WILSON AND BRYAN BOTH INDORSE BALL

PRESIDENT EXPRESSES "DEEP APPRECIATION" FOR SUPPORT OF ADMINISTRATION

ABOUT "FOUR WARNINGS"

Secretary Understands Last of Those Given in Commoner is Not Being Quoted in Texas

Houston, Texas, July 14.—Thomas H. Stone, chairman South Texas Ball campaign committee, gave out the following letter from President Wilson to the White House, Washington, D. C., July 10.—"My Dear Col. Ball: Some of your utterances in the present campaign in Texas have reached me and I can not let them go by without expressing to you my deep appreciation of the splendid and unequivocal way in which you are lending your support to the National administration. This is but a fresh evidence of what I have always deeply appreciated in your attitude toward me personally and toward my leadership of the party, but it gives me fresh pleasure and strengthens my feeling of gratitude and sincere friendship. The progressive forces of the country are at last gaining cohesion and irresistible force. Cordially and sincerely yours,
"WOODROW WILSON."

Secretary Bryan's Position. Washington, July 14.—Secretary of State Bryan gave his indorsement to the candidacy of Thomas H. Ball, saying that he regards Ball as "a progressive Democrat and thinks that he would make a first class governor." It was pointed out by supporters of Mr. Ball here that his opponents have been quoting from the Commoner, which urged against the election of "men under obligations to corporations," and have applied Mr. Bryan's editorials to the Texas campaign in view of the past connections of Mr. Ball with corporations in Texas. It is further asserted by Ball's friends here that the opposition in Texas has claimed that Mr. Bryan had "warned the people of Texas" against Ball. When asked about this Mr. Bryan said: "By no means. On the contrary, I regard Ball as a progressive Democrat, and think he would make a first class governor. Nothing I have said justifies anyone in quoting me as opposed to him. I remember distinctly his firm stand at the Baltimore conference with the Democrats from Texas on the support of the resolution against Morgan, Belmont and Ryan."

Ball's friends further declare that those espousing the candidacy of Ferguson have only partially quoted from the Commoner editorial. It is headed "Beware of the Special Interests" and names four of them. First, the railroads, or those connected with them; second, the trusts; third, the money power and, fourth, the liquor interests. In making his statement today, Mr. Bryan said he was informed that the opponents of Mr. Ball neglected to quote the fourth warning which dealt with those warning the cause of the liquor interests.

EDINBURG SPANISH WOMEN ORGANIZE PROGRESSIVE CLUB
Edinburg, Texas, July 14.—The first meeting of the Edinburg Progressive Club, organized by the Spanish ladies here to work with the Edinburg Commercial Club and the Edinburg Civic Club for local improvements, was due late today. Mrs. W. B. Barton is president, Mrs. A. E. Chavez, vice president, Mrs. A. N. Vela, secretary of the new organization.

NEGROES HIRED TO TAKE PLACES OF WHITE MEN
Another Chapter Added In Labor Troubles On New Elevator Building
Another chapter was added to the labor troubles at the new plant of the Wichita Mill and Elevator Company today when a number of white laborers were discharged by the construction company and negroes hired in their places. About thirty men, it is understood, were affected by the change.

This is an outcome of the trouble of two weeks ago, when there was a miniature race war, occasioned by the spilling of some ice water on one of the negro workmen. A fight followed and since that time negroes have preferred not to work on this job. Previous to that disturbance the laborers had struck for higher wages, their demands being granted.
Today several of the laborers circulated a petition downtown asking that they be given back their jobs. A Socialist orator took up the cudgel in their behalf and a number of signatures to the petition were received. No explanation has been made by the construction company's management here of the reason for its action, but it is said to have occasioned by continued minor troubles with the white workmen.

THREATEN TO FILE A COUNTER ACTION

NEW HAVEN DIRECTORS WILL SEEK TO SHOW MUCH TO OWN CREDIT

COMMITTEE HAS REPORT

Many of I. C. C.'s Recommendations Already Contained in Administration Bill

By Associated Press. New York, July 14.—J. P. Morgan today denied the charge that the Interstate Commerce Commissioners were not given full access to the records of the J. P. Morgan and Company relating to the transactions of the New Haven railroad.
Counsel for Mr. Mellen said today that Mr. Mellen's private fortune when he entered the New Haven was \$3,000,000. Now he said it was far less than that. He said if the government or stockholders begin action against the New Haven directors they will begin action in relation to bring out much to the credit of the directors and Mr. Morgan.

NEXT STEP EXPECTED FROM DEPT. OF JUSTICE

By Associated Press. Washington, July 14.—The denunciation of the mal-administration of the New Haven's financial affairs contained in the Interstate Commerce Commission's sensational report was today before the Senate committee which is working to frame legislation for the control of railroad financing, the prevention of interlocking directorates and other details of railway management.
Administration supporters declared that many of the commission's recommendations were embodied in the administration bill. The next step in the New Haven developments is expected from the department of justice. The possibility of any criminal action against the officials of the New Haven for violation of federal laws is being considered by the department.

NEW HAVEN R. R. STOCK REACHES NEW LOW LEVEL

Early Selling Forced Stock of Road Under Fire Down To 54 1/4

By Associated Press. New York, July 14.—Early selling of New Haven forced that stock to the new low level of 54 1/4 in today's market. Other stocks opened lower.

RESCUE ATTEMPT RUMOR LEADS TO PRECAUTIONS

Extra Guards Placed About Jail Where Arkansas Youth is To Be Hanged

By Associated Press. Paris, Ark., July 14.—Rumors that an attempt would be made to take Arthur Spillman, aged 22, slayer of his sweetheart, Amanda Stephens, out of jail here to prevent his execution tomorrow, caused the sheriff today to place extra guards about the building. The guards will be maintained until Spillman is executed. He made an unsuccessful effort last night to leap from a train en route here from Fort Smith.

SMALL MAJORITY FOR PRESIDENT'S NOMINEE

Canvass of Senate Indicates Majority of About Ten For Jones' Confirmation

By Associated Press. Washington, July 14.—Administration senators, after a canvass today reported to the White House that President Wilson's nomination of Thomas B. Jones of Chicago will be confirmed by a majority of from 10 to 12 votes.
Indications were that the White House would not begin the fight for the confirmation of Mr. Warburg until after the vote on Mr. Jones.

EVA KENGA BELIEVED TO BE MOHAWK RIVER VICTIM

Schenectady, N. Y., July 14.—Eva Kenga, formerly of New York, is believed by the police to have been the Mohawk river victim, whose body was found about two weeks ago. She was known here merely as Eva. She lived with an unidentified man here. She disappeared and her companion sold their household goods and disappeared from sight.

