Latest Figures From Over State Bear Out Saturday Night's Indications

McLEMORE AND CYCLONE DAVIS ARE ELECTED

Will Probably Be Congressmen At Large—Hobby Still Leads For Lieutenant Governor

Figures compiled at noon today from 220 counties show:

Submission—For, 107,589; against, 116,841.
Governor—Ferguson, 197,346; Ball, 161,045.
Lieutenant Governor—Hobby, 135,312; Sturgeon, 124,978.
Treasurer—Edwards, 133,871; Baker, 108,227.
Criminal Appeals Judge—Davidson, 153,614; Faulk, 84,919.
Commissioner of Agriculture—Davis, 124,834; Halbert, 106,219.
Railroad Commissioner—Mayfield, 145,735; Arnold, 76,696.
Controller—Terrell 101,146; Franklin, 70,886.
Congressman-at-Large—McLemore, 62,827; Davis, 56,944; Lane, 53,724; Garrett, 51,200; Kone, 48,184; Lowry, 31,014; Harris, 25,667; O'Donnell, 15,280.

The lead of J. E. Ferguson of Temple for the democratic nomination for governor continues to increase as additional returns come in, and figures compiled at noon today show him ahead by more than 36,000 votes, which leaves little doubt as to his victory. It is predicted that final figures will give him a plurality in excess of 50,000.

The defeat of the submission proposition is also indicated by the latest figures, it now being more than 9000 votes behind with the greater part of the vote accounted for. Late figures have increased the likelihood of the election of William P. Hobby of Beaumont as lieutenant governor, over B. B. Sturgeon of Paris.

In the other state races the results seem to be determined as indicated above.

In the race for congressman-at-large, it appears certain that Jeff McLemore of Houston, newspaper man, political writer and for many years a picturesque figure in Texas politics, will be one of the nominees and at this writing it seems very likely that J. H. (Cyclone) Davis of Sulphur Springs, ex-Populist and an even more picturesque figure than McLemore, will be the other. W. P. Lane is not far behind, however, and may be one of the nominees.

Will Leave Only Local Garrisons in Territory He Dominates. Has Changed Plans

By Associated Press. El Paso, Texas, July 27.—Indications today were that General Villa is preparing to move his entire army toward Mexico City leaving only local garrisons in the territory he dominates. It previously had been understood he would participate in the mobilization about Mexico City with only about 5,000 men.

NEW TRIAL IS ASKED IN CASE OF HANS SCHMIDT

By Associated Press. New York, July 27.—Hans Schmidt, under death sentence for the murder of Anna Amulder, whose body he dismembered and cast into the Hudson River, formally applied for a new trial. In an affidavit filed with the district attorney, Schmidt's counsel asserts the girl was not murdered, but died after an operation and that Schmidt cut up the body to prevent a scandal and to protect the surgeon who performed the operation. Arguments on the application will be heard October 5.

WARBURG WILL ANNOUNCE HIS DECISION TOMORROW

Believed New Yorker Will Consent To Appear Before Senate Committee For Questioning

By Associated Press. Washington, July 27.—President Wilson expects to hear today or tomorrow from Paul M. Warburg whether he will appear before the Senate banking committee to be questioned as to his qualifications for the federal reserve board.

Senator O'Gorman, returning to Washington after several conferences with Mr. Warburg at White Sulphur Springs, Va., expressed the belief today that the New York banker would appear before the committee and that his nomination would be confirmed.

SCHUMANN-HEINK'S HUSBAND WILL APPEAL FROM DECISION

By Associated Press. Chicago, July 27.—Notice was given today by William Rapp Jr., of his intention to take an appeal to the appellate court in the recent divorce granted Madame Ernestine Schumann-Heink. SITUATION IN EUROPE IS MUCH MORE HOPEFUL TODAY

Great Powers Bending Their Efforts To Avoid Threatened Austria-Servian Conflict

PREPARATIONS FOR WAR MADE ON ALL SIDES

Nations Apparently Getting Ready—Conditions Are Reflected In Financial Centers Of World

By Associated Press. London, July 27.—Hope that the efforts of the great powers would avert a general war in Europe seemed brighter today. The representatives here of all the powers met with Sir Edward Grey, the British foreign secretary, to try to bring about mediation in the Servian difficulty.

