

RECAPTURE OF PRZASNYSZ IS REPORTED BY RUSSIANS

Petrograd Statement Indicates Severe Repulse For Germans In Northern Poland

By Associated Press.
Petrograd, Feb. 27.—The official statement follows:

"During February 26 the Germans appeared to pass to the defensive along almost the whole front. On the left bank of the Nieman on the road to Symno and Sorrey there have been actions following the progress of our advanced guard. North of Grodno the battle has been limited to an intense fire by the enemy. At the village of Tchernevo a German battalion with sappers advanced toward Bobr valley. Our artillery seizing the moment when part of the column had crossed to our bank almost annihilated it. The survivors consisting of five officers and a few score of men were made prisoners.

"The guns of the fortress of Ossowetz are successfully engaging the enemy's heavy batteries which include eleven and twelve inch mortars. Our offensive at Przasnysz has been vigorously pushed. We have captured the town of Przasnysz temporarily occupied by the Germans. The German retreat is spreading over a wide front, at some points being like a disorderly flight.

"The prisoners we have taken number 40 officers and 3600 soldiers. Our captures are constantly increasing. Our cavalry continues in the pursuit of the retiring Germans.

"There has been no change on the left bank of the Vistula on the Dubajek river or in the Carpathians. In Eastern Galicia in the Rastanow district we have repulsed desperate Austrian attacks and captured nineteen officers and 1592 soldiers, taking also five machine guns."

AUSTRIAN ADVANCE IN EASTERN GALICIA IS REPORTED CHECKED

By Associated Press.
London, Feb. 27.—The Austrian advance in Eastern Galicia has been checked and the Russians driving back their opponents have recaptured Stanislaw and Kolomea, says a telegram from Hertz, Roumania.

SALAD AND PUNCH ITEMS ARE UP AGAIN

RESOLUTION TO INVESTIGATE FOUR YEARS' EXPENDITURES TO COMMITTEE

SENATE'S BUSY SESSION

Number of Bills Passed Including One to Provide Free Circulating Libraries

Special to The Times.
Austin, Texas, Feb. 27.—The chicken salad and punch episode, which originated in the House and which is now pending in the court on injunction proceedings, reached the Senate late this afternoon when a resolution was introduced in the Senate by Senator Butler requesting the comptroller to furnish the Senate with a detailed account of all expenditures for the governor's mansion. The resolution created somewhat of a stir, especially when it proposes to get not only the expenditures for two years, but the entire four years of the Colquitt administration. The resolution was referred to the Senate committee on state affairs, after an effort on the part of Senator Paige to have it referred to Judiciary No. 1. The committee to which the resolution was referred is expected to make a report shortly.

Senator Suter declares in the resolution that "it has been stated and so published in various newspapers that during the past four years there has been paid for furniture, fixtures, etc. used at the governor's mansion more than \$83,000, making an annual payment by the state for the benefit of the mansion more than \$8,000, or more than twice the amount of the governor's salary, as prescribed by the constitution.

more bill providing for the establishment of free circulating libraries for school systems; also Senator Bailey's of Harris, preventing the use of the United States flag for any commercial purpose and providing a heavy penalty for any desecration of the flag; also Hall's bill appropriating \$5,000 for the destruction of citrus canker; also McNeals' bill authorizing consolidation of interurbans; also Lattimore's bill liberalizing the Confederate pension law; also Cowell's bill making it unlawful for tax collectors to issue a tax receipt until back taxes were paid; also Harris' bill permitting the embarking board to increase the standard of efficiency.

The Senate passed to third reading the following bills: Darwin-Cowell uniform negotiable instrument laws; Suter joint resolution eliminating the office of county treasurer and placing the treasury funds in the county's depository; Connor's bill amending the game law so as to permit guests of persons out of the state to hunt without payment of \$15 license; Lattimore's bill making it a felony to steal an auto.

The following bills were killed: Johnson's bill limiting the number of news butchers on trains to one; Parr's bill providing for an experiment farm in South Texas; Senator Westbrook's recall resolution which was killed at morning session and was revived and is now pending the calendar.

Senator Henderson introduced a bill providing for a graduated land tax. No action was taken today on Senator McGregor's cotton seed oil mill investigation. According to an agreed amendment one of the commission will be associated with the attorney general. However, the attorney general is said to be opposed even to this amendment.

FOREIGN CONCERNS EXEMPTED FROM TAXATION ORDER
By Associated Press.
Washington, Feb. 27.—Consul Silliman today notified the state department that General Carranza had annulled so much of General Obregon's decree levying a tax upon commercial houses in the Mexican capital as applied to Americans and other foreigners.

OUTER FORTS DESTROYED FRENCH STEAMER ARRESTS DACIA IN ENGLISH CHANNEL

CONSTANTINOPLE NOW GOAL OF ALLIED FLEET IN DARDANELLES.

40 SHIPS IN ACTION

More Serious Work Now Ahead for Fleet at Fortress Kalib Bahr

By Associated Press.
London, Feb. 27.—After having completed the destruction of the forts at the entrance of the Dardanelles the allied fleet of British and French warships, the greatest ever in action, are now attacking the inner forts which heretofore have stood between Turkey and invasion by the sea. Apparently the outer forts could not withstand a great bombardment and when they had been leveled and deserted by their defenders, men were landed from the ships to complete the work of demolition while mine sweepers cleared a passage for ships in the straits.

More serious work is now ahead for the all important fortifications are at Kalib Bahr and Chanak which guard the narrowest part of the strait which the fleet is approaching. There is no doubt, however, that the commanders have instructions to make their way to Constantinople. Reports from neutral Balkan states say that the results of the islands in the Sea of Marmora has been ordered to evacuate their homes and that an imperial train is awaiting to take the Sultan to Asia Minor. So far as Great Britain is concerned, the most important reduction which it has brought is the price of wheat.

AGAMMEMNON STRUCK

The admiralty announced tonight that during the bombardment of the Dardanelles fortifications the battleship Agamemnon had been struck and that three men were killed. The announcement says further that the Dardanelles operations still are proceeding. The announcement says that landing parties went ashore from the allied fleets and with their assistance three of the four forts at the entrance were completely demolished and the fourth badly damaged. The new battleship Queen Elizabeth, one of the largest in the fleet, took part in the bombardment. This is the first time, it is stated, in which fifteen inch naval guns have been in action. The Queen Elizabeth, a vessel of 27,500 tons, had eight such guns. The announcement says: Official Announcement.

"The entrance of the Dardanelles was guarded by four principal forts, namely, Cape Helles battery, Fort Sedjel Bahr, Fort Orkanieh Pabis and Fort Kum Kaloss. The forts A, B, C and D were the most convenient as A, B, C and D. The forts are armed as follows:

A, two 9.2 inch guns; B, six 10.2 inch guns; C, two 9.2 inch guns; D, four 10.2 and two 5.9 inch guns.

"The weather having improved although the wind was still from the southwest, the attack was resumed February 25 at ten o'clock. The Queen Elizabeth, Agamemnon, Irresistible and Gaulois began by deliberately bombarding Forts A, B, C and D respectively with long range rifles and shells at 11,000 yards hit the Agamemnon, killing three men and seriously wounding five. The Irresistible and Gaulois made excellent practice on C and D, while the Queen Elizabeth concentrated with great accuracy on A, putting both of its guns under action by 10:30 a. m. The Venosance and the Cornwallis then ran under cover of long range rifles and engaged Fort A at close range. The destruction of Fort A was completed while Forts C and D opened a very slow and inaccurate fire. The Suffolk and Carlisle next delivered an attack on Forts C and D, advancing to within 2,000 yards of them. It was then seen that they were in no condition to offer effective resistance. The Venosance, Triumph and Albion then were ordered in to complete the reduction of the forts. All four forts were reduced by 5:15 p. m.

Sweeping Operations.
Sweeping operations covered by divisions of battleships and destroyers were immediately begun. The enemy set fire to a village at the entrance as darkness fell. A report also has been received of the operations of February 26. The strait had been swept up to four miles from the entrance. The Albion and Majestic supported by the Venosance proceeded to the limit of the swept area and began an attack on Fort Dardanos and some new batteries on the Asiatic side. Thereby fire was ineffective. After being shelled from inside the straits the enemy retired from the afternoon entrance and during the afternoon destroyed the forts at Kum Kaloss and Sedjel Bahr from the Venosance and Irresistible. Forts A, B and C were then completely, and Fort D, partially, demolished. The enemy encountered in Kum Kale were driven out over the Mendere bridge which was completely destroyed. Two new four inch guns concealed near Achilles were also destroyed and four Nordenfelta covering the entrance were destroyed. Our casualties on the 26th were one killed and three wounded.

Expected Happens When American Boat Arrives In Waters Near War Zone

By Associated Press.
Paris, Feb. 27.—A French cruiser has arrested the American steamer Dacia in the English channel and taken her to Brest. This announcement is officially made.

The steamer Dacia left Galveston on January 31 with 11,000 bales of cotton to be transhipped to Bremen. It was fully expected at the time that the ship would be seized on her way to Rotterdam as Great Britain questioned the validity of the recent transfer of the Dacia from German to American registry. The Dacia touched at Norfolk February 11 and then proceeded on her way. The Dacia was formerly a Hamburg-American freight steamer which had been used before the war in trade between Bremen and New Orleans and other Gulf ports.

At the outbreak of hostilities she was interned at Port Arthur, Texas.

PENITENTIARY BILL ENGROSSED IN HOUSE

SIMPLY AMENDS PRESENT LAW TO MEET NEEDS OF SYSTEM

DEFEAT SEVERAL AMENDMENTS

Text Book Bill To Be Considered Monday and Tenant Bill On Tuesday

Special to The Times.
Austin, Texas, Feb. 27.—After weeks of investigation and after creating a great deal of sensation throughout the state, the penitentiary system and necessary legislation for the same, the house committee on penitentiaries took but little over a half hour in getting engrossed a bill this afternoon making all amendments necessary to the old law to meet present needs of the system. All the committee were agreed upon the amendments to the old law proposed in the bill offered, except Mr. Ellis. He attempted to add amendments to provide for the building of a cotton mill at the Rusk prison, starting again the box factory and the foundry at Rusk, and to raise the salary of the guards to \$50 per month instead of \$40 as the committee bill provided.

All these amendments were voted down. An explanation of the losses complained of recently in the working of the system was explained to the house by Mr. Ellis. He declared if the law would be changed as the committee bill provided, the financial statements hereafter will show approximately \$300,000 more money annually.

Tenant Bill Tuesday

On motion of Mr. Bagby the McGregor land rent bill was set for special order for Tuesday at 2 o'clock. The bill was not taken up this past week on account of Mr. Bagby's throat being affected. He will make the principal speech for the measure. The House passed finally Russell's bill to ratify and confirm the Jose Meria Moria grant of land in Nacogdoches county, under the provisions of the 76th Judicial district and reorganizing the first and ninth judicial districts, Lindermill's bill incorporating the DeLeon Independent school district in Comanche county, Honer's bill exempting Clay county from annual fire insurance law, Metcalf's bill to diminish the civil jurisdiction of Iron County Court, Baker's bill to provide for a district attorney in the 39th judicial district, and road laws for the following counties: Houston, El Paso, Van Zandt, Clay, Mills, Hays, Camp, and Marion.

Votes For Traveling Men

By a vote of 111 to two, the House passed the joint resolution giving traveling men and railroad employees the privilege of voting for state and district officials when out of their home counties. This measure, if adopted as an amendment to the state constitution, provides that a citizen may vote in any county where by necessity he is to be away from home.

Both's Army Makes Progress.
French armies have been dropping bombs on Metz. General Louis Botha's army continues to make progress in German Southwest Africa, but this is hardly as interesting as the news that at the opening of the parliament of the Union of South Africa the guard of honor for the new British governor was composed entirely of burghers in khaki, a duty which heretofore has been left to British soldiers. A letter to the parliament from General Botha, who is at the front, said he anticipated the speedy conclusion of the operations and appealed for leniency for the rebels.

