

PAN AMERICAN APPEAL TO MEXICAN FACTIONS MADE PUBLIC IN WASHINGTON

NO INTIMATION OF USE OF ARMED FORCE IS GIVEN

CALLS UPON LEADERS TO MEET SOMEWHERE IN MEXICO UPON NEUTRAL GROUND IN PEACE CONFERENCE

AN ELECTION IS PROPOSED

Ten Days Allowed For Reply From Leaders of Various Mexican Factions to Appeal Before Any Other Action Will Even Be Considered

Washington, Aug. 14.—The Pan-American appeal to Mexico now being delivered to the chiefs of factions and governors of states was made public here tonight by the state department.

Without even an intimation of armed intervention it calls on the leaders to meet somewhere in Mexico on neutral ground in a conference to adopt the first step necessary to the constitutional reconstruction of the country, and to issue a call for immediate elections.

The services of the United States or of any of the other conferees are offered as intermediaries to arrange the meeting.

Text of Appeal. The appeal, although addressed to the political leaders, takes on the form of an announcement to the Mexican people themselves. As made public by the state department, the document is prefaced by this announcement:

"The Mexican people are informed that the following communication has been sent to many prominent persons in Mexico who possess authority or military power within the republic."

"Inspired by the most sincere spirit of American fraternity, we have met formally, at the suggestion of the secretary of state of the United States, to consider the Mexican situation as to whether their friendly and disinterested help could be successfully employed to re-establish peace and constitutional order in our sister republic."

"In the heat of the frightful struggle which for so long has steeped in blood the Mexican soil, doubtless all may have lost sight of the dissolving effects of the strife upon the most vital conditions of the national existence. Not only upon the life and liberty of its inhabitants but priestly and security of the country. We cannot doubt the patriotism of the men who lead or aid in any way the bloody strife will not remain unmoved."

"We, the undersigned, believe that the men directing the armed movement in Mexico, whether political or military chiefs should agree to meet each other in person or by delegate far from the sound of cannon and with no other inspiration save the thought of their afflicted land, there to exchange ideas and to determine the fate of the country—and from such action would undoubtedly result a strong and unyielding agreement for the restoration of a provisional government which should adopt the first steps necessary to the constitutional reconstruction of the country and to issue the first and most essential of them all, the immediate call to a general election."

"An adequate place within the Mexican frontier which for the purpose might be neutralized should serve as the date of the conference and in order to bring about a conference of this nature, the undersigned or anyone of them will willingly upon invitation act as intermediaries to arrange the time, place and other details of such a conference. If this action can in any way aid the Mexican people."

Ten Days For Reply. "The undersigned expect a reply to this communication within a reasonable time and consider that such a time would be ten days after the communication is delivered." Signed by Secretary Lansing and the ambassador of Brazil and the ambassador of Chile, ambassador of Argentina and the envoy of Bolivia, the envoy of Uruguay, the envoy of Guatemala.

The appeal went forward today to the Generals Carranza and Villa and to more than a score of other military and political leaders throughout Mexico. As replies are asked for within ten days although the time may be extended no further meeting of the Pan-American conference is planned until replies have been received.

The conferees confidentially expect

MORE TROOPS ARE BEING SENT TO THE MEXICAN BORDER

REGIMENT OF INFANTRY, TWO BATTERIES ARTILLERY AND AN AEROPLANE EN ROUTE TO BROWNSVILLE

FORT SILL TROOPS GOING

Batteries and Aeroplane Section Left Lawton Last Night—No New Developments Have Been Reported From Section of Disturbances

Washington, Aug. 14.—Late today the war department at the request of Major General Funston ordered one regiment of infantry from Texas City to Brownsville and also ordered one aeroplane, one battery of 4.7-inch guns and one battery of howitzers to Brownsville from Fort Sill, Okla. Major General Bell commanding at Texas City will select the infantry regiment; the commander at Fort Sill will choose the batteries. Although first reports today indicated no more forces would be sent, later reports evidently convinced General Funston of the need of more protection for the border country.

ORDERS RECEIVED AT FORT SILL YESTERDAY.

By Associated Press. Lawton, Okla., Aug. 14.—Orders were received at Fort Sill this afternoon from General Frederick Funston's headquarters for Batteries B and E, Fifth Field Artillery to depart for Brownsville. Battery B is a siege battalion, Captain Smith, commanding, will be equipped with 4.7-inch guns. Battery E, Captain Surrie, commanding will be equipped with four 4.7-inch howitzers. There is a complement of 156 men, and 125 horses to the battery.

WAR MATERIAL HELD UP BY U. S. AUTHORITIES

Los Angeles, Aug. 14.—War material, believed to be intended for Carranza forces on the west coast of Mexico, was halted today when John B. Elliott, collector of customs, reported to the collector of Mazatlan the steamer, Prince Albert, of the Southwestern Steamship Company. The vessel had on board one hundred thousand cartridges and fifty-four cases of rifles when it arrived at San Pedro from San Francisco last night. More than two hundred thousand additional cartridges awaited the vessel at San Pedro. The withholding of clearance is understood to have been the result of orders from the treasury department at Washington.

SUSPECTED THAT ARMS WERE FOR FILIBUSTERS

Los Angeles, Aug. 14.—Collector Elliott said that clearance had been denied the Prince Albert because of a suspicion that the arms were destined to equip a filibustering expedition. The ship's manifest and the officers of the vessel after the company operating it were called to the federal building for an examination.

COMMITTEE CONFERRED WITH GENERAL FUNSTON.

San Antonio, Tex., Aug. 14.—A recommendation to the war department that a battery of artillery and aeroplane be sent to Brownsville, will be made by Major General Funston according to the committee that conferred with him today on the border outlaws situation. The communication asks that the force of the United States troops in the section be strengthened.

A battery of artillery will be sent from Fort Sill, Okla., and the aeroplane probably from the same place as the first aero squadron of the army is stationed there. General Funston declined to disclose the nature of his recommendations to the war department but members of the committee said everything they asked for would be incorporated.

The committee was composed of Congressman John N. Garner, Adjutant General Henry Hutchings of the Texas National Guard, Judge H. L. Yates of Cameron county, Caesar Kleberg of Kingsville, A. B. Cole, former mayor of Brownsville, John Greer, Brownsville banker, Judge James B. Wells of Brownsville, Lamar Gill of Raymondville and Gordon Hill of Harlingen.

SOME BELIEVE HUERTISTAS CAUSE OF DISTURBANCES.

Brownsville, Tex., Aug. 14.—Mexican

BALKAN AFFAIRS ARE APPROACHING CRISIS RAPIDLY

TEUTONIC ALLIES ARE MAPPED FOR ANOTHER DRIVE THROUGH SERBIA FOR THE RELIEF OF TURKEY.

IS A THREAT TO ROUMANIA

Germans Probably Will Attempt To Force Way Through That Country Bringing That And Other Balkan Countries Into The Great Conflict.

By Associated Press. London, August 14.—Affairs in the Balkans are approaching a crisis while diplomatic negotiations are proceeding in an effort to induce the states still neutral to cast their lot with one side or the other. The central powers have massed troops on the Balkan frontier. Their plan, it is supposed, is to force a way through to relieve Turkey who is believed sadly in need of shells.

This concentration which has been followed by an artillery attack on Serbian positions is equally a menace to Rumania which again has refused to permit shells to pass through her territory to Turkey. The Rumanian army already is partly mobilized and four new divisions have been called out. Bulgaria has as yet made no move while awaiting the reply of the quadruple entente to her demand that Serbia and Greece cede Macedonia to her in return for military support. This answer probably will be forthcoming within ten days, while the Serbians point out what they consider the unfairness of the Bulgarian demand, they show an inclination to make some concessions to obtain the support of their former ally. Greece is more firm in her refusal, but it is believed here that she will change in her policy when former Premier Venizelos returns to power, although he has a strong pro-German party opposed to him, and according to a telegram from Berlin tonight, King Constantine will offer him the premiership only on the understanding that strict neutrality shall be maintained. This was the point on which the King and M. Venizelos disagreed when a new cabinet was appointed and parliament was dissolved. Inasmuch as M. Venizelos was supported by the people at a general election it was thought the king might fall into line but the dispatch from Berlin indicates he has not changed his views. Should Bulgaria attack Serbia, however, Greece is bound by treaty obligation to support Serbia as her ally.

With an apparent improvement of confidence in the allied countries. The Russians claim they are continuing to drive the Germans back from Riga and west of Dvinsk, and still are keeping them away from the fortress of Kovno.

Field Marshall Von Mackensen has resumed his advance between the Dnieper and the Bug after having been delayed for several days by Russian counter attacks which finally overcame his cavalry, once before driven back 20 miles from Ladova on the Bug, and again when approaching that town.

FRANK MORAN MATCHED TO FIGHT JIM COFFEY

New York, Aug. 14.—Frank Moran of Pittsburgh has been matched to fight Jim Coffey, the Irish heavy weight, ten rounds here October 19. The winner hopes to obtain a match with Jess Willard the world's champion.

SIX-SHOOTERLESS TOM FORT WORTH POLICE CAPTAIN

Fort Worth, Texas, Aug. 14.—Tom McClure, famed as Texas six-shooter, shot, candidate for state controller last year, and prominent in politics for many years, was appointed captain of the North Side police station today to succeed Capt. Hoffrey who was shot to death two months ago. McClure was sheriff of several West Texas counties.

NO HEARING YESTERDAY IN BREWERY ANTI TRUST SUIT

Austin, Texas, August 14.—There was no hearing today in the brewery anti-trust suit of the state, the hearing having adjourned until Monday morning.

WEEGHMAN OFFERED CONTROL OF CINCINNATI NAT'L'S.

Chicago, Aug. 14.—Control of the stock of the Cincinnati National League club today was offered to Charles Weeghman, president of the Chicago Federals, for \$255,000 but the offer was declined.

Emperor Waits For The Allies To Cry "Enough"

Paris, Aug. 14.—A dispatch from Surles News Agency from Rome says the German emperor in answer to the peace letter of the Pope declared his willingness to accept peace negotiations provided the nations with which Germany was at war made the first overtures. Austria made a similar reply.

PROOF SUBMITTED THAT MEXICAN AUTHORITIES BEHIND BORDER RAIDS

By Associated Press. San Antonio, Tex., Aug. 14.—Following startling evidence laid before Major General Frederick Funston commanding the southern department, by a committee headed by Congressman John N. Garner, General Funston announced that the committee had thoroughly established its contention that the disorder in the Rio Grande valley had been fostered by constituted Mexican authorities.

Affidavits were submitted to the war department to the effect that a date had actually been set by the Mexicans for the sacking of Brownsville. General Funston candidly admitted that up to the time of the conference held with the committee, he did not believe the outlawry in the valley was receiving its backing from the Mexican side of the Rio Grande, but upon presentation of the mass of evidence, he said he was convinced the committee was possessed of information which warranted prompt action.

Submitting further proof of the report that General Nafarrette, the Carranza commander at Matamoros, had boasted that when the time came, he "would plant the Mexican flag on top of the Brownsville postoffice," affidavits were shown General Funston.

While given authority to order such additional troops as he deemed necessary, General Funston decided to communicate with Washington, and orders were issued at once to despatch artillery to the Rio Grande valley in addition to infantry and aeroplane service. With the evidence at hand, the United States army is preparing to forestall well organized plans of constituted Mexican authorities.

ITALIANS PREPARED FOR HUGE GENERAL ATTACK

Udane, Italy, Aug. 15. (2:15 a. m.)—The Carso plateau, which it is expected will lead to the early fall of Gorizia, is in chief has virtually completed preparations for a huge general attack on the Austrians along the Isonzo river, according to information received from the front. These operations are intended to result in the occupation of

EARL FAIN IS KILLED IN AUTOMOBILE ACCIDENT ON THE IOWA PARK ROAD

WOULD PUT SOLDIERS TO HARVESTING AND TO PLANTING OF CROPS

Military Leaders in Number of Mexican States Will Recognize Authority of Nefier vs Nor Carranza and Say Revolution is Ended

By Associated Press. El Paso, Tex., Aug. 14.—The military commanders of the states of Sinaloa, Tepic, Oaxaca, Guerrero and Tlaxcala, according to authoritative advices here today.

It was said the commanders had decided that for those states the revolution is over and although prepared to resist invasion of their states, the soldiers are to be used in planting and harvesting. It is said that the forces of Villa sent several weeks ago to head off an advance by General Obregon in Durango joined in a state movement there and will not rejoin Villa. General Angeles was appointed last night to deal with the affairs of natives and foreign merchants whose stores and goods were confiscated recently at Chihuahua, according to advices received today.

GEN. CARRANZA FIRES MAYOR WHO PERMITTED HOSTILE DEMONSTRATION

Vera Cruz Official Deposed Because He Didn't Stop Anti Foreign Demonstration Which Caused Alarm to American Officials There

By Associated Press. Washington, Aug. 14.—General Carranza summarily dismissed the mayor of Vera Cruz from office for permitting the recent anti-foreign demonstrations which aroused apprehension of the American government. Official notification of General Carranza's action reached here today. The advices stated that as result of Carranza's action danger to foreigners had disappeared.

