

## DEATH LIST FROM STORM MOUNTING HIGHER AND MAY REACH FIVE HUNDRED

### KNOWN DEAD LAST NIGHT HAD REACHED A TOTAL OF 202

MANY SURVIVORS MAROONED AND ARE IN DISTRESS AND SOME MAY DIE FROM STARVATION AND EXPOSURE.

### FINE HOMES ARE DESTROYED

Coast From Pass Christian Westward Devastated—Passengers On Steamer City of Tampico Land After a Most Harrowing Experience.

By Associated Press.

New Orleans, La., Oct. 2.—Hopes were expressed here today by persons familiar with the situation in the storm and flooded area of lower Louisiana and Mississippi that the total death list would not exceed 350, notwithstanding discouraging reports were brought in from Plaquemines parish. The reports stated there was a great number of marooned persons lining the river banks in that section, and who were sorely in need of food and shelter and fears were felt that fatalities might result before adequate relief could be afforded.

### KNOWN DEAD 202.

The list of known dead in the storm region was increased to 202 tonight when it was learned that seventeen persons, five women, eleven children and a man had lost their lives at Island de la Croix, 25 miles south of here. The list of reported dead and missing in various sections stood at 314.

With the exception of a few isolated points, reports have been received of the storm's havoc in almost the entire district. The exact number of fatalities among the missing cannot be determined until a thorough checking up by the authorities can be completed, which cannot be done until the water recedes. A large part of the sections under water was uninhabited marsh land and it was believed most of the people on plantations along the river headed the widely distributed warning of the weather bureau and reached places of refuge before the storm.

### RELIEF BOATS OUT.

The relief boats which have been sent out to various points to rescue marooned persons have not returned but a number of refugees have been brought to the city on small boats coming in from the lower Mississippi and lakes and bayous. Governor Hall arrived here today to assist the parish officials and the citizens committee in the relief work. A number of additional relief boats were sent out by the committee, firms and individuals today. The Wolvin liner, City of Tampico, from Vera Cruz, arrived here today with all her 25 passengers safe after a terrific battering by wind and waves in the Gulf of Mexico Wednesday and Thursday night. Two Mexican sailors were swept overboard and drowned.

Officers and passengers, many of whom were women and children, related thrilling stories of the steamer's fight with the hurricane about 20 miles out from the mouth of the river. The liner apparently was near the center of the storm Wednesday.

### NARROWING EXPERIENCES.

"All of the passengers put on life preservers," said R. E. Agnew, a passenger, "at times the ship was spun around like a top by the wind, then the huge waves would roll completely over us. There was water in every stateroom and all were drenched to the skin. We expected the ship to go under every minute, and yet everyone seemed calm and there was no hysteria. Fortunately the storm subsided and left us safe a few miles south of the river's mouth."

Five white women and their eleven children at De la Croix drowned while the five husbands clung to the roof of a house almost within reach of their loved ones, struggling in the water, according to the story told by a relative of one of the survivors arriving here. The women and children had been placed in a skiff and the men, who themselves found refuge on the roof floating in the flood. The skiff suddenly was swept under the roof and the occupants were drowned. The victims were Mrs. Gasmer Perez and two children; Mrs. Raphael Herze and one child; Mrs. Adolph Campo and four children; Mrs. Joseph Rice and one child; Mrs. Frank Melice and three children and Manuel Morales.

### BEAUTIFUL HOMES DESTROYED:

The Mississippi coast from Pass Christian westward to the Louisiana State line suffered heavy property damage. At Bay St. Louis and Wave-land the loss will amount to hundreds of thousands of dollars. Many expensive summer homes owned by New Orleans residents were completely wrecked. The famous eleven mile driveway at Wave-land and Bay St.

Louis was destroyed, the sea in places undermining and washing away the road for great distances. All bath houses and piers along the beach were swept away. The Peerless Cannery Company's plant at Bay St. Louis was destroyed as were forty carloads of canned oysters awaiting shipment.

The Louisville & Nashville Railway suffered heavily and it will probably be impossible to operate trains for some time. Eight hundred feet of the two mile trestle across the bay at Bay St. Louis was badly damaged. Fifteen spans of the steel trestle at Rigolets were destroyed. Parts of the bridges of Ches Mintur and Dunbar also went down. For many miles both east and west of Rigolets the road bed across the marshes and exposed to the fury of the wind and high seas was washed away.

Railroad service out of New Orleans rapidly is becoming normal, the Louisville & Nashville and the New Orleans & Northeastern, the latter operated by the Queen & Crescent being the only lines that have not resumed traffic. The Southern Pacific, Texas & Pacific, Louisiana Railway & Navigation Company, the Yazoo & Mississippi Valley and the Illinois Central are operating trains on regular schedules.

### NEW ORLEANS ALMOST NORMAL

Conditions in New Orleans were almost normal today. Trolley service was resumed practically to all parts of the city, electric and telephone wires were being untangled and the work of clearing away debris was well advanced. Wreckage along the water front was being removed and repairs to docks and warehouses were under way. Small vessels which were swamped and battered to pieces against the wharves were being moved. Temporary light circuits were set up in many places on the water front and both day and night forces of workmen are employed in clearing away the debris and repairing the damage.

Water flooding the west part of the city were rapidly receding. Regular services will be held in all New Orleans churches, notwithstanding many of them were seriously damaged by the storm. Most of the pastors will preach special storm sermons.

### APPEAL FOR AID.

Governor Hall issued an appeal tonight to the people of New Orleans for money to be used in caring for storm sufferers in St. Bernard and Plaquemine parishes. It was stated that 6,000 are in need of assistance in Plaquemine and between 500 and 600 in St. Bernard.

## U. S. STUDYING ENGLAND'S SUBMARINE METHODS

Officially Reported to the Washington Government That England's Methods Effective.

By Associated Press. Washington, D. C., Oct. 2.—Official reports to the government that successful methods of dealing with the submarine had been developed by Great Britain, are being studied because of their possible bearing on the American Naval policy. These reports assert that at least fifty and possibly seventy German submarines have been destroyed by the new methods. It is also declared that the British admiralty is not only confident that it has crushed the German war zone campaign but that unless the submarine is made more effective it will not prove the menace it has to commerce and war fleets.

## NO APPORTIONMENT FOR SCHOOLS THIS MONTH

Because of Lack of Available Funds No Apportionment Will Be Made at Present.

Austin, Tex., Oct. 2.—Because of a lack of available funds, no school apportionment will be made this month by the department of education for the benefit of the public schools, according to an announcement made today.

## 65 FRENCH AEROPLANES JOIN IN AN ATTACK

Railway Station in Hands of Enemy And Aviation Grounds Are the Objects of Attack.

Paris, Oct. 2.—A squadron of sixty-five aeroplanes today bombarded the railway station at Vouziers and the aviation ground near Challemagne, according to the official statement issued tonight by the French war office. No additional progress is recorded for the allies.

## BRITISH CAPTURE TWO GERMAN TRENCHES.

London, Oct. 2.—The British delivered a counter attack Friday south of Fosse and achieved their objective which was two German trenches, according to a report from Sir John French, commander in chief.

## BRYAN OPPOSES LOANS TO THE BELLIGERENTS

SAYS LOANS MAKES MAINTENANCE OF NEUTRALITY VERY DIFFICULT MATTER.

## SYMPATHY WHERE MONEY IS

Such Loans Tend to Draw Money From Ordinary Channels and Are a Menace to Peace.

By Associated Press. Hillsboro, Texas, Oct. 2.—William Jennings Bryan today delivered an address at the Hill county fair, gave out a prepared statement on the making of loans to foreign governments as follows:

"I have for many years believed it was in the interest of peace for neutral nations to refrain from making loans to belligerent nations. I have advocated at the international meetings, and I still believe it is the only way in which neutral nations can continue to avoid shortening of wars, but there is no reason just now why this nation should not discourage loans to belligerents on either side, because it makes the maintenance of neutrality more difficult if a large loan is made to either side. It gives those who make the loan a vested interest in the success of the side to which they make the loan and they quite naturally are anxious for the war to result favorably to that side. If a powerful financial group of gamblers become interested in the result of the war, this group is very apt to influence its government to support its investments. It is difficult enough to maintain neutrality when our people take sides in their sympathies, but even more difficult when those sympathies rest on money interest instead of sentiment. For us to remain neutral, I think is imperatively necessary, and I think it is inadvisable for our people to do anything that would make its maintenance more difficult. There are other objections to this; it tends to draw money from its ordinary channels and centers it in various parts of the country where it is employed in the production of things which especially encourage war, and also because the loaning of money at war risk tends to affect government loans in case we have need to issue bonds. But the chief objection is that it makes the maintenance of neutrality more difficult."

In his address Mr. Bryan took exception to the so-called doctrine of preparedness and praised President Wilson.

## COFFINS USED TO COVER SHIPMENTS OF WHISKEY

Chattanooga Police Commissioner Who is Head of Coffin Company Under Arrest.

By Associated Press. Chattanooga, Tenn., Oct. 2.—T. C. Betterson, general manager and secretary-treasurer of a local coffin and casket company and police commissioner of Chattanooga, was arrested here today, charged with violating the penal code of the United States by shipping whiskey to customers, enclosed in caskets shipped from the factory. It had been the custom, it is charged in enclosing bottles of whiskey in caskets shipped to customers throughout the territory for purchases of coffins.

## LISTENER AT PEACE TALK SHOT AND KILLED.

Hillsboro, Tex., Oct. 2.—Within five minutes after former Secretary of State William Jennings Bryan concluded one of his peace lectures here this afternoon, and as he was passing through a crowd of 5,000 persons who had gathered at the race track before the grand stand, Mrs. Joe Kirkpatrick, aged 28 years, shot and killed Dr. A. C. Saylor, a prominent physician, reopening a family feud of some years standing. Saylor was out on bond for the killing of Mrs. Kirkpatrick's husband last January. The woman approached an automobile in which Saylor was listening to the Bryan speech. The automobile was in front of the grand stand. Bryan had just passed through the throng shaking hands, when the woman opened fire, emptying a small automatic pistol, following with five shots from a second pistol. This boy showed ten bullets. The woman surrendered to Sheriff Long. The former cabinet member was not in danger.

