## VERDUN ENDANGERED BY HEAVY GUNS

### GERMAN BIG GUNS PLANTED ON HEIGHTS OF CAMP DES RO. MAINES

## FRENCH MUST DISLODGE THEM

### Recapture of Position By French Is Admitted To Be of Supreme Importance

By Associated Press.  
London, Oct. 24.—The Times today prints a long dispatch in which its correspondent at Nancy, France under date of October 15 gives a vivid picture of the fighting on the right wing of the French army.

"Though the French official communication continually states that the situation on the right wing is unchanged," he says, "they do not mean that the opposing armies are marking time. The Germans have made fierce efforts to get Verdun. These efforts were as fiercely repulsed and the French field army still stands between the army of Metz and the coveted fortresses of Toul and Verdun. In the attempts on St. Mihiel the Germans were more successful. Hard fighting will be necessary to eject them, but the Germans' objective, the juncture of the right of the crown prince army at Metz with the right wing of the crown prince's army, at Argonne has been prevented. The French are laying for a heavy fall of snow which would seriously hamper the enemy's movements of supplies and might drive them into the open.

"The guns of Verdun never have been in action yet and there is no prospect of the fall of Verdun unless the French field army allows the Germans to get their big guns within range. The whole history of this war, however, goes to prove the utter uselessness of forts under present conditions. The best type of fortifications seems to consist of batteries from which the guns can be moved easily and quickly to a new point. As soon as the Germans had entrenched themselves at St. Mihiel their big guns made short work of the forts at Troyon and Camp des Romains. The Germans have placed a battery of Austrian 42 centimeter guns on the heights of Camp des Romains, which commands St. Mihiel and a large part of the Woivre. It is most important that the French recapture this position but it will take the most severe kind of fighting to do so."

## ANOTHER EMBARGO ON WHEAT AT GALVESTON

### Santa Fe Will Accept No More Wheat For That Part Owing to Congestion

By Associated Press.  
Chicago, Oct. 24.—The interruption of ocean shipping due to the war has resulted in a congestion of grain in the elevators at Galveston, Texas, and it was stated today at the office of the Santa Fe road that an embargo on further grain shipments through that port had been put in effect. A similar embargo was ordered earlier in the war, but was raised a month ago after the warehouse had succeeded in getting rid of some of the grain.

Despite the announcement of the embargo, wheat continued in active demand here at \$1.95 a bushel yesterday, and local dealers were not alarmed over the situation. The Santa Fe's embargo at Galveston goes into effect at midnight tonight. Sixteen boats are at the Santa Fe's wharves in Galveston and when these are loaded it is expected there will be plenty of room in the Santa Fe's terminals for more grain and that the embargo will be raised.

The fact that exporters were making offerings freely indicated that they did not consider the situation at Galveston as serious.

## This Young Man Seems Determined to Obtain Education for Himself

By Associated Press.  
Austin, Texas, Oct. 24.—How a young man desiring to obtain a university education reached Austin with only one dollar in his pocket and finally succeeded in matriculating, is told by Dr. T. U. Taylor, dean of the engineering department of the University of Texas. This student secured a situation as waiter in a boarding house, by which he earns his board; at another house he does odd jobs for his room rent. Before the opening of the university he cut lawns and did other work and had eight dollars when time came to register. The registration fee was \$18.50 and he was referred to Dean Taylor, who advanced him \$20 from the engineers loan fund, and the student went ahead with his matriculation. Mr. Taylor says there are hundreds of young men attending the university under similar circumstances.

## HEAVY STORMS OVER WEST TEXAS

### FROM THE PANHANDLE TO THE RIO GRANDE HEAVY RAINS FALL

## 11 DROWN AT SAN ANTONIO

### 200 Houses Swept Away and Property Loss May Reach \$200,000

By Associated Press.  
San Antonio, Texas, Oct. 24.—Eleven persons were drowned and about 2000 people left homeless and destitute by the flood in this city Friday. The list of dead may grow as a result of today's investigation. Several other persons are reported as missing, but as yet it has not been established whether or not they were swept away in the flood.

Property loss is estimated between \$150,000 and \$200,000. The flood was confined to the districts along the Alazan and San Pedro creeks, portions of the city occupied by the poorer classes. The Alazan creek, ordinarily about two feet wide, swept along a block in width and carried away many houses and bridges. It is estimated fully 200 houses were swept away. Relief work started before the flood had subsided and this morning was well organized under direction of the Chamber of Commerce and the associated charities.

## CORPUS CHRISTI REPORTED PARTIALLY SUBMERGED

By Associated Press.  
Corpus Christi, Texas, Oct. 24.—During the past fifteen hours more than four inches of rain have fallen in Corpus Christi and vicinity and some sections of the city practically are submerged. The rain has been accompanied by strong winds that have played havoc with light and telephone wires. The operation of street cars was suspended this morning. Reports from Callan state that the Nueces River is on a big rise.

## HEAVY RAINFALL ALONG THE ORIENT RAILWAY

By Associated Press.  
San Angelo, Texas, Oct. 24.—Orient officials here report a general rain of from one to four inches from Alpine, Texas to Altus, Okla. Much damage has been done to Orient tracks.

## STREAMS RAGING TORRENTS IN SAN ANGELO COUNTRY

By Associated Press.  
San Angelo, Texas, Oct. 24.—Most unusual rains have fallen here, all the streams being raging torrents. The mail service south of here to Christoval and Eldorado, by automobile, has been abandoned, owing to impassable condition of the roads.

## GUADALUPE RIVER RISING RAPIDLY SATURDAY

By Associated Press.  
Cuerpo, Texas, Oct. 24.—The Guadalupe River rose at this point sixteen feet at 10:30 o'clock this morning. From the time the rains started and is now rising six inches per hour. Heavy rains over the headquarters indicate a sharp rise to follow. Rainfall here has continued for the last twelve hours and has fallen a total of 5.25 inches. Heavy rain continues with prospects of steady fall.

## TWO MORE BANDITS SHOT AND KILLED

### FOUR OF THE FIVE MEN WHO ROBBED WASHINGTON BANK ACCOUNTED FOR

## TWO KILLED ON A BRIDGE

### Detected By Searchlight and Posses Opened Fire—Money Found On Bodies

By Associated Press.  
Bellingham, Wash., Oct. 24.—Two more of the five bandits who robbed the First National Bank of Sedro-Woolley of \$20,000 last Saturday night, right, killing a boy and wounding two officers have been shot and killed. One of the five was killed and the other wounded and captured Thursday after a fight with a posse of whom members was slain. The three remaining bandits eluded American and Canadian officers yesterday, but were detected by an electric searchlight while trying to cross the Great Northern railway bridge at Perdale shortly after midnight under cover of darkness. Before they could fire the posse began to shoot; two fell dead. The third escaped by a foot path, near the bridge. The posse expects to capture him. Both victims carried heavy money belts; one had \$1554 and the other \$1533 in gold.

## 63RD CONGRESS NOW IN HISTORY

### AFTER NEARLY 19 MONTHS OF CONTINUOUS SESSION CONGRESS ADJOURNS

## FILIBUSTER IS GIVEN UP

### Southern Congressmen Are Promised Right of Way For Cotton Relief Legislation

By Associated Press.  
Washington, Oct. 24.—After nearly nineteen months of continuous session since the inauguration of Woodrow Wilson the Sixty-third Congress adjourned its second session after the collapse of a prolonged effort for relief legislation for cotton growers. Leaders in the movement agreed to adjourn, however, only on condition that pending cotton relief measures would have right of way in the House when Congress reconvenes December 7.

Not more than fifty members of the House and less than a quorum on the Senate were in attendance when the gavels fell for adjournment without day. The end was accomplished through the passage of a concurrent resolution ending the session at four o'clock in the afternoon, but the adjournment occurring at 3:22 in the House and in the Senate at 3:27. As the altered hands of the House clock drew near four while the Senate was winding up executive business Speaker Clark arose at his desk and facing the scattered attendants on the floor said:

"This is the longest and most laborious session Congress has ever known. I congratulate you most heartily on being able to adjourn at last. I wish to thank every member of the House—Democrat, Republican, Progressive and independent, for uniform courtesy shown to the speaker. Now in the language of Tiny Tim, 'God bless us, every one.'"

Senate Undermountain.  
The Senate's adjournment probably was the most undermountain in its history. Democratic leaders and a few Republicans were sitting behind closed doors conferring and planning when the word came that the House had carried out the adjournment resolution. Senator Kern, the majority leader, at once moved to open the doors. When this was ordered the doorkeeper hurriedly set the clock hands ahead and Senator Swanson of Virginia, presiding in the absence of the vice president and president pro tempore Clark announced that the Senate was adjourned. Senators who had remained for the finite hurriedly left the chamber.

In announcing the abandonment of their filibuster for cotton legislation, following a conference early in the day Senator Hoke Smith of Georgia, and Representative Henry of Texas, told the Senate and House it was apparent no quorum could be maintained for consideration of cotton legislation at this time and that further filibustering might injure chances for ultimate success. Representative Henry expressed his conviction that Congress would be convened in extraordinary session by the middle of November when the fight could be resumed. The House today was apparent a bill for a \$250,000,000 government bond issue to buy cotton and declared:

"We have done all we could for the suffering people of the South; we have had our day in court for this session and I would have no excuse for further filibustering at this time. I will feel that I have done my duty by simply voting against this adjournment resolution."

The House adopted a resolution authorizing the appointment of a committee to investigate cotton conditions in the South and to report possible measures for federal aid by December 15.

## COTTON EXCHANGE MAY OPEN NEXT MONTH

### Negotiations Now In Progress With That End In View Progressing Favorably

By Associated Press.  
New York, Oct. 24.—As a result of negotiations in progress at Washington between the officials of the United States and representatives of the British finance ministry the New York Cotton Exchange is considering communicating with the Liverpool exchange with a view to opening both exchanges early in November. It is understood that a similar communication will be forwarded to the New Orleans Cotton Exchange.

## DIVERSIFICATION CAMPAIGN IS PLANNED IN TEXAS

By Associated Press.  
Dallas, Texas, Oct. 24.—Presidents and secretaries of the Texas commercial organizations, in a statewide meeting here today on the cotton situation, eliminated discussion of cotton. They confined their action to plans for educating farmers to the advantages of diversification and especially raising feed crops.

## GALACIA SCENE OF BITTER BATTLE

### FOR EIGHT DAYS TERRIFIC FIGHTING BETWEEN RUSSIANS AND AUSTRILIANS

## KAISER NEARLY CAPTURED

### German Emperor Reported On Battlefield Near Warsaw According To Report

## EMPEROR WILLIAM ESCAPED CAPTURE.

London, Oct. 24.—The Petrograd correspondent of the Central News sends the following:  
Soldiers from the Warsaw front say Emperor William was personally on the field of battle. He almost was captured, barely escaping in an automobile.

## RUSSIANS CLAIM THREE VICTORIES IN THE EAST

By Associated Press.  
London, Oct. 24.—Describing the recent fighting the Petrograd correspondent of the Post says the Germans declined to cross the Vistula in the neighborhood of Ivanograd, where the river is a quarter of a mile wide. "They pushed nearer to the fortress to bombard it with heavy guns," the correspondent declares, "but caused little damage. The garrison of the fortress joined the field army in driving back the German forces at this point."

