fixed now. She did that trick in 1891, and the 1914 crop is fully as good, while the acreage is somewhat larger.

Politics brings surprising developments. For example, Cullen Thomas, Riens Johnston, Cato Sells and Clarence Ousley sitting on the same seat in the Tom Ball band wagon—and Senator Morris Sheppard and ex-Senator J. W. Bailey side by side on the driver's seat of that same band wagon.—Waco Tribune.

What's the use of talking about intervention in Mexico, when in fact intervention has already taken place. The friends of Gov. Colquitt say that he will be in the race for the senatorship to succeed Senator Culberson.

INVENTOR RUNS STREET CAR WITHOUT USE OF TROLLEY

NEW DEVICE PROVES SUCCESSFUL HERE

ELECTRICITY GENERATED IN A PRIMARY CELL FURNISHES POWER NECESSARY.

CULMINATION OF LIFE WORK

J. J. Krohn Has Been at Work on Invention Since Boyhood—Car Makes Trip to Lake.

From Wednesday's Daily.

For the first time in the history of the world, it is declared, citizens of Wichita Falls saw a street car operated with electric current generated in a primary cell and carried on wheels connected with the street car it operated. Not only did Wichita Falls see this wonderful sight of a street car running without the use of a trolley pole or storage batteries, but many of them, (thirty-five at one time), rode the car as it circled the loop in the downtown district—and made the trip to and from the lake.

Announcement had been made that the car would make the circuit of the downtown loop at two o'clock yesterday afternoon, but owing to some trouble with a sprocket-wheel of the improvised mechanism of the inventors the car was not started until nearly four o'clock. It made the start from the switch at Tenth street and Ohio avenue. Ahead of a flat car, on which the generating apparatus was placed, was one of the regulation summer cars of the Wichita Falls Traction Company, underneath which had been fastened motors. These were connected with wires with the generating cells on the flat car behind. The

generating plant comprised an eight-cell primary battery. Seated behind these cells before a switch, a picture of energy and expectation, was the inventor, Julius J. Krohn.

When all was ready, Krohn threw a lever emerging from the flat car and the motors whirred on the car ahead, it strained and in another instant the wheels were turning and the car moved slowly out from the switch onto the main track amid the shouts of those on board and the spectators. The car stopped at the Eighth street intersection long enough for a photograph, and then proceeded on its way around the loop and out to the lake. As it moved through the downtown loop crowd on the sidewalk stopped and looked in wonder, and after a moment's pause, broke forth into cheers.

Elated and with face radiant with satisfaction, Mr. Krohn, the inventor, sat at the switch on the flat car behind while his partner in the invention, John McGivney, stood on the running board of the car ahead with mixed feelings of joy and fear—joy over the success of the invention and fear that the machinery underneath the car would not stand the strain. His fears were unfounded, however, for the car made the trip to the lake and back without a breakdown. On the heavy grades it was necessary to have a trolley driven, car give assistance. Mr. Krohn says that with the perfection of his machinery he will be able to move any street car load up any grade without difficulty.

Result of Long Labors.

For some time the people of Wichita Falls have been hearing something about two fellows who had an electrical apparatus that would ring bells, light lamps and run motors, but when it was announced that they would try to run a street car, that was too much for credulity. "They'll have to show us," was the tolerant attitude of the public. That's just what was done yesterday.

Mr. Krohn and his partner, Mr. Givney, are confident that their invention will revolutionize the use of electricity, that the primary cell process will supplant the complicated machinery and wires and poles of the present system and that chemical electricity will be so cheap that industry will be revolutionized. Mr. Krohn claims that by his process he can produce electricity at a cost of one-half a cent a kilowatt, cost of upkeep included.

The successful demonstration yesterday was the culmination of a lifetime of study and experiment on the part of Mr. Krohn, who is now nearing his sixty-ninth birthday. When he was a barefooted boy in Chicago, eleven years old, Mr. Krohn says he picked up a man's case one day when it had fallen. The man was H. C. Foreman, one of the country's noted chemists. Mr. Foreman took the boy into his laboratory and he became a chemist. Early experiments led him to the belief that electricity was a form of ozone, though later he has experimented in the development of this idea.

Many Questions Solved.

One of his problems was the prevention of the polarization of plates. This, he says he solved only after he had entered the General Electric Company's carbon factories and had worked there several years. His next problem was the finding of a chemical that would produce the current at a cost that would allow it to become commercialized. After several years spent in mining operations in the west, Mr. Krohn claims to have found deposits that provide the only elements lacking. This mineral, used with ninety-six per cent hydrant water, he said, produced the current that moved the car yesterday. He has succeeded in making a solution on an open circuit at 2.2 to 2.4 volts on an entire electrode of 20 to 12 pounds. He claims that he can produce unlimited power by increasing the electrode. On a load of 200 amperes and a voltage of one and a half volts, two and one-half gallons of his solution furnished power for approximately three hours.

A remarkable phenomena which Mr. Krohn claims in connection with his invention is that electricity is generated with absolutely no hydrogen gas escaping from the cells. The amperage in the cell, he says, will last approximately three months. The internal resistance, he says, is 88-1000 of an ohm with a load of 200 amperes.

Will Secure Patent.

A short circuit, he says, does not hurt the cell because of the prolonged action the cell reaches a temperature of 166 degrees Fahrenheit. The specific gravity of the solution increases up to the end of the first hour of action and afterwards remains stationary. Toward the end of the run the voltage and the amperage both go down together gradually. By increasing the size of the cells and the plate surface, the inventor claims he can produce any amount of power desired.

Mr. Krohn and Mr. McGivney have not yet made application for patents on their invention, preferring to file no papers until they had made sure that they could have the backing to put them through. They will probably begin the organization of a company for the perfection of the invention.

Mr. Krohn and Mr. McGivney have had their shop and laboratories in a little frame building on Sixth street, between Indiana and Ohio avenue, where they have been working for several months. The traction company placed a car at their disposal and has given them much assistance in getting it rigged up for the demonstration.

This morning the batteries showed an open circuit after standing all night, 142 volts at 27.2 amperes, computing which would make 3,834 watts or 1.4 h. p.

Julius K. Krohn, the inventor, now claims that he can fit a battery on a large street car and operate it for ten hours without recharging.

Local News Briefly Told

From Sunday's Daily.

The farmers who reside in the Bowman community say that it is difficult for them to come to town in their vehicles when they have to come by way of the Archer City road which leads across the spillway at Lake Wichita. They say the crossing at the spillway is both boggy and rough at all times, and think the owners of the lake should keep it in better repair.

For the first time in many years it was possible yesterday to take an instrument to the county clerk's office and have it recorded while you waited. All instruments received had been placed on record and clerks were in waiting to record new instruments as they were received. Not for many years has the clerk's office been up with its work.

B. M. Bullard, who became acutely ill while attending a rabbit drive near Iowa Park several days ago, was able to get Saturday but is still weak.

A marriage license was issued Saturday morning to C. C. Kennett and Ella Peters.

While returning from the lake Friday night, Lynn Boyd's automobile was ditched turning the corner of Tenth and Grant. None of the occupants were injured but the car was damaged.

