

PRESIDENT WILL BE MARRIED FIRST WEEK IN DECEMBER

ANNOUNCEMENT OF ENGAGEMENT RECEIVED WITH MUCH INTEREST—CEREMONY TO BE AT BRIDE'S HOME.

IS THIRD IN AMERICAN HISTORY

Chief Executive and His Betrothed Will Go to New York Tomorrow to be the Guests of Colonel House at a House Party.

By Associated Press. Washington, Oct. 7.—President Wilson and Mrs. Norman Galt, whose engagement was announced last night at the White House, will be married probably the first week in December. The ceremony will be private, only a few close friends being invited, and will take place at the home of the bride on New Hampshire Avenue, near Dupont Circle. Plans for the wedding trip have not been completed, but it was indicated today that the trip might include a visit to the San Diego exposition.

Congratulations were pouring into the White House today from officials, diplomats, relatives and friends of the president. In the face of an acute international situation, the announcement that President Wilson would marry again has freshened questions of international and domestic importance.

For the third time in American history a president of the United States will take a bride. In choosing to have the ceremony performed, not in the White House, but at the home of the bride, Mr. Wilson follows a precedent set by President Tyler, who married in New York. President Cleveland, the only other chief executive to be married while in office, was married in the White House.

President Wilson and Mrs. Galt will make their first appearance together in public, since the announcement of their engagement, tomorrow in New York, where they will go to a house party given by the president's close friend, Col. E. M. House. Tomorrow evening they will attend a theatre party in New York and the next day on the return to Washington will see the second game of the world baseball championship series at Philadelphia.

Col. House who was one of the few who knew of the president's coming engagement long before the news was permitted to reach the public, planned the house party sometime ago. Other friends were planning pre-nuptial affairs, and the White House which for more than a year has been observing a period of mourning will begin to take on its old aspect of social activities and again become a center for many of the best known people in the American social circles.

The time of the wedding coming probably almost at the opening of Congress and the return of the diplomatic corps to the capital, from the summer embassies, will signalize the full swing of the Washington social season.

President Wilson is a Presbyterian and Mrs. Galt an Episcopalian and no decision has been reached as to which service will be used at the wedding. Mrs. Galt is a member of St. Thomas Episcopal Church here. The president has given Mrs. Galt no engagement ring and one may be purchased on the trip to New York tomorrow.

TORPEDO BOATS GUARDING BOSTON FROM MOCK ATTACK

Forts Called On to "Defend" Harbor As Part of Fleet Maneuvers Now in Progress.

By Associated Press. Boston, Oct. 7.—While the main part of the Atlantic fleet is engaged in war maneuvers along the whole Atlantic coast, a detachment of torpedo boat destroyers was detailed today to participate in a "war game" distinct from the larger operation. On the theory that the enemy had landed an army north of Boston and was preparing for a direct assault on the harbor defenses, the various forts were called upon to summons all their powers of defense.

ANOTHER TROPICAL STORM IS APPROACHING GULF COAST

Warnings are Ordered Displayed all Along Coast—Disturbance Seems Well Defined

By Associated Press. Washington, D. C., Oct. 7.—Another tropical storm appeared to be approaching the gulf coast today according to weather bureau reports. Storm warnings were ordered displayed from Mobile to Cedar Keys. Radio reports indicated a well defined disturbance in the Central Gulf of Mexico.

CONGRESS TO FACE REVENUE PROBLEM

ADDITIONAL FUNDS WILL BE REQUIRED TO MEET LARGER APPROPRIATIONS.

SUGGEST PANAMA CANAL BONDS

Lowering of Exemption of Income Tax Law is Also Proposed as Means to Meet Needs.

By Associated Press. Washington, Oct. 7.—Possibility of additional revenue legislation being asked of Congress at its next session by the administration, aside from the retention of the present duty on sugar and the extension of the emergency act law, was widely discussed here today.

Secretary McAdoo, in announcing that legislation on these two measures would be recommended, stated that he was unable to state now what, if any additional revenue measures might be necessary. More revenue is imperative, it is pointed out, in view of the prospect for increased appropriations for national defense without any cut in other expenses.

Two measures have been talked of; one is an issue of Panama canal bonds and the other is the lowering of the exemption of the income tax law.

NAVAL ADVISORY BOARD IN EXECUTIVE SESSION TODAY

Organization is Effected by Election of Chairman and Secretary—New Yorker Chosen

By Associated Press. Washington, D. C., Oct. 7.—The naval advisory board of inventors held its organization meeting today in executive session. It was reported that Dr. Peter Cooper Hewitt of New York was elected chairman. Later it was announced that Thomas Robbins of Stamford, Conn., who observed military conditions at the front in France during the present war, had been elected secretary of the board.

LANSING PREPARING FOR PAN AMERICAN CONFERENCE

Silliman Says Forces of Carranza are Strengthened and Conditions Improved

By Associated Press. Washington, D. C., Oct. 7.—Secretary Lansing conferred on the Mexican situation with John R. Silliman, state department special representative at Vera Cruz and with Ambassador Nease of Argentina, preliminary to the third Pan-American conference here Saturday. Later the secretary said, he had no announcement to make.

Conditions at Vera Cruz, Mr. Silliman said, were much better than supposed in the United States. The Carranza movement has unified, he said, and he believed General Carranza sincere in his promises of carrying out the plan of Guadalupe, Carranza's great superiority in numbers, Mr. Silliman thought, would make it possible to subdue Zapata raiders. Mr. Silliman said he was under orders to remain at the disposition of the secretary of state for the present. He expects to return to Vera Cruz where he left Mrs. Silliman.

QUIET REIGNS LAST NIGHT ALL ALONG RIO GRANDE BORDER

Very Few Mexicans in Evidence, Two Wakaes Have Elapsed Since Last Attack Was Made

By Associated Press. Brownsville, Tex., Oct. 7.—Army patrols reported an undisturbed night along this section of the Rio Grande. Very few Mexicans were seen on the Mexican side of the river, while those were mostly small squads of troops. For several nights American patrols have heard the drums of dancing parties opposite the regions where the last raid into American territory was made, two weeks ago tonight.

WIFE OF ENGLISH PASTOR IS GIVEN SENTENCE AS SPY

By Associated Press. London, Oct. 7.—Mrs. Louise S. C. Herbert, German wife of a British pastor at Darlington, has been sent to prison for six months as a spy. Outwardly a staunch British subject, it was proved that she obtained from her servant girl information concerning a munitions factory, and moreover made sketches of streets where troops were quartered. These activities, together with the fact that the addresses of a number of Germans were found among her belongings, brought about her conviction.

INSTRUCT VERDICT OF ACQUITTAL IN SECOND FRY CASE

ERROR OF INDICTMENT CAUSES STATE'S ATTORNEYS TO BRING FORGERY TRIAL TO AN ABRUPT END TODAY.

WRONG BANK IS NAMED IN BILL

Came Error May Be Found in Other Indictments—Young County Witnesses Return Home This Afternoon. Some Evidence Taken.

The trial of E. W. Fry on the second of the 49 indictments charging forgery came to an abrupt close soon after court opened this morning when the state's attorneys discovered that the check on which the indictment was based had been cashed through the Beckham National Bank of Graham instead of the Graham National Bank as alleged in the indictment. This was called to Judge Nicholson's attention by the attorneys for the state and they asked that further proceedings on this indictment be stopped and that the jury be instructed to return a verdict of acquittal which was done.

