HUERTA TO SAIL ON GERMAN CRUISER

ACCOMPANIED BY GEN. BLANQUET HE WILL PROBABLY GO TO JAMAICA

HE INTERVIEWS HIMSELF

Says He Resigned Because He Believed It Would Result in Conciliation

By Associated Press.
Puerto, Mexico, July 18.—It was announced today that General Huerta had decided to depart from this port on board the German cruiser Dresden with General Blanquet alone accompanying him. It is understood that the Dresden will proceed to Jamaica, but this has not been officially announced. None of the party will be accompanied on the British cruiser Bristol. Owing to their unsuccessful efforts to charter the steamer City of Mexico for the voyage to Jamaica and their unwillingness to accept the Mexican gunboat Bravo, about forty of the fugitives, mostly women, will proceed on the City of Mexico, as ordinary passengers, to Galveston by way of Vera Cruz.

It is thought probable the Bravo may eventually be used to carry still others of the fugitives from Mexico. A message was sent late last night to the new government, asking permission to use the gunboat Bravo and the permission arrived today.

The Morning After Humor.
General Huerta and General Blanquet arose at six o'clock, notwithstanding that work had kept them up until after midnight. The former provisional president has not left his railroad car since his arrival here. During the night he had an attack of indigestion and those about him this morning found him in an unamiable mood. Neither Mrs. Huerta nor Mrs. Blanquet had seen the husbands up to seven o'clock this morning, but plans were being made for an exchange of calls between the families before the departure of Huerta and Blanquet. When Huerta had somewhat recovered from his attack and had shaved and dressed himself in a white suit, he saw several newspaper men. He then appeared to be in a good humor.

Interviews Himself.
One of the correspondents started to ask a question, but the general interrupted, saying:
"No, no do not do that. I want this to be one of those questions and answer interviews and I am going to do both the questioning and answering myself." Huerta blew the smoke from his cigarette toward the ceiling while the correspondents were being told by an interpreter that they were expected not to do. Huerta continued:

"Yes, like men in the mad-house, I am going to ask my own questions and then answer them. You see, I know the answers. He then asked his interviewers to write down the first question, as follows:

"Why did I resign?"
His reply, which he also insisted should be written down, was:
"I resigned the presidency because I believed that after having arranged the international affairs, my duty was to give this last proof of my devotion to the song of the republic. Also, I was convinced that my resignation would serve as a means of conciliation between all the sons of the republic."

The second self-asked question was:
"Why are you leaving the country while you are still able to serve her?" It was answered as follows:
Reason For Departure.
"My departure from the national territory has no other cause than to leave the new government an ample field for action. I also believe my continuance here would give rise to conjectures which would result in prejudicial proceedings of the new government. I declare to the world that the lines of conduct I have always followed have no other object that my heartiest desire for the pacification of the country."

HUERTA LINGERS AT PUERTO, CONTEMPTUOUS OF ENEMIES

By Associated Press.
Puerto, Mexico, July 18.—Unwillingness to leave behind any friends who wanted to accompany him into exile and failure to select a vessel to carry them, beyond the reach of the constitutionalists has resulted in the postponement by Gen. Huerta of his departure for at least a day. With contemptuous disregard for his enemies, Huerta shrugged his shoulders at the difficulties which will force him to remain in the country another twenty-four hours, but most of the members of the party showed much disappointment because they could not get out before tomorrow. The young women especially were eager to taste the pleasures of European cities.

Huerta Spends Dull Day.
Huerta spent a dull day. The greatest break in the monotony was a late call on the captain of the German cruiser Dresden. The Mexican gunboats Bravo and Saragosa have received orders to coal and prepare for sea and this is taken to mean that the new government will place no obstacles in the way of their use should it finally be determined, as appears likely to employ them for the

TROOPS ORDERED TO MEXICO CITY

GEN. JESUS CARRANZA LEADS 7,000 MEN TO CAPITAL TO PRESERVE ORDER

A TWENTY FOUR HOUR RIDE

Force is Now in Hidalgo Under Command of General Jesus Carranza

By Associated Press.
Monterrey, Mexico, July 17, via Laredo, July 18.—Constitutionalist troops were ordered today by General Carranza to march toward Mexico City to preserve order there if it is necessary to do so. Seven thousand men, commanded by General Jesus Carranza, brother of the first chief of the constitutionalists, are the men chosen to move on Mexico City. They are stationed in Hidalgo state and are part of Jesus Carranza's total command. They are now about twenty-four hours ride by railroad from Mexico City.

General Villareal, governor of this city and state, today defended himself against criticisms that he had been too lenient with the constitutionalists' enemies. He said the men who are urging bloody vengeance have been careful to keep on the American side of the Rio Grande until the constitutionalist cause had triumphed. He called them "radical revolutionists from Texas."

He said his object in the revolution had been the welfare of the people and not to wreak vengeance on enemies and that he preferred to limit the action of the corrupt Catholic clergy and to decrease the privileges of capitalists and to place land within reach of the poor rather than to execute numbers of individual enemies of the cause.

He said there are 300 prisoners in Monterrey accused of acts against the constitutionalists who will be sent before the proper tribunal for trial.

LITTLE PROGRESS ANTI TRUST BILL

CHAIRMAN OF COMMITTEES UNABLE TO RALLY ENOUGH SENATORS FOR VOTE

ADJOURNMENT NOW REMOTE

Session May Extend Well into Fall if Administration Program is Carried Out

By Associated Press.
Washington, July 18.—Another week has ended with the trust program in the Senate a little nearer completion than two weeks ago. In committees the chairmen were unable to rally enough senators for voting. The status of the Clayton bill before the Judiciary committee and the railroad security bill in the Interstate Commerce committee made it certain that at least another week would pass before the complete program could be submitted to the senate. Prolonged delays in the bills have discouraged those most optimistic for a September adjournment. Several democratic senators have admitted the session will extend well into fall, if all legislation agreed upon by administration leaders is to be passed.

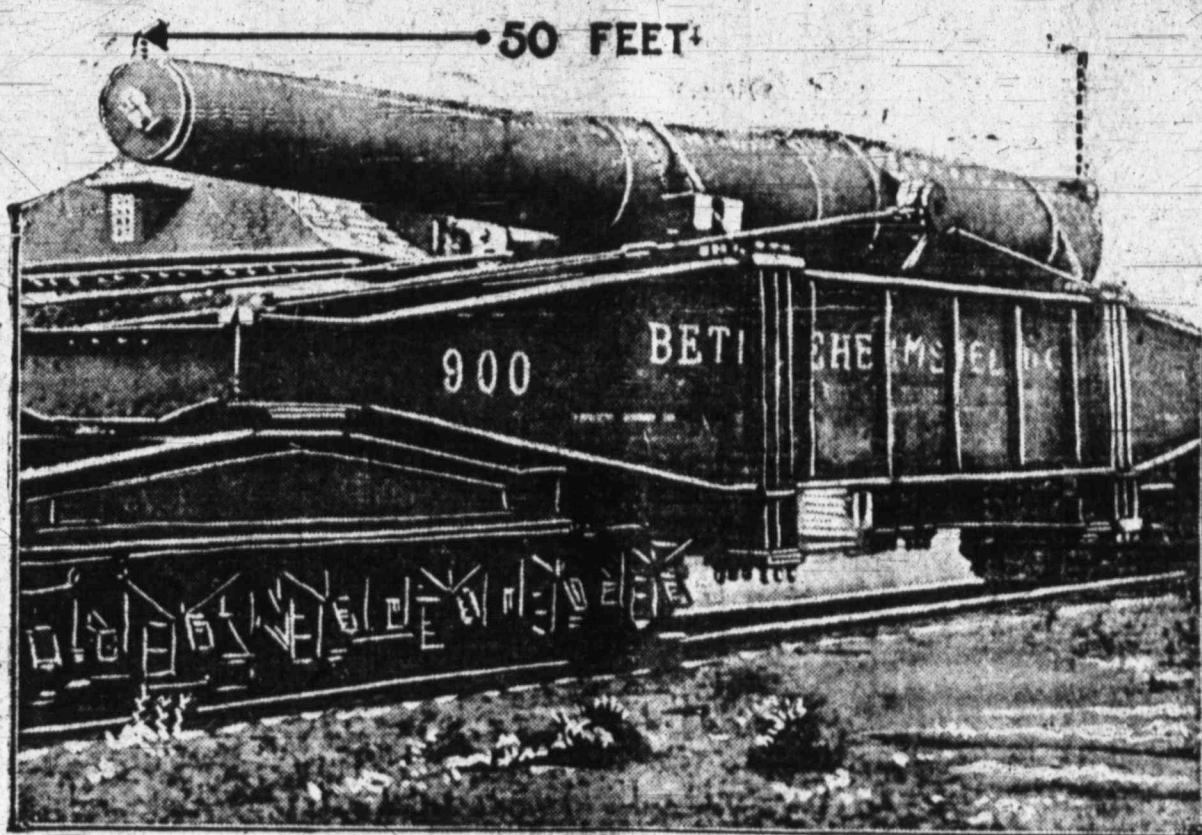

Today a minority of the Judiciary committee continued consideration of the Clayton bill. It practically was decided to amend the section relating to prohibiting of holding companies. The section relating to exemption, however, has been amended.

Horticulture and agriculture organizations, formed for mutual welfare alone, are exempted. Consumers and fraternal organizations, originally included, have been eliminated. The Interstate Commerce committee sought today to determine whether the Interstate Commerce commission should be empowered to both regulate issues of securities by common carriers and determine the use to which proceeds shall be put or merely regulate issues. No vote was taken because of lack of a quorum. The committee will meet again Monday.

WATERS-PIERCE OFFICIAL RETURNS FROM MEXICO

By Associated Press.
San Antonio, July 18.—J. N. Galbraith, vice president of the Waters-Pierce oil corporation, is in the city, after a trip to Mexico. He was joined here by A. Waggoner, a representative of the American Smelting and Refining company. Mr. Galbraith denied that he or his company had secured any concessions from Carranza and declared all his company wanted was protection to operate its properties in Mexico. He regretted very much the large number of men his company had sent to Mexico to operate the oil fields and who had to be returned to the United States until normal conditions were restored. Mr. Galbraith admitted he saw General Carranza but refused to discuss their interview further than to say it was friendly.

THIS IS THE BIGGEST GUN IN THE WORLD; IT WILL HELP PROTECT THE PANAMA CANAL

The WORLD'S LARGEST CANNON

Washington, July 18.—When its breech locking device has been perfected at Watervliet arsenal the great sixteen-inch gun, the biggest piece of ordnance in the world, which has just been shipped from Sandy Hook proving grounds, will be practically ready for service on the Panama canal fortifications. The carriage for this gun is now under construction in the Watertown (Mass.) arsenal. The gun probably will be taken back to Sandy Hook for tests after being mounted, and will not be shipped to Panama before next spring. Some idea may be

had of the tremendous power of this gun, destined to protect the Pacific entrance to the Panama canal, from the fact that it is fifty feet long, weighs 152 tons and fires a projectile about six feet long. The projectile itself weighs a ton and is discharged by 665 pounds of powder. It requires eight men to carry the powder charge. This gun has a maximum range of from twenty-two to twenty-three miles. It has sufficient power theoretically to pierce two feet of the best armor at the muzzle. At eleven miles the gun is calculated to pierce a twelve-inch armor plate or

any side armor afoot. When a shell leaves the gun it is revolving around its axis at about 4,000 revolutions per minute and develops a pressure of 35,000 pounds to the square inch. The pressure to the rear on the gun and forward on the projectile amounts to 7,600,000 pounds. The projectile's velocity of 2,250 feet per second gives a muzzle energy of somewhat more than \$4,000 tons. Army ordnance officials believe this gun will be a tremendous instrument of peace when it is finally in position on the Panama canal.

NO PROGRESS TOWARD JONES' CONFIRMATION

Rumors Persist That Jones Will Himself Ask That His Name Be Withdrawn

By Associated Press.
Washington, July 18.—Suggestions today by Democratic state leaders for a party conference to consider the nomination of Thomas B. Jones of Chicago to the federal reserve board, drew little response. Those opposed to confirmation expressed such vigorous opposition that the idea virtually was abandoned. Reports that the fight might be ended by withdrawal of the request by Mr. Jones himself were persistent. The president still stands solidly behind his candidate. Democrats favoring confirmation planned to file their report early next week and later to file Mr. Jones' answer to the majority report urging his rejection because of his harvest connections. No vote in the Senate is expected until late next week. Members of the committee said no word had been received from Paul Warburg. No action is contemplated on his nomination unless he agrees to appear before the committee.

Organization Board Delayed.
Announcement today by Secretary McAdoo that the three members already confirmed would not be sworn in Monday as first planned was taken to indicate that the administration hoped for confirmation of Jones and Warburg in time to organize the board at one time.

ZAPATA-CARRANZA EMISSARIES CONFER

By Associated Press.
Vera Cruz, July 18.—Refugees who arrived today from the capital and emissaries from Carranza and Zapata had conferred in the capital recently but that the purpose of the conference and its result were unknown. They also declared Mexico City at the mercy of Zapata's adherents should they determine to enter.

GENERAL OROZCO FLEES FROM SAN LUIS POTOSI

Deserts Federal Garrison There Taking 4,000 Men With Him To Mountains

By Associated Press.
El Paso, Texas, July 18.—General Villa received word last night in Juarez from Zacatecas that General Pascual Orozco, leader of the federal regulars, had deserted the Huerta garrison in San Luis Potosi, taking his brigade of 4,000 men. It was reported Orozco fled into the mountains declaring he would never submit to the constitutionalists. Next to Huerta, Orozco is probably most hated by the constitutionalists as he was the first of Madero's leaders to turn against him.

WEATHER FORECAST

Sunday partly cloudy.

PITTSBURG PROTESTS GAME WON BY GIANTS

Fred Clarke Claims Ball Became Entangled in Wagner's Clothes and Was No Interference

By Associated Press.
Pittsburgh, Pa., July 18.—Fred Clarke, manager of Pittsburgh Nationals, announced today that he had protested yesterday's record breaking 21-inning game with New York, which resulted in a victory for the Giants.

Clarke based his protest on the action of Umpire Byron, who declared Wagner out in the sixth inning when the veteran shortstop crossed home plate. Wagner began the inning by making a single when Viox, who had Wagner went to third base; there he collided with Thirdbaseman Stock of New York. In some manner, Wagner, in his statement, declared the ball fell from Stock's hands and lodged in his "Wagner's" uniform. Wagner started for home when visiting players sought the ball. The ball fell from Wagner's uniform when he made a few steps from the base. After Wagner crossed the plate Manager McGraw of the New York team protested to the umpire, who then called Wagner out for interference. Viox, who had gone to third, was sent back to second base. Clarke declared there is no league rule giving the umpire authority to call Wagner out.

SCANDAL HINTED AT IN CHICAGO RESORT KILLING

State's Attorney Begins Investigation to Disclose True Facts of Shooting

By Associated Press.
Chicago, July 18.—Investigation of conditions in Chicago's old segregated district on the south side where one detective was killed and two policemen and two citizens wounded in a fight Thursday, today was begun by the state's attorney and the civil service commission. McCarty Hoynes, state's attorney, declared that the police version of the shooting; that two squads of detectives in plain clothes did not recognize each other and lost their heads, was untrue. He asserted facts had been suppressed.

The inquiry of the civil service commission was begun at the request of Chief of Police Gleason. The chief denied there was any friction between the regular police and investigators working under Second Deputy Pankhauser. The police are now searching for a mysterious man in gray, he said. He asserted that Detective Bierns, who was killed, was the only man involved in the shooting who wore a gray suit.

CARMAN FAMILY START AN AUTOMOBILE TOUR

Murder Defendant Says She Was Merely Curious and Not Insanely Jealous

By Associated Press.
Freeport, N. Y., July 18.—Plans for the immediate future occupied the attention today of Mrs. Florence Carman, who yesterday was released from the county jail at Mineola on \$20,000 bail for trial next fall, under indictment charging manslaughter in first degree in connection with killing of Mrs. Louise Bailey. With Dr. Carman and their daughter, Louise, Mrs. Carman planned to start today or tomorrow on an automobile tour to Philadelphia, Atlantic City and the Delaware water gap. In a statement she told for the first time her story, the story she sought to tell the grand jury but which that body refused to hear.

The statement, besides detailing her movements on the night of the murder of Mrs. Bailey, contains a denunciation of the detectives employed against her, and a declaration that she has no fear of conviction unless they "frame up." Mrs. Carman stated it was not true that she was insanely jealous. She explained she was merely curious. She said:
"The fact of the matter is that I had been on numerous occasions with my husband at various affairs and had many a good time with him, but on such occasions people would joke him about his many girls and hint that the doctor was a regular evil. I simply made up my mind to find out what the truth was in those remarks."

ST. LOUIS RAILWAY OFFICIAL SHOT & FUNKNOWN MAN

By Associated Press.
St. Louis, July 18.—F. E. Anderson, assistant to the president of the St. Louis Terminal Railway Association, was shot by a man who entered his office today and demanded to see President McChesney. He was shot in the left shoulder and the wound is not dangerous. The man, who is unknown, ran out of the office and disappeared. His motive is also unknown.

ANOTHER SUIT AGAINST NEW HAVEN OFFICIALS

Suit in Equity Filed in New York Similar to Suit Filed at Boston

By Associated Press.
New York, July 18.—A suit in equity was begun here today on behalf of certain minority stockholders of the New York, New Haven and Hartford railroad against directors of the road to compel them to answer charges of maladministration and misuse of funds. The suit is somewhat similar to the action in Boston which demanded restitution of \$306,000,000.

KING ANXIOUS FOR PEACE IN ULSTER

READY TO THROW INFLUENCE TO SIDE LOOKING FOR AMICABLE SETTLEMENT

TYRONE CAUSES DEADLOCK

Demand of Unionists That Catholic County Be Included Thwarts Peace Efforts

By Associated Press.
London, July 18.—King George, who has been making great efforts to bring about a settlement of the Irish home rule crisis, decided to put off until late today his proposed visit to the British fleet at Spithead so that he might be in London to receive early reports of developments in the conferences between the various party leaders.

It is understood that when the opportune moment arrives the King will throw his influence toward the side looking for amicable settlement. The government is believed to have offered the Unionists if they agree to abandon their demand for the elimination of the province of Ulster from the operation of the Irish home rule bill, to arrange that the whole of Ulster with the exception of the county of Tyrone, which has a great Catholic majority, should vote on the question of the exclusion from the home rule measure.

The Unionists demand that Tyrone shall be in the arrangement has caused the deadlock.

It is understood that when the opportune moment arrives the King will throw his influence toward the side looking for amicable settlement. The government is believed to have offered the Unionists if they agree to abandon their demand for the elimination of the province of Ulster from the operation of the Irish home rule bill, to arrange that the whole of Ulster with the exception of the county of Tyrone, which has a great Catholic majority, should vote on the question of the exclusion from the home rule measure.

