

BOSTON TAKES THIRD GAME WORLD'S SERIES

ALEXANDER FAILS TO WIN FOR PHILLIES

AFTER SINGLE AND SACRIFICE ANOTHER SINGLE WINS FOR BOSTON

BOSTON HOPES MOUNT HIGH

With Two of Three Games Played and Phillies Premier Pitcher Beaten Boston Stock Goes Up

Special to The Times. National League Park, Boston, Oct. 11.—Lewis, left fielder for Boston, singled to center field in the ninth inning of the third game for the world's championship and as a result victory this afternoon rests upon the American League leaders.

Philadelphia's premier pitcher, to whom their rosiest hopes for victory were pinned. Leonard, a south paw, pitched for Boston and whose prediction that a left hander would not be effective against the right hand batting Phillies have their experience for their pains.

The visitors started the scoring when Burns led off with a single, advanced on an error and scored on Hancock's single. In the fourth the Red Sox came up even after Speaker had lined out a smashing three base hit, being scored when Holtzelle bunted for a squeeze play.

The ability of the Bostonians to defeat Alexander has given the home fans much brighter hopes for victory in the series, as it is not believed that any other Philly pitcher can stop the Red Sox.

The field was in splendid condition, with the weather clear and cool. Boston was led off with the favorite in the betting, with the odds ten to eight. The game was played on the Braves field, through courtesy of Owner Gaffney of the Boston National League club.

Philadelphia Stock led off with a two base drive to deep center. Hancock bunted, third to first, putting Stock on third. Paskert sent up a high foul which Gardner smothered for the second out. Cravath struck out and the royal rosters cheered with a great relief as the side was retired. No runs, one hit, no errors.

Philadelphia Stock led off with a two base drive to deep center. Hancock bunted, third to first, putting Stock on third. Paskert sent up a high foul which Gardner smothered for the second out. Cravath struck out and the royal rosters cheered with a great relief as the side was retired. No runs, one hit, no errors.

Philadelphia Stock led off with a two base drive to deep center. Hancock bunted, third to first, putting Stock on third. Paskert sent up a high foul which Gardner smothered for the second out. Cravath struck out and the royal rosters cheered with a great relief as the side was retired. No runs, one hit, no errors.

Philadelphia Stock led off with a two base drive to deep center. Hancock bunted, third to first, putting Stock on third. Paskert sent up a high foul which Gardner smothered for the second out. Cravath struck out and the royal rosters cheered with a great relief as the side was retired. No runs, one hit, no errors.

Lewis kept up his hitting streak by a neat single to left field, but was tagged out when he tried to steal Bancroft taking Burns' throw. Gardner sent a popup to Alexander and was out. No runs, one hit, no errors.

THIRD INNING Philadelphia—Burns singled to left field. Alexander tried to sacrifice bunting toward third. Gardner made a poor throw to first and Holtzelle muffed the ball, both runners being safe. Stock went out, third to first, sending Alexander to second and Burns to third. Bancroft singled to center field and Burns scored. Alexander going to third and Bancroft taking second on the throw. The best Paskert could do at this crucial stage was a popup to second base. With men on second and third Cravath seemed due for a hit, but he lost was a fly to left field, returning the side. One run, two hits, no errors.

FOURTH INNING Philadelphia—Luders struck out. Whitted fled out to Hooper and Nichols was retired on a short fly to Scott. No runs, no hits, no errors. Boston—Speaker led off with a smashing three bagger into the far stands and scored on the squeeze play when Holtzelle bunted, the latter being out at first. Lewis fled out to center field. One run, one hit, no errors. Great rejoicing was had when the score was tied.

FIFTH INNING Philadelphia—Leonard handled grounders by both Burns and Alexander, and both members of the Philadelphia battery. Stock went out on a fly to right field. No runs, no hits, no errors. Boston—Gardner was out on a fly to Paskert, being the sixth chance of the Philly center fielder. Barry fled out to left field. Cravath was out on the seventh fly to center field. No runs, no hits, no errors.

SIXTH INNING Philadelphia—Bancroft's best was a single in front of a late which Cravath captured. Paskert was retired on a grounder to third, and Cravath was doubled by the same route. It looked better for Boston when the inning passed without a man getting on base and the heavy hitters up. No runs, no hits, no errors.

Boston—Leonard was Alexander's second strike out of the game. Hooper sent a grounder down the first base line. Lewis was holding the ball to Alexander, who covered first. Scott led off to the catcher. No runs, no hits, no errors.