The remaining cases were passed for the present but will probably be taken up later in the term which will continue until next March. It is probable that several other indictments will have to be thrown out on account of the same error.

One witness today examined this morning before the discovery was announced. This witness was T. E. Jones, a farmer living near Graham. The check on which the indictment was based was drawn in favor of T. E. Jones and bore the indorsement "T. E. Jones." Mr. Jones testified that he had never worked on the county roads and had received no warrant or check.

He said the indorsement on the check in question was not his handwriting and that he had never indorsed such a check. On cross examination he admitted that there might have been other men by the name of "T. E. Jones" employed in road work for Young county without his knowledge.

The ending of the trial came as a pleasing surprise to a number of witnesses here from Young county. Some of them had been here since the preceding trial opened more than ten days ago and time was passing heavily. Practically all of the witnesses left for their homes this afternoon.

Wednesday Afternoon's Testimony. The testimony of J. B. Padgett who was the first witness Wednesday afternoon was much the same as at the previous trial. He was questioned as to the practice in issuing checks on warrants and other practices in the county government.

Miss Eula McCain, the second witness for the state, who was employed in "Tankersley and Fry's" abstract office in 1912 and 1913 and was also employed by Judge Fry from September, 1914 to February, 1915, and who had been a deputy county clerk of Young county apparently surprised the state's attorneys when she testified that the indorsement on the J. M. Watson, the E. E. Jones and a number of other checks which were offered in evidence were not in Judge Fry's handwriting. Included in the number was a check payable to J. C. Clark issued in August, 1912 for \$52.50 which was endorsed "J. C. Clark," "Tankersley and Fry" and "Eula McCain." This check was from the county treasurer of Young county.

Miss McCain testified it had been given her by the firm as payment for a question submitted by the state's attorney the witness testified that she was not a handwriting expert.

Miss McCain's testimony closed yesterday's session. Judge Nicholson announced that court would be reconvened this morning at 8:30 and that the afternoon session would continue until 6 p. m. He said it might be necessary to hold night sessions.

BRITISH CLAIMS RESULT FROM VERA CRUZ INCIDENT.

By Associated Press. Washington, D. C., Oct. 6.—Claim of British residents of Vera Cruz for between \$40,000 and \$50,000 arising from requisitions by the American forces which occupied the city last year soon will be filed with the state department Charge Hohler of the British legation in Mexico is handling the matter. The principal claimant is the British owned light and power company of Vera Cruz for property taken by the American troops.

POWDER EXPLOSION CAUSES FOUR DEATHS

SHIPMENT INTENDED FOR AL LIES IS BLOWN UP AT PENNSYLVANIA TOWN

ACCIDENTAL, OFFICIALS REPORT

Property Loss is Estimated at \$351,000—Four Deaths Result and Seven Men are Injured.

By Associated Press. Emporium, Pa., Oct. 7.—Four men killed, another probably fatally hurt and six seriously injured, it was stated today were the casualties resulting from an explosion last night at the plant of the Aetna Explosive company, of smokeless powder, prepared for shipment today to the allies. Officials informally said today the explosion was accidental and estimated the property loss at \$351,000.

COOKE COUNTY MAN IS APPOINTED GIN INSPECTOR

By Associated Press. Austin, Oct. 7.—J. P. McDanel of Cooke county, former chairman of the state executive committee of the Farmers' Union, was today appointed a state gin inspector, under the permanent warehouse law. He has been assigned to territory contiguous to Cooke county.

QUARANTINE BY 15 STATES AGAINST ILLINOIS PLANNED

Step is Being Considered as Result of Foot and Mouth Disease Among Cattle

By Associated Press. Fort Worth, Oct. 7.—Texas, with fifteen other states, may quarantine against Illinois because of the foot and mouth disease, said J. H. Avery, chairman of the Texas Live Stock Sanitary Commission today. He recently attended a conference at Kansas City.

GERMANS COMPARE GREEK SITUATION WITH BELGIUM

Berlin, Oct. 7.—Berlin newspapers characterize the landing of French troops at Saloniki as an act of violence and dwell upon what they term the inconsistency of the entente powers, which denounced the German invasion of Belgium, is now overriding the neutrality of Greece, which differs from the attitude of Belgium prior to the war.

"It is certain," says the Tages-Zeitung, "that the entente powers are the aggressors against Bulgaria, for only a short time ago King Ferdinand declared it would not be impossible to avert war with Serbia," and her sovereignty, threatened by Russia, because of Bulgaria's declaration to participate in the war against Turkey."

SYNDICATE WILL PLANT 5,000 ACRES OF WHEAT.

Plainview, Tex., Oct. 7.—The Pearson syndicate, a large English concern, will plant 5,000 acres of its land in this section in wheat this fall, it was announced here today. Last year 2,200 acres were planted in wheat, and the yield on the non-irrigated tracts was from 20 to 45 bushels to the acre.

MANY APPLICATIONS FOR TEACHING JOBS RECEIVED.

Austin, Tex., Oct. 7.—The state department of education is being flooded with applications from persons desiring to teach in the public schools of the state. This deluge of applications was caused by the misinterpretation of a recent order issued by the state superintendent, for a special examination for teachers to be held throughout the state October 13-16. Many believed that this special examination became necessary because of a shortage of teachers. So great became the numbers who have written the state superintendent that he had to issue a statement to the effect that there is no scarcity of teachers, and in fact the supply greatly exceeds the demand.

The special examination, it is pointed out, was held to accommodate many who wished to obtain certificates to teach and have not heretofore had a chance to stand an examination.

GREATEST CROP EVER GROWN IN ANY COUNTRY RAISED THIS YEAR.

FAR EXCEEDS CROP OF 1912

Corn Crop is in Excess of Three Billion Bushels, But Falls Short of Previous High Mark.

COOKE COUNTY MAN IS APPOINTED GIN INSPECTOR

By Associated Press. Washington, D. C., Oct. 7.—A billion bushel wheat crop, the greatest ever known in any country, was produced in the United States this year, the government preliminary estimate of the great crop, made today, placed it at 1,200,029,000 bushels or 111,000,000 larger than the record crop of 1912.

The corn crop now approaching maturity is estimated at 3,026,159,000 bushels, or 98,000,000 less than that of the record crop.

CARRANZA SAYS SITUATION IN MEXICO IS IMPROVED.

By Associated Press. Washington, D. C., Oct. 7.—In a personal message to his agency here, General Carranza asserts the general situation throughout Mexico was constantly improving and that his attention was now concentrated upon the restoration of railway and communication lines. The main line between Vera Cruz and Mexico City, he said, was harassed by several small bands of Zapata followers who were being vigorously pursued. The message denied that band it had blown up a passenger train recently as had been reported.

MAY USE LIGHTING FIXTURES TO SUPPLY COPPER SHORTAGE

Report Says Germany is to Take Even Chandeliers and Statues to Meet Demand

By Associated Press. London, Oct. 7.—The German ministry has announced that owing to a scarcity of copper all chandeliers and lighting apparatus as well as works of art, such as statues will be taken over by the government, says an Amsterdam dispatch. Lighting apparatus not in daily use will be taken first, but it is stated that the government stock will have to seize all the copper in Germany.

ALLEGES TAMPERING WITH TALES MEN IN MURDER CASE.

By Associated Press. Los Angeles, Oct. 7.—Judge Frank R. Willis has ordered an investigation of an alleged tampering with the tales men now being examined as prospective jurors in the trial of Matthew A. Schmidt, charged with the murder of Charles Haggerty, in connection with the dynamiting in 1910 of the Los Angeles Times building.