WHERE MRS. CARMAN, ACCUSED OF MURDER, IS HELD; HER YOUNG DAUGHTER, VICTIM'S HUSBAND AND THE PRINCIPAL WITNESS

New York, July 13.—Mrs. Edwina Carman, wife of Dr. Carman, will be arraigned for her preliminary hearing on Monday, July 13, for the murder of Mrs. William D. Bailey in Dr. Carman's office on June 31. Mrs. Carman, the statuesque and handsome wife who admitted that she was so suspicious of her husband that she installed a dictograph in his office so she could overhear what was going on when he had women patients, is held in the Nassau county jail at Mineola. She denies the charge and says that she can clear herself. The

testimony of Elwood T. Bardes, an insurance agent, before the coroner, resulted in Mrs. Carman's arrest, although she has been practically the only one suspected for several days. Bardes testified that he was in front of the doctor's home when the murder shot was fired through the window of Dr. Carman's office and that he saw a woman generally answering Mrs. Carman's description walking away from the house near the window and toward the rear a few minutes after the shot was fired. The woman

had no hat on. She wore a dark dress and light waist. Other witnesses had testified that Mrs. Carman was dressed that way on the night of the murder. William D. Bailey, the husband of the victim, has so far taken no positive stand in the murder mystery, but it is believed that he will demand that Mrs. Carman go to the chair if she is guilty. Elizabeth Carman, daughter of the accused, stands staunchly by her mother. She says her mother was in her room at the time the fatal shot was fired.

NEW ORLEANS TO PLACE BAN ON CHICKENS TOO

Presence of Chickens, It is Claimed, Makes It Harder To Exterminate Rats

By Associated Press. New Orleans, July 14.—Chickens probably will be placed under the ban along with rats as a precaution against the bubonic plague. The federal health officer has asked the city council to pass an ordinance to make it unlawful to keep chickens in certain sections of the city. The chickens do not carry the plague germs, the doctor says, but their presence makes it more difficult to exterminate the rats. The ordinance will be placed before the city council tonight, also an ordinance for making the city's wharves and other things that every gang-plant shall be painted white, shall be constantly lighted and watched.

DR. THOMAS D. BUGG DIED SATURDAY AT SAN ANGELO

Announcement has been received here of the death of Dr. Thomas D. Bugg at San Angelo Saturday, the remains being shipped to his old home in Bardwell, Ky. His wife was at his bedside at the time of his death. Dr. Bugg had been a resident of Wichita Falls for a year or more, and had many friends who will offer their sincerest sympathy to the bereaved family.

NEW CHARTER FOR CINCINNATI BEING VOTED ON

Cincinnati July 14.—This city today voted on a new charter, drafted under the constitutional amendment giving Ohio cities home rule.
The charter is progressive, but not radical. It provides for the federal form of government, the election of a mayor and 15 councilmen-at-large. Under it the Mayor appoints all other officers except a director of finance who is named by the council. The term of office for all is fixed at four years, elective officers being subject to recall after one year in office. Initiative and referendum are also provided.

WEATHER FORECAST

Tonight and Wednesday partly cloudy.

NO CHANGE IS LIKELY IN THE COUNTY TAX RATE

Increased Assessed Values Will Provide For Any Increase in Expenditures
No change in the tax rate is expected this year, although the county commissioners in session yesterday took no action on the matter, allowing it to go over until the August term. The present rate is forty cents and it is not likely that there will be either increase or reduction, as the increase in valuations will be sufficient to take care of the additional expenses for the ensuing year.
The court approved the usual bills and canvassed the return of the Electric road bond election last week, adjourning after a brief session.
Encouraging crop reports were brought in by the commissioners, all saying that cotton is in excellent condition and that corn is more promising than usual.

WILL ADJUST RATE ON NEWSPAPER "RETURNS"

By Associated Press. Austin, Texas, July 14.—The railroad commission was expected here today to take up a proposed amendment to express classification No. 2, governing transportation of newspapers and periodicals returned. The commission proposes a rate of one cent per pound with a minimum of five cents charges prepaid.

DOUGHTY EXPECTED TO NAME EXAMINERS SOON

By Associated Press. Austin, Texas, July 14.—W. F. Doughty, state superintendent of public instruction was expected today to name soon the thirty members of the state board of normal examiners who are to pass upon 6,500 applications for teachers' permits. Each member receives \$10 a day for service on the board. There already are over 300 applications.

ANTI TRUST BILL HAS STRUCK ANOTHER SNAG

Committee Unable To Agree Concerning Scope of Regulation Features

By Associated Press. Washington, July 14.—The administration anti-trust bill struck another snag today. The Interstate Commerce Commission committee was unable to agree whether the railroad securities bill should provide merely for the supervision of the issue of stocks and bonds or go further and regulate the purposes for which the money should be spent.
The judiciary committee spent several hours discussing the constitutionality aspects of the Clayton omnibus trust bill. Prospects of a joint session of the two committees to work out a program to include the substance of both bills is said to be good.

COCKE WILL ADDRESS VOTERS HERE TONIGHT

Collingsworth County Judge Will Speak in Behalf of Senatorial Candidacy

R. H. Cocke, county judge of Collingsworth county of which Wellington is the county site, and candidate for State senator from this, today in behalf of his candidacy and will address the people at the corner of Eighth and Ohio avenue in front of the City National Bank tonight at 8 o'clock.
Judge Cocke is an able lawyer and interesting speaker, and those who are interested in the State senatorship and have not made up their minds as to who they are going to support or vote for, should hear what he has to say in his own behalf, that they might know what to expect of him should he be elected. His opponent in this contest is Hon. W. A. Johnson of Memphis, the present incumbent.

STAMER AWAITS HUERTA'S FAMILY

ESPAGNE HELD AT VERA CRUZ PROBABLY FOR HUERTA HIMSELF

RESIGNATION IS EXPECTED

Washington Awaits Announcement Momentarily That Huerta Has Quit

By Associated Press. Washington, July 14.—General Huerta may be one of those sailing on the Estancia, according to early dispatches from Vera Cruz. The holding of the steamer and the repair of the railroad gap between Vera Cruz and the capital has been given as an indication that Huerta was ready to flee with Delmas, Ruiz Miraflores, General Maas, all members of his official family who sailed on the Estancia. The liner plys between Vera Cruz, Havana and Spanish ports.
HUERTA'S FAMILY MAY EMBARK ON ESPAGNE
By Associated Press. Mexico City, July 14.—Provisional President Huerta's family was expected to leave soon for Vera Cruz and will probably embark on the Espagne.

ONLY TWO PORTS LEFT FEDERALS

FEDERAL TROOPS JOINING CONSTITUTIONALISTS EVERYWHERE REPORTED

FEDERALS LEAVE GUAYMAS

Mazatlan and Salina Cruz Only Two Ports Left in Possession of Federals

By Associated Press. On Board U. S. S. California, Mazatlan, Mexico, July 13, via wireless to San Diego, Cal., July 14.—The Mexican insurgents are sweeping the Pacific coast ports of Mexico. Evacuations, occupations, armistices and the taking of prisoners are everywhere reported to Rear Admiral Howard in charge of the American fleet on the west coast. Indications are that within a week the federals will be left in possession only of Mazatlan and Salina Cruz.
At Santa Rosalia, a mining fort on the coast of Lower California the federals and constitutionalists held a conference yesterday at which it was decided to bury their differences and make joint cause for Carranza. The same report is coming from other towns.
Armistice At Guaymas.
At Guaymas an armistice has been agreed upon to expire at midnight July 20.
Four merchant vessels are being loaded with the federal troops at Guaymas and it is expected they will all be out of that city within a few days.
General Gomez of Zapatas forces is reported to have taken charge of Apulco in the name of the constitutionalists. Only a small federal garrison has been on duty there.
Federal and constitutionalist generals at Guaymas expressed profuse thanks to the American naval commander there for his efforts to prevent unnecessary slaughter and bring about an armistice.

