WICHITA FALLS, TEXAS, SUNDAY, SEPTEMBER 13, 1914—PART ONE

Number 105

GERMAN RETREAT BECOMES ROUT

SATURDAY'S PROCEEDINGS IN THE STATE LEGISLATURE

OPPOSITION TO GOVERNOR'S PLAN

CONSTITUTIONALITY OF STATE CENTRAL RESERVE BANK IS BEING QUESTIONED.

TIME DECLARED TOO SHORT

Only Ten Days Left For Consideration of Measure of Vast Importance.

Special to The Times. Austin, Texas, Sept. 12.—That the Governor's plan to organize a \$20,000,000 central reserve bank out of the school funds of Texas for the relief of the farmers will be seriously opposed when it reaches the Legislature next week, is quite evident from the expressions of a number of law-makers. Most of those seen doubt the constitutionality of the plan, and besides most all agree that it will be impossible to consider and pass a measure of such magnitude during the ten remaining days of the present session. Besides, the Legislature now has half a dozen other measures in course of enactment which will occupy the remaining days of the session.

The Governor has reiterated that unless some unforeseen emergency arises, he does not propose to call a third extraordinary session of the Legislature, consequently it would seem almost impossible to get any such measure through at this time.

Speaker Terrell said: "I never give an opinion on the question of spending twenty million dollars without knowing more about it."

The Governor's Plan.
The Governor said again today he proposes to submit on Monday the question of establishing a state central reserve bank with a capital of \$20,000,000 capital, to be raised by pledging that amount of school bonds. He also proposes to pledge the \$5,000,000 of vendors lien fund notes held by the available school fund and obtain from the federal government over \$100,000,000 of emergency currency to be loaned direct to the farmers on their stored cotton at seventy-five per cent of the cotton's value. The Governor said he does not propose to call a special session for this purpose, but he leaves such a measure can be enacted before the remaining ten days of the present session are over.

ORGANIZE TO WORK FOR MORE TREASURY NOTES

Rep. Henry and Southern Congressmen Start Campaign to Secure Legislation.

By Associated Press. Washington, Sept. 12.—A committee of southern congressmen and representatives of Farmers Unions in the south is being organized by Representative Henry of Texas to work for an increase of treasury notes on cotton that must be held over on account of the demoralized markets. Mr. Henry announced tonight the personnel of the committee of twenty probably would be completed early next week. He said he was acting at the request of many of his colleagues from the South and that the movement had been endorsed by several organizations.

"The committee" he said "will present the situation to the federal reserve board and to the president and will meet frequently. It will ask the government to take over the surplus cotton to be held by it through these loans until war conditions in Europe pass, and the market reopens, and nothing less will protect many of the people of the south from absolute ruin." Mr. Henry estimated the surplus crop at six or seven million bales and said an issue of \$500,000,000 to \$400,000,000 was necessary.

FIRST SHIP TRANSFERRED TO AMERICAN REGISTRY IN GULF

By Associated Press. Galveston, Texas, Sept. 12.—What is said to be the first transfer of a foreign steamship in Gulf waters to American registry under the recent laws has taken place this week at Fort Arthur. The Trinidadian changed from the British to the American flag.

2 MORE SUBJECTS WERE SUBMITTED

AMENDMENT TO PREVENT PASSING MEXICAN COUNTERFEITS AND COTTON GIN BILL.

LITTLE PROGRESS IS MADE

House Takes Up Afternoon Session Considering Permanent Warehouse Bill.

By Associated Press. Austin, Texas, Sept. 12.—Two more subjects were submitted today by the Governor to the special session. The first was a proposed amendment to the penal code so as to make it a felony to circulate in Texas counterfeit money of a foreign country. This is to check circulation of counterfeit currency of Mexican constitutionalists in El Paso and other border points. Representative Burgess and Harris introduced a bill to put through this measure. The other subject was to prohibit interlocking directorates in Texas cotton gins.

Little Progress Made.
With barely a working quorum present, the House consumed the entire afternoon session in the consideration of the permanent warehouse bill. But little progress was being made when the House adjourned until Monday morning at 10 o'clock.

The status of the three commissioners provided for in the bill were fixed at \$4,000 each and that of the chief clerk at \$3,000, the latter to also act as secretary to the commission.

There was considerable debate over an amendment by Burns of Hill county in which he sought to strike out sections 7, 8 and 9, which have to do with the regulation of cotton gins. One of these sections contains a provision that all cotton shall be sampled at the gins and making the ginner responsible for grade. This was strenuously objected to by Mr. Burns and others. Representative Cain spoke at length in favor of retaining the three sections on the ground that the farmers lose from \$5 to \$10 a bale on faulty ginning. He insisted that should be regulated by the commission. He also claimed that the grading at the gin would give the farmer a chance to know the grade without having to depend on the cotton buyer.

LABOR EXEMPTION IS VIRTUALLY AGREED ON

Conferees Accept Senate Amendments on Exemption Labor Unions. From Sherman Law

By Associated Press. Washington, Sept. 12.—House conferees on the Clayton anti-trust bill virtually agreed today to accept the Senate amendments to the exemption of labor unions from the operations of the Sherman law, and restricting these injunctions in labor disputes. The conference next week will consider amendments to the "tying clause" contract and interlocking directorate sections.

WILSON'S O. K. NECESSARY BEFORE BILL CAN PASS

President Will Be Asked to Approve Three Per Cent Tax on Freight Bills

By Associated Press. Washington, Sept. 12.—House democrats want President Wilson to approve openly the proposed three per cent tax on freight bills before a war revenue bill carrying it is introduced. That the force of his approval is necessary was agreed upon today by administration leaders.

Majority Leader Underwood decided today to hold up the bill until the President's return from New Hampshire next week. Insistence of democratic leaders upon an official expression from the white house, was based, it was said, upon a desire not to assume all responsibility for the tax on the face of lively opposition from many democrats which gained so much strength that a petition for a caucus was circulated. Some southern and western congressmen insist the bill is one for a caucus.

CARRANZA SENDS MESSAGE TO U. S.

DECLARES EVERYTHING HARMONIOUS AND NORMAL CONDITIONS BEING RESTORED

GENERAL VILLA IS LOYAL

Conflicting Reports, However, are Received as to Business Conditions in Mexico

By Associated Press. Washington, Sept. 12.—Rafael Zubaran of the Mexican constitutionalist agency announced here tonight the receipt of the following message from Carranza, first chief of the constitutionalist forces, on conditions in Mexico: "The alarming reports that you have brought to my attention as circulating in the United States as Mexican news have no foundation. For instance, the report that a number of policemen were shot in Mexico City is untrue. Also, not a single federal officer has been shot. It is not true that the port of Vera Cruz has been closed. Exaggerated reports relative to Zapatista activities unfounded. Small marauding bands have been detected and all exterminated. General Villa is working in perfect harmony and genuine subordination. By reason of his loyal and his patriotic attitude and in view of his high merit, I have just promoted him to the rank of division general. The stability of the new government is fully guaranteed by the support of an army of 120,000 men, splendidly equipped and animated with an unselfish spirit of patriotism."

A trade boom in Monterey, Mexico, was reported at the state department today by the consul general, as due to the reopening of railroads. Good order prevails and the confidence of the merchants is completely restored, the report states. Communist reports from Tampico present contrary conditions. Previous warnings to Americans looking for employment not to go to Tampico have been repeated. Many unemployed are destitute, the report states.

FRENCH CAPTURE GERMAN TRAIN OF AMMUNITION

Capture of Column Four Miles Long Leaves Germans Short of Ammunition

By Associated Press. London, Sept. 12.—The Daily Telegraph correspondent describes the capture by General Pau of a German ammunition column four miles long. This capture, he says, leaves the Germans very short on ammunition. It was captured while the Germans were feeling their way toward Paris. General Pau sent cavalry and artillery to intercept it. The column was weakly guarded and was captured and destroyed. This capture is said to have had an important bearing on subsequent fighting.

GRAPHIC DESCRIPTION OF BATTLE NEAR LUBLIN

By Associated Press. Petrograd, via London, Sept. 12.—The Warsaw correspondent of Novoye Vremya describing fighting beyond Lublin, Russian Poland, says: "The Russians were compelled to take several lines of fortifications step by step, ejecting the Austrians from the trenches. I rode along twenty miles of abandoned trenches and saw many guns and much equipment which the Austrians had thrown away. From a position near our artillery I watched the fight. The enemy was deluged with a volley of shrapnel, alternating with gun fire and his line of retreat was marked by burning and deserted villages. Along the roads in the direction of Lublin Austrians were surrendered in companies and battalions. For six hours I watched the battle. The artillery fire was maintained in the distance above a wood. Suddenly from the wood appeared to be a black mass which on growing clearer was seen to be an Austrian battalion which fled out and surrendered. The enemy's artillery was located and silenced by ours."

GERMAN RETREAT MAY BE A TRAP

PARIS CORRESPONDENT FEARS ATTACK BY GERMAN EXTREME RIGHT

DRAWING ALLIES TO EAST

Other Reports Tell of Continued Successes by Allies all Along the Line

By Associated Press. London, Sept. 12.—The Paris correspondent of the Express thinks there is a distinct possibility of a German attack by the extreme right of the German army coming toward Paris from south of Amiens. He says that the masses of the German army do not seem to have been seriously engaged thus far. They came very close to Paris and are now being pushed back with great ease by the British army and it may be their object is to draw the allies toward the east, thus removing them from Paris and exposing them to the danger of running their heads into a prepared position.

BELGIAN TROOPS CUT OFF WHOLE GERMAN CORPS

By Associated Press. London, Sept. 12.—An Ostend dispatch to the Exchange company says: "The Belgian troops have just gained an important success at Westenburg between Louvain and Brussels, cutting up a German corps and taking a number of prisoners. The line toward Liege is occupied by the Belgians."

GERMANY DEMORALIZED SAYS THIS REPORT

By Associated Press. London, Sept. 12.—A dispatch to the Daily News from Paris says: "A motor car brings news from the front that the first and second divisions of the British army with the French cavalry and artillery cut off and defeated a large force of the enemy sixty miles northeast of Paris, taking 6,000 prisoners and 150 guns. The Germans are reported as demoralized. During the fight fifty British cyclists, from the cover of a small wood, defeated 150 of the enemy's cavalry. The allies' losses were severe, but they were nothing in comparison with that of the enemy now retreating north of the Marne and west of the Oureq."

ENGLISH TROOPS HAVE CROSSED RIVER OURCQ

By Associated Press. London, Sept. 12, 12:55 p. m.—The official press bureau says:

"Our troops have crossed the River Ourcq and are moving this (Saturday) morning in rapid pursuit of the enemy. Two hundred prisoners were captured. The cavalry of the allies were between Soissons and Birnes last night. The enemy are retreating north of Vréry-Le-Sraucols. Soissons is about fifty miles northeast of Paris and Birnes seventeen miles east of Soissons."

ALL ARTILLERY ONE GERMAN CORPS IS CAPTURED

By Associated Press. London, Sept. 12, 1:22 p. m.—According to official announcement here the third French army has captured all the artillery of one German army corps. The official announcement says: "Our aeroplanes report the enemy's retreat is very rapid."

The artillery of a German corps consists of two regiments of field pieces, eighteen batteries of field guns and six batteries of field howitzers, totalling seventy-two pieces, one or two battalions of heavy field artillery and a machine group.

EARTHQUAKE DESTROYS CARZELI IN PERU

By Associated Press. Lima, Peru, Sept. 12.—News has reached here that a tremendous earthquake has destroyed the city of Carzeli in the department of Arequipa. The report says there is a panic but does not mention loss of life. The town has about 4000 inhabitants.

TURKEY AWED BY RECENT RUSSIAN SUCCESSES

By Associated Press. Petrograd, Sept. 12.—Word came from Sofia that, influenced by recent Russian victories, Turkey will not risk an adventure against Russia. Russians returning from Vienna say the impression that the Austrian reverses mean the investment of the capital dominates the spirit of the people. After recapture by the Russians of Lemberg, an extraordinary council was called. Count Berthold, minister of foreign affairs presided. The shipment of gold to Turkey by way of Roumania continues.

PARIS REPORT SAYS ALLIES IN VIGOROUS PURSUIT OF GERMANS

PEACE UP TO EMPEROR

GERMANY'S RULER REPORTED CONSIDERING INQUIRY FROM PRESIDENT WILSON.

ANSWER IS AWAITED

Upon Tenor of Reply Depends Whether Proposal Can Be Carried Further.

By Associated Press. Washington, Sept. 12.—Emperor William has had under consideration for several days, it was learned tonight, an informal inquiry from the United States government as to whether Germany desires to discuss terms of peace with her foes. On the tenor of the reply depends to some extent whether or not the informal peace movement inaugurated a week ago can be pursued further with Great Britain and France and Russia.

The inquiry was not a formal one such as President Wilson's original tender of good offices, but was an effort to determine whether Germany's reported willingness to talk peace was based on fact. The chronology of the peace movement was revealed tonight, after a canvass of officials, diplomats and others directly concerned.

WILL NOT RECOGNIZE TREATY ABROGATIONS

The Great Powers Notify Turkey that Consent of all Necessary to Abrogation

By Associated Press. Constantinople, via London, Sept. 12.—Several of the great powers have presented a note to the Turkish government in reply to the communications of the Sublime Porte notifying these governments of the abrogation of the capitulations regarding the rights of foreigners in Turkey. The replies set forth that, as the capitulations are not a treaty the abrogations will not be recognized without the consent of all parties to the treaty.

The text of the replies made by the ambassadors for Great Britain, Russia, France and Italy are identical. They point out that the capitulatory regime in Turkey is not an autonomous institution of the Turkish empire, but an issue of international treaties and contractual acts of divers times. Consequently this regime can be modified only on the basis of an understanding with the contracting powers, and falling such an understanding before October 1 next, the ambassadors would be unable to recognize the evacuation force beginning on that date, of the unilateral decision of the Sublime Porte.

The plans of the Austrian reply differ from the others, though the same principle is upheld.

INVADERS ARE RETREATING ALONG THE ENTIRE LINE

Belgians Resume Offensive While Petrograd Reports Another Overwhelming Victory

By Associated Press.

Paris, Sept. 12.—An official statement issued tonight says:

"The German retreat is rapid, the pursuit is vigorous. The Germans have abandoned many mortars."

"Notwithstanding the fatigue occasioned by five days of incessant fighting, our troops are vigorously pursuing the enemy, which is in general retreat. This retreat appears to have been more rapid than the advance. This has been so precipitate at certain points that our troops have gathered up at the general quarters, notably at Montmiral, charts, documents and personal papers abandoned by the enemy, also packages of letters which had been received or were ready to be forwarded. In the district Sromen Tierres the enemy abandoned several batteries of mortars and a number of caissons of ammunition."

THE FRENCH CLAIM THEIR TROOPS HAVE RE-OCCUPIED LUNEVILLE

By Associated Press.

London, Sept. 12.—A dispatch to Reuter's Telegraph company from Paris gives the following official announcement issued at 11 o'clock Saturday night:

"The Germans are still retreating before the allies' left wing, and also are retiring in the center and before the French right wing. The French have re-occupied Luneville."

AUSTRIANS LOST 130,000 MEN IN SECOND BATTLE IN GALICIA

By Associated Press.

London, Sept. 12.—3:58 p. m. A Central News dispatch from Rome says:

"A telegram received here by the Messagero from Petrograd says the second battle in Galicia resulted even more satisfactorily to the Russians than the first. The losses of the Austrians are estimated at 130,000 of whom 90,000 are prisoners."

EMPEROR WILLIAM'S THIRD SON DEAD IN BRUSSELS HOSPITAL IS REPORT

By Associated Press.

London, Sept. 12.—An Ostend dispatch to the Reuter Company says:

"Crown Prince Frederick William and Prince Adalbert of Prussia, the emperor's third son, and Prince Carl of Cortenburb are reported to have died in a hospital at Brussels."

The correspondent adds: "The Belgian victory at Cortenburb is very important, as the German army occupying Belgium has been cut in two sections as a result of it. The victory was due in a great part to the artillery of heavy caliber which was used there for the first time."

IMPORTANT SCHOOL NOTICE

There seems to have been a misunderstanding of our ad with reference to the exchange of books of previous adoption for the new issue. This exchange does not include the books purchased last year, but only those replaced by the new text books adopted prior to the last term. These old books of previous adoption may be exchanged for like books when presented at the store. We are ready to supply you with anything that you may need in books and supplies and will be prepared to take care of the business promptly during the rush incident to the opening of school Monday.

CHARLIE FARMERS ARE INTERESTED

GOODLY SHARE OF THEIR COTTON CROP WILL COME TO WAREHOUSE HERE

A SAXONY SPINNER'S OFFER

Wrote Letter to Farmers' Union Offering to Take 1914 Crop at Sixteen Cents

That a spinner in Saxony, Germany offered to buy the 1914 cotton crop of Texas for sixteen cents, his offer being declined, was asserted Friday afternoon by J. L. McConkey, president of the Farmers' Union here, at a meeting of farmers and business men in the Charlie community. Mr. McConkey said that this spinner in 1913 paid nineteen cents for cotton that Texas farmers had sold for thirteen cents and that he wrote to the Farmers Union officials offering to buy Texas' 1914 crop at sixteen cents. The offer was not accepted, Mr. McConkey said, because the union could not guarantee delivery and had no assurance that, when some speculator offered seventeen cents, the farmers would not go back on their agreement. Mr. McConkey made this statement in connection with a discussion of the evils of speculation in cotton, saying that it kept the farmer at a continual disadvantage.

Warehouse Plan Best.

The Charlie meeting was not as largely attended as the gatherings at Electric and Burk Burnett, but the matter was fully discussed by those present. All seemed to agree that the warehouse plan was the best method and Wichita Falls will receive considerable cotton from that vicinity, though much will go to Byers and Petrolia, where warehouses are now in course of construction. The farmers were much interested in the steps being taken by the government, but seemed to fear that this would help the banks to the detriment of the farming interests.

R. R. Representative Talks.

Interesting talks were made at the meeting by H. N. Pope, State lecturer for the union, and by Henry Webb, agricultural agent for the Port Worth & Denver and Wichita Valley. Mr. Webb's presence resulted in an interesting bit of by-play. August Bevering, one of the most extensive farmers in northern Clay county, said in effect that if the railroad prospered depended on that of the farmers, he could not see how the farmers could be helped by a man paid by the railroad. The railroad wanted big crops, he said, because big crops meant tonnage, but big crops did not bring big money to the farmer. Mr. Webb replied that it was not his business to try to tell the farmer what to raise or what not to raise, but to help them to better their condition in every way.

No definite action was taken at Friday afternoon's meeting, but a session of the Charlie local of the union was held Friday night and the matter again taken up. Being off to build a warehouse, Charlie is not seeking to build a warehouse of her own.