In view of the continued menacing reports from Vera Cruz it is probable that the battleships Louisiana and New Hampshire, now sailing south will be ordered to Vera Cruz but will be held at some convenient place for future demonstrations.

WHEEL HIT SAND BED AUTO TURNED ROUND AND OVER ON ITS TOP

YOUNG FAIN HIT BY SEAT AND SKULL IS FRACTURED AND VIC-TIM EXPIN' BEFORE REACHING HOSPITAL

ONE OF PARTY ON OUTING

Three Other Young Men in Car—But None of Them Badly Hurt—Youth Was One of Most Popular Young Men of City

Carefree and with pleasant anticipations of a holiday outing with friends, Earl Fain, aged twenty, late Saturday clambered into an automobile with three other young men of his age. Less than an hour later, the hand of death had grabbed the happy holiday plans, and young Fain was the victim of a treacherous sand hole on the Iowa Park road. His skull was fractured and death was almost instantaneous.

In company with Joe Kell, James Barnard and James Martin Williams, all members of well known families, Fain had started for Amarillo in young Kell's Ford car, leaving here about six o'clock. About two miles south of Iowa Park the machine, travelling briskly along, struck a stretch of sand, which fairly doubled it back in its tracks and crumpled it into a twisted mass of metal. The car turned completely over, and Fain sitting on the back seat, is thought to have been struck by the rear of the machine as it described its circle downward.

OTHERS NOT BADLY HURT.

The others miraculously escaped, two minor bruises sustained by Williams being their only evidence of the accident. Fain was struck just at the base of the skull and died before he could be taken to the hospital. B. F. Taylor of Iowa Park was one of the first on the scene of the accident and, after medical attention had been given by Dr. Mike Clark of Iowa Park and Dr. Everett Jones of this city, made a rush to this city with Fain, but the latter is believed to have died just as he was being carried into the Wichita Sanitarium. When physicians reached him he was bleeding at the mouth, ears and nose and was beyond all help. A hypodermic stimulant was administered, but the fracture was of such a nature that medical skill was of no avail.

Dr. Jones reached the scene of the accident within less than fifteen minutes after the accident, being on his way home in his automobile after a professional trip to Electra. Dr. Clark drove out from Iowa Park arriving a few minutes later. Young Fain never regained consciousness. The sad news was quickly conveyed to this city and was broken as gently as could be to the brothers and mother of the victim. Mrs. Fain was almost prostrated by the news and there was grief in other homes where Earl Fain was well known and much beloved.

PARTY EN ROUTE TO AMARILLO.

Fain and young Kell were en route to Amarillo to visit the ranch property recently acquired by Mr. Kell, while Williams and Barnard were accompanying them as far as Vernon where it was planned that all should stop last night. They left here about six o'clock, expecting to be in Vernon within a few hours at most. The sand hole where the accident occurred is at the foot of a hill and the car, instead of going through it as a heavier car would have done, was tripped by the depth of the sand and completely overthrown. Its position in the road, turning upside down as it whirled around.

Barnard was able to crawl out from under the car when it had overturned, but Kell, Williams and Fain were caught beneath it. A farmer who was sitting on the front porch of his home nearby rushed to the scene and with the aid of his boy, raised the car so that Kell and Williams could get out. It was necessary to raise the machine clear to get Fain out of his precarious position.

The machine is a total wreck, a mass of twisted machinery and upholstery. It was practically a new car, having been in service less than a week.

Earl Fain was about twenty years old and had resided in this city for a number of years, attending the public schools here. Fain was with several other Wichita Falls boys, who attended the Kemper School in Missouri. This summer he had been in the employ of McClurkin & Company. Surviving are his mother, Mrs. J. G. Fain of 1409 Lamar; four brothers, Livingston of Lubbock, Lamar, Everett and Ivan of this city, and a sister, Miss Lillian Fain. Earl Fain was known as an industrious, con-

Southern Spindles Take Greater Amount Of Cotton

By Associated Press. Washington, Aug. 14.—Increased manufacture of cotton in the South, the heavy use of linters and almost normal cotton exports, which it was thought would be greatly reduced this year by the war, were the features of the year's cotton consumption and distribution report, issued today by the census bureau. Cotton growing states used 3,026,861 bales during the year, an increase of 69,325 bales over the previous year, while all other states used 2,571,937 bales, a decrease of 94,615 bales, making a total of 5,598,798 bales used in the United States. Linters used largely in the manufacture of war munitions showed an increased consumption of 94,714 bales. The total was 403,389 bales.

GEN. NAFARRETTE ORDERS BANDITS SHOT

Brownsville, Texas, August 14.—General Nafarrette tonight said he would give orders that no armed Mexicans would be permitted to cross the Rio Grande from the American side except at regular ports of entry. "If they do cross they will be regarded as bandits, and you know what happens to a bandit," he said. Nafarrette left the inference that they would be shot.

TWO BOYS HELD UP AND ROBBED LAST NIGHT

Leon Dunaway And James Banks "Fried" by Highwaymen At Corner Travis And Thirteenth

Leon Dunaway and James Banks, two boys, were held up at the corner of Travis and Thirteenth streets last night at 11:30 by a lone highwayman, and the Dunaway boy was relieved of all the money he had, \$1.30. The Banks boy had 50 cents which the robber failed to locate in the hasty search he made of the two boys. While he was going through them he held a pistol in one hand.

After securing his booty he told the two boys to "beat it down the street." They did, the robber going north on Travis.

BITTEN BY WATER MOCCASIN IN LAKE WICHITA.

While sealing Wednesday in Lake Wichita, one of our merchants, M. A. Lea, was bitten twice on the neck by a huge blunt-tailed rusty coated water moccasin. He hastily squeezed the blood from the bitten spots and applied a prodigious poultice of freshly macerated West Tennessee tobacco with which his mouth was fortunately filled. The bites have caused no pain so far, but the prints of the fangs are easily visible, and of an angry red. It seems the snake became entangled in the seine, and when M. A. accidentally stepped on it under the water it "popped it to him." While he was trying to kick the angry serpent loose it bit him again. The infuriated reptile at this stage of the proceedings was given an instant quit-claim deed to the entire lake and the seine, and the fisher-folk bid him luck and left. Those in the party from Archer City accompanied by their families were: C. E. and C. C. Conner, Robert Garvey and M. A. Lea.—Archie County News.

FUNERAL OF MRS. DAVIS TO BE HELD ON MONDAY

Relatives on Way From Chicago to Attend Funeral of Wife of Katy Yardmaster

Mrs. Louise E. Davis, aged 29, wife of Samuel W. Davis, died Friday evening at the Wichita Sanitarium after a brief illness. The funeral will take place Monday afternoon at 3 o'clock from the Hill Undertaking chapel. Services will be conducted at the chapel by Rev. C. M. Beyer and the Order of Deacons of which the deceased was a member will take charge of the services at the cemetery.

POLICE USE REVOLVERS TO PREVENT STRIKERS TAKING AWAY PRISONERS

By Associated Press. St. Louis, Aug. 14.—The police tonight resorted to the use of revolvers to prevent a mob of striking teamsters from rescuing two men arrested for inciting a riot, a performance which the strikers twice carried off successfully last night. Like last night a series of riots occurred tonight at the stables of the St. Louis Transfer Company when nearly 1,000 strikers and sympathizers gathered around a dozen non-union drivers of mail wagons who had quit work. The police succeeded in protecting the non-union drivers but a newspaper man who had accompanied city detectives to the scene was mistaken for a union breaker or a transfer company guard and was badly beaten. He was rescued from the crowd only after the detectives had drawn their revolvers and threatened to fire into the crowd. Later when the detectives arrested two of the mob leaders, the crowd again charged off by the show of revolvers and bl blows from night sticks.

COMPLICATED QUESTIONS GROW OUT OF MISTAKE DEAD MAN'S IDENTITY

Bonham Family Want Undertaker to Refund Money Paid for Services for Body They Buried Believing It That of Member of Family.

When N. E. Harland of Bonham was in Houston several weeks ago, he picked up a newspaper one day and saw that he had been buried at Bonham by sorrowing relatives, after committing suicide in Wichita Falls. The item attracted his attention and probably even excited a mild degree of curiosity, as he hastened to Bonham to reassure his family that he had not committed suicide anywhere, least of all at Wichita Falls.

The family was overjoyed, but their joy was tinged with some sadness. They had just paid a Wichita Falls undertaker \$74.00 for preparing the supposed body of their loved one, and sending it home to them, and the money had left their hands. Accordingly they wrote to O. W. Hines of the Wichita Undertaking company, asking him to refund the money. Mr. Hines, having rendered his services in the matter and having in mind that the family had accepted the body of the supposed Harland and having buried him under the belief that he was their relative, declined to comply with the request.

In the meantime the identity of the man who really did commit suicide in Archer county, and whose body was sent to Bonham and buried there, is not known. Letters found on his body indicate his name was Harlin, and the similarity in names is probably what caused the mixup. The body was never identified as that of N. E. Harland, and it appears that several things were taken for granted. The letters found on the dead man were signed "mother and the boys" and dated Llano, Texas, May and June, 1914.

In order to partially restore the family the Bonham family, which quite naturally objects to pay funeral expenses on a corpse in which it has no interest, Mr. Hines has written the commissioners' court of Archer county suggesting that they pay the Bonham folks the amount they would have had

to pay if the body had become a charge on the county. It is likely that this will be done.

If the matter should be taken into the courts, a legal question of a new and novel sort would come up for adjudication.

Reports from Bonham say that N. E. Harland now wants the body buried in his place on the family lot exhumed as he expects to occupy the grave some day himself. Altogether the affair is a mixup that raises interesting and complicated questions.

Free Linen Napkins for Coffee Users

This napkin is EXTRA value with the coffee. A three pound tin of Hannella Coffee costs \$1.25. A finer, more carefully blended coffee it is impossible to produce.

Cup quality, strength and richness make Hannella the coffee for people who want something really DE LUXE.

The napkin is a beauty. One in each can.

I WANT TO SHOW YOU

SOME DANDY

Diamond Values Monday

I am going to make August one of the best sales months in the year, even if I do have to sacrifice on prices to do so. Every month is Diamond month, so I have picked out Diamonds to offer, and the prices are going to be so low that if you ever wanted a stone you will sit up and take notice at the prices I am putting out now.

Cut Glass at Cut Prices

I am also showing a window full of Cut Glass that will be one of topics of conversation in little old Wichita Falls for many a day to come. The list comprises: Nappies 57 cents, Sugar and Cream sets 67 cents, Celery Dishes 95 cents, 10 inch vase \$1.95, Comports \$1.65, 8 inch Bowl \$1.95, 8 inch Fern Dish \$2.45. Many other pieces at corresponding low prices.

PAN-AMERICAN NOTE MADE PUBLIC AT WASHINGTON

(Continued From Page One)

within a reasonable time enough favorable replies to warrant them in extending their aid in arranging for the peace conference.

Carranza Uncertain Factor

General Carranza's attitude toward the appeal still is a matter of speculation here. Although his position thus far has been regarded as defiant it is hoped that the friendly tone of the appeal may lead him to open negotiation with the conferees. It is generally believed he will join in a peace conference. Should Carranza make no reply whatever, it is expected the conferees will accept the invitations of other factions in Mexico to arrange details of a peace conference without his participation.

In support of a government note representing all the factions probably it would become necessary to extend the plan of the conference. An embargo on arms for forces which would oppose the new government probably the first step.

JOHN W. HARPER DIES AT BIDDEFORD, MAINE

By Associated Press. Biddeford, Maine, August 14.—John W. Harper of New York last of the Harper Brothers, magazine publishers, died today, aged 84.

MORE TROOPS ARE BEING SENT TO MEXICAN BORDER

(Continued from page one)

border band men today received two significant warnings that their attempt to start a revolution in Southern Texas has failed. J. M. Fox, captain of the Texas Rangers, telephoned this evening from Raymondville, a few miles north of here, the following short message:

"We got another Mexican, but he is dead."

From other sources it was learned that the Mexican was found on a ranch and that he was connected with the band which raided sections south of here early this week.

Other warnings came from General E. P. Nafarrette, commander of Carranza troops at Matamoras, who announced through the Mexican consulate here that he is trying to aid in stopping Mexican band men from escaping into Mexico. The consul said he was instructed to inform American army officers that Nafarrette will order his commanders along the Rio Grande to permit no armed person to escape to the United States.

New Theory Advanced. A new angle on the cause of the Texas border revolution was furnished today by United States Consul J. K. Johnson at Matamoras. He said that many good people in this section believed the outbreak was worked

up in a part by so-called Huerta followers who for years have been exiled, residing along the Texas border. Some of these exiles, he said appeared to hope they might regain their prestige in Mexico if trouble was stirred up with the United States.

