ON BOTH WINGS RUSSIANS ARE DEVELOPING STRONG OFFENSIVE MOVEMENTS

GERMAN ADVANCE IS BROUGHT ALMOST TO A STANDSTILL

VIENNA ADMITS AUSTRIAN WITHDRAWAL BEFORE SUPERIOR FORCES OF RUSSIANS NEAR TARNAPOL.

GERMAN GAIN IN CENTER

Heavy Fighting On Western Front In Near Future Is Indicated by the Preliminary Bombardments and Attacks from Both Sides.

VIENNA ADMITS RETIREMENT.
Vienna, Sept. 11.—Austrian forces that have been engaged with the Russians along the Serezh river south of Tarnopol in eastern Galicia have been withdrawn to the heights east of the Strita river "before superior enemy forces" it was stated in the official announcement of the Austrian war office.

London, Sept. 11.—The western front, with continuous artillery engagements, occasional infantry attacks and the probability that important events now impending will soon begin, attracts almost as much attention as the eastern battlefields where the Russians and Germans are contending for the mastery of railway lines, the possession of which will make the victors more secure when the time comes to go into winter quarters.

DESPERATE RESISTANCE.
Each village, stream and road is proving the scene of a sanguinary engagement. For example, Skidel, a town immediately east of Grodno which at last has been captured by the Germans, was the center of a battle lasting several days with alternating success. The Germans attacked the town again and again using heavy artillery for the purpose and, according to the Berlin official statement, did not succeed in overcoming the Russians until last night.

RUSSIANS RE-INFORCED.
In the narrow strip of Galicia between the Serezh river and the Besarbian frontier, the Russians have been strongly reinforced and are apparently well supplied with guns and ammunition. They report their third victory here over the Austro-Germans bringing their total prisoners captured during the week up to the 22,000 mark without mentioning the loss of men and guns.

RUSSIANS RE-INFORCED.
The Austrians admit they have suffered a setback in this region in the statement that they withdrew their front from the Serezh river "before superior enemy forces."
On the northern end of the "line" southeast of Riga the Russians are also on the aggressive with the result that the Germans have made no further progress against the Dvina river line.

2,500,000 GERMANS.
Some of the British military writers believe that the Austro-Germans have reached the limit of their penetration into Russia so far as must year is concerned and that they present look to the defense of their present line. It is reported that they are reconstructing the fortifications of Kovno, which are threatened. The Russians estimate that the Germans have 2,500,000 men on their front, 28 corps being in the Baltic and the Lithuanian region. Included in this figure are eleven Austrian and nine German cavalry divisions.

The Italians, like their western allies, are heavily bombarding their opponents line with artillery doubtless in an effort to find a weak spot to attack.
The request of the American government for the recall of the Austro-Hungarian ambassador, Dr. Dumba and the report that other representatives may be similarly dealt with, is creating great interest in England.

GERMAN SITUATION GROWS LESS ACUTE AS TIME PASSES

U. S. CONSIDERING REFERENCE ARABIC CASE TO THE HAGUE TRIBUNAL FOR ARBITRATION OF DISPUTE.

OFFICIALS ARE DIVIDED

Some Favorable And Others Opposed To Taking Matter to Arbitration—Germany's Note on Sinking of Orduna Is Due in Washington.

By Associated Press.
Washington, Sept. 11.—The issue with Germany has turned to a less acute stage during the last 24 hours through consideration of the proposal to take the dispute in the question of fact in the Arabic case to the Hague.
One set of officials believes that to do so would amount to arbitrating the principle for which the United States has been contending and would open the way to practically unlimited submarine operations, with disputed questions of fact and arbitration in each case.

Another View.
Another set of officials believes that without taking in the principles involved, the Hague might possibly be allowed to decide not whether the submarine commander thought he was justified in sinking the Arabic because he believed she was about to ram him, but whether the liner actually was attempting to resist or escape, and if so, whether that justified the commander's act in international law.

Both sets of views are being urged in President Wilson who will decide what shall be done. Secretary Lansing refused today to indicate his view.
Another note unofficially reported to have been delivered to Ambassador Gerard by the German foreign office failed to arrive last night. Secretary Lansing said he had no knowledge that another communication was coming or what it contained. At other sources it was reported the note is Germany's explanation of the unsuccessful attack to destroy the submarine liner, Orduna on July 5, when a submarine sent a torpedo within ten yards of the ship's stern, then unsuccessfully shelled her until she was out of range. The Orduna was on her way to the United States and had 22 Americans aboard when attacked.

Conflicts of Statements.
In the Orduna case, there is a conflict of statements as to whether the ship had warning or tried to escape. It is not an issue between the United States and Germany, and it is not likely to become one. The German note is in response to inquiries made by Ambassador Gerard, at the direction of the state department. It is not regarded as having any bearing on the present situation unless it contains some declarations of principle new to the controversy.

The view of the closest observers here is that in the Arabic case the danger of a break grows less as the hours pass without action.
The case of Dr. Dumba, Captain Franz von Tappen, the German military attaché and Alexander Nuber von Perleke, Austrian consul-general in New York, there was no change. The United States still is waiting for Austria's reply to the request to withdraw Dr. Dumba. Whether the other men are sufficiently involved in Dr. Dumba's offense to make their remaining in the United States impossible will be decided later.

RUSSIAN CABINET AND DUMA NOT HARMONIOUS

Exchange of Views Shows Widely Divergent Opinions—Will Be Laid Before the Emperor.
By Associated Press.
London, Sept. 11.—Reuters' correspondent at Petrograd quotes the Novoe Vremyaki as saying that the exchange of views between the cabinet and the new liberal majority in the Duma has revealed widely divergent views and that no definite decision will be reached before Emperor Nicholas has been placed in possession of the facts. At a cabinet meeting yesterday the Novoe Vremyaki says a sub-committee reported the result of a discussion with the Liberal block.

GERMAN ATTEMPT TO BREAK FRENCH LINE UNSUCCESSFUL

PARIS CLAIMS EFFORTS OF THE CROWN PRINCE HAVE BEEN WITHOUT APPRECIABLE RESULTS.

GERMAN LOSSES ARE HEAVY

Attempt Made With Powerful Artillery and Attacks Were Renewed Again—Grown Prince's Army Has Lost 100,000 Men—French Estimate.

By Associated Press.
Paris, Sept. 11.—The violent fighting in the Argonne on Wednesday and Thursday was the result of an effort of the army of the German crown prince to break through the French lines. The attempt was made with powerful artillery and a large number of troops; apparently it has had no appreciable results.
The Germans were able to penetrate the French lines on a portion of the front, but were checked immediately. They renewed their attack again and again, but with such severe losses that they gave up the effort. This offensive movement, it is said on good authority, has not modified the situation in the Argonne. In making it, the Germans have had greater losses, according to French figures, than they have inflicted.

The army of the crown prince has attempted several times in previous months to break through the French front but so far has scored no definite success. The statement is made here that this army has lost upward of 100,000 men, one corps alone losing 40,000 from its ranks, which are continually being depleted and refilled.

FRENCH STATEMENT TELLS OF FIGHTING

By Associated Press.
Paris, Sept. 11.—French official statement:
"There was uninterrupted artillery fighting last night around Neuville and Roulincourt and south of Arras. Between the Somme and the Oise, the encounters with mines continue. In the suburbs of Sive, our artillery has bombarded the trenches of the enemy."
In the Argonne district at St. Hubert and at Courtes, there have been engagements with bombs and hand-grenades. There were particularly violent artillery encounters east of Spaargen in the department of Meuse as well as on the Lorraine front north of Ayracourt in the forest of Tarray and south of Leintrey, all in the department of Meurthe and Moselle."

MOTION TO RULE OUT TESTIMONY IS ARGUED

Saturday's Session Taken up With Arguments in Corpus Christi Vote Fraud Trials

By Associated Press.
Corpus Christi, Texas, Sept. 11.—The government's prosecution of the so-called election fraud cases here in the United States district court today passed for lawyers to present authorities to the court whereby it might reserve its decision to rule out the testimony of a government witness. A recess was taken until Monday morning, and in the meantime the question discussed on all sides is the possibility of the case being finally disposed of before the present trial is commenced, before the close of the coming week.

Gossip that the indictment against many of the 41 defendants might be dismissed early next week proved so insistent today as to call out a statement from United States Attorney Green on the subject. The prosecutor merely said that should there appear to be no evidence against certain parties of the defense after all the government's evidence is in, then he would move the dismissal of the indictments to those parties.
Although a host of witnesses have taken the stand since the trial began there are several of the defendants whose names haven't been mentioned.

BRYAN'S VIEW OF REQUEST FOR RECALL OF DUMBA

By Associated Press.
Minneapolis, Sept. 11.—William J. Bryan, who is here to deliver an address before the Swedish Evangelical Mission Covenant of the Northwest, tonight gave out the following statement on current affairs, in response to a request by the newspapers of the Twin Cities:
"As to Ambassador Dumba's recall," he wrote, "the situation was such that the ambassador could not remain. He could no longer render to his country the service expected of an ambassador because he could not enjoy from his government the confidence necessary for a proper discharge of his duties. This does not, however, compel the breaking off of diplomatic relations, and our government wisely accompanies the request for recall with an assurance of good will."

ALL MERCHANTS TO JOIN IN DISPLAYS FOR STYLE SHOW

GROCERS, DRUGGISTS, JEWELERS AND OTHERS WILL MAKE SPECIAL DISPLAYS IN THEIR SHOW WINDOWS

EVERYBODY IS INTERESTED

Affair Will Be Informal and Will Confer Exclusively of Displays Merchants Will Make in Their Windows and Stores

Practically all down town merchants who have show windows have agreed to participate in the style show, which The Times has arranged for next Thursday evening. The list includes grocers, druggists, jewelers, hardware dealers, confectioners and practically every line of business. While the styles in the commodities handled by these stores do not change as does those in clothing, there is no reason why the benefits of the style show could be confined to dry goods and clothing stores.
It is promised that some of the most attractive window displays to be seen next Thursday will be those in the grocery and other stores not handling dry goods, and some special efforts at attractive windows are to be made.

