

### SAYS REPUBLICANS WILL REGAIN POWER

SENATOR BORAH OF IDAHO ADDRESSES PARTY CONFERENCE AT DETROIT

### THINKS AMALGAMATION NEAR

Believes Large Progressive Vote Was "Morally Proven" Than Actual

By Associated Press. Detroit, Mich., May 28.—A glowing picture of the future of the Republican party reunited with the Progressive element which left it in 1912 was painted here today by Senator William E. Borah of Idaho, speaking at a statewide "conference" of Republicans.

"The Republican party," said the senator, "is coming back to power. The proof of it is in every hand. The trend is unmistakable. I said a year ago that the amalgamation which would take place would be an amalgamation of the voters and the assembled leaders. I said furthermore, that that was the only amalgamation that was worth while. The men who voted the third party ticket for reasons entirely satisfactory to them can neither be questioned as to their integrity of person or their patriotism. But that it was a protest and not a manifestation of purpose to permanently leave the party is now established by facts and figures which cannot be doubted.

"Now in view of this pronounced and unmistakable purpose of those who voted the third party ticket to ally themselves with the Republican party, in view of the determination to support its principles and its policies, what is the task before us? It is unquestionably to make our party equal to the tremendous problems which are before us. It is to build up in this country, out of the traditions of the past, the duties and obligations of the present and the hopes and aspirations of the future, an organization efficient, militant and progressive, which will stand for the rights and equal to the obligations which now rest upon us. It is our duty in other words, in unmistakable terms to make it clear that the Republican party is to be as it was in its best days, a thoroughly progressive party.

### LABOR EXEMPTION MATTER BALKS TRUST LEGISLATION

Washington, May 28.—Representative Webb of the House Judiciary committee and Representative Taylor of the Senate have conferred with President Wilson today over the Clayton anti-trust bill.

The committee is unwilling to make any such sweeping concession, but there is a disposition to compromise if it can be done without too radical a change in the Clayton measure. A tentative understanding has been reached among House leaders to add to the bill the so-called labor union exemption provision and an additional provision that such organizations and members thereof, if themselves shall not be construed to be in restraint of trade or in conspiracy in violation of the anti-trust law.

Mexican Delegates Decline to Disagree Position, But Don't Want to Block Progress.

Niagara Falls, May 28.—A sudden halt came in the peace negotiations today when all seemed going well in the mediation conference. The Mexican delegates said they had concluded to issue no pronouncements on the land question. Everyone, amazed at the sudden step, was speculating upon the reasons for it when the American delegates dashed up in their automobiles. There was a hurried visit to the room of the mediators and a prolonged and earnest conversation began.

## 700 TO 1000 PERISH WHEN STEAMER EMPRESS OF IRELAND IS STRUCK BY ANOTHER BOAT TODAY

### SINKS IN TWENTY MINUTES, CONFLICTING REPORTS, SCANT CHANCE FOR RESCUE DEAD MAY NUMBER 1100

#### Collier Splits Liner Amidship In Fog Many Die From Injuries After Being Picked Up

#### CREW AND CAPTAIN ARE SAVED

#### Nearly All First Cabin Passengers Are Lost—Several of Prominence Among Missing

By Associated Press.  
Pimouski, Quebec, May 29.—Probably more than a thousand lives and surely not less than 700 were lost when the Canadian Pacific liner Empress of Ireland sank before dawn today in the St. Lawrence river ripped open from amidships to stern by the Danish collier Storstad. This was the estimate made here this afternoon when the hysterical survivors, many of them pitifully maimed and almost naked, were brought in.

It was based on the fact that the Empress carried 1437 persons, all told, of whom 399 were rescued and landed here by the ships Eureka and Lady Evelyn. The Storstad at first reported to have more than 300 survivors has sailed for Quebec after landing only a handful of rescued and a number of dead.

Of those saved, crew members and third-class passengers predominate. From the partial list available, it was evident a mere sprinkling of the first cabin passengers were saved. Only three names of those in the cabin appeared in the preliminary list of rescued. They were G. W. G. Henderson and C. R. Burt, addresses not stated, and Walter Fenton of Manchester, England.

Early estimate of the dead varied from 676 to more than 1100. The vessel, bound from Quebec for Liverpool with seventy-seven first, 206 second and 504 third class passengers was split wide open by the collier Storstad and sank within twenty minutes in nineteen fathoms of water.

Of those saved, the majority appeared to be members of the crew or from the steerage. Many were badly injured and twenty-two died after being picked up.

The crash occurred about two o'clock this morning off Father Point Quebec, a village brought into prominence when Dr. Crippen, the London murderer, was caught. The collier bound for Quebec, struck the Empress of Ireland on the port side about the middle of the ship. She literally tore her way back almost to the liner's screws, leaving a rent through which the water poured in such a deluge that she sank before many of the passengers were aware of what had happened.

Brief wireless calls for help, sent out by the Marconi operator, were heard by the pilot boat Eureka here, ten miles from the scene, and the Eureka, followed by the Lady Evelyn, a mail tender, put on full steam and made all speed for the spot.

**Few First Cabin Saved.**  
It was these two boats that found aloft the few life-boats that were launched from the Empress of Ireland and picked up the survivors. They contained 239, saved by the Lady Evelyn and sixty by the Eureka.

Among those saved was Captain H. G. Kendall of the Empress. Most of the first-class passengers apparently perished. A partial list of survivors available at 1 o'clock afternoon named only one cabin passenger, that of G. W. Henderson address not given.

Among those in the first cabin were Sir Henry Seton Carr, a noted English lawyer and big game hunter and Lawrence Irving, son of the late Sir Henry Irving and his wife, Mabel Hackney. Of a party of 140 Salvation Army members on board, only twenty were rescued. They had left Quebec yesterday afternoon for the Army's international conference in London. So sickly did the Empress sink that those passengers fortunate enough to get into the life-boats found themselves garbed only in their night clothes. No baggage was saved.

**Township Give Aid.**  
The condition of the survivors was pitiable. Some had broken arms and legs and all had suffered terrible lacerations. E. Gossetin, a prominent lawyer of Montreal saved himself by clinging to a raft. When the rescue ship docked here the station platform was converted into a hospital and the townspeople bringing food and clothing united in a common effort to aid the sufferers. Twelve bodies with faces covered, lay side by side on the

By Associated Press.  
Montreal, May 29.—A message received here by the Canadian Pacific offices said that "all the passengers have been picked up by boats of the Lady Evelyn and Eureka." A similar message was received by La Patrie, a French newspaper, from a Rimouski correspondent. He said that 400 survivors had been landed and that the Lady Evelyn and Eureka were going back to pick up the remainder of the passengers who were in life boats.

The foregoing information does not agree with previous dispatches in the matter of loss of life. From the wording of the Canadian Pacific message it could not be determined whether "all the passengers" meant all on board the Empress of Ireland or all those who were able to make the life boats, had been saved. The text of the message received by the La Patrie from Rimouski reads:

"Lady Evelyn and Eureka docked at Rimouski with 400 passengers. Captains both reported that all the passengers were saved in the life boats of the Lady Evelyn, Eureka and Empress of Ireland. As soon as passengers are disembarked, both steamers will leave for the scene to pick up other passengers."

Arrangements have been made by the Canadian Pacific Railway, with the Allan line, to send the survivors to Liverpool on the Alsatian which arrived at Quebec today.

