FOREIGN TRADE CONVENTION

Extension of Oriental Commerce by Making of Loans to Governments is Advocated

By Associated Press. Washington, May 28.—The charge that "suspicion of the United States is fostered by our trade rivals in South America" was brought forth by Edward M. Hurley of Chicago, vice president of the Illinois Manufacturers Association, in an address today before the National Foreign Trade Convention here. Mr. Hurley recently acted for the Department of Commerce in an investigation of South American banking and credits. He said:

"Suspicion of the United States is fostered by various of our trade rivals in South America. This refers to individuals, not to nations, but were it not for this insidious propaganda directed chiefly by foreign newspapers, the Latin-American view of the United States would be more favorable."

He also said: "American trade is now financed by foreign banks and American goods are carried in foreign ships. We pay a heavy toll estimated at several million dollars a year to European banks for handling, in London bills of exchange, our financial relations with overseas customers. All the collateral benefits derived by the banker of any business deal, all the prestige that comes from the handling of the money, and all the powerful influence which banking can exert for the success of an enterprise is alienated from the United States to the benefit of European competitors. They organize foreign banking systems to build up their own trade. They do our banking business for the profit that is in it but also to prevent us from handling our own banking business and reaping for ourselves all its possible benefits."

"It is often said that when trade further develops American foreign banks will be established as a matter of course. This is a species of fatalism unworthy of American bankers. They should lead, not follow the procession into foreign lands."

Willard Straight of New York, president of the American Asiatic Association, who was a representative of the American banking group in China during the recent loan negotiations, discussed at the National Foreign Trade Convention here the influence of American investment abroad in extending the foreign trade.

"We should aim," he said, "to develop public opinion to approve the use of our national investing power for the extension of our trade."

He discussed particularly the "debt-or-nations" of Central and South America.

"President Wilson in his Mobile speech," he said, "anticipated the day when, through the beneficent influence of the United States these weaker states to the South would be enabled to borrow on their national credit and no longer be obliged to grant concessions. This was an object, Mr. Straight argued, which could be attained only by placing under foreign supervision the customs houses of such financially embarrassed countries to assure a regular revenue to meet the service of loans which these republics now need. Without such security, he continued, except in the case of railways which the lenders control, neither European nor American bankers will loan money to these countries on ordinary financial terms."

"If we desire to avoid complications with European powers, and develop our own export and import trade in the Caribbean Sea, we must by means of foreign loans, establish ourselves as the guardians of the financial stability as well as the territorial integrity of some of our Southern neighbors. There should be effective co-operation between the government, the bankers, the merchants, the manufacturers and the public. This would enable the government to adopt a definite policy and to declare that proper diplomatic support would be given to promoters and investors in foreign loans, the term of which had been submitted to and approved by the department of state and congress."

"It might be objected that in announcing such a policy the government would pledge itself to use the army and the navy to exact interest payments due individual American investors. Such a contention, however, is scarcely justified. Just as debtors' prisons have been abolished in civilized countries so international opinion deprecates the collection of debts by military pressure. Private contracts are enforced by the courts, and international differences, thanks to the increasing recognition of the economic waste of wars, are now generally adjusted by diplomacy and arbitration."

"It is becoming increasingly evident that because of international character and its democratic foundations world finance must be regarded as a guarantee of world peace and a commercial development, rather than the means by which the stronger are enabled to exploit the weaker nations."

SAYS FOREIGNERS IN MEXICO ARE TO BE TREATED 'FAIRLY'

Carranza Makes Satisfactory Answer to Representations From the British Government

By Associated Press. Washington, May 28.—General Carranza today assured the British ambassador here that foreigners in Mexico will be subjected to "no unjust or inequitable burden."

This was occasioned by inquiries particularly as to the Tampico oil field and was regarded as "very satisfactory."

200 GINNERS AT DALLAS FOR ANNUAL CONVENTION

By Associated Press. Dallas, Texas, May 28.—The annual convention of the Texas Ginner Association opened here this morning.

Addresses of welcome to Dallas were responded to by J. Dabney White of Tyler, secretary-treasurer of the organization. After organizing the convention adjourned for lunch. Fully 200 delegates were present when the convention opened and others are expected today and the attendance is expected to be the best in years. Important business to come before the commission includes the discussion of close organization to extend the work of the association to new localities. It was also learned that the Texas ginner wants to be included in the workman's compensation act of Texas.

TEXAS HOME-STEAD LAW CONSTRUED AS TO ESTATES

Supreme Court Holds That Statute Applies to Solvent Estates as Well as Others

By Associated Press. Austin, Texas, May 28.—The supreme court today held that where a husband died in the state the homestead passed to the surviving heirs including the widow and that such homestead is exempt from liability for the claims of general creditors, even though the estate is solvent. This holding was in the case of Mary Hoesting et al vs. Dorothy Hoesting et al passed to the surviving heirs including the widow and that such homestead is exempt from liability for the claims of general creditors, even though the estate is solvent. This holding was in the case of Mary Hoesting et al vs. Dorothy Hoesting et al passed to the surviving heirs including the widow and that such homestead is exempt from liability for the claims of general creditors, even though the estate is solvent.