All show windows are to be decorated in advance and kept dark or screened until 7:30 in the evening of September 16th. At that hour, the sounding of the fire whistle will be the signal for the turning on of lights and the raising of screens for the beginning of the style show. While the dry goods and clothing stores will be open, to permit a better display of fashions inside, the other stores will probably content themselves with window displays.
When the matter was first broached, hardware merchants, grocers and others were of the opinion that it was strictly a clothing store affair. The opportunity to display wares other than dry goods, however, is too good for other merchants to overlook. Hardware merchants might arrange timely displays of gas heaters, hunting equipment and other things that are in demand as the weather becomes cooler. Grocers, with school days just starting, might find profit in showing the best and most convenient foods for school lunches. The resumption of activities by the various women's clubs calls for suggestions in various lines from grocers, stationery stores and others. With the football season coming on, stores handling paraphernalia for that game might arrange displays of their goods. While it is hard to suggest anything particularly sensible in the way of drug store displays, druggists are seldom at a loss to show their goods effectively in the windows. There is hardly a line of business which cannot take advantage of the style show with beneficial results.

The first style show will be an informal affair, and will consist exclusively of the displays which merchants have to offer. If this first style show is the success that it now promises to be, later events of a similar nature will likely be on a more elaborate and pretentious scale.

VILLA EXECUTED THREE OF HIS HIGH OFFICIALS

Forced Men to Make Will Bequeathing Property to Him Before Their Execution.

By Associated Press.
San Antonio, Texas, Sept. 11.—Confirmation of the execution by Villa of three of his high officials is contained in a letter received here from Mrs. Sebastian Vargas, wife of one of the men. The execution took place in Chihuahua City about ten days ago and the three men were Sebastian Vargas, state treasurer of Chihuahua; Aurelio Gonzalez, state secretary; brother of Abran Gonzalez, who was killed by order of Huerta and himself a former governor of Chihuahua, and Felipe Gutierrez, also ex-governor of that state.
The letter declares that Villa forced the three men to make wills bequeathing all of their property to him, and then ordered their execution on the ground that they were in a Carranza plot.

RUSSIAN SOLDIERS ONLY INTEREST IS IN PEACE

Travelers Reaching Germany Report Economic Conditions Bad—Army Lacks Officers and Munitions.
By Associated Press.
Berlin, Sept. 11.—Impressions of travelers who have just returned from Russia contributed to the Neue Zeitung of Zurich, are summarized as follows by the Overseas News Agency:
"Russia has enough soldiers in the field and sufficient food supplies, but has no arms, officers or ammunition. The men appear unwilling to serve and enthusiasm is seldom noticeable. The soldiers are interested only in the prospects for peace. The lack of officers is particularly noticeable. The scarcity of ammunition is still marked. Economic conditions are very bad. Large stores of grain are decaying in warehouses while the people go hungry. Corruption among the public officers aggravates these evil conditions. The famine in coal is simply a calamity.
"Recently Belgian workmen were sent to Russia in the hope of increasing the output of the munitions plants."

OKLAHOMA OIL ADVANCES 5 CENTS.
Tulsa, Okla., Sept. 11.—An increase of five cents a barrel in the price of crude oil was announced at the offices of the Prairie Oil & Gas Company.
This makes an increase of 40 cents a barrel since August 2. The price is now 80 cents.
Oil producers predict that a period of general activity in the Mid-Continent field will result from today's advance.

GEN. CARRANZA'S COUNTER PROPOSAL MAY BE APPROVED

CONFERENCE AS SUGGESTED IS SAID TO BE LOOKED UPON WITH SOME FAVOR BY WASHINGTON GOVERNMENT.

A HEARING FOR CARRANZA

Latin-American Diplomats Would Give Him Opportunity to Hear What Solution He Has to Propose for Restoration of Peace.

By Associated Press.
Washington, Sept. 11.—Gen. Carranza's counter proposal to the Pan-American diplomatic phases of the Mexican problem probably will be approved, according to opinions expressed tonight by officials in touch with the administration. Although Carranza refused to yield to the appeal of Secretary Lansing and representatives of the six Latin-American republics that join his adversaries in a peace conference, it was pointed out here that military conditions in Mexico had undergone marked changes in the last few weeks and in some quarters it was contended that Carranza's claims for recognition were entitled to investigation.
Since the Pan-American appeal was issued, Carranza's army has achieved pacification of territory in Central and Northern Mexico while some reports to Washington have declared Villa's forces are disintegrating.
Secretary Lansing would not indicate tonight how the Pan-American conference would act on Carranza's proposal. It was understood that it would be settled at a meeting next week. From other sources, however, it was learned that some of the Latin-American diplomats are inclined to give Carranza a hearing, with a view to learning what he might propose if recognized on a de facto basis—with regard to the adjustment of foreign indemnities and the protection of foreign interests. Carranza, it is said, is ready to give assurances, that he will as soon as a de facto government can make arrangements, call general elections and that he would step aside for the president chosen at that time.

Villa's agency in Washington declared in a statement tonight that it would address the Pan-American conference regarding assertions made in Carranza's reply. The statement disputes Carranza's claim of territorial control and denies the charge that Villa was bribed to turn against Carranza.

Aside from his fame as a railroad builder, Sir William became a master of finance and was often pointed out as one of the score of men who formed the foundation of Canadian money. He was interested in the railway field and served as a director of a large number of corporations in Canada, the United States and Cuba, in the latter place he formed the Cuba Railway Company with a capital of \$8,000,000.

He was knighted by Queen Victoria in May, 1904 in recognition of his remarkable work in Canada, which included not only his railway and industrial interests, but semi-public service as a governor of McGill University, the Royal Victoria Hospital and numerous other institutions, and notable contribution to the Canadian store of art treasures. The latter, which filled his mansion in Montreal, included paintings by many of the old masters and collections of Japanese art objects which altogether represented a fortune.

By Associated Press.
Montreal, Canada, Sept. 11.—Sir William Van Horne, distinguished Canadian railway builder and financier died here at 2 o'clock this afternoon. He had been in declining health for several months.
From Foot of Ladder.
Sir William Van Horne rose from the foot of the ladder to wealth and fame as one of the so-called empire builders of Canada. Although he was born in the United States in Will County, Ill., Feb. 3, 1843 and gained railway experience through many years connection with railroads in the Central and Western United States, it was after his moving to Canada and becoming general manager of the Canadian Pacific Railway in 1882 that he achieved his most notable triumph by pushing the railway to completion across the continent.
All the rest of his active life he was one of the heads of the Canadian Pacific, being vice president from 1884 to 1888, president from 1888 to 1899, and chairman of the board of directors from 1899 to 1910.
Sir William was the son of Cornelius Covenhoven Van Horne, who was a lawyer at Joliet, Ill. The death of his father left young Van Horne to fight the battle of life when he was only thirteen year old. It appears he was fascinated from the start with the life of a railway man, for his first job was in the railroad yards. He soon afterward became a telegraph operator for the Illinois Central and his strides ahead in various capacities with the Michigan Central Railway and the Chicago & Alton brought him up to his first important executive position as general superintendent of the St. Louis, Kansas City & Northern in 1872. Before going to Canada he also served as general manager of the Southern Minnesota Railway and general superintendent of the Chicago & Alton and the Chicago, Milwaukee and St. Paul.
He superintended the extension of the Canadian Pacific to the western coast and was present at the driving of the last spike on November 7, 1885. The total mileage which later came under his control was over 2500. He was said to be the "Bill and Harriman" of Canada.

RUMORED THAT GENERAL VILLA HAS BEEN KILLED AT GENERAL URBNA'S RANCH

SOME CREDENCE IS GIVEN REPORT THAT REACHED EL PASO

VILLA AND SIERRA SAID TO HAVE GONE TO RANCH TO SECURE A SHARE OF \$6,000,000 LOOT THERE.

TOOK 400 MEN WITH THEM

Urbina Who Had Hidden Millions in Mountains Had Disbanded Forces Several Months Ago Declaring That Revolution Was Over.

By Associated Press.
El Paso, Texas, Sept. 11.—A report that Gen. Francisco Villa and Gen. Lindolfo Sierra had been killed on a visit to the ranch of Gen. Thomas Urbina, at Nieves, near Santa Barbara, Chihuahua, was received here today by American officials from sources which they say were worthy of consideration. Gen. Sierra is said to have accompanied Villa with a force of 400 men to the ranch to secure some of Urbina's loot, said to amount to \$5,000,000. Earlier reports to Villa adherents had caused them to be apprehensive as to their leaders' safety although they thought it possible that the meeting might result in an alliance for guerrilla warfare in western Chihuahua.

White Gen. Villa is reported to have gone to Urbina's ranch to secure for the Villa government more than \$5,000,000 loot secured by Urbina during two years' service under Villa. It was pointed out that Villa has heretofore been a close friend to Urbina and that it was possible that Urbina, while refusing to give the money to the Villa government might be persuaded to share it with Villa in backing irregular operations. Villa is known to have taken more than 400 men with him on his visit to Urbina. Urbina, several months ago disbanded his forces and is reported to have told his men that the revolution was over, and that it would be each man for himself.
It is said Urbina has warehouses at his ranch filled with looted goods and that he had hidden in the mountains many millions in gold, silver and jewels. The estimate of \$5,000,000 is said to be conservative. In one visit to the city of Durango he secured \$800,000 from the bank and as much more from civilians and merchants.

By Associated Press.
Brownsville, Texas, Sept. 11.—A note of salutary influence of the 4300 American troops in this section appears today in a report to Col. A. C. Blockston, that there is a noticeable diminution of talk of reprisals among responsible persons on the Mexican side of the Rio Grande.

By Associated Press.
Taylor, Texas, Sept. 11.—The finding of a human foot in possession of a dog today led local officers to believe a murderer has been committed in this vicinity, although they have no clue as to the victim or the perpetrators. The foot, according to physicians, is that of a woman. It is not decomposed and was being gnawed by the dog. Physicians are unable to report an amputation here within the past two months. It has not been learned whether any woman is missing from the community.