GLOVE WORKERS THANK UNIONS FOR ASSISTANCE

We, the International Glove Workers' Union of America, wish to thank the different unions of Wichita Falls for their assistance in helping us to organize, especially do we wish to thank Mr. Burton for his great help.
By the Secretary of the Union.

The Merchants' Collecting Agency

VACATION ENDED; SCHOOL TOMORROW

PUBLIC SCHOOLS OF WICHITA FALLS WILL OPEN NEW TERM MONDAY

TEACHING CORPS IS READY

New Feature This Year Will Be Kindergarten at the Austin School

Vacation days are over and tomorrow another nine months' session opens in Wichita Falls' public schools and everything is now in readiness for the resumption of classes. Teachers have been arriving for several days past and a full staff will be on hand tomorrow. No new buildings were erected this year, but all the old buildings have been repaired and gotten in good condition. The enrollment is expected to go near the 3,500 mark before the end of this session, but is believed there will be sufficient room for all.

One new feature of the school work this year is the kindergarten, which will be held at the Austin school for children of from four to six years. This is an innovation here and is expected to prove popular. A tuition fee will be charged to carry on this special work, and Miss Farguhar, late of Fort Worth, will be in charge. Examinations have been held during the past week for pupils who had back work to make up and school book buying has also been heavy during the past few days. Business is expected to be very brisk in this line during the next few days.

ARTIFICIAL FLOWER ON LEFT HIP THE LATEST FAD NOW

From a Paris Letter. There is seemingly no abatement in the liking of artificial flowers. They are placed irregularly on the skirt under the tulle tunics, they are used at the shoulder singly or in the form of straps—Premet has a white satin evening frock held over the shoulders with straps of deep yellow roses—they band the waist, they edge the lace capes and they rest pertly on the left hip. That is the really new position for the artificial flower—at the front of the left hip. And it must be a big, conspicuous flower, too, to be truly smart. A pink satin evening frock, much trimmed with silver gauze, shows a big magnolia flower fastened on the left hip on the tulle tunic. Not yet has the boutonniere for the street suit appeared on the left hip; that is still worn on the right shoulder.

GAS INDICATIONS FOUND AT 60 FEET NEAR QUANAH

This morning while drilling a water well on the N. W. quarter of section 155, for Wm. Blackburn, gas in sufficient volume to be distinctly heard "blubbering" through six feet of water was struck by Noah McClung. This is the second well on the Blackburn place to find gas. The other well also finding oil—Quannah Observer.

Giant Guns That Have Aided Germany

MORE DOGS THAN HOGS IN TEXAS

ONE HOG TO EVERY 67.3 ACRES AND ONE HEAD OF CATTLE TO 27.7 ACRES

SOIL ROBBERS NUMEROUS

Many Grow Cotton Where They Should Grow Feed—Silos Should Replace Cotton Gins

(By W. S. Taylor, professor of agricultural education, University of Texas). There are few States in which farmers enjoy great opportunities as in our own State. Texas is a land of wonderful agricultural possibilities. Nature gave her large areas of the most fertile soil man ever cultivated. She also endowed her with vast stretches of forest and broad fields of green pasture. The wealth of the State lies almost wholly in her soil. A greater heritage, nor one that needed guarding more carefully, was ever given man when the surface of the earth was entrusted to his care. If we would increase that wealth and grow stronger we must conserve our soil and practice a permanent agriculture. And this is not what we are doing in Texas at the present time. We have a large number of soil robbers where we should have soil builders. We attempt to grow cotton where we should grow feed. We have cotton gins where we should have silos. We raise dogs when we should raise hogs. We have the reputation of being a great meat producing State and we are. But we haven't begun to realize our opportunities. The high cost of living is worrying many households in Texas today. The price of meat is the one item perhaps that troubles most. The farmers of the South spend more than \$3,000,000 annually while producing the cotton crop. Texas produces her part of this. Is there any reason why this condition should exist? Last year the estimated population of Texas was 4,208,265, showing an approximate gain of 100,000 over 1912. The cattle census showed 6,956,000 head in the State with a loss of 155,000 from the preceding year. We had 2,433,000 hogs in the State last year which was 51,000 less than the year before. The statistics showed an increase of 41,000 sheep, but sheep are not raised essentially for meat purposes. Texas has almost an unlimited capacity for growing feed and producing meat and dairy products but with all our possibilities we have only one hog to every 67.3 acres of land; one head of cattle for 27.7 acres; and we import annually more than \$10,000,000 worth of fed stuff to aid in growing a cotton crop, not to mention that we spend more than \$10,000,000 for butter alone. About 69.7 per cent or approximately 3,637,000 of our population live on farms. There were slaughtered for meat on farms last year 885,280 hogs, 86,476 cattle, 9,396 sheep and 25,423 goats or a total of 1,009,555 animals. This allows one animal for every three people which is not as much meat as the average rural person consumes. A large amount of money is expended by the renters every year for meat. They are not given the privilege of raising hogs or fall to take advantage of the opportunity if offered. In many communities the hog population is larger than the dog population. If the amount of feed consumed by these worthless curs were fed to pigs the meat problem would not be such a bugbear. There are a few conditions in the

FRENCH CAMPAIGN CONTEST OF WITS

CLEVER MOVES AND COUNTER MOVES MADE BY BOTH SIDES

GERMAN GENERAL IS PRAISED

Van Kluck Given Much Credit By Strategists—Joffre Also Shows Generalship

By Associated Press. Paris, Sept. 12.—The admirable discipline of the censorship was revealed by yesterday's communications, which show that the only persons outside the military authorities who knew the position of the French were the Germans. The latter learned of it none too soon and their diversions from the route to Paris heretofore attributed to fear of Paris defense was simply a clever ruse to escape a desperate situation. The Germans penetrated France in three columns, but this force consisted of 300,000 men and at least 800,000 men. The plan evidently was for a quick direct attack on Paris by General Von Kluck, while the armies of General Von Foch and the princes of Wurtemberg and Saxony and the crown prince dealt with the other allied armies. The audacious commander of the German right, Von Kluck, surprised by the resistance of the allies, was rendered cautious, and must have discovered the presence of the army of Paris on his flank. He showed his resourcefulness by a sharp counter movement against this protecting force. His critics give him full credit for his skill, and in referring to General Joffre's plan, say it is a match between masters in the art of war. They believe Joffre failed by the narrow margin in gaining one of the most brilliant victories in history. It is generally thought Von Kluck's army is in imminent danger, the men being worn out and doubling on their own tracks and in constant danger from the flying columns of the comparatively fresh army of Paris. STILL COLLECTING FUNDS FOR TEXAS BUILDING

By Associated Press. Austin, Texas, Sept. 12.—Collection of funds is proceeding as usual and the European war will not affect Texas' representation at the Panama Pacific Exposition, according to J. T. Bowman, secretary of the commission in charge of the work. Plans for the Texas building have been accepted and Charles H. Page will proceed to San Francisco soon to begin the work. The building will be a copy of Texas big granite capitol and will cost \$30,000, which has already been raised. The commission hopes to obtain \$2,000 to secure a creditable exhibit of Texas' enormous resources. Exposition authorities have announced that the war will not interfere with the big fair.

Many school children develop defective vision. Bring them to us. We know how: Dr. DuVal, Eye Specialist, 3119

more intensive farming, and we must have a greater diversification of crops. We must develop our dairy and poultry industries. There isn't any need of shipping butter into our State. We are essentially a farming State. We must study our problems from the standpoint of the producer and make our farms give us the greatest possible returns.

LIVE WIRE TOPIC NO. 2

My employer, Mr. J. N. Royall, Corsicana, president of the Royall Coffee Co. of Corsicana, has repeatedly told me stop advertising. I disobeyed orders and Tuesday of this week I was let out. Yes, fired. But no disgrace. I rather enjoyed the sensation, as I had already made application here for the position as secretary to your valued Chamber of Commerce, and Mr. R. E. Huff has been literally flooded with letters from all over the state, and one from my first employer in Illinois, my native state, endorsing my application. This is Texas-Chicago. I like the spirit. I am paying for this out of my own pocket, and I must quit this kind of talk. It is high-priced and worth 40c per inch. Phone my neighbor and friend, J. B. Whitman, 292, and tell him to send you a 3-lb. can of Royall's Blend coffee at \$1.15, or a one pound can at 40c and help me to stay with you for four reasons: wife and three children.
W. A. CHATTERTON.

P. S.—I almost forgot. He hired me back. Here's the telegram: Corsicana, Texas, Sept. 11, 1914.—Mr. W. A. Chatterton, 1408 Lamar Street, Wichita Falls, Texas: Letter received. Sending samples. Get busy for week. See letter. THE ROYALL COFFEE CO.

FRUITS, THE BEST IN AMERICA
—HERE'S THE PROOF

The highest honor that could possibly be conferred on a fruit canning company has recently been given Hunt Bros.

They have been received as a member of the Rice Leaders of the World Association.

To become a member of this Association it is necessary to measure up to certain high standards of honor, honesty and integrity and maintain those standards.

This means that Hunt Bros' goods measure up at all times to the very highest quality.

I have been handling their goods for several years and my customers have all agreed with me that they are the best to be had.

New supply just received.

BUY-A-BALE MOVEMENT GIVEN BIG IMPETUS AT MASS MEETING HERE

NEARLY HUNDRED BALES SUBSCRIBED

DIRECTORS APPOINTED TO WORK OUT COMPLETE ORGANIZATION OF CLUB.

A BIG CROWD OF FARMERS

Great Interest in Plans For Relief of Cotton Situation—Farmers' Union Man Speaks.

Organization of a Buy-a-Bale-Cotton Club with many members was the tangible result of the mass meeting at the cotton warehouse Saturday afternoon to discuss the cotton situation. Cotton warehouse plans were also discussed and farmers told that the warehouse which would be ready for the storage of cotton would be large enough to take care of all the cotton that might be brought here and that the banks would be ready to advance money on cotton stored in warehouses.

Information as to storage charges could not be furnished because it is not known what the cost of operation will be under the new warehouse law. Inquirers were informed that the interest charges on money borrowed from the banks on warehouse cotton would be a matter between the borrower and the banks, as no agreement had been made as to the rate of interest.

The Committee Frank Kell, T. B. Noble, Howard Hines, J. L. McConkey and R. E. Huff were named as a committee to work out a plan of organization for the Buy-a-Bale Club. The club is to have president and a board of directors. John W. Thomas was named as secretary. It is expected to secure a membership large enough to buy one bale of cotton at ten cents a pound from each farmer in the county.

That there is deep interest in the matter was evidenced by the fact that nearly three hundred farmers besides a number of business men were in attendance. The attendance of the latter, however, was not as large as it ought to have been. R. E. Huff, who was chosen chairman expressed the hope that their absence was not because they were afraid they might be called upon to do something. He said the purpose of the meeting, as he understood it, was to devise some method that might be taken whereby the market value of cotton which was now unduly depreciated might be kept up. He spoke of the Buy-a-Bale movement and other movements but said that in the end the matter rested with the farmer himself. He must resolve that he will not sell for less than ten cents a pound and predicted that as soon as the spinners found that they were not going to get cotton at a less price they would pay the farmer more. He spoke of the belief of some that the government ought to buy cotton. The government hasn't got the money, he said. The government itself is enacting emergency laws to raise revenue. The minute the government begins to issue promises to pay, then things will begin to go to pieces, he warned. The banks he said, didn't have the money, either, to take care of the crop on their own resources.

Dispell Pessimism Each must do his share, he said. "We've all got to forbear and not push distressed fellows too hard, if there ever was a time when we should do as we would wish to be done by us now."

He said that instead of talking about how bad things were we should talk about how good they were. "There's not a farmer here," he said, "but what's a whole lot better off than he was two years ago." He said that already there were some prospects of a speedy conclusion of the war. He

Resolution Launching Buy-A-Bale Club In This County

Wichita Falls, Texas, September 12th, 1914.

Whereas, the conditions now prevailing in this county as result of the European war have depressed the price of cotton to such an extent that the farmers in this vicinity will be unable to market their cotton without a great sacrifice and loss to themselves; and

Whereas, it is the unanimous desire of every citizen of this locality to assist the farmers in marketing their cotton at a reasonable price in so far as they may be able to do; and

Whereas, a plan has been devised to render such assistance to the farmers in this vicinity, more especially the tenant farmers, by which certain citizens of this vicinity have agreed to each purchase one or more bales of cotton of the present cotton crop at ten cents per pound, basis middling.

Now therefore, we, the undersigned, hereby agree to purchase the number of bales of cotton set opposite our respective names at ten cents per pound, basis middling, which we agree to pay for not later than October 15th, 1914.

It is understood and is a part of this agreement that the cotton purchased by us shall be purchased only from such farmers as will bind themselves, in writing, to reduce their cotton acreage next year not less than twenty-five per cent.

It is further understood and agreed that the cotton purchased by us shall in so far as possible, be purchased from the tenant farmers and shall not be purchased from the owners of farms on which the cotton is produced except in cases where such owners are in actual distress.

It is further understood and agreed that the cotton so purchased by us shall be held for a period of not less than one year, unless same can be marketed in the meantime for ten cents per pound, or more, basis middling, and if at only one bale from each farmer be purchased at this price, tenant farmers and those known to be in distress to be bought from first.

predicted that the people of Germany would demand that peace be made. "The people of Europe," he said "are going to have less of this killing at the dictates of a few crowned heads; the people are going to have greater rights."

Mr. Rups was the first man on the floor. He talked at considerable length without seeming to get any nearer the matters at hand than when he started and a point of order was made that there was nothing before the house.

Mr. Kell then introduced a resolution for the organization of a Buy-a-Bale Club. He said that up to now the attitude had been for the government to take up the burden but that it had been seen that the government could not do it. "It's now necessary for us to act," he declared. He said the movement was sweeping the whole south. He predicted that it would take care of 600,000 bales in Texas. He said the moment of a great quantity of cotton was taken off the market a speculative value would be established. He said the mills all over the country were changing from jute to cotton bagging, the Wichita Mill and Elevator Company being one of these. He read a number of telegrams he had sent and received from firms with whom he did business in the north wherein he agreed to join the Buy-a-Bale movement.

Store It In His Yard "If there is anybody in Wichita Falls that won't join this movement because they have no place to store their bale, they can store it in my yard and I'll look after it," he promised. He said that it was important that no cotton go on the market at less than ten cents from the start. "Whenever the spinners can buy cotton at seven cents a bale they'll

establish a market at that price," he said. Signers to the Buy-a-Bale agreement were called for and a number signed. Farmers were urged to sign and if necessary one farmer buy a bale from another and the other buy a bale from him.

Mr. Ward suggested that the limit for closing the contract ought to be set further than October 15th. Mr. Kell said that it was important they have a definite and early closing date, as it was of the utmost importance that no cotton be allowed to go on the market at six or seven cents.

W. W. Humphries, who said he was a tenant farmer, declared that the way to get ten cents a pound was to do the way he was going to do. If he couldn't get ten cents a pound was to do the way he was going to do. If he couldn't get ten cents to take it home and pile it up and let it stay there until he did.

Mr. Singleton of Archer county said that insurance companies he represented had placed a valuation of nine cents a pound on cotton for insurance.

Mr. C. J. Shumate said that he had already started the Buy-a-Bale movement by buying a bale of cotton at ten cents a pound from each of his tenants, and signing up with them to reduce their cotton acreage twenty per cent next year and furnishing them with seed wheat to sow the ground in wheat.

Several others spoke expressing satisfaction with the stand of the business men and bankers in their support of the farmers.

Warehouse Best Plan Warehouse Organizer H. M. Pope of the Farmers Union talked on the warehouse movement. He said that while the Buy-a-Bale movement would be a great help that it could not control enough cotton to make prices. "Un-

der present conditions," he said "you've got to take one-third your crop off the market or make up your mind that you'll sell it at five or six cents a pound." He said there was only one way to do this and that was through a warehouse system whereby the cotton could be stored and money advanced upon it. He declared that even this would be of no avail unless the farmers would decrease their cotton acreage 25 or better, 50 per cent. Mr. McConkey told of the plans for the warehouse here saying that work would start on it this week and it was expected to be ready to receive cotton by the latter part of the week. He said that the banks had agreed to advance a minimum of \$25.00 per bale on warehouse cotton, or three-fourths its market value.

Mr. Huff was asked if the market price went below the loan value whether the banks would require an additional margin for security. He answered that he could not speak only for his own bank but that it would make loans for six months and was willing to take a bet on that length of time.

Warehouse Receipts as Credit Wylie Blair of the Blair-Hughes Co. said the thing for the farmer to do was to warehouse his cotton, get the bank to make him an advance and to pay his merchant. Or if he could not do this to give his creditor his certificate of deposit from the warehouse as security for the payment of his debts and his merchant or creditor could in turn give these to the wholesaler who could in turn give them to the man higher up until they at last got to somebody who had the money. It was important he said, that every man act in good faith, then a chain of credit would be established that would bridge over the present situation and enable the farmer to get a fair price for his cotton.

A Burkburnett man reported the organization of a cotton warehouse company at that place. The organization of a warehouse company at Electra was also reported.

OPENING OF WICHITA THEATRE MONDAY NIGHT

"The Poor Rich," which will be the opening bill of the Gilson-Bradford Stock Company at the Wichita Theatre tomorrow night, September 14, is a play that appeals because it is home in a whole-hearted, humorous and healthy way. It tells the story of the wreck of a family's happiness, brought about by the divergence of thought and the different paths followed in the pursuit of happiness by a husband and wife. It is a story of not one home, but of many. Harry Warden is a man of working, saving and home-loving instincts. His wife longs for luxuries and in his love for her and his efforts to provide her with them, he is kept grinding and tolling under a mountain of debt which topples over on him and he is bankrupt.

One of the most appealing points in the play is while the wife's extravagance is dominant, it is brought about in a great measure through her sincere endeavor to provide her husband with a home. Getting the position in life she believes him big enough to occupy. When she realizes that he is bankrupt she borrows money in an effort to save him. This move on her part leads to dramatic situations, the unraveling of which has made "The Poor Rich" not only a problem play of real life to-day, with its motive an arraignment of

Wichita Falls, Texas, September 13

NOTICE TO SUBSCRIBERS: Carrier boys are not authorized, nor is it any part of their duty to collect for subscriptions to The Times.

Prophecy is vain. The world must await the outcome. Forecasts are as numerous as forecasters, and tomorrow's events make yesterday's prophecies glad to hide their diminished heads in the files of the press of yesterday.

It looks now as if there is not going to be much money in cotton raising for the next year or so, but this section of the country produces wheat as well as cotton, and the price of wheat, which is one dollar and above, is not likely to go lower for a year or so.

The wheat farmers in this section are viewing the matter in that light, and acting on their own judgment are preparing to sow a much larger acreage to wheat this fall than ever before.

It is a good idea. The history of this country shows that one drought is followed by another for four or five successive years, and it is the same way with good crop years. This year there has been an abundance of rain. The result is abundant crops. Next year will, in all probability, be fully as good.

