MUSICIANS CLUB CONCERT: U. C. T. HONOR GUESTS

It was fortunate indeed for the visitors that the dates of the U. C. T. convention chanced to include the Friday evening set for the final concert of the Musicians Club, as on this occasion the U. C. T. ladies were the guests of honor. The concert was held at the Wichita Theatre and never has there been a larger or more appreciative audience gathered in this amusement house. The program, with its vocal and instrumental numbers and chorus arrangements was carefully arranged and succeeded in pleasing the audience beyond all expectation. The chorus numbers were of much excellence and spoke well for the work of the choral department under Mrs. Fred Thompson. Perhaps among the most enjoyable of the nine numbers were the two quartette selections: (a) The Lost Chord by Sullivan, (b) A Bed Time Song, Nevin, sung by Miss Agnew, Mrs. Clifford, Mrs. Tully and Mrs. Thompson. The vocal quartet "That's My Love" Mendelssohn by Mrs. C. Y. Tully and Mrs. Walter Priddy met with much applause as did the duet of Mr. Churchill and Mrs. Thompson, "Home to Our Mountains" a Verdi selection. Since the establishment of their semi-annual public concerts the Musicians Club has gained prestige among musicians and music lovers of this city and their open program find seat at a premium. This concert closes the year's work, the club not to meet again until October. The program of Friday evening follows:

Chorus (a) Spring Song, Menhol solo; (b) "Mighty Lak" a rose, Nevin.

Piano Duo, Tyrelline Valse, Raff. Mrs. Mark Walker, Miss Sammons.

Quartette (a) The Lost Chord Sullivan; (b) A Bed Time Song, Nevin—Miss Agnew, Mrs. Clifford, Mrs. Tully, Mrs. Thompson.

Duet, "I Would That My Love, Mendelssohn—Mrs. Tully, Mrs. Priddy.

Contralto Solo, "The Salutation of the Dawn," Stevenson—Mrs. Thompson.

Chorus, "The Gypsy, Brahms.

Duet, "Home to Our Mountains," Verdi—Mrs. Thompson, Mr. Churchill.

Piano Quartette, Valse Brillante—Hat, Moszkowski—Mrs. Machlin, Mrs. Wade Walker, Mrs. Ashmore, Mrs. Taylor.

Chorus (a) Dawn's Awakening, Grieg; (b) Anitra's Dance, Grieg—Accompanists Mrs. A. B. Huff, Miss Florence Sammons.

D. O. D.'s MEET WITH MISS LILLIAN BELL

The members of the D. O. D. Club were entertained Friday afternoon in pleasant session by Miss Lillian Bell Sewing as usual was the chief diversion and the hostess served a pine apple ice with waters and mints. Members present were Mrs. Doss Berry, Misses Daisy Stewart, Beryl Murph, Celia Stayton, Nell Bullock and the hostess. Mrs. Berry will be the next hostess.

W. C. T. U. MEETS THURSDAY AFTERNOON

The W. C. T. U. local union met Thursday afternoon in regular session on the lawn of the First Presbyterian Church. The lesson was led by Mrs. Arnold and roll call was answered with "Red Letter Days" and Scripture texts. Mrs. J. W. Akin read a leaflet, "The Achievements of the National W. C. T. U." The mother's meeting and reception to be held the fourth, Thursday in May were discussed, also Flower Mission Day in June, which will be observed by the sending of flowers, fruits and

delicacies to the aged, sick and helpless. Resolutions were passed on the recent loss by fire suffered by Dr. and Mrs. R. T. Boyl as follows: "We, the members of the W. C. T. U. do sympathize most sincerely in the loss by fire of their residence and effects Sunday morning, May 9, suffered by our sister and valued secretary and treasurer, Mrs. R. T. Boyl. We also stand ready to aid and assist as far as is in our power. Respectfully submitted,

MRS. LIDA C. ARNOLD, Pres.
"MRS. J. W. AKIN, Sec. Pro Tem."

MAYFLOWER 42 CLUB WITH MRS. W. M. LANGFORD

Mrs. W. M. Langford was hostess to the Mayflower Forty-two Club Thursday afternoon, entertaining at the home of her sister, Mrs. George Stepp. A number of members being absent for various reasons, a table of guests was added to the players. Mrs. Dobson scored high, losing only two games in the series. Iced-fruit punch was served during the games and a delicious cherry ice cream was served before adjournment. At this meeting the club adjourned sessions until the first Thursday in September, announcing a final picnic to be held at Lake Wichita Thursday, May 27. The guests present were: Mesdames Sterral, of Dallas, Morris, Harry Stewart, Simon, Woodward, club members being: Mesdames Dellis, Stearns, Dobson, Hutson, Bradshaw, Hurst and Langford.

MRS. F. R. MCCONNELL SOCIAL HOUR HOSTESS

The Social Hour Club members with two guests, Mesdames D. C. Hendrickson and Anderson, were pleased to spend the afternoon with Mrs. F. R. McConnell Thursday. "Hating and sewing formed the divisions, the hostess inviting all in to the dining room late in the afternoon and serving delicious strawberry cream and angel food cake. The members present were: Mesdames Whitaker, Small, Roark, Phillips and McConnell.

PROGRAM FINAL CONCERT W. F. CHORAL SOCIETY

The Wichita Falls Choral Society will give their last concert for this season on Thursday, May 20th at 8:30 p. m. in the Wichita Theatre. The program will be as follows:

Chorus, "Hall Smiling Morn."
Song, "May Morning"—J. W. Bradley.

Chorus, "Sweet and Low."
Song—Mrs. G. Fred Thompson.

Chorus, "Wake With a Smile O' Month of May."
Song, "Sunlight"—Mrs. W. S. Robertson.

Chorus, "O melancholy Plight."
Song, "Creole Lover's Song"—Ivan Murchison.

Chorus, "With a Laugh."
This will make the third concert by the Choral Society this season. Since its inception in October last, the society has almost doubled its numbers. Next season there is every indication that it will number some fifty members to begin with, and here will undoubtedly be more than that during the season. Plans are being made to make the work next season larger and better, and the first season gives every ground for hope and belief that these plans will be carried out.

WITH THE WOMEN OF THE CHURCHES

The Guild of the Good Shepherd will meet Monday with Mrs. F. P. Warner.

The regular meeting of the Missionary Society of the First Presbyterian Church will be held Monday at the church. The Westminister Guild will also meet Monday afternoon.

The Central Presbyterian Ladies Aid will hold a picnic at Lake Wichita Monday. The men will be entertained at supper.

Regular business session of the Baptist Women's Alliance Monday afternoon at the First Baptist Church. The Missionary Society of the M. E. Church, South, will meet Monday in separate circles. Circle No. 1 will meet with Mrs. J. D. Johnson, a free will offering will be taken. Circle No. 2 will be entertained at the home of Mrs. T. B. Noble and Circle No. 3 meets with Mrs. C. C. Shelton. The Young Ladies' Missionary Society will meet in social session at the church at 3:30; all members urged to attend and bring sewing.

RECEPTION FOR VISITING U. C. T. LADIES FRIDAY

A chain, in the numerous hospitalities for the visiting U. C. T. ladies was the reception given by the ladies of the U. C. T. Club at the home of Mrs. J. A. Kemp Friday afternoon which was one of the most delightful social affairs of the season. The exquisite home, little embellishment but an exceedingly charming floral effect was achieved by use of roses and ferns together with bows and streamers of tulle in the official colors, blue, gold and white. The lining table was covered with tulle and lace cloth over golden satin and the table was centered with a large basket, smilax entwined and filled with white and yellow roses.

The handle was set off with a bow of tulle and lored streamers. Here in the dining room a number of young ladies served brick cream in the colors, blue, white and gold, angel food cake and colored mints. Fruit punch was served from an embowered bowl in the sun parlor, Miss Kemp and Miss Tracy presiding in turn. Mrs. Kemp and her daughter, Mrs. Newton Maer, met the guests at the door and presented them to the receiving line, which was composed of the local and visiting ladies of the U. C. T. More than three hundred ladies called during the receiving hours to meet the honorees. The perfection of the afternoon called for the airiest of summer toilettes and unusual-ly handsome gowns were observed on

every side, among the receiving line and the callers. A short program of amusements had been planned. Mrs. Walter Robertson and Mrs. E. L. Fulton giving voice numbers and Mrs. Ellen Shelton, one of the honorees read in a charming manner. Music was furnished by the Katz orchestra throughout the afternoon.

HIGH SCHOOL SENIORS ENTERTAINED FRIDAY
The high school junior class entertained Friday evening at the home of Miss Mary Lou Thomas, complimentary to the senior class. Kewpie was the favored game and score was kept on hand decorated cards. Tied with a combination of the Junior and

senior colors, green and black and black and gold. A state contest was engaged in after the game and first prize, a pair of studious Kewpies, went to Charles Butts, while Mr. Elliot received the booby prize, a pacifier. Brick ice cream and assorted cakes were served at a late hour after all had fired of the games and other diversions. Music, both vocal and instrumental, was a feature of the evening. Those present including both guests and entertainers were: Misses Thelma Kahn, Alice Frazier, Ruby Moore, Helen Hines, Mary Herron, Margaret Baker, Rubie Bachman, Ruth Stayton, Lucy Higgins, Elizabeth Miller, Rhea Gardner, Stella Bachman, Mary Coffield, Ruth Elliott, Mattie Ruth Corlett, Mary

SECRETARY DANIELS FOR STRONGER NAVY

NAVY IS STRONG, BUT NOT STRONG ENOUGH DANIELS SAYS

HE TAKES RAP AT CRITICS

Declares Fleet Larger and Stronger, Better Manned and Has Larger Ammunition Supply

By Associated Press

New York, May 15.—Officers of the Atlantic fleet gathered here tonight at a dinner in their honor, heard Secretary Josephus Daniels defend the navy as efficient and prepared for war and promise that the administration with the support of the American people would make it more powerful and more efficient. Mr. Daniels answered the navy's critics, particularly the National Security League, which recently made public an open letter declaring that investigation disclosed that the navy was inadequate and unprepared for war.

"With the praise of a great city ringing in our ears," said the secretary, "with our mighty ships in all their splendid strength lying just outside; in this hour of natural and pardonable exultation in our great navy, as the head of that navy I feel it right to utter a word of warning 'lest we forget' to those who may feel inclined to rest too secure on this visible and outward display of our strength and at the same time to speak a word of promise and cheer to those who perhaps have looked too despondently upon the task that still lies before us in our efforts to reach as near possible to perfection."

"Our navy is good; it is not good enough. With your help as long as I am secretary of the navy we will ally to make it better. The navy is strong; it is not strong enough. With the help of the whole American people, with the help of a congress and an administration thorough committed to the policy of 'taking leave to be strong upon the seas' we will make it stronger. This review is not the end of a sentry's labors. We do not here exhibit our completed work. Rather we here begin a new era supported by the chief executive and by an enlightened and progressive congress which gave evidence of its faith in a strong navy by the passage of the best navy bill in the history of our

country. We are entering upon era of progress such as the navy has never known before, whose key note will be onward and whose watchword will be forward—an era marked by the lifting of our navy out of politics and by the subordination of all things afloat or ashore to the efficiency of the fleet in order that by our very strength we may be able to demand the right to live at peace with all the world.

