BRITISH BATTERING AT GERMANS' THIRD LINE IN VICINITY OF LOOS

FRENCH MAINTAIN OFFENSIVE IN THE CHAMPAGNE DISTRICT

SIR JOHN FRENCH'S TELEGRAM INDICATES EFFORT BY ALLIES FOR DECISION ON WEST FRONT

RUSSIANS ARE WEAKENING

Germany Making Progress Toward Dvinsk While Russian Offensive On Sixth Against Austrians Appears to be Weakening

London, Sept. 29.—The British are battering the third line of the Germans in the vicinity of Loos. The French are maintaining their offensive in Champagne. The Germans in the Argonne have been unable to make important gains and have refrained from their infantry attacks. This sums up briefly the situation in the west as seen in London today.

ALLIED OFFENSIVE CONTINUES.

No great change in conditions is shown but England attaches high importance to indications that the offensive movement of the allies is not to be relaxed as was predicted in some quarters. A short breathing spell has been succeeded by harder pressure on German positions at the points weakened or shattered by the allied push. That it is the intention to maintain this pressure is indicated in a telegram by Field Marshal French to the Lord Mayor of London, thanking him for his message of good will. The British commander added that the message encouraged his troops to "push the immediate success to the really decisive issue." This leads the public to believe there will be no stalemate such as followed the battle of Nueve Chappelle, but

300,000 TEUTONS HAVE BEGUN ADVANCE ON ORSOVA, SERBIA

By Associated Press: London, Sept. 29.—Three hundred thousand Austrian and German troops have begun an advance on the Serbian frontier towards Orsova, says the Athens correspondent of the Exchange Telegraphs Company.

BRITISH HAVE WON IMPORTANT SUCCESSES IN MESOPOTAMIA

By Associated Press: London, Sept. 29.—The British have won an important success in Mesopotamia. The Turks are in full retreat towards Bagdad.

FRENCH AND BRITISH TROOPS REPORTED LANDED NEAR SALONIKI

By Associated Press: Berlin, Sept. 29, by wireless to Sayville.—British and French troops intended for service in Serbia have been landed at Port Kathryn, near Saloniki, Greece, according to reports from Buda Pest received by the Frankfurter Zeitung, the Overseas News Agency announced today.

REPORTED THAT BULGARIA WILL ENTER THE WAR OCTOBER 15

By Associated Press: Paris, Sept. 29.—Bulgaria and the central powers have concluded an agreement according to authoritative information, says the correspondent at Saloniki, Greece of the Temps. Under this agreement Bulgaria will enter the war on October 15.

TESTIMONY BARRED AT MURDER TRIAL MAY BE ADMITTED

E. W. FRY'S TRIAL ON CHARGE OF FORGERY TAKES A NEW TURN—LISCHKE AND R. M. TODD SUMMONED.

J. R. OGLESBY ON STAND

Testifies Belief That Judge Fry Wrote Signatures to Checks On Which Indictments Based—Witness Was Put Through Severe Cross Examination.

Business picked up late Tuesday in the trial of Judge E. W. Fry, charged with forgery, when it became apparent that not only the matters dealing with the alleged forgery, but the particulars of the killing of E. T. Cherryholmes at Graham last February may become part of the record in this case. Questions asked of a state witness about matters leading up to the killing were met by the defense with the implied promise that his side of the killing would also be brought out.

Subpoena for Todd. Subpoenas were issued last night for R. M. Todd and others involved in the murder trial of last April. Pete Fry is already here as a witness for the defense, while J. B. Lischke is a state witness.

Lischke on Stand. Lischke was placed on the stand immediately after dinner today, and later in the afternoon, Riley Dollins, who helped S. T. Cherryholmes guard the court house, was a witness. Lischke, one of the four defendants in the murder trial, and the only defendant who did not testify in his own behalf, told of being at the Fry home, of seeing Judge Fry make, and then of going to the skating rink near the court house where he was to wait until it was time to open the safe. He told also of being employed by Todd to open the safe.

On cross examination, the defense attorneys brought out that Todd had told Lischke that the Young county officials had "framed up" on Judge Fry.

The testimony given by Lischke today was in conflict with some evidence adduced at the murder trial. Dollins' testimony dealt with the fight in the court house yard in which Cherryholmes and Carlton were killed.

The situation is fraught with interesting possibilities from the fact that evidence which was barred at the murder trial might be admitted now. The unique situation arose while Dillard Henson, former tax assessor and present county commissioner of Young county was on the stand. On cross examination the defense had asked questions seeking to bring out the feeling of the witness against the defendant, and it was in countering this line of interrogation that Judge Martin asked about placing the guards on the court house and the subsequent effort to reach the records which resulted in

the death of Cherryholmes and Pat Carlton. The defense at once objected, but Judge Nicholson held that the testimony was admissible. The defense attorneys at once took steps to present their side of the case which resulted in an acquittal for the four men accused of Cherryholmes' murder.

Hand Writing Expert Testifies. John R. Oglesby, formerly of Dallas, but now located in Wichita Falls, was on the stand all morning, qualifying as a hand writing expert. He testified as in the previous trial, that he believed Judge Fry wrote the signatures on the checks which the state alleges are forged. Each of the 49 checks was taken up and discussed separately, first by the state and then on cross examination by the defense, he process requiring all morning. Judge Taylor for the defense put the witness through a rigid cross examination, bringing out many points of dissimilarity between the signatures compared by the witness but without affecting the general trend of the expert's testimony.

TROPICAL STORM NEAR MOUTH OF MISSISSIPPI

By Associated Press. Washington, Sept. 29.—The tropical storm was central this morning near the mouth of the Mississippi and was moving slowly northward, according to the weather bureau reports. Shifting gales on the Mississippi, Alabama and extreme northwest of Florida coasts.

TWO GERMAN GENERALS DISMISSED FROM COMMAND

By Associated Press. London, Sept. 29.—German newspapers today announce that two German generals have been dismissed from German command in the western war zone in connection with the recent attack at the hands of the French and British, according to a dispatch from Amsterdam to the Exchange Telegraph company.

NAME BOARD OF MANAGERS FOR HOSPITAL

The board of managers for the joint city and county hospital was selected this afternoon at a session of the city council and county commissioners, as follows: E. A. Dale of Electric; R. L. Eeds of Durbarnett; Mrs. Frank Kell, Dr. J. E. Daniel, Dr. C. R. Hartsook of Wichita Falls. This board is to serve until December, 1916.

The meeting also decided to have a public reception at the hospital when it is completed, before patients are admitted and to invite citizens from over the county to attend. Committees were named to plan this affair. The building of cement side-walks in front of and around the building was ordered.

STORM SWEEPING OVER SOUTHERN LOUISIANA TODAY

STORM PASSED INLAND AT NEW ORLEANS EARLY TODAY—A FIFTY MILE WIND THERE AT NOON TODAY.

NOT FELT AT GALVESTON

Sixty Mile Gale Reported at Morgan City at Noon—Reports of Damage Had Not Been Received Early This Afternoon.