W. A. Nicholas, superintendent of the Western District of the Texas Children's Home and Aid Society, is in the city for a few days for the purpose of seeking homes for homeless children, and also to take in charge children who have no homes or parents. He will visit the various Sunday schools today in the interest of the great work.

Mrs. M. Barnett, proprietor of the Marion hotel, returned Saturday morning from Mineral Wells where she has been for the past few days with her father who has been very sick.

From Monday's Daily.

News has been received here of the death of John W. Maddox of Austin. Mr. Maddox was at one time considerably interested in Wichita county oil properties and visited this city frequently.

A Cadillac car was driven by a Mr. Stewart of Denver, one of the Colorado-to-the-Cadillac tourists, collided head on with another car at the Big Wichita wagon bridge at the edge of the city as the party was coming into town yesterday. Mr. Stewart's car was badly damaged, but the other car was only slightly damaged. The force at the impact worked all last night getting Mr. Stewart's car repaired, so that it was in good running order by the time the party started for Henrietta this morning.

The weekly meeting of the Young Men's Forum will be held at the Chamber of Commerce rooms tonight. The subject for debate will be "Resolved, That the Interstate Commerce Commission Should Grant the Request of Eastern Roads for an Advance in Rates." Messrs. Seattle and Hyster will have the affirmative. Messrs. Crowell and Roomer the negative. There will be a short talk by Wiley Fuller.

The waiter who suddenly departed from the union depot restaurant recently with the contents of the cash register was later located by the police. He returned the money and was released, there being no desire to prosecute him.

The new hotel in the Bacon-Lory-Henderson building at Tenth and Indiana avenue over the North Texas Furniture Company's store, to be opened by C. C. Brumback, will be known as the American. It will be opened about June 1, and will contain 36 of fine equipped rooms as can be found in any hotel in this section. Mr. Brumback for many years ran a hotel at Montgomery City, Mo., which had the reputation of being one of the finest hotels in the entire state.

The following suits have been filed in the District Court: Magnolia Petroleum Company vs. N. L. Collins and C. W. Moore, suit for debt; W. E. Crow vs. N. J. Price, debt.

J. R. McMullin received a very painful injury this morning about nine o'clock while trying to crank a new car. The crank hanger struck him on the right arm just above the wrist, breaking both bones. He was taken to a doctor's office immediately after the accident.

Suits have been filed in the district court as follows: L. F. Ramming vs. Wichita Oil and Gas Co., suit to cancel lease; J. L. Powell vs. A. C. Hoyle, to cancel lease; Cicero Smith Lumber Co. vs. J. W. Dyson and Co.

J. E. Matthews was called to Sherman this morning by a telegram announcing the death of his brother, John L. Matthews who died Monday at Dallas. The family home is at Sherman and the body of Mr. Matthews was taken there for burial. J. L. Matthews was known to a good many people in Wichita Falls, having visited his brother here on several occasions.

After considerable delay on account of the recent high water work is going forward rapidly now on the Scotland addition's bridge at Burnett street. The piers have been completed and the steel work is now being placed in position.

The Cream Bakery is putting into commission today a brand new delivery wagon, built on lines designed by Vic Stampfl. The wagon is to take the place of an auto, recently discarded, and is one of several of similar pattern that will be put in service shortly. The wagon is painted cream color, with red stripes, and is a particularly handsome delivery vehicle.

O. B. Brown who runs a hamburger wagon in the flats, plead guilty this morning in the city court to a charge of selling spoiled meat. Judge Rye assessed a fine of \$25.00.

PLOVER PROTECTED BY NEW GAME LAW

FEDERAL OFFICIAL DEFINITELY SETTLES QUESTION OF MUCH INTEREST LOCALLY.

CAN'T BE KILLED UNTIL 1918

Is Too Valuable as an Insect Destroyer, It is Held, To Permit It to Be Game For Hunters.

W. E. Skeen, state and federal game warden in a receipt of a letter from W. E. Baumau, assistant of the biological survey of the United States Department of Agriculture, definitely settling the question that it is unlawful to kill the plover found in this section. In his letter to Mr. Skeen, Mr. Baumau writes:

"In reply to your letters of May 4 and 6, I beg to state that the plover referred to in your letter are upland plover, which are now protected under the regulations adopted under the federal migratory bird law until September 1, 1918. I enclose herewith a statement regarding protection of plover in Texas, which is self-explanatory."

The statement referred to follows: "Regulation 1-D contains the definition of shorebirds, including plover, sandpiper, snipe, etc."

"Regulation 1 provides a close season on 'all shorebirds,' except black-breasted and golden plover, Wilson or jacksnipe, woodcock and greater and lesser yellowlegs."

"Eight (8) species of true plover occur in Texas, namely: Black-bellied plover, golden plover, killdeer plover, mountain plover, piping plover, semipalmated plover, snowy plover, Wilson plover."

"Besides these, the so-called upland plover, or Bartramian sandpiper is abundant in the state at certain seasons. Of these nine species, I except the black-bellied and the golden plover are protected for five years. Several of the species are too small to be generally hunted as game, but the killdeer, mountain and upland plover are commonly considered game birds and the last named species is very generally hunted and is the one which is now attracting attention. On account of its importance as an insect destroyer and the fact that it has been greatly reduced in numbers, it has been given protection for several years."

100 REFUGEES REACH MAZATLAN, MEXICO

By Associated Press.

Mazatlan, Mexico, via San Diego, May 9.—One hundred refugees including American Consul Edwards, left here today on the British steamer Cipriano which brought them from Manzanillo. While the Cipriano was at the dock in Manzanillo, the refugees said, Mexican federalists fired at the ship and then resorted to dynamite to make the destruction more certain. Some of the last refugees to reach the vessel made their way to safety only at imminent risks. The vessel was swinging into the stream when shots were fired from shore. No one was hit. The arrival of the cruiser Raleigh put an end to the firing and to the depredations of the Mexicans along the water front.

That the people of the United States are not all of one mind about the efficiency of arbitration in international disputes in general and in reference to the Mexican trouble in particular was demonstrated this morning when a communication from Arthur Johnson of the faculty of Cornell University, asking for expressions on arbitration, a larger army and navy, etc., was read before the directors of the Chamber of Commerce in their regular weekly session.

The first question asked for expressions upon the efficiency of arbitration treaties. It developed such a diversity of expression that President Huff ordered the matter on the table.

One member said he thought arbitration was the proper procedure between intelligent people, but that peace movement with such an ignorant and savage population as the Mexicans could never succeed. Another thought that when a man spit in your face, hit you in the nose and kicked you out of the house and then sent you a communication asking you to fight and not ask for arbitration. A third thought that arbitration was all right as a principle, but—Right then Chairman Huff ordered the communication laid aside.

For German Immigrants.

A letter was read from H. Lohman of Dallas, presenting a proposition for getting Wichita Falls literature in the hands of German immigrants. The correspondence was referred to the advertising committee.

Secretary Miller announced that arrangements had been made for hanging one of the pictures of Lake Wichita in the New Southern Hotel at St. Louis.

