EMPLOYERS WILL BE ASKED TO CONTRIBUTE SHARE IN THE PROPOSED NEW ARMY

SUCCESS OF PLAN DEPENDS LARGELY ON THEIR PATRIOTISM

EMPLOYERS EXPECTED TO SEE THAT THOSE ENLISTED DO NOT SUFFER SERIOUS FINANCIAL LOSS.

A GREAT CITIZEN ARMY

Administration Plan Would Provide Trained Force of 1,200,000 Men in 6 Years—Strong Fleet Also Planned in Defense Program.

By Associated Press. Washington, Oct. 16.—Employers throughout the United States, corporations, manufacturers, professional men and business men of all classes

are to be asked to contribute as their share in the national defense, permission for their employees to engage, without serious financial loss, in two months military training during each of three years. This is an essential part of the administration's plan for raising a citizen army of 800,000 men in the six years, which with a regular army of 140,000 men and 300,000 reserves would give a trained force, exclusive of state militia, of about 1,200,000 in the event of war.

The success of the plan, officials admit, depends not on appropriations of Congress, for its cost will be comparatively small, but on the patriotic response of the employers to whom an appeal will be made to furlough as many men each year at different periods as they can spare and wish to join the proposed continental army.

TWO MONTHS' SERVICE ASKED.—Administration officials are confident that even though it is proposed to enlist 133,000 men a year in the continentals, or a total of nearly 800,000 in the first six year period, more than that number would be attracted by the outdoor life of a military camp, if they could be assured by their employers that their earnings would not be lost nor their earnings seriously decreased. The proposed enlistment requires two months service for each of three years and liability for service during the remaining three years only in event of war.

1,000,000 TRAINED MEN.—The army plans for more than 1,000,000 trained men in six years and the navy's program of ten dreadnoughts and six battle cruisers within five years, both of which will be presented to Congress with the indorsement of President Wilson, were the absorbing topics of interest here today.

The proposed army appropriation bill will be \$182,000,000 or an increase of \$27,000,000 over last year, and that of the navy is \$216,000,000, an increase of \$68,000,000. The total defense bill of nearly \$400,000,000, which is understood to be raised by a return to certain tariff duties removed last year.

46 CAPITAL SHIPS.—By authorizing sixteen capital ships in the five year program, the American fleet, when all ships are completed, will be composed in 1920 of 33 dreadnoughts and battle cruisers of the line and thirteen battleships of the second line or a total of 46 capital ships. The new ships are exclusive of nine battleships now in commission which will be superannuated in 1924.

CITY MARSHAL AT JENA, LA. SHOOT MAN HE SUCCEEDED.

By Associated Press. Shreveport, La., Oct. 16.—E. L. Warren, former city marshal of Jena, La., was shot and killed on the streets of that town early today by J. H. Thompson, present marshal. Thompson surrendered to the sheriff. It is said that bad blood had existed between the two men for some time. Thompson shot Warren, he claimed, when Warren put his hand in his pocket as if to draw a revolver.

USE OF ALCOHOL FURTHER RESTRICTED IN FRANCE

Council of Ministers Gave Approval to Orders Believed to Be of Restrictive Character

By Associated Press. Paris, Oct. 16.—Approval was given by the council of ministers today to orders governing the sale of alcohol throughout France. It is believed that they will be of further restrictive character.

GENERAL FIERO, SLAYER OF BENTON IS DEAD

Villa General Reported Drowned—Denial Follows Rumor That Villa Court Martialed.

By Associated Press. El Paso, Texas, October 16.—Official announcement of the death of General Adolfo Fiero, second in command of the Villa army, who was held responsible for the killing of William Benton, a British ranchman and Anton Bauer, an American, at Jaurez about two years ago, in a career stained with "innumerable murders," was made late today at Jaurez. The announcement was very brief stating merely that Fiero was drowned while fording a lake near Villa Ahumada. Whether he was drowned by accident was not stated.

Denial that General Villa had been arrested and court martialed by his generals came from Casas Grandes in the following message signed by Colonel Silva, military secretary to General Villa.

"You can be assured that those rumors about General Villa's arrest are laughingly false and you can state that all his old companions in the revolution are with General Villa and loyal to him. Those who have crossed the United States are those who consider the revolution as a business and wish to safeguard their badly acquired riches."

GEN. CARRANZA WARMLY WELCOMED AT SALTILLO

City Decorated for Visit of Mexican Leader and Thousands Cheer Him in Streets.

By Associated Press. Saltillo, Tex., Oct. 16.—Venustiano Carranza and party reached Saltillo shortly after two o'clock this afternoon and received a welcome equally as enthusiastic as that accorded him at Tampica and Monterey. The city was beautifully decorated. The party was met at the station by the Carranza family accompanied by General Morales and thousands of persons who voiced their welcome with cheers. The first chief has not decided as to the length of his stay at Saltillo but probably will remain several days before continuing his itinerary.

SIR LIONEL GARDEN DIED IN LONDON SATURDAY

Was British Ambassador to Mexico Until Carranza Forced Him to Leave Mexico.

By Associated Press. London, October 16.—Sir Lionel Garden, who was minister from Great Britain to Mexico from 1903 to 1914, when Carranza compelled him to leave Mexico after the overthrow of Huerta, died in London today.

Sir Lionel Edward Crosley Garden was born in County Tipperary Ireland in 1851. Sir Lionel was best known in this country as minister to Mexico where he came into prominence during the trying days following the assumption of power by General Huerta. Previous to this he had many offices, most of them in Latin Speaking countries of America. Sir Lionel first became a figure in the relations between the United States and Mexico upon his arrival in Mexico just after Huerta had imprisoned a number of deputies and had declared a practical dictatorship. He presented his credentials. His action was construed in some quarters as a virtual recognition of Huerta, and the latter's acts. The minister contended, however, with Huerta, previous to that, had been recognized provisionally by the British foreign office.

MOONSHINE TRIALS POSTPONED UNTIL JANUARY

By Associated Press. Fort Smith, Ark., October 16.—John E. Furger of Atlanta, Ga., and Knotts Booth of Knoxville, Tennessee, charged with conspiracy against the government in the alleged moonshine whiskey frauds here will be tried next January, instead of Monday, with the others indicted, it was announced today. Representatives of the department of justice spent the day examining employees of transferred companies.

GERMAN TRANSPORT SUNK BY BRITISH SUBMARINES.

By Associated Press. Petrograd, Oct. 16, (via London, Oct. 17).—British submarines operating in the Baltic sea have sunk five German transports and forced another ashore, according to a Russian official statement given out here today.

HEART FAILURE CAUSED DEATHS OF ZEPPELIN VICTIMS

LONDON CORONER'S JURY SAYS DEATHS WERE CAUSED BY BOMBS THROWN FROM AN ENEMY AIRSHIP.

EFFECT WAS TERRIFYING

Elderly Woman Dies in Husband's Arms—Three Boys Sleeping in the Same Bed Killed—Young Woman Runs from Building Is Killed.

By Associated Press. London, Oct. 16.—The medical evidence on the inquest held today on the eighteen victims of the London area of the Zeppelin raid Wednesday night disclosed that the deaths of half of them, the majority of whom were women, was due to heart failure or shock resulting from the terrifying effect of the bomb explosion and gun fire.

One victim was an elderly woman who had sought refuge in her husband's arms. He said to her "Never mind, we will die together if the worst happens." He was not hurt. Among those who died from injuries was a young man who was found sitting against a wall, his severed arm lying loose in his sleeve. To those who came to his assistance he said: "I am still sticking to it."

In a house which was struck by a bomb and damaged by two others three boys sleeping in the same bed were killed. A young woman who ran out of a house in the neighborhood of which bombs were falling but the other occupants who remained behind to dress escaped unharmed. A father, mother and daughter were found dead under the wreckage of a small villa on which a bomb fell. A dressmaker's assistant was found dead in a cellar in which she had taken refuge on the first alarm.

In nine cases of death from bodily injury a verdict was returned that the death had been caused by bombs thrown from an enemy airship, the coroner having instructed the jury not to adopt what he termed was the foolish precedent of bringing in a verdict of murder against the German emperor.

UNFOUNDED RUMOR THAT PAGE WOULD RESIGN.

By Associated Press. London, Oct. 16.—A report was current in London today that the American ambassador, Walter Hines Page, had sent a cablegram to Washington offering his resignation from the ambassadorship. Mr. Page, who was apprised of the report, said to the Associated Press:

"There is no truth in such a report. I have not resigned and I have taken no action which would justify a rumor to that effect." In what way the rumor arose is not known.

WAR DECLARATION CAUSES LITTLE EXCITEMENT AT SOFIA.

By Associated Press. Sofia, Oct. 14 (via London, Oct. 16).—Bulgarian general offensive began this morning. According to reports brought in by an aviator at noon, the Bulgarian troops had already penetrated Serbian territory. The public received, without any excitement, the king's manifesto declaring a state of war with Serbia. The crowds around the bill boards read the document calmly, but the passage "we will advance simultaneously with the victorious armies of the Central Powers," aroused some enthusiasm.

COMMUTATION DENIED TO JOSEPH HILLSTROM

Utah Board of Pardons Declines to Change Death Penalty And Reprieve Is Terminated.

By Associated Press. Salt Lake City, Oct. 16.—The board of pardons denied commutation of Joseph Hillstrom's sentence and terminated his reprieve. He will be executed.

GOVERNOR WILL PARDON 300 FRIENDLESS CONVICTS

Will Adopt Recommendation of Board of Pardons—May Pardon Still Others

By Associated Press. Dallas, Texas, Oct. 16.—Governor James E. Ferguson in Dallas today to open the State Fair, said he would pardon every one of the 300 friendless convicts now in state prison, as recommended by the board of pardons yesterday.

"That is my idea of life saving," the governor said. He added that he would hear the story of the 2800 convicts in Texas prisons and that if more pardon recommendations would be made, he would give them efficiency also.

GOVERNOR ENDORSES PRESIDENT WILSON

TEXAS EXECUTIVE APPROVES PLANS FOR NATIONAL DEFENSE

GREAT CROWDS IN DALLAS

Indications of Returning Prosperity Shown—Ferguson Predicts Still Greater Prosperity

By Associated Press. Dallas, Oct. 16.—Indications of returning prosperity were seen in great crowds here today for the opening of the State Fair. Visitors greatly exceeded the number in the city on the opening day last year, streets everywhere being congested.

Governor J. E. Ferguson, with several members of his staff, rode in the opening parade which was led by the 28th United States Infantry, a troop of the Sixth Cavalry, which had been on border patrol duty and a battery of three inch field guns and another of mountain guns.

An unqualified indorsement of Woodrow Wilson and his plans for national defense was given by Governor Ferguson in his speech at the opening of the fair.

"Be loyal to your government," said the governor. "We know we cannot favor war or militarism, it is not a question if we do or do not want it. It is what there is in the mind and heart of the other fellow that will concern us."

Governor Ferguson indorsed the president's policies specifically in regard to the border war on Texas.

"Few of us realize it, but the federal government is spending \$75,000,000 per week to keep order on our borders," he said. "He expressed at some length his opinion that Texas was nearing a high tide of prosperity."

TWO KILLED, SIX INJURED IN FIRE AT ATLANTA, GA.

Blowing Out of Electric Fuse Ignites Picture Films in Mutual Film Company's Office.

By Associated Press. Atlanta, Ga., Oct. 16.—Two women were killed and six persons were seriously injured in a fire which destroyed the offices of the Mutual Film Corporation in the Nyon building here today. The property damage was estimated at \$30,000. Miss Clara Westbrook and Miss Lottie Ham are dead. Two of the injured, Mrs. Lucille Davis and Miss Beulah Yows are believed to be fatally hurt.