ARBITRATION OFFER IS REJECTED

ENGINEERS AND FIREMEN WILL CONTINUE OWN NEGOTIATIONS WITH ROTAS

VOTE IS ALMOST UNANIMOUS

97.7 Per Cent of Engineers and 99.2 Per Cent Firemen in Favor of Strike

By Associated Press. Chicago, July 14.—Representatives of 55,000 engineers and firemen on ninety-eight western railroads today declared they would not accept arbitration of wage differences under the Erdmann act but would continue their negotiations with the railroads themselves.
W. A. Carter for the employees announced that the vote of the Brotherhood of Locomotive Engineers had been 97.7 per cent in favor of a strike and that the Brotherhood of Locomotive Engineers had voted 99.2 per cent in favor of a strike.

ON TRIAL SECOND TIME FOR KILLING OF HUSBAND.

New Haven, Conn., July 14.—Mrs. Bessie J. Wakefield was today placed on trial for a second time under an indictment charging murder in the first degree for causing the death of her husband. She was convicted and sentenced to hang, but on appeal was granted a new trial. James Plew, who actually killed Wakefield, has already been executed. The state charges that Mrs. Wakefield was the master mind which directed the murder.

SAN ANTONIO EXPENDING \$300,000 FOR SCHOOL BUILDINGS

San Antonio, Texas, July 14.—Work already has started on two of the modern school houses to be erected here, and plans are ready for three others, to be erected with the \$300,000 apportionment of the recent bond issue. The new schools will be concrete structures. Repairs also will be made on the present houses.

By Associated Press. Goliath, Texas, July 14.—Fire early today of an unknown origin did about \$50,000 damage in the business section of this city. The insurance was small.

BANKS RESPOND TO INQUIRY OF SEC. McADOO

By Associated Press. Washington, July 14.—Thousands of national banks already have replied to Secretary McAdoo's letter asking the opinion of bankers throughout the country relative to the placing of government funds with the banks to aid in the movement of crops.
Last year \$37,000,000 was loaned for this purpose. The clerks are busy tabulating the replies thus far received.

RAIN AND HAIL DAMAGE NEAR SAN ANGELO.

By Associated Press. San Angelo, July 14.—Rain and hail is reported to have done considerable damage to growing crops, Monday, in the Christoval section south of here. Some growing crops were reported beaten into the ground in that section.

HOME RULE AMENDMENT PASSES THIRD READING

By Associated Press. London, July 14.—The House of Lords today passed on its third reading the bill to amend the Irish home rule bill and sent it to the House of Commons for consideration. This amendment is intended to compromise the Irish trouble by excluding Distur for six years from domination of the Irish parliament.

COTTON EXCHANGE IS PROPOSED

CHAMBER OF COMMERCE WILL ASSIST IN WESTERN UNION PLAN

DIRECTORS' MEETING TODAY

C. C. French Submits Proposal To Encourage Hog Breeding in This Section

Good roads matters occupied the attention of the Chamber of Commerce directors for the most of the time at the weekly session this morning. Committees were named to secure a good road for the Katy road party which will here on August 7, and to act as escort for the Meridian road party which will pass through this county Thursday.

Directors present were: Huff, Hardy, O'Reilly, Gates, Hines, Jackson, Ward, Kell, Gardner, Boyd, Blair and Noble. C. C. French of Fort Worth told the directors of a plan of one of the packeries to increase the production of hogs in Texas. Unless something was done, he said, a meat famine was threatened. It was the plan, he explained, to loan some farmer nine sows and one boar for two years, the farmer to return the stock loaned him and one-fourth of the increase. The directors gave the proposition their endorsement and took steps to secure some such farmer in this section.

Cotton Exchange Proposal. Manager Posenpohl of the Western Union office brought up the matter of establishing a cotton exchange here, saying he was advised that cotton buyers, grain men and others would be glad to bear their share of the expense. The matter was ordered deferred for a week, during which time an effort will be made to interest cotton men in the proposition.

The visit of the Katy good roads train early in August was announced and Messrs. Blair, Hines and Noble were constituted a committee to see that there is a crowd on hand when the demonstration is made.

An Escort Named. A committee was appointed to act as escort for A. L. Westgard and the others of the Meridian road party who will reach this city Thursday evening. M. A. Marcus, J. B. Marlow and Lion Boyd were named, and these, with others, will meet the party at Healdston and act as escort through the county. The directors then adjourned.

TO CURE BURGLARY WITH SURGEON'S KNIFE.

San Francisco, July 14.—If the superior court will consent to an operation as a punishment for burglary, Edward Lowenstein will go under the knife here shortly in the hope that a surgeon may succeed in eliminating his criminal tendencies. Lowenstein was bound over to the grand jury recently and waiting for his case to come up to know whether he is to go to San Quentin or to a hospital. He has already served one term. According to his relatives he "suffered an injury to his head when a boy. After his accident he developed an uncontrollable passion for theft."

Austria-Hungary—What Hyphenated Term Means

Washington, July 14.—Austria-Hungary, toward which the eyes of the world are now turned because of the recent assassination of Archduke Francis Ferdinand, heir to the throne of the dual monarch and his consort, the Duchess of Hohenberg, is a land of strange contrast, according to a statement issued by the National Geographic Society at Washington, D. C.

In spite of its important position, both geographically and politically, but few people realize exactly what they mean when they speak of Austria-Hungary and to many the words Austria and Hungary seem interchangeable terms for the same thing. "What, Austria, what is Hungary, and why are they always bracketed together?"

"The Austrian Empire is a constitutional monarchy formed of three kingdoms, Bohemia, Galicia and Dalmatia, two archduchies, Upper and Lower Austria, and a collection of duchies, countships and margraves of precisely rank; all of them united in the person of the Emperor Francis Joseph. The adjacent and entirely independent Kingdom of Hungary, in addition to Hungary proper, includes Croatia, Slavonia and Transylvania, countries formerly independent, but now, through intermarriage, conquest and inheritance, all possessions of the Apostolic King of Hungary, who happens by a purely historic chance to be also sovereign of the Empire of Austria. The possession of the Danube, the Danube in the person of their common ruler has led to the Ausgleich or 'Compromise,' whereby the two countries, for mutual convenience, have agreed to join forces in maintaining joint diplomatic and naval and military services. Beyond this the two countries are entirely independent, each having its own constitution, legislature and administration.