The story published this morning by La Patrie indicating that all the passengers on the Empress of Ireland had been saved has not been substantiated. The estimates of total loss of life range from 676 to over 1100. Among the 360 persons reported rescued are twelve women. Twenty-two of the rescued died from their injuries after reaching shore.

liners which rushed to the Titanic's aid. They found the ship sunk, but the surface of the water calm and dotted with life-boats and floating debris.

**Like Titanic Disaster.**  
In the life-boats were huddled the survivors, dazed and moaning and some dying of injuries sustained in the crash or in the rush of leaving the sinking Empress.

Few could give anything but incoherent, almost hysterical accounts of what had happened. J. L. Black and Mrs. Black of Ottawa, said they had jumped together into the river. They had been roused by the shock of the collision and unable to get into the boat had risked the leap. They were picked up by a boat from the Lady Evelyn. Another survivor was Mrs. Patten of Sherbrook, Quebec.

**Collier Is Damaged.**  
First reports had it that the collier Storstad had also sunk; these proved to be incorrect, though the boat was badly damaged, she was able to keep afloat. Some reports said she had about 300 survivors. This is truly would reduce the death list materially from more than 1000 to less than 700.

Among the survivors here thirty-four were from the Empress' second cabin. The Empress of Ireland was valued at \$2,000,000 and with her cargo valued at \$250,000 was fully insured. At low tide today the top of her funnels could be seen. She is lying in the channel. It is thought by navigators that it may be possible to raise her. At present the wreck is a menace to navigation.

**Thrilling Experiences.**  
The water that poured into the ship's engine room caused an explosion and this forced many to jump. Ernest Hayes, an assistant purser, told of leaping from the upper promenade deck. He climbed into No. 3 life-boat. The boat maneuvered about the wreck for a time and found Captain Kendall clinging to wreckage. He had jumped just before the Empress went down. W. Davis of Montreal one of the few survivors able to talk coherently after the first landing, said he and his wife had not been awakened by the impact of the collision and knew nothing of the accident until water began to rush into their state-room. He helped his wife to the boat deck but the big ship had already listed and it was impossible to launch a boat. Together they crawled on their hands and knees up the sloping decks of the liner; the vessel was rapidly sinking. His wife was swept from his grasp. Both were carried by the suction into the river; they clung to a piece of wood and were rescued. The wife was unconscious.

J. W. Lonsley, a rancher of Banford, British Columbia, calmly sat on the deck rail and went down with the sinking ship. He held his breath, came up, grabbed the side of a life-boat, held it and was rescued by the Eureka. William Measure, a Salvation Army bandman, crept along a rail of the promenade deck and stepped into the water. He swam to a life-boat and was rescued.

#### PROGRAM FOR OBSERVANCE OF DECORATION DAY HERE

Decorations Day will be fittingly observed here tomorrow in several ways, the banks will be closed and to further do honor to the dead a program will be held on the court house lawn tomorrow morning. The committee announces the following program which will be carried out:

Music by the Murphy band.  
Address by Mayor Britain.  
"America," sung by the school children and led by Mr. Marry.  
Address by Judge Martin.  
"The Star Spangled Banner" by the band.

This memorial day service will be held on the court house lawn tomorrow morning at 10 o'clock. All school children 14 years and under to be on hand at this time and trucks have been secured to convey them to the cemetery at the conclusion of the program.

It is desired that as many as possible attend this service and all bringing flowers are requested to bring them or send to Mrs. J. A. Richot or E. G. Hill as soon in the morning as possible. In case of heavy rain all arrangements made for the observance of the day will be called off.

#### WILSON SAYS UNCERTAINTY DANGEROUS TO BUSINESS

By Associated Press.  
Washington, May 28.—"Nothing is more dangerous for business than uncertainty," President Wilson told officers of the National Implement and Vehicle Association and officers of manufacturers associations of Ohio and Illinois, after they had called upon him Thursday, and asked that all legislation affecting the business world, except the trades commission bill, be withheld until a trade commission could look into the situation and make a report to Congress, on which laws satisfactory to manufacturers and employees could be enacted. President Wilson said the present policy of the democratic party "is necessary to pacify the conscience of the country and its perception of the prevailing conditions of the business."

#### KATY GETS PERMISSION TO BUY NEW EQUIPMENT

Austin, Texas, May 29.—C. C. Huff, general attorney of the Missouri, Kansas & Texas railroad today obtained the approval of the railroad commission to a contract for car trust agreements by which the Katy has contracted to purchase thirty additional locomotives and 200 ballast cars. The consideration is \$900,000 for this equipment.

#### BECKER SMILES AS SENTENCE IS PASSED

ORDERED TO BE ELECTROCUTED AT SING SING DURING FIRST WEEK IN JULY

#### APPEAL WILL BE FILED MONDAY

Will Serve To Stay Execution Until Higher Court Can Act, Which May Not Be For a Year

By Associated Press.  
New York, May 29.—Charles Becker was today sentenced to die in the electric chair at Sing Sing prison during the week beginning July 6 for the murder of Herman Rosenthal. When he received the death sentence Becker appeared calm. He even turned to his friends in the court room and smiled. The prisoner was taken to the sheriff's office and allowed five minutes with his wife.

Prior to the sentencing Martin T. Manton, Becker's attorney, cited ten reasons why death sentence should not be pronounced. He said that an appeal would be filed next Monday. This will allow a stay of execution and a year may elapse before the court of appeals hands down its decision.

Becker was taken to Sing Sing by automobile in the custody of six deputy sheriffs.

#### ANOTHER EVENT FOR SUNDAY

Two Best Riders in Tomorrow's Event Will Have Stake Race. Various Makes Compete

Nine motorcycle riders are entered in the opening event of the two days motorcycle meet at the Lake Wichita race course tomorrow afternoon. There will be a twenty-five mile race. Three Indian, three Excelsior and three Harley-Davidson machines are entered. It is stated that another Harley-Davidson machine may also compete.

The twenty-five mile race is the only event scheduled tomorrow afternoon. Sunday afternoon there will be a stake race between the two best riders in the Saturday afternoon race.

Among those entered for the Saturday afternoon contest are: Clow Nason, E. M. Lambert, E. B. Stonecipher, J. Totten, C. E. Davis, Harry Floater, J. Rankin and M. Haley. The races will start both Saturday and Sunday at 4 p. m. C. E. Rogers of Stamford is in charge of the meet. T. J. Jeffries is track manager.

Mr. Rogers announces that a 100 mile free for all will be raced at Stamford on July 4.

#### INCOME OF RAILROADS SHOWS MARKED DECREASE

By Associated Press.  
Austin, Texas, May 29.—Income from operation of the railroads of the state of Texas for a period of nine months ending March 31, 1914, as compared with the same period for the previous nine months decreased \$6,068,900 according to a statement made public today by the railroad commission. This statement shows the total operation revenue of these roads to be, for the period indicated, \$85,026,477, which is a decrease of \$5,107,066. Operating expenses were \$68,205,202, an increase of \$61,052. The decrease in income is 26.51 per cent.

#### NEW YORK CENTRAL DEALS MAY BE INVESTIGATED

By Associated Press.  
Washington, May 29.—A resolution calling upon the attorney general to inform the senate if the combination of railroad lines comprised the New York Central system is in violation of the Sherman anti-trust law, was introduced Thursday by Senator Norris of Nebraska. On objections by Senator Reed, it went over.

"In my mind, it is perfectly apparent that this combination in all its branches, is in violation of the Sherman anti-trust law," declared Senator Norris in a statement in his resolution "right now the New York Central is engaged in the operation of bringing about a complete consolidation of these roads and it seems to me the time is ripe for action."