A BANKER POINTS THE WAY. There are hundreds of banks in Texas. There are national banks and state banks. They should emulate the example set for them by a Fort Worth bank.

Ben O. Smith of the Farmers and Mechanics National Bank led off. His proposition is patriotic.

His bank agrees to loan on six to twelve months' time at six per cent interest \$30 per bale on cotton raised in Tarrant county to the extent of 1,000 bales. The conditions are not drastic; they are fair. The cotton must be raised in Tarrant county; must be of average grade. It must be stored in some properly conducted warehouse or compress in Fort Worth. It must be insured in the bank's favor, and all storage charges and insurance paid in advance.—Fort Worth Record.

Now, if other banks in Texas and the South generally will be as liberal as Ben O. Smith of the Mechanics National Bank at Fort Worth, the farmer who holds his cotton for six or twelve months can well afford to do so.

The tariff question is one that has been puzzling the brain of great men of all political parties for years, and is just as far from being solved now, apparently, as it was at the beginning.

But every fellow has his own ideas of what should be done. For instance, press reports are authority for the statement that Japan buys a considerable amount of raw cotton, manufactures it and sells the manufactured article back to the United States cheaper by 25 per cent than our manufacturers can produce it. The reason the Japs can do this is explained in this way: They pay 14 cents to 25 cents per day for the best skilled labor, and a labor day for a Jap is sixteen hours. China, now being enlightened, is going to follow Japan's example, and if these two nations can buy our raw cotton, ship it over the ocean, manufacture it into cotton products and ship it back to this country and sell it 25 per cent less than American manufacturers can produce the same article, how long will it be before the South can compete with them, unless a tax is placed on every bale of cotton shipped from this country to Japan or China that will be sufficient to offset the problem of cheap labor? Not being experts at figuring on tariff measures, we leave it to others to say just what that tax should be, if anything?

During the past year 21,300 ads have appeared in the classified ad columns of The Times, a record which The Times has good reason to believe is

ed in any city in Texas of double the population of Wichita Falls. Of the 21,300 classified ad patrons during the year, not more than one hundred have complained they did not get desired results. The reason for this is that The Times is a newspaper in every sense of the word, and covers its field as completely and as systematically as any newspaper published. Therefore, the advertiser who spends his money with The Times makes a good investment 99 times out of a possible 100. At an average price of 15 cents each for the class ads, the total amount received for the 21,300 during the year ending with August 31st, amounted to \$3,195.00. Trades amounting to thousands of dollars have been brought about by bringing buyer and seller together through the classified ad columns of The Times. For instance, one man who resides in Chicago, and who happened to be a subscriber of The Times, inserted a class ad offering for sale a large tract of land in Montana. His object in placing the ad with The Times was to find a buyer for his land in this immediate section. In his he was disappointed, but he did find a buyer in the State of New York, the New Yorker being also a subscriber to the paper, and the trade was made, which involved several thousand dollars. The ad cost the seller 50 cents. So well pleased was he with the result that he took the time to write this paper a letter, telling in detail of the deal. That was merely a coincidence, and perhaps will never happen just that way again. The Times does not lay claim to being a State or National paper. Not by any means. It only makes this claim, which it is in a position to substantiate in any way the advertiser might demand: That there is no newspaper published that covers its legitimate field more completely than does The Times. Times advertisers get their money's worth and then some.

GO TEACHERS IN WICHITA FALLS' PUBLIC SCHOOLS

Teachers Staff Largest Ever Known Here—Several New Members of Faculty.

The largest teaching staff in the history of this city, will be on duty when the public schools reopen tomorrow morning, there being a total of sixty teachers assigned. Eleven of these are to be at the high school, where several changes have been made in the faculty. Among the new members are Prof. Herman Keuhne of Houston, who will teach German and who will also be in charge of athletics; Miss Leona Vance of Boyd, Texas, will be assistant in Latin and Mathematics; Prof. H. D. Woods of Plainview, a graduate of Columbia University, who will teach English; Miss Nellie Yank of Austin will teach Latin.

Additions have been made to the teaching force at several of the ward schools.

W. H. CARTER, FORMER RESIDENT, SURPRISED AT CHANGES

"Is there much fishing going on up the river now?"

A Times man was thus accosted on the street Saturday afternoon, and the reply was ventured that not much was known of the catches on the Wichita, but that, from numerous large reports and frequent dry land exhibitions by local folks, Lake Wichita seemed to be a popular fishing resort at the present time.

The questioner was W. H. Carter, an elderly farmer residing near Childress. Mr. Carter was in the city yesterday for the first time in twenty-five years. A quarter of a century ago he farmed a few miles east of Childress in this section, but for twenty-four years has tilled the soil in Childress county.

"I'll sure have to run out and see the lake," said Mr. Carter. "You tell me that everybody is surprised upon viewing this large body of water. All right; I'm going to take your word for it and board the first car for Lake Wichita. Set me down blind-folded here and I'll almost take oath that I was never in the same territory before. But when I lived in this part, the city of Wichita Falls was not overly much to speak of. A fellow with all his fingers shot-off could just about count the business houses and homes on his hands. Twenty-five years back, one of the popular local diversions was to go fishing on the river, the river being about all the pleasure points to be enjoyed here.

Mr. Carter will return to his home tomorrow. He remarked that if he possibly could do so, he intended to move back into Wichita county and enjoy the "great big city" which has sprung up here as by a miracle.

SHOWING OF OIL CAUSES EXCITEMENT AT DUNDEE

Oil excitement has been renewed in the Dundee community as the result of a strike in a rather unusual way. The J. C. Nancy well on the Hugh Rellly tract was drilled to a depth of 2500 feet and abandoned as dry several weeks ago. Recently, while the casing was being pulled, it stuck in the hole at a depth of 1725 feet. Dynamite was used in an effort to dislodge it, and following the shot, the hole made a showing of oil. There has been little indication of oil when the well was drilled, but this find will probably result in some further investigation before the location is abandoned.

We have for sale several good second-hand cars that will be sold for a small cash payment down and balance

WOUNDED BRITON TELLS OF FIGHTING

RELATES HOW ENGLISH WERE PUSHED BACK IN MONS RETREAT

FRENCH VICTOR IN AIR FIGHT

Slays German Aviator After Duel in Clouds—Soldier Tells Graphic Story of Battle

By Associated Press. London, Sept. 12.—A British private wounded in the fight in retreating from Mons, says:

"It was Sunday and the British regiment at Mons were enjoying themselves along the streets. Belgian ladies returning from church handed the soldiers their prayer books as souvenirs, while the Belgian men gave them cigarettes and tobacco, which was even more welcome. About noon when the men were beginning to think about dinner, a German aeroplane appeared overhead and began throwing out a cloud of black powder, which is one of their favorite methods of assisting distant batteries to get the range. No sooner had the powder cloud appeared than shrapnel began to burst overhead.

"It did not take the regiments long to get into fighting trim and race through the city to the scene of operations on the other side of a small canal in the suburbs. Here our outposts were engaging the enemy fiercely. The outposts lost heavily, most of the damage being done by shells. The rifle fire was ineffective, although at times the lines were not more than 300 yards apart.

"The first reinforcements were posted in a glass factory the walls of which were loop holed. We held that position in daylight when we fixed bayonets and laid in wait in case the enemy tried to rush the position in the darkness. About midnight orders came to retire over the canal and two companies were left behind to keep the enemy in check temporarily. After the main body had crossed the bridge was blown up leaving the two outpost companies to get across as best they could by boats or swimming. Most of them managed to reach the main body again. The main body retired from town and fell back through open country being kept moving all night. When daylight arrived it was apparent from higher ground that Mons had been practically blown away by German artillery.

"Throughout the morning we continued to fight a rear guard action but the steady retreat did not stop until six in the evening when the British found themselves well out of range of the German artillery to a quiet valley. Here all troops were ordered to rest and eat since they had been without food since the previous morning. Long before dawn they were hastily started on retreat again. Near noon the enemy was again heard and a large detachment was assigned to fight to protect our rear.

"During the afternoon both the German and British armies watched the air in the air between French and German aeroplanes. The Frenchman was wonderfully clever and succeeded in maneuvering himself to the upper position which he gained after fifteen minutes of reckless effort. Then the French began blazing away at the German with a revolver. Finally he hit him and the wounded German attempted to slide into his own lines. The glide, however, ended in the British lines near my detachment. We found the aviator dead when we reached the machine; we buried him and burned the machine.

"At dusk a halt was made for food and we spent a quiet night. At dawn we found the Germans at our heels and we prepared for action. It was not long before the German snipers found the range and began tearing up those rough fortifications concentrating their fire on the British batteries, one of which was completely demolished. Another had only six men left.

"It was evident we must leave the guns behind and an officer put them up to action so they would be of no use to the Germans. His action required cool bravery because the Germans having the range were shooting directly into the batteries. Things rapidly got hotter and we made a double quick retreat."

UALVESTON COUNTY FIRE RESULTS IN \$600,000 LOSS

Gaveston, Texas, Sept. 12.—The store, residence and feed storage shed of A. S. Gobate was destroyed by fire at La Marque, this county, today. The loss was about \$6,000.

"FACING THE GATLING GUNS", EMPRESS MONDAY

HOW ALLIES GAINED VICTORY AT MARNE

GERMANS TRIED IN VAIN TO CROSS RIVER ON PONTON BRIDGES

LOSSES DECLARED ENORMOUS

Battlefield Now Marked By Mounds and Crosses, Graves of Those Who Met Death

By Associated Press. Sept. 12.—The correspondent at Reuters at Meaux says: "The Anglo-French forces which repulsed the Germans on the banks of the Marne inflicted enormous losses in men and material. The Germans made incredible efforts to cross the Marne. The French had destroyed all bridges. The Germans tried to construct three ponton bridges. Sixteen times the bridges were nearly completed, but each time they were reduced to matchwood by the French artillery.

The battle field has been quickly cleared of dead and wounded and now only little mounds with tiny crosses, flowers and tri-colored flags recall the terrible struggle. The inhabitants of neighboring villages already have returned to their homes and resumed their ordinary occupations."

WICHITA SOUTHERN A LOYAL INSTITUTION

Volunteers to Buy Ten Bales of Cotton to Relieve the Present Situation.

The Wichita Southern Life Insurance Company, an institution of which every citizen of Wichita Falls is proud, has again demonstrated its loyalty to this section and its interests in being one of the prime movers in promoting the plan to purchase the surplus cotton at 10c per pound, not only entering into the "buy-a-bale" movement, but going that proposition one better by pledging the company to purchase ten bales at the agreed price.

This proposition was made by the Wichita Southern early, in fact at the very inception of the general movement, but announcement of its intention was not made pending the proposed mass meeting held yesterday afternoon.

So far as is known this is the only life insurance company in Texas, if not in the entire country, that has evidenced such an interest in the welfare of the farmer, and incidentally in the general welfare as well.

The Wichita Southern has been in business three years and four months, during which time its assets have been more than doubled and it has in force more than \$5,000,000 of business, with a long list of satisfied policy holders. The surplus to protect these policy holders has increased from \$176,000 to \$223,000.

More than \$200,000 has been loaned on real estate, principally to farmers in the Wichita Falls trade territory. An institution of this character is of benefit directly, and indirectly to not only this section, but to the entire state.

NINE BALES SOLD HERE AT TEN CENTS A POUND

Deliveries Already Made On Buy-a-Bale Contract—Seven and Quarter Cents Quotation.

At least nine bales of cotton have already been sold in Wichita Falls at ten cents a pound, as a result of the Buy-a-Bale movement. Bales have already been delivered and the money paid by the following: Art Loan and Jewelry Co., W. B. McClurkin, Loeb-Liebold Co., Wichita State Bank, P. H. Pennington, North Texas Furniture Co., P. B. M. Co., John W. Thomas and the Noble-Frank Hardware Co.

Most of these purchasers have their bales on the sidewalks in front of their places of business. John Thomas has his in front of the city hall. Permitting cotton bales to stand on the sidewalk is believed to be in violation of the ordinance forbidding obstruction of the sidewalk. It is probable that the city council will be asked to suspend the operation of this ordinance during this movement.

While those who sold in the Buy-a-Bales got ten cents for their cotton buyers were making offers on a basis of seven and a quarter cents but so far as was learned no cotton was sold at that price.

Be A Wichita Falls Booster Buy a Bale of Cotton Help the Farmer and He Will Help You We are willing to do our part, and will buy a bale at 10c a pound cash, each month as long as the price is down Art Loan & Jewelry Co. At the Sign of the Diamond Ring 705 Ohio Ave.

ITINERARY OF INNES IS NOW ACCOUNTED FOR

District Attorney at San Antonio Claims to Know Movements Man Charged With Murder.

By Associated Press. San Antonio, Texas, Sept. 12.—District Attorney Linden announced tonight that the State had completed the itinerary of Victor Innes, who with his wife is charged with the murder and accomplice after the fact of the Nelms sisters in April at Atlanta.

"Every day has been accounted for in the record," said the district attorney. County Judge Davis announced tonight he would not take action in court for the removal of two-year old children of the Innes, from the cell occupied by Mrs. Innes until Tuesday. Innes claims he and his wife are making arrangements with friends to take the children. The Bexar county Humane Society petitioned the county court, in which the juvenile court has jurisdiction in the handling of the children's case to remove them from the cell.

Four Brotherhoods on Cotton Belt Vote to Strike

By Associated Press. St. Louis, Sept. 12.—Officials of the four trainmen's brotherhoods that have demanded of the St. Louis Southwestern railway the reinstatement of a discharged conductor have been authorized by a vote of the men to call a strike to enforce the demand. This was announced by a representative of the conductors tonight after a day had been spent in counting the strike vote. Representatives of the union conferred with the general manager of the road late today. They will hold another conference with President Britton and other officials of the road Monday.

J. Nick Springer was in the city Saturday looking for cotton pickers to take back to his fields at Norona. He says that he has several fields that have opened with bewildering rapidity within the last few days. His patch, he says, has begun to look like snow in the dark and he wants pickers.

GERMANS REPORTED ABANDONING REGION AROUND NANCY SATURDAY

By Associated Press. Paris, September 12.—Another official communication is issued tonight, it says: "First, on our left wing the general retreat of the Germans continues before the French and British forces who have reached the lower courses of the Aisne.

"Second, likewise in the center the German armies are retreating, they have crossed the Marne between Epernes and Vitry le Francois. On our right wing the enemy in like manner has begun today a retiring movement, abandoning the region around Nancy. We have reoccupied Luneville."

RUSSIANS REACH SAN RIVER IN PURSUING FLEEING AUSTRIANS

Petrograd, Sept. 12.—Russian troops are drawing nearer the San River according to an official announcement tonight. The Austrian army is reported in retreat and is closely pursued by the Russians.

RED CROSS AGAIN DELAYS SAILING FOR EUROPE

By Associated Press. New York, Sept. 12.—The steamer Red Cross which will carry American surgeons and nurses to Europe's battlefield probably will not begin her Trans-Atlantic voyage until Monday. The vessel apparently started on her delayed trip late today but after passing quarantine she anchored in Gravesend Bay. There she is expected to remain another thirty-six hours at least. Josephus Daniels, secretary of the Navy bade the Red Cross farewell in person. He raised the stars and stripes at her stern and persons on board believed when she steamed down the river, she was off for Europe at last.

NATIONAL AMATEUR ATHLETIC ASSOCIATION MEET RESULTS

Baltimore, Sept. 12.—The Irish-American Athletic Club of New York today won the senior championship of the National Amateur Athletic Union at Homewood Field, scoring sixty-one points. Other leading clubs were the New York Athletic Club, thirty-one points; Chicago Athletic association, twenty-five, and Boston Athletic association, twenty-four. Two championship records were made. Emile J. Mulle of the Irish-American Athletic Club broke the discus record with a throw of 137 feet, one-half inch.—G. A. Broder of the Polytechnic Preparatory school, Brooklyn, who made a junior record of 165 feet three inches in throwing the javelin, set a new junior mark today with a throw of 166 feet 8 1-2 inches.

FOOT BALL PLAYERS ARE MOBILIZING

TURF BEING LINED WITH CHALK ON HUNDREDS OF GARDENS OVER COUNTRY

WEEKLY LETTER ON SPORTS

All Traditions and History Against McGraw's Team Winning Pennant This Year

By Associated Press. New York, Sept. 12.—Another set of mobilizing orders are being issued today for the football coach is ready for the initial maneuvers of the gridiron campaign. In all parts of the country the turf is being lined with long white marks; tackling dummies erected and padded uniform taken from gymnasium lockers and storerooms. Soon veteran and novice will trot out upon the practice field and the football coach will come into his own once again.

That he is an important factor in the popular college sport is shown by the fact that more than seventy per cent of the schools and colleges supporting football teams employ one or more coaches in the individual and collective development of the players. In a majority of cases the coach is a former player who gained fame as a gridiron star at either the college where he now coaches or at some rival university. Players from institutions that have been represented for a period of some years by winning eleven are most frequently in demand since the belief prevails that as coach they will incorporate the same system and methods in their charges.

At the present time there are more than five hundred former players acting as coaches for school and college teams. Eliminating from this list all but the more prominent institutions of the country an analysis shows that players from Yale and Pennsylvania are most popular as coaches. These two universities are tied with fifteen each. Dartmouth, Michigan, Princeton, Wisconsin and Chicago follow in the order named and these are closely pressed for honors by Lafayette, Syracuse, Notre Dame, Vanderbilt, Williams, Ohio and Minnesota. At the foot of the list will be found some eighty institutions with but one or two players who have entered the coaching ranks. In this connection the peculiar incident is shown of Harvard with a winning eleven for the past few years at the very foot of the tabulation.

