HOUSE ADOPTS WAR TAX REPORT TODAY

ADJOURNMENT AT SIX O'CLOCK THIS EVENING IS NOW PLANNED

STRICT PARTY VOTE PREVAILS

Conference Committee is Divided Along Party Lines—Several Minor Changes Are Made

By Associated Press.
Washington, Oct. 22.—With a resolution adjourning the present session of Congress at six o'clock framed and awaiting presentation, the House today hurried consideration of the administration war revenue bill adopting the conference report 156 to 52. The conference report on the war tax measure was brought in by Majority Leader Underwood and an hour was allowed for discussion. The elimination of the additional twenty-five cents per barrel tax on beer and of the five cents a gallon tax on rectified spirits obviated practically all the troublesome opposition to the measure in the House.

Meanwhile, the Senate awaited the action of the House on the conference report. Representative Underwood and Senate leaders, after a conference drew up the resolution which would bring to an end the session of Congress which began nearly eleven months ago following a continuous session of a year.

When the full conference committee on war revenue bill met today the final agreement was reported by strict party vote, Republicans voting against it. The last act of the conference before the record vote was to restore the house provision that the proposed taxes should go into effect the day following passage of the bill. The conference report on the war revenue bill was adopted by a rising vote of 156 to 52.

Fillibuster By Henry.
The conference report went over to the Senate for action and the House took up the cotton warehouse bill. Representative Henry of Texas proposed a letter from President Wilson expressing the hope that Congress would pass the bill before adjournment. While Majority Leader Underwood attempted to get up the adjournment resolution Mr. Henry forced roll calls and began a mild filibuster to force action on the warehouse bill.

When the report arrived in the Senate, Senator Smith of Georgia, held it temporarily while he presented a resolution for a senatorial commission to investigate the cotton export situation. The Senate promptly adopted Senator Smith's resolution and proceeded to the conference report on the war revenue bill.

Meanwhile in the House Representative Henry's filibuster was productive of an agreement to take up the cotton warehouse bill and provided a special rule under which amendments to the bank law that are being considered could be disposed of.

The President's Letter.
President Wilson's letter to Representative Henry relative to the cotton warehouse bill was as follows: "The passage of the cotton warehouse bill seems to me an essential measure for the relief or the partial relief of the South. It is one of the concrete things that we can do and should do. May I not urge that you use every endeavor to promote its passage."

When the House secured a quorum an effort was made for amendments to the adjournment resolutions could be passed and a vote on the currency amendment and the warehouse bill be taken. Representative Glass declared the secretary of the treasury had urged the currency amendment which would add \$500,000,000 to the credit available to the government. The amendment was rejected. Representative Henry read the president's letter urging the passage of the warehouse bill. The resolution authorizing a committee to notify the president that Congress was ready to adjourn was forced through the House by a vote of 141 to 85 and the adjournment resolution was immediately presented.

The President's Wishes.
Representative Henry forced a roll call on the adjournment resolution after it had been adopted by a rising vote of 121 to 81. Meanwhile leaders of both Houses got word that President Wilson, at a White House conference with the Washington correspondents, had expressed the opinion that the cotton warehouse bill and the act amending the permitting issue of federal reserve notes on commercial paper up to the full capital and surplus of the banks should be passed before adjournment. It appeared that both bills could be passed in time.

CHAMBER OF COMMERCE OF U. S. AT HOUSTON

By Associated Press.
Houston, Texas, Oct. 22.—Officers and directors of the Chamber of Commerce of the United States were due here for a twelve-hour stay today. The party were to visit four Texas cities—Houston, Orange, Beaumont and Dallas—in their tour of the country in industry business conditions. They will leave the state via Texarkana October 24.

REPULSE OF GERMAN ATTACKS IS CLAIMED

FRENCH REPORT SAYS ALLIES HAVE MAINTAINED ALL POSITIONS

VIOLENT EFFORTS TO DISLodge

Report of Successful Forward Movement By Russians at Warsaw Is Given Out

By Associated Press.
Paris, Oct. 22.—The official announcement issued today by the French war office says the positions occupied by the allies in Belgium and northern France have been maintained in spite of the violent attacks of the enemy. The text of the announcement follows:

"On our left wing German forces of considerable strength have continued their violent attacks, particularly in the vicinity of the Mixide, Warnion, Armentries, Radingham and LaBassee, but the positions occupied by the allies have been maintained. On the rest of the front the enemy has delivered only partial attacks. These have been repulsed, particularly at Fricourt east of Albert, on the plateau west of Craonne, in the region of Souain, in the Argonne district at Four de Paris, southwest of Varennes, in the region of Miancourt in the Woivre district in the direction of Champlon and at a point southeast of St. Mihiel in the forest of Alilly. We have made slight progress in the Argonne district and in the southern part of the Woivre in the forest of Wortmar.

"The forward movement of the Russians has been announced positively. An important success in the region of Warsaw has driven back the enemy more than eight miles. The Russians at Ivanogrod and to the south of Przemysl are equally perceptible."

LEADER OF ANTI-GERMAN REBELLION PUT TO DEATH

Native Chief in African Colony Tried To Foment Trouble Among The Tribesmen

By Associated Press.
London, Oct. 22.—An Exchange Telegram dispatch from the Hague says Magna Hill, the native chief of German Kamerun, has been executed because he attempted to foment among the natives a rebellion against Germany. The announcement is credited by the correspondent to Herr Eberjamer, German governor of Kamerun. Kamerun is a German colony of western equatorial Africa with an area of about 191,000 square miles. Its population is estimated at 3,500,000 of whom less than one thousand are whites.

DEATH'S HEAD PRIVILEGE EXTENDED BY EMPEROR

Right To Wear Emblem Is Given Company As Reward—Captured Cannon Being Made Over

By Associated Press.
Berlin, via Hague and London, Oct. 22.—Emperor William has conferred on the Pioneer Company of a Loraine battalion the right to wear the skull and cross bones on the cap, which heretofore has been a distinction monopolized by the Denzig (Death Heads) Hussars. The action of the emperor was taken at the instance of the crown prince who reported the valor of the Pioneer in building bridges and constructing earthworks under particularly dangerous circumstances.

It is announced that the Krupp are making over for the use of the German army, 500 cannon that have been captured from the enemy. Major Mohrat, military correspondent of the Berliner Tagblatt writes that the East Prussian frontier is "held firmly by the Germans. He continues: "The fighting at Warsaw goes on. The fact that the Russians were compelled to accept battle there may be regarded as a success for us. It is hoped that the Austrians to the northeast will prevent a further retirement of the Russians."

HAS PLAN TO DISPOSE OF 100,000 BALES OF COTTON

By Associated Press.
Austin, Texas, Oct. 22.—Representative R. B. Humphrey of Throckmorton county and associates has launched a plan which will make possible, they say, the handling of 100,000 bales of this year's cotton crop at not less than seven cents a pound. The scheme is to sell cotton to individuals who have idle money to invest. Through eastern and northern connections, Mr. Humphrey says he already has received a large number of orders, not from spinners and regular buyers, but from individuals with money to invest in cotton. He believes this plan will dispose of more cotton than the buy-a-bale movement, which is, he says, based in sentiment only.

