Retreat Of Germans And Austrians Said To Be A Rout And Extends Along Entire Front

London, Nov. 26.—Official news received here today declares that the rout of the German and Austrian forces has been complete. The general staff, however, is not able to give any details of this fighting.

"It now is clear that the Russian victory in Poland is decisive," says the Petrograd correspondent of the Express, "the number of prisoners taken by the Russians is estimated at 50,000."

"The Germans have begun a retreat along the entire front," the correspondent continues, "and in many places the march is a disorderly route marked by the abandonment of artillery and transports."

"Berlin meanwhile is beginning to talk about repulsing Russian attacks which is subtle method of announcing that the German troops are on the defensive."

## COTTON HOLDING PLANS SUCCESSFUL

ESTIMATED ONE MILLION BALES KEPT OFF MARKET IN THIS STATE

## BELIEVE LIMIT NOT REACHED

From 15 to 75 Per Cent of Crop Is Held in Various Counties of Texas

By Associated Press.

Dallas, Texas, Nov. 26.—The cotton holding movement is an accomplished fact in Texas, according to reports today from Associated Press correspondents over the State. The only place in the State reporting no cotton held, was Laredo, and there was none held there because not a single bale has been brought to town this season for any purpose. Everywhere that cotton was grown from 15 to 75 per cent of the crop has been held off the market more than normally. At some places the holding idea started early, taking strong hold, while in others selling got the heavy end of the percentage.

Today's reports would indicate that more than a million bales have been stayed from the usual rush to market in Texas. These bales are scattered in small lots over an immense territory, many in town warehouses, great numbers in private barns and sheds and some even piled beneath trees.

Aid Given By Banks. With still more cotton to be ginned and the pressure to sell increasing, there nevertheless were few indications that the holding movement shows signs of reaching its limit, but rather the reports were unanimous in saying it had just begun. Several places reported that with distress cotton out of the way, farmers were prepared to shut off on selling almost completely. In various communities many farmers believe they are in position to hold at least until spring. In others, in place of a time limit, a money price has been set, namely, the eight cent minimum advised by the committee representing the Texas Bankers' Association. Not many places reported whether banks had loaned more money than usual on cotton. A few reports on this phase indicated a good many banks making loans, but no strong inclination by the farmers to ask for this kind of assistance. Following are some of the cities reporting:

Marshall—Out of 5500 bales received here not over 500 have been sold. The remainder is held. Those who have mortgages on the cotton are permitting the owners to hold it and deposit warehouse receipts in the banks or with them, the grower holding title to the cotton and directing its disposal.

San Angelo—About 3500 bales are held in town and county here.

Laredo—Last year, the crop in this county amounted to about 1200 bales. This year none was planted except by some small farmers who have made no report. Other crops were raised here to the exclusion of cotton.

McKinney—A large amount of cotton is being held by the farmers of Collin county, much of which is being allowed to remain exposed to the weather. A large number of bales have been received here that show much damage and insurance men are becoming very rigid in their requirements. The local warehouse has 651 bales.

Weatherford—More than 19,000 bales have been received here of which 7,000 bales were brought from territory outside the Weatherford district. Fourteen thousand bales have been shipped out of here from all sources. This leaves 5,000 bales here for sale. The First National Bank reports that advances were made on about 1500 bales, at six cents and is being held. The emergency currency placed here amounted to \$100,000. About 25 per cent of the cotton is being held in the county, which is about 15 per cent increase over the normal years' holding.

Waxahachie—Receipts from wagons in Waxahachie are in excess of 22,500 bales. It is estimated about three-fourths of this is being held.

Cleburne—About 9500 bales have been brought to Cleburne of which 3000 were sold, the balance remaining in the yards, held for higher prices. Cleburne will receive about 15,000 bales this season.

North Texas. Terrell—Cotton receipts from this section so far are about 24,000 bales of which about 16,000 have been held for better prices.

Gainesville—At least 75 per cent of the present cotton crop in Cooke county is being held by the raisers. About 30,000 bales will be raised.

Ennis—About 65 per cent of the cotton ginned has been held here to date. Many farmers are holding for eight cents minimum. There are about 8,000 bales in Ennis warehouses.

Paris—Information from country towns in this immediate section indicate that probably 25 per cent of the entire cotton crop is held.

Denton—About 70 per cent of the cotton ginned in this locality has been marketed. About 80 to 85 per cent of the local crop has been ginned.

Wichita Falls—Wichita county farmers are holding; less than 100 bales

## PROCLAMATION BY PRESIDENT WILSON

It has been the honored custom of our people to turn in the fruitful autumn of the year in praise and thanksgiving to Almighty God for His many blessings and mercies to us as a nation. A year that is now drawing to a close since we last observed the day of National Thanksgiving has been, while a year of discipline because of the mighty forces of war and of change which have disturbed the world, also a year of special blessing for us.

It has been vouchsafed for us to remain in peace, with honor, and in some parts to succor the suffering and supply the needs of those who are in want. We have been privileged by our own peace and self-control in some degree to ready the counsels and shape the hopes and purposes of a day of rest and stress. Our people have looked upon their own life as a nation with a deeper realization of their responsibilities as well as of their blessings and a keener sense of the moral and practical significance of what their part among the nations of the world may come to.