"You have seen—and lately you have heard far too much—of the petulant pessimist who visits one of our lieutenants of power with a sour and disappointed visage, looking for something upon which he can hang a tale of woe and wail a jeremiad. Tell him that the New York is at once a source of pride and protection and he tells you that so long as we have not many New Yorks as all the nations of the earth it is worthless.

Remarkable Record
"Pointed out that a flotilla of American submarines recently made one of the longest continuous runs on record and he sighs a deep sigh and his only comment is 'but we ought to have—and build them before breakfast tomorrow—as many as the three biggest European nations combined.'"

"Go to him and show him the big guns, the torpedoes, the large and increasing supplies of ammunition and look at you mournfully and sadly remarks 'but if we had a long and bloody war, we have not enough to fight the whole world and therefore we would be annihilated.' And so on. He sees nothing in what patriotic and trained men have wrought. Like the boy crying for the moon nothing else of value in his eyes unless he can own that shining orb.

"The navy and its head have been the target of such criticism of late. Some of these are honest in their beliefs but sadly ignorant or misinformed and much from purely partisan and political sources which had no interest in fact whatever. As for such criticisms as concerned myself I have kept silent. Time must justify or condemn."

"The splendid condition of the ships for which you are responsible, the splendid discipline of the crews which you have established make today a far better answer than any I could give. I cannot be able to say, as they ride tonight at their anchors on the river let them stand as their own spokesman and I rejoice that it is my pleasure to greet here tonight the commander in chief of the Atlantic fleet, Admiral Fletcher.

A Libel on the Navy
"A few days ago a new organization bearing the name of National Security League gave out an open letter announcing the result of investigations and published to the world this statement: 'Investigation discloses, it is asserted that the navy is neither adequate or prepared for war; that it is inadequately manned; is short of ammunition and has not an organized reserve of trained men; that the submarine fleet exists chiefly on paper; that fast scout cruisers, battle cruisers, aeroplanes, mine layers, supply ships and transports are lacking and that target practice has been neglected or altogether omitted.'"

"If the gentlemen who signed the above libel of the navy had known the real truth their signatures would never have been appended. If they had not been misled or misinformed they would have written instead: 'Investigation discloses that the navy is efficient and prepared for war; that our ships are well manned; that the supply of munitions is vastly larger than ever before and the capacity of our plants has been practically doubled; that the last congress authorized a naval reserve which is in process of organization; that we have seventy-four submarines authorized, built or building which are the equal of those of any other country and that one flotilla has just completed a remarkably long distance run; that we recognize the need for more fast light cruisers, that we have lately ordered eight aeroplanes and a dirigible out of a million dollars specifically appropriated by the last congress for aviation; that within the last two years the

navy's mine equipment has been more than doubled; that we are adding yearly to our force of auxiliaries; while more time has been devoted this year to target practice and manœuvres than in many years past. We are proud of our navy as it is. We are resolved to give our co-operation in making it better and greater.'

DOODGE BROTHERS TO EXHIBIT AT SAN FRANCISCO

Detroit Makers Will Show Touring Car and Interesting Collection of Parts

Among the latest entrants as exhibitors in the transportation building at the San Francisco exposition are Dodge Brothers, the big Detroit motor car makers, whose display has just been shipped to the coast.

Famed for the quality of their drawn work and skillful drop forgings, Dodge Brothers' space in the automobile section of the Panama-Pacific Exposition will fittingly contain samples of this style and workmanship. Axles, connecting rods, crank shafts and other parts made from high grade steel will be shown in two exhibits—as they appear ready for assembly in the car. And as they look when the testing department has been working on them. The latter exhibit shows parts twisted into every conceivable shape in order to test the quality of the chrome vanadium steel. The machine on which this work is done is known as the torsion automatic autograph (tester), and there are only two machines in existence. One machine is owned by the Japanese government and is being shown at the exposition, and the other is installed in the Dodge Brothers' metallurgical department at Detroit.

Besides the interesting collection of parts the Dodge Brothers' exhibit will include a standard touring car

and a mounted transmission. This transmission as part of the standard equipment on Dodge Brothers' car is unique in that when the car is running on direct drive only one set of gears are in motion in the transmission.

In connection with their decision to become exhibitors at the exposition, Dodge Brothers have received word from one of the officials of the transportation building to the effect that the attendants have been besieged by hundreds of automobile enthusiasts who have expressed themselves as disappointed in not finding a Dodge Brothers' display in the building.

WILLIE KENNEDY HAS BECOME BENEDICT

Willie Kennedy of Duke, Okla., who visits this city periodically selling pencils and shoe strings and who is a victim of physical deformity has taken unto himself a wife, according to the "Hobart-Republican," which says:

"W. N. Kennedy, 26 and Miss Bertha F. Thurmond, 18, both of Duke, were married here yesterday afternoon at the courthouse, Judge John S. Carpenter officiating. Kennedy is well known in Hobart. For a number of years he has been making his point in his itineraries of lead pencils and shoe string peddling. He is a dwarf and is so badly deformed that he gets around with difficulty. This is his second matrimonial venture, his first wife having died several years ago. Will No. 2 is a slightly girl of 18, and normally physically. Judge Carpenter hesitated to marry them owing to the physical condition of the groom, but when the bride stated that it was her will

and the will of her parents that they marry, the judge pronounced the words that made them one."

MANY SIGN ELECTION PETITION AT ELECTRA

Men who have heretofore voted wet in local option elections are reported to have signed the petition for an election that was circulated recently at Iowa Park, Elcegra, Burk Burnett and in other communities in the county. The Electra News says: "The petition was quite liberally signed here and we understand that a great many of those who have heretofore voted anti-prohibition tickets or refused to commit themselves on the question, signed the petition without any hesitations whatever and are going to use every effort to vote saloons and whiskey out of Wichita Hills, the only wet points in the county. Many of our leading business men added their names to the list and from what we can learn the election promises to be an interesting affair."

LADS TAKE LEAD IN THE TWILIGHT LEAGUE

Telephones Lost Sixth Game Friday—Close Contests Featured Last Week's Schedule.

Club	W.	L.	Pct.
Irish Lads	8	1	.875
Tigers	7	6	.866
Rams	7	1	.875
Telephones	6	0	1.000

By winning from the Telephones Friday afternoon, the Irish Lads resumed the top of the percentage column in the Twilight League. Only two more weeks of the first season remain and promises to be a fast and furious race between the Lads and Tigers for first honors.

Two splendid games featured the schedule of the past week. The Tigers defeated the Rams Wednesday 2 to 1 and the Lads won from the Rams Thursday 1 to 0. Both games were very exciting and kept a large crowd on tiptoe. This week's games are:

- Tuesday—Lads vs. Tigers.
- Wednesday—Rams vs. Telephones.
- Thursday—Telephones vs. Lads.
- Friday—Rams vs. Tigers.

WICHITANS ARRIVED IN TIME FOR DINNER

Big Sum Will Be Expended to Insure Gas Supply For Texas Cities

A number of Wichitans went to Iowa Park Saturday to attend the Sunday school picnic at that place. The picnic was held in the grove east of the park and nearly all the Wichitans attended. Arrived in time to obtain some of the yellow-leg chicken which was the piece de resistance on a very ample dinner menu. Judge John C. Kay of this city was the principal speaker of the day, but found time to eat some chicken, as did also George Hawkins, Harvey Harris and some others from this city.

EXECUTION WRIT ISSUED AGAINST WICHITA FALLS

City's Failure to Pay Judgment Recently Awarded F. P. St. Clair Causes Action

The city of Wichita Falls was in the unusual position, for a municipality, of having some of its property levied upon Saturday afternoon. An execution was issued for the judgment recently obtained against the city by F. P. St. Clair. The judgment was for \$250 for services rendered and the city also owed about \$20 in costs. An execution for \$270 was issued and handed to the mayor. The city has some rent-houses and other property that can be levied upon.

TIGERS WILL PLAY THE INDEPENDENTS TODAY

Teams Which Battled For Ten Innings Last Sunday to Meet at Lake Park

The Tigers and the Loeb-Leopold Independents will meet again at the Lake ball park this afternoon. The game will be called at 3:30 o'clock. The Independents won from the Tigers last Sunday in a ten inning game by a score of five to four. The batteries this afternoon will probably be Lowery and Stanfield for the Independents and Jungk and Minnerly for the Tigers. An admission of 25 cents will be charged. Ladies will be admitted free.

FASHIONS FORECASTED FOR FALL AND WINTER

Black, Navy Blue, Dark Brown and Green, Favored Colors—Skirts Ankle Length

By Associated Press. Cincinnati, May 15.—Black, navy blue, dark brown and green will constitute the coming fall and winter's staple colors, for women's wearing apparel, according to the annual report of the style committee of the National Cloak and Suit Manufacturers Association made public today. The report says:

"There will be no definite line set for the length of the suit jacket but tailored suits cut on smartly severe lines are represented prominently. Skirts should not be longer than ankle length and the wide skirt which is narrow enough to have a graceful swing is favored. The coats for separate wear are to be long and on somewhat closer fitting lines. The semi-kimono sleeve and belted effects will be shown on many of the favorite models. It is gratifying to note that the thought of creating styles in this country has impressed itself on the minds of the general public to such an extent that school children are being encouraged to take up various phases of the work. This movement is receiving the hearty support of the manufacturers of women's garments."

ACADEMY PUPILS TO GIVE SHAKESPERIAN COMEDY

In the Shakespearean comedy, "A Midsummer Night's Dream" by the students of the Academy of Mary Immaculate will be realized more fully than in any other play yet given the spirit of thorough training administered in this up-to-date institution. The comedy is to be presented at the Wichita Theatre Tuesday night.

Our readers are no doubt familiar with the comedy in which the proud queen of the fairies becomes enamored of an Ass, through the jealous intrigues of Oberon. Puck is instrumental in other mischief making in his efforts to aid Cupid.

The play within the play where the clowns are prominent is not the smallest part of the comedy either.

The scenery, costuming and interpretation work is unrivaled in the southwest.

The play terminates in the presentation of about two hundred fables of varied hues or the "bark wharoon" the wild rhyme blows.

Dramatic Personalities—Thebes, Duke of Artrous—R. Watson. Egeus, father of Hermania—L. Grosas.

Lysander and Demetrius, in love with Hermania—R. Simpson and A. Steed. Philostrate, master of the revels—L. Taylor.

Quince, a carpenter—A. Wilson. Snug, a joiner—M. Weinzaple. Snot, a tinker—M. McGraw. Bottom, a weaver—F. Ditcher.

Flute, a fellows mender—M. Wilson. Starveling, a tailor—E. Sawyer. Hippolyta, Queen of the Amazon and betrothed to Theseus—G. Campbell.

Heremia, daughter to Egeus, in love with Lysander—A. Munroe. Helena, in love with Demetrius—M. Mackechny. Oberon, king of the fairies—L. Gilbert.

Titania, queen of the fairies—B. Jackson. Puck or Robin Goodfellow—M. Colquitt.

Faries—Peasblossoms, M. W. Cobweb, R. Sawyer, Moth, Edwards; Mustard Seed, N. McCune.

Special attendants to Titania—T. Taylor, E. Orr and F. Ditcher. Foresters—A. McSpadden, M. Foosee.

Attendants to Theseur—I. Geary, R. Eckers. Indian boy stolen by the fairies—Master Paul Lee Wilson.