Sheriff W. P. Vann of Brownsville and Ranger Captain H. L. Ransom with their men and some of the deputies from Hidalgo county immediately west of here, concentrated today in searching the brush near Santa Maria and Mercedes up the river from Brownsville for Mexicans who were reported gathering in that section last night. Late today they reported no important discoveries had been made.

Mexicans who have left their bands are reported riding through the country in groups of twos and threes and are living in apparent harmlessness among the Mexican population of the towns, but are causing some apprehension.

RAIDERS DRIVE CATTLE ACROSS ARIZONA BORDER

Nogales, Ariz., Aug. 14.—With 20 armed men, Sheriff W. A. McKnight left here today for Harrison's ranch, nine miles east, where Mexican raiders were reported to have crossed the international boundary and driven 300 head of cattle into Mexico. Nogales citizens began arming themselves.

F. Farrells, manager of the Harrison ranch, said the Mexican who appeared to be soldiers made the raid before dawn. He said a cowboy fired on the Mexicans who returned the fire. Fifty cowboys from other ranches were riding toward the Harrison ranch with the announced intention of going into Mexico if necessary to bring the cattle back.

Carranza forces appeared close to Nogales today. The Villa government under Gov. Maytorna prepared for an attack.

MR. CASSIDY'S REPLY TO THE SASH AND DOOR CO.

Editor Times: My attention has been called to an article in your paper purporting to be an answer to the open letter written by me sometime since. At the time I wrote my former letter, I had no intentions of carrying on a polite bickering with the understudy of the powers that be; my intentions were merely to show to my fellow workmen the underhanded means used by certain of the interests to secure their ends. Since this article, signed by one who was in no way connected with the matter in question and who could not possibly have any personal knowledge of the matter, has appeared, I am going to take the liberty of making a few comments on same. In the first place, my former letter,

contrary to the express declaration of this purported answer, did not mention the name of any person or corporation as being responsible for my discharge. In the second place, I have wondered why it was that this purported answer and denial of the charges I made, was made by the sales manager and not by one of the parties connected with the matter and having full knowledge of the real facts.

At the time of my discharge the foreman in question distinctly told me that my political ideas in the late election was the cause of my discharge and he further added "that others were liable to find themselves in the same fix." I at once took the matter of the cause of my discharge up with the general manager and he refused to deny that such was the cause of my discharge. I made affidavits to each of these facts to show my good faith in the matter. May I not, in all fairness, ask why it was that one of these parties with knowledge of the real facts, could not make a denial of my statements under oath and not leave an answer to the opinion of a straw man, who in his denial goes so far as to really admit that it might have been the cause of my discharge.

In regard to the unjust charge that I spent my time in talking, instead of working, I challenge the signer of this statement to produce a single affidavit from among my fellow workers. I care not what their belief is, that will substantiate such charge. But since the matter has been brought up, I will state on my oath that the signer of the statement in question tried to discuss such issues with me during working hours on several occasions and I refused to do so.

The comment in regard to the two fellow workmen of like faith that are still employed, simply shows how small was the knowledge of the writer of this denial, or else a weak bluff. The signer of this denial well knows that one of these parties had no vote in the late election—was quite harmless to the assistant foreman, one who was the assistant foreman, one who could not be replaced at a short notice. Probably their disposition will come later, or perhaps my efforts to show the facts will prevent a wholesale discharge for conscientious ideas.

I would not give a passing moment's time to this discharge, if it had been for a reasonable cause, but as a laboring man I do think it my duty to call attention to the fact that certain interests regard conscientious ideas as a good cause for discharging us from our work. The signer of this denial states that the foreman had a satisfactory reason for discharging me, but he forgot to state that this reason seemed, also, to be satisfactory with the general manager when I took the matter up with him. Furthermore, why was

my discharge held up until after the election. The article in question says it is beneath good business to give the matter even a moment's notice. Then may I, as a workman ask, if the discharge of honest men for conscientious ideas are beneath the notice of so-called good business, is there any

sacred right of the workman, that good business must respect?

W. A. CASSIDY.

THREE BUSHELS OF JEWELS AND PURSES ON EASTLAND

By Associated Press. Aug. 14.—Three bushels of jewels, purses and other small

pieces of personal property which belonged to the victims of the Eastland disaster, were recovered today when the ship just three weeks after the disaster was restored to an even keel. The property was found on the upper decks. Exploration of the hull will follow.

Wichita Falls, Texas, August 15, 1915

Right on top of the report that mid-ling cotton is worth 32 cents per pound in Germany comes another report that the Germans have discovered chemicals that take the place of cotton in the manufacture of gun-powder and other explosives, and if that be true it will do England no good to keep our cotton from going to Germany to be used, as she asserts, by the Germans in the manufacture of explosives.

It used to be the case in West Texas and the Panhandle country that not enough feed crops were produced to feed the cattle through the winter months, and as a consequence the stockmen began to sell their cattle early in the fall, rather than buy feed for them in another section of the State and have it shipped in. But conditions have undergone a complete change. More feed is now raised than in former days, or else there are fewer cattle and stock to be fed. The thing that is now puzzling most Panhandle farmers is that of finding a market for their feedstuffs. Most of them have yet on hand a large supply left over from last year, and in addition have raised most abundant crops again this year.

If it be true, as reported, that Great Britain is going to make a bid for the entire cotton crop of the United States we are of course just a little anxious to know what the price is going to be. In the meantime, however, cotton producers should not be too hopeful. Great Britain will not pay any more than she is forced to pay for anything she happens to need, and the best way to raise the price of cotton is to plant less and less of it, and hold what you have until the price gets right to sell.

There is more prosperity in the counties that raise wheat, oats and feed crops, with a little cotton, than there is in the counties that raise little else but cotton. Wichita is one of the counties in Texas that produces more wheat and oats than any other farm crop. In fact there are men right here in Wichita county who came to the county thirty years ago in only moderate circumstances who are now wealthy and they made their money by raising wheat as their principal crop.

Burk Burnett will hold her annual carnival August 18-21 and preparations are being made to entertain a large crowd on that occasion. A special invitation is extended to the people of Wichita Falls to visit Burk Burnett on

this occasion, and doubtless many will accept. It will be a good time to see what a flourishing little city has been built in what a few years ago was but a cow ranch, and which is now the center and marketing place for one of the best and most thrifty farming communities in the entire State.

"I think I understand the gravity and importance of the cotton situation, and you may depend upon it I shall handle it with the sincere desire to serve the interests of the cotton states in every way possible to serve them. I wish that I could alter the circumstances of the war which are so seriously affecting our national life."

The above is an excerpt from a letter written by President Wilson to Congressman Hatton W. Sumers of Dallas, and shows that the president is looking after the interests of the cotton producers of the South, and is not unkind of their interests.

Reports are current that Evangelist Billy Sunday has consented to hold a seven weeks revival meeting in Dallas during the fall of 1916. Billy first formed them that all his time during next year would be spent in Dallas citizens have a way of going after things and bringing them back. Their way, in this instance, was a large "I" trailed by one large "I" and five large "O's". They are using the same bait to capture the next National Demagogue Convention for their city, and here's hoping that effort will end in a ditto fashion—Clarendon News.

The impression that has been created, generally, is that Dallas does not want Sunday to come there and preach the Gospel for seven weeks so much for the good such preaching will do Dallas citizens, but for the crowds from outside towns that will be attracted to Dallas, and of course, while in the city they will have to spend money and lots of it. Whether the Reverend Billy Sunday is aware of it or not, it makes no difference—he is being used as an attraction or drawing card. Some would say that he is commercializing his calling. Whether that is true or not, this much can be said: The city that puts up the biggest purse gets his services.

NORTH TEXAS POULTRY ASSOCIATION

Editor Wichita Daily Times:

In behalf of the North Texas Poultry Association we wish to remind all lovers of fine poultry, the breeders as well as the consumers, that our next annual show will be held December 15-18, at which time we hope to have the best poultry exhibit ever witnessed in this section of the state. Our exhibit last January numbered about 300 birds, though our association was but two weeks old. Being so much encouraged with the success of that show our association decided to make these exhibits a permanent annual affair. With a little assistance from the progressive citizens of Wichita Falls we shall more than succeed. Our association is not to be a local affair but we cordially invite the cooperation of all this section of the state as our name implies. We have employed Mr. Walter Burton of Arlington, Texas, a poultry judge of national reputation, to judge the coming show. Our catalog is now being prepared. We hope to have a worthy premium list. We are highly pleased with the response our citizens are making in the way of premiums. Some of the progressive citizens in the adjacent towns are also responding. We hope that others who will go so at all will respond readily when our secretary, Mr. T. E. Cannedy, calls on you. If he overlooks you then write him your offer that all the premiums offered may be listed in the catalog. We hope to be able to offer some loving cups. Some of our generous hearted citizens might desire to offer such a cup. Talk with our secretary about it.

There will also be offered some premiums which shall apply to members of the association only. Membership dues for each year ending with the annual show, is \$1.00. We urgently insist on every one who has the best interest of this association at heart to send to our secretary at once \$1.00 and thus become a member with us. You do not need to be a real fancier to become a member.

There will also be some premiums for boys and girls who may exhibit with us. We urge the amateur exhibitor to look well to his fowls from now on. Don't crop their wings or otherwise mutilate them and thus deprive them from competition. Let us all boost this enterprise and when Wichita Falls shall have organized a fair poultry association, then the poultry department, if such shall be desired, will be a guaranteed success even from the beginning.

THE NORTH TEXAS POULTRY ASSOCIATION

After listening to an address by Senator Hoke Smith, in which he pointed out that Great Britain was flagrantly violating the rights of neutrals in refusing to allow products of Germany and Austria to be shipped from neutral ports to the United States, more than 300 New York importers adopted a petition to President Wilson urging him to take prompt action to relieve the conditions complained of. The situation is analogous to that of the man who was confined in jail without warrant of law—the right which Great Britain asserts does not exist, but at the same time she is effectively upholding it by virtue of being "mistress of the seas." As the matter will have to be threshed out through diplomatic channels, a tedious and tiresome process at best, there would appear to be little promise of relief for a long time to come.—Houston Post.

HOW IS IT TO DATE JIM?

Mr. Ferguson has told us that he got to thinking about the sort of man we should have for governor and that he made the suggestion of running to two or three friends, getting from the inquiry, "Why not make a try yourself?"

At least that's the story as we now recall it. Of course the story is just the same in the repeating; it either has a pane of glass knocked out of the roof, taken off or is going over the town in a Ford. But we have given the main outlines, which is all any portrait painter is expected to do.

What Mr. Ferguson wanted, of course, was a business man for governor, some man who wouldn't stop on the street corner to talk politics or drop into a beer parlor to play checkers, but who would come down to the office by seven o'clock each morning, take off his coat, roll up his sleeves and proceed to give the taxpayers the worth of their money.

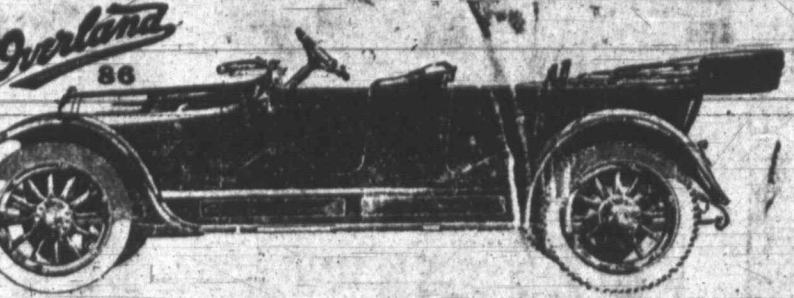

Mr. Ferguson has now been the governor of the State of Texas for a period of seven months. Is he meeting his own demands as to the sort of man he wanted for the job? Or is he letting matters drift after the manner of the average politician who gets into office and feels his importance?

There is the penitentiary system; is that the same old chaos? Must the taxpayers go on digging up the ducats to support an institution that ought in reality to be a revenue producer or at least self-supporting? How is it that a lot of able-bodied men, with no wages coming to them, can't earn enough to feed and clothe themselves? Has Mr. Ferguson in any way improved on the methods of Campbell and Colquitt in the management of the prison system of the State?

GOVERNOR NAMES JEFFERSON DAVIS HIGHWAY COMMITTEE

By Associated Press, Austin, Aug. 14.—Governor Ferguson today appointed a committee of five to co-operate with Mrs. J. F. Burton of Houston in obtaining the Jefferson Davis Highway. Following is the personnel of the committee: George Armistead, San Antonio; A. G. Smoot, Austin; A. R. McCollum, Waco; Hugh Nugent Fitzgerald, Fort Worth; and Judge C. F. Greenwood, Dallas.

James H. Avery, secretary of the Texas Live Stock Sanitary Commission, stopped off here Friday en route to Wichita Valley points.

E. B. Carver came up from Fort Worth Saturday morning for a short stay here.

E. R. Atwell of Dallas, Harold Williams of Dallas, L. E. Prout and J. Penning of Oklahoma City, all officials of the Waters-Pierce Oil Co., have been here for several days.