CARGO OF RIFLES REPORTED SEIZED

Donegal, Ireland, July 18.—It is reported that a cargo of several hundred rifles which were being conveyed in an American yacht for the Nationalist volunteers were seized by a British cruiser Friday night.

PRESIDENT BORDAF FAST LOSING GROUND

HOLD OF DOMINICAN PRESIDENT ON HIS CAPITAL WEAKENING

By Associated Press.
Washington, July 18.—While President Bordaf of the Dominican Republic with his scanty army is besieging the northern rebels at Puerto Plata, his hold upon the capital, San Domingo City in the south, is weakening. According to today's advices to the state department, the southern insurgents already are in a position to dictate terms which mean abdication or flight for Bordaf.

American Charge D'Affaires White, in the absence of Minister Sullivan, is trying to prevent a clash near the capital, as it would be disastrous for foreigners and non-combatants. Following a successful uprising at La Romana, fifty miles east of the capital last week, the insurgent general, Vidal, has occupied San Cristobal and Banl. He was marching toward the capital when met by Charge White who backed by two powerful American warships with marine contingents, secured an agreement to an armistice while the federal officers communicated Vidal's demands to the president.

At Puerto Plata, Captain Eberle of the cruiser Washington submitted the wireless messages to President Bordaf in his camp outside the city. So far Mr. White has received no answer, but it is believed Bordaf will make a desperate effort to capture Puerto Plata or abandon the siege and return south to prevent his own capture.

The United States naval transport Hapock is about due at Guantanamo with nearly 300 marines from Vera Cruz. They are to be sent to the Dominican Republic in case of emergency. American Minister Sullivan has arrived in Washington and expects to confer with President Wilson and Secretary Bryan regarding the Dominican situation. It will be determined at this conference whether the Hancock's marines will be landed and a virtual protectorate established.

MISSING LOCAL OPTIONIST AGAIN REPORTED FOUND

By Associated Press.
Detroit, Mich., July 18.—A report reached here tonight that the Rev. Louis R. Patmont, local option canvasser, missing from his home here for five weeks, had been found at Rib Lake in Taylor County, Wisconsin. The information came from Rev. C. L. Milton, pastor of the First Church of Christ at Milwaukee.

PROSPECTS BRIGHT PEACE IN MEXICO

AN ARMISTICE VIRTUALLY IN EFFECT THROUGHOUT SOUTHERN REPUBLIC

ZAPATA SEEMS SATISFIED

Carbajal Is Withdrawing Federal Troops To Avoid Possibility of Fighting

By Associated Press.
Washington, July 18.—There has been no formal agreement between opposing Mexican factions but an armistice virtually is in effect throughout the republic. Francisco Carbajal, provisional president, has decided to evacuate points seriously menaced by constitutionalist forces and avoid further fighting. General Carranza's forces are moving southward merely to be in position to maintain order in the territory immediately surrounding the federal capital. This information reached officials here today from various points in Mexico.

Senor Jose Castello of Mexico, personal representative of Carbajal, spoke today of the evacuation of San Luis Potosi by federal forces as a manifestation of the good faith of the Carbajal government toward the constitutionalists and its desire to bring about peace without further bloodshed.

Until the commission appointed by Mr. Carbajal reaches General Carranza, which is expected to be Monday or Tuesday, no definite developments relative to a further change of government in Mexico City are looked for.

Peace Prospects Bright

Reports from Vera Cruz which said the Zanata forces were close enough to Mexico City to occupy it if they desired were borne out by official advices. Later, however, there has been an understanding between the constitutionalists and Zapata forces relative to military operations and no move is expected except as it may be sanctioned by General Carranza. Information reached here today that the constitutionalists were preparing a program of reform which it was believed would satisfy the Zapata forces and the prospects for a complete restoration of peace are considered bright by officials of the Washington government.

MADAME CAILLAUX WILL APPLY FOR A DIVORCE

By Associated Press.
Paris, July 18.—Madame Caillaux, wife of the former French premier, who killed Editor Calmette, it is reported, intends to apply for a divorce after her trial which begins Monday, no matter what the outcome of the case. She is said to believe that by asking for divorce she will show the greatest mark of love for her husband because by remaining with him she thinks she would prove an obstacle to his political career.

FINAL CONFERENCE ON NEW HAVEN MONDAY

By Associated Press.
Washington, July 18.—Final efforts to bring about a dissolution of the New Haven system without suits in court will be made at a conference at the department of justice Monday between a committee of New Haven directors, Attorney General McKeen and T. W. Gregory, assistant in charge of the case. The conference was requested by President Huston of the New Haven, who telegraphed Attorney General McKeen asking whether the committee of the New Haven directors would be received. The telegram contained no explanation of what plan of solution might be offered.

STEAMSHIP AFIRE AS IT COMES INTO NEW YORK

By Associated Press.
New York, July 18.—The steamship Massachusetts of the Eastern Steamship company, between New York and Boston, was reported on fire as she passed under Brooklyn bridge shortly after five o'clock. At the office a report has been received that the fire is not serious. The boat was conveyed by a revenue cutter to the Brooklyn navy yards where the fire seemed under control. It was not thought necessary to remove passengers.

The Massachusetts and boats up the East River toward Long Island Sound about a mile above the navy yards. The other boats then left the Massachusetts which apparently continued on her course.

NO PROVISIONAL GOVERNMENT UNTIL CARRANZA ARRIVES

By Associated Press.
Mexico City, July 18.—Several state governors appointed by President Madero and deposed by General Huerta have just arrived in the capital or have been released from the prisons where they were confined for many months. All have been in close communication with the constitutionalist leaders and those who reached here declared that until Carranza arrives no steps will be taken to establish a provisional government. Carranza is said to have ordered Zapata and other chieftains in the south not to attempt to enter the capital.

CAL CLARK'S CHANCE

By W. CRAWFORD SHERLOCK.

Five feet one was the height of Cal Clark and this was only when he stood upon his good leg. When he rested upon his short, twisted limb, it was with difficulty that he could reach the five-foot mark. In addition to the misfortune of having legs of uneven length, Cal possessed a peculiarity of vision that enabled him to get around during the day, although not permitting the luxury of reading or writing. When the shades of night fell, or when he was subjected to artificial light, the poor fellow was as blind as a bat.

His situation had once been very serious indeed. Unable to secure any work on account of his afflictions and the slender store of money he had inherited from his father having become exhausted, he was weighing deeply the advisability of seeking a home in the almshouse. Just what steps were requisite to secure admission to this institution was a poser to Cal, although he knew full well it must be done. He made his wish known to his only friend, Jim Collins, a hardworking mechanic, but the latter would not listen to such a plan.

"Not much, Cal, my boy," declared the stalwart Jim, glancing kindly at his diminutive friend; "no poorhouse for you while I've got a home to share with you. My wife will be glad to have you and you can do lots of things around home to help us out."

After some hesitation, Cal accepted the kind offer, resolving to do everything he could in return for the home he would have. Mrs. Collins soon grew to be very fond of the little man, who would do anything sooner than eat the bread of dependence.

Cal's chief delight was in the evenings after Jim returned from work. The supper dishes cleared away and the children tucked snugly into bed, the two men would sit with their pipes, Jim reading and Cal listening to the evening paper.

Thus they lived until an event occurred that came near upsetting the arrangements of the little home. Jim was taken ill; his malady developed into a dangerous fever that prostrated him for weeks. He was one of those easy-going men who took life as it came and it so happened that there had been very little provision made for a rainy day. Matters grew serious, the little stock of money became exhausted and Mrs. Collins was at her wit's end to secure more. She could not work herself; the care of Jim and the children prevented that. How was help to come?

The answer came from the most unexpected source. Cal shrewdly guessed that affairs were in a critical state and at once blamed himself for it. Had it not been for the added expense he had caused the family would have been able to lay aside sufficient to carry them over the period of Jim's illness. He was the cause of it all and upon him rested the responsibility of relieving the situation.

What could he do to get money? Cal scratched his head until the bald spot grew bigger and the wrinkles on his forehead deepened. He would try to secure work, but where could he get it? He sought employment, but without success. Some laughed at him, others jeered him, while others offered him such work as he could not do.

At last he hit upon a plan and one day returned home with a handful of money, mostly pennies, but here and there a stray dime and nickel. This he proudly placed on the table and called Mrs. Collins to count it.

"Why, Cal, where in the world did you get all this money?" she questioned, after finding out there was over a dollar in the pile.

"I got it honest, ma'am," returned the little man, but he would furnish no information as to the source from which the money came. Mrs. Collins was too glad to get it to worry much about the matter. Each day thereafter Cal returned with a supply of money, sometimes more and sometimes less than on the first day, but never without any.

Slowly Jim grew stronger and at length was able to return to work. Then Cal disappeared. His friend sought for him but for a long time could find no trace of the lame, half-blind man. He seemed to have left the face of the earth. One day Jim heard of a man, answering his friend's description, though bearing a different name, who had been sent to the almshouse. Whether Jim went and found Cal Clark registered under the name of Thomas Burns.

"What does this mean, Cal?" demanded Jim, somewhat sternly. "Why did you leave home and come here?" "I wasn't my fault, Jim," pleaded Cal, holding his friend's hand as if he did not intend to part with it. "They'll tell if I don't, so I will. You see, Jim, when money got scarce at home, I knew it was all my fault. So I started to get some. The only way I could do was to beg for it and this I did. It's strange people will give you money for charity but they won't give a fellow a chance to earn it. That's how I did until the day you went back to work when the police took me up and sent me here. Now, Jim, see I'm here, your better let me sleep with you."

"Not much, Cal," returned Jim, forcing a big lump down his throat and turning his head away. "You'll go back with me."

Cal's eyes frequently shrank. There are five times as many earthquakes shocks recorded on the Pacific coast of the United States as on the Atlantic coast.

Brenham—A total of \$20,000 will be spent shortly on improvements to the Brenham gas service.

NEWEST PICTURE OF DR. EDWIN CARMAN TAKING FLOWERS TO HIS WIFE IN JAIL

Hindus Not Permitted To Land At Vancouver

By Associated Press. Vancouver, B. C., July 18.—After swearing 200 police, the immigration authorities today boarded the Hindu immigrant ship Abmagatamaru and ordered Captain Yamamoto to move outside the three-mile territorial limits. Guarded by the police, he complied. The captain was told last night to take his 352 passengers away, but was unable to do so because the immigrants threatened him with violence. The Hindus are in a menacing mood. The government has supplied them with provisions for the return trip, but has informed them if they interfere with the captain they will be refused all further supplies and allowed to starve in the harbor.

Menacing Movement BY ZAPATISTA'S REPORTED

Mexico City, July 18.—Fugitives who arrived here today from Contreras and Tizapam, villages near here, report a serious movement by the forces under Zapata. Contreras was attacked by Zapata's army early today. The garrison was driven off and several thousand Zapatistas started pillaging and burning. Tizapam is about twelve miles from here and is connected with the capital by an electric line. Many inhabitants of other villages in the federal district are fleeing to the capital; they fear outrages and attack by Zapatistas on the suburbs. Federal troops were dispatched tonight to check the immigrants. It is reported all members of the diplomatic corps accredited to the Huerta government are to be recalled when the new provisional government is established.

WITH THE FRENCH CYNICS

Who is he who dares say all he thinks?—De Fined.

Sensitive people wish to be loved; vain people wish only to be preferred.—Levis.

Our voices are like our nails; even as we cut them they grow again.—T. Bernard.

To be happy there are certain sides of our nature that must be entirely satisfied.—Chamfort.

Women, cats and birds are the creatures that waste the most time on their follies.—Ch. Nodder.

The selfish, loving only themselves are loved by no one; so selfishness is moral suicide.—De Gaston.

Marriage is often the denouement of comedies and novels; tragedy is often denouement of marriage.—De Fined.

One dies twice; to cease to live is nothing, but to cease to love and to be loved is an insupportable death.—Voltaire.

We have three kinds of friends; those who love us; those who are indifferent to us and those who hate us.—Chamfort.

FUN AND FOLLY

When a man's dead broke he usually has very little life in him.

Talk never seems cheap when the one talking to you is a little deaf.

Turning cartwheels is fun for the boy, but it is hard work for the horse.

Fussy people usually try to keep everything in place except their tempers.

The youth who sows wild oats copiously won't necessarily make a good farmer.

The umpire of a baseball team very often would like to make a home run himself.

Because the cook is liable to go off any moment one can hardly class her as an explosive.

A true life is at once interpreter and proof of the gospel.—Whittier.

The wonderful thing about a man is his power to become.—E. Bowditch.

The past and the future are shadows. The present is ours for aye. To us it is given to build our heaven in the kingdom of today.—Anon.

Opportunities do not come with their values stamped upon them; every one must be challenged.—Matthew B. Babcock.

When my ill schooled spirit is aflame—Some noble, ampler life to win, I'll stop and say, "The aids to staid life are all within."—Matthew Arnold.

The greatest man is he who chooses the right with invincible resolutions; who resists the sorest temptations; who withins and from without, who bears the heaviest burdens cheerfully, and whose reliance on truth, on virtue, on God, is most unflinching.—W. E. Channing.

No honor, no reward, however great, can be equal to the subtle satisfaction that a man feels when he can point to his work and say, "The task I promised to perform with all loyalty and honesty to the utmost of my ability is finished."—Henry M. Stanley.

Our services are absolutely free to the worthy poor of this city. Dr. DuVal, the Progressive Eye, Ear, Nose and Throat Specialist. 57 11c

While I am in New York attending the clinic, my associate, Dr. Q. B. Lee, will have charge of my practice. Phones 921, 222. Dr. Mackechner. 48 10tc

The high character of our work has made us the best known specialist in this end of the state. We know how. Dr. DuVal, the Progressive Eye, Ear, Nose, Throat Specialist. 57 11c

A marriage license was issued yesterday to Luther Morton and Cecil Coenarven.

It is the satisfied folks who keep us busy. Better "fall in line" where honesty and competency reign. We know how. Dr. DuVal, the Progressive Eye, Ear, Nose and Throat Specialist. 57 11c

To the Voters of Precinct No. 1 Owing to sickness and having to serve on the jury I may be unable to see some of you, but I assure you that I will appreciate your vote for constable Precinct No. 1. J. L. (Daddy) MOORE. The Plumber. 56 7tp

Sheriff Randolph succumbed to the heat of yesterday and was taken to his home by friends in an unconscious state of mind, but rallied quickly and was reported as better last night.

Vote for J. P. Jones for Justice of the Peace, Precinct No. One, Place No. One. 57 6t c

Eyestrain is the chief cause of nervous derangement which can be relieved by properly fitted glasses—the kind we furnished and guaranteed. We know how. Dr. DuVal, the Progressive Eye Specialist. 57 11c

Mrs. Lena Bartlett, who has been very sick for five weeks, is much better and friends hope to see her out again soon.

H. G. Hill, undertaker, offices and parlors 909 Scott avenue. Phone 225. Prompt ambulance service. 95 11c

The Gem Theater has its service improved. Now it is just a little better.

Every pair of glasses furnished by us is backed by our guarantee and the endorsement of hundreds of persons for whom we have made glasses. We know how. Dr. DuVal, the Eye, Ear, Nose, Throat Specialist. 57 11c

Wanted—Every one to vote for J. P. Jones for Justice of the Peace, Place No. One. He needs it. 57 6t c

Phone 1067. We are on the wire day and night. Gupton, the Tailor. 57 11c

Dr. Prothro, dentist, Ward building, Eighth street. 58 11c

Wrinkles in the forehead and around the eyes are almost always caused by eyestrain. Correct glasses will give complete relaxation to the eyes. We know how. Dr. DuVal, the Progressive Eye Specialist. 57 11c

For the best work and service, phone 1067. Gupton, the Tailor. 57 11c

Dr. Bolding, dentist, office 206 Kemp & Kell building. Phone 204. 46 11c

Do you wear just common glasses or our "made to order glasses?" Big difference. I can assure you. We know how. Dr. DuVal, the Progressive Eye, Ear, Nose and Throat Specialist. 57 11c

Cooliest rooms in the city at the Indiana Hotel Tenth and Indiana. 57 11c

Visit the Gem Theater any day this week and you will be surprised how cool our house is, and our pictures are just a little better. 57 11c

Palm beach and linen suits cleaned and pressed 75 cents. Phone 1067. Gupton, the tailor. 57 11c

Break away the cobwebs by wearing our glasses—so different from the ordinary. We know how. Dr. DuVal, the Progressive Eye, Ear, Nose and Throat Specialist. 57 11c

The DuValance Can be avoided by sprinkling the streets with trust oil. For information as to cost call Motor Inn, phone 1288, or Jerry Simpson 351. 57 16tp

DOCTORS Hartsook & Stripling EYE, EAR, NOSE AND THROAT 308 Kemp & Kell Bldg.

FREE MOTION FREE PICTURES FREE EVERY NIGHT AT LAKE WICHITA 5c Car Fare. Plenty of Seats Free

DO YOUR BAKING WITH "BELLE of WICHITA" The flour so fine and clean, that kneads so easily and bakes so perfectly. A sack of it in the house means better bread, biscuits, cakes and pies. Order a Sack To-Day

Notice to Building Contractors. On and after August first, all Union plumbers, tinners, carpenters, electricians and painters will be required to have working cards. Committee. 51 11c

Mrs. Gore is critically ill at the home of her daughter, Mrs. H. F. Caudle, 802 Lamar. Mrs. Gore suffered a stroke of apoplexy and her condition is regarded as critical.

Dr. Nelson, Dentist, Moore-Bateman building. Phone 556 and 423. 77 11c

Dr. H. A. Waller, Dentist, Room 207 C. & K. Phone 836. 28 11c

A young man apparently about twenty years of age is being detained by the officers pending an investigation of his possession of a pair of gloves, and two belts. These were seen in his possession unwrapped in a store where a sale was in progress last night. He failed to explain satisfactorily how they came in his possession. When searched \$57 was found in his pockets.

Suits cleaned and pressed \$1.00. Gupton, the Tailor. Phone 1067. 57 11c

Pyrene fire extinguishers. For use in the home, store, garage, factory or other buildings. Make for safety and reduce insurance rates. See J. L. McC. Clura, city hall. 26-t-c

Wichita Falls Undertaking Co., 812 Scott avenue. Phone 202. Prompt ambulance service. Command 10. 54 11c

Vote for Old Man Jones for Justice of the Peace. He has had the office for only three months. 57 6t c

Under certain reasonable restrictions the order doors of the Castle balls of the Order of Knights of Pythias are opened cheerfully to admit any and all persons who, like us, believe in the principles we strive to inculcate, and who are sincerely willing to lend us their aid in furthering the cause we represent. Our creed is simple and easily understood. Our Book of Law, the Holy Bible, is the rock upon which our temple rests. Meet in the new hall Tuesday night. Dr. DuVal, C. C. 57 11c

Just opened, a new dining room. Family style; meals 25 cents; 21 meals for \$5.00. Sunday-dinner a specialty; white cook; also nice rooms. 896 Seventh street. 57 21 p

T. C. Thatcher, formerly cashier of the First State Bank and Trust Company of this city, had been general manager for a big milling concern at Oklahoma City spent a part of Friday and all of yesterday with his parents, Mr. and Mrs. W. H. Thatcher of this city, leaving this morning for his home. Since going to Oklahoma City Mr. Thatcher was stricken with a severe attack of rheumatism that kept him to his bed for months, and while his health is good at the present time, he has not yet fully recovered, and is forced to use a cane. While here he also met his brother, Bates Thatcher of Abilene, who stopped over for a few hours en route home from Wisconsin.