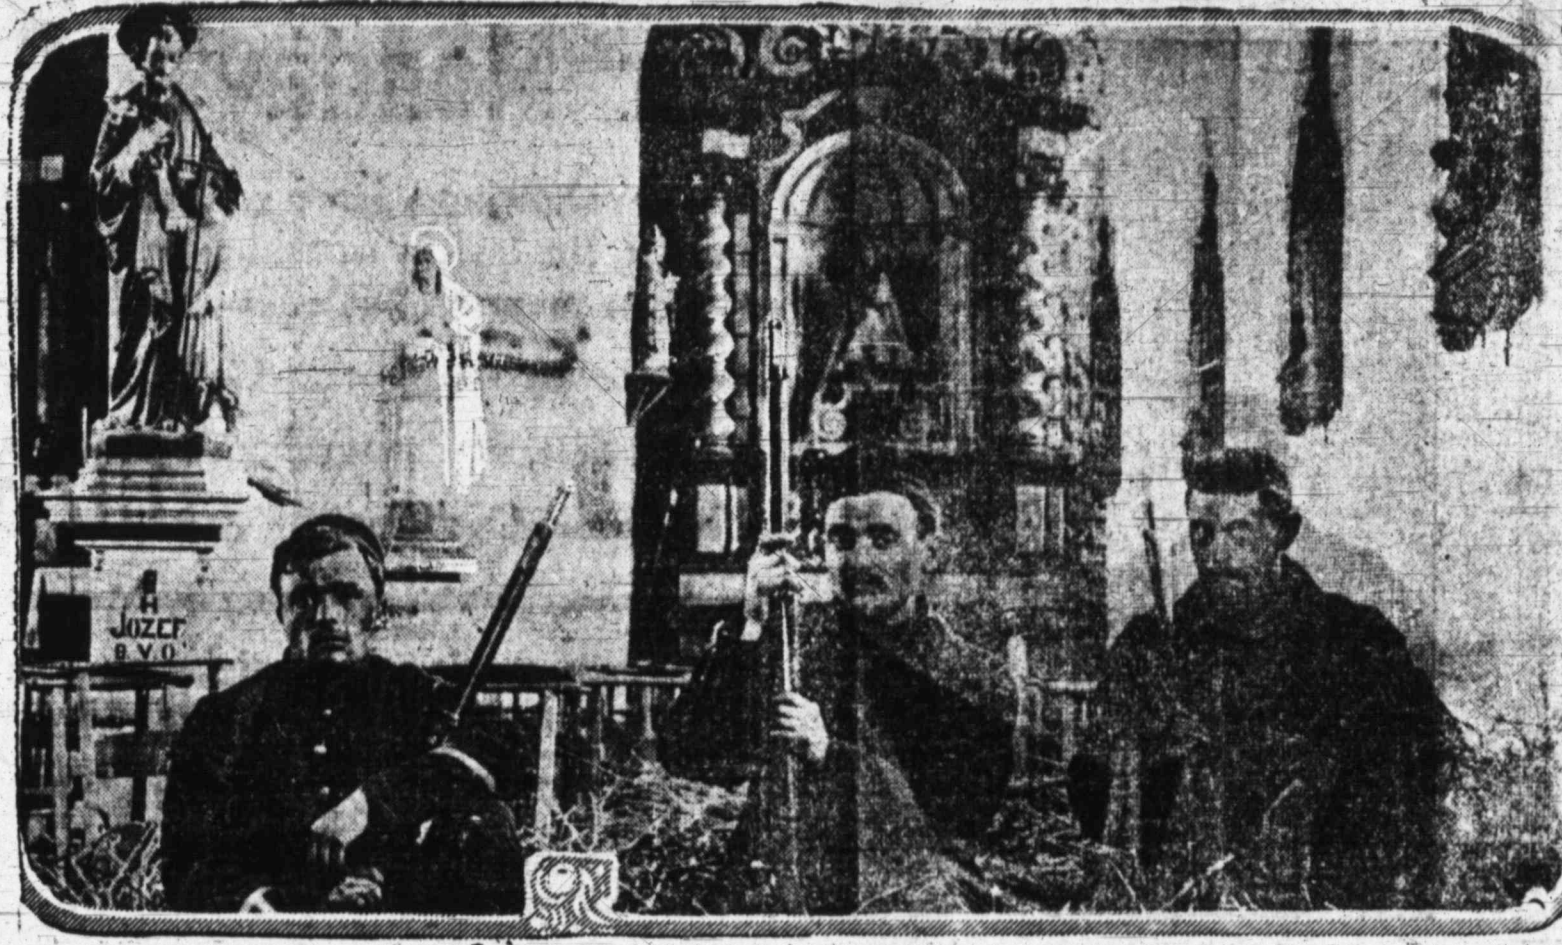

Despite the fact that Yale and Harvard are widely separated so far as developing coaches for other colleges is concerned the football followers anticipated a great battle between the coaching staffs of these two universities during the present season which will culminate in the contest at New Haven on November 21, when the teams meet in the new Yale Bowl at New Haven. In some respects the head coaches of both Harvard and Yale are alike. Both are men of few words. When Frank Hinkley was playing and at Yale he was known as the "silent captain." Percy D. Haughton who has held the coaching reins at Harvard for the past few years is almost as chary of speech. Both, however, know football from every angle. They are hard drivers as they were players and do not fear to reprimand candidates for breaches of playing or training rules. Their charges know that every man will get a fair chance to make the team and the final selection made in merit alone.

History Against McGraw. Those baseball fans and prophets who base their forecasts on the records of past years in big league ball point out that all traditions and figures are against the New York Giants winning the 1914 pennant in the National League. Under Manager John J. McGraw the New York club has won three pennants in a row. This is the maximum number of flags ever captured in succession by any club in either the National or American League and these who pin their faith to big league history claim that the New York Giants will not prove the exception to the rule of three.

Their contention appears to be borne out by the records for since 1876 no club has won more than three pennants in a row. The Chicago club under Capt. Anson won the championship in 1880-1881. Boston broke the string in 1884 and not until 1891 did the Boston club under Frank Seale start a triple win which carried them through 1892 and 1893. Baltimore followed winning in 1894-95 under Ned Hanlon. In 1901 Pittsburgh started a pennant chase which won three flags in a row. New York stopped the Pirates by winning in 1904 and the next three pennants to be captured in succession went to the Chicago club under Frank Chance in 1905-1907. Beginning in 1911 the New York club has won three straight championships in the National League only to lose the world's series each autumn to the American League representatives.

A TEXAS WONDER. The Texas Wonder cures kidney and bladder troubles, dissolves gravel, cures diabetes, weak and lame backs, rheumatism and all irregularities of the kidneys and bladder in both men and women. Regulates bladder troubles in children. If not sold by your druggist, will be sent by mail on receipt of \$1.00. One small bottle is two months' treatment and seldom fails to perfect a cure. Send for Texas testimonials. Dr. E. W. Hall, 1926 Olive street, St. Louis, Mo. Sold by all druggists. (Adv.)

Belgian Troopers Quartered In Church

PENNANT QUESTION ONE OF PITCHERS

AND MCGRAW THINKS HE HAS EDGE ON STALLINGS IN THAT DEPARTMENT

WHY HE PICKED O'TOOLE

Giant Manager Doesn't Underestimate Strength of Braves and Says Luck Will Be Factor

(Kansas City Star) Boston, Sept. 8.—"Should the Giants and the Braves come out of the present series neck and neck, the battle will settle down to a question of pitchers, and I think I have the edge in that respect since adding O'Toole to my staff," declared McGraw of the Giants.

"Each club faces double-headed to be played this month, and, as soon as Stallings is forced to work some other man besides one of his regular trio of pitchers that have been going along so smoothly for him, he weakens his club perceptibly. I don't want any of my readers to think that I am underestimating the power of the Boston club. The most dangerous feature of the team is its fighting spirit. The fighting spirit of the club has carried it to position in the standing which it now occupies. Behind this fight are Stallings and Evers. Both are wonderful men at driving a club. John Evers is one of the greatest players that ever stepped in a baseball shoe and is a baseball thinker of the rarest type. You may find a man with his natural ability and brains once in about ten years.

"An injury or a little illness of a regular on one of the two teams might decide this race. If Evers should be forced out of the game for any length of time it would be one of the greatest blows that could be handed to the Braves. While Stallings is the genius on the bench, Evers is the life of the team on the field, and his fast thinking has stopped many a rally. One man like him in the lineup saves at least eight games a season by his advice and quick thinking outside of the plays he actually makes himself. By that I mean his example and his directions keep the other players going fast and making the plays in the right place. In other words, he keeps the club traveling on a steady keel.

Luck Will Play Its Part "Evers is the one big asset of Boston whose loss would hurt the team probably fatally, while the disabling of one of his regular pitchers would cripple Stallings. Therefore luck is bound to play a big part in this great race. If Stallings can go through with his club intact and with his three pitchers performing regularly for him as they have been, he has a fine chance to cop. I should say it was almost an even thing. But he must be lucky in the matter of injuries and illness to win because if both teams should suffer about the same number of setbacks through misfortune, I believe the Giants carry the greater reserve strength. But luck seems to run Boston way. The Red Sox scrambled through to the world's championship two years ago because their team was not crippled by injuries at any time during the season. Stallings and Evers have put the fight and pep into the Boston club and the Braves have been winning most of their games on their nerve and pep. The close scores of the victories that season by the Braves to the fact that they were not in the top indicate this. Not until the team played its most recent series in Philadelphia did the club pile up a lot of runs in any game so that Stallings would feel safe in relieving one of his regular pitchers. All these elements are a strain on Stallings and Evers will find the hardest driving from this point in the race to the finish. I know, for I have been through it.

"I don't think of a collection of individuals in the Braves class with the clubs shut us in to win pennants for Boston in the National League in the old days. But it is a better machine with two fighting men behind it who are manufacturing a spirit which will carry a club far. Machines and not individuals win championships in these days. "Probably my two very best friends

in baseball are Wilbert Robinson and George Stallings, and it is odd that these two have dealt the Giants their hardest blows in this race. It was Robinson's team that first crowded the Giants out of first place in Brooklyn, and, in doing so, he beat a pitcher who is really his personal conduct—Rube Marquard. It was the combination of "Robbie's" knowledge of pitching and his great patience that made it possible for Marquard to become a star. Stallings has always been my friend, but friendship will not do for me. Stallings and I will fight harder or as hard as Chance and I fought when Frank led the old Cubs. Once Stallings gets on the bench he forgets friendship and is there to win, and I can't say that I feel any differently.

"Should the series result in an even break, then I look to see the pitchers cut quite a figure in the finish. With the doubleheaders both contenders face, each will need more than three pitchers to be at the best. Many experts wonder why I have picked O'Toole after he had failed to make any sensation in Pittsburgh. I did it for two very good reasons. I think it is a good pitcher, and I needed another man on my staff with experience, and he was the best one available.

O'Toole Likes the Change "O'Toole is a pitcher of Ame's type. He hasn't had any luck with the Pirates. The former Giant rode under a flag during his stay in New York, but he has been doing grand work for Cincinnati. O'Toole came to Pittsburgh on a flood of publicity because of the price paid for him. This was a handicap. I put in a bid with the St. Paul club for him at the same time the Pirates went to him, offering \$15,000 in cash and deposited a certified check with the national commission for that amount. We thought this clinched it, but the St. Paul management announced that O'Toole had been sold to Pittsburgh for \$22,500 in cash and the rest in players valued at \$10,000. Then O'Toole was started against the best pitchers in the league, and lost a lot of close games. This, combined with the publicity, helped shake his confidence. He has always shown himself to be a late starter and strongest in the fall, again like Ames. Therefore, I am counting on him to deliver for me. He is very enthusiastic over the change and will work his head off."

TY COBB STANDS FOURTH IN AMERICAN LEAGUE BATTING

Is Within Five Points of Lead. Erwin of Brooklyn Is Leading Nationals

By Associated Press. Chicago, Sept. 12.—Ty Cobb is within five points of a tie for batting leadership in the American league. The standing is: Hoblitzel of Boston 355; Collins of Philadelphia 352; Jackson of Cleveland 352; Cobb of Detroit 351. Erwin of Brooklyn leads the National batters with 348; Dalton of Brooklyn with 333; Becker of Philadelphia 324 are next.

SHOE DYE ALMOST COST LIFE MUSKOGEE MAN

Prussic Acid Went Through Shoes Being Absorbed Causing Blood To Turn Black.

Special to The Times. Muskogee, Okla., Sept. 12.—C. J. Kahle went into a local shoe-cleaning establishment and ordered his white shoes dyed black. Prussic acid in the shoe went through the canvas shoes and Kahle's feet absorbed a portion. A few hours later his nails and skin commenced to turn black. He was rushed to a physician. A drop of blood taken from Kahle's body showed almost as black as ink. Enough of this had been absorbed through the skin on Kahle's feet to almost cost his life. He is in a serious condition.

BASEBALL SCORES

National League

Pittsburg 5-4, Chicago 4-0. The locals won two games from Chicago today five to four and four to nothing. It was Chicago's last appearance upon the local grounds. Scores: Chicago.....4 11 6 Pittsburg.....5 5 2 Batteries: Lavender, Hagerman and Archer; Adams and Coleman. Second game—Chicago.....0 3 1 Pittsburg.....4 9 0 Batteries: Humphries, Shiner and Brennan; Archer; Havender and Coleman.

Brooklyn 4, Boston 3

Boston, Sept. 12.—Brooklyn won the first game of the series from Boston today, four to three after the home team apparently had the game won. As a result Boston's lead over New York decreased half a game. Score: Brooklyn.....4 9 2 Boston.....3 5 1 Batteries: Atkinson and McCarty; Tyler, James and Gowdy.

New York 0-8, Philadelphia 1-0

Philadelphia, Sept. 12.—Philadelphia and New York took turns in shutting out each other today. The home won the first game one to nothing and the visitors took the second eight to nothing. Score: New York.....0 4 1 Philadelphia.....1 7 1 Batteries: Marquard, O'Toole and Meyers; Alexander and Killifer. Second game—New York.....8 12 0 Philadelphia.....0 2 3 Batteries: Fromme and McLean and Johnson; Mayer, Marshall and Killifer and Burns.

St. Louis 3, Cincinnati 1

Cincinnati, Sept. 12.—St. Louis placed hits to better advantage and defeated Cincinnati today three to one. Score: St. Louis.....3 9 2 Cincinnati.....1 8 2 Batteries: Greiner and Snider; Piore and Clarke.

J. L. McMantry of Clarendon, en route for Scotland, Texas, stopped over in the city for a while Saturday, taking on supplies and having his car repaired. Early this morning he had a bad blowout when he was about six miles from the city. He stopped and went around to the back of his car, where he had another tire roped on. It was gone. Whether it was stolen or lost of, he was unable to say. He had to drive to town on a flat tire.

American League

St. Louis 5, Cleveland 3. St. Louis, Sept. 12.—Three runs in the seventh inning gave the St. Louis team a five to three victory over Cleveland today. Score: St. Louis.....5 6 2 Cleveland.....3 9 1 Batteries: Wellman, Hamilton, Baumgardner and Agnew; Hagerman, Morton and Oneill.

Detroit 4, Chicago 2

Chicago, Sept. 12.—Detroit made it two straight from Chicago today four to two. Score: Detroit.....4 7 3 Chicago.....2 10 3 Batteries: Reynolds, Mayne and Stange; Wolfgang and Schalk.

New York 2, Philadelphia 1

New York, Sept. 12.—Sweeney's home run in the ninth inning gave New York a two to one victory over Philadelphia today. Score: Philadelphia.....1 7 1 New York.....2 7 4 Batteries: Bender and Schaag; Keating and Sweeney.

Federal League

Indianapolis 4-1, Baltimore 6-2. Indianapolis.....4 7 0 Baltimore.....6 8 1 Batteries: Kaiserling, Billiard, Mullen and Rariden; Bailey and Jacklitz. Second game—Indianapolis.....1 5 4 Baltimore.....2 3 0 Batteries: Moseley and Rariden; Suggs and Jacklitz.

Brooklyn 5, St. Louis 3

St. Louis, Sept. 12.—Brooklyn placed hits to better advantage and defeated Cincinnati today three to one. Score: Brooklyn.....5 9 1 St. Louis.....3 5 3 Batteries: Cooper, Groom, Watson and Simon; Chappelle and Land.

Chicago 6-4, Buffalo 1-2

Chicago.....6 13 3 Buffalo.....1 4 2 Batteries: Hendricks and Block; Ford, Morgan and Blair and Larigne. Second game—Chicago.....4 9 0 Buffalo.....2 5 0 Batteries: Lang, Hendricks and Wilson; Krutt, Moore and Blair.

TREVATHAN'S

Prosperity

Is Contagious

It Operates Like the Measles

To be sure some people catch it who don't deserve it because they never cultured a prosperity germ in their lives.

They simply get caught in the flood and move with the tide to keep from being submerged.

Fortunately for Wichita Falls we haven't many of this kind.

The majority of the people in Wichita not only work for prosperity in their own business—they promote it in their neighbors for the individuals' prosperity effects the whole community and all are benefitted.

Our business is new but the people are falling for it and we are prospering because we are rendering a service to the community.

Friday and Saturday nights we were compelled to run overtime in order to get out the work.

We are increasing our force in order that we may handle the work as fast as it comes.

We will have another expert cleaner from the best plant in Houston Monday.

Let the work come, we will handle it.

E. Crawford Evans, fifteen days out of Mexico City, passed through here Saturday en tour for his home in Claude. Mr. Evans says that the Mexican's one purpose in life seems to be centered around raising hob in one form or another. What time the soldiers are not tossing chilli beans to see who will assassinate the general, they are hatching up a scheme to knife some American citizen behind a back fence, he said. Ships have been anchored with no one to man them and there would be nothing for a cargo if they had a crew. What time he wasn't figuring on how to successfully dodge the enemies and get away with his life, he was figuring on how to get out of the country, he said.

Louis Campbell, formerly with the Corsicana company here, now located at Tulsa, was back yesterday for a short visit with his old friend, Mr. Campbell was one of the first oil men in this field and has many friends here who were glad to see him again. Mrs. Campbell is visiting with relatives at Henrietta.

There have been thousands of boys and girls in our public schools in the past who have been stumbling along, hating their lessons, scolded and punished by their teachers and parents, just because they had a defect of vision, of which they and their parents and teacher were ignorant.

Parents, do you know that your children have good eyesight? Do you know that they are not "long-sighted," "near-sighted," or color-blind? Do they often complain of being tired, or of having a headache when they return home from school? Do they dislike school? Are they sleepy and dull when trying to learn their home tasks? Is it hard for them to keep up with their class? Are they inclined to "Play hockey?" Then do not punish and scold them, until you first find out if there is not some physical cause behind it all, so that you may not regret later and blame yourself for neglect or injustice to one of your own.

Rev. Paul Heister of Bonarton visited for several hours with brethren in the city Saturday while en route to Newcastle to conduct a meeting.

Mrs. W. W. Bell and children left today for a few days' visit with relatives in Henrietta.

G. T. Warren left today for Fort Worth.

LADIES FIRST

You have heard this expression many, many times. Not alone since the Titanic's fatal accident, but ever since you can remember. It is the ladies that start the largest per cent of the Civic improvements. Ladies for the parks, for the children's playgrounds, for our churches and schools and for our own cemeteries. The last named would be sadly neglected indeed if it were not for the good women of this country. About one man in twenty cares anything about their beauty or upkeep. On the other hand a very small per cent of the plots are neglected if left to our good women.

We are anxious to help you continue this good work.

E. H. Short and family leave today for Tulsa, Oklahoma, where they will make their home, the general offices of Mr. Short's company having been established there. They will make the trip by automobile, stopping at Medicine Park for a short outing. Mr. Short and his family have made many friends during their residence here and there is much regret that they are to leave. Mr. Short will return frequently to look after the company's interests in the oil fields here.

Mrs. Beulah Ross of Muncholt, Kansas, arrived Saturday to spend several days visiting relatives.