By Associated Press. New Orleans, Sept. 29.—A forerunner of the West Indian hurricane was sweeping northward over southern Louisiana today. The warning issued by the weather bureau advised that the storm center would pass northward between New Orleans and Atchafalaya, 80 miles northwest of here. The storm passed inland from the gulf this morning and at 9 o'clock the wind in New Orleans was 42 miles an hour and increasing.

At 11 o'clock the weather bureau reported the wind velocity here had increased to 50 miles an hour. The barometer at that time stood at 29.32.

60 MILE WIND REPORTED AT MORGAN CITY TODAY

By Associated Press. Morgan City, La., Sept. 29.—The tropical storm which struck Morgan City today was blowing at the rate of 60 miles an hour at noon. The damage, if any, is not known.

STORM IS NOT BEING FELT AT GALVESTON

Galveston, Texas, Sept. 29.—This city is feeling no effects whatever of the tropical storm which has gone inland over Louisiana. All wires out of the city are working. The Western Union reported some wire trouble near New Orleans but no trouble in Texas.

DELAY IN DEPARTURE PROBABLY SAVED TRANSPORT

Galveston, Texas, Sept. 29.—The United States army transport, Buford with the 27th infantry regiment on board is to sail for Manila, this afternoon at 4 o'clock. The Buford was ready to sail on September 23 but was delayed pending the development of the tropical hurricane which is today going inland over Louisiana. Had the Buford departed on time she would have encountered the storm near the Yucatan Channel. During the eleven thousand mile voyage stops will be made at Panama and Honolulu.

ANOTHER BRITISH TRANSPORT IS REPORTED SUNK

Berlin, Sept. 29.—(by wireless to Sayville.) The sinking of a British transport with the loss of all but a few members of the crew is reported in a dispatch from Constantinople to the Overseas News Agency today.

2 INVESTIGATIONS IN PROGRESS AT ARDMORE TODAY

OKLAHOMA RAILROAD COMMISSION AND STATE FIRE MARSHAL INVESTIGATING EXPLOSION DISASTER.

DEATH LIST STANDS AT 47

Report of Larger Number of Deaths Yesterday—Erectories Two More Bodies Identified Today—Only One Remained Unidentified at Noon.

By Associated Press. Ardmore, Okla., Sept. 29.—There are two separate investigations under way today in an attempt to fix the blame for Monday's explosion disaster which cost 47 lives and a property loss of over a million dollars. The investigation was first set in motion yesterday afternoon by Russell Brown, city attorney, when he petitioned the state corporation commission whose commissioner, George A. Houshaw is here. Brown alleged negligence on the part of the railroad in the alleged violation of several provisions of the interstate commerce commission's regulation with regard to the handling of gasoline and other explosives. The state commissioner will make an investigation, it is said, and then report to the commission as to whether its regulations were violated as charged.

A second investigation was also begun by City Attorney Russell Brown. By this investigation the dead bodies which have remained in the fire following the disaster. City officials today engaged principally in getting evidence and witnesses. Deputies McKeen and Williams of the state fire marshal's office arrived here this morning and also commenced an investigation.

The death list at noon remained at forty-seven, twenty-six whites and twenty-one negroes. Two unidentified women who were last seen at the morgue since the disaster were identified this morning. The unidentified woman who was last seen alive in the freight depot billing household goods, has been recognized as Mrs. Bond, a widow, her residence is not known. One unidentified man was recognized—Henry Carpenter, a farmer living near this city. There remains but one unidentified victim, a man. His body is burned beyond recognition. A telegram was received from Mena, Ark., that H. A. King, an attorney, was missing in Ardmore and it is believed that the one remaining unidentified man is he.

Physicians here are still injured persons in sanitariums who probably will die. At ten this morning a coroner's jury for this county (Cotter) went into session. This body will investigate the deaths of the more than two score persons.

Names of the Dead.

The names of the dead white persons identified up to last night follow:

- AARON C. GOULD, poultry man, aged 44; married of Palestine, Texas. SAM STALLCUP, 7 year old boy, Ardmore.
- CHARLES SMITH, ex-policeman, 35 years old, Ardmore.
- E. J. COX, railroad engineer, employed by Santa Fe, aged 44, Ardmore.
- W. M. TAYLOR, teamster, aged 39, Ardmore.
- JOE GULLEY, farmer, 54, married, Ardmore.
- MATTIE ANDERSON, occupation and antecedents unknown, aged about 30; found in wreck of Canton rooming house.
- M. E. ADKINS, pioneer Arayman, aged 64, married, Ardmore.
- E. A. BARLOW, carpenter, 32, married; residence Texarkana, Texas; caught in freight depot collapse and fire, died at sanitarium.
- REUBEN WARREN, chauffeur, 21, Ardmore; body found in Pennington Grocery building ruins.
- COLLIE JOHNNIE (Choctaw Indian), 19, unmarried, Ardmore.
- W. E. TWYFORD, cook, 45, unmarried, Ardmore.
- MRS. CORRIE DAVIDSON, clerk, 26, widow, Ardmore.
- HENRY SIMS, Santa Fe flagman, 60, married, Ardmore; found on Santa Fe tracks.
- RICHARD BARNES (Choctaw Indian), 22; Ardmore.
- J. T. GILKEY, Santa Fe yardmaster, 35, married, Athens, Texas; buried in freight depot ruins.
- J. R. WOOD, tank inspector of Ardmore Refining Company, 33, married, Ardmore; first man killed in explosion while repairing fatal tank.
- HENRY HILL, farmer, 37, married, Baum, Okla.; body found in freight depot.
- HENRY WILLINGHAM, farmer, 32, married, Okla.
- UNIDENTIFIED WOMAN, red plaid waist; last seen billing household goods in freight depot.
- TWO UNIDENTIFIED MEN burned beyond recognition.
- J. H. BISHOP, 35 of Ardmore; body recovered from Pennington building late Tuesday night.
- UNIDENTIFIED MAN, map of Haskell, Texas; identified through a post card in his clothing and the initials in a ring appeared to be about 50 years old and was found in the ruins of the Pennington building.
- OTTO McCLURG, 15, messenger boy.

REVOLUTIONARY MEXICANS APPEAR BETTER ORGANIZED

PRESENCE OF TROOPS HAS NOT DETERRED MEXICANS SEEKING TO ORGANIZE REPUBLIC IN THE SOUTHERN PART OF TEXAS.

VIGILANCE IS REDOUBLED

U. S. Troops in Larger Bodies Being Concentrated at Points From Which Reinforcements Can Most Easily be Sent to Points of Trouble.

By Associated Press. Brownsville, Tex., Sept. 29.—Evidence that Mexicans who are said to design to make an independent republic of south Texas have today a more complete organization than when the outbreaks began two weeks ago, came to the notice of army officers here today. The Mexican spy service is said to have caused American troops considerable trouble especially in cutting army telephone lines just before raids, and as a result requests have been made for five or six sets of field wireless outfits. Heretofore, raiders attacking a small detachment of American troops have always managed to escape before reinforcements could be brought up in sufficient numbers to surround the bandits. Practically without exception the Mexicans in these raids or their confederates on the American side have cut the army wires.

Colonel Bullard in command of the infantry district of port Isabel, and Colonel A. P. Blockson, commanding the cavalry patrols, have issued orders tending to concentrate larger bodies of troops than heretofore at points whence reinforcements can be distributed speedily.