## RUSSIANS CLAIM THREE VICTORIES IN THE EAST

The correspondent comments that this action is another instance of the daring strategy of the Russians of taking enormous risks to secure a desirable end; risks which Russians can afford because Russia has limitless forces of men to call upon, but which countries like England and France cannot afford to do.  
"Russia already has won three battles—Galacia, Augustowo and 'Warsaw,'" says the correspondent, "each time by an enormous risk, conscientiously taken, and each time the enemy has trumpeted a great victory at the precise moment that a risk was taken, until the final result opened the eyes of the German strategists to the real nature of the Russian tactics. In Warsaw the battle risk consisted in laying the capital city open to the capture and in the battle of Ivanograd the risk was the extreme danger of the Germans' breaking through the center of the Russian line."

## NIGHT RIDERS AT DAINGERFIELD

### MERCHANTS WARNED NOT TO PAY LESS THAN 10 CENTS FOR COTTON

## GIINS ALSO RECEIVE NOTICES

### Placards On Front Steps Threaten Incendiaryism If Warnings Not Heeded

By Associated Press.  
Daingerfield, Texas, Oct. 24.—Night riders and white-cappers invaded Daingerfield at some hour last night and posted placards at the front doors of all the merchants in Daingerfield who buy cotton advising them in this matter that if they bought any more cotton from the farmers and paid less than ten cents a pound for it, the stores would all be destroyed by fire. The merchants are giving the notices no attention whatever and are today buying cotton on the streets as usual. However, a great deal of uneasiness is being manifested since the town was invaded by the night riders. Several guns around Daingerfield have received similar notification, not to give any more cotton. No serious thought is being given the threat and the guns are all running as usual.

## DISASTER TO GERMANS

### 5,000 DROWN WHEN DIKE CUT AND 30,000 REPORTED KILLED AND WOUNDED

## BELGIANS FIGHT HARD

### German Retreat Toward Thiel Declared to Have Become Dangerous Rout

By Associated Press.  
London, Oct. 25, 2:05 a. m.—The Sunday Observer's correspondent in the department of Pas Calais, France, says through the cutting of the dikes southeast of Dixmude, a large German force has been flooded out some estimating German losses there at 5,000 drowned, besides 30,000 killed and wounded. This may give some hint, the dispatch says, as to what is meant when it is declared that the fighting in this region is the most dangerous of the entire war this far.

A large number of women spies who have been captured and promptly executed near Dixmude. Several of them declared they had been terrorized into practicing espionage. They had no idea of the risk they were running or the penalty for their offenses.

The Belgian army field is doing staunch work around Dixmude. Four times on Thursday afternoon the Germans charged the Belgian trenches along the whole front, with bayonets; each time they were driven back.

Regarding its local aspect the German retreat toward Thiel after the repulse at Dixmude may be described as a rout, for although the retreat was covered by German artillery the French took more than 1,000 prisoners, including 500 wounded. Some of the prisoners believed they were within twenty miles of Paris.

## \$135,000,000 LOAN TO COTTON FARMERS

### BANKERS AND RESERVE BOARD MEMBERS REACH TENTATIVE AGREEMENT

## 6 CENTS POUND 6 PERCENT

### Full Details of Plan Not Made Public But Different From Original Proposal

By Associated Press.  
Washington, Oct. 24.—After weeks of negotiation between bankers and federal reserve board members a tentative agreement was reached tonight when the board virtually approved a plan by which a fund of \$35,000,000 will be raised to care for the surplus cotton crop and extend aid to cotton producers. The plan is slightly different from that originally proposed but loans will be made on cotton on a basis of six cents a pound against interest of not more than six per cent for one year, with a privilege of six months extension.  
The reserve board will have direct supervision of the fund but probably will operate through a committee of bankers and business men. All details of the plan were not made public tonight. New York bankers have agreed to subscribe \$50,000,000 to the fund and southern banks are counted on for \$25,000,000. The remaining \$10,000,000 is to be raised in non-cotton producing States.

## SWITZERLAND EXPELS THREE GERMAN SPIES

### Military Tribunal Found Them Guilty of Plotting Against England and France

By Associated Press.  
Geneva, Switzerland, Oct. 24.—Three German spies were sentenced by the third military tribunal Friday. They are Lieutenant Colonel Otto Ulrich of Berlin, Dr. Wohlender and Herr Kehr, a chemist, and were charged with plotting against England and France, thereby violating Swiss neutrality. All three were sentenced to expulsion from Switzerland.

## GERMANY ACCEPTS MONROE DOCTRINE.

## GERMANS HAMMERING AT BOTH WINGS OF ALLIES' ARMY--RESULT INDECISIVE

By Associated Press.  
London, Oct. 24.—The immense armies of the belligerent powers continue to hammer each other ceaselessly on the line extending from the North Sea to the Swiss border in the west and from the Baltic Sea to the Carpathians in the east. The net result, however, so far as can be judged from official reports issued tonight is that they gain a little at one point only to lose a little elsewhere. The French commander in chief is the only one to admit reverses in the western theatre of the war and he does so only in cryptic sentences. It is difficult to judge, therefore, how the battles in France and Belgium are progressing, but it is certain that up to this evening none of the armies have succeeded in pushing its offensive far enough to bring appreciably nearer the end of any of the engagements that have been going on for so many weeks.

The Germans have taken the offensive against both the right wing of the allied army which rests on the sea and that portion of the French army which is defending the line of fortifications between Verdun and Toul. In the former operations in which every German soldier at the command of the officers in Belgium is taking part, the French report admits that the Germans have made progress at some points, but declares that at others the allies have been just as successful.

## AIR, WATER AND LAND BATTLE

It is evident that along the coast the Germans have found it difficult to advance in the face of the hard fighting line drawn along the Yser Canal and aided by British and French ships which are bombarding them from the sea. It probably is the most picturesque battle ever fought. On shore the troops of five nations are fighting; at sea British monitors, gunboats, destroyers and submarines are fighting side by side with French warships, while at the same time they are being subjected to attacks by German submarines and air craft. Thus far the warships have had the better of it, for while they are reported to have inflicted terrible losses on the Germans trying to advance along the coast, they themselves have suffered little or no damage.

## LILLE DISTRICT STILL SCENE OF COMBAT

The British admiralty has issued an interesting account of the operations of this fleet in which it is explained that the ships have fired upon the German batteries as in the vicinity of Ostend. It probably was this which led to reports from Holland that the Germans have been driven back in that direction, and also to the statement that the allies have reoccupied Ostend. About Lille, which the Germans hold there have been unusual fluctuations, the French gaining in one area and the Germans in another not far distant. There has been so much fighting here as well as farther south in the direction of Arras and Roye that even the accounts of the trainloads of wounded being taken daily to the hospital cannot be exaggerated. The same can be said of the district between the fortresses of Verdun and Toul where two armies have been fighting for many weeks with gains and losses amounting to virtually nothing as far as distance is concerned.

Today both sides claim success in a battle in which there were so many victims that the Germans asked for a truce to bury their dead. This plea was refused.

In Poland the Russians having compelled the Germans to desist their attacks on Warsaw and Ivangorod are preparing for a repetition of the offensive on the part of their adversaries by bringing more men and guns. Further south they have not been able to make the Austrians who are now under command of German officers and stiffened with German troops, give up their attempts to cross the San River. The Russians also apparently are engaged in offensive operations on the East Prussian frontier, as the German official report refers to a Russian attack at Augustowo, which it says was repulsed.

Of the fighting in Bosnia, the accounts are so

contradictory that no judgment can be formed. The Austrians claim to have defeated the Servians and Montenegrins while the others state that the enemy has been repelled along the frontier.

### TSING TAU STILL HOLDING OUT

A Berlin newspaper states that two Japanese men of war and the British man-of-war Triumph have bombarded the Tsing Tau forts but without result so far. The upper deck of the Triumph was pierced on October 14 by a shot from a heavy gowitz. The German gunboat Jaguar was slightly damaged.

### FRENCH OFFICIAL REPORT SAYS VIOLENT ATTACKS BY GERMANS REPULSED

By Associated Press.

Paris, Oct. 24.—The following official communication was issued by the French war office tonight. From the sea as far as the region to the south of Arras, the violent attacks of the enemy have everywhere been repulsed. West of the Argonne district we have carried the village Melziourt, which commands the roads leading from Veronnes to the valley of the Aisne. There is nothing to report on the remainder of the front.

### EFFECTIVE BOMBARDMENT BY BRITISH FLOTILLA ON THE GERMAN RIGHT

By Associated Press.

London, Oct. 24.—The admiralty today issued the following announcement: "All yesterday monitors and other vessels of the British bombarding flotilla fired on the German right, thoroughly and effectively in concert with the operations of the Belgian army. All German attacks on Neuport were repulsed. Much damage was done to the enemy by naval fire."

### GERMAN SUBMARINE RAMMED AND SUNK BY A BRITISH DESTROYER

By Associated Press.

London, Oct. 24.—A German submarine has been rammed and sunk by the British destroyer Badger off the Dutch coast. The Badger's bow was somewhat damaged. This official announcement was made tonight.

### NO DECISION ON U. S. PROTEST

MATTER CONSIDERED AT MINISTERIAL CONFERENCE IN LONDON SATURDAY

### FUEL OIL WAS FOR GERMANY

Shipments to Copenhagen, Said to Have Been Destined to German Army

London, Oct. 24.—The protest of the United States against the seizure by British warships of the American oil ship Plutaria was the subject of ministerial conference today, but according to the foreign office no decision was reached.

### AMERICAN OIL FOR GERMAN AIRCRAFT

Washington, Oct. 24.—Private letters have been received at the British embassy here from Denmark stating that one big shipment of fuel oil from the United States was promptly sent, on its arrival in Copenhagen, to the German aerial and naval base at Kiel. Whether this occurred before or after Denmark prohibited the exportation of oil to belligerent countries was not stated. The information, however, with the general belief in England that the recent increase of oil shipments from the United States to Denmark was to be used for attacking England by Zeppelins and submarines resulted in the adoption by the British navy of restrictive measures. It was admitted by British officials today that the Brindilla and Plutaria, Standard Oil ships plying between the United States and Denmark, were destined in this connection, in pursuance of the belief that the cargoes of illuminating oil eventually might find their way to Kiel. The entire question, it is believed in official circles, will be adjusted during the coming week with the informal notification to shippers to consign their cargoes to a specific consignee.

### ST. LOUIS MAY NOT GET BALLOTS IN TIME

St. Louis, Oct. 24.—Fear that ballots would not be printed in time for the general election here next month was expressed today by the chairman of the St. Louis election board. The validity of the blanket law stipulated by the governor during the last session of the last legislature is now before the state supreme court and the company awarded the contract for printing 228,000 ballots ordered for St. Louis cannot begin work until the court decides whether the ballots shall be of the blanket or ribbon type. Unless the decision is given today it is feared that the ballots cannot be printed before election day.

### ZAPATA DELEGATES TO ARRIVE TODAY

WITH THEIR ARRIVAL QUESTION OF CARRANZA'S RETIREMENT WILL BE TAKEN UP

### NEW COMPLICATION ARISES

Mexican Consul General in New York Says He Does Not Recognize Carranza

Washington, Oct. 24.—With the arrival at the Agues Calientes tomorrow or Monday of the twenty-eight Zapata delegates the question of the retirement of General Carranza as first chief of the constitutionalists will be taken up. This was reported in official advices to the American government today.