A. B. Carlisle of Piedras Negras, Mexico, stopped off here Friday night while en route to Oklahoma points.

S. R. Collier who travels for Carroll, Brough, Robinson and Gates is moving here with his family from Dallas.

J. G. Flowers, who makes Wichita Falls his headquarters, has returned from a trip to St. Louis.

Tom Holt and wife were here from Grarford Friday making the trip in their automobile.

F. T. Gwinn returned Friday night from an extended trip to West Virginia and Ohio.

E. W. Fyfe returned to Wichita, Kansas Saturday after spending several days here on business.

J. P. Anderson, traveling freight agent for the Katy, is back on duty after a vacation spent in the East and at Lexington, Okla.

Dr. Hughes and family have left on an automobile trip to Wylie, Texas.

J. B. Marlow and N. G. Munroe have

returned from a trip to King county, where they went with a party of Dallas capitalists to look at a ranch. Mr. Marlow reports that section very dry and hot but the grass which grew luxuriantly in the spring is well cured and the cattle are doing well. He says he saw more quail on the trip than he has seen in fifteen years and succeeded in getting himself invited by ranchmen to come out and hunt when the season opens.

Dr. H. A. Waller and son, Leslie, and Newton Maer returned yesterday from California, making the trip in Mr. Maer's Ford, making the return trip in nine days.

Harry Daugherty and wife are up from Archer City to spend Sunday here.

Miss Inez Geary left yesterday for Dallas, where she will visit her brothers. From there she will go to Stamford to attend a house party.

Charles Pridden and family have gone to Wylie, Texas, for a visit.

G. C. Smith, ticket agent for the Katy at Gainesville, is here for a visit with his friend, Mr. Greenhill.

Charley Smith after a week's visit with friends here left last night for Fort Worth, where he will make a short visit before returning to Post City, where he is employed in a drug store with his brother, J. O. Smith.

IN THE SPHERE OF WOMANKIND

SOCIAL CALENDAR FOR THE COMING WEEK.

Monday, Aug. 16—Circle No. 2 of the Missionary Society of the M. E. Church, South, will meet with Mrs. Bert Bean; a full attendance of members is desired.

Wednesday, Aug. 18—The Congregational Crochet Club will meet with Mrs. J. H. Taylor.

The Monroe Sewing Circle will meet with Mrs. George Thornburn.

Thursday, Aug. 19—Thursday Sewing Circle will meet with Mrs. C. B. Montgomery.

Friday, Aug. 20—The Six Merry Maids will be entertained by Miss Louise Hines.

MISS ALMA FIENHOLD COMPLEMENTS HER COUSINS.

In compliment of her cousins, the Misses Louise and Aline Obermeyer, Miss Alma Fienhold, delightfully entertained a number of young people at the home of her parents at 1206 Austin street Thursday night. Many interesting games were played, and at a late hour, refreshments of delicious ice cream and cakes were served. Mr. Oscar Luecke's music was highly enjoyed. Those present were: The Misses Louise and Aline Obermeyer, the honorees; Misses Ida Ernst, Theodora Forech, Bertha Berger, Edith Luecke, Mrs. Fred Obermeyer, Mrs. A. L. Fienhold, Miss Ruth Fienhold, and Messrs. Fred Vogtsberger, Oscar Luecke, Aug. and Chas. Vogtsberger, Peter Berger, Albert Thormann, Herbert Thormann, George Ulrich, Theodora Luecke, Geo. Flentge, C. M. Beyer, Mr. A. L. Fienhold, Fred Fienhold and Walter Fienhold.

MISS REID HOSTESS THURSDAY EVENING AT KEMP KORT

Miss Ethel Reid entertained informally with a progressive heart party Thursday evening at Kemp Kort. Hearts and forty-two were the games of the evening and music was also a feature. Refreshments of pineapple sherbet and nibbles were served late in the evening to the following: Misses Annette and Mary Coffield, Marion Crabtree, Cora Lee Waggoner, Pauline Harris, Alice Frasier, Virginia Andrews, Opal Shaver, Ruth Masters, Messrs. Claude Thornton, Chetton McDowell, Joe Stokes, Auld, Floyd Friberg, Ralph Pond, Baldwin Montgomery, Leslie Millican.

B. Y. P. U. SOCIAL ENJOYED LAST THURSDAY EVENING

A "Library Social" at the home of Miss Blanche Lawler was enjoyed by the young people of the B. Y. P. U. Thursday evening. A magazine contest and other games in keeping with the general nature of the entertainment were enjoyed with Victoria music as a feature. Refreshments of ice cream and cake were served. Those enjoying the evening were: Misses Bessie Lee Bartlett, Cullen of Dallas, Louella Morgan, Runa Brown, Nell Trevathan, Elizabeth Miller, Theresa Smith, Cora Renfro, Barbara Hillier, Emma Carter, Eleanor Brown, Debra Butler, Leah Taylor, Anna Belle King, Blanche Lawler, Lucille Mapes, Imogene Brown and Messrs. Gant, Morris, Talbert, Gill, Simmons, Preston Brown, Smoot, Clarence Brown, Eli Morgan, Walker, McIver, Renfro, Williams, Moxley, Link and Lawler.

COMPLIMENTARY PICNIC FOR SHERMAN VISITOR FRIDAY

Miss Ruth Masters of Sherman, guest of Miss Virginia Andrews was honored at a delightful picnic at Lake Wichita Friday evening. The family of Dr. and Mrs. A. L. Andrews has been in camp at the lake for the past week and this camp was the scene of a fish fry in the early evening, followed by a motor boat ride over the lake. The guests included: Miss Masters, the honoree, Misses Pauline Harris, Opal Shaver, Virginia Andrews, Messrs. Wilber Len, Hall, Olin Nelson and Preston Manley with Dr. and Mrs. Andrews as chaperones.

MRS. C. R. HARTSOOK SEWING CIRCLE HOSTESS THURSDAY

The Thursday Sewing Circle met this week with Mrs. C. R. Hartsook. The usual light summer fancywork was engaged in and the presence of Miss McCune of Tulsa and Mrs. A. M. Hartsook as guests added to the enjoyment of the afternoon. The majority of the members being out of town the club attendance was limited to three, the hostess, Mrs. J. W. Murphy and Mrs. J. G. Pressley.

Mr. and Mrs. J. D. Perdue, Miss Myrtle Miley and Mr. and Mrs. Dan McGrath will spend next week at Medicine Park fishing and enjoying other pleasures of the summer camp.

FAREWELL PARTY FOR MISS BEAVERS FRIDAY

With the departure of Miss Helen Beavers next week for New York to enter a Y. W. C. A. secretary training school, the First Presbyterian Sunday school loses one of their most faithful and efficient teachers and department superintendents and it was to express in a measure their appreciation of her past efforts and to voice their genuine sorrow at losing her that the teachers and officers of the Sunday school met in social session Friday evening at the church. A spirit of informality prevailed, the guests chatting with the honoree, so soon to be lost, meanwhile enjoying musical selections with Miss Dorothy Beavers at the piano and Miss Frances Urban, violinist. The refreshment course was served at a long flower decked table and while all seated at the table the feature of the evening occurred. Rev. Hlon T. Jones, supply summer pastor of the church, acting as toastmaster called for toasts to be given Miss Beavers by J. C. Hunt, superintendent of the Sunday school; Miss Frances Urban in behalf of the Junior department of which Miss Beavers had been superintendent for the past two years, Mrs. Alexander and Mrs. E. L. Jones for the Westminister Guild, who in Miss Beavers had their president and most ardent worker. Then Mr. Jones speaking as a classmate of Miss Beavers paid her a beautiful tribute. The superintendent, Mr. Hunt, who leaves soon for his vacation was also remembered and appreciation voiced for his faithful services for the Sunday school. When the last toast had been given, little Miss Elizabeth Carrigan garbed as an ebony faced pickaninny entered with a huge bundle of "washing" on her head, marched to the honoree and asked that she "count the clo'es 'n see if they's all there." The washing was found to be the farewell gifts of the teachers and officers, the tribute to Miss Beavers taking this concrete form. Those present were: Miss Beavers, the honoree, Messrs. and Mesdames A. H. Carrigan, J. T. Montgomery, J. L. Mears, O. W. Hines, C. E. McCutchen, C. W. Beavers, Dr. and Mrs. Everett Jones, Mes-

James Darnell, Stone, Alexander, Morris; Misses Frances Urban, Mabeon, Meadors, Ruth Leach, Pate Haynes, Dorothy Beavers, Emma Haynes, Pauline Mears, Jodie Haynes, Mesdames Gordon Auld, J. W. Culbertson, Leslie Howard and J. C. Hunt, Rev. Jones.

BIRTHDAY PARTY FOR HELEN SNIDER FRIDAY

More than a score of happy children gathered at the Snider home Friday afternoon to assist the little daughter of the house, Miss Helen, in celebrating her tenth birthday. Games of various kinds were of course enjoyed and the chief attraction was a fishing pond, constructed for the occasion. Here the guests fished for the favors, which were found to be representative of Mother Goose characters. As each favor was drawn out the rhyme which belonged to that particular character was given. Pictures were taken and the customary ceremony cutting the birthday cake took place in the dining room. The ring was cut by Ella Merle Mathis, the thimble by Hallie Adams and Ida Baggett cut the dime. A refreshment course served on the lawn marked the close of this most delightful party, which will long be remembered by guests and hostess alike, the hostess being especially well remembered by a number of pretty birthday gifts. Mrs. Snider was assisted by Mrs. J. C. A. Guest in entertaining the following little folks: Hallie and Virginia Mac Adams, Sadie and Frankie Adickes, Eleanor Allen, Ruth Andrews, Ida Baggett, Mary Blair, Ruth and Retta Barnard, Mary Frances Collier, Edmontine Friberg, Berenice and Robert Gohike, Gave Gwynn, Beniah Gardner, Janice Harrington, Louise Hamlin, Helen Knott, Ella Merle Mathis, Edna Maude Lee, Rosella Williams, Elizabeth Greenwood, Jimmy Guest, Virginia Walters, Mary Ferguson, Mary Joe Kell, Kathleen Lynch, Ruth Nolen and Leona Maricle.

A swim and picnic at Lake Wichita was enjoyed Friday evening by the following: Messrs. and Mesdames W. L. Dillard, Ed Suddith, B. C. Williams, Ed Pollock, Mrs. M. H. Dillard and Miss Marie Dickey. Teachers, Miss Mary Dillard of Frederick, Okla., Misses Ora Carlton and Vera Meadows.

At The Churches

First Methodist Episcopal Church. (Corner 7th and Lamar.) All the regular services at the usual hours. Sunday school at 9:45. Classes for all ages. Several more new scholars last Sunday. This is good and we want still more. Come and meet with us in the Sunday school. Epworth League at 7:30. Come on time for a thirty minute service. Preaching services morning and evening. Sermon subject at the evening, "Clock hour." "The Passing of Harvest," and for the evening "The Sin of Silence." We were bluffed by the rain last Sabbath evening. Let us not be quite so fearful of the weather and come and make our services interesting. The evenings are growing longer and cooler. Come and we will have the sermons subjects worth while. There will be nothing out of the ordinary, just plain Gospel sermons. You are invited. All the regular services at Paul's Memorial Chapel. We are having a fine Sunday school and urge all in this community to come and worship with us. CHAS. CPARK SMITH, Pastor.

First Presbyterian Church. Sunday school at 9:30 a. m. Morning worship at 11 o'clock. Hlon T. Jones will preach at the morning hour his subject being "The Foundations of Life." This will be a sermon especially for the young people. A good attendance of the young people of the town is desired. The public is cordially invited to attend all the services. There will be no evening service.

First Baptist Church. Dr. J. B. Gambrell of Dallas will preach Sunday at 11 a. m. and 3:15 p. m. A cordial invitation to all Sunday school services at 9:30 a. m. The pastor, Bro. R. C. Miller and wife are absent from the city taking a short rest.

Christian Science. Services are held in the church edifice, corner Ninth and Lamar as follows: Lesson sermon Sunday at 11 a. m. Subject, "Soul." Sunday school at 9:45 a. m. The reading room at the same address is open daily except Sunday and legal holidays from 2 to 5 p. m. The public is cordially invited to attend the services and visit the reading room.

Lutheran Church (Mo. Synod). Sunday school (German and English classes) at 9 a. m. Bible class at 9:45 a. m. German morning worship at 10:30 a. m. The pastor, Dr. C. M. Beyer, will be at Henrietta in the afternoon. Everybody is cordially invited to worship with us. C. M. BEYER, Pastor.

Church of Christ. Sunday school at 9:30. Preaching at 11 o'clock by Brother J. S. Dyer. A cordial invitation is extended to the public to attend these services. C. A. BUCHANAN, Minister.

