

DECIDE TO RECOGNIZE SOME GOVERNMENT IN MEXICO SOON

PAN-AMERICAN DIPLOMATS WILL ACT IN THREE WEEKS

CHOICE OF FACTIONS WILL BE MADE THEN

DE FACTO GOVERNMENT BEST FITTED TO GIVE PROTECTION WILL BE CHOSEN

U. S. TO HOLD HEARINGS

Claims of Factions Will Be Heard at Washington—Carranza's Chances Seem Best

By Associated Press, Sept. 18.—Secretary Lansing representing the United States government, and the diplomatic representatives of Brazil, Chile, Argentina, Bolivia, Uruguay and Guatemala resolved at their meeting here today that the time had come for the extension of formal recognition to a government in Mexico.

Three weeks from today another meeting will be held at which a decision will be reached as to the element on which recognition will be conferred.

A formal statement issued declared that inasmuch as the factions themselves had failed to come to an agreement recognition would be accorded to the defacto government "possessing the material and moral capacity necessary to protect the lives and property of foreigners."

EACH GOVERNMENT OWN JUDGE. Each of the several governments. It was announced, would "itself judge such capacity, and recognition will likewise be extended by each government separately at such time as it may deem proper."

Unless the military situation in Mexico takes a decided turn within the next three weeks in favor of General Villa, who has concentrated his forces for battle with General Obregon, the Carranza commander-in-chief at Torreon, most of the Carranza government would logically be entitled to recognition.

The several governments will endeavor to learn, however, not only what territory each faction controls but what promises of stability each faction gives that aspire to recognition.

TEXT OF STATEMENT. "The conference held in New York on the eleventh of August in addition to deciding upon the transmission of the telegram addressed to the persons constituted in authority in Mexico, instituting them to cease the struggle by the organization of a de facto government by common agreement, resolved to recommend to the governments represented at it such recognition without further analysis of the government arising out of such agreement provided it guarantees the lives and property of nationals and foreigners, and in the event of such agreement not being possible the recognition of any provisional government with the material and moral capacity necessary to protect the lives and property of nationals and foreigners.

"In pursuance of this resolution, and the impossibility of recognizing a government of all factions, owing to the lack of such agreement, the diplomatic representatives resolved at the last conference to communicate to their respective governments that in their judgment, the time now has come to carry out the impossibility of recognizing a de facto government springing from an agreement of all the factions. Therefore the defacto governments aspiring to recognition, must possess, should this policy be approved by all the governments, the material and moral capacity necessary to protect the lives and property of nationals and foreigners. Each government shall itself judge such capacity and recognition will be likewise extended by each government separately at such time

6 MEXICANS KILLED IN FRIDAY'S FIGHT

AMERICAN SOLDIERS FIRED UPON WHEN THEY WENT TO RIVER TO GET DRINK

THE ATTACKERS SURPRISED

Cavalrymen Approaching From Another Direction Fire Upon Mexicans—First Volley Dropped Six

By Associated Press, Brownsville, Tex., Sept. 18.—At least six Mexicans and possibly nine were killed in yesterday evening's fight with American soldiers across the Rio Grande near Dona, about sixty miles up the Rio Grande from here. Colonel A. T. Blockson went today from Fort Brown there to investigate. His investigation disclosed that two American soldiers went down to the Rio Grande yesterday afternoon to get a drink of water. While there, they were fired upon from the opposite bank of the river about 600 yards up stream. The men shooting at them were concealed behind a point made by a bend of the river.

Still farther up the river on the American side a squad of ten American cavalrymen, comrades of the two under fire, heard the shooting and hurried down the river. They came upon the river bank about the point where the men on the Mexican side were firing. They saw several men in the sand pit in view and these men were still shooting down toward the drinking place. The cavalrymen opened fire, dropping six of the men on the sand-pit. These six never rose again. The others scrambled up the bank and then a band of men estimated at perhaps forty or fifty began firing from cover of the brush upon the soldiers.

The top of a tent could be seen behind the low trees which hid the men. One of the American soldiers climbed a tree from which he opened fire on the Mexicans. Other American troops arrived in the vicinity until there were about 25 Americans engaged in the fight which gradually diminished until it stopped altogether.

Today three parties were seen to carry bodies away from the place where the Mexicans fought. Some American observers thought the bodies included three dead not counting those in the sand pit.

The third community on the American side in three days to appeal for protection of American troops sent a delegation today to Col. R. L. Bullard at Harlingen, asking for troops at Acadon ranch which is in a community composed entirely of Mexicans southwest of Sebastian some distance south of the international boundary. Eight men, which is the regular patrol for such requests, was furnished. The Mexicans said they were afraid of bandits, that they were American citizens entitled to protection of troops, the same as Americans of this section, and that they did not wish to be driven off the property.

The cavalry just at Santa Maria, on the river about 25 miles above here reported today that last night before dark a man tried to swim across the river from the Mexican side. When he had disregarded several warnings to stop, soldiers said they fired at him and he disappeared.

The Carranza authorities here today did not issue any statement to reconcile the discrepancy of the statement of their soldiers with evidence that American soldiers were fired on first and that American soldiers were forced to shoot in self defense and to save the life of their lieutenant. A Carranza soldier who was wounded in this fight was still alive in a Matamoros hospital today.

General Nafarrete, Carranza commander at Matamoros, today started to Monterey where he was called for a conference with General Jacinto Trevino. The nature of the conference was not disclosed. It was reported several days ago that Nafarrete might be sent to some other point in command of another Carranza army.

VILLA FORCES EVACUATE TORREN

By Associated Press: El Paso, Texas, September 18.—Torren has been evacuated by the force of General Villa according to official advice received here tonight. General Villa and his staff left on the last troop train early today for Chihuahua City.

STEFANSSON'S DISCOVERY REGARDED IMPORTANT

Describes Land North of Prince Patrick Island—Views 100 Miles of Coast Line

By Associated Press, New York, Sept. 18.—Satisfied by Bihnamur Stefansson's announcement that he is alive and well on land in the Arctic, explorers and geographers drew attention today to the new land he reports he has discovered in the far north. In Stefansson's report the newly discovered land is located near 78 degree north latitude, 112 east longitude. He actually saw about 100 miles of coast line running in an easterly direction and apparently penetrating to a distance of 20 miles inland from a hill top. The explorers saw mountains at a distance of fifty miles.

Cyrus C. Adams, president of the association of American Geographers, declared in a statement today that Stefansson's new land lies about one hundred miles to the north of Prince Patrick Island and that the most southerly part of the land which the explorer visited is considerably to the east of the most easterly extension of Prince Patrick Island. The islands nearest to it, Mr. Adams said, are the Polynia Islands, a little group north of Prince Patrick Island about 50 or 80 miles from the new land.

Mr. Adams said the most northern part of the new land, as far as Stefansson saw it, appears to be farther north than any other land in the great Parry archipelago to the north of the American continent. Mr. Adams expressed the opinion that the land rises from the continental shaft in shallow waters that surround the Parry archipelago and that its discovery shows that this part of the Arctic ocean is comparatively shallow. Mr. Adams also pointed out that another notable achievement was Stefansson's completion of the charting of the northeast coast of Prince Patrick Island. There was a stretch of some fifty miles of this coast line which had not been covered in previous surveys.

The expedition was undertaken by Stefansson to test the theory which had been set forth by Dr. Nansen and others that the unexplored portion of the Arctic is a deep basin virtually devoid of land. Other explorers had asserted that land of considerable area lay undiscovered there.

WILL PASS SENTENCE FRIDAY ON FIVE GUILTY

Jury at Corpus Christi Unable to Agree on Guilt of Judge Timon in Vote Cases

Special to The Times. Corpus Christi, Tex., Sept. 18.—Judge Walter Burns left last night for Houston announcing he would be back at Corpus Christi next Friday when he would pass sentence on the five defendants who yesterday in the United States district court were convicted of voting unaturalized aliens for congressmen in the November election here in 1914. After sentence is passed a motion for a new trial will be made and it overruled a motion for an appeal with the United States Attorney Green announced today that the next trial of County Judge Walter S. Timon would be held in Corpus Christi as soon as possible. The jury could not agree as to Timon yesterday.

On the third count the jury found August Uehlinger, county clerk of Nueces county; Lee Riggs, constable; Henry Stevens, large property owner; Ed Castleberry, saloonman and political worker and Tom Dunn, former city secretary, guilty of a conspiracy to defraud the United States by voting unqualified electors for two congressmen at large from the State of Texas and one congressional representative. Sixteen defendants were acquitted of this charge.

LONGVIEW HARNESS MAKER BEATEN AND CUT BY NEGRO

By Associated Press. Longview, Texas, Sept. 18.—M. W. Butler, 46 years old, a harness maker, was dangerously beaten and cut last night by a negro burglar three miles east of town it was learned today when the injured man was brought to town by a farmer. Butler received an ugly slash at the throat although his chances for recovery are good. He says a negro with whom he was walking along a country road, attacked and robbed him. A suspect has been arrested at Mineola.

BERNSTORFF HAS POWER TO SETTLE

By Associated Press. Berlin, Sept. 18.—A full settlement of the submarine problem can probably be arranged by negotiations in Washington. Count Von Bernstorff, German ambassador to the United States, in complete possession of information regarding the wishes and policy of Germany, the Associated Press is informed, and has been given power to negotiate terms of settlement with the United States, subject only to final revision and approval by the home government.

"TREATING" IN LONDON MAY BE PROHIBITED BY ORDER

British Military Authorities Decide That Practice is Detrimental to Soldiers

NEW AUSTRIAN MOVEMENT ALONG THE SERBIAN FRONT

By Associated Press. London, Sept. 18.—The British military authorities have decided that a prohibition upon "treating" is essential to the well being of the troops within the metropolitan police district of London and the board of central control probably will issue an order when it meets next Tuesday, forbidding this form of hospitality. The district contains seven hundred square miles. Under the prospective prohibition which applies to all restaurants as well as saloons any one paying for another person's drink or giving him money to pay for it or any one serving a drink except to the person who pays for it will be liable to punishment.

MRS. HARRIMAN WILL SUBMIT ANOTHER REPORT

Woman Member Industrial Relations Commission Has Separate Report for Congress

MRS. HARRIMAN'S REPORT NO OFFICIAL STANDING

By Associated Press. Chicago, Sept. 18.—Lewis K. Brown who was secretary of the Industrial Relations Commission said today that any report that Mrs. J. Borden Harriman of New York, a member of the Federal Commission on industrial relations announced here today that she will present to Congress a separate report on the findings of the commission.

AMERICANS URGENTLY ADVISED TO LEAVE MEXICO

By Associated Press. Washington, September 18.—General Villa's disclaimer of responsibility for the acts of lawless bands in the territory under his control and indications that Chihuahua and Sonora are to become scenes of renewed military activity, prompted the state department to renew its instructions to consular agents to advise Americans to leave northern Mexico.

COTTON MARKET NERVOUS AND IRREGULAR SATURDAY

By Associated Press. New York, Sept. 18.—The cotton market showed renewed nervousness and irregularity today with trading less active and the close steady less unchanged to thirteen points lower. March led the rallies and the more remote deliveries showed minimum losses at the close.

REACTION STILL IN EVIDENCE IN NEW ORLEANS

By Associated Press. New Orleans, Sept. 18.—The reaction in cotton was still in evidence today but declines were not well maintained and liquidation to a great extent was offset by buying. The close was steady at a net decline of nine to eleven points. The opening was excited with prices breaking in sympathy with much lower Liverpool than due. The active months lost seventeen to twenty-three points in the early hours.

Y. M. C. A. OWNS PROPERTY VALUED AT \$16,000,000

By Associated Press. Chicago, Sept. 18.—Property totaling more than \$16,000,000 is now owned by the Young Men's Christian Association in sites throughout the country, according to the annual report made public today. The money is invested in 758 buildings with their libraries and equipment.

DR. DUMBA RETURNED TO LENOX LAST NIGHT

By Associated Press. Lenox, Mass., Sept. 18.—After an absence of several days, Dr. Constantin Dumba, the Austria-Hungarian ambassador, returned to the summer embassy here today coming by train from New York. He declined to say how long he expected to remain in Lenox or to make any statement. Dr. Dumba's secretary who accompanied Mrs. Dumba to Washington a few days ago, met the ambassador here.

AUSTRIANS WITHDRAWING BEFORE RUSS

By Associated Press. Vienna, September 18.—The Austrians are withdrawing their front in the sector of the Velyhryn triangles of fortresses, Lutsk, Dubno and Rovno to prepared positions further west, according to an official Austrian statement given out here today.

RIVER WAS FALLING AT AUSTIN LAST NIGHT

Fear of Further Rise From Waters of Llano, However, Had Not Entirely Passed.

BOSTON RED SOX STRENGTHEN HOLD ON LEADERSHIP

DETROIT TIGERS DEFEATED IN SENSATIONAL TWELVE INNING CONTEST WITH ONLY ONE RUN SCORED.

MOST PHENOMINAL CONTEST

Game Replete with Situations That Called Out Best Tactics Offensive and Defensive of Both Teams—Remarkable Fielding.