A new complication in the Mexican situation arose tonight in a statement issued by Rafael Zubaran, head of the Carranza agency here, declaring that "the Mexican officials henceforth will neither admit nor acknowledge the validity or authorization of any of the acts of Francisco Urquidí in the official capacity as Mexican consul general in New York." Mr. Urquidí was ousted by Carranza to resign but in a published statement today declared he took orders from the convention instead of Carranza.

JOHNSON OF OKLAHOMA CAUGHT KICK-OFF AND RAN TO GOAL

### FORWARD PASS WON GAME

Texas Turned Passes into Four Goals In Course of the Game

Dallas, Texas, Oct. 24.—The University of Texas defeated the University of Oklahoma football team here today, thirty-two to seven. Forward passing won the game. Oklahoma scored her only touchdown in the first ten minutes of play. Left Half M. Johnson caught Texas' kick-off and ran it back eighty-five yards through the center of the Texas team for a touchdown. Texas scored three minutes later on a long end run by Barrill and three line bucks.

There was no more scoring until the second half when Texas began using forward passes on nearly every other play, turning them into four touchdowns.

The Line-Up. Texas—Left end, Turner; left tackle, Berry; left guard, Goodman; center, Dittmann; right guard, Jordan, (Capt.); right tackle, Birge; right end, Edmond; quarter, Wimmer; left half, Barrill; right half, Littlefield; full back, Walker. ### PENNSYLVANIA DEFEATS CARLISLE INDIANS

Philadelphia, Oct. 24.—The forward passes greatly aided Pennsylvania in defeating the Carlisle Indian football team at Franklin Field today, seven to nothing. The Red Men outplayed Philadelphia in the first half and the Quakers were lucky that Carlisle did not score.

### PENNSYLVANIA STATE TIES HARVARD

Cambridge, Mass., Oct. 24.—Harvard narrowly escaped defeat today by Pennsylvania State College, which outplayed the Crimson in all departments of the game. The score was a tie, thirteen to thirteen. The visitors lost a chance for victory through two costly fumbles. Two minutes before play ended Harvard recovered the pigskin on a fumble on the visitors forty yard line.

### VALE DEFEATED BY WASHINGTON-JEFFERSON

New Haven, Conn., Oct. 24.—Washington and Jefferson's sturdy eleven playing real football furnished the first real surprise of the season here by defeating Yale today, thirteen to seven. The visitors smothered the Yale attack after the first period and kept the Blue mostly on the defensive for the remainder of the game. In Stegle and Fleming Washington and Jefferson had two of the best open field runners seen on Yale field in years. Yale's line, without the service of Capt. L. Talbot was outplayed Washington and Jefferson made eighteen first downs against Yale's fourteen.

### "LONG WAY TO TIPPERARY" ENGLAND'S NATIONAL SONG

Like "Hot Time" During Spanish-American War—Organist Plays it at Church as Voluntary

By Associated Press. London, Oct. 24.—"It's a Long, Long Way to Tipperary" is upsetting staid old England quite as completely as "Hot Time" outraged the sensibilities of aesthetic Americans at the time of the Spanish-American War.

"Rule Britannia" and "God Save the King" do very well for non-combatants who don evening clothes and pass a patriotic evening watching Sir Beer-bohm Tree's "Drake." But the hundreds of thousands of recruits and Territorials have little taste for the solemn hymns and have popularized "Tipperary" by whistling it and singing it in the city streets, along country roads and in the big concentration camps.

German Advance at Some Points Admitted—Allies, However, Gain at Others

### FRENCH REPORT TELLS OF GAINS AND LOSSES

Paris, Oct. 24.—The official communication given out at the war office says:

"The battle continues on our left. The enemy has made progress to the north of Dixmude and in the vicinity of Labresse. We have made very perceptible advances to the east of Mieuport in the region of Langemarck and in the region between Armentieres and Lille. It is a question of inevitable fluctuation in the line of combat, which however, maintains itself as a whole. On the rest of the front several German attacks by day and by night have been repulsed. At various places we have made slight progress: in the Weverre district our advance has continued in the direction of the forest of Martigne to the southeast of Thiencourt and in the forest of La Pierre north of Pont-aux-Mousses.

The Germans are retreating to the south of Warsaw as well as to the west of Ivograd and Nova Alexandria. Desperate fighting continues in Galicia on the Sandomir front. At Przemysl the Russians have taken 2000 Austrian prisoners."

### GERMANS CLOSING RING AROUND FRENCH FORT

German Newspaper Says Lines Being Drawn Closer Around Great Verdun Fortress Daily

London, Oct. 24.—The Germans' ring around Verdun according to the Cologne Gazette is coming closer daily, says a Central News dispatch from Copenhagen. All French attacks have been in vain. Col. ### RUSSIAN REPORT CLAIMS ADVANTAGE EVERYWHERE

Petrograd, Oct. 24.—The following official communication was issued by general headquarters tonight:

"Our troops beyond the Vistula are pressing the armies of the enemy in retreat. North of the Tiltza river the Germans are offering only feeble resistance; they have been driven back as far as Skiernewice. South of Piltza on the road to Radon we have forced the Austro-German troops to engage in a serious battle. On October 23 the fighting line extended twenty-six miles. At certain points the engagements took on the character of hand-to-hand encounters. In the forests around Radon several of our infantry regiments successfully carried out bayonet attacks. At other points we have taken prisoners and rapid-firers. Above the river Iljanka the Austrian troops are seeking again to establish themselves on the Miedzica, but our troops have crossed the river and are offering strong opposition. Along the river San and south Przemysl desperate engagements continue, but the advantage continues with our troops. In the fighting south of Julusa we have made prisoners of five companies. In repulsing an attack of the enemy against our corps operating south of Przemysl we have captured 5,000 prisoners and nine machine guns. The left wing corps taking the offensive made a number of prisoners. A column of the enemy which occupied Styr has been dispersed. There is nothing to report from East Prussia."

At this election there were two women nominees for the House of Representatives who made about the usual showing. Mrs. Emily L. Paul, a Socialist who ran independently in the Cook constituency, polled only 480 votes as against 15,740 for the Labor candidate, while Vida Goldstein, who ran on the Independent Labor ticket in a suburb of Melbourne against Representative Sir Robert W. Best (Liberal), received 9,268 votes as against 17,175 for Sir Robert.

### LABOR PARTY VICTORIOUS IN AUSTRALIAN ELECTION

Is Committed To Higher Duties Which May Affect Trade With United States

Melbourne, Australia, Oct. 24.—The returns from the Federal Parliamentary elections of September 5 indicate that the victory of the Labor party will give it thirty-two senators in the next Parliament, as compared to only four for the Liberals, and forty-one members in the House of Representatives, as against thirty-three Liberals. The overthrow means the reformation of the Liberal government, headed by Premier Joseph Cook, and the resumption of power by the Laborites, headed by the former premier, Andrew Fisher. From an American standpoint the return of the Labor party to power may be particularly interesting from the fact that this party is committed to higher protective duties which may affect the importation of American goods. Nearly 900,000 women are register-

ed voters in Australia and their ballots were, as usual, a large factor in the result. The predominating popular charge against the Liberal government was to the effect that the Senate had ceased to be democratic. The outbreak of the European war and Australia's participation in it largely detracted from the issues and the women particularly were so engrossed in sewing and other feminine aid for the army that the vote was lighter than usual. In some districts, as was the case throughout Melbourne, women leaders of the Labor party emptied whole streets of women folks and took them all, including many old and infirm, to the polls.

Since this is the eleventh year that Australian women have enjoyed suffrage, the scenes of election day, such as women carrying their babies with them into the election booths, are no longer a novelty here. Miss Adela Pankhurst, a daughter of the English suffragette leader, was an interested spectator. She said she was much impressed by the intelligence of the women voters of Australia.

ANOTHER TENSE DAY IN PARIS

NO DECISIVE NEWS FROM BATTLE ON WHICH FATE OF FRANCE MAY DEPEND

ANXIETY IS INCREASING

Shops Deserted and Crowd Greatest Around Headquarters of Military Governor

By Associated Press. Paris, Oct. 24.—Paris has lived through another tense day with no decisive news of the battle upon which the safety of the capital and perhaps of France is believed to depend. Anxiety has been increasing all the week. It has seemed as though each day must see the culmination of the Titanic efforts of the two great armies. The shops of Paris which have been doing a great deal of business since the first of the month are nearly empty again while the crowds have increased around the newspaper offices discussing in low tones the fragments of news posted on the bulletin boards. The crowd is greatest at the headquarters of the military governor of Paris where the official announcements are issued. The people gather also at the gate through which runs the main highway to the north to see the dispatch bearers arrive. Fighting is proceeding within an hour's ride of Paris by swift motor when the roads are clear. Some persons say that when the wind is right cannonading can be heard in the northern suburbs. Convoys of automobile ambulances from all the Paris hospitals have gone to the front to convey the wounded not to Paris but to hospitals near the firing line. Extraordinary precautions are being taken against wheeled vehicles including the bicycles leaving the limits of the so-called entrenched camp of Paris. Ever pedestrians are examined and French officers are frequently obliged to show their papers owing to the use of French uniforms by spies.

MRS. CARMAN'S FATE RESTS WITH JURY

FINISHED READING CHARGE AT 9 O'CLOCK—JURY STILL OUT AT MIDNIGHT

DEFENDANT VERY NERVOUS

Jury After Receiving Requests Part of Testimony Read Then Changes Its Mind

By Associated Press. Mineola, N. Y., Oct. 24.—The jury in the case of Mrs. Florence Conkling Carman, after listening all the afternoon and evening to the summing up of the defense and the prosecution and the charge of Justice Charles H. Kelby, retired at 9:45 o'clock tonight to begin deliberations. The defense of the woman charged with the murder of Mrs. Louise Bailey rested its case early in the morning session and several witnesses in rebuttal were called by District Attorney Smith. Then for three hours and a half John T. Graham, Mrs. Carman's chief counsel, dissected the State's case. He severely criticized the district attorney's methods of conducting the case, particularly referring to the manner in which the prosecutor had guarded the witness Coleman. In summing up his case for the people, District Attorney Smith painted Mrs. Carman as a calculating, scheming woman who deliberately murdered under spur of jealousy. In analyzing the testimony he laid emphasis on the testimony of the negroess, Cilea Coleman, and Farrell, who explained why he had Cilea removed from the Carman household soon after the murder. While the prosecutor was talking, Mrs. Carman kept her eyes on him constantly, but all the while he was vehemently accusing her of the crime of murder her face retained its calm expression. Before the justice began his charge, Mr. Graham took exception to several of the district attorney's statements, claiming that the prosecutor had not stuck to the facts of the case. Justice Kelby began to deliver his charge shortly before nine o'clock tonight. He explained the different degrees of homicide, discussed at some length the credibility of witnesses and said that a mass of evidence in the case was admitted for the purpose of impeaching other witnesses. During the first hour of the jury's deliberations Mrs. Carman remained in the chambers at the rear of the court room. An hour and five minutes after the jury had retired it sent out a request for some testimony and Mrs. Carman, highly nervous, was brought into the court room. Three women friends and the plaintiff followed her. She took her seat at the counsel table. The jury then suddenly decided it did not desire the testimony and the defendant was led back to the chambers. At midnight the jury was still out; it had been deliberating two hours and fifteen minutes.