FOUR AND HALF BLOCKS PAVING CONTRACTED FOR

I. H. Roberts Given Contract at \$1.10 Per Square Yard For Concrete Paving

A contract for four and a half blocks of paving, three on Scott avenue and one-half block each on Seventh, Eighth and Ninth streets was authorized by the city council Friday night at a called session. I. H. Roberts was chosen as the contractor.

The paving will extend from Seventh to Tenth on Scott, and from Scott to the alley between Scott and Indiana, on Seventh, Eighth and Ninth. Concrete will be the material used, the cost being \$1.10 per square yard. This will bring the total expense to about \$20,000. By the time this work is finished it is hoped to be able to contract for paving elsewhere, for which petitions are now being circulated.

Only five property owners have failed to sign the petition for the Scott avenue paving and of these all but one have indicated a willingness to do so. The pavement widening to a seven inch crown in the waterway, pronounced slope to the gutters. Mr. Roberts also has the contract for the curb where it is necessary to put them in.

TAX RATE INCREASE WILL BE VERY SLIGHT

Council Adopts Levy Fixing Rate at 87 1/2 Cents For ensuing Year

Wichita Falls' tax rate for the year 1915 will be 87 1/2 cents, an increase of two and a half cents over 1914. In The Times of Friday it was stated that the tax rate would be \$1.02 1/2 on the valuation, the error being due to a mistake in addition. The additional two and a half cents is for park and cemetery purposes.

The revenue from taxes with this rate, based on prospective taxable values of \$8,250,000 this year will be approximately \$75,000.

YOUNG MAN DROWNED IN TANK NEAR BURKBURNETT

Shady Clay Seized With Cramps While Swimming—Efforts to Resuscitate Fail

Shady Clay, a young man residing on a farm near Burkburnett, met death late Friday by drowning while swimming in a tank on the farm of H. N. Griffin, between Randlett and Red River in Oklahoma. With the young son of Mr. Griffin, Clay was swimming in the tank, when he suddenly disappeared and by the time the small boy had summoned help, Clay was beyond aid, although efforts were made to resuscitate him. He was a good swimmer and death is thought to have been due to cramps. His parents live in New Mexico. The funeral took place Saturday.

"THE GILDED FOOL" AT THE MAJESTIC TUESDAY

William Farnum is featured in "The Gilded Fool" the feature attraction booked for Tuesday's show at the Majestic. Chauncey Short, the "gilded fool" of Henry Guy Carlton's drama, "A Gilded Fool," Nat Goodwin's memorable success, which has been prepared for the screen as a William Fox production extraordinary, released through the Box Office Attraction Co., is a typical young waster, of good family and decent instincts, with too much money for his own good. Nobody takes him seriously. He himself, in fact, regards himself as a joke and life as a laughing matter by no means to be taken seriously. His life runs along in this way till he meets Margaret Ruthven, the charming daughter of Matthew Ruthven, a wealthy banker of the old school of "city men."

Mr. Ruthven, a conservative, stuffy married man of affairs, regards with contempt, not unshared with disgust, the useless, worthless young Short, who so far has displayed not the slightest inclination to forsake his clubs, cards and coaching parties. Margaret Ruthven, however, has awakened ambition in Short's really vigorous nature. He determines to "bruce up" and prove that when put to it he is as good and brisk a business man as any of Mr. Ruthven's "old crust school."

At first he encounters many difficulties. So long has he played the "giddy goat" that his sudden serious turn is regarded as merely another of his jokes. His friends look upon his efforts as a huge lark undertaken at the behest of a peculiar impulse of humor. Short, however, with Margaret Ruthven to encourage and aid him in his self set task, perseveres in his resolution. His old cronies begin to drop off.

He becomes associated with the banker in some of his deals and the old man begins to thaw just a little. Then come rumors of a upheaval in the money world. Securities grow wobbly. Ruthven, the respected conservative old banker, falls a victim to the lures of an insatiable partner who sacrifices Ruthven's interest to save himself.

Ruin stares the old banker in the face and disgrace also in the latter days of an honorable, respected business career. The blow is too much for him to bear up under and he is unable to assemble the loose ends of his disorganized business. It is then that the Gilded Fool comes to the rescue. With ready business acumen and energy he routs Ruthven's foes and exposes those who have plotted against the banker. Fighting with his back to the wall, he displays the true mettle of which he is made. By dint of his ability alone the day is saved and Ruthven's honor is safe. The old banker, overcome by gratitude, readily consents to the match between Short, now a real figure in the financial world and Margaret and thus "A Gilded Fool" comes into his own.

"THE BARGAIN" F. P. FEATURE AT EMPRESS MONDAY

In "The Bargain" showing Monday at the Empress Mr. Ince and Mr. Clifford have produced a wonderfully strong western, which in its own par-

ticular class is very good. It contains a typical western story, full of fast, thrilling action, some of which is most sensational. One scene in particular warrants special mention, William S. Hart, who plays the leading part, and his horse, which most certainly must be a trick animal, roll over and over down a steep embankment. This act in itself is most wonderful, but it seems almost miraculous when we learn that neither of them was seriously injured. Mr. Hart who plays the part of Bill Stokes, "The Two Gun Man" is constantly exhibiting his prowess in the saddle throughout the picture. The times when he is not astride his horse he is exhibiting his ability as an actor, and altogether gives an excellent account of himself. J. Frank Burke is cast as the sheriff, Clara Williams as the girl, J. Barney Sherry as her father, and James Dawley appears in the small part of the traveling minister. Photographically the picture is excellent. Some remarkably extensive scenes have been obtained, and the film is clear in all parts. As the picture was taken in the Grand Canyon of Arizona, scenes have been obtained which are not at all familiar, which give the picture an air of decided freshness.

"The White Goddess"

SCENE FROM "THE WHITE GODDESS"

Horror filled Elsie Farnum as she gazed into the crystal globe which was raising the veil which had enshrouded her life. She now knew from whence had come the money which had paid for her rearing and education in America. The marvelous glass revealed all.

Elsie realized that the Hindu Khanda's assertion that her parents had ordered him to bring her back to India had merely been a ruse. Her parents were dead, the crystal said—burned alive by the enraged worshippers of the Temple of Armar for having violated the sanctity of the sacred edifice. As the scenes which appeared in the globe dissolved into another Elsie saw herself as a child wandering into the temple. The high priest was in the act of praying that the gods send some one to help his people free themselves of the foreigner's hated yoke when the child climbed to the sacred altar. Seizing the babe, the high priest proclaimed that she had been sent in answer to his prayers. The crystal clouded. When it had cleared Elsie saw her parents rushing forward for the purpose of recovering their daughter. Angry hands seized the intruders and bore them to a burning pyre. In this manner was the mystery of her life revealed to Elsie. Now she knew why all had haled her as the "White Goddess" since her arrival from America. She silently prayed that Edwin Gordon, her sweetheart, find some way of rescuing her. Edwin did come, arriving just when the natives were about to burn the White Goddess because of her failure to answer their prayers. How the young American saves the girl he loves from death is shown in the climax of Kalem's remarkable three act Alice Joyce feature, "The White Goddess." You will declare this a story decidedly out of the ordinary.

ST. LOUIS DEDICATES NEW FILTRATION PLANT

Cost \$1,300,000 and Will Handle 150,000,000 Gallons Water Every 24 Hours

By Associated Press. St. Louis, May 15.—What is said to be the largest filtration plant in the world was dedicated today at the Chain of Rocks, the site of the St. Louis city water works on the Mississippi river at the extreme northern end of the city.

The filtration plant cost \$1,300,000 and is so large that 150,000,000 gallons of water can pass through it every twenty-four hours, absolutely pure; and in case of emergency this can be increased to 200,000,000 gallons.

The opening of the filtration plant is the last step deemed necessary for years to come to assure St. Louis of clear water. The city's water is taken from the muddy Mississippi river, and first is given a chemical treatment that precipitates the solids and foreign matter. The water then passes through a series of settling basins, from which it emerges clear. For years this system was sufficient to assure the city clear water, but as the demands for water grew with the growth of the city, it was noticed that in hot weather or when the river was unusually muddy, the water was drawn through the settling basins so fast that it poured out of the faucets slightly discolored.

The great sand filter then was built. The water now will pass from the settling basins into the filter, and thence into the mains. The filter, it is believed by engineers, will assure the people of St. Louis absolutely clear water throughout the hottest weather.

For years, St. Louis struggled with the problem of clarifying the muddy river water, and when the settling process was devised it attracted attention in engineering circles throughout the world.

The dedicatory exercises today were attended by many delegates from the convention of the American Water Works Association, which met at Cincinnati, May 14.

SCALP BOUNTIES WILL BE PAID AT THE JULY TERM

County Judge Harris Makes An Announcement in Reference to This Matter

The following in reference to bounties on wild animals has been received from County Judge Harvey Harris:

"Beginning with the July term of commissioners' court, which convenes on the second Monday in July, Wild animal bounties will pay the following amounts as long as the appropriation made by the State of Texas for such purpose may last:

Wolf scalps \$2.

Wild cats \$1.

Jack rabbits \$2.

"Before one may claim the bounty on any of the above mentioned animals he must appear in person before the commissioners' court and present the entire scalp in good condition, make affidavit that he and no other person has killed said animal stating when and where said animal was killed.

"No bounty will be paid on any animal killed before June 20th, 1915, date when such law goes into effect."

GOVERNOR FERGUSON IS "SOME" LOBBYIST

Wichita Says Governor, Himself Most Effective of Lobbyists For Gibson Bill

The passage of the Gibson bill through the House of Representatives at Austin last week was due largely to Governor Ferguson, who as a lobbyist, according to E. P. Greenwood, president of the Wichita Southern Life Insurance Company, who returned Friday night from the capital city. Mr. Greenwood says that a majority of the Senate is opposed to the bill, there being eighteen progressive votes against it, but the situation there, he says, is doubtful. Mr. Greenwood, as head of a company which was compelled with the law, was at Austin working in opposition to the Gibson bill.

"All the old-time professional lobbyists were at work for the committee that want return," said Mr. Greenwood "and the governor was the most active lobbyist of all. He stayed in the house continuously and lobbied persistently for the bill. It would put his arm around some member thought to be doubtful and tell him what it would mean to vote against the bill. The governor and lieutenant governor are on the board to locate the new state normals and I understand he promised some of the legislators he would favor cities in their districts if they would stand by him."

The result in the house was not a surprise, Mr. Greenwood says, for the sentiment was known to be very evenly divided.

Australia's Federal Capital

AUSTRALIA is building for itself a wonderful capital city in a region hitherto uninhabited, and the designer of this future city and supervisor of its erection is an American. Jesse Ackermann, F. R. G. S., thus tells of the great project and her visit to the chosen site, in the Pittsburgh Dispatch:

When the colonies of Australia federated and the country established a commonwealth government, they naturally bethought themselves as to what they should do with it. From the day of federation, for almost ten years, the matter of the locality of the capital was a vexed question, which hinged entirely upon sectional jealousy and ambition. The bitter fight waxed fierce between the states of Victoria and New South Wales as to whether Sydney or Melbourne should have the honor and advantage.

In order to bring harmony out of chaos, it was determined to found a city in some new place where Australian building ideas and characteristics could be molded and fashioned into a monument of local coloring. The country, in general aspect, fairly pulsated with possibilities of originality. The great soul of Australia breathes an atmosphere all its own. Still there is nothing whatever purely Australian in type or character which the people have produced—neither in art, literature, architecture or poetry. Of course, the country is young, but, even so, there are no evidences of originality, with the exception of the idea of building a great city in waste places.