The harmful effects of foreign war in their own industrial and commercial affairs have made them feel the more fully and see the more clearly their mutual dependence upon one another, and have stirred them to a helpful co-operation, for they have seldom practiced before. They have been quickened by a great moral stimulation. Their unselfish sympathy for those who are suffering, their readiness to help and to listen to the needs of others have revealed them to themselves as well as to the world.

Our crops will feed all who need food; the self-possession of our people amid the most serious anxieties and difficulties and the steadiness and resourcefulness of our business men will serve other nations as well as our own.

The business of the country has been supplied with new instrumentalities and the commerce of the world with new channels of trade and intercourse. The Panama Canal has been opened to the commerce of nations. The ship contingents of America have been brought in closer guise of friendship. New instrumentalities of international trade have been created which will be also new instrumentalities of acquaintance, intercourse, and mutual service. Never before have the people of the United States been so situated for their own advantage or the benefit of their neighbors, or so equipped to serve themselves.

Therefore, I, Woodrow Wilson, president of the United States of America, do hereby designate Thursday, the 26th day of November next, as a day of Thanksgiving and prayer, and invite the people throughout the land to bear in mind their wondrous occupations and in their several homes and places of worship render thanks to Almighty God.

In witness whereof I have hereunto set my hand and caused the seal of the United States to be affixed.

Done at the city of Washington, this 25th day of October, in the year of Our Lord, one thousand, nine hundred and fourteen, and the Independence of the United States of America, the one hundred and thirty-ninth.

WOODROW WILSON.  
By the President  
ROBERT LANSING,  
Acting Secretary of State.

of cotton, it is estimated, were sold last week by farmers. Banks which have been offering loans on cotton report comparatively few applications for assistance. Twenty-five hundred bales are warehoused.

Texarkana—Approximately 1500 bales are held in warehouses here and about three times that number is being held on farms. Virtually every farmer is holding from one to five bales.

Ardmore—Estimated number bales cotton ginned in Carter county to date is 20,000. Fifty-five per cent held in warehouses and on farms. Remainder sold.

Hugo—Estimated cotton yield in Choctaw county is 15,000 bales. About 8,000 bales are being held, 2,000 in Hugo alone. Most of the farmers are selling enough to meet part of their obligations and for extension of credit.

## THANKSGIVING DAY SERVICES ARE HELD

DR. W. M. ANDERSON PREACHES TO LARGE CROWD THIS MORNING

## CHARITY COMMITTEE IS NAMED

All Churches Are Represented—Appropriate Program Carried Out at Exercises

Despite the rain a large congregation attended the union Thanksgiving service at the First Christian Church Thursday morning where a special Thanksgiving program was given and a sermon delivered by Dr. William Anderson of Dallas. At this service a collection was taken for the Union charity organization and a committee from each Protestant church in the city was named to have charge of the charity work for the coming year. It was also announced that a subcommittee would be named to call upon every business house in the city for contributions for charity work.

The representatives from each church on the general committee are: M. E. South, C. C. Shelton and Mrs. J. P. Jackson; First M. E., H. S. Hunter and Mrs. F. W. Sneider; First Christian, W. J. Bullock and Mrs. Lillie Gray; First Baptist, J. L. Jackson and Mrs. G. C. Wood; Fourth Street Baptist, L. H. Lawler and Mrs. J. E. Cannedy; First Presbyterian, T. A. Hillburn and Mrs. J. W. Curbertson; Central Presbyterian, A. F. Kerr and Mrs. J. S. Pitman; Evangelical Association, H. K. Karrenbrock and Mrs. F. J. Schaefer.

Charity Work Organized. In making the announcement concerning the charity work J. C. Hunt, chairman of the general committee, said that the committee had been fortunate in securing the services of Captain Robb of the Salvation Army to act as secretary. There had been so few calls for aid during the past year, he said, that the work had been carried on throughout the year without other funds than those raised at the Thanksgiving service last year.

In this connection a report from the treasurer, W. L. Robertson, was submitted showing receipts of \$324.63 during the year and disbursements of \$241.96. Mr. Hunt predicted a heavier demand upon the charity fund during the coming year. Several hundred dollars were raised at the collection taken this morning. The following was the order of the services:

Invocation—Rev. F. F. Walters.  
Anthem, "Praise Ye the Lord"  
Choir.

Reading of Thanksgiving proclamation of President Wilson—Rev. F. L. McFadden.  
Associated charities announcement—J. C. Hunt.  
Scripture lesson XIV Psalm—Rev. R. C. Miller.  
Prayer—Rev. R. C. Smith.  
Anthem—Choir.

Thanksgiving sermon—Dr. W. M. Anderson.  
Song, "America"—Choir and congregation.  
Benediction.

Dr. Anderson's Sermon. "The Hidden Cup" was Dr. Anderson's subject, his text being from the line in the 23rd Psalm, "My Cup Runneth Over." The speaker began by describing a beautiful artesian fountain he once saw, with the water gushing from the mouths of images of animals. When one's cup runneth over, he pointed out, the cup itself was hidden. He spoke of the 23rd Psalm as a carol of the heart, as a song at the banquet of love, and explained how this reference to the cup typified a veritable overflow of blessings.

First, said Dr. Anderson, there were the personal and individual blessings, received by himself and by each person, for which each should be grateful today. He recounted the many things which most individuals have to be grateful for and showed how, when one came to look at it in "running over," he next discussed the domestic blessings, the blessings which the home enjoys, showing how the benefits of the Almighty had been showered down.