At the Servian legation here, it was said some improvement had taken place in the situation and that this was due to the influence exercised by Russia. The stock markets of London and Europe still displayed a panicky feeling, although it did not remain as pronounced as on Saturday.

Meanwhile, however, all the nations of Europe are making preparations for war. Even England which is credited with the determination to stand aside unless she should be forced into the conflict, is getting her warships ready. The leaves which are generally granted the cruise after the annual mobilization of the fleet have been cancelled and the vessels are to be kept on a war footing. Premier Asquith and other high officials of the government have cut short their vacations and hurried back to London.

COMPLETE COUNTY RETURNS DO NOT CHANGE RESULTS

Hawkins For Sheriff And Greenwood For Attorney Win By Small Pluralities

SUBMISSION IS DEFEATED BY 104 VOTES

Many New Faces In This County's Official Family As Result Of Saturday's Primary

Submission—Against, 894; for, 790.
Governor—Ferguson, 1412; Ball, 1039; Morris, 13.
Lieutenant Governor (Clara box out)—Hobby, 1413; Sturgeon, 915.
Congressman-at-Large (Clara box out)—Davis, 750; Lowry, 616; O'Donnell, 915.
Civil Appeals (Clara box out)—Buck, 1562; Speer, 867.
Representative—Haney, 1512; Smith, 885.
District Judge—Scurry, 1600; Akin, 846.
County Judge—Harris, 1443; Felder, 1050.
Sheriff—Hawkins, 585; Randolph, 522; Burns, 518; Gwinn, 511; Bains, 210; Humphries, 111.

County Clerk—Kelly, 1038; Walsh, 922; Fuller, 540.
Tax Collector—Bullard, 892; Walkup, 692; Howard, 478; Smoot, 301.
County Attorney—Greenwood, 872; Martin, 828; Blankenship, 821.

A number of new faces will appear in the official family of Wichita County after the November elections, the completed returns from this county bearing out the indicated results as published in the Times Sunday morning. George Hawkins for sheriff and Bruce Greenwood for county attorney, widened their narrow leads and are winners.

A new district judge, county judge, county clerk, sheriff, tax collector and constable result from Saturdays primary, many changes being made.

Although it was thought Sunday that this county had recorded a majority for submission, complete returns show that the proposition was defeated by 104 votes. Ferguson has a majority of 370 in the county and a plurality of 357. Hobby for lieutenant governor also received this county's substantial support and in general Wichita county was in line with the state at large.

In the district offices, it appears that Judge Scurry has been defeated by Joe Akin of Graham for district judge; State Senator W. A. Johnson has probably beaten R. H. Cocke of Collingsworth county; Judge Buck is reported leading Judge Ocie Speer for the court of civil appeals by a safe vote; Congressman Stephens is easily re-elected. For representative E. P. Haney has been elected, as indicated Saturday night, carrying every box in the two counties except three.

The race for sheriff was one of the most interesting in this county and Hawkins, with all returns in, has a plurality of only sixty-one votes over his nearest opponent, Pete Randolph. Ran Gwinn, who was fourth man, was only seventy-four votes behind Hawkins, and eleven votes covered Randolph, Burns and Gwinn.

Harvey Harris' final majority was 393 votes, which was somewhat above expectations.

Complete returns for county attorney give Bruce Greenwood the narrow margin of forty-four votes over Bernard Martin, who was second man, while J. M. Blankenship was only seven votes behind Martin, making it a neck-and-neck affair.