A bag of about 500 rounds of ammunition dropped by the Mexicans in the Progress fight with the use of each bullet cross filed so as to make "dum dum" missiles has been delivered to Colonel Bullard.

Major Edward Anderson of the 12th Cavalry whose troops are doing most of the patrol work in the Progress section where the presence of about 500 Mexicans on the Mexican side of the river has been reported, has arranged for every available river point to be visited by cavalrymen eight times each twenty-four hours.

Colonel Bullard today returned to Harlingen from an inspection trip in his district which included a visit to San Diego, where last January, the plan for a revolt of Mexicans in the southern portion of the United States was written. Colonel Bullard said that while San Diego seemed peaceful he was impressed by an editorial appearing in a San Diego Mexican newspaper. The town has hardly a dozen American inhabitants, although it is the county seat of Duval county. This editorial in Spanish was a full page appeal to Mexicans in that section to support General Carranza. Colonel Bullard said that in no place did this article appeal to the citizens of San Diego as American citizens but seemed to be always based on the idea that these Texas-Mexicans are really citizens of Mexico, that their government is that of the republic of Mexico instead of the United States. The idea that they had citizenship duties to the United States, Colonel Bullard said, never seemed to occur to Mexican editorial writer, though he has resided in Texas thirty years.

CHANGES REPORTED IN BULGARIAN CABINET

King Ferdinand Reported to Have Asked Former Premier to Form a New Cabinet.

By Associated Press. Paris, Sept. 29.—A Havas dispatch from Athens said: "The Bulgarian ministers of finance and commerce have resigned according to a reliable report from Sofia. The reason given officially is a divergence of views on international questions but the real cause is the complete disagreement of these cabinet members with Premier Radosloff on the policy to be followed on the view of the determined attitude of Greece. King Ferdinand granted an audience to former Premier Mallinoff, leader of the party favorable to Russia and asked him, it is understood, to form a new cabinet."

FURTHER ADVANCE IN CRUDE OIL EXPECTED

A further advance in local oil prices is again expected, following increases in the Pennsylvania and Ohio-Indiana fields. No advance from the Mid-Continent field which appears to control the price in North-west Texas has yet been reported, but it is thought that the market there will follow the trend in the east, and an advance in Oklahoma is almost certain to be followed by higher prices in this section. Since the recent advance in price there has been a large amount of new work started in this section, and conditions in the field are more active than for many months past.

The Katy a Combination Of Several Railroads

St. Louis, Sept. 29.—The Missouri, Kansas & Texas railroad, as it exists today, is a combination of several roads, originally independent, with headquarters in this city. Through trains operate from here to the large cities of Texas.

The northern terminus of the Katy system is Hannibal, Mo.; its northwestern terminus, Junction City, Kansas, an important point on the present Union Pacific. A branch line connects the main lines running from St. Louis and Kansas City to Parsons, the connecting link running a short distance south of the Missouri River from Kansas City Junction, near Sedalia, Mo., to Paola, Kansas, near Kansas City.

First Road Projected.

The first part of the road to be projected was the Junction City-Chetopa, Kan. line. Chetopa is on the Kansas-Oklahoma line, a few miles south of Parsons. The Junction City-Chetopa line was projected in 1856 as the Union Pacific Railway Company (southern branch). This road was built as far as Emporia, Kansas, and then passed into the hands of the Missouri, Kansas & Texas Railway Company, which was organized in 1870. The new company established other small railway connections—the Neosho Valley & Holden, the Labette & Sedalia and the Tabo & Neosho. After this merger, two lines were built—Sedalia, Mo., to Paola, Kansas, and Holden, Mo., to Paola, Kansas. The line was extended from

Holden to Kansas City Junction, giving a through line from Sedalia to Kansas City. The original line also was extended from Emporia to Parsons and then to the Kansas-Oklahoma line.

Texas Road Built Separately.

The Missouri, Kansas & Texas was the first road to reach the Kansas-Oklahoma line (then the Indian Territory line), and pushed construction through the Indian country to Denison, Texas. The Missouri, Kansas & Texas Railway of Texas was built separately and connected with the Missouri, Kansas & Texas at Denison.

An attempt was made in 1873 by the Missouri, Kansas & Texas to buy the Missouri Pacific. This would have given an entrance into St. Louis. The attempt failed and in 1874 the Katy bought the Hannibal & Central Missouri, which then ran from Hannibal to Moberly, Mo.

The Hannibal line had been built as an independent line, making its Mississippi river terminus at Hannibal instead of St. Louis. With the acquisition of this line the Katy main line ran from Hannibal to Denison, Texas.

Entered St. Louis in 1880.

The road had no St. Louis line and in 1880 the Missouri Pacific leased it. This lease continued a few years and the Missouri, Kansas & Texas under the Gould manage-

COLPORTEUR AMERICAN BIBLE SOCIETY HERE

Will Sell Bibles at Cost Prices Or Give Them to Those Unable to Buy

Rev. J. C. Harris, Bible colporteur for the American Bible Society in this city, has announced that the organization is in its forty-eighth year, supported by Protestant churches and missionary distribution of scriptures at actual cost, and to be able to give language throughout the world. Rev. Harris carries for display purposes scriptures in several different languages as well as for the Bible, which this society also publishes and sells at one-third cost.

Rev. Harris states that he is here to see that everybody is supplied with some part of all of the Bible. Those able to buy will be asked to pay the cost price; any unable to pay the low cost price will be supplied at half cost or by outright donation as the need requires. Many, he says, who think themselves unable to buy Bibles, change their minds when they learn of the very low prices at which the American Bible Society authorizes him to sell them. His stand will be located at the P. B. M. department store and he expects to be prepared to supply all who call between the hours of 10 a. m. and 6 p. m.

Part of his time will be spent in house to house visitation. He wishes to know that it is his desire to be a genuine service to all Christians in the city regardless of denomination. He is very anxious for their co-operation and assistance. And especially, he states, does he want called to his attention any unusual need for scriptures in his section.

VOICES HIGH SCHOOL STUDENTS BEING TESTED

Each Student Being Given Separate Hearing Before Musical Supervisor

The voices of the high school students are being tested, each student being given a separate hearing by Miss Agnew, supervisor of music in the public schools. A mixed glee club of one hundred voices in the high school; separate glee clubs and probably a high school quartette are now among the organizations planned by way of musical diversion for the high school. Much headway has been gained in the work of organizing the vocal talent of the school. Definite announcements of the various organizations and their plans will be made shortly.

MANY OUT FOR FOOTBALL SQUAD

FIFTEEN TO TWENTY-FIVE IN DAILY PRACTICE AT HIGH SCHOOL

FIRST GAME ON SATURDAY

One of the largest signs that fall has come is the almost daily appearance of the high school football squad out for practice, each of the twenty or more boys working hard to gain a place on the first team. All of the boys desiring to take part in athletics have taken a physical examination and there are from fifteen to twenty-five candidates for the high school team and the second team. Scott J. King is coach, assisted by T. M. Conroy, and both men have pronounced the material with which they have to work excellent, with every chance in the world of forming a winning 1916 eleven for the local high school. There are comparatively few experienced men in prospect for the team this year, the prospective players being for the most part new to this line of athletics, but those who have seen them work in the field these past two weeks predict some extra good players in a short time's practice.

