TEUTONS AND BULGARS NOW IN COMPLETE CONTROL OF RAILWAY

MAIN BULGARIAN AND GERMAN ARMIES HAVE EFFECTED JUNCTION AND FASTER PROGRESS IS EXPECTED.

OFFENSIVE BY THE RUSSIANS

Von Hindenburg's Efforts to Reach Riga Successfully Countered—German Continuing Attacks Against the French in Champagne with Little Success.

By Associated Press. London, Nov. 6.—The Bulgarians have occupied Nish, the Serbian war, which gives them complete control of the railway from Prahovo on the Danube and thus opens a through route for the Central Powers to Sofia and Constantinople.

More allied troops are being sent from Saloniki to the scene of the fighting in the hope that they will be able to prevent the Bulgarians from capturing the railway.

All assistance that reaches the Serbians apparently must be sent by the British and French, for despite the defeat on the Bulgarians at Iwora, ten miles west of the Vardar river, where the French left wing joins the right of the Serbian southern army, and that the Bulgars are retreating toward Vloze.

Russian Operations. There also is a lack of news concerning the Russian expedition which was reported early in the week on the Roumanian frontier, while Roumania, like Greece is maintaining her neutrality in the face of agitation in the country for intervention.

There is evidence of renewed activity in Gallipoli and the impression prevails that another big attempt will be made to open the straits before German ammunition reaches the Turks.

GERMAN PAPER REVIEWS TUESDAY'S ELECTIONS

Says Results are "Heavy Moral Defeat" for President—Sharply Criticizes Recent Speech.

By Associated Press. Berlin, Nov. 6.—The Morgenpost attacks President Wilson sharply today for his remarks in his speech in New York Thursday concerning persons in the United States who are partisans of other causes than that of America and who have forgotten that their chief allegiance is to the American government.

The form of the speech, the newspaper asserts, was such as had never before been heard from an American president, and such as would not have been considered possible from the head of the state.

### KEEP OPEN ALL NEUTRAL PORTS SLOGAN ADOPTED

Farmers' Union Officials Seek Measures to Prevent Recurrence of Last Year's Disaster.

Special to The Times.  
 Ft. Worth, Tex., Nov. 6.—Henry N. Pope, president of the Texas Farmers' Union, returned yesterday from New Orleans where he attended the initial meeting of the Association of Farmers' Educational and Co-operative Union Presidents. The new organization, of which Mr. Pope is the official head, is composed of the presidents of the state Farmers' Unions in the cotton producing states and has for its primary purpose the improvement of the condition of the cotton raisers of the South. Resolutions petitioning the President and Congress to use every effort to keep open all neutral ports during the war and opposing any further expenditure in increasing the navy until a national policy be adopted for keeping the ports of the world open to American farm products, were unanimously passed by the convention.

It is proposed by scientific study and intelligent co-operation between the members composing the association to make possible the proper handling of the cotton crop from the seed to the manufactured cloth, thereby making the production of the South's greatest

staple more profitable to the producer.

Referring to the general plans and purposes of the organization, President Pope gave out the following:

"The Association of Farmers' Union Presidents was formed in answer to the demand of the hour for an intelligent solution of the cotton problem and for the prevention of a recurrence of the crisis which faced cotton growers of the South last year as a result of the European war.

"Some of the activities which the association will undertake in the immediate future will be to keep open all neutral ports to cotton shipments during the present war; to encourage scientific production; to urge farmers to own and operate cotton gins on a co-operative basis; to ask uniform legislation in all states governing the grading, sampling and weighing of cotton; recommending state warehouse laws in which the state yardages warehouse receipts; encouraging the slow marketing of cotton; urging the establishment of sales departments in both state and national Farmers' Union organization to assist in selling cotton; securing money to loan on cotton at a low rate of interest; inviting the co-operation of the business interests in financing and marketing farm products; increasing the uses of cotton and its by-products; endeavoring to secure a code of agricultural laws in all states adapted to the transactions of the farmer and to encourage the manufacture of farm products on American soil.

"The following resolution, which was unanimously adopted by the

convention, will form the basis of the association's first activities:

"Whereas, the cotton farmers of the South, in marketing last year's cotton crop, lost approximately \$500,000,000 by being compelled to sell their crop under English dictation and the present crop is undergoing similar restrictions and the end of the war is not in sight, therefore be it

"Resolved, that we petition the President and Congress of the United States to use every effort to open all neutral ports to cotton and all other agricultural products and we direct the attention of the people of the United States to England's attitude in declaring cotton contraband as an act positively hostile to American agriculture."

C. S. E. HOLLAND RE-ELECTED.  
 BY INLAND WATERWAYS.  
 Houston, Nov. 6.—C. S. E. Holland of Victoria, was re-elected president of the Interstate Inland Waterways League here today. Lako Charles, La., was selected as the next meeting place. Resolutions were passed asking for a canal nine feet deep and 100 feet wide from the Mississippi to the Rio Grande. This approval was voted on the policy of Congress regarding the inter-coastal canal.