Quotes Dun and Bradstreet. Taking up the national blessings, Dr. Anderson enlarged upon the prospect of standing among the nations. He spoke of the blessings that are in the form of free institutions, the public schools and educational facilities. Touching upon the resources of the nation, he quoted from the commercial reports of Dun and Bradstreet showing the bountiful crops, the immense production of grain and cotton and other things that contribute to the wealth of the land.

Lastly, Dr. Anderson spoke of the blessings which are conferred through religious institutions throughout the land, and telling how it was now possible for a Christian training and education to be given everyone who wished it. He told of the organizations that are carrying forward the banner of the church, of the work they are doing, and stressed this as a special reason for thanksgiving. Dr. Anderson closed with a plea that all should observe the day in the spirit of true and sincere thankfulness that it demands.

## CARRANZA THOUGHT ABLE TO CONTROL SITUATION

Foreign Minister Declares By Far Larger Part Of Country Is Loyal To Him

By Associated Press.

Vera Cruz, Nov. 26.—Ysidro Fabella, Carranza's minister of foreign affairs who has located his office here said last night that the task of subduing Zapata and Villa in Mexico would not be nearly so difficult as it appeared. He admitted that the consequences for Mexico City will be bad. Villa controls the railroad from Juarez to Mexico City. Zapata controls a small section immediately south of Mexico City. Carranza's area of control is almost all the other part of the republic and his numbers are superior. Beginning east of Gen. Villa's territory the Carranza supporters claim the states of Nuevo Leon and Tamaulipas and down the Gulf coast of the state of Vera Cruz.

General Carranza's power said Senor Fabella extends down the coast across the Isthmus of Tehuantepec and northward from the Isthmus through the states of Jalisco and Mischoacan.

General Diguez, a Carranza general in Jalisco has reported that he successfully withstood a heavy attack by General Angeles. In the states of Pueblo and Tlaxoala where Zapata and the former federal general Aguilar have been trying to gain ascendancy the Carranza troops have gained unquestioned control according to Senor Fabella. Between this point and Mexico City, continued the foreign minister, the only serious opposition, and that is not regarded by Carranza's forces as very serious, is that of Hutinio Aguilar, a former federal officer who controls the district south of Apizaco between the main line of the Gulf railway and the city of Pueblo.

There have been no forced loans in Vera Cruz but the Spanish merchants have said that they would be willing to contribute to the cause if good order is continued.

## BOMBARDMENT OF ARRAS BY GERMANS WEDNESDAY

Attack on Village of Missy Falls—Heavy Fall of Snow in Vosges Mountains

Paris, Nov. 26.—The official French announcement today says: "No important developments marked the day of November 25. In the north the cannonading diminished in intensity. No infantry attacks were directed against our lines which made slight advances at certain points. In the region of Arras there was a continuation of the bombardment of the town and its environs."

"On the Aisne, the enemy endeavored to deliver an attack on the village of Missy. This movement resulted in complete failure, with considerable losses to the Germans. We have made some progress in the region to the west of Souain. In the Argonne, in the Woerpe district and Lorraine and in the Vosges there is almost complete calm along the entire front."

"There has been a heavy fall of snow particularly in the higher portions of the Vosges mountains."

## OLD TIME THANKSGIVING IS ENJOYED BY PRESIDENT

By Associated Press.

Washington, Nov. 26.—President Wilson today spent the old-fashioned New England Thanksgiving day here with his daughter, Mrs. Francis B. Sayre. His program included church in the forenoon, an automobile ride in the afternoon and a Thanksgiving dinner at the Sayre home in the evening.

## ORDER IN MEXICO CITY IS MAINTAINED BY ZAPATA

By Associated Press.

Washington, Nov. 26.—Order is being maintained in Mexico City by the Zapata forces, according to reliable telegrams today. Villa's agents were working in harmony with the Zapata troops, who are commanded by General Saldaña. Arrangements are being made for the entry of the Villa forces. No mention was made of the whereabouts of Zapata but it was believed he would join Villa in the capital.

## NO RELIEF FROM FIRE IN ARKANSAS

FORESTS ARE STILL ABLAZE IN MANY SECTIONS OF STATE

HAVE LASTED FOR TEN DAYS

Whole Southeastern Section of Arkansas Appears To Be In Grip of Flames

By Associated Press.

Little Rock, Ark., Nov. 26.—Forest fires which have been burning in Arkansas for the last ten days continued to rage unchecked today and for the eighth day the sun has been obscured entirely in Little Rock. That the fires are increasing in severity is indicated by the increasing reports of losses and the preparations made to combat the flames.

E. V. Visard, federal game warden who returned from near Helene yesterday says apparently the whole southeast section of the State is ablaze and that federal aid may be asked. Prescott, county seat of Nevada county, reports the fires increasing in that vicinity. Great loss has occurred in that county as the result of destruction of barns, cattle stockades, fences and pastures.

The state penal farm at Cummins, Ark., sixty miles northeast of Little Rock is entirely surrounded by forest fires, according to T. P. Morray, penitentiary commissioner, but the 1500 or more men prisoners there for two days have been clearing the timber away on land adjoining the state farm and the spread to the penal institution is not now feared.