SEVENTH INNING Philadelphia—Bancroft, a left hander, fanned. Whitted went out on a grounder to short. Nathan struck out. No runs, no hits, no errors. Boston—Speaker led off with a sharp single to left field and the home fans were on their feet. Holtzelle was out on a fly to center field. No runs, no hits, no errors.

EIGHTH INNING Philadelphia—Burns fled out to second base. Alexander struck out and Burns fled out to center field. No runs, no hits, no errors. Boston—Barry fled out to short. Hancock Cravath struck out. Leonard and that out to short, returning the side. No runs, no hits, no errors.

NINTH INNING Philadelphia—Bancroft went out on a grounder to third. Paskert popped out to Cravath. Cravath was out. (Continued on page 2)

## BATTLING LYONS TO MEET WALSH HERE OCTOBER 14

### LOUISIANA FIGHTER IS EXPECTED HERE TONIGHT

Wagh Asks More Time to Condition Before Meeting Walsh and Lyons Match

Harry Walsh and "Batling" Lyons, lightweights will stage the next boxing bout in Wichita Falls on Thursday, October 14. Walsh, who surprised the fans by his clever showing against Red Henderson of Dallas, will meet Lyons, a hard fighting little British lightweight on that occasion and the fans are promised an other interesting contest with the gloves.

It was originally intended that Walsh should meet Bobby Wagh, the champion of the South, but Wagh said he wanted more time to get into condition before meeting a man like Walsh, he is willing to meet Walsh about November 1 and a bout may be staged here at that time. Walsh claims Wagh is on a willing to meet him, and is taking Lyons on in the meantime.

Frank Howard, who is organizing the athletic club here, has wired to New Orleans to secure Lyons, as soon as he found it would be impossible to get Wagh here and received a favorable answer. He considered himself fortunate in getting a able fighter as Lyons here, as the Englishman has fought some of the country's best. He is due to arrive tonight and start working out at once.

### CARRANZA PREDICTS RESTORATION OF PEACE

Says When Peace Absolutely Retained, Amnesty Will Be Granted Political Offenders

Vera Cruz, Oct. 11.—General Carranza received with great pleasure the news that the Pan-American conference at Washington has decided to recommend recognition of the party led by him as the de facto government in Mexico, although he pointed out that he had received no official notification to this effect. Telegrams from Carranza agents at Washington brought the news and the first chief received the congratulations of his associates at constitutional headquarters. The Washington telegrams were read in the theatre and received with great enthusiasm. General Carranza will not alter his plans for a trip through the northern states for which he is to depart today.

In response to questions General Carranza said: "This news puts an end to all efforts of our enemies to bring about foreign intervention. They continue their intrigues and their attacks in the newspapers, but recognition of the constitutional government naturally will rob them of the fruit of their efforts."

"When peace is absolutely restored and tranquility really established throughout the republic amnesty will

be granted to all these persons, but not now. To permit them to return at this time would be to endorse their machinations within the republic. The immediate effect of this news will be a great moral strengthening of the cause of constitutionalism and a corresponding disheartening of opposing factions. There will be no formal battles. Fighting of that sort already has ended, but naturally the struggle to put down minor outbreaks and lawlessness must be continued for a greater or less time in a country such as this where there are extensive open areas.

"Already these bands are disintegrating rapidly and their chiefs are surrendering. This development will bring the surrender of the leaders of the opposition, since the news of recognition will remove from them further hope of success. This applies not only to those who are actually fighting in the field, but to those enemies of the cause who are intriguing both within the country and abroad. News of the coming recognition is pleasing since it will renew and strengthen the friendly relations between Mexico and other nations."

### BAN ON FORMALDEHYDE IN OYSTER SHIPMENTS

By Associated Press. Austin, Oct. 11.—Formaldehyde or other preservatives used to preserve oysters in transit, must not be used in Texas in the future, according to an announcement by Robert Hoffman Jr., state pure food commissioner. The law prescribes a severe penalty for use of such preservatives and, according to the commissioner, hereafter this law will be strictly enforced. Inspectors have been instructed to watch oyster shipments closely.

## FRENCH CLAIM GERMANS CHECKED NORTH OF LOOS

(Continued from Page One)

Thorpwood, a 3,184 ton vessel, is reported by London. The crew escaped harm.

