Registered Pharmacist Always In Charge.

BROTHERHOOD

The greatest in the world—that of man to man, united in mutual service. Life holds nothing better than the opportunity to do our share in the great fellowship of labor, and the reward for work well done as past calculation. We are brothers who travel a great common road,
And the journey is easy for none.
We must succor the weary and lift on the load
Of the pilgrim whose courage is done.
May we deal with them all on our way to the West
With a mercy that never shall fail,
And lie down to our dreams with our conscience at rest
When we come to the end of the road.

—Selected.

Card of Thanks.

We wish to thank the good people of Friona who so kindly rescued us from our unfortunate accident in the flood waters there Sunday night, August 28.

We also wish to thank Mr. and Mrs. Raymond Jones for making us so comfortable in their home, and to extend our heartfelt sympathy to Mr. Waddell and baby in their sad bereavement.

Mr. and Mrs. H. C. Hennington,
Muleshoe, Texas.

G. A. Girls Elect Officers.

The G. A. Girls met with Mrs. Truitt at her home in regular meeting. We sang two songs. Louise Euler read the scripture and Mrs. Truitt led us in prayer.

We elected our officers for the next quarter as follows: President, Othea Hart, vice president Louise Euler, secretary and treasurer Stella Lansdown, reporter, Edith Mae Frost.

Our meetings will be held every Tuesday evening after school at the home of Mrs. Truitt. Visitors are not only invited, but earnestly requested to meet with us on the first, third and fourth Tuesdays.

REPORTER.

Black

BY MRS. J. J. CRAWFORD

Farmers in our neighborhood have begun harvesting their row crops.

Mr. and Mrs. F. E. McMurry are the proud parents of an eight-pound girl, born September 6, and who has been named Virginia.

Viggo Peterson of Tulla visited W. L. Huntley last week.

Jack Streun has entered Plainview high school for this year.

Walter Huntley, C. R. Walser and Wilburn Edlemon were in Dumas, Hartley and Channing one day last week.

Mr. and Mrs. Earl Keith of Pampa were guests of Mr. and Mrs. Ray Johnson Sunday night.

Summerfield has been playing in a baseball tournament at Friona the past ten days, taking the place of Farwell, winning all games until Sunday Friona beat them 4-3.

Pete Buske spent Thursday in Hereford.

Tri-State Fair Dates Set September 19-24

Advertising the annual Tri-State Fair at Amarillo, September 19 to 24, a group of Amarillo business men visited here Tuesday morning in a sound-equipped courtesy car of the Cunningham Floral Co. During their brief stay here the visitors contacted local school and chamber of commerce officials relative to this city organizing a delegation to attend the big exposition.

Mason King, head of the Amarillo chamber of commerce trade extension department and a member of the Tri-State Fair publicity committee, declared that if Friona sends a delegation to the fair its members will be given an opportunity to broadcast over an Amarillo broadcasting station. He especially urged all musicians and singers to attend the territorial attraction and display their talents over the radio.

With a gigantic galaxy of attractions exceeding those of all previous years, the 1932 fair promises to draw more visitors than ever before. From morning until late at night there will be something going on every minute. No charges will be made to the ground.

Among the attractions to be assembled for the entertainment of thousands are a rodeo, the Wortham shows, largest carnival combinations in the country, night automobile races, a World War pageant, a theatrical show and a big time college football game.

Cash awards totaling \$3300 will be given to contestants in the world's championship rodeo. Not less than 30 racing cars are expected to be entered in the automobile speed classic.

Entries in the dairy cattle, swine, poultry, agriculture, horticulture, boys and girls and women's farm club work departments, already exceed those of last year, and some of the divisions have been closed to additional entries for lack of space.

Railroad fares to Amarillo will be the lowest in the history of the Panhandle during the fair. For the first two days, Monday and Tuesday, September 19 and 20, round trip tickets will be sold for 60 per cent of the one way fare. Excursion rates will be in effect during the remaining four days. The visitors from Amarillo called especial attention to the great amount of publicity and good will Friona would receive from sending an organized group to the fair, and expressed hope that this community would be represented in a big way.