The fire originated in the film sorting department and is believed to have been caused by the blowing out of an electric fuse which ignited a roll of film. The fire spread rapidly and the flames which shot out of the windows seared walls of a building across Luckie street and set fire to an automobile. Twenty-four persons were in the film corporation's offices when the fire started. Several crawled through a skylight and were rescued by firemen. Those killed or seriously injured were in parts of the office distant from exits.

OPENING DECLINE FOLLOWED BY AN ADVANCE IN NEW YORK.

By Associated Press. New York, Oct. 16.—An opening decline on Liverpool cables was followed by a recovery in the cotton market today with January selling up from 14.67 to 12.78 and closing at 12.77. The market opened unchanged for October but general four to eight points lower under scattering liquidation and local selling for a reaction.

WILL MAKE NO EFFORT TO SECURE RENGINATION

President Wilson Plans to Leave Washington Soon After Congress Adjourns

By Associated Press. Washington, Oct. 16.—President Wilson plans to take no active part in the 1916 election campaign, but will spend the summer at Shadow Lawn near Long Branch, New Jersey. He expects to leave here immediately after the adjournment of Congress and before the conventions are held.

HEAVY BURDEN FALLS ON THE GREEK GOVERNMENT

Great Numbers of Serbian and Armenian Refugees Are Arriving in Greece.

By Associated Press. London, Oct. 16.—Scarcely of food and the arrival of great numbers of Serbian refugees have resulted in pitiable conditions in Greek Macedonia, says a Reuters dispatch received today from Athens. The Serbian government is urging all women and children in Serbian Macedonia to be evacuated. Even greater numbers are expected and it seems impossible at present to make provision for these.

FORCE OF BULGARIANS ATTACK ITURGA BRIDGE

Apparently They Are Attempting to Cut Railway Connection into Serbian Territory

By Associated Press. Athens, Oct. 16.—Forty thousand Bulgarian troops with artillery are reported to have begun an attack on the Iturga bridge near Valandjovo, on the railroad running from Saloniki into Serbia. The point of attack is about twenty miles north of the Greek border. The Bulgarians are apparently attempting to cut railway communications and prevent the Entente Allies from forwarding troops and supplies for the assistance of the Serbians.

COACH PLUNGED INTO SWOLLEN CREEK

ESTIMATED THAT 15 WERE KILLED OR DROWNED AT RAN. DOLPH, KANSAS

MOTOR TRAIN WAS WRECKED

Plunged Through Undermined Abutment into Flood Waters of Sancy Creek

By Associated Press. Randolph, Kan., Oct. 16.—Union Pacific motor train No. 509 consisting of one passenger coach and a baggage and mail combination car early today crashed through an undermined abutment one mile south of here, plunged into the Sancy Creek and buried about 15 feet of the forward part of the passenger car in flood water and mud. Four of the 75 passengers in the car are known to be dead and nine other bodies are said to be lodged in the buried end of the car. All attempts to reach those bodies late today had failed and the correct list will probably not be known until the wrecking train can reach the scene and lift the car. It is estimated that 15 passengers probably were killed.

Sancy Creek ordinarily a "dry run" was swollen into a torrent by three inches of rain which fell yesterday and last night. The bridge proper withstood the ravages of the flood waters but the south abutment was cut under so that the strain carried it down. A large majority of the passengers were young women school teachers who had gathered from the southern part of Riley county to take the motor train to a teachers' meeting, to have been held here today. Several of the young women are unaccounted for.

Conductor Knittle of the wrecked train estimated that thirteen passengers were probably killed as this number had not reported to him after the wreck. This estimate was not accurate, however, Knittle said as he had lost some of the tickets when he was thrown into the aisle of the car and forced to jump through a door in order to save himself. He said 37 passengers had been accounted for as alive after the wreck.

The train left Manhattan northbound shortly after 7 o'clock and arrived at the Sancy Creek bridge at 7:50. It was traveling at a high speed, when according to the passengers, the forward end of the car suddenly pitched down, hurling the passengers from their seats. Several sustained broken bones from the first impact.

The crushed end of the car had demolished the abutment and the end of the bridge and was tottering on the edge of the stream before many of the struggling passengers could reach the car door or windows to escape. The car broke loose from the trailer and plunged downward, standing almost upright on the front end. Many clung to seats and window ledges until they were rescued. Those who were thrown against the front of the car were caught in a struggling mass that sank into the water. The rescued said.

The motorman whose name could not be learned here is believed to have gone down with the car. He was in a small compartment at the front end of the car and might have been killed in the impact with the sinking abutment. A mail clerk who was the only occupant of the rear car at the time of the wreck was injured. It is believed the weight of the passenger car with its load and driving apparatus, carried the car to such a depth as to make its raising extremely difficult.

NEW THEORY ADVANCED MURDER OF CHICAGO JEWELER

Reported That There is Evidence That Jeweler Was Victim of Police Protection Plot.

By Associated Press. Chicago, Oct. 16.—A theory of the Phillips murder mystery developed today that the West side jeweler and pawnbroker may have been the victim of a police protection plot. The theory was based on visits Phillips is said to have made recently to State Attorney Hoyne who has already obtained conviction of former police officers, accused of accepting bribes to protect criminals. Detectives were detailed to investigate this theory. It was said five policemen had demanded money from Phillips on pain of arrest for having in his shop jewelry said to have been stolen. Court records here show that Phillips was arrested in 1913 charged with having in his possession \$2,000 worth of stolen jewelry. He was not convicted. Rumors were current at that time that certain policemen "shook him down."

GENERAL BOTHA HOWLED DOWN AT CHRISTIANIA.

By Associated Press. Cape Town, Oct. 16.—A Reuters dispatch from Cape Town says: "General Louis Botha has concluded another electioneering tour in which he addressed many in rebel centers in the western Transvaal. At a majority of the meetings he received peaceful hearings and obtained votes of confidence, but at Christiania he was howled down and his face battered with mud."

ROUMANIA JOINS GREECE IN REFUSING TO JOIN IN EUROPE'S CONFLAGRATION

ACTION OF CONFERENCE MEETS WITH APPROVAL

All Pan-American Governments Ratify Decision to Recognize the Carranza Government.

Washington, October 16.—Favorable responses were received today from all the governments participating in the Pan-American conference which decided to recognize General Carranza. Secretary Lansing has called a meeting of the conferees next Monday to arrange the form of recognition.

Argentina, Bolivia, Uruguay and Guatemala, replied yesterday. Today favorable word came from Brazil and Chile.

Inasmuch as some of the countries still have diplomatic representatives in Mexico, a renewal of relations in an official manner can be arranged in Mexico. The United States and several other countries, however, have not had diplomatic representatives for some time in Mexico and recognition probably will take the form of presentation of a note to General Carranza through the medium of Eliseo Arrendondo, his representative here, who will depart for Mexico to meet General Carranza.

ANGLO-FRENCH FINANCIERS SAIL FOR LIVERPOOL

Lord Reading Declares That People of Great Britain are Prepared to Make Any Sacrifice.

By Associated Press. New York, Oct. 16.—Lord Reading, chairman of the Anglo-French loan commission and his two British associates sailed for Liverpool today on the American liner, St. Louis. Although the contracts for the half billion loan were signed yesterday the French members of the commission will remain here to attend to necessary details.

In words carefully chosen Lord Reading asserted that the British nation would accept no other ending of the present struggle in Europe than victory. "The people of Great Britain are prepared to make any sacrifices to attain that end," he said. "Nothing that can be done will be omitted."

STATES OFFICIALLY SHE WILL REMAIN NEUTRAL IN WAR

MAKES ANNOUNCEMENT AFTER INQUIRY HAD COME FROM GERMAN SOURCES CONCERNING INTENTIONS.

A RUPTURE WITH GREECE

Reports From German Sources Say the British and French Ministers are Leaving Athens—Germans Claim Progress in Serbian Campaign.

By Associated Press. London, Oct. 17.—Roumania has joined Greece in declining to enlarge the conflagration in the near east by declaring officially that the Roumanian government intends to preserve strict neutrality.

This step followed close on intimations from unofficial German sources that it was time that Bucharest gave more definite indication of Roumania's stand, in view of the latest developments in the Balkans. From a German source also comes a report that British and French ministers are leaving Athens. This report is discredited here, and it is without any other confirmation.

ON EASTERN FRONT.

Unofficial reports from Petrograd say the Germans appear to be on the defensive along the entire line except that section near Dvinsk which they have been ordered to take at all costs. Berlin, however, reports Russian attacks not only before Dvinsk but at a number of other places and adds that they have been repulsed. These attacks were all within the army group of Field Marshal Von Hindenburg which is taken to mean that the Russians have assumed something in the nature of a general offensive of which Dvinsk forms a vital salient.

IN BALKAN THEATER.

While the French and British are still landing troops at Saloniki for the army, which will be under the supreme command of General Sarrail, former commander-in-chief of the French army in the Orient, the Germans announce that their forces continue to make headway against the Serbians whose positions south of Semendria have been stormed. The Bulgarians are said to have forced the frontier ridge at several points between Megotin and Strumica. That Bulgaria does not anticipate any hostile action on the part of Greece is indicated by dispatches from Bucharest stating that Greece has purchased a large amount of wheat from Roumania which will be permitted passage through Bulgaria.

Hard fighting has been in progress on all the important battle fronts and latest report show not the least desperate engagement having been fought in Serbia where the Teutonic invasion is declared by Berlin to be making further progress.

Official dispatches from Nish estimate the Teutonic losses in the Serbian campaign up to Thursday night last was 25,000 killed, and 60,000 wounded. It is declared in these dispatches that a German army which attempted to turn the Serbian right wing at Semendria was driven into the marshes on the Danube near the Semendria fortress. Heavy reinforcements for the Germans in the Porarevac action are reported on the way.

Gr. J. Britain's declaration of war on Bulgaria has been followed by a declaration of a blockade of the Bulgarian port on the Aegean Sea, a stretch of about 80 miles, extending from Saritchan, Greece to Enos, European Turkey. The seaports affected include Dedeagachan, Porto Lagos, Maronia and Mecri. Neutral vessels were given 48 hours to leave the blockaded area. An order of the vice admiral of the allied fleet announced the blockade, which was effective from Saturday evening.

The sinking of a Russian schooner laden with coal and iron, by a German seaplane in the Gulf of Riga is announced in Berlin newspapers.

A REAL CYCLONE NEAR BURKBURNETT

STRIP 100 YARDS WIDE AND SEVERAL MILES LONG SWEEPED BARE BY TWISTER.

BUILDINGS WERE DEMOLISHED

Timbers Strawn Over Fields And the Fences and Telephone Lines Torn Down—No One Hurt.

A real cyclone is reported to have swept a strip through the country west and north of Burkburnett at about five o'clock Friday afternoon. The twister came at the end of a humid, sultry afternoon. It first struck the earth at the farm of Mrs. Owens about three miles west of Burkburnett. Here it blew Mrs. Owens house from its foundation and twisted the building but did not destroy it. On a farm owned by A. J. Shultz a barn was demolished and a calf killed.

At the farm of Mr. Chenault north of Burkburnett outhouses were demolished and a barn was wrecked. The cyclone traveled in a north easterly direction and covered a strip about 100 yards wide. It turned and twisted its way through the fields stripping them bare of vegetation. Fences and telephone lines were blown down and the timbers of buildings scattered over the fields. One of the buildings demolished was covered with tin. Part of this was found wrapped tightly around fence posts a mile away. It was wrapped so tightly that it could not be removed without the aid of a hatchet.

The cyclone passed about a mile and half northwest of Burkburnett and appears to have spent its force by the time it reached the river. Fortunately no persons were in its path.