CONGRESS APPROPRIATES TOTAL OF \$1,116,118,138

### At The Theaters

**The Empress.**  
A rip-roaring two part Keystone comedy is showing today. Keystone Mabel, Patty and Charles Chaplain are featured. The other picture is a two part Romance, featuring Francis Billington, Eugene Pallette and Sam DeGrasse. A synopsis of "The Tardy Cannonball" follows:

The agent on duty at the railway station in Boddy City has just received a message that the Cannon Ball Express is two hours late. While he is waiting, a stranger enters, buys a ticket and draws the agent into a game of casino. Then he tells him a story. His tale is of two friends who were sheep herders and partners in New Mexico. They always were honest with one another and Floss gave Dink a plugged quarter for a sheep-skin, while Dink presented his partner with a plugged nickel. In the course of time, they grew prosperous and Dink married. Floss continued, however, to have his meals with Dink and his wife, though he made his home in another cabin nearby. Before long, Jess, the pretty young wife, grew restless. One day Dink returned to find a note from her saying that she had left him and beside it on the table, the plugged nickel. He took his six-shooter and went in search of the friend who had betrayed him. After a vain quest, he learned that Jess had secured a divorce and was happily married to Floss. The Cannon Ball Express breaks in upon the narrative. And the excessively nervous agent hastens to go outside. The stranger, as he is boarding the train, hands him a coin. "Here is your nickel, Floss," he says.

**The Gem.**  
"Father's Beard" an Edison comedy, featuring William Wadsworth, Mabel Dwight and Yala Bonetti, finishes laughs at the Gem today. A two part Vitagraph drama with Maurice Costello in the lead, "The Blood Ruby" is also showing.

Sent out West to the ranch of wealthy James Warner, to make a man of himself, Hugh Barton, a reckless young fellow, thinks back into his old habits and schemes with Grotz, a crooked jeweler, to secure an almost priceless blood ruby set in a ring, belonging to Warner. The crook makes a clever imitation of the stone, they get Warner intoxicated and Hugh steals the ring. He then places the imitation jewel in the coat of Bob Carr, Warner's foreman. When the imitation ring is found on Carr, he is accused of the robbery, convicted and sent to prison. Doctor Von Rutten, a philanthropist and connoisseur, becomes interested in Carr's case, refuses to believe him guilty and takes charge of Carr's motherless child. Meanwhile, Hugh and Grotz sell the genuine ruby to Heinrich Von Hutten, a collector of precious stones, not knowing the latter is a nephew of the doctor. Grotz and Hugh then set up a fake mining promoting business in New York. Warner visits New York, meets the doctor, who tells him the ring he is now wearing and which was found in Carr's pocket, is a fake one. The case is investigated further and Carr's sentence reduced for good behavior. Heinrich, meanwhile, comes to visit the doctor, and there meets Carr, who has been released. Both recognize the genuine ruby on Heinrich's finger. Warner is sent for, and through Heinrich, the two rascals, Hugh and Grotz, are located and arrested. Grotz "squeals" on Hugh, signs a confession and the pair are allowed to go on condition they leave America at once. Carr is left happy in the love of his child and the steadfast friendship of those who helped him in time of trouble.

**The Lydia Margaret.**  
The Thanksgiving program here is unusually good and the new bill which opens today promises to be highly entertaining. Kaufman and Lillian have a comedy and character singing offering and will introduce their novelty, "The Dancing Manikins." They are clever dancers and singers in their different character imitations and the young woman has a voice the like of which is seldom heard in vaudeville houses today. Three exceedingly pretty girls, Lang, Chaferson and Gren make up the other act, which is of a musical nature, they are entertainers of note. Today's pictures are "The Violinist" a two part Eclair drama and a comedy reel, "Cupid Pulls a Tooth" featuring Victoria Forde and Eddie Lyons.

**The Majestic.**  
The Majestic has for its Thanksgiving offering five reels of extraordinary pictures. A two part Vitagraph comedy, "He Danced Himself to Death" and a picturization of the famous Western story, "Chip of the Flying U."

Nearly every one has read and heartily laughed over B. M. Bower's story about "Chip of the Flying U." Bower's story breathes the very atmosphere of western cowboy life and the characters were so cleverly painted that most of us had them well

defined in our hearts' eyes. Now we are shown in these Selig pictures the living embodiments of the prototypes, and follow them through all their mirthful and exciting escapades with shaking sides or with eyes that mirror both apprehension and amazement.

Millions of people will marvel at the view as seen in the pictures. The yard of the "Flying U" ranch, the sleeping quarters of the cowboys and the old man's one story shack, which he calls home, are all in keeping with the West and the time of the story. But these scenes, true as they are, would create little interest were it not for Chip and Della and Weary and Patay and the "Old Man" and the other members of this family. Miss Mathyn Williams and Tom Mix divide honors in the roles of Della and Chip. The Della of Miss Williams is one of her best photodramatic creations. The beauty and spirit of the girl are never permitted to carry her beyond the line of maidenly decorum; yet they are so sprightly and mischievous in their fun loving flights that one's eyes follows her pranks with delight and laughter. And the tender woman's side of the girl's nature is revealed with delicate touches. Note how tenderly she fondles the head of the unconscious Chip and presses her lips to his again when he gets "saddle horned" although she has always tormented him with jealousy and uncertainty in his spooning moods. And how artfully Chip deceives into believing that her friend, "Dr. Cecil" is a man doctor and not a girl class mate of her own at college. No wonder that Chip in the end had to take the citadel of Della's heart by storm. Chip must have been a famous cowboy, indeed, if he could have measured up to the outdoor attainments of our own Tom Mix, the undisputed king of the plains. We see Chip as Tom represents him, in several neck breaking stunts, in these pictures, but he performs a dare devil feat that we have never before seen attempted. This is known as being saddle horned. The rider has lassoed a wild bronch (not broncho if you please) and is conducting him to the corral by means of the lasso fastened to the horn of his saddle. Without warning, the animal makes a terrific dash (at right angles to the course taken by the riders) away from his captor. The saddle girth breaks and the dismounted rider, whose feet are entangled in the stirrups, is dragged along the ground at fearful speed, over rough places, up hill and down. It is amazing how Tom Mix comes out of this most dangerous feat with whole or untraced limbs. Chip's bashfulness and reticence before Della are well shown. That vault over the back of his favorite mount, Beauty, to meet the dare in Della's eyes before she flees for safety from the avowal of his love, is only a symptom of his fixed determination to win her heart and hand there and then.

