VILLA-CARRANZA BREACH WIDENS AFTER FORMER RESIGNS COMMAND

CONSTITUTIONALIST EMPLOYEES ARE REMOVED FROM OFFICE

Villa Denies There Is Any Rupture Between Himself And Carranza However

EXPECTED TO INFLUENCE MEDIATORS' WORK

Action Said To Be With View To Getting Rid Of Officious Politicians Hired By Carranza

By Associated Press.
El Paso, June 17.—General Villa through his agents here today issued a general denial that there had been any split between himself and General Carranza. He said the arrest of the Carranza officials at Juarez had been the result of a misinterpretation of orders by the officer in charge of the Juarez garrison.

It was learned, however, that between twenty and thirty employees of the Juarez offices were sent on a special train early today to Chihuahua City, thence to be transported to Torreon, where Villa remains. These men, employees of the customs house, telegraph office, treasury department and information bureau, were arrested late yesterday by Col. Ornelas in a raid on the various national offices where Carranza appointees were employed.

The whereabouts of H. Perez Abreau was the matter of most speculation. He had been selected as publicity agent of the revolution, whose function it was to issue official bulletins to the press. He disappeared when his office was taken over by Villa's soldiers. He had just issued an announcement that he was reporting the attack of Naterá on Zacatecas in which Naterá had been defeated.

Constitutionalist agents here today are busy attempting to explain the sudden turn of affairs at Juarez, but owing to the rigid censorship on telegrams from Villa's headquarters at Torreon, no messages were permitted except those denying, in a general way, that Villa and Carranza had reached a point of divorce on account of Naterá's appointment and other incidents which the Villa partisans have reported as disturbing.

Partisans of Carranza and Villa here discussed hotly the future of the constitutionalist movement. The question of mediation, especially regarding a provisional president, played an important part in these arguments. Some Villa supporters even declared that General Felipe Angeles, Carranza's secretary of war, had been selected by Villa for provisional president in place of Carranza. Angeles, a former federal general, has been commanding Villa's artillery since the battle of Torreon and yesterday was reported to have started for Zacatecas.

May Take Supreme Command Of Rebel Affairs In North Mexico

By Associated Press.

Washington, June 17.—General Villa's action in resigning his commission and imprisoning Carranza leaders at Juarez last night is not interpreted by constitutionalist leaders here as meaning a permanent breach between the two chiefs. Carranza's representatives here explain that Villa had determined to rid himself of politicians who were associated with General Carranza and who had issued orders without authority which embarrassed Villa.

Carranza is said to have felt that the trouble would adjust itself, but Villa took the initiative. In the opinion of leaders here, Villa will take supreme command in Northern Mexico as he previously had insisted and Carranza will compose the other differences. Officials here were considerably impressed by the turn in events. No word has been received from George Carothers, American consular agent with Carranza. He was due today back in El Paso from Saltillo.

Rafael Zubaran and Luis Cabrera, the constitutionalists who conferred in Buffalo yesterday with the American commissioners, maintained silence when they returned to Washington today. L. Cabrera said nothing could be made public now, but there probably would be a statement within a day or two.

A long dispatch was received today at the White House from the American delegates at the Niagara conference which officials say did not change the situation. Beyond expressing the view that there was hope of ultimate success of mediation, officials here did not comment. Both the war department and state department and White House disclaimed having any official information on the reported break between Carranza and Villa.

POLICEMAN SHOTS AT GERMAN MINISTER

BULLET GOES WILD AND AMBASSADOR BERNSTORF IS UNINJURED

By Associated Press.
Chicago, Ill., June 17.—Count Johann von Bernstorff, ambassador from Germany to the United States, risked death today when a special policeman fired point blank at the automobile in which he was being driven to the commencement exercises of the University of Illinois. The shot went wild and was not repeated.

The count was riding to the campus from the railroad station. Arthur Meeker of Chicago, was taking him in Meeker's automobile. Vice President Dr. David Kinley of the University and Dr. Green also were in the machine.

As the car neared a street intersection, Michael Murphy, a merchant policeman employed by neighborhood business men, held up his hand as a warning. Murphy was not in uniform. Apparently angered at the inattention, Murphy fired one shot at the automobile.

GERMAN AMBASSADOR RECEIVES ILLINOIS DEGREE
Urbana, Champaign, Ill., June 17.—Count Johann von Bernstorff, German ambassador to the United States today became an alumnus of the University of Illinois. In connection with the commencement exercises, when more than six hundred degrees were granted by the different colleges, the ambassador received an honorary degree.

UNITED STATES INTERFERED IN NICARAGUA, IS CHARGE

Resolution Alleging Undue Use of Marines is Introduced by Smith of Michigan

By Associated Press.
Washington, June 17.—Charges that the United States kept its marines in Nicaragua to influence the recent presidential election and that the state department had been acting in the interest of American bankers were contained in a resolution introduced by Senator Smith of Michigan, which was read to the Senate foreign relations committee. The resolution charges that the state department has forced the Nicaraguan republic to redeem at par \$6,250,000 in bonds issued by Zelaya and later repudiated and bought in at about twenty-five per cent of their face value by American bankers.