## FIGHTING IS HEAVY ON BOTH FRONTS

## RUSSIA HOLDS OWN

ON WEST ALLIES HOLDING NEW POSITIONS AND MAKING NEW ATTACKS WHICH THE GERMANS REPULSE.

Germans Make No Claims of Advance, Bulgaria Apparently Waiting for Opportune Moment Armes Into Balance for Central Powers.

By Associated Press. London, Oct. 2.—On both eastern and western fronts heavy fighting is continuous, but it lacks the dramatic features of the early stages of the allied third offensive which started a week ago today and which resulted in a considerable gain of ground in Champagne and Artois, still held by the allies or the great drive which the Austro-Germans successfully engineered against the Russians for fully five months that carried them from western Galicia into Old Russia.

In the west the allies in the face of furious German counter attacks are holding their new positions and are themselves making new attacks which the Germans claim to have repulsed. Official reports do not agree exactly as to what is going on in Champagne and Artois, but apparently both sides are taking part in attacks, which naturally follow when one army is attempting to consolidate the ground won.

## Germans Claim Captures.

In their report the French say they have made further progress on the heights of La Folie in the Souchez area as well as in Champagne. Compared with the allies' capture of nearly 20,000 prisoners, 140 guns and innumerable machine guns, the German claim to have taken 15,000 men and 61 machine guns.

Temporarily the great offensive may be considered at an end and the question is being asked as to where the next attempt will be made to pierce the German line. That one will be made nobody here doubts and the expectation is that it will not be delayed long.

## Russia Holding Own.

Russia has been relieved to some extent by the withdrawal of German troops to meet the offensive in the west and to supply a contingent for the enterprise against Serbia. Russia appears to be holding her own along virtually all her front. At any rate the Germans make no claim of advances except by Gen. Von Linsing slowly. It may be that the Germans are preparing for some new strokes having failed to capture Drinsk by a direct attack and having been countered in their efforts to reach Minsk.

In Galicia and at several other points the Russians are delivering heavy blows at the invaders many of which, according to the German account, have been repulsed.

It is said that Germany has undertaken the offensive against Serbia independently of Austria, and a Bucharest report says the Germans have attempted without success to cross the Danube near Semendria. It is at this point that the main Serbian railway most nearly approaches the frontier.

While many writers discredit the statement that the Germans are sending a large force against Serbia others believe she is doing so to influence Bulgaria which almost everywhere now is satisfied has decided to join the central powers and is awaiting an opportune moment to throw the weight of her armies in the scale against the allies.

## BRITISH DEFEATED WITH HEAVY LOSS.

Berlin, Oct. 2.—An attempt by the British to retake the ground lost north of Loos was defeated with a heavy loss, the war office announced today. Several French attacks were repulsed and a number of prisoners were taken.

## NEGRESS DEAD AS RESULT OF BLOWS

HAMMER USED BY ASSAILANT CAUSES WOMAN'S DEATH SATURDAY NIGHT.

## ARREST IS MADE BY OFFICERS

Negro Man Is in Custody—Tragedy Is Enacted in Servant's House at Walter Nelson's Home.

Pearl Branford, a negress, aged about thirty years, was murdered with a stone hammer last night in a servant's house at the rear of 1908 Austin street. A negro man who was arrested about a month ago for raising a disturbance at her shanty is being held. The assault took place at about eight o'clock. Her moans attracted another negro passing through the alley, who found her lying in a pool of blood on the floor of the shanty. The negro at once notified the family of Attorney Walter Nelson by whom the negress was employed and they telephoned the police station.

Soon after Officer Fank Burns arrived a negro whom he had arrested about a month ago on the premises for raising a disturbance came up into the crowd and his exclamations of a crime attracted the officer's attention who placed him under arrest. On the floor of the room where the negress was lying was found a heavy claw hammer smeared with blood and hair. This was the implement with which the negress had been attacked. One of her lower jaws and the upper side of her mouth on one side had been shattered by one blow and a tooth was left in her head. Another blow evidently had broken in the front of her mouth. When she was taken to the hospital and her hair shorn eight or ten scalp wounds were found where blows had been rained upon her head.

She had been seen only about twenty minutes before she was found wounded, having gone from the residence of the family by whom she was employed to her shanty. The officers believe that she was struck in the front of the mouth as she entered the door. No outcry was heard. The first name of the negro arrested is Charley. When asked if Charley did it she would nod her head in affirmation but was unable to speak. While she remained conscious almost to the time of her death her mouth was so badly mutilated that she could not speak.

Her husband's name was Sam Branford. Asked if Sam did it she shook her head in negation. Her husband was located at Ennis by telephone last night, removing suspicion that might have rested on him. The negro under arrest is known to have threatened the negress more than once and the officers are confident they have the right negro.

## REQUESTS FOR SEATS MORE THAN DOUBLE CAPACITY

Philadelphia, Oct. 2.—The greatest problem facing the Philadelphia National League club is how to take care of the requests for more than 50,000 seats for the world's series in a park whose capacity is about 21,000. So far as possible Philadelphia fans will be taken care of first.

## JURY FINDS MYERS SANE MUST HANG

Special to The Times. Fort Worth, Tex., Oct. 2.—C. A. Myers, under sentence of death for killing W. A. Montague, was declared sane by a jury in Judge Swayne's court this afternoon. The verdict was returned on the second ballot. The hearing had been in progress for several days and a great deal of testimony was taken.

There is no appeal from the jury's decision, Judge Swayne said tonight, and the verdict probably means that the death sentence will be carried out unless Governor Ferguson interposes. Montague was terminal superintendent of the Texas and Pacific railway, of which road Myers was a discharged employe.

## SECRETARY LANSING WILL BEGIN HEARING MONDAY CLAIMS MEXICAN FACTIONS

## PRESIDENT LED HIS CABINET IN PRAYER

Opening Meeting to Consider Grave Matters, President Asks Guidance of Almighty.

By Associated Press. Indianapolis, Oct. 2.—How President Wilson led his cabinet in prayer at a recent meeting was told here by Bishop William F. Anderson of Cincinnati at a session of the Indiana Methodist Episcopal conference. A United States senator told the bishop of the incident, he said today. The senator had heard it from a cabinet member.

"When the president arrived at the cabinet meeting," said Bishop Anderson, "it was evident that the serious affairs of the nation were on his mind. He said to the cabinet members, 'I don't know whether you men believe in prayer or not. I do. Let us ask the help of God.'"

## MASONIC BANQUET WILL BE HELD NEXT WEDNESDAY

Lodge Votes to Accept Proposal From Wichita Southern Life Co. for Loan for Building.

A proposal from the Wichita Southern Life Insurance Co. for the loan of the amount necessary to complete the building fund for the proposed new Masonic building at the corner of 10th street and Scott avenue was accepted by the Masonic lodge at a meeting held Friday night and it is probable that the work will be started on the building within the next thirty days.

At Friday night's meeting it was decided to hold a banquet Wednesday night of this week, at which all Masons are expected to be present. A committee comprising Wiley Blair, M. J. Gardner, J. A. Kemp, Frank Collier and Charles Pogenpohl was named to issue the invitations. Phillip Kieflman and Leon Loeb were appointed a committee to arrange for the banquet. Much enthusiasm was in evidence at the meeting. It was expected that the work will be started on the new building within a few weeks.

## CARRANZA AUTHORITIES CAN DETERMINE ISSUE

By Hunting Down Bandits On Mexican Side They Can Restore Order Along Rio Grande.

By Associated Press. Brownsville, Tex., Oct. 2.—Peace along the lower Rio Grande frontier depends almost wholly on the action of Carranza authorities in stopping the unrestricted use of the Mexican side of the river as a refuge from pursuit and justice. This was the opinion of American army officers today. It was based on reports reaching the army and civil officials.

Today completed the first consecutive week since July 6th, without either raids by Mexicans on Texas ranches or skirmishes across the Rio Grande river between the Mexicans and American soldiers. Reports to army officers indicated that the Mexican raiders have for the present practically all been forced across the Rio Grande. Reports from Carranza authorities in Matamoros admitted the presence of nearly 100 of these raiders on the Mexican side. Unless Carranza soldiers attack these bandits officers here believe that hunger, shortage of money and lack of equipment will soon force them back across the river on new raids. With nearly 5,000 American troops constantly under arms awaiting just such invasion, every raid seems likely to develop a fight which will be carried into the international line, as the bandits follow their usual tactics of retreat and every fight across the boundary intensifies enmity among Americans, which for weeks has been spreading in northeast Mexico as a result of the Texas outbreaks. Americans returning today from periodical trips through the section reported feeling against Americans appeared to be growing somewhat ugly.

An announcement by General Arce at Matamoros that a new commander is coming to handle the situation on the Mexican side and that the Carranza officers are locating the hiding places of the bandits, while it relieved tension on the Mexican side, was not considered sufficient. Until Carranza soldiers actually begin bandit hunting, it can be considered certain that American troops will prepare each night for anything from a skirmish to actual battle before morning.

## INVITES CARRANZA REPRESENTATIVES TO SET FORTH CLAIMS

ALL INTERESTS IN REVOLUTION THAT OVERTHREW HUERTA ASKED TO SUBMIT DATA FOR RECOGNITION.

## PAN-AMERICAN CONFERENCE

Will Follow Hearings and Lansing Will Probably Recommend Which Faction Should Be Given Recognition as Provisional Government.