RUSSIAN VICTORY AT WARSAW REPORTED

OFFICIAL PETROGRAD REPORT TELLS OF UNUSUAL BRAVERY OF TROOPS

WORK OF SIBERIAN REGIMENTS

Statement Says Austrians Have Lost Heavily In Fighting In Vicinity of Przemysl

By Associated Press.
Petrograd, Oct. 22.—The official news bureau reviewing the fighting around Warsaw says: "Russian troops displayed exceptional energy in coming to the defense of Warsaw and saving the city from a German bombardment. Siberian regiments arriving at Warsaw were sent to the front at once. During their bayonet charges at night in the forest of Mochidlovsk the Siberian troops took many prisoners belonging to the Twenty-first German corps. The Seventeenth German corps and some of their reserve troops who attempted to push forward in the region between Londe and Troughoff suffered severely. The Siberian troops and other Russian forces inflicted terrible losses. Many villages were taken and retaken in hand to hand fighting in engagements near Kostinka. The Caucasian regiments also gave proof of their extraordinary courage; for eight days these regiments were fighting on the left bank of the Vistula in the marshes where the trenches were constantly under water. Here they sustained the fire of the enemy's heavy artillery but repulsed all German attacks.

"The direction of the great battle south of Przemysl which has been under way for six days is in the hands of Gen. Brussloff. The Austrian losses have been enormous. Many prisoners have been taken including both Austrians and Germans."

MRS. CARMAN TO GO ON WITNESS STAND

PROSECUTION CONCLUDES ITS EVIDENCE IN WOMAN'S TRIAL FOR MURDER

NEGRO SERVANT CONTRADICTED

Statement Said To Have Been Previously Made By Her In Read In Court

By Associated Press.
Milwaukee, Wis., Oct. 22.—The prosecution finished its evidence today in the trial of Mrs. Florence Carman for the murder of Mrs. Louise Bailey and the defense announced that Mrs. Carman would go on the witness stand. The defense announced also it would prove that "this crime was committed by a man whose motive we do not know." Frank Purnell who yesterday testified he saw a woman running from the window to the rear of the Carman house immediately after the shooting was denounced by the defense as a liar.

A negro stenographer read a statement which he said Celia Coleman had given him soon after the murder. This statement did not mention any of the damaging evidence against Mrs. Carman which Celia gave yesterday. During the reading of the statement some of the jurors yawned and shut their eyes.

JAPANESE SQUADRON SEEKS GERMAN FLEET NEAR HAWAII

By Associated Press.
London, Oct. 22.—A Japanese squadron, it is announced officially, is seeking the German fleet near Hawaii.

TWO MEN ARE KILLED IN BATTLE WITH OUTLAWS

By Associated Press.
Blaine, Wash., Oct. 22.—Two men were killed and one wounded today in a battle between a posse composed of Canadian and American deputies, customs officers and immigration inspectors and five outlaws supposed to have robbed the First National Bank of Woody Hollow of \$20,000 last Saturday when they killed a boy while firing on citizens.

AMERICAN TANK STEAMER IS RELEASED BY BRITISH

By Associated Press.
Washington, Oct. 22.—Sir Cecil Spring-Rice, British ambassador here informed today by the foreign office that the American tank steamer John D. Rockefeller seized by a British cruiser, had been released.

HEALDTON FIELD HEARING DUE TO BEGIN TODAY

By Associated Press.
Ardmore, Okla., Oct. 22.—The Haldton oil field hearing was to begin here today. On October 6 the Magallowa Pipe Line company posted a notice of reduction in Haldton crude from fifty cents to forty cents, effective that date, but the state commission ordered the proposed reduction suspended until a hearing was held.

COMMUNICATION CUT WITH LISBON TODAY

FOLLOWS RECENT REVOLUTIONARY OUTBREAK BY ROYALIST PARTY

UNEXPLODED BOMBS ARE FOUND

Uprising Said To Have Been Protested Against Joining Forces of Allies

By Associated Press.
London, Oct. 22.—The Havas correspondent at Oporto, Portugal has sent the following dispatch: "Telegraphic and telephonic communication with Lisbon has been cut off. A number of unexploded bombs have been found on the railways. A revolutionary outbreak in Portugal was reported yesterday at Brazanza and Mafrim and was attributed to royalists whose object was said to have been to prevent Portugal from joining the allies. It was announced officially from Lisbon that the uprising was put down promptly.

WOULD RID SAN ANTONIO OF REVOLUTIONARY PLOTTERS

San Antonio, Texas, Oct. 21.—In an attempt to rid San Antonio of Mexican revolutionary plotters, Federal authorities here started an investigation today into the status of several Mexicans who have been recently arrested on technical charges of smuggling, vagrancy, etc. Activities were begun on the arrival of F. W. Berkshire, head of the United States Immigration Department in Texas from El Paso. If sufficient evidence can be found against the Mexicans on technical charges they will be deported. San Antonio has been a hot-bed of revolutionary juntas for four years. American authorities believe that the deportation of the plotters is the only effective means of breaking up the juntas.

PEACE CONVENTION OUT WITH CARRANZA

AMERICAN TROOPS STAY AT VERA CRUZ UNTIL FRICITION IS OVER

CHIEF RESISTS 'INSTRUCTION'

Does Not Believe Delegates Can Set Selves Up As Supreme Authority

By Associated Press.
Washington, Oct. 22.—Advises direct from General Carranza at Mexico City to constitutionalist headquarters here today deny the report that peace delegates at Aguas Calientes were arrested by order of General Villa. American troops seem sure to remain in Vera Cruz until the friction between General Carranza and the Aguas Calientes convention is adjusted. In the opinion of officials here who base their views on today's advices to the state department, Carranza had referred back to the convention the administrative questions incident to withdrawing the troops, although he had submitted the same question to the convention before it voted itself the supreme authority in Mexico and had instructed him to comply with the proposals of the United States for protection of clerics, Mexicans who had served General Funston and others.

Carranza since has questioned the sovereignty of the convention and it is believed here he resents being instructed by what he considers an advisory body. His only explanation to the United States that he has given is a proclamation embodying the American proposals might establish a dangerous precedent.

INVASION OF ALBANIA BY ITALIAN TROOPS PROBABLE

Submarines and Infantry Reported To Be Advancing Today Upon Port of Avlona

By Associated Press.
London, Oct. 22.—A dispatch to the Evening News from Venice says: "A company of Italian submarines headed for Avlona today. The Italian forty-seventh infantry stationed at Lecce is said to be ready to embark for Avlona. It is stated that telephonic communication with other parts of Albania had been severed in order to prevent the spread of the news of the landing." The Italian embassy in London has no confirmation of the foregoing.

GEORGIA IS ELECTED BAR ASSOCIATION PRESIDENT

By Associated Press.
Washington, Oct. 22.—Peter W. Meldrin of Savannah, Georgia, today was elected president of the American Bar Association.

PEACEFUL ENDING OF CALLED SESSION

ONLY EIGHT SENATORS PRESENT TO CLOSE UPPER HOUSE WORK

URGE SUPPORT OF AMENDMENT

Speaker Terrell Points Why Constitutional Provision For Salaries Should Pass

By Associated Press.
Austin, Texas, Oct. 22.—The third called session of the Thirty-third legislature expired peacefully today, there being only eight members of the Senate to witness final adjournment in the upper branch and sixty-six members (twenty-nine less than a quorum) in the House to officially end the session there.