FOOD SUPPLY IN VERA CRUZ IN NO DANGER AT PRESENT

Funston Advises Against Sending of Food From United States Except For the Troops

By Associated Press.
Washington, June 17.—Brigadier General Funston reported to the war department that the food supply of Vera Cruz was not in great danger although some prices were high and he recommended especially against sending food supplies from the United States except for troops. He said:

"Sending government supplies here is not recommended. If sold direct to the consumer, the city would lose the taxes and trade would be badly affected. It is preferable to depend for food supplies upon foreign trade with free entry. Railroad connections have been established from the United States throughout northern Mexico as far as Tampico, Saltillo and Chihuahua."

HARVESTING NEAR OLNEY IS DELAYED BY RAINS

Olney, Texas, June 17.—One of the heaviest rains that has fallen in this section since anybody can remember fell here last night. There was a steady downpour for about two hours and the total fall is estimated at about three inches.

Threshing which had begun early this week will be stopped for a day or two. The wheat now being marketed here is a little lighter and is bringing 72c per bushel. A small crop of oats near town threshed out 100 bushels to the acre, while some other oats near made little better than twenty. Quite a number of the men who were to have worked with threshers here have refused to go to work and others have quit on account of the wages offered by the threshing men. Most of them have offered \$1.50 and board for single hands and there is a feeling among the laborers that the pay should not be less than \$2 per day. One operator is paying \$2 per day for his help and threshing for the same price per bushel that was charged last year. All the other operators are proposing to charge an additional cent on the bushel for threshing and only pay their help \$1.50 per day. It seems likely that if they run full crews they will have to meet the laborers' demand.

WOMEN'S FEDERATION INSTALLS NEW OFFICERS

Chicago, June 17.—With simple but impressive ceremonies, officers chosen at yesterday's biennial convention of the General Federation of Women's Clubs, in their twelfth biennial convention here, today were formally inducted into office. The installation ceremonies ended the real work of the convention which will, however, remain formally in session tomorrow and Friday when receptions, sight-seeing excursions and a trip on Lake Michigan will occupy the ten thousand delegates.

ENGLISH HOSPITAL SHIP IS ASHORE OFF SCOTCH COAST

Boat Presented To England By Americans After Boer War May Be Total Loss

By Associated Press.
Glasgow, Scotland, June 17.—The hospital ship Maine presented to the British nation by American women during the South African war went ashore today on the Firth of Lorne on the west coast of Scotland, during a fog and it is feared she will be a total loss. The Maine had a large number of patients aboard at the time of the accident; all were placed in the ship's boats where they remained until arrival of other vessels summoned by wireless.

The Maine did great service during the South African war caring for both British and Boer wounded. She was in charge of American doctors and nurses. Afterward she did similar service in China during the Boxer uprising and later was formally presented to the British government.

REBEL GUNBOAT IS SUNK BY FEDERALS

HUERTA FORCES GAIN IMPORTANT NAVAL VICTORY OFF MAZATLAN

LOSING COMMANDER SUICIDES

Constitutionalist Craft Decidedly Out-classed in Size But Put Up Game Fight

By Associated Press.
On Board U. S. S. California, Mazatlan, June 16, via wireless to San Diego, Cal., June 17.—The constitutionalist gunboat Tampico was sunk by the federal gunboat Guerrero in twenty-two fathoms of water today, leaving the Guerrero the only surviving warship representing either faction on the Mexican west coast.

The battle began at 8:30 a. m., and lasted until noon. The constitutionalists lost ten killed and ten wounded, the federal none.

In despair at the outcome, Captain Maltico and his chief engineer, after fighting with great bravery against heavy odds committed suicide. The Guerrero is nearly twice the size of the Tampico and her guns were at least fifty per cent more powerful. Both vessels were combination gunboats and transports. The Guerrero was able to carry about 500 men and the Tampico 250.

It is believed that the victorious Guerrero will be able to interfere to some extent against Mazatlan and even as far north as Guaymas.

The Tampico which was on the way from Topolobampo to Mazatlan was in no condition to fight when the Guerrero, bound south from Guaymas in chase overhauled her. Captain Maltico appealed to the American destroyers Perry and Tule which were following the Mexican vessel for a two to Alpaqa, where the Tampico hoped to take refuge in shallow water.

The neutrality laws prevented the American commanders from complying but the destroyers and the cruiser New Orleans were able to save many from drowning when the Tampico sank and to give the wounded surgical aid. After her victory the Guerrero headed south for Mazatlan.

BODY OF BOY LONG MISSING FOUND FLOATING IN RIVER

By Associated Press.
Philadelphia, June 17.—The body of Warren McCarrick, aged seven, who disappeared from his home here March 12 was found floating in the Delaware River off this city. A country wide search was instituted at the time of the disappearance. More than \$5,000 was offered for recovery of the child and conviction of his supposed kidnappers.

TODAY'S MARKET REPORT

Kansas City Grain.
By Associated Press.
Kansas City, June 17.—Cash wheat No. 2 hard 92 and 93; No. 2 red 91 1/2 and 92. Corn No. 2 mixed 69 1/4 and 1/2. Oats No. 2 white 40 1/2 and 34.