By Associated Press. New York, Oct. 2.—Secretary Lansing announced today that on his return to Washington on Monday he would receive representatives of all Mexican factions originally a part of the revolution that overthrew Huerta. The secretary will request Elizo Arraondo, the authorized representative in Washington of General Carranza, to submit data to him concerning the material and moral capacity of the Carranza government, and similarly Enrique Lorente, agent of General Villa, will be given an opportunity to set forth the views of the parties he represents.

Each will be permitted to bring other delegates to present facts which the American government is anxious to get, before deciding on the faction to which to accord recognition. As a preliminary to the conference next week, Roberto Pesquero, Carranza adviser and Charles A. Douglas, Washington attorney for General Carranza, called on Secretary Lansing to pay their respects. Each was with him only a few minutes discussing the situation briefly. It is understood they were asked to submit memoranda of their respective views next week. After the secretary has gathered information from all quarters, he will call a conference of the Pan American delegates, as announced two weeks ago, when the result of the investigation will be taken under consideration.

## ENGINE JUMPS TRACK AND SCORES IMPERILED

One Killed When Locomotive Pulling Passenger Train Rolled Down Steep Embankment.

By Associated Press. San Luis Obispo, Calif., Oct. 2.—One man was killed and scores narrowly escaped death today when the engine on a Southern Pacific fast train from Los Angeles to San Francisco jumped the track and rolled down a steep embankment. The train was loaded with visitors to the California Exposition.

## BABY BOY LEFT ON PORCH OF DALLAS MAN'S HOME.

Dallas, Oct. 2.—Scantly clad a baby boy apparently about two weeks old, was discovered Friday night on the rear porch of the home of O. L. Dawson. Night officers were called to the scene while the police chief instructed that the infant be taken to the baby camp. Two small boys said they saw a man approach the house and place a bundle on the porch. He then ran away.

## NO DANGER IMMEDIATE BREAK WITH GERMANY

Von Bernstorff Averts Rupture Through Assurances in Personal Note to Secretary Lansing.

By Associated Press. New York, Oct. 2.—Danger of an immediate break between the United States and Germany over the torpedoing of the Arabic, with a loss of two American lives, has been averted by the assurances contained in a note received personally here today by Secretary Lansing from Count Von Bernstorff the German ambassador. Neither the secretary of state nor the German ambassador would make any statement. The latter was optimistic and believed the new note would completely solve the situation. Mr. Lansing expressed his opinion preferring to discuss the matter with the president Monday, but it was evident he did not share the ambassador's optimism.

# MAUD ALLEN

## IN "THE RUG MAKER'S DAUGHTER"

A dashing romance of Turkish-American Rug trade which presents the world famous dancer in one of her most beautiful dances—lovely settings. A thrilling and tender, yet spirited love story constitutes five reels of entertainment of a higher order, not often offered in the silent drama.

The Rug Maker's Daughter shows exceptionally well how one of the celebrated "Maud Allen" dances is to be distinguished from those of any other dancers in the world. Her dancing is not "Technique" but inspiration—not steps but the throws of a body in a state of exultation—not routine, but the actual genuine ecstasy of an elegant Nalad with eyes upon a vision who is dancing reverentially before a shrine. Naturally Maud Allen has never been known to dance the same way twice—her inspiration is as pure, as brilliant, as changeable as a flame floating in a Grecian urn—

### FRY JURY GOES TO BED WITHOUT AGREEMENT

Judge Nicholson Holds the Jury Over Until Today—Little Prospects For Reaching Verdict.

Prospects for a verdict in the case of Judge E. W. Fry, charged with forgery, seemed more remote than ever late Saturday, when the jury after being out more than 48 hours, was still without an agreement on the case. The jurors remained locked up over night, and may be kept until Monday.

A report has been current in court house circles that the jurors were divided seven to five, but it is not clear what foundation, if any, there is for such a rumor. Late Saturday the jurors were expected to make a report, but Judge Nicholson could not be located and no report was made. Jurors requested officers to notify their families that they would not be home Sunday and to send clean clothes.

## WICHITA FALLS TEAM

### WINS FROM BURKBURNETT

Hickman Scored Only Touchdown of the Game in the Last Half of Game.

The Wichita high school eleven opened the football season Saturday at Burkburnett getting the game away from the Burk team with a score of 6 to 0. This game was played after only one week actual practice and gives promise for the future of the team. Neither side scored until the last half when Hickman went across the line for a touchdown. Star plays were made by T. Taylor, Cooper, Hickman and Bill Johnson. Cooper was forced to retire in the early part of the game. Wichita's line-up follows: Ends, E. Harris, Weaver and Bill Johnson; tackles, Bentley and Swearingin; guards, Cook and Miller; center, Williams; quarter back, H. Davis; half, T. Taylor and G. Harris; full back, Cooper and Hickman.

## PANHANDLE LAUNDRYMEN MET HERE YESTERDAY

22 Laundrymen From Panhandle and Western Oklahoma Attend—J. W. Pond Elected President.

The Panhandle Launderers' Club held its annual meeting in the parlors of the St. James hotel Saturday afternoon, twenty-two of the leading laundrymen of the Panhandle and Northwest Texas being in attendance. Several laundrymen from Western Oklahoma also were present and joined the club. F. H. Sparrow of Fort Worth, president of the Texas Laundrymen's Association was also present and delivered an interesting address before the club.

A feature of the meeting was a banquet served at the Westland club last night.

The following officers were elected: J. W. Pond, Wichita Falls, president. George Walker, Dalhart, first vice president. Henry Hunter, Elk City, Okla., second vice president. J. C. McCray, Tucuman, New Mexico, third vice president. Charles Wyman, Quanah, secretary and treasurer of the committee on resolutions were: H. W. Springer, Mem-

phis; A. G. Hargrave, Childress, and R. H. Clark, Wichita Falls.

Mr. Sparrow in his address dwelt on the benefits resulting from the organization. He called attention to the fact that there were 7,000 steam laundries members of the national association, and that the laundry industry stood third among the manufacturing industries of the country in the value of equipment and capital invested and number of workers employed. He cited the movement launched for a pure fabrics bill in the national congress. The enactment of such a bill, he declared, would place the blame on the makers and dealers of fraudulent or imitation fabrics where it belonged instead of on the laundrymen who must now stand the blame and remunerate the owners of fabrics which were never made to be washed. Interesting talks were made by other members. The meeting place next year will be chosen by the executive committee of the club.

Among those present were: F. H. Sparrow, Fort Worth; George Walker, Dalhart; W. J. Adams, Lubbock; A. G. Hargrave, Childress; H. W. Springer, Memphis; Charles and Frank Wyman, Quanah; John Baxter, Graham; J. W. Pond, R. M. Clark and B. Ross, Wichita Falls; Ernest Cloud and B. F. Kauffman, Fort Worth; T. P. Doty, Dallas; C. J. Rohman, San Antonio; J. J. Hunter, Hobart, Okla.; H. Hunter, Elk City, Okla.; C. W. Caldwell, Altus; Ed Wilson, Frederick.

Norfolk, Va., Oct. 2.—Fourteen of the United States' greatest fighting ships are today at anchor in Hampton Roads, coaling and provisioning, preparatory to participating in the most extensive war game ever attempted by

the navy. The game will begin at midnight October 5th, and will continue fifteen days. The force will be divided into two parts, invaders and defenders. The invaders will attempt to elude the defenders so as to gain entrance to an American port.

## TEUTONIC FORCE THREATENING SERBIA NOT LARGE.

By Associated Press.  
Paris, Oct. 2.—Reports that an immense number of German and Austrian troops have been concentrated

on the Serbian front appear to have been greatly exaggerated. These reports said 200,000 to 600,000 men were ready to hack a way to Constantinople. It is now known that only about 60,000 men are threatening Serbia.

Wichita Falls, Texas, October 3, 1915.

We know that it had to come sooner or later. The Fort Worth Record has finally admitted that it has brought up the price of cotton. The Record in Saturday's issue takes entire responsibility for the holding movement begun last season and admits that it is responsible for the advance in cotton and cotton seed prices.

The fellows who "burn the gas," meaning gasoline—are going to have to pay more for the luxury, according to a forecast in the Fuel Oil Journal. The Journal prints a table showing the wholesale and retail prices of gasoline, the price of gasoline at Seaboard and the price of Electra and Corsicana crude showing that the price of gasoline has fluctuated with the price of crude oil. The Journal reports that offers of 12 cents a gallon for gasoline in ship loads and larger quantities for January, 1916 deliveries and says that it is a foregone conclusion that the wholesale and retail prices in Texas will advance between now and that time.

The stimulus of cooler weather and the coming of "Dress Up Week" brought a flood of shoppers to the dry goods and clothing stores Friday and Saturday and such stores enjoyed their best trade in many months. While the cotton crop is light, the glass factories, motor factories, foundry, flour mill and other industries are running full force and are turning loose a big tide of money every week. The railroads which have been operating with reduced forces are beginning to feel the effects of reviving business conditions and considerable new building is in prospect. Altogether the fairly good and steady business conditions are the prospect in Wichita Falls for many months to come.

If Wichita county builds a new court house costing \$150,000 somebody who probably will know very little about it will get \$1,500 for telling the county commissioners that the building is safe. This will be in addition to the regular architect's fee. The last ses-

sion of the legislature passed a provision for the inspection of all new public buildings, the inspector to receive a fee of one per cent of the contract price. It is improbable that such an inspector will know half as much about the matter as the architect who will be employed to plan the building, but then it will be a nice fat fee for some political favorite and is one of the luxuries for which the people will foot the bill, and can be charged to the practice of sending "peanuts" to the legislature.