Paris, Sept. 11.—Deputy Pierre Masse has prepared for introduction in the chamber a bill providing that members of French colonies and protectorates be recruited for service in the army. It is estimated that this step would add seven hundred thousand men to the forces in the field by next spring.

MANY FRIENDS ATTEND FUNERAL OF E. REXFORD

Many friends attended the funeral of E. Rexford at the residence at 1605 Ninth street yesterday afternoon. The funeral sermon was preached by Rev. F. P. Walters and burial was in Riverside cemetery. The active pall bearers were: D. P. Taylor, R. M. Waggoner, E. B. Gorsline, Walter Wilson, Ernest Eubanks and Hugh Reilly. J. G. Hardin, S. P. Hawkins and Joseph Hund were honorary pall bearers.

284 AUTOMOBILES, 191 BICYCLES REGISTERED

Authorities Will Soon Begin Filing Complaints Against Those Not Registering Machines

A total of 284 automobiles, 18 motor cycles and 191 bicycles had been registered at the city hall under the new traffic ordinance up to last night. It is probable complaints will be filed within a few days against the owners of motor vehicles and bicycles who have failed to comply with the ordinance. The authorities believe reasonable time has been given for compliance with the registration regulation.

GREEK KING NOT UNEASY OVER BULGARIAN PERIL.

By Associated Press. Athens, Friday, Sept. 10, via Paris, Sept. 11.—King Constantine, of Greece, received the correspondent of the Associated Press today at his summer residence at Katol. The king expressed regret at his inability, owing to the present critical state of national affairs, to make any statement at this juncture respecting the policy which will be pursued by Greece.

King Constantine, although somewhat thin from his recent illness, now seems to be in perfect health, ready to take the saddle tomorrow in the capacity of leader of the Greek forces

should occasion require. He does not look for such a contingency, however. For an hour the king discussed the progress of the war showing the usual keen interest. He does not appear to share the general uneasiness in this country concerning what is regarded as the Bulgarian peril.

Fort Worth, Tex., Sept. 11.—Employees of the Frisco system will hold a protest meeting, probably in Springfield, Mo., in the near future to protest against the new physical examination rule. This rule requires an examination annually.

RESUME TESTIMONY IN BREWERY CASES MONDAY

Hearing Will Proceed to End—H. Bruhn Will Resume Stand—Cetti Following Witness

Special to The Times. Austin, Texas, Sept. 11.—Taking of testimony in the brewery hearing before Special Commissioner Kearsler is to be resumed Monday and is to proceed to the end, excepting the time to be consumed by the attorneys in the presentation and argument of the defendants' demurrers on September 29. There had been an apparent understanding that the hearing would terminate during this week and that a few days before the 20th there would be an adjournment in order to give the attorneys an opportunity to prepare their papers, but this is now off and the hearing at Austin is to proceed. There seems to have been a slight disagreement between the state's attorneys and those for the breweries, as to the prolongation of the hearing.

When the hearing is resumed H. Bruhn, president and general manager of the Lone Star Brewing Co., of San Antonio will again take the stand.

He is expected to conclude his testimony by next Tuesday, when the state will place Zane Cetti of the Texas Brewing Company of Fort Worth on the stand and Mr. Cetti will be followed by I. A. Stein of the Galveston brewery.

Standard Garage Changes Hands

We hereby call attention to the change and transfer of the Standard Garage formerly known as the Overland Garage, from Durley and Wallace to W. T. Willis and J. P. Donaldson, and wish to state that the management and system of conducting said business will be up to the latest methods.

This business will be conducted under the management of Mr. W. T. Willis, who has had more than nine years experience in the automobile business and has been with the Wichita-Overland Company of this city for the past two years and is the best known automobile man in all North and West Texas. Mr. Willis has made a special study of all makes of automobiles and understands every mechanical department of the business.

Mr. Donaldson is a man well known throughout all Texas, having been in the pottery business for many years and for some time here in Wichita Falls. He is a very competent book-keeper and office man and will be office manager of said firm.

These parties will have no interest in any sales agency for automobiles and will give the same service to all cars alike, and all work done by them will be guaranteed.

The Standard Garage will make a specialty of electric starters, lights and battery work. They have the only really equipped electrical station between Fort Worth and Denver, Col., and all work is done by expert electricians.

Will make a specialty of vulcanizing work and are prepared to do any kind of work to be done in rubber.

They will put in as soon as the equipment arrives, a free tire service car that will be at the service of all who will call 621 and they hope to have this service on in a short time. They will give special attention to all storage cars and absolutely guarantee the safe keeping of all cars left in their care, and will be glad to explain their storage plan when they agree to keep cars up in repairs by the month.

They are the best equipped of any station in Northwest Texas to take care of and recharge electric coupe and will be glad to have a chance to do your work. Mr. W. T. Willis wishes to thank all his many friends who bought cars from the Wichita Overland Co., while he was with said company and asks them to share their work with him. He is the best Overland mechanic in all North and West Texas, and you will always find him just as pleasant and considerate as ever.

Asking all automobile owners to give them a trial they remain,

Yours truly,
STANDARD GARAGE,
410 Willis & Donaldson.

GIBBONS' WINNER OF MATCH WITH PACKY M'FARLAND

MATCH HARD FOUGHT FROM START TO FINISH

For First Four Rounds St. Paul Phenom Was Always Leader—His Blows More Effective.

By Associated Press. Ringside, Brighton Beach, N. Y., Sept. 11.—Before the largest crowd that ever witnessed a boxing match in this country, Mike Gibbons of St. Paul outpointed Packey McFarland of Chicago in a ten-round, no decision contest here tonight. The bout, which brought together two of the cleverest boxers in the ring today was hard fought from start to finish, but Gibbons scored the more frequent and more effective blows. McFarland showed that his long absence from the ring had dulled his speed and power. McFarland showed flashes of his old rapid fire left,

THE TALE OF A CLOTHES LINE

Here is what personality has to say about the clothes line: Your social standing may be established and maintained by your clothes-line. The neighbors are largely conversant with your mental development through the medium of what the clothes-line reveals when you hang all your clothes on it on wash day.

They know whether you wear combinations or lingerie, and they know how often you make changes and when you leave off flannels. They know how you keep up with your mending and they can tell how methodical you are by the way you allow your clothes to be pinned to the line. All these details help with psychology of your social standing and form the setting of the stage on which you perform for the continuous audience of your neighbors. The clothes-line is so intimate. It stands in with the gossip. It furnishes evidence first hand.

MATCH HARD FOUGHT FROM START TO FINISH

but the leads were little more than snaps and did not check Gibbons in his more effective assaults. McFarland appeared nervous when he entered the ring and was not as finely conditioned as his opponent. The St. Paul phenomenon immediately took the aggressive and showed that he intended to make a fight of it instead of a sparring exhibition. There was power behind almost every blow he landed and he found little difficulty in beating the stockyards boxer to the punch. For the first four rounds Gibbons was always in the lead, playing alternately for the head and body. McFarland tried to outslug his opponent in the next period but although the latter was beginning to weaken, he staggered Packey with several blows to the head and still maintained his lead. Gibbons was the favorite in the betting at odds ranging from 3 to 5 and 2 to 1, and while no large sums were bet, there were hundreds of small bets, so great was the interest and difference of opinion regarding the outcome of the bout.

Another advance of 5 cents per barrel on oil is due and will probably be made the first of this week. That will help out a great deal, making a total advance during the past sixty days or about 40 cents on the barrel. The effect of this rise in the price of oil is very apparent at Electra, the largest producing field in this immediate section, and reports from this field now are that there is little or no idle labor and that there are really more jobs than there are men to take them.

The public schools of this city will open tomorrow, September 13th. The scholastic census is a little greater than that of last year, but there will be less State money by \$2.00 for each child within the scholastic age, with which to pay teachers and maintain the school buildings. That means for the Wichita Falls schools about \$6,000 less than last year. The taxpayers, however, will be called upon to pay a higher state tax rate than ever before.

After an absence from the State of two years or more E. H. R. Green, sole owner of the Texas Midland railroad, running from Paris to Ennis, a distance of 125 miles, and said to be the best equipped railroad in Texas, is coming back to Texas to live, and perhaps make further investments in railroad property. He is a Republican in politics, but likes the way things are done in Texas.

Up to the present time it is said twenty-three counties in the State have failed to make returns to the Secretary of State on the election held in the latter part of July this year on the constitutional amendments. Yet, there is little doubt that elections were duly held in those counties, and the people who voted have been disfranchised by the negligence of the very men they elected to office. It is not likely, however, that any notice will be taken of the matter that would lead to cutting off the pay roll of such negligent or incompetent county officials.

The Fort Worth Labor Council has refused to give its endorsement toward a movement to secure a date for Rev. Billy Sunday basing its refusal upon the theory that it preferred to endorse local preachers rather than send abroad for preachers of Sunday's reputation. The resolution as passed by that body is as follows: "Whereas, We have before us a certain resolution for indorsement inviting one Billy Sunday to come to Fort Worth, and

Whereas, As a body of the citizenship of this city and state, we thoroughly appreciate the position of those advocating this move, but at the same time, we, as trade unionists, with humanitarian interests, cannot lose sight

of the buy-it-made-in-Texas movement and the fact that Texas and Fort Worth have as good men in such work as any other state in the Union, and further, that such funds necessary to induce Billy Sunday to come to Fort Worth could best be used in Texas for the good of those who are in need of a near-living wage and those who are now hungry for employment and for the necessities of life, therefore, be it Resolved, That we decline the indorsement of said resolution and urge the use of Texas money in Texas and for Texas people."

WHITE STAR LINE SAYS GERMANY'S EXCUSE AUDACIOUS

By Associated Press. London, September 11.—The White Star line made the following statement today to the Associated Press with regard to the government's explanation of the torpedoing of the Arabic:

"The German excuse contained in the note published today is just as audacious as the previous one and is absolutely unsupported by facts. A great point is made of a supposed attempt on the part of the Arabic to ram the submarine but every one knows that courses must frequently be changed in the channel and any change at such a time could not possibly have been taken by the Germans to mean any attempt to ram.