GERMANY NOT TO SEEK EXPANSION IN AMERICA

Count Bernstorff's Note, However, Falls To Make Reference to Monroe Doctrine

By Associated Press. Washington, Oct. 24.—Count Bernstorff the German ambassador, announced today that he had formally communicated to the Washington government the determination of Germany to respect the Monroe Doctrine whatever the outcome of the European war. After considerable search his note to the state department was discovered; its text was not made public, but its substance was communicated to the press by Acting Secretary Lansing who said: "The German ambassador on Sept. 2 in a note to the department of state, stated that he was instructed by his government to deny most emphatically the rumors to the effect that Germany intends in case she comes out victorious in the present war to seek expansion in South America."

PEACE TREATIES MEANS FOR SHEDDING LIGHT

President Wilson at Pittsburg Believes New Treaties Will Prevent Use of Cannon

By Associated Press. Pittsburg, Oct. 24.—Peace commission treaties of the kind negotiated between the United States and many foreign countries were spoken of by President Wilson here today as the means for "shedding light" on disputes which will make the use of force unnecessary. The president predicted that after international disputes have been discussed for a year as provided in these treaties, cannon will not be found necessary to settle them.

KAISER SURROUNDED BY A THROG OF OFFICERS

His Headquarters in France Said To Resemble a Village Headquarters at Mizerere

By Associated Press. London, Oct. 24.—It is semi-officially announced in Petrograd, telegraphs the correspondent of the Exchange Telegraph Company that Emperor Williams' headquarters in France resemble a thickly occupied village. The personnel amounts to about 1500 men, in addition to a convoy and many servants. Near the house occupied by the emperor, the correspondent continues, are stationed members of his war cabinet and of the chief general staff. Nearby are the foreign attaches and representatives of the German union and Austria. Dr. Von Bethmann Hollweg, imperial chancellor, has joined the staff. The headquarters are believed to be at Mizerere in the department of Ardennes, forty-seven miles southeast of Rheims.

BELGIANS AND BRITISH WARSHIPS IN CONCERT

By Associated Press. London, Oct. 24.—A Daily Mail correspondent telegraphing from "in the north of France" Thursday says: "The battle fought near Nieuport Thursday was of extraordinary violence. The Belgian troops assisted by British warships literally massacred the Germans who attempted to push out a column toward Dunkirk hugging the seashore under the cover of the undulating sand-dunes. The Belgian wounded report that a high tide the waves were piling German dead upon the beach. According to thoroughly trustworthy information the Germans have brought up strong reinforcements from their center and the region of Rheims to strengthen their left."

WAR'S BURDEN HEAVY ON ENGLISHWOMEN

MANY FEMALE WAGE EARNERS ARE THROWN OUT OF EMPLOYMENT

ESTABLISH KNITTING FACTORY

Furnishes Clothing For Men at Front and Provides Work For Many Who Have None

By Associated Press. London, Oct. 24.—The economic results of war have fallen heavily on the women wage earners of London, of whom over 60,000 have been discharged from employment since August first. In the single district of Islington, 800 were discharged the past week by two bottling works, which were forced to close down because their supply of bottles from Germany had been cut off. While the ponderous machinery of Queen Mary's fund to give work to women is slowly making ready, the Society of American Women in London has started a small knitting factory of its own in this populous district. Mrs. Joseph Wilcox Jenkins started the factory. She walked one day into a labor exchange where 600 women were registered and asked for those who could knit. They were then put to work knitting work socks and comforters and paid on the union scale of three pence an hour. This insures a weekly wage of \$2.50 for forty hours work. Socks For the Soldiers. Funds for running the factory are obtained by the sale of socks, caps and belts, which are knitted expressly for the soldiers and sailors. The purchaser is expected to present the same to the men at the front. Other funds are obtained by contributions. One of the employees in the American factory is a woman with a husband out of work, a paralyzed sister to care for and seven children ranging in age of three to sixteen years. Her eldest a girl, earns 60 cents a week in a shop and the war relief fund gives seven shillings a week to the family. Since getting a place in the American factory, the mother has brought the family income up to \$4.85 a week. A delicate girl of twenty-two years, a typist out of work, is the sole support of her mother and invalid sister. In addition to her earnings, she gets five shillings a week from the war relief fund, which helps defray her weekly rent of \$1.85. A pathetic case is that of a "one-eyed" girl, for whom arrangements have been made to buy a new glass eye as the enamel had worn off the old one. Plans Greater Activity. It has been brought to the notice of Mrs. Jenkins that there is great suffering among middle class women engaged in the arts. A music teacher said she had earned but \$1.10 a week. As soon as permanent quarters are found, the committee expects to branch out. Meals at two pence each will be furnished and a nursery for children. Already the homes of the workers are visited and second hand clothing given according to the needs.

WICHITA PUBLISHING CO., ED HOWARD, Manager.

A Wichita Falls residence sold this week for \$10,000 cash. The deal was considered a good value at a fair price. Don't forget it. Wichita dirt is worth the money.

Congressional, state and county elections will be held throughout the country a week from next Tuesday. It is the duty of every voter to register his choice and the vote in the election should be as large in Texas and in Wichita county as in the Democratic primary.

Still another solution of the cotton situation has been offered. Night riders at Dalingerfield, have warned the merchants and cotton buyers not to pay less than ten cents a pound for cotton under penalty of having their places of business burned.

Improved conditions in the oil business are seen by the Oil City Derrick in the runs reported by the Gracile Oil and Gas company for the first two weeks in October, the average daily receipts amounting to 85,531 barrels, as against 84,062 for the first seven days. The Derrick reports that the Prairie company is now running about 100,000 barrels a day, showing a still further increase. Deliveries by the Prairie are also increased.

The United States census bureau estimates that there are 20,000,000 horses in the United States. It is estimated that England and France are now drawing on our supply of horses at the rate of 600 a day. Even at that rate it will be seen that we need not worry about any dearth of horses for several years yet. In the meantime the \$40,000 daily that is being distributed to the American farmers will help some.

It is inevitable that the pinch of want will be felt in many homes in Wichita Falls in the coming months. A few dollars distributed with discriminating care will perhaps keep some family from starving. Think of it. The price of some needless luxury is enough to stand between people in our town and want and suffering. Haven't you better make up your mind to economize a little and give the proceeds to the needy.

The staff correspondent of the Chicago Tribune, a paper which, by the way, is always complaining against the administration because it has recognized the South as a part of the Union, finds fault with the new war tax, declaring it a sectional measure because of the impost on beer. He points to the fact that comparatively little beer is consumed in the South, whereas practically all the brewing is done in the North. The Tribune is a big newspaper and in most things is right, but seems to think it's got to find fault somewhere. It's effort in the present instance appears ludicrous.

A good many Wichita county farmers are holding their cotton for a more equitable price, but it develops that they are not borrowing money on it to any great extent; they don't have to. The fact is that there are a large number of farmers in this county who are able to plant their cotton home or to the warehouse and hold it for an indefinite period without the necessity of mortgaging it as security for a loan. Wheat, livestock and feed crops are in active demand at high prices. Diversification has again proved its value. Wichita county farmers have profited.

One thing it seems to us the banks ought to do to help the cotton situation would be to announce that they will not finance farmers next year to put in big cotton crops. Nothing would more surely reduce the acreage than the refusal of the banks to loan money to cotton planters. That is for putting in a large cotton acreage. Such an announcement would put the mills into

the market in a hurry to grab as much cotton at low prices as they could buy. This would send the price upward. An agreement among farmers to reduce their cotton acreage or an attempt to bring about a reduction by legislative enactment might fail, but it is hardly conceivable that an agreement among bankers not to loan money to finance planters in a big acreage next year would not bring about the desired result.

**NEW VAUDEVILLE BILL AT THE LYDIA MARGARET**  
Nilly Trueheart and Miss Ruth Rhemy, society tango dancers and the Venetian Duo, singers and instrumentalists are the bill for the first half of the week at the Lydia Margaret opening Monday. The first named have been called America's foremost exponents of dancing. In their act they demonstrate a latest dance such as the fox trot, Castle canter, destination, brilliant, society one step, Maxixe, Lull Fado and others. The pair have drawn large crowds in the big cities. The Venetian Duo also come with fluttering press notices.

ITALIAN SOCIALISTS PLEDGED TO NEUTRALITY

Germany Pleasured With Reports of Bad Industrial Conditions in England  
By Associated Press.  
Berlin, Oct. 24.—Information was given out from official quarters today in Berlin as follows:  
"The entire Socialist party of Italy again has decided to support a policy of strictest neutrality. The London Economist declares that half a million British workmen are out of employment in the British cotton industry. As the newspaper Popolo Romano the Italian general Rompiano estimates the strength of the German army at five million thoroughly instructed soldiers and four million recruits. The Montenegrins are much depressed over the inefficiency of the French blockade of the Dalmatian coast."

GERMANS AND FRENCH SIT DOWN TO EAT TOGETHER

Story of Unique Luncheon On Battle Line is Told in Soldier's Letter Home  
By Associated Press.  
Berlin, Oct. 24.—A unique dinner party is reported in a soldier's letter from the front.  
"At a point where the German and French lines approached to within a few hundred yards from each other, apparently to the west of Rheims, the Germans would not give them something, and the Germans were just going to their warm meal at the near-by field kitchen, when an officer was seen to mount the French trench marking a flag of truce. A German officer went out to meet him. The Frenchman, who turned out to be the captain of a company, explained that his men were very hungry, having had nothing to eat for several days, and asked whether the Germans would not give them something."

TURKS CLAIM BRITISH VIOLATE NEUTRALITY

Sending of Canadian Troops to Egypt An Infringement of Treaty Rights  
By Associated Press.  
London, Oct. 24.—A dispatch to Reuters from London says that the following message has been received at Berlin from Constantinople:  
"According to news received from well-informed quarters in Constantinople the British government during the past few days has sent numerous Canadian troops to Egypt. Fourteen thousand men have been stationed along the Nile Canal. The presence of the British troops landed in Egypt sometime ago were withdrawn. This step is regarded as a violation of the treaty of commerce between Turkey and the British empire. It is claimed that the sending of Canadian troops to Egypt is a violation of the treaty of commerce between Turkey and the British empire. It is claimed that the sending of Canadian troops to Egypt is a violation of the treaty of commerce between Turkey and the British empire."

MARITIME QUARANTINE TO BE RAISED NOVEMBER 1

By Associated Press.  
Austin, Texas, Oct. 24.—State Health Officer Steiner today stated that it is planned to renege the maritime quarantine on November 1, applying to all Texas ports on vessels coming from non-infected ports. This quarantine is usually raised October 1, but this year for various reasons it was not done at this time. Dr. Steiner said the embargo will probably be lifted on the date herein given; this will mean that all vessels from non-infected ports will be permitted to enter without detention.