POWERFUL OFFENSIVE

In their efforts to pull down the leading Red Sox team, the Tigers carried a powerful offensive almost around the bases. But time after time, its threats were thwarted by a phenomenal defense. During the early part of the game the play was for the most part in the inner field, but later the balls were sent speeding up to the standing crowd, making it necessary for Speaker on one occasion to shoulder his way through the throng to catch Cobb's hard-hit ball. Hooper was almost on the toes of the crowd in the next inning, the tenth, when he pulled down Crawford's drive.

TENSE SITUATIONS

Two double plays, brilliantly executed were features of the game; one by the members of the Detroit infield removed an advantage gained by Boston when Barry doubled into the crowd. Another came shortly after Detroit had placed one man on every base, without an out. Cobb was removed on a force play at the plate. They Young hit to Gainer and while the Detroit base runners floundered about literally in one another's way, Veach was caught at home and Crawford at third. For the time the Boston fielders were at least apparently to know what to do with the ball, but a word from Captain Barry, brought Gardner to third base to force out Crawford who had been caught between second and third, with the first two bases occupied. By hits and intended passes, Boston also filled the bases in the twelfth and Manager Currier taking the pitcher's burden upon himself, batted for Bush. With only one man already out, the little stop tried to start another double play, but Young felled him when he dropped the ball, and Lewis reached home with the long sought run.

THE PITCHING OF SHORE AND COVELSKIE WAS OF A FINISH ORDER AND BOTH APPEARED TO IMPROVE AS THE CONTEST LENGTHENED.

COLORADO OVERFLOWING BOTTOMS NEAR SMITHVILLE.

Houston, Tex., Sept. 18.—A special from Smithville says the Colorado river began rising there yesterday afternoon about seven o'clock. At seven o'clock this morning the gauge showed twenty-one feet and the river was still rising. It is expected that a stage of twenty-five feet will be reached before it begins to fall. The water is already getting into the low bottoms, but little damage will be done other than to pasturage as all the corn has been gathered.

COTTON ABOVE ELEVEN CENTS AT GALVESTON

Seed Bringing \$28 Per Ton There and Farmers are Unloading at Those Prices

WOUNDED MEXICANS REACH MATAMORAS

By Associated Press: Brownsville, Texas, September 18.—The arrival of sixteen wounded Mexicans at Matamoros was reported tonight. It was said that their arrival created much excitement, that crowds gathered about the hospital and made threats. After the arrival of this information all communications with Matamoros closed for the night. It was said the wounded came from the region of the recent Dona fight between American soldiers and Mexicans.

RAILROAD FROM VILNA HAS BEEN CUT

Petrograd, Sept. 18.—The Germans have cut the railway line between Vilna and Molochno and the only outlet by rail from Vilna still remaining in Russian hands is the line running southward to Lida. The war office maintains, however, that there are sufficient wagon roads for use in emergencies. It is stated that a decision concerning the retention longer of Vilna will be reached soon. The Lida railway line has been under sharp attack to the westward of Lida. In an effort to check the German cavalry the Russians are developing strong cavalry forces in the Vilna district.

GERMAN ADVANCE SLOWING DOWN ALL ALONG THE FRONT

VON HINDENBERG'S ARMY IN POLAND, HOWEVER, SEEMS TO BE MAKING CONSIDERABLE HEADWAY.

RUSSIAN OFFENSE IS CHECKED

British Observers Think Russians Have Only Retired After Advance in Galicia to Straighten Lines Which Advance Had Brought Out of Alignment.

THE SOUTHEAST

In the southeast the Germans claim to have brought the Russian offensive to a stop, but it is not likely that any movement of great importance can be taken in that district, which the German correspondents describe as a quagmire, through which it is next to impossible to manhandle transport wagons, let alone heavy guns. What certainly happened is that the Russians, finding that their advance into Galicia was bringing their line out of alignment with the rest of the front, have withdrawn to the Serch river.

ON THE OTHER HAND THE RUSSIANS, REINFORCED, HAVE BECOME MORE AGGRESSIVE IN THE TERTIUM TRIANGLE OF ROVNO, DUBNO AND LUPEK AND HAVE COMPELLED THE AUSTRIANS TO RETIRE WESTWARD.

ACTIVITY ON SERBIAN BORDER

There is increased liveliness along the Serbian border on indications that the long threatened Austro-German attack with a view of rushing help to the Turks is about to commence. The entente powers have presented a new note to Bulgaria, which country having succeeded in getting what she wants from Turkey without fighting, is believed to be living in the hope that the much-desired Macedonia will fall to her in the same way and that she will be able to maintain her neutrality to the end.

NO TRACE OF AUSTIN MINISTER IS YET FOUND

Heavy Snows Have Fallen and Mountaineers Have Little Hope He is Alive.

BY ASSOCIATED PRESS. DENVER, COLO., SEPT. 18.—No report had been received today from the parties of foresters and guides led by Frank W. Sampson which went to Estes Park two days ago to continue the search for Mr. Sampson's father, Dr. Thornton R. Sampson of Austin, Texas. The elder Sampson disappeared more than two weeks ago somewhere in the rugged mountain country surrounding Estes Park. Heavy snow has fallen in the region and mountaineers believe the chance of finding the missing man alive is slight.

### More New Coat Suits

Saturday's express brought us another shipment of coat suits and we invite you to see these, for despite the weather, to use a slang expression, "they are selling like hot cakes" —in fact, we are told many times a day that our prices are so much less. Let us save you \$2.50 to \$10.00 on your coat suit. Prices

**\$9.98 to \$24.98**

Dresses and wearing apparel for the children is here in the right styles and complete assortments. Let us help you in your selections of dependable goods.

Yes, winter is coming and you certainly will need some good warm blankets and comforts. We have a department 2nd floor devoted exclusively to blankets and comforts.

- Blankets ..... **19c to \$14.98**
- Comforts ..... **98c to \$9.98**

We mention especially our sponged and shrunk serge in all colors 54-inches wide at ..... **98c**

### MEXICAN MARY EVENS SCORE WITH ENNIS RAMOS

Shoots Mexican Who Tried to Cut Her Up Over Year Ago—Three Bullets Take Effect.

More than a year ago Ennis Ramos, Mexican, carried up his flame of love, Mexican Mary, with a wicked looking dirk. The woman suffered for weeks from wounds in her back. Ramos went to jail and later served time on the county road.  
Last night Mexican Mary evened up the score when she shot Ramos three times. One shot took effect on the left side of his head, another went through his right arm and the third shot entered the right breast under the nipple. The bullets were from a .32 revolver. The woman fired three more shots but they went wide of their mark.  
The shooting took place at the wo-

man's house in the flat district at about 11:30 o'clock. Ramos still celebrating Mexican Independence day went with another Mexican to the woman's house. Both were intoxicated. They threatened the woman and attempted to break in the door. She telephoned to the police station asking for protection. Officers Gilliam and Burns were on their way to her home when they heard shots. When they arrived they found Ramos staggering from the place. Ramos was removed to Doctor Moore's office and the woman was placed under arrest and taken to the county jail. Doctor Moore and Mike Walker examined Ramos' wounds. They did not consider them of a fatal nature. Later Ramos was removed to the home of a Mexican friend.

### GOOD ATTRACTIONS FOR THE ABILENE FAIR

Abilene, Texas, Sept. 18.—Among the new attractions just announced for the Central West Texas Fair to open here October 12 and close October 16, will be Sells-Plato show on October 14th. This show is now com-

lined with Buffalo Bill's Great Wild West Show and the famous old character will be present in person.  
The famous Paul Harris band of 21 pieces and three vocalists will give free concerts throughout fair week. The great Patterson shows, with a number of classy free acts daily, will be among the attractions.  
A campaign to sell 15,000 tickets for opening day has been launched, and the lady in Central West Texas who sells the most tickets will be crowned queen of the fair. She will also be given \$50 in gold, a like amount to be divided among three other winners, who will be made of honor.  
All exhibit space has been sold, and the greatest fair in the history of the Central West is now assured.

### LOCAL OPTION ELECTION CALLED IN CALHOUN COUNTY

By Associated Press.  
Fort Davis, Texas, Sept. 18.—The county commissioners' court today called a prohibition election for Calhoun county on October 12.

### CONSUL GENERAL HANNA SAYS CONDITION BETTER

San Antonio, Tex., Sept. 18.—Returning from the border after leaving here Thursday for Monterey after a month's visit to his home in Iowa, United States Consul-General Phillip Hanna for the northern district of Mexico tonight made this statement: "Conditions in and around Monterey are better than they have been in a long time. While from a business standpoint all is quiet, the situation is improving rapidly and confidence is being restored. There is a good opportunity now for American business men in Monterey, especially for those who are acquainted with the situation."  
During his sojourn in the United States, it is known that Mr. Hanna sent several communications to Washington bearing upon the situation in Mexico. Since reaching San Antonio Wednesday evening, it is known he sent several telegraphic messages to Secretary Lansing relating to conditions in Mexico. It is believed these reports were given to the conference of Pan-American representatives in session today.  
Mr. Hanna was joined here by A. A. Stewart, secretary of the consulate, who came up from Mexico. Today he and his secretary were in conference with Carranza representatives here, but Mr. Hanna declined to state what the meeting discussed. The meeting was said to be informal.

### DALLAS MAN DEAD; HIS MOTHER-IN-LAW ARRESTED

By Associated Press.  
Dallas, Texas, Sept. 18.—Walter Gillum, aged 32, of this city, who was shot four times Thursday died today at a local hospital and his mother-in-law, Annie Benson, is held on a murder charge in connection with his death. Gillum was shot while entering Mrs. Benson's home through a window. Mrs. Gillum recently sued for divorce.

### SOLDIERS FIND MONEY BURIED IN SEVENTEENTH CENTURY

By Associated Press.  
Nancy, France, Sept. 18.—While digging trenches in the forest of Champenoux, French soldiers discovered a hoard of ancient French coins, evidently buried at the time of the French entry into Lorraine under Louis XIII. Under the provision of the law, half the treasure will go to the state and the other half to the soldiers who found it.

### CITIZEN OF HOLLAND KILLED BY GERMAN BOMB

By Associated Press.  
London, Sept. 18.—It is reported in the Dutch press, according to the London Times that a recent Zeppelin raid on the London district a Hollander named Stort, employed by a Dutch firm in London, was among the victims. He was saying farewell to his fiancée when a bomb fell killing him. The girl was not injured.

### FIVE NEW BONDED WAREHOUSES CHARTERED

Special to The Times.  
Austin, Texas, Sept. 18.—Charters for five new state bonded warehouses were today approved by the state warehouse department. These new warehouses are located at Leport, Lampasas, Cattle, in Cottle county; Royse and Kennedy, Texas. This makes a total of fifty state bonded warehouse charters granted by this department.

### Now Denied That John Wannamaker Is Seriously Ill

So seldom does John Wannamaker miss attendance at Bethany Presbyterian church, in Philadelphia, that the congregation wondered when it noted his absence. In the middle of the service it was announced that Mr. Wannamaker was ill and could not be there. No confirmation of the report could be obtained at the Wannamaker residence. Servants were able only to say that Mr. Wannamaker, who celebrated his seventy-eighth birthday a week ago, had been spending a few days at his cottage at Atlantic City. Later it was positively denied that Mr. Wannamaker is ill.

### DECIDE TO RECOGNIZE GOVERNMENT IN MEXICO SOON

(Continued from Page One)

as it may deem proper. Recognition will naturally entail as a result of the appointment of diplomatic representatives accredited to the head of the government recognized.

### INTERVENTION DISAVOWED

"The American diplomatic representatives held that in adopting this resolution, and in considering the situation of Mexico at previous conferences as well as in addressing to the persons constituted in authority in Mexico the circular of August 15th, last, they merely exercised in the most judicious manner possible the indisputable international right of taking the preliminary steps toward the recognition of a de facto government in case of civil war, vested in all governments, without thereby interfering directly or indirectly in the internal affairs of Mexico, an interference which has not at any time been contemplated. It has always been the sense of the conference that the pacification of Mexico is a question to be exclusively decided by the Mexicans themselves and it trusts that a government recognized by all the governments of the world will be able to attain that result and assure the welfare of the sister country."

### ALL OUT OF SORTS.

Has Any Wichita Falls Person Ever Felt That Way?

Feel all out of sorts? Tired, Blue, Irritable, Nervous? Back feel lame and achy? Perhaps it's the story of disordered kidneys—

Bad blood circulating about; Uric acid poisoning the body. There's a way to feel right again. Do it with Doan's Kidney Pills. Doan's are recommended by many Wichita Falls people. Here's one case.

Mrs. Lula Davis, 1304 Scott Ave., Wichita Falls, says: "The first symptom of kidney complaint I had was my back hurting me. I suffered this way off and on for about a year and was scarcely able to do anything. I felt worn-out and drowsy and severe headaches and dizzy spells annoyed me. I doctored, but got no relief. I finally started using Doan's Kidney Pills. I could see that I was getting better right away, as I felt stronger and the pains and weakness in my back left. I used two boxes of Doan's Kidney Pills and was cured."