ANOTHER TWILIGHT LEAGUE SERIES

ANOTHER SCHEDULE FOR EIGHTEEN GAMES HAS BEEN COMPLETED

FIRST GAME THIS EVENING

Irish Lads and Hoo Hoo Will Play at League Park at Six O'clock

The second half of the Twilight League season will open this evening at 6:15 o'clock when the Irish Lads and Hoo Hoo's, the latter being the Black Cat's new designation, will meet for the first game. On Friday the Leopolders and P. O. Stammers will play. All players used by the four teams during the first half of the season are free until 6 o'clock today to sign up with any other team they choose and as a result some of the lineups will no doubt be materially changed.

Lists of the men to be used by each team are to be filed by 6 o'clock this evening, each club being allowed twenty men. The games will be played as heretofore, at 6:15 each Tuesday and Friday evening. Following is the schedule: Tuesday, July 14—Irish Lads vs. Hoo Hoo. Friday, July 17—Leopolders vs. Stammers. Tuesday, July 21—Irish Lads vs. Stammers. Friday, July 24—Leopolders vs. Hoo Hoo. Tuesday, July 28—Leopolders vs. Irish Lads. Friday, July 31—Hoo Hoo vs. Stammers. Tuesday, August 4—Irish Lads vs. Hoo Hoo. Friday, August 7—Leopolders vs. Stammers. Tuesday, August 11—Irish Lads vs. Stammers. Friday, August 14—Leopolders vs. Hoo Hoo. Tuesday, August 18—Leopolders vs. Irish Lads. Friday, August 21—Hoo Hoo vs. Stammers. Tuesday, August 25—Irish Lads vs. Hoo Hoo. Friday, August 28—Leopolders vs. Stammers. Tuesday, September 1—Irish Lads vs. Stammers. Friday, September 4—Leopolders vs. Hoo Hoo. Monday, September 7—(Labor Day)—Double header, Leopolders vs. Irish Lads; Hoo Hoo vs. Stammers. All games will be five innings, unless otherwise agreed before starting play.

FEED "TUMMY" THEN BRAIN, BERLIN'S PLAN. Berlin, July 14.—The school authorities of Berlin have ordered that, commencing with the fall term, children in the lower grammar grades shall be officially weighed and measured every six months to carefully note their physical development. Should it be found that poor children are not receiving the proper nourishment for normal increase in growth and weight, this is to be remedied by providing them with breakfast and luncheon in the schools at the expense of the city. The authorities have found it uphill work to cram knowledge into a brain when the little "tummy" that feeds the brain with blood is empty. Also that big heads and weak bodies make a poor combination for the future of the nation.

GREAT GUN FOR PANAMA LOCK IS ALMOST READY

It is 50 Feet Long and Will Fire On Ton Projectile 20 To 25 Miles

By Associated Press Washington, July 14.—When its breech locking device has been perfected the great 16-inch gun, the biggest piece of ordnance in the world, which has just been shipped from the Sandy Hook proving grounds, will be ready for service at the Panama Canal. The gun is 50 feet long, weighs 142 tons, and fires a projectile about six feet long. The projectile itself weighs one ton and is discharged with 845 pounds of powder. In Justice to Our Competitors

We are glad to be in position to say to the public that the management of the Majestic Theatre, Lamar Airdome and Gem Theatre, had any part in dictating the price that we should charge for admission. These gentlemen came to us and assured us that they had no part in the matter and did not propose to have in the future, we feel however that rather than have any unpleasantness that seems might develop that we had best make the advance in price at this time to 5c and 10c, though we would prefer to still continue at the small price of 5c to all. We will show one of the best variety programs in the city and assure the public that we will appreciate their patronage at the advanced price. Our program for Wednesday is exceptionally good.

The most of my customers know by satisfactory experience that there is a big difference in cheese and that the difference is in favor of the fancy American cheese that I am selling.

There are some kinds of cheese that will stay on the table meal after meal and be nibbled at a little bit. There are other kinds that will disappear almost as fast as the housekeeper can cut it. It's all in the taste, texture and color of the cheese. Some kinds appeal and some kinds do not, and this American cream cheese of mine is one of those that appeals every time it appears.

If you get a pound as a trial you will next order two pounds, and remember that it will be a wise move to do this for cheese is a better balanced food than many other things that cost more money.

The price of this cheese is 25c per lb.

A BIG MUSICAL NOTE

Twenty-six Catholic Schools adopt the Art Progressive Series of Piano Studies in one day. The Progressive American Music Schools now number nearly three thousand, and the Progressive Music Teachers now number two thousand, and the Art Progressive Series was copyrighted in August, 1912. YES, A WONDERFUL PROGRESS, but it represents years of study and research by the world's best musical masters, and an expenditure of more than \$250,000.

WHAT IS IT YOU SAY?

Just simply a course of music text lessons, studies, exercises and historically and analytically illustrated pieces of sheet music, arranged in consecutive order, covering thoroughly all fourteen subjects necessary to a musical education. This Time of Year When a fellow gets the fever he can't settle down at all. For his thoughts are roaming elsewhere where the waves and mountains call; And his work becomes a burden, and his shoes are filled with lead. And the routine facts and figures simply won't stay in his head.

When a fellow gets the fever he just don't know what to do. For his desk is a vast woodland with a limpid lake or two; Or the wall is the horizon of the dancing, restless sea. And he wants to shake his fetters and to go out and be free.

When a fellow gets the fever he is filled with discontent. For he's longing for the outdoors and the balmy forest scent. And his brain is dull and heavy, and he'll yawn and stretch and gap. For he wants to see Dame Nature and to rest in her broad lap.

Recipe for Charlotte Russe (By Mrs. D. Dellis) One scant pint of milk, six eggs beaten very light. Make very sweet and flavor with vanilla. Cook over hot water until a thick custard. Soak one ounce of gelatine in one-half cup of warm water when dissolved beat in hot custard, let get very cold. Whip one quart of cream, add one pint of pecans. Mix with custard and gelatine, let stand on ice over night or make in morning to serve for the evening dessert. This makes sufficient to serve fifteen. Serve with whipped cream. MRS. A. F. KERR HOSTESS TO LADIES' AID MONDAY

The Ladies' Aid of the Central Presbyterian church met Monday in regular session with Mrs. A. F. Kerr. The lesson was taken from the latter part of the Four Gospels and was led by Mrs. Kerr. After an interesting discussion of the lesson a business session was held. A social half hour was then enjoyed, during which time the hostess served a refreshing ice course.

DIVISION MEETINGS OF THE BAPTISTS WOMAN'S ALLIANCE

The Woman's Educational Work in the State was the subject for the program carried out in the different division meetings of the Baptist Woman's Alliance Monday. The special topic under consideration was "The Cottage Home" at the Baylor Female College and all of the divisions report interesting and profitable discussions of the subject. Following the Taylor, Mrs. Horrie and Mrs. R. C. Miller were the individual hostesses, the remainder of the divisions meeting at the church.