What **CERTIFIED DRUGS MEAN**—Drug Certification means that each drug certified is packed in an impervious container with the certificate of the chemist who examined and analyzed the drug. The pure food and drug law of June 30, 1906, was a blow at adulteration, but was ineffective in that a thousand chemists would be required to pass on the drugs sold in Texas alone. The manufacturers of the **RED DIAMOND LINE** of certified drugs have taken time by the forelock by employing for all of this time one of the three great chemists of America. There are only three great chemists in America—Joseph P. Remington of the Philadelphia College of Pharmacy, Charles Caspari of the St. Louis College of Pharmacy, Dean Schletterbeck of the University at Ann Arbor. Mr. Caspari passes on the **RED DIAMOND LINE** at the factory in St. Louis, where drugs and chemicals are analyzed in factory runs of thousands of pounds at a time and the certificates made that are to go into each package. The **RED DIAMOND LINE** of certified drugs goes the pure food and drug law one better. It is more than the law requires. Certified drugs are for your protection.

MEASURING THE HUMAN FORM

Measuring is a fine art that has been mastered by few. The measurement must be figured to a mathematical certainty. The skilled mechanic who measures the parts of an intricate machine may seem to do wonders, but his work is not complicated at all, when compared with the work of the man who measures human bodies correctly. Machines are all the same, but the tailor who has laid the tape on thousands of men has never found two alike. Measuring a man is not merely a matter of the figures on the tape, but the contour and lines peculiar to individuals must be considered. To make a measurement that guarantees a fit requires the eye of an artist and a hand experienced. Tailoring is our business and we know no other. We do one thing and do it well. We can make your fall suit a satisfaction and a pleasure to you.

IN THE SPHERE OF WOMANKIND

MISS GLADYS HERRON HOSTESS THURSDAY EVENING

Miss Gladys Herron, assisted by her mother, Mrs. W. H. Herron and her sister, Miss Mary, entertained very charmingly Thursday evening with a lawn party at her home, 1005 Burnett. The lawn was brilliantly lighted for the occasion and on the grassy expanse tables were set for the game of "Bunco." Ten tables of players engaged in the game for some time the progress of the players was marked on dainty Dutch figure score cards, little Miss Virginia Herron keeping score. After an interesting series of games delicious ice cream, cake and mints were served. Music was also one of the enjoyable features of the evening, and at a late hour the party regrettably dispersed. This affair was rendered the more enjoyable by the fact that it was one of the final festivities before the return to school and college next week. The out of town guests were: Misses Cornelia McAllister of Paris, Hazel Ford of Denison, Lucille Thatcher of Oklahoma City and Floyd Ford of Denison, Everett Mayes and Floyd Covington of Burk Burnett. Others enjoying Miss Herron's delightful hospitality were: Misses Ruby Moore, Pauline Richolt, Pauline Meares, Helen Hines, Frances Urban, Audrey Addicks, Helen Stone, Bernice Jackson, Ethel Bean, Marie Shelton, Lillian Fain, Tula Stokes, Celia Stayton, Beryl Murph, Rubie Bachman, and Victor Jungk. Carl Jungk, Jerry Roemer, Harold Hamlin, Joe Kell, Ralph Ford, Clyde Smith, Earl Fain, Joe Ward, William Robertson, Lawrence Dougan, Henry Robertson, Glenn Berry, John Butts, Earl Edleman, James Martin Williams, Robert Avis, Leslie Milliken.

MEETING OF CIRCLE NO. 3 OF M. E. SOUTH W. H. M. S.

Circle No. 3 of the M. E. Church, South, Missionary Society will meet Monday afternoon at 3:30 at the home of Mrs. Jeff Waggoner. The subject will be the "Conquest of the Cross Over Sin." The following program will be carried out: Hymn, "America." Bible study. The Medical Missionary, Mrs. W. W. Silk. The Economic Problem of the Liquor Question, Mrs. Peery. The United States, a Nation of Saloonkeepers, Mrs. Kearby. Relative Merit of High Licenses and Local Option, State Dispensaries and State Prohibition. China and the Opium Trade, Mrs. Bralley. Results of Criminal Study, Mrs. Keith. All ladies in the church living from Brook street on out to the lake are cordially invited to attend this meeting.

MRS. A. H. CARRIGAN ENTERTAINS WITH CAMP SUPPER

The S. L. Class of the First Presbyterian Sunday school enjoyed a unique camp supper at the home of their teacher, Mrs. A. H. Carrigan Friday evening. Preceding the supper the girls held a short business meeting and engaged in song practice for some time. The meeting then adjourned to the lawn. In the driveway a camp fire had been built and here steak was broiled and potatoes cooked in several highly approved styles. Sliced tomatoes and onions, pickles and other appetizers were enjoyed and the camp repast was topped off with peach ice cream and cake. The cooking of the supper in itself furnished much amusement and

the eating completed the enjoyment. The girls enjoying this unusual meeting were: Misses Adele Addicks, Elizabeth Patterson, Lella Beall Anderson, Lorna Shaw, Marion Maer, Margaret Burnside, Louise Leicham, Mattie Ruth Corlett, Sibyl Kell, Irene Danielson, Ona Wray, Louise Frieze, Ruth Simpson, Dorothy Toney, Louise Montgomery and Mildred Van Voy.

DIVISION MEETINGS OF BAPTIST WOMAN'S ALLIANCE

The Woman's Alliance of the First Baptist Church will meet Monday afternoon in separate divisions at 4 o'clock. Division No. 1 will meet with Mrs. Cousins, 2001 Tenth street; No. 2 will meet with Mrs. Clint Wood, 1624 Tenth; No. 3 with Mrs. Smyre, 903 Austin; No. 5 with Mrs. Drake, 1313 Fourteenth; No. 6 with Mrs. G. W. Filgo, 1409 Tenth; No. 8 with Mrs. Basford, 809 Burnett; No. 10 with Mrs. Elmer Filgo, 1407 Tenth; Nos. 4, 7 and 9 will meet at the church.

MISS INEZ CRITES ENTERTAINS THE Y. G. C.'s

The Y. G. C.'s met in unusually pleasant session Friday afternoon with Miss Inez Crites as hostess. During the round of needlework and conversation delicious fruit was passed and when work had been laid aside late in the afternoon a dainty course of ice cream and cake was served to the following: Misses Lona Brown, Pearl Maricle, Winnie Mae Giddings, Julia Brookbanks, Lucille Doke and Josephine Bachman.

W. S. CURLEE HOSTESS AT SURPRISE DINNER THURSDAY

Thursday evening Mrs. W. S. Curlee entertained with a surprise dinner, honoring the twenty-seventh birthday of Mr. Curlee. A sumptuous repast was served to the following: Messrs. Wise, Hines, Nussbaum, Mexia, Somers, Harrington, Wood and Louis Nussbaum. Mrs. W. W. Silk, president of the Delphian Society has called a meeting for Tuesday morning at ten o'clock. Important business will be discussed and all members are requested to be present.

SOCIAL CALENDAR FOR THE COMING WEEK

- Monday, Sept. 14—The Ladies Aid of the Central Presbyterian Church will meet with Mrs. Henry L. Wilson. The Baptist Woman's Alliance will meet in separate divisions. The Woman's Home Mission Society of the M. E. Church, South, will meet in Circles.
- Tuesday, Sept. 15—The Little Sisters will meet with Miss Gegeviene Carver. The Delphian Society will hold a call meeting at 10 o'clock at the home of Mrs. W. W. Silk. A meeting of the Home Economics Club has been called for 3 o'clock at the home of Mrs. D. E. Thomas, 1508 Tenth street. Business of importance and every member is expected to be present. The Progressive Crochet Club will meet with Mrs. Young.
- Wednesday, Sept. 16—The New Idea Club will hold a business meeting at the home of Mrs. E. V. Friberg.
- Thursday, Sept. 17—The Thursday Sewing Circle will meet with Mrs. J. M. Bell.
- Friday, Sept. 18—The Merry Wives will be entertained by Mesdames Wilson and Pirtle. The Ladies of the First M. E. Church will hold a dollar social Friday evening. Wichita Circle will meet in regular session at 2:30 in the I. O. O. F. Hall.
- Saturday, Sept. 19—The Little Girls Sewing Club will meet with Miss Ruth Nolen. Miss Lucille Doke will be hostess to the Y. G. C.'s.

MASTER PRESTON WOOD CELEBRATES SIXTH BIRTHDAY

Master Preston Wood entertained with a party Thursday afternoon at the home of his parents, Mr. and Mrs. G. C. Wood, in honor of his sixth birthday. The little folks blew soap bubbles and played games on the lawn for some time. Then ice cream cones were served. The little folks were then invited into the dining room to attend the cutting of the birthday cake. The cake with its lighted candles occupied the center of the prettily decorated table. In the cutting of the cake Lena Miller found the ring. For some time the dinner, Rena Hines the penny, and the little host cut the button. A group picture was taken of the merry crowd, and just before leaving the girls were presented with dolls and the boys with bags of marbles as souvenirs of the occasion. The young host was assisted in entering the small dolls with real hair, Hines and Mrs. R. L. Taylor. Those enjoying the happy event with Master Preston were: Rena and Majorie Hines, Francis Cullinan, Helen Solder, Virginia Robertson, Mary Pressley, Lorraine Lyons of Fort Worth, Lucille Smith, Icie V. Larkin, Mattie Lee Strauss, Bernice Gohlke, Lena Miller, Evelyn and Clara Hartscock, Dunes and Lewis Moore of Kansas City, Marvin Bond, John Leicham, Frank Alvin Walters Clyde Strauss, Harold Taylor, Jack Cullinan and Chug Gohlke.

MRS. B. T. BURGESS ENTERTAINS SUNDAY SCHOOL CLASS

The first year intermediate class of girls in the Martin School Sunday school were entertained Tuesday evening with a lawn party at the home of their teacher, Mrs. B. T. Burgess. The lawn was strung with electric lights, shaded with art domes, providing an out of door playroom. Games of various kinds were played. From a unique rock wall on the lawn, punch was served throughout the evening by Misses Thelma Taylor and Zelma Randolph. The iced beverage was dipped up with a rude dipper and served in little brown mugs, a pleasant novelty thus being provided. Watermelon was served at the conclusion of the games and the favors for the evening, small dolls with real hair, graced the center of each plate. The class members present were: Misses Irma Cassidy, Annie Belle Scurry, Annie Hawthorne, Ruth Beggs, Norma Newton, Fannie Craig, Mary Taylor, Ma Millican, Lillian Arrington, Nina Goldie Maricle, Vesta Etheridge, Vel-Staley, Louise Storm, Purdie Duncan, Evelyn Thornton, Lois Morgan, Mary Walker, Myrl Stimpson, Lillian Lindway, Leon Froman, Mae Miller, Colla Woodward. The guests were: Misses Emma McInnis, Tina Smith, Mary Leath Tevis, Hazel Miller, Beulah Walker, Thelma Taylor and Zelma Randolph.

INFORMAL RECEPTION AT COLLEGE OF M. & A. TONIGHT

Miss Jenks, the instructor in expression will receive informally at the College of Music and Art tonight. All friends and patrons of the institution are most cordially invited to be present. Miss Jenks will give several readings during the course of the evening. As a teacher of expression she has had an especially fitting training, having completed the courses in the Martin School of Oratory, Washington, and the Columbia Institute, Chicago and she is also a pupil of S. G. Clark, famous reader.

DANCE AT LAKE PAVILION IS ENJOYED THURSDAY NIGHT

A number of young people journeyed to Lake Wichita Thursday night for another of the pleasant informal dances, the first in a number of weeks. Music by Katz orchestra was provided and dancing was indulged in until a late hour. Those present included: Misses Genevieve Carver, Anne Carrigan, Lillian McGregor, Lillian Avis, Mary Orth, Bess Kell, Bertha Mae Kemp, Kathleen Blair, Merritt, Messrs. Carter McGregor, L. G. G. Griffin, John Gould, Ernest Fain, Linn Boyd, Orripp, Stone, Jack Barnard, Baum, James, Marin of Electric and Barnard of Tennessee, Mr. and Mrs. Cassell and Mr. and Mrs. Natt Wagner.

THURSDAY SEWING CIRCLE WITH MRS. T. J. WAGGONER

The Thursday Sewing Circle met in regular session Thursday afternoon with Mrs. T. J. Waggoner. The usual routine of sewing and conversation was followed. The members present were: Mesdames Pressley, Bell, Murph, Montgomery and Waggoner. Mrs. Lyon, sister of Mrs. Pressley was the guest of the afternoon.

HOUSE PARTY AT LAKE WICHITA FOR COMING WEEK

Misses Celia Stayton, Beryl Murph, Hazel Ford of Denison, Gladys Herron and John Butts, Glenn Berry, Harold Murph, Gyle Berry will make up a house party for the coming week at Lake Wichita. The party will occupy a cottage on the lake shore and will be chaperoned by Mr. and Mrs. John Chambers. During their stay they will keep open house at various times for their friends and have numerous amusements planned.

MRS. BULLARD HOSTESS TO LADIES' BIBLE CLASS

Mrs. B. M. Bullard was hostess to the Ladies Bible Class of the M. E. Church, South, Thursday afternoon at her home, 1207 Austin. The devotional service of the afternoon was led by Mrs. A. M. Hartscock and was exceedingly interesting and beneficial, all of the ladies taking part with pleasure. Social features were not lacking and a delicious refreshment course of cherry ice cream and wafers was served by the hostess. Those present included: Mesdames Jackson, Fleming, Shelton, Cook, Anderson, Hanes, Jontz, Hartscock, Norton, Downing, Faulks, Priebe, Niles, White, Chauncey, Ford, Snell, Darnell, Mann, Brown, Frank, Gwinn, Rahl, Doke, Flaten and the hostess.

ACME LAUNDRY EMPLOYEES ENJOY OUTING THURSDAY

The employers and employees of the Acme Laundry Company enjoyed their annual picnic outing at Lake Wichita Thursday night. There were about forty in attendance to enjoy the sumptuous and abundant basket supper, served in picnic fashion. Various amusements were enjoyed after supper and the return trip was made late in the evening. All reported an evening of perfect enjoyment and ex-

LITTLE GIRLS SEWING CLUB MEETS THURSDAY

The Little Girls Sewing Club enjoyed a very delightful meeting Thursday afternoon with Miss Madeline Basford as hostess. On arriving the girls were given slips of paper and pencils by Miss Elizabeth Youngblood who assisted Mrs. Basford in entertaining and were asked to guess at her height. Little Miss Elizabeth Brown was the successful guesser, receiving as prize a fancy talcum powder box. Sewing for a time then engaged the attention of all, followed by games on the lawn. Ice cream and cake was served by the mother of the hostess, assisted by Miss Youngblood. Before adjourning it was decided to hold the meetings in the future on Saturday afternoons, as school starts next week. The guests were: Misses Isabelle Walker, Elizabeth Brown, Kathleen Lynch, Kathrine and Minter Watts. Club members present were: Misses Ruth and Dorothy Nolen, Hallie Adams, Ella Merle Mathis and the hostess.

EPWORTH LEAGUE ELECTS OFFICERS MONDAY EVENING

The Epworth League of the M. E. Church, South, held its first business meeting after the summer vacation Monday night at the church. General plans for the coming year were discussed and the following officers were elected to serve during the ensuing year: President, Miss Anna Trumble; first vice president, C. V. Durland; second vice president, Miss Una Cook; third vice president, Misses Florence Barrier and Adah Anderson and Joe Stokes; fourth vice president, Earl H. Edleman; secretary, Miss Kathleen Coffield; treasurer, Merle T. Waggoner; agent for Epworth Era, Jim Hanks.

RECEPTION FOR TEACHERS TO BE HELD SEPTEMBER 25

The reception which it has been the custom of the Mother's Clubs of the city to extend to the teachers of the city schools before the opening of school, has been deferred until the Friday the 25th and will be held in the evening so that the fathers, as well as the mothers will be able to attend and become acquainted with the teachers. Further announcement will be made of this reception at a later date.

MRS. DEATHERAGE HOSTESS TO ROWENA CIRCLE

Wednesday afternoon marked another day for the meeting of the Rowena Circle, the session being held at the home of Mrs. L. Deatherage. The officers of the Circle, Mrs. South, president, Mrs. Deatherage, vice president, Mrs. Dunaway, secretary, and Mrs. Robertson, treasurer, were present and filled their respective places. As usual the business was attended to first, these being much to discuss, and then the members were discharged after performing their duty and new ones to be appointed to take up their work. The

circle is rapidly growing, as every one is taking an interest and is ever ready to do her part. "Ivanhoe" was taken up following the completion of the business, and as only one chapter is discussed at each meeting, there is not a great deal to be said. The third chapter gives a lucid description of Cedric, the Saxon, his home and servants, with here and there a mention of the beautiful Lady Rowena, and further knowledge of her will be gained with much pleasure. The social hour was much enjoyed, music and conversation being the diversion offered. Delicious refreshments were served, after which all said goodbye until the next evening, September 23, with Mrs. S. A. Douglas, 1912 Eighth street. The members present at this meeting were Mesdames South, Richardson, Dunaway, Robertson, Coleburne, McAllister, Hallowitz, Jenne, Shenler, Douglas, Misses Carlton and Adams and the hostess, Mrs. Deatherage.

MISS MARIE SHELTON HOSTESS TO WESLEY GIRLS

The Wesley Girls met in regular session Tuesday afternoon with Miss Marie Shelton. The usual sewing with a social chat constituted the program for the afternoon's amusement and the hostess served delicious pineapple sherbet and cake. Those present were: Misses Zola Holmerson, Marie Hickman, Mrs. Lester Jones, Mrs. Rhea Howard and the hostess.

LITTLE SISTERS MEET WITH BESS KELL

After adjourning during the summer months, during which time the members were out of town, the Little Sisters resumed their meetings for the fall, meeting with Miss Bess Kell as hostess Wednesday afternoon. The afternoon was spent in the pleasant manner customary to this social club and Miss Anne Carrigan was the guest of the afternoon. A delicious salad and ice course was served late in the afternoon to the following: Misses Kathleen Blair, Anne Carrigan and the hostess.

MRS. G. E. FRIBERG ENTERTAINS NEW IDEA CLUB

The New Idea Club has resumed its meetings for the fall, meeting Wednesday afternoon with Mrs. G. E. Friberg. Interesting discussions of the summer vacation trips made by the various members were enjoyed along with the usual sewing. The hostess assisted by her three daughters, Misses Nettie, Estelle and Edmontine served delicious ice cream, cake, home made cookies and tea punch. The guests were: Mesdames Fred Sawyer, C. C. Smith and Mrs. Fehr of Denison. The club members present were: Mesdames Simon, Carey, Dells, Goodale, E. V. Friberg, Dodson, H. J. Bachman and the hostess.