NO SHIPPING TO OR FROM GERMANY TO BE ALLOWED

France And England Notify Neutrals Of Complete Blockade Of Enemy's Territory

By Associated Press.

London, Feb. 27.—Great Britain, France and their allies have advised neutral countries that they hold themselves at liberty to stop all shipping to and from Germany and the countries of her allies. Public announcement of this action will be made early next week, probably Monday. The text of the declaration will set forth that this decision is necessary because of submarine attacks, but that Great Britain and France will respect the lives of crews and passengers in any step that they may take.

The declaration is not a reply to the American representations for a cessation of the German submarine activities and the admission of food for German civilians. The declaration will not affect cargoes shipped before the date of this advice to neutrals. The exact date carried by the declaration has not been announced but it probably will be February 26 or 27.

No special articles of commerce will be mentioned in the French-British declaration. Cotton and foodstuffs for example will not be specified but the terms will be general. The situation created will be entirely justified, according to English views, because of German's unprecedented action in attempting a submarine blockade regardless of danger to the crews and passengers of neutral ships.

Shipping in the Baltic will not be affected except as Great Britain and her allies prevent supplies from entering Norway, Sweden and Denmark for re-exportation to Germany. Holland, by making its prohibited export list conform with the British contraband list and by the creation of the Netherlands intersea trust, to which virtually all cargoes entering Holland are now consigned with the government's guarantee that they will not be exported to Germany has put its shipping in a position which will be affected little by the declaration. It is believed here that the Scandinavian countries doubtless will take similar action to insure continuation of supplies from America and elsewhere for home use.

While Denmark, Sweden and Norway have repeatedly modified the lists of prohibited exports, their regulations for the prevention of re-exportation apparently has been unsatisfactory to Great Britain or the administration of the regulation has been satisfactory, as cargoes have not moved to the Scandinavian countries with the same freedom as to Holland.

GOVERNOR FERGUSON SAYS MUST REDEEM PLEDGES

Governor Regrets Not One of Platform Demands So Far Enacted

Special to The Times.
Austin, Texas, Feb. 27.—Governor Ferguson tonight gave out his first official expression as to the work of the legislature, taking the lawmakers to task in a mild but dignified manner for not having as yet enacted one of the platform demands, and when the indications are an early adjournment of the regular session seems far off.

When asked for his opinion as to the general work of the legislature, Governor Ferguson said, "the members of the legislature are to be highly commended for the real and earnestness with which they are striving to do their whole duty. Every member appears to be actuated by a sincere desire to carry out the people's will, and if let alone, all pledges to the people will be redeemed.

AMERICAN STEAMER NOT OFF COURSE WHEN SUNK

Reports Received From Berlin Indicate Evelyn Sunk By Floating Mine

By Associated Press.
Washington, Feb. 27.—The first report of Commander Cherardi, naval attaché at Berlin, on the sinking of the American cotton steamer Evelyn, by a mine in the North Sea, received here today, indicates that the ship was not off the course, as was suggested and was in fact in waters where she should have been safe. In the opinion of naval officers here, the Evelyn probably struck a mine which had broken loose from its moorings somewhere along the German coast immediately to the north and which was floating toward the coast of Holland, where, according to reports, numerous mines have been found on the shores. Minister Van Dyke at the Hague cabled today an unofficial report that eight of the crew of the Evelyn had been lost. Yesterday he sent an unofficial report that the missing boatload was safe.

MUCH DISTRESS IN SERBIA IS REPORTED

FIELDS LAID WASTE BY WAR AND FOOD IS NOW VERY SCARCE

WILLING TO MAKE SACRIFICES

Realize That Success In This War Means Addition of Eleven Million To Population

By Associated Press. Kragujevac, Serbia, Feb. 2.—The distressing feature of the situation in Serbia is the difficulty of rehabilitating the hundreds of thousands who were obliged to abandon homes and lands that became areas during the Austrian invasion. Officers of the Serbian government see no reason why the people should not return, but the difficulty lies in providing them with food for replanting and feeding them until new crops are harvested. This task has been undertaken but the government is handicapped by a lack of railway facilities and the almost impassable roads. Help abroad is being sought by the government for this agricultural rehabilitation.

Societies that have operated in former years to instruct the rural population in methods of intensive farming have been demoralized by three years in such rapid succession. Therefore, despite all the government is seeking to accomplish a visitor is apt to get the impression that nobody in Serbia is doing anything that does not pertain to the support of the army. Women and children have to be sacrificed to the needs of the grown male population who must be kept in fighting trim and in the fighting line at any cost.

Means Increase in Population. Everywhere in Serbia the Associated Press correspondents heard the national plea that the country "is fighting not only for the maintenance of her present area, with its population of over four millions, but for the liberation of the Slav states of Austria-Hungary." If she succeeds, some eleven millions will be added to her population and every one recognizes that so gigantic a task, even with Russia's aid, cannot be accomplished without supreme sacrifices.

The Serbians are accustomed to poverty and hardship, but there are said to be a million persons really suffering distress from lack of food and clothing. They have never been reduced to such destitution before. And the Serbians are contented with so little. The army lives chiefly on bread and soup and most of peasants, even in normal times, do not eat meat except on fast days. Help from the Slavs in America, liberal though it has been, is not adequate to meet the situation. Everyone here is planning to hope for life upon America's philanthropic resources. The government issues a loaf of bread every day to every destitute family, but there is far from sufficient in many cases.

Supplies Inadequate. There are some 6000 wounded soldiers here now and medical supplies are still inadequate. At the first reserve hospital are a party of English nurses, who were brought here at the beginning of the war with Madame Slavko Grouitch, the American wife of the Serbian under-Secretary of Foreign Affairs. Madame Grouitch also helped organize the Red Cross work at Nish and it was on her advice that the American Red Cross mission was placed at Belgrade. All this work and the fact that she has gone to America to seek additional aid to relieve the suffering of Serbians made her name and that of American doctors and nurses beloved by the whole Serbian people. There are several other American women married to Serbians—one to a member of the Royal family, another to a Serbian minister in Paris—and this is cited as a reason for the United States going for Serbia, what she is doing for Belgium.

Although this city, until 1870, was capital of Serbia, is at present the headquarters of the army, there is not much that a foreigner can see except life in the streets and cafés. Cabinet meetings are held in strictest secrecy as are all the deliberations of the chiefs of the army. There is a great magazine and arms factory here, in fact, the only one in the Balkans, and thousands of men are working night and day to keep the army fully equipped.

Soldiers are constantly marching and counter-marching in the streets. In their idle moments they sit in the cafes, drinking Turkish coffee or the mild beer of the country and discuss the future plans of the army or the scenes of the last battle.

Mishitch is Hero. General Mishitch, commander of the first army, who has been raised to the rank of Field Marshal, is the hero of the day. He is a fine, soldierly figure. Described as a man of few words, but with wonderful military knowledge, General Mishitch is a veteran of all the wars that Serbia has fought for the last fifty years. He was second in command of the staff during the two Balkan wars. He

knows every inch of ground over which his troops have to fight and he has been often under fire on this trip from point to point in his automobile or on horseback.

Field Marshal Putnik, commander-in-chief, who it will be remembered arrested in Austria while on his way home from that country at the outbreak of the war, is in poor health due to rude treatment he received from the Austrians at the time of his detention some say, but it seems more probable that his advanced age and the fatigues of the last two campaigns have told upon him.

The Associated Press correspondent dined at the invitation of a Colonel at the officer's mess at the military club, formerly the Turkish palace. He found them keen for news of what was taking place in the other European fronts, of which they knew little.

Thinks Belgrade Safe. Fresh from their own successful strategy and determined offensive in driving the Austrians back, they could not understand the comparative slowness of the movements on the west European front. Russia, they know, has many of their own difficulties of insufficient transportation for her forces, but they cannot understand why England and France with every mode of transport at their convenience, with an abundance of supplies and equipment of every kind, should not have made greater headway against the Germans.

"We hope some day," an officer said, "that the Allies will have so far advanced that we can join forces with them, but at present we are keeping to our defensive without regard to their plans. All our time will be spent in reforming our army which is naturally somewhat shattered by the great trial through which it has passed. Now that we have plenty of ammunition and better equipment, it will not again be so easy for the enemy to advance into the heart of our country."

"Do you think Belgrade is now safe?" the correspondent asked.

"Yes, unless the Austrians send overwhelming forces against it. In war, numbers must always tell up to a certain point, but the Austrians will not win without severe losses to themselves as well as to us. Our courage and purpose are in no way lessened, as you may well imagine by the fact that we have twice been victorious over the enemy. He began the war but it is not in his power or ours to end it. We shall stay by our Russian and French allies to the very end. And, indeed, since Serbia has Macedonia as a region to fall back upon, it seems very improbable that she will ever be conquered again as she was once by the Turks."

MISSIONARY PROGRAM AT B. Y. F. U. SESSION TODAY

A missionary program, "At Our Own Door," will be carried out this evening at the meeting of the B. Y. F. U. of the First Baptist church. The program follows: Scripture lesson, Romans 10:1-15; introduction by leader, Miss Kate Burgess; evangelistic and enlistment departments, Miss Runa Brown; "Our Mountain Schools," Miss Elizabeth Miller; "Church Extension Department," Burton Staylor; "Progress and Perils of the Work," Miss Maude Walker; "The Greatest Peril, Our Foreigner," Thad Beggs. All are invited and the young people are especially urged to attend and take part in the work.

DISTRICT COURT OPENS AT GRAHAM TOMORROW

Not Likely That Four Men in Jail Here Will Be Taken There Before Wednesday

Judge Nicholson, Court Stenographer Eugene Sherrod, Attorney John C. Kay and Judge P. A. Martin and probably some others will leave for Graham this afternoon for the opening of court there tomorrow. Mr. Kay and Judge Martin represent Young county in the civil suits against Judge Fry and the charges of murder against him and the three others now in jail here growing out of the shooting at the court house

there Wednesday morning. According to present plans it is unlikely that Judge Fry, his brother, Pete Fry, R. M. Todd and John Lischke will be taken back to Graham before Wednesday or Thursday.

ELECTRA MAN SUCCUMBS AFTER OPERATION HERE

H. C. Herlacher of Electra, aged 28 years, died at the Amazon-Harveys Hospital here Friday night where he had been brought for an operation for mastoiditis and meningitis. Mr. Herlacher was brought down from Electra in an unconscious condition and the operation was performed as a desperate expedient in the hope of saving the man's life but was of no avail. Mr. Herlacher was a member of the Masonic lodge and Masonic rites were conducted at the chapel of the Wichita Undertaking Company before the body was taken to Electra yesterday afternoon. The dead man was unmarried. His father and mother and several brothers and sisters live at Electra. He had been engaged in the oil business.

DARDANELLES OPEN WOULD LOWER WHEAT

MARKETING OF RUSSIANS CROP WOULD HAVE DECIDED PRICE EFFECT

LONG DELAYED AT BELT

Even if Passage is Forced it Will Be Early Summer Before Wheat Moves

The significance of the forcing of the Dardanelles passage by the allies, in its relation to the wheat market, may be understood from the fact that Russia this year has 296,000,000 bushels of grain for export, and if the opening of this passage permits this amount to reach the markets of the world, it is certain to have a very decided effect upon prices. However, not all of this grain is wheat, as Russia raises considerable rye and barley, but it is estimated that something less than 200,000,000 bushels of grain would be released for shipment. These figures are given by Frank Kell. Mr. Kell says that the opening of the Dardanelles will not put this wheat on the market at once, as most Russian ports are ice-bound, even those in the Black Sea. That section is in the same latitude as Chicago and it will probably be late in April before it is warm enough to permit any large amount to be shipped. Odessa is probably not ice-bound, but it is not an important grain shipping port. This means that it would be early summer before grain could move in sufficient quantities from Russia to materially affect the supply of the rest of the world.