BESSE WAKEFIELD BEGINS SECOND FIGHT FOR LIFE

New Haven Conn., July 14.—Vindication for Mrs. Besse Wakefield, sentenced to be hanged for the murder of her husband, William O. Wakefield, was predicted by the defense here today when the second trial of the woman opened in the Superior Court.

James Plew, Wakefield's companion in the murder, was sentenced to March 4. Women of Connecticut were active in behalf of the Wakefield woman and her appeal to the Connecticut Supreme Court of Errors won for her a second trial. Recently Mrs. W. J. Bickensunderfer was in a noble tour of Connecticut taking a "silver quarter" subscription to finance Mrs. Wakefield's second fight for life. Charles W. Bauby of Waterbury, Conn., will be attorney for the defendant.

A member of a family of fifteen children, Bessie Wakefield began working as "hired girl" for farmers near her home at fourteen, and at seventeen was married to William Wakefield, who was twice her age. Wakefield did not provide for his family and Mrs. Wakefield later became housekeeper for Plew. For a time Wakefield also lived on the Plew farm, then he again established a home and his wife returned to him. It was after this that Plew and Wakefield quarreled and Wakefield's dead body was found in a field twelve miles away. Plew's confession implicated Bessie Wakefield, and subjected to third degree grilling by the coroner, she further implicated herself. Before her trial Mrs. Wakefield was without legal advice, and during the trial the jury was not segregated and was influenced by popular opinion. The defense claims that Mrs. Wakefield knew nothing of Plew's intention of killing her husband.

To the Voters of Precinct No. 1, Wichita County.

Two years ago next November you honored me by giving me the office of Justice of the Peace, for which I thank you. I have done my best to fill the office as it should be filled. Now, I come to you asking for a second term. I am in my seventy-first year and have resided in Wichita county almost continuously since 1881. All of the old timers know me well. I served four years in the Confederate army. As to my citizenship, that is for you to judge. To all the trust you imposed on me consumes all of my time. To get out and make a canvass would be taking time that belongs to the office. So I take this method of coming before you asking to be re-elected as Justice of the Peace Precinct No. 1, Precinct No. 1. W. J. HOWARD, J. P. \$2 81 p.

At The Theaters

The Lamas, Aledome Quite a large crowd saw the Bellefont and their remarkable trained dog at the Airdome last night and were highly pleased. The act is one pleasing to the general public and to ladies and children in particular. "Toby" the trick dog is really a remarkable animal, who does his part of the act absolutely alone and with almost human intelligence. This act has received flattering press notices from all over the country where they have shown the best variety houses. The Melvly Sisters contribute a very neat and classy singing and dancing act to the vaudeville program. Three new reels of pictures, will be shown tonight.

The Empress "In the Hands of a woman," a three reel feature, is showing here today. The main thread of the plot is woven around an international treaty and the adventures of the spy make one of the most interesting and exciting pictures ever shown on the screen. A one-reel comedy complete the program.

The Gem An interesting picture is showing here, "The Antique Engagement Ring" somewhat of tragedy but which in the end terminates very pleasingly. It has Dorothy Kelly for the leading lady with a number of other popular Vitagraph players in the support. Tomorrow the Vitagraph comedy of "Movies as They Shouldn't Be" which had such a surprising run in New York City will be shown. "Godness Gracious" is in three parts, and every foot is a scream.

The Victoria "Was She Right in Forgiving Him" a two-reel Thanhouser featuring Maud Pealy and Lucy Payton, a Texas girl, shows today. Nelson Morgan, after a later, hard part, meets the girl whom he considers the one girl for him. He wins the girl's love but on the eve of their marriage he is confronted with the woman he had wronged and the meeting was one of sorrow for all. "Our Mutual Girl," No. 19 is also shown. "Our Mutual Girl" vies the fashion display at Steras Bros. Ada Taylor, the east side girl, awakes at Margaret's home, but decides to slip away, and it happens that she is encountered on her way by "Kid Joseph," her dance hall sweetheart. He persuades her to go back to the east side. Almost at the same hour Margaret, on her way home has rescued Ada's brother and the police find an unsuccessful attempt to rob a window. When she reaches home she finds Ada has gone, and Ada's brother knows who to suspect, but Margaret's aunt refuses to let her have any further hand in the rescue. A later however, Margaret steals out of the house on her perilous quest of Ada.

The Majestic "A Tight Squeeze," the eighth page in the exciting "The Dillies" contains many thrills. Mary Fuller is featured. When the news came to the Comet office that Mr. Martinegro, the well-known Italian American merchant and philanthropist had been murdered, Dolly Dearth was very anxious to have the assignment. To her disgust the managing editor gave the story to a newspaperer, Hillary Graham, the young man Dolly had met in "Mother Earth's" home. Dolly herself, was forced to be satisfied with a Salvation Army wedding.

Hillary set off on his assignment in high spirits. He had not much of a success of reporting yet, but he was confident that his work in this case would convince the Comet management that he was one man in a thousand. Arrived in a dingy little barroom near the scene of the crime, he announced his intention of apprehending the criminals to the interested bartender. As a result a few minutes later Hillary was knocked on the head and thrown into the cellar.

Dolly, after finishing her report on the wedding, donned Salvation Army uniform, and accompanied the band about town in search of more material. In the course of her wanderings, she entered the barroom, and saw a necktie on the floor which she had noticed that morning on Hillary. Creeping unobserved into the cellar, she discovered the unconscious Hillary lying on a pile of coal. As she stood in puzzled anxiety, wondering how she could possibly save the young man and herself, she was startled by a sudden rush of coal into the cellar, through the coal hole from the street.

Daddy, the copy boy on the Comet, happened to be on the street above, watching the coal men at their task. Hearing a muffled cry, he stopped the man. A moment later, Dolly crawled through the hole. She and Daddy rushed for the police. After Hillary had been rescued, the police entered the saloon, and arrested its occupants. A lucky chance resulted in the discovery of the Martinegro murderers.

While Dolly was writing her story in the police station, the greatest of Hillary proposed. Dolly was non-committal. She was afraid that she wasn't quite ready to marry. The seventh Lucille Love picture is shown also. After numerous stirring adventures by land and sea in her effort to regain the papers which will save her father from dishonor, Lucille Love and Hugo Loubeque, her father's enemy, find themselves drifting in an open boat off the coast of China. The papers, possession of which both are fighting for, are now in the hands of Captain Wet-

Congressman Bourland and Venetian Singers Provided Closing Program

Monday night marked the closing of the Chautauqua program and today the tent was taken down after six days of excellent entertainment. In the afternoon lecture by Congressman Bourland of Missouri and in the evening a drama by James Francis O'Donnell, "The Sign of the Cross" were the main features of the last day with music by the Venetian singers at both performances. Although the Chautauqua has not been a financial success so far as the local guarantors are concerned, they losing about thirty dollars each on it; it has furnished splendid entertainment for all who attended and those who have been present are hopeful that similar attractions will be brought here in the future. There have been single numbers in the minds of some, that were worth the entire price of admission for the six days.