MISS DORA COONS ENTERTAINS SUNDAY SCHOOL CLASS

Wednesday afternoon Miss Dora Coons entertained the girls of the Sunday school class in the first

(Continued on Page 3)

1915 HUPMOBILE 1915

Car of the American Family

For the third time the Hupp Motor Car Company has produced a car which, we believe will prove immeasurably superior to any that assumes to compete with it. The first Hupmobile 20 made for itself, and held against all rivalry, an immense following at home and abroad. The "32" put the Hupmobile into another class, and surpassed the "20" in world-wide popularity. This new Hupmobile bids fair to eclipse them both, as the very utmost a motorist can desire. A highly specialized, individualized, Hupmobilized motor car, which gives you, we believe, more service and comfort for your money than you can find if you comb the market a dozen times over. Listen to the details:

Hupmobile **\$1200**
Complete
IMPROVEMENTS

Longer wheelbase
More room
Improved body
Improved upholstery
More power
Larger bore
Larger Valves
Better carburation
Improved combustion chamber
Special quiet cams
Valve tappets operating in oil
Improved motor lubrication
13 clutch plates

Intake manifold water jacketed
New type radiator
Improved steering
Easier clutch operation
Improved starting and lighting
Non-stallable motor
Improved ignition
Left drive
Larger pedal pads
Rear springs semi-elliptic
Longer front springs
Springs self-lubricating
Larger wheels

Larger gasoline tank
One-man type top
New windshield
Transmission speedometer drive
Lock on ignition and lighting switches
Automatic spark advance
Throttle lever on steering wheel
Ignition and lighting switches on cowl board
Exclusive non-glare dimmer headlights
Exclusive design tail light
Improved axle shaft and hub connection
Non-skid rear tires
Illuminated speedometer
Linoleum-covered running boards
New style top covers
New side curtains to swing open with doors
Crowned wheels
Heavier flywheel
14-inch brakes
Concealed hinges
Flush door handles inside

SPECIFICATIONS

More Power

Motor, 3.34 inch bore by 5.12-inch stroke; cylinders cast on block, with water jacket space between barrels; valves 1.12-inch clear diameter, mushroom tappets, with special shape cams, very quiet; valve spring chamber closed by oil-tight cover, so that the contacts are made in an oil bath. New shape combustion chamber, larger valves and larger cylinder bore produce more power. Multiple disc clutch, with thirteen 13-inch plates.

New Type Carburetor

Horizontal type bolted directly to cylinder block. Gas passage between cylinders, so that intake manifold is heated its entire length, assuring complete vaporization of even the heaviest gasoline.

Improved Oiling

A system already highly efficient made still better. Pressure feed from fly-wheel to main bearing and connecting rod bearings; cylinder walls lubricated by mist from crankshaft.

Modern Ignition

Ignition from storage battery, with automatic spark advance. Type rapidly being adopted by progressive engineers.

Single Unit Electrical System

Generator and starting motor combined, driven by silent chain from front end of crankshaft. Supplies current for starting, ignition and lighting. Makes motor non-stallable. Westinghouse 12-volt system.

Larger Wheelbase! More Room

Wheelbase, 119 inches; track, 34 by 4 inches. Roomy, five passenger body; 2 niches more leg-room in front, 7 inches more in tonneau; full tufted upholstery; concealed door hinges, flush handles. Front springs, 37 inches long, practically flat; rear springs, semi-elliptic, 52 inches

long, swung under axle; springs self-oiling. Brakes, 14 inches in diameter.

Left Steer, Center Control

Steering wheel at left; gear change and hand brake levers at driver's right. Speedometer, starting and lighting switches mounted flush in center of cowl board. Speedometer drive from transmission.

Non-Glare Dimmer Headlights

Hupmobile design. Upper half of headlight glass corrugated. Kills reflector glare, complying with many city ordinances and giving full illumination on road. One bulb in headlights, dimmed at will, through resistance in switch. No sidelamps.

Equipment and Other Details

16-gallon gasoline tank in cowl; rainvision windshield, fixed uprights, lower half adjustable for ventilation. One-man type top, attaching to windshield. Crowned fenders, with flat edge and without beading. Tail lamp exclusive Hupmobile design, illuminates license plate and entire width of road for considerable distance behind car. Non-skid tires on rear; demountable rims; carrier at rear for spare rim and tire. Lighting and ignition switches controlled by Yale locks. Speedometer. Robe rail, foot rail and coxmat in tonneau. Color: blue-black with maroon running gear.

Price, F. O. B. Detroit, includes complete equipment.

Price in Canada \$1400, F. O. B. Windsor with complete equipment.

Complete with electric starter and lights—demountable rims, over-size tires—\$3x4—tire carrier at rear. . . .

With regular equipment of top, windshield, gas lamps, etc., but without special equipment noted above, \$950. Prices F. O. B. Detroit.

Price in Canada, \$1230, F. O. B. Windsor, including electrical and other special equipment noted above.

1915 Models are now exhibit at our garage

Collonna Toggery's Showing of Ladies' Wear Reflects European War

The Russian influence predominates in everything from the ultra-smart military toque with its cockade of metallic ribbon to the tip of milady's smart patent boot with the military heel and square toe, and nowhere are more charming variations of the Russian modes shown than at the Collonna Toggery Shop. The ultra chic suits all show the Russian tunic in one of its lengths, either the very long or the modified and the 3/4-skirt is much favored also. Black broadcloths are one of the most favored materials for dressy suits and some very beautiful models are shown, trimmed in silk braid or with a combination of fur fabric. To a certain extent the prevalence of black over all the other colors is due to the war and it will be noticed that the smarter shops throughout the city show more but the somber color, and in this the Toggery is no exception. But all hint of mourning stops with the color, for the trimmings are very elaborate, suggesting, indeed, all the pomp and show of the official military glory. Russian green, wisteria and purple, bigger brown and the old reliable navy form practically the entire scope of choice in colors for the coat suit this winter. The coats are in varying lengths, ranging from thirty-six inches to extremely long ones. The same somber colors are noticed in the dresses and for the winter there is but one mode and every style of dress may be traced directly to the basque—not the old-fashioned basque, to be sure, but a modified basque, cut on loose lines and quite charming alike on the young girl and the matron. Pussy-willow taffeta is the most favored material, with the possible exception of satin and in the rich dark colors the fabrics are wonderfully beautiful. The evening dresses are not so very different from those of the past year; chiffons and light silks have received the stamp of approval, and here as elsewhere the long tunic is supreme. The evening frocks are very elaborate—trimmed and a beautiful line is offered for selection. While on the subject of evening gowns, mention must be made of the unusually pretty evening wraps shown by Collonna. Three very gorgeous wraps in particular were noticed, one in a gold chenille velvet, lined with peau de cygne and a collar and long lapels of monkey fur. Elaborate trimmings of silk cord and tassels

Scene from "The Poor Rich Man," opening play of the Gilson-Bradfield Stock Company, at the Wichita Theatre Monday night, September 14th.

Sensations Felt By Soldiers in Shower of Bullets

Berlin, Aug. 21.—(By mail)—Some psychological studies as to the sensations of the soldier who faces a shower of bullets which were written by Col. Margiarotti of the Italian army, are published as timely in Bohemia, a newspaper in Prague. The question as to how a soldier feels at the height of battle was put to about 2,000 men who had seen ser-

Hats Close Fitting

Everywhere the small, close fitting hat is in favor and it must needs be of black velvet. Russian military turban of the Scottish Highlander cap with the upstanding cockade lead over all other styles for immediate wear. The French styles, of which we see less and less each day, lean towards the large sailor and it is predicted that later in the season the large hat will experience a complete restoration to favor. For the school girl there has been no prettier style shown than the little jockey caps, either in the velvet or the mackinaw cloth. Everywhere the girls have taken to these caps at once and they are very good for everyday wear, imparting to the wearer an unmistakable air of chic.

Form Letters for Soldiers to Their Sweethearts

London, Aug. 25.—(By mail)—It is the purpose of the war office to reduce letters from soldiers to sweethearts and friends, to mere formal statements as far as possible and slips have been prepared which soldiers are urged to use in communicating with those at home. These bare tabular statements as to the health of the writer and his general condition. By a mere scratch of a lead pencil a soldier can indicate whether he is well or ill. If ill he may by another mark indicate how serious his illness is. No statement as to the locality in which the letter is written will be tolerated, the trooper merely being permitted to mention his army corps.

GERMANY AND AUSTRIA WILL HOLD TOGETHER

Copenhagen, Sept. 11.—The Vossische Zeitung of Berlin declares that previous to the outbreak of war Germany and Austria agreed not to make peace without the consent of both.

Fish Tried to Chew Tobacco—And It Killed Them

Someone threw tobacco into W. N. Bartlett's fish tank recently, which resulted in killing about fifty fine perch and lots of little ones. The tobacco sunk at first, then floated and the fish tried to eat it. This shows that you cannot teach a fish to chew tobacco. Quannah Observer.

SOCIETY

(Continued from Page 1)

Christian Church with a "tacky party." The girls all vied with each other in their costume and make-up and the results of their united efforts were indeed ludicrous. Miss Mary Leath Tevis received the first prize for being the tackiest, the favor being a Japanese "Hear no evil, see no evil, speak no evil" charm. To Miss Guselle Pitchford went the second prize. Games of various sorts were played and the hostess served what she termed "tacky" refreshments, red soda pop and barrel-tinger snaps. The class members present were: Misses Mary Leath Tevis, Genevieve Mudd, Edith Yates, Juanita Hammarley, Guselle Pitchford, Lucille Holden, Florence Tyson, Lucille Henderson, Alice Butler, Sibyl James, Ramie Pardo, Ethel Fanges, Ruth McKinzie. The other guests were: Misses Annie Lea, Louise and Sadie Tevis, Gwendolyn Mudd and Mesdames Tevis and Mudd.

WOODRUFF-ORTH NUPTIALS AT HIGH NOON THURSDAY

Thursday at high noon Miss Gertrude Orth, second daughter of Mr. and Mrs. T. R. Orth, became the bride of F. D. Woodruff, at the home of her parents, 1101 Tenth street. The nuptial rites were performed by Rev. Frederick Datson, rector of the Church of the Good Shepherd, and were attended by only the immediate family and a few close friends. Preceding the ceremony Miss Mary Orth, younger sister of the bride, sang "I Love You Truly," and then to the strains of the wedding march played by Mrs. B. F. Terry of Dallas, sister of the bride, the bridal couple entered, unattended. Following the ceremony Mr. and Mrs. Woodruff left immediately on their wedding tour. They will be to spend in South Texas, visit Panama, go from there by boat to New York and after a tour of the East will return in about two months to make this their home. The bride was attired in a midnight blue tailored suit with hat and other accessories to match and carried American beauty roses. As a member of the younger society set, she was very popular and is one of the most charming young ladies of this city. The groom has interests in the oil fields and during his residence in this city has made many warm friends who will be ready to congratulate him on his lovely and charming bride.

MISSION SOCIETY OF M. E. CHURCH SOUTH MEETS MONDAY

After adjournment through the summer months, the Women's Missionary Society of the M. E. Church South opened the fall season with a business meeting held Monday in the church parlors. A number of tentative plans for the society's activities during the winter were discussed and much enthusiasm in the work planned was exhibited. The attendance for this first meeting was very pleasing. The society meets in separate circles next Monday, the place of meeting to be announced later.

CENTRAL PRES. LADIES MEET WITH MRS. KERR

The Ladies Aid of the Central Presbyterian Church met in very pleasant social session Monday afternoon with Mrs. Philip Kerr as hostess. Quite a good number of ladies were in attendance and business plans were mingled with the social features. A bazaar to be held a short time before Christmas was decided upon definitely and even now the ladies are starting to work to this end. Among other important matters to come up was the discussion of the feasibility of supporting a girl in the mission school of the church in the mountains of Kentucky. The Aid was unanimously in favor of this, as they are in touch with Miss Carrie Lawrence, one of the teachers in the mission school and know the great needs of the people. They will undertake the education of one or more girls in this school and for this will be busily engaged in raising money during the fall. Plans were also made to serve lunch on circus day. At the close of the meeting the hostess served brick cream and cake.

PROGRESSIVE CROCHET CLUB ENTERTAINS SATURDAY

Saturday afternoon the members of the Progressive Crochet Club entertained with a delightful surprise party honoring Mrs. C. E. Bates, one of their number who leaves soon for Kansas City, and Mrs. J. M. Ross, a visitor from Fort Worth. The club met at the home of Mrs. Bates and presented to each of the honorees a set of handsome silver teaspoons. The surprise was quite a delightful one and fully enjoyed by all, the afternoon being spent in crocheting and social chat. Iced watermelon was served and those present included: Mesdames Bates, Ross of Fort Worth, Hill, Boone, Riggsbee, Cohenour, Barclay, Smith, Denton, Lindsay, Fox and Thompson.

SUCCESSFUL YEAR END OF BAPTIST M. S. REPORTED

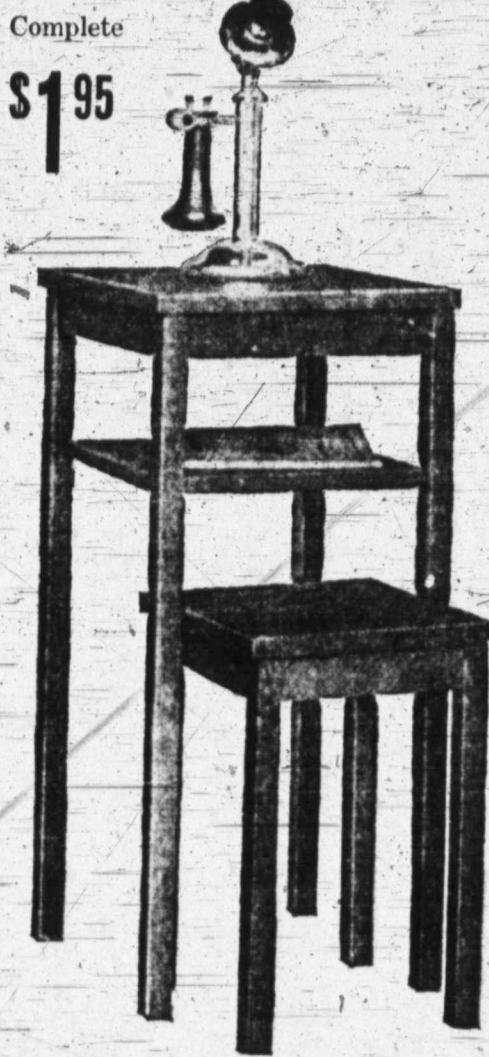

The meeting of the Missionary Society of the First Baptist Church Monday afternoon marked the close of the associational year and a business session was held in which all the affairs of the society were put in order for report at the associational meeting to be held the 9th of this month at Electra. The free will offerings of the year were reported as amounting to more than \$1300. At this meeting the sum of \$100 was given for associational missions. Mrs. Harding, connected with the training school at Fort Worth, was present with the society at this meeting. The missionary program was led by Mrs. R. W. Cook and the entire meeting was full of interest. The Alliance will meet in separate divisions next Monday.

CAMPING PARTY AT LAKE WICHITA AT END

The house party of young people which had been at Lake Wichita for the past week broke camp Tuesday after enjoying all the Labor Day celebration. Miss Rhea Gardner and Henry Davis were guests at the camp Sunday and Monday. The races, ball games and other amusements were enjoyed in addition to the usual sports, boating, swimming and skating. Those in the party were: Mr. and Mrs. Dobson, Mrs. Frank Montgomery, Misses Marian Dobson, Julia Long, Ruth Stayton and Luther Bell, Luther Nelson, Harry Clark, Addison Trotter.

WEEK END PARTY AT THE JOYCE RANCH

Motoring out Saturday to the Joyce ranch the following Wichitans enjoyed a delightful outing, Misses Maude Carnes, Edna Black, Mrs. Zula Meares and Jack Avis. Various amusements were enjoyed and the usual bounteous hospitality of Mr. and Mrs. R. H. Joyce which has given them fame as entertainers. Chicken dinners, watermelon feasts, motor rides and kindred diversions made the time pass very pleasantly.

PROGRESSIVE CROCHET CLUB ENTERTAINED THURSDAY

Tuesday afternoon the members of the Progressive Crochet Club enjoyed a thoroughly delightful meeting with Mrs. C. E. Bates and Mrs. J. M. Ross as joint hostesses. Both hostesses are members of the club who leave soon, Mrs. Ross to return to her home in Fort Worth, and Mrs. Bates will make Kansas City her home, so this last meeting was one of mingled pleasure and regret. The usual crocheting occupied the attention of all until the delicious refreshment course of ice cream, cake and lemonade was served. The club members present were: Mesdames Thompson, Reed, Lindsay, Smith, Denton, Cohenour, Hill, Dillard, Ulrich, Barclay and Seitz. The guests of the afternoon were: Mesdames Fox and West.

MEETING OF WOODMEN CIRCLE MONDAY AFTERNOON

Labor Day was quite a memorable one in the annals of Woodmen Circle No. 1447, the regular business meeting being held at 3 o'clock. In ad-

dition to the regular form of meeting two candidates, Mesdames Mallett and Coroner were initiated with the attendant beautiful and impressive ceremonies. Mrs. Stone, the Louisiana deputy, has been present at several of the meetings and each member but wishes that by some means they could persuade her to make Wichita Falls her home. A number of other visitors were present, a fact much appreciated. The ladies of the Grove served delicious ice cream and cake, thus contributing further to the enjoyment of the afternoon. The Circle is growing in numbers and wisdom. "Come and see" is the invitation extended. A MEMBER.

STAG DINNER HONORING BIRTHDAY OF GEORGE KEITH

Tuesday evening Mrs. George Keith entertained with a surprise dinner in honor of Mr. Keith's birthday. Shortly after the unsuspecting host arrived at his home in the evening the invited guests came and took him quite by surprise. The dinner was quite a success and the honoree received a number of gifts, among them a handsome Knight Templar watch fob, presented by the employees of the Wichita Produce Company. The guests on this occasion were Messrs. Morris Marcus, Abe Marcus, L. H. Roberts, V. E. Stampfl, Y. T. Drinkard, Milo Connelly, N. B. Hall, Lloyd Wilson, Guy Wilson.

MR. AND MRS. L. C. ROBERTSON ENTERTAIN FRIDAY

Mrs. L. C. Robertson entertained a number of friends at her home Friday evening in honor of Mr. Robertson's birthday, affording him a complete surprise. Mr. Robertson was invited out by Mr. South to help write a Yocemen member until the guests arrived and when he stepped in the door his countenance was marked not only with surprise and wonder but also with joy and happiness to know that he had been so kindly remembered. Contests of various kinds afforded entertainment for the evening. In one of the contests a supply of cloth and buttons with needle and thread was furnished all and a prize given to W. W. Shuler for sewing the buttons on nearest and in the quickest time. The prize for the best sleeve pattern cut went to E. L. Richardson. In another contest, worthy of mention, two prizes were given for the prettiest and most tastefully trimmed hat, first prize going to Mr. South, while Mr. Robertson received the second prize, each being most deserving winners. After the awarding of the prizes every one enjoyed a few minutes of social conversation and were then invited into the dining room to partake of most delectable refreshments, consisting of the most delicious ice cream, exhilarating fruit and punch and cake. After the expressions of appreciation for the pleasant evening and wishing the host many fond and happy returns, the guests departed. Those present were Messrs. and Mesdames Wallace, Dentherage, South, Carlton, Robertson, Richardson, Hallowitz, Ver-non, Mesdames Zetsche, Oldham and Jenne, Misses Parker, Andrews, Bonnie and Gladys Zetsche, Anna Johnson, Ora Carlton, Bartlett, Messrs. Samples, Tolbert, Pfeiffer and Foster and Pearl and Johnnie South, Kath-

rine and Rebecca Jenne and Octavia Zetsche.