McKINNEY BUSINESS MAN DIES FROM HEART FAILURE

By Associated Press. McKinney, Texas, Aug. 14.—J. B. Rhoden, a business man of McKinney, died suddenly Friday night while returning from church. He was driving an automobile when attacked with heart failure, and expired instantly. The rigidity of his feet on the brake following the attack stopped the car. He was an old resident of McKinney.

CORRECT DRESS FOR MEN & WOMEN

The Store of Service and Satisfaction

Makes Location With Bottle Of Crude And Twine String

(Austin-American.) Basing their reason for drilling on the assumed ground that Henry Zachary, 26 years old, can by the aid of a bottle of crude oil and a piece of simple twine, locate the largest oil veins no matter at what depth they may be hidden under the earth's surface, drilling began two weeks ago at Pilot Knob. Yesterday drillers reached a depth of 250 feet. The last fifty feet of the drilling being through an encouraging strata of sandy shale.

Zachary was raised in Lockhart, and says he has possessed this superhuman power of oil discovery for the last fifteen years, but because of lack of financial backing has been unable to show it. C. J. Williamson, who has charge of the first well, known as D. Collins well No. 1, one-third of a mile west of the Knob, says that he has tested the Lockhart boy, taking him blindfolded over the various proved oil fields of the State, and that Zachary never failed to show exactly where there was oil and where there was none, being prompted by the supposed electrical shock which Zachary says he receives when close to an oil vein.

Another phase of outward superstition in the drilling of this well is that the first well gets its name from the negro, D. Collins; on whose land the well is being drilled. The promoters of the project say they will trust "nigger" luck where all other chances fail.

The Austin promoters of the project includes several prominent Austin men, who have leased several thousand acres of land near the present well. The well, however, is being drilled by John A. Kerr of San Antonio, and C. J. Williamson, who personally engineers the work now being done at Pilot Knob. The contract calls for the drilling of a hole 1500 feet deep, but those in

OVERLAND FACTORY IS LARGEST IN THE WORLD

Large additions more than equalling the size of the average American automobile plant are being started at the Overland factory in Toledo.

According to officials of the company, the additions to the factory alone will be equivalent to almost 23 acres of floor space. In addition to the factory extensions, there will be a new office building 63x373 feet.

One of the new factory structures will contain 20 acres of floor space and will be nearly three times the size of the original Pope plant, when taken over by John N. Wyllys, president of the Wyllys-Overland Company. This building will be five stories high, 400 feet wide and 400 feet deep. It will be used for final testing, body assembling and finishing and will contain 800,000 square feet of floor space.

This building will contain even more floor space than the one recently completed for the Overland, which was 1,000 feet long, 200 feet wide and three stories high and said to be the largest single factory building in the world. The new assembling and finishing building will, upon its completion, give the Toledo plant the distinction of having two of the largest single factory buildings ever constructed.

The enamelling department will have an extension put on it containing 3,500 square feet of floor space. This shop, without the new addition, is said to be one of the largest and best equipped in the industry. The sixteen large, electrically heated ovens have a capacity of turning out 140 tons of enamelled product every ten hours. It is declared by electrical engineers that the power consumed by these monster furnaces is fully as great as the power required for lighting a city larger than Toledo.

The pattern shop will be enlarged by three story, fire proof additions, 83 feet wide by 100 feet long. This new building will add 25,000 square feet of floor space to the department. The dry kiln building will be increased in size by a two-story, fire proof extension 145 feet by 107 feet, containing 31,500 square feet of floor space. The original Pope buildings facing Central avenue will be rebuilt and enlarged by 63,000 square feet of floor space. They will be made fire proof throughout.

In addition to the enlargements of the factory proper, the demand for more office room has been such as to require new office quarters and the old wooden buildings will give way to a new administration building. The plans call for a seven story fire proof structure made of steel and tile throughout. The new office quarters when completed will contain 165,000 square feet or practically four acres of floor space.

It is declared that this greater production space has been made imperative by the tremendous demand for the two new cars just announced by The Wyllys-Overland Company. Although

a big sale of these cars was predicted, the volume of orders received has been greatly in excess of anything that could be foreseen. Although the production of the Overland Company is larger than ever before in its history, and is steadily increasing, the factory finds it impossible to gain on the orders that keep pouring in from all sections of the country.

REMARKABLE ECONOMY RECORDS OF SAXON SIXES

Reports of records made by 109 Saxon "Sixes" in a nationwide economy contest indicate that new records in economy will be established by the cars that entered. Complete records of the performances and announcement of the winner will be made within a week by the Detroit newspaper men who are acting as judges. Despite the fact that the runs started over roads made muddy by almost two days' steady rain, the general average made by the 109 competing dealers was better than 20 miles per gallon of gasoline. Oil consumption was correspondingly low.

Reports received thus far tell of unusual records made by C. F. Stewart of Kokomo, Ind., and E. H. Jure of Binghamton, N. Y., both of whom drove through from Detroit to their home towns and averaged better than 26 miles to the gallon of gasoline all the way.

SCHNELL AND WEAVER BACK IN OLD STAND

Schnell and Weaver are now back in their old home at 619 Scott avenue. They have a carload of Oakland, Little Sixes and two carloads of Hudsons en route. They also have a car of Packard Twin Sixes coming. They will operate a garage and repair shop in connection with their sales business. Lloyd Weaver will have the active management of the business.

SLACKENING OF PRESSURE ON MUNITIONS WORKMEN

Birmingham, Aug. — Throughout Central England, there has recently been a slackening of the pressure upon workmen to put in excessively long hours at munitions work. It is also announced that brief holiday periods of from two to four days will be granted at intervals of about two months to men and women who are putting in practically seven days a week. The explanation is that workpeople began to show signs of "fag" under too constant employment at the bench or machine, and the directors of the factories decided it would be in the interest of future output to sacrifice a few days now and then.

NEW DODGE ROADSTER FIRST MODELED IN CLAY

Comment on the beautiful lines of the new Dodge Brothers roadster has brought forth the information that this latest model of the big Detroit concern was first modeled in clay, after which patterns were made for the regulation steel bodies.

In order to obtain the true stream line design, Dodge Brothers' engineers adopted the architect and sculptor's device of first making a model. Every harsh line was carefully eliminated in the clay model and when the company officials finally placed their O. K. on the clay body, the rest was easy.

Beyond its mere exterior, Dodge Brothers' new roadster model is designed for purposes of utility. The light wooden frame work was discarded in the construction of the car in favor of an all steel body. Lightness, combined with great strength has thus been obtained as well as far greater baggage carrying capacity.

Enough baggage for two for a trans-continental tour can be easily carried in the roomy compartment at the rear of the car. This compartment, of course, is proving equally useful to the city salesmen who are compelled to carry samples on their daily rounds. The absence of the tonneau affords room for a relaxed position for the two passengers, and the seat is of comfortable width for two people. The complete car weighs just 2,150 pounds.

TO PAVE LAMAR AVENUE FROM FIFTH TO SEVENTH

Efforts Still Being Made to Line Up Property Owners For Paving to Seventeenth Street

Work will start tomorrow on two blocks of Lamar avenue where paving has been agreed to by the property owners, being the two blocks between Fifth and Seventh streets. Efforts are still being made to line up the property owners between Seventh and Seventeenth for paving. A majority of the property owners in practically every block want the work done, but there are several who so far have not seen their way clear to sign up. It is felt that this is the best opportunity for paving the street. Efforts for some time and every effort will be made to have Lamar paved, at least from Fifth to Tenth, before Contractor Roberts moves his equipment from that section.

Water and gas pipes are being changed on Tenth street west of the new fire station preparatory to the starting of paving there.

THREATENING LETTERS RECEIVED BY OFFICER

Chief of Police Nail Receives Anonymous Communications Threatening Him With "Hot Lead"

A promise of death by the hot lead route was the cheerful message received Saturday morning by Chief of Police J. B. Nail, when the mail brought him two post cards. The first one read as follows:

"I am asking you for your own good to be slow about arresting the working men around this town, for if you don't you may meet death, for the working men is getting tired of this business. Yours for death."

The other post card, written apparently by the same hand, was as follows:

"You had better be praying, for your time is short here. The way me and my gang is going to put the hot lead to you won't be slow. Bear in mind I mean what I say. Yours for death. (Signed) A. C. B."

Chief Nail was firm and fearless in the face of danger. "Nobody need think they can scare me into not doing my full duty," he said.

NEGRO WITH AUTOMATIC SHOOT 2 OTHER NEGROES

George Johnson May Die, Will Edmondson Wounded and Oscar Wells Under Arrest

Walking into a barber shop and opening fire with an automatic, Oscar Wells, negro, late Friday inflicted serious wounds on George Johnson and also wounded Will Edmondson, both negroes. Johnson was shot through the bowels and his wound was thought to be fatal.

Wells was arrested by Policemen Burns and McDonald and locked up. He will probably have an examining trial tomorrow. He vouchsafed no reason for his action, save that the bunch in the barber shop had been treating him badly. There were several negroes in the shop when Wells entered, but none remained after the bombardment began. Wells used a .25-caliber automatic.

Wells told District Attorney Humphrey that he shot because he was mad.

"But suppose those niggers die?" he was asked. "I just hopes they do die," was his reply.

Johnson's condition improved Saturday and it was thought last night that he would recover. The bullet passed through his intestines and also severed an artery, but prompt medical attention was provided.

NEW PRESIDENT ASSUMES HIS DUTIES IN HAITI

American Red Cross Engaged in Relief Work at Port Au Prince—Many Starving

By Associated Press. Washington, Aug. 14.—The Haitian flag flies again over Fort Neolona and both Port Au Prince and Cape Haitien since President Dartiguanere took up his duties. Rear Admiral Caporion reported today that the new president's reception was enthusiastic. The American Red Cross cabled \$1000 to Port Au Prince today for relief work. The admiral also reported much destitution among the poorer classes in Port Au Prince. "This morning," the dispatch said, "a woman and children were found dead in the market place, undoubtedly from starvation. In many cases," he added, "families have been absolutely without food for 48 hours."

DUTCH ANTI WAR COUNCIL HAS ISSUED AN ADDRESS

Asks Netherlands Foreign Minister to Assist in Organizing Permanent Conference of Neutrals

By Associated Press. The Hague, Aug. 14.—The Netherlands anti-war council has presented an address to Jonkheer John Lodowijk, Netherlands minister of foreign affairs, asking his co-operation in the formulation of a permanent conference of representatives of the neutral powers to work in the interests of peace.

The anti-war council also issued a manifesto exhorting all belligerent people to proclaim their desire for peace. Although it was signed by a number of learned professors the document is remarkable for its homely phraseology stating at the outset that it realizes that the warring nations may ask would-be peacemakers "what the deuce is other neutral heads that they mix in other affairs while refusing to assume a share of the common burden." Nevertheless it is pointed out the only victory that will assure a lasting peace must be a moral victory of the people who are urged, not necessarily to love an enemy as oneself or even love one's neighbor as oneself, but the manifestation of more "respect thy neighbor like thyself."

LOCAL OPTION CONTRIBUTIONS WERE MADE PERSONALLY

By Associated Press. Austin, Texas, Aug. 13.—Reverting to the alleged political activities of the breweries of Texas the attorney general continued today the fifth day of grilling of H. Price of the American Beverage Association. Mr. Price testified that he could not recall that one of the purposes of the association was to defeat local option or that there was by resolution a special department created for this purpose. His personal interest he said, was in the interest of the stockholders of the breweries. Mr. Price said he had made contributions personally. He would contribute when called upon to do so.

CREAMERY MAY RUN UP AGAINST ANTI TRUST LAW

Number of Them Attend Meeting With Attorney General—Prosecutions Not Believed Likely

Special to The Times. Austin, Texas, Aug. 14.—Representatives of a number of the leading creameries of the state were here this afternoon and had a conference with the attorney general's department relative to certain evidence of alleged violations of the anti-trust laws that the state has already in its possession. For the past several weeks the attorney general's department has been conducting an investigation of the creameries with a view of ascertaining whether or not agreements were made regulating the sale of butter fat, cream, etc. These creameries were represented by James D. Walthall of San Antonio. The result of the conference was not announced, but the creamery men went away apparently satisfied. Those here were: J. F. Kline, San Antonio; W. B. Deland, Houston; A. P. McClelland, Waco; J. J. Nicholson, Houston; A. J. Smith, Houston; S. S. Ladd, Fort Worth; J. R. Donnell, Belton.

IOWA PARK SCHOOLS WILL OPEN SEPTEMBER 6TH.

It is about time for the boys and girls, who are going to start to school in Iowa Park to begin thinking about it. The board of trustees have set the date for the first Monday in September, which is the 6th. It will sound good to hear the old school-bell ring forth once more. The pupils should be on hand the first day, and start in right, and strive to make the best grades possible during the term. It will be well to remember the old saying, "strive to keep the golden rule, and learn your lessons well at school." The following teachers have been elected to teach during the 1915-16 term: Prof. C. L. Nickell, Miss Beas Sherrod, Miss Nell Musgrave, Miss Mary Colquitt, Miss Ida Denny, Miss Florence Bachman, Miss Gertrude Denny, Miss Ceta Pitts, music teacher. Iowa Park Herald.