To understand the situation in the Dardanelles, reference to a map of that section will show that the Dardanelles form a guard the outer gates opening into the Mediterranean. After forcing this entrance the allies must make their way through a second gate, the Bosphorus, guarded by Constantinople on one side and Scutari on the other. The two narrow passages of the Dardanelles and the Bosphorus, with the Sea of Marmora in between, serve to almost isolate the Black Sea, which is southern Russia's tidewater. As a result, with the Dardanelles closed, Russia might as well have no ports at all. It is in this condition, indirectly, which has caused wheat prices to soar in this country in the past few months. In normal times, with the Russian supply of wheat available for the world's markets, that country cuts an important figure in the wheat trade. Her exports last year were 1,000,000,000 bushels, or one-eighth of the world's supply.

MRS. J. T. HUEY DIES AS RESULT OF BURNS

WOMAN BURNED IN EXPLOSION OF GASOLINE MIXTURE SUCCUMBS

ACCIDENT A WEEK AGO

Husband Whose Arms and Hands Burned in Aiding Wife Suffering Greatly

From the effects of burns received a week ago last night when a bottle of mixture of gasoline and turpentine with which she was treating a sick child exploded, Mrs. J. T. Huey died at her home at 404 Burnett street at eight o'clock last night. Her husband is still suffering greatly from burns received on his hands and arms when he tore her burning night dress from his wife's body. Mrs. Huey was 25 years old and leaves the husband and three young children to mourn her death. Her parents, Mr. and Mrs. R. A. Little, and four brothers live near Plano, Texas. Mrs. Huey was a young woman of splendid character. The family have made their home in Wichita Falls for several years, living previously for a number of years on a farm just north of the city. She was a woman of great industry and was always ready to make any sacrifice for her family and her death will be an irreparable loss to them.

When the explosion in which she was fatally burned took place she was warning a rag saturated with the fluid mixture before a stove. Some of the fluid dropped on the floor. Some of it fell on her and in the excitement the bottle was upset and some of the burning fluid was thrown onto Mrs. Huey's night gown which was in flames when her husband reached her and tore it from her body. The funeral will take place at the family residence at four o'clock this afternoon. Mrs. Huey's parents are expected to arrive from Plano at two o'clock this afternoon.

EL PASOANS CHARGED WITH USING MAILS TO DEFRAUD

By Associated Press. El Paso, Texas, Feb. 27.—H. F. Higge and William Frick were bound over here today by United States Commissioner Oliver under \$500 bond each on a charge of using the United States mails to defraud. It is charged that the two men wrote insurance in a San Antonio fire insurance company and that the company failed to pay losses.

What to do for a Bad Headache

People often ask what to do for a bad headache. Step in any drug store and ask the man at the fountain to give you a little of Hicks' Capudine in a glass of water. This is so successful because it removes the cause of the headache, whether from heat, cold, grip or nervousness. You can also use it in 38, 25c and 10c bottles to have at home. It is a liquid and very pleasant to take. There's no sense in going around with a terrible headache when it can be removed so easily.

NO SPECIAL SESSION TO DISCUSS TREATY MATTERS

Columbian and Nicaraguan Documents Are Still Pending in National Senate

By Associated Press. Washington, Feb. 27.—President Wilson virtually has decided not to call a special session of the Senate to consider the Columbian and Nicaraguan treaties. At the white house today it was said that while the question still was under consideration, there was little prospect of a special session being called.

Additional Personals

Frank Kell attended a hearing before a special commissioner of the Interstate Commerce Commission at Fort Worth when testimony was taken and arguments heard on the proposal of the Colorado & Southern to discontinue its export rate on wheat from Denver. Mr. Kell opposed the discontinuance of the rate. J. M. Butters, keeper of the last guard of the supreme tribe of Ben Hur, with his wife is here from Fort Worth and will visit Arhus Tribe No. 66 at the meeting Monday night. Mr. and Mrs. Butters are the guests of H. E. Bradley and family at 1316 Sixteenth street while in the city.

Dr. J. E. Daniels will leave today for French Lick, Ind., to attend the National Convention of the American Life Association. Thomas Torgart, the well known Democratic politician will be host of the life insurance men at a banquet at his magnificent hotel here. From French Lick Dr. Daniels will go to Rochester, Minn., to attend Mayo Bros. clinic.

ARKANSAS SENATE PASSES BILL FOR HORSE RACING

Would Create Commission and License Pari-Mutuel Betting Machines at Tracks

By Associated Press. Little Rock, Ark., Feb. 27.—The Senate today authorized a racing commission of three members and licensing pari-mutuel betting machines was passed by the Senate of the Legislature this morning. The vote was 17 to 10. The principal effect would be to restore racing at Hot Springs. The bill now goes to conference.

WARSHIPS NOW WITHIN RANGE OF DARDANOS

By Associated Press. Athens, Feb. 27.—An allied fleet aggregating 49 warships today penetrated the Dardanelles as far as Hotari and within the range of Fort Intepo on the Asiatic side, according to reliable information reaching here today. Fort Intepo was destroyed. Various Turkish warships also were bombarded. The ships are now within range of Dardanos. A French squadron is cruising under the forts at the entrance to the straits, which are now entirely dismanned.

PENITENTIARY BILL ENGROSSED IN HOUSE

(Continued from Page 1)

For One-Term Officials Three bills and two joint resolutions proposing amendments to the constitution were introduced in the House today. The joint resolutions are: By Reeves, making the term of governor and other state elective officers four years and each official ineligible to succeed himself permitting the legislature to fix all salaries. By Payne and others, providing for the appointment of a state superintendent of penitentiaries by the governor and placing his control and management of the state prisons and all properties of the penal system in the state. The bills are: By Harris, changing the time of holding court in the 49th judicial district. By Tillotson and others authorizing commissioners to create and establish levy improvement districts and to construct and maintain levees to prevent overflow. By Tilson and others, providing for registration of land titles in Texas, applying the Torrens land system.

Recall Measure Killed

The Senate passed finally today the Townsend bill which requires the railroad commission to order railroad companies to keep their roadbeds in safe condition. It also passed the bill by Senator Bee to empower the railroad commission to require railroads to build spur tracks. The Senate passed the bill by Senator Morrow which permits the supreme court to transfer cases from the court of civil appeals at the discretion of the supreme court. The Wiley bill which changes the date from May to April for taking the scholastic census and raising the scholastic age from seventeen to 21 was passed finally.

To Regulate Employment Agencies

Senate Judiciary committee No. 1 reported favorably today Senator Page's bill placing employment agencies under bond and otherwise regulating these institutions. The committee reported unfavorably these bills: By Cowell, which would permit the killing of doves in Cooke county; Hall's bill amending the pistol-carrying law so as to permit private citizens to carry a pistol; Morrow's bill which would authorize the supreme court to make all the rules of procedure for all inferior courts.

NOTICE TO SUBSCRIBERS: Carrier boys are not authorized, nor to take any part of their duty, nor to receive subscriptions to the Times.

Graham and Young county should erect a monument to Deputy Sheriff Cherrymones, the man who, with another, was placed as guards over the county court house to prevent it from being burned or ransacked by those charged with crime in order to destroy evidence that might be used against them.

The esteemed Hamilton Record says that it is just and fair for the State to pay for ex-Governor Colquitt's chicken salad and punch bills as it is for the State to pay for Attorney General Loohey's ice water and fuel and equipment of his office.

It was evident that Frank James thought of his career of crime as a portion of his life and was glad that he had a part in it.

It is a safe guess that 75 per cent of the amount paid to such outside labor leaves the city, while it would remain with us if given to home people who contribute largely to the prosperity of the city.

Let us, therefore, encourage home institutions and local labor by aiding organized labor in its effort to keep Wichita Falls money in Wichita Falls.

The Trades Council should have the support of every loyal and patriotic citizen.

There were seven farmers in the jury. The balance of the jury lived in Clovis.

DOING TIME FOR STEALING TIME. A Henrietta man got too much Wichita and stole a clock. The man was caught with the goods and the officers fixed his clock, and he is serving his time in jail.—Knox County Journal.

And another reason it is so hard to keep boys on the farm, remarks the Kansas exchange, is that after Willie's calf grows to be a three-year-old steer it becomes the property of dad, and Willie is given another calf to raise with the same identical prospects of converting the property into his own as he had in the first instance.

Keeping the boys on the farm is now an ever has been one of the greatest problems with which the country has had to deal.

Why is it thus? To the Editor of the Wichita Daily Times.

I have noticed in The Daily Times considerable talk about home favors, or giving our home contractors, laborers, etc., the work of the city.

It seems to me, with the advantages contractors have in Wichita Falls, they could compete with any outside contractor.

With two big brick plants, five big lumber yards, four planing mills and trim shops, and I believe that their prices are as reasonable as any place in the West.

They should be able to take everything that comes up. This city has always done the "cheap thing" by the common laborers.

But there is one thing today in Wichita Falls that almost makes my heart stand still and tears come to my eyes, and that is this: I know of four or five men who have from three to six little children, who have had but little work for the last six months, who owe a grocery bill of sixty or seventy dollars, who are the butcher, the doctor, and some of them owe for the plot of ground where their loved one was laid to rest.

These men have paid their taxes; they have spent their money for school books and clothing, trying to educate their children and help to make Wichita Falls not only the pride of West Texas, but of the Lone Star State; and when there is a little pile of money in the city treasury, does it go to the hard-working father who has an invalid wife or consumptive child, or does it go to a bare bachelorette who has never done anything for the upbuilding of this fair city?

To one who has no loving wife or dear children to work for, one who has never kissed the tears from a broken-hearted wife or mother, or soothed an angel babe to sleep, and who cares so little for the welfare of the city he does not even pay a cent of tax of any kind.

As I have said, when I think of such a man getting the people's tax money, just because some other fellow has a "pull," my heart aches and tears come to my eyes.

One who has investigated. J. W. MATHIS, Wichita Falls, Texas, Feb. 27th.

KEEP WICHITA MONEY AT HOME. To The Times.

Referring to the recent resolution of the Labor Council and your editorial in reference to the employment of outside labor for the construction of public and private improvements and structures, I desire to say that I am in full accord with the expressions therein.

Organized labor has always exerted itself for the betterment and upbuilding of the city, and has contributed its full quota towards our rapid advancement.

The slogan of the city, as advertised, in the pull together movement, is worthy and met with the endorsement of our entire citizenship, but it is with much regret that I recall the many contracts let for both public and private improvements to outside concerns.

I have in mind the laying of the pavement on Tenth street from Ohio avenue to Brook street by a concern claiming this city as its home, which concern left us immediately upon the doubtful completion of its contract.

Compare with this the work of the home concern in the extension of the pavement of Tenth street, and decide whether it is necessary, or even advisable, to go outside for persons to do our public work.

From the planting of shade trees in our city parks to the erection of our public buildings and improvements in the past, our representatives in authority have seen fit to purchase from outside concerns and employ outside labor, while the largest and most important buildings of private concerns have been planned and constructed by foreign contractors who imported most of their labor.

Much of this imported labor has been of the colored persuasion, who, at best, do not constitute the most desirable citizenship.

It is a safe guess that 75 per cent of the amount paid to such outside labor leaves the city, while it would remain with us if given to home people who contribute largely to the prosperity of the city.

Let us, therefore, encourage home institutions and local labor by aiding organized labor in its effort to keep Wichita Falls money in Wichita Falls.

The Trades Council should have the support of every loyal and patriotic citizen.