BOWMAN DIED FROM SELF ADMINISTERED POISON. Dallas, Texas, July 18.—That John R. Bowman, former secretary of Governor Campbell, came to his death from poison, self administered, will be the verdict of Justice of the Peace Leslie Stewart. Bowman died suddenly yesterday afternoon at his home here. Stewart said today death was caused by carbolic acid poisoning. Stewart added:

"I want to see one or two of the notes left by Mr. Bowman before writing the verdict. But it will be to the effect that Mr. Bowman ended his own life. I learned enough Friday to justify me in reaching this conclusion."

When You Think of Writing—Think of Whiting. We are just in receipt of another shipment of Whiting's Exquisite Stationery, the very newest. Unsurpassed in quality, texture and finish, it fulfills all fine stationery requirements. Whiting's "French Pique" and "Organdie Glace" are obtainable in a variety of sizes, both in boxes and bulk and in the following colors: silver, white, Egyptian blue, ash gray, violette and shantung—very appropriate for select correspondence uses. We recommend it as "America's Best" writing paper. Martin's Book Store 609 8th FREE DELIVERY Phone 96

QUARREL OVER FISHING RESULTS IN KILLING.

AMARILLO MUSIC LOVERS TO COMBAT RAGTIME

REPORTED HUERTA WILL MEET MOHENA IN NEW YORK

GUARREL OVER FISHING RESULTS IN KILLING.

AMARILLO MUSIC LOVERS TO COMBAT RAGTIME

PRESIDENT WILSON IS ABLE TO BE OUT AGAIN.

Washington, July 18.—President Wilson took a short walk through the business section and attended to some business at his bank. His appearance, following his recent illness, attracted much attention; apparently he had recovered.

EXECUTIVE COUNCIL OF A. F. OF L. ADJOURNS

Washington, July 18.—The executive council of the American Federation of Labor, following a week's discussion of the issues affecting organized labor, adjourned today to meet again at the call of President Gompers.

AMARILLO MUSIC LOVERS TO COMBAT RAGTIME

Amorillo, Texas, July 18.—In order to combat the ragtime music craze, it is said a school will be started here this fall to teach classical music. Citizens behind the movement have engaged a lecturer to talk on composers.

REPORTED HUERTA WILL MEET MOHENA IN NEW YORK

Galveston, Texas, July 18.—It was reported here that General Huerta will meet his former secretary of commerce Quirido Mohena in New York within a week or two. The report is said to have been upon telegraphic dispatches by a Huerta sympathizer here who is also to join them, but definite information is lacking.

BASEBALL SCORES

American League

Washington 5, Cleveland 3
By Associated Press.
Washington, July 18.—Washington defeated Cleveland today five to three in a loosely played game. Score: Cleveland, 3; Washington, 5.

National League

Pittsburg 3 1/2, New York 0 1/2
By Associated Press.
Pittsburg, July 18.—New York and Pittsburg divided a double header today. Score: New York, 0 1/2; Pittsburg, 3 1/2.

Texas League

Waco 8, Austin 1
By Associated Press.
Waco, Texas, July 18.—Waco hit McCuller of Austin twelve times well bunched, and Cliff Hill kept the ten hits he allowed well scattered. The score: Austin, 1; Waco, 8.

California "Speed Demon" And The Oklahoma Gotch

Local wrestling fans are promised one of the best matches staged here since Ernst and Kavouris tied up, next Tuesday night at the Wichita Theatre when W. Fred Bartel of Los Angeles and Roy Mayble of Mangum, Oklahoma, will go together on the mat. The match will be catch-as-catch-can style, best two falls out of three.

CLOSE CONTESTS IN ALL LEAGUES

PENNANT RACES IN BOTH MAJOR AND MINOR LEAGUES TIGHTENING UP

AMERICANS HOLD THEIR OWN

American Contestants Make Good Showing in English Track and Field

By Associated Press.

New York, July 18.—With the close of the professional baseball season less than two months away the pennant races in both major and minor leagues are tightening up in a remarkable manner when the scores of associations are considered as a whole.

The race in the Class A organizations is also close. The Southern Association pennant struggle is one of the most interesting in years, less than one hundred points separating the first six clubs.

The Class C races are also proving of much interest to the baseball fans of the respective league territories. Charleston leads the South Atlantic race, with Albany having a fair chance if the leaders slow up for any reason.

RUSSIA TO WITHDRAW EMIGRATION RESTRICTIONS.

By Associated Press.
St. Petersburg, July 18.—Russia is about to recognize as legitimate the emigration of her surplus millions to countries other than those in Europe and the ministry of commerce today submitted a bill to abolish some of the penalties hitherto attaching to unauthorized immigration.

SOUTHWESTERN'S PLANT AT WACO TO BE ABSORBED.

By Associated Press.
Waco, Texas, July 18.—Based on an interview given out yesterday by J. E. Farnsworth of Dallas, vice president of the Southwestern Telephone and Telegraph company, details of the consolidation of the two telephone systems here were given out.

DECKER LEADS NATIONAL BATTERS

HIS AVERAGE IS .340; GRANT AND BURNE FOLLOW—BROOKLYN

TY COBB LEADS IN AMERICAN

Philadelphia First on Hitting—Mathewson Ranks Highest National Pitchers

By Associated Press.
Chicago, July 18.—Beals Decker, of Philadelphia, with an average of .340, is leading the batters of the National League according to figures published today.

AUTOMOBILES REGISTERED DURING THE PAST WEEK

- Automobiles have been registered during the past week as follows: D. D. Cottrell, Wichita Falls, Ford; Rev. R. C. Miller, Wichita Falls, Overland; J. W. Lee, Wichita Falls, Overland; O. E. Maer, Wichita Falls, Buick; Geo. B. Ansell Sr., Electra, Ford; Geo. B. Ansell Jr., Electra, Ford; F. M. Gates, Wichita Falls, Studebaker; Henry Riggs, Wichita Falls, Maxwell; W. Phillips, Wichita Falls, Studebaker; J. W. Moore, Burkburnett, Ford; Valtin Haffner Piano Co., Wichita Falls, Truck; T. C. Thornberry, Wichita Falls, Hummole; Mrs. George Rue, Wichita Falls, Studebaker; Creamery Company Organizing at Seymour.

CREAMERY COMPANY ORGANIZING AT SEYMOUR.

An enthusiastic meeting of creamery stockholders was held Thursday afternoon of last week. K. F. Hawkins, W. E. England and W. H. Gibbs were appointed as a committee to select a site and to superintend construction of the plant.

HEAVY WHEAT SHIPMENTS FROM FREDERICK.

Wheat wagons continue to stream into Frederick, keeping the buyers and shippers busy. Up to yesterday, 262 cars of wheat had been shipped from Frederick. The threshing is about half over.

Additional Personals

Burton Statton, receiving teller of the City National Bank, leaves today for Galveston to spend his vacation. Ned Murray, formerly of this city, is here for a few days visiting old friends, en route to Colorado. Mrs. Grace Lee of Oklahoma City, who has been visiting her daughter, Mrs. J. R. Cassell, returned home Saturday. Mrs. E. C. Stewart returned Saturday from a visit to relatives at Wichita, Kansas. Mrs. E. L. Fulton leaves today for Austin, Texas, relatives.

FOUR HUNDRED WAR SHIPS REVIEWED BY KING GEORGE.

Portsmouth, Eng., July 18.—The mightiest war fleet ever assembled in British waters was reviewed today by King George. Four hundred warships of the first, second and third fleets, including twenty-five great dreadnaughts and between sixty and seventy submarines were drawn up in long lines stretching in the Solent and presented a magnificent spectacle as the royal yacht Alexandra steamed slowly through the squadrons. The King, who was accompanied by Queen Mary and the Prince of Wales, was received with full naval honors on arriving here from London and immediately boarded the royal yacht. The hoisting of the royal standard was the signal for a 101 guns royal salute, led by Nelson's historic flagship Victory, whose wooden hull looked ridiculous amid the modern ironclads.

Federal League

Brooklyn 7 1/2, Pittsburg 1 1/2
By Associated Press.
Brooklyn, July 18.—Brooklyn defeated Pittsburg today seven and a half to one and a half. Score: Brooklyn, 7 1/2; Pittsburg, 1 1/2.

Chicago 5, Kansas City 1.

Chicago, July 18.—Chicago defeated Kansas City today five to one. Score: Chicago, 5; Kansas City, 1.

Baltimore 8 1/2, Buffalo 0 1/2

Baltimore, July 18.—Baltimore defeated Buffalo today eight and a half to one and a half. Score: Baltimore, 8 1/2; Buffalo, 0 1/2.

Indianapolis 5, St. Louis 4

Indianapolis, July 18.—Indianapolis defeated St. Louis today five to four. Score: Indianapolis, 5; St. Louis, 4.

THE LIEPOLDERS AND IRISH LADS LEADING

The end of the first week's games in the Twilight League's second series finds the teams in much the same position that marked them during the first series, the lead being divided between the Liepolders and Irish Lads. Friday afternoon the Liepolders won easily from the Stammers by a score of eight to one. The postoffice team appeared to have a much stronger lineup than before and is expected to give a much better account of itself as soon as it gets well organized. This week's games include one between the Irish Lads and Stammers on Tuesday and one between the Liepolders and Black Cats on Friday.

DO YOU LIKE FRESH, RIPE, PURPLE GRAPES? THEN READ THIS
I don't believe anyone will say "no" to that question so I know I am talking to most everyone in Wichita Falls when I say the new "Redwing" grape juice comes nearest to being the real fresh fruit flavor than any other grape juice known.
I have gone into this grape juice problem pretty carefully and I have a great many customers who take my judgment and word on such matters.
I am stating this "Redwing" brand of which I have just received a new supply is little better than any other on the market.
There are a number of features about it that you will notice as being unique. I have it in three sizes of bottles 25c, 50c and 90c. I want you to try a bottle and I am sure you will want more at once.
C. H. Hardeman

WICHITA PUBLISHING CO. ED HOWARD, MGR

All this country needs right now is another good rain or so to help along the cotton crop. If these rains come, Wichita county can expect a 15,000 bale crop, which will be the largest in the history of the county.

Of the forty Democrats who represented the Texas Democracy at the Baltimore convention, twenty-nine are supporting Ball and three are supporting Ferguson. Of the eight who have not been heard from on this matter, several are out of the state. The poll was taken by the Dallas Dispatch.

In 1912 the Democrats won the greatest victory the party has ever won, and elected to the presidency a man who was born and reared in the South. He is making a most remarkable record in the face of strong political opposition. His policies are winning out rapidly, and it is now up to Southern Democrats to endorse his administration. To endorse only a part will not do, or is really as bad as no endorsement at all.

Mr. Landor may not be any great shakes as a daring explorer, but the fact remains that he is the only man in all history who ever called the Colonel anything worse than the Colonel could call him.—Hartford Times.

Much of the pork in the rivers and harbors appropriation bill is so rotten that its odor is likely to suffocate not a few of those who are concerned in the long-suffering public.—Topeka Journal.

Yesterday morning in Wichita Falls a young lady passed by a local baggage room. The baggage-master was well known to her and she spoke to him. A sudden drummer standing nearby said: "That's a fine looking lady; who is she?" The baggage master pulled off his cap, laid it down on the desk and said: "Lay there until I learn this guy some sense!" They say he learned that guy some sense, too, giving him a couple of black eyes for god measure.—Gainesville Register.

The incident referred to above might have happened. If it did not, it is not because the opportunity did not present itself. It is not an unimportant thing to hear remarks like that uttered by idlers—men who are good dressers, but who rarely ever work, and would not if they had a chance. It is really a pity that some husky fellow with a good action is not handy on such occasions to decorate the eyes of the fellows who are in the habit of making such remarks.

CHOLERA IS PREVALENT IN SOUTHERN RUSSIA

St. Petersburg, July 18.—Cholera is prevalent in the southern part of Russia. Thirty cases have been reported with fourteen deaths.

The following are guests at the ranch of Mr. and Mrs. R. M. Waggoner: Miss Laura McConnell, Vernon; Merle Waggoner, Wichita Falls; Miss Julia McConnell, Wichita Falls; Mrs. Stott, Dallas; Mrs. Lariene Sykes, Fort Worth, and Floyd Dean of Galveston.—Burk Burnett Star.

VILLA OFFERS GUARANTEE SAFETY TO AMERICANS

Washington, July 18.—General Villa communicated with the state department today offering the guarantee for the protection of life and property of Americans and other foreigners along the border states within his control.

FATAL ARGUMENT BETWEEN TWO OKLAHOMA MEXICANS

By Associated Press. Tulsa, Okla., July 18.—P. Ortiz was stabbed to death here this morning in an argument over the political situation in Mexico. He was a supporter of Huerta and his assailant, T. T. Tavano, was a Villa sympathizer. The police are hunting for Tavano.

DONALDSONVILLE BANKER IS PLACED UNDER ARREST

Donaldsonville, La., July 18.—As the result of the investigation of the affairs of the Peoples' Bank of this city which failed to open Tuesday, Willie McBlane today was arrested charged with having appropriated \$2,000 of the bank's funds for the use of E. J. Rodriguez, surveyor of the port of New Orleans; such appropriation is a felony under the Louisiana law. McBlane gave \$3,000 bond. Examiner Young made a report on the bank. He said: "The last statement appears false in many respects when compared with one from the book of the bank."

McLAUGHLIN AND BUNDY WINNERS

By Associated Press. Seabright, N. J., July 18.—Morris E. McLaughlin and T. G. Bundy, national tennis doubles champions, today won the first and second sets in the final round of the tournament for selection of men for the Davis cup, defeating Carl Beer and T. R. Pell, middle states champions. The scores were 12-10 and 7-5.

"Cuzz" Offers Friendly Advice About Running Newspaper

R. S. Hagsdale recently became the editor and proprietor of the Munday Times. W. H. Cousins, of this city, an old time friend and a former resident of Munday, who occasionally contributes articles to a druggist journal, offers him some advice about the newspaper business in the following letter which was printed in last week's issue of the Munday Times:

FROM OTHER VIEWPOINTS

The senate passed 122 bills and resolutions Thursday in a little more than three hours; but, of course, there wasn't the chance for oratory in any of them that there is in some bills.—Indianapolis News.

Mr. Roosevelt is a much better Democrat than Mr. Wilson. The article which you thus declares is William Alonzo Hearst, who is traveling on the Pacific coast. As an indication where, for the moment, Mr. Hearst is heading, the assertion is worth something.—Springfield Republican.

Really, the senate should take something for its prickly heat.—Chicago News.

Paul Warburg is not offended by the objections made to his appointment by the senate. Mr. Warburg has been a citizen of this country only a few years, but he has been here long enough to make due allowance for our kind of politics.—Kansas City Journal.

When Colonel Roosevelt gets into the thick of political strife, he may speak of his record as "an open book" but what he has said in praise of himself is a great deal more than a five-foot shelf of books.—Louisville Courier-Journal.

Kansas says she will get \$100,000 for her wheat crop. But how could this possibly be permitted by an overruling Providence under a Democratic administration?—Florida Times-Union.

Mr. Landor may not be any great shakes as a daring explorer, but the fact remains that he is the only man in all history who ever called the Colonel anything worse than the Colonel could call him.—Hartford Times.

Much of the pork in the rivers and harbors appropriation bill is so rotten that its odor is likely to suffocate not a few of those who are concerned in the long-suffering public.—Topeka Journal.

Col. Ball Southern Drug Co. And Bavarian Malt Extract

The following in reference to charges that Col. Ball had profited from the sale of intoxicants and other charges made by speakers and in the "Bavarian Malt Extract" circular appears in the Houston Post of the issue of July 16:

Thomas H. Stone, Chairman South Texas Ball Campaign Committee, Houston, Texas.

Houston, Texas, June 25.—Dear Sir: You have again called my attention to the fact that Governor Colquitt is not yet satisfied with my previous statement with respect to Colonel Ball's connection with the Southern Drug Company. You have submitted to me Governor Colquitt's open letter to you, wherein he makes certain statements with reference to the fact that the Southern Drug company dispenses alcoholic liquors.

The original matter about which I wrote you with respect to "Bavarian Malt Extract" I stated that I had never purchased a bottle of "Bavarian Malt Extract," and had never sold a bottle of the same, nor have we ever received directly or indirectly, one cent from the sale of this extract from any other person.

It seems now the controversy has shifted from "Bavarian Malt Extract" to the dispensation of alcoholic liquors.

The Southern Drug Company is a wholesale drug house. You know and the governor of Texas should know, that alcohol is the base of practically all pharmaceutical liquids. You know and the governor of Texas should know, that most retail druggists prepare many of their pharmaceuticals, and in order to make these preparations, alcohol is indispensable.

It may be of interest to the governor, and perhaps to some of the voters of Texas, to know that, since the organization of the Southern Drug company in 1906, a careful auditing of our books shows that the Southern drug company has sold alcohol for medicinal purposes, hospital uses, etc. at a net loss to us. We have never from the sale of alcohol medicinal wines, cordials, brandies, etc., or any liquors of any character requiring a wholesale liquor license, in the sale of alcohol and alcoholic liquors we have only done that which a general wholesale druggist does—which is to supply to the retail customers such liquors for lawful uses.

This feature of our business—a burden financially and otherwise, which we could not well escape—is not new and has never been, nor is it our purpose or desire that it shall ever be, a source of net profit to us.

It may be of interest to Governor Colquitt and other interested voters in Texas to know that the capitalization of the Southern Drug company is \$100,000—par value of the shares \$100,000. Mr. Ball owns 10 shares, in amount \$1000, of stock in the Southern Drug company. A hurried calculation will show that his interest in the Southern Drug Company is 1-10th, or two-thirds of one per cent.

If Governor Colquitt, or any other man questions the accuracy of my statement herein made, I offer him or them (if reputable citizens) the opportunity of auditing my books, in conjunction with myself, to the end that my integrity of purpose and statement may or may not be substantiated. Respectfully,

B. B. GILMER, President Southern Drug Company.

Hos. Thos. H. Stone, Chairman South Texas Ball Campaign Committee, Houston, Texas.