The Senate remained in session for two minutes. Senator Hudspeth's resignation as a member of the Senate for the Thirty-third legislature was presented and accepted and President Pro Tem Watson declared the Senate adjourned.

In the House it was 11:25 before official adjournment was had. The House spent three hours in speech making and congratulating each other on the end of the session. Speaker Terrell made a speech in which he urged the adoption of the proposed constitutional amendment which is to be voted at November's election, placing the members of the legislature in the future on a straight salary of \$1200 per year.

He pointed out that the mileage would be cut out. He showed that under the present system a member of El Paso county gets in per diem and mileage \$1650 while a member from Travis county gets only \$750.

FIGHTING AROUND LILLE REPORTED VERY DESPERATE

Correspondent Gives Details of Battle in Small Towns Around French City

By Associated Press.
London, Oct. 22.—A correspondent of the Times under date of Wednesday describes the desperate fighting of the last week in which the Germans have been driven back from village to village through the outskirts of Lille. He says: "The destruction has been terrible. Many villages have been shelled by both sides and many non-combatants have been killed. In one village 500 dead Germans were found after the fighting. Their cartridges were of the old Schneider type with a large lead bullet. During some attacks the allies had only time to make rough trenches only a couple of feet deep and were obliged to lie in them at full length. They are now coming in touch with the main German position at Lille, and are digging themselves in to hold their ground until necessary reinforcements can reach them."

CLAIM HUNGARIAN SOIL NOW CLEAR OF RUSSIANS

Official Statement Given Out at Vienna Says Enemy Run Out of Carpathians

By Associated Press.
London, Oct. 22.—An official statement given out at noon Wednesday in Vienna says: "Yesterday we captured in the Carpathians the last point held by the Russians. No enemy is left on Hungarian soil."

HOPES TO FIND ROOM FOR ALL IN INSANE ASYLUMS

By Associated Press.
Austin, Texas, Oct. 22.—Before his term expires next January, Governor O. B. Colquitt asserts there is no reason why every jail and poor farm in Texas should not be cleared of insane persons. Figures from county authorities, just compiled in the executive department here, shows there are 1,042 persons of unsound mind in Texas outside of insane asylums. These include 415 idiots, 307 persons adjudged insane and being cared for by relatives, 299 in jails and 110 on county poor farms. Additional facilities now under construction at Austin, Abilene and San Antonio, it is claimed, will be ample for taking care of the unfortunate.

LITTLE CHANGE IS NOTED IN COTTON SITUATION HERE

There was little change in the cotton situation here today middling being quoted at 5 3/4 to 6 cents with few buyers making offers even at those figures. There was talk today of a local cotton pool being formed to buy from 500 to 1,000 bales of cotton at the current price to be held for an advance. Several prominent citizens have agreed to enter the pool if it is formed.

NORTHERN BATTLE RAGES WITHOUT DEFINITE RESULTS

Navy Plays Important Part—Reclamation Of Belgium Probably Allies' Immediate Object

By Associated Press.
London, Oct. 22.—An officer with the allied armies in the fighting zone in the neighborhood of the Belgian border is quoted as having said yesterday "we shall most certainly be in Brussels within a month; I myself expect in a fortnight." This represents the impression obtaining here in the mass of vague assertions. Regarding the progress of the line from the North Sea to the Rhine there is to be found no demonstrable proof of any specific success. Whether the net work of canals in this part of Belgium will enable the monitors to carry their successes further inland has not yet transpired.

The fighting from all accounts is as stubborn as at any stage of the war thus far. Every foot of the ground in west Flanders is contested. Every village is taken and retaken. The rash tactics which characterized the first part of the campaign are being repeated and both sides claim that they regularly repulse the onslaughts. Judging from the French official communication the allies have acquired a "holding" habit which was lacking in the earlier states of the war when they admittedly were unprepared. The reticence of the German intelligence department largely baffles the attempt of unbiased observers to gauge the actual situation. When Berlin is heard from the picture may assume a different aspect.

A rumor from Ostend by way of Holland says the allies have blown up the railroad between Bruges and Ghent. It is quite possible, it is said, that cavalry scouts already are in that vicinity. At any rate the Germans at one point have been driven back as far as Thorout and some dispatches say their communications in middle and western Flanders have been so disorganized that troops from Ghent are marching direct to Courfari rather than join their comrades to the north who are in danger of being cut off.

From Berlin itself comes a report that the British ships were shelling Ostend while another dispatch says that the guns of the war vessels had destroyed the village of Slype on the canal between Ostend and Bruges, where it is said the Germans have their quarters. It is clearer now that the ships have been playing an important part in the warfare along the coast. The admiralty officially announces that the monitors Savren, Humber and Mersey not only bombarded the German position south of Ostend but landed detachments of marines with machine guns.

It is reported from other sources that eleven war vessels in all are taking part in the operations. Curiously enough, monitors retain the title of "Lincoln's cheese box" from Civil war fame and so far apparently have been able to dodge submarine attacks. How the German submarines got to Ostend is unknown but presumably they crept down from the Dutch coast, submerging whenever sighting by British patrol, then picked their way carefully through the British mine field.

Rumors that Emperor William is seriously ill are filtering in via Paris and this with a report that a German fleet is off Caltersbo, Sweden, are among the usual crop of unconfirmed narratives that London is discussing.

BELGIUM DENIES GERMAN CHARGE RECENTLY MADE

Publishes "Gray Book" Showing Correspondence With England Before War

Washington, Oct. 22.—The Belgian legation has made public a statement giving extracts from the Belgian gray book, controverting the German statements that documents recently had been discovered at Brussels showing an alleged military agreement between England and Belgium since 1906. The statement says: "The Belgian legation has just received the copies of the gray book. It is evident from the documents that there never has existed any military agreement between Belgium and England, either defensive or offensive, such as the German government asserts to have been in existence since 1906. The following extracts from the gray book speak for themselves: "No. 28. Offer of intervention by England. Note handed by Sir Francis H. Villiers, British minister to the minister of foreign affairs of Belgium: "Brussels, Aug. 4, 1914.—I am instructed to inform the Belgian government that should Germany exercise pressure for the purpose of compelling Belgium to abandon her position of a neutral country, the government of his Britannic majesty expects Belgium to resist by every possible means. The government of his Britannic majesty is ready in that event to join with Russia and France, if desired by Belgium, to resist the use of force by Germany against Belgium, and at the same time to offer a guarantee to maintain the independence and integrity of Belgium in the future."

"No. 17. Offer of England of an alliance with the object of assuring the neutrality of Belgium against the pressure of Germany: "London, Aug. 4, 1914.—The minister for foreign affairs has informed the British ministers in Norway, Holland and Belgium, that Great Britain expects that the three kingdoms will resist the pressure of Germany and maintain neutrality. They will be supported in their resistance by England. "I pointed out that Belgium is neutral in perpetuity. The minister of foreign affairs replied: 'It is for the event of neutrality being violated.' (Signed) "COUNT DE LA LAINIE," Belgian Minister in London."