Has Too Long Considered War in Light of Romantic Novelist Gives Impression

New York, Oct. 23.—In an interview with Francis Orison, whom Arnold Bennett has described as the most original personality of our time, he gives his impressions of the great European conflict. He has had a wide knowledge of the political and social affairs of Europe. His experience began in Paris in 1869, when he met all the leading politicians, writers, artists and social leaders of the second empire, including the principal members of the court of Napoleon.

He witnessed the outbreak of the war between France and Prussia in 1870 and in Baden he met the newly created Emperor William I, and the Emperor Augustus in 1871. He was in Berlin when Bismarck forged the last links in the imperial chain of the German empire and he passed the year 1873 in St. Petersburg, where he was the guest of Alexander II.

Mr. Orison was personally acquainted with King Albert of Saxony and Queen Carola and at a reception followed by a banquet given in his honor at the palace in Dresden he was presented to all the members of the Saxon court, among whom were Prince George, the future king; the minister of war, the minister of state and many other dignitaries.

At another reception given him by the Duke and Duchess of Cumberland at the Cumberland palace in Austria he met the Queen of Denmark, mother of the Duchess of Edinburgh, and the Dowager Empress of Russia, the Queen of Hanover, mother of the Duke; the Princess Marie of Hanover and all the members of the different courts assembled and in Berlin he entertained many members of the Imperial court, including the chief of staff of the German army.

Three of Mr. Orison's cousins were famous military leaders—General Lord Wolsey, the late commander in chief of the British army; General Sir James Grierson, one of the foremost leaders of the empire, who died while on the way to Belgium to fight the Germans, and General B. H. Orison, the famous cavalry leader in the American civil war.

Francis Orison is descended from Sir Robert Grierson, the fourteenth Laird of Lak, born in 1650, and it is from this ancestor he inherits his extraordinary power of intuition in his latest book, "The Invincible Alliance," he has a prophetic picture of the winding up of the present dispensation, in which he depicts the fierce rush of the German army toward Paris. No one in England believed it possible.

Freeing, again at 7:30 subject, "Moral Hide and Seek." These subjects will be treated in a plain, practical manner with a view to making the regular preaching services helpful to all who come. A cordial invitation is extended to any one who may be interested. Preaching and poetry exhibition in progress under auspices of the Commercial Intelligence Branch of the Board of Trade. Samples of all sorts of pottery and glassware formerly sent to England from the two countries now at war with Great Britain will be on exhibition. This exhibition is primarily for the benefit of English manufacturers who are supplied with full information as to the quantities of such ware Germany and Austria have been selling to English subjects.

A similar exhibition was held at the pottery and glass fields is a more inviting one and the English factories are already trying to duplicate many of the wares Austria and Germany have produced in great quantities for foreign trade.

The shortage of potash is a serious handicap to the production of tent tubes, flasks and other glass equipment for use in laboratories. Strangely enough England has relied almost exclusively on Germany for such material and has never tried to produce their own.

English manufacturers of glassware have specialized in the production of expensive cut glass and have allowed Germany to monopolize the production of cheaper grades. As a consequence there is a shortage of skilled labor in England for glass working.

Several English firms have already entered upon the manufacture of dolls' heads with considerable success and are said to have produced samples far superior to those manufactured in Austria. Before Christmas England will doubtless have a good supply of dolls free from the stamp "made in Austria," now so distasteful to English children and adults alike. Sir Richard Winfrey heads the committee which is organizing the British Toy Association for the purpose of displacing Austrian and German toys permanently by English territory.

The British Empire Industrial League, with the Duke of Sutherland as president, is devoting its efforts largely to a study of trade conditions in Russia, Canada and Italy, with a view to replacing German supplies with British-made goods. This league believes the field for British manufactures is especially good in Russia as it is unlikely that Russia will restore trade relations with Germany another generation.

Lord Dasherborough is president of the Entente Trade League which is urging the public to deal only with friends. The anti-German Trading League and a score of other associations designed to prevent Germany from ever regaining a commercial foothold in English territory are also at work.

PROGRAM FOR SUNDAY DAY AT M. E. CHURCH, SOUTH

Sunday is Rally Day in the Sunday school of the M. E. Church, South, and the following program will be carried out:

"Song by school, 'Loyalty to Christ.'" No. 95.

Prayer by Rev. J. W. Hill. Exercise by eight girls. Responsive reading. Recitation by Ida Baggett. Solo by Mrs. G. H. Carpenter. Lesson period.

Awarding banner and star badges to winning classes in contest. General secretary's report. Song by school, "God Be-With You Till We Meet Again."

Closing prayer by W. B. Chaucey. Special features of the day will be the 100 per cent attendance contest and the adult visitors class. The two classes making the best attendance records, including their visitors, will be awarded a banner and star badge for each member. The visitors class will be taught by the lecture method so no one will be embarrassed by questions. We are expecting 600 or more present and trust all Methodists and those not attending elsewhere will be on hand at 9:30 a. m. Parents are especially asked to be present and see what kind of a school their children are attending and get acquainted with their teachers.

English Deal Harshly With Maritz Revolt

Ignore Offers of Surrender, According To Report and Executes Those Captured

London, Oct. 24.—A dispatch to Reuters from Cape Town, Union of South Africa, says: "The force led by Lieutenant Colonel Maritz (head of the rebellion in British South Africa) is understood to consist of about 1,000 rebels besides seventy or eighty German gunners who have a few Maxims and a couple of field guns. Maritz endeavored to retire into South-west Africa, but found his retreat cut off by a strong force of English and Dutch. It is understood that Maritz sent an offer to surrender if his followers were granted free pardon and the Germans allowed to return to their own territory. No notice was taken of his message. It is unofficially reported that four rebel officers who surrendered were court-martialed and sentenced to death. The sentence was referred to Pretoria for confirmation."

WOULD HAVE COTTON EXEMPT FROM SEIZURE

State Department Negotiating With Belligerents For Agreement To That Effect

By Associated Press.  
Washington, Oct. 24.—Senators looking into the cotton export trade situation were assured today by Acting Secretary Lansing of the state department that the United States could try for an understanding with the European belligerents to permit shipments of cotton and cottonseed oil to belligerent countries. Lansing also stated negotiations would be undertaken with Germany on whether vessels owned by the British at the beginning of the war but now bearing the American flag would be admitted to German ports with cotton shipments. Great Britain also will be consulted about a clause in British marine insurance policies which exempts companies from paying losses from seizure by belligerents.

Senator White of Alabama brought to the attention of Secretary Lansing today the fact that several marine insurance companies had refused to underwrite cargoes of cotton destined from the neutral countries, except with a clause exempting from liability in case of seizure by British or French cruisers. The senator asked Mr. Lansing to obtain from Great Britain and France assurances that cargoes consigned to neutral ports would not be molested.

EXCHANGE OF GERMAN AND FRENCH CIVILIANS BEGUN

By Associated Press.  
Bern, Switzerland, Oct. 24.—The exchange of interned civilians began today when seventy French civilians who had been detained at Donaueschingen in Baden since the beginning of the war arrived here and continued their journey to France through Geneva. It is estimated there are about 8,000 French civilians in Germany while between 5,000 and 6,000 German civilians are interned in France. The repatriation of these is proceeding.

TELEPHONE COMPANY IN NEW BUILDING

'CUT OVER' MADE EARLY THIS MORNING AND NEW SWITCHBOARD NOW IN USE

PLANT THOROUGHLY MODERN

Transfer Made Without a Hitch and New Board Working Smoothly

Shortly after midnight last night horizontal rows of metal plates were pulled by means of cotton cords into contact with other rows of plates...

The installation of the new equipment which is the latest word in telephoning was under the direction of E. H. Dock, installation expert...

The building which is a commodious structure of reinforced concrete was built in the city of Wichita...

On the second floor is located equipment connected with the operation of the plant and also a commodious rest room for the operators...

The building is steam heated throughout and in addition to the steam heating plant in the basement is located storage batteries, dynamo and other equipment...

The building and equipment represent an outlay of nearly \$100,000, indicating that the telephone company has great faith in the future of Wichita Falls and wants to give the best service possible.

As soon as the equipment is working in good shape and all the furniture is in place, Manager Phillips will open the plant to public inspection...

In entering the new exchange, the company marks the beginning of the fourth era in the history of the telephone business in this city.

When the first telephones were established here, there was no exchange, connections being made by each subscriber through a system of keys...

These telephones were about five feet in height, cumbersome and awkward and the service was not of the best.

CINCINNATI GIRL HELD AS WITNESS IN MURDER CASE

Newport, Ky., Oct. 24.—Miss Nellie Hilton Elk of Cincinnati, was held today as a material witness following the death yesterday of M. A. Casteo, a contractor of Cincinnati and Columbus, Ohio. Casteo, with three bullet wounds, was found on a lonely road and died several hours later. He declared he had shot himself. Miss Elk was in the buggy in which the two had been driving. She said Casteo was shot by "a tall man."

She said Casteo had promised to divorce his wife and marry her.

LONDON'S BEHAVIOR MUCH BETTER DURING WARTIME

Marked Decrease in Robberies, Burglaries and the Like is Reported By Police

By Associated Press. London, Oct. 24.—The patriotic fervor of the British people has been reflected in a marked decrease in robberies, burglaries, and the like, since the outbreak of the war, London's police records prove it, for crime has fallen off nearly 70 per cent since the war began.

"Crime is due to the criminals," said Robert Wallace, K. C., in addressing the grand jury at the London sessions, "for the self-control they are exercising during the period of stress and anxiety."

A well known social reformer, commenting on this, attributes much of the crime to the turbulent animal spirits of youths brought up in wretched surroundings. Defiance of law and order offers them a means to escape from their dull drab environment and to indulge their propensities for romance and adventure. They they now prefer to seek at the cannon's mouth. A cross of honor or a corporal's stripes for valiant service may reclaim many who have heretofore been considered candidates for the gallows.

The annual report of the prison commissioners for the past year shows there has been a general decrease in crime all over Britain. Sentences to penal servitude are 797 as against 871 in the preceding year, while the imprisonment of all classes are 125,199 against 149,552.

British reform, the substitution of kind and helpful treatment for the harsh disciplinary methods of old, and mercy for young offenders is held responsible for the change.

By Associated Press. Rome, Oct. 24.—The Russian minister of Italy has notified the Italian government that Emperor Nicholas, desiring to give Italy a further proof of his friendship, is ready to free all Russian prisoners of Italian nationality taken by Russian troops in Galicia. He will send these men to Italy on condition that the Italian government does not return them to Austria.

TOMMY ATKINS NOW EATS 5,000 CALORIES A DAY

By Associated Press. London, Oct. 24.—Thomas Atkins eats 5,000 calories a day. Formerly he had only 4,000, but the Army Medical Board said that it was not enough and had the war department raise the ration by a thousand calories.

"A calorie is not in itself a food or a measure of food in the ordinary sense. A calorie is a unit invented not by cooks, but by scientists. It is a heat unit, considered as fuel for the human machine. Its equivalent in mechanical energy is 3,077 foot-pounds. A soldier's ration for one day should, if fully utilized, yield 15,000,000 foot-pounds a day, or ten times the muscular energy displayed by the average man in a hard day's work. The other nine tenths goes into waste, since the human body converts only a sixth of its fuel into muscular energy, the unused energy turning into superfluous heat. This is doing better than a steam engine, which converts only a eighth of its fuel power into mechanical energy."