H. A. Bragg and Barney C. Moore of Amarillo were business visitors in Friona Wednesday.

Jack Leslie of Clovis, was a business visitor here Wednesday and took time to call and renew his subscription to the Friona Star.

Miss Jane Ann Warren who spent the past two week with friends and relatives at Canyon, returned home the latter part of last week.

Has Closed His Shop.

Monday of this week Friona people witnessed an act on the part of one of the city's leading tradesmen, when John T. Burton dismantled and closed his blacksmith shop on Seventh street, which act has caused deep regret among all our people.

Mr. Burton explains his action in the statement that he was not receiving patronage enough to justify his remaining in the business, which fact was further aggravated by being unable to collect payment for the work he did receive.

Mr. Burton has been in Friona several years, constantly hammering at his trade, and has demonstrated his worth as a citizen by his faithfulness in serving and turning out good dependable work for his patrons.

He is industrious, conscientious and intelligent, always having the welfare and progress of the town and community at heart, and these personal attributes have won for him the esteem, good will and best wishes of the entire community, and causes the deep regret at his retirement.

Mr. Burton has not yet decided on any plans for the future, as to what avocation or business he will enter, but his Friona friends sincerely hope such plans will not cause his removal from Friona.

Visit In New Mexico.

Mr. and Mrs. Otto Kamradt and children returned Friday of last week from a several days visit with his parents at Grady, New Mexico.

Otto says they drove there the Sunday afternoon of the heavy rain in this locality, and were caught in some of the heaviest of it on the road. However, as they drove further west the rain fall became lighter and after reaching the Clovis - Tucumcari highway the rain dwindled to none at all before they reached Grady. Mr. Kamradt reported, however, a big rain at Grady during his visit here.

Basement Caved.

The basement under a part of the Blackwell store building became partly filled with water during the heavy rain on Sunday night of last week and was not discovered until late in the week.

Water standing in the basement so soaked the walls that they gave way in one place and crumbled into the basement. The opening made by the caving was the first evidence Mr. Blackwell had of the water having entered the basement.

Foolishness consists not in having wild ideas, but in putting them forward long after they have been proven false.

Mmes. J. C. Wilkinson and Raymond Maples were in Hereford last Thursday.

Mr. and Mrs. L. D. Lookingbill and children of Black were Friona visitors Sunday.

C. E. Has Pleasant Outing.

About two o'clock last Sunday afternoon, members and friends of the local Christian Endeavor went to the Methodist encampment 20 miles from Canyon to spend an enjoyable afternoon and evening.

The first part of the afternoon was devoted to hiking and exploring, visits to the Devil's Kitchen and the first and second falls, wading in the creek and picture taking. About 6:30 the picnic supper was spread. Everything in the way of good things to eat was there and did those hungry young people work havoc with that delicious food?

A vesper service then followed, led by Homer Milford. Everyone joined in the singing and in the discussion of "Our Rights".

After the Christian Endeavor Mizpah, the group came home.

Those who attended the picnic and services were Misses Alice Guyer, Lola and Margaret Goodwine, Janet Hanson, Estella and Seva Welch, Florence Ford, Mary K., Helen and Dorothy Crawford, Esther Reeve, Juanita Crow, Virginia Lillard and Mrs. Muriel Wesley. Messrs. Frank Truitt, Leslie Ford, Dayton Hanson, Milford and Audley Alexander, Hadley, Glenn and Charles Reeve, Gene Shackelford, Nelson Welch, Homer Milford and Hurd, Otho, Orville and Weldon Whitefield.

Congregational Church Notes.

There was an average attendance at Sunday school and the usual good interest shown in the lesson discussions.

The little tots in Mrs. Kinsley's primary department favored the school with a special feature after the lesson period.

All the Sunday school remained for the preaching service with the addition of several others who came in for the church service, was one of the students who earned his good sermons. He will not be with us much longer, as his vacations term will soon be spent.

Services next Sunday at the usual hour.

Sunday, September 11, will be the last day Mr. Milford will be with us and his sermon subject will be one of deep interest to all concerned in the church work.

