### BANKING SERVICE

Develops improvements as business requirements demand them. This bank constantly aims to meet the requirements of its customers in business consistent with legitimate banking rules. We pay 4 per cent on savings deposits. CITY NATIONAL BANK

## MORGAN VISITOR AT WHITE HOUSE TODAY

**FINANCIER HAS CONFERENCE WITH WILSON ON PENDING TOPICS**

## NOTHING IS MADE PUBLIC

**Understood To Be First of Several Meetings With Leading Business Men of Country**

By Associated Press. Washington, July 2.—J. P. Morgan and President Wilson conferred for nearly an hour today at the White House on general business conditions. White House officials said the conference was a friendly discussion of business conditions, and that Morgan was to discuss what had taken place. As he stepped into his carriage he said:

"My visit to the president was very cordial. You will have to ask him what we talked about."

Mr. Morgan returned to his hotel where he said he had an understanding at the White House that President Wilson would make an announcement of their conference. Mr. Morgan was asked:

Others May Follow.

"Has the president sent for you and other business men of the country or are the business men of the United States coming here to talk with him?"

"Don't you think we ought to?" was Mr. Morgan's only reply.

Mr. Morgan's engagement was said to be the first of a series of conferences with industrial and financial leaders within a short time. It was said at the White House that Mr. Morgan had asked for the engagement. The two men are personal friends.

Another version was that Mr. Morgan had been invited through friends to give his views to the president. Next week Mr. Wilson will have an informal conference with Henry Ford, the Detroit manufacturer who will be entertained at luncheon at the White House. Mr. Morgan said the president invited Mr. Ford. Officials close to the president said he would take such an opportunity to outline his views to the heads of big business in person.

**Causes Some Surprise.** Mr. Morgan's engagement was a surprise to those who have observed the president's course since he entered the White House in having conferences with captains of industry. It had been pointed out Mr. Wilson was receiving the views of big business men, first-hand, and outlining his own views in return.

When the currency bill was in passage, the president even declined to receive some members of the Morgan firm. White House officials said today one of the features which had entered into public discussion of the administration's trust legislation policy was that the president had characteristically the views of big business men, first-hand, and outlining his own views in return.

New Haven Matters. Although there are other subjects interesting Mr. Morgan at present in which the government has a part, it was said today a talk would be personal one, on business. The Interstate Commerce Commission report on financial affairs of the New Haven railroad is nearly ready for submission to the Senate and the time is drawing near to July 15, the date when President Wilson and Mr. McKinley have agreed upon for filing the anti-trust suit for dissolution of the New Haven merger, unless the Massachusetts legislature takes certain action necessary to a dissolution. Whether these subjects were to enter today's conference was not known.

Another important conference will be held by the president next Wednesday with a delegation of business men representing the Chicago Association of Commerce. In this delegation will be representatives of some of the largest business organizations in Chicago with interests all over the country. The conference was requested by the Chicago men primarily to discuss anti-trust legislation and was readily granted.

## FEARS ENTERTAINED FOR DENVER-CANADIAN BRIDGE

**Three and a Half Inches of Rain Fall at Delhart and River in Rising**

By Associated Press. Delhart, Texas, July 2.—Three and a half inches of rain have fallen here in thirty-six hours. An eleven foot rise is reported in the Canadian River at Logan, New Mexico. Railroad officials fear the Fort Worth & Denver road at Texas will go out this week.

## RECEIVER IS ASKED FOR OHIO RAILROAD

**CINCINNATI, HAMILTON AND DAYTON LINE ALLEGED TO BE BANKRUPT**

## HARMON IS NAMED RECEIVER

**Trust Company Alleges Road Owes \$36,000,000 in Interest That It Can't Pay**

By Associated Press. Cincinnati, July 2.—Application for a receiver was made in United States district court today for the Cincinnati, Hamilton and Dayton railroad. The suit was filed on behalf of the Bankers Trust Company of New York. The action also requested foreclosure of a mortgage held by the trust company.

Judson Harmon, former attorney general of the United States and Judge Rufus B. Smith of this city were appointed receivers under \$50,000 bond each. The petition declared the entire bonded indebtedness of the railroad is \$76,000,000 and charges that the road has defaulted on interest payments aggregating about \$36,000,000.

## DISCUSS PIPE LINE ROUTE AT DALLAS MEETING TODAY

**Several Texas Cities Are Represented at Conference on Government Carrier**

## ANOTHER GOOD SHOWING BY ARCHER COUNTY LIVESTOCK

**Carload of Yearling Heifers From C. S. Graham of Annarene Brings High Prices**

By Associated Press. Dallas, Texas, July 2.—Most of the principal Texas cities were represented at a meeting here today, to discuss the routing of the proposed Oklahoma to Gulf government pipe line through Texas. Port Worth, Galveston, Houston, Beaumont, Waco and Texas City were among the places invited to participate.

Archer county livestock for the second time this week made notable records in the markets when a carload of yearling heifers consigned by C. S. Graham of Annarene sold for \$5.90 per hundred weight on the Fort Worth market averaging more than \$49 per head. The Livestock Reporter speaking of this and other sales yesterday says:

"Fort Worth buyers are appreciative of quality. This was never demonstrated more clearly than on Wednesday when steer yearlings from Cresson sold at \$3.25, heifers from Annarene brought \$8 and heifers notched \$8.65. It is extremely doubtful if the prices paid for the steers and heifers could have been equalled at any of the river markets that are competing for Texas cattle and it is a far from conclusion that the same heifers would not have sold within 25 cents of the price at any other market. Buffalo excluded. The \$3.25 steers Wednesday were marketed by C. S. Lanham of Cresson and the heifers were sold by C. E. Graham of Annarene."

**GAINESVILLE TO RAISE \$30,000 FOR INTERURBAN SURVEYS**  
Gainesville, Texas, July 2.—The Gainesville Chamber of Commerce at its regular weekly luncheon voted unanimously to subscribe \$1,000 for preliminary surveys of the Dallas, Wichita Falls interurban. Five hundred dollars of this was collected at the luncheon and a committee raised the balance in an hour.

Sam King, a well known banker here, was selected as Gainesville's representative on the general interurban committee, which is to be composed of men from Dallas, Denton, Wichita Falls and other towns.

A second heavy rainstorm swept across the southern and western parts of the county at about 1 o'clock this afternoon. The precipitation here was about an inch.

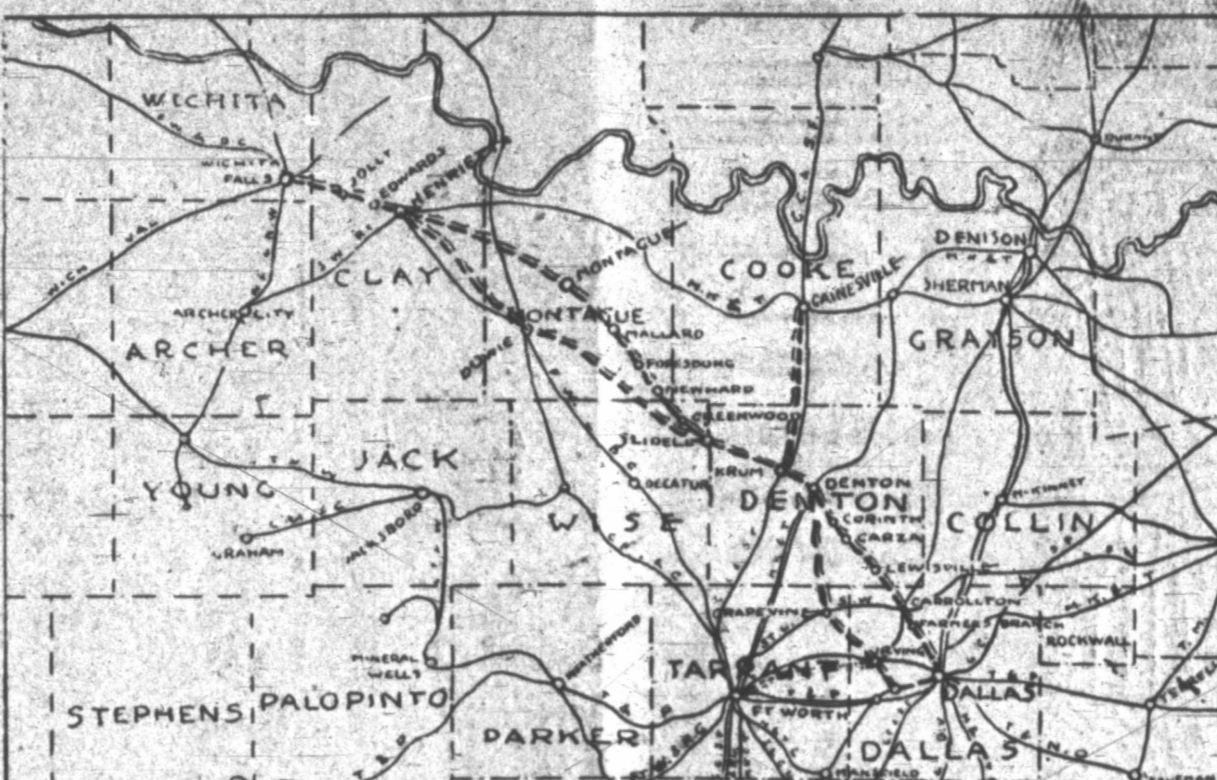

## OVER FIVE INCHES RAIN FALLS AT DEL RIO.

**Del Rio, Texas, July 2.—Five and one-half inches of rain fell over this country last night. Several houses were struck by lightning.**