Congressman Bourland yesterday told of the work of Congress and the national departments in general, discussing the duties of the department of agriculture in particular and showing how it not only aided the farmer, but protected the public. The lecture by Mr. O'Donnell last night gave the beautiful drama with all its force, and was greatly enjoyed. The Venetian singers who gave operatic and other selections at both performances, were very pleasing musicians and their songs found hearty favor with the audience.

JOINT MEETING W. O. W. CAMP 3001 AND LADIES CIRCLE

Thursday evening July 16 at 8:30 p. m. the doors of the camp will be thrown open to both Woodmen and Circle members and their friends. There will be plenty of refreshments, a good program, including short talks, music and a short play. The feature of the evening will be the old maid sale. The girl will stand behind a curtain and be auctioned off to the highest bidder who will be entitled to participate in the amusements of the evening with his purchased partner. The sale will not be restricted to old maids, but the old bachelors will be granted the privilege of being sold in case some girl desires to purchase her own partner. The drill team will give a special drill and will serve as ushers and to see that every person has a good time.

Lucille learns from the imprisoned sea captain that Loubeque has again come into the possession of the papers. The captain, however, had retained Loubeque's diary, and this he gives to the girl. While shadowing Loubeque Lucille learns of his intended smuggling operations, and when the occasion offers she steals Loubeque's signed contract with the Chinese merchant, with the intention of using it as a lever to force the stolen documents from him.

The girl, however, is now in a new predicament. Loubeque has regained possession of his ship and intends sailing immediately for the United States; where the papers will be used to dishonor her father. She hides on the wharf and watches Loubeque board the ship. It will sail within a few minutes, and whatever she does must be done quickly.

Temperature in St. Louis 102; in Wichita Falls 98. Come to Texas.

A few weeks ago The Times, commenting upon the noisiness of automobiles on Tenth street during church hours, said the noise bespeaks a cheap car.

Business is a little dull now. In fact, this is our dull season, but the main reason for this condition of affairs is that the farmers are busy at crop-making and have no time to come to town and trade, or talk politics.

President Wilson and Secretary of State Bryan have written letters endorsing the candidacy of Col. Tom Ball for governor.

After all, it does not make a great deal of difference who is to be our next governor. Before the mid-summer contest was on, most of us, whether we favored Ferguson or Ball, were ready to admit that if either should be elected, Texas would have a straight-forward, honest, able man for governor.

CLAIMS PROHIBITION MAIN ISSUE INVOLVED

The Times is in receipt of the following letter clipped from the Dallas News with a request that we publish same.

The issue involved in the contest for Governor is State-wide prohibition, concerning which the Governor has without jurisdiction, except to veto legislation.

resented by the members of the legislature may become a law; the anti-wet majority may be defeated.

The issue is not particularly of the candidate's making. It was made for them by the division of the people on the subject before either of them became candidates.

Mr. Ball was selected as the pro-candidate at an elimination convention, before which he was not a candidate, and he accepted the trust from a high sense of responsibility and duty.

Mr. Ferguson was a candidate seeking the office, but not seriously considered, prior to the time that the anti-leaders began elimination, without a convention, after their own methods.

The selection of Mr. Ferguson as the standard bearer of the anti-wet majority is a most cold-blooded operation. Several gentlemen wanted the office who had courageously fought the battles of the anti-wet, and had been prominent in their councils.

The anti-wet are seeking to elect a man who now says that, if a majority of the people through their representatives enact any further legislation relating to the liquor traffic, he will veto it.

The issue is not only the prohibition issue, but it is whether or not a minority of the people through the veto power of the governor shall control the majority.

Property owners on Seventh street are going to make an effort to stop the nuisance by having the street cleaned with oil, at their own expense, of course.

SUDAN GRASS OFFERS GOOD CROP FOR TEXAS

New Crop Introduced by Experiment Station in Great Demand by Forage Growers

College Station, July 13.—Texas has gone wild over Sudan grass. From a total acreage of about 100 last year more than 1,300 acres this year planted to this foreign grass.

Sudan grass was introduced into the United States in 1909 by the United States department of agriculture. It comes now from the Texas experiment station system, under direction of B. Youngblood, obtained a quantity of Sudan grass seed and planted the grass at the stations located at Denton, Lubbock, Temple, Nacogdoches, Spur and College Station, giving a wide variety in soil type and in climatic conditions.

The grass made wonderful progress both from the standpoint of hay and seed production, and in spite of drought proved a money-making crop. Mr. Youngblood at once saw that the grass was peculiarly adapted to Texas conditions and urged that it be planted.

This year's acreage has passed the 1,300 mark and already growers of the grass have contracted to sell thousands of pounds of their seed at \$1 and \$1.50 per pound.

Sudan grass goes a long way toward solving the forage problem. Mr. Youngblood in discussing the grass, "It has given exceptional yields

of fine hay at all places where it has been tried and the yield of seed has been good. Drought seems to affect it but little and there is no danger of its being drowned by too much rain.

The stems are small and somewhat more leafy than Johnson grass. It is readily cured into hay fully equal to feeding value to Johnson grass hay.

Must Guard Against Sorghum. The grass crosses very readily with cultivated varieties of sorghum and for that reason should not be planted close to that crop.

Mr. Youngblood predicts even a wider demand for the grass. It is the common sense grass crop, he says, and the grass will be grown widely in Texas as well as in the entire South-west.

"Of course we are proud of the grass and are partial to it because we brought it into Texas. But the most pleasing part of it all is that those who have tried it are clamoring for more seed and are putting in a larger acreage each year," is the enthusiastic statement of Mr. Youngblood.

Chicago, July 14.—The waste of the system by which states spend as high as forty per cent of the total state budget in the care of dependents, chiefly insane, while almost nothing is done to prevent mental diseases, will be discussed by the medical scientists and sociological experts attending the annual convention of the alienists of the United States, which opened at the Hotel La Salle here today.

"Yet the states make no effort, spend no money and encourage no research for discovering the cause of this grave malady," he declared, "and nothing for finding some way of prevention."

Refreshments at the Knights of Pythias hall tonight. Dr. DuVal, C. C. 53 1t c

The temperature locally for the past two weeks has been within narrow bounds, ranging from a minimum of seventy-five to a maximum of ninety-eight. Reports from St. Louis and other points further north tell of temperatures of 10 degrees above, and while the weather here is amply torrid, this city is not as bad off in this respect as some others. The thermometer usually climbs to its maxi-

mum shortly after noon and remains there until after seven o'clock in the evening.

CALVERT WITHDRAWS FROM LEGISLATIVE CONTEST.

To the friends who have promised me their support in my race for the Democratic nomination for member of the House of Representatives, and to others who may have had in mind voting for me I wish to say that I have decided to withdraw from the race. In the latter part of May when it seemed that Wilbarger county was not going to put forth a candidate, a number of my friends urged me to become a candidate and I am frank to say that I would have liked very much to have had the office. As I understand the situation, however, by agreement with candidates in the election two years ago and prior to that time, the nomination really belonged to Wilbarger county this year and it was only after I had thought that Wilbarger county would not have a candidate that I decided to announce myself. Later Mr. M. M. Smith of Oklahoma made announcement of his candidacy and I should have withdrawn then but for the fact that I was not sure that Mr. Smith intended to stay in the race.