At about the time of the cyclone a heavy downpour of rain fell at Burkburnett. The rainfall there is reported to have been heavier than here.

THANKSGIVING DAY TRAP SHOOT BEING PLANNED

Local Sportsmen Planning Event that Will Bring Expert Shots Together Here

Plans for a trap shoot here on Thanksgiving Day are being formulated among local shot gun experts, and it is hoped to bring out a large number of contestants from Wichita Falls and neighboring communities. The traps will be installed east of the city on the site of the old ball park.

Recently a live bird shoot was held by several local crack shots, pigeons being used. The occasion was enjoyed by all except the pigeons.

GOLF AND COUNTRY CLUB FAVOR SITE AT LAKE

100 Acres Comprising Ball Park and Land Adjoining Favored by Locating Committee

The Times hears that the locating committee for the Golf Club will most probably recommend to the directors and stockholders as a site, the 100 acres of land tendered by Messrs. Kemp and Kell where the baseball park at the lake is, with other lands adjoining. The committee, however, will probably not recommend the purchase of any of the buildings at the lake, not thinking them suitable for the use of the Golf Club.

As soon as Mr. Perkins, who is chairman of the committee returns a meeting will be held and a formal report made.

BULGARIA DIDN'T WANT WAR WITH ENTENTE ALLIES

King Ferdinand's Manifesto Declares Entente Allies Were Prepared to Give Territory

By Associated Press London, Oct. 16.—A copy of the manifesto of King Ferdinand, portions of which were forwarded from Sofia recently by telegraph reached London today. The manifesto implies Bulgaria had no quarrel with the entente powers. It explains that they like Germany, were prepared to give Bulgaria the greater part of Macedonia.

"Our treacherous neighbor, Serbia, alone remained inextinguishable," the manifesto continues, "Serbia, in an almost stupidly attacked our territory and our brave troops have been forced to fight for the defense of their own soil."

In conclusion King Ferdinand says: "The European war is nearing a close. The victorious armies of the Central Empires in Serbia are advancing rapidly."

TYRANNOSAURUS FOUND FORTY SEVEN FEET LONG

Specimen of Giant Reptile That Lived 3,000,000 Years Ago Placed on Exhibition

By Associated Press New York, Oct. 16.—A specimen of the tyrannosaurus, 47 feet long and 800 pounds and a half feet high, was placed on exhibition today at the American Museum of Natural History. It was unearthed on Big Dry Creek in the Montana Bad Lands. The tyrannosaurus is a giant reptile distantly related to lizards but with hind legs fashioned like those of birds. Its head, dagger like teeth, and sharp claws show that it was carnivorous. It inhabited the great basins of the west 3,000,000 years ago.

TOWN FOOTBALL TEAM PLAYS ELECTRA TODAY

First Game of Season For Local Team—Game Will Be Played at Electra

The Wichita Falls town football team will go to Electra this afternoon to meet the town team there, it being the local first game of the season. These two teams have always had a close contest, a large number of the games being even breaks, so that today's game is expected to be one of much interest. If the weather permits the locals will go up in automobiles, otherwise the trip will be made on the train.

LEONARD PAPER'S TRIBUTE TO PRESBYTERIAN PASTOR.

(Leonard Graphic.) Rev. N. P. Grafton received a telegram this (Thursday) morning from Wichita Falls advising him that he had been unanimously called by the First Presbyterian church to serve as its pastor. Mr. Grafton immediately secured his acceptance and at once commenced preparations to move to that place next week. Mr. Grafton has lived here nearly eleven years and has a host of warm friends who regret to see him and his estimable wife leave, but their sincere good wishes will follow them to their new field of labor. Mr. Grafton is an exceptionally able preacher and Wichita Falls offers an inviting field for his talents and ability. The Graphic congratulates him on this call to a broader field of usefulness, and the city of Wichita Falls as well as the congregation he is to serve are to be congratulated on securing a man of the highest type of character and a preacher of matchless ability.

HENRIETTA NOW TALKING PAVING PUBLIC SQUARE

Matter Up to County Commissioners—Cook-County Material May Be Used for Paving.

(Henrietta Independent.) A petition has been presented to the commissioners, on behalf of the city council and property owners asking that the county assist in a paving proposition for Henrietta. The petition does not specifically name what it is desired that the court shall do but the intention is that the county stand the expense of paving a space 35 feet wide from the court house yard. This will leave a space 25 feet wide to be paved by the owners of abutting property and the city. Recently the city council has made investigations of paving material, and have found in Cook county a gravel that is cheap and said to be as good paving material as there is. It is a gravel in which there is mixed enough clay to cement together, and it makes a perfectly hard, solid and durable surface. It requires no process of manufacture, but is simply piled on the street in its virgin condition, smoothed out and rolled down, and the paving is ready for service. Calculations put the cost of this paving at \$1.20 a front foot for property abutting the street. Of course in the case of the court house square, the cost would be a little more because that is wider.

BRYAN MAY TAKE PART IN TEXAS PROHIBITION CONTEST

Dallas, Oct. 16.—That William J. Bryan very likely will be in Texas again next March was admitted by Dr. A. J. Barton, superintendent of the Anti-Saloon League of Texas, who has returned to Dallas from Baltimore Columbus and other cities in the East. Dr. Barton just before leaving Texas a few days ago.

Mr. Bryan told Dr. Barton he will try to attend the State convention of the Anti-Saloon League of Texas when it meets next March. He said Mr. Bryan made his promise conditional, but more definite than he expected when he made the request. Dr. Barton tried to get him to make a speaking tour of Texas in interest of prohibition. His reply was that he will try to attend the convention of the Anti-Saloon League of Texas and will try to aid in a campaign for prohibition in Texas in the future when the issue is placed directly before the people of Texas in some form to be voted upon.

At Columbus Dr. Barton attended a meeting of the executive committee of the Anti-Saloon League of America, at which meeting it was decided to have a special national convention of the league next year at Indianapolis. At the last convention of the league, the past summer at Jersey City, the executive committee was given authority to call special conventions of the league more often than the regular biennial conventions as they have been held heretofore. Dr. Barton said the committee meeting was well attended and some important business was transacted.

NO MOVIES ON SCHOOL NIGHTS SAY MOTHERS

Several of Clubs Have Formally Resolved Against Attendance at Shows on Study Nights

No movies on school nights for the pupils of the public schools, is the effect that has gone forth from the Mothers' Clubs. Several of them have formally resolved to keep Willie and Mary Jane at home on evening when there is studying to be done and it is expected that the others will follow suit, so that the young folks will have to enjoy the films in the afternoons and on Saturday nights. Evidence that too much movie was interfering with studies prompted the parents to take this action.

ROCKEFELLER SETTLES DISPUTE WITH CATHOLIC SOCIETY

By Associated Press New York, Oct. 16.—John D. Rockefeller and the Catholic foreign mission society have compromised their dispute over 50 acres of land adjoining the Rockefeller estate and Mr. Rockefeller will get the land. Three years ago the society contracted to purchase the property from Joseph Toussani. Subsequently Mr. Rockefeller's agents paid \$10,000 on a bargain to buy the land for \$68,000. The mission society bought, suit to force won it. Today it was announced that the society had purchased land elsewhere and had sold the disputed tract to Mr. Rockefeller.

WORK ON NEW REFINERY WILL BEGIN HERE SOON

Site Will Be Surveyed Monday—Some of the Material Already Being Shipped Here.

A special committee has been appointed by the Chamber of Commerce to close up the contract with Roy B. Jones of Oklahoma City and associates for the 2,000 barrel oil refinery to be built here. A surveyor has been engaged to survey the site Monday. The equipment for the plant is already en route and it is expected to have work started on the plant within the next ten days.

While the plant will have an initial capacity for handling 2,000 barrels of crude oil daily it is hoped to materially increase this within a short time as the business grows.

The site donated by citizens of Wichita Falls is on the Burkburnett road near the northwestern shops. Money for the purchase was raised last week.

REELECTION OF MR. KELL AS RESERVE DIRECTOR ASKED

Local National Banks Urge His Again Being Chosen—Term to Expire Shortly

Frank Kell of this city whose term as federal reserve bank director soon expires has consented that his name be placed in nomination for another term. Mr. Kell is making no effort to secure the directorship again but a committee from the local banks, members of the reserve bank system are announcing the fact to the other member banks that Mr. Kell has consented that his name be used.

The following is a copy of the letter being sent out: "As you will soon be called upon to make nomination for a class B director of the Federal Reserve Bank of Dallas in group 2, we desire to solicit your support for our fellow townsman, Mr. Frank Kell, the present incumbent, who selected the one year term now closing.

"Mr. Kell is one of the leading citizens of Texas; is a progressive, live business man of more than state-wide reputation. He is a man of large experience as a ranch man, grain buyer, merchant, miller and railroad builder, and has been a financial success in his business career. He is conservative, careful and at the same time has seen enough of business from all angles to understand fully the wants of the bankers of the district.

"Mr. Kell does not seek the position, but will serve again if the bankers of the 11th district desire it, and knowing his business capacity so well, we would greatly appreciate your assistance towards his nomination and re-election. We think that his past services during the year de cordially recommend him to you and all bankers of the district.

ARCHER COUNTY VOTES ON TICK ERADICATION

Election Held Saturday But Results Not Learned—Second Election Ordered in Clay County.

Archer county yesterday voted the second time on the question of tick eradication. On account of the interrupted telephone communication last night it was not possible to learn the result of the election, but it was believed by many who have been in touch with the situation here that the vote would be for eradication. At an election held last spring eradication was defeated by a decisive majority. During the summer cattlemen suffered heavy losses from the tick and a better understanding of the provisions of the eradication law caused a big change in sentiment in favor of the adoption of eradication measures.

A second election has been ordered in Clay county where eradication also was defeated in the summer. The commissioners of Young county have been petitioned to order an election to vote on the question of eradication but have deferred action on the petition until next month.

FATE OF OSCAR WELLS NOW RESTS WITH JURY

Case Given to Jury Saturday Morning Jurors Go to Bed Without Making Report.

The case of Oscar Wells, negro, charged with murder for the killing of Kid Hopper, another negro, went to the jury Saturday morning. The jurors went to bed Saturday night without returning a verdict. After they had been out a few hours they asked for information from Judge Nicholson as to whether they could return a verdict of not guilty under his charge. He told them that he had charged them on manslaughter and murder and that they must be the judges of the evidence under these charges.

Wells was put on the stand himself by the defense late Friday evening. He testified concerning the trouble on the night previous to the killing and to having been informed of threats they had made against him. He testified that when he went into the barber shop Hopper advanced toward him at the same time putting his hand in his pocket.

NEW ORLEANS COTTON FUTURES CLOSE AT ADVANCE.

New Orleans, Oct. 16.—After a decline of seven to eight points in the early trading today the cotton market firmed up, recovering the loss and went to a net advance of four to five points. The close was one to five points over yesterday's close. In the early session much of the business was to even up outstanding contracts but later fresh buying came in to which the market responded.

MANY BULGARIANS OPPOSED TO GOVERNMENT'S ACTION

Milan, Italy, Oct. 15, via Paris, Oct. 16.—The Bulgarian government has been obliged to resort to stern measures of repression as the result of unrest among the people, says a dispatch to the Secolo from Sofia, by way of Bucharest. Many officers of pro-Russian sentiment have been ordered from the army and it is asserted that reprisals are being made against the subjects of the quadruple entente nations.

TURKS DRIVING ALL CHRISTIANS FROM EASTERN TURKEY

New York, Oct. 16.—Twenty thousand additional destitute mountaineers of Eastern Turkey have reached Tabriz, Persia, according to a message received here today by the Presbyterian board of foreign missions. Of the 70,000 refugees now there more than half are said to be Armenians. It is indicated that all Christians of Eastern Turkey are rapidly being driven out by the Turks.