GIRLS' TRAINING SCHOOL WILL BE READY IN JANUARY

Austin, Texas, Aug. 13.—The new State Training School for Girls, now under construction at Gainesville, will probably be ready for occupancy on January 1, 1916. Patrick Henry, president of the school, said it would probably be possible to accommodate 100 students on that date. It is expected to increase the capacity to 160 within a year after the opening. About \$200,000 is being expended on the institution. Dr. Carrie Weaver Smith of Dallas is superintendent of the school.

STUDENTS FILING APPLICATIONS FOR EMPLOYMENT.

Austin, Tex., Aug. 13.—About 100 applications have been filed thus far for employment by prospective students of the University of Texas, to aid in defraying their expenses next winter. Indications are that about 350 applications will be filed before fall. They are made to T. W. Currie, secretary of the University Y. M. C. A. Last year 222 of the summer applicants for aid came to the University and the bureau obtained employment for 103 of them. During the winter these students earned a total of \$9,065.

LET "FASHIONS TRADE MARK" Lead You to the Big Busy Store Thats in the "Smart Styles" Class

New Ribbons, New Cellars, New Belts, New Purses and New Neckwear.

KEEPING THE NEW STORE NEW---SHOWING THE NEW STYLES FIRST

We call your Attention Monday to the First Real Showing of Advance Autumn Styles in

Ladies' Suits, Coats, Dresses, Waists, Skirts, Etc.

Some of you no doubt are wondering just about now, what's new? A visit to our store Monday will give you a fair insight as to

What's What in the World of Fashion for Fall

The name and fame of this big busy department store which is still in its infancy, so to speak, has been built upon the following "fundamental principles:"

Judicious Buying, Conscientious Dealings, Up to the Minute Merchandise Rightly Priced and Honestly Represented, where the Searchlight of Comparison is ever a welcome and Wanted Visitor.

THERE IS THAT VARIETY OF STYLES THIS SEASON THAT MAKES THEM VERY INTERESTING (A Brief Synopsis of Some of the Better Styles)

LADIES' SUITS

Fashion predicts an unusual suit season, the interest being divided as to models. Many are admiring the nobby belted effect, others the strictly tailored models, still others prefer slight trimmings of embroidered collars, cuffs and pockets, or with braid and velvet bands, especially so on the Demi Tailored models—while Fur Trimmed suits are quite in evidence; and the small woman and misses are admiring the neat Box Coat effect. The coat after being cut in the new Flare effect with the flare at both back and front or at back only, with a more fitted front—while both extra short and extra long models are good, the most popular models range from 28 to 32 inches in length.

SEPARATE COATS

are good in both belted and the more flared coats, the material being in smart checks in English Scotch, mixture, manish stripes and plaids as well as wool velours, serges gaberdines and whipcords, velvets, corduroys, plushes and Panno velvets, Seal plushes and fur high collars predominate, with liberal touches of fur at both collar and cuffs and bottom.

SUIT MATERIALS

With serges and gaberdine in the lead, closely followed by broadcloth, poplins, whipcords, wool velours, velvets, Panno velvet and Panno plush, smart checks, English tweeds and manish mixtures many high luster finish patterns are being used in the more expensive garments these like the cost seem to favor the high collar, however, many have the convertible collar to be worn either open or closed. Many novelty braids are used successfully on most of these materials.

Much More Could Said But Space Forbids

In Addition to Our Showing of the New, We Have Many Very Interesting Savings Occasioned by our Determined August Clearance

LADIES' \$7.50 DRESSES \$2.50

What about them, you say. Well, the fact is simply this, we are now making room for the largest fall and winter stock ever brought to the city. We need their space, besides we won't carry over merchandise from one season to the other. The styles in these are the season's very best but they must go, and will at this price so come early Monday for yours.

LADIES' BATHING SUITS. An absolute clearance of our entire stock, values up to \$5. Monday only \$2.50

GINNS ARE PREPARING FOR OPENING OF SEASON

Repairs Are Being Made and Equipment Gotten Ready For Ginning Cotton

Although it is not expected that any appreciable amount of cotton will be brought to this city for at least a month, the gins in this city and vicinity are already preparing for the coming cotton season. Necessary repairs are being made and the equipment gotten ready for the season. The cotton crop in this section is late this year, and at least a month is expected to elapse before any bales come in.

The cotton oil company is already buying cotton seed from South Texas points, where there have been a number of bales marketed.

Circle No. 2 of the Missionary Society of the M. E. Church, South, will meet with Mrs. C. B. Montgomery, 1414 Tenth street Monday afternoon at 4 o'clock.

BIG CELEBRATION AT HOUSTON THURSDAY

BAYOU CITY WILL FEED 10,000 AT BARBECUE WHEN SARILLA STEAMS UP CHANNEL

MARKS TRAFFIC OPENING

Regular Service Between Houston and New York—Ship Channel a Remarkable Enterprise

By Associated Press.
Houston, Texas, Aug. 14.—Next Thursday Houston will have such a celebration as is seldom attempted. Plans have been made for a barbecue at which 10,000 people may be fed at one time, and if the crowds are not satisfied then a second time the tables will be spread. Three thousand watermelons cooled to a temperature of 40 degrees are a part of the feast. It is figured that each melon will feed six persons as the contract calls for melons of not less than 30 pounds each.

Proceeding the big barbecue will be a boat parade headed by the Sarilla of the Atlantic, Gulf and West Indies line and followed by more than a hundred other boats ranging from private yachts of 60 tons to small one lungers.

The occasion is the establishment of steamship service regularly between Houston and New York, the Sarilla being the first of the boats to come to the port.

About the Channel.

Houston is the first port to go into partnership with the federal government and complete the project. The ship channel, which is about 60 miles in length, 27 feet in depth and 400 feet in width at the narrow point (at the boat) ends an outlet to the Gulf of Mexico through the Galveston jetty, which cost the federal government something like \$20,000,000 with the harbor improvements. When the ship channel project was undertaken to give Houston deep water the federal government put up \$1,250,000 and Houston a like amount. The channel was completed within the sum with enough left over to build a big dredge; since which time the city of Houston has voted a bond issue of \$3,000,000 with which to build docks and warehouses. The port is to be unique, again, in the fact that there are to be no wharf charges whatsoever within the loading and discharging limits; and warehouse accommodations are to be free for a stipulated length of time, making it the cheapest port on the American coast through which to handle shipping. The city will bear the expenses of these necessary things to make the "free port" idea practical.

STEPS TO BE TAKEN FOR ERADICATION OF TICKS

It Will Be Late in Fall or Early in Winter Before Work Is Undertaken Here

It will be late fall or early winter before the work of tick eradication in this county is undertaken, as it will require that long to comply with the formalities the law demands. The results of the election of July 4 will be certified to the live stock sanitary commission, which will have the governor issue a proclamation, within 30 days, quarantining this county, which means that no cattle can be shipped in from below the line until they have been dipped.

The actual eradication work will proceed under the direction of both state and federal authorities, who will name at least two inspectors to carry on the work. The first step will be the dipping of all cattle in the county; this will probably be done in November or December. Then in the spring, the inspectors will examine various herds, and will require the dipping of all herds in which ticks are found. Non-infested herds will not have to be dipped. The work will continue along these lines, with inspections and dipping, until the county is free from the ticks. An executive order will then be issued putting Wichita county above the quarantine line. Probably a year will elapse before the ticks are entirely eradicated.

The cattle are dipped by driving them down a chute into a vat containing 400 lbs. of arsenic. There are several dipping preparations, arsenic, oil and patented mixtures being mostly used. The expense of dipping varies, but hardly ever exceeds five cents per head, and the equipment, once installed may be used indefinitely. Where a stock raiser has not enough cattle of his own to justify the expense of building a vat, arrangements can usually be made for several farmers installing the equipment on a co-operative basis.

MEXICAN BANDITS REPORTED NEAR ZAPATA, TEXAS

By Associated Press.
Laredo, Texas, Aug. 14.—News from Zapata, Texas, last night, that a party of eighty Mexicans under a bandit named Cabrera, have appeared between Zapata and Rio Grand City, 90 miles below Laredo, was received today. Detachments of the 14th cavalry are stationed at Zapata, and with the aid of citizens are prepared to resist the bandits if they reach that point.

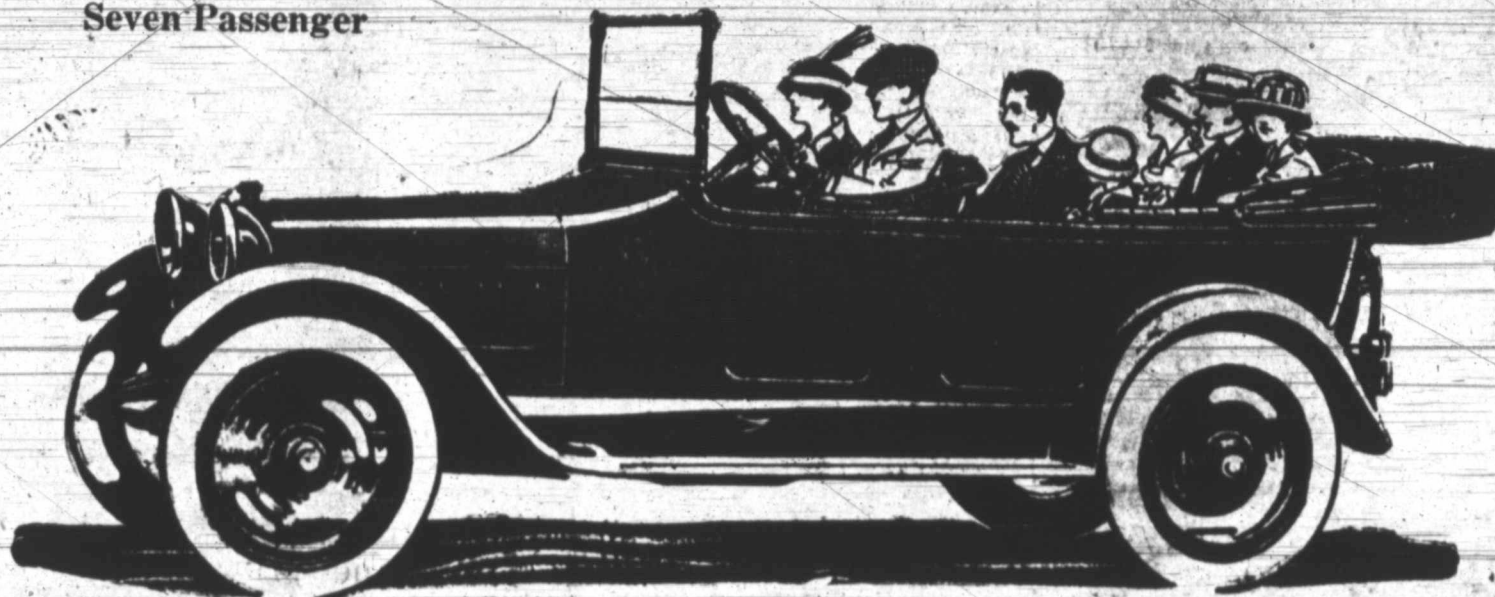

AGED WOMAN SUSTAINS FATAL INJURIES IN FALL

By Associated Press.
Houston, Texas, Aug. 14.—Coming to Houston to nurse her daughter-in-law, Mrs. L. Clothier, 77 years old, fell down a flight of steps while walking in her sleep Tuesday night and died last night.

Chalmers

Six-40 \$1350

Seven Passenger

First Quality Car at \$1350

40-Horsepower, 7-Passenger Touring Car, Weight 3075 lbs.
Valve-in-Head Motor with Overhead Camshaft

The battle of the giants is on. It is a battle royal for the supremacy of the medium priced motor car field.

It is the battle of that type of motor which smashed all speed and endurance records at Indianapolis and Chicago—against old style motors.

It is the battle of the principles of construction that went 90 miles an hour, for 500 miles at Indianapolis, and 100 miles an hour for 500 miles at Chicago—against out-dated principles of motor construction.

It is the battle of the manufacturer against the middleman, the producer against the assembler, of buying for cash, against buying on time, of new efficiency in methods of manufacture and administration against inexperienced methods.

It is the battle of Quality and lower profits against higher profits and lack of quality.

It is the battle of new service ideals and co-operation against old methods of expensive upkeep and neglect of the owner.

Into this contest the Chalmers Motor Company enters the greatest car it has ever built, the "Six-40" with the valve-in-head overhead camshaft motor.

It is the lowest price at which Chalmers Quality has ever been sold—\$1350 for a big 7-passenger touring car.

It is a new car at a lower price sent to battle with old cars at cut prices.

With new service to owners, bigger plans, new buildings, increased factory facilities, and greatly increased production, the Chalmers Motor Company moves forward to the great battle with supreme confidence.

