PRESIDENT CHARGES PUBLIC SENTIMENT MANUFACTURED

Shows Where "Demand" For Delay On Anti Trust Legislation Was Inspired

STATEMENT CAUSES SENSATION IN CAPITAL

Wilson Backs Up His Assertion With Letters Sent Out Urging Protests Sent To Congress

By Associated Press.

Washington, June 15.—President Wilson today made the direct charge that sentiment in favor of postponement of the administration trust legislation problem, was the result of a campaign by certain interests and he intimated that it was the cause of the "psychological business depression" of which he recently spoke.

In support of the president's view, copies of letters and telegrams circulated among business men calling for an adjournment of Congress without completion of the trust bill, praying for the freight rate increase asked by the railroads of the Interstate Commerce Commission and calling for a halt in the "attacks on business" were made public at the White House.

President Wilson made it clear to his callers that the campaign if such it may be called, would have no effect upon him and that it was his plan to push the trust program through the Senate with the aid of all the means at his command. He expressed the view that business was as good, if not better, than a while ago and that it would be less harmful to the business of the country to have the trust legislation program completed than to be confronted with a period of uncertainty which would accompany delay.

One of the circular letters which came into possession of the White House and was given out today, was circulated by the Simmons Hardware Company of St. Louis. E. C. Simmons, head of the company had been selected for a member of the federal reserve board and his nomination was to have gone to the Senate today. This morning it was announced at the White House that Mr. Simmons had declined the place and that Charles S. Hamlin of Boston would be nominated in his place. White House officials emphatically declared that the circular letter sent out by the Simmons company had no connection with the declination of Mr. Simmons.

Another circular letter reported to have been sent out by the Pictorial Review Company of New York and signed by W. P. Ahnelt as president, was dated May 1 and enclosed a draft of a letter "which embraces the views of a majority of the thinking business people of our section of the country and which should be addressed to the president of the United States, Congress and members of the Interstate Commerce Commission. The letter continued:

"If you prefer to use copies of the enclosed letter, we will mail you as many as you can conveniently use. It will be more effective, however, if you write them on your own letter head." The letter form attached was an appeal for postponement of trust legislation and for the freight rate success.

A copy of a night lettergram containing contents of the form letter in condensed terms was attached. Not since President Wilson made his charge of an insidious lobby in Washington to influence tariff legislation has there been a sensation of such sort in political circles. News of what the president had said and the giving out of the circular letters spread quickly to the capital where it became the subject of animated discussion.

The letter purporting to have been sent out by the Simmons Company was dated June 9. This letter was not given out for publication with the others.

WANT LOCAL EXPRESSION ON NEWLAND TRUST BILL

Chamber of Commerce Will Probably Be Asked to Memorialize Congress On Subject

The Wichita Falls Chamber of Commerce will have an opportunity to express itself on the Newland's bill now before Congress. Letters have been received from other commercial bodies urging that the Chamber of Commerce adopt a resolution to be forwarded to representatives in Congress asking for a delay in this legislation to give an opportunity for more discussion and study.

The Dallas Chamber of Commerce has adopted a resolution. The latter has assumed considerable interest in view of the dispatches today indicating that President Wilson will urge such legislation notwithstanding the campaign for postponement from certain quarters.

FEDERAL RESERVE BOARD NOMINATIONS MADE TODAY

Boston Man's Name is Substituted for That of Simmons' of St. Louis This Morning

By Associated Press. Washington, June 15.—The following members of the federal reserve board were nominated by the president today for the following terms:

Charles S. Hamlin of Boston, two years.

T. B. Jones of Chicago, six years.

Paul Warburg of New York, four years.

A. C. Miller of San Francisco, ten years.

These nominations were sent to the Senate.

E. C. Simmons of St. Louis declined appointment to the federal reserve board. Charles S. Hamlin of Boston, now assistant secretary of the treasury, was designated in his place when the nominations for the entire board go to the Senate.

By Associated Press. Washington, June 15.—President Wilson today signed the Panama tolls exemption repeal bill as amended in the Senate and agreed to by the House. There was no ceremony at the signing. Assistant Secretary Forster was the only person with the president.

Mr. Wilson signed the bill with a quill pen used by President Harrison in signing the international copyright law in 1891 and by President Taft in signing the Pan-American copyright treaty, the Lincoln Memorial bill and the act incorporating the National Institute of Arts and Letters. The pen is the property of Robert U. Johnson of New York.

EDDIE COLLINS SAID TO HAVE \$25,000 OFFER FROM FEDS

Athletics' Second Baseman is Reported to Have Received Tender of Fat Sum

By Associated Press. Chicago, June 15.—Eddie Collins, second baseman of the Philadelphia Athletics is said to have been offered the largest salary ever given a ball player if he would join the Brooklyn Federals. Collins did not name the sum except to say it was not less than \$25,000 a year. He said he would not leave Philadelphia until the expiration next October of his present contract.

By Associated Press. Torreon, June 15.—The capture of Zacatecas, now being attacked by the constitutionalists, is not likely to be an easy task according to reports received here today. Huerta forces still hold Dalera nineteen miles north. The federals have prepared for a stout defense and should Zacatecas be completely cut off, as the constitutionalists plan, the city is prepared to withstand a long siege. Large stores of supplies have been accumulated.

ALBANIAN REBELS ARE REPULSED TODAY

PRINCE COMMANDS DEFENDERS

William of Wied in Personal Charge of Government Troops After Colonel is Killed

By Associated Press. Durazzo, Albania, June 15.—The government troops under personal leadership of Prince William today repulsed an attack on the Albanian capital by Mussulman insurgents. At the beginning of the fighting the insurgents gained an advantageous position but after Col. Thomason, the Dutch commander of the gendarmie had been killed, Prince William placed himself at the head of the defenders and succeeded in silencing the rifle and artillery fire of the attacking force after three hours fighting.

Blue jackets from the international fleet lying off the Albanian coast went ashore to guard foreign legations. The attack was a surprise, beginning at five a. m. in three separate columns. Official statements had declared that the rebellion against the rule of Prince William had been defeated and that the remnant of the rebel forces was surrounded.

It is estimated the government has 9000 trained men who are said to be opposed by about 27,000 insurgents, mostly tribesmen without discipline who are scattered over a wide range of country. Durazzo occupies a peninsula and has a natural defense, easily protected.

Mediators and Delegates Resume Discussion of Possibilities for New Officers in Mexico

By Associated Press. Washington, June 15.—Secretary Bryan conferred with President Wilson over progress of Mexican mediation today and immediately afterward forwarded a long telegram to the American delegates at Niagara Falls. The telegram, it is understood, concerned the character and personnel of the proposed provisional government and the attitude of Mexican delegates who object to a provisional executive with constitutionalist leanings.

Mr. Bryan would not discuss the nature of the conference. He said mediation was progressing satisfactorily. The opinion prevailed here that the United States would not recede in its desire to have Huerta's successor a man who would be acceptable to the revolutionary faction.

Bearing on that conclusion was the administration's attitude toward Chas. A. Towne, Huerta's attorney here, who has declared the Mexican delegates would not accept a pronounced constitutionalist for provisional president. Mr. Towne planned to seek a conference with President Wilson today, but it was said at the white house the president had no engagement with him.

Rebel agents here have received no reply from the mediators to the offer of Carranza to send delegates to Niagara Falls.

INFORMAL CONFERENCES ARE RESUMED AT NIAGARA

By Associated Press. Niagara Falls, June 15.—The American delegates, the mediators and Mexican delegates resumed their informal conferences today on the personnel and form of choosing the new provisional government of Mexico. More names were discussed, but the American delegates have not yet obtained from the constitutionalists a list of persons who would be acceptable to them.

Publication in some newspapers of charges of bad faith against the American government for its espousal at this time of a constitutionalist for provisional president brought no formal comment from the American delegates. Emilio Rabasa of the Mexican delegation, however, authorized the statement that no charges of bad faith against the United States had been made by the Mexican delegates at any time.

SENATE STATIONERY USED IN GOLD MINE PROMOTION

By Associated Press. Washington, June 15.—Several senators today contemplated introducing resolutions for investigation of the alleged use of the United States Senate letter paper in connection with the promotion of a gold mine company with property at Gold Hill, N. C.

Published reports today said that Senate letter paper of the Senate and census committees had been used in that connection.

Several senators whose names appear upon the letter paper as committee members, asked for investigation. One resolution also proposed an investigation of published reports that a treasury department employe had been sent to examine the mine property at the order of John Skelton Williams, controller of the currency.

MRS. PENNYBACKER LIKELY OF RE-ELECTION BY CLUBS

By Associated Press. Chicago, June 15.—The slate of the nominating committee of the General Federation of Women's Club prepared for presentation today was headed by Mrs. Percy V. Pennybacker of Austin, Texas, for re-election to the presidency. Mrs. S. B. Sneath of Tiffin, Ohio, was named to succeed Mrs. L. L. Blankenburg of Philadelphia, who has served two terms as first vice president. The other officers were named for re-election, except Mrs. Eugene Reilly of Charlotte, N. C., who was nominated for second vice president and Miss G. Bacon of Worcester, Mass., who was nominated for corresponding secretary.