DRAMATIC RECITAL FRIDAY AT COLLEGE OF M. & A.

A most delightful informal recital was given Friday evening at the College of Music and Art by Miss Minnie Bird Jenks, the new expression teacher at the College, before a select and appreciative audience. A general invitation was given through the press and was largely responded to. Miss Jenks is a graduate of Parsons College, Iowa, Martyn School of Oratory, Washington, Columbia College of Expression, Chicago, and is a pupil of America's greatest reader, F. H. Clark. She has several degrees and came so highly recommended that the audience naturally expected much, nor were they disappointed for their expectations were surpassed. Miss Jenks ranks readily among the best that has ever come to this city and with her charming personality and splendid voice she combines the best of training. Her chief charm is her naturalness and ease of manner and her excellent interpretation. Her program was as follows: "Work," Van Dyke; "Out to Old Aunt Mary's," Riley; "Watching the Sparkling," Brooks; "Christmas at Trimble's," Ruth McEnery Stuart; "Angelina Johnson," and "The Rivals" by Dun-Jar. By request she gave "Knee Deep in June" by Riley and closed with "Good Bye, God Bless You" by Eugene Field. All those who heard Miss Jenks Friday will look eagerly forward to her next appearance which will be in the near future.

The Ladies' Aid Society of the First Methodist church will serve dinner on Circus Day.

Misses Icie and Dola White and Mrs. McNeil and little daughter, Kathrine Louise, are expected to arrive the first of the week from Long Beach, California, where they have been for the past year.

Mr. and Mrs. A. Zundelowitz are expected to return home soon from the East where they spent the summer months. Their new residence on Austin is nearing completion and will be ready for occupancy by the time of their return.

with his grandparents, Mr. and Mrs. G. W. Eagle, and his aunt, Mrs. H. C. Dakan.

AT THE THEATERS

"MILLION DOLLAR MYSTERY" AT VICTORIA MONDAY

The eleventh episode of "The Million Dollar Mystery" is showing at the Victoria Monday. The conclusion of the picture last Monday left Florence and her faithful Jimmy hastening toward the railroad station and Brain remained bound and gagged in the cabin of the whaler. He finally succeeds in getting the gag from his mouth and attracts the attention of the whaler captain and is released. He reaches the station just as the train pulls out with Florence and Jim Norton on board. He writes to the Countess to meet the train and intercept them. She does so in company with Jackson the conspirator. Just after they board the train and find Florence and Norton, the train is wrecked and all except Jackson are rendered unconscious. He quickly grabs Florence and carries her to a deserted hut, which is sometimes frequented by a gang of cut throats in the pay of the conspirators. When Florence recovers from her swoon she is surrounded by the gang who threaten her with instant death unless she shall reveal the secret cache of the missing million. Norton carries the Countess from the wreck, thinking that Florence has been cared for by some of the train crew. He learns from a farmer that Florence has been carried off and goes to search for her. As he comes in the vicinity of the hut, the lookout spies him and he also is in the clutches of the gang. They use him as a further means of threatening Florence, and as she pleads ignorance again they take him to the nearby railway where the "Lightning Express" is due to pass soon. In desperation Florence succeeds in severing her bonds and by what seems almost a miracle finally rescues Jim from the onrushing train. They call the law to their aid and escape for the time being from the gang.

"PERILS OF PAULINE" AT EMPRESS WEDNESDAY

The twelfth episode in "The Perils of Pauline" will be shown at the Empress Theatre Wednesday. This installment leads us through a kidnapping scene, pictures some good views of a gypsy camp, and exciting fight and rescue scenes. It is safe to say that since the beginning of the series no one scene has contained more heart thumping curiosity and fear for Pauline's safety than the last scene in this episode in which the heroine admires and fondles a basket of flowers in which a rattlesnake has been hidden.

line being brought into the camp by her lover, and offers to lead him to the place if he will agree to thrash the kidnapper. Harry promises and is soon actively engaged in making good his word. A well aimed bottle puts his opponent out of the fight and he and Pauline immediately make their way back home.

Now that her wish has been fulfilled, the gypsy girl is sorry for her lover and vows vengeance on the former captive. In accordance with her idea of revenge she conceals a rattlesnake in a basket, covers it over with wild flowers and leaves it with the butter to be delivered to Pauline. The butter carries the gift to the drawing room in which Harry and his adopted sister are sitting. Delighted at receiving such fragrant flowers, Pauline reaches down to take them out of the basket—and—

ALICE JOYCE FEATURE AT GEM THEATRE MONDAY

Alice Joyce is to be seen in a really wonderful production at the Gem Theatre Monday. "The Weakling" is one of the best of the Kalem productions for many months and the favorite star is seen at her best.

The picture sets before us the troubles of a youth rightly endowed by nature, but sorely tried by lack of physical courage until, at the end, he overcomes the defect, winning thereby the girl of his choice. It makes it very clear to us that his blemish is due not to heredity—but to environment. More intellectual than his relatives and more sensitive, he is the butt of his elder brother's vituperation and of the scorn of his parents as well. He is not weak in body or mind, but younger, and has been trained to cower, so they call him "the weakling." The first scene opens with a picture of the two youngsters playing with large cones before the rough cabin of a mountaineer. The elder brother is already playing the tyrant and the younger has to stand ill treatment from him. Two short scenes carry us along; fifteen years. The boys have become young men and the old relationship of bully and butt still holds. Dave, the bully, is played by Jerry Austin and the younger brother, Litt, by Tom Moore.

At this point we find the girl Nancy, daughter of a Judge, who is to be the heroine of the story (played by Alice Joyce), leaving her comfortable home in the foothills to do what she can for the illiterate mountain whites. She comes to the settlement where the two brothers live and opens a school for children. The "kids" who attend her school have been felicitously chosen. They have interesting faces and there is naturalness and grace in the way they are handled and also in the school scenes as picture compositions. Litt, attracted for knowledge, comes to the school and studies with the children, thereby, it may be construed, increasing Dave's scorn for him. Dave fails in love with the attractive looking teacher, calls on her in the evening, but gets no encouragement. Litt is a brilliant scholar and the girl takes a good deal of interest in him and this increases Dave's ill feeling, the more since the younger brother lacks the spunk to protect her from his rudeness.

MARY PICKFORD RE-RELEASE AT THE MAJESTIC MONDAY

Mary Pickford is seen in a new drama "A Normandy Romance." The story of the picture is charming and Little Mary is delightful. Justina Huff is featured with Joseph Smiley in a two-reel Lubin drama, "Who Seeks Revenge."

a moon lit forest (some beautifully photographed scenes). Dave reaches the cabin just as a terrible thunder storm breaks and the rest of the incident is accompanied by some of the most startlingly realistic lightning we have ever seen portrayed. It is a marvel of photography. He forces his way in and is roughly handling the girl when his brother appears at the still open door through which now and again the background is filled with bright light or left in blackness. The struggle is now between the brothers and in the midst of it the doorway is filled with such a flash of light that the spectator, with nerves all tense, feels that it has struck close by. The older brother falls unconscious and Litt, believing that he has killed him, flees out into the pouring rain. A real rain storm is pictured. We can actually see the rain splashing in puddles and pools of surface water. Litt, overcome, is found by the judge next day lying unconscious at the road side and is taken to the judge's home.

Soon after Litt leaves, Dave comes to, his arm paralyzed, and is kept a prisoner until morning by the girl who has found a gun. The girl had already written to her father asking him to continue the education of Litt and he is installed in a college to graduate later with honors. Here, one would think that the story would naturally end, but it is continued to show by two more incidents that Litt has not yet escaped from the bondage of physical cowardice. The girl loves him, but still refuses to marry him on account of this. At a third chance he proves himself a hero indeed, stopping with his body a bullet intended by his brother for the judge who is trying his father for illicit whiskey-making.

"THE DUPE" TWO REELS AT AIRDOME MONDAY

This two-reel Eclair drama, featuring Bob Frazier and Mildred Bright, is the story of a dupe, commonly called a "sucker," the lead being played by Frazier. It has been said that "a sucker is born every minute." Well, most every one is a sucker at some time, or another. What do you think? Most every one is wise to the ordinary "bunkum" game, where some foxey fellow sells his country cousin a "gold brick" or takes his roll through the medium of the pool room. But the big swindle, where stocks are concerned, is being done every day. Thousands of people throughout the country are investing their money right along in worthless stocks—and many of these people, under ordinary circumstances, are rated as pretty wise in usual affairs of business.

ACT QUICKLY

Delay Has Been Dangerous in Wichita Falls
Do the right thing at the right time.
Act quickly in time of danger. In time of kidney danger Doan's Kidney Pills are most effective. Plenty of evidence of their worth. J. W. Jacobs, retired carpenter, Henrietta, Texas, says: "My back was so bad that I couldn't stand straight and the least exertion started backache. My kidney secretions were very irregular in passage. At times they were frequent and then again scanty. I got Doan's Kidney Pills and I had only taken half a box when I felt relieved. I continued using them and when I had finished three boxes, I was in good shape. You may continue to publish what I said about Doan's Kidney Pills, when I recommended them before."

RUSSIAN COSSACKS HAVE PAINTED HORSES GREEN

London, Sept. 25.—(By mail)—It is reported that the Russian Cossacks have painted all their white and gray horses green, making them harmonize with the foliage so their movements cannot be seen by scouting aeroplanes. This plan was first adopted by the British in the struggle with the Boers.

give birth to a child. Together with the wife of a dead soldier who is in a like condition, the women are conveyed to the safety building and while the battle rages both become mothers. The Colonel's child being a girl and the soldier's a boy. Hogan is in the adjoining room handcuffed. One of the Indians makes his way into the house, kills the surgeon and the soldier's wife. Mrs. Latham seizes a carbine and shoots him down, but the shock also kills her. Hogan enters and conceives the fiendish idea of changing the babies. When the Colonel comes upon the scene Hogan claims that he killed the Indian and that the male child is Latham's. He then offers to adopt the girl, who really is the Colonel's child. Twenty years elapse, Colonel Latham has retired and established a manufacturing business, which has made him rich. He lavishes every care on his supposed Rodney and places him at West Point. Hogan has become a drunken loafer and living off the scanty wages of Rose, who he has forced to take a position in Latham's factory. Unconsciously she is working for her own father. When Rodney came home for a vacation he fell in love with her. Latham opposes the match, there is a quarrel and the marriage is broken. Hogan then completes his revenge by telling the truth about the change and that Latham's own child has been ruined. Next day the factory is destroyed by fire and Latham is rescued by Rodney who has returned with Rose as his wife.

ACUTAL WAR PICTURES NOT PERMITTED IN ENGLAND

London, Aug. 25.—(By mail)—English moving picture theatres will not be permitted to show any war films which center about forts or cities which figure in the present war. Neither will the exhibition of films be permitted if they illustrate any recent movements of the English expeditionary force or of the allied armies. This ruling by the war office was generally welcomed as sane and owners of picture theatres are confining their war dramas chiefly to imaginary engagements and reproductions of scenes in the Franco-German war.

ACT QUICKLY

Delay Has Been Dangerous in Wichita Falls
Do the right thing at the right time.
Act quickly in time of danger. In time of kidney danger Doan's Kidney Pills are most effective. Plenty of evidence of their worth. J. W. Jacobs, retired carpenter, Henrietta, Texas, says: "My back was so bad that I couldn't stand straight and the least exertion started backache. My kidney secretions were very irregular in passage. At times they were frequent and then again scanty. I got Doan's Kidney Pills and I had only taken half a box when I felt relieved. I continued using them and when I had finished three boxes, I was in good shape. You may continue to publish what I said about Doan's Kidney Pills, when I recommended them before."

RUSSIAN COSSACKS HAVE PAINTED HORSES GREEN

London, Sept. 25.—(By mail)—It is reported that the Russian Cossacks have painted all their white and gray horses green, making them harmonize with the foliage so their movements cannot be seen by scouting aeroplanes. This plan was first adopted by the British in the struggle with the Boers.

In The First Place

the ability to save is one of the very first rules in the game of success.

In The Second Place

did you ever meet a successful man who at some time did not owe his success to his co-operation with some bank? Our success depends on your success.

Free Moving Picture Show at Night. 5c Car Fare to the Lake Sunday

DYEING DEPARTMENT

In full blast by the best Dye man in the State of Texas. Never before has Wichita Falls had a real Dye house that could put out satisfactory Dyeing on everything.

We dye everything; we match colors, silks, satins, feathers, plumes, silk hose to match dress, slippers to match dress, gloves to match dress; ladies' suits and dresses; men's suits and overcoats; curtains and draperies. Any dress dyed color to suit without removing trimming and laces or changing their color.

Phone Number—620 and 1313

HAT DEPARTMENT

We clean, block, dye and finish hats to any style or color. If it is in the cleaning or dyeing line we are fixed to do it with guaranteed satisfaction.

Phone Number—620 and 1313

SERVICE

For several weeks we have been moving into the new building which we have erected at 1102 Scott, and owned by ourselves. Also installed the most modern and largest Cleaning and Dyeing House in the state west of Fort Worth. During our move and installation of new machinery we have been crippled and could not give as good service as we would like. We now, however, have everything going smooth and are prepared to give the very best work and service possible.

Wichita Cleaning & Dye Works
THE CLEANERS THAT CLEAN

THE FRENCH DRY CLEANING PROCESS

As performed in our up-to-date, completely equipped dry cleaning department, is especially adapted to expensive fabrics of sensitive colors that have not been badly worn or abused.

Silks, fine wools, dress goods, laces and nets, etc., made up into garments trimmed with any material, are by this process cleaned without affecting in the least the quality of the fabric, the shape and fit of the garment and without leaving any odor.

Even the most elaborately trimmed ball or party dresses may be cleaned without ripping, and while we handle such goods particularly careful, we do not slight or hastily finish any garments, even if made from inexpensive material.

Phone Number—620 and 1313

FINISHING DEPARTMENT

We finish successfully and to your genuine satisfaction, ladies' and men's clothes of every kind. Ladies' tailor made suits, jackets, cloaks, plumes and feathers, gloves, slippers, ribbon belts, jackets, silk undershirts, kimono and dressing saques, are returned to you as bright, clean and nicely pressed as when new. Get our name.

Phone Number—620 and 1313

At The Churches

Christian Church.
Bible school at 9:30. W. J. Bullock, superintendent. Graded lessons, good teachers and classes for all ages. At the close all departments above the primary will assemble in the main auditorium of the church for the final reports. Then the pastor will give an address to children, young people and parents concerning education and the opening of the city schools of Wichita Falls. The Junior department will march up in a body. The intermediate department will be assigned a section. All teachers of adult classes are requested to march in and sit with their respective classes. This service will commence promptly at 10:45. The superintendent will make announcement of a series of rewards of merit to those who are regular attendants during the coming year. Everybody invited to hear the morning address at 10:40. Evening sermon at 8:00 is the first of two on the World's Wonderful Book. Endeavor meeting at 7:00. District convention meets in Haskell September 23, 24 and 25. Arrange to attend. In November there will be held a school of Bible School Methods by Robert M. Hopkins and others of national renown from Cincinnati, Ohio. From the towns one hundred miles and more students will come. Let our people prepare to attend all sessions. We want all churches to benefit from this school of methods.

F. P. WOLTERS, Pastor.

First Methodist Episcopal Church
(Corner Seventh and Lamar)
The regular services throughout the day. Sunday school at 9:45 with classes for all ages. Epworth League at 7 p. m. A fine crowd of young people and a good interesting program every Sunday evening. If you are not already in some young people's meet-

ing we would be glad to have you meet with us. Preaching at 11:00 and at 8:00. Morning subject, "The Blood Covenant," followed by the administration of the Lord's Supper. The church doors will be open to any who may wish to unite with us in any form. Any parents wishing children baptized may present them if they wish at this service. Have you heard about the Sunday School rally day? Sunday, Sept. 27 we want every member of the church, every member and friend of the Sunday School on hand promptly at 9:45. A big Sunday School day is planned. Keep it in mind. We want to go ahead of the record of last year as we should. Oct. 4 is Church Rally Day. We want two big days. Services at 2:30 at Paul's Memorial Chapel. No service this coming Sunday evening.

CHAS. CLARK SMITH, Pastor.

First Presbyterian Church
(Corner Tenth and Bluff)
Sunday School 9:30 a. m. Morning worship 11:00 o'clock. Evening worship congregation unites with the congregation of the Central Presbyterian church in a service conducted by Dr. Wm. M. Anderson of Dallas. Midweek service Wednesday 8:00 p. m. Choir practice Friday 7:30 p. m.

J. L. MCKEE, Pastor.

Church of the Good Shepherd.
Holy communion 7 a. m. Morning prayer and sermon 11 a. m. The Sunday school will be held at 9:30. We extend a cordial invitation to you to attend the services of this church. All seats are free.

F. T. DATSON, Rector.

First M. E. Church, South.
Preaching at 11 a. m., and 8 p. m. by the pastor. Sunday school meets at 9:30. Epworth League at 7 p. m. Prayer meeting every Wednesday evening at 8 o'clock. Strangers always welcome.

J. W. HILL, Pastor.

Electra Preparing to Furnish Cotton Warehouse Facilities

Larry E. Doyle, secretary of the Electra Commercial Club, in a communication to the Electra News says that the Electra business men plan to give substantial assistance to the farmers of the Electra district in warehousing their cotton at Electra. Continuing he says:

"Plans for the construction of the warehouse immediately were discussed at a meeting between a committee representing the farmers of the community and the directors of the Commercial Club this morning. A definite decision for the building of the warehouse is to be reached next Monday.

"Wichita Falls is making a strong bid for the cotton from this district, figuring that warehouses placed at Wichita Falls will enable the business men and bankers of that city to control the business of the farmers and the money required for handling the cotton. This was made apparent at a mass meeting held at Countyline school house last night, when State Lecturer Pope of the Farmers' Union and a representative of Wichita Falls addressed the farmers. Representatives of the Electra Commercial Club made it known that the business men of this city are ready and willing to go more than half way for the relief of the present stringency. S. Walker, B. B. Greaver and others addressed the meeting. They informed the farmers that there is money in Electra to assist them past the crisis of the cotton situation.