It is reported that the United States is about to ask the recall of Captain Von Papen, German military attache to the German embassy here. The evidence in possession of the state department which is considered sufficient to warrant his recall has not been made public. It is likely that it is connected with efforts to organize sentiment in this country against the export of war munitions. Aside from any question of the right or wrong of such exports, it is manifestly improper for a diplomatic officer of another country to take any active part in such propaganda in this country. The diplomats are received to deal with the government directly. They cannot be allowed to take the issue over the heads of the officials to the people. This country is made up of peoples from every civilized nation in the world. If we are to permit foreign officials to carry on propaganda in this country there will be no end to strife and discord that may arise which would dishearten the integrity of the nation. European governments which are made up of homogeneous people probably do not feel the importance of this matter as does the United States. It is a matter of vital importance. Foreign diplomats who do not recognize our attitude will be sent back home without ceremony.

### SAYS REPAIR THE OLD COURT HOUSE INSTEAD OF BUILD A NEW ONE.

Lowa Park, TEXAS, Oct. 1. Editor Times: Seeing in The Daily Times that there is a petition being circulated for a bond issue for a new court house. We all agree that the present court house is too small, so let me suggest that when the official ballot is printed one item should state that bonds to the amount of \$50,000 (fifty thousand dollars) for an addition to the present court house that will give us all the room we will need for a long time to come. The bill weevil is destroying the present cotton crop and will be here in the spring to destroy other crops as they are planted, and an excellent prospect for the invasive of the green bug to destroy the wheat crop. It behooves every voter to think twice before he casts his ballot for a three hundred thousand dollar court house. Besides you will want to issue four hundred thousand dollars worth of road bonds when your court house is completed, and they might balk on that. So why not just issue the fifty thousand dollar bond, for an addition to the court house. Then it would not take so much gall to ask

## Why Everyone Should Dress Up Dress Up Week

The following article won the fifteen dollars in gold offered by the Merchants Association for the best article on why everyone in Wichita Falls should dress up "Dress-up Week." The fortunate contestant was Miss Pauline Mears, Contestant No. 11. The articles were numbered as received, and the judges did not know the names of the writers when they judged the articles.

"DRESS UP WEEK" was instituted to fill a long felt need, to give every one an official week to don new winter clothes and bid farewell to the dragged Palm Beach, the run-over low cuts, gone to seed Panama, the lingerie frock that has seen better days and all other habiliments of summer that October throws into the discard. The reasons for every one in Wichita Falls falling into line, and dressing up "Dress Up Week" are many and excellent.

For instance this business of dressing up will help the merchants who make the town. All of us, little, big, old and young, will have to have winter clothes so why not get them now, wear them "Dress Up Week," spend your money now and spend it in Wichita Falls. When you dress up you help the merchants and bring prosperity nearer.

From a selfish standpoint every one should dress up if for nothing else than to have a better opinion of ones self. There's no denying that there is a certain psychology in clothes. When you are all dressed up you feel better, look good and know it and this knowledge always imparts a self-confidence and self-respect. If you are well dressed and put up a prosperous front half the battle is won. The public judges you by your appearance to a great extent and so dressing up is a first class efficiency expedient. Clothes may not make the man but they certainly help the man make himself.

So on "Dress Up Week" let's every body dress in the good looking new togs which our merchants are offering, man, woman and child, and in thus doing bring a feeling of prosperity. Dress up from head to foot and wear a smile because you are glad you can dress up and live in the "busiest and best built city in Texas."

the voter to vote a three hundred thousand dollar road bond issue for that is sure to come shortly.

### THE KICKER.

LAND IS PLENTIFUL.

(Providence Journal.)

There is no land famine in the United State, notwithstanding the elimination of 11,200,000 acres from the public domain during the past year. The annual report of the commissioner of the general land office, just issued, shows that 279,544,404 acres are "unappropriated and unreserved." Of this area 172,987,912 acres are reserved. The land available for homesteaders referred to in the report is distrib-

ed throughout twenty-five states and in addition there are 300,000,000 acres available in Alaska.

While the cheapest land is that offered to settlers, it does not appear that anyone who wants a few acres in the oldest states will find difficulty in obtaining it from individual owners at reasonable prices. It might be said that the cost of moving a family beyond the Mississippi will go a long ways toward paying for a farm in any of the New England states. East of the Hudson thousands of acres are awaiting tenants as buyers. The Eastern man of ordinary industry and thrift is not obliged to travel one or two thousand miles to find cheap land.

A little negro girl, aged about seven year, sustained two broken ribs and bruises Friday afternoon when she was run over by an automobile occupied by Chief Nail and members of the fire department. Mr. Nail accompanied by one of the fireman had gone out in Mayor Britton's automobile to right some street signs which had been knocked down. They were returning and when near the foundry their road lay alongside the railroad track. A string of cars was being switched on the track. A crowd of negro children just out of school were cut off by the cars. As the last car cleared them the little girls whose name is Moore, jumped across the track landing directly in front of the automobile. Before it could be stopped she was knocked down and the front wheel had passed over her body. She was picked up and hurried to the hospital where it was found she had suffered two broken ribs. No blame for the accident is attached to the driver of the automobile.

London, Oct. 2.—A telegram from the Amsterdam says that Austria is about to send an ultimatum to Roumania demanding the free passage of munitions to Turkey.

PRO-GERMAN MANIFESTATIONS REPORTED IN BULGARIA.

Paris, Oct. 2.—Bulgaria is mobilizing all men up to the age of 58 years, according to a Bucharest correspondent. No citizens under 5 are permitted to leave the country and martial law has been proclaimed. Pro-German manifestations are reported in Bulgarian cities along the Danube. Bulgarian artillery, the correspondent asserts it being marched along the frontier of Brodubja a part of Roumania bounded by the Black Sea and the Danube which was taken from Bulgaria in 1878 and given to Roumania.

RIGHT OF MAYOR TO ACT AS RECORDER UPHELD. Judge Nicholson Holds for Electra Mayor in Quo Warranto Proceedings Saturday. The right of P. E. Ainsworth, mayor of Electra to serve as recorder of the city court of Electra and receive compensation therefor, was upheld in the 78th district court Saturday when Judge Nicholson found for the defendant in the quo warranto proceedings. These proceedings were instituted by R. G. Sykes, a citizen of Electra, who alleged that for the mayor to serve as recorder contravened the general law under which Electra adopted the commission form of government. Mr. Sykes was represented by Attorney Harry Marks of Electra while T. R. Boone of this city represented Mr. Ainsworth. After hearing the argument, Judge Nicholson found for the defendant.

### SHOWER FOR MISS ANNE FREEAR FRIDAY AFTERNOON

In the approaching nuptials of Miss Anne Freear to Mr. Burton Stayton, Miss Kathleen Blair since childhood an intimate friend of the bride to be, found occasion to honor Miss Freear, giving at the same time opportunity for her many friends to give tangible expression of their love and admiration. This event took the form of a matinee bridge and miscellaneous shower Friday afternoon at the home of Mr. and Mrs. Wiley Blair. Miss Blair being hostess. An hour or so was devoted to the card table, then other guests who did not play arrived for further pleasures.

The accepted bridal colors, pink and white, were much in evidence throughout the reception suits, La France roses being used in the library and dining room while in the living room immense clusters of Richmond roses gave a pleasing touch of brighter color. The bridal white was reserved for the parlor where the guests assembled by invitation of the hostess following the game. Suspended from the center of the room was an immense wedding bell in which were concealed the numerous gifts designed for the honoree. Miss Freear was escorted into the room by Miss Blair who stationed her under the bell, and after a few well chosen words, suitable to the occasion, the cord was pulled by Miss Blair and the honoree literally showered with gifts, mingled with rose petals and rice. The concluding moments were one of general excitement for both honoree and the guests.

The party accessories were most timely, effecting a bridal motif, the score cards being lovely brides in full regalia. The two course luncheon repeated most effectively the favored colors, heart shaped sandwiches served with the salad plate accenting the bridal motif. The second course consisted of ice cream in heart molds, each heart pierced with a candy ar-

row, cake and heart shaped mints in pink and white.

The afternoon's souvenir, an enamelled dorfine box, was cut by Miss Florence Sammons.

Miss Blair was assisted in receiving and entertaining by her mother, Mrs. Wiley Blair. Those present included the honoree, Miss Anne Freear, Misses Bertha Mae Kemp, Bess Kell, Willie Mae Kell, Lillian McGregor, Genevieve Carver, Orveta Wyatt, Caro Bell Blair, Mabel Simpson, Alice Burnside, Louise Fox Grace Nolan, Virginia Nanz of Owensboro, Ky., Della Stone, Agnes Reid, Lillian Avis, Anne Carrigan, Celia Stayton, Mesdames Freear, Stayton, Irene Foster, Bullington, Frank Blair, Merrill Blair, Earl Clayton, Ben Bell, Walter Robertson, Murchison and M. R. Garrison.

### MRS. SHERRILL ENTERTAINS YOUNG PEOPLE FRIDAY.

Friday evening a number of young people enjoyed a pleasant entertainment given by Mrs. J. D. Sherrill to honor two out of town girls, Misses Ruby Sherrill of Bellevue and Davidson of Burkburnett. Bunco was the game of the evening and Victrola music was enjoyed. At a late hour the hostess served refreshments of cherry ice cream and cake, assisted by her daughter, Mrs. R. M. Johnson and Miss Lavinia Wilson. The guests included, the honorees, Misses Sherrill and Davidson; Misses Gladys Wilson, Stella Bachman, Leah Taylor, Estelle Friberg, Vella Mae Snyder, Messrs. Creston Brown, Herbert Snyder, Irvin Karrenbrock, Earl Bachman, Homer Bachman, Burke Taylor and Mrs. and Mrs. Johnson.

