

VILLA'S FIRST ATTACK ON AGUA PRIETA IS FAILURE; TO RENEW ASSAULT TODAY

EIGHT PERSONS ON AMERICAN SIDE ARE STRUCK BY BULLETS

INJURIES OF THREE ARE SERIOUS. UNOFFICIAL REPORTS PLACE CARRANZA LOSSES AT 250

BATTLE CONTINUES ALL NIGHT

Villa Draws Forces off at Dawn But Says It Was to Get Food and Water—Very Heavy Firing Features Attack in Darkness

By Associated Press. Douglas, Ariz., Nov. 2.—After four desperate attacks on Agua Prieta which kept the Carranza defenders firing practically all night, General Francisco Villa drew off his army shortly after daylight today. At that time eight persons on the American side of the boundary had been wounded.

The losses of the Carranza garrison were reported by General Galles to be 45 killed and 75 wounded although unofficial reports placed his losses at 250. Villa dead in large numbers were strewn over the desert sands around the barbed wire barricades of the Mexican town.

The battle continued virtually without intermission from yesterday afternoon until 5 o'clock this morning. At 3 o'clock this morning Villa launched his fiercest attack with the combined fire of rifles, machine guns and cannon. American army officers who with their men were in the trenches facing the border all night, declared the firing the worst they had ever heard.

Sharp machine gun fire was resumed at noon today. The Villa gunners were sweeping the center of Agua Prieta from positions on the east. Major James A. Ryan of the Thirtieth Cavalry received a report that 38 women and children had been killed in Agua Prieta and many women and children wounded.

BULLETS RAIN ON DOUGLAS.

Douglas trembled under the vibration of the continuous concussion. Bullets from the Mexicans rained upon the American town. Scores of women and children took refuge behind brick or adobe walls. No move was made by the United States army detachment to return the fire. When the Villa forces drew off, it was reported they were not in retreat but had ceased their attack in order to procure water. Their canteens were empty and many had not tasted food for 24 hours or more.

Villa however still intends to take Agua Prieta, some of the officers declared. Mines exploded by Galles east of Agua Prieta killed 300 Yaquis, according to reports from the Mexican town; 2300 Mexican refugees are concentrated at a camp in a suburb of Douglas. They were practically without water last night.

ANOTHER ATTACK LIKELY.

Daybreak today showed that little damage to the defenses of Agua Prieta was done in the battle last night. The barbed wire entanglements appeared intact and the earthworks showed little effect of the rain of shells poured upon them all night. General Villa sent about 1000 cavalry eastward today to the pass near Niggerhead mountain to bring up supplies of ammunition for his big gun. Another attempt will be made to storm Agua Prieta during the afternoon, according to Villa officers.

EIGHT IN DOUGLAS INJURED.

General Funston arrived here this morning to assume control of the American forces here. At 7:30 firing had ceased on the Mexican battlefield. Eight persons on the American side of the boundary were wounded, according to reports received early today. They are:

Louis F. Taylor, a restaurant employe, struck in the spine and paralyzed. Corporal Jones of Company T, Seventh Infantry, shot through both thighs. O. Y. Whidden, private in Company A, Seventh Infantry, hit in the neck. H. K. Jones, a letter carrier, struck in the shoulder.

An eight year old Mexican boy, shot in the stomach. Harry Jones, a private in Company C, Eleventh Infantry, struck in the stomach, probably fatally wounded. James Pank, private in Company D, Eleventh Infantry, wounded in the leg.

Mexican woman, shot in hand. Taylor was at the United States customs house during the fighting

yesterday afternoon and was struck as he turned to run for cover. The bullets endangered a throng of American soldiers, Mexican women and children gathered there. Whidden was struck while on guard at a railroad station several blocks from the border. Jones was standing in front of his home on Seventh street when hit by a stray bullet.

ARMY OFFICER ARRIVES TO HELP NATIONAL GUARD

By Associated Press. Austin, Nov. 2.—Fields Combs, sergeant in the Third United States Infantry of Madison Barracks, New York has reached here and reported for duty to Adjutant General Henry Hetchings. Combs has been detailed to assist in the instruction of the Texas National Guard and has been assigned to Dallas and Fort Worth military organizations, with headquarters at Fort Worth. This makes four United States officers of rank connected with the instruction of state militia.

NEARLY MILLION ENGLISHMEN NOW FACING GERMANS

ASQUITH REVIEWS SITUATION IN ADDRESS BEFORE HOUSE OF COMMONS—CASUALTIES IN FRANCE TOTAL 377,000

"GREATER SACRIFICES NEEDED"

Financial Situation Serious, Premier Declares—Tells of Successes Won By British Submarines in Dardanelles

By Associated Press. London, Nov. 2.—In his address before the House of Commons this afternoon Premier Asquith stated that Field Marshal Sir John French commander of the British forces on the Franco-Belgian front was now in command of nearly 1,000,000 men. He said the total casualties in France and Flanders amounted to 377,000. He asserted the Germans had not made a net gain of a foot of ground since April.

Reviewing the work of British submarines in the Turkish campaign he said that in the sea of Marmora, they had sunk or damaged two battleships, five gunboats, one torpedo boat, eight transports and 197 supply ships.

Mr. Asquith said there was a full agreement between Great Britain and France to maintain the independence of Serbia and that with her became the prey of the sinister and nefarious combination of Austria, Germany and Bulgaria.

