SEC. BRYAN AWAITS REPORT ON PARKS

HUERTA GOVERNMENT PROMISES IMMEDIATE INVESTIGATION FATE OF PRIVATE

FALL OF TUXAM CONFIRMED

As Result of Its Capture By Rebels Lobos Island Again Becomes a Problem

Washington, May 16.—State department officials today awaited a reply from the Huerta government made by the Brazilian minister in Mexico City at the request of Secretary Bryan for information concerning the whereabouts of Private Samuel Parks. The Spanish ambassador today received a dispatch from the Huerta government promising immediate investigation.

Mr. Bryan said that he had received no proof from the Brazilian envoy that Parks had been executed, but it is known that the minister, as well as General Funston in Vera Cruz, have been told repeatedly that the young private had been summarily executed and that his body had been mutilated and destroyed. Neither have been able to report to Washington the Mexican federal commander's account of just what happened. War department officials say that they assume Parks met death in the manner officially reported.

Secretary Bryan declined to make public the text of the representations made to him by General Huerta through the Brazilian minister, other than to say that they were important. Last night's report, corroborated today from Vera Cruz, that Parks, on Mexico's east coast, is in the hands of the constitutionalists, raises a question here as to the possible occupation by the constitutionalists of Lobos Island which lies only a few miles off Tuxam. The Huerta lighthouse keepers turned over the lighthouse to the American naval forces, who have kept the light burning. The state department since has adjusted the matter by offering to turn the lighthouse back to the Huerta keepers, if they would maintain the lights. The appearance of the constitutionalists from their position at Tuxam would present new issues as to carrying out the offer to restore the lighthouse to the Huerta keepers or turning it over to the constitutionalists if they occupy the island and agree to run the light.

Secretary Bryan said today that the question of permitting the shipment of arms from the United States to Mexican ports was not before the state department for consideration. In view of Secretary Garrison's explanation that prohibition of further shipments of arms across the Mexican border was done at his direction and applied only to the border it was presumed no attempt would be made to interfere with any shipment consigned to Tampico or Tuxam. Secretary Daniels said although naval officers are under instructions to watch for arms or shipments to Mexico, none had been reported. No orders have been issued from the navy department with reference to commerce passing into Tampico.

May March to Vera Cruz
That the Mexican constitutionalist army, which took Tuxam, will proceed south and oppose the federal troops outside Vera Cruz was reported in official circles tonight. Such a movement, it was pointed out, probably would prevent any possibility of trouble between the American forces and Huerta's troops. The army of about 125 miles north of Vera Cruz and it was said the constitutionalists would have little difficulty making the march in sufficient force to defeat the federalists there. The constitutionalist forces near Tuxam are said to be of considerable strength.

On information received from constitutionalists, it was reported that the next aimed to bring about the speedy downfall of Huerta and might be consummated before the expected troops.

John Lind was a caller at the White House tonight, but did not see Mr. Wilson. He said he expected to leave for his home in Minnesota soon.

AMERICANS AT SAN QUENTIN BELIEVED IN DANGER

Washington, May 16.—The Brazilian minister at Mexico City in a report to the state department today expressed apprehension regarding a number of Americans who have been concentrated at San Quentin and he said he asked the nearest British consular officer to render such assistance as was possible.

REBELS TAKE THE PORT OF TUXAM

Washington, May 16.—Tuxam, on the east coast of Mexico between Vera Cruz and Tampico, is in the hands of the constitutionalists, according to a report to the state department today from Consul Canada at Vera Cruz.

PRESIDENT URGES COLORADO TO ACT

SENDS TELEGRAM EXPRESSING SURPRISE AT STATE'S INACTION

MUST RESUME SOVEREIGNTY

Wilson Cannot Conceive That Colorado is Willing to Forego Her Right of Authority

Washington, May 16.—President Wilson has sent Gov. Ammons of Colorado a telegram informing him that the federal troops will not be kept in the troubled district indefinitely and urged that the legislature, now in session, take steps to settle the difficulty. President Wilson's telegram to Gov. Ammons read:

"Am disturbed to hear of the probability of the adjournment of your legislature and feel bound to remind you that my constitutional obligations with regard to the maintenance of order in Colorado is not to be indefinitely continued by the inaction of the state legislature. The federal forces are there only until the State of Colorado has time and opportunity to resume complete sovereignty and control of the matter. I cannot conceive that the State is willing to forego her sovereignty or to throw herself entirely on the government of the United States and I am quite sure that it has no constitutional right to do so when it is within the power of her legislature to take effective action." (Signed)

"WOODROW WILSON"
Gov. Ammons Answers.

In response, Gov. Ammons telegraphed the president that an extra session of the legislature just adjourned had provided a million dollar bond issue to cover the past and future expenses of the state militia. The governor expressed confidence that as soon as these funds are available, the state will be able to control the situation.

The Colorado mine districts have been under martial law for many months. Previous to the arrival of federal troops three weeks ago the mines were guarded by the state militia. After the militia and strikers participated in a battle at Ludlow on April 29, when several men were killed and other serious conflicts, the militia was replaced by federal troops. Of the \$1,000,000 provided by the bonds referred to by Gov. Ammons \$691,000 has already been spent for the militia. The governor's reply was:

"I am exceedingly glad that you have been misinformed. The legislature has just passed an act which I have approved providing for a bond issue of a million dollars to pay the indebtedness incurred and which may be incurred in suppressing insurrection and defending the State.

"As soon as these bonds can be issued, these funds will be available and this State can and will control the situation. This is the only constitutional way of raising funds in the immediate future. In addition to this, the legislature has enacted a law permitting the governor to close saloons in times of disorder and a law providing for the carrying and disposition of fire-arms in times of disorder. Moreover, a committee on mediation on the present strike has been provided for and appointed."

Legislature Adjourns.

"The two measures defeated of the five included in the extra session call for a constitutional amendment for the enactment of a compulsory arbitration act and a bill establishing a state police force. In the closing hours of the extra session a joint resolution was adopted for the appointment of three senators and three representatives to act as advisers to the governor in handling future strike developments and to recommend to the next general assembly laws that may be necessary to meet the situation. Adjournment was delayed by the receipt of the president's telegram. The legislature later adjourned. The governor said: "I hope it will not be necessary to use the militia again. I hope that before the federal soldiers are withdrawn, the federal administration can help to bring about an adjustment of the strike controversy."

President is Relieved.

President Wilson expressed satisfaction with the situation after he had received Gov. Ammons' reply tonight. Officials in close touch with the president said Mr. Wilson was greatly pleased with what had been done after he had been informed by Gov. Ammons of the work of the Colorado legislature.

That the acts of the legislature are not sufficient to cope with the strike situation in case the federal troops are withdrawn was the substance of a minority report adopted by members of the Senate and telegraphed to President Wilson.

MEXICO'S DELEGATES ARRIVE AT WASHINGTON

Huerta's Representatives Accept Hospitality Extended by the State Department

ONLY THREE MORE WEEKS OF FREEDOM

Twenty-four 'Dynamiters' Ordered to Report at Leavenworth June 6

Washington, May 16.—The three special delegates who will represent the interests of General Huerta in the Mexican peace conference at Niagara Falls, Ontario, arrived here shortly after 2 o'clock today. They were accompanied by S. M. Hanks, representing the American state department, and were met by Mr. Riano, the Spanish ambassador. In the party were Emilio Robasa, Augustin Rodriguez and Luis Elguero, the Mexican delegates, a staff of secretaries and clerks and the ladies accompanying the Mexicans. An assemblage largely composed of representatives of the diplomatic corps and friends of the arriving delegates was at the station.

Agents of the mediating envoys were the first to be presented to the delegates by the Spanish ambassador, C. M. Cook, social secretary of the state department, also was present, and extended to the Mexicans the hospitality of the department. He was presented by Mr. Riano. Among those who waited for the train was Torres Adalid, a wealthy Mexican with large interests in Mexico City. He was embraced by the three delegates as they left the train.

The Mexican delegates, Mr. Riano and the representatives of Brazil, Argentina and Chile, conferred with Mr. Cook, who tendered the hospitality of the American government. After fifteen minutes discussion on the station platform, the delegates decided to accept the offer and the group broke up. The Mexican party was hurried to a local hotel, where accommodations had been reserved for them by the state department.

MONUMENT UNVEILED TO COMMODORE JOHN BARRY

Washington, May 16.—Thousands of patriotic Irish-Americans from all sections of the country gathered in Franklin Park here today to witness the dedication and unveiling of a bronze statue of Commodore John Barry, the Nation's tribute to the heroic Irish patriot of the American Revolution by many called "The Father of the American Navy."

The monument is a gift of Congress through the appropriation in 1906 of \$50,000 and the ceremonies today were under the joint auspices of the government and an executive committee representing Irish-American societies throughout the country. They followed a parade of soldiers, sailors, marines and members of many Irish organizations.

Description of Statue
The statue is the work of an Irish-American sculptor, John J. Boyle of New York and shows the commodore in the naval uniform of the day, when as commander of the Black Prince and director of American naval operations he wreaked havoc on British commerce. The right hand rests on the hilt of a sheathed sword and the left hangs amid the folds of a great white shawl. The figure is turned a little to the right and slightly upward and the pose and whole attitude is one of dauntless gallantry. The statue stands ten feet high on a marble pedestal of 16 and one-half feet on a base of granite. The figure is sculptured a figure of victory on the prow of a ship. On the base is this inscription:

JOHN BARRY
Commodore of the U. S. Navy.
Born County Wexford, Ireland, 1749
Died Philadelphia, 1803.

The likeness is based on the only portrait of Commodore Barry in existence, the work of Gilbert Stuart, now in the State House in Philadelphia, painted just before Barry's death at the age of 53. From this portrait the sculptor endeavored to produce a younger likeness representing the naval hero at the age of 40 when he was in the zenith of his career.

Although the chief reason for the gathering of Irish-Americans in the National Capital, the ceremonies today were but a part of a two-day celebration in honor of the achievements of men of Irish lineage in this country. Yesterday there was a pilgrimage to the tomb of Washington at Mount Vernon where in paying respect to the Father of his country prominent patriots and leaders of Irish descent were in American history. Last night there was an Irish song concert rendered by the Glee Club of the Friends of Sons of St. Patrick of New York City and a number of eminent individual singers of Irish descent.

VILLA'S ARMY STARTS ADVANCE ON SALTILLO

Rebel Troops in High Spirits at Outset of March Against Another Federal Town

Hidalgo, Mexico, May 16.—The army of General Villa was early astir today in preparation for its advance against the federal garrison of Saltillo. The men were in excellent spirits. News that a constitutionalist party of 800 men had surprised and routed 400 federal troops in a telephone filtered through the ranks, putting the men in good humor.

TELEGRAPH AND TELEPHONE FACILITIES IN CANAL ZONE

Panama, May 16.—Telephone and telegraph facilities are being rapidly extended in the Republic of Panama in anticipation of a greatly increased demand for lines of communication when the canal is opened. The department of public works recently has ordered the Bureau of telephone and telegraph wire, the larger part of the order being placed in the United States. The first new line to be constructed will be to David, the most important town in the Republic outside of Panama City and Colon. The whole expenditure will amount to some \$500,000.

NEWSPAPER MEN ARE EXPELLED FROM CAPITAL

Vera Cruz, May 16.—Oliver H. Hueffer, correspondent of the London Daily Express, expelled from Mexico City although a bearer of a British passport, arrived here today. Three times he was arrested on charges that he was a notorious "American spy." The refugees train brought in twenty American and a number of Mexicans. Among them was Andre Triden, correspondent of the United Press, who had been warned to leave the country. Edward B. Oster, correspondent of the International News Service who had been arrested on several occasions and after his release ordered to report daily to the police, which he failed to do, could not be located in the capital.

STANDARD REDUCES REFINED OIL PRICES

New York, May 16.—The Standard Oil Company of New York today announced a fifteen cent reduction in the price of refined petroleum, making the prices in cases 11.1 cents per gallon; in tanks 5.1; standard white, 5.6.

SILLIMAN DELAYED ON WAY TO MEXICO CITY

Galveston, Texas, May 16.—Further assurance reached the state department today from the Brazilian minister in Mexico City that American Consul John R. Silliman who was imprisoned at Saltillo is en route to Mexico City, but that his arrival had been delayed by interrupted railroad conditions.

ONLY THREE MORE WEEKS OF FREEDOM

Twenty-four 'Dynamiters' Ordered to Report at Leavenworth June 6

THREE UNDER ADVISEMENT

Five of 24 Defendants Have Already Returned to Federal Prison at Leavenworth

Chicago, May 16.—The twenty-four labor leaders sentenced in the "dynamite" cases who are at liberty on bond have but three more weeks of freedom. The federal circuit court of appeals today ordered them to surrender by June 6 to ward of federal prison at Leavenworth, Kansas, or to be taken to the penitentiary from Chicago on that date. Elijah Zoll, counsel for the defense, pleaded to refuse before the remaining order went into effect: Only a pardon from President Wilson can save the convicted men from serving their sentences.

The order will affect only nineteen of the twenty-four men, five of them having returned voluntarily to the penitentiary after the court denied them a new trial.

PROPERTY OF AMERICANS DESTROYED AT MONCLOVA

Eagle Pass, Texas, May 16.—That the federalis, before they evacuated Monclova, their final stand on the Mexican National Railway between Piedras Negras and Saltillo, destroyed practically all American property in the town, was stated today in a dispatch received at Piedras Negras from General Murguia, in command of the constitutionalist force at Sabinas. General Murguia also stated that the federalis who yesterday left Monclova which was taken by fifty constitutionalists, were reported to be marching overland to Saltillo to join the garrison there.

HARRY THAW WILL SPEND SUMMER IN MOUNTAINS

Concord, N. H., May 16.—Within a week Harry K. Thaw will leave the hotel apartment in this city where he has lived for eight months, accompanied by Sheriff Holman Drew of Coos county, his custodian, and Policeman Clark Stevens of this city, his room-mate and constant companion. He will spend some time at Stevens' camp on Lake Massacum near Bradford, N. H. Then after a visit to Lake Sunapee, Thaw, Drew and Stevens will spend the summer at a hotel in Dorhan, one of the gateways to the White Mountains.

EXPECT TO FINISH BECKER TRIAL EARLY THIS WEEK

New York, May 16.—A recess today in the trial of Charles Becker, former police lieutenant and head of the strong arm squad in charge of the suppressing of gambling, accused as the instigator of the murder of Herman Rosenthal, the gambler, whose revelations it is alleged, he feared might stamp him as the recipient of graft in return for police protection, halted until Monday the famous tragedy of the underworld. District Attorney Whitman expects to finish the presentation of the state's case Monday and the defense probably will complete its rebuttal by the middle of the week. From this, it is expected to get a verdict one week from today.

MISTOOK ITALIAN FLAG FOR MEXICAN FLAG

Washington, May 16.—Mr. Confalonieri, the Italian ambassador, called on Secretary of State Bryan today in regard to a reported insult to the Italian flag by two American seamen at Philadelphia on May 14. The flag was displayed in front of a barber shop at the time of the memorial exercises over American Vera Cruz victims and it is believed that the seamen mistook it for a Mexican flag. The flag was pulled to the ground and trampled upon. Mr. Bryan assured the ambassador that the seamen, if found guilty, would be punished. The answer was accepted as satisfactory.

LITTLE DAMAGE TO TAM-PICO OIL PROPERTIES

New York, May 16.—Local representatives of the various oil companies operating in and around Tampico today were without definite advice still regarding conditions at that port. They were of the opinion, however, that the situation is gradually taking such shape as to permit an early resumption of operations at all the wells and refineries. So far as is known here, little damage has been sustained by any of the companies and that chiefly through overflowing wells.