PACKERS PROTEST AGAINST ATTITUDE OF GREAT BRITAIN

Ask State Department to Object to Requirement That Advance Notice be Given.

By Associated Press. Washington, D. C., Oct. 7.—Counsel for several packing houses filed with the state department today a protest against the British requirement of advance notice of future freight bookings from New York to neutral points on the Scandinavian-American lines. The department is asked to protest against the principle that the British government must be asked to sanction shipments to a neutral port.

RAILROADS PREPARING TO HANDLE BIG STOCK SHIPMENT

Five Thousand Head of Cattle From Waggoner Ranch Will be Moved Shortly.

The Wichita Valley and Fort Worth and Denver are preparing to handle a shipment of about 5,000 head of cattle from Fulda from the Waggoner ranch. The cattle have been bought by a Mr. Todd who is shipping some of them to Hicks near Fort Worth and to Oklahoma points where they will be fed this winter. There will be more than 150 cars in the shipment and they will be moved in special trains. Loading will begin at Fulda tomorrow. Several days will be required to get all the cattle loaded.

ACTIVE PARTICIPATION OF BULGARIA EXPECTED SOON

New Coalition Cabinet in Greece—Germans Renew Dvinsk Attack—French Take Town

By Associated Press.

London, Oct. 7.—The long expected Teutonic drive into Serbia has begun. Berlin today announced that German and Austrian forces have crossed the Drina, Save and Danube rivers. The Teutonic purpose is generally conceded to be a push through Serbia involving the crushing of Serbian military power. This would bring them to Bulgaria and Constantinople. Serbia is to be assisted in resisting the Teutonic effort by French and British troops some of whom are already on Serbian soil.

The Teutonic invasion may precipitate the crisis in the Balkans. Recent developments have shown that Bulgaria was likely to co-operate with Germany and Austria by attacking Serbia from the east. An army of French and British troops has been landed at Saloniki, Greece and sent to Serbia. There have been given out no authoritative figures of the number of Teutonic troops detached for this campaign. Unofficial dispatches have estimated the number at 60,000 to 500,000 or more. It is reported that Field Marshal Von Mackensen is in charge of these operations. The German plan of campaign is believed to be to force a way through Serbia and if either the active assistance or the passive neutrality of Bulgaria is obtained, to reach the sea of Marmora and give assistance to the Turkish army.

The allies having broken off diplomatic relations with Bulgaria, news is momentarily expected of that nation's active participation in the war on the side of the central powers.

Her king and the late leader of her government being at odds, Greece is forming a coalition cabinet pending the conception of which her policy will be obscure. There are no misgivings in England, however, that she will co-operate in any way with Bulgaria. The cabinet crisis has in no manner impeded the landing of allied troops at Saloniki and the fact that these forces are on Greek soil is considered the best guarantee that Greece ultimately must align herself with the entente powers, with which Premier-elect Zaimis is in sympathy.

Champagne in the west and Dvinsk in the east are now the scenes of struggles most likely to bring decisive results. The Germans are still engaged in concentrating against Dvinsk evidently bent on a supreme effort to take the city. The Russians, however, are delivering hard blows all along the line and the British and French press professes to see a general Russian recovery, for which the activities of the allies in the west are given credit.

Capture by the French of the village and hills of Tahure is a success of considerable local importance. The hill although less than 200 feet high, was one of the most important German positions in that section. On most of the remainder of the French front there is still in progress the violent cannonading which usually precedes infantry attacks.

Alexander Zaimis is forming a new Greek cabinet, in which leaders of the opposition will be given representation, according to Athens dispatches. Four former premiers will be members of the coalition ministry, it is declared. Already British troops have begun to arrive at Saloniki, according to Athens advices.

Well, After All, WHAT'S IN A NAME?

A familiar phrase, to the most of you. But how many have paused long enough to weigh the question on its merits? Instead of passing it off that there is nothing in a name, think for a minute, of the great men who have spent their lives and fortunes, building up a name that would be readily recognized as reliable, and above reproach.

The Schulz Baking Co., of Chicago, have spent three million dollars, in perfecting a plant, for the manufacture of a perfect loaf of bread. And have named it Butter Nut. Not that there is Butter and Nuts in the bread, but it derives its name, from the rich Nutty flavor that is in the bread, obtained by the amount of sugar and shortening added, and the Nutty flavor of the natural wheat, retained by scientific fermentation, and scientifically baked.

Mr. Stampfl has spent thousands of dollars to modernize his plant for the manufacture of Butter Nut Bread. And hired a special representative from the Schulz Baking Co., to instruct us in the science of its manufacture, so that the Name Butter Nut Bread, will mean to you, a loaf of bread with a real flavor, digestible, and nutritious. (Every loaf bears the blue label). Beware of imitations. For fads and fancies are all the rage. Imitations are in every store.

ATHLETIC ASSOCIATION IS PLANNED BY KATY EMPLOYES

Y. M. C. A. Secretary is Here to Interest Local Men and Will Speak Tonight.

W. B. Hall, international secretary of the Railroad Y. M. C. A., will address the employees of the M. K. R. here at the Lydia playhouse tonight relative to the athletic organization being perfected among the Katy employees over the entire system. He will speak at 7:30.

An athletic association was formed among the Katy employees at Parsons, Kansas on October 1. J. Bradshaw attended as a representative from Wichita Falls. Mr. Bradshaw will give a report of the meeting tonight. An athletic meeting in which all the districts of the Katy system will participate will be held at Denison, November 6th. All employees of the Katy are invited to attend the meeting tonight.

Chinaman's Dog Is Killed For Biting District Attorney

As a result of a chance meeting between a dog and District Attorney Leslie Humphrey, the former is dead and the latter has a sore wrist. The dog was the property of a Chinaman on Tenth street, and when the district attorney was passing the Chinaman's shop, his hat blew off; as he stooped to pick it up, he disturbed the dog, which resented it after the manner of dogs. Mr. Humphrey complained to the Chinaman, who cheerfully informed him that it was all right; that the dog was mad. Investigation showed nothing wrong with the dog except a generally peevish disposition, but it was ordered killed. Mr. Humphrey's wrist is practically healed and no trouble is anticipated from it. Asked what variety of dog it was, the Chinaman replied that it was a "farmer dog, like a tiger."

MAN 87 YEARS OLD IS NOW SERVING IN GERMAN ARMY.

By Associated Press.
Bismarck, Oct. 7.—The man who probably is the oldest to serve actively in the German army is 87-year-old Chief Hospital Inspector Engel of Thale, who went through the campaign of 1870-71 as hospital inspector, then became barracks inspector, retired five years ago on a pension and then enlisted for present war. He was first called upon to organize a hospital in Oeschersleben, and then was put in charge of the institution in Thale, with its 468 beds. Max Metzger of Landau on the Palatinate, aged 70, another veteran of 1870, is one of the comparatively few whose son and grandson are actively serving along with him in the war. He volunteered from Karlsruhe last fall, and now he is a non-commissioned officer in the Grenadier Body Guards. His son, Siegmund Metzger, aged 44, is a corporal in a force stationed at Karlsruhe. The latter's son, seventeen years old, is a non-commissioned officer in a Baden infantry regiment now at the front.