A letter from L. S. Mahan, secretary of the Oklahoma State Fair, invited Wichita Falls to make an exhibit there next fall. The directors extended an invitation to J. T. Young to meet with them to discuss exhibits at Dallas, Waco and Oklahoma City.

Secretary Miller announced that the visit of the poultry and egg packing demonstration car Thursday had been extensively advertised and that \$200 had been subscribed for the repair of Peacock, of which more than \$500 had been paid in. Of this amount \$500 has already been forwarded to the committee. The remainder was ordered sent forward at once.

Appropriations for \$130 expended in the entertainment of the Colorado tourists and \$40 for the motion pictures were ordered.

WICHITA MILL AWARDS CONTRACT FOR ADDITION

Chicago Company Will Build \$150,000 Storage House, Bids Being Opened Today.

From Tuesday's Daily.

Contract for a 440,000 bushel cement storage house was awarded Tuesday afternoon by the Wichita Mill and Elevator company, to the Currell Construction company of Chicago. This new structure will be started at once, and the contract calls for completion within ninety days.

The betterments will cost approximately \$150,000 and will nearly double the grain capacity of the local mill. The new structure will be entirely fireproof.

The McDonald Engineering company and the James Stewart Construction company, both of Chicago, were among the unsuccessful bidders.

Yes, Go in the Water; But Stay There.

St. Louis, May 11.—Still indignant from last season's bathers' display, particular citizens of Valley Park have secured an injunction which became effective today, preventing bathers from the Merrimac beach from strolling through the streets of the village in their suits. Week end bathers from St. Louis, who heretofore persisted in shocking the good people by walking down the "main street" clad only in their dripping suits, will this season be forced to stay near the water or suffer penalties for contempt of court.

AGENTS RECOMMENDED RETURN OF MUNITIONS

Washington, May 9.—On receipt of information from American Consul Rogers at Havana that munitions consigned to Gen. Huerta on German ships will be returned to Germany as a result of action recommended by agents of the vessel, Secretary Bryan today announced that appropriate action in shipment of arms had been averted.

PEACE CONFERENCE DELAYED TWO DAYS

WILL ALLOW PLENTY OF TIME FOR MEXICAN DELEGATES TO GET THERE

IS TO START WEDNESDAY

South American Envoys Delay Visit to President—Cabinet Members Take Optimistic View

By Associated Press. Washington, May 15.—The opening of the negotiations of the South American mediators in the Mexican controversy at Niagara Falls, Ontario, today was postponed until Wednesday, May 20, the state department announced. The sessions originally were scheduled to begin Monday, May 18.

The three South American envoys upon whom rests the hope of a peaceful solution of the Mexican situation today paid a visit of farewell to President Wilson before their departure for Niagara Falls, Ontario, where the peace negotiations will be held. All the ceremonial of diplomatic intercourse marked the call of the envoys.

The delay of the conference was arranged at the request of the Brazilian ambassador, Mr. DaGama in order that the Mexican delegates who are speeding northward from Key West, Florida, may not be unduly hurried in their trip to Niagara Falls.

The Mexican delegation will reach Washington shortly after noon tomorrow and will be given an opportunity by the postponement to spend some time in Washington in touch with the situation here before proceeding to the formal negotiations.

Mediators Change Plans. The mediators who were to have conferred with President Wilson this afternoon, changed their plans and went to the Argentine legation without going to the White House. It was stated at the White House that the conference had been planned, but later was postponed. A conference of the American delegates which had been scheduled with the president later in the day, also was postponed. No reasons were announced for the delays on these conferences.

Cabinet Members Confident. Confident that mediation ultimately would be successful in bringing about peace in Mexico, was expressed by cabinet officers after today's meeting. One of the members said that the confidence in mediator strength is growing stronger each day and that the possibility of war was diminishing rapidly. He spoke of the Tampico victory by the constitutionalists as likely to have an indirect effect on the mediation in that it reduced the Huerta government's strength.

Rumors Are Corrected. In view of the circulation of sensational reports that the postponement of the Niagara Falls mediation conference was due to a serious hitch, the Spanish ambassador, Mr. Riano, who is acting for Mexico, today authorized the statement that there was no political significance whatever in the delay which he stated was due to the late arrival of the Mexican delegates.

NEW IRRIGATED FIELD LOCATED IN NEW MEXICO

Washington, May 15.—The great valley of the Mimbres River near Deming, N. M., is the latest irrigation field, according to an announcement by the United States geological survey today. Windmills dotting the landscape give the casual observer the only clue to the water supply and the truthfulness of this region. But the survey has been investigating that territory and it finds that the vast deposits of sand and gravel underlying the region contain vast quantities of water. This is pumped to the surface, by the huge windmills already there has been a rush of settlers to the valley.

COMMISSIONERS RECANVASS VOTE IN PRO-ELECTION

The county commissioners recanvassed the vote of the local option election in precincts 2, 3 and 4 this afternoon and ordered the republication of the notice declaring the result for four successive weeks. It appeared that the first canvass of the vote had been made before the seventh day following the election. As the validity of the election had been questioned on this account it was decided to recanvass the vote.

MAAS DISOBEYED HUERTA'S ORDERS

TOLD BY PRESIDENT NOT TO RESIST AMERICANS LANDING AT VERA CRUZ

ARCHITECT BRINGS THE STORY

Says That General Disregarded Specific Instructions From the Provisional President

By Associated Press. San Francisco, Cal., May 15.—That Provisional Huerta had issued specific orders to General Gustav Maas, commanding the Mexican forces at Vera Cruz, to offer no opposition to the landing of the Americans there, and that Huerta's orders were disobeyed by General Maas on his own responsibility is a statement vouched for here today by E. de Morales, a Mexican architect on his arrival here from Vera Cruz.

LAKE WICHITA SPILLWAY MAKES ROAD IMPASSABLE

Wichita Falls Appealed To Remedy Conditions Caused By Recent Heavy Rainfall

People living on the south side of the lake in Archer county have appealed to the county commissioners, the Chamber of Commerce and to the water company in an effort to secure a better passageway over the spillway at Lake Wichita which for nearly three weeks has been flowing a stream that is almost impassable. One buggy is reported to have been upset in the spillway and the occupants given a good ducking. Passage is attended with some danger at any time.

The commissioners have felt that the water company ought properly to provide a bridge or ford of some character. Until within the last few days people who use this road have been waiting for the water to subside, but it now appears that the water may continue to pour over the spillway indefinitely. People living in the territory for miles around on the south shore of the lake have been doing their trading in Wichita Falls. Unless they can get over the spillway without the danger and inconvenience that now attends the passage they say they will be compelled to go elsewhere.

THREE ARE KILLED AT COUNTRY HOME IN OHIO

By Associated Press. Ironton, Ohio, May 15.—Mrs. Dennis Mamm, her son Robert and daughter Mary were killed last night at their country home twenty-five miles from here. The mother was seventy-five years, the son and daughter were past forty-five.

A search is being made for Harley Beard, aged twenty-one, a man employed on the place.