H. E. McGlathery, faculty manager of the athletics, announced the first match game of the season next Saturday with Burk Burnett on the Burk Burnett gridiron. A schedule is being arranged and games are in prospect with Bowie, Graham, Vernon and Henrietta and others, both in and out of this "scholarship" district.

The interscholastic regulations will be imposed on all men trying for the team and to qualify, certain standards in department and studies must be met in addition to the physical test. Basket ball will be taken up as soon as the football season is over and more attention will be paid this year than for some time. Both boys and girls will have teams in this division of athletics and some interesting matches are looked forward to.

For billiard parlors there has been invested apparatus operated by clock work to record the time a table is in use and the number of games played in a given period.

Most of the buildings in the French town of Grenelle, a Paris suburb, are heated by water which flows from an artesian well at a temperature of about 82 degrees.

Whenever You Need a General Tonic Take Grove's The Old Standard Grove's Tasteless Chill Tonic is equally valuable as a General Tonic because it contains the well known tonic properties of QUININE and IRON. It acts on the Liver, Drives out Malaria, Fortifies the Blood and Builds up the Whole System. 50 cents.

FONVILLE OPTICAL CO. TO OPEN HERE NEXT WEEK

New Concern Will Have Complete and Modern Optical Manufacturing Plant

Wichita Falls is to have another new enterprise. A. S. Fonville announces that the Fonville Optical Co. will open for business next week at 621 Eighth street. A partition is being built across the lobby of the Marion Hotel for the new concern with a direct entrance from the street.

The new concern, Mr. Fonville says, will have the most extensive manufacturing optical plant west of Dallas. The most modern optical machinery will be installed and when the plant is in operation it will be possible to take rough optical glass and grind lenses to meet individual requirements while you wait. Herebefore it has been necessary to send Kryptok and Novial orders to Dallas.

Mr. Fonville who will have charge of the new enterprise, will have other expert assistance. The Times feels that the new concern will all a long felt want and wishes it success.

HARRY WALSH TO MEET RED HENDERSON HERE

"Pacific Coast Bear Cat" Arrives for Bout Here Friday Night at Theatre

Harry Walsh of Los Angeles, known as the "Pacific coast bear cat" has arrived here and is in training for his ten round boxing bout Friday night with "Red" Henderson of Dallas. Tommy Geary was to have met Henderson here but Walsh was substituted after Geary sustained a "knockout" a few days ago.

G. F. Howard of Dallas, fight promoter, is here and is making active preparations for the bout. Mr. Howard has staged a number of classy events at the Kerkau Club, the sporting center of Dallas, and promises to do equally as well for Wichita Falls if support is given his efforts. The fight Friday night will be under the auspices of what is known as the Business Men's Athletic Club, which is being organized by Mr. Howard.

Walsh rode out to the lake this morning and then hiked back, getting himself acclimated and hardened for the contest Friday. He is said to be a very promising fighter, never having been knocked out, while Henderson is also rated as a clever and able ring contestant.

A PRETTY GOOD WORLD.

This world's a pretty good sort of world. Taking it altogether. In spite of the grief and sorrow we meet. In spite of the gloomy weather. There are friends to love and hopes to cheer. And plenty of compensation For every ache for those who make the best of the situation.

There are quiet nooks for lovers of books. With nature in happy union: There are cool retreats from the noon-tide heats. Where souls may have sweet communion. And if there's a spot where the sun shines not. There's always a lamp to light it. And if there's a wrong we know ere long That heaven above will right it.

So it's not for us to make a fuss Because of life's sad mischances. Nor to wear ourselves out to bring about A change in our circumstances. For this world's a pretty good sort of world. And to whom we are debtor Appoints the place and supplies the grace To help to make us better.

FORMER NEW BRIDGE CLUB MEETS TUESDAY.

The opening game of the season for the New Bridge Club, henceforth to be known as the Matinee Bridge Club, was played Tuesday afternoon with Mrs. Abe Marcus as hostess. A business session being combined with the pleasure. Mrs. T. B. Smith was elected president and Mrs. Strub Moore treasurer. This was in addition to the change of name and the business session was adjourned in favor of the card table. The hostess had decorated her rooms prettily with roses and her refreshment offering was a dainty salad with an ice. The club prize, silk hose, went to Mrs. Larkin and the guest prize, handkerchiefs, was won by Mrs. R. O. Harvey, who presented the favor to Mrs. Goldman of Tulsa, as the out of town guest. The list included the following substitutes: Mesdames Harvey, Marchman, Goldman of Tulsa, Wade Walker, Hood and Shepherd. Members: Mesdames Whitney, Harry Weeks, Fred Weeks, Cullinan, Moore, Penton, Larkin, Isaac, Craven, Dent, Morris Marcus, T. B. Smith, L. Smith, Pounds, Greenwood and the hostess.

The ice cream supper given last week at the home of Mr. and Mrs. R. J. Goodale was quite successful, notwithstanding the rather unpleasant weather conditions, netting the ladies a nice sum. A pleasant time was enjoyed by those attending much being due to the hospitality of Mr. and Mrs. Goodale.

MANY CHAMBERS OF COMMERCE ORGANIZED IN CHINA

Peking—China has 860 Chamber of Commerce organizations. An increase of 156 within the last twelve months. The number of firms associated with these organizations had grown from 198,238 in 1914 to 230,481 this year. Membership fees this year aggregate \$1,500,000 as against \$1,023,566 in 1914. Under the direction of the minister of commerce and agriculture the work of these commercial bodies is being harmonized, and they promise to become a vital factor in extending the campaign in China for the use of Chinese made goods.

SAVES DAUGHTER

Advice of Mother as Doubt Prevails Daughter's Untimely End.

Ready, Ky.—"I was not able to do anything the nearly six months," writes Mrs. Laura Fletcher, of this place, "and was down in bed for three months. I could tell you how I suffered with my head and with nervousness and dizzy troubles. Our family doctor told my husband he could not do me any good, and he had to give it up. We tried another doctor, but he did not help me. At last, my mother advised me to take Cardui, the woman's tonic. I thought it was no use for I was nearly dead and nothing seemed to do me any good. But I took eleven bottles, and now I am able to do all of my work and my own washing. I think Cardui is the best medicine in the world. My weight has increased, and I look the picture of health. If you suffer from any of the ailments peculiar to women, get a bottle of Cardui today. Delay is dangerous. We know it will help you, for it has helped so many thousands of other weak women in the past 50 years. At all druggists.

Electricity operates a mile from a New York station, in which heavy metal shafts are hoisted in a belt conveyor and dropped rapidly on top of a pile.

A new wire netting incinerator for burning household refuse is provided with a base to hold it firmly and also to collect the ashes and prevent them scattering.

NORTHWESTERN WHEAT GROWERS WILL HOLD FOR DOLLAR.

Kennewick, Wash., Sept. 28.—Northwestern wheat growers are determined this fall to hold their wheat crop. It is believed that by holding it systematically over the three northwest states a uniform price of \$1 or more will result in a short enough period to justify the expense of holding.