## SCOTLAND AND WINDHORST ARE VISITED BY GOOD RAINS

Heavy rains fell last night at Scotland and Windhorst in Archer county and extended from those places nearly to Archer City where the rainfall was lighter. A heavy rain is also reported west of Archer City. Only a sprinkle is reported from Olney and Newcastle.

## Possible Routes Of Dallas-Wichita Falls Interurban Surveys Now Being Considered

Courtesy of Dallas-Times Herald. This map shows the different routes which are being considered for the Dallas-Wichita Falls interurban. One route starts from Wichita Falls going by way of Henrietta and Montague; another goes by way of Henrietta and Bowie; these routes converge at Sildell, going from there to Denton.

From there two routes into Dallas are proposed, one going by way of Lewisville and Carrollton, the other by way of Grapevine and Irving. The map also shows a branch from Denton to Gainesville and if the latter city secures interurban connection with Dallas it will probably be in this manner, as there is small likelihood that Gainesville would be on the main line from Dallas to this city.

The final selection of a route will depend upon three elements—the volume of prospective traffic, the topography of the country and the financial assistance rendered by the committee affected.

## CURETON EXPLAINS WHAT HE SAID TO GOVERNOR COLQUITT

**Letter to Attorney General Tells of Conversation About Suit Recently Filed**

By Associated Press. Austin, Texas, July 2.—A letter written to Attorney General Looney by C. N. Cureton, his first assistant, in explanation of a conversation between Mrs. Cureton and Gov. Colquitt in which the latter referred in his letter to the attorney general, was made public by Mr. Looney today.

Mr. Cureton said he agreed with the governor that the suit against the Texas Business Men's Association was regarded in some quarters as political but he called attention to the fact that the association had been under investigation more than a year.

The governor mentioned the Anti-Saloon League and Mr. Cureton agreed if this league raised funds for corporations it should be sued, but Mr. Cureton expressed no opinion as to whether or not it has so raised funds. Mr. Cureton quotes recommendations made by a committee of the Texas House of Representatives of which he was a member and says these recommendations "would apply to certain practices which the testimony at that time showed were followed by the Anti-Saloon League" but that no specific criticism of the league was made.

He points out also that the testimony taken by this committee showed at that time in 1912 the Texas Anti-Saloon League was not a corporation and had no connection with the Ohio league.

## KATY PRESIDENT EXPECTED TO REACH HERE LATE TODAY

Is Coming Down Northwestern with Party of Officials on Tour of Inspection  
President Schaff and party of Katy officials who are coming down the Wichita Falls & Northwestern from Fortgan are expected to reach here at about 7:30 this evening and will leave at about 8 o'clock over the Wichita Valley for Stamford where they will start a tour of the Texas Central.

## ATTEMPT TO ROB TRAIN IS FOLLOWED BY FATAL FIGHT

**One Robber Is Killed and Another Wounded on Oregon Railroad Early Today**

By Associated Press. Oregon, July 2.—One robber was killed and another wounded in a battle between five bandits and passengers on the westbound Oregon-Washington Railroad and Navigation passenger train early today. The bandits attempted to hold up the train two miles east of Moscham, about fifty miles east of here.

## BUSINESS MEN'S ASSOCIATION MEETS

**LOONEY'S CHARGES ARE CONSIDERED AT SESSION TODAY**

Denial is Made of Charges by Attorney General—President Cain Delivers Address  
A resolution denying completely Mr. Looney's allegations and appointing a committee to draw up an address to the people of Texas a strong and forceful denial were the sum of the morning's session of the executive committee of the Texas Business Men's Association here today.

President Cain spoke for an hour upon the injunction. This address was endorsed subsequently as the platform of the business men in their fight.

**Resolution of Denial.** Mr. Looney's allegations and appointment of a committee to draw up an address to the people of Texas a strong and forceful denial were the sum of the morning's session of the executive committee of the Texas Business Men's Association here today.

President Cain spoke for an hour upon the injunction. This address was endorsed subsequently as the platform of the business men in their fight.

## HUERTA DELEGATES SIGNIFY WILLINGNESS TO CONFER

**Send Note to Constitutionalists Stating Their Attitude as to Peace Meeting**

By Associated Press. Niagara Falls, July 2.—Communication between the two warring factions in Mexico which it is hoped will lead to conference for peace was begun today when the Huerta delegation sent a note to the constitutionalist representatives in Washington.

The note says the Huerta delegates are willing to discuss peace with a view to ending the civil strife. It explains their willingness to begin informal conferences for the selection of a provisional president and solution of other internal problems.

The disposal of American forces now at Vera Cruz has been left for consideration until such as the two factions agree on a provisional government.

## Minister Williams Expected To Resign After His Outbreak

Washington, July 2.—George Fred Williams, the American minister to Greece, recently appointed, may soon hand in his resignation as a result of his outspoken opinion regarding the foreign policy of the United States and the European powers following the Balkan war. Minister Williams' indictment of the six friendly powers that are assuming responsibility for Albania caused a sensation in diplomatic circles and was taken as an indication that he would at once resign.

**NEW YORK COTTON**  
By Associated Press. New York, July 2.—Spot cotton quiet. Middling uplands 13.25. Middling galv. 13.50. No sales. Cotton futures closed easy. July 12.57. August 12.53. October 12.23. December 12.29. January 12.30. March 12.34.

**Fort Worth Live Stock**  
By Associated Press. Fort Worth, Texas, July 2.—Cattle receipts 1500, brisk; beefs \$4.25 to 7.90. Hog receipts 650, steady. 7.75 to 8.70. Sheep receipts 3.50, steady. Lambs 6.50 to 8.50.

**Chicago Futures**  
By Associated Press. Chicago, July 2.—Reports of black rust in South Dakota and other drought moisture forced wheat speculators today to the buying side. Wet weather delaying southwestern threshing also counted against the bears. The opening was the same as last night at \$3.10. Shows over the Ohio Valley and in other drought districts eased off the corn market. It opened unchanged to 1-4 lower. Oats were governed by the action of corn. Wheat and corn closed firm. Prices: Wheat, July 78 1-8; Sept. 78 1-2; Corn, July, 65 3-4; September 65 1-2. Oats, July 34 3-4; September 35 3-8.

**Kansas City Grain**  
By Associated Press. Kansas City, July 2.—Cash wheat No. 2 hard new 74 and 33 1-2; old 61 and 32. No. 2 red new 73 1-2; old not quoted. Corn No. 2 mixed 55 1-2. Oats No. 2 white 35 1-2.

**NEVADA DIVORCE DECISION ANNOUNCEMENT PREMATURE**  
By Associated Press. Carson, Nev., July 2.—Yesterday's announcement that the divorce law had been ruled upon by the supreme court was premature. No decision has been handed down yet.

**ANNOUNCING RECEIPTS OF PARDONS**  
By Associated Press. Austin, Texas, July 2.—Not less than thirty convicts will receive pardons July 4. The list is not yet complete, there being now twenty designated for pardon. Others will be ready soon. The board of pardons already has passed on all these cases.