SUSPECTED CHILD MURDER AT DUNDEE

FOUR PERSONS ARRESTED THERE FOLLOWING DISCOVERY CHILD'S BODY

AN AUTOPSY HAS BEEN HELD

Blood Clots Found On Brain of Body Dug Up in Back Yard at Dundee

Special to The Times.

Dundee, Texas, Feb. 27.—Four persons are under arrest here in connection with the finding of the body of a female infant several days ago. The quartet will be held pending further investigation.

The supposed mother, grandmother, uncle and aunt of the infant are under arrest. The alleged mother is married but has not lived with her husband for two years.

The discovery was made by several citizens who had reason to believe that there had been a birth in the family and they found the child's body buried in the back yard of the family's premises.

It was apparently several days old when found. When questioned about it, the family insisted that it had been a still birth but an autopsy is said to have disclosed that the child lived several days.

This autopsy also developed blood clots on the brain. The family is said to have at first denied that a child had been born.

Three of the four were taken to Archer City today by the sheriff, the mother not being able to travel.

French Losses 250,000 Killed, 700,000 Wounded

German Newspaper Publishes What Purports to Be An Authentic List

By Associated Press.

Berlin, Feb. 27.—The Hamburger Nachrichten has published what purports to be an authentic list of the French losses in the first six months of the year.

The paper says this list was compiled by the French ministry of war and that it was not intended for publication as yet.

It gives the number of dead as 250,000 and the wounded 700,000 of whom 400,000 are described as slightly hurt.

In addition 200,000 men have been reported missing.

By Associated Press.

Louisville, Ky., Feb. 27.—The Mattingly and Moore distillery company and the F. G. Walker distilling company, two of the oldest concerns of the kind in the State, today filed voluntary petitions in bankruptcy.

By Associated Press.

Paris, Feb. 27.—A squadron of German aeroplanes has bombarded the district behind Newport.

An official note given out here today says that only two casualties were reported, a woman and an old man having been either wounded or killed.

The note also states that a French aviator dropped three bombs on the German barracks at Metz, Lorraine.

INDEPENDENCE OF CHINA IS DECREE OF JAPAN

Count Okuma Says Japan Has No Thought of Trepassing On Rights of China

By Associated Press.

Tokyo, Feb. 27.—The Japanese premier Count Okuma said today that in presenting its demands to the Chinese government Japan had no intention of trespassing upon the rights of China or interfering with the open door policy.

The desire of Japan, he said, was that China would attain the real dignity of independence and not fall the prey of any nation.

ZUDORA

IN The Twenty Million Dollar Mystery

Exhibitors all over the country, after viewing the Tenth Episode of the Great Thanhouser Serial-Story, "Zudora," say it's

The Greatest Production Ever

With each succeeding Episode, it is BIGGER AND BETTER, growing to a whirlwind climax in the last.

In Number 10 of this serial the Mystic science and all-foreign characters are removed, just like beginning new.

The story is connected from episode to episode and promises to even be more interesting and thrilling than THE MILLION DOLLAR MYSTERY.

See JAMES CRUZE as Jim Baird, a young reporter, champion the cause of Zudora.

See SIDNEY BRACEY (the butler in "The Million Dollar Mystery") as Tom Hunt and Harry Benham (John Storm) in Zudora's defence.

See FRANK FARRINGTON, most cunning of villains, (Braine in "The Million Dollar Mystery") play Capt. Radcliffe.

See MARY ELIZABETH FORBES—"woman of mystery"—as the clever Madame DuVal, the conspirators' high priestess.

See in the coming episodes of this gigantic serial production, the strange adventures which befall this Cinderella child, Zudora.

See how she escapes pitfall after pitfall, as the battle is waged to wrest from her forever, the \$20,000,000 mine rightfully her own.

See the beautiful Madame DuVal enjoy the luxury of another as she directs the activities of her band of conspirators.

See the struggles, feel the thrills.

We start showing this picture again Friday at Number 10 and guarantee to our patrons that you will see a picture that will beyond any doubt more than meet with your expectations.

Up to this number ZUDORA has been forced to solve some mystery that we will admit was not as interesting as we liked, but she now has to solve the mystery of her own life that leads from one thrill to another and holds the spectator's deepest interest through the entire pictures.

Do not fail to start in with this big treat next Friday.

REHEARING REFUSED IN PALESTINE I. & G. N. SUIT

By Associated Press.

Palestine, Feb. 26.—Palestine won another victory in the court of civil appeals for the sixth supreme district in a fight against the removal of the International and Great Northern railway shops when the railway's motion for a rehearing in the recent decision upholding the lower court's ruling against removal or closing of the shops was denied.

The railway alleges Chief Justice Wilson and Associate Justice Hodge were disqualified because of their relationships in Anderson county.

Announcement

I wish to say that in retiring from active work in the Palace Drug Store that I wish to thank the god friends we have made in the last five years for their patronage and support. And that while my part of the work was the prescription and of the business the prescription department is being cared for as competently and with the same efficiency that has always marked this department. The Palace Drug Store is the most thoroughly scientific organization of its kind I have ever seen in every department, though its prescription service is its strongest point. I ask a continuation of the patronage of all my friends.

The BEST EVIDENCE

As to the merits of our Wednesday Specials the words of praise from the large crowds that have seen

Clara Kimball Young in "Lola," Vivian Martin in "The Fishing Ring," Lillian Russell in "Wildfire," Robert Warwick in "The Dollar Mark"

These have all been exceptionally fine beyond question, but Wednesday of this week we have a treat in store for our patrons that even surpasses any of the former ones, both in beautiful scenery and dramatic action.

BEATRICE MICHELINA IN "MIGNON"

One of the world's most poignant stories and tender romances. In its lyrical form on the grand opera stage it enjoys a popularity that increases rather than diminishes with the passing years. This is due to its picturesque and stirring plot, which lends itself so well to film demonstration. As literature, as story, as dramatic plot.

Occupies a position which other imaginative work enjoys, taken from Goethe's immortal "Wilhelm Meister." It is a work of art that will be given a permanent place in the new art of the photo drama, produced by the California Motion Picture Co. and comes in five acts. Admission only 10 and 15c.

Forecast Of Fashions For Spring And Summer; Many Novel Features

New York, Feb. 27.—The spring has a variety of styles which run the gamut of those we have had, only in new forms, and those inspired by Russia, France, Belgium and Holland. The full skirt, however, is without doubt, first in style, whether inspired by peasant skirts or Victorian crinolines. It may be cut circular, gored with as many gores as nine, straight pleated or gathered, the requirement being that it flares at the bottom. The Dutch costumes are particularly suited to the young girl. They often have a broad strap over the shoulders, with a blouse buttoning straight down the center front. The skirt is full, with a slight bulging at the hips. Sometimes these dresses are topped with a short Dutch jacket. White or light blue are favored colors for this style of dress. Bolero effects are to be seen in waists as well as in jackets, and will, no doubt, be particularly smart for summer dresses. Linen, pique

a very good style and in conservative good taste, a quantity which American women demand before all others. The second illustration shows a dress with the ever-fashionable surplice closing waist. The skirt is gored with the stylish flare at the lower edge and the waist is cut slightly short. The braiding on the waist and skirt is done with the round silk braid, which is having a vogue even stronger than the soutache braid. The separate blouse is made of the same severe lines of the bodice of frocks. They are made of crepe de Chine and voile and chiffon cloth over a thin silk lining. Small cloth covered buttons to match the material of the waist and the pockets, sometimes made with a fancy flap, are used only for trimming. They are often buttoned from the top of the high collar to the waist line, while others are made with the low collars. Organdy is combined with butter colored lace. Honiton-braids in this same color is used as an applique on white organdy and black-mouseline de soie.

The wool fabrics for spring are largely plain fabrics. Serice, that wonderful standby, is one of the first sellers, together with gabardine. Cheviot is the novelty and a very practical one. Checks in black and white are shown in a variety of materials, also dark blue and white. A very fine invisible check is considered very smart it comes in many smooth fabrics, like prunella and novelty chiffon broadcloths or lady's cloth. Of the heavier cotton fabrics, a cotton gabardine stands among the first sellers. This fabric has a high lustre and is very effective. Materials with corded effect are used almost more than anything else for dresses of either heavy or sheer weight. The light weight first introduced by French and English manufacturers is called "filet." And hence, any fabric with corded weaves, such as voiles or crepe are said to have a filet finish. Voile is the most fashionable of the cotton fabrics, because of its softness and its durability. Dotted Swiss and marguerite are two other materials which rank very close in popularity to voile. Not in black over white, satin or taffeta as well as white and colored nets are very smart for elaborate frocks. Pink and blue nets make delightful evening frocks and are trimmed with jet.

The styles of the summer dresses already in their development. The hand-lace flouncings will be used in great deal in their development. The embroidery flouncings have a back round of voile and crepe as well as very sheer lawn and batiste. Organdy

is also, too. This vogue for small hats has made the veils extremely popular and they are shown in many styles. The wide floating veil which comes almost, if not quite, to the shoulders is very becoming and popular. These are in different meshes, plain and dotted and usually have either a bias fold on the edge or a narrow piece of ribbon stitched

to the top. The Rev. Morrison Darnell, charged with violating the Mann act, was indicted today by the federal grand jury.

The readers of this paper will be pleased to learn that there is at least one devoted disease that science has been able to cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure ever known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. and poplin being materials which will make up into straining little suits with a coat on this style. Severity seems to be the strong note for waists, but they must have particular style, which is of course hard to attain, although it lies greatly in the placing of the trimming. Buttons are all that is considered correct on many of them. The illustration shows a dress with a plain but smartly cut waist buttoning up the front with cloth covered buttons. The side pieces of the waist continue on to the skirt and form a side yoke. The completed costume has an unusual style and charm which is accentuated by the prunella cloth in which it is made. An extremely cunning little hat is worn with this dress, showing a sailor shape with a rather high crown narrowing slightly at the top. It is made in sand colored taffeta and trimmed with a single band of chocolate colored velvet ribbon, ending in short streamers in the back. It has

A Message of Spring!

Two Timely Views of This Store for Men

The Style View

We have selected from the leading styles of the leading makers because we know your wants—some of you wish a touch of extreme—some the more conservative. We know that good style exists in both extreme and conservative, and we have brought it here for you. You are to judge how well we have served you—we want you to look at the new Spring Styles—buy or not, as you please.

The Business View

You buy and continue to buy where you receive the largest degree of value—we are thinking of the broad definition of the word "value"—cost-value, service-value and satisfaction-value, all combined. This store aims to serve you in this broad-value-way and the early season buyer derives most from service and satisfaction. This more than offsets the saving in buying late season pickups. Why be uncomfortable for two or three months.

Need we say more? The new spring goods are here—the welcome sign is out.

SUPREME COURT HEARS ARGUMENTS IN FRANK CASE

Attorneys for Convicted Man Say Georgia Courts Have Lost Jurisdiction

Washington, Feb. 27.—On the ground that the trial court, which sentenced Leo M. Frank to die for the murder of Mary Phagan, the Atlanta, Ga., factory girl, had lost its jurisdiction over the prisoner because of mob violence tolerated during the trial and the consequent absence of the prisoner from court when the verdict was rendered, attorneys for Frank argued before the supreme court that their client should be freed from custody.

Louis Marshall of New York began the opening arguments yesterday.

Mr. Marshall's statement that Judge Roan of the trial court "coerced" Frank into being absent when the verdict was rendered was questioned by Chief Justice White. The attorney insisted, however, that the suggestion by the judge that Frank's life and limb and those of his counsel might be endangered if they attended amounted to coercion. He argued that the right of the accused to be present could not be denied.

"We have held that a court may withhold a trial by jury, and I do not see why a state may not abolish one of the incidents to a jury trial," interrupted Justice Pitney. "The decisions you cite refer to federal cases."

Mr. Marshall replied that it was a question of due process of law and while the fifth amendment to the constitution guarantees due process in federal cases, the guaranty of due process in state cases in the fourteenth amendment was the same in effect.