Home economics and public health were discussed at today's session. Miss Julia Lathrop, head of the children's bureau of the department of labor, made a strong plea for compulsory registration of every birth. She said that only prompt registration can enable doctors and nurses to discover babies who need medical care and she said:

"It is only thus that we can stamp out blindness of the newly born."

VOLCANO ACTIVE IN CALIFORNIA TODAY

MOUNT LASSEN, IN NORTHERN PART, IS EMITTING SMOKE, ROCKS AND ASHES

SERIOUS DAMAGE NOT FEARED

Mountain Has Two New Cones and is Very Active—Scientists Are Much Interested

By Associated Press. Red Bluff, Cal., June 15.—Mount Lassen, ninety miles south of the Oregon line and ninety miles west of the Nevada line, the world's newest active volcano, spluttered through the early hours today. What may come from her two new cones which came into existence last night, or the third, which has been growing larger steadily since May 30, is a matter of much scientific conjecture. Her activities have augmented steadily for two weeks until a burst of smoke rising 2,000 feet yesterday morning was followed last night by a pillar of fire, visible a hundred miles down the Sacramento Valley.

W. H. Storms, former state mineralogist, arrived here yesterday to make observations and sound the geyser theory. Indications, he said, are that Lassen will imitate the performance of Krakata, a volcano on the island of Java. He said:

Compares It to Krakata. "Krakata in 1803, after a few minor disturbances similar to Lassen's present activity, burst into one tremendous explosion which destroyed the mountain and spread a pall of darkness over thousands of square miles. It is a mistake to put the disturbance in the class of geysers. Geysers do not eject rocks, scoria, cinder and ashes. These are the characteristics of genuine volcanoes. Lassen is in active and violent eruption."

Prof. T. J. See, observer at Mare Island Navy Yard, a scientist of international reputation, believes the mountain 200 miles from the coast is too far away to be a source of much real danger. He says really dangerous volcanoes depend upon leakage from the ocean for the formation of vast accumulations of steam at their base. No volcano, he says, is active more than 125 miles from the ocean.

Have Narrow Escapes. Jesse Wright and J. Rowan of Redding, who early today reached a point within three quarters of a mile of the main crater, said they were enveloped in sulphurous fumes and saved themselves from suffocation by lying on their faces and digging into the ground. So far as could be learned today, the crater of May 30, which started as a large fissure, is the most active. From it yesterday rose a great cloud "like a burning oil well," observers said.

It attracted attention within a large area and lured Lance Graham, a lumber man, and seven companions up the slope until they were almost overcome by noxious vapors. The eight threw themselves into snow banks while ashes and rocks fell among them. One rock cut off Graham's arm and tore open his breast. Relay parties tried to bring him down the mountain in a blanket litter. Repeatedly he was reported dead, but the latest word said he was still alive, though fatally injured.

Anxiety was felt regarding W. J. Rushing, federal forest supervisor, who has been active in viewing the disturbance.

OMNIPRESENCE IS PASTOR'S SUBJECT

REV. R. C. MILLER SPEAKS ON
CHRISTIANS DESIRE TO
SEE GOD

NATURE SUFFICIENT EVIDENCE

Says Many Fail to Recognize Almighty's Hand Back of All That is Taking Place

The desire of every real Christian to see God and man's ignorance of God's omnipresence was made the note of an interesting sermon Sunday morning by Rev. Roscoe C. Miller, pastor of the First Baptist Church. All the services of the day were well attended, the Sunday school enrollment being large. The pastor took for his text the verse, "Philip saith unto him, Lord show us the Father, and it sufficeth us." (John 14:8)

The pastor described the incidents leading up to his text, telling of the time when Jesus was in the upper room at Jerusalem and was explaining to his disciples the things that were to take place within the next few days. The pastor said:

"The disciples were grieved and almost heart-broken. He exhorted them not to be troubled, stating that they believed in Him, and should also believe in Him, for He was going to prepare a place for them and would come again and receive them unto himself. He also stated that He was the way, the truth and the life, and that no one could come unto the Father but Him. This lead Philip to make the request of the text that he might see God. This is a natural desire of the regenerated heart.

is Natural Desire.

"Christians men through all ages have had a desire to see God. Moses had sufficient proof that there was a God, but he did not see Him. He had seen the manifestation of God in the burning bush, and heard His voice; he had seen the cloud by day and the pillar of fire by night; yet he had sufficient evidence to prove to him there was a God, and yet he desired to see God. God had permitted Moses to see His back, but not His face, and explained to Moses that no man could look on His face and live. We find the same desire to see God in Philip, and he says to Christ, 'If you will show us the Father we will be satisfied. This is the cry of the regenerated soul today, to see God. The world is asking for manifestations of God. Men through all ages have done this. Gideon, the godly, consecrated leader of the host of Israel, believed in God and yet at a critical moment in his life he asked God for special manifestations of His presence with him. God gave him this evidence and he went forth to conquer. Every regenerated person has had that same longing to see God and to know Him.

God's Presence Unrecognized.— "Nature is sufficient evidence to the observing. We find David saying that the heavens declare the glory of God and the firmament showeth His handiwork. Day unto day uttereth speech and night unto night showeth knowledge. The natural is as much an evidence of God as the supernatural. The constantly recurring things become so commonplace that we forget that God is back of them all. We say they are the result of natural law, and yet God is as much the author and preserver of natural law as He is of other things. It is God that makes the peach tree bear peaches and not walnuts. The wheat fields now freighted with their bread are the evidence of God. How little we recognize this and thank Him for His bountiful supply and we have to drink, the food we eat, the water we wear, the food we eat, from day to day come directly from God, yet so many times we fail to see Him in these things. God is not only seen in the natural, but in the supernatural and miraculous. Jesus Christ was God in the flesh, and was a marvelous demonstration of God's presence with men. His whole life and nature were out of the ordinary. The very spirit that He manifested proves that He was more than ordinary man, that other men. He had no selfish ambitions; He had no selfish ambitions; He died willingly for his enemies. His wisdom was unequalled by other men. He knew all things. He is as familiar with the future as with the past. He knew the hearts and read the thoughts of men. There were no mysteries to Him. He had the wisdom and the spirit of God. His work far surpassed the work of all other men. He went about through His whole life doing good. Never once did he make a mistake. He lived the only perfect life. He endeavored at all times by word and deed to point men to God. His Father, and yet Philip asked that he might see the Father. This apparently grieved the heart of Christ and he said unto him Philip, have I been so long time with you, and yet hast thou not known me Philip? He that hath seen me hath seen the Father.

Causes For Man's Failure.— "Unbelief has kept many from seeing God. In this short passage of scripture we find the word 'believed' used eight times. So much depends upon what a man believes. Men are not willing to assert disbelief, but they fail to exercise belief. Unbelief is a failure to accept the truth. Disbelief is a denial of the truth. In this day and age few men are willing to deny the truth of God's Word, and yet they do not accept it. We find that Jesus could not tell the disciples many things He wanted to tell them because of unbelief. We are told in one place that Jesus could not do many mighty works because of their unbelief. Unbelief blinds men to the presence of God. Then men are blinded by impurity. An impure heart will keep us from seeing God. Jesus said, 'Blessed are the pure in heart, for they shall see God.' An impure heart makes us love things that keep us

613 CONVERTED AT SCOVILLE MEETINGS

SUCCESSFUL REVIVAL COMES TO
CLOSE WITH TENT SER-
VICES SUNDAY

GOOD RESULTS ARE ATTAINED

Evangelist Will Lecture Tonight on
Passion Play—To Leave Short-
ly for Missouri

Six weeks of revival meetings under the auspices of the First Christian church, came to a close Sunday night when Dr. Charles R. Scoville preached the closing sermon at the tent, where the meetings have been held during the past week.

Thirty-two were added to the roll of converts during the day, making a total of 613 who have responded to invitations while the meetings have been in progress. This is an average of over twenty per day, and Dr. Scoville is well pleased with the results of his campaign here. He is much gratified at the spirit of cooperation that has prevailed.

From here the party will go to Bathany, Missouri, to conduct a union revival meeting. Tonight Dr. Scoville will speak at the tent on the "Passion Play," which he witnessed on his European tour. The lecture will be illustrated with stereoptical views and musical numbers by Mrs. Scoville and Mr. Marty will be a feature of the program. Both are talented musicians and this will be a Wichita's last opportunity to hear them. An admission fee of ten cents will be charged. The singing is ably charged by Dr. Scoville. Dr. Scoville expressed it. Mr. Murphy had planned to reopen his tent show tonight, but delayed the opening one night at Dr. Scoville's request.

Reception Tomorrow Night.

Tomorrow night the members of the Scoville party will attend a reception at the church, given in their honor. New members will be designated by the state and political bodies in red badges and others by blue badges.

Of the more than 600 who have been converted under Dr. Scoville's preaching, a large majority have united with the First Christian church, although each of the evangelical churches of the city has received recruits as a result of the services. Thirty-two responded to the invitations at yesterday's morning and evening services. Both services were attended by congregations that filled the tent almost to its capacity.