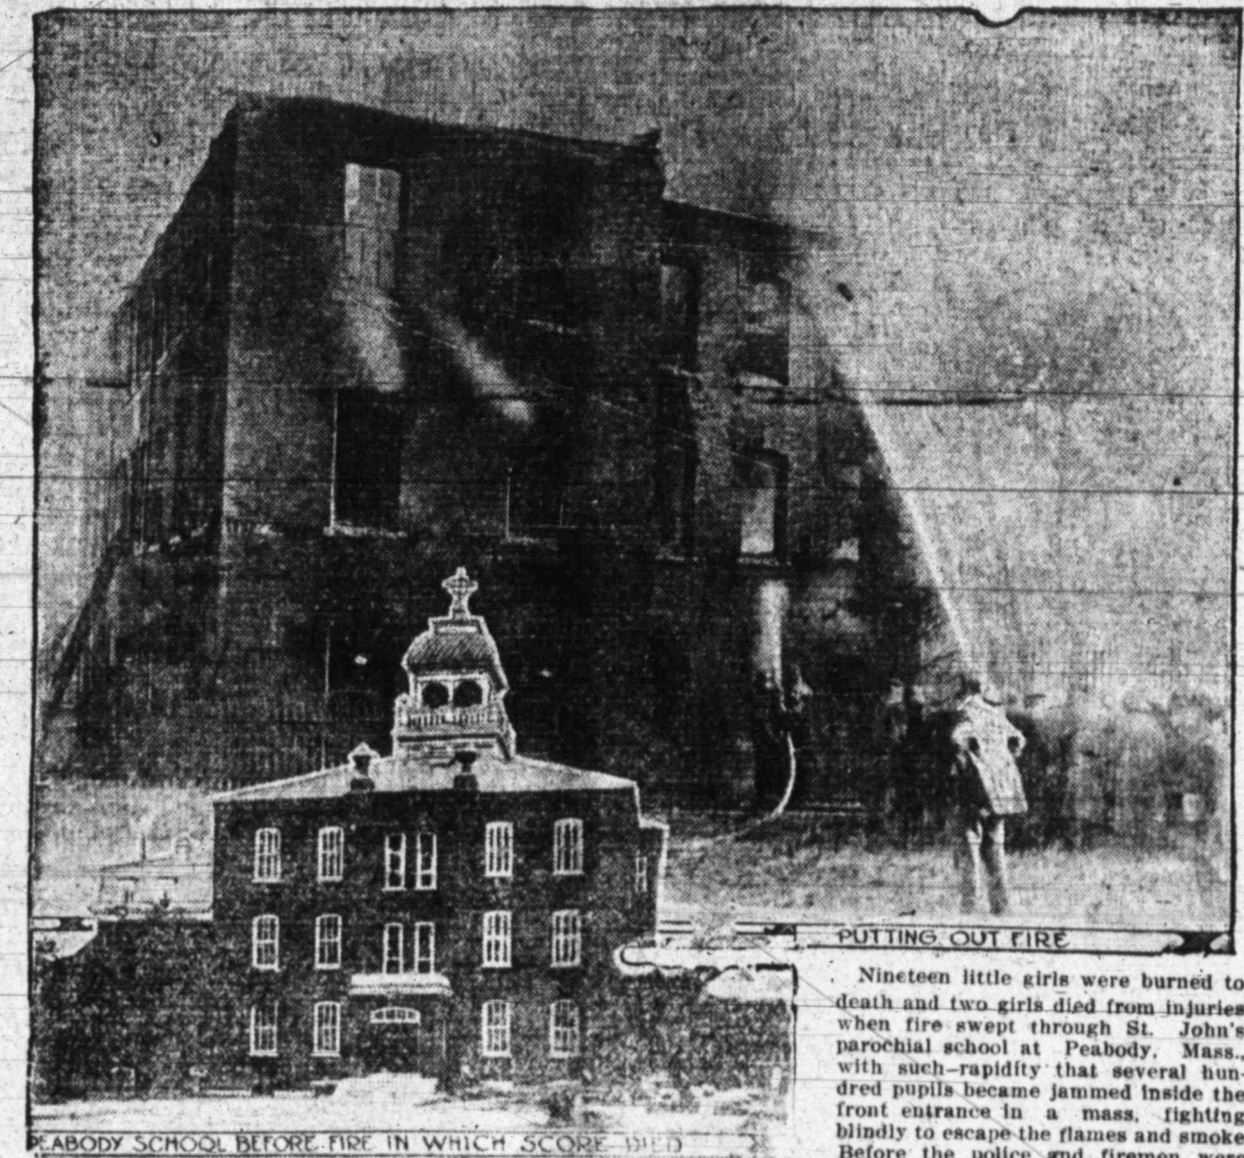

Mr. Asquith asserted the financial situation of Great Britain is serious and that the nation must be prepared to make far greater sacrifices than it had yet done to enable it to sustain the burden caused by the war.

Says Conscription Unlikely. Premier Asquith said he strongly believed the recruiting plan of the Earl of Derby would succeed and that conscription would be unnecessary. He accepted his full share of responsibility for the first attacks on the Dardanelles which resulted in failure with the loss of several capital ships. He said this attack was made after full investigation and was sanctioned by the government notwithstanding some doubt in the minds of the government's principal naval advisers.

Mr. Asquith asserted he was as confident as ever that the allies were going to carry their cause to a triumphant issue and he was not going to shift the burden until satisfied he was unable to bear it. He would not surrender the task as long as he enjoyed health and the confidence of the king and the country. The announcement was made by Mr. Asquith that former Premier Venizelos of Greece had asked France and Great Britain on September 21 for 150,000 men with the express understanding that Greece would mobilize. The prime minister after saying he did not like to give the exact number of men recruited by England said:

"The contribution of India was splendid. Canada contributed 96,000 officers and men, Australia 92,000, New Zealand 25,000 South Africa, after a brilliant campaign subduing the Germans sent 6500 and Newfoundland 1600. No account is taken in these figures of preparation for maintenance of these units in the field."

916 ARDMORE CLAIMS PAID BY SANTA FE

EXPLOSION DAMAGE IS SETTLED OUT OF COURT IN MOST OF CASES

AGGREGATE NEARLY \$750,000

By Associated Press. Ardmore, Nov. 2.—Of the 1275 claims for personal and property damages growing out of the explosion of a gasoline tank in the Santa Fe yards here five weeks ago, 916 have been settled to date without the services of a lawyer, and without resorting to any court or to the commission appointed by Mayor Yellum.

It became known here today when representatives of the Santa Fe railroad and city officials checked up the claims.

The settlements have been at the rate of 75 a day. Attempts will be made to settle the remaining claims either by arbitration or appeal to the commission.

SLAUGHTER WILL FIGHT EXTRADITION TO COLORADO

By Associated Press. Fort Worth, Nov. 2.—Attorneys for W. B. Slaughter announced today the banker will fight extradition to Colorado where he formerly was president of the Mercantile National Bank of Pueblo. He is wanted on embezzlement charges.

GOVERNOR FERGUSON TO OPEN WACO COTTON PALACE

Austin, Nov. 2.—Governor Ferguson leaves for Waco next Friday and on Saturday will formally open the Cotton Palace. He will be accompanied by Adjutant General Hetchings and members of his military staff.

ALLIES ARE RUSHING MEN TO BALKANS

By Associated Press. Amsterdam, Nov. 2.—A new Anglo-French expedition to the Balkans is announced by the Berlin Tagblatt. This newspaper publishes a telegram from Sofia stating that British and French transports with troops have appeared off Kavala, Greece.

TOTAL OF 776,260 PERSONS PAID ADMISSION TO FAIR

Dallas, Nov. 2.—Official figures on the attendance at the State Fair of Texas this year just made public showed that 776,260 persons paid admission at the gates.

HERMAN RIDDER, PROMINENT GERMAN PUBLISHER, IS DEAD

Was Treasurer of Democratic National Committee—Leading Figure in Newspaper Circles

New York, Nov. 2.—Herman Ridder, treasurer of the Democratic national committee and publisher of the New York Staats-Zeitung, died suddenly late Monday at his home in this city.

The cause of Mr. Ridder's death was kidney trouble in an acute form. He had been ill about ten months and for two weeks past his condition had been critical. He was in his sixty-fifth year. Members of his family were summoned to the bedside when it was seen that he could last but little longer.

Among a large number of prominent German-American citizens of the United States, Herman Ridder was one of the most conspicuous figures in the newspaper publishing business and in politics. His associates in the publishing business had honored him at one time with the presidency of the American Newspaper Association, and for many years he held high offices in the Associated Press as treasurer and a director.

In politics he was such a factor that he was talked of at the national Democratic convention at Denver in 1908 as a possible nominee for vice president on the ticket with Bryan, whom, however, Mr. Ridder opposed at that time. He also was discussed later as a likely selection for ambassador to Germany.

Following the nomination of Bryan at the 1908 convention after former Governor Haskell of Oklahoma had resigned as treasurer of the national Democratic committee because of his affiliation with Standard Oil interests, Mr. Ridder was chosen as treasurer, and in his own name and those of his brothers he contributed \$37,000, the largest single contribution to the Bryan campaign.

Mr. Ridder was owner and editor of the New York Staats-Zeitung, one of the foremost German newspapers in the United States, and through this he was conspicuous lately in his ardent defense of the German position in the European war. Mr. Ridder was one of the so-called self-made men, and a New Yorker from birth until his death.

The story is told of a dinner which he gave to 25 New York men at the time Colonel Clowry first established himself in New York to take charge of the Western Union Telegraph Company. A poll of birthplaces was taken at the table just for fun, and the German editor proved to be the only born New Yorker present. He was born March 5, 1851. His German parents were not far removed from poverty—so near it that young Ridder began earning his own living when 11 years old as an errand boy in a hat store. By stages he served in a Wall street broker's office, as employe of a fire insurance company and then as an insurance agent. At 18 he had become interested in politics and at that early age, before he cast his first vote, he stumped the whole lower east side of New York City and won for his favorite a nomination for district judge, later electing his man.

THREE STATES VOTE ON SUFFRAGE TODAY

PROPOSITION SUBMITTED IN NEW YORK, PENNSYLVANIA AND MASSACHUSETTS

PROHIBITION IS ISSUE IN OHIO

Governors Are Being Chosen in Three States, With Local Issues Elsewhere

By Associated Press. Washington, Nov. 2.—Chief interest in elections being held in ten states today appears to center in the propositions for granting suffrage to women submitted to the voters of New York, Pennsylvania and Massachusetts.

Voters of Massachusetts, Maryland and Kentucky are also voting for governor and other state officers, while statewide prohibition is the feature of the Ohio election and in other states local issues are before the people of New Jersey, Michigan, Mississippi and Virginia.

SUFFRAGETTE WATCHERS IN NEW YORK WARNED

By Associated Press. New York, Nov. 2.—The Woman's Political Union and the Woman's Suffrage party which shared control of the arrangements of the suffragettes to watch today's election issued to their watchers at the polls today, the following list of don'ts:

"Don't bubble with exuberance at the polling places. Be merely pleasant. Don't fear fluffy ruffles. Make it a modest polling place. Don't ask the inspectors to sharpen your pencils. Don't talk, but keep your eyes and ears open. Don't regard yourself as an excitement and important. Be dignified, be serious, do not argue with anyone."