Another Imported Model in Russian Green Gaberdine

Simple, graceful lines mark the distinction of this suit. The skirt is gored, and the coat's full skirt is obtained by tightly pressed plaits at the hips, headed by tailored pockets. Black taffeta furnishes the collar and cuffs and the tiny vest is of novelty striped velvet.

AFTER SIX YEARS

Wichita Falls Testimony Remains Unshaken. Time is the best test of truth. Here is a Wichita Falls story that has stood the test of time. It is a story with a point which will come straight home to many of us. Mrs. G. A. Swope, 612 Burnett street, Wichita Falls, says: "For the past two years I suffered terribly at times from my kidneys. My kidney secretions were very unnatural and I suffered constantly from weakness across my back. Hearing about Doan's Kidney Pills being so good for such troubles, I got a box from the Wichita Drug House. They very quickly brought relief and showed that they were a fine kidney medicine. I feel much better now than I have for a long time." (Statement given June 18, 1908).

A Later Statement. On April 3, 1915 Mrs. Swope said: "I have recommended Doan's Kidney Pills on several occasions and I am justified in doing so, as they have cured me of kidney complaint." Price 50c. at all dealers. Don't simply ask for a kidney remedy, but get Doan's Kidney Pills, the same that Mrs. Swope had. Foster-Milburn Co., Buffalo, N. Y.—Adv.

Allendale

A box supper will be held at the church Friday night, October 27th for the purpose of raising funds to pay for and paint the church. Every one is invited, come bring a box and help a good cause.

Mrs. Lola Jones, formerly Miss Richardson of Lake View community is the guest of her friend, Miss Ida Gwinn for a few days. Mrs. Jones has been visiting her mother at Cleburne and is now on her way to her home at Margaret, Texas.

Claude Gwinn who has been sick with the fever, is now able to sit up. Raymond Bittlesley and Robert Gwinn have begun work at the motor factory.

Miss Dora Taylor of the Downman community who has been visiting her sister, Mrs. Claude Gwinn, returned home yesterday.

Electricity operates a mile from a New York station, in which heavy metal shafts are hoisted in a belt conveyor and dropped rapidly on top of a pile.

A new wire netting incinerator for burning household refuse is provided with a base to hold it firmly and also to collect the ashes and prevent them scattering.

A broiler for gas ovens invented by two Maryland men is supported in a frame that its distance from the gas can be readily altered and its position easily changed.

NORTHWESTERN WHEAT GROWERS WILL HOLD FOR DOLLAR.

Kennewick, Wash., Sept. 28.—Northwestern wheat growers are determined this fall to hold their wheat crop. It is believed that by holding it systematically over the three northwest states a uniform price of \$1 or more will result in a short enough period to justify the expense of holding.

Duntley Pneumatic Sweeper

Is Made Different Is Positively Guaranteed

Many housekeepers have had costly experience with one or more of the innumerable kinds of sweepers which have been offered for sale by peddlers. In purchasing "The Duntley" you take no risk whatever. We stand ready to take back any "Duntley" which proves unsatisfactory.

\$7.50 Each

"The Duntley does the work of a high priced electric sweeper at one fourth the cost. Made by the oldest and largest manufacturers of pneumatic sweepers in the world.

Try One at Our Risk

North Texas Furniture Co.

IS NOT TEXAS MADE FLOUR

The Alliance Milling Co., of Denton, Texas, has been informed on good authority that certain dealers in Wichita Falls have been offering a brand of inferior flour called Peacemaker, and sold in Wichita Falls. Peacemaker flour has been sold and guaranteed by us as a first class, extra high quality flour. We have the name registered in the patent office at Washington. This other Peacemaker is an inferior grade of flour. The two letters herewith are self-explanatory. The Peacemaker flour is on sale in Wichita Falls only by the Farmers Supply Company.

THE ALLIANCE MILLING CO.

Denton, Tex., Sept. 23, 1915.

The Higginville Milling Co., Higginville, Mo.

Gen. G. J. Taylor, one of our customers, which is self-explanatory. We have spent thousands of dollars in advertising PEACEMAKER, and the fact that you are selling a second grade flour under this brand in our territory is very harmful to our trade and tends to destroy the integrity of this brand in advertising our flour under the brand of PEACEMAKER for nearly thirty years.

We received your letter of recent date, which was very courteous in deed, and we trust that when you understand fully the effect of your selling second grade flour under our PEACEMAKER brand, which we have duly registered at Washington, is very damaging to our trade, that you will promptly discontinue the use of this brand, especially in the South. So far as the use of it in your own State, Kansas, Arkansas and other states, north of you we were not complaining, but we are compelled to vigorously protest against its use in the South, and especially in the State of Louisiana, where it is sold.

Believing that you will see the justice in our position, and that you will govern yourself accordingly, we remain,

Yours truly,

ALLIANCE MILLING CO.

THE HIGGINVILLE MILLING CO., Higginville, Mo., Sept. 23, 1915.

The Alliance Milling Co., Denton, Texas.

Gen. G. J. Taylor, one of our customers, which is self-explanatory. We are in receipt of your courteous letter of September 23rd, in regard to PEACEMAKER brand flour.

By looking into this matter we find that you have used this brand since 1886, and we also find that you have same registered. We however, used the brand before 1886, but have never pushed same, and have sold it only for ordinary grades of flour.

We have only a few customers in Texas that have been using this brand, and we are writing them to day that in the future we will not ship our PEACE MAKER brand into the State of Texas. This will not inconvenience us very much, and we want to treat ourselves fair and square, owing to the fact that you have worked up a big trade on this flour in your state. We however, were not aware of the fact that you were using this brand.

We are also glad to note, however, that you have no complaint to make for us to use the brand in Kansas and Arkansas and other States. We are selling a small amount of flour under this brand, in Georgia and some of the Southern States. We also have about one-half dozen customers in Louisiana, and we trust it will be satisfactory to continue selling them. We will, however, not push this brand in the State of Louisiana, if it conflicts with yourselves.

Should we ever overlook, and through a mistake ship PEACE MAKER flour into the State of Texas, we will thank you to advise us promptly so the matter can be adjusted.

Rest assured we do not want anything but what is fair and square, and as we have very little trade on this brand in Texas, we are discontinuing same.

Yours very truly,
The Higginville Milling Co.,
Chas. Hedde,
Sales Manager.

The Peacemaker flour is on sale in Wichita Falls only by the Farmers Supply Company.

Wichita Falls, Texas, Sept. 29, 1915.

The dispatches tell us that that \$500,000,000 the English and French want to borrow has been arranged for with the understanding that the money is not to leave this country.

It is to be subscribed for in amounts from \$100 up, and is to draw interest at the rate of 5 per cent per annum, payment being guaranteed by the English and French governments.

Today's war dispatches makes the situation for the Germans look a little better. For the last two or three days the French and English have been gaining ground, and the French estimate that the Germans losses in killed, wounded and captured during the last two or three days amount to about 120,000.

As a rule the boys who inherit riches in a lump from their parents are not apt to add anything to them. In most instances they spend them freely, and it is often the case some run through with their money and die paupers.