Dear Sir: I learn from the newspapers and other sources, that Governor Colquitt and other supporters of Mr. Ferguson, are endeavoring to make the Southern Drug company and Colonel Ball's connection therewith with as a director, an issue in this campaign. The statement is being made that the Southern Drug Company is actively engaged in the wholesale and retail liquor-business and that any one could buy whiskey in any quantity on their premises. This statement is false and slanderous. I had hoped that my previous letters to you regarding the charges of Governor Colquitt would satisfy him that this was clearly wrong in this matter, and that he would do both Colonel Ball and the Southern Drug company the justice to refrain from further reference to the subject. The Southern Drug company does not carry a retail liquor dealer's license, either city, county, or state, nor does it do any retail liquor business. It has, however, issued to it by the internal revenue department of the federal government, a license as a wholesale and retail liquor dealer. To illustrate the need of this license: if we should buy a barrel of alcohol and should find it necessary to open this barrel of alcohol on our premises for resale in quantities of—say, one gallon—it would be necessary for us to enter into our record from which we make our monthly reports to the internal revenue department, a statement that this barrel of alcohol was disposed of to Southern Drug company RETAIL. I have, in previous correspondence, explained that alcohol is essential to

Col. Ball Southern Drug Co. And Bavarian Malt Extract

The following in reference to charges that Col. Ball had profited from the sale of intoxicants and other charges made by speakers and in the "Bavarian Malt Extract" circular appears in the Houston Post of the issue of July 16:

Thomas H. Stone, Chairman South Texas Ball Campaign Committee, Houston, Texas.

Houston, Texas, June 25.—Dear Sir: You have again called my attention to the fact that Governor Colquitt is not yet satisfied with my previous statement with respect to Colonel Ball's connection with the Southern Drug Company. You have submitted to me Governor Colquitt's open letter to you, wherein he makes certain statements with reference to the fact that the Southern Drug company dispenses alcoholic liquors.

The original matter about which I wrote you with respect to "Bavarian Malt Extract" I stated that I had never purchased a bottle of "Bavarian Malt Extract," and had never sold a bottle of the same, nor have we ever received directly or indirectly, one cent from the sale of this extract from any other person.

It seems now the controversy has shifted from "Bavarian Malt Extract" to the dispensation of alcoholic liquors.

The Southern Drug Company is a wholesale drug house. You know and the governor of Texas should know, that alcohol is the base of practically all pharmaceutical liquids. You know and the governor of Texas should know, that most retail druggists prepare many of their pharmaceuticals, and in order to make these preparations, alcohol is indispensable.

It may be of interest to the governor, and perhaps to some of the voters of Texas, to know that, since the organization of the Southern Drug company in 1906, a careful auditing of our books shows that the Southern drug company has sold alcohol for medicinal purposes, hospital uses, etc. at a net loss to us. We have never from the sale of alcohol medicinal wines, cordials, brandies, etc., or any liquors of any character requiring a wholesale liquor license, in the sale of alcohol and alcoholic liquors we have only done that which a general wholesale druggist does—which is to supply to the retail customers such liquors for lawful uses.

This feature of our business—a burden financially and otherwise, which we could not well escape—is not new and has never been, nor is it our purpose or desire that it shall ever be, a source of net profit to us.

It may be of interest to Governor Colquitt and other interested voters in Texas to know that the capitalization of the Southern Drug company is \$100,000—par value of the shares \$100,000. Mr. Ball owns 10 shares, in amount \$1000, of stock in the Southern Drug company. A hurried calculation will show that his interest in the Southern Drug Company is 1-10th, or two-thirds of one per cent.

If Governor Colquitt, or any other man questions the accuracy of my statement herein made, I offer him or them (if reputable citizens) the opportunity of auditing my books, in conjunction with myself, to the end that my integrity of purpose and statement may or may not be substantiated. Respectfully,

B. B. GILMER, President Southern Drug Company.

Hos. Thos. H. Stone, Chairman South Texas Ball Campaign Committee, Houston, Texas.

Dear Sir: I learn from the newspapers and other sources, that Governor Colquitt and other supporters of Mr. Ferguson, are endeavoring to make the Southern Drug company and Colonel Ball's connection therewith with as a director, an issue in this campaign. The statement is being made that the Southern Drug Company is actively engaged in the wholesale and retail liquor-business and that any one could buy whiskey in any quantity on their premises. This statement is false and slanderous. I had hoped that my previous letters to you regarding the charges of Governor Colquitt would satisfy him that this was clearly wrong in this matter, and that he would do both Colonel Ball and the Southern Drug company the justice to refrain from further reference to the subject. The Southern Drug company does not carry a retail liquor dealer's license, either city, county, or state, nor does it do any retail liquor business. It has, however, issued to it by the internal revenue department of the federal government, a license as a wholesale and retail liquor dealer. To illustrate the need of this license: if we should buy a barrel of alcohol and should find it necessary to open this barrel of alcohol on our premises for resale in quantities of—say, one gallon—it would be necessary for us to enter into our record from which we make our monthly reports to the internal revenue department, a statement that this barrel of alcohol was disposed of to Southern Drug company RETAIL. I have, in previous correspondence, explained that alcohol is essential to

the conduct of every drug store. I have further explained that we could not sell alcohol without providing ourselves with a liquor dealer's license. Again, I have stated explicitly, and do here restate, that the Southern Drug company has carried this license to enable it to meet the actual and admittedly legitimate requirements of its retail drug customers and that it has not enjoyed net profit from the operation of this department.

Congressman Returns 4 Days Unearned Salary

By Associated Press. Washington, July 18.—Believing that he had received something to which he was not entitled, Representative Witherup of Mississippi has turned back into the treasury department \$22.80, that sum representing the amount of his salary for four days during which he was away from Washington recently on private business. The fact that Mr. Witherup had returned five money tickets out today, despite his desire to keep the matter secret, "Somewhere" in the statute books there is a law which says a member of congress shall not draw pay for the days he is absent and not attending to his public duties. The law, however, has generally been regarded as a dead letter, but not so with Mr. Witherup. He voluntarily surrendered the four days pay and as a result the government is just that much richer.

By Associated Press. New York, July 18.—Not yet of signing of an agreement between two of the largest diamond producing countries controlling about ninety-eight percent of the world's supply to curtail their yearly output, has been received by diamond brokers here. The effect, one broker said today, will be to end competition among the three companies and to increase prices materially.

HOPE FOR AGREEMENT ON FUTURES TRADING BILL

By Associated Press. Washington, July 18.—Final action by the Senate and House conferees upon the bill regulating dealings in cotton futures, it was learned tonight, will be taken on the return here of Representative Lever, one of the conferees from South Dakota, probably early next week. Although several conferences were held this week and it was reported that a practical agreement had been reached, some differences still exist between the Senate and House members. Some members of the committee were hopeful tonight that an agreement would be forthcoming within the next several days.

AMERICAN CHARGE HAS ARRANGED A TRUCE

By Associated Press. Santa Domingo, July 18.—A truce between the government and rebels near the Dominican capital has been arranged through the medium of the American charge affairs. This truce is to last until tomorrow and no fighting will take place in the outskirts of the city, as the rival forces have agreed to work out a neutral zone.

SIXTH BUBONIC PLAGUE VICTIM AT NEW ORLEANS

By Associated Press. New Orleans, July 18.—The sixth case of bubonic plague was found here today. The illness of Helen Roell, aged ten years, who resides at 523 Camp Street, was diagnosed as plague and the child was removed to the isolation hospital in a serious condition. The child was stricken Thursday.

WANT ANTI-TRUST SUIT AGAINST EXCHANGE

By Associated Press. St. Louis, July 18.—Demand that he institute suit against the Merchants' Exchange of St. Louis on a charge of violating the anti-trust law was made on Attorney General Barker today by Edward G. Blesh, member of a commission from that body an exchange membership.

The county candidates went up to Electra last night where they addressed the voters. They were heard by a fair sized crowd which greeted all the speakers enthusiastically.

Hivera.—During the past week a total of forty-nine cars of watermelons have been shipped from here. Total shipments to date are eighty-one carloads of 1,334,000 pounds.

THE MID-SUMMER GOWN FOR YOUR WARDROBE

New York, July 18.—Now that the stores are beginning to sell their goods at reduced rates, preparing already for their fall and winter stock, is it not time for you to take advantage of the bargains and buy yourself a new dress?

The proper thing to wear at the right and proper moment is my first illustration—a dress of sponge and linen. The waist and tunic are of pleated sponge, which is mottled blue and white. The lower skirt, collar, cuffs and girle belt are of coarse white linen. Blue cloth covered buttons fasten the front of the waist and the girle. With this dress are worn

white stockings and shoes of dull blue to match the blue in the sponge.

The separate blouse is having another strong vogue this season. They are almost all severely plain, but of the sheerest of materials—organdy, Swiss, chiffon and sheer crepe. The waist on the figure illustrated is of thin handkerchief linen. The front is set in and connected to the rest of the blouse by narrow French heading. The collar is a picot which is the newest way to have all these edges finished. By the way, this picot edging is merely machine hemstitching cut through the center. Notice, my fair lady, the skirt worn by this model. Can you believe your eyes? Yes, it is truly pleated, and I am really afraid to tell you how long it is, but it is not quite only three and one-eighth yards. Who will reveal the most in this freedom of limb—you, who stride again instead of mincing, or the husband or friend, who has been compelled to adjust his step to your Japanese toddle?

Many of these new skirts which appear wider at the bottom are made with a yoke or a yoke effect with a long and pleated tunic, the underskirt having a circular or pleated flounce. A wide sash is often worn with these skirts of silk or of the same fabric as the skirt. It is placed high in front and is tied in the back with a dtp.

For the evening gown the flounced skirt is very popular. In lace, tulle or organdy these many ruffled skirts are most alluring and reminders of what our sweet young grandmothers wore.

There is a new gauze organdy made of silk and of the quality of chiffon, with the durability of voile, which is most attractive when made up in these gowns of the crinoline days.

What was considered decollete a short while ago and only suitable for evening are now thought to be perfectly correct and proper for afternoon and other informal occasions. A dress I saw not long ago had a waist which was composed principally of two pointed pieces of Nattier blue satin draped up to either shoulder, front and back. For an instant I stood aghast and thought that was all there was to the waist, but lo! over the arms and shoulders was the thinnest of blue tulle, which served the purpose of covering the arms with long and tight sleeves, and to give a coating of conventionality to the waist, as it came up to a puritanically high neckline. The skirt was of black tatin, with a long-tunic of blue tulle embroidered in gold thread.

The waist which cuts low in front and with which is worn a gulnape or vest is very good this season. The armhole droops very low on the shoulders of these blouses and a full little bishop sleeve of organdy is attached.

The circular redingote tunics are the latest thing in the long tunics. They are open in front, or buttoned and sometimes show the underskirt. Among the new materials which will be shown for the late summer

are heavy soft faille silks and a new grosgrain taffeta in wonderful shot and changeable effects. This new taffeta has much more weight to it than the taffeta so commonly used this summer.

Are you thinking of buying a new suit which will also be serviceable for fall? If so, buy it of gabardine or serge or broadcloth. The former materials have shown their serviceable qualities through a spring and summer of being the most worn fabrics, while broadcloth will be the most popular for the fall. The two colors which are superseding the tremendous vogue of blue are prairie green and maroon.

Vests are a necessity in the wardrobe of even the woman who does not always try to keep up with the latest whims of fashion. Charming ones can be made of cretonne, whose colors blend or artistically contrast with the colors of your suit. This is also used for collars and cuffs on suits. The large figures are some times outlined with black in a heavy silk or cotton which brings out the coloring in a striking manner.

Charming little dresses are made of crepe which have jackets of the same, and the waist sometimes the same and sometimes of organdy. A bit of embroidery in black and red woolen thread is most effectively placed in the corners of the jacket, the collar and the cuffs. If there is a sash, the same which is often the case this year, this same embroidery is placed on either end. The hat worn with this costume should be of white and trimmed with a band of white, which is also embroidered in these colors.

Net petticoats are a charming addition to the summer lingerie. They are made with very little flange and are gored a little so that they flare around the bottom. The lower edge is either scalloped or bound and each panel is made daintier by the addition of an embroidered design. A heavy thread lace is often used to connect the seams.

FOREIGN CORPORATIONS ARE DEFINED IN NOTICE

Washington, July 18.—Internal revenue collectors were notified today that under the income tax law "foreign corporations" include municipal and private corporations holding charters under laws of foreign countries.

RAILROAD COMMISSION APPROVES T. & A. MORTGAGE

Austin, Texas, July 18.—The railroad commission today approved the mortgage of the Timpon and Henderson by the terms of which that property has borrowed \$100,000 on its entire line extending from Timpon to Henderson, a distance of thirty-five miles. J. T. Woolworth attorney for the company, was here in connection in the matter today; he said the funds are to be used for betterments.

ORDER OF CARBAJAL WILL STOP EXECUTIONS

Constitutional Rights Abrogated By Huerta Now In Force In Mexico

Mexico City, July 18.—According to orders issued today by President Carbal to governors of states and the military chiefs, no one in the future is to be executed without proper trial. This means the re-establishment of the constitutional rights suspended by Huerta. President Carbal has also ordered that the statue of Washington, dragged by the populace through the streets after the occupation of Vera Cruz shall be replaced at once.

HUERTA DENIED USE OF MEXICAN GUNBOATS

Carbalj Telegraphs Him It Would Be Unwise To Grant Request

Puerto, Mexico, July 18.—Ex-president Huerta and his party may be delayed several days in their departure from Mexico. A message received late tonight from President Carbalj refused the use of the Mexican gunboats for that purpose. The message explained that it was not deemed wise at this time that Mexican warships should be used for such a purpose but stated that the government would pay for the use of any vessel Huerta might charter.

LOOTING AT CAPITAL FEARED BY MINISTER

Mexico City, July 18.—The Brazilian minister, according to a report current here tonight, has called the Brazilian ambassador at Washington asking him to make representations to Secretary Bryan on the grave consequences likely to result from the entry of constitutionalists into the capital. The minister urged that the United States take prompt steps to prevent this occurrence. Looting is feared should the Zapatistas enter, and much alarm has been caused by their active operations in the last twenty-four hours in the federal district.

Aranas Pass—The new 55,000 barrel storage tank on Harbor Island for the Magnolia Petroleum Company has been completed.

OUR FINAL Dress Sale

We want to close out every dress in the house in as quick time as possible. To do this we must offer you exceptional bargains. We do not want to carry a single garment over the season. We are not going to call this a half price sale because many dresses are marked a great deal less than half. We want you to take a look at these prices and if they are not cheaper than you can buy the material for, then we are willing to be told. We have some awful good ones left, so come in early and get your pick.

Colonna TOGGERY SHOP

CONFERENCE MONDAY ON NEW HAVEN AFFAIRS

Washington, July 18.—The New Haven railroad will be given one more chance to avoid an anti-trust suit, Attorney General McReynolds today agreed to a conference Monday with a committee of the road's directors. President Hooten of the New Haven made the appointment, but his telegram did not explain what plan might be offered. The only point in controversy is how the railroad's Boston and Maine stock shall be sold. The Massachusetts legislature put a condition

on the sale of the stock. The New Haven directors have agreed not to accept that condition. Mr. McReynolds is insisting the condition be accepted, and it is certain the department will not agree to any solution not providing the Boston and Maine be sold.

It was pointed out today that the New Haven committee might ask a delay until next winter so the Massachusetts legislature might have an opportunity to remove the condition. Although Mr. McReynolds had stayed his anti-trust suit for many months, it was understood he would not consent to such a delay. Failure of the committee to present some plan acceptable to the department probably would be followed almost immediately by filing of the suit.

AERIAL PHOTOGRAPHY

How It May Change History

Polska, Germany from a Dirigible Balloon. Made at the Height of 700 Feet. Telephoto Lens Used

Harbor of Guantanamo, Cuba, from a Navy Aeroplane Flying at Between Fifty and Sixty Miles an Hour 500 Feet Up

Coal Island, Cal. from a Flying Boat - Navy Training Station, Barracks and Officer's Residences (Ordinary Lens)

The Method of Making Photographs from Aeroplanes and Balloons - How These Pictures May Change History.

THE science of photography has almost an impossibility while sitting in an aeroplane. Such a thing is, however, possible when flying in one of the flying boats for if necessary the passenger may stand up in these fliers. As all objects are over one hundred feet from the machine what is known as a fixed focus camera can be used, or, better still, the camera can be set for distance. This, of course, need not be changed during the flight and the operator has only the plates or films to manage.

Plates Preferable. Plates are always preferable because they are sure to lay flat while the film sometimes bulges and throws the picture slightly out of focus. This is not always the case as the writer has used films successfully both in photographing from aeroplanes and from balloons, but does not recommend them for this work as their greatest merit is lightness in weight. Going at the rate of sixty miles an hour it is necessary to use a rapid shutter and under most conditions what is known as a wide open lens. The rapid speed of the shutter, too, overcomes the vibration of the motor of the aeroplane. Of course, a telephoto lens is preferable and this type is being used by the Navy operators who are at present doing service at Vera Cruz.

Aeroplanes views of cities have come to be a common thing at present and are in reality actual bird's eye views. Photography from a dirigible balloon is far easier, for there the photographer may walk about in the cabin and poke the camera out of the cabin window at any time and carry as many plates as are needed. On one trip recently of one hour and a half duration the writer made twenty photographs. The balloons flew most of the time at an altitude of six hundred feet and excellent clear views were the result. The camera may be turned in all directions from a balloon with ease—straight down or horizontal. Where a vertical view is to be taken looking straight at the earth the diaphragm of the lens must be wider open than when photographing straight for the reason that the earth being opaque there is no reflected surface to illuminate the picture. In balloons, photography the shutter may be worked at a slower speed as these

ships of the air do not travel as rapidly as the aeroplanes.

Aerial photography is in a special class of picture making and one that has proved of inestimable value in military operations, and before our troubles with Mexico are at an end it may save the lives of many of our soldiers. Only recently Lieutenant Bellinger and Ensign Saucy, both of the United States Navy Aviation Corps, flew over the Mexican camps and made a remarkable photographic record of the Mexican movements.

Aeroplanes Instead of Spies. The flying has been continued day after day, and in this way the general in charge knows each evening just what movements have taken place in the Mexican camps. Lieutenant Bellinger after one trip showed that the Mexicans were destroying the railroad tracks; at another he showed that more men had arrived and that the camps up in the sand hills behind Vera Cruz were larger than a few days previous. If this work continues it will no longer be necessary for men to risk their lives as spies by going into the enemy's camp as all the operations of the enemy can be discovered by the air scouts.

Can Change History. Had an aeroplane been in use during the Spanish-American War Cervera's fleet might have been located long before it was, and while the results would be undoubtedly been the same the destruction of the Spanish fleet might have taken place some days earlier and one disagreeable feature at least might have been eliminated—the Sampson-Schley controversy. Again, in the Japanese-Russian War when the Japs tricked the Russians by hanging branches of trees in such a position as to hide the operations of the Japanese troops from the view of the powerful Russian field glasses, a single aeroplane flying high above

might have located the Japs and their work and saved the Russians at least from the great loss which occurred in the battle that followed. Perhaps, indeed, an aeroplane might have turned this war into a Russian victory. Again, when the Spanish fought the Moors in Morocco an aeroplane sent out from Melilla could undoubtedly have located the Moors in their ambush in the hills. Photographs of these places would certainly have prevented the slaughter of the Spaniards which occurred so many times. Spain was compelled to depend upon Moorish spies for her information and these were far from reliable. On one occasion the Moors dressed up a number of dogs in white muslin in order to draw the fire of the Spaniards. They succeeded and then surrounded and slaughtered a whole company of Spanish soldiers. An aeroplane would without question have prevented this.