Final figures on the other races make no change in the standing of the various candidates,

Conditions in Europe Are Reflected in Trading and Situation is Considered Grave

By Associated Press. New York, July 27.—The local stock market opened amid a scene of great excitement today. Never Before a Candidate—Is Native Texas, Married and Forty-two Years of Age

James E. Ferguson of Temple, probable choice of the Democracy of Texas for gubernatorial nominee will be the third native Texan to occupy the governor's chair. James S. Hogg and Tom Campbell, the others, Ferguson is forty-two years of age and was born near Balado in Bell county. His father was Rev. James Edward Ferguson, a pioneer Methodist minister of central Texas, having moved to Bell county in early manhood from his native State, Alabama. Young James received what education the Bell county schools of that day afforded and left home when he was sixteen years of age, going to California. He spent two years in the western states during which time he was employed on wheat farms, in camps and orchards, lumber camps and at other things, after the manner of the young wanderer that he was. His adventures included work as a miner in Nevada and Colorado as heliport and waiter in Denver hotels and a brief and unsuccessful experience as a hand on a whaling vessel.

IN THE SPHERE OF WOMANKIND

Grave Love. He's nothing but his violin, I'd nothing but my song. But we were wed when skies were blue. And summer days were long. And when we rested by the hedge, The robins came and told How they had dared to woo and win When early spring was cold.

We sometimes sipped on dewberries, Or slept among the hay, But off the farmers' wives at five Came out to hear us play The rare old tunes—the dear old tunes. We could not starve for long While my man had his violin And I my sweet love song.

The world has eyes gone well with us, Old man, since we were one— Our homeless wandering down the lanes— It long ago was done. But those who wait for gold or gear, For houses and for kine, Till youth's sweet spring grows brown and sore, And love and beauty thine, Will never know the joy of hearts That met without a fear, When you had but your violin, And I a song, my dear.

LITTLE MISS WEEKS' THIRD BIRTHDAY IS HONORED. Mrs. Fred Weeks entertained with a very delightful little folks' party on Thursday afternoon of last week, honoring the third birthday of her daughter, little Miss Katharine Avis Weeks. Numerous outdoor games were engaged in, the grassy lawn being thronged with frolicking children and dancing to the music of a Victrola was also a feature of the afternoon's enjoyment. Ice cream and cake were served late in the afternoon and before the happy party disbanded several pictures were taken of the group to serve as reminders of the happy time. The guests thus observing Miss Katharine Avis' birthday were: Mrs. Weeks, Katharine and Adele Marcus, Elizabeth Carrigan, Retts and Ruth Barnard, Virginia Robertson, Emma Elizabeth and Mildred Miller, Frankie and Ceila Adickes, Lucille Smith, Frances and Jack Cullinan, Mary Frances and Mark Walker Jr., and Thelma Fisher, Mildred Sherrod, Mary Virginia Barton, Elizabeth Greenwood, Frances Penton and Eleanor Adams of Dallas.

CITY SECRETARY MCGARTY WEBS IN EIGHT WORTH. City Secretary Arthur McGarty and Miss Myrtle Lee Dresser, formerly a teacher in the Wichita Falls schools were married in Fort Worth Sunday morning and are now on a short wedding trip to Corpus Christi and other South Texas points. While the wedding is not entirely a surprise there were only a few who knew that it was to take place Sunday. Miss Dresser who has been at Norman, Okla., met Mr. McGarty at Fort Worth Sunday morning. Mr. McGarty leaving here Saturday night with a marriage license. Miss Dresser arrived in Fort Worth at about 7:30 Sunday morning and at 8:30 the marriage ceremony was performed, the couple leaving at once for Corpus Christi. Miss Dresser spent her childhood here, being educated at the Masonic Home in Fort Worth. For the past several years she has been a teacher in the public schools here. Mr. McGarty is serving his second term as city secretary. Both are very popular.

DEFEAT OF JUDGE SCURRY IS INDICATED BY RETURNS

The defeat of Judge Edgar Scurry of this city for district judge is indicated by returns from the four counties of the district which give Judge Joe Akin of Graham a lead of 347 for the office. Boxes still to report including the Denny box in Wichita county, about half of Clay county and several small boxes in Archer county may change the result and there is still a possibility that Judge Scurry has been elected. The returns are received follow: Wichita county (all except Denny box)—Akin 817, Scurry 1,587. Clay county (about half of boxes out)—Akin 796, Scurry 592. Archer county (several small boxes out)—Akin 330, Scurry 295. Young county (all boxes)—Akin 1,308, Scurry 403. Totals—Akin 2,224, Scurry 2,877. Judge Scurry's friends were disappointed that Wichita county did not give him a larger majority, the rural boxes here not doing as much for him as might have been expected. Young county gave Judge Akin a lead of 994 votes. Judge Akin's election, though probable, is not yet conceded and the complete figures may change things.