Chicago Futures.
By Associated Press.
Chicago, June 17.—General commission selling today broke down values to the lowest prices in nine years. It was the almost unanimous opinion that the promise of a large crop was now virtually certain to be fulfilled. The opening was a shade to 1/2 under last night and was followed by an additional decline all around. It started 7-16 to 7-14 and 3-8 round and continued to sag. In the oats crowd, buyers were hard to find. Wheat closed steady. Corn closed firm. Prices, wheat, July 82 7-8; Sept. 81 1-4; corn, July 70 1-4; Sept. 67 3-8; oats, July 39 3-8; Sept. 38.

New York Cotton.
By Associated Press.
New York, June 17.—Spot cotton quiet. Middling uplands 13.40. Gulf 13.65. No sales. Cotton futures closed steady. July 12.93; August 12.92; Oct. 12.71; Dec. 12.76; Jan. 12.61; March 12.65.

Fort Worth Live Stock.
By Associated Press.
Fort Worth, Texas, June 17.—Cattle receipts 5800, easy. Beaves \$6.50 to \$7.50. Hog receipts 800, strong, \$7.50 to \$8.45. Sheep receipts 2500, steady; lambs \$6.50 to \$8.25.

NEW CURRENCY IN CIRCULATION SOON

PAPER MONEY FOR RESERVE BANKS TO BE ISSUED IN NEAR FUTURE

DIFFERS FROM PRESENT BILLS

Will Be Issued in Denominations of Five, Ten, Twenty, Fifty and Hundred

By Associated Press.
Washington, June 17.—Millions of dollars in paper money of a new type will be put into circulation upon the establishment of the federal reserve banks within the next few weeks. Under the federal reserve banks each of the twelve reserve banks will receive advances from the federal reserve board in the form of reserve notes, a distinctly new sort of paper money. Commercial paper will be the collateral advanced by the various banks as security for these notes.

Samples of this new paper currency are now under consideration. Includes notes of five ten, twenty, fifty and \$100 denomination. The sample five dollar note has the portrait of Lincoln and the back shows a harvesting machine and figures typical of farming. The \$10 note has Cleveland's portrait and a manufacturing scene. The \$20 note bears Jackson's portrait and typifies commerce, having a steamship, train and other mediums of trade on the back. Grant's portrait showed on the \$50 note and Franklin's on the \$100 bill. Both these bills typify art.

All bills will be printed in green on the back and in black on the face. For some time the treasury department has been anxious to make paper money more uniform. At present different portraits appear on different sorts of paper money in the same denomination. It is likely portraits selected for the federal reserve notes will also be used on other paper money.

At present no treasury department official is able to estimate the amount of federal reserve notes which probably will put into circulation this year.

DALLAS AGAIN CONSIDERING WICHITA FALLS INTERURBAN

Matter Comes Up For Attention at Meeting of Directors of Commercial Body There

The matter of an interurban from Dallas to Wichita Falls still retains the attention of business men of Dallas and at a recent meeting of the Chamber of Commerce of that city the question was discussed. The following is from the News:

"Not only will an interurban railway system be considered for construction from Dallas to Denton, but that the consideration for the construction or extension of such a line from Dallas through Denton and on to Wichita Falls is to be taken up by the Dallas Chamber of Commerce, was the announcement made last night before the board of directors' meeting at the Lakewood Country Club."

The railroad committee of the Chamber of Commerce reported through its chairman, A. M. Matson, that the plans for the successful consummation of such a road to Denton were well in hand. The committee likewise reported that a meeting of its members would be held tomorrow morning at 11 o'clock at the Chamber of Commerce building to make final plans upon the proposition and to consult with Frank Keil, Joseph Kemp and Wiley Blair of Wichita Falls relative to the extension of the interurban on to Wichita Falls.

"That this move to have an interurban system not only from Dallas to Denton, but to Wichita Falls, is a move which has long been growing more imperative each day, if Dallas is to continue to keep pace in her interurban systems with other growth of the city, is the belief of many who have been given occasion to express their views upon the matter. That the meeting of the Chamber of Commerce railroad committee tomorrow morning will be fruitful of some action on the question is to be expected."

RECEIVE NEWS OF DEATH OF MISS GILLIE FIELD

A telephone message was received by Mrs. J. A. Kemp last night from Abilene, announcing the death of Miss Gillie Field, daughter of the late John Field and wife. Arrangements have been made to bring the body here on the Wichita Valley passenger train arriving at 1:25 p. m. tomorrow. The body will be taken to the cemetery from the train where brief funeral services will take place before interment. Mrs. M. G. Secorville, sister of the deceased and her husband will arrive tonight from Dallas to meet the body.

EDITORS ARE GATHERING

ANNUAL CONVENTION IS TO OPEN AT WICHITA THEATRE TOMORROW

EVERYTHING IS READY

Wichita Falls is Prepared to Extend Every Hospitality to Members Arriving Today

Wichita Falls is ready for the Texas editors. Committees this afternoon were completing the final details of the entertainment of the members of the Texas Press Association who will open their annual convention here at 9:30 tomorrow morning.