I have had assurances of support from a great many voters throughout the district and especially in the city here where I am better known and for these very pleasant evidences of friendship I wish to return my most sincere thanks. I believe Mr. Smith will make a good representative. I shall vote for him myself and will ask my friends to do so. He is an old resident of the district, having lived in Wilbarger county for more than twenty years. He is a very successful farmer and a good business man and as such should be able to care for the interests of all law-abiding citizens of the district.

Very respectfully yours,
JAMES CALVERT.

The following suits have been filed in the district court: Charles Mohler vs. J. W. Dyson and company, for receiver; Atlas Supply company vs. Oklahoma company, for receiver.

VERY PLEASING BILL
AT LAMAR AIRDOME
Last night was the opening of a new bill at the Lamar Airdome and it was witnessed by a large and well pleased audience, who enjoyed the cool of the evening in the open air as well as the attraction offered. Since the regular program has been resumed to vaudeville and good pictures the crowds continue to grow, showing very plainly that this class of show is a decided favorite among the many patrons of the Airdome.

The prices are, as usual, 10 and 15 cents, while the bill changes twice a week.

Texas Cotton Generally Late And Reported Short

The following report of weather and crop conditions in Texas has been made public by the Texas Industrial Congress:

Two of the local weather bureau offices in Texas report a rainfall for June in excess of the 32 year average at El Paso and Del Rio. Every other station reports drought conditions, those at Taylor, Abilene and Palestine showing almost no rainfall, with the exceptions of the rains on the 17th, 18th and 19th at various places over the state, there was practically no precipitation during June. This was in a way, a blessing to the farmers allowing the small grain crop to be harvested and the fields to be cleared of weeds and cultivated; but the corn is at this time receiving damage in almost every section of the state from lack of moisture.

The Congress has urged extra cultivation of the corn and cotton crops through almost every newspaper of the state in order to forestall the trouble that is now beginning to arise. The case stands thus; agricultural Texas receives from 20 to 25 inches of rainfall annually during the growing season; about three-fourths of which every farmer of the state and gulf through our slack methods of cultivation. A field of corn to make 50 bushels to the acre requires 7 acre inches of water, or water enough to cover the acre 7 inches deep, most of it at the stage of forming the ear. The excess of water in the rivers of the country looking to thorough, light cultivation of the corn will be understood when it is realized that every day of general drouthy conditions over the state from this day forward will cut a million bushels of corn from the 1914 yield, much of which could be avoided by the extra cultivation. When corn is once injured it does not "come back" like cotton and the grain sor-

ghum and a fruttage of nutbins will never make full ears.

The continued dry weather has apparently been pretty effective in preventing widespread damages by the boll weevil. The wheat and oat crop has proved somewhat disappointing in a number of counties, owing to the pollinating process having been destroyed by the spring rains. The pollen was washed from the blooms, resulting to some extent in the development of heads with inferior grains or no grains at all. Notwithstanding this condition, it will be found that the crop is larger than the average when the harvesting is completed ten days or two weeks hence.

Northeast Texas—The peach crop will about take care of local needs, leaving very few car loads for shipment. The melon crop is in good shape, but needs more rain. The corn needs rain badly, and two general rains, if they come soon, will result in a yield but little under the average. Cotton is in good shape, but would be benefited by a general rain. The kafir corn and milo maize crops are not hurt. The harvesting is done with the wheat running from two to four pounds light per bushel and the oats from four to ten pounds light and the quality of the grains is fair.

Northwest Texas—Pine rains on the Plains country as far southeast as Clarendon during the week ending July 4 have been of great benefit to the increased acreages of kafir corn and milo maize and to the pasturage. The Plains country has not been in so good shape for years as now, as regards both field crops and livestock. Below the Plains conditions are not so good, but are probably better, relatively speaking, than other sections of the State. The corn in Wise, Jack Montague and the other lower counties need rain and the cotton, also.

but in a less degree. Average yields may be looked for however, in both corn and cotton if the weather conditions are more favorable than they have been during the last four weeks. Harvesting of the small grains should be finished by the 20th. The quality of the grain is fair. Counting the entire Northwest, the wheat is about 130 per cent of last year's yield, the oats will be about the same as for last year.

Central Texas—The cotton crop in this section will be short, late and reduced in acreage. The hot, dry weather has probably removed any danger of material damage by the boll weevil; at the same time bearing heavily upon the growing corn. The yield of small grains is very much less than was hoped and expected at the end of May being reduced in Hill, Johnson, Coryell and other counties to 50 and 60 per cent of last year's yield. As stated in former bulletins, less than the average yield of corn and cotton may be looked for in Central Texas. The tomato crop is proving a big factor in restoring good business and many counties.

Southeastern Texas—Corn and cotton are late and both need rain, the former badly and the latter less. The good rain at this time would mean much for the whole coast country. Watermelons of good quality are being placed on the market. The boll weevil has been checked by the hot dry weather before material damage was done. The first bale of cotton was reported from Edinger in Hidalgo county on the 4th. South Texas below Corpus Christi has not suffered from hot winds and lack of rain as other sections of the state are beginning to suffer. The small grain crop has never been much of a factor in the crop of this section of the state and it is much less this year. Kafir corn, milo maize and the wheat sorghums have stood the dry weather well.

Southwestern Texas—The small grain crop in these counties is in considerable and less this year than usual by reductions from rust and other unfavorable conditions. The corn and cotton are reported to be in fine shape, with indications for a better average yield.

General—Dry weather following the rainy spring has prevailed to an extent sufficient to halt the corn and cotton, but not to damage the latter materially. Even if the corn gets some good rains now and later the probable size of the yields will be much increased. The government estimate of the cotton crop is 74 as against 65 on May 25 and the normal condition for Texas at this time is 82. One more general rain in the south half of the state and two more in the north half should bring the cotton up to a little less than normal and make a big change in the corn situation.

AYRES OVERLAND SHOWS AT PETROLIA TONIGHT

Mr. Ayres Now Here Recruiting For Late Summer and Fall Tours

The F. L. Ayres Overland shows, which travel by motor truck are now in this city, making preparations for the late summer and fall tour of the attractions, this being the headquarters of Mr. Ayres. He will remain here several days, recruiting new actors and entertainers and overhauling his equipment.

Since being in Wichita Falls last, he has visited a large number of Southwestern and middle western communities with his show. He travels entirely by motor truck, carrying all his equipment with him, being the first show company to adopt this method. Tonight he is showing in Petrolia and several motor truck loads of folks will go from Wichita Falls to attend his performance.

MISSISSIPPI DECISION FOR RAILWAY COMPANY.

By Associated Press.