Fort Worth, Nov. 6.—Cattle receipts 600 nominal, beefs \$6 to \$7. Hog receipts 800, strong to five cents higher. Bulk \$6.80 to \$6.70. Sheep 200, steady; lambs \$7.25 to \$8.25.

### DAMAGE SUIT WEEK IN 78TH DISTRICT COURT

Several Suits Against Fort Worth and Denver on Calendar—Iron Case is Completed

The jury in the suit of Mary Idou vs. William Idou for division of community property answered the special issues generally favorably for the plaintiff, and Judge Nicholson indicated that he would grant the plaintiff a divorce and the custody of the child as asked for. The application for divorce was not contested.

Judge Nicholson also heard yesterday the application of William Borheldt for a receiver for the Interstate Oil Company. The application was denied.

Suits against the Fort Worth and Denver railway for damages growing out of the overflow of Holiday creek will take up the calendar in the 78th district court this week.

### VIRGINIA DEFEATS VANDERBILT 35 TO 10.

By Associated Press.  
 Charlottesville, Va., Nov. 6.—Virginia conqueror of Yale, and worthy foe of Harvard, established a claim to southern football honors by erasing the hitherto invincible Vanderbilt team on Lambeau field today, by a score of 35 to 10. Five touchdowns, achieved through straight line plunging and end runs, gave Virginia victory. One touchdown and one field goal, accomplished by Vanderbilt as a direct result of fumbles by Virginia, saved the visitors from a shut out. After an anxious first quarter, on which Goly dropped the Commodores into a little lead of three points, supporters of the orange and blue, were never doubtful of the outcome. Virginia, battered through Vanderbilt's defense in the second period for four touchdowns and the only question after that was the size of the score. Only three forward passes were attempted during the game.

### FARMERS' UNION OFFICIALS PETITION PRESIDENT

By Associated Press.  
 New Orleans, La., November 6.—Resolutions petitioning President Wilson and Congress to use every effort to open neutral ports to cotton and other agricultural products were adopted here today at the organization of the association of state presidents of Farmers' Educational and Co-operative Union of America. The action of the British government in declaring cotton contraband of war was held to be responsible, for an enormous loss to the farmers.

Presidents of several state associations attended the initial meeting. H. N. Pope of Texas was elected president, O. P. Ford of Alabama and M. McCollister of Louisiana secretary and treasurer. New Orleans was selected as headquarters of the association.

The date for the general election has not been set. Hanratty recently resigned as president, while charges were pending against him.

### NEW HOSPITAL WILL OPEN THIS WEEK

BUILDING NOW NEARLY COMPLETED AND WILL BE OCCUPIED IN FEW DAYS.

### IS MODERN IN EVERY DETAIL

Charity and Pay Patients Will Be Received—Nurses School Will Be Operated.

The new county and city hospital was practically completed Saturday and will be opened some time this week. The day for the opening has not been fixed but will probably be on Thursday.

The hospital which was built and equipped at a cost of about \$40,000 is one of the most modern in the new country embodying in its construction a number of features that are to be found only in the newest hospitals of the great cities. The building is a three story structure of brick and concrete and is fire proof as the latest discoveries in hospital architecture can make it. It is heated throughout by steam and each room is equipped with a thermostat which automatically regulates the temperature to any degree desired, making it possible to adjust the temperatures in the different rooms to suit each individual patient.

The building is equipped with an excellent vacuum cleaning system. The floors are made of a composition especially designed for hospitals. These floors are almost noiseless when walking on them. The flashlight signal system is used instead of bells and the hospital will be as free from noise as it is possible to make it.

There will be about forty beds including wards and private rooms. An important feature is three commodious sun parlors for convalescent patients, and two well equipped operating rooms.

The new hospital will admit free of charge all who are found to be entitled to admittance under the laws governing the operation of joint city and county hospitals. It is hoped that this institution can be made practically self sustaining by the admittance of pay patients. Any deficit will be taken care of jointly by the city and county. The board announces that it is its plan to provide every attention and comfort to patients to be found in any hospital at a moderate cost.

In connection with the hospital a nurses' training school will be conducted. This school will be under the direction of the superintendent, Miss Carrie Webster, who was for six years superintendent of the All Saints Hospital at Fort Worth. A three year course will be given.

Dr. Joe E. Daniel is president of the board of managers for the hospital. Other members of the board are: Dr. C. R. Hartsook, Mrs. Frank Kell, E. A. Dale and R. L. Eeds. In addition to the superintendent, surgical nurse and other nurses as are found to be needed.

### HARVARD WINS FROM PRINCETON, TEN TO SIX

Tibbotts Goal Kicking Toe in Unequal Contest With Superior Crimson Team's Combination.