Reports indicate an attendance of fully 300 editors and members of their families. A feature of this year's meeting will be the attendance of many editors from Northwest Texas who are not members of the association but who will enroll during their visit here.

Will Meet All Trains.
Sam T. Harbin, editor of the Richardson Echo and secretary of the association is expected to arrive on one of the belated passenger trains this afternoon. President Joe Taylor, who runs the State Press column in the Dallas News, arrived on one of the afternoon trains. A big bunch of members are expected in on the early morning trains and John W. Thomas, assistant secretary of the Chamber of Commerce and other members of the reception committee will be up all night to meet them and direct them to their hotels. A canvass of the hotels is being made this afternoon to learn whether there will be accommodations for all and if it is found there is insufficient room private homes will be opened to the visitors.

Opening Session Tomorrow.
Tomorrow morning the band will march from the St. James and Westland hotels to the Wichita Theatre where the convention will be opened at 9:30 o'clock. The band will also meet the trains coming in tomorrow noon. Reception committees of Wichita Falls ladies will be at the trains and in the hotels to meet the visiting ladies. An informal reception of the ladies will be held in the Elks Club from 3 to 5. Tomorrow night the United Clubs will entertain the visiting ladies with a garden party at the home of Mrs. J. A. Kemp while the gentlemen will be entertained with a smoker at the Elks Club. All citizens are invited to join in the spirit of hospitality and Wichita Falls will not be remiss in her hospitality to those who are to be her guests.

Tomorrow's Program.
The program for the first day's sessions of the convention follows:
MORNING SESSION.

INSULT IS POPULAR CRIME IN GERMANY

MANY PEOPLE TRIED THERE FOR HURTING OTHER FOLKS' FEELINGS

SOME QUEER CASES RECORDED

Statisticians Figure That Catholics Will Control Country in Three Generations

By Associated Press.
 Berlin, June 17.—Insult, or Beleidigung, as it is termed in Germany, is easily the most popular crime in the Fatherland. This is strikingly shown by statistics of such cases for 1913 just issued. The report is that of the so-called Schiedsrichter, official peace-makers before whom such cases must be brought in an effort to effect a compromise before recourse to the courts is had. The report shows a total of more than 224,000 cases for the year.

Thousands of these cases were undoubtedly due to most trivial causes. Newspaper reports of insult proceedings show cases like the following:

Man fined because, when a policeman in citizen's clothing declared himself to be an officer, the culprit replied: "You look like it."

Woman, wife of a striker, imprisoned because as a group of strike-breakers was passing she "spoke contemptuously."

Striker fined for saying, "Few" as strikebreakers were passing.

Police lieutenant fined for saying to a young man in the station house: "Keep still green youth."

Socialist fined for sending socialist campaign literature to a Prussian policeman.

Landrat a local official of great power in Prussia, fined for insulting a young magistrate by declaring that he would not give his testimony "to such a youth."

Catholics May Rule.

That Prussia will have a Catholic majority in two or three generations is the conclusion of two writers, who separately have been studying the statistics of population. In 1875 out of every 1,000 children born in wedlock 603 had Protestant parents, but by 1911 this number had sunk to 519.

On the other hand the numbering of children of pure Catholic parents rose to the same years from 333 to 498. The conclusion is drawn that if the movement of the past 36 years continues unchanged for another period of equal length, the purely Catholic births will then be 478 as compared with only 435 Protestant.

More Interest in Games.

The growing interest in athletic sports in Germany finds a fresh illustration in the opening by the Emperor on May 28 of an extensive field for sports, to be used solely by the 14,000 students of Berlin University, the Charlottenburg Technical University and the other educational institutions of Berlin. The Emperor and the Empress attended the dedication, and the Prussian minister of education and public worship delivered the principal address.

TIME TO ACT

Don't Wait For the Fatal Stages of Kidney Illness. Profit by Wichita People's Experience

Occasional attacks of headache, irregular urination, headaches and dizzy spells are frequent symptoms of kidney disorders. It's an error to neglect these ills. The attacks may pass off for a time but generally return with greater intensity. Don't delay a minute. Begin taking Doan's Kidney Pills and keep up their use until the desired results are obtained. Good work in Wichita Falls proves the effectiveness of this great kidney remedy.

C. N. Harrison, 1925 Eighth St., Wichita Falls, Texas, says: "About two years ago I had trouble from my kidneys. Doan's Kidney Pills had been used in my father's family and proved reliable for removing kidney annoyances, so I used them. They removed the lameness across my back and other troubles."

TEXAS ADVERTISING MEN TAKE TRAIN FOR TORONTO

By Associated Press.
 Dallas, Texas, June 17.—"On to Toronto" was the cry of Texas advertising men, who left here today on a special train for the annual convention of the Associated Advertising Clubs of America in the Canadian city. Two special cars brought the El Paso delegation to join the East Texas apostles of publicity and everything needed was on hand to make the trip enjoyable. "Pink" well known to hundreds of Texas traveling men was especially loaned to the ad men to preside over their buffet car. During the trip the Texans will distribute propaganda about "The New Southwest" and quantities of literature have been provided for an educational campaign on the resources of Texas.

My Sister's Heritage.