### ANNOUNCEMENT MADE TO THE UNITY CLUB FRIDAY.

The meeting of the Unity Club Friday afternoon, the first of the new club year, was the occasion of an interesting announcement, that of the engagement of one of the club members and her approaching marriage this month. The meeting was held at the home of Mrs. J. A. Kemp, who announced the engagement of her daughter, Mary Jewell, to Mr. William Smith Langford. The usual routine of the club meeting was gone through with, this first meeting having many interesting features. The retiring president, Mrs. Newton Maer, turned the chair over to the new

president, Mrs. A. H. Carrigan with a pretty little speech of welcome and Mrs. Carrigan in turn made a short talk in her usual pleasing manner. Following the business session the program, an introduction to the year's study of Browning, was carried out. Mrs. J. A. Kemp gave a paper on "The Growth of Democracy in the first third of the Nineteenth Century"; Mrs. Patterson had for her subject "A Brief Survey of the Literature of the Same Period"; and Mrs. J. C. Hunt discussed "The New Science and Its Effect on the Thought of the Age." The Poetry of Browning" the subject given by Mrs. H. T. Young and Mrs. Darnell and Mrs. Montgomery discussed the chief contemporaries of Browning. Mrs. Robertson gave Browning's attitude towards science and the program was concluded by Mrs. Maer who spoke on the literature of the Victorian Era.

With the conclusion of the program came the invitation for adjournment to the dining room and here the first hint of anything out of the ordinary was given. The table was charming in a pink and white decorative scheme with the club flowers, carnations, featured. An immense carnation was in the center of the table and from this

flower pink ribbons were extended to each cover, the ends being confined by the individual favors, pink and white carnations. When gently pulled the ribbons revealed a card hidden in the large central flower, which gave forth this announcement: "Time, October twenty-seventh, eight-thirty p. m., Place, 906 Grant; People, Mary Jewell Kemp, William Smith Langford." Congratulations followed in natural order, and, while the announcement, which the bride-elect chose to have made first to the club members, brought pleasure to those most intimately interested in her happiness, it was also with more than a passing regret that the news was received that after the wedding Miss Kemp would make her home in South Carolina.

The entire club membership was present at this meeting, including Miss Carrigan, Mesdames Anderson, Carrigan, Darnell, Gorsline, Greenwood, Hunt, Langford, Montgomery, Miller Patterson, Robertson, Young, Zundelwitz, Kemp and Maer.

terest and social importance was made Saturday afternoon at the home of Mr. and Mrs. J. A. Kemp, Miss Bertha Mae Kemp and Mrs. Newton Maer entertaining to announce the approaching marriage of their sister, Miss Jewell Kemp to Mr. William Smith Langford of Newbury, South Carolina. The afternoon previous the announcement had been made at the Unity Club with the request that the date be kept until after the Saturday party. Cards had been issued for bridge and forty-two and the tables were arranged in the music room and reception hall. An exceedingly attractive autumnal setting was achieved in these rooms by the lavish use of golden red, asters and dahlias in golden and deep yellow tones. The golden red furnished the color motif employed in the score cards and other accessories of the game and also in the effectively arranged announcement. The final

game over the refreshment course was served at the card tables. A golden shaded candlestick was placed in the center of each table and from the shade small white cards tied in yellow were hanging, one for each guest. The questions asked thereon were: "Time? Place? People?" The answer was found by holding the cards in the candle flame, the following inscription having been written in invisible ink: "October, twenty-seventh, seven-thirty, 906 Grant, Jewell Kemp and William Smith Langford." While the cards were being read the Mendelssohn-Wedding March was played on the Victrola. The ice course repeated the yellow and white color note and yellow dahlias were individual favors. Punch was served during the course of the game. The guest list included: Misses Lillian Avis, Kathleen Blair, Genevieve Caeber, Allison Burnside, Anne Carrigan, Evelyn Col-

field, Anne Freear, Willie Mae Kell, Bess Kell, Lillian McGregor, Porter Grace Nolan, Agnes Reid, Lucille Sherrod, Simpson, Louise Fox, Mary Orth, Temple Thompson, Eula Havenner, Florence Sammons, Blanche Kahn, Orveta Wyatt, Frankie Smith, Della Stone; Mesdames Gough of Minnesota; Wiley Blair, A. and will meet fortnightly on the second and fourth Tuesdays in each month. Mrs. J. G. Pressley was appointed press reporter. The members present at this meeting included: Mesdames Pressley, K. E. Banch, Somers, George Keith, Everton, Stampff, Reynolds, L. A. Wilson, Lummus, Miss Little was a visitor.

**MOTHERS CLUB RECEPTION A SPLENDID SUCCESS.**

In accordance with their usual custom the Mothers Clubs of the city were hostess Friday evening at the high school to the parents of the city. The teachers in the city schools were the honorees on this occasion, forming a receiving line and greeting the hundreds of parents and others interested who came to meet them. Following the general reception a program was carried out in the auditorium Mrs. J. W. Lee, from the united Mothers Clubs of the city presiding. W. J. Sullock as president of the school board made a brief introductory talk in commendation of the public schools and the teachers and the work they are doing. The unusually large crowd attending was the object of much gratification on the part of the teachers and Mothers Clubs also and this pleasure was expressed by Prof. Lee Clark, city superintendent, who spoke after Mr. Sullock. A musical program consisting of vocal numbers by Mrs. John Chambers, Miss Agnew and Mrs. Walter S. Robertson and instrumental music by Wynne Lay, Misses Herron and Allen was supplemented by a reading by Mrs. E. L. Fulton. Ice cream was served in the course of the evening.

Judged even by the previous reputation of this nature the informal open house of Friday was more than successful and served to further cement the close bonds between parents and teachers, an end for which the Mothers Clubs are earnestly striving. As there are a number of new teachers in the schools this year the occasion furnished these an opportunity of meeting the school patrons which otherwise would be denied them.

**PATHFINDER CLUB RESUMES MEETINGS FRIDAY AFTERNOON.**

Friday afternoon the Pathfinders club met in opening session at the home of Mrs. E. H. Burnside. The afternoon was devoted to a discussion of the program as outlined for the year's work in the year book and no program was carried out. Mrs. J. S. Erwin was guest, the others present being Mesdames Burnside and M. A. Beckman, Misses Emma Smith, Beckman, Tula Stokes, Hazel Hunter and Temple Thompson.

**SHELTON-BERRY WEDDING FRIDAY EVENING.**

Friday evening at eight o'clock in the presence of only a few witnesses, composed of the family and intimate friends, Miss Marie Shelton became the bride of Harry M. Berry, the ceremony taking place at the home of Mrs. R. E. Hendry 1008 Scott. Dr. A. L. Andrews of the M. E. Church, South was the officiating minister. This interesting affair came somewhat as a surprise to all save the most intimate friends of the contracting parties, who enjoy unusual popularity in their circles of acquaintance. The bride, the daughter of Mr. and Mrs. C. C. Shelton, has with her parents made her home here for the past several years and is known as a young lady of much personal charm. The groom, a member of the theatrical firm of Wren & Berry, is interested in the Majestic and Lydia Margaret Theaters, having been in business here for the past six years. Their numerous friends are joining in congratulations. Mr. and Mrs. Berry are now at home at 904 Sixth.

**ALAMO MOTHERS MEET FRIDAY AT ALAMO SCHOOL.**

The first regular meeting of the Alamo Mothers Club held Friday afternoon was well attended by an enthusiastic group of members who discussed at length the work of the club for the coming year. The club has busied itself in former seasons with various improvements and accoutrements for the school and play ground and it is planned to continue this work during the term of 1915-16.

**FOURTH STREET BAPTIST YOUNG FOLKS PICNIC.**

Friday evening a number of young people of the Fourth Street Baptist Church enjoyed an unusually pleasant outing at the home of J. W. Nicholson, living several miles east of town. A hay ride provided by Gran Nicholson made the trip both ways doubly pleasant and a basket supper was spread at the Nicholson home with an additional treat of ice cream provided by Mr. and Mrs. Nicholson. About two hours were spent at the Nicholson home, games being enjoyed and the return trip made at a late hour. Rev. and Mrs. T. E. Conroy, Mrs. W. N. Rawls, Mrs. B. F. Stungie and Mrs. W. H. Gibson acted as chaperones of the party. There were about a score of young people in the crowd.

**TRAVEL CLUB RESUMES MEETINGS THURSDAY MORNING.**

The first meeting of the Wichita Travel Club after summer vacation was held Thursday morning at the home of the president, Mrs. Wiley Blair. Roll call was responded to with "Helpful Hints Gleaned During the Summer." The study being the British Isles, the first paper was a brief description of the British Isles, read by Mrs. Blair with "The Voyage-Queenstown and Liverpool" given in a highly interesting manner by Mr. Alexander. The program was concluded by a short talk by the parliamentarian, Mrs. Datsen. The members present at this evening meeting were: Mesdames G. W. Akin, Urban, Alexander, Robertson, Fauntleroy, Datsen, Smith, Polyn, Blair and Hamilton.

**MRS. RHEA HOWARD HOSTESS TO THE WESLEY GIRLS.**

A thoroughly delightful meeting of the Wesley Girls was held Thursday with Mrs. Rhea Howard, the girls

**Overland Six \$1145**  
Just "Six" Facts

- To you who are confused with and weary of long drawn out aside-from-the-point arguments, we present these six important basic facts:
- The Overland Six has a wheelbase of one hundred and twenty-five inches.
- Many a Six—costing more—has a shorter wheelbase.
- The Overland motor develops full forty-five horsepower.
- Many a Six—costing more—has considerably less power—considerably less speed.
- The Overland is a roomy Six—seating seven adults with ease.
- Many a Six—costing more—has a smaller tonneau; hence less comfort.
- The Overland Six has 35x4 1-2 tires with non-skids on the rear.
- Many a Six—costing more—has smaller tires.
- The Overland Six has high tension magneto ignition.
- Many a Six—costing more—has not.
- All Overland electric control buttons are on the steering column—within reach.
- On other Sixes, that cost more, they are not as conveniently located.
- These few major items alone should, we believe, convince any intelligent buyer of the downright wisdom and out and out economy of selecting an Overland Six.

**WORLD'S SERIES BEGIN AT PHILADELPHIA FRIDAY**

**TWO GAMES THERE THEN TWO GAMES AT BOSTON**

Fifth Game at Philadelphia, Sixth at Boston—Umpires Named for the Series.