New Motor—New Car—New Price—New Service to Owners

Increased Factory Facilities—Greatly Increased Production for 1916

TWO years ago we saw three things. First was that the tendency of the public demand in both Europe and America was to a compact high speed motor that was more efficient, would get away quicker, run more smoothly, have greater flexibility, show greater economy and last longer under hard service.

Second was that a public temporarily diverted to cars that only looked well and rode nicely for a while, would swing back to demand quality manufacture and the ability to "stay put."

Third was that only those manufacturers who built their own cars in large volume and bought their own materials for spot cash at the advantage of the market could survive.

Motor Designed in Europe

So we sent our engineers to Europe to design a new motor and began to lay our plans for a greatly increased production this season.

We are now building two big new factory additions to handle the work. We added machines that cost \$30,000.00 apiece to do work in our factory in order to give this remarkable quality car to you at \$1350.

Here is the result. No one dreamed that such a car could be built for \$1350. It is equal to cars that sold for \$4000 three years ago. It isn't a made-over model, reduced in size, or certain things eliminated to fit the price—it is a brand new car, designed specially as a Quality car at a low price.

The Quality Car at Small Profit

We are marketing this QUALITY car on the lowest profit per car in the motor car business.

The great valve-in-head motor, with overhead

camshaft, cost us \$80.00 more to build in our own shops, than the ordinary type of motor can be bought for on the outside, and most of the competitors in our price class are using the ordinary type of motor.

When Chalmers engineers went to Europe to study design two years ago, they found European designers at work on high speed motors of the valve-in-head type with overhead camshaft.

European makers had already tried this type out in their racers. They were perfecting it for a road car.

We hoped to be the first in America to adopt this style of motor. But when the war stopped European makers, fate decreed that we should lead the world in the use of the valve-in-head overhead camshaft motor for a stock car.

Speedway Racers All of This Type

We were not surprised at the showing at Indianapolis and Chicago, where this type of motor won all honors. We knew a year ago that these results would be achieved.

"Let your next car be a Chalmers"

M. H. Carpenter
Telephone 458

We knew that to attain a speed of 90 to 100 miles an hour that the motor would have to be a valve-in-head, overhead camshaft type.

Think of it! 90 miles an hour for 500 miles at Indianapolis and the first four to finish, and eight out of the first ten were valve-in-head motors, with overhead camshafts!

And then the Chicago races at 100 miles an hour for 500 miles—the first three and seven out of the first eleven were of this type!

Some one said a short time ago that people buy motor cars largely on three P's—Paint, Price and Performance. You can measure this wonderful Chalmers car at \$1350, by any one of these three standards. It is right in paint, which indicates finish and wearing qualities.

It is right in Performance, because no car at any price, performs better than this car does.

And it is right in Price. No one in the history of the industry ever approached such quality at such a price before.

Take a Ride in This Car

"Take a ride in this car," and see for yourself if you do not get in this Chalmers type of six-cylinder motor all the smoothness, all of the flexibility, all of the pick-up, and all of the "pep" that is claimed for any other motor built, no matter how many cylinders it may have.

Therefore, we say that all of our strength, all of our organization, all of our money, all of our reputation, are back of these six words: "TAKE A RIDE IN THIS CAR."

Demonstrators are now in the hands of our dealers.

Chalmers Motor Company
Detroit, Mich., U. S. A.

THE CHALMERS CLUB

Every Chalmers owner is invited to join the Chalmers Club. Each member receives, free of charge, "The Chalmers Clubman," a magazine devoted to the interests of Chalmers owners. Also a membership card commending the owner to the courtesies of all Chalmers representatives everywhere.

What Are We Going To Do About It?

Shall we let our shade trees all die and let our city look as it did fifteen years ago or shall we fight the last ditch the bag worm that infests almost every tree in the city? If we want to keep our trees now is the time to work to save them. There are dead trees full of worms all over the town. Such trees should be cut down and burned. Encourage the children to pick these worms off the trees and burn them. In many cities not so large as Wichita Falls the children are paid by the city to pick the worms off the trees in the parks. The trees on every side of our Lamar Park are infested and especially bad are the trees on the north side just where the street car turns on Lamar and Thirteenth. Unless something is done soon we will not have a green shrub in the park. Let us all be up and doing. Try to save the trees in your own yard and while you are doing so see that your neighbor gets busy doing the same thing. We will all agree that the trees mean more in beautifying a city than anything we can have. Shall we let the bag worms have them or shall we fight to save them?

SHIPMENT OF CHALMERS SIXES BEING UNLOADED

M. H. Carpenter's Territory Expanded and He is Making Splendid Record With This Car

M. H. Carpenter, northwest Texas distributor for the Chalmers cars, is unloading a big shipment of Chalmers Sixes. During the past week he has sold three of these cars at Childress, one at Vernon and sold a Chalmers Master Six to C. W. Snider of this city.

The new Chalmers Sixes are distinguished for one thing by their bright red wheels. They are seven-passenger cars and sell at \$1350.

Mr. Carpenter recently closed a contract with the Chalmers Company for next season adding eight more counties to his territory giving him all of Northwest Texas. In a sales efficiency contest which closed a short time ago Mr. Carpenter was awarded first prize for the district comprising Missouri, Texas, Oklahoma, Louisiana, Arkansas and New Mexico. He sold 18 cars in thirty days. One hundred per cent was fixed as his quota of sales in that period. At the finish he graded 359 1/2 per cent. He was given \$250 in gold, a \$75 library chair and a watch fob. The Chalmers is reported growing steadily in popularity with sales in Mr. Carpenter's territory increasing steadily.

HUNDREDS OF DISEASED DAIRY COWS SLAUGHTERED.

Fort Worth, Tex., Aug. 13.—During the last thirty days at least 1,000 dairy cows, infected with tuberculosis, have been killed, according to Dr. W. T. Christian, State Veterinarian, who returned to his office today from an extended trip over the southern part of the State.

The work of slaughtering these animals has, in most cases, been under the direction of county or city dairy inspectors. These same men have performed the tests that brought the cows into the condemned class.

Dr. Christian stated today that much more work of a similar nature remained to be done before the State is free from the infected dairy cow. He will continue the campaign in all sections. During the present week, Dr. Lewis C. Crabb, city milk and dairy inspector, has had more than a hundred head of dairy cattle slaughtered, following a campaign of inspection of the dairies of the county. He says that he believed most of the infected cows are separated from dairy herds, but that his inspection will continue for some time.

In the future all dairymen must have their herds inspected at regular intervals and show certificates to that effect before they can furnish milk in the city. Those shipping milk and cream here from surrounding countries will be forced to submit to inspection.

CYCLONE DAVIS RAVES AGAINST GREAT BRITAIN

Sulphur Springs, Texas, Aug. 13.—Hon. J. H. Davis, congressman at large, sent a telegram to Hon. A. S. Burleson on the proposed proposition to sell all the American raised cotton to England. The telegram follows: "President Wilson has said to Germany, 'We stand for a principle sacred to ourselves and to humanity.' If this republic allows Morgan and his plunderers to belie that declaration and league with England to sell that principle and take British gold and vacate our rights on the seas then Aaron Burr and Benedict Arnold were patriots.

"If this so-called cotton deal goes through, and we admit that the United States and the neutral nations have no right to the seas of earth, except when we get a permit and a pass from England, we have become an ally of England and allow big bond syndicates to barter away our own liberties and make us basely betray the rights of the neutral nations who look to us for an example and a just solution of the problem. To seriously consider such a deal is monstrous. To make it is a base betrayal of all Wilson has contended for. It would justify Germany in declaring war on us as an ally of England. If this deal goes through. When I get to Washington, 'the flesh and the devil' cannot keep me from introducing a resolution to raise a monument to Benedict Arnold.

"I still believe 'the God who gave us life gave us liberty at the same time.

"Please show this to Lansing. Respectfully,
J. H. DAVIS."

EDWARD GRINES DIES AT U. S. NAVAL STATION

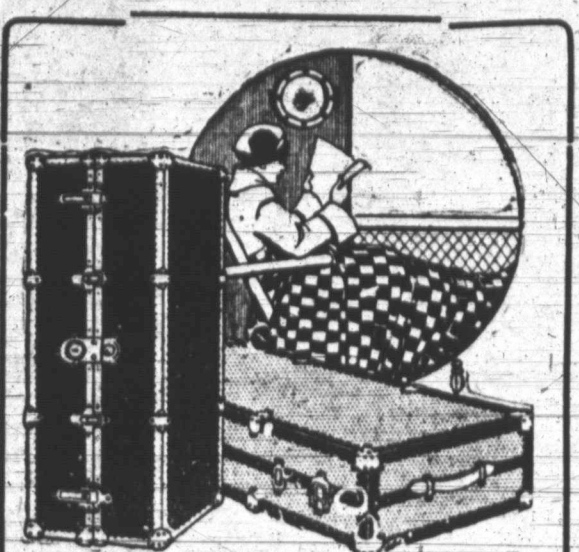

Parents Receive Telegram Announcing Death of Young Man Enlisting From This City

A telegram was received here last night announcing the death of Edward Grines, son of E. L. Grines of this city at the naval station on Mare Island, off San Francisco. Young Grines enlisted in the navy about two months ago. The body will be brought back here for burial, the funeral announcements to be made later. The cause of his death was not stated in the telegram.

HOLLIDAY CREAMERY DAMAGED BY FIRE

Fire about 4 o'clock Saturday morning did about \$20 damage at the plant of the Holliday Creamery near the corner of Sixth and Travis. A few plants were scorched and slight damage done to the interior, but the flames were quickly extinguished after the department arrived.

Both companies responded to the alarm, this being the department's rule. Both engines respond to each alarm, but the horse drawn wagon is taken out only when there is a fire in the downtown section. It is quite likely that within the next year the horse drawn equipment will be abolished entirely and a light chemical automobile installed instead.

TRAVELING NECESSITIES SUBSTANTIAL TRUNKS PENNINGTON PRICES

Several months past we decided to discontinue the sale of trunks. However, we have had so much demand from our customers for good dependable trunks at Pennington prices that we have reconsidered and have recently received a shipment of "New-break" Trunks. A representative line of these are now on display in our show windows and you who contemplate a trip of any kind will do well to look them over and especially note the prices—"They are Pennington Prices."

SPECIAL NOTE

A good many people would like to have a real good trunk but feel they do not care to go to the expense necessary to buy a real good one. For the benefit of those we suggest that you come in and select one, make a reasonable deposit on it and we will put it up for you and allow you to make payments weekly. The price will be the same as if bought in the regular way.

AT THE THEATERS

BILLIE RITCHIE AT THE LAMAR AIRDOME MONDAY

Billie Ritchie in "The Curse of Work" is Monday's feature at the Lamar Airdome.

Work, work, work. If it wasn't for the fact that most of us have to work in order to eat, there is a place to sleep and money to have a good time with, how many of us would work? Billie Ritchie says that he would not. Billie says that the only people who really know how to enjoy themselves are the bananas eating natives of an island off the South American coast where he spent his summer vacation once.

Billie says that these natives lie around all day until it's time to go to bed. Then they roll over and go to sleep. Next morning when they wake up they reach up to the branches of a banana tree, which shelters them from the sun or throw a stick into a coconut tree and grab a piece of morning breakfast. It's a great life, says Billie, for there aren't any landlords to appease for unpaid board bills and everyone has a perfectly glorious time from one end of the year to the other—doing nothing.

Being born in a northern climate Billie found that he must go to work at an early age. He thereupon decided to fit himself for the profession of bootblack. Accordingly he studied hard at night school, taking up several foreign languages in order to be able to converse with his customers each in their own tongue. Billie also studied trigonometry and integral calculus in order to be able to figure up his profits when he got a bootblack stand of his own. He also took a course in experimental psychology in order to be able to determine in advance just what customers would be likely to tip him and which would not. This course of training, Billie believed would fit him to be an excellent bootblack. But just in order that he might be able to converse learnedly with his patrons the composition of his pastes and polishes; Billie took up chemistry and successfully analyzed forty-seven varieties of pastes and brushes for putting shines on muddy brogans. Then he prepared for his life work, Billie sought a job. He found it hard work to get one, as most bootblack stand proprietors declared that Billie's knowledge of chemistry and psychology wouldn't help them in the least.

Billie finally got a job and started to work. One of his first customers was an heiress who would make a Hohennollern think of taking a morgannatic wife. Billie shined her shoes over four times until the young lady was able to powder her nose in the reflector.

While in his shoeshining job he meets with a beautiful heiress and his subsequent adventures are exciting to the extreme. It all ends with one glorious smashup.

ELSIE JANIS AT THE EMPRESS THEATRE MONDAY

Elsie Janis is both author and star in "Betty in Search of a Thrill," the Bosworth, Incorporated production

which will be the attraction on the Paramount program at the Empress Theatre Monday.

The story takes the little New York heiress over a great deal of ground, and the production in consequence is highly spectacular from a scenic point of view. There are scenes of cabarets, theatres and city landmarks crowd each other in quick succession. Perhaps the most beautiful pictures of all are taken on a private estate which is a famous show place among the country houses of American millionaires.