OHIO HOUSEWIVES BUY BY WEIGHT UNDER NEW LAW

Columbus, May 15.—Ohio housewives now are assured of getting just what they pay for. Beginning today the state agricultural commission will enforce the law requiring that all packages of food must be marked with accurate net weights. Violators will be prosecuted. The present abuse, state officials say, is in the packing of lard. A weight is stamped upon the can, but it does not specify whether it is net or gross. Retailers have endorsed the law. They have written Commissioner Strode telling him that sales by weight are far more satisfactory than by measure.

By Associated Press. North Allerton, Eng., May 15.—The British army aviators, Lieut. J. Empson of the Royal Fusiliers and Sergeant Dudmore, acting as mechanic, today were killed near here during a combined flight by a squadron of military aeroplanes from Scotland to Salisbury Plain. The aviators were trying to land in a dense fog.

TODAY'S MARKET REPORT

Fort Worth Livestock. By Associated Press. Fort Worth, Texas, May 15.—Cattle receipts 2150, quiet. Steers \$6.50 to \$7. Hog receipts 700, active and five cents higher; bulk \$8.10 to \$8.25. Sheep receipts 3000, active and fifteen cents higher.

Kansas City Grain. By Associated Press. Kansas City, May 15.—Cash wheat No. 2 hard \$9 and 91; No. 2 red \$9 to 90. Corn No. 2 mixed 75. Oats No. 2 white 60 3/4 to 61 1/4.

Chicago Futures. By Associated Press. Chicago, May 15.—Corn today took the lead on the exchange; the broadening out was the result of a big advance at Liverpool where stocks were decreasing rapidly owing to the delay in shipments from Argentina. Dispatches from Buenos Ayres told of continued rain and heavily increasing damage. The market here was one-half to seven-eighths higher and made a material additional advance. Wheat advanced with corn; there were advices that injury from the Hessian fly was becoming more extensive, particularly in Illinois. Opening prices ranged from the same as last night to 1/8 up and some further gain was scored before any reaction set in. Oats went to grade, influenced by other grain. Closing prices: Wheat, May 96; July 97; Corn, May 63 1/2; July 63 3/4. Oats, July 28 1/8; Sept. 26 1/4.

Secretary Daniels' "Dry Navy" Order Also Meets Approval of Oklahoma City Conference

By Associated Press. Oklahoma City, May 15.—Bishop Murray today presided at the devotional exercises of the general conference of the M. E. Church, South, here, which were conducted by Dr. J. B. Countess of the North Mississippi conference. Resolutions were adopted indorsing the Hobson-Shepard nationwide prohibition bill, expressing sympathetic interest for the Mexican missionaries and urging them to remain steadfast to their vows and indorsing the action of Secretary Daniels in issuing an order banishing intoxicants from the navy.

REFUSE INJUNCTION IN ELECTION CASE

Judge Scurry Takes Action On Matter in Court At Henrietta

Prohibition Cannot Be Hindered from Going into Effect in Precincts 2, 3 and 4

Judge Scurry at Henrietta yesterday refused to grant an order restraining the holding up of the order declaring the result of the local option election in a district comprising commissioners precincts 2, 3 and 4 of Wichita county. In announcing his decision Judge Scurry quoted from the statutes a provision to the effect that no order could be issued delaying a prohibition order from becoming effective.

The decision was given without prejudice to the merits of the case which will come up for a hearing in the Wichita county district court, Attorney L. H. Mathis who has been representing the pro faction discussed the matter with the county commissioners this morning.

In the petition for an injunction the plaintiffs alleged that the district which the county commissioners sought to create for prohibition purposes was not authorized by the constitution or the statutes; and that the returns of the election were not legally canvassed and that therefore the election and order declaring the result were illegal and void.

RAILROAD MAN OPPOSES PROPOSED ANTI-TRUST BILL

By Associated Press. Washington, May 15.—Thomas D. Harlan of St. Louis, representing the St. Louis, Rocky Mountain and Pacific railroad today before the Senate interstate commerce committee opposed features of the administration's anti-trust bill. He held that the A. T. & S. F. road is about to purchase the Rocky Mountain, but that there is a slight degree for competition between the road and that the anti-trust bill might prevent the ownership by the Santa Fe and Rocky Mountain.

WANTS PIPE LINES COMMON CARRIERS

REPRESENTATIVE OF OKLAHOMA OIL INTERESTS IS GIVEN HEARING TODAY

By Associated Press. Washington, May 15.—Federal control of oil pipe lines today was urged before the House interstate commission by Chas. Wrightland of Tulsa, Okla., representative of the oil interest of oil producers. He submitted a proposed amendment to the administration trade commission bill, giving the commission authority to investigate oil production and consumption.

He urged that pipe lines be made common carriers under the interstate commerce law. Mr. Wrightland said that six or eight cents a barrel would be a proper charge for transportation of oil by pipe lines from the Oklahoma field to the Gulf of Mexico over lines now controlled, arbitrarily, he said by the Standard Oil Company.

HARRY VALLON WITNESS IN BECKER MURDER CASE

Follows Bald Jack Rose and Bridget Webber on Stand in Becker Trial

By Associated Press. New York, May 15.—Harry Vallon, alleged fellow conspirator with "Bald Jack" Rose and others in what the state declares was a plot to murder Herman Rosenthal for which Chas. Becker is being tried for the second time, underwent the ordeal of cross examination today.

Vallon admitted that he had told the truth on many occasions, in respect to the murder, but swore that his story of the events leading up to the crime was correct in its essential details.

Counsel for the defense endeavored to show that Vallon's testimony connecting Becker with the conspiracy was false. In no important point, however, was the witness' story broken down.

EXPLOSION KILLS TEN IN DETROIT

VAT OF MOLTEN RUBBER BLOWS UP—BODIES ARE BURNED BEYOND RECOGNITION

FACTORY IS TOTAL WRECK

Flying Debris Damages Adjacent Structures—Investigation of Causes Under Way

By Associated Press. Detroit, Mich., May 15.—Ten men were killed and three were injured early today in an explosion which practically wrecked the plant of the Mexican Crude Rubber Company. About twenty-five employees were working in the plant.

Most of the victims were skilled mechanics. One body was blown through the building. Three others were burned beyond recognition. Three of the men were removed to a hospital and physicians said they did not expect them to survive.

Dozens of windows in buildings near the rubber company's plant were shattered.

Several causes for the explosion were assigned, but survivors said a vat containing a large quantity of molten rubber exploded. Officials of the company declined to issue a statement until they had conducted an investigation.

The plant, a one story concrete building in West Detroit, was destroyed. Flying debris damaged adjoining buildings and concrete blocks weighing several pounds were more than two blocks from the scene of the explosion. The factory of a motor car company about 400 feet from the rubber company was badly damaged. Nobody in the buildings, however, was seriously hurt.

None of the first five bodies taken from the debris was identified before being taken to the morgue. Several hours after the accident all of the employees had not been accounted for and the list to report the possibly fourteen had been killed. Officials of the company thought, however, that some of the missing men would be located at their homes.

EARLY PEACHES SURVIVED; LATE VARIETIES KILLED

The frost did not get all of the peach crop according to Joe Stephenson who owns one of the best peach orchards in this section at Thornberry. Some of the early peaches escaped the freeze. On some of his trees Mr. Stephenson says there are 25 or 30 peaches. These will be of superior quality. The late varieties were almost entirely killed.