"There is not the slightest question that the Arabic did not try to ram, for the sufficient reason that the submarine was not seen by Captain Finch, however, the Arabic did not try to escape the only preparation taken to meet the helm hard over directly when the torpedo was seen."

MISFITS

Misfits are not necessarily garments that failed to fit the customer for whom they were made. It is a term applied by the tailor to any garment he has failed to deliver to the customer for any one of the many reasons such as returned C. O. D. packages, failure to pay, inability to locate party, failure to deliver at specified time, etc.

MISFITS NOT CAUSED BY IMPERFECTIONS

Misfits are not necessarily caused by imperfection because the systems of inspection through which the order goes from the time it reaches the office of the tailor until the address is written upon the package is so thorough that any mistakes are detected and corrected at their source. The mistakes are mostly attributable to the delivery companies, who are entrusted with the handling between the tailor house and the customer.

BORDER SITUATION IS UNDER FULL CONTROL

Gen. Funston So Reports to War Department—May Quarter 5,000 Troops in That Section

By Associated Press. Washington, September 11.—The border situation now is under full control of federal troops, Major Funston reported today to the war department. The arrival of the Sixth cavalry brings the force up to two full regiments between El Tigra, Alroy and Brownville, a force sufficient, according to the general, to put down any uprising or trouble by marauders.

HOME GUARD COMPANY ORGANIZED AT MISSION

By Associated Press. Houston, Texas, September 11.—To guard against a recurrence of border raids in that vicinity the Mission Chamber of Commerce has organized a company of home guards, known as the National Rifle Club, with a charter membership of 50. More than 100 applied.

GOVERNMENT CONSIDERS PROPOSAL TO QUARTER TROOPS

By Associated Press. Houston, Texas, September 11.—Information has reached Kingsville, according to a message from that city, that the government has under consideration with Robert J. Kieberg of Santa Gertrudes ranch, and other ranch men, a project to quarter 5,000 troops there, on the provision that the ranch men furnish proper sites and barracks. It is understood the government looks favorably on the proposition owing to the excellent facilities of the gulf coast lines to Kingsville to expedite the movement of troops in large numbers.

"In 40 years I have never seen border disturbances reach such an acute stage" said Mr. Kieberg today.

VILLA GENERAL FUGITIVE FROM HIS OWN MEN.

By Associated Press. Del Rio, Tex., Sept. 11.—General Silva, in command of the Villa garrison at Las Vacas, across the river from here, fled from his own men last night, and today has been interned here. Thursday night 200 of Silva's men deserted, leaving his command reduced to 400. Yesterday Colonel Carlos Sillis is said to have mutilated and declared for Carranza. Silva's court martial is said to have sentenced Carlos to death, but the majority of the troops supported Sillis and Silva became a refugee. Sillis is now in command at Las Vacas.

Small bands of deserters from the Villa are skirting the frontier and have called out a stricter patrol of the United States troops.

Window Winners for Monday's Quick Selling

Because it was the day after labor day, and because people were tired, and didn't care about buying goods any way, even if they were bargains, our window sale last week was not up to what it should have been, considering the values we offered, but it didn't scare us off—it just spurred us on to go them one better and we've got BARGAINS THIS WEEK that if you don't take advantage of you'll be sorry for it every time you think of it.

The Two Features of This Week's Sale Are Diamonds, worth up to \$75.00 for \$18.50 and Cut Glass worth up to \$20.00 for \$8.40

That's what we call bargains. You will, too, if you see them. The diamonds are from our loan department, in a selection of medium priced stones on which we loaned about one-fourth their values. Their values run from \$30, \$35, \$45, \$55, and up to \$75. There are just 43 pieces in the lot and we have put one price on a choice of the whole lot—

\$18.50

The diamonds are set in La Valliers, rings, pins, brooches, studs, etc., and the mountings are all solid gold, except those which are platinum.

A BIG SHIPMENT OF BEAUTIFUL NEW CUT GLASS BOUGHT BY JACK ART AT SAGINAW, MICHIGAN. NEW YORK MARKET RECOVERS REACTION

By Associated Press. New York, Sept. 11.—The cotton market recovered a good part of yesterday's reaction during today's trading, but encountered heavy realizing again and prices generally eased off with December selling down 10.59 to 10.45 and with the general list closing steady, net two points lower to two points higher.

TO TEST CAPACITY OF BROOKLYN YARD DRY DOCK

By Associated Press. New York, Sept. 11.—Officers of the Brooklyn navy yard believe that Secretary Daniels is testing the capacity and efficiency of the one big dry dock in the yard big enough to hold a battleship—battleship Orders have come from Washington to prepare to receive the battleship Wyoming, Texas, Arkansas, Utah and Florida on October 1 and to have all five ready to sail fourteen days later.

AUDITORS FOR CONTROLLER'S DEPARTMENT APPOINTED

By Associated Press. Terrell today announced the appointment of two of the three auditors allowed the department by the last legislature. The two appointees are W. R. McDonald of San Antonio and L. Both lectured in Madison Garden, New York City, a few years ago. 50c admission was charged for Debs' lecture and more than a thousand were turned away for lack of room. The Roosevelt lecture was free and hundreds of seats were unoccupied.

DEBS Will Lecture in the OPERA HOUSE in Wichita Falls, Tuesday Night, September the 14th

And the city feels itself honored to have a world-famed lecturer visit it. It costs practically nothing to hear the lecture which will entertain the hearers most delightfully. Here is the plan: Purchase a subscription card at any of the following stores any day this week which costs only 25c. Tear off the attached coupon and present it for admission at the door, then at your convenience write your name and address plainly in the spaces on the card, put on a 1c stamp and drop in the post-office and you will get the National Rip Saw one year free. The parquet seats will be on sale on and after the 11th of September at the Rexall Drug Store and costs only 50c, or one subscription card and 25c. Every coupon is good for 25c in the purchase of parquet seats. Cards will be on sale at the opera house all the afternoon of the day of the lecture, or Tuesday, September 14th.

Tickets are now on sale at the following places and an early purchase insures you a seat: Wichita Drug House, Miller Drug Store, E. M. Winfrey's Gun Store, 711 8th St., Jones & Kennedy's Store, Wilson Perry Co., Loeb Liepold, McClurkan & Company, J. F. Riggs, Kruger Bros., Art Jewelry Company.

DR. DUMBA LEAVES FOR HIS SUMMER HOME

By Associated Press. New York, Sept. 11.—Dr. Constantine T. Dumba, Austro-Hungarian ambassador whose recall has been re-

quested by President Wilson left here for his summer home at Lenox, Mass., today.

Dr. Dumba was accompanied by his secretary, Franz Hohenlohe, who waved aside newspaper men when they attempted to interview the am-

bassador. Dr. Dumba spent several hours with Count Von Bernstorff, the German ambassador last night. Both diplomats declined to say anything regarding President Wilson's action.

In spite of the recent declaration of a federal judge that Texas who shoot doves before October 15th are liable to punishment under the federal game laws, Wichitans who go out after doves are safe from molestation. Charles Russel, who is game warden for both the state and federal government in this county does not understand the federal game law to affect dove-shooting, as he has a ruling which specifically provides that regulation of dove-shooting comes under the state laws. Another count which lessens the risk local birdrods are taking, is the ruling of a Kansas court several months ago in which it was held that the federal game law was unconstitutional.

A young man was arrested on a swindling charge late Friday by Sheriff Hawkins, who located him in the flats. Somebody on the other side of the street called to the sheriff immediately afterward, and when he turned to see who it was, the alleged swindler started going. He had on a white hat, a Palm Beach suit and white shoes and all that could be seen when the sheriff looked for him was a white

streak in the distance. Later the man was recaptured and placed in jail to await a trial tomorrow. He is said to have given checks that the bankers couldn't use.

PAYS BIG DIVIDENDS

Keeping the place up pays the biggest kind of dividends, if you only stop to think about it. Keeping the fencing repaired, the out-buildings in good shape and the leaky place in the roof patched, gives a property a value on the market that a run-down house never has. If you need any lumber—no matter in what quantities—we will be glad to furnish it to you, and will guarantee to give you the best quality at prices as low as you can find anywhere. We take just as much pains with an order for one or two boards or a bundle of shingles as we do for a carload.

AQUILAR WARMUTH BECOMES FULL FLEDGED CITIZEN

Aquilar Warmuth, a native of Bavaria, Germany, became an American citizen yesterday, final naturalization orders having been entered by Judge Nicholson in the 78th district court. The applicant was questioned as to his theories of government and seemed well informed. He denied any anarchistic theories and seemed well satisfied with Uncle Sam's methods. He showed much familiarity with the constitution answering many questions which would have made native Americans scratch their heads. Several others who were to have been naturalized Saturday have not yet returned from California and will receive their final papers later.

Our Store is Headquarters for School Supplies

School bell rings Monday morning, and pupils throughout the city will be in need of books and supplies. We have anticipated the demand with a very large stock of all the needful articles: complete lists of books for all grades, as well as pencils, tablets, rules, pens, inks, erasers. We call special attention to our line of "Golden Rule" tablets, made for composition work, spelling, writing, drawing and every school purpose. These sell at 5c. Parents can send their children down to us for school supplies, safe in the confidence that their wants will be carefully taken care of—all we need to know is the grade the pupil is in and we will do the rest. The prices are the same to all. WE CARRY A COMPLETE LINE OF WRITING MATERIALS AND OFFICE SUPPLIES.

DEBS EXPECTED TO ARRIVE MONDAY P. M.

FOREMOST EXPONENT OF SOCIALISM IN COUNTRY WILL SPEAK HERE

AT SEYMOUR ON MONDAY

Subject Not Announced But Expected to Discuss Questions From Socialist Viewpoint

The foremost exponent of the doctrines of Socialism, Eugene V. Debs will be in Wichita Falls Tuesday and will speak at the Wichita Theatre in the evening. Arrangements for his visit are now practically complete, the local Socialists having made plans for his entertainment while here.