**ENGLAND'S UNEMPLOYED BECOMING LESS NUMEROUS**  
By Associated Press.  
London, Nov. 26.—Official reports of the government show that unemployment among men is now about one per cent less than it was at the opening of the year. These figures are somewhat surprising in view of the fact that nearly one million men have volunteered their services and are under training in the army. Men who have not entered the army find little trouble now in finding work, and with the fact that thousands of places vacated by men have been filled by women. The government has hurried forward a contract for the construction of a new Post office tube, which will give employment to thousands of men for a year or more.

### FOOTBALL GAME IN SPITE OF WEATHER

FORT WORTH CENTRAL TEAM HERE TO PLAY LOCALS TODAY

### ELEEVNS READY FOR CONTEST

Decide Not to Call Game Off and Will Scrap Things Out in the Mud

Although weather conditions are far from ideal for football, the teams of the Wichita Falls and Fort Worth high schools will meet at 3:30 this afternoon at the city park and the scheduled game will be played, in spite of mud, rain and other disagreeable features.

The Fort Worth squad of huskies arrived this morning, headed by Captain Carruther, Manager Evans and Coach Berry. The members of the party included Maasling, Fry, R. Carruthers, Matney, Repper, Hawes, Gallagher, Lightfoot, Smith, Cooley Stangley, Cartwright, Breckbridge.

### How To Succeed

During the last few years, conditions in all lines of business, even professional life, have changed so completely that every man is waking up to the fact that in order to win success he must specialize and learn to do some one thing and do it well. So it is with any article that is sold to the people. It must have genuine merit or no amount of advertising will maintain the demand for the article.

For many years druggists have watched with much interest the remarkable record maintained by Dr. Kilmer's Swamp Root, the great kidney, liver and bladder remedy. From the very beginning the proprietors had so much confidence in it that they invited every one to test it. It is a physician's prescription. They have on file thousands of unsolicited letters received from former sufferers who claim they are now enjoying good health as a result of its use.

However, if you wish first to try a sample bottle, address Dr. Kilmer & Co., Hinghamton, N. Y., enclose ten cents and mention this paper. They will promptly forward you a sample bottle by parcel post.

### GERMAN AGENTS ARE ALSO BUYING HORSES FOR ARMY

Expected To Compete With English and French Buyers in This Section

Agents of the German government are now in this country buying horses for the German army. A well known Wichita Falls horse and mule buyer has received this information from an unquestioned source. So far, they have been buying only heavy draft horses for use in moving their artillery and transports. There are very few of these kind of horses in this section of the country, and it is therefore improbable that any of them will come here.

With the control of the seas in England's hands, it is pretty hard to see how Germany is going to get the horses onto German soil, but the act that Germany's agents are buying them is a pretty good indication that they have some method in view of getting them into the hands of the German army.

There is more Catarrh in this section of the country than all other diseases put together, and until the last few years was supposed to be incurable. For a great many years doctors pronounced it a local disease and prescribed local remedies, and by constantly failing to cure with local treatment, pronounced it incurable. Science has proven Catarrh to be a constitutional disease, and therefore requires constitutional treatment. Halls' Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, Ohio, is the only Constitutional cure on the market. It is taken internally in doses from 10 drops to a teaspoonful. It acts directly on the blood and mucous surface of the system. They offer one hundred dollars for any case it fails to cure. Send for circulars and testimonials.

Address: F. J. CHENEY & CO., Toledo, Ohio. Sold by Druggists, 75c. Take Hall's Family Pills for constipation.

#### MOTHER'S DAY OBSERVED BY NEW CENTURY CLUB

The New Century Club held a delightful social meeting Wednesday afternoon with Mrs. Wade Walker. The occasion was of double importance being both Thanksgiving and the day to be observed by the club as "Mother's Day." Each member was privileged to invite one guest to share the pleasures of the afternoon with them and in spite of the unpleasant weather conditions prevailing, one of the most thoroughly enjoyable sessions of the year was held. The business session was dispensed with entirely for the afternoon and roll call was answered by the club members with quotations on Thanksgiving. Mrs. C. W. Snider then took charge and an interesting program was carried out, all of the numbers being relative to "Mother's Day." Mrs. Wade Walker, in her usual charming manner, sang "Home, Sweet Home in Mother's Arms" and Mrs. Ashmore read an excellent paper, "Our Mothers." An informal discussion was then held on the favorite mothers of literature. A vocal solo by Mrs. C. Y. Tully was much enjoyed and the program was closed by the singing of "Ole folks at Home" by the club. Delicious refreshments of chicken salad, nut bread, wafers and coffee with whipped cream were served at the conclusion of the program. Although no very elaborate decorations were in evidence the Elks sustained their reputations as capital hosts and succeeding in furnishing a most enjoyable entertainment for their guests. Sixteen dances and numerous extras were recorded in handsomely gotten up programs, embossed with the Elks emblem and in the colors of the order. Refreshments of punch and sandwiches were dispensed between numbers. The grand march was led by Lamar Fain with Miss Kathryn Hindman and Linn Boyd with Miss Genevieve Carver, with seventy-five or more couples in line. The guests were in full dress and the club rooms were seldom seen a more charmingly swayed and correctly garbed assembly on any previous occasion.