12 CONVERSIONS AT MEETING THURSDAY

IMMENSE CROWD HEARS DR. SCOVILLE'S SERMON ON "PRAYER"

DISCUSSES OTHER TOPICS

Vigorous Attack on Saloons in Address
Features of Address, 4th is Health

Previous conversions 142
Converted Thursday 12
Total 154

"Prayer" was the subject of a powerful sermon by Dr. Charles Scoville at the First Christian Church Thursday night and the large percentage of the discourse, twelve came forward to accept his invitation.

The congregation was an immense one, occupying the entire lower floor of the church, with an overflow in the galleries. The greatest interest prevailed and more than a dozen present burst into applause, particularly when the responses to the invitation began. Among those who responded was a well known business man of this city and his appearance was the signal for an outburst of hand clapping. A large percentage of those coming forward were adults, which was considered especially gratifying.

Although "Prayer" was his announced subject, Dr. Scoville, as is his habit, digressed considerably from his main topic and one of Thursday night's such digressions was a scorching attack on the saloons, in which he plead with his hearers to vote that institution out of the city. He was particularly severe upon church members who pretended to applaud attacks on the saloon and then went to the ballot box and voted to perpetuate the traffic. Vigorous applause greeted his remarks.

The Salvation Army. In another part of his address, Dr. Scoville had a word of eloquent praise for the Salvation Army, saying that organization had left a shining trail, like the Milky Way, wherever it went. He rejoiced, he said, in men who were willing and able to stand on the street corners and invite others to Christ, and declared that when the church got too cold and distant, he and Mrs. Scoville would don their caps and uniforms and go out and stand and work with the Salvation Army.

The main theme of the evening's sermon was the efficacy of prayer and its important place in a Christian's life. Dr. Scoville called especially upon the church members among his hearers to "pray without ceasing" for the winning of souls in this campaign. He pointed with great pride to the number already led to Christ in four days and set 2000 as his mark.

Song Leader Marty opened the services with a hymn "In the Cross," following it with the one he taught the night before, "The City That Needs No Sun." The baptismal service took place next, four converts being immersed. Prayers were offered by Dr. J. L. McKee and Dr. C. C. Smith. Mr. Marty introduced the congregation to a "sing," "He Loves Again." Rev. Mr. Merrill and Rev. F. P. Walters offered up prayers for the success of the service and the offering was then taken up. Dr. Scoville contributed the offering taken up at Electric Monday. Rev. Mr. Merrill gave a brief talk on the work of the Christian Church convention at Gainesville. A solo by Mr. Marty, "Sadder Deeds of Kindness," closed the preliminaries to the sermon.

Depend More on Prayer. Dr. Scoville announced his subject for the evening as "Prayer." He read a number of verses from the Scripture showing the efficacy of prayer. In the years to come, he said, the church would depend more and more upon prayer. He told of the power of prayer in the church of the famous Spurgeon of London, which he has visited.

It was as essential for the Christian worker to keep in touch with Christ as it was for the street car to be connected with the power plant or for a salesman to keep in touch with his house.

"It ought to be just as natural for you pray as it is for you to breathe. How would you as a father tell of your son never spoke of you? Prayer is just as natural with the real Christian as breathing is."

He digressed here to address the small boys near him, urging them to "go to father" as well as to mother. "His hands may not be as soft as mother's but the caresses there was made by working for you."

He said he offered up prayer before leaving home for the service, and urged his hearers to devote more time to prayer and less to newspapers on Sunday morning. He touched at some length on the subject of Sunday observance, saying every purchase on that day keeps some clerk at work.

Has Prizes For Texas. "You boys in Texas more business men who will close their establishments and go to church than any other state. And you have more daily papers in Texas that will give you the church affairs than any other state. God bless the editor who will give the church its share of space."

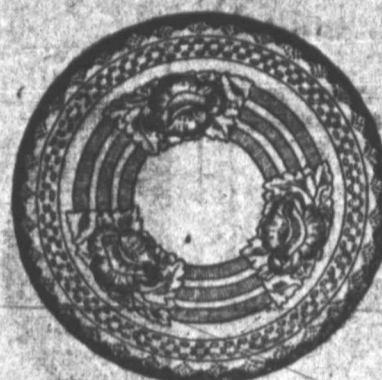

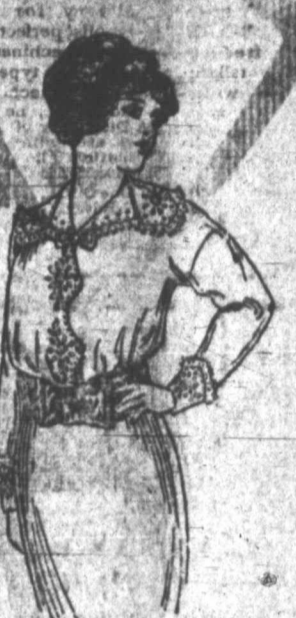

"Lay yourself out on the altar of God," Dr. Scoville said was the essence of prayer. It was just as essential for a man who repented as he came to Christ, to keep as in prayer and service and repentance, he said.

The need of more philanthropic work by the church was discussed by the speaker, who said the church should have done much work that had been done by the lodges. He advocated the elimination of some lodges by "hauling the members by their heels until all the beer drips out." He made a brief but emphatic

plan for a dry Wichita Falls and there were cries of "amen."

"Do you say 'amen' to that?" he asked, "why don't you say 'amen' to the ballot box?"

He drew an awful picture of the effects of whiskey and how it worked through parental channels.

"If the saloon lives, the church has got to die and it's a fight to a finish," he shouted. He said his remarks in severe language to those who pretended to be on Christ's side and then voted to keep the brewery going.

States His Position. "I'm not against the saloonkeeper, I'm against the saloon; I'm not against the bartender; I'm against the bar; put that down, reporter," he said.

He renewed his appeal to the church workers to go out in the highways and byways and help in the

work. It was possible, he believed, to bring 2000 to Christ if all would help.

"The world today doesn't believe enough in the mightiness of God Almighty," Dr. Scoville said.

He said that prayer must be backed by faith and works and told several stories to illustrate his theme. "Be a real Christian," he said, "not just an addition to the church."

SEEK TO LIMIT FOREIGN COTTON'S ENTRY INTO U. S.

Washington, May 15.—Proposed measures to limit the entry and manufacture of foreign lint cotton in the northern states were considered at public hearings at the department of agriculture today.

Departmental experts declare that these measures are necessary by reason of danger of introduction of the pink boll worm, one of the most serious pests known, which already is infested with the worm and consequently cotton from this territory will be excluded. It is also proposed to prohibit shipment of this foreign lint cotton from the northern states to the southern cotton mills.

JAR PLANT HAS CLOSED TO

INSTALL NEW MACHINERY

Blowing Machines Will Be Put in at Once and Operations Resumed Shortly

Ball Brothers fruit jar plant has been closed down since Sunday for the installation of new blowing machines. Two Owens machines are being installed to supplant the apparatus now in use. These machines will give an increased capacity. The plant will be reopened as soon as the machines are installed.