The Austro-German armies which with the help of their giant 305 millimeter guns, crossed the Danube and Save rivers and occupied Belgrade are meeting with stubborn resistance on the Serbian advance defenses, but have not yet come in contact with the main Serbian forces. The Serbian plan of campaign depends considerably on the amount of assistance they will receive from allied troops, but it is not believed that they will attempt in any event to make a decided stand north of the mountain range near Kragujevatz which they already have proved to be a line of forcing superb facilities for defense.

## 65 REPORTED BUNNINGS WITH MUFFLERS OPEN

Many Disregard Provision of Ordinance Will Be Brought into Court to Make Explanation

Wichita Falls motorists to the number of 65 were reported to the police station Sunday for violation of that part of the traffic ordinance which prohibits running in the city limits with the muffler open. As yet, no complaints have been filed and it has not been decided what to do with the cases. The minimum fine is five dollars.

Police officers were instructed Sunday to keep a lookout for automobiles with open mufflers and as a result 65 numbers were turned in. It is believed that the violations were caused more by thoughtlessness than by any intent to violate the law. Some motorists claim it is injurious to the engine to keep the muffler closed, but the traffic ordinance particularly forbids this practice in the city limits.

## WATER MEASUREMENTS TO BE TAKEN BY GEOLOGICAL BUREAU

Austin, Texas, October 11.—Water measurements of practically every river and stream in Texas are to be taken by the State Board of Water Engineers, cooperating with Federal bureau of water resources. Of the United States geological survey, a district branch of which has been established in Austin. Substations are to be established at along the Guadalupe, San Marcos, San Antonio, Sabine, Brazos, Trinity and other rivers. While the work really began September 1st, and resulted in some measurements being taken, it is now just getting in full swing. With these measurements completed the state board will be in position at any time to determine the flow and thus, it is said, conserve water resources of Texas. In passing upon applications for permits to divert these waters for irrigation and other purposes.

## NORTH AMERICA CAN TEACH EUROPE

CITES 4,000 MILES BOUNDARY BETWEEN U. S. AND CANADA WITHOUT GUN AS EXAMPLE

### DR. J. A. McDONALD SPEAKS

Editor of Toronto Paper Delivers Address Before International Peace Conference

By Associated Press. San Francisco, October 11.—The International Peace Congress, which held its first meeting in the Greek Theatre at Berkeley yesterday, met today in the Court of the Universe on the Exposition Grounds in San Francisco.

Dr. James A. Macdonald, editor of the Daily Globe of Toronto, Canada, who was one of the principal speakers today, discussed "North America's International Experiment." He said: "As compared with European history North America is but of yesterday and yet North America presents an international experiment without parallel elsewhere in all the world: an international achievement that gives war-stricken Europe of today a chance and a hope for a better tomorrow."

He reviewed the experiments in democracy in Canada, the U. S. and Mexico, and particularly the remarkable achievement of Canada in coming up from colonial dependence to national self-government, not by evolution—leading the way to national freedom and self-government for Australia and New Zealand and South Africa.

"But," he continued, "the greatest thing North America has done, the thing which puts into visible and concrete form the spirit and purpose of this International Congress, is the joint achievement of these two nations, the United States and Canada, from the Atlantic to the Pacific and from the Pacific across to the Arctic, there stretches an international boundary line of 4,000 miles, where territory touches territory, where sovereignty meets sovereignty, where nations salute nations, but for a hundred years the international waters of those Great Lakes have been unfretted by any ship of war, those rolling prairies have been unmarked by any hostile foot, those majestic mountains have never echoed to the roar of any alien gun."

"Four thousand miles! For one hundred years! Tell me, you men from other continents, where in all the world is there a match for this that North America has done? Where is there a civilization so undishonored? Where is there a history so worthy of record? Let Europe answer. "Europe! From whom we inherited our civilization, whose two thousand years is our background, whose achievements were our inspiration, Europe! whose Christianity is in our creeds, whose culture is in our colleges, whose hearts bleed is in our veins, Europe! bristling with guns from the Hebrides to the Dardanelles, bleeding at every boundary with death wounds none can staunch—Oh, Europe! how often would America have come to you with the gospel of international good-will, teaching you the secret of Anglo-American peace, proving to you the power of international disarmament and helping to gather you scattered nationalities into a United States of Europe! How often! But ye would not. Now, no matter who among you is to blame, we, too, must suffer in your agony. The national peace of this American Republic is threatened by your madness. The best red blood of the Canadian Dominion is being soaked into your battlefields because of the blood-guiltiness of your sin."