Each paper or talk showed much study and preparation and was presented in the most attractive manner possible. Mrs. M. M. Walker read for her subject "Mohammedan Women;" Miss Hickman discussed "The Spirit of the Wilderness;" and Miss Shelton gave a short description of "The Apartments of Saladin;" Miss Talney's paper was on "Knights Templar and Hospitaliers of St. John;" Mrs. Harrington gave a short sketch in "The Dress of the Slave;" and Mrs. Heasley described the armor of both Christians and Saracens. The program was completed by a paper on "The Banquet of Saladin and the Ouwarts" by Mrs. Fitzhugh, the club. After the usual social half hour, adjourning to meet with Mrs. S. M. Clifford, December 8. Indigestion comes after dinner, not before. That is another reason we have to be thankful.

Thanksgiving will soon be over. Then you can begin your Christmas shopping early.

Today Governor Colquitt will issue full pardons to 158 convicts—a majority of whom had no friends to intercede for them. They will have something to be really thankful for.

And, we are also thankful for the fine, refreshing rains that have fallen during the past few days. We can appreciate the good they are doing more, perhaps, about next harvest time.

The American troops have withdrawn from Vera Cruz and that port is now in the hands of the Carranza forces. At about the same time the Americans left Vera Cruz, Zapata's forces entered Mexico City, and the dispatches say that looting is the order of the day. Villa and his army, it is stated, will also enter Mexico City, but as to whether his army and that of Zapata will join forces and work together the dispatches do not say. Perhaps Uncle Sam has at last come to the conclusion to allow the Mexicans to fight it out among themselves to a finish, and then recognize the faction that finally pacifies the country. This result may be a long way off. In the meantime, Americans who are in Mexico have had warning sufficient. No one who has kept up with the situation feels like criticizing the government at Washington for pursuing the policy it has. If, after fighting among themselves until they wear themselves out, it is possible that peace may come. But if it does not, then it is possible the American government may be forced to change its attitude toward Mexico.

DISAGREABLE OUTLOOK IN MEXICO

The outlook is anything but promising in Mexico.

The Aguas Calientes conference seems to have succeeded only in giving Pancho Villa a palpable excuse for waging war against Carranza.

True, he will do this ostensibly in behalf of Gutierrez, but who is Gutierrez?

Has any body heard much about him until he was trotted forth as a candidate for the provisional presidency?

The fracas is still between Carranza and Villa.

Each can have figureheads and explanations, but each is still the bone and sinew of his respective faction.

And the poor people, who are made pretexts for all this rumpus, what about them?

Certainly, they form the basis for the agrarian question itself. Little more than a paper issue about which to center trouble that personal ambitions on the part of certain leaders may be realized.

Villa may not want to be president of Mexico, but obviously he wants to dictate who shall be, and wherein lies the difference?

Carranza may be willing to resign, but not until some person friendly to him shall be in a position to take over the reins of government.

If there is any distinguishable distinction between this series of revolutions and those which have preceded it, it is so minute as to be almost undiscernible.

As to the part we have played in the whole affair it is not enviable.

The policy adopted by the administration was undoubtedly sound, but the grounds on which it was predicated, and the methods of carrying it out have proved rather ineffectual.

To wait and watch was surely the proper position for this government to take, but to assume that Huerta's elimination was the balm in Gilead, and that bringing it about by moral pressure would solve the Mexican problem permanently was singularly optimistic.

The American people, and many

SANFORD—An Ide Silver Collar GEO. P. IDE & CO., Makers. TROY, N. Y.

American statesmen, have inclined to the view that the present impasse in Mexico was to a great extent a struggle between masses and classes, that the faction headed by Huerta was totally aristocratic, and that championed by Villa and Carranza totally popular. To some extent this may have been true, but underneath it all lies the psychology of the country, a psychology which breathes despotism in its most ruthless form.

The imperfections of human nature are still paramount to economic problems, and the disposition of the Mexican people and their leaders is still more potent as a factor in the government of their country than the disposition of lands.—Houston Chronicle.

"For Sale—A five-passenger car; used very little; will take horses or mules or anything of value." Such ads as this are now often met with in the daily papers and almost every time such notice is the sequel of a bad investment in an auto. All over the country people have bought these seductive pleasure machines when they should have spent their money for other things that would be of service to them in the business of bread winning. Unless a car can be profitably used in one's business, it would be best to let it remain unbought, except in the comparatively few cases where the buyer can afford to spend the price for the luxuries of life. Too many men have bought cars that cannot pay their ordinary bills.—Childress Post.

There are instances where an automobile is of great value to a business, but perhaps, in a great majority of instances, the buzz wagons must be considered as a liability instead of an asset. At least, that was the case a few years ago. Since that time, however, many improvements have been made in the manufacture of automobiles, and with the improvements came at the same time a reduction in price. This will probably continue until the autos will be made so that they can go over any road in all kinds of weather, and the prices will come down lower than now. That is our hope, or our prediction. When that time arrives we are thinking very seriously of investing in one for ourselves.