Mr. Milford also announces that there will be a congregational meeting at the church auditorium Monday night at 8:30 o'clock for the purpose of deciding on the plan of program for the church during the coming year. Other matters of importance will be discussed and arranged at this time and all members and friends of the church who are at all interested in its program and welfare are not only asked, but courteously urged to attend this meeting.

Miss Jacqueline Wilkinson, who spent two weeks with relatives at Lamesa, returned home last Sunday.

New York City, N. Y.—Prince Hadji Tuhar, who says he was 103 years old on August 14, at the Hotel Astor, where he announced that he has been commissioned by his first cousin, King Ibn Saud of Hedjaz and Nejd, to reconstruct an Oriental city at the World's Fair in Chicago.

Expressions of Gratitude.

I wish in this way, through the columns of the Friona Star, to feebly express my sincere gratitude to the many good people of Friona, Bovina, Farwell and Dimmitt and many other people in Bailey and Parmer counties for the continuous and indefatigable efforts put forth by them in finding and returning to me the bodies of my dear wife and children, whose lives were lost in the flood near Bovina on the morning of August 29, realizing as I do that you cast aside your own comfort and suffered physical pain and risked your lives and health in the search.

To those who were unable to engage in the search, I offer gratitude for the many kind acts and words that have enabled me to bear this heavy grief, and my heart swells with gratitude for the love and esteem in which my loved ones were held, as was expressed by the many beautiful floral offerings at their burial.

To all of you good people my heart goes out in gratitude too deep and sincere to be expressed in mere words.

C. S. WADDELL

Mr. and Mrs. Ralph Sutton and daughter, Dorothy Loraine, of San Bernardino, California, are here visiting friends this week.

Junior Women Give Play.

Members of the Friona Women's club are preparing a home talent play, "The Peach of the Family," which they will present on Friday night of next week.

The play will be presented in the grade school auditorium, beginning at 8:00 o'clock. It is a good play, and with the reputation these young people have for giving worthwhile entertainments, there is no room left to question the entertaining features of the play to be given by them on this occasion.

Will Use City Water.

Water Superintendent L. G. Sympton has had a crew of men employed a part of this week in making connections of the city water mains with the Friona gin.

The gin company has had its own well from which it obtained its supply of water in the past, but it has changed its plans and will patronize the city, thus making it more convenient for the gin and at the same time increase the city's revenues.

Miss Marie Coffman, who spent the past few months in Amarillo, returned home the first of last week.

Pete Buske was in Clovis, New Mexico, on business Wednesday.

A REALLY GOOD PLAY HOME TALENT

Follow an Investment In Better Light

How the home may profit from better light and better lighting facilities has been demonstrated over and over again by a comparison of children's report cards during school sessions when much study and research work must be done at night under artificial lights. Children's eyes need every bit of protection possible and the few cents difference between poor lights and that necessary for best reading, is but poor economy when compared with the preservation of eyesight and the value of increased learning made possible by good lights.

Texas Utilities Company

Parmer County Needs the Roads and Work

Practical and experienced road builders and engineers state that the most expensive roads are those which do not serve their communities well, and by the same token, the least expensive roads are those that best suit local conditions, whether they cost three thousand or thirty thousand dollars a mile.

It is also found to be a fact that dropping the work of highway construction as an economical factor is a serious mistake, and almost any other government function should be cut before that of highway construction, since it is proven that road construction and maintenance has been one of the most vital factors in fighting the distress caused by unemployment during the past three years. It is so well to remember that every dollar spent in road construction later due study of conditions, will turn continuous dividends in the future. It will do this by improving business conditions, encouraging tourist travel and by roadening the markets for agricultural sections.

The good roads movement has been one of the most progressive moves of the present century, and it has been also proven that the best of roads can be constructed cheaply of a good quality of callie base and an asphalt or oil surface.