When the point of mob violence was taken up Justice Holmes remarked:

"I am free to confess that point is one that impresses me very much."

"This court has said that there must be a trial before a competent tribunal," began Mr. Marshall. "A competent tribunal is one that holds the scales of justice impartially, that is not swayed by fear or favor. Here the trial was marked by prejudice and hostility. There were jeers at counsel for Frank were permitted when they lost a point."

"The crowd almost trespassed upon the jury box and their whispers were heard throughout the court room. Applause greeted the solicitor general when he appeared at the seat of justice, and then the judge held a conference in the presence of the jury with the chief of police and a commanding officer of the state militia."

"That was a demonstration that probably has no parallel in the history of trials. Finally the court asked counsel to meet him in private conference and then upon the insistence of the court that the prisoner might be torn from the sanctuary of the court and lynched by a mob if he were present when the verdict was returned, counsel consented to his being absent. The jury was left to return its verdict to the prosecuting officer and the mob. They knew what that meant."

Justice Pitney inquired if the state supreme court had not passed upon all these facts, whereupon Justice Holmes asked if Mr. Marshall did not mean that if these were the facts it did not matter if twenty courts had passed upon them. The attorney signified his acquiescence.

TEXAS COMPANY BILLS' PASSAGE IN HOUSE LIKELY

First Vote on Measure Indicates That Action Will Be Favorable

Austin, Texas, Feb. 27.—Passage of the Texas Company bill is indicated by this week's action in the House.

By a vote of 79 to 41 the House yesterday advanced to third reading the bill by Senator Bailey of Harris, known as the Texas Company bill, permitting companies organized for the purpose of storing, transporting, buying or selling oil and gas, salt and brine and other mineral solutions, to organize auxiliary corporations outside the state, not exceeding one such auxiliary corporation in any one State. Just previously the House, by a vote of 41 to 53, had refused to adopt an amendment striking out the enacting clause.

NO OFFICIAL REPORT ON SEIZURE OF DACIA

Not Believed American Government Will Protest Until Prize Court Acts

By Associated Press Washington, Feb. 27.—While no official word has reached the state department today as to the seizure of the American steamer Dacia, it is known that no protest by this government is probable until a French prize court passes on the ship's status. This has been the general policy in all similar cases. The Dacia formerly was German-owned, but was purchased by an American who is said to have furnished both United States officials and the British embassy here with proofs tending to show that the transfer was made in good faith and that the former owners retained no interest in the vessel, or agreement for her re-transfer at the close of the war on any share in profits that might arise from her operations.

Impachment of Insurance Commissioner Recommended—Hearing For Watson

By Associated Press Oklahoma City, Feb. 27.—Seven members of the investigating committee voted today to recommend the impachment of A. L. Welch, insurance commissioner, after having heard evidence during the past two weeks. Three members voted against impachment. Witnesses testified that Welch collected money from companies before they were licensed to do business. In the investigation of Corporation Commissioner Watson today, C. E. Ames, who was attorney for the Santa Fe, testified Welch had borrowed money from him, failing to repay it. John W. Shartel of the local street railway company said Watson tried to borrow money from him, but he refused.

Grand Prix Race Run In Mud And Rain—Italian Winner

By Associated Press San Francisco, Feb. 27.—On a rain drenched track dangerously slippery with rain that fell during more than four hours of the contest, D. Resti, an Italian driver engaging in his first American speed struggle, won the Grand Prix automobile race at the Panama-Pacific exposition today in Car No. 9. His time was 7:07:57.1-2. At the finish line he was three laps in the lead. Howard Wilcox in No. 26 was second; time 7:14:36, and Hughie Hughes in No. 28 was third; time 7:21:46. Louis Dishrow in No. 12 was fourth; 7:31:38; Gil Anderson in No. 5 was fifth; 7:34:51. There is some question as to fourth and fifth places, which can only be adjusted by a recheck of the entire score. Before the race was two-thirds over Resti went out in front and stayed there, warding off the rushes of Wilcox and Hughes, who fought valiantly for the leadership. De Resti won \$3,000; the others named divided \$4,000. Rain began to fall an hour after the start. It stopped for two or three hours, then began again and continued until the race closed in the gathering darkness. Earl Cooper raced only a little more than one lap, when a broken connecting rod forced him out. Barney Oldfield was eliminated by engine troubles about the middle, and Eddie Pallen, last year's winner, and Ralph De Palma were forced to retire long before the end. At the expiration of the long race veteran drivers, who prudently had withdrawn when their cars began to slip and slide on the glassy asphalt that composed the major part of the course, expressed amazement that no accident had marred the contest. Only a few machines had roughened tires, but all drove with what appeared to be reckless disregard for their lives.

EVERY-SUNDAY—When the weather is favorable, our cemetery is filled with visitors, who are drawn there by the ties of love and remembrance, and around who's heart's memory has twined the tender wreaths of forget-me-nots. They have engraved upon the tables of love, all that was good, forgotten, all faults, all mistakes, all shortcomings. We see them stop at the grave where love has erected an appropriate MEMORIAL, and read with glad hearts the inscription thereon, we see fall the tear of regret for those dear unremembered ones, who's living relatives are too poor, or who's carelessness and indifference has caused them to forget. Life is not all dollars and doughnuts, neither is death the end. The cost of a monument is insignificant and no excuse for the average citizen, and more than compensates the one who erects it. Cleaning and Pressing

Fine fabrics is my specialty. This is the kind of work that we have made the reputation of this shop on. Work that people could not afford to trust ordinary shops. It pays to be careful where you send a fifty dollar suit to be cleaned and pressed. A fine garment costs too much money to risk Tom, Dick and Harry to be cleaned. We are in the tailoring business to give you service and earn the money you pay us. To do these things we must know how to do what you want done. We take off our hat to nobody in the tailoring game. We know all that is known about the business. We don't promise to do impossible things but if it can be done we can do it. "PHONE ME ONE TIME AND FORGET IT"

MARQUANDE-ANDREE WEDNESDAY WEDNESDAY

Wednesday morning at 5:30 Miss Agnes Andree and Roy Marquande were united in marriage at the Andree home in Floral Heights, the early hour being arranged for the convenience of the popular young couple, who left shortly after the ceremony on a wedding trip to the Gulf. A simple but effective decoration was achieved by liberal use of potted plants, ferns in the room where the ceremony was performed. Rev. Chas. C. Smith of the First M. E. Church officiated, using the beautiful ring ceremony. The bride wore her traveling suit of putty cloth in tailored cut with all accessories to match and the groom was garbed in the conventional black. Immediately after the ceremony a three-course wedding breakfast was served to the bridal party, consisting of the family and immediate relatives of the contracting parties. Violet were used as table decorations and plate favors for the breakfast service. The bride is the only child of Mr. and Mrs. A. J. Andree, one of the pioneer families of the community. She is a young lady whose personality has endeared her to all who know her and is a musician of much ability, at present occupying the position of organist at the Methodist Episcopal Church of this city. The groom is the only child of Mr. and Mrs. W. B. Marquande a present making Wichita Falls their home but formerly of Kansas City. He is a grandson of Col. C. G. Reeves of Kansas City, a Civil War veteran, whose mother, still living at the age of 93 is the oldest veteran mother in Kansas. Mr. Marquande is in the employ of one of the railroad companies here and with his bride have countless friends who will offer hearty congratulations to them in their new estate. Mr. and Mrs. Marquande will make their home here.

MISS LESCHAM AND FILGO ENTERTAIN MONDAY EVENING

Misses Louise Lecham and Wilma Filgo entertained a number of friends Monday evening at the home of Mr. and Mrs. G. W. Filgo honoring George Washington in their decorations and featuring the ever popular Kewpie in their games. Flags and hatchets and other symbols closely associated with "The Father of Our Country" were used in the decorations of the reception hall and dining room. The dining table had a clever centerpiece of a miniature cherry tree with the proverbial hatchet and the patriotic motto was repeated in the score cards. Fifteen games of Kewpie were played and first prize, a box of carnations, was won by Wade Arnold and booby prize

went to Victor Jungk. At a late hour delicious cherry ice cream and cake was served to the following: Misses Ellen Adele Robertson, Lorna Shaw, Mattie Ruth Coriott, Marion Maen, Louise Montgomery, Edith Yates, Ruth-Simpson, Rose Johnson, Alice Bonner, Bibby Kell, Elizabeth Miller, Ellouise Peery, Mary Herron, Katharine Ball, Messrs. MASONIC REPORT UPON KNIGHTS OF COLUMBUS

Find Nothing in Order's Obligations That is Considered Objectionable

The below report was published in the Dallas News of February 24 under a Washington date line and is reproduced by request:
In a recent speech in the House of Representatives, reported in the Congressional Record of Jan. 29, the Hon. William Kettner discussed the obligation taken by persons joining the Knights of Columbus. Mr. Kettner is a prominent member of the Masonic order and says in his speech that the Knights of Columbus turned over to a committee of the most prominent Masons in California all the work, ceremonies and pledges used by the Knights of Columbus for full examination and inspection.

Mr. Kettner said:
"Mr. Chairman: In this morning's mail I received a pamphlet from California dealing with a subject that has attracted my attention for some time past. It deals with the report of four very prominent citizens of my state, all Free Masons, and active in that fraternal order. The report is made by Judge Paul J. McCormick of Los Angeles, a Roman Catholic citizen of that city, who had submitted to the Masonic committee, with full authority of the supreme officer of the Knights of Columbus in the United States, a complete copy of all the work, ceremonies and pledges used by the order of the Knights of Columbus for their full examination and inspection. That Masonic committee consisting of Joseph Hayes Flint, thirty-third degree Mason and past grand master of Masons of California, formerly postmaster of the city of Los Angeles, and president of one of the largest banks in that city; then Fred Weller, thirty-second degree Mason and past grand master of California, and a distinguished member of the California bar; William Rhodes Hervey, thirty-third degree Mason and past master and master of Scottish Rite Lodge; and Samuel E. Burke, thirty-second degree Past Master and inspector of Masonic District."

Report of Masons
"These four men, than whom none stand higher for probity and honor in the State of California, and who are known throughout the State for their adherence to the highest standards of personal integrity, have just made a report on the ceremonies and ritual of the Knights of Columbus. They find unanimously that the ceremonial of the order teaches a high and noble patriotism, instills a love of country, inculcates a reverence for law and order, urges the conscientious and unselfish performance of civic duty, and holds up the Constitution of our country as the highest and most precious possession of a knight of the order. They state further that they can find nothing in the entire ceremonial of the order that to our minds could be objected to by any person."