Washington, May 16.—The statement that William Jennings Bryan deliberately approved the tolls exemption plank of the democratic platform as a member of the subcommittee on resolutions which prepared the program was made today in the Senate by Senator Walsh of Montana, secretary of the subcommittee. Senator Walsh declared that an open repudiation of a solemn covenant by a political party would cause all to recoil from it with horror. He proposed by any other man than the president of the United States.

"For myself, the moral aspect is of no different hue because he commends it," added the senator. As a substitute for the repeal bill, Senator Walsh urged the adoption of former President Taft's proposal to submit the controversy to the supreme court.

FOLK MAKES ANNOUNCEMENT

Mellen's Testimony Expected to Show Properties Bought to Unload on New Haven

Washington, May 16.—Just who got the vanished millions belonging to the stockholders of the New Haven railroad and how the details were carried out by which these millions were diverted from the road's treasury to the pockets of favored financiers, are questions which the Interstate Commerce Commission expects to answer through the pending investigation into the New Haven's financial affairs. This was stated authoritatively today as the purpose of the commission in forcing the examination of Charles S. Mellen former president of the New Haven and other witnesses who have been or will be called upon to testify.

Examination of papers and documents now in possession of the commission indicate clearly, Chief Counsel Joseph W. Folk pointed out, that it became really a practice of certain financial interests to purchase properties which they had been led to believe the New Haven wanted and then unload them on the New Haven from two to four times what they paid for them. In view of the commission and Mr. Folk, suit would be against these interests by which they could be forced to restore money so obtained to the stockholders of the New Haven. Already some of the methods used in the deal have been shown by Mr. Mellen, but in Mr. Folk's opinion after examining the documentary evidence now in hand, the story yet to be told will be one of amazing financial jugglery and manipulation.

In his judgment the facts developed will show the necessity for the enactment by Congress for legislation along these lines: to prohibit officials of a railroad from being financially interested in any subsidiary of the road with which they are connected; to prohibit one road from owning stock in another; to provide government supervision of the issuance of securities and to hold directors of common carriers criminally liable for the mismanagement of the trust imposed on them.

Mr. Folk said neither he nor the commission had received further communications from the department of justice concerning the testimony of Mr. Mellen, already adduced or about to be given. It is reiterated that the position of Mr. Folk and the commission, is that it is more important to prevent in future such abuses as have been shown and indicated than it is to put anybody in jail. Mr. Folk says frankly:

"The question of immunity is of little consequence as compared with the benefit to be public which will grow out of Mr. Mellen's testimony."

WATER SUPPLY CUT OFF PESTILENCE IS FEARED

Mazatlan, May 16.—The water supply is still cut off by the besieging constitutionalists and sickness and the death rate are increasing with alarming rapidity. Pestilence is feared. The governor of Mazatlan today disarmed the police on the plea of lack of ammunition for the defense of the city. His real motive, it was believed, was fear of internal revolt.

General Obregon, commander of the constitutionalists apparently is working southward for the purpose of cutting the railroad from Manzanillo to Guadalupe and Mexico City. If he succeeds in cutting the railroad, there by shifting off munitions of war, it is believed that the west coast cities will fall without further fighting. General Obregon has given full assurance that American and other foreign property owners in the territory of Tehuantepec would be protected.

CONFUSION ON ARRIVAL

Little excitement, but considerable confusion attended the arrival in Washington of the three Mexican delegates. Prior to their arrival, there was considerable confusion as to whether they would accept the hospitality of the American government. C. M. Cook, social secretary of the state department, was at the station to extend the state department's invitation. Spanish Ambassador Riano and Consul Walsh of the Spanish embassy, representatives of the mediating South American nations and the remaining officials of the abandoned Mexican embassy were in the official group that greeted the delegates. The tall, spare form of Emilio Rabasa, head of the Mexican delegation, first appeared. As he descended he was greeted by Ambassador Riano, who presented him to the representatives of the Brazilian and Chile-Delegates Rodriguez bowed under his seventy-two years was assisted from the train by an attaché. REPRESENTATIVES GUESTS OF HONOR LAST NIGHT AT SPANISH EMBASSY

LEAVE WASHINGTON TODAY

Mexican Peace Delegates Will Proceed At Once To Niagara Falls Via New York

Washington, May 16.—The arrival here late today of General Huerta's three representatives in the mediation conference to be held at Niagara Falls gave the most tangible evidence thus far presented of efforts under way to compose the Mexican conflict. The actual presence in the American capital of Huerta's spokesman direct from Mexico City and clothed with plenary powers.

The three men, Senors Rabasa, Rodriguez and El Guero, with their families and numerous officials, were met by the Spanish ambassador, Juan Riano and presented to representatives of the state department and the mediators. A furious crowd looked on as the Mexicans were taken to a hotel. The Mexican delegates were tonight guests of honor at dinner at the Spanish embassy. Other guests were three mediators, Ambassadors Gama of Brazil and Ministers Mayon of Argentina and Suarez of Chile and the commissioners of the United States, Justice Joseph H. Lamar and Frederick W. Lehman, with the American secretary, H. Percival Lodge and numerous American, Spanish and Mexican officials. Secretary Bryan could not attend owing to a previous engagement. The dinner was said to be held without political significance.

Investigation Promised.
Meanwhile, urgent representations made to the Huerta government through the Brazilian minister at Mexico City, as to the reported execution of Private Samuel Parks, an American soldier who rode through the Mexican lines, was apparently relieved by a message from Mexican Foreign Minister Ruiz to Spanish Ambassador Riano, stating that the disappearance of Parks would be investigated immediately. Beyond this, Secretary Bryan had no information of Parks' disappearance.

Reports that Parks was summarily executed and his body mutilated have not been confirmed. Official reports today showed that the constitutionalists are rapidly extending their field of occupation. Consul Canada at Vera Cruz reported the appointment of Parks' disappearance. The state department also received word that constitutionalists had occupied the town of Monclova. Admiral Howard reported the federalis were likely to evacuate the port of Guaymas.

Puerto Center of Interest.
Tampico was reported to Admiral Mayo to be resuming its normal condition, with foreign properties protected and the constitutionalist commander, General Gonzalez, exchanging informal calls with the American and British admirals. Puerto Mexico has become the center of interest with the arrival of the Mexican gunboats and the possibilities of some five they may make. Three American warships today, Puerto Mexico, are about the only important eastern port controlled by Huerta.

On account of the rainy weather last week the scholastic enumeration was not completed as had been planned, but it is expected to finish up the canvass this week. Up to date about 2200 scholastics have been enumerated. Last year's total was 2535. The total this year will be well above this figure.

The Columbia Conservatory of Music Method of Teaching

We maintain that no pupil should be taught music in such a manner as to enable him to play some fifth grade music, and not enable him to do anything in second and third grades. There is something radically wrong with a system that will produce such results—as radically wrong as would be a system that would teach you to read a few pages in the fifth reader and leave you utterly unable to read in the third reader. Upon such a cover you are not learning, merely memorizing. We insist that Theory, Harmony, History and general analysis of music must be taught from the beginning. We unhesitatingly state that no student should undertake to produce music without knowing what, and why, as well as how, and this can only be done when time is lined to one or two hours weekly with the oral teacher, by the aid of the Home-Study Text-Lessons. In our course each lesson has a definite aim and follows an orderly plan to conform with the unfolding mind of the pupil. The Home-Study Text-Lessons, with their written recitation, make the facts to the mind. It will not be forgotten. The Oral lessons put the living example before the pupil. The Home-written recitation method—combined with the oral or personal teacher has been adopted by more than one hundred of the largest conservatories in the world. It is the boiled down results of getting together of the masters and it is the first time in the history of music that such an effort was ever made. Teachers have always taught their individuality and their favorite composers' methods. It has always been a one or two head proposition. Our opening term will begin June 1st. Free demonstration lessons will begin Tuesday—May 19th—and continue until June 1st. In order to systematize our free demonstration lessons so that we will not have a confusion of books to the residences to pupils interested in music. On the back cover of the Home-Study Text-Lessons lesson coupon, stating the hour we have set for you. Parents, it is your duty to come with the pupil and see with your own eyes a system that is getting together of the masters and it is the first time in the history of music that such an effort was ever made. Our temporary studio, 1509 11th street. MRS. H. E. BARLOW, Musical Director. 3 1tc

MARGARET MEETS BRUCE McRAE

NOBODY EVER HAD SUCH A JOLLY TIME ALL THE TIME AS

OUR MUTUAL GIRL

And the jolliest times of all are shown in the twelfth reel of this epoch making serial film. Lucky, pretty Margaret is always revelling in more beautiful clothes, meeting all the prominent people of the day, and literally having no wish that is not immediately gratified by her indulgent aunt. No wonder that all the girls from Boston to San Francisco are envious of this young lady. No wonder they all wish they could live like

OUR MUTUAL GIRL

What does Margaret do this week? First and foremost she meets BRUCE McRAE, the leading man in that great current theatrical hit "NEARLY MARRIED," who is one of the favorite matinee idols of the gay metropolis. Also she is introduced to Commander Evans, who was second in command on Captain Scott's famous but ill fated Arctic expedition; and she visits such points of interest as Grant's Tomb, Soldiers' and Sailors' Monument and old Trinity church, situated on Broadway at the head of Wall Street. The body of ALEXANDER HAMILTON is buried in TRINITY CHURCH YARD and it is a very fitting coincidence that the father of the Nation's Currency System should sleep at the head of the Nation's financial center. In addition to all this she meets the champion markswoman of the world at the Sportsmans' Show. But nothing ever appeals to Margaret more strongly than

SOB SISTER IS SCOOPED IN PICTURE HERE MONDAY

Monday at the Lyda Margaret an interesting picture will be shown, "Scooped by Cupid." The heroine of the story is a "sob sister" or a woman newspaper reporter and the hero is the star reporter on an opposition paper. An important tip has been given per office and she is the only

one on the job, while Kellogg the opposition man is to cover the same story. The girl is admitted but Kellogg is refused an interview, while she gets the story Kellogg is scheming to gain admittance. He finally succeeds and is about to get a "scoop" on account of an accident happening to the little "sob sister" but in the end the scoop goes to Cupid and as a result the editor had to raise Kellogg's salary to family size.

First Street Car in World To Be Propelled With Power Generated From Primary Cells

This picture, taken in Wichita Falls when the trolleyless street car was operated over the traction lines, was snapped at the corner of Eighth and Indiana. The inventor, Julius J. Krohn, is to be seen at the lever on the first car, operating the mechanism. His partner, John J. McGivney, is on the

west side of the front car and is not visible in this picture. The two large boxes seen on the flat car contain the plates and cells from which the power is generated. A complete description of the workings of the apparatus appeared in the Times of Wednesday.

It is said that this was the first street car in the history of electricity to be propelled by power generated from primary cells and whether the claim can be substantiated or not there is no doubt that the event was a notable one in the annals of electric traction.

SEVENTH INSTALMENT OF ADVENTURES OF KATHLYN

Following is a synopsis of the seventh instalment of "The Adventures of Kathlyn" which will be shown Monday at the Majestic: The vengeful Umballah having delivered his three bags of silver and secured Col. Hare as his prisoner, departs for the Palace of Allah, leaving Kathlyn and Bruce tied to the tiger cart with their backs to the savage beast and facing another death at the hands of the brutal brigands. Hardly has Umballah gotten well away before the turbulent members of the brigand band demand of the chief their share of the silver ransom on an equality basis. The chief refuses to do their bidding, simply tossing them one bag and re-

serving two for himself. This precipitates a bloody riot and in the melee the mutinous members of the band release Kathlyn and Bruce from the tiger cart, and tie their own chief to the cart. The victorious fighters then rush into their cave to divide the spoils. The leader of the mutinous band next conceives a bright idea of liberating the tiger and allowing it to tear their late leader to pieces. The chief, however, manages to deftly slip his bonds and dart away into the jungle. The brigands, in the security of their cave, pull the rope of the cage-door, the tiger dashes out, pursues the chief and eventually kills him.

While the victorious thieves are looking to a furtherance of their own selfish interest, Bruce and Kathlyn find two loaded rifles and taking advantage of the brigands, bar up the entrance of the cave, leaving them prisoners and making their own escape. They go forward to a little village where they are given shelter.

Having recuperated there, Kathlyn decides that she must liberate her father, so they engage camels and retrace their trail to Allah. At the outskirts of the city they send a message to Ramabai and Pundita, requesting assistance and disguises.

Second Reel. The friends of the story being reunited, lay plans in train for the liberation of Col. Hare. Ramabai has already broached to the ambitious Umballah, the idea of marrying Col. Hare who has been forced upon the throne, to a native girl, which would further the nefarious plans of Umballah to a desirable culmination. The imposing coronation of Col. Hare, the pitiful scene of chaining him to his own throne, and giving him the empty honors of a potentate with the humiliations of a prisoner, serve a series of sensational scenes. Umballah has fallen in with the plan for the furtherance of his ambitions and readily consents to the suggestion of Ramabai. Native girls, heavily veiled are then paraded before the throne, and their choice is almost forced upon Col. Hare. Kathlyn has been disguised as one of these native girls; and when she discloses her features to her father, he at once recognizes some plan is afoot for his own deliverance, and effects her as his consort. Her veil drops and Umballah, who views the ceremony from a distance, is completely in the dark as to her identity.

He goes to the treasure room of the palace, which is guarded by leopards, and secures the betrothal chain of pearls, but in his haste, he leaves the outer gate of the treasure room open, and the leopards escape, rushing through the palace in different directions. The formal announcement of the wedding has hardly been made, before the alarm spreads, and there is a mad scramble for safety. In the panic that ensues, Kathlyn becomes separated from her father and Ramabai and hides in a covered cart, in the Garden of Brides.

HORRORS! TURK SOLDIERS MUST USE KNIFE AND FORK

Grave Violation of Precedence and Men Are At a Loss to Know Just How To Proceed

By Associated Press. Constantinople, May 16.—Not since its supposedly invincible battalions were rolled back by the Bulgarian advance at Lule Burgas has the Turkish army experienced a greater shock than the order issued by the new secretary of war, Enver Bey, that hereafter all Turkish soldiers must eat with a knife and fork. The enlisted men are not only alarmed at the prospect of handling the strange implements, but are hurt by the intimation that faithful hands, which have always served the primary purpose of conveying food to their mouths, should be deemed no longer fit for that useful service. The Turkish private is not proving an apt pupil. When his superiors are absent he squats upon the floor and devours his food in good old fashioned way, but at the approach of an officer he scrambles to a seat at the table and falls to, wielding his new weapons with all the skill he can command.

The civilizing process is not to stop with teaching the Turkish soldier table manners. The edict has also gone forth that he must learn to read and write.

Conversions at Scoville Meetings: Previously Reported 157 Saturday night 8

Total to date 165 Another great crowd attended the Scoville meeting at the Christian church Saturday night and eight conversions resulted. The first week of the meetings closed with a total of 165 conversions and with the Christian people of the city, fired with zeal for greater efforts.

Dr. Scoville preached last night from the text "Go ye, make disciples." His sermon as on the two previous nights was directed mainly at church members to stir them up to better living and more earnest efforts for soul winning.

The Week's Record

The record of conversions for the week follows: Sunday 107 Monday at Electric 12 Tuesday 12 Wednesday 11 Thursday 10 Friday 5 Saturday 8

Three great services are anticipated, slogan was "500 in the Bible school." the slogan at the First Christian church this morning. Last Sunday the service was performed at the evening service. The attendance was 501. With last Sunday's success as a spur to the zealous workers of this Bible school it is expected that it will make good its bigger mark today.

Mass Meeting at 3 p. m. Dr. Scoville will preach at 10:30 and at 3:00 p. m. he will address a mass meeting of men, women and children. He will preach again at 8 o'clock in the evening. The baptismal rite will be to be seen at the lever on the first Mrs. Scoville will sing at all three meetings.