Budding tree and singing bird, Joy of springtime seen and heard; All the wealth of all the year, Scattered by the wayside here. But oh, little sister or mine in the shadowy places, Where the wheel turns and the small young fingers ply, I cannot forget that this is yours, too, to inherit— The open fields and the streams and the clear blue sky. Stirring sap and quickening sod— Miracles revealing God; Prophets of His Fatherhood, Speaking from the field and wood. But oh, little sister of mine in the shadowy places, Where shoulders droop, eyes dim, and cheeks for your hand and a road that leads to the open, To the common wealth of the fields, ere the light be gone.

WICHITA FALLS RECIPE.

Recipe For Frozen Marshmallow Pudding. (By Miss Altha Friberg) To the usual ice cream custard when partly frozen add one cup of whipped cream flavored with one teaspoon vanilla, one cup of Marischino cherries chopped fine and one-half cup of marshmallows cut in small pieces. Continue freezing until the mixture is stiff but not quite as stiff as the cream that is to be moulded, serve in glass cups with chopped nuts that have been rolled in powdered sugar on top. Or instead of freezing the mixture one may add one-half pound of marshmallows sliced with one pint of whipped cream; let stand on ice until ready to serve and add a cup of cherries and nuts. (Recipes are solicited. Phone 1671 or send to Times office).

SAVES DAUGHTER

Advice of Mother no Doubt Prevents Daughter's Untimely End.

Ready, Ky.—"I was not able to do anything for nearly six months," writes Mrs. Laura Bratcher, of this place, "and was down in bed for three months. I cannot tell you how I suffered with my head, and with nervousness and womanly troubles. Our family doctor told my husband he could not do me any good, and he had to give it up. We tried another doctor, but he did not help me. At last, my mother advised me to take Cardui, the woman's tonic. I thought it was no use for I was nearly dead and nothing seemed to do me any good. But I took eleven bottles, and now I am able to do all of my work and my own washing. I think Cardui is the best medicine in the world. My weight has increased, and I look the picture of health. If you suffer from any of the ailments peculiar to women, get a bottle of Cardui today. Delay is dangerous. We know it will help you, for it has helped so many thousands of other weak women in the past 50 years. At all druggists.

MR. AND MRS. CARLTON ENTERTAIN AT LAKE WICHITA

Tuesday evening Mr. and Mrs. W. T. Carlton entertained a jolly crowd at Lake Wichita. Early in the evening the party boarded a lake car and on arriving there spent a most enjoyable time. An appetizing supper was spread on a long table in the pavilion and every one partook of the many things most pleasing to the taste which made up the menu. After supper skating and boat riding afforded pleasure for some time, after which the party boarded the car for home the return trip being made amid much joy and laughter. The party was made up of Misses Carlston, Hansard, Thayer and Stead, Mesdames Thayer, Stewart, Stead, Oldham, Deatherage, Mr. and Mrs. Hitt, Mr. and Mrs. Lon Deatherage, Messrs. Rankin, Maxwell, Ross and the host and hostess.

MISS CARRIGAN HONORS GUEST FROM TYLER.

Honoring her guest, Miss Lucy Morris of Tyler, Miss Anne Carrigan entertained a number of young people Tuesday evening at the home of her parents, Judge and Mrs. A. H. Carrigan. Music was furnished throughout the evening by Kate and some charming vocal and instrumental selections were given by the guests. Ices and cakes formed the main refreshment courses served late in the evening. The guest list included the honoree, Miss Morris, Misses McGregor, Kemp, Ains, Reid, Kell, Wadsworth, Vinson, Burnside, Simpson, Clifton, Carver, Genevieve Carver, Jewel Kemp, Mathis, Freear, Ona Jalonic, Gertrude Orr, Mesdames Delia Stone, Barwise, Laura Bell, Bell, Beavers, Gaston, Maloney, Fox, Messrs. CRESCENT CIRCLE MEETING WITH MISS HAZEL HUNTER

Miss Hazel Hunter was hostess to a delightful meeting of the Crescent Circle Tuesday afternoon. The afternoon's diversion was afforded by the usual routine of sewing and conversation, the hostess serving ice cream and angel food cake late in the afternoon. Those present were: Misses Altha Friberg, Agnes Andree, Mabel and Mary Byman, Ruby and Lillian Bachman, Francis Hunter, Mrs. Montfort and the hostess.

Mrs. W. E. Frieze and daughter, Miss Louise, left today for a visit at Mineral Wells. Mrs. J. M. Bell has returned from Fort Worth, where she has been for the past three weeks. She was accompanied by her daughters, Mrs. E. E. Souther and Mrs. Fain. Miss Daisy Stewart left today for Fort Worth, where she will visit. Miss Annie Carter of Houston, arriving for the Garrison-Mathis wedding, will be the guest of Miss Mathis.