Mr. Debs will speak at the Socialist encampment at Seymour Monday afternoon and will probably come here by automobile late Monday to remain all day Tuesday. From Seymour he goes to Oklahoma points and as it was necessary for him to pass through Wichita Falls, J. J. Manley, one of the leading local Socialists, seized upon the opportunity to persuade Mr. Debs to stop here for a speech. Those who have heard Mr. Debs talk declare that his address will be of interest to everyone, regardless of political affiliations, and he commands the attention of members of all political parties wherever he goes.

No subject has been announced for Mr. Debs' talk, but he will discuss the general questions of the day from a Socialist viewpoint. Mr. Debs has several times been the Socialist nominee for president, and more than likely will continue to lead the party in future elections. In addition to his public speaking activities, Mr. Debs is editor of a rampant Socialist publication "The Rip Saw" which has attracted considerable attention.

B. STANFORTH MANAGER OF FOOTBALL ELEVEN

A meeting of football enthusiasts was held Friday night in room 216, First National building, with 26 in attendance, steps being taken for the organization of a strong town team. B. Stanforth was elected manager and coach, and the captain will be chosen at a later meeting. The players, many of whom are members of former high school teams, feel that the outlook is very promising for a strong team. They are determined that none of the squabbling, which marred some of last year's games for the spectators, shall be indulged in this year.

The members hope that the game will receive better support from the public this year than in the past, as they believe that one reason Wichita Falls has not had better representation on the gridiron is that the attendance at the games has been so small. Among those expected to play are Bell, Jungk, Cooper, J. Tevis, B. Tevis, Bert Taylor, Trotter, Courtney, Clarence Moore, Andrews, P. Colburn, Skern.

FOUR SNAPPED CARTRIDGES THROW DOUBT ON STORY

By Associated Press.
Atlanta, Ga., Sept. 11.—Pending the holding of an inquest late today officials took no definite action in the death last night of A. C. Ford as the result of a pistol bullet wound inflicted at his home Wednesday. The police said the examination of the weapon caused them to doubt the statement Ford made soon after he was shot to the effect that the pistol had exploded accidentally while in his hands. They said the trigger had been snapped at least five times and four of the cartridges showed they had failed to explode when struck by the trigger.

Mrs. Ford reiterated today the story that the shot had been fired soon after Ford had arisen from his bed on a sleeping porch and had gone into the house.

Interest Now Turns To Fall Style Show

Wichita Falls Fall Style Show scheduled for Thursday evening and Friday of this week is the matter of most interest to the general public right at present and with the cooler days and a hint of autumn in the morning and evening breezes what to wear this winter becomes a topic of interest for men and women alike, and even the children have a part in the world of fashion which dictates the way in which the world and his wife and their family must be dressed to be strictly a la mode.

American Design Features.
Just what will be worn and just what the merchants are showing is a question the answer to which will be eagerly awaited by all women who make any pretensions to being well dressed, and what woman does not? First in answering this question, it may be said that American designed and made styles predominate, and very clever and charming these styles are too. The large tailoring establishments of New York and Chicago, which are represented in this city by the leading merchants, have featured American design models that are admirably suited to the American type of figure and athletic carriage which characterizes the American girl or woman and especially the Southern woman. In all of the stores tailored suits take the preponderance over the styles shown and in these suits one finds an unusual variety.

The Fall Colors.
Dark colors are in vogue but several shades originating with the fall of 1915 are shown. The great world war is still influencing the color and cut of suits but to an ever lessening degree. Military blue is used not superseding in favor, however, the old reliable navy blue. African bronze or brown, reflects the activities of the English and German armies in South Africa and in the rage for plaids one is reminded of the Tartan kilts of the army of the allies. The remarkable vogue of the tan may also be attributed to this source. In the garments which will be on display at the Thursday and Friday Style Show

the Russian influence will be noticed most strongly. The fashion editor has had private showings of the majority of the winter stocks and can speak with authority. In suits, frocks, coats and evening gowns, everywhere a hint of the Russian will be found. This is found in the suits in the high buttoned jackets, the braiding and the touch of fur. The long coats are either of fur, or fur cloth or have high collars of fur that encircle the neck, and chin, leaving barely room for the eyes to peep out and cuffs big enough for mitts. The separate coats this year are unusually good looking, being fashioned of heavy fabrics, corduroy or woolsens, belted in most cases and having long full skirts that in most cases trail in the hem of the frock worn underneath.

Furs and Buttons.
With the world of Paris in half mourning and a number of the designers in the trenches it is not unusual that American artists in the realm of fashion should come into their own and in the frocks and more supple fabric for dress and evening. Fur and buttons are much used for trimmings and the colors have never been of a wider or more beautiful range.

Millinery Showing.
Last but not least in the realm of fashion comes the millinery and the shops even now are showing a comprehensive array of both street and dress hats. Colored velvet hats will be more widely worn this season than for many winters past but this does not mean the passing of the black velvet. On the other hand it seems to have gained in popularity with women who desire to wear the right about the styles it will be necessary to visit the Style Show Thursday evening and the continued showing through Friday.

Styles of Originality Distinguish the New Store

INDIVIDUALITY is emphasized in our diversified assortment of Ladies' Fall Garments. This is a day when to be different in dress—smartly so—is the sign of intelligent selection. We have taken several appreciable forward steps in each department. To foresee your needs, and never be content with anything short of perfection.

OUR EXTENSIVE SHOWING OF THE NEW SUITS

Is Receiving the Most Gratifying Comment

There is not a style feature of value but is included in our stock and there are many that are not to be found elsewhere. Beautiful garments of rich fabrics, trimmed with luxurious furs of exquisite embroideries—smart tailored models fresh from the hands of the world's best tailors. Prices **\$15.00, Upward to \$90.00**. Look to us for information, as to the "right thing" in "just clothes."

The Extreme New Things in Corsets "The Military Front"

The first real change of importance since the straight front corset came in, will be found in these higher busted, shorter hipped corsets only now arriving. There is a slight curve at the waist, but the effect is to "set the figure up"—and to give to the diaphragm that support that the corset with the low bust did not give. The military front comes from Paris, where military clothes are worn on the streets, and where the "Princess" fashions bid fair to hold sway at night. It is the last word—the model that will give distinction to women and gowns this winter, for no gown, however distinctive or costly, can be distinguished on a poorly corseted woman. Ask to see our Le Corsella and American Lady Corsets—priced upward from **\$1 00 to \$15 00**.

For The School Girl or Miss
Unlimited selection. The new Frocks, Coats and Suits are here and in broadest variety. Middy and Balkan Blouses for wear with separate skirts. Gingham and serge dresses.

The New Autumn Hats In Every New Shape

Here are styles that mirror the latest creations that have crossed the seas. Pantre velvet and Lyon's silk velvet are proving the season's favorite materials, being used on the new dressy polka shapes, turned up in the back, with a jaunty dip in front. Then there are sailor shapes, both large and small and clever styles of turbans, with the new wing and head trimmings predominating. Priced from **\$5 00 to \$50 00**.

Just received a shipment of Crepe de Chine Handkerchiefs in varied colors, and figures. Phoenix and Kayser Clock Hose in all colors and ideas.

STOCKHOLDERS IN WAREHOUSE MEET

ELECT DIRECTORS AND ARRANGE FOR OPERATION OF COMING SEASON

LITIGATION IS DISCUSSED

Company Well Able to Handle Every Claim Against It—Ready for the New Crop

At a meeting of the stockholders of the Wichita Falls Cotton Warehouse Company Saturday afternoon officers and directors for the year were elected and preparations made for the new season. The meeting also discussed at considerable length the present affairs of the company, over which there has been some litigation. The complete ability of the warehouse company to handle every claim against it was voiced. Directors Elected. The following directors were elected: Frank Kell, H. B. Hines, W. G. Myers, W. L. Moore, J. L. McConkey, Henry Ford and T. B. Noble. All of these were re-elected except Mr. Moore, who succeeds J. T. S. Gant. The officers for the year are: J. L. McConkey, president and general manager; H. B. Hines, vice president; J. W. Thomas, secretary and treasurer.

The affairs of the warehouse company were gone into at some length, being discussed with some of those involved in the litigation. The statement was made that while there has been some unpleasant incidents, nothing whatever had happened to affect the ability of the company to store cotton and that it was able to handle the coming crop without a hitch.

McConkey Hopeful.
J. L. McConkey, president and general manager in a statement Saturday night, said he considered the general cotton situation very encouraging and expressed the hope that the staple would not be rushed to market. With the warehouse and the banks co-operating to assist the farmer, said Mr. McConkey, there was no reason why cotton should be rushed to market.

OIL PRICES REMAIN AT 75 CENTS BARREL HERE

Recent Advances in Oklahoma Have Not Been Followed By Advances Here

Local oil prices remained at 75 cents per barrel Saturday, although oil men here were confidently expecting an advance early this week following the five cent rise in Mid-Continent prices. If the five cent differential between this market and that in Oklahoma is maintained, a ten cent advance is due here, but for several weeks the two markets have been even, the price being 75 cents in each.

NEWSPAPER PLANT AT SHANGHAI IS BLOWN UP

By Associated Press. Shanghai, Sept. 11.—A bomb explosion took place today at the plant of the Asiatic Daily News, a newspaper published in the Chinese language, which appeared yesterday for the first time having been launched for the purpose of pushing the propaganda of a monarchical form of government in China. The front of the newspaper property was blown in. One member of the staff and two persons nearby were killed and five injured. Two arrests were made.

AT THE CHURCHES

Christian Church. Bible school at 9:30; prayer circle at 9:15. All teachers and officers requested to attend promptly. We had 323 in school last Sunday and want 350 this week. Be one of that number. Endeavor meeting at 7:30 in the basement. Ladies Aid Monday afternoon. There were 21 in prayer-meeting Wednesday evening. We are asking every officer and teacher in church and Bible school to attend prayer-meeting this week. Every member of the church is earnestly requested to attend both the preaching services. Morning sermon "Original Christianity." Evening 8:15, "Some of the Benefits of the European War." Remember the revival begins in October. We hope every member will be in full attendance before that time. Dr. Prothro, the church clerk has been asked to make a corrected church roll; all members are asked to give their full names and proper address. F. F. WALTERS, Pastor.