"The Church as a Divine Institution" was Dr. Scoville's topic at the closing sermon. He said that judges, clubs, the state and political bodies in general were all human bodies, but that the church stood out alone as a divine institution. He quoted Christ's words, "On this rock will I build my church," and showed how He delegated the apostles to carry on the work. He said, however, that human institutions, Dr. Scoville pointed out and human penalties were provided for those who disobeyed.

Church as Divine Institution.

"The church stands on a divine plan of salvation and not on human methods of getting religion," said Dr. Scoville. "It is not what men think that counts, but what God says." He continued that there was too much trifling with the Bible and not enough reverence for its teachings. Too many people, he said, read the Bible according to their own notions; there should be divine authority for whatever was done. He continued, or it should not be done.

In the evening Dr. Scoville spoke on the text, "The books shall be opened and the doors shall be shut." He developed this text along three lines, discussing the book of God's law, the book of God's providence and the book of life. Man was prone to complain against God, he said, when things went wrong, but that was unjust and unkind, because God's condition, that of forsaking one's sins, had not been fulfilled by men.

The evangelist spoke of what he termed social sins, discussing the same in the morning and evening services. From seeing God. The hearts that love profanity, vulgarity, whiskey, cards, dancing and all manner of worldliness are blinded to the presence of God. I plead with you this day to cease to love those things that interfere with your seeing God as the One altogether lovely and the fairest of ten thousand. Impure mind blinds the vision and we cannot see God. To think impure thoughts and delight in the prospect of executing them prevents us from seeing God. Impurity of speech has prevented many from beholding our blessed Creator. We cannot indulge in backbiting, slander, vulgarity and falsehoods and expect to see God's face in peace.

Wants To Be Recognized.

"God wants to be recognized by His children. As parents, how we watch for the first filial recognition on the part of our children. It is a pleasure to the parent when their baby knows them from other people. It is almost a joy to have them cry after you and cling to you. And so it is with our Heavenly Father. He longs to be recognized. Let us ever cultivate the desire to see God. Let us recognize His presence in everything that is good. My prayer to God is that we may remove every thing that would interfere with our seeing Him day by day. Let our lives be clean and our hearts thoughtful and conscious of His presence. We all believe that God is everywhere, but are we aware of His presence with us as we walk the street, as we transact our business, as we sit in our social circles, as we judge in the amusements of life? Are there times in your life when the conscious presence of God would startle you? Do you ever engage in conduct that you would not care for God to see? May our lives ever be such that we may not fear the presence of God at any time."

THE REGULAR MAN.

Lord, let me live like a Regular Man.
With regular friends and true,
Let me play the game on a regular plan.
And play it that way all through;
Let me win or lose with a regular smile.
And never be known to whine.
For that is a "Regular Fellow's" style
And I want to make it mine.

O give me a regular chance in life,
The same as the rest, I pray,
And give me a regular girl for wife
To help me along the way;
Let us know the lot of humanity,
Its regular woes and joys,
And raise a regular family
Of regular girls and boys.

Let me live to a regular good old age,
With regular snow-white hair,
Having done my labor and earned my wage
And played my game for fair;
And so at last when the people scan
My face on its regular bier,
They'll say, "Well, he was a Regular Man!"

And drop a regular tear!

MR. AND MRS. WILLIAM HUFF CELEBRATE FIRST ANNIVERSARY.

Mr. and Mrs. William Huff celebrated their first wedding anniversary with a family dinner Sunday at their home, 1212 Denver. Nuptials in profession were celebrated at the house and the center decorations of the dining table were of the same flowers. Those present included Mr. and Mrs. C. H. Huff of Dallas, Mr. and Mrs. A. B. Huff, Mrs. William Huff, Sr., Miss Stone, Marshall Huff, R. B. Huff, Tom Huff and the host and hostess.

BACHELOR GIRLS MEET WITH MISS MOORE AS HOSTESS.

The Bachelor Girls met Friday with Miss Bess Moore. A business session was held and Miss Gladys Heron was elected a new member. A social time was enjoyed, the hostess serving delicious refreshments of ice cream and cake. Those present were: Misses Kathleen Paul, Jessie Kerr, Carrie Kerr, Mabel Winfrey, Ethel Rainey, and the hostess.

REBEKAHS HOLD INITIATION AND ELECT OFFICERS

The Rebekahs held an election of officers at their regular meeting Saturday evening in the new Odd Fellows hall, and also an initiation of candidates. A special meeting had been planned, in view of the expected visit of the state president, Mrs. Mary Kincaid, but for certain reasons she was unable to be present. An excellent meeting was held however, a large number being in attendance. Mr. and Mrs. E. P. Haney were initiators and the following officers were elected: Mrs. James Bradshaw, Noble Grand; Mrs. A. C. Wilson, vice grand; Mrs. T. C. Page, treasurer; Miss—Kate Bartie, financial secretary; Mrs. M. M. West, recording secretary. An installation of officers will be held the first Saturday in July. Following the business session a social time was enjoyed and refreshments were served.

The Epworth League of the M. E. Church South will hold its regular monthly business meeting Tuesday evening at the church parlors.

Dr. and Mrs. John H. Sewell of Baltimore are visiting their sister, Mrs. P. B. Cox and family.

SEVERE PUNISHMENT

Of Mrs. Chappell, of Five Years' Standing, Relieved by Cardui.

Mt. Airy, N. C.—Mrs. Sarah M. Chappell of this town, says: "I suffered for five years with womanly troubles, also stomach troubles, and my punishment was more than any one could tell.

I tried most every kind of medicine, but none did me any good. I read one day about Cardui, the woman's tonic, and I decided to try it. I had not taken but about six bottles until I was almost cured. It did me more good than all the other medicines I had tried, put together.

My friends began asking me why I looked so well, and I told them about Cardui. Several are now taking it."

Do you, lady reader, suffer from any of the ailments due to womanly trouble, such as headache, backache, sideache, sleeplessness, and that everlastingly tired feeling?

If so, let us urge you to give Cardui a trial. We feel confident it will help you, just as it has a million other women in the past half century.

Begin taking Cardui to-day. You won't regret it. All druggists.

LABORERS BEING SENT TO OKLAHOMA

FREIGHT TRAIN THIS MORNING CARRIES EIGHTY-TWO TO HARVEST

DEPARTMENT OFFICIAL HERE

Assistant Commissioner of Labor in City to Get Men—Railroads Prepare for Harvest

Bound for the harvest fields around Woodward, Oklahoma, eighty-two men left Wichita Falls this morning at ten o'clock on a Wichita Falls and North-western freight train. The men were quartered in cabooses and while railroad officials would not commit themselves, there was an understanding that no fares would be required.

The men were recruited by W. G. Ashton, assistant labor commissioner of Oklahoma. Mr. Ashton remained here to try to secure more men and teams if possible. Telegraphic advices from Woodward this morning were to the effect that ideal harvest weather prevailed there and that one thousand more men would be wanted in that section for the harvest starting tomorrow.

Have Big Task. The labor department of Oklahoma and the railroads are doing all they can to supply labor, but the task of finding a sufficient number of men is a difficult one.

The wheat crop in that section, it is estimated, is four times larger than any ever harvested there and a great number of men are wanted. The Northwestern is making great efforts to be prepared to handle the grain when it starts moving. The road has more than 2,000 box cars fixed to receive grain.

Railroads Are Ready.

Forces have been at work here and at Mangum and Elk City for several weeks getting the cars into shape to receive grain. Solid train loads of empties are being shipped out of Wichita Falls daily and distributed to points along the line. One train load Saturday carried sixty-two cars to points north of Woodward. C. C. Smith, superintendent of transportation for the M. K. & T., estimated the grain crops including hay and grain products on the Northwestern this year at 10,200 cars. His estimate for the entire Katy system is 20,930 cars, showing that the Northwestern will furnish nearly half as much grain traffic as the whole system.

Making Up Second Gang.

A second gang of men was being made up this afternoon to go to Woodward, Okla., this afternoon or tonight. Three hundred thousand acres of grain is ready for the binders is reported in the country around Woodward and north of there. Mr. Ashton, the representative of the Oklahoma department of labor, who is in the city, says that fully 1,000 men are needed and needed badly. He is keeping close touch with the situation and will remain here as long as he can get men.

He says that he will know when enough men are secured and that none need fear of going there and not finding a job as he will stop sending men as soon as sufficient help has been furnished. Mr. Ashton is stopping at the St. James Hotel while in the city.

STORES ON NINTH STREET ENTERED BY BURGLARS

Fifteen Dollars in Money and Large Amount of Confections Stolen

The confectionary store operated by Tom Arnett on Ninth street and the gun shop of D. W. James in the same building were burglarized last night. Cigars, confectionery and candy and ice cream formed the loot. Arnett's place but in the gun shop the burglar opened the safe and got about \$15 from the cash drawer.