BERLIN KNOWS NOTHING OF SINKING OF DESTROYER

Amsterdam, Oct. 16.—A semi-official telegram from Berlin states that nothing is known there of an engagement between German warships and a British submarine off the island of Kos Moen in which a German torpedo boat was reported to have been sunk. The telegram suggests that the explosion of a mine probably led to the report.

In a speech delivered at the opening of the Dallas Fair yesterday Governor Ferguson said: "Few of us realize it, but the Federal government is spending \$75,000 per week to keep order on our borders." He also took occasion to endorse most heartily the policy of President Wilson.

Reports from Washington are to the effect that Miss Margaret Wilson is to wed a 42-year-old Chicago widower soon, or at about the same date as her distinguished father, the President, will wed Mrs. Galt.

Many of the followers of General Villa are deserting him and crossing over to the United States, which probably means they are doing now what Villa will be compelled to do later on. Since the Carranza government has been recognized by the United States, there is nothing for this country to do now but back up the Carranza government in Mexico so far as it can, and there is hardly any limit to the backing Uncle Sam can give Carranza, and will, so long as Carranza shows a disposition to do the right thing. The Villa followers know this, and are deserting their chief in such numbers as to make it almost certain that he cannot hope to hold out much longer.

The press dispatches of yesterday quoted Emperor William of Germany as weeping for France, deploring her cruel methods of warfare, which he said would not be known until after the war was closed. "The French method of warfare is one of a terrifying nature, brutal and inhuman. . . . The air of this war is that Germany, in its great unity, should become the heart of Europe, and lead in the work of civilization and humanity," said the Emperor. All of which sounds nice, but in the press dispatches of the same day comes the report that a Miss Caffell, head of a large training school at Brussels, an American woman, was arrested on August 5th by the Germans, charged with harboring and aiding in the escape from Germany, British, French and Belgian soldiers of military age, and that she was executed on October 19th. So far as we know this is absolutely the first information coming from Germany that an American woman had been arrested on such a charge.

Wichita county ginners are confident that not more than 6,000 bales of cotton will be ginned this year, which is considerably less than half the number of bales turned out by them last year. But the acreage, to begin with, was cut at least 35 per cent under last year, and then came the damage to crops by too much rain, hail and crop destroying insects cut the yield per acre another 25 or 30 per cent. But the price for cotton is just about double what it was last year at this time with fine prospects that it will not go lower and in addition to good prices for cotton, as high as \$35 per ton was offered yesterday for cotton seed. Even with the

short crop of cotton, the condition of farmers is much better now than last year at this time and they do not seem to regret that they cut down their acreage to cotton, and used their lands for other crops, such as wheat, oats, corn and feed crops. A good wheat crop was produced and much of it is yet in the hands of the wheat farmers, for which the price yesterday was \$1.15 per bushel. Next year it is possible the acreage to cotton will be increased in this county slightly over what it was this year.

A Japanese-American war is predicted for the near future by Carl Crow, a newspaper man who was at one time connected with a Fort Worth newspaper, going from there four or five years ago to China where he engaged in the newspaper business, and who has written several articles for leading American magazines since he has been making his home in the Orient. Mr. Crow is now in this country gathering data for a book which he proposes to publish early in the spring next year. According to Mr. Crow, Japan is now preparing as rapidly as she can for what he firmly believes is her conflict with the United States. At the outbreak of the present war Japan, he says, had no quarrel with Germany, but merely took sides with the allies in order to place them under obligations to her to keep hands off when she got ready to attack the United States. Whether Mr. Crow is correct in his conclusions or not is a matter that we must judge for ourselves, but a three years' residence in China, and two years in Japan ought to place him in a position where he can study such matters to a better advantage than those of us Americans who can only depend on what we see in the newspapers and periodicals to reach our conclusions. That there is a feeling in this country that Japan would like to go to war with the United States, there can be no doubt. And this feeling, in the face of protests of friendship for this country on the part of Japan, is growing.

NIG ON DIVIDING UP.
Editor Times: I note your comment in Thursday's Times on my fifteen feet high tomato vine, also the intimation that former communications from me have led you to the belief that I am a socialist and believe in dividing up. I admit the charge of being a socialist, but if my former letters have conveyed the impression to you that socialist believe in dividing up, the letters must have been dull indeed. As a matter of fact we are very much opposed to dividing up, that's why we are socialists. There are government statistics to the effect that the average worker produces wealth to the value of a little over \$2,000 a year and it is painfully evident that our wage does not look anything like this, so we conclude that we are dividing up pretty freely with some one now and we are further confirmed in this belief by other governmental statistics which inform us that the average wage received per worker is only a little over \$500 a year. Thus the workers are dividing up the major part of their product with the private corporations who own the means of life.

We are getting tired of this dividing up system and feel that the workers are entitled to more nearly the full value of their product. Is this anything more than justice? To accomplish this end socialists propose public ownership and democratic management of the means of production and distribution. Does that sound like dividing up?
I want to assure you, however, that we are not stingy and anytime the editor of the Times wants to see our tomato vine he may do so free of charge and is welcome to sample the fruit, too.

EXPLOSION IN BENZOL PLANT KILLS FOUR, INJURES SEVERAL

By Associated Press. Birmingham, Ala., Oct. 16.—Four men were killed and four other were injured in a gas explosion in the new by-product plant of the Tennessee Iron and Railroad Company at Fairfield near here tonight. The dead: J. L. DONNELLY, L. J. WRIGHT, PERRY POOL, BERNHART.

The injured were employees. The explosion occurred in the valve of a 42-inch gas main in the pump house which forces the product used largely in making explosives into the benzol plant. The gas ignited immediately shooting flames through the entire building and for a time threatening to destroy several oil tanks. Several Birmingham fire companies aided in fighting the fire and it was confined to the building in which it originated. The cause of the explosion could not be ascertained tonight. The plant has been closely guarded since it began operations and only employees allowed to enter the buildings.

TWO HELD IN CONNECTION WITH CHARLESTON SHOOTING

By Associated Press. Charleston, S. C., October 16.—Of the six men arrested yesterday in connection with the shooting of Sidney Cohen, and four others; H. J. Brown and S. R. McDonald were held today by the police but no formal charges were brought against them. The others finally were charged with carrying concealed weapons, their cases continued and they were released on bond today.

The city democratic executive committee decided shortly before its meeting was called to order to hold today's session in an artillery hall. All persons not directly interested in the results of the election were excluded from the building before the committee began work. Those permitted inside the hall were searched for weapons. Several pistols were found and taken from their owners. State guardsmen are on duty patrolling all intersecting streets to prevent possible out breaks.

BAYLOR DEFEATS TRINITY IN GOOD GAME AT DALLAS

By Associated Press. Dallas, Texas, October 16.—Baylor and Trinity University played a smashing foot ball game here today in spite of the one sided score of 49 to 0 in favor of the former. The outstanding feature of the game was the line plunging of Fouts for Baylor. Trinity was out classed in all stages of the game but fought stubbornly.

POLICE LOOKING FOR MYSTERIOUS-BLONDE WOMAN

AUSTRO-GERMAN ARMIES MAKE PROGRESS IN SERBIA.

By Associated Press. Berlin, Oct. 16.—Further progress for the armies of Field Marshal General Von Mackensen invading Serbia, is reported by the war office today. The storming of positions south of Semendria is announced. Bulgarian troops are progressing also in their attacks and have taken the eastern fort at Zajecar.

ORDERS AN AUTOPSY ON BODY OF HUSBAND

By Associated Press. Los Angeles, Oct. 16.—Mrs. Chas. Fairall arrived here today from San Francisco and ordered an autopsy on the body of her husband who died here yesterday after a brief illness which puzzled physicians. Mr. Fairall was chief of counsel for Matthew Schmidt, accused of murder in connection with the Los Angeles Times dynamiting case.

SERBS AND BULGARS CLASH IN SOUTHEASTERN SERBIA

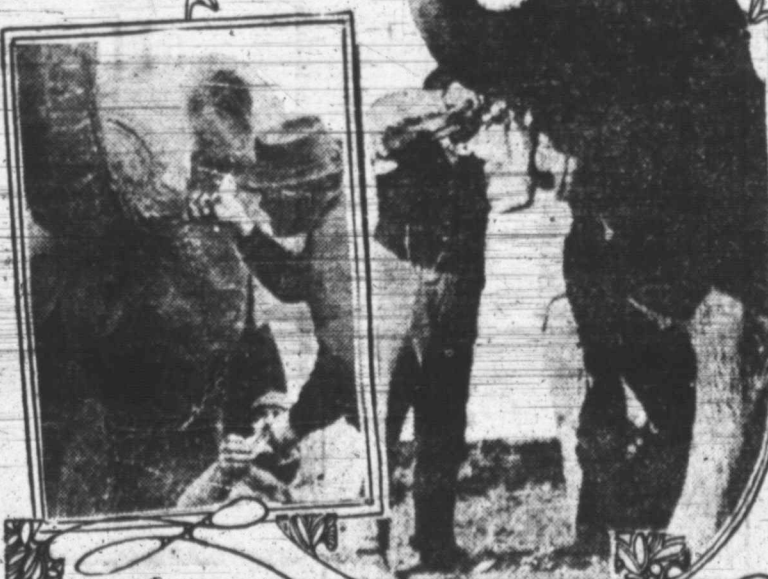

By Associated Press. Saloniki, October 16, via Paris.—Heavy cannonading is reported around Dorian southeastern Serbia. The Serbians are said to have forced the Bulgarians to retire. The Serbians are advancing from Souvove in the direction of Siroumitia which they claim they expect to take shortly.

AUSTO-GERMAN LOSSES IN SERBIAN CAMPAIGN HEAVY

By Associated Press. Paris, Oct. 16.—Austro-German losses in the campaign against Serbia up to Thursday evening, October 14 were estimated at 25,000 officers and men killed and 50,000 wounded, according to a dispatch from Nish. The Serbian army operating in the north, the dispatch adds, also sustained heavy losses.

Taking His Medicine

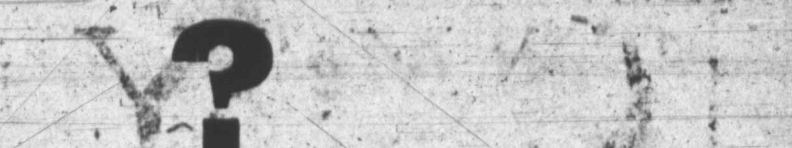

A Critical Moment

Pulling "Big Johnny" Both.

Out near the big top of the circus grounds next Wednesday there will be one man whom no one will see, yet he holds a responsible position with the Ringling Brothers: He is Dr. Fred J. Riley, the circus doctor. When Dr. Riley was graduated from the medical school he came back to the little village in South Dakota, where he was born, and everybody thought he would purchase a horse and buggy and settle down for life as a village physician. There was some consternation and lifting of eyebrows when the folks who had known him as a boy heard that he was going to be a circus doctor. It

didn't seem quite the right thing, but Dr. Riley did not care about that, so instead of being a country doctor or a city specialist, he has made his life's work the healing of the sick and maimed around the big tents. While the show is going on Dr. Riley sits in his office which is a tent and waits for his patients. That is his busy time. While the thousands who are watching the performance in the rings seldom know it, each day's show furnishes its quota of men and women who have need for quick aid to the injured. After the show there are others who have been in pain and who have suffered

physical torture in order that their act may go on, will come and have Dr. Riley fix them up.