NO SUPPORT GIVEN PEACE NEGOTIATION

By Associated Press. London, Nov. 2.—As to the persistent reports that Austria and Germany are about to initiate peace negotiations, the Rome correspondent of the Daily News, attributing his views to a trust worthy source, telegraphs as follows:

"The Pope is determined not to support any initiative toward peace obviously inspired by the Austro-Germans, unless assured there is a possibility that the allies are favorable to action on these proposals. Switzerland also is determined to abstain from any peace negotiations which are fore doomed to failure."

HIGH SCHOOL WILL HAVE CADET CORPS; PLANS UNDER WAY

FIRST MEETING IS HELD MONDAY AFTERNOON AND MUCH INTEREST MANIFESTED—TWO COMPANIES PROPOSED

FACULTY MEMBER IN CHARGE

Prof. H. A. Baker, National Guard Captain, To Be in Command—School Board and Superintendent Approve of Idea

The Wichita Falls high school is to have a cadet organization similar to the organizations now popular all over the country designed to give training, not exactly military, but to improve the students physically and to give them a much needed discipline.

At a recent meeting of the school board the plan of a military organization in the school was broached and met with the hearty approval of the board, who felt that the present opportunity was one not to be neglected as they had in the faculty an officer in the Texas National Guard in the person of H. A. Baker, science instructor.

Mr. Baker has at different times been connected with military schools and for several years past was captain of Company B of the Fourth Infantry of the Texas National Guard. He has signified his willingness to undertake the organization of one or more companies; he hopes to have two companies ultimately and the boys of the high school will benefit by his years of experience. The instruction will be equal to that in the Dallas and Fort Worth high schools where high school cadet corps have lately been formed.

Membership in these companies will of course be optional but to judge from the mass meeting of the boys held Monday afternoon after school to discuss the movement with Mr. Baker there will be no lack of members. The war strength of a United States company is one hundred and fifty and the peace strength ranges from 40 to 60. In all probability the high school companies will consist of about 40. The uniforms will be worn to school and the military discipline will govern the boys in their school life.

Superintendent Lee Clark stated that the idea was not to make soldiers out of the boys by this military training but to make men of them. The drills and setting up exercises will give them physical training and the discipline will benefit them morally. It is thought that the end of next week, which is the beginning of the third school month will see at least one company fully organized. Mr. Baker will devote his time to the formation of the companies and instructing the officers who will be selected from the older boys of the school and by the middle of the month at least the high school cadets will be a reality.

The schools which have instituted this military training have found numerous benefits to accrue from it. The discipline makes an improvement in the general behavior of the boys, the drills tend to make them of a better appearance and stronger physically and in all activities of the school it is found that the boys in the military divisions are leaders.

This movement will probably be one of the most popular ever instituted by the local school authorities and is in keeping with the progressive and up to date policy of the Wichita Falls high school. Details of the formation of the companies will probably be given by the last of this week or the first of next.

## LOCAL EMPLOYEES TO ATTEND KATY MEET

100 OR MORE FROM THIS CITY WILL GO TO DENISON SAT. URDAY

## HOLIDAY OVER ENTIRE SYSTEM

Thousands Expected to Attend Unique Affair—Local Athletes Plan To Take Part

More than 100 employees of the Katy system in this city are planning to journey to Denison Saturday to attend the first annual athletic meet of that railroad at which it is expected that from 5000 to 7000 members of the Katy family will be in attendance. Wichita Falls will be represented in the athletic contests and a number of those who are going from here expect to enter some of the events. A big barbecue will also be a feature of the occasion which promises to be something unique in railroad annals. The date, November 6, has been declared a holiday over the entire Katy system and every employee who can do so will go to Denison. Already over 100 have promised to go from here, and there will probably be numerous others to join the party at the last moment. All who go will travel on passes and many thousands of dollars worth of free transportation will be furnished by the railroad for the occasion.

James Bradshaw and A. B. Maples are among the local athletes who are expected to shine in the contest. Mr. Bradshaw will enter the twelve pound shot putting contest, while Mr. Maples will take part in the quot hurling event. In addition a number of others from the shops and offices here expect to enter the running events.

The following notice has been posted, signed by W. R. Cahill, superintendent of this district: "It is the desire of the management that the greatest possible number of employees attend the athletic meet to be held in Denison, Nov. 6th. In order to insure this, Nov. 6th has been declared an M. K. & T. holiday. All shops, etc., will be closed, the same as on national holidays, only such men being retained as are necessary to prevent crippling the service. All employees are urged to attend with their families. Requests for passes should be mailed at once. Transportation received on this account will not be charged against your record as to the number of passes received."

James Bradshaw of this city is general committeeman for this district and he and Superintendent Cahill will have in charge the following bulletin on the plans for next Saturday: "To all employees Wichita Falls district: Did you know that the Katy Lines Athletic Association had been organized for the benefit and pleasure of yourselves and families, furthermore that the first annual athletic meet on the Katy system will be held in City Park at Denison, on Saturday, November 6th, 1915, beginning at 9:30 a. m. We desire that everyone who can do so attend, and transportation will be furnished employees and their families for this occasion.

"You will be the guest of the city of Denison and preparations are now being made to serve all visitors with a delightful free barbecue, ice water, good seats and comfortable rooms. In fact, every possible convenience for your comfort and pleasure will be provided. "Every employee is eligible to enter these contests. Every district on the system will be represented. All of the terminals and larger towns now have teams training for this meet. We want the Wichita Falls district to win. Can't you help us? Let us hear from you. The events of the day are as follows: Track and field; 100 yard dash; 220 yard dash; 440 yard dash; 1/2 mile run; 1 mile run; cycling bases against time; mile relay for four men; running high jump; running broad jump; shot put (12 pounds); potato race; throwing baseball for distance; fat men's race.

"Other events: Tennis, quilts, tug of war decided by district; football, Denison and Smithville. Tennis shall consist of one match singles, and one match doubles, two out of three sets to decide. Gold, silver and bronze medals."

Doctor Dislow is summoned to South America to attend a patient. No passenger steamer is leaving for three days. The freighter "Barbuda" will sail on the following day, and Ruth, his granddaughter, persuades him to take her along.

Harvey, the leader of a gang of gamblers, learns that the vessel is to carry a large shipment of silver. He makes arrangements for ten of the crew to desert then takes ten of his men and applies for work aboard. Left in the lurch, the captain takes them on. Meantime Ruth has become very friendly with Tom Avery, the first mate. The second day out Harvey and his men throw overboard three of the crew and seven others are killed by drinking poisoned coffee. The captain, Prof. Dislow and Avery are then seized, bound and the wireless operator murdered. A storm arises and the propeller shaft is broken. She runs around on a reef just off a small island. Harvey has already cut the wireless aerial down. The mutineers prepare to go ashore. Ruth persuades Harvey to let her speak with her grandfather and the professor gives her a bottle of morphine tablets urging her should the worst come to swallow the contents. She conceals the phial and goes ashore. When Harvey orders her to prepare a meal she empties the morphine into the coffee pot. They all fall into a heavy slumber and Ruth makes her escape back to the Barbuda in the ship's boat, leaving the mutineers. She releases the prisoners and Avery repairs the wireless. He sends a message which is answered by the U. S. S. Freedom.

Meantime the boat in which Ruth has returned has drifted back to the island and the mutineers row toward the ship. But as they approach the launch the warship comes up from the other side. No sooner

## WHERE TEUTONS AND BULGARS MEET TO BLAST WAY TO CONSTANTINOPLE

The territory in black on the accompanying map shows where the Austro-German forces have joined hands with the Bulgarians in northeastern Serbia. The rough mountainous country along the Danube is thus cleared of Serbian defenders, but before Germany can send any aid of importance to Turkey she must control the Orient railway as far south as Nish. The Austro-German move south down the Motava valley is making progress. In the south the French and British have joined the Serbs defending the Nish-Saloniki railway and have driven the Bulgarians who occupied Kapsal as far east as the outskirts of Nish.