By Associated Press. New York, Oct. 2.—The National baseball commission at its meeting today decided that the first game of the world's series should be played in Philadelphia on Friday, October 3. The second game is set for October 5, in the same city. The third and fourth games will be played in Boston, October 11 and 12 respectively. The fifth is to be in Philadelphia on October 14, and the sixth in Boston on October 15. The seventh game, if one is necessary, will be played October 16, the place to be chosen by the toss of a coin. It was decided that in case a seventh game is necessary the city in which it would

be played would be decided before the beginning of the sixth game.

The four umpires were selected by the presidents of the two leagues. President James K. Tener named Charles Rigler and W. J. Klein, while President Ban Johnson selected William Evers and Frank O'Laughlin.

It was further decided that in case of a tie game or postponement the teams would remain in the city where such game was to have been played until that game is completed, and the dates of future games of the schedule will be advanced to meet any such emergency.

The players eligible for the series are:

Philadelphia—Alexander, Adams, Bancroft, Burnk, Baumgartner, Becker, Byrne, Cravath, Chalmers, Demaree, Killifer, Luderus, Moran, Mayer, McQuillan, Nichols, Parkert, Rixey, Stock, Tincup, Whitehead, Welser.

Boston—Barry, Carrigan, Cady, Collins, Foster, Grigg, Gardner, Gaynor, Hobbittelle, Hooper, Hendrickson, Jannin, Leonard, Lewis, Mays, McNally, Ruth, Shore, Scott, Speaker, Thomas, Wood, Wagner.

**CONTESTANTS FOR WORLD'S CHAMPIONSHIP COMPARED**

**11 RED SOX VETERANS PHILADELPHIANS ARE NEW**

Boston Team Largely Same that Won World's Championship in the 1912 Series.

By Associated Press. New York, Oct. 2.—Eleven of the players who helped win the world's series for the Boston Americans from New York in 1912 will be found among the eligible on the roster of the Red Sox in the coming series with the Philadelphia Nationals for this year's world's championship. When the opposing teams are lined up the catching corps for the Boston club will be identical the same as in 1912 and the men, Speaker, Lewis and Hooper who will take care of the outfield will fill the same positions that they occupied when the Red Sox were returned world's champions three years ago.

Changes, however, will be marked

in the pitching staff and the infield. Wood and Collins are the only survivors of the twisters who won the honors in that famous eight game series while Gardner will be the only regular left for the defense of the infield, although former Shortstop Wagner will be available in case Barry's indisposition may prevent his playing the second bag.

In striking contrast to the veteran like line up of the Boston players Manager Moran's aspirants for the world's title and honors have been gathered together from widely separated districts during the past two years. Their great fight during the season just closing, however, has clearly demonstrated their combined strength and playing ability. Imbued with the spirit and determination that they showed throughout the season and by which they brought the National League pennant for the first time to Philadelphia, Moran's men can be depended on to hold their own against their more seasoned competitors for the world's championship.

For the purpose of comparing the playing strength of the two teams the following statistics may be helpful:

**WALSH-HENDERSON BOUT PROVES CLASSY EVENT**

**ATTENDANCE INDICATED REVIVAL OF INTEREST**

Two Fast Light Weights Appeared Evenly Matched and Kept Spectators in Fervent Interest.

A revival of the boxing game in Wichita Falls was rendered probable Friday evening, when a large crowd gathered at the Wichita Theatre to see "Red" Henderson of Dallas and Harry Walsh of California box ten fast rounds, this contest being the feature of a program of glove events that were greatly enjoyed. The pat-

ronage was sufficient to make it fairly certain that there will be other bouts later.

The two light weights were quite evenly matched, and while the California man was overwhelmingly a favorite with the spectators, those who studied the technical points of the match were unable to say that either of the boxers had any decided advantage. There was no decision. Henderson landed more blows, but Walsh struck much harder and with more effectiveness. It was a very pleasing exhibition, on the whole, and the interest of the crowd, which numbered about 450 was at fever heat.

The bout was the first to be held under the auspices of the athletic club which is being formed here, and which will not only stage frequent contests for the members, but will also

### New Episcopal Church, Corner Tenth And Burnett Streets To Be Dedicated This Morning

Church of the Good Shepherd, Episcopal, which will be dedicated today and Rector F. T. Datson. Decision to build the church was reached soon after Rev. Datson became rector of the church.

Wichita Falls' newest house of worship, the recently completed edifice of the Church of the Good Shepherd, Episcopal, will be dedicated today, with appropriate ceremonies in which Bishop Garrett of Dallas will take part. The exercises will begin with holy communion at 7:30 this morning, with the principal program at 11 o'clock.

The new church is at the corner of Tenth and Burnett streets, being the fifth house of worship to be completed on that thoroughfare. It has a

seating capacity of 250, exclusive of choir accommodations, and is one of the handsomest church buildings in the city, both interior and exterior. Later it will have a pipe organ which was shipped last week.

Steps for a new church were taken soon after Rev. F. T. Datson, the present rector came to this city. For more than a score of years the Episcopallians had worshipped in a small wooden building at Eighth and Lamar streets, but last year it was definitely decided to erect a new home.

The present site already contains the church and the rectory and at some future date it is hoped to erect a parish house upon it.

Bishop C. C. Garrett of Dallas, Archdeacon Crittenton of Weatherford, Rev. E. R. Allman of Terrell and other members of the Episcopal clergy are here to take part in the dedicatory ceremonies. Music will be a special feature of the exercises. The choir has been preparing for the occasion, under the direction of the rector.

With the completion of the Episcopal Church, all of the principal Protestant congregations of the city now have brick church buildings, practically all of which have been erected within the past six years. The Catholics of the city are now putting up a handsome brick building which will probably be ready for occupancy within about two months.

The program for the Episcopal service today is as follows:

Holy Communion 7:30—Archdeacon Crittenton.  
Benediction of the Church and Holy Communion 11 o'clock.  
Processional, "Glorious Things of Thee Are Spoken" Hymn 496.  
Benediction—The Bishop and Assisting Clergy.  
Hymn, "We Love Thee, O God."  
Holy Communion, music from Hodge's office in b flat.  
Kyrie, Gloria Tibi, Lass Tibi, Credo, Choir.  
Hymn, "Church Bells."  
Sermon, Psalm 26:2—The Rector.  
Offertory—Solo, "King Ever Glorious"—Mr. Ivan Murchison.  
Continuation of Holy Communion.  
Benedictus—Solo, trio and chorus.  
Agnus Dei—Solo, Trio and chorus.  
Gloria in Excelsis—Chorus.  
Nunc Dimittis—Solo and chorus.  
Recessional, "Rejoice Ye Pure in Heart" Hymn 520.  
Evening Service 8 o'clock.  
Processional, "The Church's One Foundation"—Hymn 491.  
Evening Prayer—The Rector.  
Psalter—The Rev. E. R. Allman.  
Lessons—Archdeacon Crittenton.  
Magnificat—Caleb Semper.  
Nunc Dimittis—Caleb Semper.  
Continuation of Evening Prayer.  
Anthem, "Send Out Thy Light" Gounod.  
Hymn, "Christ for the World We Sing"—586.  
Address—Archdeacon Crittenton.  
Anthem, "The Radiant Morn Has Passed Away"—Woodward.  
Address—The Rev. E. R. Allman.  
Offertory Solo, "God is Our Refuge"—Mr. Murock.  
Closing Prayers and Benediction—The Rector.  
Recessional, "Soldiers of the Cross Arise!"—581.

#### RESULTS TELL

There Can Be No Doubt About the Results in Wichita Falls. Results tell the tale. All doubt is removed. The testimony of a Wichita Falls citizen can be easily investigated. What better proof can be had? R. F. Redin, prop. of grocery, 1410 15th St., Wichita Falls, says: "My back had been hurting me for two or three years off and on. The spells came on without warning and it was all I could do to keep going. My back was so lame that I was hardly able to bend. The kidney secretions were too frequent in passage. I used Doan's Kidney Pills, when I heard that they were good for such troubles and they cured me." (Statement given June 19, 1908.)  
On April 2, 1915, Mr. Redin said: "I haven't had to use Doan's Kidney Pills in some years. I still have a great deal of confidence in them, as my present health is due to them."  
Price 50c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mr. Redin had. Foster-Milburn Co., Props., Buffalo, N. Y.

J. W. Stone and J. B. Marlow are again in partnership, Mr. Stone having moved his real estate office back to the corner of Indiana avenue and Seventh street.

## "DRESS UP WEEK" Begins Monday

And Wichita's Greatest Store is Surely Ready with a Matchless Assortment of the season's most popular styles for Men, Women and Children, with Merchandise that's Up to the Minute.

The time was when the man who sold goods was a "Storekeeper" but that time has gone. Today he must be a MERCHANT up to date—yes even a little ahead—if you please. Goods bought yesterday must be sold today. And by the way that just reminds us

## Yesterday We Received Our First Shipment of Furs

And by that we mean they actually arrived—(not old ones unpacked. Furs! Furs! and then more Furs! Furs of every description from the animals of every country of the known world, possibly some from Steffanson's newly discovered island for all we know, for we admit we never saw anything like them before. Any way they are here from \$5 to \$50, and will add wonderfully to that "Dress Up" game.

Then too, there's quite a line of ladies suits you haven't seen (unless you saw them Saturday night). For they too, just arrived and are among our very nobbiest styles shown this season. They too, are ready for that Monday "Dress Up."