"No. 46. Belgium appeals to the powers after the invasion of Belgium. Letters addressed to the ministers of England, Russia and France in Belgium: "Brussels, Aug. 4, 1914.—The Belgian government regrets to have to announce that this morning the armed forces of Germany penetrated into Belgian territory, violating the engagements which they have taken by treaty. The Belgian government is firmly decided to resist by all means in their power. "Belgium appeals to England, to France and to Russia to co-operate as guarantors in the defense of her territory. Belgium is happy to be able to declare that she will undertake the defense of the fortified place."

"Where is to be found the alleged military convention said to have been concluded in 1906 with England? Where is any trace of the alleged agreement said to have existed since 1906 between the allies and Belgium to force war on Germany? These documents clearly prove that such compact never existed," says the statement. "The Belgian nation preferred ruin and death to the shameful perjury proposed to her by Germany has devastated and immersed in blood a peaceful little country. Today she seeks to rob her of honor, her only remaining treasure."

200 HEAD OF WAR HORSES BOUGHT IN THIS VICINITY

Most Are Believed To Be Intended For French Government. Good Prices Paid

Approximately 200 head of war horses have been shipped out of Wichita Falls for the use of the English and French armies within the last six weeks and the demand for horses of this class continues very active. The price paid for these horses has probably averaged \$100 each on the spot so that in the neighborhood of \$20,000 has already been distributed to the farmers of this section. Several buyers have been here within the last few weeks and the demand for horses that would pass the requirements of the army buyers has been quite active. Bob Marlow, a local buyer is now filling out another order which he intends to ship within the next few days. A good many of the horses bought here within the past three weeks have gone to the French government.

The particular occasion for the students being at Dallas is the football game between Texas and Oklahoma. Practically the entire student body, together with hundreds of ex-students will be in Dallas for that occasion.

LOSSES IN WAR TO DATE ESTIMATED AT 1,300,000

Killed, Wounded and Captured On Both Sides Are Placed at that Figure

New York, Oct. 21.—Estimating the casualties among the eight hostile nations on the proportionate basis of their losses, the total number of killed, wounded and captured during the first ten weeks of the war is near 1,300,000. The official report of British casualties from Sept. 13 to Oct. 5, which has just been issued, places the number at 13,541. Previous reports have given the British casualties from the beginning of the war to Sept. 10 as approximately 18,000. The total British land losses, therefore, for the first ten weeks of hostilities aggregate about 32,000. The British forces fighting on the continent are understood to total more than 200,000 combatants. The casualties represent 16 per cent of this number, and by using 16 per cent as the basis for estimating the losses of all the belligerent powers, the total losses are, by minimum reckoning almost 1,300,000.

The following table gives as nearly as possible the number of men actually engaged on the firing line. This does not represent the total under arms, but only the actual offensive strength in use. There are perhaps 50 per cent more men now with the colors who are being employed for other work than actual fighting or are being held back in reserve. The following figures are, approximately the number of combatants among whom casualties can be reckoned: Germans—2,500,000. Russians—2,000,000. French—1,500,000. Austrians—1,000,000. Servians—400,000. Belgians—300,000. British—200,000. Montenegrins—50,000. Total—7,950,000.

The British total losses are the only ones that have an official basis. The 16 per cent of casualties among the British, therefore, may be said, if nearly as possible, to represent an official estimate. If this proportion prevails among all the combatants, the following is the distribution of casualties: Germans—400,000. Russians—320,000. French—240,000. Austrians—160,000. Servians—64,000. Belgians—48,000. British—32,000. Total—1,272,000. It is not possible to proportion the killed, wounded and captured, on any common basis, for each of the eight nations.

The Austro-Germans have undoubtedly suffered more heavily in killed and wounded, while the allies have lost the greater number in prisoners. As far as the total official figures can be used as a basis for estimating, the average proportion of casualties among all the countries is one killed, three wounded, ten captured. On this basis, the casualties are: Killed—908,857. Wounded—272,572. Captured—99,557.

ELECTRA FOOTBALL TEAM TO PLAY RETURN GAME SUNDAY

Will Meet Wichitans at City Park and Another Close Contest is Expected

Last Sunday's scoreless game at Electra between the football teams of Wichita Falls and Electra has resulted in arrangements for a return game, which will be played next Sunday at the city park. The locals believe they have the edge on the eleven from the oil town and will try hard to prove it next Sunday. The team is practicing as regularly as possible and will be in good shape for the game.

A WARNING TO MANY

Some Interesting Facts About Kidney Troubles. Few people realize to what extent their health depends upon the condition of the kidneys. The physician in nearly all cases of serious illness, makes a chemical analysis of the patient's urine. He knows that unless the kidneys are doing their work properly, the other organs cannot readily be brought back to health and strength. When the kidneys are neglected or abused in any way, serious results are sure to follow. According to health statistics, Bright's disease which is really advanced form of kidney trouble caused nearly ten thousand deaths in 1913, in the state of New York alone. Therefore, it behooves us to pay more attention to the health of these most important organs.

An ideal herbal compound that has had remarkable success as a kidney remedy is Dr. Kilmer's Swamp Root, the great kidney, liver and bladder remedy. The mild and healing influence of this preparation in most cases, is soon realized, according to sworn statements and verified testimony of those who have used the remedy. If you feel that your kidneys require attention, and wish a sample bottle, write to Dr. Kilmer & Co., Binghamton, N. Y. Mention this paper, enclose ten cents and they will gladly forward it to you by parcel post. Swamp Root is sold by every druggist in bottles of two sizes—50 and \$1.00.

GOOD OIL SHOWING FOUND IN WELL NEAR HOLLIDAY

Believed To Be Good For From Fifteen To Twenty Barrels—At Depth of 585 Feet

A fifteen to twenty barrel showing of oil is reported at the Holliday Oil and Development Company's test on the McCall and Sanderson tract one mile south of Holliday. The sand was struck the first of the week at a depth of 585 feet. The well flowed several barrels when the sand was penetrated and yesterday when it was opened and the drill sent deeper into the sand seventeen barrels were baled out. Officers of the company believe the well will now pump from twenty-five to thirty barrels, although it has not yet been put on the pump. Several shallow showings have been found in wells being drilled in the vicinity of Holliday encouraging wildcaters in that section to search for a pay sand. Officials of the Holliday company believe they have at last got the right location.

Bad Headaches Now Avoidable

It is necessary now to let headache itself out. You can avoid it. Just step in any good drug store and ask at the fountain for Hiccup Capaque, which is so successful in relieving headache because it gets at the cause, whether from cold, heat, grip or nervousness. It is liquid and pleasant to take. Don't ever suffer from headache when this remedy stops it so easily. Have the druggist wrap up a bottle for you to take home—10c 25c and 50c sizes.

ENGLISH OPERA SINGERS AT WICHITA THEATRE FRIDAY

An attraction that is out of the ordinary will be presented tomorrow night, Friday 23 at the Wichita Theatre by the English Opera Singers. These singers, four in number, with an accompanist have an offering that is out of the ordinary, presenting either a straight concert program or one including scenes in costume from popular operas, grand operas and folk scenes. Their programs also include selections from oratorios and sacred numbers. The mixed quartette, managed by Walter Flora, tenor, includes in its repertoire songs from the Bohemian Girl, Il Trovatore, Martha and other operas, the Sextette from Lucia, selections from "Tales from Hoffman," Flower song from Carmen, Humoresque and other favorites in the classical music. The attraction is helping very greatly to popularize the best in music and will be welcomed at its appearance here Friday night.