It had been intended for some time to install these machines as soon as they can be delivered. Although the season now opening will be one of the poorest on record on account of the freezes having killed most of the fruit the plant will be kept running to make stock for the following season.

BIG FEES FOR SEVEN DOCTORS

High Priced Physicians Endorse Dodson's Liver Tonic. It Takes the Place of Calomel.

America's best known and highest priced physicians—seven of them—were paid very large fees to pass on the formula of Dodson's Liver Tonic, and all of them heartily endorsed this remedy as a perfectly safe and reliable one. It takes the place of dangerous calomel in cases of constipation and torpid liver.

Dodson's Liver Tonic has none of the disagreeable after effects of calomel, which is in fact a poison, a mineral, a form of dangerous mercury.

On the other hand, Dodson's Liver Tonic is a strictly vegetable liquid, containing nothing harmful. It acts pleasantly, easily and naturally, without pain or gripe and without interfering at all with your regular habits, diet or occupation.

Dodson's Liver Tonic is guaranteed by your druggist, who will cheerfully refund purchase price, 50c at once if you are not entirely satisfied with it. A trial has benefited many people and probably would help you.

The Duteous Heart.
Spirit of grace and beauty,
Whom men do much miscall;
Madly, unjustly, duty,
I cry thee fair befall.

Pity them that shun thee,
Sorrow for them that hate,
Glory hath any won thee
To dwell in high estate.

But rather thou delightest
To walk in humble ways
Keeping thy favor brightest
Unowned by foolish praise.

In such retirement dwelling
Where, hath the worldling been,
He straight returneth telling
Of sights that he hath seen.

Of simple men and truest,
Faces of girl and boy;
The soul whom thou endurest
With gentle peace and joy.

Fair from my song befall thee,
Spirit of beauty and grace!
Men that so much miscall thee
Have never seen thy face.

MUSICIANS CLUB ENJOYS SOCIAL SESSION THURSDAY

The social session of the Musicians' Club Thursday afternoon met at the home of Mrs. W. R. Ferguson, which proved to be a thoroughly delightful affair. It was given by the choral department of the club, honoring the active members, patronesses and the director, Mrs. G. Fred Thompson.

The lovely Ferguson home was beautifully decorated for the occasion with a profusion of roses in baskets and vases and the dining table was covered with a large basket filled with the fragrant roses. In the early part of the afternoon an interesting musical program was carried out, piano, numbers and songs, which were presented by the occasion with Misses Florence Sammons and Olla Bell and vocal numbers by Miss Ritchie and Mesdames Sanders and Tully. Following the program Mrs. Wade Walker read an original poem flinging with a tribute to Mrs. Thompson, and then presented her with a handsome walnut traveling bag in behalf of the club, in recognition of her untiring efforts in making the cantata just presented, such a success. Following the presentation a contest, "A Musical Love Story" was instituted and Miss Ritchie won the prize. The guests were then invited to the dining room where dainty refreshments were served. Mrs. Thompson poured tea at the rose laden table and Misses Alice Burnside, Mary Orth, Florence Sammons and Audrey Ferguson assisted in serving. Mrs. R. Ferguson and her guests were then invited to the dining room where dainty refreshments were served. MRS. GARDNER HOSTESS TO THURSDAY SEWING CIRCLE

The Thursday Sewing Circle met in regular session Thursday afternoon with Mrs. M. J. Gardner. A pleasant round of sewing and conversation was engaged in until late in the afternoon. The members present were: Mesdames Murphree, Jeff Waggoner, Bell McDowell, Gardner. Visitors were: Mesdames Jenne, Walker and Miss Rhea Gardner.

MISS CHAMBERLAIN HOSTESS TO THURSDAY BRIDGE CLUB

Thursday afternoon Miss Ethel Chamberlain entertained the Thursday Bridge Club and a number of guests very delightfully. The usual tilt at bridge was enjoyed and the hostess had provided two dainty souvenirs in cut glass as high score favors. The club prize, a complete was won by Mrs. DuVal in a cut with Miss Sherred and the guest prize, a nappe went to Mrs. Shaw. At the conclusion of the game a delicious refreshment course of ice cream, strawberries and cake was served to the following: Mesdames Eugene Sherrod, Toney, McGregor, Robertson, Gwynn, Blair, Frank Blair, T. W. Roberts, Harry Cravens, DuVal, Berkey, R. E. Hill, Dent, Zindelovitz, Greenwood, Montgomery, Griffin, Sammons, Short, Shaw, Moore, Burnside, Fenton, Marcus, Abe Marcus, Walsh, Cullinan, Fitzpatrick and Miss Lucile Sherrod.

FOR STOMACH TROUBLE

John W. Skillen of Sidney, Ohio, Has Found a Remedy

Experts declare that the reason stomach disorders are so common in this county is due to hasty and careless habits of eating. Stomach troubles and ran down conditions usually go together.

John W. Skillen of Sidney, Ohio, says: "I had a bad stomach trouble for years, and became so weak that I could hardly walk or do any work. My appetite was poor and it seemed impossible to get any relief. Since taking Vinol I find a remarkable improvement in my health, my digestion is much stronger and I have gained in weight. I would not be without Vinol."

Vinol makes weak stomachs strong, because it strengthens and tones the weakened, tired and overtaxed nerves of the digestive organs. Vinol is easily assimilated by the weakest stomachs and is delicious to the taste.

Try a bottle of Vinol with the understanding that your money will be returned if it does not help you. Miller Drug Store.

SOME WHEAT REPORTED NEARLY READY FOR BINDER

With his wheat now in the "dough" stage, County Commissioner Mc Cleskey who owns a big farm near Iowa Park gave notice to the other members of the court that he would want off the latter part of next week to look after his harvest. Mr. Mc Cleskey's wheat is in an early variety, and from present indications things are going to be busy up his way the latter part of next week.

It is probable that the commissioners who are now sitting as a board of equalization will take a recess when wheat has started as it will probably require several weeks to complete the equalization work.

SUFFRAGE RESPONSIBLE FOR THIRD SEX SAYS WRITER

London, May 15.—"A new sex is growing up; a third sex—women who deliberately abandon all feminine attributes and honestly do not care for love or passion."

This, according to Sir William Bell member of Parliament for Hammer-smith in an article in the Academy, is the real reason for the growth of the woman suffrage movement. "The young women of half a century ago did wool work also wasted thousands of hours of valuable time in practicing the piano, said Sir William, "in nine cases out of ten she had no taste or inclination for music, and is now as defunct as her grandmother who swooned in graceful attitudes on every occasion. Women nowadays are taking up a more aggressive position in the world; they travel unchaperoned; they ride alone in taxis, and live like bachelors by themselves in flats. If they think fit, without scandal, they want to live their own lives; they do not want to get married or expect it. They imitate men as far as they can in their attire. They smoke cigarettes and lead useful lives as clerks, typists, telegraphers, actuaries, doctors and take up a hundred other occupations which were formerly the sole occupation of men. They do not want men; they are learning to be independent of them."