People from scattered parts of Texas and Oklahoma are coming in to attend the meetings. Last night there were delegations from sixteen towns and cities. One woman is here from Shreveport, La. for the meetings. Four drove from Colorado City, Texas, in an automobile to attend the meetings.

Wichita Falls, Texas, May 17, 1914

We don't want to hurt anybody's feelings, but our private opinion about it is that any Texas editor who willfully absents himself from the convention here on June 18, 19 and 20 is mean enough to move to Mexico and vote for Huerta.

"Government buys two more transports." "Consignments of arms and ammunition sent to Galveston." "War department buying horses for army." There may be a peace conference in sight; but you'd never guess it from the head lines.

The Electra precinct has the right idea in asking for bonds for good roads and has thrown a hint that Precinct No. 1 might do well to notice. Roads in this immediate vicinity don't need improvement as badly as those around Electra, but there is plenty of room for improvement.

In today's issue of the Times appear announcements of two big improvements for Wichita Falls, representing a total expenditure of about \$300,000. They are the new storage house at the flour mill and the new building for the First National Bank. Buy times ahead. Wheat is in the dough and our hat is in the ring. Come to Wichita.

The Times notes from the Vernon Record that like M. Smith of Oklahoma is considering the matter of making the race for representative in this the 101st district, composed of Wichita and Wichita counties. The Record adds:

"Mr. Smith stated that he had been importuned by a number of his friends to make the race, but as yet has not determined whether he will do so. Should he finally decide to go after the legislative seat from this district, any one else who might be in the race would find Mr. Smith a difficult man to down. He has been a citizen of this county for something like a quarter of a century, is known to all our people and counted upon to poll a large vote."

Hon. Clarence Gilmore of Willis Point, who will be remembered by many of the citizens as a citizen of this city, during which time he was editor of the Times, has written Mr. R. H. Miller, Secretary of the Chamber of Commerce, that he expects to attend the State Press Association to be held in this city June 18th, 19th and 20th. Mr. Gilmore's letter says among other things: "I beg to say that, if possible, I will certainly be present. I am not engaged in the newspaper business, but was for nearly twenty years, during which time I owned and ran the Wichita Times for about seven months. * * * My stay in Wichita Falls constitutes one of the most pleasant experiences of my life, and I have a great admiration and high regard for the people residing there. Of course you have grown into quite a little city since I left there early in 1889. It will be a great pleasure to have Editor Gilmore to visit us, along with all the other Texas editors. Wichita Falls is making preparations to entertain the editors in a way they have never before been entertained. This is going to be expensive. State Press of the Dallas-News, who is president of the Association, intimates that it will cost about \$10,000 to do this, but be what it will, the pleasure will be ours. He also says the money for this will come out of the pockets of the Wichita Falls newspaper men. That might lead some of the press boys to doubt whether the local newspaper men are equal to the task, but they need not worry. The entertainment will be provided. After the editors leave the local newspaper men will merely flip a nickel to see which one of them shall have the pleasure of paying up that measly little \$10,000."

that Joe Taylor intimates it will cost to entertain the 400 Texas editors. Ten thousand dollars is nothing for an editor of a Wichita county newspaper to put up. One of them receives about that much every month as dividends from his oil well interests, and that is merely a side line with him. Come to Wichita county.

Should Culberson decline to again offer for the Senate, the chances are there will be at least a half dozen candidates, including Dr. S. P. Brooks, Congressman Henry, Gov. Colquitt, ex-Gov. T. M. Campbell and Postmaster General Burleson. The successful candidate, however, will have to secure a majority of the vote to be nominated. And that will mean at least two elections. There is hardly one of the aspirants that could hope to secure a majority at the first trial. In the second election all but the two leading candidates will be eliminated, and if the two leaders should happen to be Campbell and Colquitt, the campaign will be most interesting. Both are good campaigners—one a pro and the other an anti.

In its write-up of the visit made to this city on May 2nd, of the National Editors, the Georgetown Commercial, Lee J. Rountree's splendid paper, after saying many nice things of Wichita Falls, Electra and Burkburnett, and of the splendid entertainment accorded the editors at each city, has this to say of Wichita county: "In 1907 when Messrs. Kemp and Kell began their operations Wichita Falls had a population of 2,500, and now it has 15,000 people and four factories employing nearly 1000 men. If Texas had increased in population in proportion to Wichita county during the past ten years she would now have 8,000,000 people. We learned to love Wichita Falls and the National Editorial song ran:

"Oh, how we love Wichita
"Oh, how we love Wichita
"Oh, how we love Wichita
Because we love her so."
On June 18th to 20th the Texas Press Association will assemble in Wichita Falls and Texas will see its stories as did the editors of the nation. Long live beautiful Wichita Falls, the city that has "Phoenix-like," as if by magic, grown strong, powerful and enduring on the prairies of grand old Texas."

WHAT IS IT ALL ABOUT?

(Dr. Frank Crane in Houston Chronicle.)
What is the trouble in Mexico about? Is it a struggle between ambitious rivals? It is a general mix-up of Zapatas, Huerta, Villa and Carranza, to see who shall get the loot? It is not. These men are surface symptoms. The disease lies deeper.

You cannot understand Mexico until you put its history alongside the history of other countries. It is undergoing an evolutionary throes.

What is going on there is the birth pang of democracy. The people wronged, outraged, robbed for centuries, are rising.

In Mexican terms and Mexican manner, part Indian and part Spanish, there is taking place a French Revolution, an English Reformation, an American Rebellion, a Garibaldi Revolt.

Since the Spaniard first set foot on Mexican soil the curse of the land has been Absolutism.

The Ancient Fraud of Absolutism is Protean in its form, but ever the same at heart; whether under Cortez, or the Inquisition, or Maximilian, or Porfirio Diaz.

It has used the same spurious, polished, humbug excuses it uses today, to wit: That the people cannot govern themselves, democracy is impossible, the masses are too ignorant; hence we will not govern them for their own good. Thousands, even intelligent Americans, believe this bunk today.

The result of it is uniform. It separates the land into the hands of a few wealthy proprietors, and reduced the people to practical slavery. It made use of government to enrich the favored ones. Little of the vast revenues of a fruitful country went toward the education and improvement of human beings.

The ages of Absolutism are famine, poverty, ignorance, superstition, and at last riot and revolution.

Mexico is reaping to the whirlwind what Diaz sowed to the wind. In a recent work by E. Gutierrez de Lara is this paragraph, which is luminous:

"As a result of these vast land despoliations, the valley of Papantla, which once supported a population of 20,000 independent farmers, today belongs to one rich family. The entire state of Chihuahua belongs to three families, headed by a man who is reputed the largest single cattle owner in the world. The state of Morelos, from which in recent times have sprung Zapata and his followers—four men, one of them a son-in-law of Diaz, own every inch of agricultural land and 200,000 evicted farmers—now landless peons, till the soil for them at an average wage scale of 12 1/2 cents a day.
The Mexicans you will find when you brush aside all deceptive appearances and go to the root of the matter, are fighting for the same thing for which the people everywhere are fighting, in Germany, in Italy, in Portugal, in England, in China, in the United States—namely, for the right to a piece of land to work on, for the right to govern themselves in their own way, and for the right to shake their masters off their backs.
We have no quarrel with these people with such aims. We sympathize with them. We do not want to shoot them. We want to help them, if there is a way to do so."

TEXAS POLITICS

Austin people know how to give people a royal reception. Ask Tom Ball—Austin Statesman.
Austin people are very hospitable. But there is a particular reason why they should be so nice to Colonel Ball. Within less than a year he'll be their leading citizen.—Texas Mesquiter.

Tom Ball, candidate for governor, now has among his supporters anti and pro alike. The people of Texas, anti and pro, want a man for governor who is capable of handling the affairs of this great state in a manner befitting such an office and they have centered on Tom Ball as the man—Willis Star.

For the sake of harmony in the Ball and wagon, we suggest that Colonel Johnston be seated on the back seat. It would hardly do to place him in juxtaposition with Governor Campbell, Dr. Rankin et al. on the front seat. They might get to exchanging political reminiscences and lose their tempers.—Willis Point Chronicle.

Who would have believed six years ago that Cene Johnson, Clarence Ousley, Cullen F. Thomas, M. M. Brooks, Sterling P. Strong, William Poindexter, John M. Duncan and R. M. Johnston would ever line up together in politics? Well, they have. All these and a lot more who have differed just as widely in the past are all supporting Thomas H. Ball.—Texas Mesquiter.

We believe the prohibition question will work itself out in Texas, and we are really glad that it is not to be the dominant issue in the pending campaign. If we can't get a constitutional amendment, a little stricter regulation, with a day-light closing, anti-treating or sealed package law, will be better than an attempt at a clean sweep by statutory prohibition.—Devine News.

How would it be to organize a regiment of eliminated candidates for service in Mexico.—Waco Morning News.

It seems like all who were eliminated at Fort Worth and by Jim Ferguson later would make a fair-sized platoon, but, judging by sticking qualities, it would take some regulars to hold them on the firing line.—Huntington Herald.

James E. Ferguson seems to be getting into hot water. The statement he made relative to a \$2000 contribution to Colonel Ball's campaign fund has been proved untrue, and Hon. Clarence Ousley flatly denies having urged Mr. Ferguson to withdraw from the race for lieutenant and become a candidate for governor. When men talk at random they are pretty apt to get into trouble.—Willis Star.

No greater tribute could be paid to Tom Ball in his candidacy for governor than the fact that, notwithstanding he is a prohibitionist, he is now being supported by the most prominent candidates who have withdrawn from the contest, including Hon. Clarence Ousley, of the Fort Worth Record; Sam Sparks, ex-state treasurer; General Felix Robertson of Waco, and ex-Senator Horace Chilton of Dallas with Chester Terrell and Senator Willacy yet to hear from.—Redland Herald.

Sam Sparks comes out unreservedly for Tom Ball for governor. This adds another to the long list of prominent anti-anti Texas who will support the Houston Democrat. Among the others are such men as Jim Wells of Brownsville, ex-Governor Sayers of Austin, Clarence Ousley of Fort Worth and a number of others who have been less prominent in the councils of the anti. Ball offers to the people of Texas a real solution to the many vexing questions, rather than submitting doubtful measures merely for vote-getting purposes.—Forney Messenger.

And last but not least in the anti forces is Col. R. M. Johnston of the Houston Post. We are glad to see the colonel on the right side for one time.—Livingston Enterprise.

TY COBB MOVES UP BATTING PERCENTAGE

Georgian Advances Five Places in Rank of American League Hitters—Now Eighth

By Associated Press.
Chicago, May 16.—Ty Cobb's steady advance to the front among American League batters was the feature of the race for hitting honors this week. The latest records show him in eighth place, with an average of .315, an increase of eight points and an advance of five places since last week. Two weeks ago he ranked thirty-eighth, with an average of .240. Jackson of Cleveland leads the batters with .407. Philadelphia with .284 leads the clubs with Detroit next with .260. Blackburn of Chicago leads the base stealers with ten. Byrne of Philadelphia leads the National League with 423. Club honors for the week go to Philadelphia with 294; with Brooklyn next at 289. Moran of Cincinnati leads the base stealers with eight. Evans of Brooklyn leads the Federal League batters with .442. St. Louis and Indianapolis rank first and second, respectively, with .277 and .276. McKechnie of Indianapolis, leads the base stealers with seven.

YALE TRACK ATHLETES WIN FROM HARVARD

Half Mile and Two-Mile Runs Records Broken—High Hurdle Time Again Equalled

By Associated Press.
Cambridge, Mass., May 16.—Yale was twice as strong as Harvard in their twenty-third dual track and field meet today. The Blue team scored 68 1/2 points to 37 1/2 for the Crimson. Three meet records established last year in the half-mile and two-mile runs were broken, while the high hurdle time of 15 4/5 seconds made in 1909 was equalled for the sixth year. Kouchner of Yale in the mile run set a new record of 4:23. Captain Clarke of the Yale team ran the 880-yard event in 1:54, three-fifths of a second faster than his time last year. R. D. Boyd of Harvard clipped three full seconds off his time of 9:45 in the two-mile event of last year. Potter of Yale who won both hurdles equalled the old time in the trial heat of the high event. Captain Farron of Harvard captured both the sprints in fine style. Wilkie of Yale ran Diaghram off his feet in the 440 yard dash, winning by nearly four yards. In the two-mile walk, Clarke and Wilbur of Yale made the running until the last quarter when Boyd of Harvard sprinted into first place, with Southworth of Harvard coming in a strong third.

THREE SOUTHERN RECORDS BROKEN AT MERIDIAN

By Associated Press.
Meridian, Miss., May 16.—Three southern intercollegiate amateur athletic association records were broken and one equalled in the nineteenth annual field and track meet, which Louisiana State University athletes won here today with a total of thirty-four points. The Mississippi Aggies were second with thirty; Tulane with twenty-four; Vanderbilt seventeen; the others trailing far in the rear.

entertainment of the delegates. The latter accepted the proffer of hospitality by the state department, and the strong string-out toward the automobile entrance of the station. Senors Rabasa and Rodriguez were smilingly appreciative of the courtesies extended them and said their trip had been a pleasant one. They firmly declined to go into any discussion of their mission or to secure any opinion on the prospects for success in the mediation. At 5:30 p. m. the three Mexican delegates under auspices of Ambassador Riano made an official call on the media-tors, assembled to meet them at the Argentine legation.

It is understood the delegates will spend only a day in Washington leaving Sunday for New York and proceeding from there direct to Niagara Falls.

Safeguard your Health by Using Pure Ice

THE PEOPLE'S ICE COMPANY has already called the attention of the public to the importance of Pure Ice. It is a subject worth mentioning again. We want to emphasize it by repetition.

At this season of the year when the intelligent housewife is particularly careful to safeguard the health of her family, Pure Ice is one matter she should not and does not overlook.

The water we use in our Ice Making comes from our own wells. If there should happen to be a germ in the water, freezing would do him no harm, merely to encase him in ice would be a joke on us—not him. Because, as demonstrated soon after the discovery of germs, they don't even stop wiggling in a block of ice, much less die. So first we put the water through a special chemical process to make assurance doubly sure. Then we boil the water and condense the steam. We then filter the water twice before it goes to the freezing process.

A famous chemist and bacteriologist has said that ordinary water is liable to be an aquarium (meaning germs not fish); that if boiled it becomes a graveyard, but condensation makes it absolutely pure.

Not only is our ice made from absolutely pure water, it is kept pure in the making process and is delivered in wagons that are clean and sanitary. Give us a trial order—you will be more than pleased.

JUDGE SCURRY'S RULING IN THE INJUNCTION CASE

The application for a writ of injunction to restrain the commissioners court of Wichita County from declaring the result of the late local option election in the county outside of Wichita Falls or rather outside of precinct one in which Wichita Falls is situated came up for hearing before Judge Scurry at Henrietta yesterday.

The application at the time of the hearing had been amended and asked that the district attorney and the county attorney of Wichita county be included and restrained from prosecuting for violation of the law in what is commonly known as the "Red Onion" district.

The court expressed a doubt as to its having authority under any circumstances to enjoin these officers in the discharge of their duty as sworn officers. The applicants abandoned that part of their application which attempted to enjoin the commissioners court from declaring the result of the election for the reason that the statute expressly provides that the operations of the law shall not be suspended pending the contest of the election, but these applicants were seeking to do indirectly what they could not do directly. In other words they could not restrain the commissioners court from declaring the result of the election and suspend the operation of the law pending the contest, and to get

CONVALESCENTS WILL RETURN TO VERA CRUZ.