"But when this world-storm of Europe is past, when this red rain has enriched the roots of Europe's next verdure, the United States and Canada, their common democracy made stronger by their common experiences shall come again into the council chamber of the nations, and, with the released democracies of the warring peoples of Europe, shall speak the doors of the autocrats and the despots and the war lords and all that damning system of militarism that has cursed Europe for two thousand years."

## COSTS TWICE AS MUCH TO HAVE HEADACHE NOW

Price of Aspirin Tablets Advanced 100 Percent on Account of European War

The individual who takes aspirin for his or her headache will soon feel the effect of the war, as an advance of more than 100 per cent has been announced by that drug of the wholesalers. Therefore aspirin tablets have retailed for 25 cents a dozen, but from now on the retail druggist will have to pay that much to get them and the headache sufferer will probably get only a half a dozen for his quarter.

The war in Europe has resulted in a heavy demand for all kinds of staple drugs, it is said, and large shipments of drugs have been made from this country since the war began. Other articles besides aspirin have also been advanced in price.

"REPENTANCE AND PRAYER" THEMES

LARGEST AUDIENCES OF MEETINGS HEARD REV. WALTERS SUNDAY

TWO ADDITIONS ARE RECEIVED

Instructive and Inspiring Sermons Heard—Special Music at Both Services Was Feature

Rev. F. F. Walters

The largest audiences yet present heard Rev. F. F. Walters yesterday in the revival services at the Christian Church. There were two additions to the church. Miss Agnew sang "Somebody Knows 'Tis Jesus" at the night service. The subject of the morning sermon was "Prayer and at night the subject was "Repentance."

A phrase from Luke 18-1. "Men ought always to pray" was used as a text in the morning sermon. "The infidel and the agnostic cannot pray, because prayer implies a belief in God and the hereafter," Rev. Walters said. "The prayerful life lived close to God is worth more than the spoken words in prayer. Some people pray most in the times of need and trouble. We ought to pray when we are joyful and happy and prosperous. When there is something between you and someone else you cannot pray. We should have a confidence in God and confidence in man."

"It is the spirit of prayer which counts. We must confess our sins to God and be right with Him. Prayer is for all men. Ask God's help according to your own need. If the prayer life dies the Christian life dies in the man."

Repentance was Rev. Walters theme at the night service. He took as his text: Acts 17:30, "The Times of Ignorance God Overlooked, but now He commands all men that they should all, everywhere repent."

"As long as God is supreme," he said, "as long as Christ is all powerful, as long as we must hear His declaration 'except ye repent ye shall likewise all perish,' Luke 13:3, it little matters what councils decree or formulas declare. Too much cannot be said about repentance. Too much importance cannot be placed upon this topic. The first thing John the Baptist, Jesus Christ and His disciples preached was repentance a wide birth. We are like the old colored preacher who said he didn't like to preach against chicken stealing because it always appeared to throw such coldness over the meeting and make so many of his members freeze up towards him. No matter who preaches on repentance, if it is done in God's power, he is sure to stir up snakes. Humanity hates to see her own faults, mistakes, blemishes. No photographer would make a living, if he made a correct likeness of every woman that came along. If he didn't retouch on the squint here, put on or off a mole there, she would go elsewhere. It is said that you cannot get an elephant to drink from clear water. When he sees his ugly self reflected, it stirs him to fury. He lashes the water into foam. There must be lots of human nature about the elephant."

"For the same reason, men don't like the Bible. They see reflected their own wicked hearts and can't stand it. People do not like that kind of book or sermon that roughly finds the tender spot. They want smooth preaching, sermons of the 'you tickle me and I will tickle you kind.' Love taps on the head are desired that make them feel like a boy with his mouth full of butter-scotch. Make a man feel his importance that the Almighty can't retouch along without him and he thinks you a great preacher."

"John the Baptist, Jesus and the early disciples were not that kind of men. Opening the book in the center, John said, 'repent for the kingdom of God is at hand.' He took dead aim at big sinners on the front seat. None felt comfortable under his preaching. John's backbone was bigger than many preachers' bodies. He would no more flinch than a Quaker meeting. Plenty of Pharisees in Jerusalem took pains to rub the fur the right way with old Herod, but not John. He saw Herod's horses prancing up to his meeting, pointing at the nasty woman lolling on the purple cushion beside the king. John shouted, 'repent, put her away.' His words drew blood like a Damascus blade. The king frowned, the woman scorned, the chariot wheeled away and Roman soldiers put the lion hearted preacher in prison."