"I do not pretend that all women who follow these occupations are of this class, but I maintain that there

is a large and growing proportion of what is practically a third sex. Inasmuch as the proportion of men over women is increasing, I see no harm in it but good. Spinsterhood is no longer the reproach it once was, and women lead far more interesting and brighter lives than they ever did before."

Fish Fry and Rabbit Drive.

The Times is requested to announce that there will be a fish fry and rabbit drive in what is known as the Henderson and Morris pasture, eight miles west of the city on the Seymour road on next Tuesday. Those who participate are requested to meet in a grove in the pasture early Tuesday morning. The program is to catch fish out of the river during the morning and drive rabbits in the afternoon.

Everyone is invited to participate in the fun and incidentally are requested to bring their dinner.

HELPLESS AS BABY

Down in Mind Unable to Work, and What Helped Her.

Summit Point, W. Va.—Mrs. Anna Belle Emey, of this place, says: "I suffered for 15 years with an awful pain in my right side, caused from womanly trouble, and doctored lots for it, but without success. I suffered so very much that I became down in mind, and as helpless as a baby. I was in the worst kind of shape. Was unable to do any work."

"I began taking Cardui, the woman's tonic, and got relief from the very first dose. By the time I had taken 12 bottles, my health was completely restored. I am now 45 years years old, but feel as good as I did when only 16."

Cardui certainly saved me from losing my mind, and I feel it my duty to speak in its favor. I wish I had some power over poor, suffering women, and could make them know the good it would do them."

If you suffer from any of the ailments peculiar to women, it will certainly be worth your while to give Cardui a trial. It has been helping weak women for more than 50 years, and will help you, too.

Try Cardui. Your druggist sells it.

If the Times remembers correctly the new city charter adopted by the city last fall provides for the election or appointment of an inspector of food that is offered for sale in this city. There is no doubt but there is need of such an official. The health of a city is one of the first things that should be looked after, and if the truth were known there are many deaths that are due directly to the eating of impure food.

If owners of automobiles are to be protected against thieves and joyriders it looks as if they are going to be forced to subscribe to a fund to be paid as a reward for the detection and conviction of those who steal out their machines at night, use as long as they like and then leave them in some out of the way place in a condition that requires repair work before they can be made to run. During the past several months several autos have been stolen out so far as the Times is aware the only man caught in the act of stealing a machine, who was placed in the jail by city police succeeded in making his escape before daylight. There are more than seven hundred autos in the county, most of them owned by residents of this city. It has been suggested that if each auto owner would put up one dollar in trust as a reward for the detection and conviction of these thieves and make the fact known, it would put a stop to the nuisance.

POLICE ARE SEEKING CAUCASIAN MILLIONAIRE.

Warsaw, May 15.—Police throughout Russia are searching for a Caucasian millionaire, M. Shahnazaroff, who fled from this city after attempting to murder a beautiful young girl named Sofia Sec, whom he had engaged as his private secretary. The two had rooms in a hotel here and hearing feeble cries, the servants entered and found the girl imprisoned in a wardrobe. She was suffering from the effects of poison and later in the hospital told her pitiful story. After persuading her to accompany him as his secretary to his estate in Russia, the millionaire revealed his real intentions and kept her a prisoner for a month, intercepting her letters and balking her attempts at flight. Finally he brought her to Warsaw, where she determined to murder him. Her betrayer, however, instead of paying the money he put poison in her tea and after locking her up in the wardrobe decamped.

ROLLER-SKATING AMONG ATTRACTIONS AT LAKE

Dancing Pavilion to Be Transformed into Rink—Will Have Moving Picture Show

Roller skating is to be among the amusements offered at Lake Wichita this summer, and the dancing hall in the pavilion has been transformed into a skating rink. Already there are a number of skaters nightly, and it is expected that the rink will be liberally patronized during the summer. The use of the floor for skating, it is said, will not injure it for dancing purposes.

The moving picture show in the circle building will be opened as soon as the weather permits, probably within the next few weeks. This is a new attraction for the lake and as no charge for admission will be made, it is expected to be very popular.

GOVERNMENT LIFE IN ITALY

Rome, May 15.—Italy's governmental monopoly of life insurance, created at the instance of the socialists in parliament, has just completed its first year of business. Although Italian government employees can only be required to work seven hours a day, the new department of life insurance has done such an immense business that the entire personnel has now been working 10 hours a day, Sundays included, for seven months and with no immediate prospect of being able to go back to the seven hour day. Over \$220,000,000 worth of business has been done during the year, including that taken over at the beginning from 24 private companies which the government monopoly put out of business.

Grand-Father Put the Napkin In His Pocket

And drank from the finger bowl. He wasn't wise to the usages of polite society and his dress and manners were great handicaps to him when he attempted to play society.

Now to be sure, clothes and manners alone do not make the man, but they are essentials that must be considered. Your clothes can be a handicap almost insurmountable either in society or business. Of course, you see the point. Don't be handicapped in the matter of dress when you can buy the best hand-tailored suits made for \$15 and \$18 Per Suit. When a tailor could not guess the price you paid how do you paid how do you man to know. Our clothes are better than the price indicates.

TEXANS RESCUED FROM KNIFE BY WONDERFUL STOMACH REMEDY

Find Swift Relief From Allments of Years' Standing With First Dose of Treatment

Many Texans heedlessly suffer from stomach ailments and disorders of the digestive tract which appear to be particularly prevalent in the South. Many others have found a way to health by the use of Mayr's Wonderful Stomach Remedy.

The first dose of this remedy proves what it will do.

T. B. Goodpasture, 802 Sabine St., Houston, Texas, wrote: "I look treatment last spring. I don't think I will have to take any more—it completely cured me."

R. L. Randell, Laredo, Texas, wrote: "I have just finished my fifth bottle of your stomach treatment and passed several gall stones. Your preparation has worked simply wonderfully during my course of treatment."

These people know, because they took and proved it. Mayr's Wonderful Stomach Remedy shows you right away. Mayr's Wonderful Stomach Remedy clears the digestive tract of mucoid accretions and removes poisonous matter. It gives quick relief to sufferers from ailments of the stomach, liver and bowels. Many say it has saved them from dangerous operations; many are sure it has saved their lives.

The wonderful success of this remedy has caused many imitations, so be cautious. Be sure it's Mayr's. Probably your own neighbors know about the remedy. Go to Foshier & Lynch and ask about the wonderful results it has been accomplishing among people they know—or write to Geo. H. Mayr, Mfg. Chemist, 154-156 Whiting St., Chicago, Ill., for free book on stomach ailments and many grateful letters from people who have been restored. Any druggist will tell you its wonderful effects. (Advt.)

TO EXTEND PAVING ON TENTH STREET

PETITION PRESENTED TO CITY COUNCIL FOR WORK WEST OF BROOK

PLAN FOR CLEAN GUTTERS

Chicago is introduced With This in View—Other Matters Are Given Attention

More paving is to be done on Tenth street. At the meeting of the city council Thursday night Claude Wood representing property owners on Tenth street between Brook avenue and Baylor appeared to ask that the paving of that block be ordered. He presented a petition signed by all but three of the property owners. Two of the others, he said, had indicated that they would sign up. Acting upon the petition the council ordered the city attorney to prepare an ordinance for the paving of this block and also the block between Baylor and Denver streets provided a petition for this block also is presented at the next meeting of the council. It is the understanding that the intersections are not to be paved at this time unless the paving contractor will agree to carry the city's part until the city has funds to meet the payment. Concrete is the material the petitioners ask to be used.