New York, May 16.—All patients brought here from Vera Cruz in the hospital ship are doing well. The navy department has granted the request of the forty-one convalescents that they be permitted to rejoin their comrades in Vera Cruz. They will return on the *Solace* when she sails. Four patients who must stay here, shed tears when they heard the news. They were so seriously wounded during the fighting at Vera Cruz that amputation of an arm or a leg was necessary. The *Solace* is badly in need of repairs and may not be able to leave for Vera Cruz on June 3, as ordered by the navy department.

"TIS SAD BUT TRUE"

Seventy-five per cent of the graves in our cemeteries are never marked. Forgotten by friends and loved ones. Only a few days ago a stranger came to me and said "find the grave of my friend and I will mark it as a last tribute of love, all that a friend could be, but we searched in vain.

Why is it so many graves are unmarked? They can be marked substantially for a nominal sum, and when you consider this mark will last for over a century, you have not been out anything.

You say you are going to, when? You are just like the rest of the human family, going to but you never do. Should you decide to, don't forget the leaders in memorial art.

ing mention of her recital was clipped from the Burk Burnett Star:

"One of the most enjoyable events of the closing school exercises was the music recital given last Friday evening at the high school auditorium by Miss Gladys Herron and class, assisted by Miss Edith Mack, recital teacher. Each number of this splendid program was played in a most artistic manner and was a credit both to the class and their painstaking teacher. Miss Herron is a highly educated young lady and in the music circles she ranks first and the Burk Burnett school was indeed fortunate in securing such a talented young lady for their teacher. There were over 500 people who enjoyed the program and it was said by many that this was the best recital ever given in the high school."

MISS LOLA STRANGE HOSTESS TO THE E. G. S. C.'s

The E. G. S. C.'s enjoyed a very delightful meeting Friday afternoon with Miss Lola Strange as hostess. Music was enjoyed during the course of the afternoon, in addition to the regular routine of sewing and conversation. Delicious refreshments were served at the conclusion of the morning. The members present were: Misses Agnes Leicham, Mabel Morris, Mary Taylor, Lois Morgan, Ellouise Peery and the hostess.

I. G. S. C.'s MEET WITH MISS ELIZABETH PATTERSON

Miss Elizabeth Patterson was hostess to a very enjoyable meeting of the I. G. S. C.'s Friday afternoon at its regular session. Sewing was engaged in according to the club custom and social talk proved very entertaining. A refreshing ice-course was served to the following: Misses Ellen Adele Robertson, Rose Johnson, Lella Bell Anderson, Margaret Noble, Lorna Shaw, Gertrude Peterson and the hostess, Miss Patterson.

MRS. J. L. WAGGONER HONORS GRADUATE NIECE AT DINNER

Friday evening Mrs. J. L. Waggoner entertained complimentary to her niece, Miss Cora Lee Waggoner, one of this year's "sweet girl graduates" with a seven o'clock dinner. A color scheme of pink and white had been observed in the table decorations and pink La France roses were the favored flowers. Covers for eight, including the honoree, were marked on the exquisitely appointed table, by the use of dainty place cards, decorated with a painted design of pink roses. A very delightful six course menu was served.

MISS JOSEPHINE BACHMAN ENTERTAINS Y. G. C. C.

The Y. G. C. C. met Friday afternoon with Miss Josephine Bachman. The time was most pleasantly spent with fancy work conversation and a delicious refreshment course of chocolate and cake was served late in the afternoon by the hostess. MISS DOROTHY DALTON ENTERTAINS FRIDAY EVENING

Early in the week little Miss Dorothy Dalton issued invitations to a number of her little friends as follows: "I am going to have a party on Friday May 15th, from 4 until 6 and I want you to come. Please let me know." In response a number of merry children gathered at the appointed date and as the occasion was the little hostess' seventh birthday, many pretty gifts were brought. Games dear to childish hearts were engaged in for some time and a most delightful afternoon was the result. The children were then invited to the dining room which was prettily decorated with flowers. Here refreshment punch and ice cream was served and the birthday cake with the seven lighted candles came in for a large measure of attention. The guests cut for the favors baked thereon, John Rhea Duke cutting the dime, Lucile Wiley the button and Barbara Booher the heart. Then, after more games the guests departed, wishing Miss Dorothy many such happy birthdays. Mrs. Dalton was assisted in caring for the children by Mrs. Booher and Mrs. Fenton. Those present were: Mary Kay, Helen Wright, Marie Wiley, Olive Kay, Lucile Wiley, Mary Frances Collier, Mary Hendrickson, Edna Kay, Louise Kay, Anna Ruth Kahn, Elizabeth Staplen, Margery Dalton, Kathleen Lynch, Kathrine Marcus, Barbara Booher, Majorie Kearns, Berniece Phillips, Alice Wood, Cecil Beach, Maurice Norton, Darrell Kahn, John Rhea Duke and Harold McConnell.

MRS. W. A. BOONE HOSTESS TO PROGRESSIVE CROCHET

The Progressive Crochet Club was very pleasantly entertained Wednesday afternoon by Mrs. W. A. Boone. Crocheting and conversation as usual constituted the amusement features of the afternoon and the hostess served a delicious refreshment course of ice cream, strawberries and cake. The club enjoyed having with them as guests Mesdames Thomas, James, Reamer, Brewer and Ulrich. The club members present were: Mesdames Lindsay, Thompson, Ross, Bates, Smith, Riggsbee, D. Riggsbee, Nix, Reed, Seitz, Young, Hill and the hostess.

MRS. CULLINAN ENTERTAINS WITH MAY PARTY FRIDAY

Friday afternoon Mrs. Frank Cullinan entertained the New Bridge Club and a number of additional invited guests with a most delightful and original May party. The dainty May baskets, prepared in every detail of the decorations and other arrangements, the wicker baskets filled with pink and white blossoms, mingled with the glossy green of plumosa fern supplying the decorative motif for the entire scheme. Pink, white and green were the chosen colors and these were featured in the flowers that filled the baskets and in the hand painted table cards, decorated with the tiny French baskets, overflowing with flowers, in the score cards, which were hand embroidered in the monogram of the hostess and the dainty refreshment course. In the prizes too, the basket motif predominated, the club and guest prizes being French enameled baskets of hand painted china, decorated with clusters of rosebuds. The consolation prize was a hand painted short cake plate, also decorated with tiny baskets of roses. Mrs. Whitney won the club prize, Mrs. Graham the guest prize while the consolation went to Mrs. Duke. At each table the table cards were cut for the number of the table being donated on these cards by the number of ribbon bows in pink, white and green, with which they were adorned. At the conclusion of the series of games a delightful refreshment course was served. The Nonpiltan, ice in pink, white and green was served in tiny wicker baskets, lined with pink, pink candy rosebuds were served on the natural rose leaf and the cake was in the prevailing color scheme. Baskets of salted almonds were placed in the center of each table. The guests were afforded in hand some spring toilettes combined with the beautifully decorated rooms, making quite a charming picture. The hostess, very attractively gowned was assisted by her son and daughter, Miss Frances and Master Jack, in receiving the following guests: the games George Harrington, R. E. Huff, DuVal, Leskin, Leicham, Morris Marcus, Abe Marcus, McGregor, Moore of Petrolia, Montgomery, Prather, T. W. MISS HELEN ELDRED HONORED WITH GOING AWAY SHOWER

Friday afternoon the Pathfinder Club honored Miss Helen Eldred, a club member, who leaves soon to take up a course of study of child care, her chosen vocation, with a "going away shower." The affair was given at the home of Miss Hazel Hunter, which has been beautified for the occasion by the lavish use of flowers and ferns. Two contests were entered in, a penny for your thoughts and an advertising contest and in both of these contests Mrs. Ben Bell, the club aide was the winner, receiving a set of dainty crocheted shirtwaist pins and a fancy cup and saucer. Following the contests Miss Alice Burnside entered, dressed as a nurse, carrying in her arms a large doll in a bed to represent the child for which Miss Eldred will care and placed it at the feet of the honoree. On investigation of the bed the many dainty gifts with which the club members had remembered her were disclosed to the surprised honoree. A delicious ice course accompanied by mint and hot chocolate was served in the dining room by Miss Hazel Hunter, assisted by Mrs. Sammons and Mrs. Herblin. The dining table bore a charming centerpiece of pink LaFrance-roses and ferns, banked about a handsome silver mirror reflector. The members present were: Miss Eldred, the honoree, Misses Burnside, Thomson, Smith, Florence Sammons, Emma Smith, Hunter and Mesdames Ben Bell, Herblin, Burnside. The guests of the afternoon were Mrs. Hunter and Miss Hunter.

MRS. C. S. FELDER HOSTESS TO U. D. C. SATURDAY

Mrs. C. S. Felder was hostess to the regular monthly meeting of the U. D. C. Saturday afternoon. Roll call was answered by Southern writers, and a splendid paper on Henry Grady was read by Mrs. R. L. Miller. Mrs. V. H. Shepherd read an interesting paper on Frank Lubbock and Mrs. Brant followed, having for subject, Key as the subject of her excellent talk. A called meeting was ordered for the twenty-third of this month to be held with Mrs. Felder for the purpose of collecting the yearly dues and perfecting plans for the Old Soldiers' picnic. All members are requested to bear this meeting in mind and attend. At the conclusion of the meeting the hostess served a delicious ice course to the following members: Mesdames Gaffney, R. L. A number of out door games were first instituted, the early part of the afternoon being passed away happily by the guests, and then they were invited into the house to participate in a "Buster Brown Contest." A Buster Brown,

beloved of children, but minus a tie was pinned on the wall and each child essayed to pin his tie on the correct place. The close of this contest found

Gertrude Datson and Kathleen Lynch the winners. The little guests were then taken into the dining room, which had been prettily decorated in a col-

or scheme of pink and green. Streamers of pink and green hung from the chandelier and were caught up at the table, and the large birthday cake with