To be considered in building a suit that is to give the wearer his money's worth in style, fit and individuality. A suit to do this must be as exclusively individual as the man or woman who wears it. The suit must conform to the individual lines of the body, not only in measurement of the tape, but the figures or stripes of the fabric as well. We are suit architects; we draw the plans and make the specifications for suits every day in the year. The tailors who build suits for us follow plans and specifications to the letter. Your suit is made by master tailors and not by sweat-shop leg and sleeve-makers. And your suit is always made for YOU. It is individual. It FITS.

FOOD SHORTAGE IN GERMANY UNLIKELY

CLAIMS TO BE BETTER OFF IN THIS REGARD THAN HER ENEMIES

PLENTY OF MILK AND BUTTER

Also Sufficient Meat Supply To Care For All Needs Until War is Over

By Associated Press.  
The Hague, Oct. 24.—Confidential Councilor Ruebner, founder of what is known as the physiology of nutrition and a German economist of wide reputation, publishes in the current issue of the Medicinische Wochenschrift, a survey of food conditions in Germany. The writer deals with the claim of the foreign hostile press that Germany, due to its partial isolation in the present war, would in very little time be without sufficient food. Among the items which he speaks of is milk. Germany has at present, claims Councilor Ruebner, about 11,000,000 milk cows, producing about 1150 cubic centimeters of milk per capita each day, while the average consumption per person is only 341 cubic centimeters in Germany, in addition to 18 grams of cheese and 7.8 grams of butter.

"It is plain," says the writer, "that we have a superfluity in this class of food. In case the consumption of butter is reduced by one gram per person the saving would amount to about 25,000 tons of butter per day, equal to about 750,000 tons of milk. In view of the fact that each milk cow produces annually about 2500 liters of milk, or about two and a half tons, about 300,000 animals could be killed for food purposes without interfering seriously with the milk supply of Germany."

"After asserting that the Germans are the biggest meat-eaters in Europe, Dr. Ruebner gives the following table of meat consumption per capita per annum for Europe:

	Kilograms
Germany	52.3
England	47.6
France	33.6
Holland and Belgium	34.3
Austria-Hungary	29.0
Russia	21.8
Italy	10.4

Germany's demand, the writer asserts, is covered fully for the period of the war, and, while forage is none too plentiful ordinarily he believes that there will be no difficulty feeding the stock especially if a late winter makes it possible to pasture the animals longer than is usually the case.

A long detailed inspection of Germany's grain supply brings Dr. Ruebner to the conclusion that in this respect also Germany is far better off than has been hoped by her enemies. There is enough wheat and rye to meet instead of present conditions, indicating, as has been claimed, a shortage, there is every reason to believe that the supply on hand is great enough to leave a surplus.

It is said thousands of families could easily be located on farms in the north and west and their thrift makes them especially desirable as citizens.

"CONTEMPTIBLE BRITISH ARMY" STATEMENT DENIED

By Associated Press.  
London, Oct. 24.—Reuters' Amsterdam correspondent forwarded an official telegram from Berlin denouncing as "entirely fictitious" the statements which it asserts have been repeatedly constantly in the English press that Emperor William at Aix-la-Chapelle on August 17 issued an order in which he characterizes the British expeditionary force, "the contemptible British army." The telegram declares the emperor has not been at Aix-la-Chapelle since the beginning of the war and never issued such an order as was reported.

On the subject of Dr. J. L. McKee of the church, who presided at the wedding, and the interior of the church. McKee, who presided at the wedding, and the interior of the church. McKee, who presided at the wedding, and the interior of the church.

Mrs. O. E. Maer played an organ voluntarily and immediately preceding the entrance of the bride party Mrs. G. F. Thompson sang "Beloved It Is Mine." Miss Carrie Kell and W. W. Gardner entered from the vestibule to the strains of the Lohengrin Bridal Chorus, followed by Miss Roberta Bolton of Whitesboro and W. W. Gardner crossing in front of the altar to take the coming of the remainder of the party. Mrs. Livingston Fain of Labbock, the matron of honor, and Miss Lillian Bell, maid of honor, both sisters of the bride, entered at the same time, followed by the bride, unattended, with the groom attended by his best man, Leo Francis of Fort Worth. The bridal couple were met by Dr. McKee at the altar where by the use of the beautiful and impressive ring ceremony the solemn words were spoken which made them man and wife.

At the conclusion of the ceremony Mrs. Maer changed to Mendelssohn's Reformation as the bridal party left the church. The best man going out with Miss Bell and Mr. Priddy and Miss Kell, Mr. Gardner and Miss Bolton following. Mr. and Mrs. Clifford left immediately for various points of interest in the State to be gone for several weeks.

The gowns of the bridal party had been chosen with a pleasing regard for color harmony and were especially handsome. The stately beauty of the bride was set off by a tailored suit of tete de negre with harmonizing hat, trimmed with baby ostrich, and all accessories to correspond. A shower bouquet of bride's roses completed the charming ensemble. The matron of honor, Mrs. Fain wore an Alice blue crepe de chine with chiffon tunic and bodice in basque effect. Her hat was of pink mulline and black lace, trimmed with blue tips. The gowns of the maids were all of Alice blue and bouquets of pink roses caught with tails were carried. The maid of honor, Miss Bell wore a frock of Alice blue chiffon, with a white lace waist, the skirt being draped over white brocaded satin. A large black velvet picture hat trimmed in pink tips was worn.

Miss Carrie Kell's gown was of charmeuse, with chiffon bodice, lace trimmed and Miss Bolton wore a charmeuse frock also, with an upstanding Elizabethan collar of lace. Large picture hats of black velvet with trimmings of pink ostrich and the arm clusters of roses completed the stunning toilettes, each of the attendants making a charming picture. The groom's attendants were Messrs. Fain and Hagler being ushered with Mr. Francis as best man and Messrs. Priddy and Gardner as groomsmen.

The bride, daughter of the late Dr. J. M. Bell, comes of one of Wichita county's most highly respected families, and she herself is a young woman of unusual charm and accomplishments. She is a singer of exceptional ability and a very accomplished pianist. Always a favorite in local social circles she is one of the most generally beloved brides that have yet graced an altar in this city. The groom has made Wichita Falls his home for a number of years being connected with the management of the union passenger station in position of considerable responsibility. He is a young man of exemplary habits, prominent both in church circles and in the Masonic fraternity.

lal features for the Sunday night program. After the business had been satisfactorily attended to, a social time was enjoyed and the refreshment committee, Misses Barrier and Anderson passed delicious home made candies in the league colors, gold and white. The league members attending were: Misses Anderson, Barrier, Cook, Una Cook, Bullard, Slason, Stokes, Trimble, Beth Trimble, Coffield, Messrs. Roemer, Eddie-man, Harwell, Crowell, Waggoner and Hanks.

MISS MILLER ENTERTAINS B. O. P.'s TUESDAY AFTERNOON

The B. O. P.'s enjoyed an unusually pleasant meeting Tuesday afternoon with Miss Cora Belle Miller. In addition to the usual needlework and conversation with which the girls choose to be amused, music, both vocal and instrumental, by Miss Helen Hines was enjoyed and the hostess told the fortunes of each one, causing much amusement and laughter. Mrs. Miller, mother of the hostess, assisted by Miss Pauline Ferring, served the refreshment course which consisted of pineapple salad with whipped cream and wafers. Those present were: Misses Tula Stokes, Annette Coffield, Marion Crabtree, Mabel Williams, Beryl Murphree, Mary Coffield, Rhea Gardner, Isola Marshall, Fanning Harris, Vira Hinckley, Helen Hines, Mrs. Kelly, Mrs. Hardy and the hostess.

MISS GENEVIEVE CARVER HOSTESS TO LITTLE SISTERS

Miss Genevieve Carver was hostess to the Little Sisters Tuesday afternoon in regular session. The club ranks are somewhat depleted by reason of several of the members being away attending school, so Miss Carver invited additional friends to make up two tables. After an hour's meeting of the Little Sisters Bridge was played for some time, delicious ice cream and cake being served at the conclusion of the games. The club members and guests present were: Misses Ann Frear, Lillian McGregor, Katharine Hindman, Lillian Avis, Ann Carrigan, Mesdames Fen-ton and Wagner and the hostess.

APPOINTMENTS OF MRS. J. W. LEE BY S. T. S. COMMITTEE

Communication has been received from Quentin D. Corley, chairman of the finance committee of the State Training School for girls, advising that Mrs. J. W. Lee has been appointed chairman for this city to look after the collection of funds in Wichita Falls, during the week from Nov. 5th to 14th. The sum asked for each meeting is \$100.00. The larger amounts will be appreciated. Through the collection of this fund the Girls Training School will be put on a permanent basis and this institution will fill a great need in the State.

SAN JACINTO MOTHERS MEET WEDNESDAY AFTERNOON

The San Jacinto Mothers Club met in regular session Wednesday afternoon with thirty ladies present. The following officers were elected: Mrs. S. J. Heiting, president; Mrs. H. F. Caudle, vice president; Mrs. W. M. Ross, secretary and treasurer; Mrs. Etta Dopp-Smith, reporter. An excellent program was carried out, a selection being given from each room. The ladies decided to affiliate themselves with the state organization and to pay the required dues. After the business meeting and the program, tea and wafers were served by the girls of the sixth grade, who proved themselves to be very efficient hostesses.

UNITY CLUB MEETS WITH MRS. MONTGOMERY FRIDAY

The Unity Club met Friday afternoon in regular session, with Mrs. J. T. Montgomery as hostess. All of the members were present and answered to roll call with current events. The lesson for the afternoon was on the third ten verses of "Ben Eara." "Browning as a literary artist" was the subject of a highly interesting paper by Mrs. Montgomery, and the lesson proved to be of unusual interest and import as read by Mrs. A. H. Carrigan. The usual social time was enjoyed and Mrs. John Donald was the guest of the club. The members present were Mesdames Carrigan, Darnell, Gorsline, Greenwood, Hunt, Kemp, Maer, Langford, Montgomery, Miller, Patterson, Robertson, Young, Zandelowitz, Misses Kemp and Carrigan.

INTERESTING MEETING OF HOME ECONOMICS CLUB

The Home Economics Club at the meeting Wednesday afternoon combined the first two programs in the study course. Mrs. A. H. Carrigan read an exceedingly interesting and helpful paper on "Responsibility as to Foods," and the first two demonstrations were made. Miss Alder, the director, demonstrated the making of candy, divinity and fondant. As she explained the steps and gave the recipes, girls, selected from the cooking class, made the candies, which were afterward passed to the club members. Mrs. R. G. Schuerer demonstrated with eggs and milk, dumplings before the club, having brought her stock with her. The dumplings, when cooked and passed to the ladies, were found to be excellent. These meetings of the club combining theory and practical demonstrations, are very helpful and much good is expected to come of this study course. Five new members were added to the roll. Mesdames Bolyn, Heasley, A. P. Ferguson, Allday and Everett Jones.

PROMINENT WICHITAN TO WED IN WHITESBORO

The following invitation will be of much interest in this city by reason of the prominence of the groom-to-be. The bride-elect also has many friends here, being one of the public school teachers here last term: "Mrs. Josie Brown Bolton requests the honor of your presence at the marriage of her daughter, Roberta Bowen, to Mr. William Wilson Gardner, Tuesday evening, November tenth, at eight o'clock, Methodist Episcopal Church, Whitesboro."