Entrance was gained by unlocking the screen at the back doors of Arnett's confectionary and cutting a hole through the door at the bar on the inside. This hole was cut exactly even with the bar and showed that some one who was familiar with the place did the work. A hole about three inches square was used for a telephone stand is cut between the room occupied by the confectionary and the bakery. The burglar crawled through this into the gunshop. Mr. James thought he had locked the safe Saturday night but if he did the burglar worked the combination and then pried open the cash box which had been locked and took the money it contained leaving a check. Mr. Arnett's safe also bore evidences of having been tampered with. The police this morning found a new suit of clothes in the alley at the rear of the First National Bank which had evidently been dropped by someone who had stolen it. The clothes bear the brand "Sell Well." The police so far have been unable to find any dealer in the city handling this brand of clothing.

MINERAL WELLS TO ASK FOR 1915 PRESS MEETING

Will Send Flying Squadron to This City Thursday to Press Her Claims Upon Editors

Mineral Wells has entered the contest for the 1915 meeting of the Texas Press Association and will have a large delegation here Thursday to push her claims for the convention. She will send a "flying squadron" of a dozen or more citizens, officered from admiral on down, and these will make a determined fight for the next meeting.

Corpus Christi has already entered the contest for the convention and will make a fight for it. It is probable that some other Texas cities will get into the running before the meeting place is decided. The Mineral Wells crowd will make the trip by automobile, leaving early Thursday morning and arriving here probably about noon.

ODD FELLOWS AND REBEKAHS IN JOINT MEMORIAL SERVICE

Members of the I. O. O. F. and Rebekahs paid tribute to their dead Sunday afternoon in Odd Fellows hall in the new Henderson building on Seventh street which was filled with members and friends at the annual memorial service. The memorial address was delivered by Rev. F. F. Walters, who paid high tribute to the fraternity and the custom of remembering its members who have journeyed on. A feature of the program was an address on Rebecalism by Brother Newman. The opening prayer was delivered by Judge P. A. Martin and Edgar P. Haney gave a history of the fraternity.

Following the program at the hall the Odd Fellows and Rebekahs went to the cemetery, where they laid flowers on the graves of eight members.

AT THE MOVIES

The Lydia Margaret. An unusually Western feature, "The Tragedy of Whispering Creek," with Pauline Bush in the lead, is showing here today; also a comedy, "Her Husband," Johnnie Ball and company, the newsboy trio, and Billie Doss, two new vaudeville acts, open a three days engagement today.

The Majestic. The ninth story in "The Adventures of Kathlyn" in two parts is showing here today; also "Sunny Jim at the North Pole," a Vita comedy, and an Essanay, "The Spirit of the Madonna."

The Empress. "Teddy's Arrival Home After His Brazilian Trip," the A. B. C. Mediators at Niagara Falls, and many other of the latest occurrences in the busy world may be seen here in the Pathe Weekly No. 35. A four-reel drama, "A Fight For Freedom" or "Exiled to Siberia," cover today's program.

The Victoria. A two-part Majestic feature, "The Body in the Trunk," and a Keystone comedy, "When Williams Meet," are among the pictures on the program today at the Victoria.

OMNIPRESENCE IS PASTOR'S SUBJECT

REV. R. C. MILLER SPEAKS ON CHRISTIAN'S DESIRE TO SEE GOD

NATURE SUFFICIENT EVIDENCE

Says Many Fail to Recognize Almighty's Hand Back of All That is Taking Place

The desire of every real Christian to see God and man's ignorance of God's omnipresence was made the note of an interesting sermon Sunday morning by Rev. Roscoe C. Miller, pastor of the First Baptist Church. All the services of the day were well attended, the Sunday school enrollment being large. The pastor took for his text the verse, "Philip saith unto him, Lord show us the Father, and it sufficeth us." (John 14:8)

The pastor described the incidents leading up to his text, telling of the time when Jesus was in the upper room at Jerusalem and was explaining to his disciples the things that were to take place within the next few days. The pastor said: "The disciples were grieved and almost heart-broken. He exhorted them not to be troubled, stating that they believed in God, and should also believe in Him, for He was going to prepare a place for them and would come again and receive them unto himself. He also stated that He was the way, the truth and the life, and no man could come unto the Father but through Him. This led Philip to make the request of the text that they might see God. This is a natural desire of the regenerated heart.

is Natural Desire. "Christian men through all ages have had a desire to see God. Moses had sufficient proof that there was a God, but we find him in Exodus 33 expressing a desire to see God. He had seen the manifestation of God in the burning bush, and heard His voice; he had seen the cloud by day and the pillar of fire by night; yet he had sufficient evidence to prove to him there was a God, and he desired to see God. God had permitted Moses to see His back, but not His face, and explained to Moses that no man could look on His face and live. We find this same desire to see God in Philip, and he says to Christ, if you will show us the Father we will be satisfied. This is the cry of every regenerated soul today, to see God. The world is asking for manifestations of God.

Men through all ages have done this. Gideon, the godly, consecrated leader of the host of Israel, believed in God, and yet at a critical moment in his life he asked God for special manifestation of His presence with him; God gave him this evidence and he went forth to conquer. Every regenerated person has had that same longing to see God and to know Him.

God's Presence Unrecognized. "Nature is sufficient evidence to the observing. We find David saying that the heavens declare the glory of God and the firmament showeth His handiwork. Day unto day uttereth speech, and night unto night showeth knowledge. The natural is as much an evidence of God as the supernatural. The constantly recurring things become so commonplace that we forget that God is back of them all. We say they are the result of natural law, and yet God is as much the author and preserver of natural law as He is of other things. It is God that makes the peach tree bear peaches and not walnuts. The wheat fields now freighted with their bread are the evidence of God. How little we recognize this and thank Him for His bountiful supply. The water we have to drink, the clothing we wear, the food we eat, from day to day come directly from God, yet so many times we fail to see Him in these things. God is not only seen in the natural, but in the supernatural and miraculous. Jesus, Christ was God in the flesh, and was a miraculous demonstration of God's presence with men. His whole life and nature were out of the ordinary. The very spirit that He manifested proves that He was more than ordinary man, that other men. He had no selfish ambitions; His whole life was spent for others; He died willingly for His enemies. His wisdom was unequalled by other men. He knew all things. He is as familiar with the future as with the past. He knew the hearts and read the thoughts of men. There were no mysteries to Him. He had the wisdom and the spirit of God. His work far surpassed the work of all other men. He went about through His whole life doing good. Never once did he make a mistake. He lived the only perfect life. He endeavored at all times by word and deed to point men to God, His Father, and yet Philip asked that he might see the Father. This apparently grieved the heart of Christ and he said unto him Philip, have I been so long time with you, and yet hast thou not known me Philip? He that hath seen me hath seen the Father.

Causes For Man's Failure. "Unbelief has kept many from seeing God. In this short passage of scripture we find the word 'believed' used eight times. So much depends upon what a man believes. Men are not willing to assert disbelief, but they fail to exercise belief. Unbelief is a failure to accept the truth. Disbelief is a denial of the truth. In this day and age few men are willing to deny the truth of God's Word, and yet they do not accept it. We find that Jesus could not tell the disciples many things He wanted to tell them because of unbelief. We are told in one place that Jesus could not do many mighty works because of their unbelief. Unbelief blinds men to the presence of God. Then men are blinded by impurity. An impure heart will keep us from seeing God. Jesus said 'Blessed are the pure in heart, for they shall see God.' An impure heart makes us love things that keep us

613 CONVERTED AT SCOVILLE MEETINGS

SUCCESSFUL REVIVAL COMES TO CLOSE WITH TENT SERVICES SUNDAY

GOOD RESULTS ARE ATTAINED

Evangelist Will Lecture Tonight on Passion Play—To Leave Shortly for Missouri

Six weeks of revival meetings under the auspices of the First Christian church, came to a close Sunday night when Dr. Charles R. Scoville preached the closing sermon at the tent, where the meetings have been held during the past week.

Thirty-two were added to the roll of converts during the day, making a total of 613 who have responded to invitations while the meetings have been in progress. This is an average of over twenty per day, and Dr. Scoville is well pleased with the results of his campaign here. He is much gratified at the spirit of cooperation that has prevailed.

From here the party will go to Bath, Missouri, to conduct a union revival meeting. Tonight Dr. Scoville will speak at the tent on the "Passion Play," which he witnessed on his European tour. The lecture will be illustrated with stereopticon views and musical numbers by Mrs. Scoville and Mr. Marty will be a feature of the program. Both are talented musicians and this will be Wichita's last opportunity to hear them. An admission fee of ten cents will be charged, the same as Murphy charged, as Dr. Scoville expressed it. Mr. Murphy had planned to reopen his tent show tonight, but delayed the opening one night at Dr. Scoville's request.

Reception Tomorrow Night. Tomorrow night the members of the Scoville party will attend a reception at the church, given in their honor. New members will be designated by white badges, old members by red badges and others by blue badges.

Of the meetings a few who have been converted under Dr. Scoville's preaching, a large majority have united with the First Christian church, although each of the evangelical churches of the city has received recruits as a result of the services. Thirty-two responded to the invitations at yesterday's morning and evening services. Both services were attended by congregations that filled the tent almost to its capacity.