"As a thirty-third degree Mason and as a working member of the Masonic order, I esteem it a privilege to present this report of those distinguished and fair-minded men on a subject which has been grossly misrepresented and has caused religious bitterness and strife. I believe in justice and fair play. In the Sixty-Second Congress the Committee on Elections No. 1, in a certain contested election case, incorporated in their report House report No. 1523 an alleged oath or obligation of the Knights of Columbus, the publication of the said alleged oath being in connection with a contest for membership in this body. This alleged oath, which can be found in the bound Congressional Record of the Sixty-Second Congress, third session, page 3216, was used to the detriment of the Knights of Columbus, whose critics pointed to the publication in the Congressional Record of the alleged oath as sort of proof of its genuineness. The alleged oath having found publication in the Congressional Record, I think it but fair

that this report dealing with this oath of the Knights of Columbus by this distinguished Masonic committee should likewise be given the same prominence.
Los Angeles investigation
"The following letters need no explanation:
"Hon. Paul J. McCormick, Court House, Los Angeles, My Dear Judge: I take pleasure in handing you herewith the findings of the committee of Free Masons to whom you exhibited the ceremonials and pledges of the Order of Knights of Columbus. I am very glad that I have been able, in a measure, to secure this refutation of a slanderous lie which has been widely circulated and which has been disseminated in many cases by well-meaning, credulous and deluded persons.
"I shall see to it that this report has wide circulation among Masons, and you may use it in any way you deem best to bring about an understanding of the truth among men who above all controversies and contentions, desire to know and to follow that which is right and true. Yours cordially,
"W. R. HERVEY."
"We herewith certify that by authority of the highest officer of the Knights of Columbus in the State of California, who acted under instructions from the supreme officer of the order in the United States, we were furnished a complete copy of all the work, ceremonies and pledges used by the order, and that we carefully read, discussed and examined the same. We found that while the order is in a sense a secret association, it is not an oath-bound organization, and that its ceremonies are comprised in four degrees, which are intended to teach and inculcate principles that are in the foundation of every true religion and every free state. Our examination of these ceremonies and obligations was made primarily for the purpose of ascertaining whether or not a certain alleged oath of the Knights of Columbus, which has been printed and widely circulated, was in fact used by the order, and whether if it was not used, any oath, obligation or pledge was used which was offensive to Protestants or Masons, or those who are engaged in circulating a document of peculiar viciousness and wickedness. We find that neither the alleged oath nor any oath or pledge bearing the remotest resemblance thereto in matter, manner, spirit or purpose is used or forms a part of the ceremonies of any degree of the Knights of Columbus. The alleged oath is scurrilous, wicked and blasphemous, and must be the invention of an impious and venomous mind. We find that the order of Knights of Columbus, as shown by its rituals, is dedicated to the Catholic faith. Indeed Protestants and Masons are not referred to directly or indirectly in the ceremonials and pledges. The ceremonial of the order teaches a high and noble patriotism, instills a love of country, inculcates a reverence for law and order, urges the conscientious and unselfish performance of civic duty, and holds up the Constitution of our country as the highest and most precious possession of a knight of the order. We can find nothing in the entire ceremonial of the order that to our minds could be objected to by any person."

GERMAN SOLDIER GIVEN DEATH SENTENCE IN FRANCE
Found Guilty of Pillage, Arson and Killing French Wounded Soldiers
By Associated Press. Rome, France, via Paris, Feb. 27.—A German soldier, Carl Vogelgesang, of the 26th Saxon infantry, has been sentenced here by a French court martial to military degradation and death, having been found guilty of pillage while under arms, of arson and of killing French wounded. The principal evidence against this German soldier were the entries in his own diary, which was found in his person when he was captured, September 16. Vogelgesang denied before the court that he had killed wounded men; he admitted the other charges, however, but declares he was acting under orders.

THIRTY TWO DEGREES OF DIVORCE IN COURT TERM
Several Cases Are Continued and Petitions Are Refused in Other Cases
Thirty-two divorces were granted during the term of the 30th district court which came to a close yesterday. Many were continued until the next term of court and a number were refused. A ruling by Judge T. J. Sullivan that the testimony of parties in divorce suits must be corroborated presented a number of cases from continuing to trial until additional testimony could be secured.

MUST OBEY IF WAR COMES SAYS PREMIER OF ITALY
Declares He Does Not Know Whether Country is Destined to Enter Conflict
By Associated Press. Rome, Feb. 27.—During attacks upon the government made in the Chamber of Deputies yesterday by the extremists because of instructions to prohibit meetings, even if private, provided there is reason to believe they would cause disturbances, Premier Salandra said:
"I do not know whether our nation is destined to march into war, but if this shall be the case, we must all unanimously obey the orders of the Fatherland and the king."

AT THE THEATERS

NEW BILL AT THE LYDIA MARGARET THEATRE

The Monday program at the Lydia Margaret has some very attractive features both in the movie and vaudeville bills. Helen Leslie, George Larkin and Frank Loyd are featured in a two part drama, "The Temptation of Edwina Swayne" and Billie Ritchie, the Universal comedian is featured in "The Death of Simon LeGree." This is a travesty on Uncle Tom's Cabin in which Eliza crosses the ice but the hound refuses to follow. When the moment arrives for Little Eva to be taken up to Heaven the pulley failed to work and little Eva got caught in the fly and the stage hand was drawn on the stage. It's a scream from beginning to end. A head liner on the new vaudeville bill is George Fredo, "The Baron from Milwaukee." A notice says:

"There are many musical comedians who think they are the only ones that know how to tell 'gags' and play musical instruments, but most of them, unless possessed of a superabundance of egotism would resign all claims after hearing George Fredo the clever galling gun talker and premier German musical monologist, who will appear at the Lydia Margaret the first half of this week. Fredo can hand out more bright bits without any 'fa' or 'la's' in it than any comedian in vaudeville today. The act is a scream from his first song which is highly seasoned musical hash that will undoubtedly bring down the house."

"Anita—Primrose, in 'Character Studies' will make her appearance at the Lydia Margaret, commencing Monday and will present an offering that is new and original in the way of character impersonations. Miss Primrose is one of the most talented young women in vaudeville at the present time, possessing a pleasing stage presence and an exceptional powerful and delightful voice. Absolutely unique in her work, she offers a program varied as it is cleverly rendered. Miss Anita Primrose will make all changes in full view of the audience. It is an act that will have to be seen, therefore, do not fail to go to the above named theatre on Monday."

"MIGNON" AT EMPRESS THEATRE WEDNESDAY

Wednesday has been established as "feature day" at the Empress and each Wednesday sees a notable picture on the screen. This next Wednesday Reatriz Michelena will be starred in "Mignon," a California Motion Picture Company feature. "Mignon" in its typical location on the grand opera stage, enjoys a popular

ity which began half a century ago and which increases rather than diminishes with the passing years. This is due to its picturesque and stirring plot, which lends itself so well to film dramatization.

"Mignon" is taken from Goethe's immortal "Wilhelm Meister." The forlorn heroine pictured by Miss Reatriz Michelena, star of this capable producing company, beautifully portrays the emotions of imperilled beauty and girlish innocence in her characterization of "Mignon."

In "Mignon" will be found the highest type of photo dramatic perfection—action, excitement, thrills, beauty and scenery unsurpassed as background for one of the world's most poignant stories and tender romances.

An literature, as story, as dramatic plot, "Mignon" occupies a position which no other imaginative work enjoys—a position of popularity with savants and servants, rich and poor.

"MASTER KEY" NO. 8 AT MAJESTIC WEDNESDAY

The police detective is a suburban individual, and one whose mind runs along channels which have been dug by hundreds of predecessors of the same type. One of his cardinal principles is to arrest some one for every crime which has been committed. It is one way to show duty performed. So after a night of sleuthing around for another person who could possibly be accused of the crime John Dore is arrested for the murder of Pell. Much to the consternation of Ruth he is dragged off to jail. But she has old Tom Kane, and while Everett is hurrying about to secure bail for Dore, Old Tom sits down and tells Ruth all about the mine and the way Tubbs, Wilkerson's man had been running things since her departure. He told her of the starving condition of the miners, out of work so long, of the pitiful attempts of the wives to work on the sympathy of Tubbs, and of his own resolve to open the cook house to the starving people. Then the engineer interfered with this plan and the angry miners mobbed him. Old Tom saved the engineer's hide and helped him to get out of the camp alive. But Kane's position with Tubbs was now doubly difficult, and he resolved to leave to try to raise money to assuage the sufferings of the poor miners. In his plans resolve he is materially aided by Tubbs, who fired him.

While Tom is telling of his escape Wilkerson and Mrs. Dargell learn of the death of Pell and the arrest of Dore. They at once scheme to get Ruth in their possession while Dore is in jail. They decide to write a note to Ruth, purporting to come from

Dore, asking Ruth to visit him in the prison. Drake, disguised as a chauffeur, takes the note to the hotel and delivers it to Ruth. It does not look quite genuine to her and she shows it to Old Tom. To him it looks decidedly suspicious and he accompanies Ruth into the taxi.

Drake takes them to a deserted spot, and when the cab stops, Wilkerson jumps to the door and threatens Ruth. But he is foiled in his purpose, for Old Tom has Drake arrested and sent to the station house for attempted abduction. Wilkerson, however, escapes.

But the deeds. They have been repeating all this time in the bottom of an ash barrel, where they were thrown by Pell. The barrel is emptied the next morning, and the ashman is astonished to find a package of deeds which looked very valuable to him. He determines to advertise in the newspapers. Wilkerson sees the advertisement and sends the maid in disguise to answer it. The ashman is suspicious of the maid, but she secures the missing deeds by offering him a large sum of money, and loses no time in taking them to the floating Wilkerson, who thus secures the key to his dead partner's properties after years and years of endeavor and plotting.

Everett, after some difficulty, secures bail for Dore, and they both hasten to the hotel. The clerk tells them that Ruth and Tom have gone away with a strange chauffeur, and they soon find the note and realize that another trick has been played. As they are planning to follow, Ruth and the old miner return and tell Dore of their experiences. Dore is about to go after Wilkerson and try to have him arrested and put in jail with the chauffeur, when Everett calls his attention to the advertisement of the lost deeds in the paper. They rush up to Ruth's room and search in vain for the missing deeds. Then they hasten to the address mentioned in the advertisement, only to find that a claimant has been there before them and recovered the deeds.

The shock is too much for Ruth and she breaks down. A doctor is called in and advises that she be taken to the southern part of California and kept quiet for a few weeks. So with mingled feelings they go on board the boat, intending to go to Los Angeles. But Fate has played another trick on them. On the same boat are Wilkerson and Mrs. Dargell, though they are disguised and Ruth and John do not dream that the lost deeds are so near their grasp.

Wilkerson and Mrs. Dargell are effectively disguised, for at the dining table of the steamship neither Dore nor any of his party recognize them.

Ruth imagines that there is something familiar about the party at a nearby table but, knowing that the doctor has said that she must rest her brain, she secretly fears that it is a mental delusion that she entertains and hesitates to tell Dore of her suspicions.

It was, indeed, a singular coincidence that brought Wilkerson and Dore together on the same boat, and a circumstance fraught with future sinister significance, both for Ruth, Galton and the young mining engineer.

"THE CHRISTIAN" AT THE MAJESTIC FOR TWO DAYS

Hall Caine's big drama, "The Christian," that made Viola Allen famous, has been pictured by the Vitagraph company and the film is declared even better than the stage version. "The Christian" is the best acting film ever made. Edith Storey, as Glory Quayle, gives a vivid impersonation of Viola Allen's greatest part. Her performance will stand comparison with the best dramatic stars. She is splendid, artistic, wonderful. Earle Williams, in portraying John Storm—a type of man who is almost a religious fanatic, accomplishes equally brilliant work as Miss Storey. It is the best of the many great performances he has given the screen. In their support is the finest cast of Vitagraph stars ever seen in one picture.

INFORMATION FOR PROSPECTIVE AUTO BUYERS

DROP FORGING NOW PLAYS ITS PART IN CHEAP CARS

To a great extent the tremendous production record attained by the larger American motor car factories in the past few years have been accomplished through the rapid strides made in the development of the art of drop forging.

From the very beginning of the automobile industry, engineers have sought a means of obtaining maximum strength in the part subjected to heavy strains, without adding useless weight to the completed car. Drop forging and the use of high-grade chrome Vanadium steel proved the solution of the problem, and today the manufacturer who builds the majority of the parts used in his car, counts an efficient forge shop as one of his most valuable possessions.

Our old friend, the village blacksmith, was the first drop forger. Some fifty years ago a member of this brotherhood evolved the scheme for using a steam hammer on larger forgings he had to make. But in order to achieve the desired result, he was compelled to work out

the material almost to the desired shape by hand, then with the aid of portable tools, which were used in conjunction with his crude steam hammer, the forgings were finished to size. With this method much depended upon the skill of the smith and uniformity was more or less a matter of guess work. The human element was strong.