At The Theaters

The Gem.
Included in today's program at the Gem is a Vitagraph drama of marked interest, "The Scar." In spite of the terrifying accumulation of evidence against him, John Morton, found guilty of murder in the first degree, was saved from the chair by a witness recognizing on the victim's hand a peculiar scar. This, in brief, is the story of Vitagraph's gripping three part feature, "The Scar." A remarkable tale is unfolded of how the cocaine crazed assassin had tried to cover up his crime and fasten it on another. The murderer is landed in a cell to await the time when he shall walk through the little green door, while the prisoner is freed and reunited with his loved ones.

Little Wooden Shoes. Emilie Chaudard, the director of the World Film photoplay, "The Boss" directed "The Little Dutch Girl" and he has succeeded in making a picture which gives Miss Martin a splendid chance for manifesting to the eye all those graceful personal attributes for which the young lady is deservedly famous. Vivian Martin, in fact, is just the Vivian Martin of the piquantly pleasing "The Wishing Ring" and that says a great deal, for in this picture she won immense popularity amongst motion picture theatregoers. "The Little Dutch Girl" draws upon her fund of pathos as well as of humor—she has to show emotion as well as gaiety. "The Little Dutch Girl" was a tiny, founding adopted by a delightful old gardener who, when he died, left to the young girl the cottage and garden in which he had spent his life. Then love came. A handsome young artist was the object of her attachment; but alas! the poor little Dutch girl discovered that she was not the only object of the artist's affections. So she died—a lovely flower cut off in her early maidenhood.

TEAM COMPARISON SHOWS ADVANTAGE WITH RED SOX

Superior in Pitching, Outfielding and Base Running According to Dope How Teams Stack Up.

New York, Oct. 7.—Comparison of the Boston Red Sox and Phil teams in their entirety for the world series gives the bulge to the American Leaguers. First comes pitching. Man for man the Sox have the advantage. Alexander of the Phils is better than anything the Sox have, but he can't pitch every day and the other Phil hurlers can't hold the Sox catapulters even.

The Sox have the best outfield. The infield stacks up about even. The Phils lead in catching. The clubs should hit about the same in a world series test. The Sox have a little the best of it in base running.

Part of the gain made by the Phils by having the best of the catching is taken away by the fact that the Sox are not running much. The Phil catchers are great throwers, but the Sox are not in shape to try much stealing. They have fast men, but all of them have suffered injuries that interfere with path work.

The Sox outfield, composed of Lewis, Speaker and Hooper, is the greatest in the country in defensive play. As to individuals, the only reason Dodey Paskert, Phil center fielder, runs second to Tris Speaker, Sox middle gardner, is that there is not an outfielder anywhere who covers as much ground as Speaker.

On the infield, Luders, at first for the Phils, has hit better against all kinds of pitching, than Hoblit and Gainer, of the Sox, have hit against their favorite brand, but this Hoblit zeal is a bear cat in a crucial test. They field about even. Bert Niehoff will hold his own in comparison to Jack Barry at second. Bancroft, at short, is a brilliant performer both in the field and at bat and has the bulge on Scott of the Sox.

Either Bobby Byrne or Stock, of the Phils, will hold Larry Gardner even at the third corner. The Phil will have the edge there if Byrne is able to play. As to playing conditions, the teams are even. Both have had to hustle through many months to hold their lead and both have had players banged up to about the same extent. The time for rest before the start is about the same.

Figures Far Below Those of Year Ago, As Result of the War. Weddings Less Frequent.

By Associated Press.
 Berlin, Oct. 7.—Both in the number of births and the marriages in Berlin, the effect of the war is clearly being indicated. The former, during the month of this year, dropped off by 25 per cent, and the latter in August showed an even more marked decrease. The number of births in the entire city for July was but 2,415, as against 3,224 in July, 1914. This falling off has gradually been increasing, as far as percentage is concerned. Though figures for August are not yet available it is believed that an even greater decrease will be found. The big residential suburb of Wilhelmsdorf, one of the largest in Berlin, gives a line on the ever-decreasing

marrriages in the city. In all of August, 1915, only sixty-two weddings took place in Wilhelmsdorf, as against 264 one year ago. Many of the latter it is true, were so-called "war-weddings"—marrriages performed ahead of schedule time in order that the men could go to war—but in 1913, a normal year, seventy-eight weddings took place.

Mary's Lamb.
Mary had a little lamb,
The secret now is out,
The beau who took her out to dine
Was broke, or just about.
He couldn't stand for quail on toast,
She never cared for ham;
So Mary thought the matter o'er
And had a little lamb.

Detroit Times.
Mary had a little lamb,
We know the reason why:
Mary in the restaurant
Had called for chicken pie,
And lamb has chicken skinned in pie.
So chicken pie's a sham;
So, though she did not know it,
Mary had a little lamb.

NEW IDEA CLUB MEETS WITH MRS. FRIBERG

Mrs. G. E. Friberg was hostess to the New Idea Club at its meeting Wednesday for a very enjoyable session. There was the usual work with the embroidery needles, and late in the afternoon, the hostess, assisted by her daughters, Misses Nettie and Estelle, served a refreshment course which included chicken sandwiches, olives, pumpkin pie, coffee and mints. The members remembered the "club baby" which recently arrived at the home of Mrs. L. W. Newton, with a silver fork and pusher. The next meeting will be with Mrs. E. V. Friberg. Those present Wednesday were: Mesdames J. J. Simon, M. E. Carey, E. Dellis, A. C. Wilson, Harry Thornberry, E. V. Friberg, Houston Simmons and T. E. Dobson.

SEASON'S FIRST MEETING OF HOME-ECONOMICS CLUB

The Home Economics Club resumed its activities Wednesday afternoon with an interesting session at the high school. Mrs. Harry Robertson being leader. The program included a paper by Miss Mills on furnishing of dining room, bedrooms and kitchen, a demonstration of "accommodation salad" by Mrs. R. G. Scheurer and a demonstration of "cheese straws" by Mrs. Wallace Little. Several new names were added to the membership roll. Those present were Mesdames Scheurer, Little, Harry Robertson, Nicholson, Rhodes, Bert Bean, A. P. Ferguson, V. H. Shepherd, Misses Brown and Mills.

NEW CENTURY CLUB OPENS YEAR OF WORK WEDNESDAY

Sessions were resumed Wednesday by the New Century Club, after the summer vacation. The opening session of the season being with Mrs. Wade Walker. Members responded to roll call with facts about the Panama-Pacific exposition. The greeting of the new president, Mrs. R. C. Smith, and the response by Mrs. Whitney were pleasing features of the program, the meeting being largely social in nature. There was a parliamentary drill and Mrs. C. B. Felder was elected a new member. The hostess served a delicious refreshment course at the conclusion of the session. The next meeting will be with Mrs. Whitney at her home in the country. Members present at Wednesday's session were Mesdames Guest, Barnside, Gisham, Bralley, Smith, Whitney, Wood, Barnard, Pounds, Azama, Hartsook, Lee, Gardner, Montgomery, Snider, Silk and Walker.

CONGENIAL CROCHET CLUB MEETS AT A. J. ANDREE HOME

An unusually good time was reported by the members of the Congenial Crochet Club who met at the home of Mrs. A. J. Andree Wednesday afternoon. The usual crocheting formed the principal diversion. Mrs. Roy Marquand was the guest of the afternoon and assisted her mother in serving the enjoyable refreshment. Mrs. J. B. Dollard will be the next hostess. Present Wednesday were Mesdames Taylor, Snyder, Doak, C. A. Andree, Brown, Corkhill and the hostess.