Price 50c. at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mrs. Davis had. Foster-Milburn Co., Props., Buffalo, N. Y.

### HEAVY CANNONADING ON SECTIONS OF THE FRONT

By Associated Press.  
Paris, Sept. 18.—French official statement today said: "There was diversified activity during the night in the sector of Neuville-Rocincourt, before Roye, and upon the plateau of Quenevieux. There were frequent artillery bombardments with guns of various calibers and hand grenade conflicts but without activity on the part of the infantry. "In the region of Berry au Bac and in Champagne, in the region around Perthes and between the Aisne and the Argonne district there was continuous and lively cannonading. On the rest of the front there is nothing new to report."

# What Would You Like For Sunday MEAT?

Is there some special cut of some certain kind of meat—beef, pork, lamb or veal that you haven't had for some time that you would like for Sunday dinner?

If so, tell me about it and I think we can fix you up a real treat.

My meat department is equipped for handling such special orders in splendid shape.

Anything from soup bones to the most particular cut you can think of and satisfaction guaranteed.

# How Much Was Your Grocery Bill?

If you remember what you paid for groceries during the past thirty days and will try us for a similar period we will show you a saving of from 10 to 25 per cent on your requirements. Otherwise we propose to and will refund to you enough to make our word good as given you in this advertisement. You are to be the judge as you are better advised as to the prices that you pay, also of the quality of the goods you receive. We quote you below a few of our every-day prices:

18 pounds Standard Granulated Sugar for \$1.00  
Pure seeded Ribbon Cane Syrup, this year's crop, per gallon 50c

(This old-fashioned home-made syrup is a treat for an epicure, order a can while it lasts.)

16 pounds Full Head Rice for \$1.00  
Plover Hams, genuine Irish cured, per lb. 16 1/2c  
Bob White Cooking Oil per gallon 65c

(This shortening is made of highly refined cottonseed oil and costs you a little more than half the price you pay for the same goods treated by so-called patented processes called by fancy names.)

Good, sound Irish Potatoes per bushel 95c  
Arm & Hammer Soda the kind that has been costing you 10c for 5c

Peacemaker Flour, extra high patent, soft wheat per hundred \$3.00

We conduct the one-price store and go to infinite pains to keep our quality up, so much so that we consistently sell everything on the money back plan, consequently you run no risk in giving us an order, for if the goods do not suit you, your money is awaiting you on demand and will be cheerfully refunded. What could be fairer?

AN AMERICAN KILLED BY SAN BLAS INDIANS  
By Associated Press. Washington, Sept. 18.—An unident-ified American citizen was killed by Indians at San Blas, Sinaloa a few days ago, according to state depart-ment advices today from the Mexi-can west coast. The American consul at Mazatlan has urged the mili-tary authorities there to apprehend those responsible.

# We Are Ready With The Biggy Stock of Fall Merchandise That We Have Ever Shown.

Every department is filled with new goods. Many special and attractive bargains will be the offering all this week.

Surely there was never a season when women had greater freedom of choice in suit and dress style. Almost unlimited choice, also in materials, ranging from the finest satiny broadcloth to rough wool suitings. Suit styles this season are extremely varied. All skirts are reason-ably short and of modified fullness, but there similarity ceases, for coats may be of the short, natty, plaited, belted or tailored in lines to define the figure. Colors in variety to suit every taste.

## SCHOOL!

We are better prepared than ever to supply the needs of the boy or girl for school.

PLANS FOR HIGH SCHOOL FOOTBALL TEAM MADE

Team Will Be in Charge of Professor King, Formerly of Simmons College.

This week will see the beginning of active football practice at the high school, plans for a team being made Friday at a meeting of the boys. The team will be in charge of Prof. King, teacher of mathematics, who was formerly with Simmons College at Brownwood. Active practice will start tomorrow and steps will be taken to secure games with the neigh-boring towns.

Comparatively few of those who were on last year's strong team will be in the line-up this year, but there is believed to be sufficient material for a creditable team.

Those attending the meeting Fri-day included Charley Williams, Les-ter Cooper, Leo Cook, Lloyd Bentley, Jessie Miller, Urie Griggs, Pitt Hick-man, Gordon Harris, Grover Bulling-ton, Homer Gentry, Carl Swearingen, Orin Weaver, D. Davis and Tom Tay-lor.

AVIATOR AT PLAINVIEW FATALLY HURT IN FALL

By Associated Press. Plainview, Texas, Sept. 18.—Joseph Pendhyn, the aviator who fell from his aeroplane here yesterday while making a flight at the local air grounds, died early today. His wid-ow has departed with the body for Geneva, Neb., where it will be buried. Pendhyn was a native of Austria.

EXAMINERS ARE GRADING 10,000 TEACHERS PAPERS

All Applicants Will Receive Papers Within Next Six Weeks Doughty Announces

Special to The Times. Austin, Texas, Sept. 18.—The state board of examiners is now engaged in the task of passing upon approxi-mately 10,000 papers submitted by a number of applicants for teachers' certificates as a result of examina-tions held on September 3 in every county seat in the State.

All applicants will receive their reports within the next six weeks, according to announcement by State Superintendent Doughty.

The personnel of the board was announced today and follows: C. A. Jay, Henderson; E. G. Grafton, Wax-

Miss Theola Yates to Become BRIDE OF DR. HAMILTON

The marriage of Miss Theola Brice Yates, daughter of Mr. and Mrs. H. M. Yates to Dr. George B. Hamilton of Olney will take place at the home of the bride's parents at 8 o'clock tonight. The bride is a talented young woman who has a wide circle of friends here. Dr. Hamilton is a young physician with an extensive practice. The couple will be at home at Olney after October 10th.

POST CARD FROM BRITISH PRISONER EXPRESSES THANKS

Several months ago Mr. and Mrs. Cecil Martin, 1315 Tenth street sent a donation to a fund raised by an English newspaper to provide tobacco

and other small articles for British subjects in detention camps in Ger-many and British prisoners of war there. Saturday morning they re-ceived a post card from a prisoner thanking them for tobacco and cigar-ettes which he had received, the money they sent having been used for this purpose. The place of deten-tion was not named on the post card.

TWO CARLOADS GASOLINE EXPLODE AT TOLEDO, OHIO

By Associated Press. Toledo, Ohio, Sept. 18.—One man was killed and heavy property dam-age was sustained this morning when two carloads of gasoline exploded at the plant of the Hico Company, man-ufacturers of gasoline. The victim of the explosion is M. Martel, employe of the plant. The cause of the ex-plosion was not apparent. The shock was felt two miles away.

Wichita Falls, Texas, Sept. 19, 1915.

The matter of building a new court house for Wichita county is now being agitated, and it is more than likely that before a great while the commissioners court will be petitioned to call an election for the purpose of determining whether bonds shall be voted for that purpose.

Cotton is selling now in many cotton markets in Texas at 10 cents per pound and above that figure. The short crop taken into consideration, together with the great damage being done by the boll weevil ought to cause cotton to sell at above 12 cents per pound, and the cotton farmer who holds his cotton for 12 cents or better is going to come very near getting his price.

E. Meredith, a farmer residing in Archer county on rural mail route No. 5 brought to the city yesterday a quart full jar filled with cotton bolls that were fairly alive with boll weevils. These cotton bolls were gathered from a field of cotton on his farm and he is of the opinion now that all the late bolls, or bolls that have been put on during the past month will be destroyed by the boll weevil.

What REFLEX Service means to you. The Welch "Reflex" Gas Mantle, either upright or inverted, gives full illumination from the gas consumed in a mellow, steady light that burns with uniform clearness during the exceptionally long life of the mantle—rendering practically 100% Lighting Efficiency.

It is said that Governor Ferguson wants Dr. Kearby at the head of the University of Texas. Dr. Kearby is the man whom Joe Bailey had in mind when he said that socialism was being taught in the University.

GOVERNOR IS RIGHT.

We suppose we have animadverted as much as anybody on the failure of the legislature to redistrict Texas, but we believe the governor is right in declaring that it is not his duty to spend \$150,000 for an extra session just for the chance of redistricting.

To call an extra session of the present legislature might afford a ray of hope for the legislators and possibly most things up in such a way as to make it necessary to increase the State tax rate, if the constitutional limit has not already been reached.

HOW CHRISTIANS CAN HELP THE DEVIL.

"Are you going to church this morning, Helen?" asked Dr. Smart, lying back in his easy chair with the Sunday morning paper. "A doctor who is out of his mind can't be expected to go."

Bigger and Better THAN EVER AND MORE OF THEM The Dollar Window Bargains Kruger Bros.

**VALUABLE LOCAL PRIZES**

See our windows and announcements later.

**Stokes Electric Co.**

816 Indiana Avenue.

Shipments of maize, and kafir corn are beginning to move through Wichita Falls from Panhandle and Oklahoma points in considerable volume. Heavy crops of these grains are now being harvested. While considerable grain of this character is raised around Wichita Falls, practically all of it is fed out by the farmers themselves and very little is brought in in wagons to market here. These grains form an important item with the local grain and elevator companies which handle many hundreds of thousands of bushels annually.

**TWO DEAD ANOTHER WOUNDED AT HOT SPRINGS.**

By Associated Press. Hot Springs, Ark., Sept. 18.—Late Huff, aged 19 years, shot and wounded Roy Walker this afternoon. When George Ford, county jailer, attempted to arrest him Huff shot Ford inflicting a wound from which he died tonight. Huff then killed himself. Walker's wound will probably prove fatal. Huff was a machinist in the local railroad shops. He was married three weeks ago. The only witness to the shooting says he heard Huff order Walters from his home declaring "you are trying to make trouble between me and my wife." He then shot Walker with a shot gun loaded with buckshot. It is said Walker was a suitor of Mrs. Huff before her marriage. Ford was notified and hastened to Huff's home, only to be shot down as he entered the yard. Huff left a note asking his wife to follow him in death then followed a postscript urging her not to kill herself. From this it is believed he was demented.

**MOTOR TRIP TO MEDICINE PARK SATURDAY.**

A party of young people chaperoned by Mr. and Mrs. Merrill Blair left Saturday afternoon for a motor trip to Medicine Park, to return Sunday night. Included in the party were Misses Genevieve Carver, Bess Kell, Bertha Mae Kemp, Kathleen Blair, Messrs. Adams, Carter, McGregor, Wiley Blair and Jerome Stone.

**HERE IS ANOTHER BIG WINDOW OFFERING FOR MONDAY**

AND THIS TIME WE ARE GOING TO MAKE IT WELL WORTH YOUR WHILE TO COME AND LOOK, WHETHER YOU WANT TO BUY OR NOT. IF YOU COME, HOWEVER, WE KNOW THAT YOU WILL BUY BECAUSE THE BARGAINS WILL BE SO ENTICING THAT YOU CANNOT RESIST.

**Diamonds Worth up to \$65.00 for \$18.50**

You will make a mistake if you do not get in on these. There are 36 pieces in the lot, all mounted in solid gold mountings, consisting of La Valliers, rings, brooches, pins, studs, etc., and not a single piece that is worth less than \$35. We think so much of these that any piece bought out of this window can be returned within thirty days, if the purchaser wishes, and the full purchase price will be refunded. Coming out of pawn, they did not cost us half what they are actually worth, and to stimulate the hot weather sales we are letting them go at choice of—

**\$18.50**

**Cut Glass, Ivory Sets, Diamond Lavalliers, Gold Bracelet Watches**

**PAYS BIG DIVIDENDS**

Keeping the place up pays the biggest kind of dividends, if you only stop to think about it. Keeping the fencing repaired, the out-buildings in good shape and the leaky place in the roof patched, gives a property a value on the market, that a run-down house never has. If you need any lumber—no matter in what quantities—we will be glad to furnish it to you, and will guarantee to give you the best quality at prices as low as you can find anywhere. We take just as much pains with an order for one or two boards or a bundle of shingles as we do for a carload.

Bonner, Jovette Bonner, Marin Flowers, Parks, John Thomas, Griffin, Hendricks, Hickman, Adams, Boyd, Guber, Avis; Messrs. and Mesdames Sanders, Shaw, Larkin, Fenton, Drinkard, Cullinan, Strib Moore and E. L. Smith.

### THURSDAY SEWING CIRCLE WITH MRS. JEFF WAGGONER

The Thursday Sewing Circle met this week in regular session with Mrs. Jeff Waggoner, enjoying the usual afternoon of fancy work and light chat. Those present were: Mesdames C. R. Hartsook, Judd Presley, Lester Jones, Jeff Waggoner and Miss Ferris, niece of the hostess.

Mr. and Mrs. O. N. Brownlee of Billings, Mont., arrived Saturday for a short visit with Mr. and Mrs. E. E. Sanders.

The mothers of the various Mothers Clubs of the city are requested to meet Tuesday afternoon at the high school at four o'clock to complete preparations for the reception to be given the teachers Friday evening.

Mrs. J. M. Sammons and daughter, Miss Florence, are at home after spending the summer in Iowa.

### IOWA PARK BRIDGE IS ACCEPTED BY COUNTY

Plans Now Being Prepared for Concrete Driveway Across Lake Wichita Spillway.