Yass-Canberra Valley Chosen.
The question of a national capital somewhere at sometime having been settled, the struggle of "where" became positively bitter. As New South Wales was the oldest colony, a sense of fitness led the government to agree that the Mother State was justly entitled to the city, provided the state donated the territory on which it was to stand, specifying that sovereign rights should be vested in the federal government.

At last a majority vote selected the valley of Yass-Canberra district, as the spot where the unborn city should be built. By a strange irony which often weaves itself about the individ-

An entire night on trains, or waiting for them at stations, brought me, long before daylight, to the nearest point by rail, when two government officials took charge of me and I was conveyed to the site, where I was to camp in government tents until I could see something of the reservation.

Set in the foothills, eight miles over good roads led to the foothills that form a setting for the new city. The valley is backed by the more distant range of mountains, which, change their garb of color between daylight and darkness, so frequently as to throw almost a spell of witchery over the landscape. From this area of 900 square miles, 12 square miles have been surveyed as the actual site of the city. The spot will certainly become of intense interest to those who watch the daily building of a new and modern city, springing from the very mountains of this oldest of old lands.

In five days we drove 150 miles over the reservation. Viewed from every point, beauty increased and possibilities enlarged with each hour of driving. The secretary of the department charged to be on the spot, also the surveyor-in-chief of the commonwealth. Maps, books, designs, literature, explanations and details were all on such a large scale as to almost bewilder the mind of a mere woman.

An immense gorge in the mountains will form a water supply of such vast extent and capacity that the water question of the city, should the population reach unheard-of numbers, is settled at the very outset. This is the great advantage of the whole situation—the certainty of a water supply will strike a note of security. The district will be governed something after the methods of the District of Columbia. The people who dwell within the boundaries will, practically, be disfranchised. No land will be sold and the government will manufacture all material to be used in building the city at various places under the supervision of that body.

Two hundred miles of splendidly built roads are now completed, and work will progress probably slowly for lack of funds, but the completion of the city is an assured fact. The present generation of builders will not

GENERAL VIEW OF THE NEW CITY

pal, one of the members who most bitterly denounced the situation of the site by exclaiming: "The wastes are so bleak, the spot so barren and dry, that a crow never flies across the place without carrying a water bottle." became head of the department under which the city will be built.

The report of the commission appointed to visit various sites, says that of Yass-Canberra: "It forms a perfect amphitheater in which the city would be surrounded by glorious hills. It was decided the world should have a chance to compete in a plan to lay out the city. Descriptions of the area were worked out to the most minute detail. They were drawn by the surveyor general to the commonwealth and sent to the British consuls of the world, with the result that hundreds of plans from many countries poured into the department before the time limit expired. These were studied and sorted out by a committee, which reduced the real competing number to about half a dozen. There were three prizes offered. The first was carried off by an enterprising young architect from Chicago, Walter Burley Griffin, who is under three years' engagement to the Australian government to put his plans into execution.

In order to see something of this greatly discussed place, I decided to pay a visit to the territory and look over the very beginning of things for myself.

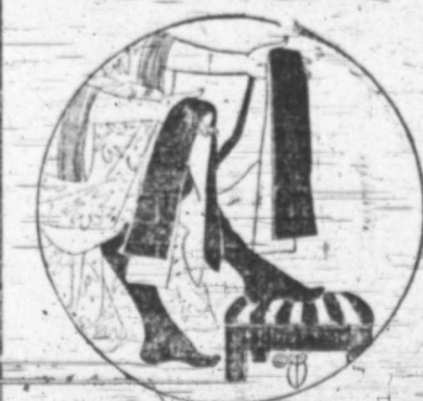

The site is still rather cut off from the most speedy communications by travel; but when the railway connects the place with other lines, it will form the trunk between Sydney and Melbourne, shortening the present distance by some eighty miles.

to see the city in any sense completed. It must be the labor of many years, but it is the hope of Australia that gradually there will appear upon these hills one master-stroke of architecture after another until a world-triumph will stand in the form of a modern city, suited to the climate, of which the coming generations will be proud.

Prosperity is Astounding.
Australia is a great land, a country of sunshine, fruit and flowers, and so rich in natural resources as to astound the world with its present state of unprecedented prosperity. Wealthy abodes. It is the natural home of the working man, the field of opportunity for women, reeking in the spirit of undivided democracy, experimenting in impossible and wild legislation, for which the people must pay in one way or another.

The intention is to make it a working man's paradise; not a bad idea at all. No reason why the toiler should not have his just share of production—he should; but untrained, inexperienced men cannot help from unsuccessful ventures of his own into skillful management of the business of the nation. There is a great lack of leaders. There are plenty of clever men in the country, but politics has a bad reputation. Able, capable men decline to become mixed up in it.

Reciprocal.
"Woman," says Dr. Anna Shaw, "over has been man's companion, sharing his exile, espousing his cause and buckling on his armor." And man ever has been woman's companion, sharing her happiness, espousing her when she would have him, and buttoning her up the back.

**HUPMOBILE COMPANY
ENJOYING GOOD BUSINESS**

That the war, domestic financial disturbances, and other causes which contributed to the recent uneasiness, have not affected the automobile industry is well proved by the reports of some of the Detroit manufacturers. In a statement just issued to its dealers, the Hup Motor Car Company states that the month of March was the biggest March in the history of the company. Shipments showed a 22 per cent increase over March, 1914. And in addition to the shipments actually made, the Hup company reports more immediate shipment orders on hand than ever before. To increase its capacity beyond its normal it was necessary to work the Hupmobile factory overtime in a number of departments from the early part of March. In the latter part of the month the daily output averaged seventy-five cars a day. The Hup motor car company began April with an increase average daily output for the month of eighty cars a day. This is at the rate of more than 2,000 cars for the month, but at the rate orders are pouring into the factory, Hupmobile officials stated that shipments of eighty cars a day will not supply the demand.

"These heavy March shipments are in no sense an unusual boom," says President Walter Drake of the Hupmobile company. "Throughout the winter our business has shown a steady increase. The heavy demand for cars is in no way concentrated. We have more than 1,000 distributors and dealers throughout the United States, and the demand seems to come equally from all parts of the country. We find improved business conditions and a steadily increasing confidence in the future in all sections. In the south, where it was anticipated that the cotton situation would retard buying, we are enjoying as large a sale of Hupmobiles as we have ever had. The Pacific coast is taking cars in large quantities. Since the Boston automobile show, New England has been buying rapidly.

The New England States show material gain over last year. The automobile business in New York is brisk even for that city. The great agricultural districts of the middle west are buying cars in larger numbers than ever before. Foreign sales are extremely good.

"I cannot say positively whether or not business, as we find it, is exceptional for this company. This year it is true we had a particularly successful car; but it is my understanding that none of the manufacturers of the better known cars are suffering from want of orders.

"There is little likelihood that we are going to be able to fill the demand for the 1915 Hupmobile to the end of the season. The March and April demands have forced us to capacity production, and we are increasing our facilities as rapidly as possible in an effort to effect an increase of at least 25 per cent in our normal capacity."

Years' Standing with First
Dose of Treatment

Many Texans needlessly suffer from stomach ailments and disorders of the digestive tract which appear to be particularly prevalent in the South. Many others have found a way to health by the use of May's Wonderful Remedy.

The first dose of this remedy proves what it will do.

T. B. Goodpasture, 802 Sabine St., Houston, Texas, wrote: "I took your treatment last spring. I don't think I will have to take any more—it completely cured me."

R. L. Randell, Laredo, Texas, wrote: "I have just finished my fifth bottle of your treatment and passed several gall stones. Your preparation has worked simply wonderful during my course of treatment."

May's Wonderful Remedy gives permanent results for stomach, liver and intestinal ailments. Eat as much and whatever you like. No more distress after eating, pressure of gas in the stomach and around the heart. Get one bottle of your drug just now and try it on an absolute guarantee—if not satisfactory money will be returned.—Adv't.

**NEW SUPERINTENDENT
WILL ARRIVE THURSDAY**

Prof. Lee Clark Coming to Confer
With School Board and Prof.
Carpenter

Prof. Lee Clark, recently elected superintendent of Wichita Falls public schools, will reach this city next Thursday to make plans for the next year's work. He was unable to get here last week, as had been hoped, but will be here this week to confer with Prof. Carpenter and the school board.

The school board met Friday night and elected a number of teachers for next session. No announcement will be made, however, until the list is completed, which will probably not be for several days. It is understood that several changes will be made.

**NEW DEPUTY COUNTY
ATTORNEY IS NAMED**

John Davenport Deputized By County
Attorney Greenwood Saturday
Afternoon

Attorney John Davenport yesterday was deputized as a deputy county attorney by County Attorney Bruce Greenwood. Mr. Greenwood is gaining strength slowly but steadily and it will probably be several months before he takes up active work in his office again. Mr. Davenport was formerly in partnership with Judge Nicholson.

**LOWE STAR CO. TO BUILD
NEW LINE TO FIELD**

Wichita Falls Delegation Much in Evidence at Noon Hour at Iowa
Park Picnic

Dallas and Fort Worth will not run any more risks of going without natural gas when the line to those cities from Petrolia is broken. It became known here Saturday that the Lone Star Gas Company is now making arrangements for an auxiliary line from the field. The new line it is understood will start at Bowie and run from there to the cities named, so that when breaks such as that of last month occur, the supply will not be cut off.

The company is taking this action at the instance of citizens and officials of Dallas and Fort Worth who wish to avoid a repetition of their recent experience of going without natural gas. More than half a million dollars will be expended in building the new line.

**DR. JOHN W. GRACE DIED
HERE FRIDAY AFTERNOON**

He Was a Native of Kentucky and
Practicing Physician For
Forty Years

Dr. John W. Grace, aged 65, died Friday afternoon at the home of his daughter, Mrs. Oscar Williams, 2403 Ninth street, following a short illness. Deceased was born February 1, 1850 in Monroe county, Kentucky. He had been a practicing physician for forty years and had resided in Texas thirty-five years, settling in Wise county in 1880. He had for many years been a prominent member of the Masonic lodge and the funeral services were conducted by that body Saturday afternoon. He leaves a widow, a daughter, Mrs. Oscar Williams, with whom he and his wife had made their home for the past three years and a son, E. D. Grace of Altus, Okla.

**WICHITA FALLS ELECTRIC CO.
BUYS ELECTRA PLANT**

A deal was closed Wednesday afternoon, where by the Electric Light and Power Co. of Wichita Falls, and as soon as possible regular 24 hour service will be supplied over high tension wires from Wichita Falls. The local plant will be maintained here as an auxiliary plant and for emergency purposes. It is believed that it will only be a short time until the Vernon plant is also purchased, and in the event of this, service will also be furnished to Harrold and Okla. union. We understand that all of the material for the construction of the line between here and Wichita Falls has already been purchased and a large force of workmen will start soon on the erection of poles and stringing of wires to this point.—Electra News.

**Maxwell
Wins Test Over 40 Cars**

Result of the great Yale University Sheffield Scientific School Test. Of the forty automobiles tested at the famous Sheffield Scientific School laboratory the Maxwell stands first in economy of Gasoline consumption.

MECHANICAL ENGINEERING DEPARTMENT
SHEFFIELD SCIENTIFIC SCHOOL
YALE UNIVERSITY
NEW HAVEN, CONNECTICUT
May 1st 1915.