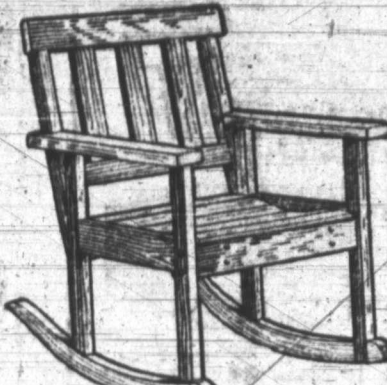

The scenes were taken by special permission within the private estate of the noted American millionaire who has spent thousands of dollars on the landscape gardening. The mansion is renowned among architects as one of the finest examples of modern American architecture.

"IN MUZZOURA" AT THE GEM THEATRE MONDAY

A story of "In Muzzura" at the Gem Theatre for Monday will be of interest.

In the town of Bowling Green, Mo., there lives Jo Vernon, a village blacksmith, with his wife and daughters, Kate and Elizabeth. Jim Radburn, a native and resident of the same town is sheriff of Pike county. Since childhood he has planned that some day he and Kate Vernon are to be married and unbeknown to her, although with the sanction of her father, he pays for her tuition through college. Sam Fowler, an express messenger on the Missouri Pacific Railway is in love with Jim Radburn's sister, Emily, and with the beginning of the story he becomes engaged to her. Robert Travers, alias "Jim Cummings," a holdup man, forges the signature of the railroad division superintendent to an order permitting the bearer to ride in the express car with the express messenger, Fowler. As the train speeds on its way, Travers attacks and overpowers Fowler and robs the

car. Travers makes his escape, and Sam, accused by the express company of having been an accomplice, is thrown in jail. The holdup happens in Pike county and Radburn, the sheriff, sets out to run down the criminal. Through newspaper accounts of the robbery, Travers learns that Fowler has been unjustly imprisoned, and, in accordance with his usual practice, writes to the editor, advising him of Fowler's innocence, enclosing one of the express envelopes which were stolen as proof. Shortly after Travers drifts to the town of Bowling Green and by chance becomes acquainted with the Vernon family. He becomes enamored of Kate, who in turn gives him her love, discarding Jim Radburn for the thought of the bigger, gayer and brighter life which Travers has pictured.

A letter sent to Kate by Travers, planning their elopement comes to Kate's mother's attention, and she demands to see it. She shows it to Jim who immediately recognizes a similarity in the handwriting of this note and the forged order which was delivered to the express messenger, Fowler, at the time of the robbery. Jim immediately begins to run down the clue to get his man.

Through the efforts of Jim, Sam is exonerated and reinstated by the railroad company, and during one of his trips to Bowling Green he accidentally meets up with and recognizes Travers in the village drug store. Travers makes his get away in a wild fight and jumping through the window, turns toward Kate's home for a hiding place. Her father and family joining the mob in search of Travers have left her alone. Jim, close on the trail of his man, traces him to the Vernon home, and there corners him. Because of his love for Kate, and to prevent possible injury to her name, he permits the escape of Travers, aiding him by giving him his own horse to ride across the border.

Through a strange coincidence, shortly after the robbery, while working for Sam's release Jim in caring for a homeless pup which has had its leg broken, discovers that the mud of the river bottom, or gambler, if baked would make a wonderful railroad bed ballast. He visits the railroad officials at St. Louis and closes a most profitable contract. Because of his new fields he resigns his position as sheriff a day before he meets up with Travers.

Travers is arrested in a neighboring town by two countrymen who recognize Jim's horse. Jim is telegraphed and replies that everything is all right, and that he has given the horse to the man Travers. Questioning Jim's explanation, the two men prepare to take Travers back to Bowling Green. He attempts escape and is shot.

Jim has been nominated for legislator, and when his action in permitting Travers to escape becomes known, he is denounced in a public meeting by Col. Bollinger for having failed to fulfill his duties as sheriff. Jo Vernon, knowing of Jim's resignation, addresses the meeting and exonerates him.

The townspeople, incited by Bollinger's speech, turn against Jim and start for his house to seek their vengeance. Jim meets them at the gate and warns them off, just as Jo arrives to explain to them that Jim Radburn had resigned as sheriff the day before. "Ma," Vernon tells Jim to "ask her now." She knows she loves you. But Jim says, "No, some other day."

BUYING OF HORSES AND MULES HAS BEEN STOPPED

This Taken in Connection With Cancellation of Wheat Contracts Causes Conjecture

Stop orders on European purchases of wheat have had their counterpart in the horse and mule market. Rob Marlow, who has been buying horses and mules here destined for the European battlefields, last week received a number of telegrams from the big dealers through whom he is selling his animals saying they could take no more for the present.

"LIFE'S SHOP WINDOW" AT THE MAJESTIC TUESDAY

Claire Whitney and Stuart Holmes are featured in "Life's Shop Window" a picturization of Victoria Cross, famous novel by the same name.

A suave gentleman sows the seeds of discontent in the mind of a credulous country girl who is married to a hard working home loving farmer. This polished rascal with his glib talk about London, New York and Paris and of the beauties and comforts of metropolitan life not only alienates the pretty little woman from her husband but also tries to lure her away from him.

DELOY'S MUSICAL COMEDY AT THE LAMAR AIRDOME

Miss Myrtle Deloy supported by The Deloy's Tabloid Musical Comedy Company will be the feature the coming week at the Lamar Airdome. Miss Deloy was with the Keating and Flood Stock Company last season playing only the western coast cities of Portland, Seattle, Vancouver and Tacoma and during the summer season is playing in her father's company consisting of ten people. In addition, Miss Deloy the company consists of Eddie Deloy, principal comedian, Bob Bleber, eccentric dancer, Harry Fulton, baritone extraordinary, Tolla Deloy, character and "second business," a male quartet and a ladies trio.

WORDS FROM HOME.

Statements That May Be Investigated. Testimony of Wichita Falls Citizens.

When a Wichita Falls citizen comes to the front, telling his friends and neighbors of his experience, you can rely on his sincerity. The statements of people residing in far away places do not command your confidence. Home endorsement is the kind that counts. Dean's Kidney Pills. Such testimony is convincing. Investigation proves it true. Below is a statement of a Wichita Falls resident. No stronger proof of merit can be had.

G. A. Swope, carpenter, 612 Burnett street, Wichita Falls, says: "My kidneys were very irregular in action. Sometimes, the kidney secretions passed too often and then again not often enough. They were very painful and contained sediment. Dean's Kidney Pills restored my kidneys to a normal condition and the kidney secretions became natural." Price 50c at all dealers. Don't simply ask for a kidney remedy—get Dean's Kidney Pills—the same that Mr. Swope had. Foster-Milburn Co., Props., Buffalo, N. Y.

FARMER KILLED BY LIGHTNING NEAR SAN ANGELO. San Angelo, Texas, Aug. 14.—Harley Davis, a farmer, was killed by a bolt of lightning from almost a clear sky Friday evening in an electrical storm.

storm was followed by a heavy down-pour of rain.

Makes Hard Work Easy!

DUSTING, cleaning and polishing hardwood floors is hard, back-breaking work. An almost never ending task and seldom satisfactory the old way. But it is easy, quick and satisfactory the new way—using the O-Cedar Polish Mop. With it you can spend a few minutes doing what it now takes you almost half a day. You simply pass the O-Cedar Polish Mop over the floor and every particle of dust and dirt is taken up and held. The floor is given a hard, durable, lasting polish and shine.

O-Cedar Polish Mop

It is also used for the dusting and cleaning of the tops of big furniture, between the bases of the stairs and in so made that you can get to the far corner under the bed, beneath the radiator and other hard-to-get-at places. It is a house work in fact.

Don't put up with the old-fashioned hard way when you can get an O-Cedar Polish Mop for only

Satisfaction Guaranteed or Money Refunded

By an O-Cedar Polish Mop for two days at our risk. Try it in every way for two days and if you are not delighted with it we will return it to you with your money.

NAFARRETTE DENIES HE PLANNED TO INVADE U. S.

On Other Hand He Says He Is Exerting Every Effort to Check Bandit Raids

By Associated Press. San Antonio, Texas, Aug. 14.—T. B. Beltram, the constitutionalist commander at Matamoros, when informed that it was reported in the United States that he had declared he would invade the United States, General Nafarrette replied: "I never made such an assertion in my life. I desire to say with the utmost emphasis that not a single soldier of my command has crossed the American border. Such Mexicans from the south of the Rio Grande as may have taken part in the disorders in Texas are irresponsible detached individuals. They are not and never have been under my command. I am doing everything in my power to prevent such people from crossing the river and will be grateful for any information from the American side which will aid me in my work, which is very difficult, because of the nature of the country and the smallness of my army. My officers and army are preserving with the utmost strictness neutrality."

GERMAN ADMIRALTY DECLINES TO COMMENT

By Associated Press. Berlin, Aug. 14.—The admiralty declines to comment on the report published abroad that the German submarine U-30 had been sunk off a German port by accident in consequence of a defect in operation, but subsequently had been raised. The German navy has a special ship for raising sunken craft and other facilities for coping with emergencies.

A dispatch from Amsterdam said the U-30 had been sunk off the mouth of the Ems and raised 36 hours later. One member of the crew lost his life.

I. C. C. INVESTIGATING SHIPPING FACILITIES

Traffic Body Will Gather Data on Commerce With Central and South America

By Associated Press. Washington, Aug. 14.—The Interstate Commerce Commission will make an exhaustive investigation of shipping facilities between the United States and Central America. It will gather full reports of ships available for that trade for use by President Wilson if an act is made at the coming session of Congress to pass some kind of legislation to provide shipping facilities.

DIRECT COMMUNICATION WITH TURKEY A NECESSITY.

By Associated Press. Amsterdam, Aug. 12.—Discussing the Baltic situation in the Tages Zeitung Count Reventlow declared that Germany must cut her way through to Constantinople and make the new triple alliance a reality. "The demand for direct communication between Turkey and Hungary has found expression more and more energetically during the past few months. Among the securities which the new triple alliance needs and must obtain is permanent security of the political, economical and military link between Constantinople, Berlin and Vienna. The allies can develop full strength and highest power only when the allies possess direct communication. In future times of peace no less than now the alliance will constitute a great strategic factor and the rapid building up of this sector is our most immediate task." was a portion of the Count's statement.

DOYLE AND COBB LEAD MAJOR LEAGUE BATTERS

Mamaux of Pittsburg Now Leading Pitchers of National League With 17 Wins, 5 Defeats

By Associated Press. Chicago, Aug. 14.—Larry Doyle, captain of the New York Giants who by consistent batting located himself at the head of the National League batters, continues to hold that position, according to the averages published here today. All the leaders had slumped but Doyle is in front with an average of .328. Mamaux of Pittsburg crept into the lead among the .600 class pitchers with seventeen wins and five defeats. Ty Cobb continues to lead the American League in batting with an average of .386.

ROOSEVELT IS COMPARED TO PRINCE BISMARCK

Albany, N. Y., Aug. 13.—William Barnes Jr. warned the constitutional convention now in session here, that if a stop were not put to what he termed "Socialistic" or class legislation, there would be established in this country an autocratic state similar to that of Germany, "denying utterly the American theory of equality." Incidentally, the Republican leader compared Theodore Roosevelt to Bismarck and asserted that the Progressive party had inaugurated and was advocating the identical policy which had caused the Socialist party in Germany to become the largest single group in the Reichstag. Mr. Barnes' warning and attack upon the Progressives was contained in a speech urging the convention to adopt his amendment prohibiting the legislature from passing minimum wage, old age pensions and similar laws.

GERMANS ABOUT TO BECOME ACTIVE ON WEST FRONT

London, Aug. 13.—A significant order of the day predicting a resumption by the Germans of a vigorous offensive in the west has been issued to the Tenth Army in Flanders, according to the Amsterdam Telegraaf. An extract from this order, telegraphed by the Amsterdam correspondent of the Exchange Telegraph Company, follows:

"Our work now is practically finished in the east and we are about to begin in the west. Peace is certain in October."

JUDGE TERRELL CITED BEFORE CRIMINAL COURT.

By Associated Press. Austin, Texas, Aug. 14.—An order was issued today by the court of Criminal Appeals, sitting in chambers, through presiding judge predergast and Associate Judge Davidson, citing Judge Ben M. Terrell of the Seventeenth District Court at Ft. Worth to appear at Austin before this court on October 4th and show cause why a writ of mandamus should not be issued against him as prayed for in the petition of C. A. Meyers of Tarrant county. Meyers was convicted and sentenced to death for the killing of A. W. Montague, late superintendent of terminals Fort Worth, Texas and Pacific. This court last Thursday issued a stay of execution in the Meyers case, based on an affidavit sworn to by Walter A. Nelson, that Meyers had become insane since his conviction. The mandamus sought by the appellant is to compel Judge Terrell to look into the question of the sanity of Meyers.