SAYS PRESIDENT WANTS CONSTRUCTIVE LEGISLATION

By Associated Press. Washington, May 28.—Clarence J. Owen, managing director of the Southern Commercial Congress said he spoke with the authority of President Wilson when he told the National Foreign Trade convention that the president hoped all so-called partisan questions would be settled at the present session of congress, so that the remainder of his term might be used to deal with constructive questions, such as the merchant marine and other subjects regardless of party.

KANSAS OUSTER SUIT AGAINST KATY ROAD

Topeka, Kan., May 28.—The state interested itself in an ouster and receivership suit against the Missouri, Kansas and Texas railway today when J. W. Hodges, directed Attorney General Dawson to supersede the county attorney of Montgomery county in the case.

WERE PAINTING TOWN RED, WIND UP IN POLICE COURT

A young man and a girl the worse for drink started out last night to paint the town red but were overhauled after they had visited two restaurants. Both pleaded guilty to charges of intoxication in the city court this morning and were each fined \$25.

RUNAWAY NEAR FOWLKES IS FOLLOWED BY ARREST

Man Taken into Custody at Beyer's Charge of Highway Robbery Inquiry Under Way

Deputy Sheriff Ed Davis arrested J. T. Hiett at Beyer's Tuesday evening on a complaint filed in a justice of the peace court charging Hiett with highway robbery. The complaint grows out of the accident which befell a Mr. Thomas near Fowler's station about two months ago. Thomas was returning from Elctora when his team ran away and his leg was broken and he sustained other injuries.

It appears that before the team started to run, Thomas was struck in the head with some missile. On the way from Elctora he had picked up a man on the road. This man was not found after the runaway. It is the theory of some who have investigated the case that Thomas was struck by his passenger for the purpose of robbery.

SOUTH TEXAS FLOOD SITUATION SERIOUS

RECENT RAINS CAUSE STREAMS TO AGAIN OVERFLOW CAUSING MUCH DAMAGE

By Associated Press. Houston, Texas, May 28.—Rains of yesterday and last night have brought railway men and others to a realization of the fact that they were again destined to wrestle with grave flood conditions. All South Texas streams, more than half full to start with in many localities, are now rising faster than ever and rapidly extending into the inundated area.

RAILROAD TRAINS DELAYED

Crop Loss is Heavy and Irish Potato Yield is Greatly Reduced by Floods

By Associated Press. Houston, Texas, May 28.—Rains of yesterday and last night have brought railway men and others to a realization of the fact that they were again destined to wrestle with grave flood conditions. All South Texas streams, more than half full to start with in many localities, are now rising faster than ever and rapidly extending into the inundated area.

Distressing conditions are reported from the lower Trinity, Colorado, Brazos and other streams and news from above indicates additional substantial rains.

In Houston and vicinity more than three inches of rain has fallen in the last twenty-four hours, with the result that streets are flooded and many car lines are out of commission. The Brownsville, S. P. Missouri, Kansas & Texas, Santa Fe, Aransas Pass and other railroad lines are having trouble and there was much doubt this morning as to the ability of managements to operate trains through the lowlands. Schedules are not being maintained and announcement was made that detouring already has been necessary.

Farmers Lose Heavily. Practically all hope of saving the Irish potato crop has been abandoned. In addition to the destruction in the lowlands from inundation, cotton and corn is being covered with grass. Railway men are hopeful that clear weather will ensue and permit the coast section floods to pass before being augmented by the rises from above.

The only deaths reported early today were those of John Repke and Fred Westhoff, members of Troop C, Twelfth U. S. Cavalry who lost their lives in a swollen stream at Donna, Texas, late yesterday.

BATTLESHIPS MAY BE SOLD TO GREECE

UNDERSTOOD TO BE NEGOTIATING FOR PURCHASE OF IDAHO AND MISSISSIPPI

By Associated Press. Washington, May 28.—A plan for disposing of the battleships Idaho and Mississippi to a foreign power for just what the United States paid for their construction was laid before the Senate naval affairs committee today by Secretary Daniels.

Greece is understood to be negotiating for the Mississippi and the Idaho. The United States has never before sold battleships to a foreign power, although it has condemned them and afterwards sold them without armament. The ships have been in commission since 1908. Secretary Daniels asked for an amendment to the naval bill, permitting the sale and providing that the money be used in the construction of one dreadnought in addition to the two dreadnoughts already provided in the bill as it passed the House.

Secretary Daniels explained to the committee that while he expected to get about \$12,000,000 for the two ships, he would be able to make up the \$14,000,000 needed for a new dreadnought by economy in other lines.