Some Things Repentance is Not "1. Repentance is not sorrow. Herod was sorry but ordered John's head cut off. Regret for wrong doing is not repentance. Godly sor-

President Wilson's Engagement Followed His Daughter's Interest In His Fiancee

MRS. NORMAN GALT, FIANCEE OF PRESIDENT WILSON

Taking Washington by surprise was the announcement by Secretary Tamm of the engagement of President Wilson to Mrs. Norman Galt of Washington, but by a number of intimate friends it has long been expected. Miss Margaret Wilson and her cousin, Miss Bones, drew Mrs. Galt into the White House circle. They met her first in the early autumn of last year and were so much attracted by her that they sought her out more and more frequently, and the friendship between them rapidly ripened into an affectionate intimacy. Mrs. Galt spent a month this summer at Cornish in

the house guest of the president's eldest daughter. It was through this intimacy of his daughter and cousin that the president had an opportunity to meet and know Mrs. Galt. One of the most interesting facts about the engagement, indeed, as told by friends is that the president's daughters should have chosen Mrs. Galt as the object of their admiration and friendship before their father did. Mrs. Galt is the widow of a well known business man of Washington, who died eight years ago, leaving a jewelry business that still bears his name. She has lived in Washington since her

marriage in 1896. She is about thirty-eight years old and was Miss Edith Bolling. She was born in Wytheville, Va., where her girlhood was spent and where her father, the late William H. Bolling, was a prominent lawyer. In the circle of people who have known Mrs. Galt for many years she has been regarded as a woman of unusual beauty, gifted with a natural charm. Friends speak of her as being constantly sought out as a delightful companion, remarking especially on her thoughtfulness and capacity for accomplishing anything she chose to undertake.

FIRST FALL MEETING OF U. D. C. SATURDAY

The first meeting of the United Daughters of the Confederacy for this fall was held Saturday afternoon with Mrs. C. B. Felder as hostess. The study for this year will consist of a study to the States, Virginia being taken up Saturday. Mrs. P. P. Langford was chairman of the meeting and gave an interesting introductory talk, explaining the course in brief. Mrs. Langford also gave a sketch of "Dixie" its inspiration and author. Roll call was answered by

will tell you whether he is converted or not. When the old-time bar came up from under the water onto the bank, that old elder met him with his hand and the question: 'John I am glad to see you make this start, was the water cold?' 'No the water was not cold.' The old elder shouted, 'he's a liar, put him under again.' But after all when we decide to go where Jesus directs, there will be no quibbling over the waters of Abana and Parphar. Dr. Royal Dye, ten years missionary in Africa, tells of an old witch doctor who had many wives and slaves. When he was converted repenting of such sins, he freed all slaves and let all but one wife go to their homes. "Repentance for you may mean one of these, none or all of these things. You know, I am sure I do not. But if you are tangled in the trash, come out. If you are mixed up with some wicked man or woman, better put them away. If business is keeping you from God, better lock the doors long enough to get a glimpse of something besides dollars. 'Say brother, if you are away from the Father's house, you better come home tonight.'

JUST SO CLUB WITH MRS. R. M. JOHNSON

Mrs. R. M. Johnson was hostess to the Just So Club Saturday afternoon. Conversation and sewing was the order of the afternoon and the hostess served a tempting two course luncheon. Misses Sherrill, Johnson and Wilson were the guests, the club members present being Misses Hazel Jones, Florence Barrier, Adah Anderson, Lulu Smith, Ruth Downing and Laura Martin. Miss Adah Anderson will be the next hostess.

BIRTHDAY DINNER FOR MRS. MORRIS SUNDAY

Sunday Mrs. M. A. Morris was agreeably surprised with a birthday dinner at the home of her son and wife, Mr. and Mrs. Fred Morris, 1412 Austin, the occasion being in honor of her sixty-sixth birthday. The dinner was in the nature of an informal family affair, a few intimate friends being also invited. Present were: Mr. and Mrs. J. A. Burton and family, Mr. and Mrs. E. B. Morris and family, Mr. and Mrs. A. A. Morris and family, Mr. and Mrs. L. H. Conn and family, Mr. and Mrs. H. R. Hanks and baby son, Mrs. Belle Riggsbee, Mrs. C. Mahoney, Miss Myrtle Hurley, Miss Florence Blum of Burk Burnett and Mr. and Mrs. Fred Morris, host and hostess.

Fresh Whole Wheat Flour.

Just about this season every year the call for both WHOLE WHEAT FLOUR and GRAHAM FLOUR begins to pick up. People seem to want something a little more hearty.