## AT THE THEATERS

### "WHEN DREAMS COME TRUE" IS TONIGHT'S ATTRACTION

The conspicuous new thing in local theatricals will be the production here today of the musical story of youth, "When Dreams Come True." The book and lyrics were written by Philip Bartholomae, whose previous stage successes include "Little Miss Brown." The score of "When Dreams Come True" was composed exclusively by Silvio Hein, a composer of national reputation who wrote many of Marie Cahill's most successful songs. The scenic effects are elaborate and massive and show many features that are pleasing to the eye. The gowns worn by the ladies of the company come from the Orange Costume Company of New York, and they are said to be wonderful creations of the dressmaker's art.

The cast engaged in the presentation of "When Dreams Come True" includes many names notable in the musical comedy field, and no expense has been spared by the managers in assembling one of the most evenly balanced companies that ever appeared in a musical comedy.

A chorus of twenty-four girls, all under the age of twenty, will assist the principal players to give one of the most satisfying entertainments ever seen in this city.

The Gem. "What Happened on the Barbuda" is today's chief feature. Gladys Huette, Augustus Phillips, Pat O'Malley and William West are featured. The story will be interesting.

Doctor Dislow is summoned to South America to attend a patient. No passenger steamer is leaving for three days. The freighter "Barbuda" will sail on the following day, and Ruth, his granddaughter, persuades him to take her along.

Harvey, the leader of a gang of gamblers, learns that the vessel is to carry a large shipment of silver. He makes arrangements for ten of the crew to desert then takes ten of his men and applies for work aboard. Left in the lurch, the captain takes them on. Meantime Ruth has become very friendly with Tom Avery, the first mate. The second day out Harvey and his men throw overboard three of the crew and seven others are killed by drinking poisoned coffee. The captain, Prof. Dislow and Avery are then seized, bound and the wireless operator murdered. A storm arises and the propeller shaft is broken. She runs around on a reef just off a small island. Harvey has already cut the wireless aerial down. The mutineers prepare to go ashore. Ruth persuades Harvey to let her speak with her grandfather and the professor gives her a bottle of morphine tablets urging her should the worst come to swallow the contents. She conceals the phial and goes ashore. When Harvey orders her to prepare a meal she empties the morphine into the coffee pot. They all fall into a heavy slumber and Ruth makes her escape back to the Barbuda in the ship's boat, leaving the mutineers. She releases the prisoners and Avery repairs the wireless. He sends a message which is answered by the U. S. S. Freedom.

do the mutineers clamber aboard the Barbuda and attack, than the blue-jackets attack them in turn. The gunmen are made prisoners and taken aboard the battleship. As the battleship steams off Avery and Ruth are plighting their troth.

The Empress. Vivian Rich plays the part of a charming mountain girl in "In Trust," a two part Banner Feature, showing today at the Empress. The story is of a mountain outlaw who is subdued by the winsome ways of Jane Mills the little mountain girl. Morris Foster is featured in "The Mowry Bear" a story of the adventures of a young man, an American in Mexico, also on today's program and the reel which completes the program is "The Indian Trapper's Vindication."

Dark Cloud, the noted Indian player, heads the Hellcane cast which appears in a deeply interesting photoplay of frontier life, "The Indian Trapper's Vindication." He is ably supported by Bert Hadley, the juvenile player, Paul Willis and Mildred Harris; Alice Pettus, Art Ortega and Charles Gorman.

Dark Cloud in the photoplay is an Indian trapper unjustly accused of robbing a trader's store. The children of the trader go for a canoe ride upon the river. They lose their paddle and begin to drift toward the dangerous rapids. Dark Cloud, nearby, hears their cries. He swims to their aid and guides them safely through the rapids before they reach waterfalls of considerable proportion. The children ask him to take them to their home but he does not feel that he can return to the trader's dwelling.

While they are on the river bank he hears a shot. He finds that a half breed Indian has been shot by his Indian partner. It develops that the quarrel between the two was over the division of the money which they had stolen from the trader. Dark Cloud pursues the Indian who wounded his partner to a lofty cliff overlooking the river. There is a hand to hand fight between them and Dark Cloud hurls his antagonist into the river. The latter seems about to escape by swimming when Dark Cloud makes him a captive. The scenes of struggle are witnessed by the trader and his friends.

The trader offers every apology and amend within his power, but the Indian is too proud to remain with them. He makes his new camp far from them, followed by the prayers of the children for his safety.

The Majestic. Today's feature is "The Song of Hate" a Fox feature with Betty Nansen, one of the most popular actresses of the screen with Wichita Falls enthusiasts.

Some exciting times were experienced by the "Song of Hate" company while, under the direction of J. Gordon Edwards. They were making scenes at the gun proving grounds at Sandy Hook under a special permit from the government. This latest William Fox production, which is based on Sardou's famous La Tosca calls for scenes depicting modern military facts and the Sandy Hook reservation, where the biggest guns are tried out, were selected. Betty Nansen, the famous royal actress, who is starred in "The Song of Hate" was much interested in the fortifications and during a scene in which she was working strayed away from the rest of the company to visit a battery where something interesting seemed to be happening.

**WATER FROM RIO GRANDE AVAILABLE FOR IRRIGATION**  
Austin, Nov. 2.—Water from the Rio Grande river sufficient to irrigate 2,500,000 acres of land will be available within a comparatively short time, through the co-operative efforts of the state and federal governments, according to J. C. Nagel, chairman of the state board of water engineers. The plans also including utilizing a portion of the flow in the Nueces river. Attachés of the board are surveying the river, selecting stations for taking water measurements which will enable them to tell the amount of water which may be diverted at each point and where the water is most needed. This project means much to those engaged in farming in that portion of the state.

**BOBBIE BURNS WILL  
BE IN MATCH HERE**

NOTED FEATHERWEIGHT BOXER  
IS TO APPEAR IN THIS  
CITY SHORTLY

**HENDERSON TO MEET DAVIS**

Bout Will Probably Be Held Novem-  
ber 11—Athletic Club Plans  
Rapidly Taking Form

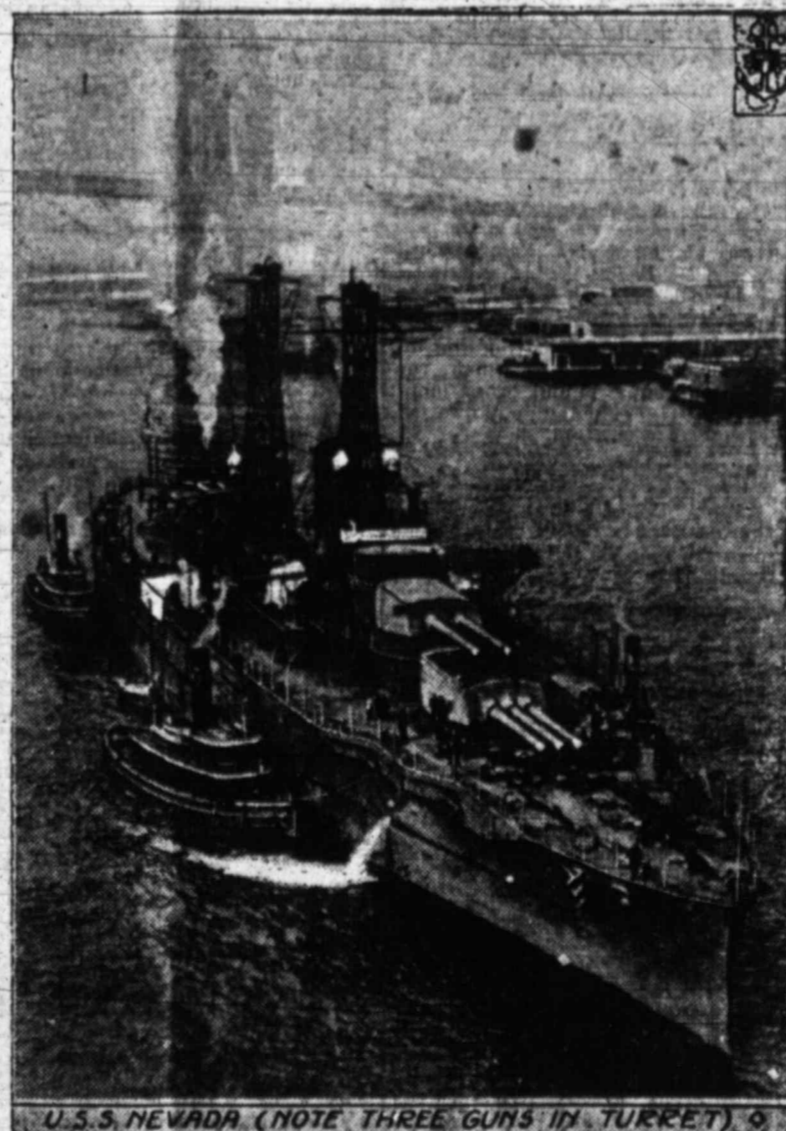

Bobbie Burns, one of the best  
known featherweight boxers in the  
country, will participate in a bout  
in Wichita Falls in the near future,  
probably early in December. It has  
not been definitely settled who will  
oppose him here, but a good match  
is in prospect. Frank Howard,  
formerly Burns' manager, is now  
manager of the athletic club being  
formed here, and is arranging the  
bout which will doubtless be one of  
the classiest yet furnished the fans  
here.