RECEIVES NEWS OF DEATH OF FATHER IN OKLAHOMA

Mrs. E. A. Savage received the sad intelligence yesterday of the death of her father, L. W. Thomas at Claremore, Okla. This is Mrs. Savage's second recent bereavement, she having buried a grown daughter in this city in February.

SAYS WOMEN AND CHILDREN WERE NOT SHOT AT LUDLOW

"No Such Thing as Massacre" Declares Judge Advocate General in New York City

By Associated Press. New York, May 28.—Edward J. Boughton, judge advocate of the military district of Colorado, testifies today before the federal commission on industrial relations said that "statements to the effect that women and children were shot in Ludlow are not true."

"There was no such thing as the Ludlow massacre," he continued, "no body was killed or burned except a small child who was shot. It appeared, not by troops of the state but as a result of its own carelessness."

The federal troops should now be withdrawn from Colorado without danger according to Major Boughton's testimony before the commission appointed by Gov. Ammons and by his own commanding officer of the Colorado National Guard to enlighten public opinion which "has been inflamed by press reports." He was chairman of the military commission appointed by Gov. Ammons to investigate the conflict of the National Guard at Ludlow. The witness said it was his opinion that the mine owners had yielded to the strikers in every demand except the recognition of the union; that the mine workers had received fair treatment at the hands of their employers.

Major Boughton admitted since he had been in New York he had been in conferences at 28 Broadway, Standard Oil headquarters and that he had not seen any representative of the mine workers in the city. At the same time, a B. E. Garrison of the commission to show that the major favored the mining interest. The witness in giving a narrative of the Ludlow incident in some cases exonerated the National Guard and in others such as the setting fire to the town and the striking of a strike leader, affirmed that the action of the militia was inexcusable.

"It's true, is it?" asked Mr. Garretson, "that public opinion in Colorado has looked upon the National Guard as a body thoroughly in sympathy with the mine-owners?"

"That has been the unfortunate opinion in Colorado," answered Major Boughton, "and it has been the chief cause of this whole calamity."

\$100 PER DAY TAX ON ALL TENT SHOWS IS PROPOSED

A petition is being prepared which may be presented to the city council at its session tonight asking for the adoption of an ordinance requiring a license of \$100 per day for tent shows, carnivals and similar attractions.

The petition is being circulated by interests friendly to the moving picture shows of which there are five in the city and which feel keenly the inroads made by traveling tent shows. It had been hoped to have the petition ready to present to the council tonight but it was said this afternoon that this would hardly be possible.

Chicago Futures.

By Associated Press. Chicago, May 28.—Too much rain in Oklahoma had a bullish effect today on the wheat market here. At 10 o'clock one eighth off to 14 up the market made some advance all around. Corn weakened, reports from Argentina being better than the market. Prices which started unchanged to 1-8 lower, continued to sag. Free selling turned out down grade. The May option broke more than a cent. Signs of a complete ending of the drought were chiefly responsible. Danger from rust in the Southwest tended further to lift wheat quotations, close was nervous. Corn closed steady; closing, wheat, May 99 1/4; July 87 1/8; corn, May 76 3/4; July 67 5/8; oats, May 40 1/2; July 39 3/4.

COURT MARTIAL OF MILITIA OFFICERS

COLORADO SOLDIERS ON TRIAL IN CONNECTION WITH CONFLICT AT LUDLOW

By Associated Press. Denver, Colo., May 28.—Interest in the general court martial engaged in the trial of officers and members of the Colorado National Guard on charges growing out of the Ludlow castle of April 20 centered today in the appearance as witnesses of John P. Lawson, international executive board member of the United Mine Workers of America and Mrs. Alma V. Lafferty, chairman of the committee named by the Women's Peace League which visited Ludlow after the battle.

"The union leader and Mrs. Lafferty are the first witnesses to be subpoenaed who are not members of the Colorado National Guard. Ten commissioned officers and twelve non-commissioned officers and privates have been called since the court martial convened. Major P. J. Hamrock, ranking officer at Ludlow on the day of the battle was first tried on charges of murder, manslaughter, arson and larceny. Practically the same testimony was presented in each instance. In the case of Lieut. Karl E. Linderfelt, second ranking officer, whose trial has been left until the last, charges of assault and battery and assault with a deadly weapon have been added.

A military commission which investigated the battle and subsequent fire charged Lieut. Linderfelt with breaking the stock of his rifle by striking Louis Kikas, a striker over the head after the latter had been captured by the state troops.

Engineers Meet in New York.

New York, May 28.—One of the most notable gatherings of engineers in the history of New York City convened today to celebrate through Saturday the fiftieth anniversary of the opening of the Columbus School of Mines on Morningside Heights. Eminent scientists will speak at the banquet of graduates tomorrow night at the Waldorf-Astoria.