AT THE THEATERS

REDEMPTION, IMP DRAMA, AT LYDIA MARGARET MONDAY

John Braine and William Shay are featured in this two-part Imp production. The noble innocence of a babe-in-a-cradle with the crime-hardened cunning of an outlaw, produces a tragedy that is inevitable. The criminal, having been annihilated by the victim, is carried along in a seething current of blood lust, anets in mortal combat the steady growing influx of a child's simplicity of soul. Physical sympathy stands for naught against this seemingly simple, yet, nevertheless, overwhelming power which radiates from the heart of the child, causing strange new emotions to take root within the breast of the brute. True, there were times when the animal passions of the man nearly overcame their patient adversary, but bit by bit the love for the babe, the child, won the victory of the outlaw's will.

return, would Mr. Morton partake of an old soldier's hospitality? The reporter assented. Yet there was something about the glass of wine which the servant offered him, which made him pause ere taking it. Instead, he poised it in the air before him while his white haired host offered a toast. A curious thing happened. Norton saw in the depths of the goblet, as in a mirror, the figure of a man—the same that old Jones had trailed—who, unraised hand brandished a heavy blackjack. Norton, quick of action, dashed the wine over his shoulder into his attacker's face. At once a desperate struggle began. One of the conspirators threw open a trap door in the floor of the room, which opened into an iron-walled vault in the cellar. Toward this Braine and his confederates fought to force Norton.

At the instant when their efforts were successful, old Jones burst into the room. Rushing at Braine and the servant, the other, though having been knocked out by a blow of Norton's before they were aware of his presence, Jones tumbled them both through the trap into which they had just forced the reporter. Seizing a heavy tablecloth he lowered it to Norton, who had put both Braine and the other man out of action. The reporter soon was dragged back through the trap door into the room. There was a brief struggle with the third crook, who, recovering, attacked them with a knife, but he was subdued and Norton and Jones thinking they had the gang all safe, went for the police.

But they had forgotten the Countess Olga. Before the two reached the police station, she has opened the secret door leading to the vault and freed her comrades. When the police arrive they find that the birds have flown.

MY OFFICIAL WIFE AT THE THEATRE MONDAY ONLY

The Vitagraph Company offers in "My Official Wife" which shows at the Gem Monday one of the most celebrated casts shown in any motion picture of recent date. Clara Kimball Young and her husband, Rose Tapley, Mary Anderson, Harry Morey and Elnora Starr are in the leads, with Clara Kimball Young playing the title role. A brief synopsis of this Broadway attraction is as follows:

The story is woven around a beautiful Nihilist, Helene Marie, who, in order to get by the secret police on the frontier of Russia, induces Lennox, an American, to introduce her as his wife, in order that she may enter on his passport.

Arriving in St. Petersburg, Lennox is met by friends and is compelled to introduce Helene as his wife, and to register her as such at the hotel where he is stopping. Helene then discloses her identity. Lennox is shocked at first, but already deeply in love with the beautiful schemer, decides to let things take their course.

MILLION DOLLAR MYSTERY AT THE VICTORIA MONDAY

After their desperate race to get Florence incarcerated in a pest house had failed, Braine and his few conspirators determine on a new plan, which gives promise of effectually removing Norton from interference with their getting the missing million. Braine's hatred of the reporter is intense. He has been the purveyor of the plot, and has defeated his schemes. With him out of the way, the conspirators feel that their evil doings will be easily accomplished.

In pursuance of this plan the Countess, who has received a note from Florence, accepting an invitation from her, to visit a forest's to purchase some rare exotic plants for the garden of the Hargreaves, cleverly forces a note to Norton. Later, while Florence is with her at the florist's, a messenger hands Norton the following:

"Darling Jim: I am going to a tea at Mrs. General Aspinwall's, No. 49 Juniper street. Will you meet me there at four o'clock and bring me home? I'm especially anxious to see you as there are lots of things I want to talk to you about. So don't fail me, and be sure and come. Lovingly, F.L.O."

Having seen Florence the evening before, Norton is surprised to receive the note, as she had said nothing about this engagement, but suspects nothing. Telephoning the Hargreaves home he learns that the Hargreaves are certain that everything is all right. When Florence returns, after bidding good-bye to the Countess, she learns that Norton has telephoned to say he will meet her in response to her note. She becomes frantic with the realization that he must be in danger, where she learns that he has gone for the day, confirms this. She bursts into tears.

Meanwhile much has been happening. A suspicious looking individual loitering about the Hargreaves grounds attracts old Jones' attention. Following the man, when he leaves, trailing him to a small house in a remote district, to the butler's great astonishment he sees Norton enter the house by the front door soon after the other has entered by the back. Realizing the reporter is walking blindly into a trap, Jones, after a minute's wait, walks to the back door where he gives the signal. When he has seen the conspirator who has admitted by the Countess, he features concealed by a heavy veil. On recognizing him, struggles to prevent his entrance. There is a sound of breaking glass, and a delayed imprecation in the room beyond. Jones, realizing that the man is looking for his life, brushes the Countess aside and rushes toward the sounds of strife.

When Norton entered the house he was received by Braine, disguised as a venerable military man, who told him that he had stepped out with his daughter. While they waited her

BUICK VALVE MOTOR CARS

Buick Valve-in-Head motors deliver the maximum amount of power at all times, and on instant demand. Speed events are a severe test on the stanchness of the motor. The wear and tear of months of ordinary touring usage is concentrated in a few hours of a fast race. A motor that can stand up to win one of these events must be a stanch and reliable motor, one that will give years of service under ordinary touring conditions. Every Buick Valve-in-Head motor is a racing motor when judged by these conditions, as much so as its famous forebears of an exactly similar type, the great motors that have been winners in 94 per cent of all contests in which they were entered.

The world's leading designers of gas motors unanimously agree that the Valve-in-Head type motor produces from 15 to 20 per cent more power than any other type. This means not only greater power but more of it per gallon from fuel consumed. The question of fuel economy is of vital interest to car owners, and to car operators. The Buick Valve-in-Head motor accomplishes this saving of fuel by consuming all of the gas, and by keeping itself constantly clean, scavenging the carbons and waste gases, thus delivering the full amount of energy contained in the fuels. The nineteen-fifteen Buick is the master motor of Buick history, a history made possible by the manufacture of successful motors for the past twelve years, during which time nearly two hundred thousand similar motors have been made and marketed. Year after year of faithful performance has placed the Valve-in-Head motor far in the lead of all other types. Last season the Delco Electric System of electric starting, lighting and ignition was added as an integral unit and won unanimous commendation from every Buick owner. This season witnesses still further additions to its equipment and refinements. Buick motor changes and additions made possible by the most recent discoveries of scientists and specialists in steel and motor accessories. Twelve years of careful study and exhaustive experimental work have produced a motor perfect in principle and faultless in design, have combined its various units of motor, ignition, carburetor, transmission, etc., into one harmonious whole—a unit power plant simple and compact, flexible and efficient.

TRY TIMES WANT ADS FOR QUICK RESULTS

and Barcus attempt to come to his rescue, but they are outnumbered, and Judith's men (who have procured ammunition from the steamship) start to open fire. They depart in search of help. They eventually land on a small rocky island (the home of a band of robbers and river thieves) and Rose is left in one of the caves, while Barcus goes inland in search of help.

Meanwhile Judith spies the river thieves' ship and signals them. They come in the dory and rescue Judith, Alan and her men. Judith talks with the captain, giving him much money to become one of her aides. They are landed on the river thieves' island also.

Barcus finds a small fishing village and enters the saloon, where numbers are gathered. He starts to drink, asking questions, etc., and one of them suspects he is a rovin in disguise. They jump upon Barcus and he is thrown, bruised and bleeding, out among some barrels and boxes. Judith, Alan, the captain of the band and men land and come up through the village. Barcus recovers, sees them and gets word to Alan that Rose is down on the beach. Judith does not see him. Alan is taken to a little hut, the window overlooking the steep cliff beside the ocean. He is bound there, and Judith taunts him. She first offers him a rose—and then the tray of hearts, which she throws in his face. She leaves him and goes down into the street. Barcus attempts to escape, but Judith sees him. She orders three men to follow him—they do so—Barcus not knowing of their presence. Judith writes a telegram to her father while the manlain says will be sent from the mainland.

Barcus returns to Rose and tells her of Alan's presence on the island. Judith's men spring upon Rose—and Barcus and after a struggle, capture them and bind them to the rocks.

Judith returns to Alan and tells him that she knows that Rose is on the island and is going to dispose of her for all time. Judith leaves to go down to see Rose, and Alan, after freeing himself of the ropes on his feet, jumps from the window into the sea, thirty feet below, with his hands bound. He lands among the rocks—stunned from the fall.

Judith goes down to see Barcus and taunts him. Rose turns on her and in fury Judith orders the men to bind Rose and Barcus out on the rocks, telling them the tide will be in with the hour and they will be left to drown. She starts back to the village with the men and finds Alan half unconscious. She orders the men to bring Alan with her. Judith's men meanwhile get into a fight with some of the river thieves and there is a free for all fight in the saloon. Judith, Alan and men return in the midst of it. Alan fights to defend himself and gets away only one man pursuing him. They have a struggle and both fall over a cliff, Alan getting away. He rushes along the beach and discovers Rose and Barcus almost drowned. He frees them and they find their life boat and get out into it. Judith discovers their escape and leaves with her men in search of him. The revenue cutter, which has been lying in wait outside the island, opens fire on Alan's party, believing them to be the river thieves. Barcus explains to the officers and they are let go.

**A WAY OUT**

A Resident of Wichita Falls Shows the Way  
There's one effective way to relieve kidney backache.

Liniment and plasters may relieve it. But they seldom reach the cause. Backache is cause to suspect the kidneys.

Doan's Kidney Pills are for disordered kidneys.

Wichita Falls people back them up. Read a case of it. Mrs. W. M. Langford, 209 Lee St., Wichita Falls, Texas, says: "At Times my back was so painful that I could not sleep. I had pains in my sides and when I got up in the morning, I was more tired than when I went to bed. My kidneys were weak. Doan's Kidney Pills promptly relieved all the pains and strengthened my kidneys. Since then I have taken a box of Doan's Kidney Pills occasionally and they have kept my kidneys in good working order."

Price 50c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mrs. Langford had. Foster-Milburn Co., Proprs., Buffalo, N. Y. (Advt.)

Hall County Sheriff Comes Here With Warrant Charging Forgery Against Man

Sheriff J. E. King of Hall county came down from Memphis yesterday with a warrant for John Tice who was arrested here Friday. The complaint charges forgery. The man giving his name as Tice was arrested Thursday night for being drunk and was assessed a fine of \$10. He sent a telegram to a bank at Memphis signing his name as "J. W. Biggerstaff" and the bank telegraphed him \$15 with which he paid his fine. The bank at Memphis seeing Mr. Biggerstaff the next day inquired about the telegram asking for money and learned that the man at Wichita Falls had imposed upon them.

The bank immediately communicated with the authorities here and within a few hours Policeman Givins found Tice in a shoe shining parlor getting his shoes shined with part of the money which the bank at Memphis had telegraphed him. It developed that Tice had at one time been employed by Biggerstaff.