Feldkirch—A town of Austrian Tyrol, near the Swiss border, 18 miles south of Lake Constance and on the Ill River. The town is of strategic importance because of its situation between two rocky gorges commanding the western approach. Nearby is the Alderberg, over which the government has built a fine road. The place was the scene of severe fighting in the campaign of 1799, when the French were defeated by the Austrians. Cotton spinning, weaving, dyeing and the making of bells are among the industries of its 5,000 or more inhabitants.

Beloeli—A Belgian town, five miles south of Ath and eight miles from the French boundary, famous for the estate of the Prince de Ligne, a possession of the family for more than 500 years. Among the works of art in the chateau are said to be paintings of Leonardo de Vinci, Michael Angelo, Salvator Rosa, Van Dyck, Valazquez and Holbein. Many gifts presented to the family by rulers from Charles V down to the time of Napoleon are exhibited there. Beveren—One of the wealthiest villages of Belgium, seven miles west of Antwerp, in the northern part of Waasland. While the town has been noted for its lace for years, many other industries have sprung up with the improvement of Waasland, which in less than a century has been transformed from the most sterile to the most fertile region in Belgium. The chateau of the Counts of Bergeyck is one of the historic points of interest in the town. About 10,000 people make their homes there.

Instead of catering to their appetites for sweets by giving them candy, just try the experiment of giving them raisins out of the package. See how they will enjoy them.

There are so many delightful and tempting ways in which you can serve raisins.

One of the most beneficial ways in which they can be used is in Raisin Bread.

They are not only a delightful food but they act as a mild laxative, the same as the fresh grapes do, and you all know the healthful qualities of the fresh grapes.

Start this experiment at once—serve raisins in some way every day. The result may surprise you.

Autumn Song. All things that fade and fall With a strange, haunted sound, Upon the asfered ground, In sad September night; Apples and yellow leaves And the low rustlike call Of summer's last delight; That grieves and grieves; Of these be the song made, Like them to fall and fade.

Or garden corners dank, With piercing smell of mold, Of summer's last delight, Wherefrom so deep he drank, By the dry mountain's edge, Cast down and grown arid; Dust calling unto dust, Sedge, sighing unto sedge; Of these let the song tell That pleaseth Autumn well.

Of woods—a painted scene, A hollow mimic show, A mask within whose glow A grinning death is seen; Of flowers funeral That seem not flowers at all, But little paper shapes An art fantastic ape; In these last Autumn pride That knows not she hath died.

OKLAHOMA MAN PUTTING UP HARD FIGHT FOR LIBERTY

Case of E. E. Perkins, Now in Jail Awaiting Extradition Papers is Unusual One

The case of F. E. Perkins who is now in the county jail, awaiting arrival of extradition papers from Austin is one of unusual efforts to secure liberty. The complete story is given in a recent issue of the Chickasha Express as follows: A series of situations culminating in the case of Harry K. Thaw's fight for freedom is now being staged in Texas, owned as a result of the arrest of F. E. Perkins in Wichita Falls, Texas, Saturday evening, on an order from the Grady county authorities, the charge implicating Perkins in the alleged robbery of H. A. Aylor on a Frisco train some days ago, and for which Ab Jones is now also being held in Chickasha.

That Perkins is putting up a hard fight is evidenced by the methods he is employing. Following his arrest, news was flashed here from the sheriff of Wichita county, that he was asking for extradition papers. Oscar Simpson, county attorney, immediately went to Oklahoma City in order to procure the papers from Gov. Cruce, as soon as possible. J. A. Thompson, deputy sheriff of Grady county, left Saturday night for Wichita Falls to be there to take charge of Perkins for the return to Chickasha as soon as the papers were received. Meantime Perkins employed a lawyer and started habeas corpus proceedings, changing the scene of the trial on the proceedings to Arch-

City, Texas, county seat of Archer county. The trial will be held there this afternoon at 5 o'clock.

If he is released on the grounds that the prisoner was arrested without a warrant, Deputy Thompson, armed with a fugitive warrant, will be there ready to serve it on Perkins. In that event, Perkins will be hustled from one point in Texas to another, not being given time to resume his habeas corpus proceedings until the extradition papers have been returned to Wichita Falls from the Texas governor in Austin.

Perkins was traced by a grip that was left on the train. Aylor stated that the man who assisted in robbing him of \$100 jumped from the train at Amber. The Frisco conductor stated the same. When the train arrived in Lawton there was one handbag left. It was taken back to Oklahoma City and turned over to the Frisco detective there. He communicated that fact to the sheriff's force here and later the grip was turned over to them. It was a card and a letter addressed to Mrs. Katie Perkins, Shawnee, Okla. Neither had been mailed. Also in the bag were skeleton keys, leather "billy," a pack of playing cards, a small pair of pliers, shoes, collars and two shirts

bearing the initial "P" on the sleeves. The sheriff's force here immediately communicated with the police in Shawnee and had Mrs. Perkins watched. One day last week, word was flashed to them that Mrs. Perkins had purchased a ticket to Gainesville, Texas, and had checked a big trunk for that place. The sheriff at Gainesville was telephoned to meet the train and catch the man who met Mrs. Perkins there. If she met a man there, she did it secretly, but the Gainesville officers learned that Perkins had gone to Wichita Falls.

Jess Williams, deputy of Ardmore, happened to spend the night in Chickasha, en route with a man for Granite. When told of the case he said he knew Perkins, also that his brother, former sheriff at Vernon, knew him. Through the Vernon man Perkins was arrested at Wichita Falls.

MAYS GIVES HIS VERSION OF IOWA PARK INCIDENT

R. A. Mays of Iowa Park, who was mentioned in connection with the item relating to the preliminary hearing of Jake Cobb yesterday says that he was not refusing to leave Cobb's house as the item stated. He explains the incident as happening in this way. He says he had returned from a trip to Wichita Falls and being hungry went up town to get something to eat but was unable to find what he wanted. Coming home he passed Cobb's home in the same neighborhood and told one of the family whom he saw in the yard that he was hungry and accepted an invitation to have a bowl of soup. While he was eating the soup he claims that Cobb came into the room with a gun in his hand and pointing to the door ordered him to leave. He arose and asked for an explanation, he says, at the same time attempting to push Cobb aside. As he did so the gun was discharged. Mays says that he then went into the yard and as he was leaving the premises two more shots were fired. He denies emphatically that he had said anything derogatory about any members of Cobb's family.

PROPOSED CONSTITUTIONAL AMENDMENT

Editor Times: Considerable space has been given of late to several very impractical and useless, not to say dangerous, matters of legislation, and it seems to me that it is now time that something practical should be considered in a political way, and that there should be some discussion through the newspapers of the constitutional amendment to be voted upon at the coming election in November.

The proposed amendment allows a salary of twelve hundred dollars for the year in which the regular session is held, and mileage at the rate of five cents per mile.

This amendment should be adopted, not because it is an improvement upon the present constitution. It provides a better, yet by no means an adequate compensation for the legislative service.