MORGAN BOOKS ARE BEING EXAMINED

INTERSTATE COMMERCE COMMISSION AGENTS LOOKING INTO NEW HAVEN DEALS

By Associated Press. Washington, May 28.—Four examiners of the Interstate Commerce Commission arrived at the office of J. P. Morgan & Company early today and began an examination of the firm's books and records relating to the New Haven railroad. The results of the examination are to be secret until submitted to the commission. Members of the firm received the examiners cordially. Though it is understood that the examiners will have a free hand so far as the New Haven records are concerned, counsel for the firm has insisted that there be "no fishing expedition."

The formal inquiry into the New Haven matter will be resumed at Washington next Wednesday.

"NO FISHING EXPEDITION"

Inquiry to Be Confined to New Haven—Results of Probe to Be Given to Commission

By Associated Press. Washington, May 28.—Four examiners of the Interstate Commerce Commission arrived at the office of J. P. Morgan & Company early today and began an examination of the firm's books and records relating to the New Haven railroad. The results of the examination are to be secret until submitted to the commission. Members of the firm received the examiners cordially. Though it is understood that the examiners will have a free hand so far as the New Haven records are concerned, counsel for the firm has insisted that there be "no fishing expedition."

WILL TAKE SEVERAL WEEKS TO COMPLETE EXAMINATION

By Associated Press. Washington, May 28.—Examination of the books of J. P. Morgan & Company and papers of the late J. P. Morgan relating to the New Haven railroad's financial affairs, by agents of the Interstate Commerce Commission, probably will take several weeks. It will begin at once, Chief Counsel Folk returned here today, refusing to discuss his conference in New York yesterday with Francis Lind Stearns, counsel for the Morgan house, but at headquarters of the commission it was said all documents relating to New Haven affairs would be turned over to the examiners.

OTTO JORDAN NOW MANAGER IN EMPIRE STATE LEAGUE

Brunswick, Ga., May 28.—Otto Jordan, erstwhile leader of the Dallas team, is on his way to join the reins. The deal was made with the ex-southern leaguer shortly after his return from Texas.

Earl Biting has been handling the team and will remain to play first base. The local fans are confident Jordan will give a good account of himself in the Empire state league.

NEW TREATY IS APPROVED BY SENATE OF COLOMBIA

Votes is Twenty-Three To Eight in Favor of Agreement Settling Panama Controversy

By Associated Press. Bogota, Colombia, May 28.—The Colombian Senate by twenty-three votes against eight has approved the second reading of the treaty between Colombia and the United States in connection with the Panama Canal. The third reading is expected today.

TEXAS POSTMASTERS WILL MEET IN WACO NEXT YEAR

By Associated Press. Waco, Texas, May 28.—Waco gets next convention of Texas Postmasters the final vote being thirty-five for Waco and thirty-two for Fort Worth. Officers of the two conventions in session here were elected and the convention finally adjourned at noon today. The new officers of the Texas Postmasters Association include: S. F. McCluskey of Tyler, president; John L. Burke of Elgin, first vice president; A. N. Justus of Corsicana, secretary-treasurer. The officers of the Texas Postmasters League are: E. G. Deas of Haskell, president; Mrs. Minnie E. Cope of Avinger, first vice president; Sam G. Reid of Oglesby, secretary and treasurer.

BOND QUESTION INVOLVES VALIDITY OF NEW CHARTER

Attorney General Writes for Additional Information Before Passing Upon Matter

The attorney general's department wrote to the city secretary yesterday for more information in connection with the examination of the hospital bonds submitted to that department for approval. He asked for a copy of the new city charter and the order for the election in which the charter was adopted. The charter and copies of this order are already in the hands of the secretary of state but were not available to the attorney general's department.

These are the first bonds submitted to the attorney general for approval from the Wichita Falls since the adoption of the new charter and his investigation will for this reason involve the validity of the charter.

AMERICAN UNIVERSITY OPENED BY PRESIDENT

Washington, May 28.—With church dignitaries and prominent educators gathered here for the occasion, the American University was formally dedicated by President Wilson. Elaborate exercises marked the throwing open of the doors of the new institution and plans were made for a large attendance. Bishop Earl Cranston, senior bishop of the M. E. church, resident at Washington, presided and the program provided for addresses by President Wilson, Secretaries Bryan and Daniels, and Bishop William Fraser McDowell of Chicago, and John William Hamilton of Boston. Right Rev. Alfred Harding, Episcopal Bishop of Washington, was to deliver the invocation.

A feature of the exercises was the flag raising while the "Star Spangled Banner" was being sung by the audience.

The new institution was projected by Bishop Hirst, about 20 years ago and is located in the northwestern suburbs of Washington.

Wireless Sea Safety Device Tested.