Jackson, Miss., July 14.—The Mississippi supreme court today decided the case brought by the state railroad commission against the L. & N. Ry. Co. to compel it to stop certain through passenger trains at Ray St. Louis, Miss. A fine of more than \$200,000 was recently assessed by a lower court.

Today's decision held the commission order interfered with interstate traffic.

TEN THOUSAND DOLLAR DAMAGE SUIT ON TRIAL

Mrs. M. E. Smith Is Suing Traction Company For Death of Son

The case of Mrs. M. E. Smith of Thornberry vs. Wichita Falls Traction Company is now on trial before Special Judge Nicholson in the district court. This action is for \$10,000 damages in connection with the death of the plaintiff's son, Lonnie King Smith, who was killed on Ohio avenue by one of the defendant company's street cars last winter. Indications were that the case would not reach the jury before tomorrow afternoon.

Fitzgerald and Cox are representing the plaintiff, while the defendant company is represented by Bullington and Martin.

HONEST PREFECT CHECKS GRAFTERS

St. Petersburg July 14.—A graft of typically New York flavor has just been exposed at Odessa, thanks to the exceptional honesty and zeal of an officer attached to the staff of the Prefect of Police in that city. As a result of information secured by him charges have been preferred against a dozen inspectors and sub-inspectors who, it appears, have for some time been collecting annual tribute of approximately \$50,000 from the keepers of disorderly houses.

The officials in question brought about their downfall. Learning that the staff officer was on their trail, and assuming that, as is usually the case in Russia, they could secure immunity by letting him to a luncheon which they formally asked him to join the ring, laying before him a full list of the houses under their control, and the amounts contributed yearly by each.

There was also a memorandum giving the names, names of certain houses whose tribute they thought might be increased under the application of a proper degree of pressure. The staff officer apparently was interested in the proposition and asked for a day in which to consider it, taking with him the documents. These he returned the next day with expressions of regret that he couldn't join them, but in the meantime he had photographed the papers, and the prints are now in the hands of the Ministry of Justice.

CORPUS CHRISTI READY FOR EPWORTH ENCAMPMENT

Corpus Christi July 14.—Preparations have been made at Epworth-by-the-Sea, a thirteen-acre tract on the beach one mile north of here, for the accommodation of some 3,000 delegates to the tenth annual encampment of the Texas Epworth League. The encampment will last from July 15 to 28, and has before it a varied program. Bishops Joseph S. Key of Sherman, Texas, E. D. Mowson of Oklahoma, Ala., are on the program for several addresses. Plans for religious work during the encampment have been stressed, but there also will be social features and athletic recreations. Baseball and tennis will be among the sports. Gus W. Thomason of Dallas, is president of the Texas Epworth League.

Sheriff's Sale

The State of Texas, County of Wichita. By virtue of a certain Judgment issued out of the Honorable District Court of Wichita County, on the 2nd day of June 1914, by A. F. Kerr, Clerk of said Court against J. O. Smith and E. B. Stonecipher for the sum of two thousand three hundred forty-five and 58-100 (\$2345.58) Dollars and cost of suit in cause No. 4930 in said Court, styled J. C. Cope versus J. O. Smith and E. B. Stonecipher and placed in my hands for service; I, R. L. Randolph, sheriff of Wichita County, Texas, did on the 14th day of July, 1914, levy on certain real estate situated in Wichita County, described as follows, to-wit: All of the fixtures, soda fountain, appliances, show cases, counters, chairs, furniture, linoleum, scales, and all and everything situated in said Drug Store on the 4th day of August, 1911, except the goods, wares and merchandise which are exposed to sale in the building formerly occupied as A. S. Kerr as Drug Store situated on the corner of Indiana Avenue and Ninth Street and known as No. 826 Indiana Avenue. Also an undivided one-half interest in and to the following described property situated in Wichita County, Texas, to-wit: 25 feet by 100 feet, a part of lots Nos. 13 and 14 in Block No. 163 in the city of Wichita Falls, Texas, and known as the Stonecipher lot in the city of Wichita Falls, Texas. It is further ordered that all of the personal property hereinabove described be seized and sold and the proceeds thereof applied to the satisfaction of this judgment and cost of suit, and that in the event said property shall not bring a sufficient amount to satisfy said judgment and costs of suit that then said real estate above described be seized and sold as thereupon and that the proceeds thereof be applied to the satisfaction of any amount which may remain due upon this judgment and if said property should bring more than enough to satisfy this judgment that then the balance if any be paid to defendant E. B. Stonecipher, but if all of said property should not bring a sufficient amount to satisfy this judgment then the remaining amount shall be made as under execution. It is further ordered that the said personal property be sold at the corner of Indiana Avenue and Ninth Street in the building where same is now situated, the same being at No. 826 Indiana Avenue in the City of Wichita Falls, Texas, and levied upon as the property of said J. O. Smith and E. B. Stonecipher. And on Tuesday, the 4th day of August, 1914, at the Court House Door of Wichita County, in the City of Wichita Falls, Texas, between the hours of ten a. m. and four p. m., I will sell said real and personal property at public vendue for cash to the highest bidder as the property of said J. O. Smith and E. B. Stonecipher by virtue of said levy and said Order of Sale. And in compliance with law I give this notice by publication in the English language, once a week for three consecutive weeks, immediately preceding said day of sale, in the Wichita Times, a newspaper published in Wichita County, Texas. Witness my hand this 14th day of July, 1914. R. L. RANDOLPH, Sheriff, Wichita County, Texas. 53-59-65.

OUR REPUTATION

Is not based upon the sale we make today, but the way our work shows up throughout the years withstanding that greatest of all tests, "The ravages of time." We have erected a good many MEMORIALS throughout Texas and Oklahoma, and can always point with pride to each and everyone, they representing full value for the money expended. We never sacrifice QUALITY in order to make a sale knowing as we do that quantity without quality is always a source of much dissatisfaction, not only to our customers, but to ourselves. Your dollars will bring greater satisfaction used in the erection of a memorial to your departed loved ones than they will expended in any other way. Why not follow that best of all impulses, and beautify your cemetery plot today? Remember the house of QUALITY.

The New LEADER Grafonola

The "Leader" at \$75 is as good an example as you will find of the increased purchasing power of the dollar in mechanical musical devices. Each succeeding new Columbia instrument, no matter at what price grade, has set a new mark for value at its price. Now we offer the Leader, the first upright and fully cabined instrument that does not carry a price mark of three figures. It is of strikingly handsome appearance, and in design and style, adheres to the upright type which has come to be regarded by many as the standard style of high grade "Talking Machines."

WE'RE TALKING TO YOU?

We are talking now to those who have never tried our FRESH ROASTED COFFEES. No use talking to the other fellow because we've got him where he can't get away and doesn't try. We roast only high grade, carefully selected, well aged coffee and roast very day. If you never used fresh roasted coffee you don't know good

coffee. Your MOTHER made good coffee because she roasted fresh before each meal. You'll do yourself a favor to try ours just once. That's all we ask. There's nothing will carry you through one of these hot days like a cup of good FRESH coffee in the morning. Let us prove it.