On account of this inadequate compensation, able and experienced men who would be useful to the State often will not accept legislative office.

But this is not the only and perhaps not the greatest evil in our present system. An experience of ten years in the State Senate convinces me that the greatest vice in legislative proceedings is haste and the conclusion incident thereto, resulting often in unwise and more frequently in immature and ill-digested legislation.

But with this amendment adopted, a longer session would result, and more time would be given to the discussion of bills.

Nothing will expose the unwisdom, weakness and defects of proposed legislation like free and open debate. Vicious or foolish measures can seldom stand the fire of public discussion.

BELGIAN NEUTRALITY

ITS REAL MEANING Why the German Chancellor Called the Neutrality Guarantee a "Scrap of Paper."

HISTORIES OF VARIOUS TREATIES

Wichita Falls, Texas, Oct. 21.—To the Editor of the Wichita Daily Times, Dear Sir: Much has been written on "Belgian Neutrality." More has been written about the violation of this neutrality on the part of Germany, but little, yet, barely anything, has been written on the History of Various Neutrality Treaties.

Thanking you in advance for the great favor which you would thereby bestow upon all truth-seeking and fair-minded people, and also thanking you in advance for the great favor you would show me in publishing this article, I beg to remain, Yours most respectfully, C. M. BEYER.

1411 Eleventh Street.

So much has been said about "Belgian Neutrality," so much assumed, and it has been spoken of as such a sacred thing, that it may be well to examine the basis of it and get an exact idea of its scope.

On the 19th day of April, 1839, Belgium and Holland, which had from 1815 to 1830 formed the United Kingdom of the Netherlands, signed a treaty of separation from, and independence of, each other.

Did these changes abrogate the guarantee of the Treaty of 1839, or make it obsolete? The test of this came in the year 1870, at the beginning of hostilities between France and the North German Union.

Acting on this view, the British government then sought and procured from the French government, and from the government of the North German Union, separate treaties, ratified on the 9th and 26th of August, 1870, respectively, guaranteeing the neutrality of Belgium during the period of war between France and the North German Union.

Great Britain, Germany, Austro-Hungary and Italy refused to sign it and did not sign it. England was not represented.

Finally, the Hague Conference of 1907 drafted a convention which reads: "The territory of neutral powers is inviolable. Belligerents are forbidden to move troops or convoys of either munitions or war supplies across the territory of a neutral power."

Great Britain, Germany, Austro-Hungary and Italy refused to sign it and did not sign it. England was not represented.

NEW INSPECTION ORDINANCE MAY BE AMENDED TONIGHT

Owners of Single Cows Expected to Appear Before City Council Session

Members of the city council are likely to hear from citizens just what they think of the food and milk inspection ordinance—that is from citizens who own cows. It is not that such citizens object to the dairymen paying an inspection fee but they do object to paying a fifty cent fee monthly themselves for the privilege of selling milk to their neighbors. A number of women have already told Inspector Boya whose duty it is to issue the licenses and Mayor Britain just what they think of the ordinance. The council tonight will probably be asked to amend the ordinance so as to provide for a lower fee for single cows.

UNITED STATES PROTESTS ON SEIZURE OF BRILIA

By Associated Press. Washington, Oct. 22.—Acting Secretary Lansing of the state department announced that the United States had protested to Great Britain against the seizure of the American steamer Brilia now at Halifax as unjustified and had demanded her immediate release.

FUNERAL OF GEE SING IS HELD WEDNESDAY AFTERNOON

The body of Gee Sing, the young Chinaman who committed suicide yesterday afternoon by shooting himself with a revolver, was buried in Riverside Cemetery this afternoon. The body was accompanied to the cemetery by a number of Chinese residents of the city. Sing was very popular with the Chinamen of the Coney Island restaurant where he worked. He was much brighter and better educated than the ordinary Chinaman and was rapidly learning the English language. The expenses of his simple funeral were borne by Chinese residents. No service or burial rites of any kind were held.

YOUNG MAN STRICKEN WITH PARALYSIS IMPROVING

C. W. Newland who was stricken with paralysis while at work at the Union Station ticket office Tuesday night is reported to be better but is still paralyzed on his left side. His physicians are hopeful that he will ultimately recover the full use of his members. Mr. Newland who was starting to work as an extra clerk in the office while Ticket Agent N. M. Clifford was on his wedding trip, had just started to raise the ticket window Tuesday night when his legs gave way and he fell to the floor. Fortunately others were in the office at the time and he was carried to the Wichita Sanitarium where he is being treated.

TAFT DRAWS LESSONS FROM PRESENT WAR IN EUROPE

Former President Praises Wilson For Neutral Attitude—Refers To Other Matters

Washington, Oct. 21.—The United States should draw from the European war a lesson regarding its own conduct, said ex-President William H. Taft in an address here before the American Bar Association.

In discussing the charges of violation of treaties by European nations, Taft said this country should put itself in such a position that it could fill to the letter the obligations imposed by its treaties. He recommended legislation to that end.

In his address delivered as president of the American Bar Association, Taft also said that the Progressive party was departing from "the prosperous nostrum" of the recall of judicial decisions because it apparently had become a burden to the party. In speaking of the European war, he said that President Wilson should have the warmest approval and sincerest cooperation in his efforts to maintain the strict neutrality of this country.

United States Disinterested. "We are the principal nation," he said, "in the world, and we should be the only nation of the world not so related to the struggle that both sides may really regard us as disinterested friends. It is our highest duty and the president makes plain his appreciation of this, not to sacrifice and destroy this great leverage for successful effort for mediation when the opportunity arises. It is ill advised and premature judgment upon the merits. We must hold our tongues to be useful to mankind."

He denied a statute would be unconstitutional which would empower the president to institute judicial proceedings, civil and criminal, in courts of the United States to punish a violation of the treaty rights of aliens and enable him to use the civil and military executive arms of the government to protect against threatened invasion.

Says States Neglect. "In our past experience," he said, "we realize that much violence committed through race prejudice against aliens never will be punished by state authority and there is nothing that a high strung people—and it is such peoples now who largely control the matter of war and peace—resent so much as the mistreatment of their fellow countrymen living under the flag of a foreign government that has stipulated and pledged its honor to give them protection."

Taft said there were indications that there had been a distinct falling off in support of the proposals for recall of judges and judicial decisions. These proposals, he said, were incorporated in the platform of the Progressive party whose leader "felt called on to declare that they were the rock upon which it was founded."

"It would appear," Taft continued, "that the party which fathered these proposals has found the instead of being the rock on which it is founded, it is the rock on which it foundered. Certainly it seems wise to its leaders to ignore this part of their original propaganda, an indication that it has ceased to be vote getting."

Turning to the anti-trust legislation of the Wilson administration, Taft asserted that with one minor exception the field of action in respect to restraints of interstate commerce is not enlarged under the new acts.

VINOL DID ME A WORLD OF GOOD

Woman Seventy-five Years Old Exhausted by Effects of Grippe, Restored to Strength by Vinol.