## INTERURBAN MEETING SET FOR SATURDAY

**COMMITTEE WILL PROBABLY HOLD SESSION AT GAINESVILLE**

## NONE SCHEDULED FOR TODAY

**Report of Conference at Dallas This Morning in Error—Dallas Men To Attend**

By Associated Press. Dallas, Texas, July 2.—Through press reports that were in error, it was expected the Dallas committee assigned by the Chamber of Commerce to work on details of the Wichita Falls-Dallas interurban, would meet here today. The committee did not meet and had no meeting scheduled.

H. L. Seay, a member of the committee, said he had talked over long distance telephone with J. A. Kemp of Wichita Falls and that Mr. Kemp, as chairman of the general committee from North Texas at work on the line had called a meeting of the committee for Saturday at Gainesville. The Dallas members will attend this meeting.

## DEATH COMES SUDDENLY TO VETERAN PRINTER TODAY

**A. D. Matheny Succumbs To Heart Failure This Afternoon—Lived Here Many Years**

A. D. Matheny, one of the oldest and best known printers in Northwest Texas, died suddenly this afternoon from heart failure at the home of his daughter, Mrs. D. C. Walker, at 1205 Twelfth street. His death came unexpectedly and almost without warning. He was taking a day off from his work in the Times composing room and was in his usual health.

This morning he was down town with his little grandson and appeared in the best of health. His death occurred about 2:30 o'clock and no announcement had been made as to the hour of his funeral late this afternoon.

Mr. Matheny leaves two daughters, Mrs. D. G. Walker with whom he made his home and Miss Mathie Matheny. Both were at home when he died.

Mr. Matheny was about sixty years of age. For many years he conducted a printing establishment in this city, later moving to Roswell, New Mexico, where his wife died about four years ago. After her death Mr. Matheny left Roswell and after a year or more in Arkansas returned to Wichita Falls where he has since been employed in the Times composing room. He was well known to all the old time here and knew their tastes in job printing. Many of them would have no other printer do their work.

He was a member of the Knights of Pythias and his death was a member of the Wichita Falls local of the International Typographical Union.

## DYNAMITE STICK EXPLODES AND FISHERMAN IS KILLED

**Madison County Farmer Meets Death While Fishing on Trinity River**

By Associated Press. Madisonville, Texas, July 2.—The explosion of a stick of dynamite which he held in his hand while on a fishing trip in the Trinity river yesterday caused the death of R. W. Williams, a well known farmer of Madison county.

## MURDER CHARGE IS FILED FOLLOWING OLD MAN'S DEATH

**Waco, Texas, July 2.—In Justice Moore's court at West, a complaint has been filed against E. C. Shelton, a young white man living here and arrested at West, yesterday afternoon, charging him with the murder of T. J. Bush, an aged white man whose body was found in the Brazos river here last Monday afternoon.**

## PROMINENT WACO LAWYER DIES TODAY IN CHICAGO

By Associated Press. Chicago, July 2.—A telegram received here today from Chicago announced the death there of G. J. Winter, a well known attorney of this city. He was about forty years old. He was a member of the legislature from Grimes county at one time and also served as a member of the city council. He is survived by his widow, one sister and four brothers.

## FOURTH OF JULY PARDONS TO BE ISSUED BY GOVERNOR

By Associated Press. Austin, Texas, July 2.—Not less than thirty convicts will receive pardons July 4. The list is not yet complete, there being now twenty designated for pardon. Others will be ready soon. The board of pardons already has passed on all these cases.

## NEW LIGHT IS SHED ON MURDER MYSTERY

**FREESPORT DOCTOR SAYS LIFE WAS THREATENED TWO WEEKS AGO**

## REFUSES TO GIVE ANY DETAILS

**One Witness Says He Saw Physician's Wife in Office Soon After Shooting**

By Associated Press. Freesport, N. Y., July 2.—Two weeks before Mrs. Louise Daly was murdered in the office of Dr. Edwin Carman, someone called Dr. Carman on the telephone and threatened his life. With apparent reluctance, and more than thirty hours after the tragedy, the physician today gave this information to the district attorney. The county prosecutor failed to make him amplify this revelation.

Dr. Carman refused to say whether the threatening message came from a man or a woman, and remained silent under further questioning. On the strength of this information detectives continued to work on the theory that the assassin had sought the doctor's life and not Mrs. Bailey's. They decided however, not to let their suspicions crystallize until after an autopsy upon Mrs. Bailey's body today.

Joseph J. Janssen, one of the two men who sat in Dr. Carman's office waiting room when Mrs. Bailey was shot, surprised the authorities by declaring that he saw Mrs. Carman enter the room a minute or two after the shot was fired. He saw her with her hand on the woman's body to a couch and folded the hands over the breast. This contradicted Mrs. Carman's statement that she did not see Mrs. Bailey either before or after the shooting.

Further questioning brought from Golden an admission that he might have made a mistake and that the woman in the doctor's office might have been Mrs. Carman's sister, who closely resembles her.

## NEGRESS NOW BEING TRIED FOR KILLING OF ANOTHER

**Trial is Delayed By Death of Witness' Relative—Some Testimony is Taken**

After one witness had been examined, the case of the State vs. Beatrice Allen, negress, charged with the murder of Mary Jane Hicks, another negress in the flat district here several months ago was postponed until nine o'clock tomorrow morning on account of the death of a relative of one of the witnesses.

The jury was empaneled at about ten o'clock. The first witness placed on the stand was Bertie Jones, a negro girl, who was an eye witness to the tragedy. She told how Beatrice had fired three shots into the body of Mary Jane Hicks, who had left the house and gone to another house fifty feet away and had then returned and fired a fourth shot into the body of her victim. She told about a quarrel at a dance between the two women arising from jealousy over a negress partner. She said Mary Jane Hicks had drawn a knife on that occasion and that Beatrice had left the hall.

District Attorney Leslie Humphrey is being assisted in the case by County Attorney Dan Boon, Nelson and Hunter are representing the defendant.

## BLACK CATS VS. POSTOFFICE GAME IS SCHEDULED TODAY

**The following comprise the jury: W. Newton Macer J. B. Craig, T. J. Waggoner, J. C. Terrell, M. A. Marcus, R. M. Vaughn, L. P. Webb, J. M. Moran, D. D. McElver, E. W. Creed, J. A. Giddings, George White.**

## EXPRESS COMPANIES PLAN TO RELIEVE DRY SECTIONS

Wheeling, W. Va., July 2.—Organization of two local express companies to operate between Wheeling and wet towns in Ohio to move to combat the West Virginia state prohibition law brought from anti-saloon leaders today the statement that the question would be submitted to the Interstate Commerce Commission on the ground that to become a common carrier an express company must carry less than fifty per cent of one kind of commodity. They also insist persons to whom liquor is consigned must appear personally at the transportation offices to claim it. It is said the railroads have promised to cooperate in enforcing this rule.

THREE INCH RAIN WEDNESDAY NIGHT

DOWNPOUR COVERS WICHITA AND CLAY COUNTIES—ELECTRICAL STORM

630 TELEPHONES KNOCKED OUT

Wet Weather of Much Benefit To Corn and Other Growing Crops—Delays Threshers

Three inches of rain fell in Wichita Falls Wednesday night. The rainfall extended over all of Wichita county and the greater part of Clay county, being heaviest between Henrietta and Electra. A good rain fell over the eastern part of Archer county but at Holliday the rainfall was light. No other points on the Wichita Valley reported rain except on the Stamford & Northwest branch where a two and a quarter inch rain was reported from Asperment and Peacock.

Heavy rains were reported from Burk Burnett, Iowa. Park, Electra, Byers, Jolly, Henrietta and Petrolia. The rainfall in most of these places was nearly as heavy as that which fell here. The weather bureau's gauge downtown here registered a little more than three inches. A gauge kept by Mr. Simmonds on the hill registered 2.3 inches. A good shower was reported from Kirkland this morning.

Brilliant Electrical Storm. The rain started falling here shortly after 8 o'clock and continued until after midnight. The rain was accompanied by an electrical storm which caused some damage.

The house occupied by Andrew Urban and family and owned by A. S. Fonville on Ninth street in Floral Heights was hit by a lightning bolt. The floor was torn to pieces brick being hurled in every direction for a radius of fifty feet or more. Members of the family were shocked but not seriously. The home of C. B. Toney on Kemp boulevard was also hit but the damage was light.