Sailor Davis and Red Henderson  
are expected to stage the next light-  
weight event here, probably Novem-  
ber 11 or 15. This bout is eagerly  
awaited and should furnish plenty of  
sport.

Arrangements for the opening of  
the athletic club, which will occupy  
the old Moose quarters on Ohio ave-  
nue, are going forward rapidly. The  
club management having already  
taken charge. The partition on the  
south side of the dance hall will be  
removed and much of the gymnastic  
apparatus installed there, the ar-  
rangements being such that the  
greater part of the hall can still be  
used for dancing and similar occa-  
sions. In the front end of the build-  
ing will be the pool and billiard ta-  
bles and the reading room, while  
the baths will be installed at the  
rear.

It is planned to fix the assess-  
ments at a figure just sufficient to  
meet the actual expenses as the  
principal income is expected to be  
derived from the boxing matches to  
be arranged. These will be held on  
a raised platform in the hall, furnis-  
ing spectators a much more satis-  
factory view of proceedings than at  
the opera house. It is believed that  
there are a great many Wichitans  
who would be willing to pay the  
small fee to be charged for use of  
the club rooms, gymnasium and  
baths and if sufficient support is giv-  
en the charges will be very light.  
Later, after the club is on a going  
basis, it is probable that an entrance  
fee will be charged.

**THREE GUN TURRETS AND  
ANTI-AIRCRAFT WEAPONS  
FEATURES OF THE NEVADA**

U.S.S. NEVADA (NOTE THREE GUNS IN TURRET)

The battleship Nevada latest and  
greatest of American warcraft afloat,  
has been sent to the New York navy  
yard for preparation for her trial  
trips. The gun arrangement on the  
Nevada marks an entirely new de-  
parture in American battleship arma-  
ment. In all of the vessels that  
have been built heretofore the guns  
of the main batteries have been placed  
two to a turret. In the Nevada  
the ten guns are mounted in four  
turrets. In turrets 2 and 3 there  
are two guns, and in the other two  
turrets, the extreme forward, one  
and the extreme aft one, there are  
three guns. The three guns to a

Wichita Falls, Texas, Nov. 2, 1915.

The Dallas fair has come to an end, and Art Smith, the greatest attraction, still lives.

Some of the schools in Texas are re-instituting the old Blue Back speller. It's a good move. The pity is that it was ever discarded, when there was nothing as good that could be substituted.

The Blind Institute that so many Texas towns have been making an effort to get will remain at Austin, as that city has given a bonus of \$15,000 and a desirable site of 75 acres. That, no doubt was the object the locating board had in asking for bids. They wanted to make Austin come through and do the right thing.

Elections are being held today in eight states—New York, Massachusetts, Maryland, New Jersey, Pennsylvania, Kentucky, Ohio and Mississippi. Governors are to be elected in Massachusetts, Maryland, Kentucky and Mississippi. The question of votes for women will be settled in New York, Pennsylvania and Massachusetts, and in Ohio the leading question is statewide prohibition, and that is also an issue in the Maryland election as the legislature to be chosen is to vote upon that question.

It is sometimes the case that one vote loses or wins a proposition before the people. In the matter of the election to vote \$225,000 worth of bonds for the building and equipping of a new court house for Wichita county on the 20th of this month, there are not so very many taxpayers who will oppose the proposition, but those who do will take time to vote, and those who favor it may depend on that much. Therefore it is right up to those favoring the issuance of bonds to keep the matter before them and vote on election day. If they do this, the Times has no fear but that the proposition will carry by a big majority. The only thing that can cause it to lose will be over-confidence. The issue is to be determined by the number of votes polled.

Herman Ridder, treasurer of the Democratic National Committee and publisher of the New York Staats Zeitung died at his home in New York last night at the age of 65. He was one of the few great newspaper men of the United States who started with nothing, made a success of the business and left a great fortune. In 1898 he was made treasurer of the Democratic National committee, a position held by former Governor Chas. F. Haskell, who was forced to give the position up after his relations with the Standard Oil Co. had become known. He was also the largest contributor to the Democratic campaign fund in that presidential race, having contributed in his own name and that of his brothers the sum of \$37,500. Although of German parentage, he was a loyal American citizen, and while not in accord with the policy being pursued by this country in the European war, adopted as his motto: "Our country, right or wrong. If right, to be kept right; if wrong, to be set right."

A few months ago the Citizens Light and Power Company entered into an agreement by which it is to sell to the Wichita Electric Company its light plant and other properties, but under its charter this deal cannot be made until approved by a majority of the voters of this city, and accordingly an election for that purpose has been ordered by Mayor Britain for November 20th, which is the same day as the election to determine whether bonds to the amount of \$225,000 shall be voted for a new county court house. The Times takes it that all those who reside in the city know that the city government has made a schedule of prices that can be charged for electric lights and power, and no greater charge can be made, it matters not whether there are but one company or more, and to that extent there need be no fear on the part of patrons that the rates will be raised, except perhaps in cases where less than the rate allowed is being charged. Doubtless there are some such cases, and while the Times is not one of them, it believes that if the company that proposes to sell out to the old company has made contracts to furnish light and power to any considerable number of patrons

at a less rate than is charged by the purchasing company the city government should see that the old company shall carry out all such contracts in order that patrons of the light company going out of business may not be made to suffer. If that is done, there should be no objection to allowing the old light company to purchase the plant and equipment of the new light company, unless it had been shown that the new light company was losing money by the rates it is furnishing light and power to its patrons.

Governor Ferguson has asked President Wilson to give Carranza and tell him what he must do in the matter of the border troubles. We hope the President would be as haughty in his reply to the governor as the governor was to United States Senator Morris Sheppard when that gentleman made a suggestion to the governor of his state—Sheppard Democrat.

That was some package Governor Jim-handed Morris on so slight provocation. The chances are he will live to regret that he acted so harshly.

"TRUTH IS STRANGER THAN FICTION."

Editor Times:

A news dispatch from Washington states that Secretary McAdoo has rejected a site for building a post office at Seattle, because the ground was under eight feet of water, notwithstanding the department had paid \$170,000 for the location.

In the light of this development, we are prepared to believe the story of the enterprising real estate dealer at San Diego, Calif., who, when he discovered that all the available land adjoining the city had already been plotted into additions, strolled down upon the beach at low tide and selected a sandy level that overflowed when the tide came in. Securing a surveyor he laid off the sandy flat into residential lots. Then he drew a map and carried it to the lithographer and had thousands of highly colored posters run off. With these posters and accompanying literature he journeyed east. Among the victims he mulcted was a New York financier. A year later the doctor advised the financier to go to California for his health. After visiting Los Angeles for two weeks the financier concluded to visit San Diego. As soon as he was comfortably located in a hotel he picked up a directory and learned the address of the real estate dealer from whom he had purchased lots in the addition to the city. Calling at the office he introduced himself and made a request to see the lots. The accommodating real estate man took him to the bay front, where he came in sight of the bay front saw that the high tide was flowing. Knowing that the water was overflowing the flat he drove his auto in another direction and entertained his visitor with glowing descriptions of the scenery, climate and other attractions until the noon hour, when he left his visitor at the hotel with the remark that he would be busy for the afternoon and would call the next morning. Unfortunately, for the best laid plans of the real estate dealer to entertain his visitor with other attractions until the tide ebbed, a storm at sea drove the water into the bay for three days. On the third day the financier's patience gave out and he said: "Say, my friend, I know you have beautiful scenery and a healthy climate; but I want to see those lots you sold me!" The real estate man stopped his auto and faced the financier, and with an injured look said: "You are the most persistent man I ever dealt with; here I have been devoting my time for three days trying to entertain you until the tide goes out so I can show you those lots; but I'll be damned if I'm going to hire two diving suits to carry you down under the water."