First M. E. Church. All the regular services of the day. Sunday school at 9:45. Last Sunday was the first in several weeks that we have not had new scholars. Some one should bring a new scholar next Sunday to get back to our record. If you are not already in some Sunday school come with us. Epworth League at 7:30. Just a thirty minute devotional study. Young people welcome to this service. Preaching in the morning at 11. Sermon subject, "The Soul's Sinal." Preaching again in the evening on the subject, "The Divine Intention." We are seeking to make these subjects practical and suggestive for every day living. We extend a cordial invitation to any who may wish to worship with us. We are holding revival services at Paul's Memorial Chapel every evening. Rev. T. W. Lovell is associated with Rev. Hines and the pastor in conducting these services. It is everybody's meeting and we invite the community to attend. We are not doing a sectarian work. Your church affiliation will not be jarred in any way. If you want this section of the community uplifted by a good revival come and work with us in this meeting. We are preaching practical gospel without any regard to peculiarities of doctrine. Come to the services and help in a good work. CHAS. C. SMITH, Pastor.

Methodist Episcopal Church, South. The pastor has returned from his vacation and will preach at both hours Sunday. Sunday school at 9:30 a. m. Morning services at 11 a. m. Evening services at 8 p. m. League devotional meeting at 7 p. m. Mid-week prayer meeting Wednesday evening at 8 o'clock. Let's all start in afresh to make the most of our Church work this fall. We have only two and a half months left of the conference year and by all working together we can close out the greatest year in the history of our Church.

First Presbyterian Church. (Corner 10th and Bluff) Owing to the illness of Dr. Alexander of Grand Island, Nebr., who was to have occupied the pulpit at the Presbyterian church Sunday the 12th, there will be no preaching services at either hour. On September 19th and 20th, Dr. Alexander hopes to be able to meet his appointments in this city. Sunday school at the usual hour.

Church of Christ. Bible studies at 9:30 a. m. Sermon subject for 11 o'clock, "The Way of the Cross, or From the Cross to the Crown." Subject for 8:00 p. m. "Bible Terms and Bible Definitions." Prayer meeting Wednesday night. All invited to our services. C. A. BUCHANAN, Minister.

Lutheran Trinity Church. Sunday school at 9 a. m. Confessional services at 10. Preaching and Communion at 10:30 a. m. All voting members are requested to attend our quarter annual business meeting after services. A cordial invitation to worship with us is extended to all. F. A. BRACHER, Pastor.

Kindergarten Notice. Miss Anna Belle Farquhar will open her kindergarten classes Monday, September 13 at 9 o'clock at the Austin school and at 1 o'clock at the Alamo school. Terms \$2 per month. Those wishing to confer with Miss Farquhar phone 17. 1 to

Fourth Street Baptist Church. The usual services of the Fourth Street Baptist Church will be held, the pastor, T. E. Cannedy preaching morning and evening. Sunday school at 9:45. R. K. McGregor, superintendent. B. Y. P. U. at 7:15. Woman's Alliance Monday at 4 p. m. Mid-week prayer meeting Tuesday at 8 p. m. A full attendance by the church are urged upon all these services. Strangers and visitors are gladly welcomed to any of our services. If you are not in Sunday school elsewhere come and be with us. T. E. CANNEDY, Pastor.

STRAIN TOO GREAT. Hundreds of Wichita Falls Readers Find Daily Toil a Burden. The hustle and worry of business men.

The hard work and stooping of workmen. The woman's household cares. Often weaken the kidneys. Backache, headache, dizziness. Kidney troubles, urinary trouble frequently follow. A Wichita Falls citizen tells you what to do.

R. H. Clark, 1107 Indiana, Wichita Falls, says: "I strained my back and kidneys by heavy lifting. After that, my back ached badly by spells and it pained me to even stoop. My kidneys also acted irregularly. I used about three boxes of Doan's Kidney Pills and regulated the kidney action. I have had scarcely any trouble since." Price 50c at all dealers. Don't simply ask for a kidney remedy, get Doan's Kidney Pills—the same that Mr. Clark had. Foster-Milburn Co., Buffalo, N. Y.—Advt.

CHURCH GOOD SHEPHERD TO BE DEDICATED OCT. 3. Building Completed and Will Be Ready for Occupancy When Pipe Organ Completed.

The new home of the Church of the Good Shepherd, Episcopal, at Tenth and Bluff streets, is now complete and will be ready for occupancy as soon as the pipe organ arrives. The congregation expects to hold the first service in the new building on Sunday, October 3 when Bishop Garrett will be here from Dallas to one of the handiest in the city and the congregation takes much pride in it. Among its features is its set of chimes, a useful arrangement of bells that summons the members to services. The pastor, Rev. F. T. Dalton is making plans for the dedicatory services which will be held on the first Sunday in the new building.

BIG WICHITA BRIDGE NEAR IOWA PARK COMPLETED. Not Known Last Night, However, Whether it Would Be Opened or Traffic Today.

The new bridge across the Big Wichita River south of Iowa Park is now finished, and will probably be open to traffic today. It could not be ascertained definitely last night, however, that it would be ready, as County Commissioner McCleeky is out of the county. The bridge is several hundred yards upstream from the old one and is a substantial steel structure, erected at a cost of about \$10,000. The old bridge was so badly damaged by the high waters of last spring that it was not deemed practicable to attempt to repair it.

Vacation Days Are Over School Opens Monday

The 1915-16 session of the public schools opens tomorrow morning at 9 o'clock and everything is in readiness for the 2500 or more children who will take up their studies. Numerous changes have been made in the personnel of the teaching force this year, with a new superintendent at the head of the schools. Especially numerous have been the changes at the high school, there being almost an entirely new faculty in charge there. The new superintendent, Prof. Lee Clark, has been on the job since early in August and has been very busy making arrangements for the opening. Prof. Clark wishes the fact emphasized that in spite of the numerous changes in the high school faculty, the standard is fully as high as it was and he is well pleased with the personnel of the faculty as it now stands.

and took no note of the hour, it being after they had retired for the night.

Mud was used to plug up the crack around the safe door. The place where they poured water on the ground and made the mud was found and there was mud on the wall opposite where the safe sat. The door was blown open and loose from the safe except that it hung by the top hinge. The safe door was wrecked and the locking mechanism broken up. Nothing was known of the burglary until Mr. Jenkins came to the store Tuesday morning about seven o'clock to open up for the day. The postoffice was kept in a general merchandise store. Mr. Jenkins had bought out J. W. Coen and the transfer of the office and business had been made on Monday, a few hours before the safe was blown open.

(Henrietta Independent)

Some time Monday night the safe in the store of J. B. Jenkins at Jolly was blown open with nitro glycerine. It contained a small amount of money orders, all amounting to about \$35 or \$40. The money was taken but the checks and money orders were left. Sheriff Jones and Constable Schwend went out to Jolly Tuesday, but they were unable to find any clue as to who did the work. Different parties heard a sound in the night that they now believe to have been the report of the explosion that wrecked the safe but they then thought it nothing more than an automobile blow out.

WICHITA BAPTISTS CONCLUDE MEETING

THREE DAYS SESSION WICHITA COUNTY BAPTIST ASSOCIATION CLOSED FRIDAY

REV. R. C. MILLER MODERATOR

Reports of Churches Show 337 Additions During Year—Woman's Auxiliary Also Met

The Wichita County Baptist Association convened in its sixth annual session with the Iowa Park Baptist church, September 8th, 9th and 10th. Only eight of the ten churches of this association were represented. The attendance upon all the meetings of the body were good throughout the session. The introductory sermon was preached by Rev. R. C. Miller, from I. Jno. 3:5; which was deep, spiritual and appropriate. Following the sermon organization was effected and the election of officers for another year was as follows: Rev. R. C. Miller, moderator; Rev. T. E. Cannon, clerk; W. L. Robertson, treasurer, and Rev. A. S. Albright of Burkburnett, corresponding secretary.

The usual routine of business was transacted there being reports and discussions on all the various phases of our denominational work. Representatives from other associations present were: Rev. J. C. McKinnie, Archer County; Rev. J. W. Read, of Haskell County; Rev. D. F. Barrett, Tarrant county; Rev. J. S. Ferguson, Banner Association, Oklahoma; Dr. J. D. Ray of the Southwestern Baptist Theological Seminary. Dr. Ray made a great address on ministerial education. Many fine addresses were made. Messengers elected to represent this association at the Southern Baptist Convention next May were, R. C. Miller and T. E. Cannon; At the Baptist General Convention in November, J. J. Lorey, W. L. Robertson, A. S. Albright, J. T. Renfro and McKinley, Norman. There were many hindrances to our work this year yet there were 337 additions to the various churches in the association.

The Woman's Auxiliary held a one day session preceding the association proper and had an interesting program besides reporting a good year's work.

The next annual meeting of the association will be held with the Burkburnett church next September. Rev. I. T. Renfro to preach the introductory sermon.

The Executive Board of the Association, with L. H. Lawler as chairman, will hold its next meeting at the First Baptist Church this city at 2 o'clock on the first Monday in October. At this time a missionary may be employed.

SATURDAY JUVENILE DAY IN THE COUNTY COURT

Two Boys Receive Suspended Sentences—Another May Eat From Mantel Piece This Week

Saturday was juvenile court-day in the county court and several bad boys were on trial. It differed from the usual juvenile day in one striking particular; usually, when boys are placed on trial, it is found that they are good boys themselves, but that some bad boy is leading them astray. Yesterday, however, the original bad boys were located, it being shown that they were the originators of most of the devilment that attracted attention to them.

Another boy was tried, whose father said he had realized that application of a switch had long been advisable, but that the boy's mother would not let him administer chastisement. Judge Harris said that the father would have his moral support in administering punishment hereafter.

Two boys were sentenced to the Gatesville reformatory, but their sentences were suspended to give them another chance. A third-boy was turned over to his father with instructions that he make him want to use the mantel-piece for a dinner table.

Each season brings its triumphs and the Riggs Store undoubtedly keeps pace with the time.

Mr. Riggs, the buyer spent several weeks this season among the big merchant tailor shops of Cincinnati and Chicago before contracting for this season's clothing and as a result has acquired the finest clothing both in fabric and styles that the big tailors produce.