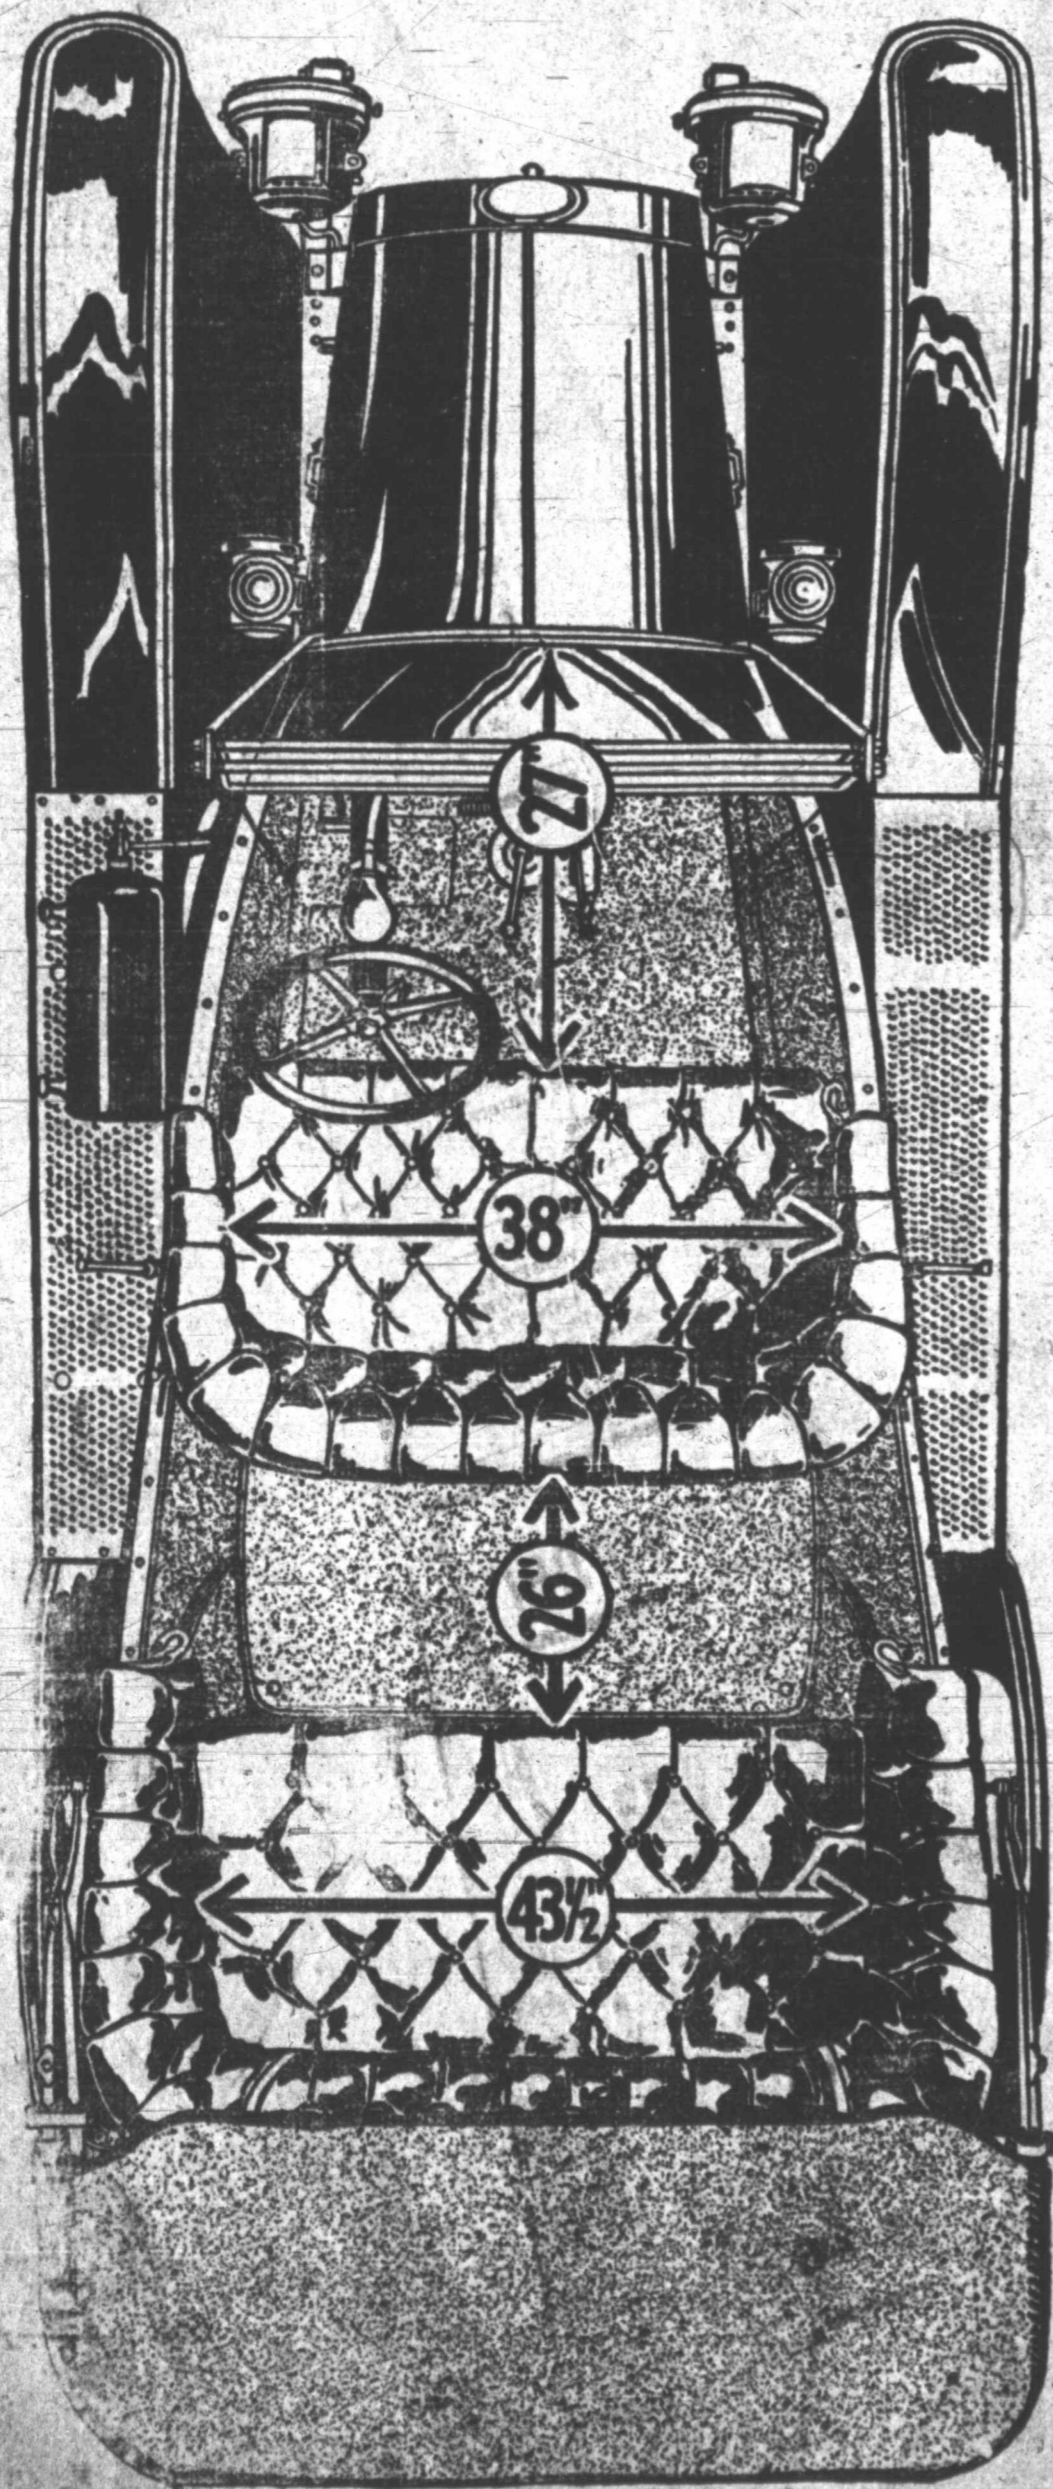

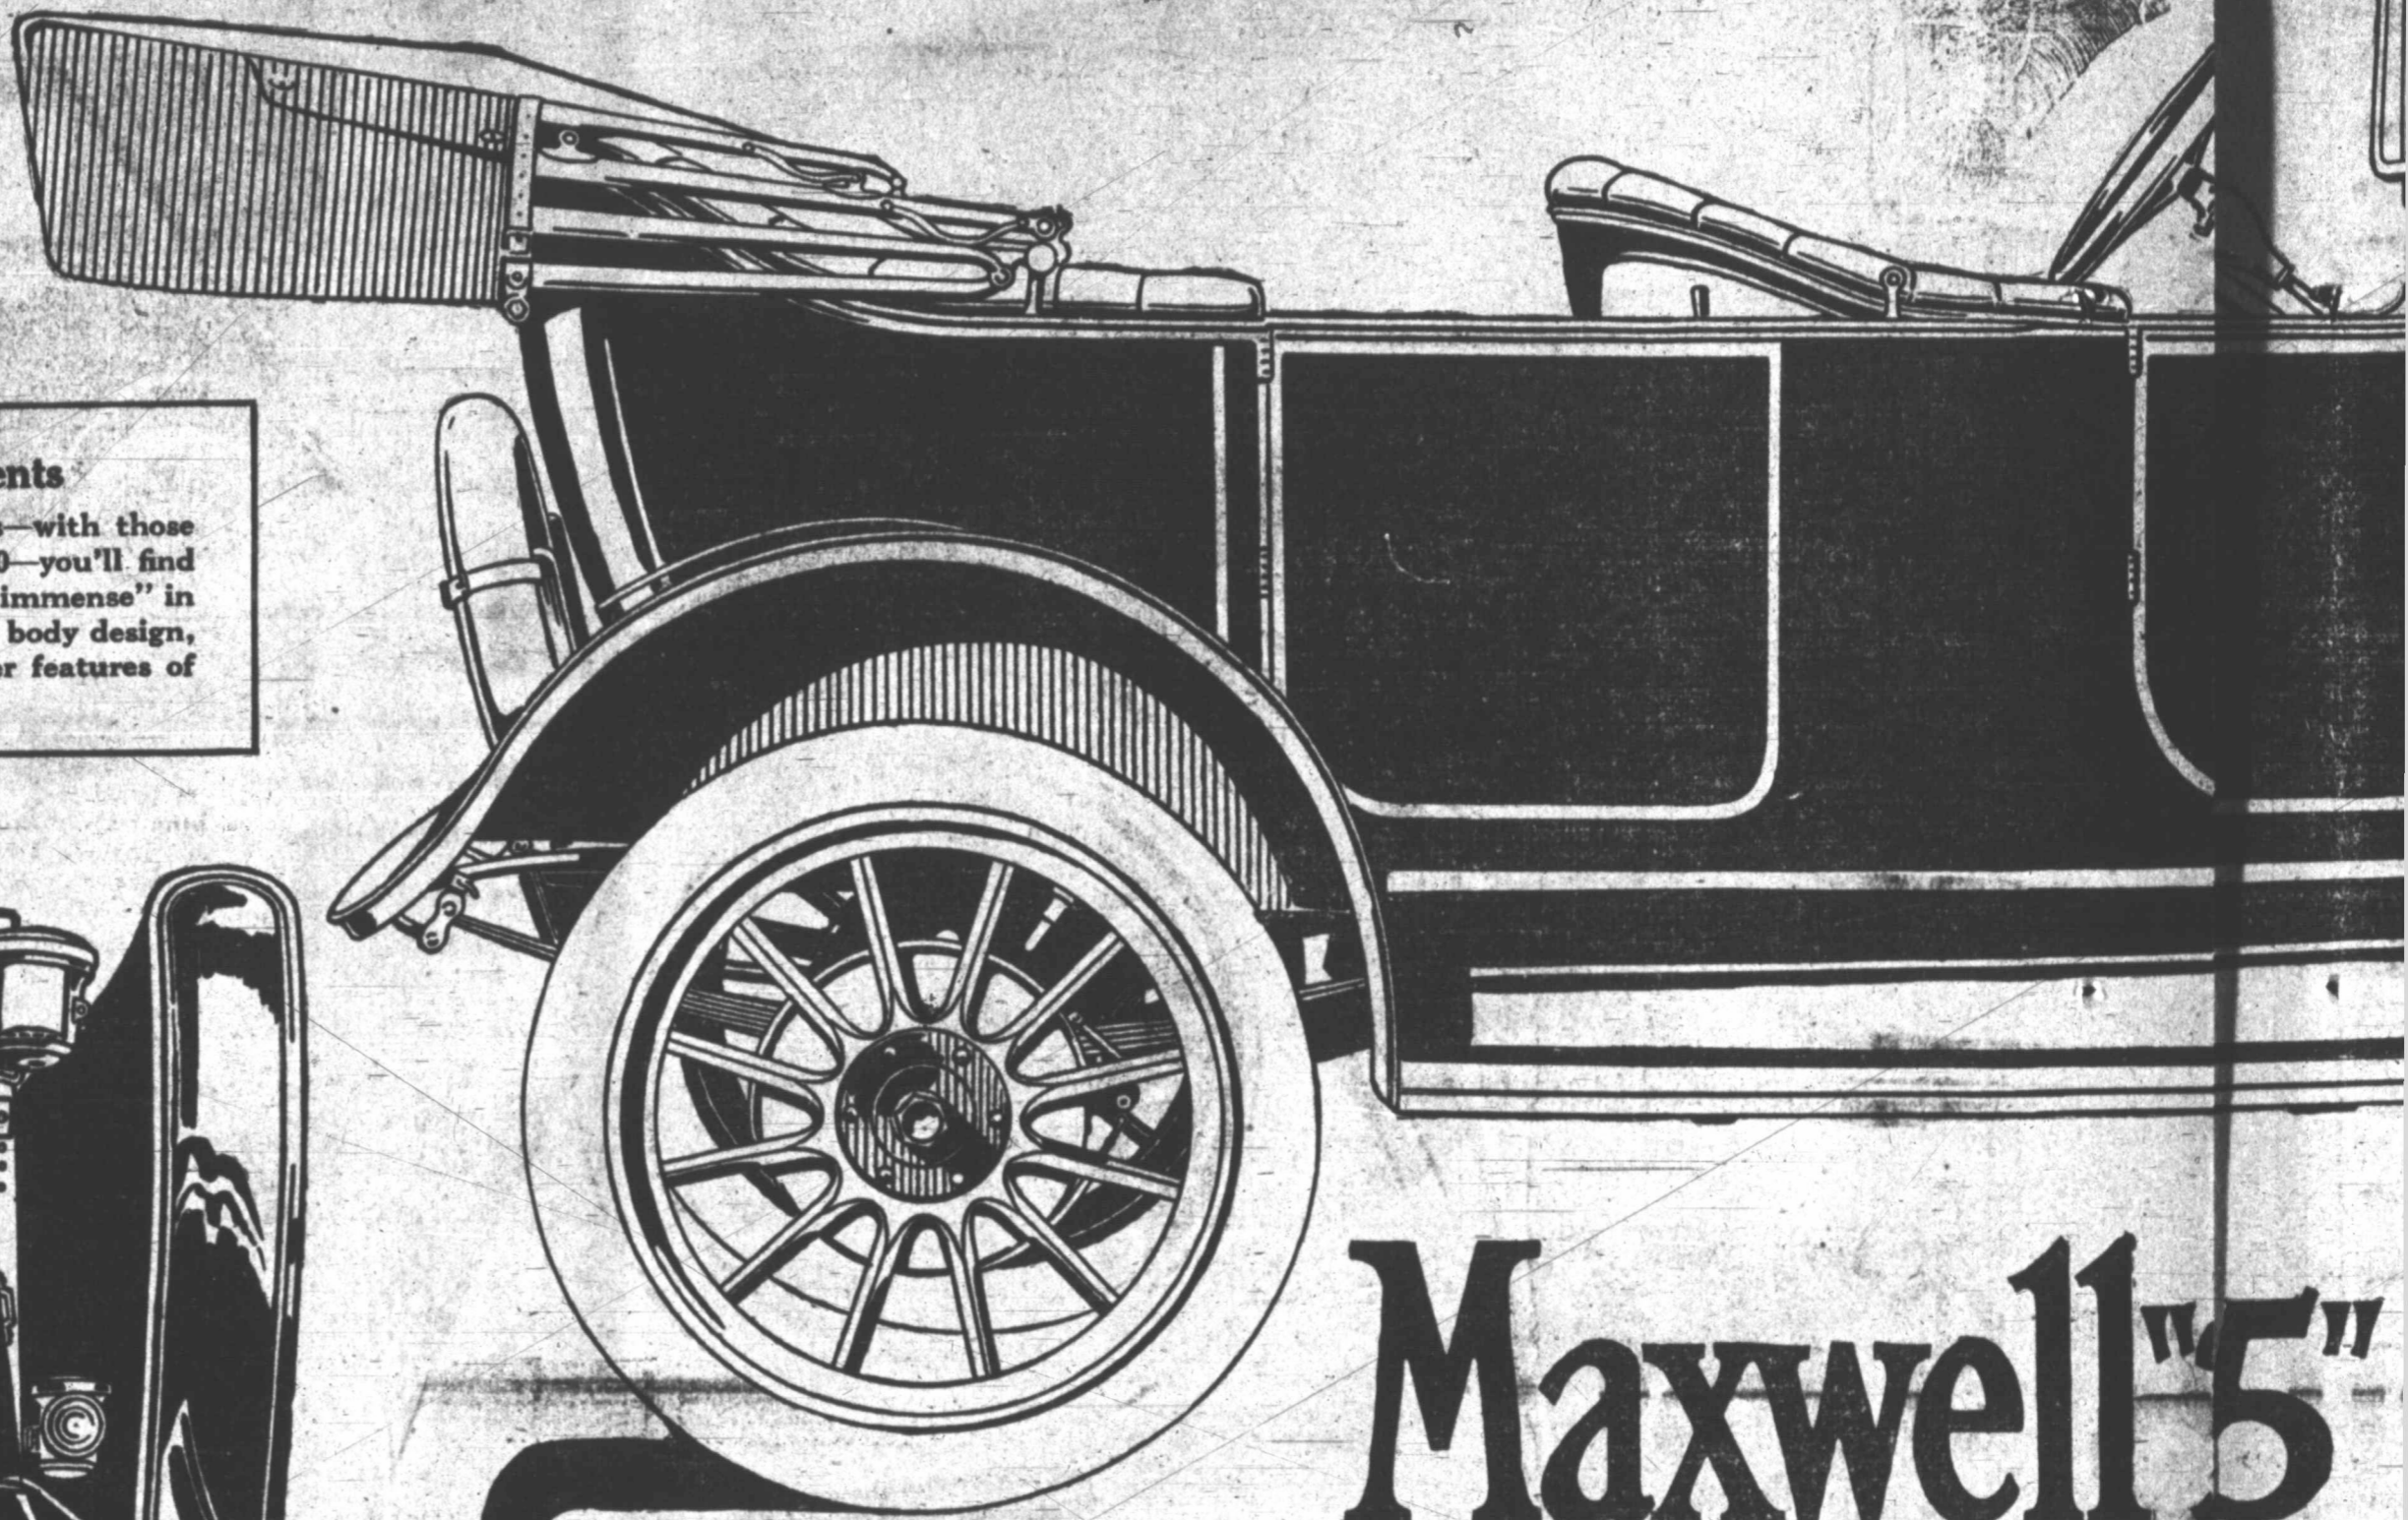

its six lighted candles of pink and green formed the centerpiece. The (Continued on Page 6)

Check the Measurements
 Leg room, depth and width of seats—with those of any car selling from \$1000 up to \$1400—you'll find this is a "big" car in inches as well as "immense" in efficiency. Note up-to-date streamline body design, left hand steer, center control and other features of the highest priced cars.

Maxwell "25"

The Car that is Rapidly Settling the

IT IS predicted by shrewd judges that the Maxwell "25" \$750 car made by the Maxwell Motor Company, Detroit, Mich., will within a year be the fastest selling automobile in the world.

And this isn't such an extraordinary prediction when you consider the many very remarkably good points of the Maxwell "25," and the present phenomenal demand.

A prominent writer who has intelligently studied the subject said recently that the time is coming when most families in the United States will own an automobile.

In many places Maxwell "25s" are used not only for pleasure purposes, but for business reasons as well, thus rendering a highly efficient double service.

The Maxwell "25" Car is unique. It occupies a distinctive position.

It is in a class by itself. It hasn't a real competitor because it gives what other cars do not give. It possesses more advantages that benefit you, price considered, of any car that's ever been made.

The Maxwell "25" Car has all the fine points of high priced cars and none of their weaknesses.

It is truly a marvel of engineering genius. It is thorough and trustworthy in every detail of construction and equipment. It is made from the best materials that brains can devise and money buy.

The Maxwell "25" is a light, practically indestructible car of extraordinary capacity, power and performance. It symbolizes speed, power and economy.

The cost of oil, gasoline and tire maintenance is so low as to be positively amazing. This has been proved repeatedly.

The Maxwell "25" is more than just merely a car. It is a superbly constructed, roomy 5-passenger automobile. It is a real full grown car, a beautiful, smooth, swiftly and eminently satisfactory streamline automobile.

These Detailed Specifications Prove Positively How Much

The Maxwell "25" has absolutely every essential quality, and absolutely every necessary feature found in the very highest priced cars.

In actual economy of operation, in real ability to keep out of the repair shop, it not only equals but surpasses most cars which cost five times its price.