#### CARRANZA AGENT REFUSED AUDIENCE BY MEDIATORS

#### MEXICO AWAITING CARRANZA'S ACTION

CONSTITUTIONALIST VIEWS DO NOT AGREE WITH THOSE EXPRESSED IN WASHINGTON

#### WILL NOT DEAL WITH HUERT

Also Opposed To Outside Interference Save By United States But Only On Internal Matters

By Associated Press.  
El Paso, Texas, May 29.—The campaign to the south almost has been forgotten so absorbing has been the interest in the mediation proceedings at Niagara Falls. General Carranza continued today his telegraphic correspondence with his agents at Washington, Rafael Zubaran. The prediction expressed in Washington dispatches that Carranza finally would consent to enter the negotiations as a fourth party was not reflected by advances from the south. Carranza, his followers pointed out, always has been persistent in his expressed policies and his public utterances on the subject of exterior interferences in the internal affairs of his country would not permit him, they believe, to alter his stand.

The constitutionalists will likely deal with the difficulties between the people of Mexico in general or any government of Mexico and the United States, but they assert they would not deal with either the Huerta government or representatives of any foreign power in matters pertaining purely to domestic affairs of the country which would include the naming of a provisional president. It was said, however, that Carranza might be disposed to deal with the present mediation body, even contemplating as it does the Huerta spokesmen, if the matter under discussion referred purely to internal and not the international questions.

#### COTTON WAREHOUSE SYSTEM BADLY NEEDED, SAYS KONE

Commissioner of Agriculture Addresses Texas Ginners Convention at Dallas Today

By Associated Press.  
Dallas, Texas, May 29.—The creation of a cotton warehousing system for Texas and other cotton producing states is the next important step in reducing the "world's great volume of waste," Ed R. Kone, commissioner of agriculture for Texas, today told the Texas Ginners Association in annual convention here.

"A warehouse system should have in view three propositions," said Mr. Kone. "First, to prevent country damage and other damage arising from the elements, such as fire and water; second, to provide a common place for the sale of cotton, so that there will be a free market, which will eliminate speculation largely with the producer, the middleman and the consumer; third, to enable all men dealing in cotton to arrive at a conclusion as to the class of cotton offered for sale and its true commercial value."

A warehouse system which would provide these advantages and "do away with the present disreputable system of trading," Mr. Kone suggested should be planned along the lines of the state banking system.

"No warehouses would be built by the state," he added, "any more than banks are built by the state. The state could require market towns to provide warehouses, and in addition by appointing classifiers, just as we now appoint weighers, and make it unlawful for a bale of cotton to be sold unless officially weighed and classified."

In addition, Mr. Kone said, a uniform receipt for the storage of cotton should be issued. These receipts, he said, would have the same effect in widening the market for cotton as the issuance of bank notes has in widening the market for gold and silver coin, and with the backing of the state would have the same fidelity as the state banks' cashiers checks.

#### CALLAWAY-HUNTER FIGHT IS BEING INVESTIGATED

By Associated Press.  
Fort Worth, Texas, May 29.—The Comanche county grand jury is investigating Wednesday's fight between Congressman Oscar Callaway and Representative Sam Hunter, his opponent. Hunter went before the grand jury at Comanche this morning, according to a report received here.

The trouble arose over Callaway's charge that Hunter was drawing a pension from the United States government. Hunter was a formerly judge of the court of civil appeals.

#### TEXT OF MESSAGE NOT MADE PUBLIC

UNDERSTOOD TO BRING WORD AS TO CARRANZA'S DESIRE FOR MEDIATION

#### INTERNATIONAL ISSUES ONLY

Rebel Chief Said to Be Willing to Take Up Some Questions, But Not Internal Ones

By Associated Press.  
Niagara Falls, May 29.—Juan S. Urquidi, private secretary to Rafael Zubaran, the constitutionalist agent at Washington, arrived here today bearing a communication from General Carranza, to the mediators, saying he is willing to send a representative to the mediation conference to discuss international differences between the United States and Mexico.

Mr. Urquidi came merely as a messenger to deliver a communication and not to discuss issues. When he arrived he sent his card to Ambassador Degama who sent down word that he was "busy" but did not say whether he would receive him later in the day.

Although Mr. Urquidi had declined to make public the contents of the communication, it is understood that General Carranza reiterates his original declaration that he accepted mediation in principal on the condition that international questions alone should be discussed.

The mediators practically have decided not to receive the communication from General Carranza by Juan F. Urquidi, the constitutionalist agent. Ambassador Degama called on the American delegates to inform them of the decision, and word was also communicated to the Huerta delegates.

**Opposes Provisional Idea.**  
General Carranza is unwilling that the question of a provisional president should be decided at any international conference. He holds that the occupation of Vera Cruz which directly gave rise to the mediation proceedings, "concerns all Mexican factions as well as the Huerta government and that the constitutional chief should have a voice in adjusting differences which caused the American troops to enter Mexico."

In his latest communication, he reiterates his position and places before the mediators the question of whether they will consider him in an adjustment of the international side of the Mexican situation. The mediators held in their communication with Carranza, that the international and internal questions were inseparable and asked that an armistice be agreed upon between General Huerta and General Carranza. To this General Carranza refused to agree and the mediators withdrew their invitation.

**Gets Doubtful Reception.**  
When the mediators learned of the arrival of the constitutionalist agent. It was said the negotiations had proceeded to a point where the constitutionalists could no longer hope to have a voice in them. Conferences here are at a stand-still, awaiting replies from Washington and Huerta governments on the plan of the mediators for the settlement of the Mexican question which is now before them. It is understood here that even the names of those who will compose the new provisional government in Mexico have been selected.

Mr. Aquidi later wrote a note to Ambassador Degama saying he was the bearer of a communication from General Carranza and that his mission solely was to deliver it. The ambassador immediately went into conference with the other mediators. After their conference the mediators asked Mr. Aquidi to return at five o'clock this afternoon. They did not ask him for the communication he carried nor did they tell him whether they would receive it.

### WICHITA MILL TO MOVE AND BUILD NEW PLANT

#### NEW LOCATION IS ON VALLEY TRACKS

STORAGE CAPACITY OF 450,000 BUSHELS AND MILLING CAPACITY OF 2000 PLANNED

WILL LEAVE PRESENT SITE

Concern Has Outgrown Tract It Has Occupied So Long—Work To Start Immediately

A change of location of the Wichita Mill & Elevator Company's plant and an increase in the grain storage capacity of more than 450,000 bushels and an increase in the milling capacity to 2,000 barrels daily, making the plant one of the biggest in the entire southwest were announced last night when the company applied for a franchise for tracks for the Wichita Valley and the Wichita Falls Railway companies on the north side of the Wichita Valley tracks between Bluff and Austin streets.

Already Getting Busy.

Believing that the franchise is certain to be granted representatives of the contractors who will put up the new elevator were on the ground this morning selecting ground for the siting of tool sheds and other details preparatory to starting work as soon as the material now on the way here arrives.

An elevator plant with a storage capacity of 450,000 bushels is to be erected on the new site at once. The plans call for the erection of a mill plant with machinery to give a capacity of 1,000 barrels daily and as soon as this is in operation the mill and elevator plant now in operation will be dismantled and moved from its present site to the new location and when it is placed in operation

the new plant will give a capacity of 2,000 barrels daily.

**Concrete Steel Tanks.**

The elevators will comprise ten mammoth tanks of reinforced concrete and steel. The mill plant will also be of reinforced concrete and steel. The plan now is for a seven story mill.