At The Theaters

The Lamar Airplane. A new bill opens tonight at the Airplane comprised of two very clever vaudeville acts. Altaway and Green put on an interesting novelty comedy sketch and Kingsley and Roberts amuse the audience with variety talking, singing and dancing. The picture program for tonight is unusually good. Florence Lawrence is featured in two parts Universal, "A Singular Cycle" and Bob Leonard and Hazel Buckham have the leads in "The Awakening."

The Gam. "Broncho Billy's Cunning" a Western, featuring G. M. Anderson is shown here today. A detective from the East is sent West to locate a notorious bandit and train robber. In the costume of a Western cowboy, he reaches a small town. He is injured by falling over a precipice and Broncho Billy finds him, carries him to the cabin and nurses him back to health. It is then that Broncho discovers that the detective is looking for him and flies the hammer of the revolver so it will not touch the cap. The detective learns of Broncho's identity and tries to shoot him. The outlaw upbraid the detective for his unappreciative spirit and requests him to the point of a gun to leave. On the same program is "The Fringe of the Glove" a tale of the life of the daring Northwest Mounted police also an Edison, "The Counterfeiter."

The Majestic. The twelfth of the "Adventures of Kathlyn" is showing here today. Also a two part Lubin, "Kiss Me Good Night." Betty, a pretty society girl is in the habit of flirting with young men, becoming engaged to them then suddenly flitting them, stringing the engagement rings on her ribbon as trophies. Bob hears that his brother, Jack is the latest victim. He gains an introduction to her, proposes and is accepted. Soon the engagement is broken and Bob starts his planned revenge. By now he realizes that he really loves her. He goes about his revenge in a really clever manner which will please by reason of its novelty.

The Victoria. "The Million Dollar Mystery," the fourth installment of one of the most interesting serials on the screen, shows here, also "A Tragedy of the Orient," a two reel Broncho telling the pitiful story of the love of a Japanese girl for an American. Like all tragedies of the Orient this one is heart gripping. A Beauty firm featuring Robert Hamon and Mae Marsh complete today's program. A story of "His Birthday Present" is as follows: Mrs. Ellis has broken her husband into domestic harness when on her birthday night he insists on accepting the invitation of a friend to attend a stag party. Dorothy Ellis tries to comfort herself with the thoughts of the beautiful necklace her husband has given her for a birthday present and Ellis goes off to meet his friends. The necklace is lost and ends up in a gambling house where the young husband, overtaken by the fever of his bachelor days, wagers and loses his last dollar. Delirious with thirst for gain he goes home and empties the safe of his wife's jewels and returns to the gambling house. The sight of his wife's necklace sobers him and he goes back to her. Meanwhile a burglar has broken into the house. He finds the safe empty but before he can leave Ellis arrives. Dorothy is aroused, she sees her husband, the burglar, the open safe and her jewels returned to the safe and she tells her husband he is the bravest man in the world.

The Empress. The current number of the Pathé Weekly and a multiple reel feature, "The White Ghost" are today's pictures. Strinsky, an international crook for whom the police of many countries have been searching, learns that a party of wealthy tourists are on their way to Switzerland for an holiday, and accompanied by a valet, arrives at the Grand Hotel. It is required but little maneuvering on his part to be introduced to the charming Miss Merwin and her party, thus perfecting his arrangements for carrying out his blackmail scheme. The "count" is apparently a great lover of outdoor sports and during the ensuing days he often accompanies Miss Merwin on skating expeditions, or climbs with her on scuffs up the snow clad mountains. On the portico of the Grand Hotel, as Miss Merwin and her admirer are watching the skating races, a message is dropped in her lap which reads: "If your mother does not bring \$2,500 within 24 hours a terrible mishap will befall you. Let her come to Ravens Hill at midnight tomorrow. Signed) The White Ghost."