The new bridge across the Wichita River below Iowa Park has been accepted by the county. It was opened to traffic a week ago and the ford and ferry business which has been in progress at that crossing since the Wichita River tore the old bridge away, has come to a stop. The new bridge will cost the county about \$10,000 including the expense of opening up the new road. Part of this expense was covered by issuing \$199, in bonds and the remainder came out of the treasury.

Plans are now being prepared by the Texas Power & Light Company for the concrete driveway across the spillway, which this company will join the county in building. The contract for this structure will probably be awarded at the October term of the commissioners' court.

### COUNTY JUDGE TO BECOME BENEDICT THIS WEEK

Judge Harvey Harris Will Claim Ellis County Gird as Bride Wednesday at Boyce.

Harvey Harris, county judge of Wichita county is to become a bridegroom this week. He will leave tomorrow for Boyce, Ellis county, his former home where on Wednesday he and Miss Annie Leslie Bivens will be united in marriage. The ceremony will be a quiet one at the bride's home.

Judge Harris has purchased a home on Eleventh street between Brook and Baylor streets, to which he will bring his bride. Miss Bivens has been teaching in the high school at Boyce for several years, having made her home in that community for many years.

It has been known for several weeks that the county judge was contemplating matrimony, but it was not until Saturday that the judge would make the facts known. He will leave tomorrow for Ellis county.

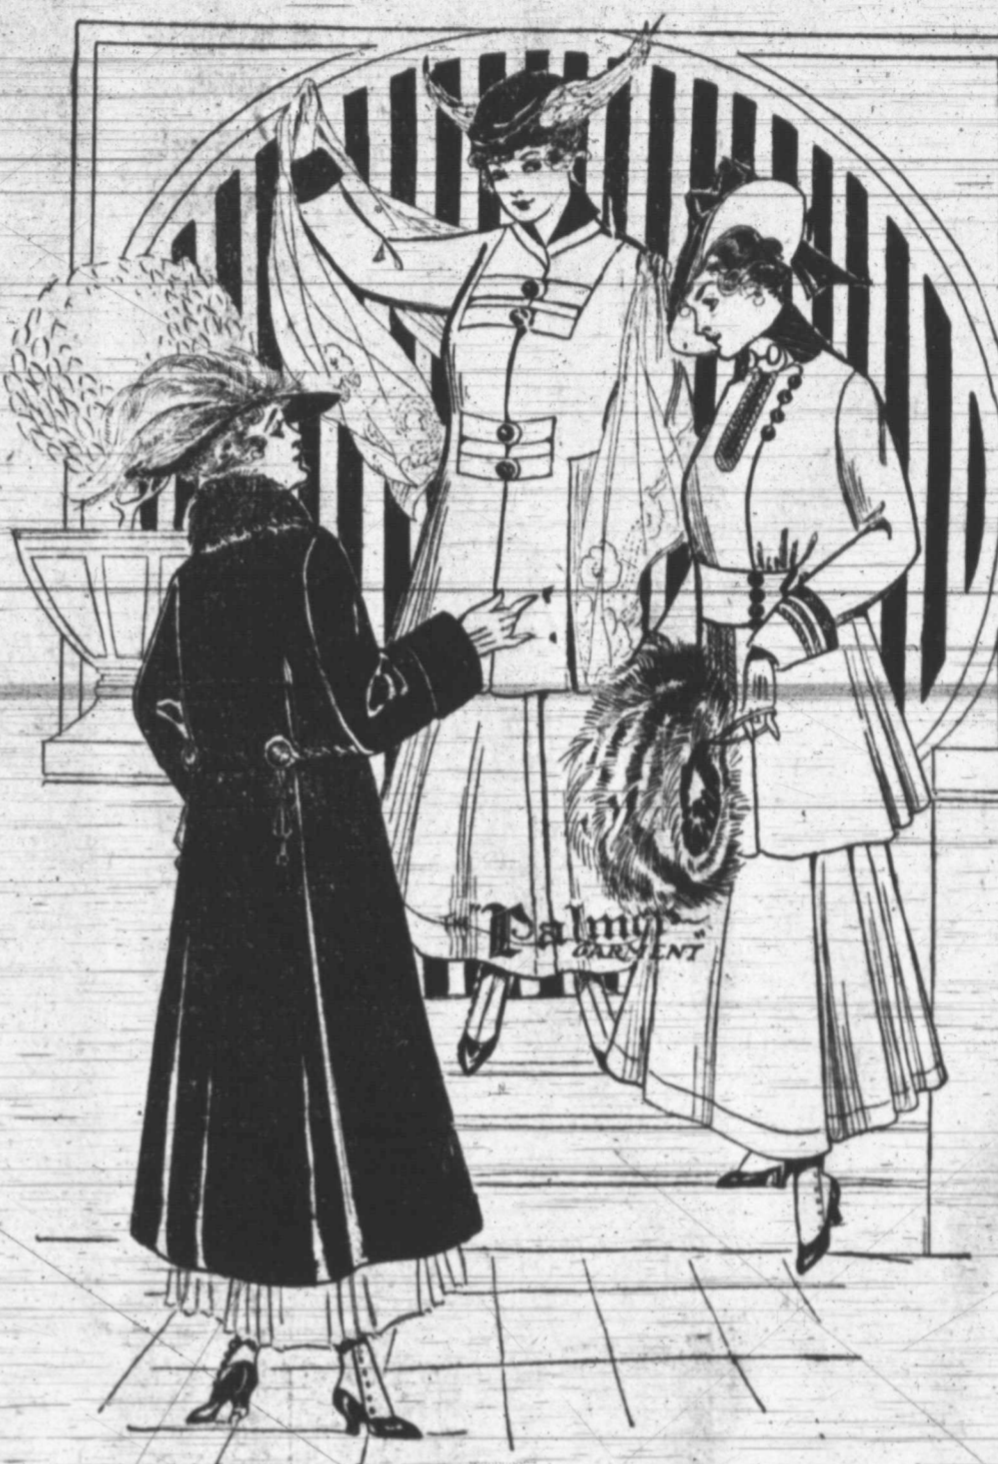

### RULINGS CONCERNED USE REVENUE STAMPS

County Clerk Kelly Receives Ruling Relative to Documents Filed in His Court.

The following rulings in regard to revenue stamps have been received by County Clerk Kelly and will be followed by him in the future:

All certificates of notaries to instruments which do not bear stamps, 10c.  
All abstracts of judgment, 10c.  
All bonds, official and otherwise, executed by individuals, 50c.  
All bonds made by bonding companies two cents on each dollar premium paid.  
All certificates made by district and county clerks not required by law, 10c.  
All stamps must be cancelled by writing initials and date on same and making three slits in each stamp with a knife or punching three holes in each stamp with a punch.

## The Fall Collection of Women's Coats & Suits Is a Direct Echo of Creations

Designed by Foremost Fashion Authorities

To the woman who appreciates the importance of selecting her autumn coat or suit well in advance, we wish to emphasize the equal importance of patronizing a department which is well in advance of its contemporaries.

Well in advance in the thoroughly representative character of its style. Well in advance in the wealth and beauty of its assortment.

To the woman who seeks, above all, a thorough inspection of every style note, we extend the assurance that every style note is here, and that her selection will be made from such a variety of models, fabrics and colorings as would tax half a dozen ordinary shops to assemble.

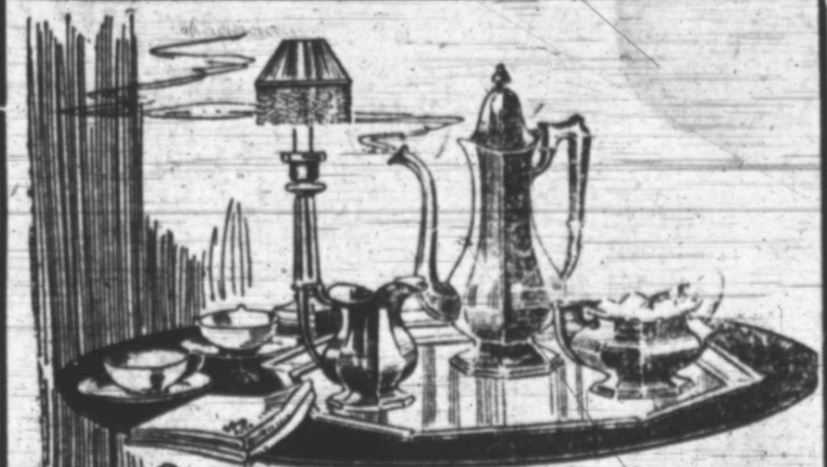

The Prices Begin at \$16.50 and range gradually upward as high as you like

## Millinery Styles of Bewitching Beauty For Fall and Winter!

The newest models are very smart tri-cornes, small close-fitting toques, soft rolling flare back hats, trimmed with the newest novelties and bead effects, combined with furs; some with Paradise and ostrich effects; others in cocades of ribbons. Priced from \$5 to \$50. (Gage Hats sold exclusively in this city by Kahn's Co.)

Prices range from \$5 to \$50.

## COURT HOLDS CARELL FATHER MYSTERY BOY

JUDGE, HOWEVER, REFUSES TO TURN BOY OVER TO FATHER AT THIS TIME

## QUEBEC WOMAN LOSES CASE

"I Wouldn't Want Him If He Wasn't My Child" She Declares on Stand

Special to The Times. Fort Worth, Texas, Sept. 18.—E. S. Carroll was decreed to be the father of Roy, the "mystery boy" for whom a legal fight has been waged for several months in the Tarrant county court. Mr. and Mrs. Peter Delo of Quebec, Canada, claim the boy as their son who had been kidnapped many years ago.

The court, however, refused to turn the boy over to Carroll saying his roving habits and financial conditions precluded it. The judge will care for the boy now until he finds a satisfactory home for him. Later Carroll will get him if he improves his mode of life and finances.

Mrs. Delo who believes the "mystery boy" is her son, who was kidnapped from her home April 26, 1911 testified at the hearing several days ago. "I wouldn't want him if he wasn't my child," she declared on the witness stand.

"I know he is my boy and no one else's but my own. My mother's instinct tells me that he is my child." She said she could identify the lad in various ways and made the long journey from Canada because she had been convinced by letters from John T. Homes and by photographs that the boy was hers. Mrs. Delo was very firm in her expressed conviction that she had at last found her lost son, and she was treated very gently by the court and opposing counsel. At one stage of the proceedings she broke down and sobbed violently. She had never consented to remove from the old home, she said, because she believed that God would one day send back the kidnapped boy, and she wanted him to find the old home and surroundings just as he had left them, so that he would recognize them.

"Wouldn't Want Another's Child." "No one could persuade me to take another's child," she declared. "I have four at home to work for now and I wouldn't want another's child."

Carroll testified that the boy was born in Wichita, Kansas. His birth occurred at a flat at 215 Main street, he said. From Wichita witness said he went with his family to Kansas City twice, and that he was sent to Bisbee, Ariz., by the physicians on account of the health of his son Clyde. Witness told where Clyde was buried, saying he had erected a head board at the grave containing the boy's name. He described the location of his wife's grave and said he had paid \$55 on a monument for her grave, but didn't know that it had ever been put up, as he owed something on it yet. He named a number of residents of Wichita, Kan., who knew of the birth of Roy and said his attorneys had applied to them for depositions.

Explains Wanderings. "You are of a roving, tramping disposition, are you not?" asked the court.

"Your honor," replied the witness. "I would like permission to explain in this connection." He then related the incidents of his married life which caused him to remove from place to place. Both his wife and child, he asserted, were sick at various times and he said he remained in accordance with the advice of physicians. His wife died in Denver. The illness of his wife and child lasted, during that time he was ill for a while himself. Witness said he went from Denver to Pitkin and from there returned to Kansas City and that he had been in the vicinity of Kansas City ever since.

Cross examined by Attorney Mays for the Delos, witness said he testified last spring in a habeas corpus hearing in Judge Wayne's court.

Questions and answers from the stenographic report of the proceedings at the former hearing were read to witness and he was asked if he had made those statements. In some instances he replied that he couldn't remember.

Some friction between the court and the Delo attorneys occurred when Mr. Mays undertook to question the witness concerning his place of birth and place of residence during his childhood. In the former case witness had said he was reared in Paris, Texas, and at this hearing testified that he was born in Pennsylvania and then went to Paris, Texas. The court said he could see no conflict in the different statements that were material and did not see any use of consuming time in going over the ground. The attorney replied that he would like to be permitted to cross examine the witness in his own way.

Had Changed Name to Weaver. "Why did you bury your wife under the name of Weaver?" asked the attorney.

"Because I was going under that name at the time," replied the witness.

"Do you change your name every time you change communities?" he was asked.

"No, sir; I don't know of but three times I have changed it."

Witness explained that in Bisbee

## Pennington's Shoes for Children

Never before such values. From the smallest baby shoe to a shoe for the girl 17 years old. Any desired leather and most any shape shoe and they are Pennington Prices and that means "Popular Prices."

### Ladd and Lassie Shoes

This is the shoe that keeps the boys and girls happy.