EDGAR RYE.

NOT THE ONLY ISSUE.

The following thoughtful paragraph from the Hamilton Herald is worthy of serious consideration: "Governor Ross was an anti-prohibitionist but thousands of prohibitionists supported him in preference to Marion Martin who favored prohibition. Governor Hogg was an anti, but prohibition farmers went wild in supporting him; Senator Culberson was and is an anti, but he made Texas a good governor and has been a credit to the State as senator. Come Johnson is a prohibitionist, yet thousands of anti-veiled for him as delegate to the national democratic convention to formulate a national platform for the party. The question of prohibition cannot control the votes of people who recognize that

Dr. PRICE'S CREAM BAKING POWDER Sixty Years the Standard Adds to the healthfulness of the food CONTAINS NO ALUM

there are other issues of vital importance to the country. Only narrow-minded men can see but one qualification, one which they are willing to base their support of a man to fill an office of public trust. We have a great government and we must have big men to handle its affairs—men whom we are willing to trust and who have the ability to grasp and solve the problems that confront us. The Herald could have multiplied examples. In recent times anti-prohibitionists have voted for Governor Campbell, prohibitionists have voted for Colquitt and Ferguson, anti-veiled for Colonel Ball and Judge Ramsey. And in Texas multiplied thousands of men of both nations united in support of President Wilson, who is strictly a local optionist. Men have been inclined to scoff at the declaration of Colonel Watterson that no prohibitionist could be a democrat. Yet the colonel was half right, and he would have been wholly right if he had said that no man could hold prohibition as the supreme end and only aim of democracy and be a democrat. When it is prohibition or nothing a voter, he is not a democrat. When it is anti-prohibition or nothing, he is equally far afield of true democracy. The democratic party is not a one-idea party. It stands for well-defined principles which men can support and ought to support, regardless of the prohibition question. The prohibition issue can be sensibly dealt with by men without having it an eternal cause of discord, division, dissension and personal hatred. It certainly ought not to be in the pathway of every reform or policy that may promise good for the people, and it ought not to eternally divide good men who are otherwise agreed on sane and beneficial policies of government. The Post knows scores of good and true men on either side of the question, men who are capable of rendering conspicuous and lasting service to the State. These ought not to be divided by one side or the other because of the difference on one issue that is not a party issue. The Post has supported men who believe in prohibition and it has opposed men who are opposed to prohibition, and it hopes to have the opportunity many times more to take a part in the discussion of issues and policies that are properly within the range of party debate without always having that knotty and totally disturbing issue in the way.—Houston Post.

THE SENATORIAL RACE.

The Fort Worth Record furnishes this bit of information: "George Washington Riddle has spoken. He expects to stay in the race for the United States senate to the end, and he is for Woodrow Wilson, and against whisky. Easy platform. He expects to catch 'em comin' and goin'." But it's a long way to Tipperary. Mr. Riddle is a good man. But we do not know on what he bases his claims for the high office of a Senator from Texas. That will develop as the campaign progresses. Riddle lives in Dallas. Davis lives in Dallas. Colquitt lives in Dallas. Culberson lives in Dallas. Four Dallas men in the race for the Senate. Brooks lives in Waco. Henry lives

J. E. BOND Phone 15

in Waco. Two Waco men in the race for the Senate.

Burgess lives in Gonzales. One South Texas man in the race for the Senate. Campbell lives in Palestine. He will likely announce for the Senate. One East Texas man in the race for the Senate.

Riddle and Campbell and Brooks are "dry". Culberson, Colquitt, Burgess and Henry are "wet". We do not know to which group Davis belongs.

If they all stay in the race it means a second primary to determine between the two receiving the highest number of votes. Culberson is at this time the Senator. He was for four years the State's attorney general and then served four years as governor. He has been a member of the Senate since March 4, 1899.—Waco Times-Herald.

YOUNG MAN, WILDLY INSANE, IS BROUGHT IN MONDAY NIGHT

Two Men Required to Restrain Him—Tears Clothing off When Placed in Jail

Oakley Dennington, aged 21, whose home is at Denton and who left Wichita Falls about two weeks ago to pick cotton was brought in on last night's train wildly insane. Two strong men were required to prevent him from injuring himself or others. When placed in a cell at the county jail he immediately tore every piece of his clothing into shreds. An inquiry into his sanity will be held this afternoon.

LEGLESS BEGGAR ACQUIRES WHOLE CIRCUS MENAGERIE

Snakes and Lizards Visit Him in Large Numbers in Lonely Drunk on Prairie

A legless beggar went out into the factory district Saturday night with a blanket and a quart and a pint of whiskey, to pull off a drunk by his lonesome on the prairie not far from the carnie. By Monday morning he had acquired a whole menagerie, snakes and green lizards being his specialty. He was out on the open prairie and unable to move. The sheriff's office was notified and went out last night and brought him to town in an automobile. This morning his menagerie had disappeared and he asked for a cup of coffee. As soon as he is able to get about he will be invited to quit the city.

PENNINGTON'S DOLLAR SHIRTS (SEE OUR SHOW WINDOWS) The best values you have ever seen. That Pennington Dollar Shirt has certainly made a hit. There's a reason for it, too. You do not often find such high count shirting madras, such beautiful patterns, (everyone a new one) and such high grade workmanship as you find in these dollar shirts. Each one has the Pennington label on it, which is in itself a guarantee of entire satisfaction. Come in tomorrow an select one or a dozen of these shirts—you will find all sizes and sleeve lengths. CORPUS CHRISTI HAS WATER WORKS SYSTEM By Associated Press. Corpus Christi, Nov. 2.—This city today completed laying a 16 inch cast iron water main from Calallen to the city stand pipes, a distance of 16 miles. This new improvement gives Corpus Christi 8,000,000 gallons of filtered water daily, as compared with a present daily supply of 600,000 gallons of unfiltered water. The improvements cost \$300,000, being the proceeds of a bond issue.

## SHARP BREAK TODAY IN PRICE OF COTTON

THREE DOLLARS PER BALE UNDER MONDAY'S CLOSE AT NEW ORLEANS.

## ADVANCE IN WHEAT MARKET

Favorable Cables and Small Receipts Tend to Rush Grain Prices Downward.

By Associated Press. New Orleans, Nov. 2.—Cotton broke three dollars a bale on the New Orleans market in the trading during the first half of the session. It was one of the heaviest selling waves of the season and at times prices fairly crumbled away. Around the opening prices were almost 40 points down, under liquidation of long cotton and short selling, but from this there was a recovery of about ten points. The steadiness did not last long, as selling became heavier than ever under the good weather over the belt and the report that a local authority was coming out with a crop estimate of 13,000,000 bales. Large stop losses were uncovered for December. Towards noon the trading months were 59 to 64 points under last week's close. The market had a better tone in the afternoon and the decline was checked by realizing by scalping shorts. At 1:30 o'clock prices stood 13 to 15 points up from the lowest of the session.

Chicago Grain. Chicago, Nov. 2.—Bullish cable advices gave the wheat market today a decided upward swing. Quotations from Liverpool showed a material advance and were accompanied by dispatches saying the purchase of wheat from Bulgaria on the part of Greece was causing serious political complications. Small receipts in the American northwest operated also against the bears. After opening 1-4 to 1/2 higher with December at 102 3/4 to 103 and May at 104 3/8 to 104 1/4, prices made sharp further gains before beginning to react. Corn rose as a result of estimates that this season's crop has an average quality of only 76 as against 85 for a number of years. Opening prices which ranged from 19 to 1/2 high were followed by a moderate additional uptick. Improved demand from the east lifted oats. Sales to the other sections, however, were slow. Provisions displayed a slight tendency to harden. There was but little pressure to sell.

## SEARCHLIGHTS PREVENTED SUCCESS OF VILLA ATTACK

American Army Officers Believe Town Would Have Fallen Except For Lights

By Associated Press. Washington, D. C., Nov. 2.—Reports from Major General Funston, sent last night, indicate the failure of Villa artillery fire to put out the searchlight in Agua Prieta prevented a direct assault upon the town. American army officers who watched the fighting believed Villa would have taken the town last night but for the searchlights. Colonel Slocum reported it was evident that both sides were endeavoring to respect American territory and that fire of Villa guns was directed so as not to endanger American lives or property.