An exchange remarks: "A dozen live-wire business men can do more for the prosperity of a town by reaching out for business than a hundred of those kind of business men who sit around and wait for the trade to back up to them."

Cotton prices advanced a dollar a bale yesterday, and in nearly all local markets in the State it was selling for nearly 12 cents per pound. Some newspapers are inclined to give credit for the advance in prices to something in futures, but the facts are that supply and demand are the cause.

The announcement by Governor Ferguson that he will not call an extra session of the legislature unless something of an imperative character demands it is not saying that there will be no extra session by a long shot.

Let's hope and trust that there will be no extra session of the legislature. That body has already done a sufficient amount of "legislating" to last the state for years to come.

WISE AND OTHERWISE.

"What are you going to wear to the fancy-dress party?" "I dunno," replied Mr. Crumrox. "I guess I'll go as a clown as then if I do something that makes the guests snicker maybe mother an' the girl'll think I'm doing it a-purpose."—Washington Star.

"Having a bum time." "Bored to death." "So am I. Let's sneak away somewhere." "Can't, I'm the host!"—Illinois Siren.

AGREEMENT REACHED ON TERMS OF ALLIES' LOAN

Bonds Will Be Issued to Public at 90 and Will Net Five and a Half Per Cent

New York, Sept. 28.—The agreement between the Anglo-French financial commission and the American bankers with whom they have been conferring over the proposed credit loan to Great Britain and France, has resulted in the formation of a definite plan. It was officially announced here last night, for the establishment of a \$500,000,000 loan issue on five-year 5 per cent joint British and French bonds payable jointly by the two nations, upon which the big loan will be a first lien.

The bonds will be issued to the public at 98, thus yielding approximately 5 1/2 per cent to the investor and to the syndicate of banks of which the syndicate has been formed to J. P. Morgan & Co. and a large group of American bankers and financial houses. The bonds will be issued in denominations as low as \$100, and subscribers there to may pay for them in installments.

At maturity these bonds will be redeemable in cash or convertible into 4 1/2 per cent Anglo-French bonds redeemable from ten to twenty years thereafter by the two Governments jointly and severally.

Sir Henry Babbington Smith, member of the commission, made public the announcement. Sir Henry said that an identical statement would be made public in Chicago last night by Lord Reading, chairman of the commission, who with three other members of the commission, is conferring with Western bankers there. The statement was issued here in the name of Lord Reading and read as follows:

Commission Makes Statement. "I am now in a position to make an announcement as to our proceedings. The discussions between the Anglo-French financial mission and the American bankers have resulted in the formation of a definite plan for a loan to the British and the French Governments to be issued in this country on a broad and popular basis.

It was announced that Russia would not participate in the loan. Henry P. Morgan & Co. issued this statement on behalf of his firm.

Morgan & Co. Make Statement. "The commission has made plain by its statement that it has determined at the outset to recognize investment conditions in America. It proposes to meet these conditions by issuing an obligation which is without precedence, namely, the joint and several promise to pay of Great Britain and France. It is to be noted that this is an external loan free from all present or future English and French taxes.

"It is proposed by the commission that the proceeds of the loan be handled so as in no way to disturb our own money markets and to that end the immediate general plan will be to leave the cash raised from the bonds on deposit with banking institutions which become members of the syndicate throughout the United States. This proposed loan may in fact be considered as an arrangement made by American commercial and agricultural interests with their regular customers to accept deferred payments covering commodities purchased.

"The agricultural, manufacturing and financial interests of this country should welcome the opportunity to extend credit to any solvent customer where the extension of such credit furthers American trade. The normal export trade of this country to Great Britain and France runs into many hundreds of millions of dollars annually. To preserve such trade under existing abnormal conditions we believe the proposed arrangement to be imperative and accordingly we and many banking institutions and financial houses that will be associated with us will act as guarantors of the loan."

WHEAT CLOSES DOWN AFTER AN UPTURN

UNFAVORABLE WEATHER AND BULLISH FOREIGN ADVICES GAVE STRENGTH.

CORN SAGS AFTER ADVANCE

Oats Held Steady Away to Absence of Any Decided Selling Pressure at Chicago.

By Associated Press. Chicago, Sept. 29.—Wheat developed fresh strength today influenced by unfavorable weather and by bullish foreign advices. The opening here which ranged from a shade to one cent lower was followed by additional gain and then reacted all around. Cool weather gave only temporary firmness to corn. After opening 3-8 off to 1-4 to 3-8 up the market tended to sag. Oats held steady, owing to absence of any decided pressure to sell.

PRESIDENT REVIEWS REMNANTS OF GRANT'S ARMY

By Associated Press. Washington, Sept. 29.—All that remains of the army of 200,000 which fifty years ago passed in review before President Johnson marched up Pennsylvania avenue from the Capitol to the White House today and was reviewed by President Wilson. Thousands were banded along the line of march. There were Confederate veterans in the crowd and they joined in cheering. Frequently the president waved his hat to the old soldiers. Seated near the president was Chief Justice White, him self a Confederate veteran, Sen. George Springer, the British ambassador and J. Roseland, the French ambassador.

COTTON PRICES OFF \$2 PER BALE

THE MARKET WEAKENED UNDER OVERNIGHT ORDERS AND WEAKER TABLE

CLOSES 40 POINTS LOWER

Apprehension of Storm Damage Has Caused Slight Rally But Market Eased Off Later.

By Associated Press. New York, Sept. 29.—The cotton market, opened at a decline of 16 to 22 points today with October selling at 11.90, December at 12.25, and January at 12.34, under overnight selling orders and in sympathy with weak Liverpool cables. Apprehension that the gulf storm would work inland caused a great deal of uneasiness however, and there was extremely active demand right after the call which was stimulated by the official forecast of rain in the eastern belt and reports that the storm was already interfering with the New Orleans wire service. The demand created by the storm news seemed to subside after the early advance and the market was less active later, with prices again easing off under realizing in advance of the government report expected at the end of the week.

"SERVICE". Is what we sell not to any one class of people, but to the public in general. Your business is solicited at all times as well as appreciated. McFall Transfer & Storage Co. Telephone No. 14 and 144.

TAX ROLL IS APPROVED. NEW BRIDGE ACCEPTED. County Commissioners Meet in Special Session Today—Settlement Made With Bridge Builders. A special session of the commissioners court was held this morning at which the tax rolls for the year were approved, and settlement made for the new bridge across the river below Iowa Park. The bridge was accepted by the county recently and it cost approximately \$7,200. The new bridge is 200 feet long and is a substantial steel structure, with concrete piers that it is believed will better withstand the floods, which twice destroyed the former bridge at that point in the river.

DELICATASSEN. In connection with our bakery business we shall open first class delicatessen as soon as the season is advanced sufficiently to justify it. We will handle all kinds of foods usually found in a city delicatessen, both for home consumption and service in our store. CREAM BAKERY & CONFECTIONERY. Telephone 29. 617 Seventh St.