In some places electric light and telephone wires were melted by the electricity and this morning over 600 telephones were out of commission in the city on account of wet cables.

Of Benefit To Crops.

Many of the streets were deep in dust before the rain. This was washed into the gutters which were swimming in mud this morning.

The rain came too late to save the corn in some fields but will be of immense benefit to a greater part of the crop which now has sufficient moisture to mature it. Cotton will be greatly benefited and the rain was timely for feed crops. Threshing was stopped today but the straw will probably be dry enough for threshing tomorrow.

The ground is in splendid condition for plowing for wheat and many farmers who are fortunate enough to have their wheat out of the way will start plowing at once.

The rainfall last night extended as far north as Grandfield, Okla., according to reports received this morning by the Wichita Falls & Northwestern Wire trouble delays reports from points on the Wichita Falls & Southern. The territory between Hammond and Supply, Okla., on the Northwestern also received good rains.

Our store will close Saturday, July 4th at noon. Please phone orders early. C. H. Hardeman. 43 2c

Victims Of World's Latest Assassination And Their Children, Barred From Throne

ARCHDUKE FRANCIS FERDINAND and WIFE, VICTIMS OF ASSASSINATION, and CHILDREN

Vienna, July 2.—In the twenty-four years he spent preparing himself for the throne the late Archduke Francis Ferdinand, who was fifty years old at the time of his assassination and that of his wife, impressed the cabinet of the aged emperor and the people of the dual monarchy with a sense of his intellectual power, soldierly qualities and ability to emulate his royal uncle in hunting feats. There was no question in the emperor's or his vigor and energy. Francis Joseph, it was reported recently found fault with the assassin's wife, with which he projected himself into affairs of state and expressed regret that his nephew did not restrain himself until it was his turn to mount the throne. This attitude on Francis Ferdinand's part caused friction with his uncle, Francis

Ferdinand's military training was thorough in the extreme. He spent at least twenty years in the army before he was raised to the rank of general. His reforms in the army caused widespread comment in Europe. Although the nobility did not think well of the pastime, the people were pleased when he took delight in running locomotives. He obtained an engineer's certificate, so proficient did he become. As a businessman he was known throughout the continent. His chateau in Konopischt contained the antlers of several thousand stags and chamois, the skins of tigers shot in India, elephants' tusks from Ceylon and the hides of bears shot in the Rocky mountains. Francis Ferdinand visited America in 1892 on the occasion of the World's Fair in Chicago,

and wrote interestingly of his experiences in a diary which was published. The quality of determination marked the hero in every period of his life. When he determined to marry the Countess Sophie Chotek he knew he would have to brave the anger of his uncle. The occasion on which he promised to bar his children from the throne was of great solemnity. The emperor, summoned the ecclesiastical dignitaries of Vienna and officers of the empire. Had the princess lived to see her husband on the throne of Austria-Hungary she undoubtedly would have exercised great influence. Even before their marriage she was Francis Ferdinand's counselor in state and religious matters.

TWO MILITANTS OBEY DISTURBANCE IN WELSH COURT. Carnarvon, Wales, July 2.—Two militants, Georgiana Lloyd and Phyllis North created such a scene today when brought up for trial for window smashing that five wardens were required to keep them in the prisoners' enclosure. A detective said Miss North was a member of the arson squad which set fire to the Wilson in the Key Botanical gardens several months ago and that recently she inherited a fortune of \$450,000.

SALVATION ARMY THEN AND NOW

Forty-nine years ago today the world's first meeting of the Salvation Army was held. It took place in an old patched tent erected in an ancient burial ground in the White chapel district of London. The first preacher was William Booth, a clergyman who was at that time without a church. He had been called upon to take the place of the regular minister, who was lying ill at his home. The first congregation was made up of a "mass of poor people, many of them evidently without God, or hope in the world." After the meeting Booth hurried to his home and exclaimed to his wife: "Kate, I have found my destiny! As I passed by the doors of the flaming gin palaces tonight, I seemed to hear a voice sounding in my ears: 'Where can you find such heathens as these and where is there so great need for your labor?' And there and then in my soul I offered myself and you and our children up to this great work." This was the beginning of a world wide organization. From that day meetings were held regularly. On the third Sunday the tent blew down and was wrecked beyond repair. Having no money for another and without funds to rent a building, Booth preached in the open air. Finally he secured the use of an old dance hall, that was not in use on Sundays. Week day meetings were held in a dilapidated shed, formerly a storehouse for old rags. As the Army grew it was forced into the streets, narrow alleys, abandoned cellars, or unoccupied theatres became Salvation Army chapels.

Today the Salvation Army is the greatest evangelistic organization in the world. The poke bonneted Army lassie is a familiar sight in every country on earth with the single exception of Russia. They are "waging God's battle" even in Iceland. They have laid siege to Russia and it is reported that even that empire is on the point of capitulation. Their battle cry is heard in every commonwealth of the United States; more than 900 "outposts," or missions, are located in nearly every city and town. In these meetings places more than 10,000,000 Americans gather during a year's time, to listen to the exhortations of nearly 7,000 officers of both sexes, that make up the Salvation Army in the United States. The street corner meeting is a familiar sight in every part of the world. More than 150,000 of these are held every year in this country at which over 50,000 recruits have been gathered in at the end of twelve months to the Army's ranks from the congregations. "Our war is a war of mercy," they proclaim and it is witnessed by the worldwide charity of the organization. It has established 100 in the United States nearly 100 workmen's hotels which accommodate annually more than 300,000,000 persons; over 120 industrial homes where about 2,000,000 meals have been served in a year; about 30 rescue homes where 4,000 girls and children find shelter. Pyrene fire extinguishers. For use in the home, store, garage, factory or other buildings. Make for safety and reduce insurance rates. See J. L. McClellan, city hall. 35-14-c

MANY CHANGES TODAY IN TEXAS POSTOFFICES

By Associated Press. Washington, July 2.—Evidencing substantial growth in business in the Southwest, which is likewise an index to increase in population, several important changes in the routing of Texas and Oklahoma postoffices, became effective Wednesday. In Texas, Corpus Christi will be advanced from a second to first class rating, while Eagle Pass, Clarendon, Cokesville, Hallettsville, Henderson, Kerrville, Lampasas, Midland and Uvalde now third class offices will be second class. In Oklahoma, Bartlesville became a first class office, advancing one rating, while Cleveland, Cushing, Duncan and Henryetta will be advanced from third to second class offices. Toyah,

Society Reporter's Phone 1871

**Cosmic Rhythm.**  
Akin to all the starry worlds am I  
That whirl in boundless space;  
And I am the heart of the violet  
That blooms in a quiet place.  
With the stars I muse, and move and sing.  
With the storms I sweep a brother king;  
I am part of the infinite whole.  
In every dawn I am born anew,  
In every sun I rise to shine;  
In the season's gold or the season's gray  
Forever I smile and entwine.  
In the baby's laugh, in the mother's tear  
I, a brother soul to soul,  
Am always lived and always shall,  
A part of the infinite whole.  
—July Nautilus.

### WICHITA FALLS RECIPE.

**Recipe For Divinity.**  
(By Mrs. L. Deatherage)  
First vessel, three cups of sugar, two-thirds cup of Karo with enough water to cover. Second vessel, one cup of sugar with enough water to cover. Put the first vessel on fire first and when about half done put on second. When the syrup in first vessel threads pour into a pan, containing the stiffly beaten whites of two eggs stirring constantly and beat until it forms a snow white mass. Then add the contents of the second vessel which is cooked until it threads also. Beat a few minutes and add one pound of any kind of nut meats. Dip up with a spoon in small quantities and drop on plate to cool.  
(Recipes are solicited. Phone 1871 or send to Times office).

### MRS. ZETSCHE HOSTESS TO ROWENA CIRCLE WEDNESDAY

Mrs. Zetsche was a charming hostess to the Rowena Circle No. 26, Brotherhood of America Women on Wednesday afternoon. Each member answered to roll call with a verse of song, some of which were very comical, affording all much enjoyment. A few minutes were then taken up in a discussion of business matters, after which a social hour was enjoyed. At a late hour the hostess served delicious refreshments of ice cream and cake to the following: Deatherage, Fitzaway, Richardson, Spredding, Zetsche, Shueiser, Jenne, McAllister, Carlton and South. The Circle meets next July 15 at 3:30 with Mrs. Brooks at 1408 Lamar.