The Blower Motor Car Company,
1079 Chapel Street
New Haven, Conn.

Gentlemen:-
I am enclosing report of test of your Maxwell automobile recently made in our laboratory.
I should like to add the following comments:

- 1. RELIABILITY OF TEST.**
A preliminary test was made on April 19th, using a new car which was rather stiff. The showing was so good that we decided to make a second test. This was made on April 30th, using same car. On this test, the car showed less stiffness and the performance was better than on the first car. The second test was supervised by our most careful experts, and the results, I believe to be perfectly reliable.
- 2. MILEAGE.**
The efficiency of the Maxwell automobile as indicated by the number of miles on a level road, is exceptionally high. This mileage record is better than that of any one of forty automobiles tested in our laboratory to date.
- 3. MOTOR PERFORMANCE.**
The efficiency of the motor and carburetor as indicated by the pounds of gasoline used per hour per horse-power at rear tires, is exceedingly good, and indicates very perfect carburetor action over the whole range of speed and load. This record like that on mileage per gallon, is the best one that we have had.

Very truly yours,
E. H. Lockwood
ASSISTANT PROFESSOR MECHANICAL ENGINEERING.

Yes, We Are Selling More Ice Now

First, because the weather is growing warmer and warmer, and people are using ice more generally and freely than they have been doing. Second, because OUR ICE is good ice—pure ice—and people “just naturally” like it and the way we have of getting it to them. It won't be long before this ice ma nuf yours is the most popular ma nin the community—evvrybody will want to have him call.

Now, here's the point of all this: If you have any complaint to make, if there is anything in our service affecting you which you do not understand, LET US HEAR ABOUT IT NOW. Give us a chance to get it out of the way, if it is something that can be removed or explained.

Then when the real hot days come you will not allow yourself to fret or worry over some misunderstanding, or some happening over which we had no control—you will know that we are doing all we can to serve you. Remember, “a stitch in time saves nine.” Give us that opportunity to take that stitch NOW—if it is needed.

Let us send our delivery Co's wagon to your home.

Life Among the Moros

VIEW AT PANANAQUE

MR. LORILLARD SPENCER recently made an extended visit to the Philippines and became intensely interested in the natives and their future. Writing in the New York Tribune, she says: You say you would like an account of my stay in Jolo, a description of my friends the Moros, and, above all, as my small nephew puts it, “the most exciting thing that happened to you,” but unfortunately I am so absorbed by the great issue at stake, the destiny of a nation, held as it were in the hand of the American people, that wonderful as those days were in that little far away island, with its mountains, and fertile valleys, its palms, its silver beaches, lined with coral and shells, its rainbow tinted fish and many colored birds, its wonderful stars and radiant moonlight, I find myself forgetting all else in the great longing to make every citizen of these United States appreciate the privilege which lies in his power—the gift that he may either give or withhold.

Remember, please, that I am speaking of the Moros, not the Filipinos, and in order to understand the great gulf which separates the two you must bear in mind first and last that the Filipinos are Roman Catholics and the Moros Mohammedans, and, of equal importance, the fact that the Filipinos do not want Americans to remain in the islands and the Moros are begging us not to leave them. The Moro hates the Filipino, with good cause, and the Filipino, with good cause, is deadly afraid of the Moro. It is well known that just before I left the islands a paper published as a joke the following: “Suggested, that a Filipino governor be appointed to govern Jolo, his official residence being in Manila”—which is 500 miles away, and quite frankly it would be a very brave man (Filipino) who would try it at closer range. I agree with those whose solution is to keep the province of Mindanao and Sulu for a generation at least and let the Filipino have his longed for independence. He has freedom now if he could appreciate it, but like many other blessings he will not recognize it till it takes flight.

Housekeeping in Jolo. There is one man, however, who always believed that the Moros would respond to kindness. He is Charles H. Brent, Episcopal bishop of the Philippine Islands. He longed to give them a chance of proving that they would not reject a hand held out in helpful kindness. That reminds me of something a man said when I told him before sailing that all I hoped to do was to hold out a hand. His reply was that if I did they would cut it off. All I can say is it was held out and his prophecy did not come true. On the contrary, my experience of the last year has made me realize as never before that love can win where hate spells death.

We started, Deaconess Young and myself, from New York on December 6, reaching Jolo January 28. We stopped there only a day and went on to Zamboanga, where we remained nearly a week collecting furniture and so forth for the only available house we could get in Jolo. It was unfortunately situated in the middle of the town, surrounded by sweatshops and over a pearl exchange, which sounds very pretty and smells very bad. I do not, however, wish to take up your time with details that simply have to do with comfort or discomfort; because, no matter how great the discomfort, it was more than made up for by the wonderful success of the venture. And after all, the discomfort was not so great, for we had ordered our beds, mosquito nets, etc., sent from New York, and were fortunate in finding them waiting for us at the customhouse. That reminds me of my surprise when we were obliged to pay duty on anything made outside of the United States, in spite of the fact that duty had already been collected in the United States.

Were in Real Danger. At first the natives quite ignored us. I mean those we met in the streets of Jolo, for we were not at first allowed to go outside the gates (you know Jolo is the smallest walled town in the world), as there existed a strong feeling that we were in very grave danger owing to the fact that it had been heralded we had come to proselytize. Some Mohammedans in San Francisco had written to a high dignitary that we might be expected and they hoped every possible obstacle would be put in our way, and as the Moro's idea of an obstacle seldom falls short of death you can see the danger was very real.

The first day we did go out, accompanied by the bishop and an armed escort, we took the precaution to leave a note of instruction with Mr. Ellis, the banker, telling what should be done in case we did not return.

Yet we did go out and nothing happened. And after a few weeks both Miss Young and myself went out quite alone. When Miss Katherine Buffum, also a volunteer, joined us, she took charge of our industrial class, which was a great success, and Mrs. Tryon, the trained nurse, started in with a will to assist Mr. Thompson, who had charge of the dispensary, supervised by Col. Charles Lynch. By the way, we were told before it started that we would be lucky if we had three patients during a month. The first 90 days we treated nearly six hundred, many coming from the other side of the island. This pleased us very much, as it meant we had gained the confidence and were getting hold of the mountain people, who are quite different and much more difficult to get at than the natives of Jolo.

To cut a long story short, with the exception of Miss Young's illness and return to the United States after a few months of very real work, during which she and the bishop (he was with us the first few weeks) laid the foundation of that which has been in the providence of God a most wonderful exhibition of what the Golden Rule can accomplish, the work progressed gratifyingly; but even the Golden Rule might have failed if we had not been able to call into play that other rule, without which no real sympathy can be given. I mean—to put yourself in the other man's place, trying to see things as he sees them and not as we think he ought to see them.

She Handed It to Him. “What d'ye think?” said Lucile, the waitress in a New York heshery, as she handed the newspaper man a napkin. “A feller comes in here a while ago and says he's wrote a song and desecrated it to me. And what d'ye think is the title of it? ‘Lucile, I Know You're Real.’ Sounds like as if there was some suspicion about my finger or complexion. Don't you interpolate it that way?” “I don't know.” “Well, I know. So I says to him, ‘You needn't make me the victim of any of your songs.’ He says, ‘Why, it's just a harmless little ditty.’ Then he says he'll have some oxtail soup and some tongue. At that I hands him one. It was an old one, but I just couldn't resist. ‘What are you trying to do—make both ends meet?’ I asks. ‘Aw, be nice,’ he says. ‘Say something soft.’ So I glares at him and says ‘custard pie.’ And away he goes. ‘You're a bright one,’ said the newspaper man. ‘Say, kid,’ replied Lucile, “sometimes I'm so bright I'm almost a shine.”

Strategy in Tongue Inspection. Everyone who has ever tried to get a very small child to “put out your tongue” for inspection, or to open her mouth wide, that the suspected tongue might be viewed, knows how hard a matter it is to really see either the condition of the tongue or tonsils, because the baby will not straighten out her tongue or open her mouth wide enough. I have gotten around this difficult by putting a drop of honey or molasses on the tip end of the child's chin, and asking her to lick it off. The process of licking off gives me a good, unobscured view of the straight, extended tongue; it also causes her to open her mouth so wide that I can see her tonsils and the back of her throat. And all this without worrying the baby, for she thinks it is a game.—Good Housekeeping Magazine.

CAST:

Jim Stokes, the two-gun man William S. Hart
Bud Walsh, the Sheriff J. Frank Burke
Phil Brent, Nell Brent's father “Barney” Sherry
Wilkes, the Minister James Dowling
Nell Brent Clara Williams
William S. Hart, the famous Broadway favorite, plays the leading role, which abounds in situations demanding daring and courageous acting. William S. Hart is too well known to take time and space in introduction, having to his credit more classical roles than any other actor in America. Some of those checked to the credit of Mr. Hart were Marc Antony, Bassanio, Cassio, Phasarius, Iago, Lord Leicester, Angelo, Benedict, Macbeth, The Man in the Iron Mask, Igonmar, Romeo, Orlando, Pygmalion and Messala. Mr. Hart's most complete triumph in latter day roles perhaps was made as Cash Hawkins “The Squaw Man.” Later he appeared with great success in support of Charlotte Walker in “The Trail of the Lonesome Pine.”

AMERICAN NOTE DELIVERED TO GERMAN FOREIGN OFFICE

IMMEDIATE REPLY NOT EXPECTED

HOPE GROWS IN WASHINGTON THAT PEACEABLE SOLUTION MAY RESULT

ARBITRATION SUGGESTED

Believed Germany Will Propose Steps That will be Acceptable to the United States.

AMERICAN NOTE IS DELIVERED.

Berlin, May 15.—James W. Gerard, the American ambassador to Germany, handed to the foreign office here this morning the American note with reference to the sinking of the Cunard line steamship, Lusitania.

Washington, May 15.—Word that Ambassador Gerard had read and presented to Herr Von Jagow, minister of foreign affairs for the imperial German government, the American note sent Thursday as a consequence of the Lusitania incident and other occurrences in the war zone removed all anxiety over the delay in transmission and awakened intense interest in the nature of the reply.

It is believed possible, however, that Ambassador Gerard might report earlier on the manner in which the American note was received by the government and the semi-official press.

In the interim, apparent confidence prevailed among high officials and is shared in German official quarters that there will be no submarine attack on passenger vessels while the question at issue is being resolved.

Arbitration Talked

Some German officials had indicated that, although without advice from Berlin, they were confident of the desire of the German government to remain friendly with the United States and that arbitration would be recommended.

One possible solution

One which was given serious thought was a proposal to refuse clearance to belligerent ships carrying munitions of war or absolute contraband if they also carried passengers.

Some difficulties

This is the position taken in the American note and some official doubted whether there would be an concession on this point as it involves the principle of humanity for which the United States has taken so vigorous a stand.

PENITENTIARY DEBTS NEARLY A MILLION

SWORN STATEMENT BY CHAIRMAN OF COMMISSION HAS REACHED AUSTIN

\$766,807 IS IN NOTES

New Agreement On State Normal Eliminates Governor From Locating Board

Special to The Times. Austin, Texas, May 15, 1915.—An itemized statement of the indebtedness of the state penitentiary system was received here this evening by Senator Harley, chairman of the Senate committee on penitentiaries, this statement being in accordance with a motion by the senate finance committee that such a statement be made before any appropriations are made for the payment of debts.