"Bankers and business men at Wichita Falls already have announced that money for the farmers in that city will bear ten per cent interest. In addition to the rake off on the money end, the handling of the business and the taking of the business to that city will afford an item worth while for the business men of Wichita Falls to endeavor to deprive Electra of legitimate Electra business. The farmers are informed by the business men of Electra as represented in the Commercial Club, that the shrewd move for business is being made smooth appearing on the surface. In going to that city the farmers of this community will be dealing with practical strangers, whose only object is to obtain their business. With cotton stored in the other city, it will be necessary to make many trips to that city, and incur all the expenses of attempting to handle a home farm business placed many miles from home in a city where the business men have no personal regard for the farmers of Electra, except as a money proposition. It is agreed by Electra business men that cotton should be held, and the business men of this city are working to that end. Formerly about three-fourths of the cotton was carried by the business men and bankers. The bankers and merchants of Electra want to make it possible for the farmers of this community to carry their own cotton and eliminate the speculator.

"The Farmers' Union this morning proposed that: A warehouse be built in Electra, where all of their credit lies. They were asked to consider that the home business men with whom they are personally acquainted are ready to help them at Wichita Falls.

"It was finally agreed that a definite proposition would be made to the farmers next Monday, following the Wichita Falls meeting Saturday. Larry E. Doyle, secretary of the Electra Commercial Club will attend the meeting on behalf of Electra. It is the intention to have an adequate warehouse built in Electra, one that not only will provide for cotton, but that may be so controlled by the farmers that it can be used for the free storage of any other products when not occupied by cotton. There is money in Electra to be so handled that the farmers are assured of better treatment, easier terms and larger profits in the end than they could obtain in any other city. The business men here believe the farmers should feel that Electra is their own town and that in going into another city with their products, they are entering into competition with strangers in a strange community.

"Wichita Falls may be fair, but the business men here believe them to be business men, and as such they are not making any proposition to the farmers of Electra without considering just how much in actual cash the farmers of Electra are going to mean to them. Electra needs the warehouse here for the good of the farmers in the future as well as this year. Wichita Falls is making a permanent bid for the trade of the district and the business men expect to take all the advantage possible out of knowing that farmers in this district must necessarily need ready money in handling the crop. Electra business men feel that Electra carry its own bacon and they are working to this end."

ing made smooth appearing on the surface. In going to that city the farmers of this community will be dealing with practical strangers, whose only object is to obtain their business. With cotton stored in the other city, it will be necessary to make many trips to that city, and incur all the expenses of attempting to handle a home farm business placed many miles from home in a city where the business men have no personal regard for the farmers of Electra, except as a money proposition. Electra business men feel that Electra carry its own bacon and they are working to this end."

RETAIL MERCHANTS JOIN THE BUY-A-BALE CLUB

Members Will Buy One Bale Each at 10 Cents—Buying To Be Done Through Secretary

At a meeting of directors of the Retail Merchants' Association Saturday morning, conditions under which the members will join in a "buy a bale" plan were fixed and all of those present, as well as the association itself, gave the plan a definite start by buying a bale each.

The cotton will be bought at ten cents a pound and the buying is to be done through the association. Preference will be given farmers who really need the money to meet obligations and not more than one bale will be bought from any farmer. The farmer must be able to show that he raised the bale himself and he must reside in Wichita Falls' trade territory. The buying will be done through the offices of the association to prevent buying more than one bale from a farmer.

Each of the firms represented at the meeting agreed to take one bale and Secretary Thomas was authorized to buy a bale for the association. The following firms were represented: P. H. Pennington & Company,

W. B. McClurkin & Company, P. B. M. Company, Noble-Frank Hardware Company, Collier & Hendricks, North Texas Furniture Company, Loeb-Liebold Company and W. S. Robertson Paint Company.

A committee consisting of Messrs. C. J. Barnard, T. B. Noble and Joe Art was named to look after the matter. It is hoped to induce every member of the association, which includes almost every merchant in the city, to buy at least one bale.

MAKES BACKACHE QUICKLY DISAPPEAR
A Few Doses Relieves All Such Miseries, Bladder Weakness, Kidney Trouble and Rheumatism Promptly Vanish

It is no longer necessary for any one to suffer with backache, kidney trouble, have disagreeable bladder and urinary disorders to contend with, or be tortured with rheumatism, stiff joints, and its heart-wrenching pains, for the new discovery, Croxone, quickly and surely relieves all such troubles.

Croxone is the most wonderful remedy yet devised for ridding the system of uric acid and driving out all the poisonous impurities which cause such troubles. It is entirely different from all other remedies. It is not like anything else ever used for the purpose. It acts on the principle of cleaning out the poisons and removing the cause.

It soaks right in through the walls, membranes and linings, like water in a sponge, neutralizes, dissolves, and makes the kidneys sift out and filter away all the uric acid and poisons from the blood, and leaves the kidneys and urinary organs clean, strong, healthy and well.

It matters not how long you have suffered, how old you are, or what you have used, the very principle of Croxone is such, that it is practically impossible to take it into the human system without results. There is nothing else on earth like it. It starts to work the minute you take it and relieves you the first time you use it.

If you suffer with pains in your back and sides, or have any signs of kidney, bladder troubles, or rheumatism, such as puffy swellings under the eyes or in the feet and ankles, if you are nervous, tired, and run down, or bothered with urinary disorders, Croxone will quickly relieve you of your misery. You can secure an original package of Croxone at trifling cost from any first-class druggist. All druggists are authorized to personally return the purchase price if it fails in a single case.

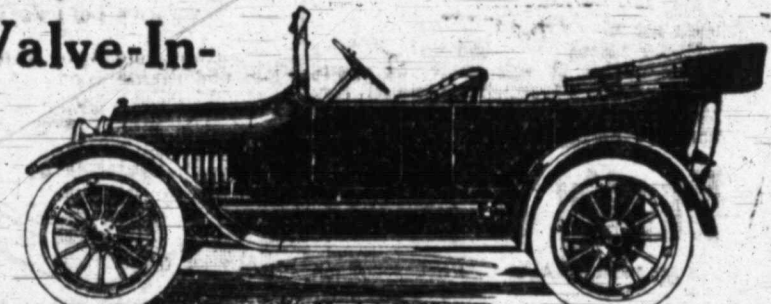

JOE ART BUYS FIRST BALE AT TEN CENTS

Friday afternoon Joe Art, the Jeweler, announced in an advertisement in The Times that he would pay ten cents a pound in cash for the first bale of cotton brought to him. Early Saturday morning the first bale was brought to him by J. R. Gibson who lives five and one-half miles northwest of the city. Mr. Art bought the bale and Saturday it was on exhibition in front of his store.

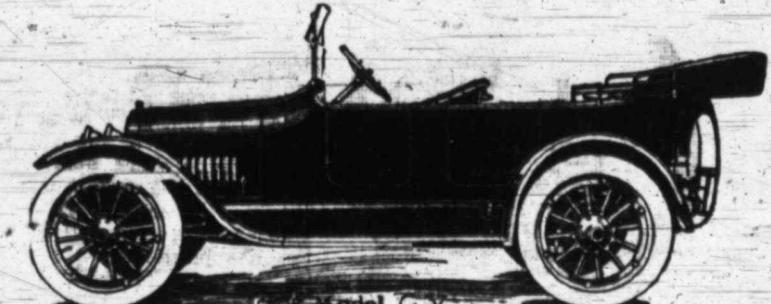

Mr. Art not only agreed to buy one bale but advertised that he would buy one bale each month at ten cents as long as the regular market price remained below that figure. The bale bought by Mr. Art this morning weighed 945 pounds.

They're Here.

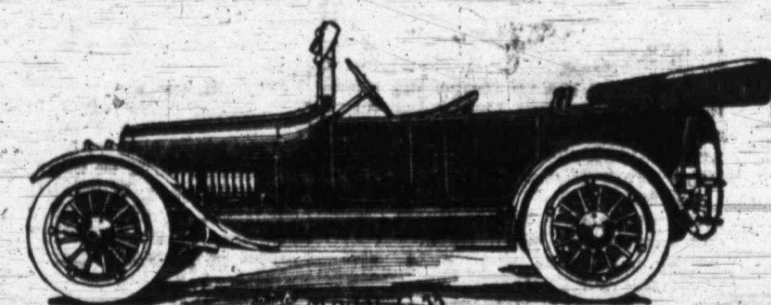

The 1915 Buick Valve-In-Head Cars--the Great Success of 1914

Buick Model C 25—Four cylinder, Full sized Five-Passenger Touring Car. Completely equipped, except speedometer, \$1,020, delivered.

Buick Model C 37—Moped cannot buy more comfort, convenience, service and style in a 5-Passenger Touring Car—4-cylinder. Completely equipped, including speedometer, price \$1,310, delivered.

Buick Model C 55—A large, rooey, 7-Passenger, 6-Cylinder Touring Car that will successfully compete with any 6-cylinder car on the market, regardless of price. Completely equipped, including speedometer, price \$1,750, delivered.

Everyone knows the Buick as the car of power and speed. Everyone knows it is durable and reliable. BUICK has proved itself so long and so thoroughly that it is the most popular car built.

Last season the entire output, 33,200 BUICKS, were sold early in March and thousands of motorists were disappointed because they could not get a 1914 BUICK.

Now's the time to place your order for a 1915

This New Buick is the greatest car ever built. It is fundamentally the same car of Power and Durability with the addition of every new improvement that really adds to efficiency, comfort or convenience. Come and see the 1915 Buick.

Its beautiful lines will please you. Its riding comfort will delight you. Its convenience will interest you. We are proud to show it—you will be proud to own one.

Buy A Farm
where you can raise your own living and get on the selling end instead of buying end. The population of the United States doubles every 20 years. 1,000,000 foreigners have come to the United States this year up to May 1st. Some one has to feed these people and there is a good demand for all you can raise. The general European war is going to create an unprecedented boom in farming lands. While other nations destroy this country will produce. High priced living is driving the people from the cities and towns. You ought to buy a farm where you can apply your energy in the accumulation of wealth.
If you haven't the money to purchase let us trade you a farm for your city property.

The Rebatch Mineral Water.
Acts directly on the digestive organs & the stomach, strengthening the kidneys and keeps the blood in fine condition. Good circulation is the only cure or constipation, rheumatism and the only way the system has to throw off germs that cause typhoid, smallpox and other loathsome diseases. Four years in the water business in Wichita Falls has taught us precaution during epidemics of loathsome diseases. We are not strangers in Wichita Falls. We have been here fifteen years and are here to stay. We have always met our obligations. We are equipped to furnish our trade with a clean, wholesome vessel and the best water in the state. Fall in line and share good health with us. Special attention given five-gallon phone orders. Our wagon leaves the well at 7 a. m. and 2 p. m. Two trips daily except Sunday. Phone 9001-ring 14. G. J. Rebatch, Proprietor.

FASHION GLEANINGS FROM PARIS OPENINGS

New York, Sept. 12.—In spite of the war, gleanings of fashion seep in some unknown way across the Atlantic. In Paris the couturiers have had their openings, even though the picturesque Paul Poiret has marched away to the music of the file and drum. Cherit has had her opening. Her coats hang straight

flare below. Callot's sleeves are usually long and on street costumes and suits are finished with a cuff of the same fabric. Bernard is using fuller skirts. He, also, shows both long and short jackets, and for trimmings is using quantities of beaver fur and braiding.

An interesting thing about these openings is that no purchase can be made except for gold.

Velvet is one of the favored fabrics for day or evening wear among fall and winter materials, also, the wonderful fur cloths which so faithfully imitate the Persian lamb, mole and other smooth furs are the rage.

A striking gown has a basque waist of the soft chiffon velvet tucked in crosswise tucks from waist to the low neck, which is outlined with glittering band of jet insertion. Short sleeves of net have bands of velvet to edge them. On the foundation skirt of white satin are black velvet buttons placed straight down the front and over it hangs a pleated tunic and flounce of net, with wide velvet bands at the bottom of each. The waist is finished with a velvet sash having the ends looped in front.

For the young girl the simplest of frocks are shown and the crinoline

styles seem well suited to her dainty dance frocks and evening dresses. Organdy continues to be extremely popular and a dress with a skirt having a series of organdy ruffles, picot edged and a waist of net, with overwaist of organdy is effective and girlish. The overwaist and sleeves are looped up with artificial roses. The girle of black velvet ends in the front with a single bluishrose. Artificial flowers, roses especially, are used in place of buckles and rosettes. Metallic embroidery is a new trimming for fall gowns; some have merely metal threads and others combine with metal beads. Cut steel is combined with silver and gold. Among the Callot gowns one is trimmed with an embroidery of steel threads and china beads.

Many frocks in the Moyen Age style are shown and are exceedingly fashionable. Blue continues to be particularly stylish and in these last named frocks is combined with black satin. Other frocks, afternoon and evening gowns are made with short, straight sleeves, cut like a chemise. These are worn over full skirts of velvet, of silk or satin, barred or checked with velvet ribbon. These are often belted at the hips in the front or in the back, but they show no waistline.

The advent of Autumn with its flutter of multicolored leaves and the rustle of the wind through barren branches always brings with it a more sombre hue in women's clothes. Deep, dark blue, black, prairie green and tete de negre brown are the colors which are replacing the gaily hued clothes of the summer time. The exceptions are royal blue and copper color.

Metallic effects are supreme and are seen in weird and queer combinations; for instance, a rich yellow is brocaded with silver; a fine gold tissue is shadowed with gray, and worn over tomato red and emerald green.

The stripes continue to be popular and are brilliant in their contrast. Quarter inch stripes of pink and black, blue and black, yellow and black and many other colors with black are seen upon all the store counters.

The marble effects are a late novelty in silks and ribbon and are effective, indeed, but probably the most fascinating of these novelty silks are the far imitations, leopard, with its black spots and civet cat with its effective markings, all are represented.

Colors for millinery differ from the colors of frocks and costumes. Among these is a new blue called ciel d'Egypte or Egyptian sky blue. This new shade has a touch of dull green in its composition, and is especially handsome in velvet used for the facing to wide brimmed hats. Fragonard and Nattler blues continue to be very smart for certain types of hats.

From the Balkan disturbance came the Balkan blouse and many Turkish effects in clothes, now the Mexican trouble has brought out silks and ribbons in Aztec colors and designs and it will be interesting to note the effect the present war will have upon our clothes. It may be only a military effect, and yet there may be some outcome more interesting, which may spring up and influence our clothes—as the long tunic and basque appeared—overnight.

ALLIES' FAILURE NOT POSSIBLE SAYS KIPLING

Englishman Says it is No Fault of England's She is at War With Germany

London, Sept. 11.—"It is not conceivable that we should fail. If we do fail, the lights of freedom go out over the whole world."

This was the statement of Rudyard Kipling, the author, in a stirring address at a mass meeting at Brighton, where an immense crowd had gathered in the dome to listen to speeches in support of Lord Kitchener's crusade for recruits. The meeting was presided over by the Lord Mayor of Brighton, seconded by Herbert Samuel, president of the local government board.

Germany the Aggressor.

Mr. Kipling said: "Through no fault nor wish of ours we are at war with Germany, the power which owes its existence to three well thought out wars; the power which, for the last twenty years, has devoted itself to organizing and preparing for this war; the power which is now fighting to conquer the civilized world."

"For the last two generations the Germans in their books, lectures, speeches and schools have been carefully taught that nothing less than this world conquest was the object of their preparations and their sacrifices. They have prepared carefully and sacrificed greatly."

"We must have men and men and men, if we, with our allies, are to check the onrush of organized barbarism."

"Have no illusions. We are dealing with a strong and magnificently equipped enemy, whose avowed aim is our complete destruction."

"The violation of Belgium, the attack on France and the defense against Russia, are only steps by the

way. The German's real objective, as she always has told us, is England, and England's wealth, trade and worldwide possessions.

Would Be Made a Province.

"If you assume, for an instant, that the attack will be successful, England will not be reduced, as some people say, to the rank of a second rate power, but we shall cease to exist as a nation. We shall become an outlying province of Germany, to be administered with that severity German safety and interests require."

"We are against such a fate. We enter into a new life in which all the facts of war that we had put behind or forgotten for the last hundred years, have returned to the front an dust us as they tested our fathers. It will be a long and a hard road beset with difficulties and discouragements but we tread it together and we will tread it together to the end."

"Our petty social divisions and barriers have been swept away at the outset of our mighty struggle. All the interests of our life of six weeks ago are dead. We have but one interest now, and that touches the naked heart of every man in this island and in the empire."

"If we are to win the right for ourselves and for freedom to exist on earth, every man must offer himself for that service and that sacrifice."

CITY TEACHERS' INSTITUTE HOLDS ITS OPENING SESSION

Superintendent Carpenter Says Religious Influence of Teacher Will Be Felt More

The religious spirit is playing an increasingly prominent part in education and that the influence of the teacher in this way would be felt more and more, was the declaration made yesterday morning to the city teachers' institute which held its first meeting at the high school. The session opened with a social half hour.

The first business taken up was the selection of officers for the coming school year. The following officers were selected: Supt. Geo. H. Carpenter, president; W. K. Niles, secretary; Miss Bessie Stewart, reporter.

The books selected for study during the year were Thorndyke's Principles of Teaching and McMurray's Handbook of Practice. Mr. Carpenter gave a short talk on the value to be derived from the study of the texts selected. He also emphasized the fact that the people were demanding better trained teachers and in order to keep up

with what the world is doing it was necessary to subscribe for good school journals. He suggested at least two for each teacher. He stated that more attention was being paid to the individual in education, also the education of the future was to be more religious in spirit. The influence of the teacher would be caught rather than taught in religious matters. He closed his talk by urging that an effort be made to develop the schools more efficiently than ever before.

A short talk was made by Miss Agnew, the supervisor of music and art.

The next institute will be held in five weeks.

BRYAN SAYS EUROPE'S WAR MEANS END OF MILITARYISM

By Associated Press. Baltimore, Sept. 12.—In the conflict through which Europe is passing, Secretary of State Bryan, speaking at the Star Spangled Banner celebration said he sees the death throes of militarism. He said already war has ended in the United States and "is drawing toward its close in foreign lands."

Ridicule Heaped on Englishmen Who Fail to Enlist

London, Aug. 25.—(By mail)—"Wanted—Pettycoats for strong, able-bodied young men not in the army"—is a sample of personal advertisements in the columns of London papers since it has become evident that recruiting the army up to the strength desired by Gen. Kitchener is to be slow work.

Another reads: "Doctor's wife, middle aged, will undertake the work of any tramway conductor, coachman, shop assistant or other married worker with children provided that worker will undertake to enlist and fight for his country in our hour of need. All wages earned will be turned over to the wife and family. Apply Mrs. Lowry, 1 Priory Terrace, Kewgreen, S. W."

GOVERNOR WANTS CARNEGIE MEDAL FOR GALVESTON BOY

Austin, Sept. 12.—Mrs. O. B. Colquitt has called the attention of the Carnegie Hero Commission to the brave act of ten-year-old Max Rottach, of Galveston, who recently saved a young girl's life in the surf at the risk of his own.