The Maxwell "25" weighs 1685 pounds. A wonderful "tire economy car." Has 30" x 3 1/4" tires, front and rear, permitting rear tires to be shifted to front wheels to give extra long service.

The motor is cast en bloc; 3 5/8" bore; 4 1/2" stroke; adjustable valves completely inclosed. Extra large crank shaft; bearings of bronze with babbit lining.

Motor water cooled, will not overheat.

More Power for Its Weight Than All Higher Priced Cars

The Maxwell "25" has a real "25" horsepower motor—which develops more power in proportion to the weight of the car than the engines of most \$5,000 automobiles.

The Maxwell "25" can pass most any car on hills "in high." It is a phenomenal hill climber.

Costly High Tension Magneto—Like Highest Priced Cars

The Maxwell "25" has a Simms high-tension magneto, which delivers the spark direct to the spark plugs in correct timing means no coils—no make-shift master vibrators—no mechanism that requires frequent delicate adjustments. The motor works right, and stays right.

Transmission—4 Speed Selective Sliding Gear, Center Control

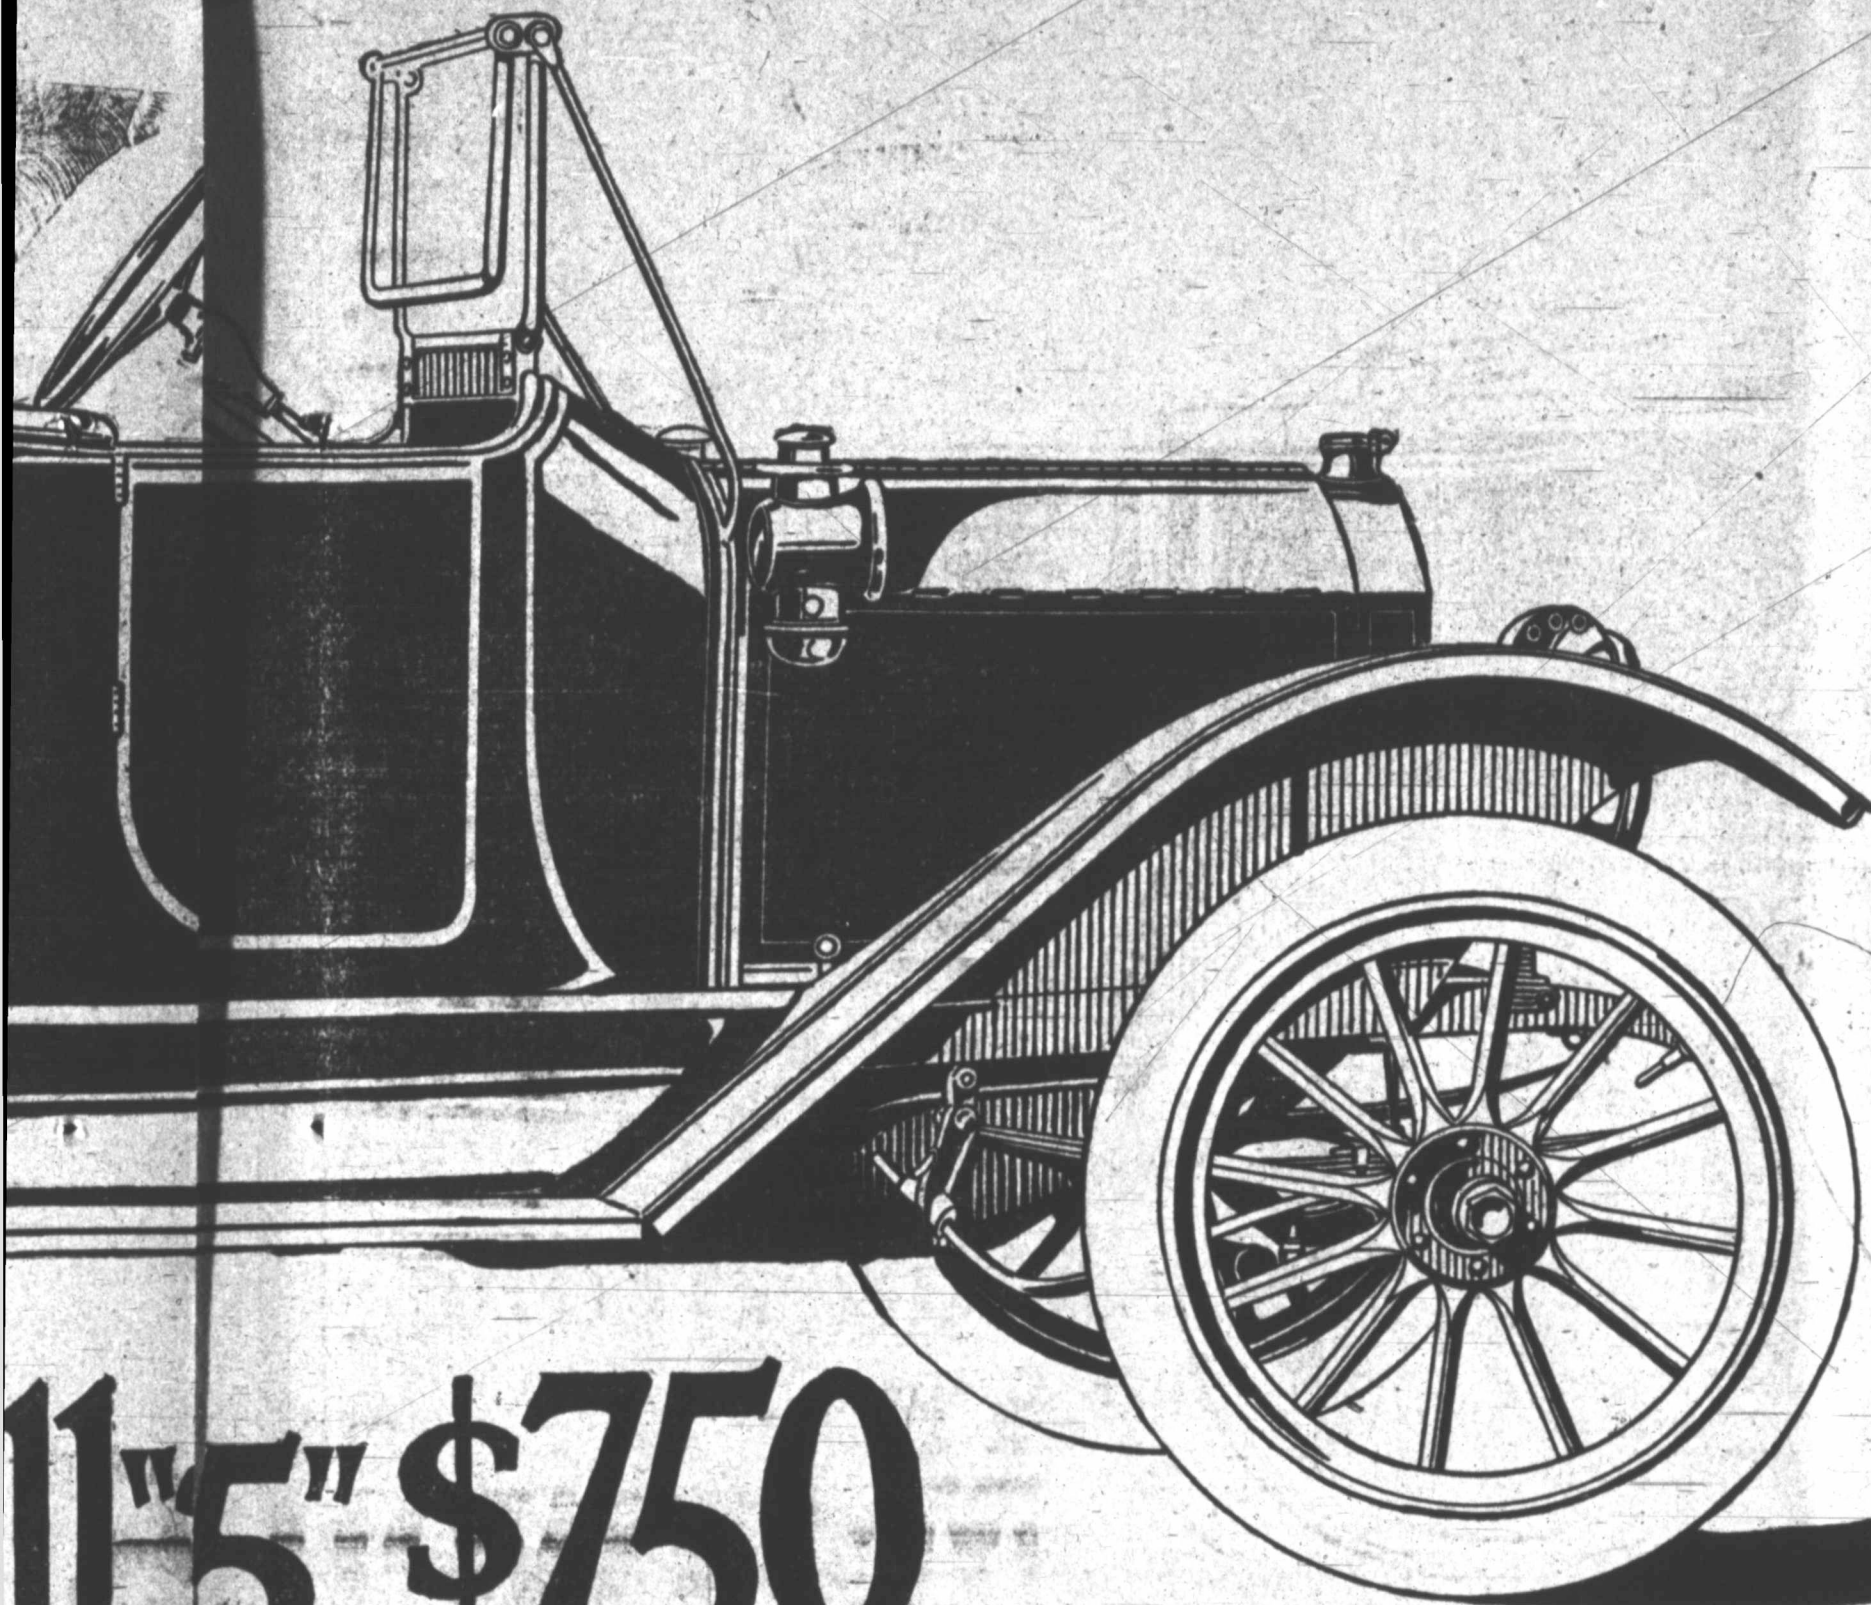

The Maxwell "25" has a 4-speed selective type transmission, 3 forward and 1 reverse. The main shaft has Hyatt Roller Bearings at front end—bronze bushing babbit lined at rear. Adjustable clutch lined with motobestos. It takes hold without sudden gripping, and without undue noise.

Control—Brakes of Extra Strength

The Maxwell "25" has left-side, 16" steering wheel. There is room for a big man to drive without being cramped. The throttle control rods are inclosed in steering column.

Setting the Selling Pace Everywhere

The Maxwell "25" is unfailingly responsive. It at once attracts favorable attention and flattering comment.

When you buy a Maxwell "25" you do not have to be ashamed of it; you do not have to apologize for it; it isn't a car that's perpetually joked about.

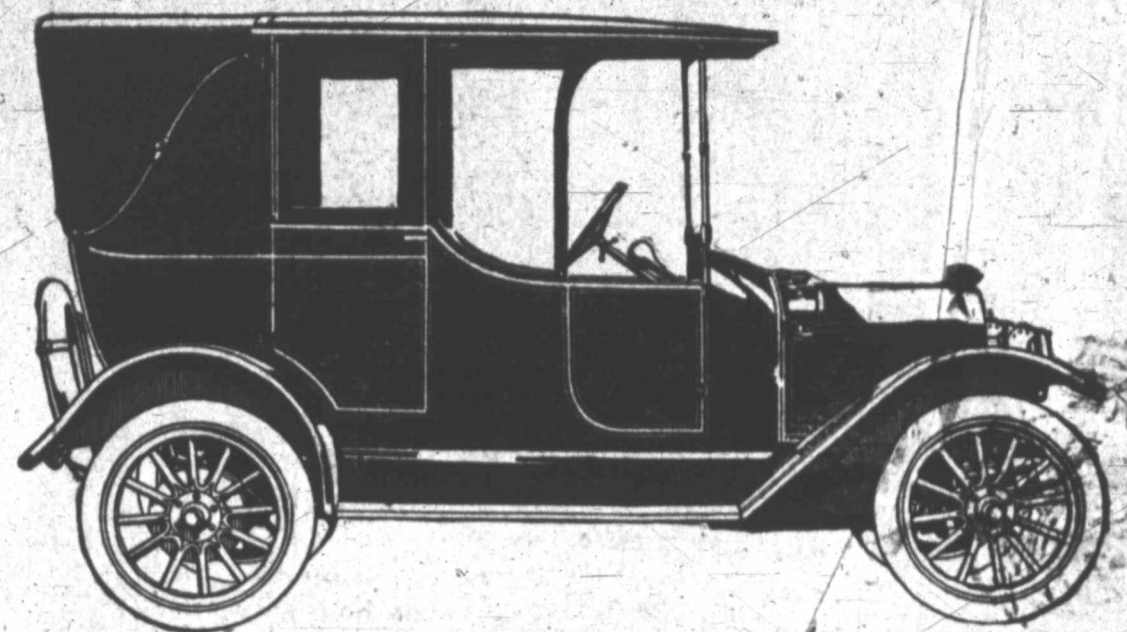

When you buy a Maxwell "25" you get a car that looks like one that costs double the money, and acts like a car that sells at twice its price.

Its operation is easy and economical. You are not compelled to dig constantly into your purse. It isn't a car that's a source of worry.

It minimizes cost—saves you money.

The Maxwell "25" is a real joy. It is a car that stands up and delivers at all times and under all conditions, no matter how trying. It is always right there at the right time. It gets you to your destination and back in the shortest possible time and at least cost.

It has plenty of smart style; it is a fast and sure hill climber; in fact, its hill climbing performances are marvelous, as records prove.

Maxwell "25-4" Town Car, \$950

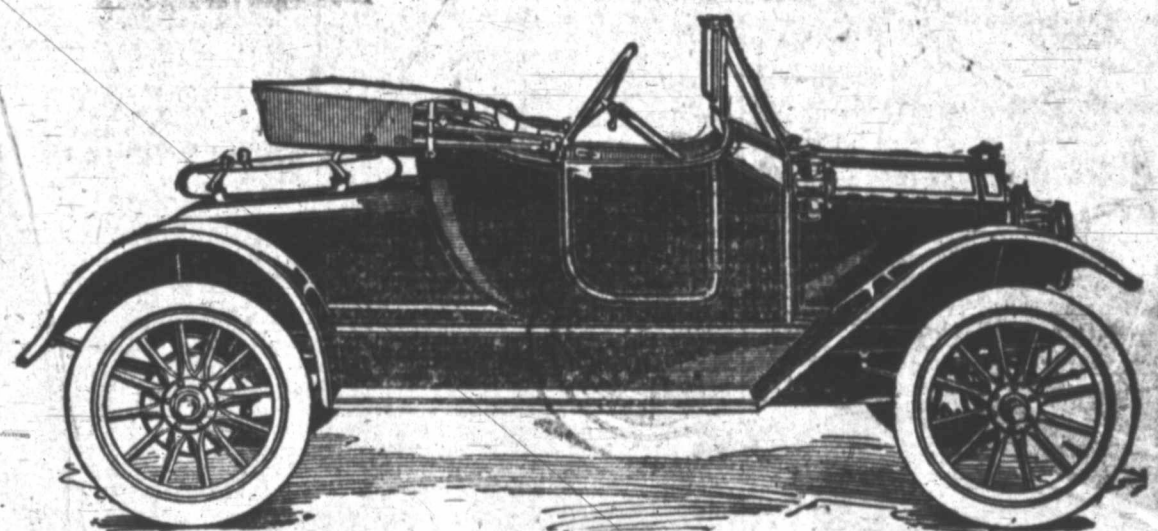

These sturdy Town Cars have a seating capacity for 6 persons—2 in the driver's seat and 4 in the rear. Landauette type. This is the ideal car for hundreds of kinds of steady daily service.