The mill and elevator company has acquired three blocks of land on the north side of the Valley tracks as a site for its new plant. The blocks lie between Bluff and Travis streets and between Eighteenth and Nineteenth streets.

The change of location is to be made because the present site is not large enough to permit the expansions planned without cramming.

The Burrell Construction Co., has the contract for the erection of the elevator and is now preparing to start work.

The tracks asked for in the franchise will not be required until the plant is nearly ready for operation so that the delay necessary before the franchise can be granted will not retard the construction work.

### A Woman's Charm

Beautiful hair, fluffy, lustrous, abundant and free from dandruff, is one of woman's greatest charms—it's her main delight—yet many who would be most attractive but for their streaked, thin and lifeless hair, think there is no remedy and that pretty hair is a gift of nature. Beautiful hair is really a matter of care and attention. Parisian Sage when rubbed into the scalp and applied to the hair, will work wonders—you will be surprised and delighted with the first application—not only will the hair appear abundant, soft, fluffy, radiant with life, but really doubly beautiful.

Parisian Sage supplies hair and scalp needs. It surely removes dandruff with one application and cleanses the hair of all dirt and exfoliates the scalp. It is an inexpensive, scientific tonic and contains nothing to injure the hair or scalp. It can be secured from Foosehee & Lynch or at any drug store. (Advt)

### DON'T RUIN YOUR HEALTH

Constipation Deadens the Brain and Weakens the Body. Nature Needs Real Aid

Nature does her best to fight constipation and its evil effects. She fights—to the last atom of her strength, but usually she has to have assistance.

To avoid the sluggish brain and weakened body, the sick headache, coated tongue and biliousness, it is unwise to use unpleasant cathartics, a medicine so strong that it leaves most people "all knocked out." Don't take chances with your health.

A great number of people have learned that Dodson's Liver Tone 50c a bottle makes one brighter, healthier and happier in a perfectly easy and natural way with no pain nor griping and no bad after effects.

Your druggist guarantees it without condition and will refund your purchase price if you are not entirely satisfied. Dodson's Liver Tone is an absolutely safe, pleasant tasting vegetable compound that stimulates liver stimulant which takes the place of calomel, but be sure you get Dodson's. (Advt)

D. 1914, the same being the first day of June A. D. 1914, then and there to answer a petition filed in said court on the 7th day of May A. D. 1914 in a suit, numbered on the docket of said court No. 4967 wherein W. S. McConnell is plaintiff and Nora McConnell is defendant and said petition alleging that plaintiff and defendant were lawfully married in Kaufman county, Texas, on 10th day of September, 1899 and continued to live together as man and wife until June 21st, 1912, since which time they have not lived together as man and wife. That during the time they lived together plaintiff treated defendant with kindness and affection, and supported her; that about the first of the year 1911 plaintiff began to grow cold and neglect her household duties and plaintiff and became to associate with other men. That for the last twelve months she was guilty of various acts of adultery and finally left plaintiff in company with another man and plaintiff does not know her residence. That two children were born to them, Lucile and Earl McConnell, aged eight and seven years and that plaintiff now has possession of said children and is the proper person to have the care and control of them, that defendant is not a proper person to have the care and custody of said children. Wherefore, premises considered, plaintiff prays that citation be issued by publication citing defendant to appear and answer herein, that the trial hereof that he have his divorce and a decree annulling the bonds of matrimony heretofore existing between them and that he be awarded the custody, care and control of said children, for costs and general relief.

Hence filed and put before said court, at its aforesaid next regular term, this writ with your return thereon, showing how you have executed the same.

Given under my hand and the seal of said court at office in Wichita Falls, this 7th day of May A. D. 1914.

## New Honey Texas' Best

Texas produces some mighty good honey, and I'm always on the watch for this fancy Texas quality.

A few days ago I was offered a special lot of 3, 5 and 10 pound tins, and I snapped it up in a hurry. I bought it so that I can make a price of

60c on the 3 lb., \$1.00 on the 5 lb., and \$1.90 on the 10 lb. tins.

This is all in combs and it's the prettiest, cleanest honey I ever saw. In bulk I offer it at 17c per pound. Better let me send you a quantity of this before this shipment is all gone. It won't last long.

### MRS. NELSON ENTERTAINS AT DINNER FOR VISITING NIECE

Thursday evening Mrs. Walter Nelson entertained with a very pretty 6 o'clock dinner honoring her niece Miss Mamie Petalish. The Abilene Roses formed the centerpiece for the attractively appointed table and covers were laid for six. A most delicious menu was served to the following: Misses Meadows, Anthony, Alice Cunningham, Nina Barwise and the hostess, Mrs. Walter Nelson.

### THURSDAY SEWING CIRCLE WITH MISS JENNIE HUGGINS

Miss Jennie Huggins was hostess to the regular session of the Thursday Sewing Circle Thursday afternoon. Sewing as usual formed the chief diversion of the afternoon with conversation on the side. It was decided to postpone the picnic planned for next week for several weeks on account of the absence of a number of the members. Although the afternoon was not the regular refreshment day, the hostess served delicious ice cream and cake and the deviation from the usual custom was enjoyed. The guest of the afternoon was Mrs. Mains and the members present were: Mesdames Murph, Wagoner, Montgomery, Gardner, McDowell, Gardner, Pressley, Miss Beryl Murph and the hostess.

### BRIDE AND GROOM HONORED WITH KITCHEN SHOWER

Thursday evening Miss Imogene Brown entertained with a kitchen shower for Mr. and Mrs. W. A. Bachman. The affair was in the nature of a surprise to the young couple who were asked to spend the evening. Finding on their arrival a number of friends assembled. The bride and groom were blindfolded a "kitchen bouquet" placed in the bride's hand and they headed the procession. On reaching the dining room the bandages were removed and the surprised couple beheld on the table a huge pile of tissue wrapped bundles. On opening these bundles, countless useful kitchen utensils were disclosed in white enameled ware. Following the unwrapping of the presents the remainder of the evening was spent with music and conversation, delicious punch and cake being served by the hostess assisted by her sister, Miss Jewett and Miss Vella Mae Snyder. The guests included the honorees, Mr. and Mrs. W. A. Bachman, C. M. Duke, J. M. Brown Jr., W. H. Bachman, I. D. Brown, F. W. Snyder, W. W. Brown, Arthur Friberg, Rev. C. C. Smith and wife, Misses Mamie Hill, Leona Hansard, Lillian Bachman, Vella Snyder, Ruby Bachman, Ethel and Maggie Brown, Stella Bachman, Mesdames Dobson and Corkhill and Messrs. Rankin, Morgan, Bachman, Simmons and Snyder.

### MRS. CRAVENS HAS FINAL SESSION OF THURSDAY BRIDGE

The final session of the Thursday Bridge Club until the first Thursday in October was held Thursday afternoon with Mrs. Harry Cravens as hostess. A session with Mrs. Cravens as hostess means an unusually pleasant afternoon and this meeting proved no exception to the general rule. In the living room in which the four tables were placed for the game of the afternoon, roses were the chosen flowers for the floral decorative scheme, a profusion of these flowers being used, both in artistic vases and baskets, the rose embowered room making a charming setting for the lovely spring toilettes of the guests. The rose predominated in the daily score cards with which the progress of the game was marked. The favor of the afternoon, white silk hose, was cut for, Mrs. Eugene Sherrod being the fortunate one. Two new members were taken into the club membership: Mrs. Frank Cullinan and Mrs. Walter Robertson. At the conclusion of the game the guests were invited into the dining room and here pansies in purple and golden tones were given the preference. Three large bowls of pansies adorned the table at each place a cluster of pansies were found, and the yellow tints of the flowers were reflected in the orange ice which was served. Those present were: Misses Chamberlain and Sherrod, Mesdames Roberts, Ed Prather, Wylie Blair, Frank Cullinan, Toney Eugene, Sherrod, McGregor, McCullough, Dent, Zundelwitz, Duke, Frank Blair and the hostess, Mrs. Harry Cravens.