During the war between Turkey and Italy the air scouts "snapping" about located the enemy time and again, and on several occasions prevented battles from taking place in which thousands of lives might have been sacrificed. Again, photography played its part in the Balkan War, when a magnificent photograph of the Battle of Adrianople was made by a Bulgarian air scout. This picture was actually taken while the battle was in progress. The scout then flew back to the Bulgarian headquarters and reported the strength of the Turkish forces in the Balkans and Adrianople fell and the Turks were defeated, and who can deny that the information brought by the "flying man" did not figure largely in the victory.

Value of Altitude Flying. The value of altitude flying can be readily understood from a military standpoint for in case of war battles are not infrequently fought in mountainous places and the air scout in order to get the information as to the location and numbers of the enemy's troops must be able to fly over high mountains and his eyes must be tested out before. Photographs are at the mercy of the weather, however, as he may point his camera directly over them and get a perfect reproduction of their strength and size of guns. Foreign countries have endeavored to regard the aeroplane as a dangerous weapon as it is an international law on the other side which prohibits the aeroplanes of another country from flying across the border without special permission of the country to be visited. The arrest of the German balloons and the destruction of the balloon by the French Government recently are still fresh in the country's memory. Time and again it occurred on Russian soil, that it seems to be a danger to the safety of all other lands, and the authority seem to fear revealing the subjects who are not allowed anywhere near fortifications of this country is the order of the day, which forbids flying over the Panama Canal.

U. S. Has Few Air Scouts. The United States has fewer air scouts in proportion to the size of its army and navy than any other country. In Europe aerial defense in war is regarded as absolutely essential, and millions of dollars have been spent on air equipment. That our army and navy are not better equipped along these lines is due to the "doubting Thomas" Congress, who always wants to see results quick. The Mexican crisis has done much toward raising a better equipment for the brave air scouts who gather news by flying over the heads of the enemy. Even now aerial photography is still in its infancy, and who can predict as to the extent advances just how far reaching its possibilities may be and how history may be changed by the aerial camera?

Personal Mention

Dr. Reaser of Iowa Park is in the city on business.

Mrs. Kate Wolfe of Fort Worth is a guest of Mrs. Moore.

Rev. Schnaer went to Olney yesterday where he will preach today.

J. A. Shfields, a prominent farmer of Byers, was here on business Saturday.

Mrs. Delaney and Mrs. J. C. Caldwell are visiting relatives in Weatherford, Texas.

J. W. Campbell left yesterday to attend the Farmers' Congress at College Station.

J. R. Burnison has been here for the last two days on business, returned to Knox City.

Fred Morris and Fred Carter left yesterday for Galveston to attend the automobile races.

Mrs. M. L. Smith of Fort Worth is visiting her daughter, Mrs. B. A. Moore at 1906 Seventh street.

Mr. and Mrs. Ed Wright left this morning for Arkansas where they will visit friends for the next two weeks.

Robert Krull of this city left yesterday for Fort Worth where he expects to spend a few days with his sister.

W. A. Metcalfe of Dallas, was here yesterday. He leaves for Chillicothe, Texas, where he expects to spend a few days.

F. U. Devall, who has been visiting friends in this city for the last two days, has returned to Paris, Texas, his home.

Harry Naylor, wife and baby left Saturday for a visit to Dallas, San Antonio and other points to be gone a couple of weeks.

Mrs. E. W. Nicholson of this city left yesterday for Jacksboro and Mineral Wells where she is going to visit some of her friends.

Judge P. A. Martin left yesterday to spend Sunday with his daughter and her family at Lagrange. His two younger daughters who have been visiting their sister, will return home with him.

I. Knight and wife left this morning for Oklahoma, Oklahoma, where they go to visit relatives. Mr. Knight sustained an injury to his hand and during his enforced idleness he is improving the opportunity to go a visiting.

L. Cohen and family have returned to Wichita Falls and will make their home here in the future. Mr. Cohen will take a position with the Art Loan & Jewelry Co. as salesman. He has been with the Simons Jewelry Co. of Fort Worth for the past ten years with the exception of a few months last year when he was here with the Art Company.

Past Week One of Exceptional Torridity Here

Wichitans have been experiencing some real summer time for the past week, with a minimum temperature of eighty-one and a maximum of 103. The mercury has passed the 100-degree mark every afternoon during the week, remaining at that point until nearly sun down and receding to the eighties during the night.

The need of rain is beginning to be felt in many parts of this section and a few more days of dry weather will see the finish of the corn crop. Some corn is already made, but the majority requires another rain. Cotton does not need rain, according to reports. As yet there have been no regular hot winds though some of the breezes that have been blowing have been anything but cool.

TRY MADAME CAILLAUX FOR CALMETTE MURDER

Paris, July 18.—Madame Joseph Caillaux, wife of the former premier and minister of finance, will go on trial for her life here Monday in the Court of Assizes, charged with the murder of Gaston Calmette, editor of "Le Figaro."

Mme. Caillaux's defense, it is said, will amount practically to a plea of "Brain storm" that she "acted in a moment of folly." This plea, it is understood, will be reinforced by a denial that Mrs. Caillaux was directly responsible for Calmette's death, the charge being made that the surgeons attending Calmette after the shooting might have saved his life easily had they operated in time. A third string to the defense's bow will be in the nature of a justification plea, Editor Calmette's attacks being of an alleged personal nature and exceedingly violent in tone, calculated to destroy what to the Caillaux couple was more precious than life; the good standing of the wife.

Sutherland Springs—The \$10,000 sanitarium under construction at this place is rapidly nearing completion.

TRY OUR MALTED MILK EGG DRINK

Try It Once and You Will Be a Regular Customer

The greatest liquid refreshment ever conceived in mind of man—cooling, invigorating, refreshing, strengthening. Here's the way it is made: A little chocolate syrup with cracked ice, a fresh egg, three spoonfuls of malted

milk, a cone of ice cream and a little sweet cream, shaken well in our electric shaker, strained into a 12-ounce shiny glass, sprinkled with nutmeg and capped with pure whipped cream. It is truly a nectar of the Gods.

If you are a smoker, after one of the drinks you must try a Regional Reserve Cigar 5c.

WE'RE TALKING TO YOU?

We are talking now to those who have never tried our FRESH ROASTED COFFEES. No use talking to the other fellow because we've got him where he can't get away and doesn't try. We roast only high grade, carefully selected, well aged coffee and roast very day. If you never used fresh roasted coffee you don't know good

coffee. Your MOTHER made good coffee because she roasted fresh before each meal. You'll do yourself a favor to try ours just once. That's all we ask. There's nothing will carry you through one of these hot days like a cup of good FRESH coffee in the morning. Let us prove it.

MERRY WIVES ENTERTAINED BY MRS. SWEARINGEN

Mrs. Swearingen was a most pleasant hostess to the Merry Wives Friday afternoon, that being the regular day of meeting. The customary sewing and conversation was engaged in, the enjoyment of the afternoon being heightened by the presence of a number of guests. A delightful two-course luncheon was served by the hostess, consisting of fried chicken, pickles, deviled eggs and rolls, followed by ice cream and cake. The guests were: Mesdames A. J. Thompson, W. A. Thompson, Blount of San Antonio, Whitten and Grandma Young. The club members present were: Mesdames Stengle, Seitz, Wilson, Urlich, Boone, Reed, Barclay, Duke, Priebe, Pirtle and the hostess. The club meets next August 7 with Mrs. Pirtle.

MISS AUDREY LEE BLOOM HOSTESS TO FRIENDS FRIDAY.

Friday afternoon little Miss Audrey Bloom entertained with a "paper doll reception" at her home in Floral Heights. The guests were a few of the neighborhood paper doll enthusiasts and on this occasion the very prettiest and best of the dolls were displayed. The game of "make believe" was enjoyed the entire afternoon, the mother of the hostess serving appropriate and delicious refreshments while they were still at their play. Those enjoying the affair were: Misses Gay Gwynn, Louise Stanley, Thera Rogers, Irma Snellie, Alma Rogers, Inez Carter and the hostess.

MRS. BURTON ENTERTAINS HONORING DAUGHTER'S BIRTHDAY.

Mrs. J. A. Burton entertained in honor of the sixth birthday of her little daughter, Jewell, Friday afternoon at the home of Mrs. Fred Morris. Many delightful out of door games were played by the children. Mrs. Burton being assisted in entertaining the little folks by Misses Adele Marcus and Mabel Morris. Delicious ice cream and cake was served in the course of the evening. The little honoree was the recipient of a number of very pretty birthday remembrances and on leaving the children expressed the enjoyment of the delightful afternoon. Those present were Kathrine Marcus, Lucille Morris, Elizabeth Staples, Sibyl Smith, Mabelle Bundy, George Maxwell, Evelyn Rigbee, Mildred Burton and the honoree, Jewell Burton.

YOUNG PEOPLE ENJOY THEATER PARTY ON THURSDAY EVENING

Thursday evening Arthur Fontaine and Everett Whitley entertained a number of friends in a most delightful manner, the program of the evening's entertainment being first a box party at the Majestic Theater. At the conclusion of the show the Candy Kitchen was visited and cooling drinks and ices were enjoyed. A trip to the lake was then enjoyed and it was not until a late hour that the pleasant party disbanded. Those in the party were: Misses Lorna Shaw, Anita Monroe, Mabel Morris, Myrtle Morris, Mildred VanVoy, Leila Beall Anderson, Gertrude Datson and Arthur Fontaine, Everett Whitley, Charles Reed, Homer Crawford, Admiral Skinner. The party was chaperoned by Wade Arnold.

MISS LEILA BEALL ANDERSON HONOREE PLEASANT SURPRISE.

Saturday evening Miss Leila Beall Anderson was tendered a most delightful surprise by a number of her boy and girl friends, the occasion being her birthday. The party assembled at the home of Miss Louise Montgomery and arrived at the home of the honoree about eight-thirty. A most tempting lunch had been brought along and this was spread on the lawn. The evening passed quickly away, various diversions being engaged in. Those present were the honoree, Miss Anderson, Misses Gettrude Davidson, Lorna Shaw, Louise Montgomery, Rose Johnson and Mack McGinley, Tom Taylor, Homer Crawford, Eugene Mathis, Twigg Boger and Jim Jennings.

MISS BACHMAN HONORS CHARMING TENNESSEE VISITORS

Thursday evening Miss Lillian Bachman entertained for her house guests, Misses Mary Carter of Nashville, Tenn., and Alice White of Memphis, choosing a lawn party as the expression of her hospitality. The bright colored mid-summer favorite, the sun flower furnished the idea for the decorations both in the house and the spacious lawn. Above the trees an expanse of myriads of electric lights were hung and low tabernacles and tables dotted the out door reception room, bearing large vases and bowls of sun flowers. To one side the punch bowl was placed, the table being half hidden in a huge cluster of the radiant blossoms. Here ice mint punch refreshed the guests throughout the evening. Chairs were placed by couples on the lawn and cards were passed for "progressive conversation." Tiny Dutch figures ornamented these programs and each program contained a number of interesting engagements for a tete-a-tete. After several hours of enjoyment delicious cherry sherbet and white cake was served by the younger sisters of the hostess, Misses Stella and Ruby. Those enjoying this most delightful event to meet the two charming visitors were: Misses Hazel and Frances Hunter, Laura Bell, Grace Morse, Agnes Andree, Cora Scott, Mae Belle Coggins, Stella Bachman, Ruby Bachman, Messrs. Allen of Temple, Kaufhold, Clifford, Marquahde, Pond, Gardner, Miller, Gessert, Frank, Floyd Friberg, Karrenbrook, Brown and Harrison Bachman.

THURSDAY SEWING CIRCLE WITH MRS. C. R. HARTSOOK

Mrs. C. R. Hartsook entertained the Thursday Sewing Circle in a most delightful manner Thursday afternoon. The usual sewing was engaged in and as the hostess is to leave soon for Colorado and other points to spend the summer, social features, apart from the usual routine of the meeting were enjoyed. Refreshing mint punch was served throughout the afternoon, the cooling beverage being very acceptable to those engaged in their fabric work. Late in the afternoon, just prior to adjournment, delicious ice cream and cake was served.

Silk was the guest of the afternoon. The members present were Mesdames McDowell, Murph, Gardner, Bell, McKellar, Misses Beryl Murph and Rhea Gardner and the hostess, Mrs. C. R. Hartsook.

W. O. W. SOCIAL SESSION THURSDAY EVENING

The W. O. W. 3001 and the Ladies Circle held an enjoyable social session Thursday evening in the Moose Hall about three hundred members and friends being in attendance. An interesting program was carried out, S. Heyster making the opening address. A special feature of the evening's entertainment was the drill team work and a variety of pleasing music was also enjoyed. Harvey Harris, Bernard Martin, J. M. Blankenship and Earl Eddleman gave exceptionally interesting talks on Woodcraft and fraternalism. The Old Maid's sale furnished much amusement for some time and the entire evening was one replete with enjoyment for all. Delicious refreshments were served at a late hour.

IMPROMPTU PICNIC AT JACKSON HOME MONDAY EVENING

Monday evening a number of young people enjoyed an informal picnic on the lawn of the Jackson home in Denver. The young men of the party had planned the outing, intending to motor to the lake, but it was decided to picnic with Miss Bernice Jackson, so lunch was spread and the remainder of the evening very enjoyably spent with various diversions. Those in the party were: Misses Francis Urban, Lillian Fain, Helen Stone, Adickes, Jackson, Kahn, Shelton, Hines, Messrs. Barnard, Robertson, Pendleton of Altus, Williams, Mann, Avis, Clossuit, Carrigan and Self.

HAY RIDE TO PETROLIA ENJOYED TUESDAY EVENING

The manager of the Wichita Falls Motor Company proved himself a most excellent host to his employees and families Tuesday evening in giving them one of the most enjoyable outings imaginable. Trucks made by the Wichita Falls Motor Company were used to convey the crowd on a good old fashioned hay ride to Petrolia, where we were entertained by the Myers Overland Shows which are touring the country in trucks made especially for them by the Wichita Falls Motor Company. The show was greatly enjoyed, there being five reels of good pictures and two pleasing vaudeville performances. One of the reels of pictures entitled, "What Made Wichita Falls Famous" brought big cheers as it was the film made of the Motor Company and the boys got to see how they looked in a moving picture. As we neared Petrolia the camp fire was burning brightly under a huge pot of coffee and lunch was being prepared. The manager had sent one truck loaded with the lunch, watermelons, lemonade and ice water before the crowd and as several of the party brought baskets well filled there was all together a most delicious lunch and every one left the table satisfied with life. Some pictures were taken during the ride and with good music on the guitar, harp, mandolin and vocal, the time passed quickly away. The motor factory led the men off from work at 4 o'clock and over one hundred enjoyed the hospitality of their manager, Mr. Jack Culbertson and tried to show their appreciation of him by giving some "rousing cheers" as we were homeward bound. The party left Wichita Falls about 5:30 p. m., and were back in the city about 1:30 a. m. It goes without saying that this occasion will be a pleasant memory to smile over when we are old.

ENJOYABLE CHILDREN'S PARTY LAST THURSDAY EVENING

Miss Clara Lee Stone entertained a few of her friends informally Thursday evening at her home, 606 Lee street. A number of games most pleasing to all were played during the course of the evening. A large ball in the enjoyment of the games delicious refreshments were served. Those who were served to the following: Misses Minnie Mae Gillins, Mary Oates, Josie Merkle, Maud McGrath, Ruby Hill, Maudie Scott, Charlotte Allen and Tommy Kinsman, James Tucker, James Shipley, Dewey Wier, Paul Burlingame, Aubrey Lee Mullins, Otis Burns, Hunter Brown, Wiley Crawford, Leonard Holdston, Richard Stone and the hostess.

HOMER DOKE'S EIGHTH BIRTHDAY HONORED MONDAY

Monday afternoon Mrs. C. M. Doke entertained with a surprise party for her son, Homer, in honor of his eighth birthday. A number of his boy friends were invited and the young host was given a most pleasant surprise. A number of gifts, calculated to bring delight to boyish hearts were received. Games were played out of doors and after several hours of play the guests were invited to partake of ice cream and cake, served by Misses Edna and Lucille Doke. Those enjoying this affair were: Ellis Willis, W. S. Willis, George Sibert, John Craig, Eddie Uhrich, Fred Boone and the young man whose birthday it was, Homer Doke.

DELIGHTFUL ENTERTAINMENT BY LADIES OF O. R. C.

The members of Harvard Division 279 and their families were the guests of the losing side in the recent membership contest at the home of Mr. and Mrs. George Hurst Tuesday evening from 8 to 11. Four tables of forty-two provided amuse-

ment for a number of the guests and instrumental music by Howard Hurst and vocal selections by Misses Hazel Hurst and Pauline Langford were enjoyed during the evening. Ice cream and cake was served at a late hour to the following: Messrs. and Mesdames Ashe, Bradshaw, Bates, Hutson, Gregg, Langford, Miller, Wilson, Mesdames Corkhill, Carter, W. E. Carter, Dellis, McDowell, Stearns, Page, Stewart, Misses Shultz, Langford, Crokhill, Carter, Miller, Ashe and Stewart.

MRS. HURST HOSTESS TO MAYFLOWER 42 CLUB

The Mayflower 42 Club was pleasantly entertained by Mrs. George Hurst Thursday afternoon. Ten games were played, there being three tables of players, Misses Beulah and Ruth Elliott tied for high score. Throughout the games refreshing grape juice was served by Misses Hazel Hurst and Mildred Corkhill. Delicious cherry ice and nabiscoes were the refreshments served by the hostess and her daughter to the following club members: Mesdames Bradshaw, Dellis, Hagin, Hutson, Langford, Page, Stearns, Wilson and the guests were: Misses Ruth and Beulah Elliott and Mrs. Corkhill. The club will meet next with Mrs. W. M. Langford, 306 Adams.

MRS. A. F. KERR HOSTESS TO LADIES' AID MONDAY

The Ladies' Aid of the Central Presbyterian church met Monday in regular session with Mrs. A. F. Kerr. The lesson was taken from the latter part of the Four Gospels and was led by Mrs. Kerr. After an interesting discussion of the lesson a business session was held. A social half hour was then enjoyed, during which time the hostess served a refreshing ice course.