These Maxwell Town Cars are light, flexible and strongly constructed—in fact, indestructible. They keep maintenance cost down to the minimum mark.

If you want a car for hire purposes, for taxi uses—a car that will stand up and deliver—a car that will make money for you day in and day out—this is the car that you should buy without hesitation.

In thousands of sections throughout the United States, particularly in the rural regions, there are many splendid opportunities to profitably operate a public hack or taxi. This is the car that renders real ideal service because of its durability and low upkeep cost.

Ask us about this Maxwell "25" Town Car. Price \$950, plus the freight.

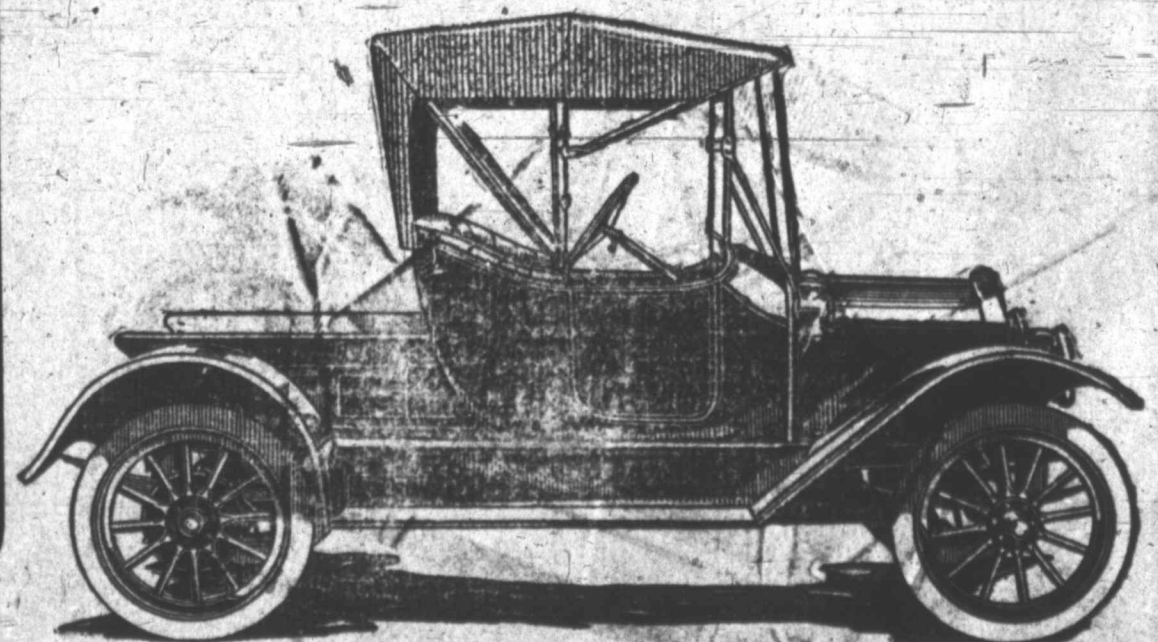

Maxwell "25" Roadster, \$725

A two-passenger car of imposing appearance, same specifications as the touring car. Just the car for the doctor or man whose business demands a car for quick and constant use.

An ideal equipage for the family of two or for the larger family to supplement the big high-priced car for handy runabout purposes.

Turtle deck is removable and express deck as shown can be fitted, making a splendid car for the business or man who wants a light delivery conveyance.

color scheme was also carried out in refreshment center. When the birthday cake was cut it was found that Gertrude Dutton had cut the button, Judith Sherrod the dime, Virginia Miller the ring. The little hostess was the recipient of many lovely little gifts and each guest asserted that she and her mother were indeed delightful entertainers. The guests were Mildred and Judith Sherrod, Allen Anderson, Nova McLain, Mabel and Frank Bundy, Bertha Delaney, Kathleen Lynch, Gertrude and Florence Dutton, Alma Short, Virginia and Elizabeth Miller and Lurline Short.

MRS. J. J. SIMON HOSTESS TO THE NEW IDEA CLUB
 Owing to the disagreeable weather it was deemed best to postpone the New Idea Club picnic which was scheduled for Wednesday, the club meeting instead in regular session with Mrs. J. J. Simon. The usual routine of sewing and conversation was the program of the afternoon and the club enjoyed having several guests with them. The hostess served a delightful two course luncheon consisting of sandwiches, pickles, coffee and pear salad, cake and mints. The guests were Mesdames Newton, Myrner, M. S. Coe and Mrs. Wise and baby, Francis. Club members were Mesdames Carey, G. E. Friberg, E. V. Friberg, W. G. Shaw, Dobson and the hostess.

DELPHIAN SOCIETY MET WITH MRS. BASFORD.
 The Delphian Society met in luncheon session Wednesday morning with Mrs. W. O. Basford. The organization commenced some weeks ago has now almost reached a state of perfection and officers will be elected at the meeting to be held next Wednesday with Mrs. T. R. Boone. A full attendance is desired at this meeting.

RECITAL AT BURKBURNETT DISPLAYS MUCH TALENT
 Mrs. R. A. Furlow assisted by Miss Edith Mathis of this city gave a musical recital at Burkburnett last week which was greatly enjoyed. Mrs. Furlow was formerly Miss Alma Hamming and was formerly a pupil of Mrs. Von der Lippe of this city. She later studied in the New England Conservatory of music and after finishing there returned to Wichita Falls where she taught music for some time. She is a musician of much talent and has had much success as a teacher.

The Burkburnett Star has the following to say concerning the recital: "The music recital given by Mrs. R. A. Furlow and her music class, assisted by Miss Edith Mathis, at the Dreamland Theatre last Friday night was a decided success. The house was packed and jammed until standing room was at a premium, and the sale of tickets had to be stopped long before the curtain went up for the first number of the splendid program.

"And notwithstanding the fact that the audience was uncomfortably crowded, there was not a dull moment from the beginning to the end of the entertainment, and everyone present enjoyed it hugely.
 "Owing to the fact that the program was quite lengthy and our space is limited, mention cannot be made of each participant, though all deserve special praise. Mrs. Furlow is to be congratulated not only upon the success of her recital, but also upon the excellent skill and commendable evidences of careful and painstaking

instruction manifested by her pupils. The conclusion of the excellent musical program, an amusing playlet was rendered, entitled "A Case for Sherlock Holmes," which was richly enjoyed."

CENTRAL PRESBYTERIAN L. A. AND M. S. BUSINESS MEETING
 The Ladies Aid and Missionary Society of the Central Presbyterian church met Monday afternoon in business session led by Mrs. Dutton with Mrs. Wilton. The entire afternoon was spent in planning for the work of the coming year. It was decided to continue the Bible study throughout the summer and in September to take up a thorough course of missionary work. The executive has made a number of interesting plans and an interesting year of work is anticipated by all. At the conclusion of the business discussion the hostess served delicious refreshments to Mesdames Kerr, Dutton, Reed, McFadden, Oldham and Miss Jessie Kerr.

INFORMAL RECEPTION AT FIRST M. E. CHURCH FOR PASTOR
 A very pleasant informal reception was that held at the First M. E. Church Friday evening for the purpose of letting the church members and friends of the church become acquainted with the new pastor and his family. H. L. Hunter opened with an address in behalf of the congregation, speaking a few words of welcome to the new pastor. Both Rev. and Mrs. Smith responded to this speech in a fitting manner and others who spoke during the evening were: Mrs. M. S. Coe and H. J. Bachman and A. E. Anderson. The evening was spent in a delightfully informal manner and refreshments of ice cream, cake and coffee were served by the ladies of the church.

MODERN CROCHET CLUB MEETS WITH MRS. HENDRICKS
 The Modern Crochet Club met Wednesday afternoon in regular session with Mrs. Hendricks. The usual pleasant time was enjoyed, with busy crocheting and an interesting exchange of patterns went on throughout the afternoon. In addition to the regular members, a number of guests were present. A delicious luncheon was served, consisting of sandwiches, pickles, chocolate, strawberries and cake. The guests were: Mesdames Hursh, Bates, Keene and Billingsley and the club members were: Mesdames Colboth, McConkey, Scott, Brooks, Stout, West, Misses Elizabeth Forsch and Daisy Brooks.

MRS. GARDNER HOSTESS TO THURSDAY SEWING CIRCLE
 The Thursday Sewing Circle met in regular session Thursday afternoon with Mrs. M. J. Gardner. A pleasant routine of sewing and conversation was engaged in until late in the afternoon. The members present were: Mesdames Merph, Jeff Waggoner, Bell, McDowell, Gardner. Visitors were: Mesdames Jeanne, Walker and Miss Rhea Gardner.

MISS CHAMBERLAIN HOSTESS TO THURSDAY BRIDGE CLUB
 Thursday afternoon Miss Ethel Chamberlain entertained the Thursday Bridge Club and a number of guests very delightfully. The usual tilt at bridge was enjoyed and the hostess had provided two dainty souvenirs in cut glass as high score favors. The club prize, a complete was won by Mrs. DuVal in a cut with Miss Sherrod and the great prize, a nappie went to Mrs. Shaw. At the conclusion of the games a delicious refreshment course of ice cream, strawberries and cake was served to the following: Mesdames Eugene Sherrod, Toney, McGregor, Robertson, O'Gynn, Blair, Frank Blair, T. W. Roberts, Harry Craven, DuVal, Barney, R. E. Huff, Dent, Zundelowitz, Greenwood, Montgomery, Griffin, Sammons, Short, Shaw, Moore, Burnside, Fenton, Marcus, Abe Marcus, Walsh, Cullinan, Fitzpatrick and Miss Lucile Sherrod.

MUSICIANS CLUB ENJOYS SOCIAL SESSION THURSDAY
 The social session of the Musician's Club Thursday afternoon met at the home of Mrs. W. R. Ferguson and proved to be a thoroughly delightful affair. It was given by the choral department of the club, honoring the active members, patronesses and the director, Mrs. G. Fred Thompson. The lovely Ferguson home was beautifully decorated for the occasion with a profusion of roses in baskets and vases and the dining table was centered with a large basket filled with the fragrant roses. In the early part of the afternoon an interesting musical program was carried out, piano numbers being furnished by Misses Florence Sammons and Ona Bell and vocal numbers by Miss Ritchie and Mesdames Sanders and Tully. Following the program Mrs. Wade Walker read an original poem finishing with a tribute to Mrs. Thompson and then presented her with a handsome walrus traveling bag in behalf of the club, in recognition of her untiring efforts in making the cantata just presented such a success. Following the presentation a contest, "A Musical Love Story" was instituted and Miss Ritchie won the prize. The guests were then invited in to the dining room where dainty refreshments were served. Mrs. Thompson poured tea at the rose laden table and Misses Alice Burnside, Mary Orth, Florence Sammons and Audrey Ferguson assisted in serving. Delicious sandwiches were passed in rose entwined sandwich baskets with the tea. Among those present were: Mesdames Walker, Thompson, Farris, Ferguson, McKee, Beavers, Tully, Sanders, Taylor, Carpenter, Robertson, T. B. Smith, Harrington, Barron and Johnson. Misses Ona Bell, Cora Scott, Florence Sammons, Mary Orth, Ritchie and Della Stone.

MISS EDITH MATHIS HOSTESS PATHFINDER CLUB SATURDAY
 The final meeting of the Pathfinder Club for this season was a social session Saturday afternoon, May 9 when the club was entertained by Miss Edith Mathis. The program committee made a report on the course of study for the coming year, which was accepted. The course will consist of a study of Egyptian, Italian and American art. Following the committee's report enjoyable instrumental selections were rendered by Misses Sammons and Thompson and Miss Nelson, the guest of the afternoon gave an interesting reading, "The Girl Graduate." The hostess, assisted by her sister, Miss Vivian, served a delicious refreshment course, consisting of salad, pickles, ice tea and wafers. The members present were: Misses Emma Smith, Sammons, Hunter, Theresa Smith, Stokes, Burnside, Thompson, Eldred, Mrs. Burnside, Mrs. Herblin and the hostess, with the guest, Miss Nelson.

B. O. P. ENTERTAINED BY MISS ANNETTE COFFIELD.
 Miss Annette Coffield was hostess to the regular session of the B. O. P.'s Tuesday afternoon at her home in Floral Heights. The usual pleasant time was enjoyed and musical selections were given by Miss Lois Brothers, a guest, and Miss Cora Lee Waggoner. The hostess, assisted by her sister, Miss Mary, served banana cream and chocolate cake to the following: Misses Cora Lee Waggoner, Icie Stringer, Beryl Murph, Mabel Williams, Tulla Stokes, Brothers, Biaylock and Mesdames Hardy and Coffield.

ALAMO HOME AND SCHOOL CLUB INTERESTING MEETING
 The Alamo Home and School Club held a very interesting meeting Friday afternoon at the Alamo school. Judge Felder made a very entertaining talk on the juvenile court and additions to the program were given by some of the students. A report from the treasurer showed that the play ground apparatus which had been installed by the club and the new books bought for the library were all paid for. A social half hour followed the business meeting and program, during which pineapple sherbet and cake was served. The Home and School Club is just closing a very profitable year and reports show that they have done much for the school during the nine months session now about to close.

SLEEP DISTURBING BLADDER WEAKNESS BACKACHE-RHEUMATISM, QUICKLY VANISH

Even Most Chronic Sufferers Find Relief After A Few Doses Are Taken

Backache, urinary disorders, and rheumatism are caused from weak inactive kidneys, which fail to filter out the impurities and keep the blood pure, and the only way on earth to permanently and positively cure such troubles is to remove the cause.

the blood, and drive it out of the system. So sure, so positive, so quick and lasting, are the results obtained from the use of Crozone, that three doses a day for a few days are often all that is required to cure the worst case of backache, regulate the most annoying bladder disorders, and overcome the numerous other similar conditions.