CLOTHES BUILDING ALWAYS IMPROVING

Like the inventor in any other craft the designer for the big merchant tailor after he has produced the most perfect garment known to the craft adds here and there the little details that improve the otherwise perfect product and so goes on and on to higher planes of perfection.

DON'T BE MISLED

The custom tailor working for the trade direct is the only real style authority because his suggestions come from the customer himself who comes from the latest of the matter of style in any line. In other words the designers fancy are N. G. unless the public approves them by wearing them.

WOMAN WHO SHOT TODD FINED \$25 FOR ASSAULT

Grand Jury Which Indicted Assailant Also Indicted Todd Charging Illegal Sale Liquor

A fine of \$25 was assessed in county court at Graham Saturday against Mrs. Jim Henderson, who shot and seriously wounded R. M. Todd some weeks ago. She was indicted for aggravated assault, and plead guilty when her case was called.

Todd was shot several times while standing on a downtown sidewalk in Graham, and it was at first thought his wounds would prove fatal, but he survived. He was one of the defendants, with F. W. Fry and others in the murder trial here last April,

which resulted in an acquittal. Mrs. Henderson is proprietress of a rooming house at Graham.

No reason for the shooting has been assigned and at the trial, no explanation was offered. Mrs. Henderson entering her plea of guilty. The same grand jury that indicted Mrs. Henderson returned a bill against Todd for unlawfully engaging in the business of selling intoxicating liquor.

RAILROAD COMMISSIONERS ENGINEERS TO TESTIFY

By Associated Press. Austin, Texas, Sept. 11.—When the advanced freight rate hearing is resumed Monday before the railroad commission, the cross examination by the railroad attorneys of R. Emerson, the commissioners' engineering expert, will be concluded. R. D. Parker, chief engineer of the commission in the next and only witness to be placed on the stand by that body, consequently it is expected the hearing will terminate next week.

Mr. Parker will testify as to the physical valuations of the railroads and will contend that the commission's valuations are correct. The railroads, it is understood, want to base their calculations of the valuations placed in the various counties in assessing railroad property.

It is expected to be some time after the adjournment of the hearing before a decision is announced by the commission.

WONT EVEN ALLOW THE GERMANS COTTON WRAPPINGS

By Associated Press. Paris, Sept. 11.—A semi-official note from the war office today recalled to the public that this department recently advised persons who sent parcels to prisoners of war in Germany to pack the object in cotton for the purpose of better protection. The public is advised not to use cotton cloths in this manner but to wrap

the parcels in paper. This action presumably was taken on account of the reported scarcity of cotton in Germany.

LAMAR AIRDOME PICTURES INTERESTING MONDAY

Monday at the Lamar Airdome two very interesting pictures will be shown. Harry Meyers in two part comedy, "Rosemary Thelby," "My Tomboy Girl" and Frances Nelson and Jack Hopkins in "Her Wonderful Day." A story of the latter picture is given.

Frances is a little factory girl who lives in the slums of a big city. In the cheap novels she reads she has come across accounts of the lives of more fortunate girls than she—lives spent in an eternal garden of roses. She gets a holiday from her work and decides to spend it in one of the vast public parks. Her book under her arm, she goes forth in search of romance and flowers. In the park she sees a great bed of blossoms and her little hungry hands go out toward them eagerly.

But a watchful policeman has divined her intention and brutally pushes her away. Scarcely understanding why she has been ordered off, she leaves the park. Jack Raymond, a rich young man, has tired of everything he owns. He leaves his country estate and comes to the city. Stopping near the park entrance while his chauffeur attends to some detail of his machine, he sees Frances standing there wistfully looking back at the Eden from which she has been evicted.

He sees in her a pretty girl—and he has long accepted all pretty girls as his rightful prey. Noticing that her eager eyes take in every detail of his beautiful car, he approaches her and invites her to go for a ride. She raises great innocent eyes to his and, knowing no evil, she accepts. He takes her to a cafe and orders a drink for her.

She smiles on him and the drinks are brought to the table. Then she tells him of her books and her desire for flowers and a happy day. Something in his hard young heart melts and he realizes that this girl is merely a child. He pushes the glasses away and takes her from the cafe. He sends her out among the flowers—to pick all she wishes—and she runs about happily gathering great armfuls.

He brings her into the immense dining room and together they have luncheon. She is a little afraid of the imposing butler, but not a bit afraid of Dick. After luncheon he puts her into the machine and takes her back to town with her arms just filled with flowers. He leaves her at her corner—and so she goes back to squalor and misery while he rides on to the club to dream of a day well spent.

BETTY NANSEN AT THE MAJESTIC TUESDAY
Betty Nansen, the "royal actress"

is featured in "Shall a Mother Tell" a Fox feature at the Majestic Tuesday.

There are few stories which present in so fascinating and thrilling a manner some of the vital problems which women are sometimes called upon to solve, as "Should a Mother Tell?" as pictured by Fox. The mother in the story is a woman in an ordinary station of life, the parent of a beautiful girl.

She is suddenly thrust into a situation where action is demanded and where such action must either blight her daughter's life and honor or her own good name, conscience and her duty to God.

Witnessing this picture one is confronted with a problem that seems, at first, to be unanswerable. It seems almost unjust for frail woman to be called upon to face such a question.

Probably there has never been so powerful a story written as this by Rex Ingram. Undoubtedly never has there been portrayed, either upon the screen or upon the legitimate stage, such a delineation of the strength of motherlove as is given by Betty Nansen.

In her former William Fox screen successes, "A Celebrated Scandal," "Anna Karenina" and "A Woman's Resurrection," Miss Nansen has risen to such dramatic heights as to have placed her far in the van of emotional artists.

Miss Nansen has one answer to the problem "Should a Mother Tell?" Many will agree with her solution; many will not. But whether you agree or not, you will remember this sensational photodrama for a long, long time.

Ably supporting Miss Nansen are Stuart Holmes, Jean Sothorn and an eminent cast of the Fox calibre.

KALEM FEATURE AT THE GEM MONDAY

Tom Moore and Marguerite Courtot are featured in "The Seventh Commandment" one of the series of the ten commandments being put out by the Kalem Company. The picture is in three parts; a story is given.

Compelled to flee the village to escape the wrath of Amos Mitchell, Jennie's husband, Simon Craig deserts his wife and daughter. Mrs. Craig and Dorothy make their home with relatives. Driving his wife forth, Mitchell vows to make Craig pay a terrible price for the wrong he has caused. Years later finds Craig a wealthy man and a candidate for the mayoralty. Mitchell, who has kept track of the man, obtains a position as Craig's secretary. Craig is in ignorance concerning Mitchell's identity. As the next step in securing vengeance, the secretary sends for Dorothy, offering her a position as Craig's stenographer. Father and daughter are unaware of their relationship.

Jennie drifts into town. Dick Wallace, a reporter who has fallen in love with Dorothy, overhears Jennie tell a companion of her hold over the candidate. He learns that she is blackmailing Craig. In the meantime, Craig, instigated by Mitchell, regards Dorothy with hateful eyes. Wallace investigates Craig's past and learns of what had transpired years before. On the day of his election, Craig, highly excited, drinks heavily. Mitchell gloats over the thought of his approaching triumph. The mayor attempts to make love to Dorothy, but the girl flees to her room and locks the door. Wallace enters the house just as Craig is endeavoring to smash the door. Wallace Mitchell who attempts to stop him aside, Wallace goes to Dorothy's aid. Then the reporter tells Craig of his relationship to Dorothy. Horrified, the mayor retreats from the door. Jennie enters

the house. The sight of the woman drives Mitchell mad. He shoots her and follows this up by slaying Craig. Wallace overpowers the man who, by this time, is a raving maniac. While the police take Mitchell away, Wallace endeavors to comfort the heart broken Dorothy.

"THE ARAB" AT THE EMPRESS MONDAY

Edgar Selwyn plays the lead in the Paramount production, "The Arab" which is on Monday's program at the Empress.

"The Arab" shows a close and profitable study of eminent motion picture classics. The artful parading of the camels on the Arabian deserts and the wild clash of the Bedouins to rescue their young chief from perdition are reminiscent of two well known photoplays which have by common consent been placed in the category of masterpieces. It must not be thought, however, that there are no other merits in this film play. California, which provides every conceivable geographical setting that a motion picture producer may want, is quite capable of reproducing the atmosphere of the desert while the artistic directors were no less equal in reproducing the oriental villages with their bazars and their picturesque disorder. There were one or two "mass pictures" portraying an oasis which were very pretty and drew a ripple of applause from the audience. The glimpses we catch of the patriarchal life among the Bedouin tribes were delightful and abounded in the true picture quality. As these sons of the desert lived and died, the educated eye had visions of the venerable old men celebrated in the Old Testament. The suggestion is very subtle but all the more effective for that. It was the Arab seated under the eternal stars in the vast solitude of the desert who first grasped the vastness as well as the unity of God. The atmosphere of the play brings this thought to the surface.

Direction and photography in the film play are excellent and have accomplished much with materials somewhere above the average in the way of plot and story. There are the highly prized "punches" but they are not dragged in with a derrick nor is any of the genuine dramatic strength sacrificed through a desire to create "punches." The settings are very fine, many of them must have been specially built for the occasion. They do much credit to the production. Mr. Selwyn made a very plausible Arab. The comedy relief furnished by our ponderous friend Irvin S. Cobb won its intended need of laughter. The cast was good. Mr. Roberts again challenging admiration by his splendid portrayal of the wicked and deceitful Turkish governor.

LARGE CROWDS ATTEND HARRINGTON AUCTION

On account of needing the space for his drug business in which it is one of the oldest stores in this section of the State, the Harrington Drug Company is disposing of its stock of jewelry and cut glass at auctions. The first auction was held yesterday. Sessions will be held daily at 3 and 5 p. m.

Col. Emmett Mitchell, one of the best known jewelry auctioneers in the country, is conducting the auction. The Harrington stock is comprised of high grade jewelry. Good sized crowds composed in large part of ladies attending the sessions of the auction.