MESSES FILGO AND LEICHAM ENTERTAIN WITH HAY RIDE

With Mrs. Jungk as chaperone, Misses Louise Leicham and Wilma Filgo entertained a number of their friends Tuesday evening with a most enjoyable hay ride. A large float was provided and a two hour ride on this was enjoyed, through the country and town. At a late hour the party returned to the Leicham home where food watermelon was served. Those enjoying the young ladies' delightful hospitality were: Misses Anita Mopore, Anderson, Maer, Adickes, Miller, Lola Miller, Dorothy Toney, Elizabeth Miller, Shaw and Mack McGinley, Charles Reed, Everett Whitley, Jessie Miller, Allen Montgomery, Eugene Mathis, Tom Taylor, Homer Crawford, Admiral Skinner and Twigg Boger.

OUTING AT LAKE WICHITA ENJOYED BY SEVERAL

Tuesday evening a number of young people under the chaperonage of Mr. and Mrs. Frank Griffin and Mrs. Everett Jones enjoyed a delightful outing at Lake Wichita. A delightful auto ride both going out and coming back was enjoyed, the picnickers arriving at the lake about dusk. A tempting basket supper was spread in a leafy nook at the head of the lake and was fully enjoyed. The various pleasures of the popular resort were enjoyed by the following: Misses Helen Jalonick, Eddie Carver, Bess Kell, Carrie Kell, Ellen Dickson, Dorothy Dickson, Mabelle Clopton, Anna Freear, Genevieve Carver, Lillian Avis, Ann Carrigan, Messrs. Clayton, Merrill Blair, Carter, McGregor, Lamar Fain, Julette Bonner, Priddy, Wiley Blair, John Thomas, Linn Boyd, Jimmy Griffin, Ernest Fain, Mr. and Mrs. Frank Griffin and Mrs. Everett Jones.

MRS. CAREY HOSTESS TO NEW IDEA CLUB WEDNESDAY

The New Idea Club met Wednesday afternoon in regular session with Mrs. M. E. Carey, at her home on Tenth street. The customary routine of meeting was gone through with, sewing as usual being the chief diversion. Mesdames Corkhill and Huntz were special guests of the club. The hostess served a delightful iced course, consisting of ice cream, cake and wafers. The members present were: Mesdames Bachman, Dellis, Friberg, Goodale, Simon and the hostess.

I. G. B. C.'S HOLD DELIGHTFUL MEETING LAST WEDNESDAY

Miss Louise Montgomery was hostess to the I. G. B. C.'s Wednesday

afternoon at her home, 1000 Burnett. Sewing and conversation as usual was engaged in, the afternoon being replete with enjoyment. Late in the afternoon a dainty two-course luncheon was served, the tempting salad and cooling iced proving very acceptable. Those present included the hostess, Misses Gertrude Davidson, Rose Johnson, Leila Bell Anderson, Adickes and Lorna Shaw.

MRS. BROOKS HOSTESS TO ROWENA CIRCLE WEDNESDAY

Even though the weather was exceedingly warm the ladies of the Rowena Circle No. 36 of the Brotherhood of American Yeomen spent a very pleasant afternoon with Mrs. Brooks as hostess Wednesday. The calling of the roll seems to have

hostess served delicious grape nut ice cream with lady fingers, the cooling dainties proving very acceptable.

Mrs. R. W. Remming returned Saturday to her home in Burkburnett, after a visit with Miss Mills.

ALLEGED FAMILY HEADS CELEBRATE 'DAD'S DAY'

Seattle Wash., July 18.—Poor hard working much misunderstood, thoroughly downtrodden and altogether abused "Dad" like the proverbial worm, has turned and today hundreds of alleged heads of families from every northwestern city gathered here to celebrate the throwing of marks and slanders for at least twenty-four hours out of the year.

The protest against dishwashing, floor scrubbing, cradle rocking, bread making and all other domestic work heaped upon husbands by tyrannical housewives, reached a climax when, headed by Governor Lister and with Mayor Gill and hundreds of other "Dads" in chains, wheeling perambulators, feeding lusty infants and performing other stunts, paraded the streets in all their degradation.

How's This?
We offer One Hundred Dollars Reward for any case of Catarrh that cannot be cured by Hall's Catarrh Cure.

EPISCOPAL CHURCH PROPERTY SOLD

IN LAND DEAL CHURCH ACQUIRES NEW SITE AT TENTH AND BURNETT

AWAITS BISHOP'S APPROVAL

J. W. Culbertson Pays \$21,000 for Church Property—Church Pays \$7,500 for New Site

If a deal tentatively agreed upon yesterday is approved by the Bishop of the diocese, another new church will be built in the near future on Tenth street.

Saturday afternoon the board of the Episcopal church closed a contract with J. W. Culbertson whereby Mr. Culbertson will acquire the Episcopal church site on Lamar street between Seventh and Eighth streets and the parsonage adjoining, for a consideration of \$21,000, and the church acquires the Ziegler property at the corner of Tenth and Burnett streets from Mr. Culbertson for a consideration of \$7,500.

The site at Tenth and Burnett streets is only a block west of the First Baptist church on the same street, and a block east of the First Presbyterian church.

BOWMAN SANGUINE FOR EXPOSITION BUILDING

By Associated Press. Austin, Texas, July 18.—Plans for the erection of a Texas building at the Panama-Pacific Exposition in San Francisco in 1915 have been accepted, according to J. T. Bowman, secretary of the Texas Panama-Pacific Exposition commission.

TWO AUTO ACCIDENTS ON THE ELECTRA ROAD

Burkburnett People En route to Colorado Run Off Culvert—Electra Car Upset. An automobile tour to Colorado was rudely interrupted Saturday morning north of Electra when the machine of J. G. Hardin and four other residents of Burkburnett ran off a culvert into a puddle of water.

bowman sanguine put on his performance entirely without nets or other safeguards. "It seems Parshall, having an off day, fell in with friends and adjourned to the Trinity Hall grounds. In the Trinity Hall grounds stands an unannounced oil derrick whose top towers an even eighty feet above the ground.

on top of the derrick, gleefully waving his legs in the air. "About this time Parshall succeeded in attracting the attention of residents of the neighborhood and the air was soon filled with shrieks. Women fainted and strong men turned pale and the joyous painter continued his little aerial stunts, each one which seemed certain to end in death. The police headquarters was notified and the chief, John Bumgarner and a patrolman, John Cordy, hurried to the scene. Neither cordy to mount the derrick and try conclusions with the acrobat.

CIRCUS STUNTS ON AN 80 FOOT OIL DERRICK. An exhibition out of the ordinary in the gymnastic line, as given on top of an 80 foot oil derrick, is described as follows in a recent dispatch from Washington, Pa. to the Philadelphia North American: "Although Frank Parshall, a contracting painter of Washington, has never been a member of any circus troupe, and has never exhibited in public for pay, he certainly qualified this week for an aerial stunt that the biggest circus in the land would

chief invited Parshall to come down and join them. Parshall evidently thought more joyous comrades had arrived and hurried down from the lofty perch. He had scarcely touched the ground when he found himself folded in the arms of the law. With one regretful glance at the derrick top he went to headquarters. Later before Burgess Morgan he had a hearing. He admitted he had been drinking, opined he might have been a trifle disorderly, but stoutly denied the insinuation that he was trying to purloin the oil derrick or frighten any one to death. He promptly paid his fine and promised to stay on the ground for a while."

BEAUTIFY YOUR LAWN. Have Your Lawnmower Sharpened by the Very Latest Method. We have erected in our plant one of the famous "Ideal" Lawnmower Grinders, a machine especially built for the purpose of grinding Lawnmowers, which does the work perfectly. If you will favor us with your patronage, we guarantee to give you back the Mower in better condition than the day you bought it. It will be sharp, and stay sharp longer than the old style way, which is often done by inexperienced workmen with a file or emery dust. Next time your Mower needs sharpening bring it in, or notify us, and we will make it cut so nicely that it will surprise you. YOUR MONEY BACK IF NOT SATISFACTORY. D. W. JAMES, 807 Ninth Street, Phone 1942

HUERTA'S FLIGHT

will please many dis-satisfied people. Our new modern warehouse will please you if you want to leave for the summer and leave the care of your goods to us. We invite every Lady and Gentleman in Wichita Falls to call and let us show you our warehouse and will give to our visitors a souvenir.

We make—A specialty of Baggage business DAY and NIGHT and give you claim checks at your door so when you reach the station you can locate your baggage without any trouble.

We Will Be Glad—To show everybody through our warehouse at any time. Kindly call around and let us show you our quarters.

We keep two telephones for your convenience, so when you call us over No. 444, and the operator says "the line is busy" you can ask her for No. 14 and not be delayed in giving us your order.

It is the desire of the Management to give value received on every order given us and also give you satisfaction and at any time there is any order not perfectly satisfactory kindly call our attention to the same at once.

Our Office Hours Are "ALWAYS"

Our Telephones Are Nos. 444 and 14. Our Office Is 707 6th St.

OUR WAGONS WILL ALWAYS BE REACHED AT OUR OFFICE OVER THE PHONES AND WILL NEVER BE FOUND STANDING ON THE STREET CORNERS

Your future business will be greatly appreciated and we wish to thank all our customers for their past business

McFALL TRANSFER & STORAGE COMPANY

At The Churches

First Methodist Episcopal Church (Seventh and Lamar)

All regular services as usual. Sunday school at 9:45. Well organized classes for all ages. Baraca class meets in basement from street entrance. Young men especially invited to this class. Epworth League at 7:30. We are having a fine attendance and interesting services. Young people welcome. Preaching at 11 and 8:30. The pastor is seeking to present helpful themes and invites the general public. Prayer meeting Wednesday evening. You will find a cordial welcome to all these services. Services at Paul's Memorial Chapel at 2:30 and 8:30 Sunday and 8:30 Thursday evenings. Rev. Simpson preaches each Sunday evening.

First Evangelical Church (Corner Fifteenth and Broad)

Sunday school in both languages at 10 a. m. German preaching service at 11 a. m. English service at 8:15 p. m. Y. P. A. meeting at 7:30 p. m. Choir practice on Wednesday at 8 p. m. The Royal Ambassador Literary Society meets every Friday night at 8 o'clock. All are cordially invited to attend these services.

C. ERMEL, Pastor.

First M. E. Church, South (Corner Tenth and Lamar)

Sunday school opens at 9:30 a. m., preaching at 11 a. m. by the pastor. The Epworth League meets at 7:30 p. Preaching at 8:30 p. m. by the pastor. Prayer meeting every Wednesday evening at 8:30. No chromos; no fads; "Old time religion is good enough for us."

J. W. HILL, Pastor.

Lutheran Trinity Church (Fourteenth and Bluff)

German services at 10 a. m. Sunday school at 11:30 a. m. A cordial invitation to all.

F. A. BRACHER, Pastor.

First Presbyterian Church (Corner Tenth and Bluff)

Rev. H. M. Frank will preach at this church at 11 a. m. and 8:30 p. m. Sunday. Sunday school and other services at the usual hours.

Christian Science

Services are held in the church edifice, corner Ninth and Lamar as follows: Lesson sermon: Subject, "Life." Sunday school 9:45. Testimonial meetings Wednesday at 8 p. m. The reading room at the same address is open daily except Sunday and holidays from 2 to 5 p. m. The public is cordially invited to attend the services and visit the reading room.

Fourth Street Baptist Church.

There will be usual services at the Fourth Street Baptist church with exception of preaching at night. Services will be held under tent at corner of Fourth and Alamo street at night, Rev. A. C. Anderson preaching. Sunday school at Walnut Street Mission at 3 p. m.

T. E. CANNEDY, Pastor.

Keen Interest In Attempt To Fly Across Atlantic

Facts About the America Weight—empty, 3,500 pounds. Weight with gasoline and supplies for proposed transatlantic trip, 5,000 pounds.

Wing spread: (upper) 76 feet; (lower) 46 feet. Wing width 7 feet. Body 32 feet long and 4 feet beam. Color: Bright red. Wings covered with silk. Body cedar, covered with canvas.

Fuel supply: 300 gallons in 6 tanks. Windmill pump supplies feed tank.

Engines: Two 90-horse power. Eight cylinders each, "O. X." type. Two propellers, either sufficient to drive the boat alone.

Prizes: \$50,000 from Lord Northcliffe and \$50,000 from Mrs. Victoria Woodhull Martin.

Distances: From Newfoundland to the Azores about 1,200 miles, from the Azores to Vigo, Spain, about 960 miles; from Vigo to Plymouth, 523 miles.

Probably not since Noah looked from the windows of the Ark for a dove winging over the waste of water with a green branch in its bill has there been such intense interest concentrated on a pigeon as will be shown within a few weeks in a certain flock which will come one by one from the broad Atlantic to the eastern shores of North America. These sturdy, feathered messengers will bring word of the progress of the first attempt to drive an aeroplane across the ocean, a feat considered in a class with those of the magic carpet of Bagdad of ten years ago.

Wireless equipment was found too heavy for the America, so Lieutenant John Cyril Porte, R. N., will take with him several carrier pigeons which have been used to carry messages between hotels in Philadelphia and New York City. He will liberate these at different stages of his journey and the birds will each carry a quill full of news to Redman Wanamaker, the owner of the America, in New York.

Not Strong Against It As the hour when the America is to leave St. John's, Newfoundland, draws nearer, the odds against the success of the America's flight on the great insurance exchange of Lloyd's in London grow less and less. Those who have taken a stand against the flying boat's reaching her destination are hastening to re-insure at a higher rate.

Glenn H. Curtiss, who built the America at his work in Hammondsport, N. Y., says it is possible and even probable that the America can fly across the Atlantic and he is a conservative man, especially in making predictions about things in which he has such a personal interest as this. "If a flying boat gets off the water at all she will fly indefinitely or as long as the gasoline lasts," he said a few days ago. "We know that this boat is strong enough, we know she will carry gasoline for more than thirty hours. Lieutenant Porte has estimated that he can fly the longest

leg of the journey in twenty hours, so we are on the safe side there.

"Barring accidents, they will make the trip safely in the required time. The greatest danger is a gale."

Lieutenant Porte intends to divide the flight into three legs. The first of them about 1,200 miles, will carry him from Newfoundland to the Azores. In the Azores or Western Islands he has three oil and gas line stations—at Flores, Horta, on the island of Fayal, and Ponta Delgada. If forced to come down at either of the first named he will take aboard necessary supplies and fly to Ponta Delgada, where John Lansing Callan will meet the America with a tug, plenty of oil and fuel, extra parts and all facilities for repairs. Here, too, Callan may take the place of George E. A. Hallett as Lieut. Porte's companion in the America.

From the Azores to Vigo, Spain, is about 960 miles. Here the Aero Club of Portugal and Spain will cooperate in expediting the flight. The last leg is about 525 miles from Vigo to Plymouth, England. Bucking into headwinds, this may prove the most difficult part of the journey.

Who Porte Is

Lieutenant Porte is an Irishman, 31 years old, 6 feet tall and 167 pounds in weight. He was thirteen years in the British navy and several years in the submarine service, where ill health finally forced him to get out in the open air. He took up flying and laid the scheme of crossing the Atlantic before Mr. Wanamaker, Geo. E. A. Hallett, who accompanies him, has been the private flying expert of Harold F. McCormick of Chicago, John D. Rockefeller's son-in-law. He is a loose-boned youth of 24, from Southern California. Neither he nor Lieut. Porte is married.

The cabin is fitted with instruments for registering the propeller revolutions, the height, the direction and several other things. The question of reckoning is one of the most serious with which the aviators have to contend. The compasses are specially designed for use in a flying boat. No iron or steel is used in the interior cabin fittings, so as not to affect the magnetic needle. The control wires are bronze.

The start may be delayed until August 5, when there is a full moon, or it may be earlier. The weather bureau at Washington will give special care to letting Lieut. Porte know when conditions over the ocean are especially favorable. It was originally planned to start at midnight, but now Lieutenant Porte figures leaving at dawn. This is because government pilot charts indicate that on 60 to 65 per cent of the days at this season the ocean for many miles around Newfoundland is enveloped in a thick fog. It will take six hours to fly beyond the fog area and Lieutenant Porte wishes to do this by daylight. The flying boat's trip is laid be-

tween two English ports and it is captained by a British subject. But she will fly the flag of the United States and the pennant of the Aero Club of America. This is because she is an American boat, built in this country and owned by Mr. Wanamaker, who is an American citizen and a member of the Aero Club of America.

SEVENTY-FIVE CARS OF WHEAT SHIPPED FROM ELECTRA

(Electra News) It has been given out by the elevators here that up to Tuesday night there had been between seventy-five and eighty carloads of wheat shipped from here, which is largely in excess

of last year's shipments up to this time. There was only a little over 100 cars all told shipped last year. It is estimated that about fifty per cent of the crop has been threshed, and possibly about thirty-five per cent has been marketed. Wheat is selling at seventy-five cents per bushel and many of the farmers are holding their grain for a better price.

Frank Byers, the accommodating and pleasant new manager of the Denver Hotel, made a flying business trip to Wichita Falls this morning. Mr. Byers and his estimable wife are a welcome addition to the citizenship of Electra; and by their close attention to the business and untiring ef-

forts to please patrons they are rapidly placing the Denver in the list of the best hotels on the Fort Worth & Denver. Mr. Byers is widely known to the traveling men who make this territory and his determination to make the Denver one of the cleanest and most respected hotels of the road meets the approval of the traveling public as well as the citizens of Electra.—Electra News.

Raise Fourteen Orphans.

Mineral Wells, Texas, July 18.—The unique distinction of having reared fourteen orphans, all of whom are alive and in good circumstances, belongs to Mr. and Mrs. T. D. Stuart of this county. The couple had no chil-

dren of their own and being in a position to make unfortunates comfortable, decided to do so. They have been married twenty-nine years.

UNCLE SAMUEL DISTRIBUTES FISHES.

San Marcos, Texas, July 18.—Uncle Sam distributed more than four billion fishes among the different lakes and streams of the United States last year, according to a statement issued today by the Commissioner of Fisheries. Every state in the Union received a part of the stock, which consisted of black bass, crappie, sunfishes, catfishes and other desirable species, and Texas secured her share.

See our New Policies Before you Buy

THEY ARE ALL "SELF STARTERS"

- We loan you money on them for half the bankable rate.
- If you die of accidental means WE PAY YOU DOUBLE the amount of your policy.
- If you become unable to work from any cause, you do not have to pay any more. The policy is paid up and you may begin drawing it out immediately, without any further payments on your part.
- The amount of your policy may be paid to your beneficiary in a lump sum or in as many monthly or annual installments as you like.
- With the special features above referred to included, our policies are cheaper than those of most old line companies, which do not give you the benefit of these special features.
- Besides we are your Home Company. We loan our money to those with whom we do business.
- Ask our agents to show you our new special policy.
- We have more assets in proportion to our liabilities than many of the older companies.
- The laws of Texas guarantee your policy to be paid promptly if you die.
- All we ask is an opportunity to convince you.

At The Theaters

MAURICE COSTELLO FEATURED MONDAY AT THE MAJESTIC.

Tomorrow Maurice Costello will be featured in a one-reel Vitagraph drama "The Sentimental Burglar."