Canton, Miss.—"I am seventy-five years old, and I contracted a severe cold and cough due to a case of La Grippe, so that I lost my strength and became very weak and feeble. Vinol was recommended to me and after taking it for some time, I can truly say it has done me a world of good. The cold is gone, and my cough is practically cured, and it has built up my strength, so I feel active and well again. I think a lot of Vinol, and tell all my friends about what it has done for me."—Mrs. Lizzy Baldwin, Canton, Miss.

Old people may regain much of their former strength and vigor by taking Vinol, our delicious cod liver and iron tonic, on which so many elderly people depend for good health. Vinol sharpens the appetite, aids digestion, enriches the blood and in this natural manner creates strength.

The reason Vinol is so efficacious in such cases is because it contains in a delicious concentrated form all the medicinal curative elements of cod liver oil, with tonic, blood building iron added. Miller Drug Store.

Note—You can get Vinol at the leading drug stores in every town where this paper circulates.

NOTICE IN BANKRUPTCY

In the district court of the United States for the northern district of Texas. In the matter of E. B. Stonecipher, bankrupt, No. 73 in bankruptcy. First meeting of creditors. Office of referee, Fort Worth, Texas, Oct. 20, 1914.

To the creditors of E. B. Stonecipher, of Wichita Falls and district foreclosed, a bankrupt: Notice is hereby given that on the 16th day of October, 1914, said E. B. Stonecipher was duly adjudicated bankrupt and that the first meeting of creditors of the bankrupt will be held at my office in the city of Fort Worth, Texas, on the 31st day of October, A. D. 1914, at 9 o'clock in the forenoon, at which time the said creditors may attend, prove their claims, appoint a trustee, examine the bankrupt and transact such business as may properly come before said meeting.

At The Theaters

MUTT AND JEFF DEVELOP A PENCHANT FOR TRAVELING

Gas Hill's fourth season's offering of the irrepressible cartoon character play, "Mutt and Jeff," called "In Mexico," has been made up on a more elaborate and costly scale than the original production. Undoubtedly due to the confidence naturally inspired by the extraordinary success which has been his since the premier offering of the Bud Fisher conceit of like title, "Mutt and Jeff in Mexico" represents a new school of musical comedy production. Unlike less active and aggressive producing managers, Mr. Hill is continually on the trail of his attractions, studying the likes and dislikes of theatergoers, as well as the work of his actors and actresses, managers, agents, etc. Being continually in touch with his interests, he is enabled to judge of what is best suited and acts accordingly. Fully one-half of the lines, situations and business of a Hill production is the fruit of his indefatigable brain and energy, therefore "Mutt and Jeff in Mexico" contains the pure essence of real comedy-entertainment properly compounded right from the doctor's prescription and is given in large and pleasant doses for a small price of admission. The famous cartoon characters are better surrounded than in other of the previous offerings. The scenic production is an elaborate one with its numerous mechanical effects and drama, farce comedy, refined travesty, extravaganzas and the excellent musical comedy vein, all rolled into one happy thought conglomeration of nonsense and hilarious frivolity which makes laughter incessant for two and one-half hours at each performance. "Mutt and Jeff" and their whole official family are scheduled in Wichita Falls tonight at the Wichita Theatre. It will be well worth your while to secure seats early, as this remarkable play has more than 100,000 records to its credit than any like play has ever known. It's the one real and only hit of the show world.

The Gem. Robert Gray, George Stanley and Jane Novak are featured in a two part Vitagraph drama, "An Innocent Dehlah."

Peter Waring, a young rancher, represents his district in a court fight against a power corporation, which has diverted the water from the irrigation ditches. White, his lawyer, is secretly bought over by the corporation and traitorously conveys the records showing the ranchers entitled to the water rights. Waring meets Lilah, beautiful daughter of Richard Dunham, president of the Power Corporation, falls in love with her and she with him. Just before the day of the trial, he accidentally discovers the missing papers in White's office. White, mistaking Waring as to the date of the trial, and Dunham induces his daughter to innocently give Waring a copy in his honor on that day. He leaves the precious records with Lilah for a few moments and her father gains possession of them. Jim Lincoln, White's sinister partner and Waring's friend, warns the latter that the trial is scheduled for that very day, and springing on a horse, Waring rides like mad to reach the court room. There he finds the papers have been stolen and accuses White of treachery. He is ordered to leave the court room. Returning to Lilah's home, he accuses the girl of acting the part of a Modern Dehlah. She denies it, but refuses to incriminate her father. Waring denounces her, and goes back to the ranch thoroughly discouraged. That night, Lilah covers the papers and next day, she and Lincoln order for a new trial. Lilah hears that the ranchers, believing Waring has turned traitor, are planning to mob him, and rides with all speed to save him. She arrives in time to convince the men that her father alone is to blame and saves Waring from being roughly handled. The ranchers apologize and withdraw, while Waring, with his knees beside the girl, overwhelmed by his gratitude and love.

The Majestic. Little Mary Pickford is seen in two single reel productions today, "The Two Brothers" and "The Italian Barber." "The Terrible Lesson," a Biography and "When Macbeth Came to Snakeville" complete the program. Snakeville is all in a whirl, the world's greatest tragedian is to appear in Macbeth at the "Opry House." The Tank Town troupe arrives and stops at Slim's boarding house. Slim discovers his wife, Sophie, paying great attention to the leading man, and that evening at the performance she goes into hysterics at the marvelous acting of her ideal. That night she walks in her sleep, and imagining herself to be Lady Macbeth, gets a butcher and enters the room of the would-be Macbeth. The actor is frightened nearly to death. Sophie finally awakens, but it is not in her power to persuade the actor to remain in town another day, so he leaves, much to the satisfaction of Slim.

The Victoria. "The Cruise of the Molly Ann," a Broncho in two parts is the feature offering here today with "Motherless Kids," a Beauty film to complete the program.

The Lydia Margaret. A new vaudeville bill opens here today, to continue the remaining three days of this week. A feature of the bill is the Times Square Quartette composed of four newboys, who sold their papers around Times Square. The press notices which herald their engagements are exceedingly flattering. Today's picture program is "The One Man Who Was Miseducated," a King Baggot feature with Arline Pretty playing opposite lead.

Ernest Thompson Seton has often shown the fidelity and affection that an animal holds toward its master in his various stories, and many great writers have sounded the praises of animal affection to the skies. When all is said and done, of all the animals in the lower kingdom, a dog is undoubtedly the most faithful toward the person to whom it becomes attached. In Switzerland, the giant St. Bernard is the guardian of the passes and the protector of human life. On the Scotch moors, the Collie guards the sheep in a way and manner beyond the ken of mankind. The police dogs of Germany are noted for their wonderful instinct in tracking animals and it will be recalled that during the slavery days, the blood-hound was the principal means of bringing back deserters to the slave camps. The Eskimo could not exist without his "husky" as he depends on these powerful animals as a means of locomotion. For hunting and securing provender, it is a well known fact that the dog is man's greatest asset and friend, but the place where a dog's affection and kindness is most felt is in the homes of the lowly. Many a poor, lonely man has eked out his existence and lived in solitude with the exception of his canine friend, and the faithfulness which some of these animals show toward their masters is wonderful to a marked degree. To those of position and wealth, the dog is a luxury and plaything, but to a man in the thralls of poverty, it is a friend and companion.