### MRS. J. J. SIMON HOSTESS TO THE NEW IDEA CLUB

The New Idea Club met Wednesday afternoon with Mrs. J. J. Simon as hostess. On account of the warm weather the attendance was rather limited but the usual pleasant time was enjoyed by the ladies. Fancy work and conversation constituted the program of the afternoon's amusements and the hostess served delicious ice cream and cake. It was decided to continue the meetings throughout the summer instead of disbanding as has been their custom in previous summers. The members present were Mesdames Goodale, Carey, Friberg, Della, Bachman and the hostess.

### MONTHLY SOCIAL MEETING OF LADIES OF FIRST M. E. CHURCH

The monthly social meeting of the ladies of the First M. E. church was held Monday afternoon at the home of Mrs. Hendrickson. The usual devotional services were held, led by Mrs. G. W. Corkhill. A social time followed during which the social committee, composed of Mesdames Hendrickson, Goodale, Spredding, Zetsche, Montgomery and Elliot served refreshing punch and ice cream and cake to the ladies. This will be the last social meeting until next September.

### AETEC'S SOCIAL MEETING POSTPONED UNTIL NEXT WEEK

On account of the storm last night the social meeting of the Order of Aetec was postponed and will be held next Wednesday night when the program announced for last night will be carried out.

### I. G. B. C.'S MEET WITH MISS LEILA BEALL ANDERSON

The I. G. B. C.'s met Tuesday afternoon with Miss Leila Beall Anderson. Several hours were spent very pleasantly in the accustomed manner by the girls, and a two-course luncheon, consisting of delectable salads and refreshing ices, was served. Those present were Misses Lorna Shaw, Margaret Noble, Louise Montgomery, Adele Adickes, Rose Johnson, Gertrude Davidson and the hostess.

### Mrs. M. L. James and daughters, Misses Marie and Letta, are visiting relatives in East Texas.

Dr. and Mrs. M. B. Garrison have returned from their honeymoon trip to various Colorado points.

### SAYS MRS. PENNYBACKER NOT AS ILL AS WAS REPORTED

Newspaper reports of the illness of Mrs. Percy V. Pennybacker of Austin, president of the National Federation of Women's Clubs have been much exaggerated, according to a relative of Mrs. Pennybacker who was a visitor here yesterday. Mrs. Pennybacker writes:

"I am very tired but there is no truth in the newspaper reports." Mrs. Pennybacker and her daughter, Ruth, have sailed for England and will remain aboard until September.

## COMFORT IN SWISS PRISON

Penal institutions of the Republic Can Hardly Be Said to Be Abodes Greatly to Be Dreaded.

A Swiss prison would not be a bad place in which to spend a cheap holiday for a short time, as you have practically all you want—a comfortable cell, central heating, electricity, good food, a fair quantity of wine, beer, and tobacco, and a library. One can learn a trade, have plenty of exercise, and there is little work to do in return for all these advantages. Until a year ago, in the Thurgau prison, good conduct prisoners were even allowed out for the day on "parole" once a week; but though the prisoners escaped this custom has been suppressed. Of all the Swiss prisons, perhaps the jolliest is that of Kreuzlingen, in the Canton of Thurgau, and an interpellation will be made shortly by deputies in the Grand Council concerning the liberty which the inmates of this establishment enjoy. They have weekly smoking concerts, when the latest music hall songs can be heard, and good singing, which the result that at evening the townspeople—Kreuzlingen has nearly 5,000 inhabitants—gather seriously under the prison walls and promenade in the street, enjoying the free entertainment, especially as some of the convicts have good voices. On these occasions there is no warden to prevent a conversation between the prisoners and their visitors across the wall, and thus the former learn the latest news. It is noticed that the prisoners are very polite when young women are present. Packets of cigarettes and other small luxuries—not on the regular menu—find their way over the walls, and this custom, though strictly forbidden, is winked at. These pleasant little "softness musicals" are now typewritten. It is only fair to the Swiss authorities to say that crime is decreasing, as the population increases, in the country.

## ALL CITIES DUST PRODUCERS

In the Nature of Things They Can Not Be Otherwise, and Thus Unsanitary Conditions Arise.

Modern cities are dust-producers. Streets and pavements and sidewalks are worn by the friction of the traffic, car wheels are ground to metallic dust; fabrics are torn to lint; tires burn with products of smoke and ashes, says a writer in the Atlantic Magazine. Dust is being continually produced both within and without our houses. Recent studies in several cities have shown that the numbers of dust particles in the air above sidewalks range from one hundred thousand to a million per cubic foot. At higher levels the numbers are less. At the Woolworth building in New York, the highest building in the world (714 feet), the air at the street level July 2, 1913, contained 221,000 dust particles per cubic foot; at the tenth story, 81,000; at the thirtieth story, 70,000; and at the fifty-seventh story, 37,000. As a figure for comparison, the air over Long Island Sound at a point several miles from shore was found to contain 18,000 dust bacteria, but the numbers are fewer than those of the dust particles. At the John Hancock building in Boston, the air near the sidewalk contained 1,339 bacteria and 20 molds per cubic foot, while at the tenth story the corresponding numbers were 339 bacteria and three molds per cubic foot. The elimination of city dust is a constant and ever-changing problem for the sanitary engineer. The elimination of the horse from city streets is helping to reduce the organic dust, but the automobile is itself a dust-creator when used on road surfaces not adapted to its weight and speed. Asphalt streets do not disintegrate so do macadam streets, but being smoother, the wind more readily moves such dust as is found there.

## Not Disturbing the Bass.

The owner of a private lake was not a little agitated to see a man supposedly fishing in the pond right beneath the immense sign prohibiting trespassing. With hasty steps, the irate owner hustled for the water-alike. "Look here," he explosively exclaimed, "can't you see that sign? Don't you know you are trespassing? I want you to distinctly understand that this lake is privately owned, and privately stocked, and that fishing here is not permitted!" "Just a moment, my dear sir," was the calm rejoinder of the fisherman, as he withdrew his line and rebaited the hook. "Would you mind telling me what kind of fish you stocked the pond with?" "I stocked it with black bass," cried the excited owner, "and I don't propose—" "That's all right, sir," interjected the fisherman, casting his line. "There is no occasion to worry, I am fishing for pike."

## Education of the Heart.

I have read books enough and observed and conversed with enough eminent and splendidly cultured minds, too, in my time; but I assure you, I have heard higher sentiments from the lips of poor uneducated men and women, whose exciting the spirit of service, gentle heroism, under difficulties and afflictions, or speaking their simple thoughts as to circumstances in the lot of friends and neighbors, than I ever yet met with out of the Bible. We shall never learn to feel and respect our real calling and destiny, unless we have taught ourselves to consider everything as moonshine compared with the education of the heart. —Sir Walter Scott.

Dr. Frothro, dentist, Ward building, Eighth street, 69 tf.

Wichita Falls, Texas, July 2, 1914

The burning question of today is not the trouble in Mexico, but what are we to do with our expatriated President Taft. He is behaving nicely, but today he is getting up awfully and does not seem satisfied with anything or anybody.

The Times is in receipt of the nineteenth anniversary edition of the Ahlens Daily Reporter and while we have only had time to glance through the forty page paper, it has all the appearance of having been carefully prepared and no doubt will be of great benefit to the Ahlens country. We shall preserve our copy for a more careful review.

The splendid, grand and glorious rain of last night and that of this afternoon amounting in all to about four inches, came in time to save most corn crops, and was just what was needed for cotton and feed crops. If, or rather, the two rains, will be worth thousands of dollars to the farmers of Wichita and adjoining counties and the outlook for business of every kind for the next year could not be made better than at the present time.

Congressman John H. Stephens has come out for Ball for governor, as will be noted by the following:

Denton, Tex., June 30.—In a letter from Congressman John H. Stephens given out here, Mr. Stephens announces in favor of Thomas H. Ball for governor, saying that he had conferred with Mr. Ball six years in Congress and that "no better man can be found for governor of Texas than my friend Ball." Mr. Stephens says he favors a referendum vote in both State and Nation to settle the prohibition question and that the Texas Legislature should submit a constitutional amendment for ratification or rejection.