"The Church as a Divine Institution" was Dr. Scoville's topic at the morning sermon. He said that lodges, clubs, the state and political bodies in general were all human bodies, but that the church stood out alone as a divine institution. He quoted Christ's words, "On this rock will I build my church," and showed how He delegated the apostles to carry on the work. Human laws governed human institutions, Dr. Scoville pointed out and human penalties were provided for those who disobeyed.

Church as Divine Institution. "The church stands on a divine plan of salvation and not on human methods of getting religion," said Dr. Scoville. "It's not what men think that counts, but what God says." He continued that there was too much trifling with the Bible and not enough reverence for its teachings. Too many people, he said, read the Bible according to their own notions; there should be divine authority for whatever was done. In the evening Dr. Scoville spoke on the text, "The books shall be opened and the doors shall be shut." He developed this text along three lines, discussing the book of God's law, the book of God's promises and the book of life. Man was prone to complain against God, he said, when things went wrong, but this was unjust and unkind, because God's condition of forsaking one's sins, had not been fulfilled by men.

The evangelist spoke of what he termed social sins, discussing the art of our children. We cannot indigest a back-biting, slander, vulgarity and falsehoods and expect to see God's face in peace.

Wants To Be Recognized. "God wants to be recognized by His children. As parents, how we watch for the first filial recognition on the part of our children. It is a pleasure to the parent when their baby knows them from other people. It is almost a joy to have them cry after you and cling to you. And so it is with our Heavenly Father. He longs to be recognized. Let us ever cultivate the desire to see God. Let us recognize His presence in everything that is good. My prayer to God is that we may remove every thing that would interfere with our seeing Him day by day. Let our lives be clean and our hearts thoughtful and conscious of His presence. We all believe that God is everywhere, but are we aware of His presence with us as we walk the street, as we transact our business, as we sit in our social circles, as we indulge in the amusements of life? Are there times in your life when the conscious presence of God would startle you? Do you ever engage in conduct that you would not care for God to see? May our lives ever be such that we may not fear the presence of God at any time."

He said that he had been told that someone in the city, ordering a new gown from her dressmaker, told her to cut it just as low as she dared, and related one of Sam Jones' stories about the man who, returning from a social function where décollete dresses were in evidence, said he hadn't seen anything like it since he was wedded. The speaker said that no one could escape the consequences of sin and that the sinner himself was to blame when the consequences came.

THE REGULAR MAN.

Lord, let me live like a Regular Man. With regular friends and true, Let me play the game on a regular plan.

And play it that way all through; Let me win or lose with a regular smile And never be known to whine, For that is a "Regular Fellow's" style And I want to make it mine.

O give me a regular chance in life. The same as the rest, I pray, And give me a regular girl for wife To help me along the way; Let us know the lot of humanity, Its regular woes and joys, And raise a regular family Of regular girls and boys.

Let me live to a regular good old age, With regular snow-white hair, Having done my labor and earned my wage

And played my game for fair; And so at last when the people scan My face on its regular bier, They'll say, "Well, he was a Regular Man!"

And drop a regular tear! —Berton Braley in the Popular Magazine.

MR. AND MRS. WILLIAM HUFF CELEBRATE FIRST ANNIVERSARY.

Mr. and Mrs. William Huff celebrated their first wedding anniversary with a family dinner-Sunday at their home, 1212 Denver. Nasturtiums in profusion were used through the house and the center decorations of the dining table were of the expected flowers. Those present included Mr. and Mrs. C. C. Huff of Dallas, Mr. and Mrs. A. R. Huff, Mrs. William Huff, Sr., Miss Stone, Marshall Huff, R. E. Huff, Tom Huff and the host and hostess.

BACHELOR GIRLS MEET WITH MISS MOORE AS HOSTESS.

The Bachelor Girls met Friday with Miss Bess Moore. A business session was held and Miss Gladys Herron was elected a new member. A social time was enjoyed, the hostess serving delicious refreshments of ice cream and cake. Those present were: Misses Kathleen Paul, Jessie Kerr, Carrie Kerr, Mabel Winfrey, Ethel Rainey, and the hostess.

REBEKAHS HOLD INITIATION AND ELECT OFFICERS

The Rebekahs held an election of officers at their regular meeting Saturday evening in the new Odd Fellows hall, and also an initiation of candidates. A special meeting had been planned in view of the expected visit of the state president, Mrs. Mary Kincaid, but for certain reasons she was unable to be present. An excellent meeting was held however, a large number being in attendance. Mr. and Mrs. E. P. Haney were initiated and the following officers were elected: Mrs. James Bradshaw, Noble Grand; Mrs. C. Wilson, vice grand; Mrs. T. C. Page, treasurer; Miss Kate Bartie, financial secretary; Mrs. M. M. West, recording secretary. An installation of officers will be held the first Saturday in July. Following the business session a social time was enjoyed and refreshments were served.

The Epworth League of the M. E. Church South will hold its regular monthly business meeting Tuesday evening at the church parlors.

Dr. and Mrs. John H. Sewell of Baltimore are visiting their sister, Mrs. P. B. Cox and family.

SEVERE PUNISHMENT

Of Mrs. Chappell, of Five Years Standing, Relieved by Cardui.

Mt. Airy, N. C.—Mrs. Sarah M. Chappell of this town, says: "I suffered for five years with womanly troubles, also stomach troubles, and my punishment was more than any one could tell.

I tried most every kind of medicine, but none did me any good. I read one day about Cardui, the woman's tonic, and I decided to try it. I had not taken but about six bottles until I was almost cured. It did me more good than all the other medicines I had tried, put together.

My friends began asking me why I looked so well, and I told them about Cardui. Several are now taking it. Do you, lady reader, suffer from any of the ailments due to womanly trouble, such as headache, backache, sideache, sleeplessness, and that everlasting tired feeling?

If so, let us urge you to give Cardui a trial. We feel confident it will help you, just as it has a million other women in the past half century.

Begin taking Cardui to-day. You won't regret it. All druggists.

LABORERS BEING SENT TO OKLAHOMA

FREIGHT TRAIN THIS MORNING CARRIES EIGHTY-TWO TO HARVEST

DEPARTMENT OFFICIAL HERE

Assistant Commissioner of Labor in City to Get Men—Railroads Prepare for Harvest

Bound for the harvest fields around Woodward, Oklahoma, eighty-two men left Wichita Falls this morning at ten o'clock on a Wichita Falls and Northwestern freight train. The men were quartered in cabooses and while railroad officials would not commit themselves, there was an understanding that no fares would be required.

The men were recruited by W. G. Ashton, assistant labor commissioner of Oklahoma. Mr. Ashton remained here to try to secure more men and teams if possible. Telegraphic advices from Woodward this morning were to the effect that ideal harvest weather prevailed there and that one thousand more men would be wanted for that section for the harvest starting tomorrow.

Have Big Task. The labor department of Oklahoma and the railroads are doing all they can to supply labor, but the task of finding a sufficient number of men is a difficult one.

The wheat crop in that section, it is estimated, is four times larger than any ever harvested there and a great number of men are wanted.

The Northwestern is making great efforts to be prepared to handle the grain when it starts moving. The road has more than 2,000 box cars fixed to receive grain.

Railroads Are Ready.

Forces have been at work here and at Maugum and Elk City for several weeks getting the cars into shape to receive grain. Solid train loads of empties are being shipped out of Wichita Falls daily and distributed to points along the line. One train load Saturday carried sixty-two cars to points north of Woodward.

C. C. Smith, superintendent of transportation for the M. K. & T., estimated the grain crops including hay and grain products, on the Northwestern this year at 10,200 cars. His estimate for the entire Katy system is 20,930 cars, showing that the Northwestern will furnish nearly half as much grain traffic as the whole system.

Making Up Second Gang.

A second gang of men was being made up this afternoon to go to Woodward, Okla., this afternoon or tonight. Three hundred thousand acres of grain is ready for the binders is reported in the country around Woodward and north of there. Mr. Ashton, the representative of the Oklahoma department of labor, who is in the city, says that fully 1,000 men are needed and needed badly. He is keeping close touch with the situation and will remain here as long as he can get men.

He says that he will know when enough men are secured and that none need fear of going there and not finding a job as he will stop sending men as soon as sufficient help has been furnished. Mr. Ashton is stopping at the St. James Hotel while in the city.

STORES ON NINTH STREET ENTERED BY BURGLARS

Fifteen Dollars in Money and Large Amount of Confections Stolen

The confectionery store operated by Tom Arnett on Ninth street and the gun shop of D. W. James in the same building were burglarized last night. Cigars, cigarettes, candy and ice cream formed the loot at Arnett's place but in the gun shop the burglar opened the safe and got about \$15 from the cash drawer.

Entrance was gained by unhooking the screen at the back doors of Arnett's confectionery and cutting a hole through the door at the bar on the inside. This hole was cut exactly even with the bar and showed that some one who was familiar with the place did the work. A hole about twelve inches square used for a telephone stand is cut between the room occupied by the confectionery and the bakery. The burglar crawled through this into the gunshop. Mr. James thought he had locked the safe Saturday night but if he did the burglar worked the combination and then pried open the cash box which had been locked and took the money it contained leaving a check. Mr. Arnett's safe also bore evidences of having been tampered with.