So I always get in a large fresh stock of both about this time.

My new stock of the famous QUAKER BRAND, the world's best, in my judgement.

Whole Wheat Flour is 35c per package. Graham Flour is 30c per package.

A movement is on foot to take the tariff out of politics, says an exchange. It's the same old movement, however, and the harder it is pushed the more certain it is that the tariff is going to stay in politics.

Mr. Henpeck says there is some excuse for a man committing matrimony one time, but none for the second offense, it matters not whether the guilty is a statesman or just a common every day man who works for a living.

Eleven directors of the New York, New Haven and Hartford railroad will be placed on trial in a Federal court in New York on Wednesday of this week on a charge of conspiracy to monopolize the transportation traffic of New England.

An oil refinery with a capacity of refining 1,000 barrels of crude oil per day is an enterprise worth going after. At least, our Chamber of Commerce so considered, and if the refinery is not secured it will not be the fault of the Chamber of Commerce. As the Times understands it the conditions upon which the capitalists come to Wichita Falls and establish an enterprise of that nature will be met promptly.

After today in the city of London the man who treats his friends to a drink of intoxicating liquor will be assessed a fine of \$500 and sent to prison for six months. This is called the anti-treating law, and by its strict enforcement it is calculated to cut down the sale of intoxicating liquors at least 50 per cent. But if this does not bring about the desired results, then shorter hours will be prescribed for places that dispense intoxicating drinks.

The A. B. C. powers have agreed to the plan of recognizing the Carranza government in Mexico, and it is now thought this will be done within the week. When this is done an order will be issued placing an embargo on arms against factions in opposition to Carranza.

General Goethals has withdrawn his resignation as governor of the Canal Zone. The recent slides, occurring so frequently, probably has induced him to do this, as he seems anxious to hold the position until such time as the problem of preventing these slides can in some way be solved. At the present time the canal is closed to traffic, and it is said it will not be open again until about January 1st.

What about the United States making protest to Great Britain and France about their violation of Greek neutrality? Ex-President Roosevelt has been throwing several hundred fits because President Wilson failed to protest to Germany for having run over Belgium so ruthlessly, and now it looks as if the allies were going to be guilty of the same offense. Our guess is that the Colonel will have nothing to say.

The Daily Times, Wichita Falls, Texas, is objecting because every able-bodied native American man in that state is compelled to pay an annual poll tax, while thousands of Mexicans are fraudulently voting in every election who pay no taxes, poll or otherwise. Lawrence (Kansas) Journal-World.

Our objection is that those who profit, or are elected to office and elevated to power by these fraudulent votes fall and refuse to enforce the State law, and when those citizens who are law-abiding as a last resort appeal to Federal authority for relief from such conditions, the cry is set up that the rights of the state are being encroached upon. In some parts of Texas Mexicans by the thousands are voting at so much per head, and in some instances these Mexicans are not under the Texas election law, entitled to vote.

PARTY REFORMATION.

The Democratic party is in better shape in this state and in the nation. The reforms should come through this party if reforms are needed. The Democratic party of Texas should wipe the slate clean of the statute books; the Democratic party should make it impossible for haboob corps to be fraudulently used merely for the fees that can be collected by officials; the Democratic party should make it so unprofitable for people who violate election laws that they will quit; the Democratic party should be the

to spew up the men who are doing wrong when they get into office. The Democratic party should stand for first class service, for honest men, for competent men, for men who are above doing wrong, and should cut away from the men who do wrong. Why wait until the socialist party or some other party, points out the wrong doings and attract honest men to their cause because of things that the Democratic party should not tolerate? The world is getting better, and politics will have to become purer, else the commission, business manager will take the place of present plans just like cities are now shaking the old political plans and adopting business plans and methods. Men of the Democratic party, think these things over. A big reform wave is in the air, it is coming. Let's reform on the inside of the grand old party. Sherman Democrat.

The matter of wiping out the fee bill has been agitated for several campaigns, and instead of doing good, matters seemingly are growing worse. It's fees for this and fees for that. Even when public buildings are constructed, some fellow holding a commission from the State as inspector of some sort, comes along and collects a fee for doing what the builders and architects have already been paid to do, and the chances are that he knows little or nothing about such business, but he collects his fee just the same, which is governed in accordance with the cost of the building, which is about one per cent. For instance, Wichita County is now contemplating building a new court house, and it will cost in the neighborhood of \$150,000, if the expectations of the people are met. After it has been completed and turned over to the commissioners court the state building inspector comes along and goes through the structure, makes a few notes and sends in his bill for \$1500. There are other abuses of the fee bill that could be mentioned, of which the taxpayers are familiar enough already, but so long as the taxpayers vote for and send to the legislature men who have no business in a law-making body there is little hope that the evils of the fee system will ever be cured.