"My duties as a physician are not arduous," said Dr. Riley, "though I am kept pretty busy with bruises and sprains and now and then a broken limb or fractured bone. Circus folk are naturally healthy, but like the usual run of perfectly well people, they stand in the greatest dread of sickness. I have had perfect specimens of physical health come with wry faces into my office tent, firmly convinced they were in the early stages of decline. Much of my time is occupied from 10 in the morning till five in the afternoon show, prescribing to the imaginary ills of the men whose health I envy.

"It is a great mistake to be frank with these patients. I go upon the principle that the man who imagines himself sick, needs medicine, and a few harmless pellets will work won-

ders. When such men are really in need of medical attention they show the least concern, I recall one serialist who fell from the dome of a tent and on the way down tore a great piece of flesh from his arm on a steel projection on the lower rigging. He was pretty badly bruised when they brought him into my tent. When I suggested using cocaine on the wound to deaden the pain he laughed and said: "Never mind the dope, Doc, and get busy. If you'll tie that arm up with a piece of stiff canvas so I can work tonight, I'll be much obliged."

While I was sewing up his arm he discussed his fall as calmly as though he were merely having his nails trimmed in a manicure parlor.

Another surgeon with the circus is Dr. Geo. Deman, who cares for the elephant herd. How he looks after his calling list of some 40 patients is best told in the illustrations accompanying this story.

AGRICULTURAL CLUBS SHOW BIG INCREASE DURING YEAR

Washington, Oct. 16.—There has been an increase of more than 41,000 in the membership of various boys and girls agricultural clubs conducted by the state agricultural colleges and the department of agriculture in the northern and western states. At the close of the fiscal year ending June 30, 1914 there were 119,077 members in the various club projects in the 33 states covered by this work. At the close of the present fiscal year, June 30, 1915 the membership was 151,194, exclusive of the enrollment in the mother-daughter canning clubs.

This work is being carried on cooperatively in 26 of the 33 states in the northern, central and western territory by the department of agriculture and the extension departments of the state colleges of agriculture. In practically every state short courses for boys and girls and special demonstration schools have been held at the colleges and in the field. During the past year 1,557 club members attended the mid-winter courses at the colleges, 968 of these having their expenses paid by local contributions as a recognition of their achievements in club work. Of the 38 club members who, as champions in their states, districts or counties for 1914, have become recognized as national all-star club members, 31 are now attending high schools, agricultural or other colleges, 3 of the remaining 7 have already graduated from high school, and one will go to an agricultural college this fall.

Experience has shown that the work in the boys and girls clubs can be carried on with even greater success without the aid of large cash prizes and awards. The net profits from the work itself have been found to be the best possible incentive. The members have their attention directed to problems of farm and home management, crop rotation, soil building, etc. and in practically every state in which the work is being carried on a large number of club members are now working out three and four year rotations of crops. The profits which they derive from club work they are spending on getting an education or for purchase of pure bred stock and labor saving machinery. Many are even buying land and thus acquiring an invaluable sense of dignity and independence.

COURT MARTIAL POSTPONED ON REQUEST OF ADMIRAL

By Associated Press. Washington, October 16.—The court martial of Rear Admiral William N. Little retired, was postponed today until November 1st. Admiral Little explained to Secretary Daniels that he would be unable to prepare his defense by next Monday, the original date set. The officer is charged with neglect of duty in having accepted, as machinery inspector, Submarine K-2 from the builders, when he is alleged to have known that there was defective construction in the electric batteries. Admiral Little is quoted as

having said that acceptance of the boat was based on the contractor's agreement to "stand back of the battery for all time," as to the alleged careless workmanship. The present navy inspector at Fore River ship building plant, where the submarine was constructed, reported he was unable to find any written record of the agreement in the files of his office.

WILL QUESTION GOVERNMENT ON GALLIPOLI SITUATION
By Associated Press London, Oct. 16.—Upon the reassembling of the House of Commons next Tuesday, Robert L. Outhwaite, Liberal member of Parliament for Hanley, will ask Sir Edward Grey, the British secretary of state for foreign affairs, whether the Russian government still attaches the same importance to the Dardanelles operations as it did when the British minister stated that the operations had been undertaken at Russia's request for the purpose of drawing a Turkish force from Caucasus.
The question is designed to bring out if Lord Milne's suggestion of the evacuation of the Gallipoli peninsula finds any official support. No evidence of any such intention is as yet apparent.
Robert L. Outhwaite is a native of Australia, having been born in 1869 in Tasmania.
A. F. Blue, well and favorably known in Wichita Falls has taken a position as pharmacist at Mack Taylor's Drug Store. Mr. Blue was manager here for several years of Dr. Robertson's drug store. For several years he has been in the drug business at Roswell, N. M.

BRING YOUR PRESCRIPTIONS TO US.
We have made careful preparation to look after your prescription requirements in the same careful manner in which we take care of your other drug requirements. We recognize the fact that the prescription work is the most important factor in any drug store, and always we have been careful to see that only the best and purest medicines were put into the prescriptions. In furtherance of this careful policy we have recently employed Mr. A. F. Blue, one of the best prescription pharmacists who ever came to Wichita Falls, and who has had an experience in three states which should make him an ideal man for our work. Mr. Blue is not a stranger to Wichita Falls, having lived here several years ago, when he was in the employ of the Robertson Drug Store in the capacity of manager and prescription clerk. Since that time he has taken the examinations in California and New Mexico, and for the past three years has been in active charge of one of the largest drug stores in Roswell, N. M.
We not only make a specialty of seeing that every prescription is filled accurately, but we also attend to it promptly and deliver it to your door in the very shortest possible time after it is received.

BRIDGE LUNCHEON FOR MISS KEMP SATURDAY

A bridge luncheon was the delightful hospitality which Mrs. Wade Walker Saturday extended to Miss Jewell Kemp, bride of this month whose wedding to Mr. William Smith Langford within a fortnight is the topic of interest for local society.

It was a pink and white luncheon and one of the prettiest affairs of the season, the bridal motif and pink La France roses furnishing the idea for the charming decorations.

Six small tables were arranged around the bride's table which was occupied by Miss Kemp, her mother and grandmother and other close relatives.

The bridal table was directly under the large chandelier which had been transformed into a bower of ferns and roses. A pink basket filled with lace fern and La France roses was suspended from the light cluster by bands of pink tulle which were caught in a huge bow on the handle of the white French wicker rose basket which centered the table. The polished table was overlaid with a hand made Irish rose crocheted luncheon set and the covers were marked with hand tinted bridge cards. The chair of the honoree was marked by a huge bow of pink tulle. Pink shaded silver, candelabra added to the general charming effect.

At the six small tables roses were

used as centerpieces, arranged in cut glass vases, the name cards being hand tinted also. The mantelpieces and buffet were banked with lace fern and flowers intermingled and the lights were shaded in pink.

A four course menu was served and then the game of bridge followed. Miss Kemp was presented with a set of six individual hand painted salt and the high score prize was a cut glass vase. Mrs. Walker was assisted in entertaining by Mrs. O. P. Marchman and Mrs. W. B. Shepherd. The guest list on this occasion included the honoree, Miss Kemp, Mrs. Kemp, senior, grandmother of the bride-elect, Mrs. J. A. Kemp, Madamae Newton Maer, P. Langford, Bruce Greenwood, Mark Walker, Misson Reid, Carrigan, Carver, Wyatt, McGregor, Avis, Blair, Burnside, Stringer, Caro Belle Blair, Nolan, Thompson, Abbie Thompson, Virginia Nanz of Owensboro, Ky., Kahn, Hart of Weatherford, Simpson, Sammons, Ikard, Orth, Fox, Bullitt, Mead and Ferris of Henrietta.

Miss Zena McMeans of Galveston is the guest of Mrs. Peyton Gwyn.

SPLENDID MEETING OF ALAMO MOTHERS CLUB.

The Alamo Mothers Club met Friday afternoon with sixty members, several visitors and eight new members present. Devotionalists were led by Mrs. R. J. Goodale and two beautiful vocal selections by Mrs. Lee Clark were enjoyed. A splendid paper was read by Mrs. R. H. Hall and a number of talks made by various of the mothers and teachers. The club voted to go on record as not allowing picture show attendance on school nights by the children. Delegates were elected to the Texas Congress of Mothers, convening in Dallas, October 26th, 27th and 28th, these being Miss Frances Hunter, Mrs. R. J. Goodale and Mrs. R. W. Cook. Mrs. J. W. Lee, president of the Alamo Mothers Club will represent the First district at this congress. The Alamo club has a number of fathers on its membership roll and contemplates holding a father's meeting some time next month.

THE STORE of SERVICE And SATISFACTION

The Clever New Fashions

ARE ALWAYS TO BE SEEN IN OUR WOMEN'S COSTUME DEPARTMENT We wish to lay stress on the "Clever" because one who follows the vagaries of fashion has oft times noted how modes may often possess the distinction of being new, and yet it can hardly be said that they are particularly clever. You'll be pleased with our models.

Fall and Winter Coats—Prices \$7.50 to \$32.50

Four dozen and more new styles in comfortable winter coats that are made of plush, corduroy, zideline, broadcloth and heavy novelty mixtures. They are shown in black and all the new late autumn patterns.

FURS HAVE ADVANCED

Do you know that Furs have advanced 50 per cent in the last week or two? Consequently you expect to pay a high price for a handsome set. But just a moment—our pelts were ordered long before the great advance and we don't propose to raise the price arbitrarily. Buy your Furs at Kahn's—sets \$10.00 to \$85.00

PRETTY SHIRT WAISTS \$2.50 to \$10.00

We truly believe we have the most charming collection of fall and winter waists that have ever come in to our store. They are made of Georgette crepe, chiffon, crepe de chine, lace, plain and Roman striped taffeta, plain taffeta, messaline, and striped pongee. Just a look and one of them will be yours.

SEPARATE SKIRTS PRICES \$5.00 to \$12

We have these skirts in any model you can wish for, and in a complete range of sizes. They are made of silk and wool mixtures, serge, poplin, gaberdine, and are shown in plain colors, stripes, checks and plaids. You will need a separate skirt. Why not one of these?

SMART COAT SUITS

We are offering superlatively stylish Coat Suits at wonderfully moderate prices, made with the new box coat and fur-trimmed collar and cuffs of a nice quality serge, gaberdine or broadcloth. Approved fashion is prominent in every line, priced \$16.50 to \$40.00

HANDSOME DRESSES \$15 to \$45

You cannot confine yourself entirely to a coat suit, so we have collected a fascinating collection of Dresses. All silk crepe de chine, silk and wool poplin, velvet, silk and serge combinations, messaline, chiffon, laces and net are some of the goods used in them. They are handsomely trimmed and shown in all colors suitable for dress occasions.

Award Of Prizes In City Beautiful Contest

The Civic League contest which has been in progress since early in the spring has closed and with the announcement of the prizes made in today's paper also announce their intention of continuing the contest next year, since the contest has been so productive of such splendid results in this first year of its institution. The object of the contest was to make Wichita Falls one of the most beautiful cities in the point of neighborhood attractiveness in the state and from the improved conditions which have been noted this summer the end desired is not a great way off.

The free distribution of flower seed to those who otherwise would be unable to secure few if any flowers at all, helped materially in this beautifying campaign and in all sections of the town the fruits of the Civic League's campaign have been evident for many months. The negro district, the section across the railroad tracks both on the east and south of town, the district commonly known as the Philippines, the factory district and the other residential sections on the edge of town presented appearances most agreeable in contrast with the usual conditions prevailing. Unattractive frame houses, when covered with vines and surrounded by a neatly kept grass patch and small flower or vegetable gardens became infinitely more pleasant to look at and to live in and as a rule where one family in a neighborhood started in the contest the entire community took it up. The "City Beautiful" contest has helped the city as a whole in improving the general appearance and has helped the individuals who have devoted their spare hours to their homes and have been rewarded most amply for assisting nature.