Thinking to retrieve his fortunes, Lord Goring, an impoverished peer, plans to marry his only daughter, Ethel, to the Duke of Allerton, a wealthy but dissipated sensualist.

Pursey is ordered to South Africa with his regiment, and pleads for a chance to say farewell to Ethel. She promises to see him that night and permits him by the garden window.

"PERILS OF PAULINE" AT THE EMPRESS WEDNESDAY. There is one thing which one enjoys about these "Perils of Pauline" pictures. They are getting better and more interesting with every episode.

Hero, heroine, and villain, seem to grow fonder of their parts with every new adventure and certainly manage to not only sustain but to stimulate the interest of the spectator.

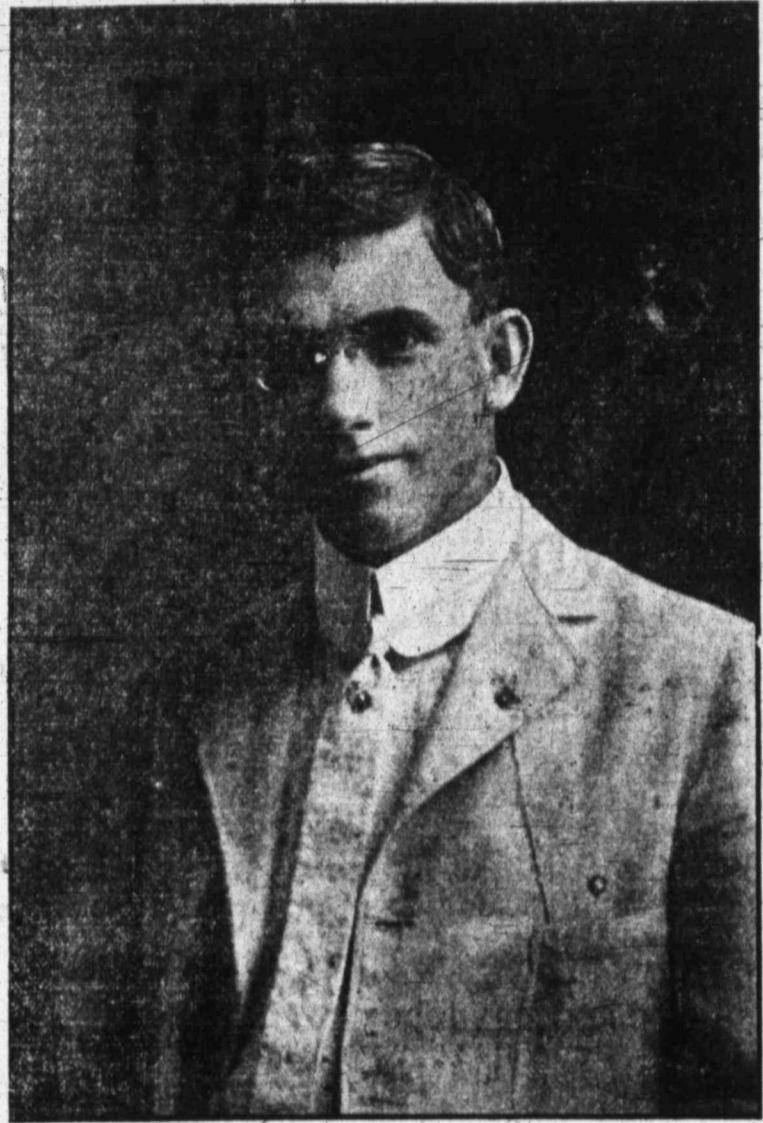

The story of these two reels is as follows: Satisfied that their plan to cause the disappearance of Pauline would this time be successful, Hicks and his hired assassins ride away.

One of the Indians chases a coyote over the hills and is very much surprised to see Pauline rise in front of him, apparently from the solid ground.

GOOD PROGRAM OF UNUSUAL INTEREST AT GEM MONDAY. Monday the Gem will show a two-reel Kaleid, featuring Guy Coombs and Alice Nilsson.

DE-RAILING DEVICES FOR STREET CAR COMPANIES. By Associated Press. Austin, Texas, July 18.—Prosecutions are to be instituted by the Texas Labor Commission against street car companies and interurban lines that have failed to comply with the law requiring such corporations to install on their tracks switch de-railing devices.

"MILLION DOLLAR MYSTERY" TO SHOW AT VICTORIA MONDAY. The third installment of the "Million Dollar Mystery" will be shown tomorrow at the Victoria.

CHAS. R. FULLER

Who is making the race for County Clerk of this county, is a young man 26 years old, in the prime of life, and a man who has been working himself up the ladder, starting at the very bottom round.

8,000 WEDDING GUESTS FEAST FOR EIGHT DAYS

Invitations To All Orthodox Jews in Russia, Poland, Rumania, Galicia and Hungary. Vienna, July 18.—A wedding whose guests numbered over 8,000 persons and whose feasting continued for eight days was celebrated recently at Sadagora in Bukovina.

The affair at Sadagora exceeded in magnificence and lavish hospitality any function on record in that district, however. It was a Hebrew wedding. Sadagora enjoys a certain fame in Eastern Europe as the seat of the renowned Rabbinical dynasty known as the Miracle Rabbis.

Weekly Review Of Northwest Texas Oil Operations

W. W. Whitney, correspondent here for the Oil and Gas Journal, under date of July 12, gives the following review of Northwest Texas oil operations:

"The production of the Texas Panhandle field is decreasing noticeably, it now being only about 22,000 barrels a day, as compared with 31,000 barrels a year ago. The Electra pool, which is the main spring of the oil-producing section of this part of Texas, has not of late shown any particular strikes of importance. Since the attention of the operators was shifted from Electra to Petrolia, some months back, and on top of that the decline in the price of oil caused a further curtailment in development, Electra has suffered considerably. To a large extent the quietude of the proven territory is due to the large number of wildcat tests that are now under way. These are probably 50 wildcat wells drilling at various points from Amarillo, in the Texas Panhandle, to Beaumont, on the Gulf Coast. Work in the Archer county development near Olney in Young county, by S. M. J. Benson and others, is now under way and will be watched with considerable interest by the fraternity in general.

"In Haskell county the Stamford Oil and Gas company is shut down at 2,020 feet on the Bunkley tract, which is located 17 miles northeast of the town of Stamford, and the Jones County Oil and Gas company is fishing at 1,920 feet on the Colbert ranch.

"In Knox county J. T. Wilke and others have at last been successful in sidetracking a string of tools in their test on the Coffman ranch, located one mile west of the railroad station at Goree, and work is progressing rapidly.

Electra Pool.

"There are 25 rigs at work in the Electra pool. All but one or two are being operated by the larger companies, and, as a rule, are manned by old employees. On account of the individual operator not being very active at the present time, there are a good number of men idle and inquiry among some of the best known of the drillers and 'toolies' elicits that statement that work is scarce in their line. Electra closed a very quiet and uneventful week, there having been only 120 barrels of new production added, with two dry holes. The reason for the big slack-up in development work is mainly attributed to the fact that available drilling territory is getting rather scarce, which means that other sections will have to be prospected in order to keep up the production, as well as the activity. The territory in the Electra pool is such that a number of wells can be drilled on a very small area, principally because of the number of different pay sands found in this development. For that reason the larger companies have not lost faith in this locality. The best well of the past week was the Corsicana Petroleum company's No. 65 on the Allen farm which struck the top of the pay sand at 1,905 feet and was drilled 15 feet into the pay, where it responded by flowing at a rate of 76 barrels the first 24 hours. No. 67 is showing for a five-barrel pumper at a depth of 398 feet with 17 feet of pay, or a total depth of 415 feet. The Producers' Oil company drilled in and completed its No. 67 on the Waggoner ranch and it is a 50-barrel producer. The top of the sand in this test was struck at 1,823 feet and the bottom at 1,860 feet. The Five Rivers Oil company completed its seventh test on the Marriott tract as dry at 1,200 feet, as did the Derring & Son at 1,475 feet in its No. 1 on the Attingham tract.

The Producers Oil company's well on the Smith farm, in Wilbarger county, is drilling ahead at 2,850 feet. Both of these tests are important as to location and although they are drilling below the sands found in the Electra pool, there is still some hope of bringing

them in paying producers. The same company has made a new location on the Bickley farm and material is being put on the grounds for a derrick. Waggoner No. 73 is down 1,837 feet with a slight showing of oil, but will be drilled deeper.

Fowlkes Pool.

"Probably there is no section of the Texas Panhandle field in which there is as much activity as is shown in the shallow-sand development at Fowlkes station, although the completions of the last two weeks have not been particularly encouraging, as a number of holes have been abandoned as dry. Owing to the large scope of territory that is being prospected at or near Fowlkes it is not unreasonable to think that something good is likely to be found in that locality. The present producing area of the Fowlkes pool covers about nine square miles, and the present production is supposed to be about 350 barrels daily. These wells make a good initial showing, quickly decline in production, but when once settled they hold up remarkably well. Several holes that have been drilled to the deeper formations lead the operators to believe that a deep pay underlies the territory now being prospected. The ultimate fate of the Straus and Allen well is still a conjecture. The owners are attempting to get control of the salt water, having tubed the well with three-inch pipe. The good showing of high-gravity oil and gas makes it appear as though the formation is drawing its supply from a pool of extended area and in consequence the operators feel justified in making a thorough test. With the exception of four dry holes in the Fowlkes pool, the situation remains about the same. The second test of Straus and others on the Waggoner ranch, located one-half mile east of the Allen well, is below the sand found in the initial well and has been abandoned as dry at 1,525 feet. Considerable was expected of this test, as No. 1 on the farm is still a fair pumper. The Wichita Oil company drew a blank at 500 feet in a test on the Williams farm, as did D. F. Harris and others at 800 feet on the Jennings farm here. Tipton, Clifford & Morrow have abandoned their third test on the Duke farm as dry at 815 feet.

Straus & Co. have made a new location, midway between the deep test of Allen & Co. and the shallow test made by the Beaver Creek Oil company some time ago. The hole will be started with a drilling machine and will be contracted by Blackie Call. The Henson well on the Tenderfoot Oil company is drilling ahead at 1,130 feet and is located one-half mile southwest of the Allen test. The Beesie Lee Oil company is testing an oil sand at 907 feet on the Fisher lease, and the China Creek Oil company is rigging up for a third test on the Duke farm. J. L. Powell is drilling at 200 feet in his second test on fee and the Thompson Oil company is down 200 feet in a test on the Williams farm. The Big Springs Oil company is shut down at 760 feet on the Fisher lease, as is Hines and others at 860 feet in a test on fee. The Big Springs Oil and Gas company has the derrick built for a third test on the Burnett ranch and the Owens Oil company has made a location on the Rodgers farm, which will be its No. 5.

Burkburnett Pool.

"The Burkburnett pool is by no means a dry one, as results of the past week have proven it to be one of the reliable areas of the Texas Panhandle field. The J. M. Guffey Petroleum company completed No. 2 on the Thom farm, an offset to the Shinarro No. 1 of the Corsicana Petroleum company, and its initial flow was in excess of 85 barrels. The top of the pay was struck at 1,704 feet and it was drilled but seven feet into the pay, making

the completed depth 1,711. The same company drilled No. 1, same lease, about one-half mile east of No. 2, about four weeks ago, and it came in about the same size as No. 2. The Corsicana Petroleum company completed No. 4 on the Golsa farm and it is a 30-barrel producer. The top of the sand was struck at 1,806 feet and drilling ceased at 1,822 feet. No. 8 on the Sands farm was completed and shot at a depth of 1,821 feet, but its production did not amount to more than five barrels. The Pure Oil company drilled in and shot its test on the Thom farm at a depth of 1,497 feet, but it proved barren of oil or gas and soon was abandoned.

"A number of wells in the Burkburnett pool are nearing interesting depths and inside of a week or ten days a number of them should be in the completed list, barring accidents. The Corsicana Petroleum company is drilling at 1,100 feet in No. 9 Embury and at 800 feet on No. E Golsa; No. 5 Horlocker, 1,550 feet; No. 6, 1,600 feet; No. 1 Martin, 1,450 feet; No. 2, 1,335 feet; No. 15 Rely, 400 feet; No. 13, Schmoker, 1,275 feet. Woods and others are drilling at 1,050 feet on No. 3 Thom and the Red River Oil company is making a hole at 200 feet on its No. 5, Hiserman farm.

Iowa Park and Petrolia.

"Operations in the Iowa Park development are not out of the ordinary. Harry Warner and others' No. 1 on the Blagg farm has been put on the pump and is making 12 barrels a day. This well is located about half way between the Lockridge pool and the town of Iowa Park. The top of the pay sand was struck at 818 feet with 12 feet of pay. Near Harry Warner's test Dr. Griffith and others are still at work on No. 1 Zink. They have been much delayed on account of casing trouble, but report that they have finally been successful in getting the hole back into shape to drill ahead, and, as they are now more than 800 feet deep, they should know the outcome soon. Jameson and others on the Passett ranch located 2,000 feet east of the Mitchell well and six miles southwest of Iowa Park, are shut down at 620 feet. Burt & Griffith are drilling at 2,400 feet in a test on the Mills farm, and, although their contract only calls for a 2,500-foot hole, they will drill 3,00 feet, if necessary.

"The Petrolia pool, in Clay county, is lagging to a great extent and no completions have been reported for some time. A number of important wells drilling in advance of the proven areas are below the pay sand found in the wells completed in this section and completions as paying ventures are doubtful at this time. The test drilling on the Chorn farm is down 1,800 feet and probably will be abandoned before many weeks. It is located four miles northwest of the pool and is being put down by the Missouri Oil and Gas company. Hammond and others, drilling on the Holmes tract, have a bad fishing job at a depth of 1,730 feet, being dropped a string of pipe. The only unusual occurrence of the week was the heavy storms, which caused a great deal of damage through the oil fields. Lightning struck the Patterson well and burned up the rig, causing a loss of several hundred dollars. It will be remembered that the same well was recently sold for \$17,000."

JAPANESE SCIENTIST TO HONOR ALAMO HERO

On Visit To America Prof. Shigo Erect Memorial To Honor of His Boyhood

Tokio, July 18.—Professor Shigo, an eminent geographer, traveler and author who will go to the United States this fall to address the American Historical Society at Washington, D. C., will fulfill during his visit a long cherished desire to erect a memorial at San Antonio, Texas, on the grave of the famous Bonham, whose defense of the Alamo is one of the landmarks of American history.

Dr. Shigo's admiration of Bonham is an old story. In his youth the Professor had two enthusiasms, one for the romantic record of ancient Japan, and the other for the story of the United States as told by Quackenbos to successive generations of school-boys. The famous defense of the Texans fired his imagination and when he discovered in Japanese history an almost exact parallel in the battle of Narashino during the Tokugawa Shogunate the ambition grew that some day he might find a way of commemorating publicly the greatness of administration which the story of the Alamo had awakened in a Japanese schoolboy.

His scientific visit to America offers the desired opportunity. Dr. Shigo will take with him two blocks of stone from the battlefield of Narashino. A Chinese poem which he has composed in honor of Bonham's defense will be carved on one of the stones, which will both be erected over Bonham's grave.

Dr. Shigo has written to the mayor of San Antonio, asking if the city will accept this memorial.

Encourage Spooning Build Lover's Lanes Urges Doctor Hunter

Denver, July 18.—"Spoonings are no crime. It should be encouraged. The city should provide long shady lanes and benches for lovers. John J. Alexander of Chicago doesn't know what he is talking about."

Thus valiantly does Dr. Paul S. Hunter of the state board of health come to the defense of the love smitten. He denies every allegation that Alexander made when he addressed 500 young women recently at an international Sunday school conference and said spooning is degrading. He said girls should not allow it. Dr. Hunter proves his contention by quoting Shakespeare.

"The bard of Avon says that all the world loves a lover and it is equally true that all the world loves a spooner—especially women. Spooning is a natural recreation.

"No man, especially one in the vigor of adolescence, refuses to spoon. If a married man does not spoon with his wife, he is busy spooning with some other woman. Cessation of spooning is the sure mark of the beginning of the end of matrimonial felicity.

"Spoonings is the hand maid of matrimony and marriages produced by contracts are prosaic and do not 'take' as often as those produced by spooning. Love making and spooning are the themes upon which the greatest poets revelled. Had Shakespeare written only the balcony scene in Romeo and Juliet would have made him immortal. I have just completed a study of that play, the greatest spooning drama ever written by man and acknowledged by critics to be one of his finest productions.

"Any man who reads the balcony scene from Romeo and Juliet and is not carried away by the sentiment has something wrong with him both mentally and physically. It is believed that instead of trying to stop spooning it should be encouraged by all who have the public interest at heart. The city should furnish long shady lanes for lovers and benches in the parks where young people can spoon to their heart's desire.

"Women by their nature demand spooning. She is made to love and be loved and if her lover is lukewarm she is not satisfied."

Obituary.

William H. Watson, aged thirty-eight, passed away Friday morning at the Wichita Sanitarium, after an illness of four days. Deceased was born in Croxone, county, Texas, the family moving to Wichita when he was but a small boy. He had resided in Wichita Falls for about a year, and had been a member of the First Baptist church of Goldthwaite for more than twenty years. Burial will be at Greenville, Texas, where the deceased and family resided for several years. A widow and one son, nine years of age, a mother, sister and brother, residing at Goldthwaite, and two brothers in Arizona, H. M. Watson, cashier for the Buckeye National bank and Frank Watson, editor of the Copper Era of Mericini, to mourn his loss; also a host of friends and acquaintances who extend condolence to the bereaved family.

EXCELLENT TARPON FISHING AT PANAMA.

Panama, July 18.—Tarpon fishing has become one of the chief sports of the isthmus. It has been discovered that many large fish come up the Clarges river from salt water to feed on the small fish that come through the spillway from Gatun lake.

On several occasions recently tarpon from three to four feet long have been captured just below the end of the spillway.

The Clarges river, just below the spillway and down to the Caribbean, is very deep and has very little undercurrent. Gatun lake is the breeding ground for many fish and these flow over the spillway dam with the huge volume of water when the gates are opened.

How would you like to be drawing \$85.00 to \$150.00 a month for short, pleasant hours—with an unlimited chance for advancement?

Such jobs are at the expert telegrapher's command. Big pay because there is a great lack of men who have the ability and reliability to fill the places.

Eight hours is an operator's day, because it is an organized profession.

T. A. Edison is a graduate of the clicking key; most eminent financiers are; the dot and dash school, in cold truth, comes nearer to being the paved street to success than any other one thing listed.

The operator daily drips good big business and bad big business from his finger tips—and soon learns both, which is the formula for Rockefeller's millions.

Save Money Now

Because the present low price of \$25.00 cash—\$30.00 in monthly payments—is going to be advanced to \$35.00 within the next month.

We have an expert, practical instructor; the main line wire from the Katy Railroad runs through the school—and we are giving as good a course as any school in the United States.

TIME.