The railroad blacksmith took up the methods of his predecessor and improved upon them, and the experts in the big sewing machine, shoe machinery and harvesting machinery factories added inventions and improvements which still further simplified the process.

The automobile manufacturer, however, has brought the art down to its greatest point of efficiency and men who understand the principles of motor car construction are inclined to measure the longevity of an automobile by the number of drop forgings entering into its construction.

AUTOMOBILE NO LONGER IS CLASSED AS LUXURY

The year of 1914 witnessed the highest mark in both the production and sale of automobiles since the inception of the industry. With general business nothing to boast of and the air charged with pessimism and caution, a so-called luxury looms up with a big sales increase.

The deduction is plain. The motor car is positively and conclusively not a luxury, but a real necessity in carrying on the affairs of this high-gear century. Indeed the term "pleasure car" commonly used to distinguish the passenger automobiles from freight carrying motor vehicles, conveys an entirely erroneous and misleading impression.

The keenness of competition in the work of the world, as it is carried on today, makes success largely dependent upon the conservation of time. The minutes count and automobiles save hours of them daily.

An analysis of 1914 sales proves that a very large percentage of automobiles were bought for a carefully computed economical purpose. Business houses have found that through the use of cars they can multiply the efficiency of their outside force, not only enabling them to expand their zone of operations, but to cover the old ground in a fraction of the time formerly consumed. The professional man has long recognized the economical value of the automobile.

The motor truck has just as big and probably an even more useful future. The great European war has shown what a wonderful utility the powerful driven vehicle is, principally as first aid to the commissary and hospital forces.

more cases it is the final decision of a man's wife, sister or sweetheart that settles the question of the car he is going to buy. Consequently it is only natural that we should consider the needs of woman in the design and construction of our cars.

From a woman's standpoint, a motor that requires laborious cranking by hand is a relic of barbarism. She dislikes pattering around with gas tanks and matches in order to turn on the lights. And her aversion to the car that does not do away with these unpleasant tasks is more than a mere whim. An automobile without complete equipment is as inconvenient as a suit without buttons.

SMALL TOWNS TAKE 26 PER CENT OF AUTOMOBILES

More than 26 per cent of the automobiles owned in United States are to be found in towns whose population do not average 1000. This may appear as a startling assertion, but facts recently obtained by a most careful census prove it.

There are a total of 1,096,644 cars in use in the United States, or was when the census was taken, and of this number 284,946 were owned in the villages whose average population is below 1000.

The smallest percentage of cars is to be found in towns whose population range between 50,000 and 100,000. Houston is just outside of this class, whose percentage of ownership is five.

The following figures tell the tale and show that the larger cities are in the lead:

Towns	Cars	Per Ct.
Under 1000	284,946	26
From 1000 to 5000	185,807	18
5000 to 25,000	169,966	14
25,000 to 50,000	62,852	6
50,000 to 100,000	55,138	5
100,000 and over	337,935	31

DODGE CAR IS MADE IN MODEL FACTORY

"Muck rakers on factory conditions will find little material to work on when visiting some of the big Detroit motor car plants," writes J. A. Cramer, who is now enjoying an annual vacation. "The fine 25-acre factory of Dodge Brothers in the northern suburbs of the city is a striking case in point."

In addition to serve self restaurants, rest rooms and other features provided for the comfort of the employees of the company, the visitor of Dodge Brothers' factory will find a completely equipped hospital in one of the big 800-foot buildings which make up the plant. "In charge of an experienced physician is a suite of first aid rooms which do credit to many a small city."

Finished in shining white enamel throughout, the Dodge hospital consists of an operating room, physicians' room, nurses' room and separate wards for men and women. Only in rare cases does the physician in charge deem it necessary to turn over any of his patients to city hospitals for further treatment, as he has the equipment and material necessary for all save exceptional cases.

Through the institution of an intelligent safety-first campaign, and the safe guarding of all dangerous machinery, Dodge Brothers have cut down accidents to the minimum in their factory." - Buffalo News.

It Speaks For Itself

We do not care to say a word about this car which it does not say for itself. But we would like to get into your mind one thought in addition to the story which the car itself tells.

That thought concerns the motive that dominated Dodge Brothers in designing and building it.

They have never for a moment been interested in seeing how little they could charge.

But they have been immensely interested in demonstrating how much they could give.

They have brought to bear upon the accomplishment of that ambition an unusual manufacturing experience, a very valuable equipment and complete financial independence.

It is for you to say what measure of success has attended their efforts.

EXPECT 1915 WILL BE BIG YEAR FOR AUTO TOURISTS

An unusual combination of causes has conspired to make 1915 America's greatest touring year, according to H. B. Joy, president of the Lincoln Highway Association and of the Motor Car Company.

He gives as the causes the European war, which has wiped the best foreign trails off the motoring map; the wonderful recent betterment of American road conditions; the attraction of the two expositions on the Pacific coast, and the opening of the Lincoln highway as a through cross-country route.

"The camping trip by motor is the most delightful method of transcontinental touring for those who like the 'out of doors,'" said Mr. Joy, who has personally crossed the country many times and has camped over every foot of the western trail of the Lincoln highway. "The charm of the open country invites delay as one crosses the great West. There are innumerable side trips off the route of the Lincoln highway, that will take the lover of nature into superb camping spots, where his stop over privilege will be determined only by his supplies and equipment, where he will be loath to resume his journey toward the setting sun."

MANY CHANGES IN CARS DUE TO WOMAN DRIVERS

Much of the rapid evolution of the motor car from a one lunged contraption of pain and sorrow to a smooth running, luxurious vehicle can be attributed directly to feminine influence, according to an Indianapolis writer. He says: "Woman has demanded and has been accorded her place in motordom just as she has demanded and received practically everything else she wants except the ballot, and doubtless she will eventually get that, as well."

"Motor car manufacturers who fail to heed feminine requirements have not made the success they might otherwise have achieved. In

WEDNESDAY MARCH 10 IS DESIGNATED CLEAN UP DAY

Proclamation To This Effect is issued By State Health Officer Saturday

By Associated Press
Austin, Texas, Feb. 27.—By order of the governor, State Health Officer Collins today issued a proclamation designating Wednesday, March 10, as "clean-up day" in the state. The proclamation is directed to health officers, city and county authorities, women's clubs, teachers associations and heads of all educational institutions in Texas, to see that the sanitary conditions are improved in their various localities.

BIG INCREASE IN COTTON EXPORTS FROM GALVESTON

February Total is 679,788 Bales, Far Ahead of Same Month in Previous Years

By Associated Press
Galveston, Texas, Feb. 27.—Cotton exports from Galveston during February set the high record for the 1914-15 season and surpassed all February exports in the port's history, amounting to 679,788 bales. This is 329,915 bales more than for the same period last year; 62 steamships leaving the port during the month took cotton; three of these were American steamers destined for Bremen. Exports also went to Great Britain, France, Italy, Spain, Japan, Russia and the Scandinavian states. Exports of wheat for February amounted to 3,555,306 bushels with France, Italy and Greece the principal purchasers.

WANT PRISON SUPPLIES DELIVERED IN COTTON BAGS

WHEAT PROSPECTS IMPROVED BY RAIN

SHOWERS FRIDAY AND SATURDAY THROUGHOUT THIS SECTION

CONDITIONS QUITE PROMISING

Texas Acreage is Estimated at 1,390,000, With 25,000,000 Bushels in Prospect

Eighty-five hundredths of an inch of rain fell here Friday night and more rain fell Saturday. The rainfall in the last two weeks has been more than two inches and while Friday night's rain was not needed for the wheat, it will do no harm.

Wheat prospects are declared even better at this time than a year ago. A year ago there was no rainfall from the latter part of December until March 4th. The rains of the last two months have more than made up for any deficiency last fall and while the wheat has not so much growth it is well rooted, and since the recent rains have been making a good growth above ground. Fields, which three weeks ago showed poor prospects, are now covered with a coat of green and are most promising.

Mr. Kell's Estimate. Frank Kell of this city, the leading grain man of the Southwest, estimated that Texas has in 1,390,000 acres of wheat which will yield approximately 25,000,000 bushels, compared with about 13,000,000 bushels a year ago. Oklahoma has an acreage of 3,200,000. The crop is promising throughout the entire state but in Harper, Beaver and Texas counties, the extreme northwestern section, the dry fall and early winter has kept some of the wheat from coming up. Recent rains in that section may bring this wheat up. Mr. Kell says that the prospective yield in Oklahoma is 70,000,000 bushels. Mr. Kell estimated the acreage in Wichita county as between 80,000 and 100,000 acres.

The rains of the last two weeks have extended over all of North and Northwest Texas, the Panhandle and Western Oklahoma. In Northern Oklahoma and the upper Panhandle of Texas snow has covered the ground. This was melted by the rains which fell the latter part of the week.

WIDOW OF J. R. JAMESON SUES INSURANCE COMPANY

Asks For Total of About \$15,000 on Policy on Oil Man Who Was Killed

Mrs. Carrie Estelle Jameson of Los Angeles county, California, through her attorney, John C. Kay, has filed suit against the Guaranty Life Insurance Company of Houston on a policy carried by her husband, Joseph Riggs Jameson, in that company. The demand is for \$11,250 on the policy, twelve per cent exemplary damages and attorney fees amounting in all to about \$15,000.

The body of Jameson, who was an oil man, was found on the Fort Worth and Denver tracks near the depot on the night of October 15th in a badly mangled condition. There was some suspicion at that time that he had been murdered. Justice Howard, who held the inquest, found that he had come to his death by being struck by a train. The suit was filed in the 74th district court.

In the District Court of the United States For the Northern District of Texas.

In the matter of S. William Holland, bankrupt. In bankruptcy No. 796. In the pursuance of order directed to me in the matter of the bankruptcy of S. William Holland, No. 796 in the district court of the United States for the northern district of Texas, I will sell to the highest bidder the stock of drugs, merchandise, furniture and fixtures and all accounts and demands of the said S. William Holland now in my hands as trustee and located in the building known as the Rexall Drug Store in the town of Burk Burnett, Wichita county, Texas, on the 2nd day of March A. D. 1915, at 3:30 o'clock P. M., the terms of sale cash on date of sale, subject to the confirmation by the court, the right is reserved in the court to reject any or all bids, the stock of drugs, merchandise, furniture and fixtures can be seen at any time on application to the undersigned.

BARACCA BASKETBALL TEAM DEFEATS HIGH SCHOOL

Probably the snappiest basketball game that has been played in Wichita Falls was played in the gymnasium of the First Methodist Episcopal church Friday evening. The high school team came down through the rain and while there were few spectators to cheer them on the game was played with great vim and enthusiasm. The game was fast and a credit to the

players of both sides. The high school boys are tall and strong, but the Baracas were a little speedier and won the game by a score of 9 to 6. The best of good nature prevailed and a good, clean game that would have interested a large audience was played. The line up was as follows: High school—Lexter Cooper, g

(cap.) Carl Swearingen, g; Homer Gentry, f; Edwin Glenn, f; Leo Cook, c; Brennan Gillespie, sub.

Baraca class—Homer Bachman, g; Homer Karrenbrock, c (cap.); Irving Karrenbrock, g; Noble Mead, f; Marcus Helbern, f; Ray Snyder, sub

Officials—R. D. Coley, Herman Kuehne.

New York, Feb. 27.—The Magnolia, which sent out a wireless call yesterday for help because she was leaking badly, 400 miles off the coast of Nova Scotia, is heading for Halifax under her own power and should reach there tomorrow. New York agents of the company today announced,

If You Are Thinking of Buying A Stove, It Will Pay You To Examine Our Line of the Detroit Jewel and Quick Meal

Our line is complete and prices right. We are also making exceedingly low prices in refrigerators.

Call in and let us show you. We are still giving 20 per cent off in queensware and glassware. If you are needing anything in this line you can't afford to miss this opportunity.