"The Man Who Was Miseducated" is a retrospective drama, dealing with the life of a man who lost King Baggot is an old fiddler, who ekes out an existence by playing his fiddle on the street corners, accompanied by his dog, Roger, who acts as his companion and protector.

BIBLE SCHOOL OF METHODS IN WICHITA FALLS

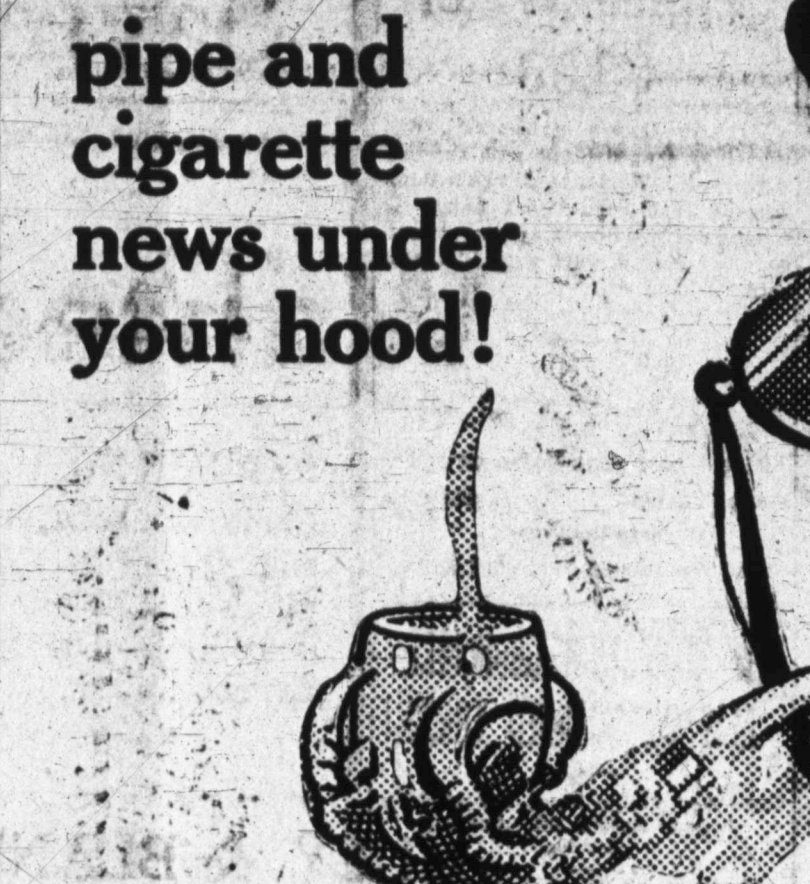

In the Bible school world, Schools of Methods are becoming very popular. These are a most effective means of training Sunday school officers and teachers in modern plans and methods. All denominations are entering into this plan of instruction. Last year in the schools conducted by the Christian Church alone, 4,600

students enrolled from 679 Sunday schools and of this number, 984 complied with the necessary requirements and received certificates of graduation.

The plan is for national and international Sunday school specialists to go in groups of four and five to a city and become faculty in the school. It will be of intense interest to many to learn that such a school has been just secured for Wichita Falls and will be conducted in the Christian Church five days from Nov. 2-6. See your local pastor concerning enrollment.

Miss Hazel Lewis of Cincinnati, specialist in elementary division. Miss Cynthia Pearl Maus of St. Louis, specialist in teen age division. Mr. W. J. Clark of Cincinnati, national adult superintendent on organization and management. Rev. F. F. Walters of this city will give five Bible studies in the Gospels. Every Bible school officer, teacher and worker should avail themselves of this opportunity.

What is the use to pay rent when I can sell you a nice, new six-room dwelling close in, fine location, for 10 per cent of the purchase price cash, and the balance in monthly payments the same as rents would cost you. In a few years you would own the place for the same amount that you are now paying rent. Let me show you this.

THE STATE OF TEXAS
To the Sheriff or any Constable of Wichita County, greeting:
You are hereby commanded to summon Frank McAfee by making publication of this citation once in each week for four successive weeks previous to the return day hereof, in some newspaper published in your county, to appear at the next regular term of the district court of Wichita County, to be holden at the court house thereof, in Wichita Falls, on the first Monday in December, A. D., 1914, the same being the 31st day of December, A. D., 1914, then and there to answer a petition filed in said court on the 18th day of April, A. D., 1914 in a suit, numbered on the docket of said court No. 4929, wherein Vina McAfee is plaintiff, and Frank McAfee is defendant, and said petition alleging that plaintiff was legally married to defendant about June 20th, 1912 and continuing to live together as husband and wife until about Sept. 30, 1912, when by reason of cruel, harsh and improper treatment of plaintiff by defendant she was forced to permanently abandon him, since which time they have not lived together as husband and wife. That during the time they lived together that she treated her husband with kindness and forbearance, etc., but that defendant disregarding his marital vows and obligation immediately after their marriage began a course of cruel, harsh treatment toward plaintiff, by cursing her and calling her vilest names, striking her in the face which showed an utter disregard for plaintiff's health, etc. That defendant was a man of violent passion and ungovernable temper. That defendant's actions towards her generally were of such a nature as to render their further living together insupportable. Wherefore plaintiff prays the court that defendant be cited to appear and answer herein as the law directs, for judgment dissolving the marriage relations, for cost of suit and general and special relief, etc.
Herein full not, but have before said court, at its aforesaid next regular term, this writ with your return thereon, showing how you have executed the same.
Given under my hand and the seal of said court, at office in Wichita Falls this 9th day of October, A. D., 1914.
A. F. KERR, Clerk District Court, Wichita County.

FOR YOUR CONVENIENCE

We strive to make it convenient for you to do business with us. We have motor delivery. We come when you call. We work after hours. We do anything that is necessary for your convenience. We will not allow anybody to do better work for you or give you better service than we do. We know what service is. If we were cleaning our first suit or laying the tape the first time we could not say these things. But it is not our first by a good many thousand. There is no dingy ring left where the grease spot was when we do your cleaning. There is no loose leather flapping around in your suit when we lay the tape. We do things just one way. Our rules and regulations are told in just these three words—DO IT RIGHT. And last but not least we charge you a price now and for all time to come that is "RIGHT."

Columbia 'Meteor'

\$17.50

An instrument of High Quality but at a low price

If you've been waiting, knowing you were going to buy a talking machine some time, but have hesitated to put \$200 into it—the time has come. You don't have to spend \$200; you don't have to spend \$100; nor \$75; nor \$50; nor even \$25—for here is the new Columbia "Meteor" at \$17.50. Now take this literally: the tone of this instrument is all that any \$200 machine can give you—and that includes the \$200 Columbia, which is far superior in its tone quality and tone volume to anything you have ever heard. So come in and let us demonstrate it. We'll send it home on approval if you wish.

Don't Allow the War

Scare to keep you from doing your full duty in this life towards those you love. This country is fully able to take care of her people. The trouble is the folks themselves are chicken-hearted and great big "frail cats." We are at peace with the world and certainly should be able to take care of ourselves.

Your cemetery plot needs attention. That forgotten mound needs a marker. Are you afraid? Today is the day. Tomorrow will make new demands and set forth new duties. Some of you have neglected your plots for too long. If you ever intend to do anything, do it now.