### SENIORS HONORED IN PARTY BY MRS. ROBERTSON

Another enjoyable event in the round of commencement festivities occurred Thursday evening when Mrs. W. L. Robertson entertained the seniors and the faculty of the high school for her son, Henry who is a member of the graduating class. The guests were welcomed by the hostess, Mrs. Elmer Filgo and Mrs. C. R. Hartsook. In the decorations roses were used in profusion throughout the reception suite, dark red velvety roses being used in the library, while in the dining room pink LaFrance roses were favored. Each of the guests brought some fond remem-

brances of their childhood days and by these remembrances the three ages told their babyhood, school days and future and as the story was told all guessed the identity of the one who was meant. After some time spent in this enjoyable manner all were given cards, directing them to look in a certain place following these directions a heart was found, bearing still other directions and yet another heart was found. Searching for the third time the favors of the evening were disclosed. These were boxes of candy, tied with purple and gold, class colors and containing hearts on which the fortune were inscribed. Music was furnished during the evening by Misses Beryl Murph, Cora Lee Waggoner and Celia Stayton. After several games in which the faculty took part, the class, so pleasantly honored, sang to the hostess a song composed especially for her. The guests were then invited to the dining room and the porch and delicious ice cream with crushed strawberries and cake was served. Those enjoying Mrs. Robertson's delightful hospitality included the faculty, graduates and guests were: Misses Celia Stayton, Beryl Murph, Mary Hull, Thora Fore, Eula Stanton, May Vaughn, Lillian Fain, Lillian Bell, Daisy Stewart, Mabel Williams, Aulding Richolt, Audrey Adickes, Bernice Landers, Vera Hinckley, Carrie Roberts, Lola Norris, Frankie Smith, Beaxers, Childers, Hinckley, Hall, Theresa Smith, Emma Smith, Mrs. Elmer Filgo, Mda. Hartsook, Messrs. and Mesdames Brant and George Harrington out for the summer. The table was charmingly decorated with pansies, in a color scheme of purple and yellow, a mass of the flowers and foliage centering the table and a corsage cluster forming the plate favors. The color motif was further carried out in the tiny individual purple mint cups. Covers were laid for twelve and a six course menu was served. Mrs. Watts acted as toastmistress and a number of toasts were offered. Mrs. Carrigan gave a toast to "Women," Mrs. Snider to Mrs. Huff and Mrs. Whitney gave one to Mrs. Harrington. Mrs. Greenleaf then proposed a toast to the hostess. The guests on this occasion were: Mesdames Huff and Harrington, the honorees, Mesdames Watts, Carrigan, Snider, Walker, A. D. Anderson, Greenleaf, Gray, McGregor and Whitney.

### MRS. BURNSIDE ENTERTAINS AT LUNCHEON WEDNESDAY

Wednesday at high noon Mrs. S. H. Burnside entertained at luncheon, thus paying a pretty compliment to Mrs. C. C. Huff who leaves soon to make her home in Dallas and Mrs. George Harrington who leaves for the summer. The table was charmingly decorated with pansies, in a color scheme of purple and yellow, a mass of the flowers and foliage centering the table and a corsage cluster forming the plate favors. The color motif was further carried out in the tiny individual purple mint cups. Covers were laid for twelve and a six course menu was served. Mrs. Watts acted as toastmistress and a number of toasts were offered. Mrs. Carrigan gave a toast to "Women," Mrs. Snider to Mrs. Huff and Mrs. Whitney gave one to Mrs. Harrington. Mrs. Greenleaf then proposed a toast to the hostess. The guests on this occasion were: Mesdames Huff and Harrington, the honorees, Mesdames Watts, Carrigan, Snider, Walker, A. D. Anderson, Greenleaf, Gray, McGregor and Whitney.

On Monday afternoon from 3 to 5 Mrs. Johnston and Mrs. Shutt will entertain with a social tea for the benefit of the Guild of the Good Shepherd at the home of Mrs. Johnston, 902 Austin. All members invited to attend.

### Mr. and Mrs. A. Zundelwitz leave today for New York and other points.

For various reasons it has been deemed advisable to postpone the Just So Club meeting which was to have been held Saturday afternoon.

Summer school, only a limited number will be taken. Apply early. Jessie Hickman, phone 55 or 712. 12 cts

### JOY RIDERS STEAL MACHINE, LEAVE IT BADLY DAMAGED

W. S. Curlee's Car Is Taken From Garage and Later Found Considerably Battered

Thieves or joy riders last night took W. S. Curlee's automobile from his garage at his home at 906 Denver street and after driving it long enough to damage it so that it is practically worthless left it at the side of the street near the San Jacinto school building where it was found this morning. The hood was torn off, the lights broken out and the engine torn up. A skeleton key found in one of the seats is the only clue that the drivers left behind. Mr. Curlee is offering a reward of \$50 for the arrest and conviction of the guilty parties. Other automobile owners are subscribing to a reward fund and it is probable several hundred dollars will be offered and a determined effort made to break up the practice of joy riders taking out machines and tearing them up.

TIMES PUBLISHING CO. ED HOWARD, Man.

Col. Ball says that if elected governor he will drive liquor out of politics. This is an awful big job he has cut out for himself, but if he can do it, we're willing for him to have a try. Texas will be the gainer when it can be truthfully said that the liquor interests cut no figure in the naming of our officials, from governor down to constable.

Now, we are not at all partial or crazy about Colonel Roosevelt, but when some foreigner comes along and tries to place our Teddy in the Doc Cook class as regards this controversy over the discovery of the River Doubt, we are going to line up with our ex-president. We believe the river is there; that it is a thousand miles long, and are really sorry that it is not longer. Had it been longer, the probability is that it would have taken longer to explore it, and it naturally follows this would have required more time—possibly deferred his return until too late to begin his campaign for the presidency in 1916.

The Young Men's Business League of Vernon estimates that at least 1000 more harvest hands will be needed to help harvest the grain crop of Wilbarger county, which is the best crop that has been produced in several years. Quite a number can be secured in Wichita Falls. The Chamber of Commerce of this city believe that there are more harvest hands here ready to go into the harvest fields than will be necessary, though Wichita county has in the neighborhood of 75,000 acres of wheat that will make an average yield of more than fifteen bushels per acre.

Mayor Ike Smith of Oklahoma is one of the busiest men in the state today. In addition to his making the race for the legislature from this district, he is making arrangements to harvest 2,000 acres of wheat which he, himself, estimates at 40,000 bushels. This is some wheat and if Mr. Smith succeeds as well when he goes to the legislature as he has in the farming capacity, he will be a "dandy." The only thing that is puzzling the editor of the Record at this time is just how the Mayor will manage to spend both the lucrative salary which goes with the office of representative and also the returns from his 40,000 bushel wheat crop. This is the question the Mayor will have confronting him when he goes to Austin. It is indeed too broad a question for an editor to cope with. At all events, he will be compelled to resign as mayor of Oklahoma.