Paris, May 28.—The automatic wireless apparatus invented by the French engineers Decretet and Renier is being experimented upon from the Eiffel Tower today. The machine receives messages sent by the Morse code, registering them automatically on tape. The experiment has proved a success so far as tested which is up to 100 kilometers. Such an apparatus would, it is said, add materially to the safety of ships at sea.

NOMINATION FOR GOVERNOR BY TENNESSEE DEMOCRATS

Thomas C. Rye Chosen to Oppose Hooper—Platform Oppose Reduction of Liquor Laws

By Associated Press. Nashville, Tenn., May 28.—Thomas C. Rye of Paris, attorney general of the Thirtieth judicial circuit was nominated as Democratic candidate for governor of Tennessee to oppose Sam W. Hooper, Republican incumbent.

The nomination came on the ninth ballot. The platform adopted on which the Democratic candidate for governor will make his race declares against the repeal of "any of the temperance laws now in force" and pledges the party to their maintenance and to the enactment of such additional legislation to secure their rigid enforcement. Heretofore the party platform has favored local option as against the statewide prohibition law enacted by the general assembly of 1909.

DETAILS OF AGREEMENT

MANY POINTS IN PLAN FOR PEACE IN MEXICO HAVE BEEN DECIDED

By Associated Press. Niagara Falls, May 28.—Mediation conferences have been in progress a week today and already many of the essentials of a plan for the pacification of Mexico have been agreed upon. Details are being withheld until there is a complete agreement on all subjects, but the main point of the plan on which both sides look favorably at present, are as follows:

The transfer of the executive power at Mexico City from General Victoriano Huerta to a provisional president and four cabinet ministers. This body has been referred to as a commission or junta.

These five men would share equally the responsibility of putting into operation a program adopted at the conference here for the conduct as soon as practicable of new elections for president, vice president and members of Congress.

The five men would be neutral so far as political affiliations are concerned but would be representative men as nearly accessible as possible to all factions including the constitutionalists, and approved by the American government.

Prompt recognition of the provisional government would be given by the United States.

Withdrawal of the American troops is expected by the American government as the new government is installed.

In the protocol there will be included principles on which a study of the agrarian and educational problems in Mexico would be based, but there would be made no mention of individuals to comprise the government.

After a conference this morning with the Mexican delegates here the mediators went over to the American side where they conferred with the American representatives. It was indicated that the understanding between the opposing parties to the negotiation had proceeded to a point where plans are about in shape for a full conference between both sides.

This means, it is said, that common bases of agreement virtually have been reached.

COMMISSION TO RULE

President and Four Men Would Run Government, According to Unofficial Reports

By Associated Press. Niagara Falls, May 28.—Mediation conferences have been in progress a week today and already many of the essentials of a plan for the pacification of Mexico have been agreed upon. Details are being withheld until there is a complete agreement on all subjects, but the main point of the plan on which both sides look favorably at present, are as follows:

MEDIATORS RESUME WORK; NEW WASHINGTON PROBLEMS

Washington, May 28.—The main stages of the negotiations at the Niagara conference have been reported to President Wilson under the referendum by which the American delegates are acting and are now understood to have reached a reasonably complete form on essentials of a proposed agreement.

There has been no effort so far to weld the essentials into a protocol but the various propositions stand out distinctly and will readily admit of amalgamation into a complete protocol when it is found necessary to do so. The understanding here is that the elementary propositions have been agreed upon by a process of elimination of the issues which it had at first been impossible to compromise.

Has Made Good Progress.

Though the tentative protocol consequently omits some of the most dangerous features which must enter into the final settlement, it is regarded by administration officials here as most promising and considering the limited time the mediators have been at work, the success has been remarkable compared with similar negotiations.

Closely following the landing of munitions of war for Huerta from the two German liners at Puerto Mexico, a large consignment from Japan is due at Manzanillo at Salina Cruz on the west coast. Word has reached Washington that the Japanese cruiser Izumo, which has been hovering around Manzanillo has gone down the coast and though the latter report is lacking in official confirmation.

RED HATS RECEIVED BY NEW CARDINALS

FORMAL HONORS OF OFFICE ARE PRESENTED TO THEM TODAY BY POPE

CEREMONY IS SPECTACULAR

Rome, May 28.—The red hat, symbol of the highest office in the Catholic church, with the exception of that of pope, was this morning conferred on fourteen new cardinals. The ceremony took place at a public consistory of the Sacred College held at the Vatican and the new princes of the church consisted of the thirteen prelates who were created cardinals last Monday and Monsignor Formig, archbishop of Veszprim, Hungary, who was elevated to the purple last December but who has not as yet received the hat.

The ceremony this morning was the most elaborate which has been held at the Vatican since the November election of Pope Pius XI. It was held in the Sistine Chapel, which was crowded with the three American cardinals, the presence of all three of the latter, namely Cardinals Farley, Palmer and O'Connell as well as Cardinal Gibbons of Baltimore, contributed to the importance of the occasion. The presence of all three of the latter, namely Cardinals Farley, Palmer and O'Connell as well as Cardinal Gibbons of Baltimore, contributed to the importance of the occasion.