DURATION OF THE WAR.

Premier Asquith's recent statement in the House of Commons that the war would not last as long as some people originally predicted has revived discussion of this interesting subject. Lord Kitchener is credited with the opinion that the conflict would last for eighteen months to three years, and the inability of either side to strike a decisive blow tends to dispose of the view of the optimists who predicted that it would be over in six months.

The marvelous progress in the invention of death-dealing weapons has caused many to believe that war in this day would be so destructive that it could not last longer than a few months, but these optimists have overlooked the equally marvelous progress in constructing defenses. For instance, no sooner was it demonstrated that no fortress of iron and concrete could withstand the shells from the 16-inch German guns than the allies began to burrow in the ground with the result that a fair degree of protection has been found in protected trenches. At this time both armies are in a state of siege along the whole battle line and such advances as are made are made by burrowing underground. While the losses in battle have been very heavy, the number of wounded that recover and return to the front is very large.

Long before the war began it was predicted by a great military authority that when the irrepressible conflict came it would last for years and that the end would not be decisive, for the reason that the combatants would be so evenly matched that it would be impossible for either side to win a decisive advantage. This authority believed that both sides would become exhausted and would quit by mutual consent. The Kansas City Journal, commenting on the opinion that the war will last three years, says: "The very horror of the conflict, however, makes any such period of its continuance quite improbable. It is not possible, from the viewpoint of those who live on this side of the ocean, that the awful sacrifice of life and property, the terrific drain upon the resources of the nations involved, the ruinous disturbance of business, the unspeakable suffering of the victims, can continue for three long years. It challenges belief in human endurance to assume that Europe can stand such a war as is now being waged for any such length of time. It must not be forgotten that the frightful 'improvement' in the matter of death-dealing instruments, the enlargement of facilities for transporting huge bodies of men from one part of the gigantic field to another and other up-to-date features, of wholesale slaughter of human beings, have multiplied the losses encountered and have affected a corresponding reduction in the potential endurance of those who are engaged in the struggle. RAIN GIVES CAUSE FOR THANKSGIVING WET WEATHER COMES TO NORTHWEST TEXAS WHEN BADLY NEEDED MEANS MUCH FOR WHEAT CROP

Sowing Not Finished in Some Localities On Account of Recent Dry Weather Dark and dripping skies was the Thanksgiving weather over Northwest Texas and Western Oklahoma today, much to the joy and thanksgiving of the farmers who in many sections were beginning to feel the need of rain badly. Reports this morning indicate that the rainfall has extended over all of North Texas west of Fort Worth and as far south as Abilene and west to Spur on the Stamford & Northwestern beyond.

that answer the description, all right.—Denton Record and Chronicle. Nearly every thrifty city has one or more streets that it can boast of, and to maintain them keeps the city's treasury empty. The others are just silks, are like the ones the Denton paper speaks of.

As for us we think it would be worth a trip to Washington to hear Cyclone Davis and Uncle Joe Cannon in joint debate.—Dallas Times-Herald. A nominal admission fee to the performance would yield more revenue than the war income taxes combined.—Austin American.

If such a debate can be arranged the attraction would prove a great one. As a scrapper, the two size up about evenly.

SURPRISES MANY PEOPLE IN WICHITA FALLS

The QUICK action of simple buck-thorn bark, glycerine, etc., as mixed in Adler's, the remedy which became famous by curing appendicitis, is surprising Wichita Falls people. Many have found that this simple remedy drains so much foul matter from the system that A SINGLE DOSE relieves constipation, sour stomach and gas on the stomach almost IMMEDIATELY. Adler's is the most thorough bowel cleanser ever sold. Pooshee & Lynch, druggists. (Advt)

Osteopathy.  
Remember at this season of the year when acute indigestion and locked bowels are likely to occur, that no osteopath ever lost a case of acute indigestion and are very successful with locked bowels. 68 2tc

The time to call an osteopath is when you are threatened with sickness. Then you will not get down and suffer. You may say you don't understand osteopathy. Why, it's simple. Just go down and hear Mrs. McKee render a piece on the piano; see her "rub out the music" then take her seat and duplicate it, and you will demonstrate how an osteopath "rubs" only the comparison is lacking inasmuch as the human soul and body, the instrument that the osteopath harmonizes is capable of many more variations than the piano. The osteopath should be consulted first in every case of trouble from birth to old age. In acute tonsillitis with children it ends when the osteopath gets there. ### TEXAS-WABASH GAME WILL BE PLAYED ON SOGGY FIELD

By Associated Press.  
Austin, Texas, Nov. 26.—Weather prospects were extremely unfavorable for good football for the Wabash Texas game here this afternoon. A slow rain fell throughout the night and Clark field is in a very soggy condition. The light Wabash team which is depending on its fast backfield will be handicapped by the heavy field.

With the exception of Wimmer Texas' quarter back, who is out of the game with a broken shoulder both teams are said to be in splendid condition. The Texas team outweighs Wabash several pounds to the man and are odds-on favorites.

All seats for the game have been sold for several days and a record breaking crowd is expected in spite of the weather.