RESUMPTION OF SESSIONS BY ART LITERATURE CLUB

The Art Literature Club began another season Tuesday, opening the club year with a session at the home of Mrs. H. E. Baker. The members responded to roll call with vacation experiences, many of which were interesting and exciting, several telling of long and pleasant trips they had taken. This was the principal feature of the meeting, the lesson being dispensed with sending the arrival of the necessary books. A letter from the general federation was read and laid on the table. The resignation of Mrs. Presley as treasurer was received and Mrs. Phillips was chosen in her stead. Mrs. Carlthurs was re-elected an active member of the club and Mesdames Reed and Steel were placed on the waiting list. An interesting event of the session was the presentation of a tray of gifts to the retiring treasurer, Mrs. Presley, little Miss Lucille Rountree serving as gift bearer. Refreshments of ice cream and cake were served at the conclusion of the very pleasant session.

MRS. E. F. BROWN HOSTESS TO FRIENDS WEDNESDAY

Mrs. E. F. Brown entertained a number of friends informally but very delightfully Wednesday afternoon. Chocolate and wafers were served during the afternoon to the following: Mesdames J. T. Carter, A. C. Traxler, Barringer, R. J. Miller, McLemore, Quinn, Holmase, Everton and J. V. Carter.

MISS MCGREGOR ENTERTAINS IN HONOR OF BRIDE TO BE

Miss Ann Freear, one of the October brides, was the honoree at a very delightful affair Wednesday afternoon at the home of Miss Lillian McGregor. There were nine tables of bridge, and in the fut for the favor, Miss Mozelle Hart was successful, receiving a bottle of Lestrelle perfume. The guest favor, an embroidered apron, went to Miss Freear. The McGregor home had been tastefully decorated for the occasion, the scheme being pink and white; ferns and pink roses were employed profusely to give the scene its festive settings. The refreshment course carried out the bridal idea. The cream, being served in the form of a bridal supper, filled with cherries. Those present were Misses Ann Freear, Agnes Reid, Ann Carrigan, Mabel Simpson, Kathleen Blair, Genevieve Carver, Bess Kell, Bertha Mae Kemp, Mary Orth, Mozelle Hart, Clara Bell Blair, Orvetta Wyatt, Alice Burnside, Grace Nolan, Nanzy of Kentucky, Florence Simmons, Lillian Avis, Blanche Kahn, Mesdames Ben Bell, Merrill Blair, Wiley Blair, Murchison, W. N. Maer, Earl Clayton, H. J. Penton, C. P. Moore, Frank Cullinan, Mike Walker, Walter Robertson, Everett Jones, H. A. Allen, O. F. Marchman, W. B. Sheppard, T. B. Greenwood, T. T. Reese, M. R. Garrison.

MONROE SEWING CIRCLE MEETS WITH MRS. BRODAY

Mrs. Bert Broday was hostess Wednesday evening to the Monroe Sewing Circle, the members gathering at her home for a pleasant round of needlework and conversation. The next meeting will be with Mrs. Williams. Those present Wednesday were Mesdames Thorburn, Bennett, Williams, McConnell, Faulks, Chauncey and Mrs. Broday.

REMOVAL OF BULLET FROM MAN'S HEART IS REPORTED

Unique and Dangerous Operation is Performed by German Physicians on Wounded Man

By Associated Press.
Berlin, Oct. 7.—The opening of a chamber of the heart and extracting a bullet is reported by Prof. Freund and Dr. Caspersen in the current number of the Munch Medical Weekly. The patient was a young soldier who had recovered from a bullet wound through the liver. Upon X-ray examination preceding his discharge from the hospital a foreign object was discerned in the heart. It moved synchronously with the heart's pulsations and the physicians decided that it was a shrapnel bullet. To prevent possible dangerous complications it was determined to remove the bullet. The breast was opened, the pericardium slit sufficiently to permit the heart to be brought forward, a quick incision was made in the right ventricle and the bullet was immediately found and removed. Much blood was lost, but the bleeding stopped after prompt stitching, and the patient made a complete recovery.

The bullet which weighed twelve grams had taken a most erratic and extraordinary course. It struck the soldier on the left shoulder from above, as he was storming forward, inflicting but a flesh wound. It passed down and diagonally across the body, barely marking the skin, was deflected by a cartridge box and entered the liver, passing completely through it, the yena cava, one of the two trunk veins that empty into the heart. The bloodstream conveyed it thence into the right ventricle of the heart.

CHILDREN'S HOSPITAL IS NOW FULL OF WOUNDED.

By Associated Press.
Zurich, Oct. 7.—In this east town there is one of the largest military hospitals in France. Founded in 1908 as a hospital for deformed and tuberculous children, it has one feature betokening the foresight of its founders. Although intended solely for children, all the beds, baths and operating tables were constructed full-length in case there should be war. Now every one of the nearly 2,000 beds contains a wounded French soldier. This hospital, by the way, bears on its front walls the marks of bombs dropped by a Taube. The bricks were cracked and the glass in several windows broken, bomb having fallen about ten feet in front of the structure. There is no other building within a quarter of a mile. Not far away is a military cemetery, adjoining the village church with its hundreds of cross-shaped wooden crosses, each bearing the name of the soldier beneath. One grave alone has an upright post only, not a cross. It marks the grave of a soldier who was known to be a Jew.

FRANCE SPENDS HUGE SUMS FOR ARTILLERY AND SHELLS

Effort to Accumulate Reserve Supplies is Very Costly According to Expenditure Totals.

By Associated Press.

Paris, Oct. 7.—France's growing effort to accumulate artillery and ammunition is shown in an analysis of war expenditures. The total for fourteen months shows over three billion francs (\$600,000,000) spent for cannon and ammunition at the rate of 106 millions a month in 1914, 325 millions a month during the first half of 1915 and 370 millions a month during the quarter ending September 30th. The expenditure for artillery and ammunition are exceeded only by the item of food and forage which amounted to four billion 360 million francs. Next in order comes the clothing and quartering of the troops about two billions 600 millions and the pay of the troops about two billions. Vehicles, including automobiles were bought to the amount of 223 million francs and a billion and a half was paid for horses and mules. The sanitary department has cost 647 millions to date an average of 28 millions a month during 1914 and 53 millions a month in 1915. The total expenditure for distinctly military operations from July 31, 1914, to Sept. 30, 1915, is about sixteen billion francs, making up 73 per cent of the budget during that period. A billion and a half francs has been spent for the relief of soldiers' families and workers thrown out of employment while 190 millions have been spent for the feeding and sheltering of refugees. The subscription to the National Defense bonds and obligations have furnished 66 per cent of the funds for the total expenditures of twenty-two billions during the fourteen months ending September 30th, the established taxes have produced 16 per cent and the remaining 18 per cent has been advanced by the Bank of France.

Announcement of the engagement of President Woodrow Wilson, was made at the White House last night. The prospective mistress of the White House is Mrs. Galt, the widow of a Washington merchant, and it is said the wedding is to be in December.

It is said the American underwriters of the Anglo-French loan of \$500,000,000 will realize a commission of \$8,500,000 or 1.7 per cent. The borrowers will pay 5 per cent on the un-abridged principal, making the loan cost in all 6.7 per cent. One London newspaper says that it would have been less humiliating had the loan been turned down rather than accept it at such a high rate of interest.