New Honey Texas' Best

Texas produces some mighty good honey, and I'm always on the watch for this fancy Texas quality.

A few days ago I was offered a special lot of 3, 5 and 10 pound tins, and I snapped it up in a hurry. I bought it so that I can make a price of

60c on the 3 lb., \$1.00 on the 5 lb., and \$1.90 on the 10 lb. tins.

This is all in combs and it's the prettiest, cleanest honey I ever saw. In bulk I offer it at 17c per pound. Better let me send you a quantity of this before this shipment is all gone. It won't last long.

The Restless Legions
We're off to the end of the world again
We're off on another trail—
Away from the crowded towns of men
And the airs that are sick and stale
There's a job at the end of the world
for us.
So we're done with our labor here;
And it's pack your grip for the out-
ward trip—
We're off to the New Frontier.
And it's "Well, so long!" to the toiling
throne.
We're off to the New Frontier!

It's off to the land of dreams we are,
Somewhere on the Seven Seas.
Do we go in Peace? Do we go in War?
Well, that's as the Fates may
please.
There may be a King to fight with us,
Or a jungle for us to clear;
Whatever the game, it's all the same—
We're off to the New Frontier.
We're primed all right for work or
fight—
We're off to the New Frontier!

We're off again on a long, long chance,
—To the land beyond the law;
We're off in search of the True Ro-
mance.
And the realms that are new and
rav.
There is much still waits for the white
man's eyes.
And the feet of the pioneer—
So we're off once more to a distant
shore
We're off to the New Frontier.
And we shout "So long!" to the toiling
throne.
We're off to the New Frontier!

DECORATION DAY TO BE OBSERVED NEXT SATURDAY

Saturday, May 30, is Decoration Day and let all the second efforts of the ladies of the Cemetery Association to beautify the city of the dead. The citizens of a town or city are judged in a measure by the manner in which they keep that portion of the city inhabited by those who have gone before, and a beautiful cemetery should be a matter of civic pride as well as beautiful parks. Civilized nations have always revered their dead and have shown it in many ways, and well kept cemetery is the least of these ways. Let the Association have the hearty co-operation of the citizens, not only for Decoration Day alone but for the remainder of the year, so that Riverside Cemetery may become a thing of beauty as befits Wichita Falls' "saint city."

EXHIBIT AND RECITAL FRIDAY AT COLLEGE OF M. AND A.

Friday the College of Music and Art will keep 'open house' in the afternoon from three to six and from eight to ten in the evening. An art exhibit of the work of the students done during the past year will be the feature during the afternoon, while a recital will also be given in the evening. Included in the art exhibit will be some rather unusual china painting by the students the patterns being beautiful in conception and perfect in execution. A number of oil, water color and crayon sketches will also be on display, and the usual excellent program is promised at the evening's recital. Next week the closing recitals of the College will be held at the Wichita Theatre.

MRS. G. E. FRIBERG HOSTESS TO THE NEW IDEA CLUB

Instead of the picnic meeting with Mrs. H. J. Buchanan, the New Idea Club met in regular session with Mrs. G. E. Friberg and planned to hold the picnic next Wednesday at Lake Wichita. Gov. Colquhoun will stamp the state for Ferguson.

He did the same for Resolution 18 last summer, and we all know what happened.

Twelve thousand harvest hands are wanted in Oklahoma.

A fine opportunity to put some of her boot-leggers to work.

There are now over eight hundred automobiles registered in Wichita county.

Which of itself is some sign of prosperity.

Charles S. Mellen, deposed president of the New Haven railway system, says that government ownership is to be the final solution of the railroad problem.

In this he is bearing out what William J. Bryan said several years ago. At that time Bryan's ideas were denounced as visionary and socialist. If what Mr. Mellen testified to were the facts, the stockholders of the New Haven would have fared better had the government taken charge of the railroads several years ago. What is true of the New Haven's management or mismanagement, is also true of other railroads.

In a speech delivered in this city, Candidate Ferguson said, most emphatically that if elected governor he would veto all laws that came to him touching on the liquor question.

Since that time, in a speech delivered at Fort Worth, he told of visiting a club in Houston that maintained a bar room where liquor was sold in any quantities and at all hours, (including Sunday) at about the same prices as are charged by the saloon. As we understand him, he condemns that sort of business. But, suppose the next legislature should enact a law placing the same restrictions on clubs that maintain bars as it does the saloon, thereby making it impossible to sell liquor after 9 o'clock at night and remain closed until 6 o'clock in the morning on week days, and remain closed all day Sundays; will Mr. Ferguson, in the event he is elected governor of Texas, veto such a law?