It was the first intention of the committee who had this contest in charge to allow the members of the Civic League and other clubs to enter for the prizes but later it was decided to exclude all such for this first year.

Also in the awarding of prizes preference was given those who entered their names with the committee in charge of their district.

The merchants of Wichita Falls assisted materially in this contest giving many handsome prizes to the winners. In addition to the prizes offered. The list of prizes with the honorable mention, which was accorded members of the Civic League and other clubs follows:

by the women of the First Baptist church Friday. The morning session was devoted especially to the old people and was conducted by Rev. R. C. Miller who turned the hour into an old fashioned testimony of Christian experience. A delicious luncheon was spread at the noon hour and in the afternoon messages from Dr. Gambrell and Mrs. Beddoe were read by Mrs. C. C. Wood and Mrs. J. W. Lee. Mrs. J. B. Jones made an interesting talk of behalf of state missions and a liberal free-will offering was taken at the close of the meeting.

PATHFINDER CLUB MEETING HELD FRIDAY AFTERNOON

A pleasant and profitable meeting of the Pathfinder Club was held Friday afternoon with Miss Hazel Hunter, the club continuing its study of the second act of "Anthony and Cleopatra." Miss Stokes was leader and gave a description of the meeting of Anthony and Cleopatra. The entertainment devised for Anthony by Cleopatra were described in detail by Mrs. Beckman and on the conclusion of the program a social-half hour was enjoyed. The hostess served a tempting luncheon consisting of sandwiches, olives and tea, fruit salad and cake. The members present were: Miss Temple Thompson, Blanche Rubin, Tule Stokes, Emma Smith, Hazel Hunter, Mrs. S. H. Burnside and Mrs. M. A. Beckman.

ALAMO MOTHERS HOLD INTERESTING SESSION

The Alamo Mothers Club met Friday afternoon in enthusiastic session, there being 30 members present who had paid their dues to the state federation. The chairman of the drink fountain committee made the welcome report that there was on hand more than enough to pay for the fountain. In addition to the business session the superintendent of city schools, Prof. Lee Clark was present and made an interesting address.

STANDARD CLUB HOLDS FIRST MEETING WEDNESDAY

The first session of the Standard Club for this fall was held Wednesday afternoon with Mrs. M. M. Walker. The preliminary business was transacted and plans made for the year's study, which will consist of an outline course of "King Richard" and work in American fiction. There were ten members present. Two Men Satisfied

Buick Valve-in-Head Six Cylinder Touring Car, Model D-45

There is something fine about the transaction between the Buick dealer and his customer. A Buick purchase means more than "value received." It is the expression of confidence.

Confidence of the buyer in the dealer.

Confidence of the dealer in the Buick Motor Company.

Confidence of both in the Buick car—in its supreme value and security.

The friendship between dealer and buyer stands the test of time—because Buick does.

Pioneers in thinking out and developing the Valve-in-Head motor. Pioneers in bringing the entire car to Valve-in-Head standards. Pioneers in building cars that keep dealer and customer satisfied. These are the achievements and responsibilities of the Buick builders. Great as are the previous Buick sales and performance records, 1916 Buicks—Valve-in-Head sixes exclusively—will outdo them.

The unqualified public endorsement of the past has, this year, increased to phenomenal proportions. 1916 Buick demand is sweeping far beyond all expectations. Already many Buick dealers are oversold. Place the order for your Buick now!

Despite our low price we guarantee 1916 Buicks contain more drop forgings, better upholstery, better paint and finish—greater quality throughout than any previous models. Buick cars are furnished complete to the smallest detail.

Regardless of the car you buy or the price you pay, nowhere can you get greater value.

CADILLAC SETS NEW RECORD; 100 MILES IN 80 MINUTES

Shattering speed records for 100 miles and for the hour, the new eight cylinder Cadillac established itself as the fastest touring car made in America, if not in the world. The distance covered during the first 60 minutes was 72.41 miles and 100 miles were traveled in 82 minutes, 46 seconds. This latter is an average of 72.49 miles per hour, the car therefore showing an increase in speed as the miles increased. This not only eclipsed all other American touring car records, but it broke the records established only about two hours previously by another Cadillac of the same type. The second car used the first by 1.35 miles for the hour and the time variation was only one minute, thirty and four-fifths seconds for 100 miles,

showing wonderful uniformity in the running of the two cars. The aggregate time of the two cars for 200 miles was 167 minutes, two and four-fifths seconds. The tests were conducted primarily for the purpose of trying out certain principles in designing and engineering, the speed accomplishments being merely incidental thereto. The cars used were the seven passenger type, fully equipped including top, windshield, extra wheel and tire. The first car was one which had previously been used for some experimental work, while the second was brand new, taken direct from the finishing room at the Detroit factory and driven over the road to Chicago. Its speedometer showed only 345 miles when the trials were started on the new speedway in the city named Chicago. A significant feature of the performance was the fact that the cars were not piloted by professionals but by members of the experimental and

engineering departments of the factory. The driver of the car which established the better record had not driven 10 miles on a track prior to this event.

Commenting upon the trials, General Manager Leland said: "The feat means little to the average motorist from a speed standpoint, for the reason that not one person in a thousand ever cares to ride so fast. It is most significant, however, because of its indication of the stamina of the cars."

NEW SHIPPING RECORD SET BY OVERLAND AUTO FACTORY

A new shipping record was established by the Willys-Overland Company on September 24th, when 627 cars left the factory. Never before in the history of the big Toledo concern has it been able to reach this high water mark in daily production.

During the past four months the production of the Overland factory has risen tremendously. In June the shipments averaged 300 cars a day. Before the end of August this was increased to 500 a day. During September the shipments of Overlands again showed a marked increase, each week in the month being larger than any of those preceding. In the four days from September 27 to 30th, inclusive, 2233 cars left the big Toledo plant. On the last Wednesday of the month 627 cars were shipped, a new day's record for the Overland Company. From April 21st, when the shipments of new models first began to leave the factory up to September 30th, the Overland had shipped 49,977 cars. During the same production period, on last year's models shipments amounted to 21,426 cars. This was considered a phenomenal record at the time, yet 1915 shows an increase of over 133 per cent.

By shipping 627 cars on September 30th, the factory not only broke all former records but it fulfilled the prediction made by its president, John N. Willys, last January. At that time Mr. Willys made public the fact that he believed the Overland Company would jump its production up to 600 cars a day before another year had passed. Even his closest associates considered it a hazardous statement to make as the factory at that time was producing less than 200 cars a day.

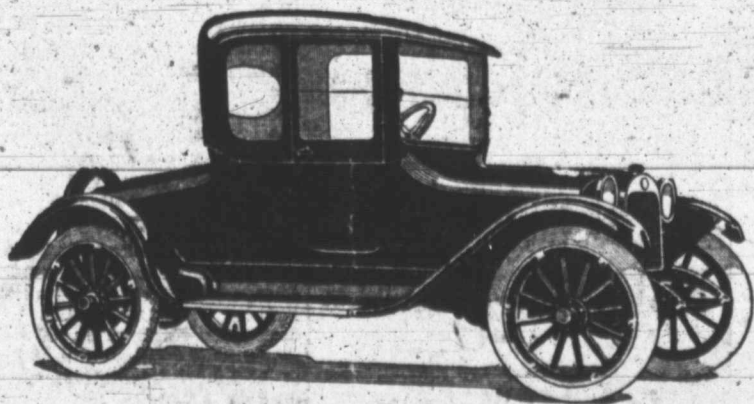

However, they did not know of the stupendous building operations that Mr. Willys had in view. The Toledo plant at that time contained an aggregate of sixty acres of floor space. This has been increased to more than eighty acres and with the completion of buildings now under way the Overland plant will have 103 acres of floor space. As it stands today the Toledo factory is the largest plant devoted exclusively to the manufacture of automobiles in the world.

BETTY NANSEN AT THE MAJESTIC TUESDAY

Betty Nansen is seen here Tuesday in a return engagement of "A Woman's Resurrection" which played here several weeks ago. This picture was generally conceded by critics who saw it on its first presentation here to be one of the very best in which Miss Nansen has played.

Betty Nansen, as Katusha Maslova gives a marvelously moving performance of the erring woman who, mortally against than sinning, falls into the foulest depths of degradation, only to find amid the wild stoppages of snow covered Siberia a spiritual rebirth. It can be said in fact that she has reached heights of drama which would seem impossible of human attainment and has made of Katusha, a haunting picture of wonderful power and beauty. From the earlier scenes of the play where Katusha is betrayed to the last great climax Miss Nansen's art rings strong and true. In the court room scene where, although innocent, she is condemned to the horrors of Siberia for life, she attains a lofty summit of emotional acting that for its sweep and almost painful impressiveness must rank with the great dramatic creations of all time.

As Prince Dimitri, Mr. Kelly gives a superb performance which runs the gamut from love to burning remorse and despair. He ably suggests the regret of the man who has betrayed Katusha and then faces her again years later, when she is a stolid, hardened woman of the streets in a prison dock charged with intent to kill. He is on the jury that settles the wretched woman's fate and after it is pronounced he, with noble self abnegation follows the dreary train of prisoners to Siberia and at last repairs the great wrong that he did in his youth. It is an inspiring performance all through and marks a distinct epoch in Mr. Kelly's art. From first to last he is impressive, competent and sincere.

LAURA HOPE CREWS AT THE EMPRESS MONDAY

The Monday Paramount feature is "The Fighting Hope" a picturization of the Belasco dramatic success by the same name.

Laura Hope Crews, who has attained fame under the management of the leading legitimate producers, makes her photodramatic debut in this production under the joint management of Jesse L. Lasky and David Belasco. "The Fighting Hope" by Wm. J. Hunt, but is the sixth in the series of joint Lasky-Belasco offerings founded on dramatic hits originally produced by Mr. Belasco.

The heroine of this drama, which is of unusual emotional force, is a good woman whose husband, the treasurer of a trust company, has been condemned to jail for embezzlement. She believes him to be innocent, but while striving to fasten the guilt upon another man discovers that her husband's condemnation has really been just. In spite of this she still remains faithful to him, until she discovers that he stole for the sake of another woman. In addition to Miss Crews in this cast includes: George Gebhardt, Gerald Ward, Richard Morris, Florence Smythe, Theodore Roberts, Cleo Ridgely, Billy Elmer and Tom Forman.

The Empress.
 The Empress management announces that since the picture loving public of this city has given such a liberal support of the Paramount two a week service and in that manner shown their appreciation of the best in pictures and high class service they have secured for their Friday program each week a Kline-Edison production. The initial picture will be presented Oct. 22 being "The Woman Next Door" with Irene Fenwick in the title role.

Miss Fenwick who saw a motion picture camera for the first time under George Kleine's direction in "The Commuters" has given one of the rarest and most beautiful examples of character portrayal in her latest picture, "The Woman Next Door." The gentle, timid pathetic figure of Jenny Gay, socially ostracized by the village folk and persecuted to the point of desperation, has given Miss Fenwick a role exactly suited to her temperament and remarkable talents. Careful direction and the experience of the last few months, coupled with her native capabilities have already made a notable film actress of the former dainty star of "The Song of Songs."

"I studied picture work as earnestly as I ever studied a stage script," said Miss Fenwick in response to the congratulations that showered upon her after a review of the first finished print. "Many things, little in themselves, but vital in the aggregate, constitute success or failure in this work. Little mannerisms, such as how to carry the head, move the hands, enter and exit properly, are immense factors whose importance grows with me every day. On the speaking stage a gesture synchronizes with the voice and the two are blended into the emotion to be portrayed."