We are still making low prices on buggies and delivery wagons. Do not miss this opportunity to buy.

An Open Letter To U. D. C.

To the U. D. C. of Texas.
The Sons of Confederate Veterans do not seem to take that interest in the organization of the Sons of Confederate Veterans that they should have with the hope that they can assist the interest that they should feel in the history of their fathers, we are every chapter of the U. D. C. in Texas to undertake to organize a camp of the Sons if there is none, and where there is to try and arouse interest enough in them that they will send delegates to Richmond to the Confederate Reunion on June 1, 2 and 3, 1915.

Let Texas Make a Showing.
The Sons of Confederate Veterans was organized in 1896 for the purpose of aiding the Confederate veterans and their widows and orphans and to collect and preserve a history of the deeds of the soldiers and sailors of the Confederacy. Prior to that date a number of camps of young men had been organized, and each pledged to assist in preserving the history of the war between the States, to aid the United Confederate Veterans and their widows and orphans to join with the women of the South in the erection of suitable monuments to commemorate the deeds of the Confederate soldier. Believing that a general confederation of all such organizations would assist materially in the accomplishment of the purposes for which each camp was formed and bring together more closely the veterans and their descendants, the organization was effected at a convention held at Richmond, Va., on July 1, 1896. The confederation was formed on the model of the United Confederate Veterans, which had been organized in 1889 and the "objects and purposes" on which the founders predicated their reasons for existence are taken with only slight verbal alteration, from the constitution of the United Confederate Veterans. The organization has no part in keeping alive sectional hate or feeling of bitterness. It stands for the truth alone, and the work should appeal to every loyal son and grandson of a Confederate veteran.

Historical Objects.
1. To unite in one general confederation all associations of Sons of Confederate Veterans, soldiers and sailors, now in existence or hereafter to be formed, and to aid and assist the United Confederate Veterans and all veteran camps.
2. To cultivate the ties of friendship that should exist among those whose ancestors have shared common dangers, sufferings and privations.
3. To encourage the writing by participants therein of accounts, narratives, memories, histories of battles, episodes and occurrences of the war between the States.
4. To gather authentic data, statistics, documents, reports, plans, maps and other material for the historical history of the Confederate side; to collect and preserve relics and me-

mentos of the war; to make and perpetuate a record of the service of every member of the United Confederate Veterans and all other living Confederate veterans and, as far as possible, of those of their comrades who have preceded them into eternity.

5. To see that the disabled are cared for, that a helping hand is extended to the needy, and that needy Confederate veterans' widows and orphans are protected and assisted.

6. To urge and aid the erection of enduring monuments to our great leaders and heroic soldiers, sailors, and people, and to mark with suitable headstones the graves of Confederate dead wherever found.

7. To instill into our descendants a proper veneration for the spirit and the story of our fathers and to bring them into association with our confederation, that they may aid us in accomplishing our objects and purposes and finally succeed us and take up our work where we may leave it.

Since the organization in 1896 seven hundred and eighty-one camps have been formed and chartered throughout the South, and much relief and historical work has been accomplished by these camps. All lineal male descendants of Confederate soldiers and sailors are eligible to membership and are earnestly invited to join the organization, which they may do their share in perpetuating the memory of the deeds of their own fathers.

Believing in the principles for which our fathers fought, principles that are alive today, it is the purpose of the Sons of Confederate Veterans to organize camps in every town in the South, so that through the agency of these camps we may aid the few remaining veterans and collect from them the facts and truths of history.

Headquarters in Memphis.
The general headquarters of the confederation have been established at Memphis, and the organization is accumulating there a mass of data which will be invaluable to the future historians of the South and which will enable these historians to write an absolutely correct history of the war. Through the influence of the Sons' organization many of the histories now in use throughout the country have been corrected, for it is the purpose of the Sons to see that the truth alone is taught not only in the South but also in all sections of the country.

While adhering to a complete belief in the rights of our fathers and in the justice of their cause the organization does not seek to stir up sectional feeling and gives others the same right to believe in the justice of their cause.

Why You Should Become a Member.
That you may show to the world that you love and honor your father and the cause he thought right. That you may prove that you do

not look upon your father as a rebel and a traitor.
That you may give of your worldly goods a little toward making the pathway of some of your fathers' comrades less hard or prevent the doors of a poorhouse from closing on a man who bravely shared his last crust with your own father in the days that tried men's souls.
That you may meet and affiliate with men who think as you do, who have a common heritage with you, a heritage of which you and they should be and are proud.

Camps may be organized with ten members; and as not only sons but grandsons are eligible, there is not a town in the South where a camp might not be formed. All parties desiring to organize camps can secure the necessary papers by writing Adjutant in Chief, Forrest, Memphis, Tenn.

There Is No Difference!

This is an expression you see in many "Credit Store" advertisements. Sure, there is no difference in the price paid by a credit and a cash customer at a "credit store." There once was a time when the credit stores sold credit customers at one price and cash customers at a lower price, but modern business soon saw this was encouraging the cash system so one of the necessities was adopted, that is the "one price system," but this one price of a necessity had to be a "credit price" for a credit store must have a credit price. Now let's see if this is not a fact, for it's certain that if a store operates its expenses and losses must be paid. This applies alike to the "credit" and "cash" systems.

count Business?" It's one of the greatest drains on a business and every lost account comes out of the net profits of the business. It's not always dishonesty that prevents people from paying their bills, there is a list of reasons as long as the "moral law." Sudden sickness, accidents, death and hundreds of other reasons why even honest men can't pay, to say nothing of dishonest ones who willfully beat people who are kind enough to accommodate them.

"Those Who Dance Must Pay the Fiddler"

After all, the burden of the credit system is on the one who pays, for the one who does not gets their goods for nothing and that's cheaper than any cash store can sell.

"Open an account with us" and "We will trust you," sounds good on paper, but what kind of a railroad would you think there would be if every man who wanted to take a trip would go up to the ticket window and say, "give me a ticket to Chicago or New York, I'll hand you the money Saturday, or I'll pay it the first, etc." When you go to pay your bills, think whether you are paying just your bill, or is some included in the price to cover the other fellow's bill who did not pay.

We shall be pleased to have you compare and let us demonstrate the saving advantages of the Cash System.

Now let us see where the difference is. The credit store has to maintain a credit department with the burdensome expenses of bookkeepers, stenographers, collectors, etc., then added to this is the stationery and stamp bills used to write the delinquents, send out statements, duns, etc.

But here is where two of the big expenses are: Interest and Lost Accounts. To carry a large lot of accounts requires much capital and interest must be paid on this money. It makes no difference whether the concern has sufficient capital or must go to the bank and borrow it, the money is worth just so much and the interest must be paid.

Lost Accounts—How many of you who are reading this have not, or have relatives who have had experience in this "Lost Ac-

TIME
Man's Kingdom
IT IS THE THING
We all have the same amount in this world, day by day. It is the Eternal Measure of all things.
In almost all cases the big vital difference—the difference that makes one man's life one grand success and another man's life a long drawn out dismal failure, is that the successful man uses each minute of each day of each week, of each month, of each year of his life, as he can to make that minute pay him the biggest dividend possible. He plans for this and that is the whole story of his success.
MEN OF THIS KIND insure their time as well as their LIFE.

SPRING STYLE

The store that sells **WOOLTEX**
 The store that sells **LINWEAVE**

Styles With Dame Fashions Stamp of Approval

Styles with that marked individuality that make them different. Styles you must see to rightly appreciate. Our splendid showing of

Ladies' Suits, Coats, Dresses, Waists, Skirts and Millinery

Is a veritable pantomime of fashion's favorites, showing not only stylish models, but spring's newest fabrics so tactfully combined that the handiwork of their skilled designers stands out in bold relief, demonstrating the wonderful possibilities of a master mind when combined with tact, skill and material, to be combined all in one garment.

FRIENDS OF C. F. CRAWFORD ARE ASKED TO HELP HIM

The First National Bank has a letter from a prominent attorney at Hot Springs, Ark., inquiring about C. F. Crawford, who has documents in his possession showing him to have been in Wichita Falls on November 24th, 1913. He is insane and in the county jail, and the attorney requests the bank to notify any of his people or friends. The bank officers do not know him, but request that any one who does address James S. McConnell, 304 Citizens National Bank Bldg., Hot Springs, Ark., telling where his friends can be found.

Potatoes and Goats are Now Suggested to Defeat H. C. of L.

By Associated Press.
 Fort Worth, Texas, Feb. 27.—With the advance of the cost of living, meat is becoming popular not in the South and West, but in the big cities of the North and East, according to local packing house records; 1500 goats were slaughtered by one company here and the meat shipped to New York and Philadelphia this week.

POTATOES CHEAPER THAN BREAD, SAYS GOVERNMENT

By Associated Press.
 Washington, Feb. 27.—If wheat remains at its present high figure or continues to rise in price and if there is a corresponding increase in the price of bread, scientists in the department of agriculture suggested that the ordinary household will find it advantageous to eat more potatoes and less bread, says a statement issued today at the department:
 "With potatoes at 60 cents a bushel, ten cents worth or ten pounds will give the consumer little more actual nourishment than two one-pound loaves of bread at five cents each. If prices change sufficiently to make it desirable from a financial point of view there is no scientific reason why potatoes should not be substituted."

BOOZE MUST BE LABELED UNDER WEST VIRGINIA LAW

Prohibition Measure Which Goes into Effect Today To Be Made More Stringent

Whaling, W. Va., Feb. 27.—Amendments to the Yost prohibition law, which becomes operative today, are expected to decrease consumption of intoxicants in the State. Under the law as it now stands, no more than half a gallon of liquor can be brought into the State by one person, unless the quantity and quality are marked in large black letters on the package. Alcoholic beverages shall not be kept in any bowling alley, pool hall, boat house, public building, park, road or alley.

New Spring Waists

While we are forced to admit that these pretty styles are being "picked up" almost as fast as they arrive we are sure you won't be disappointed with our showing Monday of many pretty styles in the newest silk crepe and lace creations.

New Spring Corsets

So entirely different are the new spring models we must insist that you carefully consider these Monday. Compare our new "Modart" laced front models with any you have seen. Note the difference, we'll be satisfied with the results.

You'll Know Her By Her Feet--

Now, don't mistake the above for the title of some new film in the moving picture world, for it is not. But it's an absolute fact, for no lady can come to our shoe department and select one of our new spring styles without people knowing that she is an up to date P. B. M. shoe customer.

New Silks and Woolens

Perhaps you're tall, and can't wear stripes or very stout and can't wear plaids. How very considerate then have been the designers of our new spring silks and woolens since they have given us both stripes and plaids and so many pretty shades in the solid colors. All these new styles are here and we ask you to see them Monday.

New Spring Wash Goods

The designers have surely been good to us this season. Not in many years, if ever, have we had so many pretty designs as now, and we wish to call your very special attention to some of the newest novelties in "Linweaves." Every woman knows Linweave, but many of you perhaps have not yet seen their new novelty patterns for spring, 1915, so we ask you to be sure to see these Monday.

Ladies' & Children's New Spring Coats

To see them is to admire them. The styles were never more becoming, nor the patterns more beautiful in Ladies' Coats than they are for spring. We are anxious for you to see them. Especially do we want you to see those little white Pique Coats for children 2 to 5 years old.

Millinery

New Spring Styles

(Really, Now, How do You Like 'em?) Have you ever seen "cuter" styles? It's true they are wearing 'em down over their faces to a certain extent, but I don't think its because they are ashamed of the styles. That's just a new way they wear 'em. Anyway they're stylish and you'll wear them, and we have just worlds of them in all the newest slants.

New Neckwear

We have just received all the very newest styles in ladies' neckwear, in lace and organdi, styles to suit every occasion. See them Monday.