## BRITISH SUBMARINE SUNK IN COLLISION AT GIBRALTAR

Announcement is Made By Admiralty of Accident to Under-Sea Boat

By Associated Press. London, Nov. 2.—The British admiralty this afternoon announced that British torpedo boat No. 96 was sunk at Gibraltar yesterday after being in a collision.

## GREECE APPARENTLY MORE FAVORABLE TO ALLIES SIDE

Change in Tone of Ministerial Press Noted, Though Neutrality is Still Demanded

By Associated Press. London, Nov. 2.—In official circles an attitude more favorable to the entente allies apparently has been assumed. Reuter's correspondent at Athens telegraphs that simultaneously with reports of Greece's hostility toward the entente powers came a change in tone of the ministerial press which is now publishing articles in favor of the allies. These articles presumably are inspired. Notwithstanding the drift of opinion it is maintained that the neutrality of Greece will be adhered to as long as possible. The correspondent says there are indications that any attempt to change the policy of the government would result in the resignation of the cabinet.

Admiration. "Bliggins is a remarkable fisherman." "Yes, I honestly believe it's more wonderful for a man to think up the stories Bliggins tells than it would be actually to catch the fish."

Sure Cure. "My love, I wish you wouldn't paint." "All the women do, dear." "But it looks like an admission on your part that you are not already perfect, and that pains me." "What could she do but stop?"

**BAY CITY MAN NAMED AS QUARANTINE OFFICER**

By Associated Press. Austin, Nov. 2.—State Health Officer W. B. Collins, with the approval of the governor, has appointed C. R. Byars of Bay City to be quarantine officer at Brownsville to succeed E. S. McCain, one of the victims of the Mexican bandits who held up and robbed a St. Louis, Brownsville & Mexico train.

# EMPRESS THEATRE

DANIEL FROHMAN presents

The emotional artiste supreme,

# PAULINE FREDERICK

In her second triumphant screen appearance, in the Dynamic Drama

# "SOLD"

In Five Parts

The Celebrated Emotional Drama that Reaches the Climax of Woman's Devotion!

Pauline Frederick, who won a tremendous personal triumph in her initial screen characterization as Donna Roma in the Famous Players superb Photo-Spectacle "The Eternal City" returns to the screen in an elaborate film version of the great dramatic masterpiece "SOLD," in which she equals the strength and power of the former impersonation.

TOMORROW.

If all pictures exhibited in our city were as clean and free from objectionable matter as the "PARAMOUNT" Pictures are, there would not be any reason to even suggest local censorship. You can take your mother, wife, daughter or sister to any "Paramount" Photoplay and rest assured that there will not be anything shown objectionable. They are the class and kind that are putting cheap vulgar vaudeville and even higher class stage plays out of business the world over. The best picture houses in every city in the United States are showing "Paramount" Pictures to capacity houses—there is a reason.

### TEST WELL TO BE DRILLED

JUST NORTH OF BURKBURNETT  
Location One Mile From Town is Made and Will Be Watched With Interest

Milton Clendennin, editor of the Burburnett Star, was in town today. Mr. Clendennin reports that material is being hauled out for a test well about one mile north of that town. The location is on a bluff on Red River on land owned by Mr. Pickle. This is the first well to be sunk in that vicinity and developments will be watched with great interest. The well is being sunk by Andrew Urban and associates.

Government experts who have looked over the field are said to

W. T. CARLTON  
Lawyer.  
Practice in all courts. Office: Room 416 K. & K. Bldg. Phone 710.

Mrs. T. O. Shapell, 1316 Twelfth street will be hostess to the Congregational Croquet Club Wednesday afternoon.

The Thursday, Forty-two Club meeting has been postponed until Friday evening when Mrs. P. P. Langford will be hostess.

Mrs. J. M. Blankenship and little daughter have returned from a two weeks visit with friends in Dallas and Fort Worth.

Mrs. M. F. Winfrey will be hostess to the Thursday Bridge Club Thursday afternoon at 3 o'clock.

Roback's Mineral Water  
Especially adapted for  
Special attention given to five gallon orders. City phone 887. Rural phone 9001, ring 14.

have indicated that the location was a favorable one. The nearest well is several miles away from this location. It is rumored at Burburnett that another test is to be made close to the town.