ROMAINE FIELDING AT THE MAJESTIC MONDAY

Romaine Fielding with a special cast is playing Monday at the Majestic in a multiple reel special Lubin, "A Species of Mexican Man." The story is of revolutionary times of Mexico and pictures the evolution of a man from the apocryphal creatures that spend their time fighting in the various uprisings. Any picture is lacking in interest if there is no love appeal so to make the story perfect the girl is introduced. This picture will be enjoyed. A Sidney Drew comedy reel is also on the program Monday.

Kalem Feature at Gem Theatre Monday.

SCENE FROM "THE RUNAWAY WIFE"

At the height of his career Eastman, the artist, was overtaken by disaster. Not until the awful blackness had overwhelmed him did he recall Dr. Prescott's warnings against overstraining his eyes. And now he was blind, blind!

A man who had lived up to his means, the artist found himself penniless. Face to face with want, he finally went back to the old farm with his wife, Alice, and their nine-year-old son, Arthur. Hester, Eastman's sister-in-law, now owned the farm, and she speedily let the newcomers realize that they were living on her charity.

It was at this time that Vane, Alice's former suitor, discovered her whereabouts. Upon discovering her circumstances Vane informed Alice of the fact that his friend, Mrs. Winslow, desired a companion. If she accepted the position it would mean that she, her husband and Arthur would no longer be compelled to be objects of charity.

Hester, witnessing the meeting between the two, discovered her sister-in-law and had long sought for some means of getting rid of her. The meeting gave the miserly, low woman the opportunity she craved, and that evening she drove Alice from the house. Eastman, returning from a stroll with his son, was informed by Hester that Alice had eloped with Vane.

Nor as time passed did the heartbroken but ever receive the letters containing the money sent him by Alice. Hester invariably intercepted these mislaid, destroying them, but retaining the money. Finally overcome by avarice, the woman decided that here wasn't the slightest reason in the world for her to continue to shelter

Eastman and his son. The following day, led by his son, the blind artist returned to the city.

The two took lodgings in a cheap hotel, and barely had they reached their room when a fire broke out. It was by the sheerest miracle that Eastman and Arthur made their escape. In fact the papers contained an account of their death. Vane read the story and then took the next boat to England where Alice and her employer were spending the summer. A year later believing that her husband and son had perished, Alice became Mrs. Vane.

With the passing years Arthur showed evidence of the wonderful talent which had made his father the most successful painter of his time. The two had been taken in by Dr. Prescott. The kindly old physician growled down the suggestion of charity, informing his guests that he was only doing his duty.

It was shortly after Arthur's picture had received honors at the academy exhibition that Dr. Prescott, after making an examination of Eastman's eyes, decided that the latter's sight might be restored if he consulted Professor McComb, the wonderful physician whose work had restored the sight of many people regarded as hopelessly blind.

Acting upon this advice, Arthur and his father went abroad. Then came their meeting with Alice. The remarkable series of incidents which ensue are told in Kalem's four-act "Broadway Favorites", production of McKee Rankin's famous play, "The Runaway Wife." Stewart Baird, who has excelled in many Broadway productions, appears in the role of Eastman, the blind artist.

ILLINOIS NEGRO HANGED; LARGE CROWD IS PRESENT

Executed For Killing of White Woman Who Refused to Give Him 50 Cents

By Associated Press.
 Murphreesboro, Ill., Oct. 16.—Joe DeBerry, a negro, was hanged here today for the murder of Mrs. J. H. Martin, a white woman. Two thousand persons were within a stockade, surrounding the gallows to witness the execution; 3000 more who were unable to gain admittance were in the streets. To make the presence of so many spectators legal, all who had the permission of the sheriff to attend the execution had been commissioned as special deputies.

Mrs. James H. Martin, wife of a well-known attorney of Southern Illinois, was murdered at her home here on the afternoon of July 30, 1915, by Joe DeBerry, a negro whose parole from the state reformatory she had obtained.

The crime was committed, according to the negro's story, after Mrs. Martin had refused to give him fifty cents.

ILLINOIS NEGRO HANGED; LARGE CROWD IS PRESENT

Executed For Killing of White Woman Who Refused to Give Him 50 Cents

By Associated Press.
 Murphreesboro, Ill., Oct. 16.—Joe DeBerry, a negro, was hanged here today for the murder of Mrs. J. H. Martin, a white woman. Two thousand persons were within a stockade, surrounding the gallows to witness the execution; 3000 more who were unable to gain admittance were in the streets. To make the presence of so many spectators legal, all who had the permission of the sheriff to attend the execution had been commissioned as special deputies.

Mrs. James H. Martin, wife of a well-known attorney of Southern Illinois, was murdered at her home here on the afternoon of July 30, 1915, by Joe DeBerry, a negro whose parole from the state reformatory she had obtained.

The crime was committed, according to the negro's story, after Mrs. Martin had refused to give him fifty cents.

DeBerry, angry, followed Mrs. Martin to her room and beat her to death with a poker.

The crime was discovered about an hour after it was committed, and DeBerry was arrested as a suspect. To prevent mob violence, the sheriff took him first to Marion, Ill., then to Garmah and then to Harrisburg, the mob was following in automobiles. A pretense of taking the prisoner from Harrisburg also was made, but in fact he was kept there until he was brought to Murphreesboro for his trial.

While in the Harrisburg jail, DeBerry confessed.

On Sunday, August 29th, DeBerry was smuggled out of the Harrisburg jail under the protection of three companies of the Illinois National Guard and taken to Murphreesboro for trial. The guardsmen were on duty at the court house the following day when the case was called, but no trouble resulted.

DeBerry pleaded guilty, but the presiding judge would not accept the plea.

until DeBerry had consulted counsel, and as DeBerry had no attorney, the court designated one to represent him.

After consultation with his attorney, DeBerry again pleaded guilty and was sentenced to be hanged on October 16, 1915.

Less than three weeks after the murder of his wife, James H. Martin died. His death was attributed largely to shock caused by the tragedy.

A son of Mrs. Martin asked the sheriff to allow him to spring the trap when DeBerry was hanged but the sheriff denied this request.

Daniels, principal speaker, "will be the first battleship of any navy in the world to be propelled by electricity. This installation of the electric drive ushers in a new epoch in navigation, just as far reaching and important as that in which steam succeeded sail power. The California will have a cruising radius about 50 per cent greater than her sister ship. The combination of the electric drive and oil fuel will enable her to steam nine days longer, or 2,950 miles farther, than a coal-burning dreadnought.

"It is a source of pride that the American Navy is initiating the movement for use of electricity in propelling battleships."

Daniels predicted that the navy will eventually own its oil lands and produce, transport, refine and store its oil supply. The California will be 624 feet long, displace 32,000 tons, have a speed of 21 knots and a main armament of twelve fourteen-inch guns and four torpedo tubes.

"The California will be one of the most formidable ships afloat," said Secretary Daniels.

"The Fighting Hope"

By WILLIAM J. HURLBUT

The heart drama of a brave woman who struggles vainly to prove the innocence of her unworthy convict husband. She secures a position as secretary of the president of the bank (now closed,) whom she believes to be guilty of the crime that her husband is suffering for, how she falls in love with her employer, thus having her fidelity to her convict husband put to an extreme test. The ultimate solution of this extraordinary situation is worked out with such cleverness that it comes as a complete dramatic surprise.

Scene At Taylor Family Reunion At Holliday Celebrating Fiftieth Anniversary Of Wedding

Three Front Kneeling (left to right)—Mildred Hawley, John Merritt Hawley, Marguerite Hawley. Next row, (left to right)—Mrs. Tula Hawley, Jas. M. Taylor, Mrs. Jas. M. Taylor, Mrs. W. D. Taylor, Miss Bertha Taylor, Mrs. Virginia Huggins, Mr. W. H. Fuggins, Mrs. W. H. Taylor and Mrs. Jennette Calvert. Photo by Haviv.

Above is a picture of the family reunion group taken when Mr. and Mrs. James Madison Taylor of Holliday celebrated their fiftieth wedding anniversary October 12. All the children were present at an elegant six o'clock dinner, together with the grand children and a few friends of the family.

Mr. and Mrs. Taylor were married in Rutherford County, North Carolina of which State they are both natives, at her parents home at nine o'clock p. m., October 12, 1865. Rev. Allen Hamby, a Methodist minister officiating. Mr. Taylor was first Lieutenant in the Confederate army. His company was detailed to fight the bushwhackers and most of his active service was in the mountains of his native State and those of Tennessee. He never surrendered, never took the

oath of allegiance and refused to qualify to vote until the disabilities were removed.

Mrs. Taylor was Miss Sallie A. McKinney, daughter of Mr. and Mrs. J. H. McKinney, a prominent agriculturist and stock breeder of Rutherford County, North Carolina. Mr. Taylor's parents were Mr. and Mrs. James Tevis Taylor of Rutherford County, North Carolina. James Tevis Taylor died of an operation during the Civil War and his lands were sold shortly after by the administrator for Confederate money.

James M. Taylor and his bride found themselves almost without resources when they began life together and shortly after their marriage decided to try their fortunes in the Western States. They gathered their few belongings and their two babies now Mrs. M. E. Chiles and W. H. Taylor and in a covered wagon with a mule team started west. They stopped at Wyandotte, now incorporated into Kansas City, Kansas in 1869.

In October, 1874 they left Kansas for Texas, making the trip overland in a covered wagon and arrived at Salado, Bell county, Texas the latter part of that year. In 1875 Walter Sterling Taylor was born to Mr. and Mrs. Taylor at Salado, Texas and died of spinal meningitis at the age of fourteen months. He is the only one of the seven children, three boys and four girls, born to them who is not now living.

In 1891 Mr. and Mrs. Taylor moved from Bell county to Holliday, Archer county, Texas. Their car of household goods was the first car of outside freight moved over the Wichita Valley railway.

Mr. and Mrs. Taylor are strong on education and gave each of their children as high collegiate equipment for the world as their then limited means would permit. All the children have attended college and some of them are college graduates. They have one of the largest and most complete libraries in the State and all modern musical instruments.

James Madison Taylor is in his 50th year and is hale and hearty. He does not know the taste of liquor and has not used tobacco in over 40 years. He is in full possession of his physical and mental facilities. He cultivates unassisted three acres of orchard and garden and still has time to attend to a bunch of fine milch cows and to keep up a beautiful yard in flowers and shrubbery as the back ground of the family group taken in front of his home will show.

Mrs. Sallie A. Taylor, his wife, is in her 76th year. She is a remarkably intelligent woman and though she has suffered for years with rheumatism, is as interested in life and the progress of the world as when a girl. Both have been devout and consistent Methodists since childhood.

The children are: Mrs. M. E. Chiles, widow of W. T. Chiles, who at the time of his death was cashier of the First State Bank of Holliday; no children.

W. H. Taylor, prominent stockman and merchant of Holliday, wife and infant son.

Mr. Taylor, single, known throughout commercial oil refining circles of the South and now connected officially with one of the strongest independent oil refineries of the State.

Mrs. Virginia Huggins, wife of W. B. Huggins, assistant cashier of the Wagoner National Bank, Vernon; no children.

Miss Bertha Taylor of Holliday. Mrs. Tula Hawley, wife of J. M. Hawley, merchant and stock farmer, Holliday; four children, one boy and three girls.

Among the friends present were: Mrs. W. D. Yeager, sister of Mrs. Jas. M. Taylor, Bonham, Texas; Mrs. Jeanette Calvert, Archer City; D. B. Road of Florida.

UP AGAINST IT!

Every day in the week one meets with solicitors for all kinds of public improvements, schools, churches, parks, clubs, and cemeteries; but the one most sadly neglected is our cemeteries.