The police this morning found a new suit of clothes in the alley at the rear of the First National Bank which had evidently been dropped by someone who had stolen it. The clothes bear the brand "Sell Well." The police so far have been unable to find any dealer in the city handling this brand of clothing.

Notice to Baptists. All Baptists, together with their families and friends of our congregation are cordially invited and earnestly requested to be at the First Baptist church Wednesday, June 17th at 8:00 p. m. for the purpose of welcoming our new pastor and family and spending a social hour together. A very short program will be rendered and refreshments served. Committee. 28 St. J.

MINERAL WELLS TO ASK FOR 1915 PRESS MEETING

Will Send Flying Squadron to This City Thursday to Press Her Claims Upon Editors

Mineral Wells has entered the contest for the 1915 meeting of the Texas Press Association and will have a large delegation here Thursday to push her claims for the convention. She will send a "flying squadron" of a dozen or more citizens, offered from admiral on down, and these will make a determined fight for the next meeting.

Corpus Christi has already entered the contest for the convention and will make a fight for it. It is probable that some other Texas cities will get into the running before the meeting place is decided. The Mineral Wells crowd will make the trip by automobile, leaving early Thursday morning and arriving here probably about noon.

ODD FELLOWS AND REBEKAHS IN JOINT MEMORIAL SERVICE

Members of the I. O. O. F. and Rebekahs paid tribute to their dead Sunday afternoon in Odd Fellows hall in the new Hagerston building on Seventh street which was filled with members and friends at the annual memorial service. The memorial address was delivered by Rev. F. F. Walters, who paid high tribute to the fraternity and its custom of remembering its members who have journeyed on. A feature of the program was an address on Rebekahism by Brother Newman. The opening prayer, was delivered by Judge P. A. Martin and the closing prayer was given by Rev. F. F. Haney gave a history of the fraternity. Following the program the Odd Fellows and Rebekahs adjourned to the cemetery where they gathered on the graves of the departed.

To look on the bright side of life and its affairs with an enthusiastic belief that everything is all right and for the best is ideal. This is especially true as it applies to those who come in contact with the sick. A physician should be an optimist—ready to stimulate hope even though he may not have it himself. Hopefulness in the countenance and optimism in the words and action of the physician are as sunshine in the sick room; they stimulate hopefulness of recovery in the sick and a courage that often has potent influence for good. They make life worth living while it lasts. The psychic influence is always felt so long as conscience remains.—Journal of the American Medical Association.

The friends of Candidate Ferguson had a great rally at Dallas Saturday, and some who made speeches and who had before predicted his election by 50,000, were feeling so good Saturday that they placed his majority at 100,000. Another speaker volunteered the information that Col. Ball would withdraw from the governor's race before July 1st, in order to save being humiliated. No doubt they felt that way about it. That kind of electioneering calls to memory the time Blacksmith Bob Williams was making the race for governor against Tom Campbell. There were those who predicted Blacksmith Bob's election by from 25,000 to 150,000 majority over Campbell, and the noise the Cumbly statesman was making rally justified such a prediction. But it was different when the votes were cast and counted out. It may be that some sound that we are now hearing, and it may turn out the same way. At any rate, it is best not to rely too much on the statements made by the more enthusiastic. Our candid opinion is if their predictions are to be made good they will have to get busy and convert a few thousand more voters to their way of thinking. A calm summing up of the race between Ball and Ferguson just at this stage of the contest will not justify allowing either a great big majority, though there is hardly a doubt but that Ferguson is gaining ground rapidly, while Ball has hardly been able to hold the strength he started with. There are various reasons for this, one of which is that given by Senator Morris Sheppard who says that the support Senator Bailey is giving Ball is hurting rather than aiding Ball. That may or may not be the cause, but it is evident that something has caused it. Just what it will be difficult to determine. But don't let anyone deceive himself by imagining the present gubernatorial contest is a one-sided affair, for it is nothing of the kind. Ferguson, little known at the start, would have been defeated by an overwhelming majority had the election been held a month or six weeks ago. There is hardly a doubt about that. He is better known now, and has an organization second to none of any gubernatorial aspirant, and this organization is at work. The Ball followers have been a little too overconfident. If their candidate loses his defeat can be attributed largely to the over-confidence of his friends and supporters.

WILLARD GORTON A FINE ENTERTAINER

Has Unique, Original and Laughable Chautauqua Act.

No Chautauqua program is complete without a first class entertainer. This year our program includes Willard Gorton—"Nuf Sed." In nearly every state in the Union for many years Mr. Gorton has been appearing before representative audiences at Chautauquas in an entertainment so unique and original as to place it in a class by itself. Mr. Gorton presents a program of widely different features; consequently he is able to delight alike persons of all tastes and stations in life. The material he employs is unmistakably wholesome. Throughout his entire entertainment there is something to see as well as to hear. Space forbids more than the mere mention of a few of the special features of his evening of entertainment—

WILLARD GORTON.

instance, his clay modeling, in which in an incredibly short space of time Mr. Gorton models portraits, heads and familiar faces, comical figures, etc., transforming one into another in a manner that never fails to astonish. His fabric pictures are a decided novelty. Mr. Gorton deftly pins torn pieces of cloth of various colors and speedily produces a landscape resembling poster pastels. Then there are his crayon sketches and cartoons and his costumed characterizations and his impersonations of noted men. This latter undoubtedly is one of the most remarkable features on the Lyceum or Chautauqua platform. Mr. Gorton not only looks like the men represented, but he also acts and talks like them. He makes up for these wonderful characters in full view of the audience and gives at the same time a brief biographical sketch of the person represented. These impersonations are really wonderful. Mr. Willard Gorton is the premier Chautauqua entertainer.

James Holt, representing the American Type Founders Co., arrived in the city Saturday night and will be the guest of his sisters, Mrs. George Stearns and W. M. Langford during the week of the Texas Press Association Convention.

Announcement to the Public

Mr. and Mrs. C. C. Bunnberg wish to announce that on Monday Evening, June 15th, from 3 to 9, they will open to the public their beautiful new thirty-six room Hotel which has been named "The American," located corner Tenth Street and Indiana Ave., opposite Opera House.

THE AMERICAN HOTEL has 36 modern sanitary rooms with or without hot and cold bath, telephone in each room. The rooms are large and spacious, elegantly decorated and will be pleasing to the most fastidious host. Furniture, rugs, draperies, bedding are new and of the finest quality. We cordially invite you to call and inspect our new home. THE AMERICAN HOTEL rooms have southeast exposures, thereby getting all the cool breeze that's to be had. Our location is within a few moments walk to any part of down town, still far enough away from the noise and bustle of the city thereby assuring you of a peaceful, restful, comfortable home-like place to live. THE AMERICAN HOTEL desires especially to convey to the public that it caters only to respectable people. None others will be tolerated under any circumstances. This is imperative.

The American Hotel rates are popular price to the traveling public. Special rates for the permanent. Again we ask you to call and see for yourself that the American Hotel is all we claim.

WHEAT PRICES DROP TO 75 CENTS A BUSHEL TODAY

About 2000 Bushels Received in Wagons Today—Average Yield About Twenty Bushels

Wheat prices dropped to seventy-five cents a bushel on the local market today. Dealers believe it will remain at this figure for several days, although a further drop was reported in the futures market. It was thought Saturday that the quotation today would be seventy-eight cents; but the drop was larger than had been anticipated. About 2,000 bushels of wagon wheat was marketed here today and the quality continues good. Most fields so far reported have averaged about twenty bushels per acre, some running as high as thirty. While the quality of wheat received here so far has been good, undergrade wheat is reported from some sections. Such wheat is mostly low land wheat, which did not fill out properly on account of the excessive rains.

FEMALE BASEBALL TEAM IS DEFEATED BY LOCALS.

A team made up of local players won yesterday afternoon from Al Gibbs' baseball team, seventeen to five. Though the male nine won with ease,

the girls played well enough to make things interesting, adding some bits of by-play to their game. In one instance when a local player had slammed the ball over the left field fence and was passing second base on his way around the circuit, the young woman left fielder came running in, pretending to hold the ball in her glove. She bluff the runner into hugging the base until the real ball was thrown in from outside the park. The hidden ball trick was also worked and once one of the girls took advantage of the umpire's back being turned, to go from third to first without the formality of touching second or going anywhere near it.

REBELS LOSE AT ZACATECAS, FEDERAL REPORT DECLARES

Conflicting News as to Siege of Important Mexican Point Comes From Both Sides
By Associated Press.
Mexico City, June 15.—Telegraphic reports received at the capital today from Zacatecas say that the losses of the constitutionalists in the battle at that place are estimated at 3000. General Barron, who commanded the federalists, has been promoted to the rank of general of the division. He says that after an eight day battle the constitutionalist were repulsed. He says that one constitutionalist chief, Juan Cabral, was captured and immediately put to death. Constitutional leaders Caloca and Triana were killed and General Panfilo Natera commanding the attacking force, was seriously wounded. The federalists claim to have captured several machine guns and much ammunition.