From the way he is moving around over the state, making speeches here and there in defense of his two administrations, one may expect to hear soon that ex-Governor Campbell has entered the long list of aspirants for the senatorship. Why he is relaxing this announcement can hardly be explained, unless it is that he is waiting to see what Senator Culberson is going to do.

The Santa Fe railroad has assumed full responsibility for the explosion of an oil tank at Ardmore that killed more than forty people and destroyed property to the amount of more than one-half million dollars, and has given notice to all claimants for damages that it will settle without being forced to do so by court procedure. This step is taken, it is said, to head off a bunch of what is commonly termed "ambulance chasing lawyers," and also with the idea that those who have claims will be more reasonable in their demands.

The Masons of this city have at last made arrangements to get the money at a low rate of interest with which to construct their Temple at the corner of 10th and Scott, and within less than six months they expect to be holding their meetings under their own roof. The Wichita Southern Life Insurance Company, a home enterprise, will furnish all the money necessary for that purpose at 6 per cent interest per annum. For the past year or more the Masons have been seeking a loan at a reasonable rate of interest for this purpose, but have met with refusals, or propositions with so much red tape attached that amounted to the same thing. The only condition upon which the Wichita Southern proposed to make the loan was that the Masons in turn secure for them insurance risks to the amount of \$100,000. At a luncheon held at the Masonic Hall last night Mr. Greenwood, the manager, made that sort of proposition to the Masons, and though only about one-half the members were present the \$100,000 life insurance was subscribed for in less than half-an-hour after the proposition was made. It was a neat and at the same time a very substantial way for the life insurance company to show their appreciation of the generous patronage bestowed upon it by home people, and the Masons will not soon forget it.

We don't know which is most to be praised for the high price of cotton

the Hamilton Herald for getting cheap money on warehouse receipts or the Fort Worth Record for holding the crop off the market.—Temple Telegram.

PERHAPS A REAL VICTORY. (Sturday Evening Post) It is quite possible that when war is over we shall find the only victory of permanent value to mankind was won by the United States. Every non-combatant or neutral right that is blindly acknowledged is so much enduring and unswerving gain. If we now make the sea some what freer for ourselves we shall probably make it freer for all people in all time. Probably the Lusitania affair will be a lasting precedent, protective to every neutral who travels in war times hereafter. Whatever we win for freer neutral commerce will benefit every non-combatant nation in the future.

FRIGHTENED INTO JUSTICE. ((The Public)) Opposition to the preparedness hysteria is having good results, in addition to the curbing of a national tendency toward militarism. It is frightening panicky preparationists, fooled by their own boogies, into approval of belated justice to the Philippines. Thus the Chicago Evening Post of September 21st says: "Republicans in Congress to refrain from opposition to the Jones bill, which would give qualified liberty to the Filipinos at once, and unqualified liberty later." And on September the twenty-fourth the Chicago Tribune added its approval to this request. Let the fight against preparationist hysteria continue. It will prove as useful in helping the campaign for justice at home as it already is helping the struggle for justice to the Philippines.

AN HONEST BALLOT. (Athlens Reporter.) We suppose everybody has a hobby. We know that we have, and that our hobby is an "honest ballot." Experience has taught us that often men who stand high in communities and who would not think of swearing a bit or of stealing property of any kind will wink at crooked politics and it is this fact that makes the dishonest ballot extremely dangerous. Texas is not alone in being cursed by dishonest elections, the whole country suffers from the blighting effects of the vote buyer and seller as is shown in the following editorial from Leslie's Weekly. The editor says: "At the foundation of our form of government lies an honest ballot. Recent disclosures in some cities show the danger of entrusting the conduct of elections. This reform is of greater importance to the people than pure food, yet has little attention is paid to it by so-called reformers. In the City of New York where partisanship has borne its bitter fruits, an honest ballot association has been doing effective work, under the guidance of the veteran editor, Talcott Williams, head of the Columbia School of Journalism. This work is to be continued and extended. At the recent annual meeting of the association some of the strongest and best young blood in the city was enlisted in the cause by the election of William Zeigler, Jr., as president, Charles E. Hughes, Jr., son of Justice Hughes, as vice president and Morgan J. O'Brien, son of Judge O'Brien, as director. The scandalous conduct of elections in New York City during the Tweed days was responsible for the greatest injustice. While conditions have greatly improved, they will be more satisfactory when election officials are appointed subject to competitive examination under strict civil service rules."

ADVERTISED IN THE TIMES MIDDIE BLOUSES GO FAST.

"You win, people do read the Times' ads," said Harry Baum of Baum & Gardner, to a Times man yesterday evening. "In our ad of Tuesday evening, worded expressly to see how many women really did read The Times ads we offered middie blouses at 43 cents each, that cost us 62 cents. We honestly didn't expect to sell a half dozen. Next morning we would not have made such a liberal offer. But right off the bat in the morning they began asking for the middies and before the middle of the afternoon our entire stock of five dozen was sold out, and the ladies were still calling for them. We are sorry we had to tell some of the ladies in the middies were all gone, but the next time we try to test out The Times advertising we will be sure to have a sufficient stock so that none of our customers will be disappointed."

YOUNG MAN FROM ROSWELL IS TAKEN INTO CUSTODY HERE.

A young man believed to be Audrey White of Roswell, New Mexico, was taken into custody by Chief of Police Nall at one o'clock this afternoon. Mr. Nall received a telegram from Sheriff Young at Roswell saying that he held a warrant for Audrey White on a charge of forgery. This telegram was received at noon and an hour later a young man who admitted that he was Audrey White was in jail. The telegram said that a telegram had been received by a bank at Roswell from Wichita Falls ordering \$25 telegraphed here. The telegram was signed O. D. White. O. D. White of Roswell swore out a complaint charging forgery. The young man arrested here says O. D. White is his cousin. He denies sending the telegram.

EXCLUSIVE HAT STORE TO OPEN HERE SATURDAY

Wichita Falls is to have an exclusive store for men's hats. The Hat Store is to be opened in the old Fonville stand on Ohio avenue Saturday morning. It is to be devoted entirely to the sale of men's hats and will be conducted along the lines of similar stores in most of the large cities, offering hats for men at two prices only—\$2.00 and \$3.00. The Hatterie is the business of Katz, Brothers and will be under the management of Charles Katz, who recently came here from St. Louis. The other member of the firm is J. Katz, who operates a number of similar stores in St. Louis and Chicago. For the accommodation of the new firm the store building has been fitted up with handsome oak wall cases arranged to show the hats in the modern way. It will be opened Saturday morning and the public is invited to call and inspect the new styles of men's head gear that will be offered.

TELEGRAPH RATES IN GREAT BRITAIN ADVANCED.

By Associated Press. London, Oct. 7.—Along with the rise in the price of nearly everything else, the telegraph rate in the United Kingdom will probably soon be raised. It is reported that the postal authorities

the telegraph lines are government-controlled in Great Britain—are considering increasing from twelve to eighteen cents the rate for sending a twelve word message, address and signature to be counted as words as heretofore. The twelve cent rate has been in force thirty years.

COTTON IRREGULAR; WHEAT PRICES DOWN

LACK OF FROST IN BELT TODAY CAUSES THE SETBACK TO BULL SIDE.

MANY INFLUENCES IN GRAIN

Rush of Buying Orders is Offset by Government Report Decreases and Close is Lower.

New York, Oct. 7.—The cotton market showed renewed irregularity early today. The failure of the weather map to show frost in the belt was probably a disappointment to some of the scattered buyers on yesterday's late advance, while the cables were lower than due. There was also further scattered Wall street liquidation attributed to the recent action of war stocks. The market opened at a decline of nine points to an advance of one point, rallied to 12.95 for December and 12.93 for January and then eased off again to 12.65 for December and 12.81 for January.