FATTY ARBUCKLES. Is nearer everybody's favorite than perhaps any other character in comedy. "His Tin Type Tangle" is absolutely the best two reel picture that he has ever made—a scream from first to the last scene is the way the Moving Picture World's reviewer puts it. Fate Takes A Hand. A two-part tragic story of a shot which mis-carried—unusual strong offering with a very fine cast including Francis McDonald, W. E. Lawrence, Adent Forrier, Eleanor Washington and Wilbur Higby. OLGA GRAY. In "The Woman of Nerve" one part drama that is both classy and thrilling—a five-reel program that we believe is even superior to any variety program that we have yet shown—that is saying a good deal but we believe it to be facts. Empress Thursday. CHARLIE CHAPLIN AND MABEL NORMAN—FRIDAY.

AMERICAN MACHINISTS. No Less Than 150 Americans Leaving Every Week to Work for Foreign Governments. ITALIAN BATTLESHIP SINKS FOLLOWING EXPLOSION. By Associated Press. London, Sept. 29.—A dispatch from the Stefani News Agency of Rome says the Italian battleship, Benedetto Brin, sank following an explosion which resulted from a fire on board the vessel. The cause of the disaster has not been ascertained. The announcement last night of the explosion did not make it clear whether the vessel had gone down. It was said eight officers and 375 men had been saved, more than 500 were unaccounted for. Present day attempts of several nations to perfect automobile artillery have brought out the fact that a self-moving gun carriage was invented by a Frenchman in 1763. Doctors Hartsook & Stripling. EYE, EAR, NOSE AND THROAT. Sultes 308, 309 and 310 Kemp and Kell Building. DR. F. E. THORNBURGH. Dentist. All operations made as painless as possible. Charges reasonable. All work guaranteed. 216 N. E. 10th. Phone 1734.

AT THE THEATERS

The Empress... Now it is an Indian man who loves a white man, and who is loved by her spectators. This unique characterization by this idolized star of the screen occurs in "Little Pal," the latest production of the Famous Players Film Company on the Paramount program at the Empress today.

To judge from the frequent and spontaneous applause that accompanies Miss Pickford's performance she is quite as well liked as a little half breed who suffers and sacrifices for the white man she loves as she was in other and more dignified roles, such as queens and sweethearts of kings and proteges of fairies and girls of the woods. To mention only a few of her successful recent characterizations. And as "Little Pal" Miss Pickford again furnishes ample proof that to her boundless art nothing is impossible. Though the role is entirely new to this wonderful star, she literally lives the life and apparently without an effort suggests all the mannerisms and emotions of the Indian girl.

The Majestic... A cartoon comedy, "Dreamy Did Visits His Uncle's Ranch" and a Selig drama, "The Heart of Paro" which has wild animal life woven

KALEM FEATURE AT THE MAJESTIC TODAY

SCENE FROM "THE SECRET CODE"

Who is Mrs. Holden? Who was her assistant and why was she drugged, bound and gagged? Who is the man discovered in a similar predicament in the woman's apartment, and why did he persist in withholding the identity of the criminal? This is the problem which confronts the audience of the Grand hotel, in "The Secret Code," one of the episodes of Kalem's new series, "The Mysteries of the Grand Hotel." As a matter of fact, the incidents upon which this two act photo play is based were furnished Kalem by a representative hotel located in the middle west. According to the officials of this hotel, the name of which is withheld by request, the action of the police, who were called in served but to deepen the mystery. The policeman spoke to the principals and then departed without saying a word. Nor could the utmost efforts on the part of the hotel authorities open their lips. "These two people are all right," was all that the officers would say. "Everything will be explained in due time." And it was! That very night the people in the hotel were startled to hear pistol shots. The people on the floor above that on which the woman in the case lived rushed out to find two men, one of decided foreign appearance, struggling in the corridor. Shortly afterward the mysterious woman rushed up the stairs and helped subdue the foreigners. "Then the whole affair was explained," said the hotel officials in relating the story to Kalem. "The woman and the man who lived on the next floor—as well as the individual found bound and gagged in her room—were all in the secret service. The foreigner was a man who had succeeded in getting hold of documents of immense value to the war department, and a trap had been laid for him. The woman had allowed it to be known in certain channels that she had information that could be used by foreign governments and, well, she was attacked by this chap. The latter also got the best of the other secret service agent who was hiding in the next room." With this as a start, it was comparatively simple to construct a photo play version of it. The result is "The Secret Code." In fact, all the episodes of the Kalem mystery series are based upon incidents supplied by the country's representative hotels. Some of the latter are the McAlpin and Buckingham, New York city; Auditorium hotel, Chicago; Hotel St. Francis, San Francisco; Hotel Savoy, Kansas City; Hotel Jefferson, St. Louis; and Hotel Mason, Jacksonville.

C. C. HUFF DISCUSSES KATY RECEIVERSHIP.

Dallas, Tex., Sept. 29.—C. C. Huff, general attorney for the Texas line of the Katy, has expressed the opinion that the Katy will be able to fulfill its agreement with the State of Texas concerning improvements promised when the compromise of the State's suits was effected. Discussing the receivership Mr. Huff said: "On May 1, 1915, the Kansas company had maturing practically \$15,000,000 short-term notes. The trust agreement under which these notes were issued provided that if as many as 50 per cent of the noteholders would agree to extend them, that the railway might then declare the notes extended. Eighty per cent of the noteholders did agree to extend their notes and the railway company thereupon declared the entire notes extended. The 25 per cent of noteholders who did not agree were not satisfied with extending their notes and began to bring action against the company for the collection of the notes. Several suits were filed by Boston and New York cars were attached, garnished and sold out, and more than half a dozen suits were filed in New York by the minority noteholders. "An effort was made to try to dispose of these suits, that being the availing, the only way to preserve the property was to place it in the hands of a receiver. In 1891, when the State of Texas forced the Kansas company to give up its property in the State and provided for the creation of the Missouri, Kansas & Texas of Texas, it was provided in the statute, comprising the litigation between the State of Texas and the Kansas company, that the Texas company should assume a certain amount of bonds then outstanding against the mileage in Texas which was formerly owned by the Kansas company. These bonds had been issued to the Kansas com-

pany when they were the owners of the property in Texas, and by virtue of this statute the Texas company assumed these bonds. "The Texas company being unable to pay off these bonds, the Kansas company, not being interested, it followed that the Texas company, in order to preserve its property, was placed in the hands of a receiver. "The contractor, D. B. Massey, who furnished ties for the Kansas company and the Texas company, being unable to collect his money, brought proceedings against each company. "It is of course, probable and the railway officials expect that the trustees in the mortgages will intervene and set up their mortgage, and probably ask for a foreclosure. "A short time ago the managers had bankers from New York to inspect the property and it was then hoped that through these bankers they could tide over the embarrassing situation.