It is stated on good authority at Parmer county now has the opportunity of securing just such a highway across its entire length without one cent of cost to the county in the way of a bond issue or any raise in valuation or taxes. The state will bear the entire cost with funds already provided from the gasoline tax, a large part of which is paid by tourists while crossing our state main, and the only thing asked of the county is its cooperation in curbing the highway right of way. On the other hand, instead of king funds out of the county and in the pockets of the county's taxpayers, it will bring into the county the expenditure of fully one per cent of the entire cost of a highway, estimated to amount \$250,000 to \$300,000.

This large sum of money will go into the pockets of Parmer county farmers, laborers, truck drivers, teamsters and land owners, in payment for labor, truck service, feed and materials for refacing the highway, while materials will be secured from callie deposits located at various points in the county within reasonable hauling distance of the highway.

The opinion has been expressed by many of our people scattered throughout the county that if ever a people of Parmer county need such a boon laid at their door, it is now. On the other hand, the State Highway Commission has stated that when its demand for cooperation of the county is met, and the right of way is obtained, it will have within 30 days a force of 150 to 200 men employed at preparing the road, and this number to be augmented by additional laborers as rapidly as provisions can be made for their employment.

From this it would appear that it is now up to the people of the county, who will be benefited, to bring pressure to bear where it will do the most good in securing cooperation of the county with the Highway Commission.

Montague County Man Here.

W. T. Skinner of Nocona, Montague county, has been a visitor in Frona this week. Mr. Skinner has been in business in Montague county for the past 25 years, but recently closed his business and has returned. He formerly owned two tracts of land northwest of town and is still interested in the county and its progress, which accounts for his visit here at this time.

Mrs. C. S. Waddell.

Mrs. Grace Pittman Waddell was born September 23, 1895, in Tennessee, and was converted at the age of 14 years and joined the Missionary Baptist church at Zion, near Brownsville, Tennessee, where her membership remained until death. In May, 1915, she was married to C. S. Waddell, by Rev. Anderson, and to this union three children were born.

Grace Virginia Waddell was born March 9, 1926.

Vivian Waddell was born September 1, 1928.

The three subjects of this sketch, Mrs. Grace Waddell, Grace Virginia and Vivian Waddell, were drowned about 2:00 o'clock a. m., Monday, August 29, 1932. Mr. Waddell and the youngest of the children, Billie Mae, survive. May God richly bless and comfort them.

Mrs. Waddell was a lifelong member of the Baptist church, her membership remaining where she originally joined while she and her family moved to various places and states. The family came to Frona about four years ago after having resided in Oregon and Oklahoma respectively for several years.

Mrs. Waddell was of a cheerful and happy disposition, open minded, kind hearted and a consecrated Christian, who never spoke ill of anyone, and she will be missed in the church and in the community as a neighbor. Peace to the memory of this good woman and her two happy little girls, and Heaven's blessings upon the heart-broken husband and the baby.

Contributed by Rev. Annis.

Motor Boat On Frona Lake.

Quite a bit of interest was manifested Sunday afternoon by many Frona people over the arrival and operation of a real motor boat on the lake at the northwest corner of town.

According to the best information the Star was able to secure, this boat was built and owned by Bill Borden of Hereford, and was brought here on a trailer and launched for the pleasure of Frona people who delight in that kind of sport and as an evidence that the visit was appreciated, there was within a very short time a goodly number of cars and spectators along the margin of the lake to watch the craft in its performance.

From the time it was launched shortly after noon, the boat was kept busy gliding to and fro around the margin of the lake, greatly to the delight of many persons who took advantage of the opportunity for a very swift ride over the water.

It is said that the boat was designed and built entirely by Mr. Borden and that each part of the craft was held in its place by brass screws. Those who took the care to time its speed estimate that it made at least a mile in two minutes.

Mr. and Mrs. A. A. Crow and Mr. and Mrs. Fred Rogers were in Hereford Monday.

Mr. Frye, representative of the Dawson Produce Co., Amarillo, was in Frona Thursday.

Love Me—Love My Town.

It is naturally presumed that all Frona people love Frona as their home town, and love it better than all other towns—but so many of us neglect to say so, which leaves grounds for other people to suspect that we are not so fond of our town as we perhaps are.