## Men's Clothing Values

We have just received a big shipment of men's clothing that will surely interest the man who desires to be well dressed at moderate prices. These suits are finely tailored of all-wool worsteds. The styles are right and the patterns are good. They are priced \$12.50 and \$15.00.

**MEN'S TROUSERS**  
This is another good value that we can brag about. They were bought under price and we are going to sell them the same way. All-wool materials and good patterns—\$4.00 and \$4.50.

## Ladies Waist Values

In our ready-to-wear section you will find two collections of unusual values in ladies waists. They are unusual values because they are new in style, the materials are attractive and serviceable and they are priced considerably below the usual price of waists of this kind.

69c and 98c

**LADIES' SHOES**  
The popular priced shoe department has some mighty pretty shoes to show you and they are absolutely correct in every detail. The prices are much under the value of the shoes.

\$2, \$2.50, \$3, \$3.50, \$4 and \$4.50

## Popular Fiction

Priced Low. The works of many popular writers, nicely cloth bound. Choice 33c each.

### Special Value Piece Goods

36-inch silk eponge sold originally at \$1 to \$1.25 per yard. This comes in several good shades and we have priced it to sell at 43c yard.

**36-inch Faile Silks**—A beautiful quality material, popular for fall and coming in several good fall shades. This material was purchased from a large manufacturer of ladies dresses, at a very low price Pennington price \$1.00 yard.

his name was spelled Carroll, but since he had been in Fort Worth the newspapers had been spelling it Carroll, and he had let it go at that. His only living relative, said witness, was an uncle, a Baptist minister at Enloe, Tex., the last time he heard from him.

At the former hearing in the 17th district court Carroll testified that Roy could speak Spanish and a little German. He admitted that he had so testified. The boy could speak no French.

On redirect examination witness said Roy had accompanied him to Duluth and had seen ice cut there. He had also seen it cut in Colorado. The scars on the boy's head were caused by wounds received during a railroad wreck, witness said.

## ELEVEN RECRUITS SENT FROM HERE SINCE SEPT. 1

Many More Examined and Rejected —Robert Grady Allen Enlists in Naval Reserve

Eleven recruits for the United States navy have been secured here since September 1, and sent to the naval training station at San Francisco, by P. C. Becker, chief gunner's mate, who is in charge of the recruiting station here. Considerable more than eleven were examined and rejected. "Cold feet" is given as the cause of rejection in one case, the recruit losing his nerve when just about to get on the train. Two recruits were secured last week, C. E. Bullock of Bryan and Leslie Weston of Paris. One member of the naval reserve has been recruited here, being Robert Grady Allen of Raudlett. Allen's enlistment expired in May and by joining the reserve he becomes available for service if needed.

The army recruiting officer who was here recently remained one week but found no acceptable applicants.

First class furniture repairing, re-finishing, upholstering, packing and crating. Work guaranteed. Furniture Hospital, 1003 Ohio. Phone 1209. 381c

## NITROGEN PROBLEMS IN ARID SOILS

By Associated Press. Boston, Mass., Sept. 18.—Charles B. Lipman of the College of Agriculture, University of California, announced through the proceedings of the National Academy of Sciences, the results of some studies on the nitrogen problem in arid soils, with especial reference to problems of soil fertility in California. He finds that some of the chief difficulties is the feeble nitrifying of the soil. On truly arid soils, it often happens,

however, that some forms of nitrogen may be nitrified, while others cannot be. Prof. Lipman is therefore led to the conclusions that:

1. The addition and maintenance of a good supply of organic matter by green manuring or by the use of barnyard manure must be practiced on all soils deficient in nitrogen and organic matter.

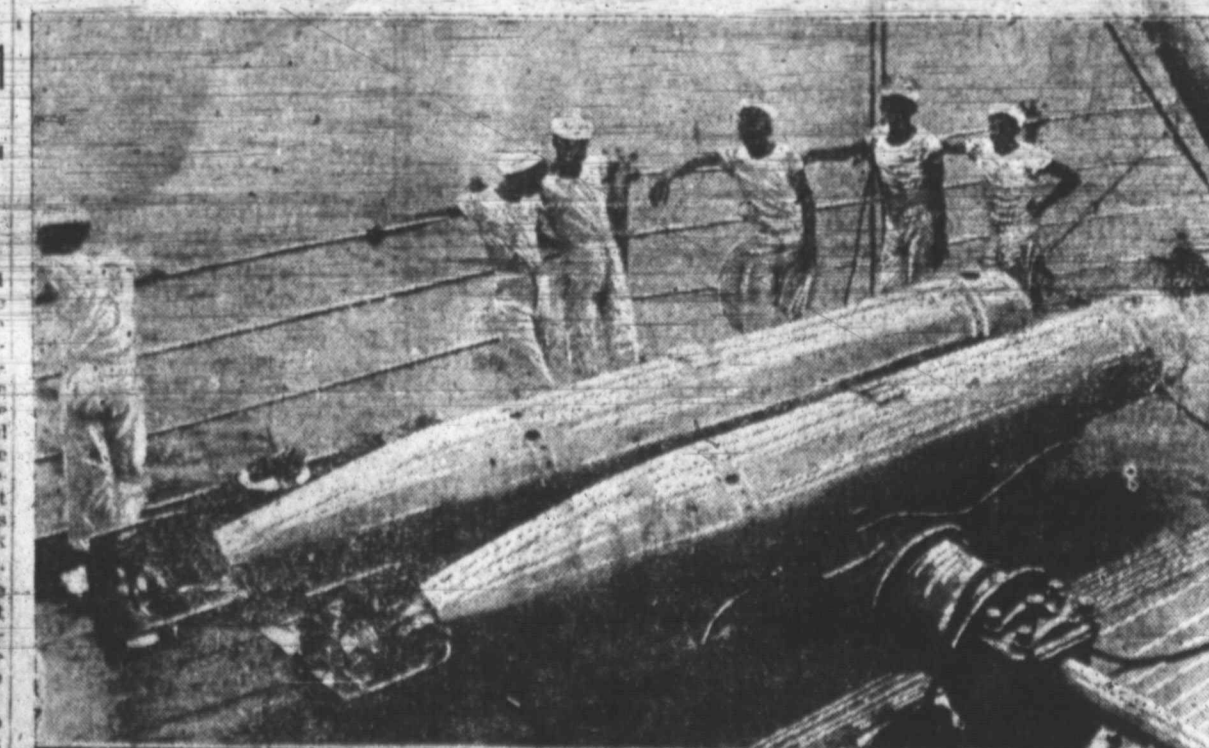

2. Nitrogenous fertilizers when employed on such soils must be either of the low grade organic variety such as steamed-bone meal, cotton seed meal, and sewage sludge, or else

sulphate of ammonia must be used. 3. The overheating of the soil, excessive evaporation of moisture, the oxidation of organic matter should be prevented through the use of some kind of straw or manure mulch.

This is to be regarded as one of the most important measures for present and future soil management in California orchards and vineyards when nitrogen and organic matter are deficient.

We are open for business, with up-to-date machinery. Quick Repair Shoe Shop, 705 Eighth street. 10-31c

## Powerful Torpedoes On One Of Destroyers Of Uncle Sam's Navy

TORPEDOES ON ONE OF UNCLE SAM'S DESTROYERS

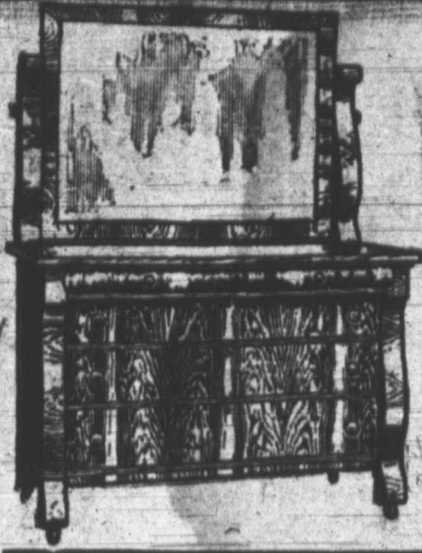

Uncle Sam's navy is justly proud of its destroyers. In the accompanying illustration are shown torpedoes on board one of these boats. The de-

stroyers are particularly valuable in combating submarines. They are built primarily for speed. In the event of a clash with a foreign power the de-

stroyer boats of the United States navy are counted on to give a good account of themselves.

### MUCH COTTON SOLD AT TEN CENTS LAST WEEK

Cotton Held in Storage From Last Season Marketed When Ten Cent Mark Reached

Several hundred bales of last season's cotton have been sold in Wichita Falls recently since the price reached ten cents, and it is estimated that over 300 bales have thus been purchased. Practically no cotton of this year's crop has come in since last Tuesday when the first bales arrived. Ten cents was the prevailing quotation for middling here yesterday.

In spite of the new law which was designed to prevent the cutting of bales by buyers, the ginner's samples are being disregarded by farmers—almost altogether. The law requires the ginner to furnish the sample to the farmer, but the latter usually throws it away and permits the buyer to cut the bale as of old. Buyers say that owing to many bales being "two sided bales" that is, having cotton of different grades in one bale, the ginner's sample is not a fair indication of the bale as a whole.

Considerable cotton is expected to reach this city within the next two weeks, as reports from the country tell of picking being under way in many fields.

A marriage license was issued on Saturday to W. S. Dooley and Miss Matilda J. Hahn.

### 145 WITNESSES FROM YOUNG COUNTY SUBPOENED

Eighty for State and Fifty for Defense in Second Trial of Fry Charge of Forgery

Subpoenas for a total of 145 witnesses have been issued for the trial of E. W. Fry of Young county which will begin in the 7th district court a week from tomorrow. The jury was unable to agree at a previous trial of this case, which resulted from one of about 50 indictments against Judge Fry for forgery and passing of forged instruments.

Of the 145 witnesses summoned, 80 are wanted by the State and 65 by the defense. All those on the list are residents of Young county. J. K. Oglesby, the Dallas hand writing expert who was a witness at the first trial, is not subpoenaed. The check upon which the forgery charge is based in this trial was issued by J. M. Watson, being for \$145. The list of witnesses summoned includes those to whom the 50 checks on which indictments are based, were issued, most of the public officials of Young county and a number of private citizens.

### HENCEFORTH YOU WILL ADDRESS HIM AS JUDGE

Former County Attorney Presides As Special Judge in Case in the County Court.

Former County Attorney Dan Boons acquired the title of "Judge" Saturday when he was prevailed upon to preside over the county court in a case in which Judge Harris was disqualified. A brother attorney ruffled the special judge's dignity by wearing his hat in the court room; he was fined ten dollars but the fine was remitted after he refused to pay it.

### COTTON EXCHANGE WILL BE OPENED HERE MONDAY

Market Quotations on Cotton, Grain and Other Products Will Be Received by Leased Wire

The cotton exchange which has been organized here is expected to open tomorrow, and will furnish market reports on cotton, grain and other things to those interested. The exchange will have headquarters in room 406, Kemp & Kell building and is expected to prove of much benefit to those interested in the markets.

### MEETING TOMORROW ON DRESS UP WEEK

A decision as to "dress up week" will be reached at a meeting of merchants to be held tomorrow afternoon at the Chamber of Commerce rooms. The idea has met with considerable favor among the merchants, and it is considered probable that it will be adopted here.

### GOLF AND COUNTRY CLUB MEETING MONDAY NIGHT

One Hundred Applications Signed and Expected Organization Will Be Formed.

Organization of the golf and country club will be effected tomorrow night at a meeting at the Elks club, at which all who have signed the subscription list are expected to be present. The meeting will begin at 8 o'clock and is expected to get the organization definitely started on the plans for grounds and a club house. The committee which was appointed to secure 100 members has completed its task, with the full number signed up. At tomorrow night's meeting this committee will recommend that the number be increased to 150, and if this recommendation is adopted the committee will resume work at once to secure the additional membership.

While golf will be one of the chief diversions at the club, it is to be by no means the only diversion. Provision is to be made for other outdoor sports, including tennis and basketball, while it is likely that such features as dancing and billiards will be arranged for in the construction of the club house. If 150 members are secured, there will be \$15,000 available for the club house and grounds and with this amount, an excellent start on an up to date country club could be made.

At tomorrow's meeting it is expected that committees will be named to draw up the charter and also to look about for available sites for the grounds. Several sites have been suggested, but no action has been taken as yet. All who have signed the subscription list are expected to attend tomorrow night, as well as others to whom invitations have been extended.

### AUTOS NOT REGISTERED BEING NOTED BY POLICE

Only Four Hundred Registered in City So far and Prosecution Will Be Started Soon.

Although there are in Wichita Falls, according to the most conservative estimates, 700 automobiles in active use, only a few more than 400 have been registered with City Tax Collector Robertson, according to the provisions of the traffic ordinance. The police department yesterday noted all automobiles downtown on which the necessary "C" did not appear and some arrests may follow shortly. The police department feels that sufficient time has elapsed for every autoist to take out the city license.

Mr. Robertson has issued licenses for 21 motorcycles and 252 bicycles so far.

### GILMER ODD FELLOW KILLED AT IOLA, TEXAS

Gilmer, Texas, Sept. 18.—A telegram was received here last night by the local lodge I. O. O. F. stating that C. F. Reynolds, a member, had been killed at Iola, Texas. No particulars were given. An effort is being made to locate the family of the deceased.