Club Women Organize To Secure Public Library

The subject of a Carnegie library for Wichita Falls is one that has been discussed frequently in the past twelve months and now owing to the activities of the club women of the city a library seems to be a certainty. At a meeting held at the home of Mrs. C. W. Snider Saturday afternoon representative club women, eighteen in number, two from each club, formed a permanent library association to work towards this end.

Mrs. C. W. Snider as temporary chairman took charge of the meeting, explaining the purpose of the call and the plans for activities of the proposed association. Her talk was enthusiastically received and after a spirited discussion of the matter, motions for a permanent organization were made. Mrs. Snider being elected permanent chairman; Mrs. Coraline recording secretary; Miss Hazel Hunt corresponding secretary, and Mrs. M. M. Darnell, press reporter.

COTTON PRICES ADVANCE AFTER OPENING LOWER

By Associated Press. New York, Oct. 11.—The cotton market opened steady today with March and May one point higher but other months two to eight points lower as a result of easy cables and generally favorable weather over Sunday. The first area section of the eastern belt and was expected to be followed by rising temperatures and cloudy weather. Except for slight setbacks which followed scattered liquidation the early afternoon market was very steady with most of the advance being sustained. January touched 12.85, March 13.99 and May 13.24 or a net advance of 32 to 36 points, from which level the profit taking caused a reaction of five or six points.

WHEAT BY GROWERS CAUSES WHEAT ADVANCE

By Associated Press. Chicago, Oct. 11.—Wheat developed fresh strength today as a result of the northwestern receipts being small and because of an advance at Liverpool. The arrivals at Minneapolis and Duluth were less than half the total of the corresponding day a year ago and there was rapid decrease reported in stocks. Besides farmers in the domestic winter crop territory seemed to be continuing to hold back their best grades. Opening prices which ranged from 73 to 1 to 2 and to 2 1/8 higher with Dec. at 1.05 to .94 and May at 1.04 to 1.05 were followed by a material further upturn. Predictions of unsettled, colder weather had a bullish effect on corn. The market was also influenced by the strength of wheat. After opening 1.5 to 5.5 up, prices made an additional gain. Oats showed a tendency to bulge with other grain trading though was very light.

LOCAL FIRM ERECTS FINE MONUMENTS AT GRAHAM

(Graham Leader) A. G. Deatherage of Wichita Falls, erected two monuments in Oak Grove cemetery this week which are the finest to be seen in this part of the State. The largest one is at the grave of Mrs. S. R. Crawford. It is of Barre granite and weighs 23,000 pounds. The base is eight feet and six inches long, four feet and six inches wide and one foot and four inches high; the die is six and one-half feet long, two and a half feet wide and four feet high giving the stone a total height of five feet four inches. The stone is plain, only the word "Crawford" being engraved upon it and to our idea is the most artistic piece of work in Oak Grove cemetery. The other monument is at the grave of E. M. Eichelberger. This stone has two bases, the first being five and one-half feet by three and one-half feet and the second four feet and two inches by one foot and two inches.