FINE MONOLOGUE OFFERING.

To interpret "The Sign of the Cross" at the Chautauqua.
James Francis O'Donnell, the noted monologue actor, will appear during the Chautauqua in the famous drama, "The Sign of the Cross."
The story of "The Sign of the Cross" is familiar. A Christian maiden under the reign of the cruel Nero is loved by a pagan nobleman. Her rival for the Christian, and she is thrown into a dungeon with the understanding that she will be freed if she will renounce her faith. Her lover tries to break her fortitude by alluring

JAMES FRANCIS O'DONNELL.

promises for the future, but is unsuccessful. Overcome by her devotion to Christ, the pagan lover likewise professes his faith in God, and they march to their martyrdom together.
Mr. O'Donnell is a superb actor of fifteen years' experience on the platform. He has a magnificent voice that is capable of the most delicate shades and inflections, and his interpretation of the characters of the play is so compelling and realistic that one beholds a theatrical production enacted as though by a fully equipped company.
In "The Sign of the Cross" Mr. O'Donnell appears in full Roman costume. This drama as given by Mr. O'Donnell has proved very popular recently in Dubuque, Cincinnati and many other well known cities.

Send for The Cook's Book By Mrs. Janet McKenzie Hill It's FREE

Our instructions to the famous editor of the Boston Cooking School Magazine were: "Get up a book of recipes of the things people like best. Find the best way to make and bake each one. Then write it out so plainly that even an inexperienced housewife can't have a failure."
"The Cook's Book" was the result. Some of the 90 recipes were originated, many of them were improved upon, and all were personally tested by this best known authority on cooking in America, and she tells so clearly how she made everything that one cannot go astray.
While some of the cakes and pastry are elaborate enough for any occasion, the recipes are all thoroughly practical and call for no expensive and unusual ingredients. In addition, to telling how to make them, the book is beautifully illustrated in colors showing how to arrange and serve the dishes appetizingly.
More than half a million of "The Cook's Book" are now in use in American households. Yet the demand is constantly increasing. Many send for two or three at a time to give to friends or young housekeepers. "Don't depend on borrowing one from a neighbor—have one of your own.

How to Get "The Cook's Book"

In every 25c can of K.C. Baking Powder is packed a colored certificate. Send in one of these certificates (paste it on a postal card if you like) with your name and address plainly written, and "The Cook's Book" will be mailed free of charge. Only one book for each certificate.

EFFECT OF HEARING UPON CHARACTER

REV. C. C. SMITH PREACHES ON THIS AT FIRST M. E. CHURCH SUNDAY

WHAT TO HEAR OR NOT TO HEAR

Importance of Things That Come to One's Ears in Their Bearing Upon Life

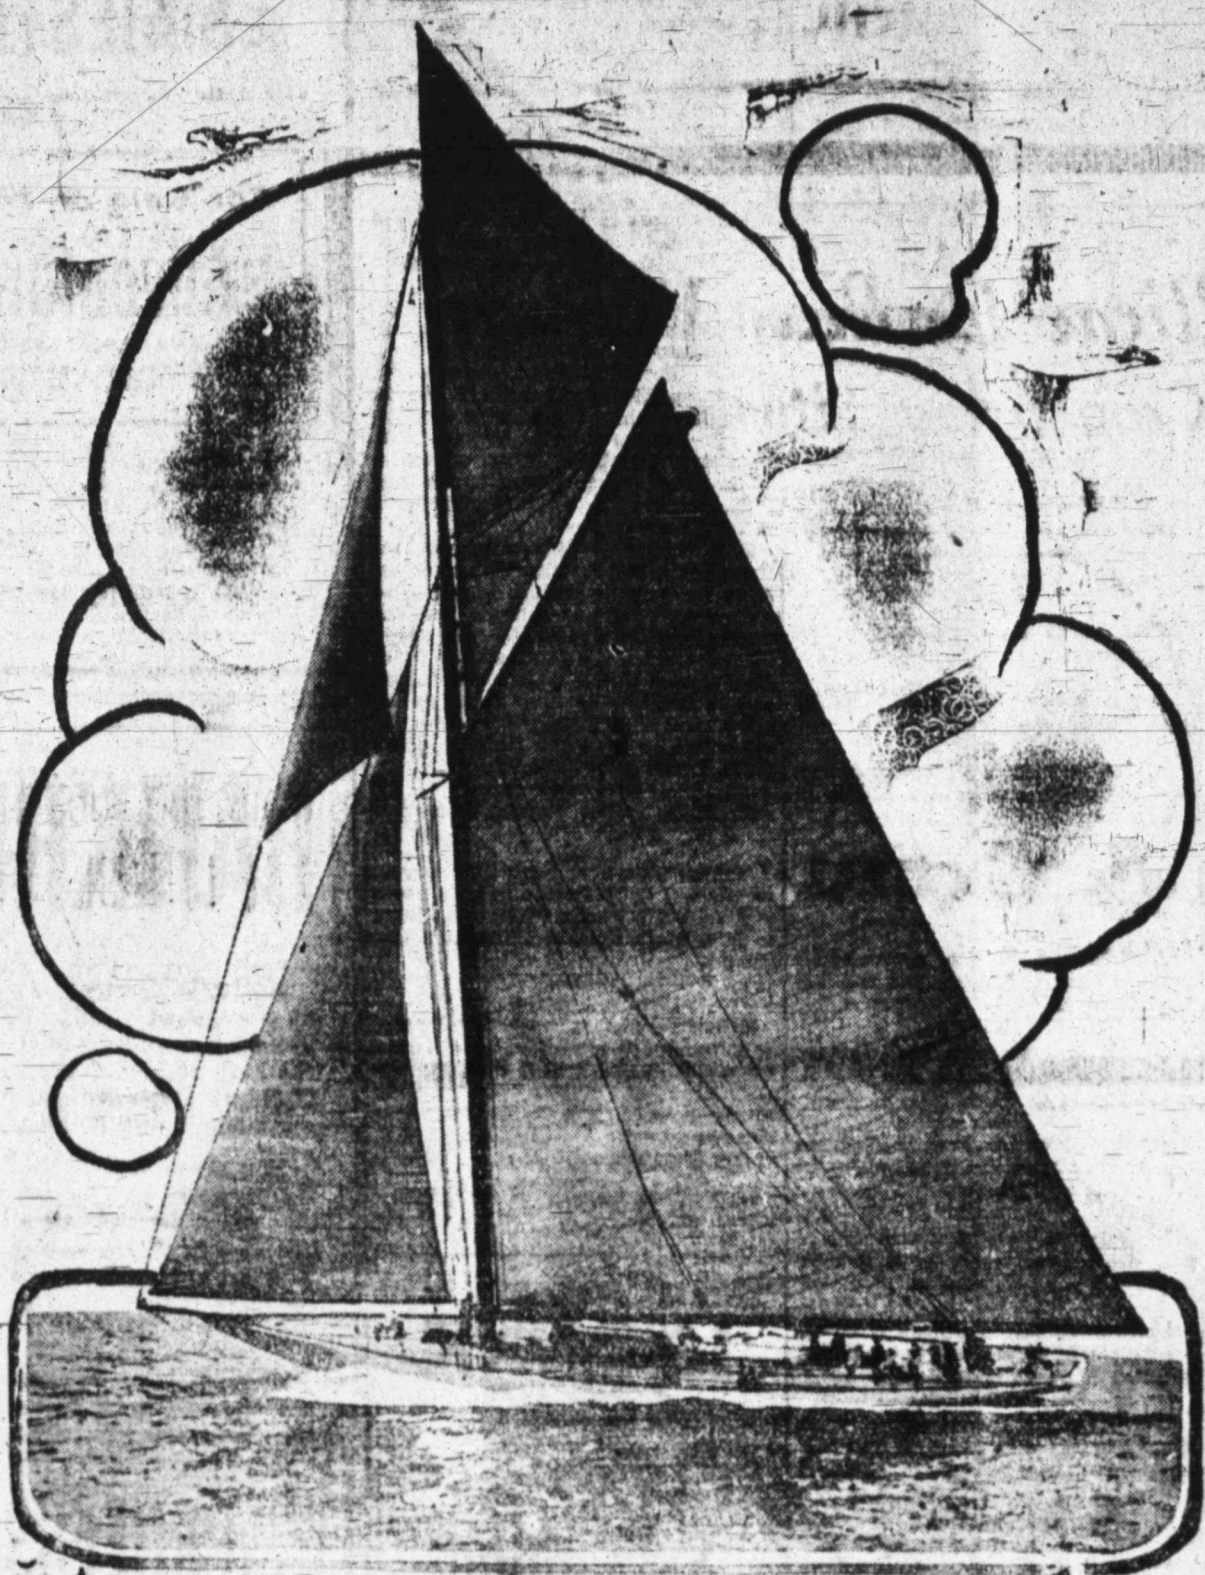

"He that hath ears, let him hear," was the text of the sermon Sunday evening at the First M. E. Church by Rev. C. C. Smith, the pastor. He discussed the sense of hearing as to its importance upon human lives and character. Mr. Smith said:

"Christ used the words of the text on several occasions, thus showing his conception of the importance of the principle involved, and his emphasis so impressed the Apostolic writers that in the first three gospels they repeat them frequently and throughout the book of Revelations John uses practically the same words to emphasize certain important truths to which he has given expression. These words appear at least fifteen times in the New Testament with particular emphasis in each case. There is a simple bit of philosophy underlying them, from which we can not well escape.