Copyright, 1915, Michael, Stern & Co.

## The Michael-Stern's Clothes for the New Season Are Simply Great!

For the young fellow, the middle aged fellow, or the old fellow, the Michael-Sterns Company have put a snap and style into the garments that give them a distinction above all other clothes.

Young men are usually eager for Fall Clothes before the elders give them much thought; we have prepared a special display of snappy, happy suits for young fellows we'd be pleased to show to any who are interested.

And all men—16 or 60—will be interested in the new styles that will be in vogue this season, and whether you are ready now to buy or prefer to wait till later, drop in and look the Michael-Sterns line over and we are sure you will be pleased.

The new accessories are worthy of your attention, also. The newest Boyden and Just Wright Shoes, the Hawes Von Gal Hats, the Columbia Shirts, the beautiful New Ties, and Gloves and Socks, all that goes to make up the well dressed, well groomed gentleman, are here now awaiting your inspection and selection. It's well worth your while to look them over, if you would be well dressed.

### H. S. BUILDING IS ALREADY OUTGROWN

BASEMENT PRESSED INTO SERVICE TO MEET CONGESTED CONDITIONS NOW.

### ATTENDANCE MUCH LARGER

Enrollment First Week Much Larger Than Enrollment for the Whole Term Last Year.

After using the present high school building just five years, Wichita Falls is confronted with the necessity of either building a substantial addition to the school or erecting a new building on another site. There are more pupils attending the school now than were entered during the whole of last year, and the question of finding room for all of them is becoming acute.

Two rooms in the basement have been pressed into service, and room thus made for pupils who had been required to sit two in a single seat, but conditions are far from satisfactory. Many pupils who wished to enter the manual training and domestic science departments were denied the privilege on account of lack of sufficient facilities. There is not nearly enough room in the study hall for the 350 pupils in attendance, and the building is proving inadequate for the city's needs.

In the other schools there is less crowding, though in some of the buildings it would be difficult to accommodate many additional pupils. The section of the seventh grade which formerly attended at the high school has been moved back to the Austin school, where there was more room for it.

The school board will probably take steps to relieve the congested conditions in some permanent way before the beginning of another term.

### AMERICAN REFUGEES ARRIVE FROM GUADALAJARA

Laredo, Texas, Sept. 18.—Passengers from Mexico today included 29 Americans who are leaving the country. Part of these were from Guadalajara. This city used to have an American colony of 3000 but now has scarcely a score, according to Americans who reached here today. No disorders were reported.

### INDIANA TO CELEBRATE NATAL DAY OF JAMES WHITCOMB RILEY

JAMES WHITCOMB RILEY, PROTEGE OF...

October 7 of this year will be red letter day in the city of Indianapolis and the State of Indiana. It is the sixty-sixth anniversary of the birth of James Whitcomb Riley, the poet and there will be great doings. Here's what the New York Times says editorially about the coming momentous day: What will they say now—those critics of the American people who have, some of them, lamented and others rather exulted over, our hapless appreciation of the literary man as a national asset and object of respect? The importance ascribed to d'Annunzio and his work by the Italians of all ranks has been repeatedly instanced of late as indicative of their possession of an aesthetic intelligence and sensitiveness utterly or almost lacking among comparative barbarians like ourselves, and the notion that we, too, could take a mere poet otherwise than as an amiable trifler would doubtless have been treated with distant laughter if ever it had entered the minds of these critics—which, of course, it didn't. Yet Samuel M. Ralston, who, as he has been raised to the high office of governor by a not inconsiderable group of American citizens, represents, it can fairly be assumed, the ideas and judgment of that group has just set his hand and caused to be affixed the great seal of the State of Indiana at the capital, in the city of Indianapolis

### TRIAL OF SCOTT SET OCTOBER 11

SLAYER OF WOMAN WILL BE TRIED EXACTLY ONE MONTH AFTER KILLING.

### GRAND JURY IS ADJOURNED

Nine Bills Voted at Two Days' Session Making a Total of Sixty-One For the Term.

O. P. Scott will face trial on a murder charge on October 11, almost exactly one month after the death of Lorene Shaw, the young woman whom he is charged with slaying. He was indicted Saturday morning by the grand jury, which had been convened in special session by Judge Nicholson.

Nine bills were voted by the grand jury, as follows: O. P. Scott, murder; N. Farham and Frank C. Anderson, theft from person; Rob Anderson, robbery; O. R. McKannon, forgery; two cases; W. H. Bowman, forgery; two others not under arrest.

This makes a total of 61 bills returned by this grand jury, 59 indictments being on felony charges and three in misdemeanor cases. This is probably a new record for felony indictments by one grand jury.

It has not yet been determined who will conduct the defense of Scott. The accused man's father, E. P. Scott of San Angelo is still here.

No bill was voted against "Chick" Brinkley, who was arrested in connection with the affair because, it was said, he furnished the gun with which the killing was done. No evidence was submitted to the grand jury to show that Brinkley had any knowledge of what Scott planned to do with the weapon.

### TEXAS GOVERNOR HONORS OKLAHOMA REQUISITION

Austin, Texas, Sept. 18.—The governor today honored a requisition on the return of H. W. Tuttle, wanted in Stephens county, Oklahoma to answer to a charge of obtaining money by false pretense. The accused is now under arrest at Georgetown, Texas.

# As Fresh as the Date on To-Day's Calendar

## Are The Autumn Styles at the Big Busy Store

Crisp-New-Bright-Attractive-Correct in Every Style Essential, and evidence the progressive spirit of this big busy going store.

Never was a fact more thoroughly demonstrated than this—in our past weeks' Fashion Show. The "good value and good style" was entrusted to the makers of the various lines we carry—and the "good service" to us—and we've both made good.

## We are Truly Proud of Our Mammoth Showing for Monday

A good presence is a letter of recommendation—Be sure you get authentic styles—there is no surer way—than to shop here.

### Visit Our Ready-to-Wear Department

\$2.50 to \$4.00

### New Silks and Woolens

No where in all our big store does "assortment" mean so much as here. All the season's best styles and weaves are here in all their beauty. Come see these new styles Monday.

### New Shoes

Visit our shoe department Monday. See all that's new in fine footwear. The largest stock in all North Texas to select from.

### AT THE CHURCHES

**First Presbyterian Church.**  
Rev. William Irvin Alexander, D. D., wires from his home at Grand Island, Neb., that he will be here to preach for us Sunday morning and evening at 11 a. m., and 8 p. m. He comes with fine recommendations of his worth as "a man of great personal and mental attractiveness and his churches are always crowded at every service." Every member of the church is earnestly requested to attend both morning and evening services. Dr. Alexander is expected to stay over and preach two Sundays, the 19th and 26th. Sunday school in the morning at 9:30.

**Methodist Episcopal Church.**  
All the usual services Sunday. Remember the Sunday school at 9:45. Four new scholars last Sunday. Nine Sundays now with new scholars every Sunday; this is fine. Let us keep up the record. Epworth League at 7:30. Preaching at 11 a. m. Sermon subject, "The Abiding Christ." There will be no evening preaching service. The pastor is holding special meetings at the Chapel and needs to be there for the Sunday evening hour. There will be a meeting of official members Monday evening at 8 p. m. Three weeks will close our church year and there is much business to be attended to. We will need a full board. The services at the Chapel are increasing in interest. We will welcome any one who may desire to come. Do not forget the Sunday evening service.

**Church of Christ.**  
Bible studies at 9:30 a. m., preaching at 11 a. m., and at 8:00 p. m. A special invitation is extended to all to hear the morning discourse. The subject is, "God's Danger Signals." Prayer meeting Wednesday night. The church building is just below eleventh street on Bluff.

**Central Presbyterian Church.**  
Sunday school at 9:30. A. F. Kerr, Superintendent. Preaching in morning at 11 o'clock, evening at 7:45. Prayer service Wednesday evening 7:45.

**Fourth Street Baptist Church.**  
Usual services at the Fourth Street Baptist Church, the pastor preaching morning and evening. Sunday school at 9:45 a. m. B. Y. P. U. at 7 p. m. Woman's Alliance Monday at 4 p. m. Midweek prayer meeting and choir practice Tuesday at 8 p. m. We have a good school and if you are not in Sunday school we cordially invite you to study with us.

**First Evangelical Church.**  
(Cor. 15th and Broad St.)  
Sunday School at 9:45 a. m. Preaching services: German at 11 a. m.; English at 8 p. m. Y. P. A. meeting at 7:30 p. m. Prayer meeting Wednesday at 8 p. m. A cordial invitation extended to all to worship with us.

**First Baptist Church.**  
Sunday School at 9:30 a. m. The school last Sunday was larger than it has been for some time and we are looking for more next Sunday. Six hundred is our mark for Sunday. The school is alive on all lines with the very best of teachers. All departments are graded so any one may find a class that will suit one. The last Sunday in the month is promotion day and will be a great day. The first Sunday in October will be Baptist Sunday.

School day in Texas. We ask all our friends to be with us on that day as every Baptist Sunday school in the State will make an effort to have a great time that day. Preaching at 11 a. m. and 7:45 p. m. by the pastor, B. Y. P. U. at 6:45. The pastor will also preach at the Walnut St. Mission at 4 in the afternoon. Women's Alliance at 3 Monday at the church, this is the business meeting of the month. Prayer meeting Wednesday at 7:45 p. m.; subject will be the "Commandments" of the New Testament. Strangers and traveling men have a special invitation to all the services.

**Lutheran Church (Mo. Synod).**  
Sunday school (German and English classes) at 9 a. m. Bible class at 9:45 a. m. On next Sunday we shall celebrate our annual mission festival. Special services morning and afternoon. In the German morning service which will begin at 10:30 the Rev. J. Horstmann of Clara, Texas, will preach. The afternoon service will begin at 2:30. Rev. P. Kaiser of Stamford will preach English. Free dinner will be served by the ladies of the congregation to all in the school room. Everybody is cordially invited to celebrate with us. Special collections will be taken up both morning and afternoon for our home mission fund of the Texas district.

**Christian Science.**  
Services are held in the church edifice, corner Ninth and Lamar as follows: Subject, "Matter." Sunday school at 9:45 a. m. The reading room at the same address is open daily except Sunday and legal holidays from 2 to 5 p. m. The public is cordially invited to attend the services and visit the reading room.

**NEW RECORD BREAKING SALES OF CHALMERS CARS**  
Orders Piling up For Cars Faster Than Day and Night Production Can Fill Them

"Monday, August 23 closed the biggest sales day in the biggest sales month in the history of the Chalmers Motor Company," was the announcement of C. A. Pfeiffer, vice president and assistant general manager. During this week alone two train loads of Chalmers cars were shipped east to distributors and dealers in the metropolitan districts to apply on orders which have been piling up faster than night and day production could take care of them.

This record is all the more remarkable following as it does on the heels of record breaking sales in July, during which month more Chalmers cars were sold than in any other preceding July.

Mr. Pfeiffer attributes the bulk of this business to the phenomenal success of the valve in head overhead camshaft motor which is installed in the seven passenger Chalmers "Six 40" selling for \$1350 and announcement of the popular light Six which formerly sold at \$1925 to sell at \$1550.

"While we are quoting Chalmers cars at prices lower than ever before placed on Chalmers quality," stated Mr. Pfeiffer, "we have been enabled to make this reduction by building on a quantity production schedule and have not sacrificed quality in any detail."

"We were satisfied that there was a great demand for a high class seven passenger model in the medium priced field and the sales which have resulted since our announcement have more than justified this belief."

"One of the most attractive features of the car is its luxurious riding qualities. The large roomy body has comfortable seating capacity for seven adults."

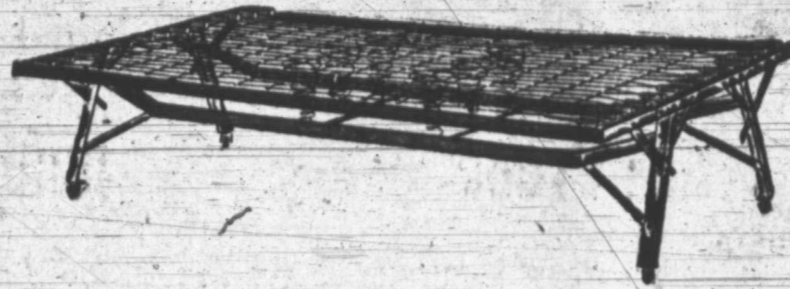

"The rich leather seats are designed to fit the body. One rides in the car—not on it. The twenty-two inch rear doors are conveniently large. One of the special features of this Chalmers model is the disappearing Pullman auxiliary rear seats which fold in flush with the front seat wall when not in use. This leaves the tonneau absolutely clear when in use as a five passenger car."

**MAXWELLS, IMPERIALS AND CADILLACS COMING**  
Local Agency Has Carload of Each of These Automobiles on the Road  
Clasbey & Brown, the Imperial Motor Sales Company, who handle the Maxwell, Imperial and Cadillac, now have a carload of each of these cars en route from the factories. These shipments are due within the next few days.