### A TEXAS WONDER.

The Texas Wonder cures kidney and bladder troubles, dissolves gravel, urea diabetes, weak and lame backs, rheumatism and all irregularities of the kidneys and bladder in both men and women. Regulates bladder troubles in children. If not sold by your druggist, will be sent by mail on receipt of \$1.00. One small bottle is two months' treatment and seldom fails to perfect a cure. Send for Texas testimonials. Dr. E. W. Hall, 1926 Olive street, St. Louis, Mo. Sold by all druggists. (Adv.)

ANNETTE KELLERMAN IN "NEPTUNE'S DAUGHTER" One of the most notable of recent attainments in photodrama, we are told, is that delightful fantasy of the sea in which Annette Kellerman of vaudeville fame springs into prominence as a dramatic artist of unquestioned versatility. The medium of her expression is an imaginary story, "Neptune's Daughter," in which Miss Kellerman appears for the first time in natural surroundings—in briny seas, still lakes, on rugged cliffs, dizzy precipices and at last in the palace of a mortal king. One may easily imagine the richness of such scenes and the splendor that is added by the aggregation of brilliant screen stars who support Miss Kellerman in this pretentious production. One hundred of the brightest children artists on the stage appear with Miss Kellerman in this fairy story pantomime, and as a wood nymph she herself joins in their merry sports with all the naive joyousness of a child. All in all, it is such a production as delights poet and cynic alike, and makes no discrimination for age. SOCIETY (Continued From Page Three) MISS MCGREGOR ENTERTAINS OLD MAIDS WEDNESDAY The Old Maids were very pleasantly entertained Wednesday afternoon by Miss Lillian McGregor. This entertainment coming at the opening of the holiday season was especially pleasant and the handsome McGregor home had been very prettily decorated for the occasion. Roses, shading from scarlet to pink, were the favored flowers and with ferns and trailing vines intermingled, a very pretty decorative effect was achieved. Bridge was the game of the afternoon, four games being played. Score was marked on hand-tinted medallions carrying out the rose tints. The souvenir of the afternoon, a cluster of a dozen and a half ferns and carnations, was cut for Miss Orveta Wyatt being fortunate. At the conclusion of the same a tempting Mexican luncheon was served to the players at the small tables. The first course of chili with pickles, wafers and other accompaniments was followed by hot chocolate and devil's food cake. Those enjoying Miss McGregor's hospitality were: Misses Genevieve Carver, Julia Callicott of Corsicana, Lillian Avis, Florence Sammons, Mabel Simpson, Agnes Reid, Janie Rosborough of Marshall, Ann Carigan, Ann Fresser, Kathryn Hindman, Louise Fox, Orveta Wyatt, Mesdames Brittain, Natt Wagner, Clifford, Earl Clayton.

CHORUS PRACTICE HELD WEDNESDAY AFTERNOON The Choral Department of the Musician's Club met for regular practice Wednesday afternoon instead of the usual day, on account of the Thanksgiving holiday. A good number were in attendance and the usual profitable hour of practice was spent. Announcement was made that the open meeting which was to be held next Thursday at the home of Mrs. P. P. Langford will be held at the First Presbyterian church, the change being made on account of the illness of Mrs. Langford. The chorus will meet for practice at 2:45 as usual.

Mrs. J. A. Kemp, accompanied by Miss Jewell and Master Anderson, left yesterday for Baltimore, Md., where they will visit Miss Bertha Mae, who is in school there.

FOURTEENTH STREET HOME IS DESTROYED BY FLAMES Residence of L. T. Hollowitz Burns Late Wednesday Night When Family is Away Fire of unknown origin at about eleven o'clock last night almost completely destroyed the house occupied by L. T. Hollowitz and family at 1502 Fourteenth street, and one-davenport was the only article of furniture saved. The house was owned by Mrs. Hebring. Both house and furniture were insured. The Hollowitz family were away on a visit, and so far as is known no one had been in the house during the day and the origin of the fire is a mystery. The blaze was discovered by neighbors, who turned in an alarm, but the fire department was not able to save much of the building.

Christmas Problem Solved Mrs. Smith in despair thinks of many people whom she must remember. She well knows Mr. Smith's attitude concerning bills for expensive presents. Having made a list of names she goes shopping and with poor results. She comes home at night and lies down worn out. After a series of fitful dreams, a brilliant idea presents itself and the very next day she carries it out and does not wait till the Christmas rush is on. She goes immediately to the studio of Beatty and Havis and has Mr. Havis make several negatives of herself. When she sees the proofs they are all so good and life-like that she has no trouble in making a selection for they were the best ever. When she goes to rest that night it was with the happy thought that her greatest yearly problem had been solved. When Mr. Smith sees the bill he is so pleased with her remarkable economy that he spends the saving in a beautiful present for her, and each friend to whom she sends one of her pictures will respond in kind. Remember the place— BEATTY & HAVIS PHOTOGRAPHERS 710-12 Indiana Avenue

IF OUR City Cemetery were left to a lot of old grumps and gronches it would make a fairly good dumping ground for city debris, and I am thinking if it were not for the persistent effort of a few good citizens, we would not be able to point with pride to this silent place. Even with our best efforts there are a lot of citizens who are drooping on the busy ones, and the only way they can locate their graves is by the location of some one's monument that they know is near. Isn't it sad the only thing some contribute towards such sacred grounds is complaints and fault finding. Such contributions distinguish character, but they don't beautify our BURIAL GROUNDS. Should you wake up and need us, we would be glad to serve you. WICHITA MARBLE & GRANITE WORKS Phone 440 A. G. DEATHERAGE, Prop.