PEARL FISHING ON CONCHO IS GOOD THIS SEASON. Paint Rock, Tex., Sept. 27.—Pearl fishing in the Concho river has brought big profits to a number of people during the last few months. For some unexplained cause the muskells contain a greater number of pearls of exceptional size than ever known in the history of the industry here. It is believed by some of the professional pearl fishermen that this season's large supply of muskells came from the Illinois river of the Concho and that they were washed into the large stream by the heavy rains of last spring. Henry Towler, a pearl fisher who came here two years ago from Arkansas, sold his season's collection of gems to a New York buyer a few days ago for \$4,250. By means of rakes which were attached to a boat he had collected enormous quantities of the muskells. He was an expert in opening the shells. In fact, he could tell by a glance at the color and shape of the shell whether it contained a pearl. There are many instances of quick rises to fortune in the Concho river country. Sible Towler was cool for the Bar K ranch outfit for a number of years. Two years ago Towler was out with the chuck wagon during the spring roundup in one of the pastures through which the Concho flows. He

pitched temporary camp under some giant spreading pecan trees close to the stream and decided to fish in the river. He noticed the great number of muskells that paved the bed of the stream. His soon tired of fishing and having nothing else to do, began picking muskells out with a stick and opening them in search of pearls. To his amazement he found pearls in many of the shells. Some of them were large and valuable. By supper time he had more than one hundred pearls. He said nothing about the pearls to the cowboy, but continued to look for the outfit until the end of the branding season, when he rode into San Angelo and showed his bag of gems to a jeweler. "How much are the things worth?" he inquired. The jeweler told Towler that he was not enough of an expert to pass upon the value of the gems, but that a Boston pearl buyer would be in town in a few days and he would ask him. The buyer gave the pearls a careful examination. "If you are willing to accept \$15,000 for the collection of pearls I will take them and settle with you right now," the buyer told the man. Towler invested his money in a well

Improved stock farm up near the headwaters of the Colorado river and is doing well. His sudden rise to wealth caused the cowboys and others from far and near to flock to the banks of the Concho and hunt pearls. But no such finds as that of Towler were made by any of them.

AUTO ACCIDENTS TOO NUMEROUS. The increasing number of automobile accidents emphasizes, police and other officials say, the great necessity of more care in the operation of motor cars through the streets and over the boulevards.

It is amazing observers declare, to learn that this great amount of traffic is confined to comparatively few thoroughfares.

In practically all of the accidents, police say, the cause could be traced directly to the human error. In other words, accidents resulting from unavoidable causes, such as mechanical mishaps, were of such small percentage as to be almost negligible.

The automobile makers have equipped the motor cars of today with every possible means of safe operation. The wizards of the motor car industry are devoting their energies to making automobiles "fool proof." But they cannot give the automobiles the one great essential needed in their safe and successful operation—brains.

It does not require any great technical education to operate an automobile. In fact, the motor car dealer would rather see his autos go into the hands of buyers who have caution and ordinary sense than to persons who know all the fine technicalities of the car and yet refuse to heed the common road rules.

Ignoring road rules and the law of safety brings the great bulk of accidents, the police records show. The most common place for accidents is at street intersections. Yet the state and city, to remove all confusion on this point, adopted the simple rule that the car on the right had the right of way in approaching crossings.

But the police find, they say, that motorists not only violate this simple law, which would prove a solution for crossing traffic, but they approach crossings at such speed as to make any rules regarding right of way useless.

AAside from the dangers involved by not regarding the safety of others or one's own self, there is an ethical phase in road driving. No driver has a right to more than his own share of the road. The thoroughness is the great democratic ground.

A man afoot would not dash into a door ahead of another person and they slam the door in his face. And yet, in effect, that is what he does in an automobile when he rushes past him on the road and then cuts in quickly.

Nor would a pedestrian jostle another walker on the sidewalk. Yet crowding on the street by autos amounts to this.

The sound of the horn from an overtaking machine is supposed to be equivalent to a request for the car in front to pull to the right to allow the other to pass. But there is a growing tendency on the road not only to refuse to move to the right, but actually shift over to the left so as to effectively block the road.

This is particularly dangerous on the state highways with their sixteen foot width.

The police complain that some truck drivers are particular offenders in disregarding road rules and the rights of others.

And all these causes bring accidents of the sort which could be avoided by the sane intelligence that one might use in going about his daily affairs.

The automobile accidents are rapidly becoming a public approach. It is the duty of every good citizen to

REVIVAL AT CHRISTIAN CHURCH STARTS SUNDAY

Promotion Day Will Also Be Observed in Sunday School on That Day

Next Sunday morning at 9:30 the graduating exercises will be held in the main auditorium of the Christian Church and the children who have finished the course in their department in the Sunday school will be promoted to a higher department. The beginners, the primary, the juniors and the intermediates will have charge of the program and it will be interesting. Every parent and member and friend of the church ought to be present to hear this program. You will be delighted to see what these young folks know about the Bible. Diplomas will be awarded all the graduating classes and a fine time is promised to all. Parents be sure and come to Sunday school and bring your friends, as it will be worth your while.

At 10:45 the revival meeting starts. Brother Walters will be the evangelist and do the preaching and Brother Bradley will lead the singing. We are going to have good preaching and good singing and the people of Wichita Falls are invited to be present. You have never heard F. F. Walters in an evangelistic campaign and we want you to do so during all the month of October. You will be repaid for having attended. All the Christian people of the city are invited to cooperate with us and help Wichita Falls is a great city in every way. Let us have a great revival of religion in our midst. It will do us all good. Come and help us sing and encourage the preacher and the song leader by your presence. We need you and you are welcome. W. S. WILLIAMS, Chairman General Committee.

W. J. BILLLOCK, Chairman Advertising Committee.

do his utmost to remedy the deplorable situation.—Los Angeles Examiner.

King Albert's Consort Untiring In War Relief

QUEEN WITHOUT A COUNTRY

After more than a year of war, in which Belgium has been occupied almost completely by the German forces (only a small corner remains under control of the allies), Queen Elizabeth, of Belgium, still works untiringly in the service of war relief. Every visitor to the country behind the immediate front testifies to the love with which King Albert's consort is regarded by her countrymen and women and by the French and English. Although the queen is a Havanian princess by birth, and many of her relatives are fighting in the German army, she is entirely devoted to the cause of the allies. The picture reproduced here is one of the latest photographs of the queen.

JOLLY HEADQUARTERS FOR \$100,000 CORPORATION

Edrington Co. of Jolly Chartered Today for the Purpose of Accumulating and Loaning Money.

Special to The Times. Austin, Tex., Sept. 29.—The charter of the Edrington Company of Jolly, Clay county, was filed today in the state department, with a capital of \$100,000.

The incorporators are Mrs. Virginia C. Edrington, W. R. Edrington, Mrs. O. F. Switt and Edward Burns, all of Ft. Worth.

The Edrington estate owns an extensive tract of land lying near Jolly, Clay county, Mr. Edrington having been associated with W. C. Myers in this land. It is believed here the company was formed for the purpose of financing the settlement of this pasture.

MEETING TONIGHT FOR PURPOSE OF ORGANIZING CLUB

Organization of a club which will occupy the second floor of the proposed new Masonic building to be erected at the corner of Tenth street and Scott avenue is the purpose of a meeting tonight of members of the Knights Templar and of the Scottish Rite Masons.

OL-E-PINE

A varnish food and floor-lac. It cleans, polishes and disinfects. For floors, furniture and automobiles.

Don't sweep with a broom. It raises the dust together with disease germs. Just dampen a cotton mop with OL-E-PINE and go over your floors. They will look like new and will be thoroughly disinfected without leaving a disagreeable odor.

Come to our store and ask for sample. We make OL-E-PINE and sell it on its merits.