"That we have been given the faculty of hearing is evidence that the Creator intended us to hear. His intention fixes our responsibility. Since we are moral and intellectual creatures we are to use this faculty intelligently. As with every other faculty of the soul, so with hearing, obligation goes into possession. We can well see our responsibility for hearing, since we have the faculty to hear and the power to discriminate largely as to its use. We can not weekly say, 'I am so surrounded that I must hear this and that.' The physical ear may be compelled to record many disagreeable things, but this is only a part of hearing and this may be controlled to a very great extent if we understand that it is important.

"The physical fact of hearing, is closely related to the moral problem involved in the use of our ears. Hearing is accomplished through a nerve reaction. A vibration of ether strikes upon the machinery of the ear and the connecting nerve carries the vibration on to the proper brain center and that mysterious self of which we know so little gathers an idea from the vibration. But when the vibration is part an impression still abides upon the receiving instrument. We are not the same as we were before hearing. Different processes of living and thinking effect the brains of individuals differently, so that we may suppose

Resolute May Be Chosen To Defend America's Cup Against Shamrock IV

RESOLUTE

that each separate thought confirms the brain somewhat and the makeup of our brain is affected by the sum

total of our thinking. We hear a song and perhaps after months have elapsed we will be echoing the strains. If the song is good the impression is valuable. If the song is foul we are impoverished by so much. We hear a story, good or bad, and it lingers. We can not shake it off. We are richer or poorer because of the story. Because we listened we made that story a part of us and we can not escape it. Thus we gather our ideas and build up our self within, and because of this fact we should take heed to what we hear.

"That our thoughts make abiding impression is illustrated in many ways. An English speaking girl was maid of all work in a home where the husband and wife were studying German together. They had picked up some conversational German and were in the habit of talking it at the table for practice. The girl did not particularly enter into the study, but of course heard the German phrases. Presently the maid was taken ill and passed into delirium, in which state she constantly repeated accurately the German phrases to which she had listened but had made no effort to learn. She was automatically responding to brain impressions. Persons losing control of themselves in delirium or insanity often repeat words and ideas foreign to their normal life, but which had impressed them in some way. A lady of refinement and religious conviction was compelled to listen for years to her husband and his hired man swearing. She became insane and her husband was dumfounded to hear his own words echoed from her lips. This is the physical side, but it is very important. The physical is the foundation through which the spiritual must express itself and we should take heed to all those things which make abiding physical impressions.

"Parents should determine to a great extent what children hear. For several years the child's thought and conversation is little more than a reflex of what he hears and sees. Parents who desire the best for their children should cause them to hear and see the best. Most any Sunday school song is better than rag time. Some are only a little better. It is true, and if song leaders fully understood what is involved all church music would be of a high order. The teaching in the Sunday school will contribute to high thinking and speaking on the part of the child. He will hear enough of the evil in spite of us, therefore we should cultivate his taste by associating with him the best. For child and adult there should be study to find the right environment. We should hear for ourselves, and cause the children to hear, the good in music, public address and conversation and the impress upon the brain and upon the real self will be good.

"It makes a difference what we hear because our beliefs are largely shaped by what we receive in this way. It is sometimes said that it matters little what one believes if only he be sincere. Christ did not so teach. Some matters that have been emphasized in connection with religion may be incidental, but there are fundamentals without which religion is nothing. The divinity of the Christ—'Except ye believe that I am ye shall die in your sins.' Getting rid of sin. 'Ye must be born anew.' Keeping rid of sin. 'The soul that sinneth it shall

die.' Living right with others. 'Thou shalt love thy neighbor.' The reality of sin, 'Sin is the transgression of the law.' The seriousness of sin, 'While we were yet sinners Christ died for us.' Eternal life, 'Because I live ye shall live also.' These verities regarding sin and redemption are essential to salvation. It is more important how we hear regarding these fundamentals.

"There are those today who are trying to teach that there is no such thing as sin. One such teacher in a nearby city, forced by his own logic when applied to a concrete case, declared that a man who had recently committed a very brutal murder had in reality done no wrong. Such teaching is dangerous both to the individual and to the social order. He may have been sincere, but he was tremendously wrong nevertheless. The most casual observer should be able to see that there are at least two ways of living—a right and a wrong. No manipulation of words can change this obvious fact. It makes very little difference by what name we call it, but when a man takes the life of another there is a breaking with the natural order that is serious and must inevitably have serious consequences. From this hideous crime to the more innocent offences there are obvious breakings, with the ideals of right that have some serious consequences and evident reality. We may seek to ignore this fact, but our zeal will not affect the reality. We should take heed how we hear along these lines as well as along others.

"Familiarity with truth makes hearing difficult. We need to speak of people being 'gospel hardened.' This expression may not be very good, but it is expressive. Many auditors do not hear and it is often difficult for a preacher to elicit real earnest attention. A familiar text is announced and the auditors drop back to restful contemplation of the familiar suggestions of the text and shut themselves up against any new truth. If men would divest themselves somewhat of all pre-conceived notions and hear as though it were for the first time what a difference it would make. How familiar we grow with Bible truth! A sinful man dies unrepentant. According to the Bible he is eternally lost. If what that really means should grip us we would be simply overcome. Christ died to redeem men from sin. How often we have heard that and how little it moves us. The intelligent Hindu, hearing that for the first time, is astounded with the thought that the Son of God should die for him.

"We are commanded to hear. Our Creator has made it possible for us to hear and has made this the avenue by which we must receive much know-

Tuxedo—A Hit with the Hit-Makers

HUNDREDS of the snappiest ball players in the country—the clean-cut athletes who provide Americans with their greatest outdoor relaxation—enthusiastically endorse Tuxedo. This is the kind of endorsement that carries a convincing punch.

These men know that Tuxedo is a mild, pure tobacco, which can be smoked all day with pleasure. Tuxedo cannot bite the tongue; it burns freely and smoothly, giving a cool, sweet smoke.

Tuxedo

The Perfect Tobacco for Pipe and Cigarette

From the scoreboard man to the magnate in the private box, everybody on the grounds is "catching on to" the supreme merit of Tuxedo.

Tuxedo is made from the finest, mildest leaves of high-grade Burley tobacco, so treated under the famous original "Tuxedo Process" that it burns slow and cool, with a delightful flavor and aroma.

The "Tuxedo Process" makes it impossible for this perfect tobacco to bite or sting the most delicate throat or tongue.

Tuxedo has many imitators—in outward appearance. It has no equal in the pipe or cigarette.

Let Every One Boost

It is now almost absolutely sure that Texas is going to have an era of unparalleled prosperity this summer and fall, and especially Wichita County which has one of the largest wheat crops ever seen in this country.

Through all the hard years of crop failures Wichita Falls has been progressing nicely, growing faster than any city of similar size in the United States. Every month new industries and new enterprises are locating and being built in this city.

We Have Gifts That Will Please June Brides

This month we know you will be looking for gifts for June brides, and we have made preparation. We have received our new stock of cut glass, sterling silver, and plated ware and are showing the very latest designs in these lines. We have appropriate gift articles from a very few dollars, up as high as any one would care to go, and it is always our pleasure to show them.

EFFECT OF HEARING

UPON CHARACTER

(Continued from Page 6)

edge if we are ever to receive it and He has placed the responsibility with us. We understand somewhat the possibilities in hearing. We know how it may shape the life. We are to command this faculty as well as all other faculties. We are not only cautioned

against hearing the evil, but we are commanded to hear the good. We may best supplant the evil by enthroning the good. If an evil thought intrudes itself upon our mind, we should turn the mind toward a good thought instead. If a vicious song persists in ringing in our ears, sing a good one till the other is gone. Avoid the low by cultivating the high. Drive out the impure by bringing in the pure. Hearing is a means by which this may be accomplished. We can bring ourselves within hearing of much that is good and can avoid hearing much that is evil. Having ears we should hear aright. He that hath ears let him hear intelligently.

THIS IS GREAT WEATHER FOR FOUNTAIN DRINKS

And we have got the drinks to fit the weather. Delicious decoctions of ice cream and pure fruits, chocolates smothered with iced whipped cream, of nut and fruit sundaes, of cooling lemon and limades, sweet cherry flips and grape frappe. Ten minutes spent under our electric fans, while you ooze into your system one of these drinks, will make the world look brighter. We cater especially to ladies, and our location offers a particular pleasant spot, devoid of vulgar, stalling crowds.

We also deliver ice cream at any time to any place Just arrived July Elite and June 15 Vogue