No Grass in Gutters. The ordinance to prohibit the throwing of grass, weeds or other debris into the street gutters was placed on its first reading. Dr. ...

FRECKLES

Now is the Time to Get Rid of These Ugly Spots

There's no longer the slightest need of feeling ashamed of your freckles, as the prescription Othine—double strength—is guaranteed to remove these homely spots.

Simply get an ounce of Othine—double strength—from any druggist and apply a little of it night and morning and you should soon see that even the worst freckles have begun to disappear, while the lighter ones have vanished entirely. It is seldom that more than an ounce is needed to completely clear the skin and gain a beautiful clear complexion. Be sure to ask for the double strength Othine as this is sold under guarantee of money back if it fails to remove freckles. (Advt)

suggested that it be amended to include a prohibition of grass growing over the sidewalks, but after a brief discussion it was thought best to pass a separate ordinance to accomplish this.

The park site and fire station bonds election were set forward to June 23. Permission was granted the telephone company to place its poles and wires on Brook avenue in order to use into the Southland addition and a permit was also granted the water company to go into the addition on Marshall street.

The Southland Ordinance. In this connection Manager Lawton of the water company brought up the ordinance adopted when Southland addition was annexed to the city providing that wires and poles should not be placed in the streets. He maintained that the ordinance was no worse than it would not permit wires to be run across a street or the necessary poles to be erected in a street to carry wires. He further maintained that the ordinance was a limitation and was contrary to the franchise which granted the company the right to use the streets. The matter was finally disposed of by referring it to the light committee with instructions to take it up with Mr. Lawton.

A postal card was read from a holder of some of the city's bonds asking whether the city would not cancel some of its old bonds. Mayor Britain said he would look into the proposition and report to the council. He said that while the city was broke so far as some of its bonds were concerned it had \$17,000 or more on hand with which it might acquire some of its bond obligations.

Other Matters Acted Upon. Failure of some property owners to put down paving and of some others to install sewers was brought to the attention of the council. No additional orders were passed but the city attorney was instructed to push proceedings already started.

City Secretary McCarty who has been the custodian of two opium pipes seized in recent raids, a can of opium and a considerable quantity of books asked what disposition he should make of these articles. City Attorney Nutt was awarded the custody of one of the opium pipes to be used as evidence in the prosecution of one of the cases. The other pipe was turned over to Chief Hall who was also given the custody of the books to dispose of it in the way that would cause the least harm.

COMMISSIONER SAYS GOOD ROADS MEAN GOOD SCHOOLS

Columbus, May 16.—Bad roads are the cause of 75 per cent of the children in rural districts not attending school regularly. This was the declaration today of State Highway Commissioner Marker. He is preparing to use this fact in his campaign to increase interest in road building activities of the state. "Better roads mean better health, better schools, better children," is his motto.

LEGAL NOTICES

THE STATE OF TEXAS

To the sheriff or any constable of Wichita county, greeting:

You are hereby commanded to summon Nora McConnell by making publication of this citation once in each week for four successive weeks previous to the return day hereof, in some newspaper published in your county to appear at the next regular term of the district court of Wichita county, to be held at the court house thereof, in Wichita Falls on the first Monday in June A. D. 1914, the same being the first day of June A. D. 1914, then and there to answer a petition filed in said court on the 7th day of May A. D. 1914 in a suit, numbered on the docket of said court No. 4967 wherein W. S. McConnell is plaintiff and Nora McConnell is defendant and said petition alleging that plaintiff and defendant were lawfully married in Kaufman county, Texas, on 10th day of September, 1899 and continued to live together as man and wife until June 21st, 1912, since which time they have not lived together as man and wife. That during the time they lived together plaintiff treated defendant with kindness and forbearance and supported her; that about the first of the year 1911 plaintiff began to grow cold and neglect her household duties and plaintiff and began to associate with other men. That for the last twelve months she was guilty of various acts of adultery and finally left plaintiff in company with another man and plaintiff does not know her residence. That two children were born to them, Lucile and Earl McConnell, aged eight and seven years and that plaintiff now has possession of said children and is the proper person to have the care and control of them, that defendant is not a proper person to have the care and custody of said children. Wherefore, premises considered, plaintiff prays citing defendant to appear and answer herein. That upon the material hereof that he have his divorce and a decree annulling the bonds of matrimony heretofore existing between them and that he be awarded the custody, care and control of said children, for costs and general relief.

Herein fails not, but have before said court, at its aforesaid next regular term, this writ with your return thereon, showing how you have executed the same.

Given under my hand and the seal of said court at office in Wichita Falls, this 7th day of May A. D. 1914.

A. F. KERR, Clerk District Court, Wichita County. 308 2 8-14

FLORAL HEIGHTS

The most beautiful residence section of Wichita Falls

It lies high, has every convenience and lots are priced very low. There are many magnificent homes and beautiful cottages galore. No part of the city can compare with the restricted district in beauty and elevation. You can see ten miles in any direction and every street is lined with sheltering shade trees. Building restrictions are very reasonable.

This company has some choice lots left ranging in price from \$150.00 to \$450.00.

Unquestionably Floral Heights is the place to live.

Headache, burning of the eyes and lids are often mistaken for some dreaded disease of the eyes, while the trouble is only some optical defect which can be entirely relieved by proper glasses.

Glasses relieve the strain, and the symptoms entirely disappear.

That is the history of hundreds of cases which we have on our record.

Our facilities are the best we can get for examining the eyes.

Quinine and Sage

have been known as hair and scalp remedies of recognized merit for many years. As cleansers of the scalp they are unexcelled and they leave the hair soft and fluffy. The greatest combination of these two drugs ever made is DIKE'S QUININE AND SAGE. This is one of the most elegantly made and chemically correct toilet requisites ever offered to the public. DIKE'S QUININE AND SAGE is just right. We do not mean by this that it will grow blond tresses on a gas meter or braided locks on a door knob or restore curls that is gone. But we do mean that it is good for your hair and scalp. It only costs fifty cents to convince you of the merit of this preparation. If it does not give you satisfaction we will give you the fifty cents. OUR PERSONAL GUARANTEE IS BEHIND EVERY BOTTLE.

"TIS SAD BUT TRUE"

Seventy-five per cent of the graves in our cemeteries are never marked. Forgotten by friends and loved ones. Only a few days ago a stranger came to me and said find the grave of a friend and I will mark it as a last tribute of love, all that a friend could be, but we searched in vain.

Why is it so many graves are unmarked? They can be marked substantially for a nominal sum, and when you consider this mark will last for over a century, you have not been out anything.

You say you are going to, when? You are just like the rest of the human family, going to but you never do. Should you decide for sure don't forget the leaders in memorial art.