Beautiful, Soft, Fluffy Hair An Aid To Beauty

Who does not love a head of pretty hair? Some women think it is a gift of nature and envy the fortunate sisters. If your hair is not fluffy, soft and lustrous; is falling out, streaked, faded, brittle or full of dandruff and if the scalp itches, do not think it must always be that way, for pretty hair is only a matter of care and proper nourishment of the roots. Parisian Sage is a scientific preparation that supplies just the elements needed to invigorate the hair roots and stimulate the hair to grow long, thick, fluffy, soft and lustrous. It removes dandruff with one application and quickly stops itching head and falling hair. Foshee & Lynch or any druggist can supply you with Parisian Sage—it is inexpensive. You cannot be disappointed with this delightful and helpful hair tonic for the first few days' use will give the hair the beauty and charm of youth. (Adv't)

KING AND QUEEN ARE AGAIN AT ASCOT RACES

Ascot, Eng., June 17.—The Royal Hunt Cup, a handsome trophy presented by King George, value \$1,500 with \$10,000 in cash, was the principal event on the card today for the second day of the royal race meeting which attracted vast crowds of sportsmen and society people. The race which was a handicap for three year olds and upwards, was run over the severe 7 1/2 furlongs course and the entries included a score of the smartest horses in training. King George and Queen Mary were again present with a distinguished company from Windsor Castle, but socially today was an "off day" and there was no state procession.

CONCESSIONS AWARDED TODAY

Met Has Been Thoroughly Advertised and Large Crowd is Expected Here

Ninety-two head of harness and running horses are already on the ground at the Lake Wichita race course for the races which are being looked for next Tuesday. One hundred and twenty horses in all have entered for the races, Secretary Jeffries reports. Of these 79 are harness horses and 41 running horses. Mr. Jeffries believes that nearly every horse entered will start. The committee this morning awarded the contract for the concessions on the grounds to F. P. St. Clair, who will sublet those concessions which he will not handle himself.

The meet has been well advertised in Southwestern Oklahoma and Northwest Texas and it is believed the crowds will be much larger than last year, the first races at the lake.

EVERYBODY TOO BUSY TO FIGHT, RECRUITER FINDS

War Department's Agent Has Little To Do—Station Has Been Reopened Here Recently

Plenty of manless jobs, but practically no jobless men have been found here by Corporal Jesse Culley, recruiting agent for the war department. Mr. Culley recently returned here, reopening the recruiting station which was closed some months ago. "Wheat harvest and other things have taken about all the available men throughout this section and there is decided scarcity of men who want to fight Mexicans, eat beans, etc., for the flag and fifteen dollars per month. As soon as the wheat crop is gathered and work is less plentiful the recruiter expects to be able to get a number of youths here to go down to Mexico and attend to that saluting business."

WICHITA PUBLISHING CO. ED HOWARD, Mgr.

O. B. Pyle, ex-President of the Farmers Union in an article appearing in the Belton Journal

has this to say of Candidate Ferguson's land-tenancy proposition

Read it and then reflect what would happen in the event Mr. Pyle is right:

"We think the proposition of Mr. Ferguson for a regulated tenancy is a very dangerous one

not only for the tenant himself, but for every producer. We shall not argue this proposition from a constitutional standpoint

if it is all the worse. The constitution can be changed

and therefore, there is little use in arguing the constitutionality of any proposition

The only question to consider is, "is it right?" We do not agree that Mr. Ferguson's proposition for a regulated tenancy is a step in the right direction

if it is a step in the wrong direction. That theory followed out means the absolute destruction of not only the tenant, but of every producer as well

If we regulate the amount of rent to be charged for the use and occupancy of land by law

we can regulate the price of rent of any store house or residence by law

we can regulate the price of the products of land and of anything that grows thereon by law

We can say whether a mule is worth fifty dollars or one hundred dollars

We can say a cow is worth ten dollars, or we can say she is worth five hundred dollars

The agricultural producer, if he could set the price of his products by law

it would seem, on first thought, perhaps, that he would be in clover

But would he? Let's see. The consumer is greatly in the majority

and he, and not the producer, would set the price. Then, where would the producer be?

He would be just where he was a few hundred years ago when this very thing happened

It would go out of business and industrial chaos would reign supreme

This is no new proposition. It has been tried and it was the cause of setting back the cause of agriculture wherever tried for hundreds of years

THE COST OF OFFICE

Denson Herein

A long, long time ago there came into existence a homely aphorism

to the effect that "those who dance must pay the fiddler." It is neither a finished nor an elegant expression

but it states very bluntly a fact that is realized in all the activities of life

The person who dares or indulges must be prepared to pay the cost of experiment or adventure

and to the loser the compensation of the fiddler is a factor to be reckoned with

In the arena of politics the expression quoted above is especially applicable

as many would-be and many now bankrupt statesmen will bear witness

if not cheerful testimony to, while a regular anvil chorus of those who would have indulged in the fascination

except for the lack of funds will give a hearty amen. The high cost of office easily ranks with the high cost of living

and in Texas, which is no better and no worse than sister states when it comes to a question of politics

there is now and then heard a wall of complaint over conditions which apparently have become fixed and settled

No candidate can hope to win a State office for a sum less than his first annual salary

while in many instances the entire income of a term of four years is a mere bagatelle to the total cost

It is not the purpose of this article to offer a remedy for in truth we have none to offer

but the following editorial from the Wichita Falls Daily Times is offered as a possible solution of the problem:

"Governor Colquitt's campaign expenses for the first time he succeeded in securing the nomination were but \$25,000

and it is believed that they were nearly that much for the second term. Candidate Ferguson expects his campaign expenses to cost him individually at least \$50,000

His friends and backers will probably be out that much more. Colonel Ball has never said how much money he had to pay his campaign expenses with

but he isn't rated as a rich man, even though he is, or at least was, a corporation lawyer at the time he became a candidate for governor

But, just for the sake of

argument, suppose Candidate Ferguson had his expenses amounting to \$50,000 or \$60,000 as legitimate campaign expenses, and that Colonel Ball and his friends spend an equal amount, that would be something in the neighborhood of \$100,000 between them

without taking into calculation the expenses of the other two gubernatorial aspirants, Messrs. Morris and Robertson. The record is, however, that the candidate whose campaign expenses are the largest has always heretofore won the nomination, and at such succeeding campaigns for the office of governor the campaign expenses grow larger

All of which convinces the ordinary voter and citizen that it is useless for a poor man, or one who has not a host of friends to put up for him, to become a candidate for governor, it matters not how able they might be or how well qualified to fill the place of the man whose name is put before the people of this State

A law that would limit the campaign expenses of any aspirant for office to the amount of the salary of the office for one year would be a good law

WHEN JOHN L. QUIT

Eight years ago almost to a day John L. Sullivan, unshaven and unkempt

emerged from the bar of the Grand hotel at Broadway and Thirtieth street stood for a moment looking back at the door and then walked uncertainly uptown

It was 8 o'clock in the evening and the ex-pugilist brushed shoulders with well-groomed people hurrying to the theatres

He was the derelict in the stream. On his face was half a smile, but it wasn't a pleasant one

At the corner of Thirtieth street he met "Morry" Cohen and a newspaper man, with both of whom he was acquainted

He growled something incoherent in response to their greetings and was apparently about to pass on

but he paused and turned toward them. "I've just been turned down in that barroom for a drink," he said

"I wanted one more and didn't have the price. They didn't give it to me. They put me out. They didn't send the proprietor or the manager to put me out. They sent the porter. I've spent \$5.00 over that bar, and they put me out because I wanted a drink and couldn't pay for it

There's only one thing you can figure out of a proposition like that. Quit drinking. Tonight I quit!"

The ex-champion's friends expressed indignation over the treatment he had received

It roused no spark of anger in "the big fellow." He was too filled with the sense of shame and mortification

Still brooding over the indignity he had suffered he accompanied Cohen and the newspaper man to Murphy's saloon at Sixth avenue and Thirtieth street

Cohen ordered a drink. Sullivan filled his whiskey glass to the brim

"Boys," said he, "here's the last for me."

That's the true story of John L. Sullivan's last drink

Eight years have passed and the John L. Sullivan who was tottering on the edge of the gutter looks eight years younger today than he did that night

And he has \$100,000.—Cincinnati Times-Star

GLOVE MAKING FROM THE WORKING GIRLS' VIEW POINT

As for glove making being a trade, but we think that all trades should provide a nice place to live

and enough clothes to work in, at least. And from the statement in the Sunday's paper setting forth the Glove Factory's ideas

no poor girl has an opportunity of learning the glove making trade, for the reason that she must work hard for practically nothing until she is an expert in the business

when she will receive from \$1.00 to \$1.50-per day. The above referred to scale of wages are very uncertain

indeed. They are all right for the girl who wants to work for the fun there is in it

but for the girl who is looking for permanent employment as a means of livelihood from the beginning

there is no encouragement whatever in the glove making trade. Girls who are victims of circumstances and forced to seek employment of this nature

can exist but a short time on the promise that when they become experts

they will receive the average working girl's salary. Dealing in futures is a very poor business for the working girl

Men and women do not ask for charity. They only want the money they should receive for a hard day's work

Place your daughter in the place of one of us girls, without education in music, art, or schooling

and then answer the problem. It has been stated in the Times that the glove factory were only paying the girls at first to encourage them

This initial payment appears to have been only a bait. As soon as the victims were caught

we received for the last two weeks we worked. The girl Mr. Hilburn spoke of making 100 gloves in six hours

and then falling back to 100 gloves in eight hours

tried making more and didn't get as much pay as usual

so she decided to do less work and draw the same or more pay

That looks like encouragement to the working girls, doesn't it? Our pay for our last week's work was less than ever

One of the oldest hands got \$2.25 for eight days' work

and one of the girls who had worked since the doors of the factory were opened only got \$3.75 for nine days' work

Does that sound very encouraging? Now, let's have a hearty cheer from the business men of Wichita Falls

"The Glove Factory Girls!"

BIG AND CHEAP

Lookout housewives! "Big and Cheap" does not mean Big Quality at little cost. These two things do not go together. It does mean Big Quantity—Little Quality.

This is true of everything you buy—everything you eat and wear. And it is especially true of baking powder.

When a "big and cheap" can of baking powder is offered you—one that sells for less than 25 cents a pound—LOOK-OUT.

Such powders are lacking in something—perhaps in many things. They cannot always be dependable; they cannot always run uniform.

Such baking powders cannot be made of the best materials. They do not always produce the proper amount of leavening gas—in such cases considerable more is required for results.