Just why a woman will persist in thinking her husband has lost respect for her merely because she notices that he is not so particular about his dress—and sometimes his manners—as he used to be prior to marriage, is more than the average husband can understand. She ought to remember that the average husband (of course you may be an exception to the rule) has a certain amount of deception and hypocrisy in his makeup and that before marriage he was always trying to pass for considerably more than he was really worth, and the fact that he married so well is evidence conclusive that he succeeded. After marriage this deceptive mask is removed and no god woman should fail to forgive her help-mate for such a crime, for it is better to learn the truth late than never. Then, too, a man hasn't time to go on acting the hypocrite forever, hence he shows his true character as soon as he feels that it is safe to do so.—Childress Post.

The Democrats who composed the Houston convention in 1912 were the Democrats who carried Texas overwhelmingly for Wilson for president, and that too just at the time when the cause of Wilson was at low tide. At the Baltimore convention the Texas delegation stood by Wilson until he was triumphantly nominated. At the State convention to be held at El Paso this year, the administration of President Woodrow Wilson should be endorsed, but in order to insure that this will be done the Wilson Democrats should attend the primary convention to be held on the afternoon of the night of July 25th (the same day as the primary election is to be held), and send delegates to the county convention instructed to endorse the administration of President Wilson. There is an effort on foot to defeat an endorsement of President Wilson's administration and unless the Wilson Democrats get busy it is up to succeed. The opponents of the Wilson administration will count this a victory if the El Paso convention remains silent as to an endorsement of the National Democracy, such an outcome would be nothing more nor less than a slap at President Wilson.

PASTOR EMULATES OMAR AND BECOMES TENT MAKER

Rev. T. E. Kennedy Gets On the Job Himself When Revival Tent is Damaged

Rev. T. E. Kennedy, city missionary for the Wichita County Baptist Association, became a tent maker today. During last night's storm the tent in which he is conducting a revival meeting in the factory district was torn in two. This morning Rev. Kennedy came up down and provided himself with needles and flax and started to sew up the tent. He expected to have the tent repaired for tonight's meeting.

SUBMISSION RALLIES TODAY ARE BEING HELD IN DALLAS

Many Prominent Speakers Attend Meetings in Interest of Proposed Amendment

By Associated Press. Dallas, Texas, July 2.—Submission was brought to the front here today as an important issue in the democratic primaries July 2, in a series of three rallies called in this city. Large crowds were present at these rallies were sent to prohibition leaders all over the state, in an attempt to make the occasion one of the most important of the gubernatorial nomination campaign thus far. The three meetings were set, respectively, for 10:30 a. m., 2:30 p. m. and 8:30 p. m. The First Baptist church was selected as the meeting place with the auditorium of the Central Christian church, across the street, offered for use as overflow meeting place. The list of probable speakers was announced as Thos. H. Ball, T. M. Campbell of Palestine, Cullen F. Thomas, Dr. S. P. Brooks, Rev. H. D. Zickerbocker of Waco, M. M. Crane, Richard Mays of Corsicana, Judge M. M. Brooks, Dr. J. B. Gambrell, Judge W. W. Riddle, Rev. C. H. Shourbe, Rev. J. Frank Smith, Judge Wm. Poindexter, Dr. Geo. C. Rankin, Rev. Geo. W. Truett, Dr. J. D. Sandifer of Ahlens, William F. Ramsey, T. N. Jones of Tyler, C. L. Brachfield of Rock, T. S. Henderson of Cameron, Rev. Robt. P. Shuler of Austin, J. W. Sullivan of Denton and Tom Conally of Marlin.

The infant son of Dr. and Mrs. Quast, who has been seriously ill, is reported better today.

F. A. M. MOTORCYCLE CLUBS END MEMBERSHIP CAMPAIGN

New York, July 2.—Many hundreds of new members of the New York State Affiliated Motorcycle Clubs were added to the rolls today when the intensive membership campaign by the clubs ended. Much friendly rivalry was shown between organizations, as the Federation of American Motorcyclists offered handsome prizes to individuals and clubs which secured the largest number of new members.

Stranger Than Fiction

"By the way," said the monarch of the smoking-room the other day, "I don't think I ever told you of a curious incident that once befell me. I was staying in the country, and one afternoon while out for a walk I rested on a wayside bank. On rising I discovered that a sovereign had dropped out of my pocket. In vain I searched everywhere; no trace of the coin could I discover. A year later I happened to be in the same district again, and during the course of a ramble found myself on the spot where I had lost the sovereign. I clambered up the bank to pick some flowers, but it gave way under me and sent me to the bottom. On picking myself up what do you think I found?" "The sovereign!" was the unanimous reply. "Wrong! I found a gusser. You see, the sovereign had been in the bank a year, and had accumulated interest at the rate of five per cent.—London Opinion.

Woe Smashed

Swainburne's admiration for the scenery inspired the walk which every morning, rain or shine, he took across Putney commons, London. It led also to visitors to see the poet walk. One modest admirer traveled far to catch a glimpse of Swinburne in the flesh, and, having read of the poet's habits, visited the hostelry at which he called each morning in passing. There sat the literary demigod reading the "Pink Un." It was a shock to the pilgrim, who played the part of merely an ordinary customer. But worse followed. Said the pilgrim to the girl behind the bar: "I suppose you know that is Swinburne, the great poet?" Came the answer: "Yes, I've heard so. But he isn't much good to us—he only drinks beer."

Pace That Kills

"I was readin' the other day," began the genial farmer, as he seated himself comfortably in the office of the Glasswood Corners Hustler, "an article on metropolitan journalism. The writer says that there is such a little strain on everybody connected with it that they all get old before they're forty. There's so much hurry, activity and hard work, you know, and I suppose that is a characteristic of running a newspaper anywhere." "You're right, Mr. Benbenjay," replied the successful editor. "We are controlled to do prodigious tasks in the briefest possible time. Now, only yesterday I had to change two double-column ads, write one obituary and two wedding notices and carry two cords of stovewood upstairs."—Puck.

PRaise FOR WICHITA FALLS BY MASSACHUSETTS EDITOR

An interesting article on Wichita Falls and Wichita County, as seen by one of the National Editorial Association party, appears in a recent issue of the Newton (Mass.) Graphic. It follows:

"The business men of Wichita Falls wanted the National Editorial Association to visit their lively city so much that they paid for the entire train from Fort Worth to that city and return, as a side trip to the original plan. We arrived there early Saturday morning, after a heavy thunder shower, and after breakfast at the local cafe, took the train again for Electra, a little city in the heart of the oil regions. All the way to Electra, the dericks of the many oil wells were being moved over the prairie and attention was also called to a pillar of heavy black smoke caused by the burning of one of the numerous oil tanks at Electra after being struck by lightning that morning. Our train was moved down the track to a point opposite this burning oil tank where about 55,000 gallons of oil was blazing furiously. It was one of the most impressive sights I ever saw and stands out as one of the most interesting events of the entire trip. After leaving the billows of flame and heavy smoke as long as we cared, the train moved back to the railroad station at Electra. Here was given a real barbecue, with the sides of beef and mutton being cooked on iron grates over fires built in trenches in the ground. This barbecue was still more civilized than the previous one at Austin, but it did not appeal particularly to me. It was served on the edge of the town and I was informed that the land immediately to the west was owned as one ranch and one could travel 50 miles in a straight line before reaching its limits. The mud at Electra, following the recent heavy rains was of a waxy nature and yellow in color. It stuck closer than bread to all our shoes, even though we were taken to and from the barbecue grounds in all kinds of vehicles. Plans had been made to carry us about this country in autos but the roads were so heavy with mud it was found impossible, so our train ran back to Wichita Falls and then out again over another railroad to a little town of 2500 people called Burkburnett, a town which seven years ago was nothing but virgin prairie. Here we were welcomed by the chief men of the town, given carnations by the ladies and after a brief stop carried back a second time to Wichita Falls. "This city is said to have about 15,000 inhabitants and is rapidly growing. "Oil is found in great quantities over an area covering sixty-five miles long and about twenty-five miles wide. The principal oil fields are located at Electra, twenty-five miles distant from the city of Wichita Falls at Iowa Park, 10 miles at Burkburnett, 12 miles and at Petrolia 20 miles from the city. "The oil production amounts to about 30,000 barrels daily and all concerns operating in the above named oil fields have their headquarters in Wichita Falls. Natural gas is also a valuable product from these fields and amounts to about two hundred million cubic feet daily. There are single wells that produce as much as 50,000,000 cubic feet daily. The gas from these fields is sold for domestic purposes for 25c per thousand feet and manufacturing uses at the amazingly low rate of 4c per thousand feet. "Gas from the fields adjacent to Wichita Falls is piped to Dallas, Fort Worth, Denton, and other oil points. Fifty miles south of Wichita Falls with railroad connections is a vast deposit of coal which is being extensively mined and furnished for manufacturing purposes at an extremely low rate per ton. "Immediately adjoining Wichita Falls there are several thousand acres of irrigated land, suitable for truck and fruit growing, with rapid increase in the markets together with first class transportation to Colorado and other mining states where a very great amount of fruits and vegetables are consumed. "Lake Wichita, a few miles out of the city is said to be the largest artificial lake in the country (everything about Texas, you notice is "the largest in the country or the world"). We were taken there in the longest street railway cars I have ever seen, being 60 feet in length and seating one hundred passengers. Lake Wichita is quite a summer resort and we were given a banquet at the pavilion. While waiting for this banquet to be served, we watched the pillar of smoke from the burning oil tank at Electra, some thirty miles away, and saw the flames from the explosion which always take place after the oil has been burning a certain number of hours. Thirty miles away, we could distinctly see the flames shoot hundreds of feet up in the air and it must have been a grand sight close at hand. "This banquet followed the usual course and we listened to many words about the greatness of Texas and the boundless possibilities of Wichita Falls."