The document and list of debts was signed and sworn to by John H. Pickett, chairman of the commission, and W. O. Stamps, a member thereof. After this statement was turned over to the senate finance committee it was announced that all creditors would be required to appear and present itemized and sworn statements of their claims before they will be allowed by the committee.

Of the indebtedness of \$922,981.81, the sum of \$766,807 is embraced in notes executed by the commission and \$156,174 in open accounts. It is shown that over claims amounting to \$47,636 for mules; that \$222,909 was spent for bacon alone for convicts and \$19,992 for tobacco; \$1400 for legal services.

GOVERNOR NOT INCLUDED ON LOCATING BOARD

By Associated Press. Austin, Texas, May 15.—The House committee on education today reported favorably the House bill for the establishment of three new normals in Texas. The committee, however, adopted an amendment changing the locating board by eliminating the governor and lieutenant-governor from the board.

The free conference committee on the judiciary appropriation bill reached an agreement today on that bill and will make its report to the legislature Monday.

SIG INCREASE IN RAILROAD INTANGIBLES IS MADE

Special to The Times. Austin, Texas, May 15.—As a result of the meeting today of the state board, it was announced this afternoon by Tax Commissioner Bagby, that the intangible assets of the railroad of Texas for 1914 aggregate \$17,441,322 which includes \$92,833 of intangible assets of the three ferry and bridge companies. This is an increase of \$10,589,811 over 1914 when the intangible assets of all railroads and bridges and ferry companies amounted to \$162,851,511. In 1913 the total intangible assets amounted to \$167,392,009 there being a reduction of \$5,140,489 in 1914.

PHILIP J. KLEIN GIVEN FIVE YEAR SENTENCE

Henrietta Priest Charged With Arson Found Guilty by City County Jury

By Associated Press. London, May 15.—A Reuter dispatch from Capetown filed Friday says: "Immense crowds throng the streets tonight and their behavior sometimes was threatening. Troops and police found great difficulty in maintaining order. It was announced the government had decided to intern all male aliens of enemy nationality and also to protect naturalized aliens or those who have applied for naturalization. Gen. Botha has issued to the people of the Union of South Africa from Windhoek, capital of German Southwest Africa, a message denouncing the anti-German riots."

GERMANS SUFFER IN SOUTH AFRICA

By Associated Press. London, May 15.—With the outbreak of a revolution in Portugal, which according to dispatches from Madrid, is supported by the navy, Spain, Switzerland, Holland and the Scandinavian countries are the only states in Europe which are not either engaged in war or have domestic troubles to occupy their attention.

Very little news yet come from Lisbon but it is reported that the navy has bombarded the capital held by the army which remains loyal to the president, Manuel De Arriaga. It is not known whether the insurrection was started by the royalists but members of that party residing in London disclaim all knowledge of it.

LOOK TO ITALY. Greece, Bulgaria and Roumania where there are pro-war and anti-war parties are waiting the final decision of Italy as to whether she will join the allies—a decision which has been delayed by the resignation of Premier Salandra, however, is reported from Rome to be back in office.

The prediction is made that Salandra will form a new government with the support of his former cabinet, the stronger party in the chamber.

Among the belligerents interest wavers between the battles in Galicia, Flanders and Pas-de-Calais and the operations in the Dardanelles from which important news regarding the advance of the allies is daily expected.

ON CARPATHIAN FRONT. So far as Galicia is concerned the Austro-German rush seems to have exhausted itself when the River San was reached and all the towns on the west bank of that river, including Jaroslau fell into their hands.

Dee Estes Kills Man Who Was Accused of Attempting to Assault His Daughter

By Associated Press. Fort Worth, Texas, May 15.—Dee Estes, lawyer and prominent officer of the Texas Railway Trainmen's brotherhood killed a prisoner by the name of Gilpin in the county jail this afternoon. The prisoner is accused of trying to assault Estes' daughter.

M'ADD AND WILLIAMS FILE SWEEPING DENIAL

By Associated Press. Dallas, Texas, May 15.—Secretary McAddo and Controller Williams filed in the district supreme court today an answer to the injunction suit brought by the Riggs National Bank charging them with conspiracy to wreck the institution. Their answer is a sweeping denial of all the bank's charges.

2 KILLED IN COLLISION, ANOTHER SERIOUSLY HURT

By Associated Press. Dallas, Texas, May 15.—Mrs. Vinson Davis of Van Alstyne, Texas, and her five-year-old son were instantly killed in a collision between an interurban express-car and an automobile in which they were riding at Dalworth near here this afternoon. O. Landrey of Mineral Wells driver of the automobile was probably fatally injured. Mrs. Davis had been a guest of Landrey's family at Mineral Wells and was returning to her home in Van Alstyne when the accident occurred.

TARRANT COUNTY JAIL IS DECLARED UNSAFE

By Associated Press. Fort Worth, Texas, May 15.—City Building Inspector R. F. Allen today ordered the county commissioners to tear down the county jail as being dangerous to the lives of the prisoners confined there. The jail has been the center of contention for several years. It was declared unsafe before and two bond elections have been held in an effort to build a substitute. Each time the bonds failed to carry. The county commissioners have not decided on their course though the United States government today ordered the removal of its prisoners to Dallas.

SITUATION GROWS MORE SERIOUS AT MILAN

By Associated Press. Milan, Italy, May 15.—The situation here has become still more serious owing to the general strike proclaimed in Milan as a protest against the course of political events in Italy. The military authorities have centered here troops from neighboring parts and have sufficient forces to check any serious movements. The royal palace, the prefecture and the German and Austrian consulates are strongly guarded by troops. Much apprehension is felt by the authorities concerning the coping without even a workman killed in a riot.

VILLA FORCES SENT TO QUAIL INDIANS LARGELY YAQUI IN SYMPATHY WITH ATTACKING PARTY

By Associated Press. Low Angeles, Cal., May 15.—Fifty American men are surrounded near Esperanza, Sonora, today by overwhelming numbers of Yaquis, according to advices received here by Charles F. O'Brien, owner of a large ranch in the Yaqui Valley. According to reliable information, the force under Gen. Sosa, a Villa commander, sent to aid the Americans is composed mostly of Yaquis who cannot be expected to fight their brothers.

Telegrams received late today from Guaymas state that the American colonists near Esperanza, still are fighting the Yaqui Indians who attacked them last Wednesday and that they had sent a request to the commander of an American cruiser at Guaymas to send them a rapid fire gun. The request, it was added, had been forwarded to Admiral Howard, commander of the Pacific fleet. The telegrams further confirmed information that the Mexican troops which Gov. Maytorena declared he had sent to the aid of the colonists, were not within 20 miles of the scene of the fighting.

YAQUIS RAIDING IN INTERIOR OF SONORA

By Associated Press. Douglas, Ariz., May 15.—Several thousand Yaquis are raiding Sonora interior and towns, according to information received here. Property of Americans everywhere in Yaqui territory except Guaymas, Cacaena, El Tigre and Esperanza has been destroyed. It is stated and their livestock driven away. Pontichy, Peaquera Navajo, Cro. Colorado, San Marcial Rosario and other towns have been raided.

2 KILLED IN COLLISION, ANOTHER SERIOUSLY HURT

By Associated Press. Dallas, Texas, May 15.—Mrs. Vinson Davis of Van Alstyne, Texas, and her five-year-old son were instantly killed in a collision between an interurban express-car and an automobile in which they were riding at Dalworth near here this afternoon. O. Landrey of Mineral Wells driver of the automobile was probably fatally injured. Mrs. Davis had been a guest of Landrey's family at Mineral Wells and was returning to her home in Van Alstyne when the accident occurred.

TARRANT COUNTY JAIL IS DECLARED UNSAFE

By Associated Press. Fort Worth, Texas, May 15.—City Building Inspector R. F. Allen today ordered the county commissioners to tear down the county jail as being dangerous to the lives of the prisoners confined there. The jail has been the center of contention for several years. It was declared unsafe before and two bond elections have been held in an effort to build a substitute. Each time the bonds failed to carry. The county commissioners have not decided on their course though the United States government today ordered the removal of its prisoners to Dallas.

WOULD MAKE CHURCH THOROUGHLY BAPTIST

SUNDAY SCHOOL LESSONS

WOULD MAKE BARACA AND PHILATHEA CLASSES IN THAT CHURCH PURELY BAPTIST ORGANIZATIONS

By Associated Press. Houston, Tex., May 15.—What appeared to be unanimous opposition to the world wide movement known as the Baraca and Philathea classes in Sunday schools of evangelical churches developed at the Southern Baptist Convention fifth day session today when a committee reported favorably on the report of the committee on Sunday school work.

The names "Baraca" and "Philathea" were not mentioned during the course of a dozen or more speeches all of which indorsed recommendations opposing the classes in question. The committee report recommending the report on Sunday school work also failed to mention the names. There were, however, frequent references to "Syracuse, New York" that place being headquarters for the Baraca and Philathea classes. The subject went over until late in the afternoon for the time for devotional services interrupting the debate.

The adoption of the report, as explained by one delegate and agreed to by the presiding officer, would mean "Southern Baptists would banish these classes from their Sunday schools but would mean strictly Baptist classes would be fostered" and that "Southern Baptists look forward to the day when all classes in their Sunday schools shall be strictly Baptist organizations."

The original report mentions the name of the Baraca and Philathea classes and objected to them because of their interdenominational character; their literature "which is very objectionable and contravenes all our teachings" and their charter, copyrighted names, and "consequent central control outside the Baptist people, Texas commenting on the active presence of Kentucky, just now of Tennessee, Georgia, and the activities of the organizations in question, declared "only Sunday school classes which do not motor launches or devote their time to baseball teams can be successful in the simple teaching of the Bible."

The report of the lesson committee previously adopted announced that the International Lesson committee on interdenominational organization had been reorganized so as to be directly responsible, and that the Southern Baptist Convention had made arrangements to modify the book for the Sunday schools to make them "distinctly our own." The International committee prepares the lessons which are taught in many Protestant Sunday schools including the Baptist.

DR. BERNHARD DERNBURG TO RETURN TO GERMANY

Unofficial Spokesman of Emperor "Persuaded" to Leave Country by His Friends

By Associated Press. Washington, May 15.—Dr. Bernhard Dernburg, often referred to as the unofficial spokesman of Emperor William in the United States, has made plans to leave the country on his own initiative within a short time. It became known in official quarters here today that in view of the intimation that President Wilson and the cabinet were displeased with Dr. Dernburg's speech justifying the sinking of the Lusitania and some of his other public utterances which they believed might be calculated to array sentiment of the Germans in the United States against the Washington government, friends of Dr. Dernburg here have persuaded him to leave the United States.

When Dr. Dernburg would leave or where he would go, was not made known, but it was believed he would sail for Cuba or South America.

At the German embassy it was said Dr. Dernburg had expressed the wish to leave the country and his action was voluntary. The question of his departure depends upon securing assurances from the British and French for his immunity from detention on the high seas.

ELECTRIC CURRENT CUT OFF MORE THAN AN HOUR

The electric current was cut off in the Wichita Falls Electric Company's wires in the downtown district for more than an hour during the busiest of the Saturday night shopping last night. The commercial wires which furnish the current for the linotypes and other machinery of The Times was cut off, delaying and cutting short this morning's issue of The Times.

The accident was believed to have been due to a disarrangement of the wires in pulling down the lights and decorations for the U. C. T. convention. Efforts to learn the cause of the accident last night were unsuccessful.