What It Means to You That We Have "Stuck to One Model"

CHANDLER SIX \$1295

STILL they come. "New Model," "New Motor," "New Type," new everything. All in the hopes of somehow getting into line with the requirements of the motoring public.

Meanwhile Chandler goes right along with one model — one right model — that the public continues to demand in quantities beyond the factory capacity.

Chandler is selling ten thousand cars this year, because Chandler was right in the first place when it pioneered the light six field. And because Chandler is right, the Chandler Company has continued to devote all its mechanical genius, all its business ability, to this one model — improving it here and

there, from time to time, beautifying its body lines, and driving its price down and down just as far as the Company's low-per-car-profit policy would permit.

Meanwhile others have been marketing two models, three models, and new models every six months; all of which must of necessity mean decreased factory efficiency, costly experimentation and uncertain service to purchasers.

So what is the result of the Chandler one-model policy so far as YOU are concerned? The best value, known value, obtainable at a price so low! Thousands of Chandler owners will back up this assertion. Your own investigation will prove it, too.

No Other Car Selling for Less Than \$2000 Offers You All These High-Class Features.

Chandler Features Marvelous Chandler Motor, made in the Chandler factory, Bosch Magneto, Gray & Davis Electric Starting and Lighting System, Rayfield Double Jet Carburetor, genuine Mayr Mercedes Type Radiator, cast aluminum motor base, three silent chains for driving motor shaft, imported annular ball bearings, silent worm-bevel rear axle, genuine leaf-spring suspension, shock absorbers, Brown's vacuum gasolene feed, Goldie patent one-man top covered with genuine Everlock, fifty curtains, Warner Magneto Speedometer, First-class Demountable rims, complete general equipment.

THE STATE OF TEXAS.

To the Sheriff or any Constable of Wichita county greeting:
You are hereby commanded to summon John Sloan by making publication of this citation once in each week for four consecutive weeks previous to the return day hereof, in some newspaper published in your county, if there be a newspaper published therein, but if not, then in any newspaper published in the 30th judicial district, but if there be no judicial district, then in a newspaper published in the nearest district, to said 30th judicial district, to appear at the next regular term of the county court of Wichita county, to be held on at the court house thereof, in Wichita Falls on the first Monday in October A. D., 1915, the same being the 4th day of October A. D., 1915, then and there to answer a petition filed in said court on the 3rd day of September A. D., 1915 in a suit, numbered on the docket of said court No. 2310, wherein Charlie Swain is plaintiff, and John Sloan is defendant, and said petition alleging that on about September 15th, A. D., 1912, plaintiff and defendant entered into a contract whereby defendant agreed to pay plaintiff the sum of \$96.00 per year for the board and care of defendant's two children; that plaintiff has complied with his part of said contract and defendant is due plaintiff under said contract the sum of \$288.00. Wherefore plaintiff prays that defendant be cited upon trial hereof to have judgment for the sum of \$288.00 all costs of suit and general and special relief.
Herein fail not, but have before said court, at its aforesaid next regular term, this writ with your return thereon, showing how you have executed the same.

**Where Wichita County Young
People Will Attend College**

The close of this week will see the majority of Wichita Falls young folks of prep school and college age at the various institutions of their choice, more than half of the total number having departed during the first two weeks of September. These young folks gone means a dearth of social activities among the younger set, for there is scarcely a crowd or clique from the earliest teens up to varsity age that does not have one or more of its members gone for the season. But this will only mean increased activity at Christmas time and the students are even now looking forward to the holidays and their attendant joys.

Texas State University will claim an unusually large number of students from Wichita Falls, quite a few boys and girls having decided to finish there after previous work in other institutions. Miss Dorothy Heavers will be entered in the junior year after two years preliminary work at Trinity University. Also in the junior year is Markham Ferguson, who has been a student at Baylor University and the University of Virginia for the past two years, and Brack Hawthorne, now in his third year at State. Joe Ward will finish this year in the engineering department and Percy Luecke is enrolled in the Medical department of the University at Galveston. Oluf Beauchamp and Otis Nelson, both graduates of the local high school of the class of 1914 will be soph. This is the second year of both of the young men. J. L. Jackson Jr., Ralph Pond, Cleveland Turner, Joseph Kell and Roy Anglin will enroll in the first year work. This makes a creditable showing for the local high school, all of the above mentioned students with the exception of Joseph Kell being graduates of the W. F. H. S.

The Fairmount School for Girls of which Dr. and Mrs. J. L. McKee are principals has more than the usual amount of interest for Dr. and Mrs. McKee have been residents of Wichita Falls for six years before going to Weatherford to take charge of Fairmount Seminary. A number of the younger girls will attend this seminary, including Misses Elizabeth Patterson, Margaret Noble, Ruby Greenwood, Icie Stringer and Frances Urban, Fannie Minter, Bess Stewart.

The Texas Woman's College at Fort Worth claims the usual number of students this year, Misses Mary Hieron, Vera Hinkle, Edna Andrews and Helen Hines, all former students and with but one exception, Miss Andrews, graduates of W. F. H. S.

Walter Bean and Louis Valentine will be student at Dallas University and the Denton State Normal will have the following Wichita county students enrolled: Shelton Walts, Webster Majors, Delbert Lewis, Walter Vogel and Misses Davis Williams and Katie Lipscomb, all of Burk Burnett, also Miss Mae Vaughn of this city. Ernest Birk of Iowa Park will enter first year work at Trinity University at Waukegan and his sister, Miss Eunice, for four years a student at Milford will probably take a commercial course at the Wichita Commercial College; Edward McWhorter of Burk Burnett, will also be a student at the local business college. Miss Carrie Roberts will be a student in the College of Industrial Arts at Denton.

Solon Downing and Walter Hall,

graduates of the local high school and Alvin L. Shepner of Burk Burnett will attend Agricultural and Mechanical College at College Station.

Miss Berenice Jackson will study music at the Cincinnati Conservatory of music.

George Luecke will go to St. John's College, Winfield, Kansas, Ray Anderson will study at the Kansas City School of Engineering and Cecil Crowell and Philet Martin, both Wichita high school graduates will be members of the student body of Valparaiso University, Valparaiso, Ind.

Charles Brothers and Kenneth Bean will attend the Eastern Business College, Poughkeepsie, N. Y., and Perry Ferguson will be a student at the Principia School in St. Louis, and George Hund, John Moran and Nick Ochsner will attend the Subiago School for Boys at Subiago, Ark. Miss Ruth Beggs will attend school at Shobonier, Ill. Uriel Griggs will also be among the boys attending Kemper at Booneville, Allan Montgomery after finishing at Terrill School at Dallas will enter the University of Wisconsin at Madison. He is the first Wichita Falls student to attend this great University. Twigg Boger and Jim Jennings will attend the Tyler Commercial College at Tyler, Texas.

Miss Thelma Kahn of the '15 graduating class will take first year work at Columbia, Mo., at Christian College, where her cousin, Miss Lucille Thatcher, formerly a resident

of Wichita Falls and a graduate of the class of '13 is also enrolled.

**Most Country Schools
Have Already Opened**

With the opening of the Electric and Wichita Falls schools tomorrow practically every school in Wichita county will be running. The Burk Burnett and the Iowa Park as well as a majority of the country teachers this year have first grade certificates and Superintendent R. M. Johnson believes he has the best set of teachers in the history of the county. A few years ago a number of the country schools did not open until after cotton picking generally in November or December. Now they open as early as the city schools and in most of them the attendance is good from the start.

Mr. Johnson has received a number of application blanks for schools intending to apply for a share of the million dollar appropriation. Announcement of the schools applying for a share of this fund will be made later.

The following is the list of teachers whose contracts have been re-

ceived and approved by the county superintendent, those for districts 18 and 23 not having been received although teachers have been named in those districts:

- 1—Gussie Kiel.
- 2—Dr. W. S. Rensor.
- 3—Lillian McCowan.
- 4—O. L. Kiel.
- 5—Nora McCarty.
- 6—Cape Pace.
- 7—J. S. Hodges.
- 8—Ivy Little.
- 9—Clara Gentry.
- 10—Mollie Gentry.
- 11—Mae Oatis.
- 12—D. B. Wood.
- 13—Opal Shaver.
- 14—Ida Gwinn.
- 15—Consolidated with Iowa Park.
- 16—Bess Fimmel.
- 17—Alice Baggett.
- 18—Tirzah Bullington.
- 19—Edith Luecke.

- 23—Lena Middleton.
- 24—Ruby Craig.
- 25—Anna Craig.
- 26—W. F. Lewis.
- 27—Mrs. W. F. Lewis.
- 28—Vera Johnson.
- 29—Elsie Gentry.
- 30—Lillie Sisk.

Needham Grantham, aged 15, was made unconscious in a fall from his bicycle at the corner of Thirteenth and Travis streets Friday afternoon. He was coasting down the hill on Thirteenth street and was moving at a high rate of speed when his wheel struck the gutter at the Thirteenth street park. He was thrown head foremost to the street and those who saw him fall at first thought he had been killed. He was carried to the home of Dr. R. L. Miller nearby where he was revived. This morning he was reported no worse for his injuries. He lives near the light plant.

Phenomenal Growth

This bank was opened for business May 26th, 1914, with total resources of less than \$90,000.00.

Since that date, a little more than a year ago, the resources have increased to over \$369,000.00.

This rapid and constant growth is evidence of the fact that our patrons have been treated with fairness and liberality.

Large Cash Reserve

We respectfully call your attention to our large cash reserve amounting to almost 40 per cent of our total deposits.

An ample cash reserve maintained at all times assures ability to meet UNUSUAL as well as normal requirements of depositors.

ADVANTAGE OF BEING A DEPOSITOR OF THE

NATIONAL BANK OF COMMERCE

The first consideration of a depositor is perfect safety for his funds and that is assured by this Bank by strength of resources and directorate, sound banking policy and conservative practice.

There are additional considerations, however, which are very important to the depositor, for example, the quality of the service rendered by the bank; and this Bank's aim is to render the most efficient service possible to all customers.

An incident of this service is the privilege of all patrons to confer freely with the management on matters of vital interest to their business.