### OKLAHOMA FEDERATION OF WOMEN'S CLUBS MEETS

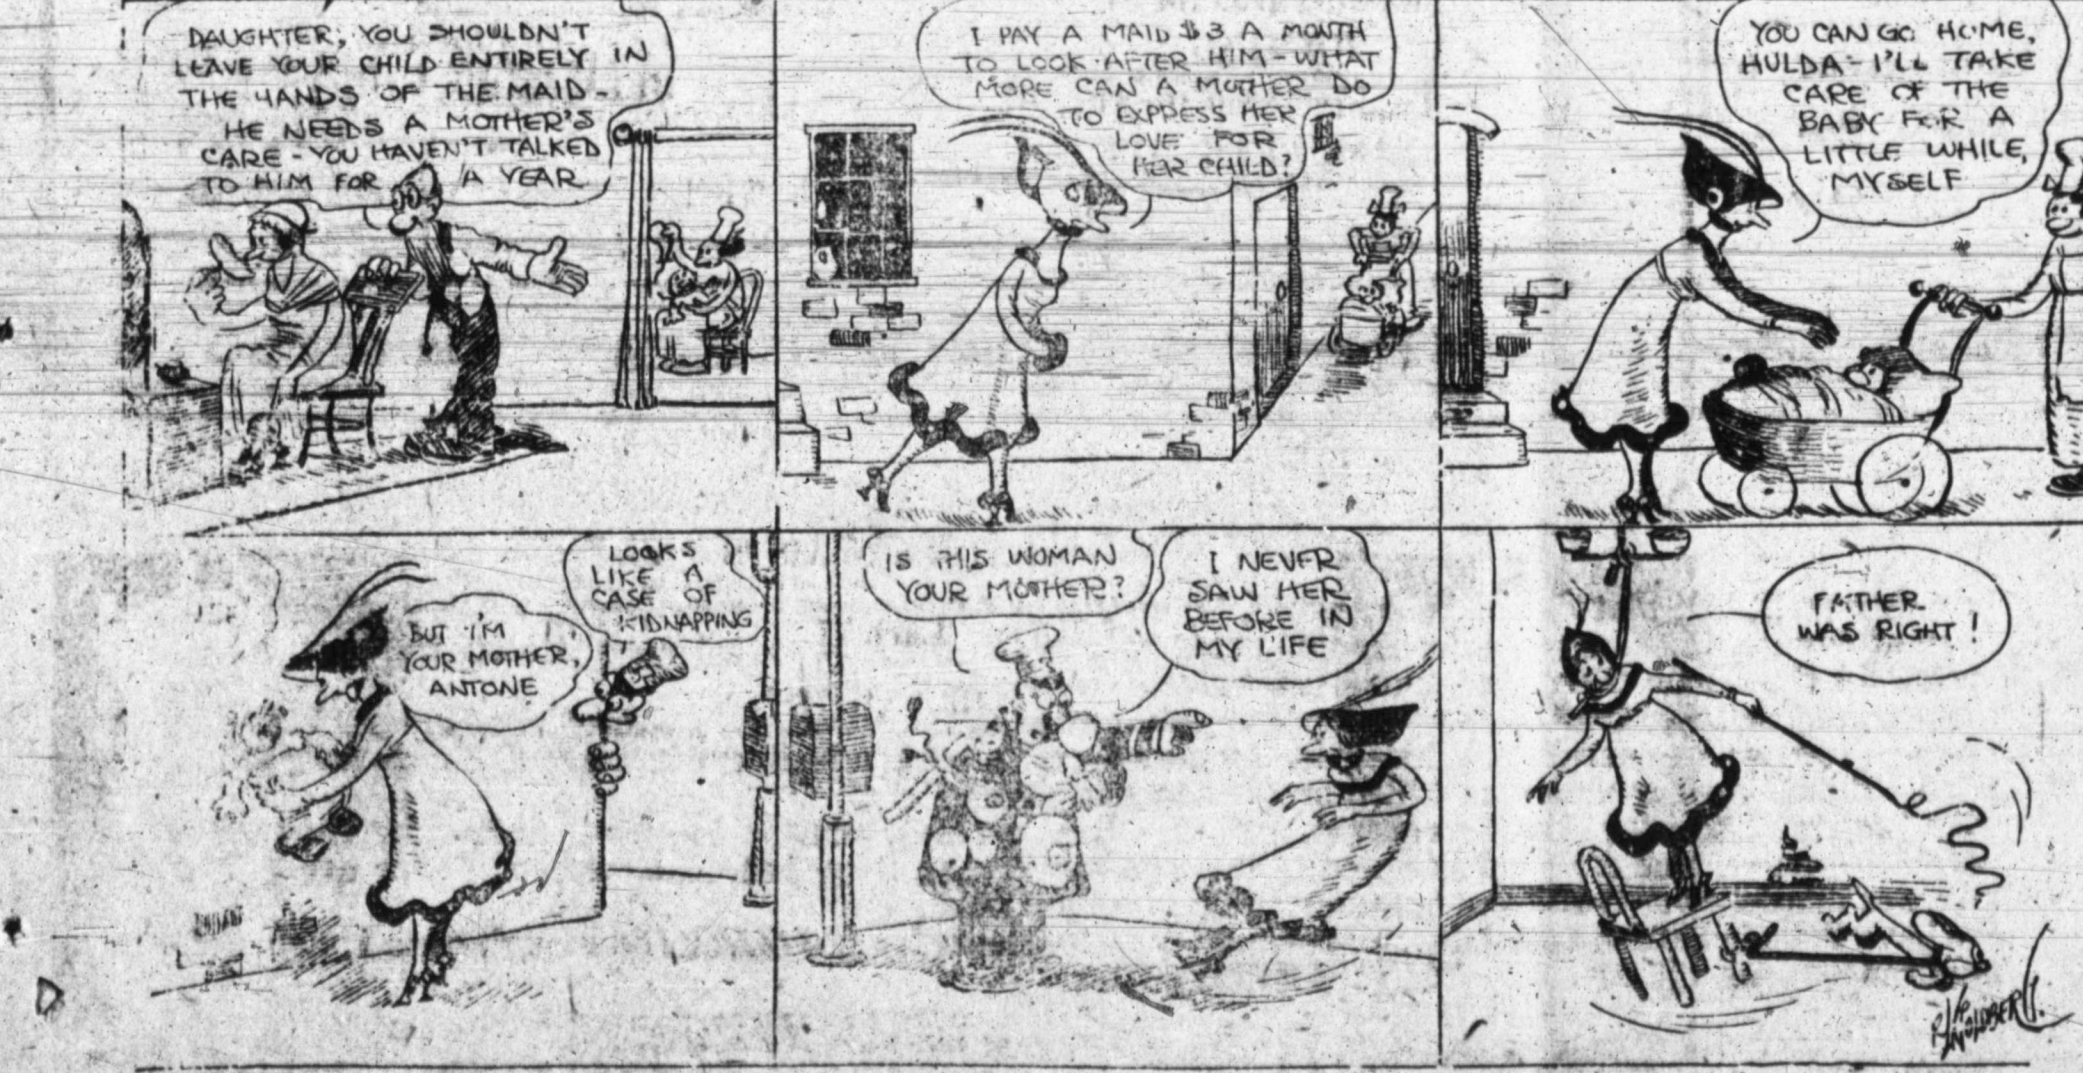

By Associated Press.  
Nowata, Okla., Nov. 2.—The greatest gathering of club women in Oklahoma is anticipated at the second biennial convention of the Oklahoma Federation of Women's Clubs, which opened here today. Mrs. Percy V. Penzabaker of Austin, national president and Mrs. Jessie Gaynor, a noted song writer, will participate in the meetings. Preparations have been made to entertain 500 visitors.

### SOCIETY

draws and Miss Ruth Downing. The fortunes were written in invisible ink and were held over the one smoky light in the cave until the words appeared. The general unmasking followed and a black cat contest was engaged in, in which Claude Ruffner won first honors and Dr. Andrews received the booby prize. On a sheet stretched between the dining room and living room yellow pumpkins were placed on which were written the names of the young ladies present. The young men shot at these pumpkins and found in this manner their supper partners. Supper was served to the guests seated on the dining room floor, the menu consisting of hot chocolate, baked stuffed apples and topped marshmallows and doughnuts. Plates of candy were passed and a string chewing contest with candy as the objective ensued. The guests included: Dr. and Mrs. A. L. Andrews, Judge Martin, Mr. and Mrs. C. W. Snider, Mr. and Mrs. Silk and Misses Adah Anderson, Florence Barrier, Lula Smith, Hazel Jones, Pauline Harris, Lila Andrews, Ruth Downing, Virginia Andrews, Inez Sandel, Alta Ruffner, Marion Crabtree, Lonie Childers, Edith Slaten, Irene Perrin, Ruth Giddings, Della Hinckley, Eunice Wells and Laura L. Artis; Messrs. Merle Waggoner, Johnson, Lowell, Hanks, Bullington, Milliken, Miller, Claude Ruffner, Arnold, Andrews, Bentley and Preston Manley.

Our Business Is Growing

Our records show that our business has made a substantial increase for the past 60 days over anything we have done in past years. This is good evidence to us that times are getting better, and too, that we are enjoying our share of the prosperity. We keep a close watch on our business at all times to the end that we may have just what you want when you want it. You may expect to get what you come after when you come to our store. We have two telephones and Quick Messenger Service. If you will just indicate your wants—you'll get service.

We are Always Anxious for More Business.

A Prescription Expert

Recognizing the necessity for an absolutely accurate and reliable prescription clerk, we have employed Mr. A. F. Blue, to take charge of this department of our business, and not a single prescription leaves our store without being filled or supervised by him. Mr. Blue's experience behind the prescription counter of one of the largest drug stores on the Pacific Coast has given him a knowledge of drugs and medicines that is second only to the doctor's and assures the doctor and the customer both of having the very best results for the patient. Purity is the watchword behind the prescription counter here, and none but the very best drugs are ever put in stock. If you will have your doctor send the prescription to us it will be our most careful endeavor to have it filled at once and delivered to your home within the shortest time possible.

GIVE US YOUR DRUG ACCOUNT THIS MONTH

We will make it worth your while to give us your drug account this month in so many ways that you will be surprised and delighted. In the first place, we carry the cleanest, freshest and most extensive line of drugs, medicines, toilet goods and druggists sundries in Northwest Texas. We never substitute, or try to work off "something just as good"—we aim to have what you want. We are particular as to quality. There are substitutes for nearly every meritorious article on the market, usually offering greater profits to the merchant who will handle them—we take the lesser profit and give our customers the genuine article every time. We also feature service, courteous, reliable, prompt service—delivery right to your door if you wish it—but whether you come to the store in person or send the children or use the telephone, you will be assured of the same careful, conscientious service—service that will make you want to come back.

We are glad to carry accounts for reliable parties and if it is more convenient for you to pay at the end of the month, and care to make arrangements to that end, we shall be more than glad to serve you in this way, also.

The Greatest Coat Cutter

In America can do nothing more than follow the measurements he has at hand. The finest tailors in the world make clothes that would not fit anything but a hippopotamus. But don't blame the tailors or the engineers who design clothes because the fit depends on the man who LAYS THE TAPE. The artist of the craft tailoring must depend for his specifications on the man who measures the form that is to wear the suit. For years I have laid the tape on every shape and size of man from the "Beef Trust" to the "Bean Pole" and made the suits fit. Any time the suit don't fit it is my suit and you can't leave my shop with it. It won't cost you a penny to find out whether or not I can make these statements stick.

I am Supton Tailor

VERDICT FOR FARM HAND UNDER LABOR LIEN STATUTE Judge Harvey Harris in finding a verdict for the plaintiff in the suit of W. J. Woods vs. Gibson et al, tried in the county court last week, held that a laborer had a lien against the farmer's crop which he had helped thresh, and gave judgment for the sum asked for in the suit. It was shown in this case that Gibson who was threshing wheat for Kemp and Kell had failed to pay some of his help. Kemp and Kell had paid Gibson for the threshing. They will now have to pay Woods claim for labor. The suit was brought under the new laborers' lien statute.