Jim Lowry, who at Honey Grove, is a State-wide prohibitionist, but he is an honest man, a big-brained and big-hearted man, and if he should be elected as a congressman at large the people can be certain that he will represent them with value and credit.

We do not sell opinions, of any man or measure, on any page. But in these brief words is embodied our opinion of Mr. Lowry, prohibitionist though he be.—Waco Tribune.

There are several candidates in the race for the two positions of Congressman-at-large, and for fear of leaving out some of them it is not safe to mention names, but if the Democrats of Texas select Jim Lowry for one of the jobs they will have made no mistake. He is of Congressional size and will measure up to the equal of any man in the Texas delegation.

WATERING THE LAWN

A statement issued by the U. S. department of agriculture contains valuable pointers on the watering of lawns. The landscape gardener of the department says: "The watering is the cause of all..."

most as many poor lawns as drouth. Frequent watering of merely the surface of the grass, makes the roots of the grass grow near the surface, and down as deeply as possible in order to secure a fine lawn that will resist the hottest weather of summer.

The best method of watering the grass is to apply a spray for from 6 to 12 hours, the stream being so gentle that water will not collect in sufficient quantities to run off. The water will then sink down into the soil and the roots will grow to a greater depth. When this method is used, the lawn should not be watered oftener than twice a week and then the ground should be soaked, so that the water penetrates for several inches beneath the surface. As a general rule, water "once a week is sufficient to keep a lawn in good condition."

The man who enjoys watering his lawn in the evening for a half hour after returning from work will probably prefer this method to leaving the stream on for a number of hours once a week. If he will divide his lawn into six parts and confine his attention to a different part each evening, he will obtain practically the same results in the long run. Haphazard watering every evening is not advisable. He should be careful, also, to use merely a gentle spray, not a continuous watering to such an extent that water runs off, as such an extent that water does no good. In fact, it may do harm, for it may remove loose dirt from the grass roots and expose them to drouth. The strong stream of a hose should not be used, as it helps to expose the roots unnecessarily.

Many people wonder why drouth dries up their lawns in July after they have taken care of them. The combination of hot winds and dry weather makes July undoubtedly the hardest month for lawns, and when the roots of the grass are encouraged to grow near the surface by bad watering, and the loose dirt is also removed from them by a hose of strong water power, the results are more disastrous than if the lawn had been left alone.

A QUESTION OF VERACITY

The Austin Statesman reproduces following from the Rio Grande Clarion:

"It is unfortunate that the controversy arose over the Rice Hotel conference. No one unless he specially taxes his memory can remember a casual conversation verbatim, but if he does not, he should not attempt to quote it, and Mr. Ferguson made a mistake that did him no good."

Mr. Ferguson made no mistake. He was urged by Colonel R. M. Johnston to retire from the gubernatorial field and become a candidate for lieutenant governor on a ticket headed by Clarence Quayle. Colonel Johnston submitted this proposition to Mr. Ferguson with Mr. Quayle's knowledge and consent. Colonel Johnston has stated to friends in Houston that he made the suggestion to Mr. Ferguson that Mr. Ferguson says he did, but that he did not expect Mr. Ferguson to repeat the conversation. It was legitimate for Mr. Ferguson to make public what Colonel Johnston said to him, after Colonel Johnston and Mr. Quayle had attacked his platform and called him a socialist. When Mr. Ferguson's platform was first published Colonel Johnston said it was a well written and catchy document. He even intimated that it was so good that Mr. Ferguson must have had help in its preparation, and went so far as to attribute its authorship to a man in Houston who had had nothing whatever to do with writing it and did not have an inkling of what it contained in advance of its publication.—Houston Telegram.

There are just two points in the above deserving notice.

First, "that Colonel Johnston submitted this proposition to Mr. Ferguson with Mr. Quayle's knowledge and consent," is absolutely untrue. Mr. Ousley knew nothing about it.

Second, the statement that Colonel Johnston attributed the composition of Mr. Ferguson's platform to a man in Houston, is without any foundation in fact, and the Telegram is invited to name the man or men to whom Colonel Johnston made any such statement, or anything like it. He did say that Mr. Ferguson's platform was "catchy," just as any platform which appeals to class prejudice and speaks to array one class of people against another class has a certain amount of popularity.

In this connection we may be permitted to suggest that since we have inaugurated in Texas for the first time that peculiar style of journalism which censored private conversations for public use, quotations should be at least fair and truthful.—Houston Post.

There are quite a number of idle men in Wichita Falls just now, most of whom came here for the purpose of working in the harvest fields, but owing to the continued wet weather the wheat fields are still green, and harvesting will not begin before next week.

Many of these men are without funds, and are willing to work for almost anything they can get until harvesting begins. A director of the Chamber of Commerce, gives it as his judgment that there is need to advertise for men to come to Wichita county to work in the harvest fields, as there are already a sufficient number right here in Wichita Falls to supply every farmer in the county with all the harvest hands needed, and those who want harvest hands are requested to call up the Secretary of the Chamber of Commerce, and that official will supply their demands in short order, and without charging a fee.