### Elmer A. Sperry, Member Of Naval Advisory Board

Elmer Ambrose Sperry, who perfected one of the first arc lights in America before he was twenty years old and who today is one of the world's foremost inventors of electrical appliances, is one of the members of the naval advisory board. He was one of the first to produce electrical mining machinery, electrical street railway cars, electric motor vehicles and gasoline automobiles; he perfected the gyroscopic compass and was the first to produce entirely practical apparatus for the stabilization of ships and aeroplanes. His achievements have been recognized by the first prize of the Aero Club of France and the medal of the Franklin Institute of Philadelphia.

### FARMER HAS TO BE SHOWN IN BUYING MOTOR CAR

Dodge Bros. Official Declares That Country Man Has to Be Shown at All Times

"When the farmer buys a motor car he has to be shown," says a sales executive of Dodge Brothers, Detroit. "He doesn't take anything to say so. And he particularly searches for the hidden quality. The average city man is very strong for looks and design but only in rare cases is he possessed of much knowledge of mechanics and then, too, he is schooled in the proposition that even if something goes wrong with his car it is only a step to a garage."

"But the countryman adopts an entirely different attitude when he buys a car. He is usually motor-wise. He has been operating his farm machinery by gasoline engine and is familiar with the principle and operation of motors. He has before him—at any time he thought that he must have a car that will 'take him there and back.' In other words, he will not take chances on a car that may strand him 10 miles from home and three or four from help."

### ELECTION CHINESE LOWER HOUSE AGAIN DEFERRED.

Peking.—Notwithstanding that the election laws recently promulgated by President Yuan Shikai called for the election of a lower house of the Chinese legislative body by September 1 of this year, it has been decided to defer the election until another year. Under present conditions the president thought it inadvisable to install the lower house of congress and has notified the members of the Tsan Cheng Yuan that they will continue to act for the Li Fa Yuan—as the lower house is to be called.

The Tsan Cheng Yuan is an appointed body rather than an elective one, and consists of fifty members designated by the president. It corresponds in a way to the Senate of the United States. At least it was originally intended that this body should have much the same functions as the upper house of Congress in America, but changed under conditions brought about by alleged plots among members of the Chinese congress, the president dissolved congress and reorganized the government on a basis which he regarded as better suited to Chinese conditions.

Under the new arrangement, the Tsan Cheng Yuan is a sort of state council which ratifies the executive orders and stands as a substitute for the bicameral organization which the president promises to the country later. The members of the senate or the state council have been advised that they will resume sessions in September and continue indefinitely to perform their own duties as well as those of the lower house of congress.

### MORE ANTI-TRUST SUITS MAY BE FILED SOON

Austin, Texas, Sept. 18.—Another anti-trust investigation involving a new line of industry is now under way by the attorney general's department, according to information obtained today. Assistant Attorney General C. W. Swetson has just returned from North Texas, where he has been on a probing expedition. He declined at this time to make public the line of industry which the department is now after but some developments are expected shortly.

### MAKE YOUR AUTO LOOK NEW

Our automobile finishing department is equipped for the finest class of work—the kind that is done on the new cars. The best materials and workmen who understand their business guarantees you a finished automobile or carriage that will make the old vehicle look like new. ## AT THE THEATERS

The Lamar Airdome. In "Refuge" a two part feature showing at the Airdome tonight a former favorite again makes her appearance in the movies. Miss Elaine Albert recognized as one of the most beautiful and talented actresses on the screen. The story is one with a western setting and is of exceptional interest. In addition an interesting comedy will be shown. "Hello Bill" was taken during the national convention of the U. P. O. Elks in San Francisco and features Billie Richie and Louise Orth.

Bill was circulating around the Elks' club house during the National U. P. O. E. convention in Los Angeles. He and Reggie both knew the girl, but Reg outdistanced Bill for her favor and Bill tried to slip a be-

littling note about Reggie under the table to the girl. Reggie got it instead of the party it was intended for, and Bill was thrown out of the club on his ear. He came back, however, and locked Reg in a closet took his uniform and then made an attempt to breeze past the grandstand where the girl was sitting.

Meanwhile Reg got cut and started to look for Bill. He finally found him and the meeting was not pleasant. Reg and his pals then decided that if Bill wanted to be an Elk so badly they would see that it was done correctly.

Also James R. Nicholson, grand exalted ruler and Raymond Benjamin, past exalted ruler, saw to it that Bill was put through in good style. The

goat riding certainly got Bill's goat, and when it had finished, Bill was sorry he had ever craved to be an Elk.

### "THE DICTATOR" AT THE EMPRESS THEATRE MONDAY

John Barrymore is featured at the Empress Monday in the Paramount production, "The Dictator." The central character of this famous comedy drama is Brooke Travers, a young American who is forced by existing and exciting circumstances to become temporarily the Dictator of a small republic in South America, and who is doing so because the hero of many momentous situations, some comic and some very serious indeed, from all of which he emerges the victor, through the aid of his clever wit and never failing audacity and is finally rescued by a kindly fate in the substantial guise of an American battleship.

Brooke Travers, a young society man of roving disposition and much leisure, gets into a cab with his valet and his trunk, to go to his yacht for a cruise. Arriving at the pier, the cabman demands an exorbitant charge for his fare, and upon Travers resenting the charge, he is again "soaked" by the cabman, this time with his capable fists. Travers strikes back, and the cabman falls, his head hitting a curb stone. The ambulance surgeon arrives, pronounces the man dying, and advises Travers to "take both the advice and the cab. Travers and his valet hasten to another wharf and take ship for Central America. As they are landing at the little port of Porto Banos, the consul of that forsaken place who is also an instigator of revolutions, offers to let Travers take his credentials and pose as dictator in his place, pretending to be afraid of the yellow fever, but really because he has heard of a new revolution and is afraid of his life. Travers, fearing the law is already on his track, eagerly accepts the offer and goes ashore as the new dictator. Then things happen with marvelous celerity and Travers becomes the center of a small cyclone of trouble, the chief factors in which are the opposing factions of the revolution, Travers' wife of the consul, a vengeful former sweetheart of the latter, and a pretty young missionary with whom Travers has fallen desperately in love. How he finally comes unscathed from his many perils and wins his lady love makes a screen comedy of unusual merit.

### "MIDNIGHT AT MAXIMS" AT THE GEM MONDAY

Monday the Gem has secured a four part feature, "Midnight at Maxims" an unusually spectacular production. For the inauguration of its new policy, whereby multiple reel productions are to be given to exhibitors on the regular program, the Kalem Company conceived something heretofore unknown to picturedom, a screen portrayal of gayest spots in gay New

York in the wee small hours of the morning. In the short space of four reels—it seems short when one is looking at the picture—the revues at Rector's, Hustonoby's and Maxim's are presented precisely as they occur nightly. We have the same girls, the same costumes, the same dances and if the orchestra leader regards the instructions given by the Kalem Company, we will have the same music. If ever a picture were adapted to carry the glitter of Broadway into the dullness of a village evening this is it.

George L. Sargent directed the production and to him belongs the credit of catching the spirit of Maxim's when the tables are filled, when the orchestra plays and the dancing girls, in colorful costumes, occupy the floor. The setting for this scene is an exact imitation of Maxim's and the guests used to provide a background for the performers are true to type—the trio of men out for a good time all readily susceptible to the blonde beauty of Tottie Twinkles; the after theatre supper party with a conservative dowager for chaperone; the westerner and his over-dressed wife, who have come to New York to see the sights; the smooth groomed youth, described by Geo. Ade as being all right from the collar down—we meet these and many more during the course of the evening and they are as much a part of "Midnight at Maxims" as the dancers themselves.

### FOX FEATURE DAY TUESDAY AT MAJESTIC

"Dr. Rameau" is the Tuesday picture at the Majestic Theatre, this being the regular Fox Feature Day. Frederick Perry, who plays the title role in William Fox's latest drama, "Dr. Rameau" is regarded as one of the foremost dramatic artists on the stage today. Mr. Perry comes to the William Fox organization directly from his unprecedented personal triumph in "On Trial" in which production he was the bright, particular star. It was his work, more than any other element that made for the remarkable success of that play, a success that was the more marked in a season whose real successes were few and far between.

In "Dr. Rameau" William Fox has given Mr. Perry a vehicle that is stronger, if anything, than anything he has ever done before. The character of Dr. Rameau is a complex one, and the mastery interpretation that Mr. Perry gives the part is one that will be remembered as one of the most impressive pieces of acting ever witnessed.

present at a real operation of the same nature. As a result, the scenes starting in its realism, every detail, supervised by a physician, is absolutely accurate. This photodrama marks the debut of Mr. Perry in the silent drama.

Questioned regarding the difference between the work on the legitimate stage and before the camera, he said that he did not find the sharp change he had expected. "Working in a photodrama seems at first like a rehearsal," he said. "The earnestness of the director, however, more than compensates for the lack of an audience. I think that continuous work before the camera would be much more interesting than a long run on Broadway in one production."

### DRIVES CADILLAC EIGHT 419 MILES IN ONE DAY

New England Pleasure Trip Believed to Be Longest Days Trip on Record

Racing cars have covered 500 miles on a paved track in something like six hours, but it is doubtful if any stock car ever covered, in one day, and over ordinary roads, the distance recently recorded by a Cadillac Eight in New England. This car made a trip from Providence, R. I., to Franconia Notch, N. H., and return, 419 miles in one day of driving.

The trip to the Notch from Providence was made in faster time than the return. The distance is 200 miles and the car was at the Notch 350 minutes, after leaving Providence. At times, the speedometer registered 67 miles per hour. Early in the run, fog was encountered, and throughout the trip mountain roads of fair quality were traversed.

LEGAL NOTICES

Notice.
The board of aldermen of the city of Wichita Falls, Texas, will open bids at its regular meeting to be held September 30th, 1915 for the construction of sidewalks on Travis street along and in front of lot No. 2, block No. 145 of the original town of Wichita Falls, Wichita County, Texas. Such sidewalks to be constructed according and in conformity with the following specifications and requirements:
The curb along and adjacent to proposed sidewalk to be raised to grade; sidewalk to be concrete with any foundation, 50 feet long and 4 feet wide, and to be constructed so that it will be a continuation of the sidewalks in front of lots Nos. 1 and 3 of said block No. 145.
The successful bidder will be required to construct such sidewalk subject to the supervision of L. C. Hinkley, city engineer, and to furnish a 5 year maintenance bond with one corporate surety, authorized to do business in Texas.
All bids submitted must be sealed. The right is reserved to reject any and all bids.

CHARLIE CHAPLIN'S FUNNY CAPERS

Coming Right Down to it, Charles For Peace at Any Price

**NOW BROKER RECEIVED  
ADVANCE INFORMATION**

**Joke on His Friends When Hugh Jennings Sent Answering Telegram Prepaid**

The Boston-Detroit game was the theme of speculation by a crowd before the score board at Woods & Wilton's store Saturday morning. Various conjectures were offered as to the probable outcome of the contest. Interest seemed centered in the twirler for Detroit. Finally someone suggested that a telegram be sent Hugh Jennings, manager of the Detroit team, asking about the condition of his team and the selection of a pitcher. Under the belief that the answer would come collect, the telegram was sent in the name of a well known cotton broker who probably don't remember who won the world's series last season. The telegram asked Jennings about the condition of his men, the name of the pitcher and the prospects for winning. The crowd then "laid" to see the answer come in and hear what the broker said when he was asked to pay for the message.

In due time Jennings answered: "Boys feeling fine. Covalsky will pitch to win,"—and the message was marked paid. The crowd had a good laugh on itself and watched the score board when the results were posted with even greater interest. Covalsky pitched to win through twelve innings but the score was 1 to 0 in favor of Boston.

**CLEM SANDERS BADLY  
BURNED IN EXPLOSION**

**Boiler at Oil Well Rig Blows Open Sending Boiling Water and Steam Over Man**

Clem Sanders of Burkburnett, aged about 32 was seriously burned at about two o'clock Saturday morning in the explosion of the boiler of the engine used to operate a well drilling rig on the Thom farm west of Burkburnett. Sanders was freeman for the outfit. It is said the water had run low in the boiler and Sanders started the water injector. He was at the side of the engine when the explosion occurred. He was hurled to the ground and his hands and arms and his legs caught the effects of a stream of boiling water and scalding steam.

The side of the boiler had burst but it was not broken loose from the body of the engine. Sanders was taken into Burkburnett and Saturday morning was brought to the Wichita Falls Sanitarium in an automobile. His burns while serious, it is believed, will not result fatally. Other workers at the rig were some distance away when the explosion occurred and escaped injury. The explosion made a heavy report which was heard for several miles. Only last week another oil field worker died at Burkburnett as the result of burns. About six weeks ago a woman was burned to death in the oil field. Early last spring the engineers at the Burkburnett light plant received burns from which he died. Several workers in the oil field have received burns which have not proved fatal.

**SCHOOL ENROLLMENT  
AT END OF FIRST WEEK**

**Total is 2363, Being 121 More Than At End Of First Month Last Year**

One hundred and twenty-one more pupils were enrolled in the Wichita Falls public schools at the end of the first week this year than were enrolled at the end of the first month last year.