Again and again the mysterious messages are received and each time they are signed by the "White Ghost." Miss Merwin's friend, Lucy Cook, arrived in the company of her father and her fiancé. They are much interested in the mysterious message from the "White Ghost" and Lucy's fiancé volunteers to keep a midnight appointment with the "Ghost." He does so and is struck from behind and disarmed, sinking to the snow covered ground unconscious. Meanwhile Lucy who has secretly followed is captured and imprisoned. Lucy's brother a famous detective, arrives and in searching for the "White Ghost" is also dropped through the trap door into the cave. He frees himself, however and after returning to their hotel the detective neatly traps the bogus count and rounds up the rest of the blackmailers.

AMERICAN SURGEONS MEET IN LONDON TODAY

London, July 27.—Although America is admittedly far in advance of the rest of the world in the general science of carving the human body, 1,500 eminent surgeons of the United States and Canada have come to London to learn some new things in which British members of the profession are said to excel. For the first time in history the Clinical Congress of Surgeons of North America is meeting in a foreign country, having accepted the invitation of a delegation of British surgeons at the Chicago convention last year to hold its fifth annual session in this city. At the opening meeting tonight the delegates will be formally welcomed by Sir Rickman J. Godlee, chairman of the London committee and by United States Ambassador Page and will listen to an address by the retiring president, Dr. George Brewer of New York. During the next five days the visitors will be given opportunity of an intimate study of the latest British clinical methods at demonstrations to be conducted in the various London hospitals, of which there will be an average of twenty a day.

WIMBIS PUBLISHING CO. ED. HOWARD, Mgr.

Now that it is all over, we can settle down to business and quit worrying about saving our country.

The nomination of Ferguson recalls to some the declaration made several years ago by a certain eminent statesman of that time who retired to private life.

Radford and Lewis have proven themselves smoother politicians than the preachers whom they have berated for taking part in politics. Returns show that the Farmers Union vote counted heavily for the Temple man.

Now that the farmer's candidate for governor has been victorious, we will look forward to his administration with interest to see what measures will be accomplished for the benefit of the farmer.

The Texas State Fair will begin tomorrow and continue for 15 days. Wichita County, by all means, should have an exhibitor her agricultural and manufactured products at the fair. Now is a very good time to begin making the collection.

Ferguson's nomination apparently indicates that conditions on the first, this is the way we would have had the latter. Had submission carried, Ferguson was pledged to veto any legislation necessary to submit it or set it into effect, and another wrangle between the governor and the legislature would have been inevitable.

SATURDAY'S ELECTION

A fiasco over the Texas political field while the smoke of battle still lingers in the air leaves us in doubt whether the issues in the campaign appealed to the voter. The results so far indicate that the personality of the candidates overshadowed what they stood for.

For and against submission was lost sight of by a great many who voted for governor. Toward the close of the campaign the race for governor degenerated into one of vilification. Therefore, those who hoped that the prohibition question would be settled will meet it coming down the political road at every turn of the lane.

The candidate nominated for governor may not be in accord with candidates nominated for the legislature. So there you are. True, the gubernatorial candidate may stand on the bridge of the ship of state, brandishing his big veto club, and look like Roosevelt when he tries, but will that down the prohibition ghost? We think not. Until parties insist and candidates agree to eschew personalities, issues will never be settled in primary elections.

MARKET REPORTS

Chicago Futures. Chicago, July 27.—Although war tension carried the wheat market today decidedly higher the excitement in the pit was far from being equal to that of Saturday. Active steps taken for a peace conference tended to restrain the bulls, without however, causing any important reaction.

Fort Worth Live Stock. Fort Worth, Texas, July 27.—Cattle receipts 2000, firm. Beeves \$4.50 to \$5.50. Hog receipts four; nominal. Bulk \$3.50 to \$3.25. Sheep receipts none.

Kansas City Grain. Kansas City, July 27.—Cash wheat No. 2 hard 72 1/2 and 52 1/2. Corn No. 2 mixed 73. Oats No. 2 white 35 1/2.