Chicago, Oct. 7.—Despite a rush of buying orders and a consequent new upturn in prices, the wheat market was by no means one-sided. Predictions that the government report would enlarge the estimates of the spring crop seemed to handicap the bulls. It was said the report would not take into consideration the damage that has been done this week. Opening prices that ranged from 1 1/2 to 2 1/2 higher with December at 106 1/2 to 108 1/2 and May at 108 1/2 to 110 were followed by only a slight further gain before a reaction began that carried the market well below yesterday's close. Corn showed strength owing to a forecast of freezing weather. On the advance however country houses took the selling side. After opening 1/2 off to 1/2 higher the market steadied at a moderate general advance. Oats reflected the action of corn. Buying was chiefly in small lots.

GERMANS ARE USING NEW GAS WHICH GIVES ENEMIES FITS

Convulsions Resembling Epilepsy Result From Vapors According to Physician's Report

Paris, Oct. 7.—A new kind of gas, apparently is being used by the Germans in the fighting in the Champagne. Details regarding its effects were given to Dr. Lucien Dumont by sufferers. He was to attend in Paris hospitals. They were surrounded for a few seconds by clouds of deep green gas of a rather pleasant odor. These men asserted that soldiers who wore no masks soon were suffocated, while those with masks lost consciousness for varying periods. Upon regaining consciousness, they said they suffered convulsive seizures resembling epileptic fits.

MODEL BOOTLEG PLANT IS FOUND NEAR CHICKASHA

Chickasha, Okla., Oct. 7.—Sheriff Bailey discovered the most perfect bootlegging outfit ever found in South-west Oklahoma today at a home four miles west of here. Six barrels all connected with rubber and iron piping were found six feet underneath the ground. The pipes appeared to be part of a water system. The sheriff dug up the outfit and brought in to Chickasha; 1 1/2 gallons of whiskey were confiscated.

INDIANA TURNS OUT TO HONOR POET TODAY

BIRTHDAY OF JAMES WHITCOMB RILEY IS BEING OBSERVED BY HOOBERS.

IS NOW SIXTY TWO YEARS OLD

Writers and Notables From Various Points Come to Take Part in Unique Affair.

Indianapolis, Ind., Oct. 7.—James Whitcomb Riley's sixty-second birthday came today, and, just to make it more memorable than any that has preceded it, the entire state joined him in celebrating it.

This year was picked for honoring the poet because the citizens of Indiana wished to pay him tribute while he would be fully able to take part in and enjoy it. In addition to the weight of years, Mr. Riley has felt the burden of ill health. He has reached that season of his life when the frost is on the pumpkin, and the fiddle is in the shock, and the state of his birth and life-long residence left that it didn't want to delay longer the complete and formal expression of its love for him.

Governor Samuel M. Ralston recently issued a proclamation asking every community in the State to set aside the day for the honoring of "Indiana's most beloved citizen." His plan was to have business suspended as much as possible. The proclamation is being generally observed in every city, town and village, from Indianapolis down to Greenfield, where Mr. Riley was born, and Carleton, the tiny hamlet, under the name of Tallholt, the praise of which the poet sang with the lines:

"You kin boast about yer citizen, and their stiddy growth and size, and brag about your County seats, and business enterprise, and railroads, and factories, and all such foolery. But the little Town o' Tallholt is big enough for me!"

Greenfield took particular interest in the celebration. Many of its older inhabitants remembered James Whitcomb Riley as a little boy, unknown to the world except as the son of Captain Tenben Riley, a highly respected citizen. Also it recalled that it is situated on the banks of the Grandy river, the little stream whose joys the poet chronicled in "The Old Swamin' Hole," and of which he had said, that, wandering up and down it, he "had more fun to the square inch, than ever any where."

Governor Ralston, Mayor Joseph P. Bell, Charles Warren Fairbanks, Meritt Nicholson and George Ade had charge of the celebration in Indianapolis. In order to lend nationwide interest to it, they invited celebrated persons from all over the country to attend. Many accepted.

William Allen White came from Emporia, Kas.; Dr. John H. Finley and Colonel George Harvey from New York; Elbery Sedewich from Boston and Young P. Allison from Louisville, Ky., to help honor Mr. Riley.

The list of Indiana citizens taking part in the celebration is big. In addition to the members of the committee of arrangements, there were former Senator Albert J. Beveridge, Senator Kern, Vice President Marshall and others.

The program of the day called for an

entertainment in a local theatre in the afternoon and a banquet at which Mr. Riley was to be the guest of honor in the evening. It was expected that the poet would read a new poem at the banquet.

At the entertainment, several of Mr. Riley's poems, including "The Raggedy Man," and "Little Orphan Annie," were set to music by Mr. Ward Stephens. Dancers from Anna Paylowa's company interpreted a number of the verses.

Hundreds who had hoped to attend the banquet this evening will be disappointed. It is reported that the poet will be unable to attend because of his illness.

Former Vice President Charles W. Fairbanks will be the guest of honor at the celebration of his birthday in October. The occasion of his birthday in October has his "peculiar happiness" for Mr. Riley, he said in the poem "The Raggedy Man." In it he says: "I love Old October, so, I can't bear to see her go— Seems to me like lesia's some Old-home relative or chum— 'Pears like some' settin' by Some old friend 'at sigh by sigh 'Was squashed out o' sight 'Into everlastin' night."

James Whitcomb Riley was born at Greenfield Ind., October 7, 1853, the son of Captain Reuben A. Riley and Elizabeth Riley. He first began contributing to Indiana papers in 1874. His dialect poems brought him his greatest fame. His first book appeared under the pen-name "Benj. F. Johnson, of Boone." Among his best known poems are "Little Orphan Annie," "The Raggedy Man," "Liddle Dutch Baby," "The Old Swamin' Hole," "The Old Sweetheart of Mine," and "Fox John Quit the Farm."

\$100,000 INSURANCE TAKEN TO SECURE LOAN TO MASONS

Members of Order Apply for Policies So as to Borrow Money to Put Up New Building.

Members of the Masonic Lodge last night subscribed applications for insurance with the Wichita Southern Life Insurance Company thus assuring a loan of between \$25,000 and \$30,000 on the building which the lodge will build at the corner of Tenth street and Scott avenue. The insurance company agreed to loan this amount on the building provided members of the lodge would take out policies with the company aggregating \$100,000. Applications for more than this amount were secured in less than twenty minutes last night. The money is to be loaned at six per cent. J. A. Richard, chairman of the plans committee and Dr. R. E. Smith, chairman of the building committee will call their committee's joint conference some time next week when an architect will be employed and plans and specifications ordered for the building. It is now believed that work will start on the building within less than one day.

Following the business session a banquet was spread. About 150 Masons attended last night's meeting.

TRIBUTE TO J. L. McMAHON APPEARS IN OIL PUBLICATION

A tribute to J. L. McMahon, retiring assistant general superintendent of the Producers Oil Company, will appear in an early issue of the Oil & Gas Journal. It was written by H. W. Whitney, correspondent of the Journal in this field and is as follows:

The most notable event of the week (among the oil tractors) was the news that J. L. McMahon, assistant general superintendent of the Producers Oil Company, had tendered his resignation to take effect Oct. 7. Mr. McMahon will devote his time and attention to his personal interests in Oklahoma and Missouri. Among the oil men in the Panhandle district no one has more friends than the genial "Mac" as he was commonly known. Coming to this territory when the Electra pool first opened, he has been one of the main factors in formulating the policy of the Producers Oil Company in the Panhandle, and much of their success in the Electra field was due the untiring energy, work and foresight of Mr. McMahon.