At the most it only takes from three to five months to learn telegraphy; at the very least, a student gets \$55 a month with advancement only a block ahead.

And it doesn't take special talent—only plain, ordinary sense required.

The job is sure, for the Katy has agreed to give all our competent students a chance.

Those who refuse this course are as good as refusing a big paying job for life.

Where Women and Style get Acquainted

MAKES BACKACHE QUICKLY DISAPPEAR

A Few Doses Relieves All Such Miseries. Bladder Weakness, Kidney Trouble and Rheumatism Promptly Vanish

It is no longer necessary for any one to suffer with backaching, kidney trouble, have disagreeable bladder and urinary disorders to contend with, or be tortured with rheumatism, stiff joints, and its heart-wrenching pains, for the new discovery, Croxone, quickly and surely relieves all such troubles.

Croxone is the most wonderful remedy yet devised for ridding the system of uric acid and driving out all the poisonous impurities which cause such troubles. It is entirely different from all other remedies. It is not like anything else ever used for the purpose. It acts on the principle of cleaning out the poisons and removing the cause.

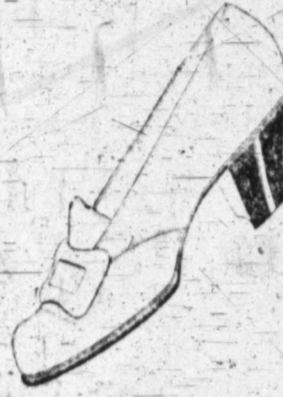

It soaks right in through the walls, membranes and linings, like water in a sponge, neutralizes, dissolves, and makes the kidneys sift out and filter away, all the uric acid and poisons from the blood, and leaves the kidneys and urinary organs clean, strong, healthy and well.

It matters not how long you have suffered, how old you are, or what you have used, the very principle of Croxone is such, that it is practically impossible to take it into the human system without results. It does nothing else on earth like it. It starts to work the minute you take it and relieves you the first time you use it.

If you suffer with pains in your back and sides, or have any signs of kidney, bladder troubles, or rheumatism, such as puffy swellings under the eyes or in the feet and ankles, if you are nervous, tired, and run down, or bothered with urinary disorders, Croxone will quickly relieve you of your misery. You can secure an original package of Croxone at a slight cost from any first-class druggist. All druggists are authorized to personally return the purchase price if it fails in a single case.

Ladies' and Misses' Pumps and Oxfords At Specially Marked Low Prices

In a general offer of extremely low prices we have placed our entire line of Ladies' and Misses Summer Pumps and Oxfords, including our famous John Kelly and John J. Lattiman makes, and embracing every new shape and style. It is something extraordinary for us to cut the price on these well established lines. They are without doubt the finest shoes made today and are worth 100 cents on the dollar. But we must make room for fall goods. Our big stock and cramped quarters makes that necessary, and to make them not only better, but cheaper than any other shoes in the city, we have cut the prices.

\$2.50 and \$3.00 grades are now

\$2.20

We can fit you in any size or any style you wish.

\$3.50 and \$4.00 grades are now

\$2.95

In all leathers and either button or lace oxfords or pumps.

\$4.50 and \$5.00 grades are now

\$3.75

These are the finest shoes for ladies in America.

Our stock is so complete that you can find just the shoe you wish—in any leather, color, style or shape, and we can fit you in any size from AA to E. These special low prices are for this week only. You do not need cash if you have an account with us. We especially want our own customers to have the advantage of this extraordinary offer.

STRIKING NEW PICTURE OF CARDINAL GIBBONS, EIGHTY YEARS OLD JULY 23

Cardinal GIBBONS
PHOTO © 1914 BY AMERICAN PRESS ASSOCIATION

Baltimore, July 18.—Cardinal Gibbons, who has just returned from his visit to Rome, will be eighty years old on July 23. He looks well and strong for his age. The accompanying picture was taken as he stood in his rooms on the liner looking out of the window as the ship entered New York harbor. "I attended the consistory in Rome, where twenty-seven new cardinals were created," he said. "From there I went to Lake Geneva and spent a few days with my friend, Frank Jenkins of Baltimore. At his chateau I met the queen of Belgium, and later, when in Brussels, I accepted the invitation of the king to visit the palace. From Belgium I went to Wexford, Ireland. The people there seem more prosperous and contented than ever before." Cardinal Gibbons is archbishop

of Baltimore will receive \$282,055.88 under the will of the late Eliza Andrews, a wealthy Catholic, whose administration account has just been passed by the orphans' court.

NOTICE OF PRECINCT MASS CONVENTIONS.

Notice is hereby given to the Democratic voters of Wichita county that in each voting precinct in the county precinct mass conventions will be held at 2 p. m. Saturday, July 25, for the purpose of selecting delegates to the county convention to be held in Wichita Falls Saturday, August 1, at 2 p. m. A. H. BRITAIN, Chairman, Wichita County Democratic Committee. 57 6t p

WILL RAISE MONEY FOR SURVEYS THIS WEEK

Wichita Falls Will Be Called Upon To Raise Pro Rata Interurban Survey

Steps will probably be taken here within the next few days to raise Wichita Falls' share of the fund for the Wichita Falls-Dallas Interurban survey. Just what amount this city will be called upon to put up at the start is not known; Dallas raised \$3,000 as a starter, but the business men of that city will no doubt be called upon to give a larger sum, especially if four separate surveys are required.

Selection of an engineer to make the survey was to have been made at Dallas last week, but if any action was taken no notification has been received by the local committee. A number of towns along the line have raised their parts of the survey fund and at the present rate it will not be long before sufficient money is on hand to permit this preliminary work to go ahead.

It is understood that the first survey will be along the Grapevine-Denton-Bowie route and that the latter surveys will be made with this line as a basis.

ENGLISH WOMEN GENEROUS PATRONS OF MANLY ART

By Associated Press. 18.—The boxing boom that London is experiencing has extended to women. Heretofore it has been a very rare sight to see a woman at any of the well known boxing resorts but this season many women booked seats for the big fights. The fashion comes from Paris, where, since the advent of Carpentier, women have been generous patrons of the manly art. The promoters of the Wells-Bell fight said half his best seats were booked by women. "It would not be fair to mention names," he said, "but the ladies are not only in society, but bear some of the best known names in the land. In the lower priced seats there will also be many women to watch the contest. Among these are the athletic girl, the club girl and the bachelor girl. They come up to the office quite boldly and ask for tickets for the fight, and make many inquiries about the position of the ring and whether they will be able to see all that goes on."

Establish new precedents. Some women have been dissatisfied with the accommodation afforded in the Upper Chamber and the Lords have set about remedying this. An order has just been issued instructing the gentlemen usher of the Black Rod to make special use of the box be-

low the bar, customarily occupied by him for the purpose of providing accommodations during the debates for certain ladies, who, though not peers, are considered to have claims to attend the sittings of the House. It is not disclosed who the favored

WOMAN'S SUFFRAGE THEN AND NOW

Sixty-six years ago today the world's first Women's Rights Convention was held. The scene was the Methodist church at Seneca Falls, N. Y., and the prime movers were Elizabeth Cady Stanton and Lucretia Mott. The little country church was crowded to the doors during the two days of the convention. Some of the country's most notable men were present and cheered when the "Declaration of Woman's Rights," drawn up along the lines of the Declaration of Independence of the American colonies was promulgated. The document set forth the condition of women at that time. The feminine speakers pointed out that "colleges and high schools are closed to women; man monopolizes the remunerative employments; women are not permitted to speak in public; married women cannot hold property, are not entitled to their own earnings, cannot conduct a business in their names, cannot make a contract, or will or bring suits in court; nor are they considered as competent guardians of their own children and nowhere in the civilized world is woman permitted to have her say in government." The revolt amazed the world and brought ridicule and sarcasm down upon the pioneers.

Today American women theoretically have sufficient votes to decide who shall be the president of the United States. Ten states have granted full suffrage to their 3,500,000 more women and are now debating whether to extend full suffrage. This question will be decided before the next presidential election is held. In several of the states women today are filling important civic and state political offices and are candidates for others. Woman suffrage has become a worldwide movement. The subject of woman suffrage has been presented before every national legislative body in the world, with the single exception of Turkey, during the past two years. The women of twenty-six nations are banded together in an alliance and are struggling for political recognition in their respective countries. In the field of remunerative employments today in the United States there is one woman to every four men engaged in gainful occupations. Five per cent of these women are married and their vocations range from blacksmiths and roof shinglers to bank presidents, architects and lawyers.

PRIMARY BALLOTS HAVE BEEN PRINTED

WILL BE MAILED OUT TO ELECTION MANAGERS SOMETIME MONDAY

ARRANGEMENTS FOR PRIMARY

Election Managers Named And Good Progress Made—Form of the Official Ballot

Good progress is being made with the arrangements for next Saturday's primary. The official ballots which were printed, covered and sealed Saturday will be mailed out to the managers of the election in each precinct Monday by parcel post. There will be about 7,500 of these ballots in all. It is estimated there will be 2,500 votes in the primary. County Chairman Britain in ordering the ballots, first made a liberal estimate of the number of votes in each box and then doubled this number, giving the following as the number of ballots that will be mailed to each election manager:

- Precinct 1, City Hall, 1100.
- Precinct 2, Court House, 1100.
- Precinct 3, Allendale, 80.
- Precinct 4, Cashion, 125.
- Precinct 5, Burk Burnett, 600.
- Precinct 6, Iowa Park, 500.
- Precinct 7, Denny, 80.
- Precinct 8, Beaver Creek, 40.
- Precinct 9, Clara, 150.
- Precinct 10, Electra, 1200.
- Precinct 11, Bridge, 500.
- Precinct 12, Car Barn, 350.
- Precinct 13, Court House, 1100.

Election managers for each voting precinct were named some time ago by the county committee. An election manager was named for each box. This manager will appoint an assistant judge and two clerks. In boxes having more than 100 votes the election managers have been given authority to appoint an additional assistant judge and two additional clerks.

The state election law gives the election boards authority to announce the progress of the count hourly after the polls are closed. Some of the larger boxes may not finish the count Saturday night but it is expected that some of the smaller boxes will be ready to announce the vote within a few hours after the polls close.

The election managers for the various voting boxes follow:

- Precinct 1, City Hall, J. W. Stone
- Precinct 2, Court House, A. E. Myles
- Precinct 3, Allendale, W. H. Gwin
- Precinct 4, Cashion, H. Willis
- Precinct 5, Burk Burnett, Will Daniels
- Precinct 6, Iowa Park, S. R. Menden
- Precinct 7, Denny, J. R. Pace
- Precinct 8, Beaver Creek, S. H. McClary
- Precinct 9, Clara, J. B. Evans
- Precinct 10, Electra, J. H. Marriott
- Precinct 11, Bridge Box, W. O. Lamb
- Precinct 12, Car Barn, J. E. Childers
- Precinct 13, Court House, A. L. Huey

The official ballot will be arranged in the following form with the exception that only the names of candidates for precinct offices will appear on the ballot for the proper precinct. In each voting box, the form that follows, containing the names of candidates in all the precincts:

MASS CONVENTIONS IN PRECINCTS SATURDAY

Delegates From Each Precinct Will Be Chosen For County Convention

While the primaries are being held next Saturday afternoon, Democratic precinct conventions are to meet at each of the voting boxes to elect delegates to the county convention, which will meet the following Saturday, August 1. The precinct conventions are to be held at two o'clock in the afternoon and it is important that all Democrats attend them.

Delegates to the county convention are to be chosen on the basis of one for each twenty-five votes, or major fraction thereof, cast for Colquitt for governor in the November, 1912, election. On this basis there would be forty-nine delegates at the county convention. The county convention will elect as many delegates to the El Paso convention as it chooses, but the delegation will have only four votes in the state convention, one for each 300 votes, or major fraction thereof, cast for governor. Wichita county cast 1187 votes for Colquitt in 1912, and is therefore entitled to four votes. The precincts are entitled to representation to the county convention as follows: City hall, four delegates; court house, eight delegates; Allendale, one delegate; Cashion, one delegate; Burk Burnett, four delegates; Iowa Park, five delegates; Denny, Beaver Creek and Clara, one delegate each; Electra, five delegates; bridge box, two delegates; car barn box, six delegates; box No. 13, ten delegates.

We learn through General Manager H. C. Leete that the building for the Wichita Valley Refining Co., located in north Iowa Park near the Denver tracks, are about finished and that the machinery will arrive one day next week and that everything will be in operation by the middle of August. This is a home institution and promises much for the town.—Iowa Park Herald.

Form Of Ballot For Saturday's Primary

I am a Democrat and pledge myself to support the nominees of this primary.

For the submission by the Thirty-fourth Legislature of the State of Texas of a Constitutional Amendment prohibiting within this State the manufacture, sale, exchange and intra-state shipment of intoxicating liquors except for medicinal and sacramental purposes.

Against the submission by the Thirty-fourth Legislature of the State of Texas of a Constitutional Amendment prohibiting within this State the manufacture, sale, exchange and intra-state shipment of intoxicating liquors except for medicinal and sacramental purposes.

ASHWORTH. For Constable Precinct No. 4: T. F. (Tobe) MORROW. J. N. McMANUS. For Chairman Democratic Executive Committee: T. R. (Dan) BOONE. E. D. DONNELL. For Precinct Chairman:

RIOTOUS SCENES LISBON PARLIAMENT

AFTER FOUR YEARS REPUBLICAN GOVERNMENT NOT YET WORKING SMOOTHLY

ELECTIONS ARE PENDING

Struggle For Power Has Wrought Partisans To High Pitch of Excitement

By Associated Press. Paris, July 18.—Although the Portuguese have had four years' experience with Republican government, recent dispatches from Lisbon have indicated that the legislative machinery is still far from working smoothly. There is hardly a day when there are not riotous scenes in the ancient parliament buildings. The galleries of both houses are filled with armed partisans who applaud, deride, denounce or hiss the utterances of the speakers.

The fact that the presidential and parliamentary elections, the second in the history of the new republic, are pending has lately brought the struggle for power to a high pitch of excitement. The decree of the government fixing the date of elections has not yet been issued, but it is expected that they will be held the latter part of August or early in September. Dr. Manoel Arrage, the first president under the new constitution, cannot be a candidate for re-election. The election of the president is made by the two houses of Parliament.

A Typical Scene. The Democrats, led by Dr. Alfonso Costa, have a majority in the present House of Deputies. A typical scene was witnessed there recently when the revolutionists, whose chief is Dr. Almeida, accused the Democratic ministry of conniving at gross frauds in connection with a concession to Antonio Maria da Silva, formerly minister of public works, to exploit the water power of Rodman falls, which engineers consider adequate to supply power and light to Lisbon and all of its surrounding provinces. Silva is now director of posts and telegraphs and one of the triumvirate ruling the powerful secret society known as the Carbonaria, with its 20,000 members.

The society is a sort of government in the shadow along side the government in the open. Cabinets come and go, while the Carbonaria exists all ways. Only vague rumors of intrigue and conspiracy within the society reach the public, but there are frequent instances of the power the society wields. Debates on the water concession were interrupted by furious cries and disorders in the galleries of the chamber recently. The spectators were all armed with revolvers. When the president of the chamber ordered the police to clear them out, the factionists in the galleries united against the officers and revolvers in hand, massed at each entrance to the house, defying the police to lay hands on any one. As a result of parleys, the police agreed to make no arrests provided the spectators agreed to leave quietly as they did.

In the meantime the deputies were using canes and fists upon one another. Dr. Bernardino Machado, the premier, who is conspicuous for his refinement and culture, ran from a group begging the members in the name of the republic to desist. He, because of his transparent honesty and extraordinary devotion to high principles, is respected by every one and has succeeded this time, as he has done many times before in bringing about temporary calm and reconciliation.

Machado Keeps Hope. Machado, surrounded by politicians of doubtful merit fighting for their own interests, never loses faith in the republic. He declined the premiership because he thought office could be used to placate the ambition of some other leader—but warning groups would rather trust him as their first minister than any one of their opponents.

WORDS FROM HOME. Statements That May Be Investigated. Testimony of Wichita Falls Citizens.

When a Wichita Falls citizen comes to the front, telling his friends and neighbors of his experience, you can rely on his sincerity. The statements of people residing in far away places do not command your confidence. Home endorsement is the kind that backs Doan's Kidney Pills. Such testimony is convincing. Investigation proves it true. Below is a statement of a Wichita Falls resident. No stronger proof of merit can be had.

Mrs. G. A. Swope, carpenter, 612 Burnett Street, Wichita Falls, Texas, says: "I had pains across the small of my back and in my sides and trouble with the kidney-secretions. My ankles became swollen. A few boxes of Doan's Kidney Pills cured me. I seldom have occasion to use a kidney remedy now, but when I do, Doan's Kidney Pills always give fine results."

Price 50c. at all dealers. Don't simply ask for a kidney remedy—get Doan's Pills—the name that Mrs. Swope has. Foster-Milburn Co., Props., Buffalo, N. Y.

TEXAS INCOME TAX-PAYMENTS.

Austin, Texas, July 18.—According to figures recently compiled by Secretary of the Treasury McAdoo, \$326,000 in income taxes has been paid into the National treasury since the enactment of the Income Tax Law. The total for the entire nation is given at \$28,306,000.

A Spectacular Production

MILLER WILL RESIGN FROM SECRETARYSHIP

Has Already Tended Resignation to Directors of Chamber of Commerce

Robert H. Miller, who has been secretary of the Chamber of Commerce for several months past, has tendered his resignation to the directors effective August 1. Mr. Miller is not yet ready to announce his plans after that date.

It is not likely that any successor will be chosen before September and probably not until later than that. The work will be carried on in the meantime by Assistant Secretary John W. Thomas.

Mr. Miller has accomplished a great deal during his incumbency of the secretaryship especially in view of the fact that he was practically untried in the work, having never before been engaged in commercial club duties.

Society Men and High Rents Cause of Race Suicide

Chicago, July 18.—Young Mr. Husband of moderate means who sacrifices his parenthood so that he may live in a flat with a good view of the lake and a southern exposure, or that he may engage in polite revelry, came in for a scolding today by W. Lester Bodine, superintendent of compulsory education, in charge of the city census just completed. Statistics gathered so far, Bodine states, indicate that the fashionable apartment house districts of Chicago, especially along the north shore, are sadly in lack of children.

"In considering the state of affairs which causes a lack of children along the north shore apartment house district," said Bodine, "I believe the society is more to blame than the society woman. Quite often the gay life of young husbands sets a pace that kills the health of fatherhood and children that do come are weaklings. Prosperity to many brings self indulgence. Many prosperous men, you will notice, play with their automobile like the poorer man would play with his baby."

"Another tendency that causes race suicide is the high rent of desirable apartments. A family with an average income desires a good flat. Good flats are expensive. A young couple can often afford a four room abode, which furnishes sleeping space for two. The family is naturally prejudiced in the matter of children under such circumstances and by little the desire for family additions is smothered in the artificial economy of their new lives."