CHAMBER OF COMMERCE SENDS PROTEST TO RAILROAD COMMISSION

**MEETING OF DIRECTORS HELD**

Other Towns Along Line Are Asked To Join In Protest Against Action

At a called meeting of the directors of the Chamber of Commerce Saturday afternoon resolutions were adopted protesting against the action of the Fort Worth & Denver in discontinuing passenger trains Nos. 1 and 2 and a telegram was sent to the State Railway Commission asking for the withdrawal of permission granted the railway company to discontinue the trains.

Telegrams were sent to commercial organizations in towns along the line from Wichita Falls to Texline affected by the order urging similar action.

It was intimated in the discussion of the matter at the directors meeting that the trains were discontinued as a result of a controversy between the Colorado & Southern Railway Company and the State of New Mexico with which the people of Texas have not been concerned. The trains have been in operation for more than twenty-five years and it was declared and it was also pointed out that some of the oldest engineers and conductors in the Fort Worth & Denver's service would be forced back into freight runs.

Telegram Sent. It is said that the railway company will not be concerned over an appeal to the State Railway Commission as the trains to be taken off are interstate trains and not under the jurisdiction of the state commission. The telegram sent to the commission yesterday follows:

"Hon. Allison Mayfield, Chairman Railway Commission of Texas: The Chamber of Commerce of Wichita Falls protests against the Fort Worth & Denver being permitted to take off passenger trains Nos. 1 and 2 without a public hearing to decide the necessity for it. These trains have been operated over twenty-five years. In our judgment the business of the road is profitable and justifies their operation and the public welfare demands it. We ask an order suspending your order and that your permission be withdrawn for the present. Our people know nothing of this matter until yesterday."

"CHAMBER OF COMMERCE, Wichita Falls, Texas."

**Deafness Cannot Be Cured**  
by local application, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a running ear, or imperfect hearing, and when it is entirely closed deafness is the result, and you are liable to become deaf. No case of deafness will be cured unless the cause is taken out, and this tube restored to its normal condition, hearing will be restored (never). Some cases are caused by catarrh, which is nothing but an inflamed condition of the mucous surface. We will give you our method in any case of deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars, free. F. J. CHENEY & CO., Toledo, O. Sold by Druggists, 75c. **HIGH SCHOOL ASSEMBLY IN SESSION FRIDAY NIGHT**

First Debate On Literary Test is Held—Special Program Arranged Next Friday

The high school literary society met in regular session at the high school Friday evening. By a majority vote the name of the society was changed to the "High School Assembly."

The feature of the program was the debate on the new state question, "Resolved, that all immigrants over sixteen years of age should be able to read and write in their native tongue before being admitted to the United States." The affirmative was represented by Chas. Butts and Harry May, while the negative was upheld by Bryan Hanks and Ross Bassinger. While both sides presented good argument, the judges favored the affirmative with their decision.

Prof. Vance criticized the speakers and offered much valuable instruction to them. He urged the boys to get down to business and get the start ahead of the other schools of this district and in the end make on step farther than the almost victorious team made last year. The boys feel in need of more practice and therefore will render a miscellaneous program next Friday evening. Several extempore addresses shall be rendered and there will also be a declamation by Willie Seals. The debate is on the following: "Resolved, that the pen is more useful than is the sword." Affirmative, J. W. Allen and John Tovey; negative, J. L. Jackson and Macie McKinley.

The general public is invited out. The parents of high school students are especially invited to be present. It is expected that the High School Assembly shall soon arrange for debates with other debating societies of the city.

**COTTON WAREHOUSE BILL THOUGHT CERTAIN TO FAIL**

By Associated Press. Washington, Oct. 23.—President Wilson was told today by Representative Lever, author of the cotton warehouse bill that the president is anxious to see passed, that he practically had given up hope of action being taken on the bill at this session.

### SPECIAL NOTICE

It again becomes necessary to warn our customers who hold contracts, good at our studio, against a cheap proposition which is being put out in our city by unscrupulous agents whom we know positively are making every effort to buy up our contracts in exchange for theirs. We need not tell you that you cannot get good photographs for a song. If you want a good picture of mother, father, baby or yourself you must get them made by photographers who know how to turn out first-class work. Our samples were made by ourselves in our own studio, and we endeavor to make every photograph just as good or better than the samples. With pardonable pride, we can refer you to satisfied patrons who are among the best people in the city. If anyone has been taken in at a moment of thoughtlessness by this cheap scheme, we wish to assure them that if they will call and tell us we will still give them the benefit of our advertising offer.

### WICHITAN HEADS COTTON COMMITTEE OF BANKERS

J. A. Kemp of This City Appointed at Meeting Held in Dallas Friday

J. A. Kemp of this city was chosen chairman of an executive committee, which is to work out a plan for handling the cotton situation by the Texas bankers, at a meeting of the bankers held at Dallas Friday. The committee is to be comprised of eleven members. This committee is to make a report at a later meeting of the bankers. The meeting Friday adjourned without taking action on the St. Louis plan.

### WAKES RHEUMATISM PROMPTLY DISAPPEAR

Chronic, Crippled-up Sufferers Find Relief After Few Doses of New Remedy are Taken

It is needless to suffer any longer with rheumatism, and be all crippled up, and bent out of shape with its heart-wrenching pains, when you can surely avoid it. Rheumatism comes from weak, inactive kidneys, that fail to filter from the blood, the poisonous waste matter and uric acid; and it is useless to rub on liniments or take ordinary remedies to relieve the pain. This only prolongs the misery and can't possibly cure you.

The only way to cure rheumatism is to remove the cause. The new discovery, Croxone, does this because it neutralizes and dissolves all the poisonous substances and uric acid that lodge in the joints and muscles, to scratch and irritate and cause rheumatism, and cleans out and strengthens the stopped-up, inactive kidneys, so they can filter all the poisons from the blood and drive it on and out of the system. Croxone is the most wonderful medicine ever made for curing chronic rheumatism, kidney troubles, and bladder disorders. You will find it different from all other remedies. There is nothing else on earth like it. It matters not how old you are, or how long you have suffered, it is practically impossible to take it into the human system without results. You will find relief from the first doses, and you will be surprised how quickly all your misery and suffering will end.

An original package of Croxone costs but a trifle at any first-class drug store. All druggists are authorized to sell it on a positive money-back guarantee. Three doses a day for a few days is often all that is ever needed to cure the worst backache or overcome urinary disorders.

### DECISION IS RENDERED IN RECENT CONTEST OVER WILL

Effort To Force Probate of Will in Which Mrs. Baugh Was Beneficiary Is Lost

Mrs. Bettye Baugh of this city lost in her suit to force the probate of the will of Mrs. Mary P. Bridwell in which Mrs. Baugh was named as the beneficiary except bequests of \$1 each to the children of Mrs. Bridwell. The case was tried last week in the Archer county district court. Judge Scurry was disqualified in the case and Judge W. E. Fitzgerald of this city was chosen in his place. The jury in its finding declared the will invalid. It is expected that the plaintiff will appeal the case.

Judge A. H. Carrigan and A. H. Britain were attorneys for the contestants while Judge A. A. Hughes and Judge P. A. Martin represented Mrs. Baugh. Mrs. Baugh, Judge Carrigan and Judge Hughes and Judge Martin returned from Archer City yesterday. Mr. Britain went from Archer City to Seymour in his automobile.

### 38 PER CENT INCREASE IS SHOWN BY PARCELS POST

Count of Bundles Handled From Oct. 1 to 15 Gives Substantial Gain Here

An increase of more than 38 per cent in the parcels post business handled through the local postoffice in one year is indicated by an accounting of the business in the period from October 1 to October 15 inclusive. This count shows that there were handled in the fifteen days a total of 4592 parcels post packages. During the same period a year ago the total was 3384.

The count was made upon the orders of the postal authorities. During the fifteen days there are 1359 packages handled at the local office with a total weight of 3782 pounds and a total postage was \$124.69. During the same period 3233 packages were received from outside points for distribution through the local office. Of these received from outside points 554 were delivered at the office, 554 were delivered by rural carriers and 1125 by city carriers. So far as mail offenders are concerned these figures would indicate that the proportion is larger in the city than in the country.

The largest proportion of the packages mailed at the local office were by zones follow: First zone 22, second 520, third 164, fourth 152, fifth 95, sixth 87, seventh 17, eighth 7.

### ROYAL NEIGHBORS TO HOLD DISTRICT CONVENTION HERE

Will Meet Thursday and Friday—Many Counties Are To Be Represented

The third annual convention of the Royal Neighbors of America of district No. 3 comprised of the counties of Archer, Baylor, Clay, Cook, Grayson, Jack, Montague, Throckmorton, Wise, Wichita, Wilbarger and Young with Mrs. Hardesty-Barclay, president and Mrs. Mary Hatrinn of Denison, secretary will convene Thursday, Oct. 29, 1914 at the new I. O. O. F. Hall, Seventh street. The opening session will be given over to the adoption of a large class with full degree work and a contest between Wichita Falls and Gainesville camp teams. An open session will be held in the evening to which all who are interested in fraternal work are especially invited. A program will be carried out, the program to open at 7:45.

A business session will be held Friday morning and luncheon will be served at the noon hour to the visiting neighbors. The afternoon and evening will be given over to the entertainment of the out of town guests with a trip to Lake Wichita and a box party at one of the fine resorts. This will end the convention of the third district for 1914. Large delegations from Gainesville, Vernon, Electra, Petrolia and Henrietta are expected with smaller numbers from other camps in the district. The visitors will be entertained in the homes of members of the local camp and all members of the order are requested to attend every session.

### PRIZES ARE CAPTURED BY WICHITA COUNTY AT FAIR

First and Second on Wheats, Second on Oats and Fifth on General Exhibit

Wichita county won both the first and second prizes at the State Fair on the wheat exhibit. This county also won second place on oats. In the contest on general display Wichita county was given fifth place. The display is attracting considerable attention. Councilman J. T. Young is in charge of the exhibit.

Our belief that glasses can be worn with becoming effect at the same time that they give perfect comfort is what governs our selection of lenses and mountings. Will you test that belief? We know how. Dr. DuVal, the Progressive Eye, Ear, Nose, Throat Specialist.

### GERMANY VOTES WAR LOAN OF \$375,000,000

Berlin, via Amsterdam to London, Oct. 23, 12:03 a. m.—Clemens del Brucke, German Vice Chancellor, told the Prussian Diet today Germany had been forced into the present war by the hatred and envy of her neighbors. Mr. del Brucke made this statement in introducing in the Diet a war bill which included a measure granting a credit of 1,500,000,000 marks (\$375,000,000). All three stages of the war bills were passed unanimously and the Diet voted a congratulatory message to the Empire.

### MONDAY

Not better than last Monday (couldn't very well be) but equally as rich.

Keystone Comedy in which Chas. Chaplin takes lead. Two Part American. (They are always good) 17th episode of "The Million Dollar Mystery." Only five more of this great story and gets more interesting to the very end.

### THURSDAY

A Gentleman From Mississippi. This wonderful picture is a Wm. A. Brady feature. Was shown three days in succession last week in the Hippodrome in Dallas—each day to full and appreciative houses.