MAXWELL CAR BIG SUCCESS OF THE PAST YEAR. We are printing in another section of today's edition, the largest automobile advertisement that has ever appeared in a newspaper. This advertisement of the Maxwell "35" \$750 car, is known in newspaper parlance as a "double truck" and is seldom used except by the biggest motor car manufacturers. Some idea of the tremendous cost of the Maxwell advertising campaign can be gained when it is known that 2,000 newspapers or a total of 4,000 full pages of newspaper space are being used at one time. The success of the Maxwell "35" \$750 in the past year has been one of the leading topics of conversation in the automobile world in the past few months. No other motor car concern has ever before built and shipped 30,000 cars in the first year of its existence. As will be remembered, the present Maxwell Company took over the assets of the old United States Motor Company over a year ago. Cars were first turned out in small quantities in July, 1913 and the production has jumped ahead until Maxwell factories are now shipping 200 cars a day. A Trained Organization. Probably the best reason for the phenomenal success of the Maxwell product beyond the wonderful value offered in the \$750 car, is the organization and factories of the concern. Five big factories in the cities of Detroit, Dayton and Newcastile, form the chain of manufacturing units where every part of the Maxwell "35" is built. The combined floor space in all Maxwell plants amounts to 2,684,648 square feet and the land occupied by buildings is 241.5 acres. The total number of men employed when the factories are running full tilt is 15,000. To appreciate the huge scale on which Maxwell cars are manufactured it is necessary to personally visit one of the factories, where the cars are being turned out. Solid trainload shipments of motor cars—some of them 30 and 40 freight cars in length—to a single dealer are common sights at the Detroit plant of the Maxwell Company. To accommodate this heavy shipping, an immense loading platform runs the full length of the factory building and cars are shipped at all hours of the day. One of the interesting features of quantity shipments is the manner in which the freight car space is economized by the "double decking" operation. By removing the wheels from the automobiles and building sub-platforms in the cars, it is possible to ship six automobiles in a 39 foot car and eight in a 40 foot car. As a measure to prevent accidents and the safeguarding of human lives, the Maxwell Company has built testing tracks on its grounds at Dayton and Detroit, and no car is allowed to leave the factory precincts. This does away with reckless driving through the city streets and at the same time affords an equally severe test to the car. "Safety First" methods are carried out to the last degree in the factory buildings. All dangerous machinery is provided with safety guards and every precaution is taken to protect the lives of workmen. Prevention against fire loss is obtained by the installation of an automatic sprinkling system covering all plants. The Rehatch Mineral Water. Acts directly on the digestive organs of the stomach. Strengthening the kidneys and keeps the blood in fine condition. Good circulation is the only cure for constipation, rheumatism and the only way the system is provided with safety against cause typhoid, smallpox and other loathsome diseases. Four years in the water business in Wichita Falls has taught us precaution during epidemics of loathsome diseases. We are not strangers in Wichita Falls. We have been here fifteen years and are here to stay. We have always met our obligations. We are equipped to

KELL FOR DIRECTOR OF REGIONAL BANK

MOVEMENT TO PLACE WICHITA IN PROMINENT POSITION MEETS WITH SUPPORT

GETS MANY INDORSEMENTS

Not Actively a Candidate For Place, But Has Been Nominated By Banks In District

The nomination of Frank Kell of this city for a directorship on the regional reserve bank at Dallas, announcement of which was made yesterday has been followed by many voluntary pledges of support from member banks scattered throughout Texas, Oklahoma and Louisiana. Mr. Kell's nomination was endorsed by the First National Bank of Galveston and from all parts of the Seventh regional reserve bank district come reports of support.

The directorship for which Mr. Kell's friends are giving their endorsement and support is known as a class B directorship, representing the commercial interests. There are three of these directors to be named. Three directors to represent the banking interests are to be named and three more directors are to be appointed by the government.

Each bank member of the regional reserve bank at Dallas will have one vote in the selection of the directors representing the banking and commercial interests of the district. At first unwilling.

When first urged to accept nomination Mr. Kell refused but when an insistent demand came from many parts of the three states of the district and it was represented that his acceptance would not unduly tax his time and energy he consented to allow the use of his name and it was placed in nomination by the Galveston bank.

The first announcement that Mr. Kell would allow the use of his name was made at the meeting of the directors of the Chamber of Commerce last Tuesday but in deference to Mr. Kell's wishes no public announcement was made through The Times until the news came from outside sources. Mr. Kell told the directors Tuesday morning that he himself would not and did not wish his friends to enter into any scramble to land the place for him; that he could accept it only if it was the genuine desire of the district to have him in the position. In deference to Mr. Kell's wishes no organized campaign for his election will be carried on, although his friends, of course, will feel themselves free to urge his great worth and fitness for the position.

Considered Well Fitted. It is felt here and by those who know Mr. Kell everywhere throughout the reserve district that no man better fitted to represent the commercial interests could be named. No man in the Southwest understands from a more intimate contact

Drunkenness

is a curable disease, which requires treatment. The ORRINE treatment can be used with absolute confidence. It destroys all desire for whiskey, beer or other intoxicants. Can be given in the home. No sanitarium expense. No loss of time from work. Can be given secretly. If after a trial you fail to get any benefit from its use your money will be refunded.

United States Regulars In Vera Cruz On way To Protect The Waterworks Plant

SOLDIERS MARCHING IN STREET OF VERA CRUZ TO OUTSKIRTS

the conditions and needs of the farmer and ranchman. Himself an extensive owner of land he understands the needs of the cattle and ranch industry no less than of the farmer and grain dealer. As a grain dealer and miller he has made the fame of the Wichita Mill and Elevator Company reach around the world and today heads one of the commanding figures in the grain and flour business of the Southwest. His success in the building and operation of railroads has not been less marked than his success as a miller and grain dealer. His work in the development of Wichita Falls and the surrounding country has given him wide and successful experience as a banker and manufacturer and in multiplied foreign countries. A man so intimately in touch with conditions in the district and whose interests are so varied and whose counsel is so eagerly sought, it is urged, would be invaluable as a director in the regional bank.

Has Many Connections. A partial list of Mr. Kell's official connections with various enterprises follows: President, Wichita Falls Electric Co., Oklahoma City Mill and Elevator Co., and Wichita Mill and Elevator Co.; vice president, Glades Milling Co., Sherman; Orient Milling Co., Chillicothe; Kell Mill and Elevator Co., Vernon; Ayles, Neil, Tomlin Grain Co., Kansas City; Wichita Falls Window Glass Co., Blair and Hughes Co., Belknap Coal Co., Wichita Cotton Oil Co., Wichita Falls Investment Co., Wichita Falls Motor Co., Highland Irrigation Co., Lake Wichita Irrigation Co., Wichita Falls Traction Co., and Wichita Falls & Northwestern and Wichita Falls & Southern Railway Companies.

"SAFETY FIRST" MENTION FOR LOCAL RAILROAD MEN

The M. K. & T. Employees' Magazine for May contains an honor roll of Katy employes whose acts have entitled them to especial recognition in the "safety first" movement of that system. The following are mentioned in the Wichita Falls district: A. Derryberry, brakeman, Wichita Falls, for watchfulness in finding rear platform of coach in passenger-train 1, on March 3rd in a condition considered unsafe and reporting same to trainmaster and car inspector, which resulted in car being set out for repairs.

C. F. Parks, conductor, Wichita Falls, for highly commendable interest displayed in finding telegraph wire near mile post S-44 on April 2nd, crossed and for stopping and making necessary repairs, thus avoiding delay to business which would have otherwise resulted.

W. M. Pipkin, engineer, Denison, for commendable interest shown on finding left front tank brake shoe and band on top of wheel, train 11, engine 210 at Pottsville, April 3rd, by cutting out brake, avoiding delay to passenger train and preventing possible accident had train been coming down and engine derailing.

T. W. ... motorman, Wichita Falls, for laudable interest shown in finding telegraph wire broken near mile post 44, on Feb. 24th by stopping and repairing same, instead of waiting and reporting same for repair, man to go out, thereby preventing a serious delay to business. ... M. H. Young, Gainesville, Texas, for appreciated interest taken by finding broken rail near Gainesville, March 19th and reporting same to ticket agent, who immediately located section foreman and had repairs made shortly before arrival of an extra train. G. E. Stearns, conductor, Wichita Falls, for vigilance exercised, on March 24th on finding FS car 12,626, in train 25, off center, for handling car and train in such a way that no accident occurred on account of condition of car.

ROAD ACROSS SPILLWAY IS PROMPTLY REPAIRED

Water Company Puts Force of Men To Work There. Friday and Passageway Is Provided

Even while the Archer county citizens were appearing before the county commissioners Friday to ask for a road across the spillway, the water company had a force of men at work there repairing the road and fixing a passageway across the stream. The need of some work had already been called to the attention of the company and a number of men were put to work Friday making the necessary repairs so that there will be no further cause for complaint on the part of those using that road.

THROW AWAY YOUR GLASSES.

A Free Prescription—You Can Have Filled and Use at Home

Do you wear glasses? Are you a victim of eyestrain or other eye weakness. If so, you will be glad to know that there is real hope for you. Many whose eyes were failing say they have had their eyes restored through the principle of this wonderful free prescription. One man says after trying it: "I was almost blind; could not see to read at all. Now I can read everything without any glasses and my eyes do not water any more. At night they would pain dreadfully; now they feel fine all the time. It was like a miracle to me." A lady who used it says: "The atmosphere seemed hazy with or without glasses, but after using this prescription for fifteen days everything seems clear. I can even read fine print without glasses." It is believed that thousands who wear glasses can now discard them in a reasonable time and multitudes more will be able to strengthen their eyes, so as to be spared the trouble and expense of ever getting glasses. Eye troubles of many descriptions may be wonderfully benefited by following the simple rules. Here is the prescription: Go to any active drug store and get a bottle of Optona, fill a two-ounce bottle with warm water, drop in one Optona tablet, and allow to dissolve. With this liquid bathe the eyes two or four times daily. You should notice your eyes clear up perceptibly right from the start and inflammation will quickly disappear. If your eyes are bothering you even a little take steps to save them now before it is too late. Many hopelessly blind might have been saved if they had cared for their eyes in time. (Advt)

HIGH SCHOOL STUDENTS OF LATIN PRESENT PLAY

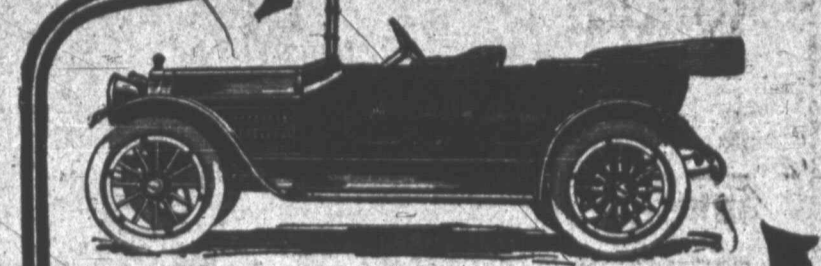

Production is Given in Tucson Tongue and Young People Handle It With Fluency

Friday afternoon the high school students enjoyed a Latin playlet, presented by Latin students of Miss Beaver's section. The sketch was entitled "The Old Roman School" and the scholars were suitably attired in togas and other ancient Roman articles of apparel. Edgar Carney played the part of "magister" and the cast, composed entirely of boys, went through the play with ease.

The production was in Latin and while it was unintelligible to a portion of the students, the entertainment was much enjoyed. Those taking part in addition to the teacher were: Ray Anderson, Charles Butts, R. Nolan, Ross Bassinger, O. Brown, E. Davis, E. Morgan, L. Burg, C. Murph, L. Dougan, F. Warner, R. Suddleston, A. Dodge and D. Anderson.

TEACHERS INSTITUTE HAS FINAL MEETING OF TERM

Interesting Program is Carried Out at Saturday's Session. Suggestions by Prof. Carpenter.

The teachers of the city schools held their regular monthly meeting yesterday at the high school. This is the last meeting of the current school year. Superintendent Carpenter made some suggestions with reference to the importance of being accurate in making out the term reports and also the necessity of being careful in averaging promotions so that each child may be promoted who deserves it. The following program was carried out: "Drawing, Painting and Modeling." - Miss Gordon. "Art in the Higher Grades." - Miss McClaren. "Developing of Art and Its Social Tendency." - Miss Burgess. "The First Signs of an Appreciation for the Beautiful." - Miss Hunsbake. "Education of the Conscience; Results of the Moral Environment." - Mrs. Potts. "Work of Education." - Miss Dresser.

"The Backward Boy: the Law Which Governs Conscience"-Miss Stratton. "The Value of Discussion in Public Affairs"-Mr. Settle. "The Children of All the People; How to Make Good Citizens"-Miss Hinkle. "A Certain School in New York City"-Miss Thomas. "The Bible in the School"-Miss Killege. "Common Sense of It All"-Miss Boone. "Era of Scientific Thinking"-Mr. Brant. The principal thoughts developed during the course of the discussions were as follows: "Drawing in the last few years has been correlated with other subjects in school. The advancement that has been made in drawing is due largely to the progress of art. Children, if left to themselves, will show more

spontaneity and develop more individuality than if they were supervised and guided by hard and steady rules. "In the higher grades, the best results are obtained in and through co-operative efforts. The drawing of children are naturally more or less grotesque, but often we find that they reveal a taste for the beautiful, especially in the adolescent age. The domestic arts should be taught to pupils when they are in the seventh grade. "The education of the conscience is best secured by the teaching of the practical as opposed to the theoretical. In the moral development of the child we find there are many external and internal agencies which direct the moral tendencies of his acts. "Service to others is the main work of education. Altruism and not

egotism-is the guiding principle of the educated. "If the pupil is to realize the highest development in morality there must be the greatest co-operation between parents, teacher and pupil; each must have a common point of view with reference to moral principles before harmony is possible. "The new scientific methods used in the public schools seek to give some benefits to all the children of all the people. CITATION BY PUBLICATION The State of Texas. To the Sheriff or any Constable of Wichita County-Greeting: You are hereby commanded to summon C. W. Orr and the unknown heirs of C. W. Orr by making publication of this Citation once in each week for four and eight successive weeks previous to the return day hereof in some newspaper published in your County, to appear at the next regular term of the District Court of Wichita County, to be held at the Court House thereof, in Wichita Falls, Texas, on the first Monday in June, A. D. 1914, then and there to answer a petition filed in said Court on the 28th day of April, A. D. 1914 in a suit numbered on the docket of said Court No. 1953, wherein H. Kramer is Plaintiff, and C. W. Orr and the unknown heirs of C. W. Orr are defendants, and said petition alleging that on or about the 1st day of January, 1914, plaintiff was lawfully seized and possessed of lots one and two in block No. 3 in the Texas Addition to the town of Iowa Park, Texas, as same is shown by map or plat thereof recorded in Vol. R, page 428, Deed Records Wichita County, Texas. That on the day and year last aforesaid defendants unlawfully entered upon said premises and ejected plaintiff therefrom and unlawfully withheld from him the possession thereof to his damage \$1,000.00; that the reasonable annual rental value of same is \$150.00.

Wherefore plaintiff prays that defendant be cited to appear and answer herein, for judgment and possession of said premises, for general and special relief as plaintiff may be justly entitled to. Herein fail not, but have before said Court, at its aforesaid next regular term, this writ with your return thereon, showing how you have executed the same. Given under my hand and the seal of said Court, at office in Wichita Falls, this 28th day of April, A. D. 1914. A. F. KERR, Clerk District Court, Wichita County, 204-310-3-13-21-27-34.

FIRST NATIONAL BUILDING IS TO BE FIVE STORIES

Architect For New Structure Is Appointed—Details of Building Are Made Public

The building committee of the trust company which will erect the five story office building at the corner of Eighth and Indiana avenue to be occupied by the First National Bank, has selected as architects, Messrs. Fields and Clarkson of Fort Worth, Texas, and Sanquist and Statie as associate architects. They plan to erect a building 50x150 feet, five stories high, the face of it to be composed of pure white enamel brick trimmed with terra cotta. The plans and specifications for the entire building are to be modern in every respect; it is to be equipped with two elevators, mail chutes, vacuum cleaners, elevator shafts to be enclosed for better protection from fire separate from the stairways. The bank and trust company will occupy the first 50x150 feet downstairs and there will be two stories with entrance on Eighth street. The elevators will be on Indiana avenue and there will be a lobby from which entrance can be had either to the elevators or to the banking room. It is the plan of the committee to have the building thoroughly equipped throughout with the most modern conveniences for office buildings.

It is estimated that it will take about three weeks for the architects to prepare plans and specifications and that bids are to be published by June 8th and that the contract to be let about July 1st. It is hoped to have the building complete for occupancy by February 11, 1915.

WICHITA FALLS YOUTH IN FIGHTING AT VERA CRUZ

E. L. McDonald, a Wichita Falls youth, was one of the crew of the battleship Montana which brought to New York the bodies of the American marines killed at Vera Cruz. Young McDonald went to Vera Cruz on the Louisiana but was transferred to the Montana when that vessel was made the transport, to carry home the bodies of the dead marines.

Young McDonald writes his father, William McDonald here that he believes there will be more fighting in Mexico between the Americans and the Mexicans before peace and order is restored. He will return to Vera Cruz on the Montana and expects to be re-assigned back to the Louisiana.