JOHN BARLEYCORN

NATIONAL PRESIDENT REVIEWS ADVANCE OF PROHIBITION IN 12 MONTHS

SOUNDS NOTE OF TRIUMPH

She Finds Great Cause for Rejoicing in Progress of World Crusade Against Alcohol

By Associated Press. Seattle, Wash., Oct. 11.—There was a ringing note of triumph in the address with which Anna A. Gordon, the president, greeted the first business session of the National Woman's Christian Temperance Union here today. Her address came after the report of the executive committee and the appointment of credentials and other committees. It swept the world as affected by the crusade against alcohol, and found therein great cause for rejoicing. "Looking backward over the past twenty months and forward to the year 1916 one might epitomize the temperance movement in retrospect and prospect as a movement of victorious yesterdays and confident to-morrows," said Miss Gordon. "These months chronicle an unprecedented number of prohibition victories. The temperance transformation of Russia; the anti-liquor measures in effect in German, French and English military circles; the complete abolition of alcohol in the United States navy and in the Panama Canal Zone; the outlawing of the liquor traffic in Virginia, Colorado, Oregon, Washington, Arizona, Arkansas, Idaho, Iowa, Alabama and South Carolina; the majority vote for statewide prohibition in both branches of Utah's legislature; the triumph of the enemies of the saloon in a large number of counties and cities; the upholding by the United States supreme court of the constitutionality of the prohibition provision of the Indian treaties—making one-fifth of Minnesota dry; the victorious prohibition elections in forty-five of Minnesota's counties; the battle royal for prohibition in the District of Columbia; the total abstinence rules enforced by many industrial and railroad corporations; the decrease at the rate of \$1,250,000 a month of the internal revenue collections on distilled spirits despite the fact that wines are paying high tax as a result of the emergency war tax law enacted by the last Congress; the enactment in prohibition states of stricter enforcement laws; the discomfiture of total abstinence and prohibition by press and popular magazines and the marked decrease of their liquor advertising; the growth of anti-alcohol sentiment in the medical world—these, with the endorsement of national constitution prohibition by hundreds of influential organizations and the out spoken declarations of men prominent in the official and political life of the United States and other nations in favor of prohibition, and total abstinence, have given a marvelous impetus to the movement for the establishment of John Barleycorn from the business, the social and the political life of the civilized world. The majority vote on the Sheppard-Hobson bill in the United States House of representatives on December 22, 1914 even though it fell short of a decisive victory, was a triumph for nationwide prohibition.

Praying for Success. The speaker said that all white ribbons were prayers for success of the cause at the polls in Ohio next month, and in Vermont next spring.

California, Florida, Kentucky, Indiana, Louisiana, Michigan, Nebraska, Minnesota, New Hampshire, New Mexico, Texas, Wyoming and other non prohibition states are fast approaching the mountain top of statewide prohibition, she asserted. Miss Gordon's address was voluminous. It dealt in detail with all branches of the work—prohibition by constitutional amendment, the situation in Europe; total abstinence, the progress of women's suffrage in which temperance workers, she said, rejoice; the peace movement in which she stated that temperance workers are prominent; the work of the young people; the movement for a Frances E. Willard day in the public schools, and a map showing prohibition territory for the same institutions. She reported a net gain of 29,709 members in 1915.

Under the head of "recommendations" Miss Gordon urged members to work for the constitutional amendment and said that December 12 be observed as a campaign rally day in favor of that legislation; to hold a great meeting at Washington every second Sunday in December; to continue opposition to the use of alcohol in the army and navy; to use sample ballots in educating the temperance vote; to make all possible use of young people in political campaigns. She recommended state legislation for an annual temperance day in the public schools, and a wider observance of flag day. She urged that publicity be given the Harrison narcotic law and directed attention to the campaign against alcoholic medicines.

Declaring that the world will banish John Barleycorn—Miss Gordon said: "The extraordinary gain for prohibition in Russia, France, Germany, England, Italy and in all the vast areas involved in the European war, is unprecedented. By one official edict, Nicholas II, Czar of Russia, emancipated that nation from the thralldom of vodka. Later even the use of wine was proscribed, Russia thus lost an annual vodka revenue of many million dollars, but she gained a larger revenue through the morality and the efficiency of her people. SCOT-STEWART WEDDING MONDAY MORNING

Monday morning at nine thirty Miss Cora Scott, only daughter of Mr. and Mrs. Charles Scott, became the bride of Charles Stewart of Saint Louis, the ceremony taking place at the Scott home, 1717 Tenth Street, Rev. C. C. Smith of the First Methodist Episcopal Church was the officiating minister and only a few intimate friends were present to witness the ceremony, including Mesdames Taylor, H. L. Hunter, Posenophl, Mendenhall and Miss Hazel Hunter.

The house was profusely decorated with roses and ferns but no formal decorative motif was observed. Following the reading of the marriage service a wedding breakfast was served.

Mr. and Mrs. Stewart will make their home in Saint Louis, leaving Tuesday morning.

The bride, with her parents, has made Wichita Falls her home for the past three years and although during that time she has been attending school in Saint Louis nevertheless she has won many friends in this city who will sincerely regret her departure, the while offering congratulations to the husband who has won her. She has acquired much fame as a musician and in the music circles will be much missed.

**WE CLEAN CLEANER THAN MOST CLEANERS CLEAN**

We don't clean clothes by machinery. We get down to it with good old hand work, that takes the dirt OUT and gives the fabric a brand new "live" appearance—a method that will make any piece of goods look like new.

Then we press them as they should be pressed and deliver them to you on time. You look the part for dress up week if we do your tailor work.