### And the Girls Too

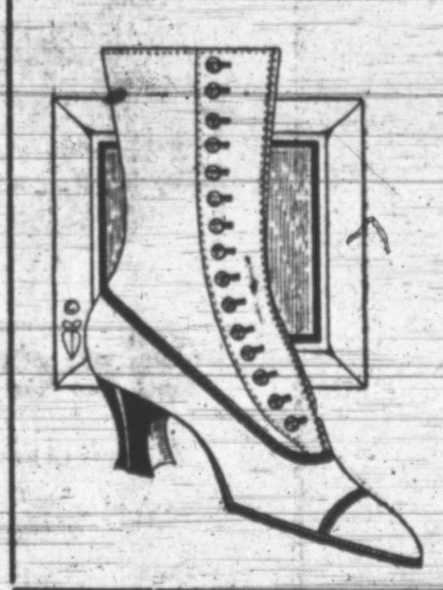

Yes, certainly the little girls enjoy being dressed up. Can't you notice that Proud "Posish" this girl has? She's all dressed up and she knows it, too. Your little girl can look just as proud if you will just bring her here and let us dress her up. We have the styles.

### LADIES' WAISTS

We received by Saturday's express just five new styles in ladies waists, and while they are not exactly alike cut shown here many of them are better looking and think of the price only . . . . . 98c

**WICHITA COUNTY FARMERS  
BEGIN WHEAT SOWING**

Acres Said to Be Slightly Less Than That of Last Year—Some Fields Are Still Too Wet.

Planting of wheat has started in this section wherever the weather has permitted farmers to complete their fall plowing. While no definite information as to the acreage is available, it is expected that it will be somewhat less than last year, as the weather has not been entirely favorable for plowing, according to J. W. Campbell, district agricultural agent. Mr. Campbell says that in some fields it is still too wet to plow, while in other parts of the county the August dry spell prevented farmers starting as early as they otherwise would.

Mr. Campbell says that damage to cotton by the boll weevil has been heavy, amounting to 50 per cent in some fields. The weevils are said to have done marked damage in the Iowa Park district.

**SECOND FRY CASE COMES  
UP FOR TRIAL MONDAY**

Reported That Agreement to Continue Case Under Consideration By Attorneys.

The second forgery indictment against Judge E. W. Fry is scheduled to come up for trial tomorrow in the 76th district court. It charges him with forging the indorsement of E. T. Jones on a check for \$91. While the case has been set for tomorrow, an agreement between counsel whereby it may be postponed until later is understood to be under consideration. District Attorney Leslie Humphrey leaves tomorrow for Archer City, where the 30th district court is to convene, and if the case goes to trial tomorrow, Judge P. A. Martin and Judge John C. Kay will conduct the prosecution.

The jury will be chosen from the regular jury for the week which includes the following:

SATISFACTORY CONDITION.**

By Associated Press. Berlin, Oct. 2.—An interview obtained by the Sofia correspondent of the Tageblatt with M. Tonchess, Bulgarian minister of finance, was given out today by the Overseas News Agency. M. Tonchess stated that Bulgaria's finances were in a satisfactory condition that supplies were being paid for in cash, that the moratorium covering liabilities incurred before the war would not be extended and that crops were excellent.

Judge Huff Carries Out Practice of Many Years' Standing—Other Early Poll Tax Payers.

Following a rule he has observed many years, Judge R. E. Huff has taken out the first poll tax to be issued this year, getting receipt No. 1 for his box. Judge Huff has been the first to obtain a receipt for a number of years. He was the first in Box No. 12, T. W. McItam was first in No. 11, I. W. Karrenbrock first in No. 2, E. Witten first in Box No. 1, T. E. Dobson first in No. 13, and W. T. Roberts first in the Iowa Park box. Only seven receipts have so far been issued.

**ELECTRA'S WATERWORKS  
SYSTEM EXTENDED.**

A large force of men are at work this week extending Electra's waterworks system. The work being done this week is the laying of a four-inch line south on Main street to Wharton avenue, thence west on Wharton to Wichita street. Two fire plugs will be placed on the south side of the tracks, giving protection to that entire section of the city. Also a four-inch line is being laid on north Main street from Cleveland avenue to either Franklin or Glisson avenue, with fire plugs every two blocks, giving protection to a much larger territory than has heretofore enjoyed it.

It is the policy of the city government to extend the waterworks system just as fast as funds will permit and to give the people all of the fire protection possible. The new improvements being done, together with Electra's up-to-date auto hose wagon and the old but effective chemical apparatus gives us one of the most efficient and best equipped fire departments of any city this size in the state.—Electra News.

THE COMMERCIAL SCHOOL**

New Century Club Will Help Worthy Young Women to Obtain Business Training.

The New Century Club has established what they call a Loan Scholarship in the Wichita Commercial School, the purpose of which is to help some worthy young lady who wishes to take a business course but has not the ready cash. The club plans that some girl take the course and when she has completed it and has secured a position that she pay back the amount of the scholarship monthly. In this manner her monthly payments on the "loan" will keep another girl in commercial school. Any one interested may call Mrs. J. W. Lee or Mrs. W. W. Silk.

**Good Earnings In Prospect  
For Producers Oil Company**

Prices of stock in the Producers Oil Company have been advancing steadily for some time and its prospects for large earnings are said to be good this year. The Fuel Oil Journal has the following to say concerning the advancing quotations for the stock of this company: Stock of the Texas Company sold on the New York Exchange September 27 at 172 5/8, the highest point it has touched since it was listed in the fall of 1910. Before the 50 per cent stock dividend was paid by this company in the summer of 1910 and previous to the listing of the shares on the New York Exchange, sales were made at 225 to 230. Taking into consideration the immense profits which the company will make on the rising crude oil market through its control of the Producers Oil Co., with 65,000 barrels daily production in Texas, Louisiana and Oklahoma,

it is predicted that the stock will approach the 200 mark before the end of the present fiscal year, June 30 next. Net earnings of the company in the last fiscal year, ended June 30, 1915 as reported in the September number of the Fuel Oil Journal, amounted to \$8,024,692 on the issued capital of \$30,000,000. After deducting \$1,528,900 for depreciation and sinking fund reserve and \$392,465 for bad and doubtful accounts, there remained \$6,293,327 for dividends. Ten per cent was paid in dividends or \$3,000,000 and the remainder \$3,293,327 went to surplus. The importance of the control of the Producers Oil Company's earnings is evidenced by the receipts of the Texas Company from this source, amounting in round figures to \$3,200,000. Ten per cent on its capital of \$3,000,000 was paid by the Producers Oil Company in regular quarterly dividends and an extra dividend of 100 per cent or \$3,000,000 was paid late in June. Exclusive of one share each held by the directors of the Producers Oil Company and two shares by the Fidelity Trust Company of Houston all the stock of the Producers Company is owned by the Industrial Securities Company. This last named company has a contract with the Texas Company by which the dividends paid by the Producers Company are turned over to the Texas Company. Thus practically all of the money distributed by the Producers Oil Company in dividends goes to the Texas Company.

WICHITA FALLS - TEXAS

IS NOT TEXAS MADE FLOUR

The Alliance Milling Co., of Denton, Texas, has been informed on good authority that certain dealers in Wichita Falls have been offering a brand of inferior flour called 'Peacemaker' and sold in Wichita Falls.

THE ALLIANCE MILLING CO. Denton, Tex., Sept. 21, 1915.

Gentlemen: We herewith enclose you a letter from one of our customers, which is self-explanatory.

We have spent thousands of dollars in advertising PEACEMAKER, and the fact that you are selling a second grade flour under this brand in our territory is very hurtful to our trade.

We received your letter of recent date, which was very courteous indeed, and we trust that when you understand fully the effect of your selling second grade flour under our PEACEMAKER brand, which we have duly registered at Washington, is very damaging to our trade.

Believing that you will see the justice in our position, and that you will govern yourself accordingly, we remain,

Yours truly, ALLIANCE MILLING CO.

THE HIGGINSVILLE MILLING CO. Higginville, Mo., Sept. 23, 1915.

Gentlemen: We are in receipt of your courteous letter of September 21st, in regard to PEACE MAKER brand of flour.

By looking into this matter we find that you have used this brand since 1886, and we also find that you have same registered. We however, used the brand before 1886, but have never pushed same, and have used it only for ordinary grades of flour.

We have only a few customers in Texas that have been using this brand, and we are writing them to-day that in the future we will not ship our PEACE MAKER brand into the State of Texas. This will not inconvenience us very much, and we want to treat yourselves fair and square.

We are also glad to note, however, that you have no complaint to make for us to use the brand in Kansas and Arkansas and other States. We are selling a small amount of flour under this brand, in Georgia and some of the Southeastern states.

Should we ever overlook, and through a mistake ship PEACE MAKER flour into the State of Texas, we will thank you to advise us promptly so the matter can be adjusted.

Rest assured we do not want anything but what is fair and square, and as we have very little trade on this brand in Texas, we are discontinuing same.

Yours very truly, The Higginville Mfg. Co., Chas. Budde, Sales Manager.

The Peacemaker flour is on sale in Wichita Falls only by the Farmers Supply Company.

BOLL WEEVIL SPREADS OVER NEW TERRITORY

In Texas, Georgia and Alabama the Weevil Appears in New Districts This Year.

Washington, Oct. 2.—Under normal conditions the boll weevil advances into new territory at the rate of about 50 miles each year, but during a period of only two weeks during the present season there was an advance of about 100 miles.

usual dispersion. One of them was the drought in Alabama and Mississippi, which caused the plants to cease fruiting and deprived the weevils of the squares upon which they prefer to feed.

The department has placed all available forces at work to assist the farmers in the territory that has just become infested. Most of the cotton is now open and this will allow an unusually early picking so that the fall broods of the weevil can be destroyed by uprooting and burying the plants or burning them where necessary.

Another feature of the boll weevil problem which is attracting considerable attention is the damage that is being done in Texas. This season there is a more or less general impression in the eastern part of the cotton belt that the boll weevil has died out in the State of Texas, but the investigations of the department show that the abundance of the insect in that region depends on climatic conditions.