The enrollment at the end of the first week, according to figures announced yesterday by Superintendent Lee Clark was 2363. The enrollment at the end of the first month last year was 2242.

The high school, the Austin school and the Sam Houston school together with the Washington (negro) school show increased enrollment. The San Jacinto and Alamo schools show losses.

The enrollment in the different schools at the end of the first week this year compared with the end of the first month last year follows (the total for last year's figures including 45 pupils in the seventh grade at the high school last year):

School	Last Yr. This Yr.
High school	359 399
Austin school	956 864
San Jacinto	333 345
Alamo school	287 229
Travis school	181 142
Sam Houston	121 96
Washington (colored)	116 112
Total	2363 2242

a motor—economy in fuel and little wear, with oh my, so much power." Many cars with large motors and heavy chassis were seen in the ditches as the ladies toured. Several were pulled out of the mud.

**GERMANS SEE BID FOR  
PEACE WITH TURKEY**

By Associated Press.  
Berlin, Sept. 18.—"The Tages Zeitung interprets Earl Kitchener's speech complimenting Turkey as an offer in disguise for a separate peace, England being unable to force the Dardanelles," says the Overseas News Agency. "This is a strange contrast to the statement of Premier Asquith when Turkey declared war that Turkey had signed her own death sentence."  
In a speech before the house of lords Thursday Earl Kitchener said there was evidence of demoralization among the Turks but judged from a humane point of view their methods of warfare were "superior to those which have disgraced their German masters."

**MICHIGAN WOMAN DRIVES  
3000 MILES IN OAKLAND**

**One Drives 190 Miles in 9 Hours Over Heavy Roads—Gallon Gasoline 25 Miles**

Two women, Mrs. A. R. Welch and her daughter, Mrs. Howard Phillips, both well known in Pontiac, Mich., and Detroit society circles, have just returned from a three thousand mile tour of Illinois and Iowa.

Mrs. Phillips has won a distinction that few women can claim. She drove her 1916 Oakland speedster a distance of 190 miles from Iowa into Chicago in only 9 hours. This gives an average of better than 21 miles per hour. Slight incidental delays were not taken into consideration in arriving at this average. A great portion of this day's drive was over the gumbo roads of Iowa and western Illinois. Several hard rains had made the roads heavy and the going hard. An average of close to 25 miles per gallon of gasoline was obtained. The ladies did not have the slightest trouble with their car over this long journey.

Mrs. Welch is a devotee of automobile driving. She has always been partial to cars of large size, heavy powered motors but has become converted to the light, high speed motor "I am convinced," says Mrs. Welch, "that the high speed motor such as I have in the Oakland speedster is deemed, as it becomes known to be the most popular of all the motor types. The motor possesses the three most valuable features in

**CENTRAL RUSSIA**

Washington, D. C., Sept. 18.—"Central Russia, which lies just before the advancing German lines, was the cradle of the Empire, the seat of the Great Russians, and it is today the heart of the greatest State, where are the largest cities of the Slavs and the historic places dearest to the patriots devoted to pan-Slavism," begins the war primer just issued by the National Geographic Society, which deals with the characteristics and the people of the rich, immense Slavic homeland, that the Russians are desperately preparing to defend. "Notwithstanding Kief's claim to recognition of the sturdy Great Russian stock that one must turn to learn the details as to the 'mother of Russian cities' it is to the story of the Empire's building. The Muscovite or Great Russian, freed the land from the Tartar yoke; subdued many neighboring nations; and, as good colonizer, peopled the length and breadth of his possessions with his stock."

"Russian history, from the 14th century, centers around 'white stone,' Moscow, and from this center successive swarms of colonists and pioneers have sought homes in the northern forests, in the fertile southlands and in far Siberia. Prolific, persevering, patient, persistent in their type and with astounding reserves of recuperative power, the Muscovites have impressed their government their faith, their language and their ambitions on the nation, and they, alone of the Slavonians, have created an enduring world power. Today the Great Russians number far more than the White and Little Russians combined, and the Muscovite pioneer carries Great Russia with him wherever he goes. The original of the Great Russian is found in the basin of the River Oka, which joins the Volga at Nishni Novgorod. Here is the most developed and most populous district in all the Empire."

"Central Russia is a vast plain, oppressive in its horizons, its sameness of coloring, and in the monotony of its life. It is crossed by great, sluggish rivers, with red banks. Its fields reach to the horizon lines, unenclosed, vivid green in spring, grayish brown in summer, and unbroken white in winter. Its forests are of birch and pine. Its villages are all alike, and all the houses in a village are alike. A village is a straight,

abominable street, two rows of houses; a white orthodox church and a signpost, with the name of the place and its number of 'souls.' In the street are pigs, geese, garbage, fair haired children. The huts are simple, and are filled to one-fourth their area by monster white stoves, the first aids to Russian life, in whose ovens the peasants bake and take steam baths, and upon whose upper surfaces they sleep in winter. "Although an important manufacture has grown up in Central Russian cities, as in Moscow and Tver, the Great Russians are still primarily an agricultural people. The first choice of the Slav is the working of land. In summer, he and his family work barefoot in the fields; in winter, he banks his hut with earth and straw halfway to the windows, hermetically seals it, and passes an idle, suffocating season in company with his stove, his cattle and fowls. There is little wonder that his home is generally insect ridden. The peasants are capable of tremendous energy, though, in the rule, they do not save, save time's value. They have many delightful virtues, but coupled with a grave tendency to be dishonest. 'Everybody steals,' according to a candid and reckless proverb of their minting 'except Christ—and He would if His hands were not nailed to the Cross.' In this connection it is only fair to note, that the peasant regards it almost as a righteous thing to 'convey' from this state or from an owner of the upper classes. "The peasants possess an infinite appetite for receiving, though thankfulness is not a besetting sin among them. They are tolerant, hospitable and shrewdly practical, and, on the other hand, they are heedless of the modest claims of Truth and very improvident. They have a proverb: 'Beat your wife like your fur, but love her like your soul.' However, Great Russian home life runs a more untroubled course, probably, than in many lands more utterly satisfied with their degree of civilization. When not drunk, the peasant is generally mild, peaceful and well wishing. When under the inspiration of vodka he often falls into fearful passions, becoming elemental and dangerous. It is upon these peasants of Great Russia that a large part of the duty of defending the fatherland must fall."

**THE LUCKY WINNERS**

STATES OF TEXAS  
County of Wichita

J. T. Gibson being duly sworn under oath deposes and says that he actually weighed the "Mulberry" exhibited by Baum & Gardner and the actual weight of same was 144 pounds and ten ounces.

The scales used were those supplied by the United States Government and were in perfect balance.

(Signed) J. T. GIBSON.  
Sworn to and subscribed before me this 17th day of September, 1915.

(Signed) H. B. PATTERSON,  
Notary Public Wichita County, Texas

**The Lucky Winners**

**THE "MULBERRY" WEIGHED 144 POUNDS AND 10 OUNCES**

The old Mulberry log proved to be a wonderful attraction at our store during the Style Show, there being more than three thousand estimates made by visitors as to its weight. Mr. S. A. Grogan, 302 Joline Building, made the nearest estimate to the actual weight of the log, his estimate being 144 1/2 pounds. He therefore guessed within two ounces of the actual weight, and is presented with the Hart Schaffner & Marx Suit, valued at \$25.00. In the ladies' contest there were seven who estimated the weight at 145 pounds, thus tying up for the lady's suit. The names were as follows:  
Mrs. C. L. Ziskind, 1204 Travis  
Miss Annie Lea, 1411 Burnett  
Mrs. Susie Potts, 1200 Burnett  
Zelma Randolph, 1002 Lamar  
Edilene King, 1407 Ninth  
Mrs. W. B. Chaucey, 1104 Polk  
Alice Jenne, 1404 Tenth.

Economy is the basic foundation on which we have assembled all lines for Fall.

**The Seasons' Fashionable Fabrics in Women's Coat Suits**

The style, workmanship, material and value can not be excelled. Late models come in the short coats, Norfolks, Russian and semi-fitting styles. **JOY RIDE! JOY RIDE! JOY RIDE!**

Eliminates all punctures, keep tires inflated, thereby saving tire trouble and lengthening the life of tires.

Herewith we offer a few of the many testimonials we have received from prominent and reliable firms and individuals who have and are still using JOY RIDE.

**THE ATCHISON, TOPEKA AND SANTA FE RAILWAY SYSTEM.**

H. M. BRANIER, Agricultural Demonstrator.  
L. J. JOHNSON, Asst. Agricultural Demonstrator.  
H. C. MCGOWAN, Asst. Agricultural Demonstrator.  
J. L. POPE, Asst. Agricultural Demonstrator, Colonization Department.  
Amarillo, Texas, Jan. 22, 1915.

Mr. Mason W. Ely, Crowell, Texas.  
Dear Sir:—In answer to yours of the 19th inst., in regard to "Joy Ride" I have this to say, I have never even pumped up my tires since the day the "JOY RIDE" were put in, have driven the car about 4,500 miles since I put the "JOY RIDE" in the tubes. I don't know whether it rots the rubber or not, but I am satisfied—my tire troubles have been nothing.  
From experience I have had with it I would not be without it in my tubes for \$50.00 if I could not get it any cheaper.  
Very truly yours,  
(Signed) L. L. JOHNSON.

**THE CITY OF AMARILLO,**  
Commission Government.  
M. H. HARDIN, City Manager.  
Amarillo, Texas, Feb. 8, 1915.

**TO WHOM IT MAY CONCERN:—**  
This is to certify that the City of Amarillo has been using "Joy Ride" in its city cars since the 25th day of September and it has worked wonderfully in the way of preventing punctures. We have had only one puncture since putting it in, and that was a large cut in the casing. Prior to putting it in we had a great deal of trouble with the City Car with punctures on account of rough use and the dangerous places we had to go in it.  
I believe it is the best anti-puncture that I have ever seen and it does all it is claimed to do.  
Respectfully,  
(Signed) M. H. HARDIN, City Manager.

**LITTLETON REALTY & INVESTMENT CO.,**  
J. EARNEST MITCHELL, Mgr.  
Littleton, Colorado.  
Littleton, Colo., Oct. 29, 1914.

Mr. A. L. Manning, Amarillo, Texas.  
Dear Sir:—Replying to your of the 26th will say that we have used "Joy Ride" compound in two different Ford cars. The first one from August 11, 1913, to May 6, 1914, running the same over 4,000 miles; and in the second car from May 7, 1914, to date and having run over 5,300 miles in that car and have never had one penny of expense on tires or tubes nor one minute's delay since installing "Joy Ride."  
With us it has proved more than satisfactory and I do not hesitate to recommend it to Ford owners, as we have driven nearly 10,000 miles without a penny's tire expense.  
Very truly yours,  
(Signed) LITTLETON REALTY & INVESTMENT CO.,  
By J. Earnest Mitchell, Mgr.

**FEDERAL RUBBER MANUFACTURING CO.,**  
of Illinois.  
DENVER BRANCH,  
1541 Cleveland Place.  
Denver, Colo., Sept. 8, 1914.

Mr. Chas. Busack, Ft. Collins, Colo.  
Dear Sir:—This will acknowledge receipt of your letter of the 5th. I am pleased to advise you that Federal tires are in every way guaranteed where substances of the nature of "Joy Ride" are used.  
These substances have some very good features, especially the kind called "Joy Ride." We have a chance to watch same very closely in our repair shop and many punctures are entirely done away with where this substance is used, where otherwise punctures would have occurred.  
It interferes in no manner with your air pressure; does not rot the rubber, and the best feature of it is that it keeps tires well inflated once it has started out.  
In conclusion I wish to state that I heartily recommend the "Joy Ride" to you as it has features that others leave out.  
Wishing that you will have good luck with Federals and assuring you that we will stand behind same at all times, I am,  
Yours very truly,  
(Signed) JAS. W. BILLOW, Mgr.

**THE KUNER PICKLE COMPANY,**  
Denver, Colo., Sept. 28, 1914.

Mr. A. L. Manning, Ft. Collins, Colorado.  
Dear Sir:—Replying to your letter of the 24th would say that we have two Ford cars in use and have been using the "JOY RIDE" puncture proof in them for nearly two years. It is in no way injurious to the tires and saves a great deal of trouble and expense on account of punctures. We highly recommend it.  
Yours truly,  
(Signed) THE KUNER PICKLE COMPANY,  
A. H. Low

**VON SCHULTZ & LOW,**  
Chemical Laboratory and Assay Office,  
1746 Champa St.  
DENVER, COLORADO.

P. O. Drawer, 1537.  
Analysis of "Joy Ride."  
Fiber Mfg. Co., 253 Coronado Building, City.  
Dear Sir:—We have examined the compound named "JOY RIDE," left by you, with reference to its action on rubber.  
The analysis shows nothing that could, in any way, injure rubber.  
In fact, we are of the opinion that any influence it might have, would be of a beneficial nature, and that if left in contact with rubber, it would tend to preserve the original suppleness and elasticity.  
Yours very truly,  
VON SCHULTZ & LOW.