Of course, since Mayor Smith is a candidate for the legislature, and is likely to be elected, in behalf of the people of Wichita County, the Times would like to know just how he comes with that handle to his name, "Mayor." Is Oklahoma an incorporated town, or do they call Mr. Smith Mayor just because he happens to be the most prominent and conspicuous citizen? Will the Record please enlighten us.

J. R. Hewitt, who was convicted at the last term of district court on a charge of pandering and given a sentence of 25 years in the penitentiary, will have to serve his sentence as the court of criminal appeals has affirmed the decision of the lower court—Monday Times.

The convicted man was a preacher.

and at the time of the charge was brought against him was serving churches at Bomarton and Goree as pastor. The fact that he was a preacher no doubt, worked against him on the trial of the case, though a preacher is no more human than the rest of us, but his calling places him in a position where it is easier for him to gain the confidence of the unsuspecting. But this only reminds us that if every man guilty of the same offense was given a penitentiary sentence, it would not be a great while until the penitentiaries would be filled to the overflowing point. There is no need to waste sympathy on any man who falls so low. And yet, there is hardly a town or city in the whole of the United States of 1900 or more population that are free from that class of men in human form who make their living by peddling on the virtues of women. Few of them are ever arrested.

FIFTH SUNDAY MEETING OF BAPTISTS NOW IN PROGRESS

Practically Every Community in County is Represented—to Continue Over Sunday

Messengers from every community in the county are gathered here today for the Fifth Sunday meeting of the Wichita County Baptist Association in session at the First Baptist Church.

The meeting was opened Thursday night with devotional exercises and a sermon. Today's business sessions are being held. A feature of the day's sessions was the program of the Woman's Auxiliary.

Rev. J. J. Pipkin, financial secretary of the Buckner's orphanage, spoke this morning on "Consecration" and at 11 o'clock delivered a sermon, "The Woman's Auxiliary of the First Baptist Church served dinner at the church at the noon hour. The Association Board meeting convened at 1:30 and was followed by a discussion of "Evangelism in Wichita County."

Program For Tomorrow. Tonight at 8 o'clock L. H. Lawler of this city will deliver an address on "Our Laymen; Their Place in Kingdom Building." This address will be followed by a sermon by Rev. G. M. Parker of Burk Burnett.

Saturday's program follows: 8 a. m. Devotional service—L. A. Sasser. 9:30 a. m. Exercises Ino. 17:11, 21:23—A. C. Anderson. (a) Some causes for it—T. E. Canedy. (b) How to get rid of it—R. C. Miller. (c) Open discussion. 11 a. m. What are we doing for our young people and Lake Wichita Encampment? Open conference. 1:30 p. m. Devotional service—W. P. Harmonson.

1:45 p. m. Baptist Integrity—(a) Why join a Baptist church?—V. A. Duncan. (b) Why I joined the Baptist church—Henry Coridon. (c) Who ought to unite with a Baptist church—W. P. Harmonson. (d) "Evangelism" sentiment is good, but Loyalty to Christ is better—R. C. Miller. (e) Question Box. 8 p. m. Sermon by W. C. Garrett. The Opening Service.

The convention opened Thursday night with a service at the First Baptist church. Rev. J. W. Morgan led the opening devotional service and the introductory sermon was delivered by Rev. T. J. Deakins of Iowa Park. Mr. Deakins took John the Baptist as his subject, referring to him as "one of the brightest stars in the New Testament firmament. He spoke of the mission, message, method and reward of Christ's forerunner.

The speaker said that John's mission was to be only a "voice," but that it was a voice that echoed through the Jordan valleys, the Judean wilderness and the Perea hills; also that it was his mission to be a forerunner, a preparer of the way, for Christ, "making ready the highway for the King." His message, said the speaker, was "repent," but the heart of the message was Jesus, whom John spoke of as a king, as a judge, and as the holy one. John's method was simple, yet pointed and full of fire, pungent and powerful. Measured by man's standards alone, he said John's life might be termed a failure, bringing him hatred, poverty, prison and finally a revolting death, but his reward was a martyr's crown.

TODAY'S MARKET REPORT

Chicago Futures.

Chicago, May 29.—Although rumors that shorts might suffer a squeeze today in the wheat pit aroused considerable interest, developments seemed to point the other way. This was the last day for delivery on May contracts and the available supply here was largely concentrated under the control of one interest. Wheat prices opened the same as last night to 3-8 higher in sympathy with firm cables. Further rains in Argentina and the smallness of country offerings gave the corn market a life. The opening unchanged to 3-8 higher was followed in May. Complaint of continuing crop damage despite recent rains, put strength into oats. May however, was relatively weak. The May wheat option was amply supplied throughout the session. Close was easy. In the last hour May corn rose sharply on account of covering by shorts. Closing, wheat, May 99; July 86 3/4; corn, May 74; July 67 3/4; oats, May 39; July 39 3/8.

Kansas City Grain.

Kansas City, May 29.—Wheat No. 2 hard 90 1/2 to 91; No. 2 red 91; Corn No. 2 mixed 70 1/2. Oats—No. 2 white 40 3/4 to 41 1/4.

New York Cotton.

New York, May 29.—Spot cotton steady. Middling uplands 13.25. Gulf 14; no sales. Cotton futures closed steady. May not quoted, July 13.12; August 12.95; October 12.72; December 12.69; January 12.51.

"I'LL BEAT LEVINSKY," SAYS JACK DILLON

Indianapolis, May 29.—"I will fight to put Levinsky out. I shall try to do it the first round and in every round after that if it takes ten rounds," said Jack Dillon today. Dillon and Battling Levinsky meet tonight in a ten round bout before the immense crowd here for tomorrow's Speedway race. "Levinsky said the beating I gave him at Butte was due to the high altitude having weakened him," said Jack. "I can see no excuse for him this time." Dillon was the favorite for tonight, though he was to meet a man nearly ten pounds heavier than himself. He will weigh in at about 165 while his light heavyweight opponent will balance the scales at about 172. Dillon is a much stronger fighter at this weight than when forced to the middleweight limit of 158. In two previous fights the Hoosier has won decisions from Levinsky. One was in Rochester, a newspaper decision and the other in Butte from the referee.

Curly-Headed Jurors. "Challenged!" "Challenged here, too."

Then, as the curly-headed jurymen departed with an angry fush, the tip-staff whistled: "Challenged, you see, by prosecution and defense alike. I tell you what it is, nobody ever wants a curly-headed man on a jury."

"Lawyers tell me that they don't like curly-headed jurors because such fellows are always cancelled and stubborn and are apt to cause jurors to disagree and stubborn?" Well, the lawyers say they're spoiled in childhood. Curly hair being regarded as a sign of beauty, they are petted and favored by their mothers outrageously. Then, when they grow up the girls pet and favor them. The path of a curly head is strewn with roses—roses scattered as you might say, by the white hands of the ladies.

"The result is that curly-headed men think they know it all. They are as vain as peacocks and as obstinate as mules. Therefore, they can't get on a jury at any price."

Simplicity Pays. You know that man who assumes superior airs, talks patronizingly of others, manages to squeeze in quite a dictionary of words in his ordinary talk and conversation, and does not seem to understand the value of simplicity? Of course you do.

Several men met in front of the Bank Inn the other day, and immediately got into the deep waters of political debate.

"And now," said the principal speaker, pompously, after an eloquent flow of language, "perhaps you will coincide with me."

"Why, yes, thanks, old man," answered a red-nosed individual, moving towards the door of the inn. "I don't care if I do."