New York Cotton. New York, July 27.—Spot cotton quiet. Middling uplands 13 cents. Gulf 12 1/2. No sales.

could possibly bring to Ball. And still there are others who say Ball can attribute his defeat to his record as a corporation lawyer. One own idea is that he was defeated because of lack of funds. He was handicapped for nomination. Ferguson's record, or at least said he was going to spend \$30,000 of his own money to get the nomination, and doubtless he did this. That more than that amount was expended in his interest can hardly be doubted. This was furnished by his friends. Colonel Ball doubtless spent as much of his own money as Ferguson did of his. It would be interesting, however, for the public to know just how much money was contributed by friends of both candidates, and that was expended in promoting their causes. The campaign managers can give this important information if they are so disposed. The people want this information and it should be given them. Let's hear from the campaign managers. The people want to know how much it costs to elect a governor of Texas.

A GOOD HOUSEWIFE OFFERS GOOD ADVICE TO A NEEDLER

A most excellent lady of this city, who has been annoyed to some extent by the receipt of an anonymous letter, called at The Times office this afternoon and allowed us to read the letter she had received and asked that both the letter received and the one she wrote in reply to it be published. But after reflection, it was decided best not to publish the anonymous letter for fear that it might give too much publicity to the parties concerned and bring about great injury to the one whose good character, it seems, is the purpose of the writer of the anonymous letter to destroy. The advice the good lady gives this writer of anonymous letter is good, and if she sees it, it may have the effect intended—that of making of her a better woman. Here is the letter:

To the person who wrote the anonymous letter: On reading the above, I handed it to my husband and he always made it his rule to keep nothing from him that concerned us both. Your suspicions are unfounded. I have learned that we usually see what we are thinking and looking for. If our thoughts are evil, we see evil, and if our thoughts are good, we usually see good. To this I would observe what I would say in the following verse from Phil: "Finally, brethren, whatsoever things are true, whatsoever things are honest, whatsoever things are just, whatsoever things are pure, whatsoever things are lovely, whatsoever things are of good report, if there be any praise, think on these things."

You will not find me watching my husband. I would refuse to live with a man that I had so little confidence in. When you find yourself inclined to watch my husband and this girl, please get your Bible and read instead. I believe you will find this very profitable and I pray no desires except to help you reform your thoughts. Please, kindly inform those that are sorry for me that I prefer that they turn their sympathy in another direction, as sympathy has never been known to lift anyone out of trouble. I prefer to go to God, who is our refuge and strength, a very present help in trouble. A WIFE.

IRISH DISTURBANCE IS AIRMED IN PARLIAMENT

London, July 27.—Premier Asquith who heard of the fighting in Dublin while he was at his country home, immediately proceeded to London by motor car and arrived here early today. The premier immediately took charge of affairs at the war office, information as to the "shocking occurrence in Dublin" yesterday was demanded by John Redmond, the Irish Nationalist leader immediately after the opening of the House of Commons today. Mr. Redmond was so dissatisfied with the meager information given him that he moved the adjournment of the House to debate the matter. Augustine Birrell, chief secretary for Ireland, threw the blame for yesterday's conflict between the troops and the public on the assistant police commissioner who he said had requisitioned the military entirely on his own responsibility. The official consequently had been suspended while an inquiry was made. "He ought to be hanged."

Mr. Louis Katz

To the Citizens of Wichita Falls:

We wish to announce that we have secured the services of Mr. Louis Katz, formerly of Dallas, to have charge of our Cleaning and Dying department of our new plant which is now under construction and will be completed within the next two or three weeks. Mr. Katz will superintend the installation of our new Dry Cleaning and Dying Machinery and also have charge of our Cleaning Department from now on.

Mr. Katz comes to us with the best recommendations as one of the foremost cleaners and dyers of the present age, having had charge of some of the largest cleaning plants in the East. Was formerly with Fishburn of Fort Worth and recently with Weaver Bros. of Dallas.

We feel fortunate in securing the services of such an artist as Mr. Katz is in his line, Wichita Falls being so much smaller city than he has ever worked in before, and while he demands a fancy salary it was more his desire to locate in a higher western town for the benefit of his wife's health that assisted us in bringing him here.