PASSENGER AND FREIGHT BUSINESS SHOWS INCREASE

Denver Locals Carry Additional Coaches—Extra Crews Are Being Put On

On account of the increase in travel additional coaches are being placed on the Fort Worth & Denver local passenger trains. Freight business, too, is showing a big increase and many extra men have been put to work on train crews within the past week.

L. J. LYONS IS APPOINTED NEW NORTHWESTERN AUDITOR

Succeeds L. F. Linney Who Resigned Some Time Ago To Retire To Michigan Farm

L. J. Lyons has succeeded L. F. Linney as general auditor for the Wichita Falls & Northwestern. Mr. Linney tendered his resignation some time ago to retire from railroad work. He will devote his attention to his farming interests in Michigan.

CHARBON CAUSING MANY DEATHS AMONG TEXAS CATTLE

By Associated Press. Austin, Texas, July 2.—More than 1500 head of stock have died in Texas in the past week from charbon disease. H. M. Boerner, assistant state health officer, who is now conducting an investigation. About 1000 of these deaths were among range beef

MERCER MOTOR CARS Do Not Fail to See Them C. E. Van Ness, Agent and Distributer for the Mercer Motor Car Company for Texas will be at the Westland Hotel, representing the highest grade American built car today. Anybody interested in a car that cannot be duplicated for less than \$5,000 will kindly call at the Westland Hotel and get all the information regarding same. We invite the public to take a demonstration in this car while in your city. Will be at the Westland Hotel all week long. Will be glad to give demonstrations and information, and anybody wishing to trade in their used car, will gladly consider same. Do not fail to take demonstration in one of America's finest built cars. If you want speed, power and beauty, this can not be equalled for less than \$5,000.

cattle and dairy cows valued at an average of \$40 per head, while the remainder were among work stock, both horses and mules, valued at \$200 per head. On the basis the stock loss totals \$145,000. The disease centers in the eastern part of the State. The state health department is taking vigorous steps to stamp it out.

An advertisement that should claim immediate interest from every man because it offers Earl & Wilson Shirts \$1.75 and \$2.00 Values At \$1.30 On display in our windows now Negligees in stripes and fancy patterns These shirts are all taken from our present stock. Included are many of our newest styles. Some with detached soft collars to match shirt; others have soft French cuffs. ### The KITCHEN CABINET

IS THE road very dreary? Patience yet. Rest will be greater if you act wisely. And after the night cometh the morning neery. Then bide a wee and dinna fret. —Anna Shipston.

### MORE ABOUT NUTS.

Nuts may take the place of meat in many dishes and are a good change to add variety to the menu.

**Nut Loaf.**—Crumble the inside of a stale loaf of bread and cut the crust fine. Then dry slowly in the oven for two hours, stirring often, not allowing them to brown. To three pints of the crumbs measured before drying, add one teaspoonful of salt, one tablespoonful of sage, a fourth of a teaspoonful of cayenne, one-eighth of a teaspoon of summer savory, one apple cut in bits and a pint of celery cut fine or ground. Melt a third of a pound of butter and fry in it for five minutes a chopped onion. Pour this over the other ingredients and mix well. Beat three eggs, add a pint of milk and pour over the mixture. Let stand to soften the crumbs. Grind together a cup of peasan, a cup of fliberts and a cup of Brazil nuts. Reserve one tablespoonful of ground nuts for the sauce, and mix the rest with the crumbs. Shape in a loaf and bake an hour and a half. Serve on a hot platter with a garnish of sliced orange and a sprig of parsley. Half of this recipe will be sufficient for an ordinary family.

**Sauce for Nut Loaf.**—Melt three tablespoonfuls of butter in an omelet pan. Add a teaspoonful of chopped onion and four tablespoonfuls of butter; cook until brown. Add a half of a chopped sour apple, pint of milk and a cup of water poured from the baking pan after dissolving the glue from the pan. Add the tablespoonful of nut meats, one tablespoonful of lemon juice and a half teaspoon of salt.

**Hickory Nut Cake.**—Cream a half cup of butter, add a cup and a half of sugar, two cups of flour, two spoonfuls of baking powder, three-fourths of a cup of milk, the whites of four eggs and a teaspoonful of vanilla and a cup of broken nut meats.

# FRANK KELL BUYS 52-MILE OKLAHOMA RAILROAD LINE

## DEAL IS CLOSED IN ST. LOUIS WEDNESDAY

ROAD IS CLINTON, OKLAHOMA & WESTERN, INDEPENDENT PROPERTY

## IMPROVEMENTS WILL BE MADE

Line is to be rehabilitated at once—Traverse Rich and Grow, Ing Territory

Frank Kell of this city one of the most successful railroad builders of the Southwest has acquired a controlling interest in the Clinton, Oklahoma and Western Railway. The negotiations through which Mr. Kell came into control of this railroad were concluded in St. Louis yesterday and Mr. Kell is now on his way home where he is expected to arrive tonight.

The Clinton, Oklahoma and Western extends from Clinton, Oklahoma to Strong City and is fifty-two miles in length. Citizens of Cheyenne, Okla., have built a line six miles from that place to Strong City connecting with the Clinton road. The Clinton line connects at that place with the Kansas City, Mexico and Orient, the Rock Island and the Frisco. It crosses the Wichita Falls

& Northwestern at Hammond. The line runs through the Washita River valley, one of the best broom corn and wheat sections in the southwest. It has a traffic agreement with the Northwestern and it is expected that with Mr. Kell in control the traffic relations between these two lines will be strengthened and a new territory made tributary to Wichita Falls.

To Reorganize Property. It is known that Mr. Kell plans to reorganize and rehabilitate the road at once. It is probable that under his control the line will be extended although no announcement to this effect has been made.

J. A. Kemp who was associated with Mr. Kell in the building of the Wichita Falls & Northwestern and the Wichita Falls & Southern railways is not associated with Mr. Kell in the present deal. Mr. Kemp has been elected chairman of a committee to conduct surveys and make investigations into the feasibility of an electric line from Wichita Falls to Dallas and this will probably take up all the time that he will care to give to outside enterprises.

### LAW PASSED IN 1721 WILL BE INVOKED IN PHILADELPHIA

By Associated Press. Philadelphia, July 2.—A law which has existed since 1721, fifty-six years before the Declaration of Independence will be invoked by the police department of this city to insure a safe and sane Fourth of July. The ancient ordinance forbids the sale or use of squibs, rockets and other fireworks, without a special license from the governor. The city solicitor holds this law is still in force.