### STAMPERS LOSE TO IRISH LADS IN THURSDAY'S GAME

Twilight League Standing.

Club	P.	W.	L.	Pct.
Stampers	3	3	0	1000
Black Cats	4	2	2	.500
Irish Lads	3	1	2	.333
Stampers	4	1	3	.250

The Irish Lads took a fall out of the Stampers yesterday afternoon in a better than average game, the score being four to three. The Stampers gave an excellent account of themselves and were in the game all the way but Smith tightened in the pinches and enabled the Lads to nose out on the top side of the score.

This afternoon's game between the Black Cats and the Lads, promises to be one of the best in the schedule; the Cats have strengthened their lineup decidedly and hope to be able to break the winning streak of their opponents.

### ENGLAND'S GREATEST SHIP TO MAKE VOYAGE SATURDAY

Aquitania, One of World's Largest Sea-Goers Will Start For New York

Liverpool, May 29.—The giant Cunarder Aquitania, Britain's largest liner and the world's most luxurious ships sails tomorrow on her maiden voyage to New York. The liner which cost roughly \$10,000,000 to build, is 901 feet long, 97 feet broad and her gross tonnage is 47,000. Although she will share the mail service with the Mauritania and the Lusitania, the Aquitania will not try to beat the records of her speedy sisters but will content herself with a comparatively modest 23 knots an hour.

Accommodation is provided for 3,500 passengers and a crew of 1,000. Warned by the Titanic disaster the designers have allotted boats for all. A new feature is the provision of two powerful motor launches which if necessary can tow the ordinary lifeboats. Each is fitted with a 300 mile range wireless installation in case of accident to the line's main apparatus. The Aquitania is two ships in one, for the inner shell is separated from the outer shell by fifteen feet which with a new system of watertight compartments, is reckoned to make the vessel unsinkable.

All modern luxuries such as drawing rooms, lounges, smoking rooms, verandah cafes, foyers, restaurants, grill room, swimming bath and gymnasium are provided, but the particular pride of the Aquitania is the long gallery which runs from the first class smoking room to the lounge and is a veritable museum and art gallery. It is 150 feet long and is paneled in mahogany and painted a delicate green. Walls and show cases display exhibits of jewelry, china, lace work, costly prints and paintings and other objects of art. There is also a theatre and during the voyage music hall and theatrical stars will give several performances a week.

### HOUSEKEEPERS BENEFITTED BY DEMONSTRATION HERE

The demonstration of Kingford's corn starch and Karo products that is now in progress at Frear's furniture store, affords the housekeepers of Wichita Falls a rare opportunity and the demonstration is especially timely in that new frozen deserts and other recipes for hot weather are being demonstrated. Each afternoon some dainty is served to those in attendance in which corn starch is involved in the making and the Karo syrup is also used. Many new and very delicious combinations have been made and those who attend have certainly profited. Saturday will be the last day of the demonstration.

### "GREAT JUDGMENT" IS THEME THURSDAY

DR. SCOVILLE DELIVERS SERMON ON THIS SUBJECT BEFORE LARGE CONGREGATION

### WILL SPEAK ON "BIBLE HELL"

Is Addressing Boys This Afternoon—Total of 407 Converted in Meeting Here

Previously reported ..... 398  
Conversions Thursday ..... 9  
Total to date ..... 407

"The Great Judgment" was the theme of a very eloquent sermon Thursday night by Dr. Charles R. Scoville, who with his party of co-workers has been conducting the meetings at the First Christian Church. There were nine additions at the conclusion of the sermon and it was felt that the service was one of marked success.

This afternoon Dr. Scoville is conducting a special meeting for boys, today being chosen because it was the birthday of the school. Stereoscopic views of the many boys Dr. Scoville met on his trip around the world are a feature of the afternoon meeting today. "The Bible Hell" is to be Dr. Scoville's subject for tonight and this is said to be one of his most powerful sermons.

On Sunday afternoon in the church, Dr. Scoville will preach on "The Ten Plagues of America" and both men and women are invited to this service.

Many Are Grown-Ups. In the earlier days of the meetings many of those converted were children and young people, but in the more recent meetings older people, some of them past middle age have been led forward. Men prominent in local business, railroad and professional circles have made the confession and the results have been very gratifying with a total of 407 in seventeen days of invitation.

Several charts have been hung on the walls of the church, illustrating various points in Dr. Scoville's message and one of these will be used for the sermon tonight on "The Bible Hell."

Dr. Scoville took his text Thursday night from Hebrews "It is appointed once to die, after that the judgment." He spoke of the exactness of the judgment, the impartiality of the judgment, the finality of the judgment; on the last point he quoted the Scripture where it says "God hath appointed a day." His sermon in general dealt with the certainty that each man must face the judgment and the urgent necessity of facing it prepared. Those who scoffed at the church and denied its teachings, he said, must face the Judge just as well as those who had accepted Christ.

Speaks On Judgment. It was not enough, Dr. Scoville said, for a man to point to his manner of living, the Christian influences with which he was surrounded and the like, as these would not avail him in the judgment. It would be more tolerable at the judgment, he quoted Scripture to say, for those who had never had the opportunity and were without the benefits of Christian parents and friends and the Sunday school than for those to whom such conditions did not apply.

Dr. Scoville referred to the Becker case, saying that Becker, though twice condemned by juries, still had an opportunity to appeal, but that the man who was convicted before the final judgment bar would have no such opportunity neither would there be the chance to bribe a jury or corrupt a judge.

There was a very inspiring song service before the sermon, a solo by Mrs. Scoville, "The Great Judgment" being a pleasant feature. The congregation was an immense one, overflowing from the main auditorium into the Sunday school room. Interest in the meetings seem unabated.

### DEFICIENCY APPROPRIATION OF \$35,000 FOR TROOPS

By Associated Press. Austin, Texas, May 29.—Acting up on the recommendation of Adjutant General Hutchings the governor has authorized a deficiency warrant of \$35,000 for payment of provisional rent of state troops which was detailed to protect the Texas border. It will cost about \$50,000 for sending these troops to protect the border during the two weeks they were on duty.

### WRESTLERS GETTING IN CONDITION FOR TOMORROW

Hart Resorts To Road Work To Keep In Condition—Men Very Evenly Matched

Farmers and others living near the city need not be surprised if they see a husky youth running down the rural roads at top speed like he was going somewhere and was in particular haste to arrive; it is probably George Hart, the wrestler in training for his match with Charles Loomis at the Moose hall tomorrow night at 9:30.

Hart and Loomis are so near evenly matched as to weight and strength that condition will no doubt play an important part in deciding the contest and Hart has resorted to road work to keep himself hard and his wind good.

This match was postponed from last Tuesday. It is under the auspices of the Wichita Falls Athletic Club and promises to be one of the best exhibitions of the wrestling game that local fans have had an opportunity to witness in many days. There will be one or two preliminary events by local talent before the main match.

### SEVERE PUNISHMENT

Of Mrs. Chappell, of Five Years' Standing, Relieved by Cardui.

Mrs. Alry, N. C.—Mrs. Sarah M. Chappell of this town, says: "I suffered for five-years with womanly troubles, also stomach troubles, and my punishment was more than any one could tell.

I tried most every kind of medicine, but none did me any good. I read one day about Cardui, the woman's tonic, and I decided to try it. I had not taken but about six bottles until I was almost cured. It did me more good than all the other medicines I had tried, put together.

My friends began asking me why I looked so well, and I told them about Cardui. Several are now taking it.

Do you, lady reader, suffer from any of the ailments due to womanly trouble, such as headache, backache, sideache, sleeplessness, and that everlastingly tired feeling?