REPUBLICAN GUARD LOYAL TO PRESIDENT

By Associated Press. London, May 16.—(12:35 a. m.) Reuters Lisbon correspondent telegraphing Saturday says it is announced that the revolutionary movement in Portugal is exclusively republican. Its object is to defend and consolidate the republic by the formation of a new ministry, the state. The revolutionary committee met aboard the battleship Vasco Di Gama, to select a new government. It is reported that Joao Chagas, former premier and minister of the interior, will be the new premier and also minister of the interior. The Madrid correspondent of the Fabre agency says the Spanish government on Saturday received from the governor of Badajoz, Spain, near the Portuguese frontier, the following statement concerning the revolt: "The rebellion broke out at Lisbon aboard the cruiser Adamaster which at 3:30 o'clock bombarded the city. A band of 200 civilians stormed the Alcantara barracks. They entered the barracks cheering the republic. Many were killed and wounded. The whole republican guard remains loyal to the government and has scattered the crowds. Several bombs have been exploded. The battleship, Vasco Di Gama, has left Lisbon on a secret government mission. All railway telegraph communication around the capital has been interrupted. The Elba garrison remains faithful and has sent troops to Lisbon. The Santarem, an artillery regiment, bombarded an infantry regiment. A British cork factory was set on fire at Portalegra. There also has been an outbreak at Oporto where several people were wounded."

GOVERNOR LOBBYING FOR THE GIBSON BILL

Issues Statement Declared Boldest Ever Issued by a Texas Executive

Special to The Times. Austin, Texas, May 15.—Governor Ferguson tonight plunged boldly into the fight for the passage of the Gibson insurance bill in the senate of Texas when he issued a statement "to the people of Texas" to write to their senators and express "to him your views on this legislation, whether they are for or against the law." He asserts that great "pressure is being brought to bear upon the senate by the local insurance companies of Texas to prevent the passage of the bill.

In legislative circles tonight the statement is being discussed as the boldest ever issued by a chief executive of Texas.

TRAVELING MEN'S MEETING ENDED

21ST GRAND COUNCIL U. C. T. OF TEXAS CLOSED AND DELEGATES LEAVE

TO MEET AT GREENVILLE

"Side Line" Entertainments include "Literary Debate" and Bagmen's Parade

With the election of officers, the selection of Greenville as the 1916 meeting place and the adoption of resolutions expressing appreciation of Wichita Falls' entertainment, the 21st grand council of the United Commercial Travelers came to a close at noon Saturday.

Although the attendance was far from expectations, it was the general feeling that the convention had been very largely successful and the visitors were hearty in their praise of the good time shown them.

At the closing session Saturday morning, Greenville was chosen for the 1916 convention, being without opposition. The following officers were elected: C. C. Cunningham of Corsicana, grand counselor; W. J. Rau of Houston, grand junior counselor; W. P. Gilbert of Waco, grand secretary; Louis Schneider of Galveston, grand treasurer; J. A. Ballard of Dallas, grand conductor; J. N. Kings of Amarillo, grand singer; C. H. Wingrove of Fort Worth, grand sentinel; executive committee, C. Van Zandt of Fort Worth; J. F. Fentiman of San Antonio; C. C. Cunningham of Corsicana; W. P. Gilbert of Waco; Louis Schneider of Galveston; W. B. Shull of Tyler; W. H. Mason of Brownwood; representatives to supreme council, W. G. Venable of Sherman, W. W. Griffith of Waco; J. M. Berry of Dallas; J. M. Allerdice of San Antonio; alternates to supreme council, S. D. Price of Houston; E. B. Mitchell of Dallas; Louis Schneider of Galveston; H. L. McCusiston of Paris.

Some Side Lines.

Friday afternoon and evening were high times for the travelers. A "literary debate" at the Wichita Theatre in the afternoon and the Bagmen's parade after supper furnished fun in large doses for the U. C. T.'s and many others. The "debate" consisted of athletic exercises that varied from the ridiculous to the thrilling and that were sometimes both ridiculous and thrilling. The parade in the evening was viewed by an immense throng and consisted of a long procession of members and initiates of the Bagmen, in grotesque and weird costumes. After this parade, the Musicians' Club concert at the Wichita Theatre was the attraction.

"Literary" Exercises.

The athletic exercises included "battle royal" in which a number of negroes took part and this was followed by a not too strenuous "round bout" between two negro boxers. Efforts on the art of the crowd to stir up a real fight were of no avail. Next came a bout between a boxer representing the allies and one representing the Germans. It was short and strenuous. The Texian representative prominently entrenched himself behind his gloves and did not come out until officials had pulled the other away from him. The crowd was not very sympathetic.

The real event of the afternoon, a ten round match between Red Henderson of Dallas and Frank Bell of Tennessee, followed. Both were quite handy with the gloves and kept the crowd in a fever of excitement throughout the ten rounds. The crowd opined that Henderson had the better of the argument, although no decision was rendered.

Bagmen's Parade.

The Bagmen's parade was a decided novelty and was enjoyed by a crowd that packed the downtown streets. Headed by the Wichita band with E. Leopold as grand marshal, the Bagmen, all in gaudy and fantastic costumes, marched their initiates through the streets. At times some missing member would be espied on the sidewalk and a chase would follow. The carnival spirit was rife among the crowd that watched the antics of the Bagmen and the noise was deafening at times.

When the convention reassembled Saturday morning, the committee on resolutions presented the following report:

he grand council of Texas. We your committee on resolutions beg leave submit the following: "We desire to express our deep appreciation to the Chamber of Commerce and merchants for the profuse decorations in honor of this grand council; to Mayor Britain for his hearty and enthusiastic address of welcome; to the ladies of Wichita Falls for the many courtesies shown our visiting ladies and it is a matter of deep regret to this committee that there were not more of our ladies in attendance to partake of their hospitality. We desire to make special mention of the following: Blair & Hughes Company, Wichita Mill & Elevator Company and Carroll, Brough, Robinson and Gatas for the banquet tendered; the delegates and visitors at Lake Wichita; to the street railway company; and Mr. Brooks for their courtesies extended; to the Wichita Falls Lodge No. 1119; O. E. for the use of their lodge room and other courtesies; to the Wichita Produce Company and Blair-Hughes Company for cigars; to the Times and the Tribune for their always space given to the proceedings of the grand council. "We desire to make special mention of the 'Literary debate' under the auspices of the Chamber of Commerce at the opera house Friday afternoon; to the City National Bank, First National Bank, First State Bank, Trust Company and the National Bank of Commerce, also the manu-

facturing interests to whom we express our thanks; to Wichita Falls Council No. 488 and especially George D. Keith, G. T. Drinkard, J. H. Pressley and E. L. Smith composing the general committee; to the various hotels for courtesies extended and especially the management of the Westland for the delicious punch served during the entire session. We desire to express our appreciation of the delightful and elevating musicale given by the Wichita Falls Musicians Club, given in the Wichita Way. We deeply appreciate the kindness of our supreme council in sending a delegate to the grand council and we sincerely thank Bro. W. L. Whitacre the supreme treasurer, for the valuable and instructive talks he has given us and we extend him our heartiest fraternal welcome for this and a recital of such visits. "We wish to express our appreciation of the most agreeable accident which befell the grand council at this session, the visit of Supreme Surgeon Taylor. We hope it may be our good fortune to sustain like accidents in future sessions of this grand body. "Other resolutions adopted express appreciation of the work of Miss Carrie Roberts who gave her services as typist to the convention; extend greetings and wishes for recovery to Mrs. M. Thatcher, member of the Abilene council, recently operated upon; express regret at the absence of Grand Page Rau, Grand Treasurer, Schneider, Grand Conduc-

tor W. M. Camp, Grand Conductor, W. B. Shull and Executive Committee member Van Zandt. Another resolution adopted reads as follows: "We recommend that this grand council order prepared and engraved a set of resolutions, same to be presented to W. Wiley Blair in recognition of his noble and beneficent acts of brotherly love. His hearty handshake and smile will linger long with each member of this grand body." M. J. Martin, W. B. Allen and Geo. D. Wiley constituted the resolutions committee. Mr. Blair addressed the delegates by invitation at their closing session, giving a talk that was warmly received and thoroughly appreciated. Medal Presented. A medal was given Past Grand Counselor H. L. McCusiston as a token of appreciation. The presentation was made in a glowing speech by W. L. Whitacre of Columbus, O., who said among other things that while he belonged to many orders, if he had to give them all up save one, he would stick to the U. C. T. Announcement was made of the following committee appointments for the ensuing year: Hotels—E. A. Brandt of Houston, Railroad—C. H. Green of Waco, Employment—J. M. Shelton of Abilene. Auditing—M. J. Martin of Houston, F. W. Hudson of Sherman and C. W. Beaumont of Denison.

Telephone and telegraph—W. N. Griffith of Waco, J. A. Speed of Dallas, C. M. Fortwood of Greenville. J. L. Wiles of Corsicana was appointed grand chaplain for the ensuing year. It was announced that a "Jewel" would be given the council, making the largest membership gain during the year. W. B. Shull of Tyler and R. B. Mason of Brownwood were constituted a ladies' auxiliary committee. Just before final adjournment the delegates rose and sang "God Be With You Till We Meet Again." The convention closed at 11:50. DREAM CITY OF CEYLON

"IS it to hunt the wild elephants or to see the ruins that ash has come?" asked my Sinhalese host at the resthouse in Anuradhapura, writes Tyler Demott in the New York Tribune. The question was not really asked for information. He knew that I had not come equipped to hunt elephants. He also knew that the game laws of the British government amply protect these valuable beasts. He wished, merely, to impress me with the range of entertainment afforded by Anuradhapura. I was impressed. Elephant hunting in the jungles of Ceylon or curio hunting in the ruins of a forgotten metropolis which once stood amid these same jungles—one may take his choice!

Twenty-two centuries ago the morning sun cast the shadow of a nine-story building over the spot where we were seated. This Brazen palace of Duttha Gamanat was 166-feet high, higher than the tallest building on Broadway 35 years ago. Out yonder grows the sacred bo tree, over 2,100 years old. It was grown as a slip from the sacred fig tree under which Buddha himself sat when fighting off the temptations of sense which hindered his attainment of perfect wisdom. Crumbling ruins, forests of pillars, grass-grown mounds hundreds of feet high stretch back into the dim vista of a tropical forest on every side. Monkeys swing

beam as they would have shaped a tree trunk and employed it in the same way. The Brazen palace was destroyed by fire a few years after it was first erected. It was immediately rebuilt, destroyed many times more in the course of its history, and now is marked only by the forest of upright, broken and fallen pillars in the jungle. Its fate was the fate of many of the great structures of this ancient city. Invasion, fire or the wear of time on imperfectly constructed work has laid them low.

Tissa, a great king of the pre-Christian era, introduced Buddhism into the land. He erected a great temple, the Mahapall alms-house, the ruins of which have been almost entirely obliterated, and planted the slip from the original bo tree.

This tree flourished to the same extent as did the new religion and the city which afforded it a home. The Thuparama dagaba, a huge mausoleum and shrine for the left collar-bone of Buddha, the oldest building in Ceylon—now a high mound of sod-covered brick, with trees growing half way up the slope—is a witness to the enthusiasm of Tissa and to his ambitious plans. In its ruins it stands 250 feet high and 350 feet in diameter at the base. Originally it was a hundred feet higher than now. Another dagaba of this period had a canopy resting on stone pillars, sufficiently large to shelter a thousand worshippers. Anuradhapura became an

RUINS OF THE BRAZEN PALACE

mountains and lowlands, of sparkling rivers and magnificent forests, venerable towns, ancient castles, perched dizzily on altitudinous crags, Roman remains and Druid relics, it holds within its narrow confines much to enthral and move the visitor.