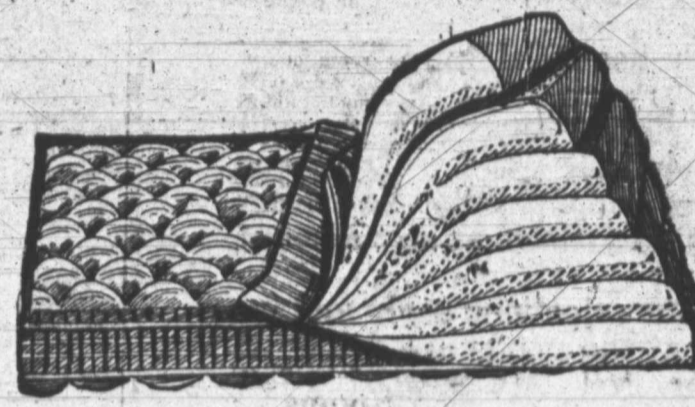

Always keeping in sight the best interests of his company, he was always ready to lend a helping hand and influence to the individual and through his kindness and co-operation many of the successful operators in this field owe their success. He was a successful oil man because he played the game on its merits, co-operated with the individual operator where co-operation meant much to both parties, and was never a grouch when the ball fell in the wrong pocket. Genial, social, kind, hearty and generous to a fault, Mr. McMahon will be missed in this section not only by the independent operator but by his company. The knowledge stored by years of practical experience, in leasing, exploiting and developing not only the proven fields, but the wild cat territory in Texas will be hard to replace with a new man.

He stood as a buffer in the Producers Oil Company office, and many a valuable tract of leases has been saved or bought by this company through Mac's tact and ingenuity. He knew how to handle men, whether same was a company employe or a customer and few left his office without some satisfaction. He took an active interest in the growth and development of the community in which he made his home and Wichita Falls will feel the loss of this big hearted, whole souled citizen. He was always on the job and gave the best that was in him to every enterprise in which he was interested, whether said interest was for the benefit of his company, the individual or the community in which he lived. He leaves the Panhandle district with the best wishes not only of the oil men, but with sincere regrets of the citizens of Wichita Falls and all joint wishing him success in his private enterprises.

The last census of the population of 1,371 men, women and children; 735 horses, 41 elephants, 10 zebras and 1003 wild animals. The greatest increase over past seasons is evidenced in the number of people. This is explained by the fact that the new spectacle of Solomon and the Queen of Sheba, is being presented upon a much larger scale than any previous

tion of this nature yet offered by the Ringling Brothers. One hundred more dancing girls are introduced in the ballets than ever before, and other features have been enlarged in similar proportion. The new spectacle has also been responsible for the increase in train facilities, a total of 87 double length cars, now being required to haul the wonders of this marvelous circus. Gigantic means are employed to feed this city of Ringlingville. More than 4,000 meals are served daily to its people alone in a vast canvas hotel said to be the largest ever trav-

eled. The range upon which all fried and broiled stuffs are prepared, is on wheels and weighs upwards of ten tons. It is not unusual to hear the heat chief place an order for 5000 griddle cakes and a proportionate amount of eggs and bacon for a single breakfast. Practically all purchases are made daily and in the particular city in which the circus is to exhibit. The average daily expense of running the commissary department is over \$2,000. Ringling Brothers will exhibit here Wednesday, October 20.

ART SMITH AT STATE FAIR

Dallas: The actual courting of "Beachy" in the air, the thrilling outwits and daring of an airman who has no conception of fear, will be among the spectacular features of the coming State Fair of Texas, October 16-20, and is expected to attract thousands of visitors. Men and women will be fascinated; they will be fairly hypnotized by the things that go on over their heads. This act can be easily appreciated and understood when it is announced that Art Smith, the prince of all daring flyers, will be here. Smith's work has eclipsed even that of the late lamented Beachey, who for year gave State Fair visitors the classiest exhibition of flying ever witnessed in Texas.

Smith goes further than Beachey did. Beachey tossed five loops in succession one afternoon, while thousands watched him from the ground with bating mouths, momentarily waiting to see his body dashed to the earth. Smith has turned as many as thirty somersaults without stopping. He did so not long ago over the grounds of the Panama-Pacific Exposition, San Francisco. He romped here and there, his machine doing things that a human form on ground probably could not accomplish, and a badly frightened crowd looked on and wondered when the drop would come. But he got away with it and he is alive, very

much alive. In view of the fact that he did accomplish the things he did, he is going to try them again at State Fair visitors. Smith will be seen on six nights of the fair presenting his act in five or six flights, in which he will loop, and doing other daring stunts, he throws from his machine a gorgeous array of fireworks. Dallas: The allegorical play representing various industries of Texas to be produced at the State Fair beginning Oct. 16, has been placed in the hands of Mrs. Lucille Chilton Woodard for dramatic instructions. Fifty young ladies of Dallas will be chosen to represent Texas enterprises.

TRAIN WRECK IN MEXICO; MANY ARE REPORTED DEAD. Washington, Oct. 7.—A number of passengers aboard were killed in a train wreck on the Mexican Railway between Vera Cruz and Mexico City, according to a message to the state department today. Another dispatch estimated 50 Americans and 60 injured. There were no foreigners injured, so far as known. The accident occurred on a steep grade near Matratra last Tuesday.

OLDEST FRENCH SOLDIER IS 72 YEARS OF AGE. Paris, Oct. 7.—The honor of being the oldest "poulu" can be claimed, it appears, by Alcide Verd, 72 years of age. Having seen service at Sedan, Verd was again anxious to serve his country and demanded immediately that he be sent to the front. His request was granted and he now is serving with the 47th territorial regiment in the first line trenches, surprising his comrades by his high spirits and good humor.

What Makes Caruso the Greatest of All Tenors?

His wonderful voice and his superb Interpretations, What Makes the Victrola the Greatest of All Musical Instruments? Its wonderful lifelike tone and its ability to adapt the renditions of all artists to the acoustic conditions of any room without interfering in any way with the artists' interpretations.

The Victor Record by Caruso, Farrar, Gluck, McCormick, Schumann-Heink or other artists is true to the very life—with all the beauty of shading and individuality of expression as sung or played by the artists themselves. And what is extremely important, it is done without interfering in any way with the Artists' Interpretations.

Many are placing orders now for Victrolas to be delivered at Christmas time, and surely there is no other gift that can go into any home what will bring more joy to the whole family than a Victrola. The prices range, and easy terms give opportunity for every family to own one—\$15, \$25, \$40, \$50, \$100, \$150, \$175, \$200, \$250, and \$300.

SAYS BOTH SIDES HAVE INVADDED AMERICAN RIGHTS. Washington, D. C., Oct. 7.—American rights have been invaded by both sides in the present war, Judge James H. Blount of this city told the National Defense League at its closing session, because "speaking from a military standpoint we are pitifully unprepared to make our rights respected." "If Germany has laid in wait on the high seas and slain our citizens in cold blood," he said, "Great Britain has taken control of our commerce on the high seas as absolutely as if we were a colony of hers, having no voice in her councils."