A place where, to most of us it holds sacred memories, and where we draw aside the curtain that we may view other days, and look with memory upon forgotten faces, yet of all places it is the most neglected.

Think about it! Have you done all you can to help make the place beautiful, and a source of pride to each and every citizen? If not we can help you. Phone us.

OAKLAND'S ABILITY TO CLIMB HILLS IS SHOWN.

Don Lee, who is one of the popular automobile men of the Pacific coast, and who has one of the largest motor car distributing organizations west of the Rocky Mountains, has called the attention of the Oakland Motor Car Company to a wonderful feat on the part of the Oakland \$796 six-cylinder car.

In one of the Oakland Model 32 six cylinder cars, officially timed, a party left the Key Route Inn near San Francisco and traveled to the top of Mount Diablo in eighty minutes. This was three minutes faster than the run was ever made before by a motor car.

The distance is 37 miles and the road, which starts at the sea level, ascends 3547 feet. The rise in the land is by no means gradual as in the last nine miles there is a full 3600 foot rise.

In carrying through this trip, Mr. Lee points out that two very valuable qualities in a motor car were tested to the limit. That is, that the car was compelled on level ground to travel at a very high rate of speed, and on the steep ascent to develop maximum power.

As John Van Zam in "As Years Roll On" which will be the offering at the Wichita Theatre on Monday, October 26 Al H. Wilson, the stinging dialect comedian, introduces an original character in which tears are said to alternate with laughter. The first act of the play is laid in a small village in Holland and the second and third acts in New York City. The story is periodic in theme, ten years elapse between the first two acts and twelve years between the second and last acts. Several interesting characters make their appearance during the unfolding of the story - characters of the present day type - and the production is said to be staged with a wealth of mechanical and scenic detail.

N. B. Good "Oleo" Butter 25c pound.

Wheat prices again advanced to the \$1.15 mark in the local market yesterday. Cotton seed advanced to \$35 a ton and middling cotton was selling around 12 cents Saturday. Little was offered.

Although there was a decline at Liverpool cotton futures advanced several points at New Orleans and New York.

Cottonseed at \$35 a ton is at the rate of about \$18 per bush of line nearly as much as the lint it yielded brought last year. Linters were quoted at 7 1/2 yesterday. A year ago this class of cotton was dragging on the market at three quarters of a cent a pound, while cotton seed was selling from \$8 to \$12 a ton. Linters yesterday were selling for more than a dollar a bush for a year ago.

CLARENCE YOUNG AND MISS ROSA REED WED THURSDAY. Last Thursday evening a very pretty home wedding took place when Miss Rosa Reed and Clarence Young were united in marriage at the home of the

bride's mother, south of town. The wedding took place at eight o'clock, Rev. Hines officiating. The home was prettily decorated for the occasion with a profusion of ferns and roses. The bride was attended by Misses Marjorie Zimmerman and Pauline Oster and Messrs Rudolph Erniel and Britze Zimmerman were the groomsmen. The bride wore a handsome gown of blue silk and the groom was attired in the conventional black.

Following the ceremony a luncheon was served to the guests. Both young people number their friends by the score and the sincerest of good wishes are with them in their marriage. The bride is a daughter of Mrs. Bertha Reed and is an accomplished young woman. The groom has been connected for some time with the Oster Bakery. Mr. and Mrs. Young will reside near the home of the bride's mother, having their cottage now nearly completed.

GET TO THE CAUSE. Wichita Falls People Are Learning the Way. There is but little peace or comfort for the man or woman with a bad back. The distress begins in early morning - keeps up throughout the day. It's hard to get out of bed, it's torture to stoop or straighten. Plasters and liniments may relieve, but can not cure if the cause is inside - the kidneys. When suffering so, use Doan's Kidney Pills, the tested and proven remedy, used in kidney troubles for over 50 years. Doan's Kidney Pills are recommended by thousands for just such cases. Proof of their effectiveness is the testimony of this Wichita Falls resident.

Mrs. J. H. Gibson, 309 Lee St., Wichita Falls, says: "I suffered badly from my back. My feet and ankles were slightly swollen and I was terribly dizzy. I used Doan's Kidney Pills and they restored my kidneys to a normal condition. The dropsical swellings were reduced and my back felt stronger. I haven't had any trouble to speak of since."

Price 50c at all dealers. Don't simply ask for a kidney remedy - get Doan's Kidney Pills, the name that Mrs. Gibson had. Foster-Milburn Co., Props., Buffalo, N. Y.

UNUSUALLY LONG TOUR IS MADE IN DODGE CAR. The stamina and touring ability of the Dodge Brothers' car has been well evidenced during a trip which is just being completed by J. C. Marshall of Oakland, Cal.

Early in the summer Mr. Marshall, accompanied by Mrs. Marshall and three friends, left Oakland in a Dodge Brothers' touring car with only standard equipment. The party crossed Death Valley and proceeded across the continent to Detroit, which was reached on August 3. After visiting the Dodge plant they crossed over into Canada and toured to Toronto and from there to the Owen Sound region.

The party is now on the way back, sending word to Dodge Brothers' plant from St. Louis. Mr.

DELINQUENT TAX NOTICES ARE NOW BEING MAILED OUT

Nearly \$60,000 is Due County On Back Assessments—Much of this on Oil Leases

Notices are being mailed out by County Tax Collector Bullard to the owners of property against which there are delinquent taxes. In compliance with the new state law Mr. Bullard has compiled a list of the owners of such property. The total amount of delinquent taxes in Wichita county is close to \$60,000, nearly one half of which is for oil leases which amount is still in litigation. Several thousand dollars of this amount it is estimated, must be deducted from the total on account of erroneous renditions. Probably 20 to 25 per cent of the remaining sum is for taxes which amount to a great deal more than the value of the property against which it is assessed. Ninety days after the notices are mailed out is given before any legal

steps can be taken for the sale of the property. The law provides that the delinquencies must then be turned over to the county attorney for collection. The property cannot be sold until notice is advertised in some newspaper in the county.

COLUMBUS DAY AT THE ACADEMY OF MARY IMMACULATE.

There were no public exercises in honor of the great discoverer and his achievements, the commemoration of both taking the form of class discussions to which the singing in full chorus of "Columbia, the Bright Star that Gems the Sea," and "The Star Spangled Banner," formed a fitting conclusion.

The resident students took advantage of the anniversary to enjoy a social evening. After an appetizing five o'clock dinner the young ladies proceeded to the recreation hall where streamers of red, white and blue, star gowned, linked the memory of Columbus with love of our native land. A series of merry games followed and contests were also taken part in, the winners being Misses Ruby Beay, Edith Whateley, Nellie Ruyte, Helen Grogan and Corine Carter.

NEITHER SIDE WAS ABLE TO SCORE

ELECTRA AND WICHITA HIGH SCHOOL TEAMS PLAY ON A MUDDY FIELD

TEAMS ARE EVENLY MATCHED

Wichita Falls Used Forward Pass to Advantage While Electra Made Gains By End Runs

Neither team was able to score in the football game between the Wichita Falls and Electra high school eleven Saturday afternoon. The city park gridiron was deep in mud that prevented any real playing, though both teams did enough to indicate that there would have been a contest worth while, had the field permitted. As it was, honors were very nearly even.

Wichita Falls used the forward pass to good advantage on several occasions and had this play been employed oftener the score might have been different, as the locals appeared to be very expert in the use of it. Wichita Falls did better work in the line than the visitors, who were almost unable to gain on bucks; they did, however, make some sizable gains on end runs, most of which were preceded by crisp cross passes.

Dickey was Electra's best ground gainer, while Hickman and Cooper did the best work for the locals. Dickey showed cleverness that might have counted heavily had the field been dry. Neither side had any interference on end runs worth speaking of. There was considerable squabbling during the game. Towards the end of the last half, Electra worked her end runs to good advantage and several times was within striking distance of the local's goal.

The next high school game will be with the Graham high school team next Saturday afternoon, and it is awaited with much interest, as the locals consider it will be one of the hardest fought gridiron contests of the season in this section. Yesterday's lineup follows:

Electra—ends, Corder and Womar; tackles, McGue and Wilburn; guards, M. Weaver and C. Weaver; center, Vought; backfield, McGann, Carnes, Dickey and Stroud.

Wichita Falls—ends, Weaver and Johnson; tackles, Bentley and Swearingin; guards, Gentry and Cook; center, Williams; backfield, Davis, Hickman, Harris and Cooper; substitutes, Briggs, Harris and St. Clair.

RIVERS AND CREEKS RISING SATURDAY

HEAVY RAINS OVER THIS SECTION CAUSE FLOOD CONDITIONS IN RIVERS

RAILROADS ARE CONCERNED

Bank of Bridge on Northwestern Out and Pease River Bridge Near Vernon Threatened

Heavy rains Friday and Saturday put rivers and streams over Northwest Texas and Western Oklahoma at flood stage and last night the situation was giving railroad officials considerable concern.

On the Wichita Falls & Northwestern one bent of bridge No. 116 over the North Fork of the Canadian river between Carter and Willow, Oklahoma had gone out. All streams in Western Oklahoma were raging torrents and Red river was rising. Passengers who came across Red river Saturday afternoon said the water was nearly up to the bottom of the bridge and that the wind was blowing the rising waters in waves several feet high.

The Fort Worth & Denver's bridge over Pease river north of Vernon was in danger yesterday afternoon. Another rise was reported on its way down the stream that might take out part of the bridge. Late last night this rise had failed to materialize and there was no great alarm over the situation.

Heavy rains have fallen all the way into the Panhandle.

Yesterday afternoon and last night rains fell between Wichita Falls and Fort Worth. A three inch rain fell west of Gainesville along the Katy Friday night and more rain fell in that section Saturday. Six inches of rain fell Friday night at Leody, Oklahoma. Heavy rain fell all the way down the Northwestern from the Kansas line to Red river. Torrential downpours were reported at Burkburnett and Byer and Petrolia Friday afternoon. Rain continued to fall last night.

FORT WORTH MAN KILLED BY DISCHARGE OF SHOT GUN

By Associated Press. Fort Worth, Oct. 16.—A. L. Stuebinger, manager of a department in a local furniture store, was found dead this morning in the store. A discharged shot gun was by his side. He had rented the gun to go hunting and had carried it to the store this morning. His friends believe that being unfamiliar with the gun he was killed while examining it. Stuebinger was formerly employed in Dallas.

We established the first automobile paint shop in Wichita Falls a little over two years ago, and since that time our trade has increased so that we were compelled to build a new addition which part was built for a first-class finishing room. We have painted 510 automobiles during this time, including a number of buggies. We are prepared to give perfect satisfaction. We pay no rent, and we pay no help. We are therefore in a position to render the very finest of service.

In connection with this business we are carrying a line of pure turpentine and pure linseed oil, which prices may attract the attention of home painters.

We are also preparing to handle a large shipment of wall paper, which article we will quote prices on later.

A Change in Business

I have purchased Mr. S. E. Trevathan's Grocery Store at 706-708 Ninth Street and desire to solicit the patronage of his many customers. It will be my earnest endeavor to give the same attention to your orders in the future that they have received in the past.

To my former customers, I extend a cordial invitation, and if you have never traded with me, I would be pleased for you to give me an opportunity to show you how well I can serve you.

Yours respectfully,
S. W. ROBERTS.

I have sold my store in the Joline Annex to Mr. S. W. Roberts who has taken active charge of the business.

Mr. Roberts has been in Wichita Falls for several years and is well known. We trust that you will be as loyal to him as you have been to us.

I have reserved office room with Mr. Roberts where all necessary business will be transacted.

In making this change, I wish to thank my patrons for the many courtesies shown me while in business in Wichita Falls.

Yours respectfully,
S. E. TREVATHAN.