At The Theaters

"THE CLEMENCEAU CASE" AT THE MAJESTIC TUESDAY. Theda Bara has proven such a popular actress especially in this city that the features in which she stars have been demanded a second time. The Tuesday Fox program will be "The Clemenceau Case," one of the most striking of Miss Bara's latest successes, seen here a few months ago.

MAUD ALLEN AT THE EMPRESS MONDAY

Maud Allen, famed world-wide as a dancer, in "The Rug Maker's Daughter" will be presented to Wichita audiences Monday by the Empress management. In presenting Maud Allen in an ex-

quisite divertissement of dance and drama through the seductive love-story of the Far East, "The Rug Maker's Daughter," Bosworth, Inc. has departed from all known channels in moving pictures, and penetrating into an hitherto forbidden realm of modern art, has borrowed one of its most distinguished and certainly one of its most charming figures.

Maud Allen and her famous green curtain with the golden olive tree have already become in her short, meteoric career traditions of the social stage. The sensational beauty of her classical Greek dances and her dances adapted from the master works of Beethoven, Chopin, Greig, Debussy and the Cheraievsky are accepted throughout the world as the last word in this art. Her tours have extended to every corner of the globe. Her historic debut in Vienna in 1903 was sponsored by giants such as Johannes Brahms, Joseph Joachim, Eugene Ysaye and Marcel Remy. She became famous over night through-out the length and breadth of Europe. A "command" performance before the late King Edward VII at Marienbad was the forerunner of numerous enthusiastic "commands" on the part of the whole royal family in London. Her eight months' run at the Palace Theatre following her first appearance in Great Britain broke all records. She had just completed a triumphant two-year tour of Australia, India and the Orient before entering upon her special starring engagement in "The Rug Maker's Daughter" for Bosworth, Inc.

BLANCHE SWEET AT THE EMPRESS WEDNESDAY

The Wednesday Paramount program at the Empress features "The Clue" a dramatic masterpiece by Margaret Turnbull. In "The Clue" which is the fourth in her series of Lasky productions, Blanche Sweet plays the role of a wealthy American girl whose lover believes himself to have been guilty of an unintentional murder, and who stands steadfast throughout the days of tribulation, never failing in courage, understanding or sympathy. It is one of the noblest characters who has ever been called upon to impersonate, and one of the finest pieces of work she has done. "The Clue" as might be inferred from the title, is a detective drama, the central event of which is the murder of a Russian who has in his possession secret plans of the Japanese coast defense. At the time of the murder the Russian and his elder brother are both seeking to marry rich American girls, having become

intimately involved in the domestic lives of the families. Guy Bertram, who is in love with Christiana (the character played by Miss Sweet), and who has one of the Russians as his own rival, is incensed that the other Russian should be paying attention to his sister, Eve Bertram. Therefore, he would apparently have motive for the slaying. The ultimate solution of the intrigue is as unexpected as it is happy. The mystery, which has become apparently impossible of explanation, suddenly clears up in a twinkling and the expert detective sees that justice is done.

CERTIFICATE OF GLORY FOR FAMILIES OF HEROES

By Associated Press. Paris, Oct. 2.-The creation of a "certificate of glory" to perpetuate in families the memory of members who died for their country, is being considered by the cabinet. It is also proposed to have the certificate a parchment on which the name of the hero would be inscribed with an expression of the nation's gratitude signed by the president.

## AT THE CHURCHES

### Church of Christ.

Bible studies open at 9:30 a. m. We have added some class rooms and are now able to accommodate three more classes. A young men's class will be started Sunday. Also a special Bible class. Preaching at 11 a. m. and 7:30 p. m. "The Foreknowledge of God," and "Salvation by Grace," will be discussed. Prayer meeting Wednesday night. Prof. J. A. Cole of the Interstate Music Co., was with us last Wednesday.

C. A. BUCHANAN, Minister.

### Christian Church.

This is the day our revival begins. Let every member be present and if possible come to the Bible school at 9:30. Start the day in the 9:15 prayer circle in the C. W. B. M. room. This is also general promotion day in the Bible school. All pupils meet in their respective departments. After class

reports all classes are requested to march to the main auditorium and enjoy the graduating exercises to be given by the classes and departments, promoting students. Parents and all friends are asked to come and honor the child and teacher. Morning sermon at 10:45. The Power of God. Evening 7:30. The Ark a Type of the Church. Christian Endeavor 6:30. You are invited to attend these first services of the revival. John W. Bradley, will lead the singing. There will be services each evening during the week at 7:30.

F. F. WALTERS.

### Fourth Street Baptist Church.

Special services at Fourth Street Baptist Church throughout the day. The Sunday school will have promotion exercises which will begin at 9:45. Every old and new pupil is urged to be present for this is also to be a Rat-

ly Day. If you are not in school elsewhere, we cordially invite you to be with us. We have a graded school and good teachers. Preaching both morning and evening by the pastor. B. Y. P. U. at 6:45 p. m. There will be a special business meeting at this hour. Woman's Alliance, Monday at 3 p. m. Mid-week prayer meeting and choir practice Tuesday at 7:30 p. m. The stranger is cordially invited to worship with us. Ours is a home-like church.

T. E. CANNEDY, Pastor.

### NORRHOHL

### Lutheran Church (Mo. Synod.)

(11th and Holliday Sts.) Sunday school, German and English classes at 9 a. m. Bible class at 9:45 a. m. German morning worship at 10:30 a. m. There will be neither communion nor congregation meeting next Sunday, as the pastor must fill an appointment at Olney, owing to the illness of the pastor, who was to preach at the mission festival there. Our vicar, Mr. Ed Birner, will consequently lead the Sunday school and Bible class and preach in the morning service. Everybody is cordially invited to worship with us.

C. M. BEYER, Pastor.

### First Baptist Church.

Sunday school at 9:30. The new officers and teachers will be there to take charge. Many new pupils are expected. This is our Rally Day for the fall campaign and we would like to see all the former members of the school there with all the new ones you can bring. We think we have a fine set of teachers as we have had before and we are expecting to do good work the coming year. Preaching by the pastor at 11 and also 7:30. Subjects in the morning "Planning for the Kingdom" in the evening "The Deceitfulness of Sin." B. Y. P. U. at 6:30. Women's Alliance Monday afternoon at the church at 4, the pastor will lead the Bible study. Prayer meeting Wednesday evening at 7:30 at the church and Thursday at 7:30 at the Walnut St. Mission. The Wichita County Baptist Mission Board will meet at the First church Monday afternoon at 2:00. Deacons meeting at the church Sunday afternoon at 3:30.

ROSCOE C. MILLER, Pastor.

### First Methodist Episcopal Church.

(Seventh and Lamar.) All the regular services at the usual hours. Sunday school at 9:45 a. m. There was a little falling-off last Sunday all from the older classes. We parents must set a better example before our children. It was warm but we should have gone to Sunday school with the children. At least one new scholar was on hand. The record is not broken yet. Look up one or more for next Sunday. Preaching morning and evening—11 a. m. and 7:30 p. m. Notice we will begin the evening service at 7:30. Epworth League at 7. Prayer meeting at 7:30 Wednesday. We want every member of the Official

Board at church Sunday morning and ask all to tarry a few minutes after the close of the service. We must attend to some important business. The usual services at Pauls Memorial. CHAS. CLARK SMITH, Pastor.

### WHERE? AT THE CHRISTIAN CHURCH. WHEN? SUNDAY, OCTOBER 3RD.

Attend the graduating exercises of those who are promoted in the Bible school Sunday morning at 9:30. The program will be worth your while and instructive to all. See these children get their diplomas and hear them tell what they know about the Bible. Hear Walters preach his first evangelistic sermon at the morning hour. The revival meeting begins then. Come and join the choir. Bradley will lead the singing. Invite your friends. The people of the city all are asked to attend. You will be welcome. We ask the help and cooperation of all Christian people. We need this meeting. Let us make it a success. No member of the Christian church should be absent from the morning service. 22-lte

### When a Woman's Life's Worth While.

When there's someone really loves her,  
When there's someone thinks of things  
That will cheer her and delight her;  
When an arm around her clings,  
When she's part of all that happens,  
When she's partner in the firm—  
Something more than mere convenience  
Something higher than a worm.

### When there's someone thinks about her.

When there's someone really cares  
If she gets consideration,  
If in all that's done she shares;  
When she knows she's not a stranger  
To the family—though her own;  
When she knows there's someone sets  
—her  
In its center, on a throne.

### When there's someone, never tiring.

Of the sweet of days gone by  
Comes to her each day admiring  
Style of hair and shade of eye;  
Praises some quaint beauty of her,  
As he praised it in the days  
When he told her that he loved her—  
And 'twas love that made him praise.  
—Benstown Bard.

## THREE NEGROES CHARGED WITH ATTEMPT TO RAPE

Arrests Follow Struggle in Downtown Hotel Friday Night—Officers Are Investigating.

Three negroes, porters in a downtown hotel, were arrested Friday night on charges of attempt to rape, and were lodged in jail. Some white women who were at the hotel in question are the complaining witnesses. The negroes are being held for the grand jury.

While details of the affair are not forthcoming, it is understood that the women were attacked by the negroes after the latter had been soliciting for them during the evening. The women had registered at the hotel, the management being unaware of the purpose of their coming there, and the negro porters were called by the women to solicit for them. The affair took place at a hotel which has borne a good reputation. A struggle between the women and the negroes is said to have taken place, the women breaking away and notifying a man who in turn notified the officers. The negroes were taken into custody and the women went to another hotel.

Later in the evening another hotel was visited by the officers and a negro who was believed to have been soliciting was arrested on a charge of vagrancy.

# We Point With Pride

To the business that we have established in this city since our coming here a few months since. We also felicitate ourselves because of the host of friends we have made and firmly believe that the principles of fair dealing that have gained us these patrons whom we are now serving will still continue to increase their number. We carry the stock of an up to date establishment, we give the service second to none and we keep the prices within the reach of all.