Just a few incidents that have occurred and are constantly occurring, if we will but take the time to notice them, reveal the fact that we have really more cause to be proud of Frona and its interests and the privilege it affords us than many of us suppose.

For instance: J. R. Roden, proprietor of the City Drug Store, and one of our most wide awake business men, has taken the pains to collect and jot down many of the stray or chance remarks which he hears spoken by tourists, business men and other strangers who enter his place of business from day to day.

Here are a few of them: "This is the first place I have seen like home since I left Kansas City."—Jean Hart, Kansas City, Missouri.

"I have been all over seven states and have found none better."—Tourist, expressing appreciation of drug store.

"A surprisingly high class drug store in so small a town. There are none better between here and Dallas."—V. O. Stamps, singing master.

The above are only a few of the many complimentary expressions Mr. Roden has heard, and if strangers can see so much worth and merit in our town and its institutions, surely Frona people should see more and be more ready to express it. Trade at home and make Frona better.

Revival at Messenger.

Rev. O. B. Annis, pastor of the local Methodist church, is conducting a union revival meeting at the Messenger school house over in Deaf Smith county this week. This building has recently been moved five miles north of its original location and is now situated on the Harrison Highway.

These meetings are in the interest of all denominations and everybody is cordially invited to attend each meeting of the series.

Located in Louisiana.

Dr. McElroy last week received a letter from his grandson, Raymond McElroy, who left here two weeks ago for his home in Fort Worth, stating that he was on his way to Louisiana.

Raymond, who received his degree at the A. & M. College, majored in poultry husbandry, and has gone to Louisiana to enter the poultry business on a rather comprehensive scale with one of his college mates, who also majored in that department of the college.

Raymond's many Frona friends wish him unlimited success in his new location and new venture.

Mr. Higgins, of Clovis, New Mexico, was in Frona Thursday.

School Bus Drivers.

The Star is indebted to E. R. Day for the following list of names of men who will drive Frona's fleet of school busses during the current term of school. They are:

- Mayfield ----- Truck No. 1
- E. R. Day ----- Truck No. 2
- Grade Hall ----- Truck No. 3
- Frank Lofflin ----- Truck No. 4
- W. E. Frost ----- Truck No. 5
- E. R. Furlong ----- Truck No. 6
- W. M. White ----- Truck No. 7
- I. D. Westfall ----- Truck No. 8
- T. W. Handcock ----- Truck No. 9
- Lloyd Pope ----- Truck No. 10
- C. D. York ----- Lakeview Driver

It is understood that the truck number given above also corresponds to the route number on which the driver will travel.

Had Picnic for Little Folks.

Mrs. R. H. Kinsley and Mr. Milford entertained the little folks of their Sunday school classes in the primary department of the Congregational church at a picnic supper near the Kinsley home in the west part of town last Friday night.

Judging from the sounds of merriment that came from that section of the town at that time, the picnic was a complete success so far as the happiness of the little ones was concerned.

Aubrey Armstrong, who spent last week with old friends here departed Sunday for White Deer where he will teach school this term.

Homeland Club Report.

The Homeland home demonstration club met Thursday afternoon, September 1, at the home of Mrs. A. H. Boatman. Miss Rozelle McKenney, county home demonstration agent, met with the club and the afternoon was spent canning corn, beans and tomatoes.

Following the work of canning, refreshments were served to 28 members. The next meeting will be with Mrs. Dennis Williams on Thursday afternoon, September 15. MISS MARIAN O'BRIAN, Reporter.

Visit In Santa Fe.

Homer Milford and Reeve Guyer departed Monday evening to drive through to Santa Fe, New Mexico, for a few days visit.

Mr. Milford has a brother in Santa Fe who is serving as coach in one of the colleges there, and whom they will visit, taking advantage of the opportunity before he returns to his home in Peoria next week.

YOU ARE JUST RIGHT!

TIMES ARE HARD

—But they will be a thousand times harder should you home and its contents be suddenly swept away by a fire. A few dollars invested now in **GOOD OLD LINE FIRE INSURANCE** may save much suffering and heart-ache.