It is replete with folklore. It had Siegfried for its ruler and by many native students is believed to have been the birthplace of the Nibelungen legends. A novel state it is and ruled by the prettiest and youngest sovereign in Europe!

Has a Mixed Population.

The inhabitants of Luxemburg speak French, German and a patois. But they are not French or German—they are Luxemburgers. French is the language of the court. The patois, a strange mixture of many tongues, is spoken by most of the poorer folk. It is a queer conglomeration of languages and, to add to the difficulties of conversation, there are four varieties of the dialect. In traversing the very excellent roads in the duchy one is apt to be saluted with a German "guten tag" or a French "bon jour."

Agriculture is one of the principal occupations of the people, and the diminutive state actually produces one-fourth of the world's supply of iron. Many Germans have entered the country to work in the mines or on the railroads, and, despite the traditional dislike of Prussians they are quickly made Luxemburgers. The same is true in a measure of many Italians, who have made their way into Marie Adelaide's domain.

Besides its farms and mines Luxemburg is made rich by its glove, pottery, cloth, paper, beer, and tobacco industries. It has also produced in a good season as many as 1,250,000 gallons of wine. Cattle also are raised in large number.

Education is highly developed, the schools even drawing many foreigners. The people reverence titles even as they love their grand duchess. Way back in the old days they sided with aristocratic Spain against the more liberal Netherlands and favored Louis XVI when he combated the revolution, bringing misery down upon their heads for their pains.

How It Is Governed.
The grand duchy has a parliament consisting of an upper house of 15 members chosen by the grand duchess

sent, is a beautiful structure of the Spanish Renaissance period, although its splendor has been marred by the addition of the chamber of deputies, built in 1857, and not in conformity with the original architecture.

The palace itself was built in 1572 by Count Ernest of Mansfeld. Under one of its doors may be seen the monograms of Siegfried, who founded the city, and the Countess Ermesinde, who gave its municipal freedom.

Louis XIV spent some time in the palace and Napoleon tarried there in 1804.

Other points of interest in the city are the remains of the former forbidding fortresses, the Cathedral of Notre Dame, the National library, the Casino, containing a good restaurant and reading-room, the new post office and the municipal palace.

Town That Hugo Loved.

To the students of Victor Hugo the town of Vanden near the eastern border is sacred from the fact that the Frenchman deeply loved the town. He paid five visits to it, going there in his travels and his exile. The house where he lived in 1870 and 1871 is appropriately marked.

Centuries before the Romans made a protracted stay there, building a fort on a high rock, which was called Rikomburg. Later Attila, with his hordes, drove them out, and the victors also gave the name to one of his heights there—Hunnentey, Rock of the Huns.

No description of Luxemburg could be called complete without at least a brief allusion to Echternach, scene of the Dancing Procession, a religious ceremony that dates back several centuries, its actual inception being in doubt. The practice, which takes place every Whit-Tuesday, is believed to have sprung from an incident in the eighth century.

A strange epidemic afflicted the cattle of the people whereby the animals suffered sharp paroxysms that gave them the appearance of dancing. The people rushed off to the tomb of Saint Willibrord to pray for the recovery of the cattle. In their haste to reach the tomb they almost danced, as did the cows. Their herds got well. This started the ceremony. As many as 20,000 persons participate in the dance and an equal number are spectators.

OKLAHOMA ALFALFA IS BARRED FROM TEXAS

Foot and Mouth Disease Quarantine Prevents Marketing of New Crop Here

The first cutting of alfalfa is now being harvested. Locally the alfalfa

crop is of slight importance, but over the river in Oklahoma and up the Denver to Wilbarger and other counties the alfalfa crop is of considerable magnitude. Local grain and hay dealers are now getting in shipments from Texas points but the governor's proclamation relative to the foot and mouth disease bars the Oklahoma crop. A considerable amount of Oklahoma alfalfa is usually marketed through Wichita Falls and there is

much protest in Oklahoma over the quarantine.

Joe Stephenson of Thornberry was in the city yesterday, and asked as to crop conditions says he can't quite make up his mind whether the yield will be as good or better than last year, when his crop averaged between 19 and 20 bushels per acre.

Just now the governors of the various States are being called upon for an expression on President Wilson's note of protest to Germany, and so far not one of them but has agreed that the president in that note said all that was necessary and not one word too much to maintain the dignity of the Nation.

Dr. Bernhard Dernburg, often referred to as the unofficial representative of Emperor William of Germany, has decided to leave the United States, and from the tone of the Washington dispatches for the past several days it is safe to assert that the distinguished gentleman can't possibly facilitate his exit from American soil any too soon.

W. H. Hull whose farm is near Thornberry, brought in a sample of his wheat yesterday, and if the entire field is as good as the sample he left at The Times office the yield ought to be around one hundred and fifty bushels to the acre.

here that the largest wheat crop ever produced in Wichita county (acreage taken into consideration, of course), was in the year 1894, and that year those who claimed to have made a canvas of the entire county for the one purpose of ascertaining how many acres were planted to wheat that year, and what the acreage yield was, say the county, taken as a whole averaged above 20 bushels per acre. If it does that well this year everybody should be satisfied.

The only hope of defeating the Gibson bill is now in the Senate. Those who believe that the Robertson insurance law has worked well for Texas and will continue to work well if not tampered with, should not delay in writing or telegraphing members of the Texas State Senate just how they feel about it.

THE BOILED DINNER. How dear to my heart is the luscious boiled dinner, which fond recollection brings back now and then, that balm to the stomach, that forty-time wonder—oh, give me an old time boiled dinner again! So often I've sat at the restaurant table, and down thro' the menu I've hopefully looked for something to comfort my northeastern gable, for such a boiled dinner as grandmother cooked. I'm tired of the fodder you're constantly shoving, the things out of box and the things out of can, the dumplings baked in a gasoline oven, the chafing dish horrors which frighten a man; your cooking school triumphs are weird and uncanny. That sort of refreshment too long I have brooked; I long for the skill of my dear saluted granny, I long for the dinner that grandmother crooked! The fragrant boiled dinner, the juicy boiled dinner, the cultured boiled dinner my grandmother cooked.

In light of the developments since he took office, the selection of Woodrow Wilson as the nation's chief executive seems well nigh providential. More than once has he steered safely past possible war. We have stayed out of Mexico, though relations have been almost to the breaking point many times, and we feel sure none doubts that the present critical situation with reference to Europe will be gone through in peace yet maintaining our National honor and good name unscathed before the world.

THE INFERIORITY OF THE NEGRO. Our friends down South, being sure that the negroes are inferior, deny them advantages and provide inferior schools for negro children in order that they will continue to be inferior and thus prove the correctness of the contention of the scientists and sentimentalists that the negro is inferior. After all, there is nothing quite so satisfying as the feeling that you have got things fixed so that you will always have an inferior race in your midst.—Life.

"Let us then celebrate this day in memory of their helpful friendship and in gratitude that we had the good sense to prove our worthiness of their benefactions by not resorting to torch or anarchy, and with a blush of shame that anywhere in our beloved Southland any negro's pretended friends supposed that Lincoln's proclamation ever contemplated the immediate elevation of the ex-slave to place and power that meant not only the humiliation of the negro's best friends but the destruction of that mutual reliance which was the most important element in the remaking of this Southland."

buried. "If this celebration shall mean this to us, then ere long we shall have occasion to shout, 'Free at last!' This is the only kind of blow that we may strike which will mean liberty and freedom. In this way, and this way only, will the negro in America ever be free. Let us first free the white man from the impressions we made on him under vicious leadership of false friends, and then we may hope for him to free us from the bonds which our own hands have welded about our feet. "We are celebrating an event that has never taken place, and you know

Exhibit Attracts Crowd.
The "30,000 Mechanical Doll," exhibited in the show window at Kahn's store last evening for one hour attracted a large crowd, which watched with interest this unusual display. It was an exhibition entirely different from anything that has been shown in the city heretofore, demonstrating the enterprise of this splendid firm in attracting the public to their store. It would be impossible to attempt a description of the exhibit, the success of which must be seen to be appreciated and for the benefit of those who were not down town last night another demonstration will be given Monday from 4:30 to 5:30.

Mrs. D. A. Wilcoxson who underwent a critical operation last week, is better and chances for her speedy recovery are excellent.

Isolate Gangrene Germ.
Doctor Roux, head of the Pasteur Institute, communicated to the Academy of Sciences an important discovery in the form of gangrene antitoxin, recently made by Doctor Weinberg. In examination of fifty cases of gaseous gangrene—the most deadly complication in wounds according to statistics, Doctor Weinberg succeeded in isolating the causative microbe. With a series of cultures experiments were made on guinea pigs, dogs and horses, and an antitoxin was obtained which produced favorable results when a dose was injected in a gangrenous patient. Doctor Weinberg, however, will not admit that his discovery is yet beyond the experimental stage.

Advance in Australia.
The expansion of the post office business in South Australia has necessitated increased provision for the requirements of the public in many places throughout the state. Included in the amount provided in the federal estimates to be expended on public works in South Australia during the current financial year is \$100,000 for additions to existing and the erection of new post office buildings. A large proportion of this expenditure will be incurred on works in various country towns.

The LESSON

From the darkening shadow of the grave we learn many lessons: Patience, Love, Renunciation, Fidelity to trust, Forgiveness, forgetfulness of others' faults, sacredness of duty, the frailty of life, the blessings of sorrow, the sweetness of memory, the reward of friendship, and the nearness of death.

There is no greater proof of these virtues among the living exemplified, as the erection of a suitable memorial. A visit to the cemetery will convince you of these facts.

Both Are Farrar

The Victor record of Farrar's Voice is Just as truly Farrar as Farrar herself

The same singularly beautiful voice, with all the personal charm and individuality of the artist. To hear the new Carmen records by Farrar is to be stirred with enthusiasm, just as were the vast audiences—the largest ever assembled at the Metropolitan Opera House—which greeted her performance of Carmen, and proclaimed it the supreme triumph of this great artist's career. The proof is in the hearing. Come in and we will gladly play for you Farrar records, or Victor records by any other of the world's greatest artists.

Dear Madam: You can take the same flour, baking powder, shortening and other ingredients and by putting them together in right proportions, correct mixing and careful baking produce as good batch of biscuit, loaf of bread or cake as any one. Can you not? It's the same with Tea. We buy our teas directly of the Importer. The same teas that the big package tea people use at EXACTLY THE SAME PRICE and blend them by the same formula. (It's no more of a secret than your bread or cake recipe). As the teas are already processed when they arrive in this country, you can see it's a very simple process.

Now here's OUR ADVANTAGE, no expensive lithographed cans or national advertising or salesman's bills to pay. Just one profit between the importer and you—that's ourselves. Can't you see the advantage? It costs at least one-half the retail price of an advertised brand of tea to get it into your hands. We are packing teas under our WHO CAN BEAT IT BRAND, the very best money will buy. Have India and Ceylon, Formosa Oolong, Young Hyson, Imperial, Gunpowder and Basket Fired Japan, at a uniform price of 65 cents per pound, 1-2 lb. 35 cents, 1-4 lb 20 cents.