# New Heir To Throne Of Austria-Hungary Charles Francis Joseph, And His Wife

ARCHDUKE CHARLES FRANCIS JOSEPH and WIFE

Vienna, July 2.—Archduke Charles Francis Joseph, the new heir to the throne of Austria-Hungary, is a nephew of Archduke Francis Ferdinand and a great-nephew of the emperor. He is a son of the late Archduke Otto and Princess Marie Joseph of Saxony and is only twenty-six years old. In 1911 he married a distant cousin, the Archduchess Zita of Parma. He is a typical young Austrian officer, very tall, very popular and extremely devoted to his wife, who is a great favorite with the emperor. The archduke's slender, tall figure was recently seen at many court functions. His predominant characteristics are tact, graciousness and gracefulness of demeanor, which

explain his popularity. Like most members of the house of Hapsburg, he is an excellent shot and is fond of hunting. He also is an eager motorist and has often been known to drive his own car. The archduke has one son, the Archduke Francis Joseph Otto, two years old. He also has an infant daughter.

ed, arose in wormlike to the top and imitated the "Crimson" to a fare you well. While noting the damage done to the erstwhile winner by the smashing swing of the pendulum on its return trip, don't forget the way Old J. Bull ripped our best mallet welders wide open with our own stuff in the jousting for the Westchester polo cup. Once again, glance toward the British Isles and you'll see a couple of golf cups and titles that adorned United States shelves last year. In other words, don't be brief, if you want to win all bets, about the best tip in order follows: Get ready to pick last year's loser to win this year. Bet all you've got and pray for the Grand Old Dope to continue in the path he has followed so far this season. Yale Beats Harvard. In this year's turning of the collegiate wheel it may be mentioned that Yale beat Harvard on field and track; Yale beat Harvard the best two out of three at baseball and Yale beat Harvard in rowing. There is only one branch of sport left this year in which the turning of the wheel can be made complete; that is in football next fall.

## GRAND OLD DOPE IS WRONG, THIS YEAR'S RESULTS SHOW

Everything is Happening By Contraries Judging From Recent Athletic Results

New York, July 2.—Millennium shooters abound by all rights and by virtue of performances so far this season, have the year of their lives during 1914. The year of the Big Wind had nothing on 1914. There have been more upsets to date in little old Anne Domino one thousand nine hundred and fourteen than in any other complete 365 day year in our memory.

Take a look at the wild and woolly habit of victory developed by the Browns and the Cards. Glimpse the brutal manner in which the heretofore unhittable shoots of Walter Johnson have been biffed on the nose at the unimpressive figures which are at the right of the decimal point in the Chicago American Club standing, remembering that no club in either league has anywhere near the classy pitching staff that Jimmy Callahan has garnered under his wing. Next peep at Yale's record for the year in her collisions with Harvard. After being the worm in baseball and rowing for years without number, according to Nex Haven's way of thinking the aforesaid worm turn-

## MADE-IN-DALLAS EXHIBITION OPENS FOR FOUR DAY SHOW

Furnishes Display of Home Products at Fair Park—Today is Housewives Day

By Associated Press. Dallas, Texas, July 2.—Texas-made and Dallas-made products ranging from incubators to automobile tops and from structural iron work to jewelry, spices and engravings will be shown here for four days beginning today which has been set aside as "Housewives Day" for the Dallas home-made products exposition, scheduled to open here today. The exposition of local products has been arranged by the Merchants and Manufacturers Association with the idea in view of bringing Dallas merchants together and of showing Texas people what Texas and Dallas in particular has been accomplishing in the way of manufacturing. Belief that lies the plan to increase the number of manufacturers in Dallas.

## MONEY FOR SILVER SERVICE HAS NEARLY ALL BEEN RAISED

Austin, Texas, July 2.—Nearly the entire \$7500 to purchase a silver service for the battleship Texas has been raised by Governor Colquhoun through contributions. The Young Men's Business Club of Waco, raised \$2500 of the total. A picture of the state house, also historical Texas scenes will be chased on the service. The battleship is expected at Galveston within a month or two, when the service, already ordered will be presented.

# BIG FOURTH OF JULY CELEBRATION

Come to Wichita Falls on the Fourth of July; Bring Your Dinner and Stay all Day.

**BARBECUE MEAT WILL BE FURNISHED FREE**

The great celebration is going to take place in Scotland Park. This Park comprising 42 acres of native timber is to be dedicated to the City by Hon. A. H. Britain, Mayor. There will be amusements of all kinds, good music and public speaking. All the City and County Officials, the Chamber of Commerce and the Railroad Companies are co-operating with us and we want every citizen in this entire country to assist us in making this one of the most memorable days in the history of Wichita Falls.

## Scotland Park

is close in to the business district just four blocks from the new Scotland bridge on Burnett street which is now open to the general public. See the new bridge and the beautiful forest of 42 acres which we are giving to the general public. Excursions on all railroads.

PERSONAL MENTION

J. D. Avis and F. W. Weeks left this afternoon on a business trip to Austin.

Miss Iole Stringer returned today after a visit with friends at Electra.

C. V. Durland and L. Guber will leave shortly for Colorado for their vacation trip.

J. F. Hollister of the Southwestern Telephone Co., of Dallas, is in the city today.

Miss Nellie Jones returned to her home at Electra today after a visit with J. W. Stringer's family.

B. F. Suter of Randlett, Okla., passed through the city today on his way home after a trip to Fort Worth.

Hon. Charles Sherrard of Courtland, Ala., is here for a visit to his parents, Col. and Mrs. W. C. Sherrard.

Mrs. R. M. Palmer and children returned to their home at DeWitt, Okla., this afternoon after a week's visit with relatives here.

C. W. Hamey of Haskell, is in the city and will work in the interest of the Brotherhood of American Yeomen under the supervision of Joseph South, state manager of the order.

Sam Webster was here today on his way from Burk Burnett to Petrolia. Mr. Webster has sold the Burk Burnett Star of which he was the editor and proprietor to M. Clendenning, formerly editor of the Sunday Times. Mr. Clendenning is now in charge of the paper. Mr. Webster after attending to business matters at Petrolia, will probably be located in Wichita Falls for several months.

John C. Kay of this city and John Flowers and Ewing Norris of Graham, returned last night after an automobile tour to Colorado Springs. They were gone about ten days. They made the trip to Colorado Springs by way of Raton, New Mexico, and returned by way of the Santa Fe trail through Kansas and Oklahoma. They made the trip without missing the stroke of the engine until they reached Burk Burnett on their way home last night where they were caught by the storm and had to come in on the train. Mr. Kay said that the most marvellous sight he saw on the trip was the wheat fields of western Kansas. He said they saw miles after miles of wheat without a break. Much of it he said was falling down and waving on the ground on account of the lack of labor. Farmers he said were paying three dollars a day and were unable to get help even at that price.

MEMORIES REWARD

What a great satisfaction is the thought of being loved and revered by our dear ones, even after we have passed to that "Undiscovered country from whose bourne no traveler returns."

There are good and worthy citizens here in Wichita Falls whose memory will be honored and revered long after they have lain their armor down. But we have in mind just now a very worthy one whose grave and the plot on which he is buried looks as bad as the graves of a couple of notorious characters do. This same party left plenty for his loved ones. A friend of his said to me the other day: "It's a shame." We would like to see the relatives of such a worthy character place something to their memory even though they bought it from a mail order house.

Of course, we could not interest such careless or indifferent classes, but we want to see all who are interested.

We will make the price right.

The Rohatch Mineral Water acts directly on the digestive organs of the stomach. Strengthening the kidneys and keeps the blood in fine condition. Good circulation is the only cure for constipation, rheumatism and the only way the system has to throw off germs that cause typhoid, smallpox and other loathsome diseases. Four years in the water business in Wichita Falls has taught us precaution during epidemics of loathsome diseases. We are not strangers in Wichita Falls. We have been here fifteen years and are here to stay. We have always met our obligations. We are equipped to furnish our trade with a clean wholesome vessel. And the best water in the state. Fall in line and share good health with us. Special attention given five gallon phone orders. Our wagon leaves the well at 7 a. m. and 1 p. m. Two trips daily except Sunday. Phone 9001 ring 14. G. J. Rohatch, Prop.

Lilas De Rigaud

The Perfume of Old Fashioned Gardens and Tender Memories  
Lilas de Rigaud is unmistakably lilac—pure, fresh, dew-drenched lilac. As half inviting, half elusive and as wholly adorable as a May day itself.  
Extract in slender, aristocratic vial of charming outline, with cut glass stopper and lilac silk cord.

Two Ounce Bottle for \$3.50

Lilas De Rigaud Talcum Powder 50c

So delicately fragrant that it merely suggests in the most alluring fashion the big, purple, heavy headed lilac clusters swaying in the May wind. Dainty and fine and absolutely pure. In sanitary glass jar with patent sifter top.