If so, let us urge you to give Cardui a trial. We feel confident it will help you, just as it has a million other women in the past half century.

Begin taking Cardui to-day. You won't regret it. All druggists.

PLAN INSPECTION OF MEAT AND MILK

CITY COUNCIL WILL CO-OPERATE WITH CHAMBER OF COMMERCE COMMITTEE

POLICING OF RESERVATION

Council Hears of Need For It—Motorcycle Policeman Is Employed at Thursday's Session

Impeptus was given the movement for a municipal slaughter house last night when the city council appointed a committee to meet with a committee from the Chamber of Commerce to discuss plans for the building and operation of a municipal slaughter house and the appointment of an inspector of meats, etc. The sanitary committee was named. This committee comprises Messrs. Bradley, Reed and Young.

Members of the council and Mayor Britain unanimously expressed themselves in favor of a slaughter house and inspection of meats and milk, etc., and indicated that they would give very careful consideration of a plan whereby a stock company of citizens might build a slaughter house and lease it to the city until such time as the city was able to buy it.

The matter was laid before the council by J. B. Marlow and Myles O'Reilly, members of a committee appointed at the meeting of the directors of the Chamber of Commerce Tuesday morning. Mr. Marlow told of the great need of meat inspection here calling attention to some practices in connection with the slaughter and sale of meats.

Mr. O'Reilly told of his investigations into these matters and declared that health should come before anything else, before paying of parks and declared that meat inspection was as essential as sewers almost for the city's health.

**Favors Stock Company.**  
Mr. O'Reilly said he was certain that a stock company could be organized to build a slaughter house provided the city would operate it and would agree to take it over when it became able to do so.  
Mayor Britain said he believed the council was in favor of meat inspection and a slaughter house but that no action had been taken because of the city's financial inability to take care of it now. He said that if the park bonds were voted the city would be within about \$20,000 of its bond limit upon present conditions. He said that if the Chamber of Commerce or citizens could build a slaughter house along the plan suggested by Mr. O'Reilly he would be in favor of accepting it. Other members of the council expressed themselves along the same line. The committee which was appointed will meet with the Chamber of Commerce and it is probable that the matter will be taken up at the meeting of the directors of the Chamber of Commerce next Tuesday morning.

The ordinance to prohibit the obstruction of gutters by dumping grass, weeds or other obstacles thereon was placed on its third reading and finally adopted. It provides a penalty of from one to twenty-five dollars.

**New Franchises Asked.**  
The Wichita Valley and the Wichita Falls Railway Company asked for a franchise to place and operate two standard lines of track across all of block 8, Jalonic addition, across Austin street and across the alley between Austin and Burnett streets, across Burnett street, across the alley between Burnett and Bluff streets and across Bluff street. The franchise was presented by W. M. Priddy of the Wichita Mill and Elevator Co., who said that if the franchise was granted it was the intention of the mill and elevator company to at once begin the erection of its new elevators there to be followed by the erection of a new mill and eventually the removal of the mill and elevators from their present site to that location. The capacity of the new mill, he said, would be 2,000 barrels daily. A clause of the franchise was for a suspension of the rule requiring three readings and immediate passage, but this was found to conflict with a provision of the new charter relative to franchises making three readings necessary.

**Bills for Publishing the Ordinances and Legal Notices of the City and for the Printing of the City's Stationery** were opened. The contract for the publication of the legal notices was awarded to the Searlight Publishing Company whose bid was 2 1/4 cents per line for the first publication and 2 cents per line for each additional insertion. New bids were called for the stationary contract.

**Motor Policeman Employed.**  
Fred Smith was employed as motorcycle policeman at a salary of \$70 per month. The committee on public safety was authorized to purchase a motorcycle.

The council heard a report that messenger boys entered and remained in resorts in the flat district often as long as an hour. The police were instructed to notify keepers of these houses that boys must not be permitted to enter them. This matter brought up a lengthy discussion of the necessity of policing this district. It developed in the discussion that there was now practically no police surveillance of the district.

Dr. Reed of the sanitary committee recommended the draining of East Lake reporting that it could be done at no great expense. The work was ordered done. The council adjourned at 11:20 p. m.

Little Girl Believes In Telling Home Folks All That's Going On

Velda, the seven year old daughter of Rev. F. F. Walters and wife is visiting her grand parents near Coffeyville, Kansas. This is a letter she wrote home to her father and mother: Coffeyville, Kan., May 24, 1914.  
Dear Papa and Mamma, How are you getting along? I got here all right. Grandma said that her head didn't hurt very much. Grandma is out in the yard; I think he is getting the cows in. She has got her new clock. It is a beautiful night tonight.  
I want to know if Vida is well. Grandma told me to tell you that I was safe in grandpa's arms. I am getting so tired that I don't think that I can finish it. But I think I can. I want to no if you are all well. I told grandma that I was going to set down and write a letter. Grandma got 32 eggs today. Grandma is milking the cows now. Bess is the only one that grandma can milk. The kitty has grown a hole lot. Grandma is going to shut up the chickens now. The fox just now rang. Grandma has four

hens on setting. Grandma said she would be back in a little bit. I read Dick a little bit. It is very still here. I am the only one in the house now. I am very tired, and I think that I will finish it tomorrow. The alfalfa is as high as my waist. The sweet corn is as high as my forehead. Grandma and old Dick are plowing the corn this morning. I can hear the wind blowing. I am barefooted now, I had my shoes on a little while ago but I took them off. Have you had much rain up there? I will send you a piece of the alfalfa and corn. It is very pretty day today. We had to change cars four times. Grandma is going to call up Miss Car. Miss Car's number is ring 700. Grandma said that I sure was playin' ga joke on Nina. Grandma is talking to Miss Car. I am going to write another page after this one. I want you to tell Paul and Vida and Frank Alvin to write a letter. Grandma is still talking on the fon.  
I will have to close. With lots of love and kisses, Your little friend, VELMA.

NEGRO SCHOOLS' CLOSING EXERCISES BEING HELD

Exhibit of Manual Training Department, Established Under Difficulties, is Shown Today  
The closing exercises of the Washington public school for negroes began last night and will conclude tonight with the commencement program at the negro Baptist church. Diplomas will be presented to five graduates; the members of the school board will attend the exercises. Last night's program consisted of songs, recitations and other exercises by the younger pupils. At the commencement service tonight orations will be delivered by each of the five graduates and there will be talks by W. E. King, editor of the Dallas Express and Superintendent Carpenter. The graduates are Napoleon Bonaparte Holmes, Lester Lucillus McConnell, Bernice Cecilia Trimble, John Wardell Norford, Johnnie May Hill.  
This morning the work of the pupils

was on display at the school and was inspected by a number of visitors. It included samples of the writing, drawing and other handwork of the pupils with a special exhibit of the work of the manual training and domestic science departments. These features were especially worthy of note, particularly the work of the domestic science department, in which the negro girls have been taught to cook and sew by the wife of the principal, C. C. Trimble.

The manual training and domestic science departments of the negro school were started by the negroes themselves, without aid from the school board or other outside sources. From none too plethoric purses they raised enough money three years ago to start these departments, buying the equipment and material needed and getting the work started. Later the school board provided some additional equipment, but the stoves and sewing machines used in the domestic science work were provided for with funds raised from among the patrons of the school. The show exhibited today contained many excellent specimens of handwork and the teachers take pardonable pride in the results of their work, which was accomplished at considerable sacrifice of both time and mon-