Mr. Katz has demonstrated his ability to us of the properly handling of the most delicate dresses and garments of all descriptions and we would like to have him demonstrate this to you. If you have any garments that you have sent elsewhere and failed to get them properly cleaned or that you are afraid to send to a cleaner on account of the garment's delicacy, phone us this week and remember we guarantee not to damage the most delicate fiber.

The Express Is In This Town AND IN TO STAY

For seventy-five years—three-quarters of a century—the express has been the right-hand of the shippers of commercial America. The Express came to Wichita Falls in 1881 and it came to stay. For thirty-three years it has been the right-hand of commercial Wichita Falls. It is here to stay. The other day when reports went out that the express companies might retire from business, a protest went up. From whom this protest—the express companies? No! The merchants of the country—shippers everywhere—petitioned Congress that no action be taken that might have the effect of forcing the express companies to retire. Commercial organizations all over the land have joined in this appeal to Washington. For seventy-five years in the past and for a good many more years in the future Express Service will mean...

Every one has seen a good many drunken sketches, but all will agree that it takes Attaway to do the role of a drunken man. He is so natural in presenting his domestic troubles that you feel a wave of sympathy for him quickly followed by a spasm of laughter at his comical attempts to hide his inebriated condition. The lady in the case is properly indignant and does all that any lady could do with such a drunken husband, even to threatening suicide. Hubby is sober enough, however, to prevent her suicidal intentions, closing the act in a very ludicrous manner."

By Associated Press. Paris, July 27.—Madame Caillaux today appeared much calmer than on preceding days of her trial; she had however, suffered from fainting spells during the night. When court opened, Mr. Caillaux demanded to be heard and said: "The Figaro having accused me today of suborning witnesses, I would like to submit to the court some authentic papers concerning the late Gaston Calmette's relations with the Hungarian government. I have hesitated to use them, but I have decided to do so in view of the Figaro's attitude." Caillaux also read to the court Calmette's will.

PRESIDENT OF SOUTHERN RAILWAY ANSWERS CHARGES

By Associated Press. Washington, July 27.—Fairfax Harrison, president of the Southern Railway today told the Senate committee investigating coal traffic that in his opinion R. L. Dulaney, the independent coal operator of Bristol, Tennessee, whose charges have formed the basis of the coal inquiry was "suffering from what is known as a delusion of persecution."

"I believe Mr. Dulaney has a deep-seated hatred for one or two men who have succeeded in the Appalachian coal fields, where he failed," said Mr. Harrison, "being unable to reach me, he attacked the Southern Railway. I bitterly resent the charges of bad faith and chicanery brought against the organization of the Southern and I think I am supported by the great mass of people who have done business with us in the south. I also resent the charge that the direction of the policy of the Southern has been in outside hands and that the management has been for any other interests than that of the south."

The late J. Pierpont Morgan who was a member of the voting trust of the Southern, never interfered with the policy of the road and never discussed with its management any traffic in coal or anything else, Mr. Harrison said.

Until late this afternoon he had not yet received a complete reply to his proposal.

SERVIAN MINISTER AT VIENNA LEAVES; FIRST EXCHANGE OF SHOTS REPORTED

By Associated Press. Vienna, July 27.—M. Jovanovitch, Servian minister to Austria-Hungary, left for Belgrade today. Reports from Hungary today said that Servian troops on board a steamer in the Danube river near Trenes-Kubin have fired on some Austrian troops. The Austrian troops returned the fire and an important engagement ensued. It is considered probable this is another version of yesterday's encounter in which it was reported that on the Servian border, twenty-four miles from Belgrade, Servian troops on shore fired on Austrian infantry aboard a steamer, the Austrians returning the fire.

Was severely criticised as being too boastful. Undoubtedly the criticism was deserved. At the same time we feel justified in saying that we can give you better coffee values than the out of town roaster. We also feel that our twenty-five years' experience as retailers and several years as roasters should put us in a fair position to judge. We have handled at different times nearly all of the leading brands of High Grade Coffees in America and have tested them all.