POLICE CHIEFS DECLINE TO HEAR ADDRESSES BY WOMEN

Speakers From San Antonio Organization are Turned Down by Marshall's Convention

By Associated Press. San Antonio, Texas, May 28.—The Police Chief Association of Texas positively refused today to allow women speakers from the San Antonio women's clubs and the Women's League to address the meeting. The women, who were to talk on the social evil and various demoralizing influences with which young people were surrounded, left the hall after holding an indignation meeting. Fort Worth was chosen as the next meeting place and W. E. Knight of Corsicana was elected president.

DETAILS OF THE AGREEMENT

(Continued from Page 1)

As far as it is understood that the Japanese army and the British troops in the Philippines, which are on the east coast, the Japanese ship will accompany the expected merchant men to one of the ports for transportation of her cargo to the Mexican capital.

The Japanese army and British troops were ordered by Huerta some months ago. Whether the federal dictator would attempt to make any explanation of the use to which he intended to put the armament as he explained the recent movement of his troops to meet the constitutionalists, was a topic of interest here today. The detention of the steamer Bavaria at Vera Cruz was regarded here as having little significance. While the vessel was said to have landed ammunition for Huerta at Puerto Mexico, it was "rescued" that General Funston ordered her held because of her lack of clearance papers.

At the White House today it was said no formal agreement for the pacification of Mexico has been received from Niagara Falls. Representatives of the constitutionalists conferred with Secretary Bryan again today and reiterated that steps were being taken to definitely establish relations for the Carranza element with the Niagara conference. They added that constitutionalists delectate. If they go, would have the same rights as were enjoyed by the American delegates.

PRO SPEAKER MAY BE CHOSEN AT CONFERENCE

Dallas, Texas, May 28.—With the announced intention of securing a prohibitionist for speaker in the thirty-fourth legislature a meeting of the Democratic Prohibition legislative executive committee was called here today. The plan discussed is to commit each prohibition candidate for the legislature, in advance of election, to an agreement to enter a caucus when the legislature convenes provided he be elected. That caucus is to select a candidate for speaker and presumably all its participants will be bound by the caucus action. As far as sound-ed on the proposition to date pro candidates for speaker are reported to have agreed to this plan.

WHY DINING CAR CHEFS PREFER K.C. BAKING POWDER

Those who have had cakes ruined by jarring the stove, slamming the oven door or a heavy footstep, may have wondered how the dining car chef can turn out such marvelous biscuits, hot breads and pastry when his oven is being incessantly jarred and jolted and shaken by the motion of the train.

To get pastry to raise and stay raised under these conditions, a baking powder must be used that continues to give off its leavening gas—that sustains the raise—until the dough is baked through.

Dining Car Chefs have found a baking powder exactly suited to their needs in K.C. and you will find it just as well suited to your requirements. K.C. is really a blend of two baking powders, one active as soon as moistened, the other requiring both moisture and heat to start the generation of leavening gas. No matter how moist and rich you make your cake, K.C. Baking Powder will sustain the raise until a crust is formed and all danger of falling is past.

K.C. Baking Powder is pure and healthful. It is guaranteed under all pure food laws, and is guaranteed to please you. And it is sold at a reasonable price—no baking powder should sell for more.

Try a can at our risk and be convinced.

QUILL TIMES THESE DAYS IN POLICE AND JUSTICE COURT

Nearly Everybody on Good Behavior, Judging From Appearance of Dockets

The fellows who furnish the usual grist for the city police court and the two justice courts have either gone to the harvest fields or else they haven't the money to buy the inspiration for their boisterous times which puts them in the clutches of the law, for these courts have been doing little business lately notwithstanding the officers have been exercising their usual vigilance. Officers are expecting unusual quiet so far as breaches of the peace are concerned during the next few weeks but when the men begin to come in from the harvest fields with well filled purses they expect business to pick up briskly.

BAD EYES

Eye-strain dwarfs the mental powers.

A child suffering from it is seriously handicapped and his efficiency is far below normal.

The symptoms are headache, nervousness, twitching of the eyes and face and often sick stomach is caused.

Proper glasses place the eyes on a normal basis and give free, easy vision and increased ability for work or study.

POSSE NEAR FAIRFIELD STILL HUNTING FOR NEGRO

By Associated Press.

Fairfield, Texas, May 28.—Reinforcements today brought the posse hunting Lloyd Thomas, a negro, to more than 100 men who are beating the thicket country for more than five miles beyond Fairfield. Thomas Sunday shot and killed James Casey, a white man. Reports that Thomas had been found and taken to Corsicana are without foundation and the men on his trail are continuing the search with renewed vigor.