They often leave the baking bleached and acid; sometimes yellow and alkaline; and often the food is unpalatable—flat, soggy or indigestible.

Just observe the difference between a biscuit made with the "big and cheap" powder and that made with a good powder.

It's the same old story over again. Cheap goods are expensive. Expensive goods are extravagant. Moderation is the best policy.

CALUMET is THE Moderate Priced Baking Powder. It costs a little more than cheap and big can kinds but it's worth twice as much.

Better and purer materials cannot be put into a baking powder at any price. More careful methods of preparing do not exist.

Calumet is used and recommended by the best domestic science teachers and food experts. It is also used by the best cooks and recommended by leading physicians and chemists.

President Wilson's Christmas cake was baked with Calumet Baking Powder. Another recommendation.

Ask your dealer for CALUMET—Demand it—Get it. And whatever you do, avoid the cheap and Big Can Kind.

Mediators Still Hopeful In Spite Of Latest Baffling Developments

Niagara Falls, July 17.—On word from the Washington government depends the next movement in mediation. Justice Lamar and Frederick W. Lehmann early today telegraphed a 2000-word report of their conference yesterday at Buffalo with Zubaran and Cabrera, authorized representatives of Carranza.

There is a general feeling here that the United States possibly may inaugurate a distinct change of policy. This has been produced by the uncompromising attitude of Zubaran and Cabrera by dispatches telling of friction between Carranza and Villa, reports of a rupture in Sonora between Governors Naytorena and General Obregon and news of constitutionalist reverses both on land and sea.

Emilio Rabasa, head of the Huerta delegation, said today he and his associates would do everything in their power to prevent a break in negotiations. His suggestion was that a neutral be proposed for provisional president and that the United States recognize this neutral.

HIS MESSAGES GIVEN BACK

And Hubby, Astonished at Their Brevity, Wondered How That Should Be.

A busy English merchant was about to leave his home in Brixton for a trip on the continent, and his wife, knowing his aversion to letter writing, reminded him gently of the fact.

"Now, John, you must be eyes and ears for us at home and drop us an occasional post card telling us anything of interest. Don't forget, will you, dear?"

The husband promised. The next morning his wife received a postal card: "Dear wife, I reached Dover all right. Yours aff."

Though somewhat disappointed, she thought her husband must have been pressed for time. Two days later, however, another card arrived, with the startling announcement: "Here I am in Paris. Yours ever." And still later: "I am indeed in Paris. Yours."

Then the wife decided to have a little fun and seized her pen and wrote: "Dear husband, the children and I are at Brixton. Yours."

A few days later she wrote again: "We are still in Brixton." In her last communication she grew more enthusiastic. "Dear husband, here we are in Brixton. I repeat it, sir, we are in Brixton. P. S.—We are indeed."

In due time her husband reached home, fearing that his poor wife had temporarily lost her senses, and hastened to ask the meaning of her strange messages. With a winning smile she handed him his own three postal cards.

A Million Dollar Wheat Crop for a Starter. The bumper wheat crop will be like a touch of high life for Wichita Falls. With other crop prospects as fine as fine can be; the resumption of the glass factories in the near future, and the get-there spirit of Wichita there is going to be something doing in real estate before long.

DESTRUCTIVE WIND STORM

You see head lines like the above in nearly every daily paper now. What is the use taking a chance on a loss of your property when the rates of insurance for this class of protection is a mere trifle. I write Windstorm, Hall, Fire, Life or any other kind of insurance, and execute Bonds of every character. Call phone 529, or come to my office over 710 Indiana Avenue. THOS. H. Let Every One Boost

It is now almost absolutely sure that Texas is going to have an era of unparalleled prosperity this summer and fall, and especially Wichita County which has one of the largest wheat crops ever seen in this country. Money will soon be plentiful and times will be good. Through all the hard years of crop failures Wichita Falls has been progressing nicely, growing faster than any city of similar size in the United States.

FIGHT TO FORCE AUDIT OF DUVAL COUNTY'S BOOKS

By Associated Press.-San Diego, Texas, June 17.-A legal fight in which many prominent men of South Texas have been engaged was expected to be reopened here this week with the hearing of the petition of Ed C. Lasater, R. H. Corbett and thirty other citizens of Duval county for a writ of mandamus to compel Duval county officials to permit an audit of county records. Ed C. Lasater and Archie Parr, central figures in the case, are well known politically. Lasater was Progressive nominee for governor two years ago. Parr, now a member of the county commissioners court, is candidate for the state Senate.

Beware of Ointments for Catarrh That Contain Mercury

as mercury will surely destroy the sense of smell and completely derange the whole system when entering it through the mucous surfaces. Such articles should never be used except on prescriptions from reputable physicians, as the damage they will do is ten fold to the good that is possibly derived from them. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, Ohio, contains no mercury, and it takes internally acting directly upon the blood and mucous surface of the system. In buying only the Catarrh Cure be sure you get the genuine. It is taken internally and acts in Toledo, Ohio, by F. J. Cheney & Co. Testimonials Free. Sold by Druggists. Price, 75c per bottle. Take Hall's Family Pills for constipation.