By Associated Press.  
 Princeton, N. J., Nov. 6.—Harvard University's football team defeated Princeton eleven here this afternoon 10 to 6. It was the fourth consecutive victory for the Crimson over the Tigers since 1912 and the defeat shattered all hopes of the Orange and Black to any claim of the eastern football championship. Notwithstanding the apparent closeness of the score, the honors of victory go decidedly to Harvard for the contest considered as a whole was between the Crimson team as a combination and the individual ability of Tibbotts' goal kicking toe. Not once was Princeton with its vaunted attack able to batter the Harvard eleven back. Twice during the struggle the Tigers planned and twisted through the Harvard team for more than two-thirds the length of the gridiron only to be held when a touchdown appeared imminent. It was then that Capt. Glick called upon Tibbotts to do what the Princeton team as a whole was unable to accomplish, and both times the tigers scored a placement kicked field goal. Against this one man attack showed a better round of campaign which netted the Crimson a touchdown and goal and a field goal kicked by Captain Mahan, to see that Princeton did not monopolize the drop kicking honors of the day. Between 25,000 and 30,000 spectators filled both sides of the famous Memorial stadium.

### SEWANNE DEFEATED BY THE TEXAS LONGHORNS

Tennesseans Went Down Fighting Valiantly But Were Beaten By Texas' Open Play.

By Associated Press.  
 Houston, Texas, November 6.—The royal purple of Sewanee was dragged in the dust today when in the seventh football game between the two schools, Texas defeated Sewanee, 27 to 6.

The mountain tiger went down fighting every inch of the way, but his claws could not pierce the tough hide of the Longhorns. It was the open game that bested the Tennesseans. The open game, the weakness of the Sewanee on offense, the long and accurate passes of Littlefield and the brilliant receiving of Turner and Walker, were the chief features of the victory. It was a great day for the new game. The Sewanee defense was adamant against the line plunges of Texas, as was the Texas line against Sewanee rushes. But Sewanee found it hard to break Texas' running interference on end runs and were swept off their feet by Texas' forward passes.

Littlefield, Kelso, Simmons and Turner as well as the old stonewall Texas veteran line, starred throughout. Dobbins played a great game for Sewanee, as did Neil, Edmond, the smashing end.

MISS DREW'S SECRETARY  
By JEANNE KILBY.

Carlotta Drew pushed away the account books that littered her desk and sighed wearily.

"Oh, dear, I never can make these books balance," she panted. "I wish Miss Smith had not been so stupid or Miss Hart so slovenly. I simply can't get along without a secretary."

"You might try one of the secretarial schools," suggested Mrs. Marsh, bending over her embroidery.

"I will—I must have someone at once."

Carlotta picked up the receiver and telephoned her wishes:

"Send along anyone who is fairly intelligent," she waited at last.

"There," she said, looking defiantly at her aunt, "they are sending up a young man."

"A young man!" echoed Mrs. Marsh. "Are you crazy, Carlotta?"

"Only desperate, Aunt Anna."

"I shall send him away again."

"Not until he has straightened out my accounts. I make them say that I have spent just four dollars instead of five hundred in the last month, and yet my checkbook shows I have over-drawn my account."

"What a muddle!" sighed Mrs. Marsh. "You really ought to marry a good business man, my dear, someone who can look after you and your property."

"I met a man last summer," she began. Then, biting her lips to keep back a secret she had not dared confess to anyone but herself, she added gaily, "I'm going out, Aunt Anna. If the young man comes tell him to straighten out my books. I'll be home before he leaves."

It was an hour after Carlotta's departure when Biggs brought in a card.

"Mr. Anthony Lester."

"Humph!" sniffed Mrs. Marsh, looking coldly at the tall, self-possessed young man who regarded her so affably. "My niece is out at present. She wants you to wait until she returns. No use wasting your time, though. Miss Drew said you might straighten out her books—there on the desk—and out what the trouble is."

Lester smiled and sat down at the desk. Presently Mrs. Marsh noted that he was working busily over the offending accounts.

He worked so steadily that Aunt Anna's heart warmed toward him. She would reward him with a little amiable conversation.

"Are you married?" she asked abruptly.

"Good heavens—no!" he laughed.

"I was married for twenty years and I never had one single regret. My husband has been dead for ten years. Ours was a perfect marriage," sighed Mrs. Marsh, now on her favorite topic. "and I dislike to hear young people laugh flippantly at matrimony."

Lester colored. "I assure you," he said gently, "I had no intention of laughing. It was the idea of your thinking I would be here—!" His voice trailed into embarrassed silence.

Aunt Anna Marsh sat up stiffly and regarded him over the tops of her eye glasses.

"Young man," she said sternly, "when you came here this afternoon did you know that my niece, Miss Drew, is very, very rich indeed?"

Lester had the grace to blush quite perceptibly.

"Yes," he said at last.

"I thought so," she said.

Lester got up and paced the floor. Now he was scowling in a most unpleasant manner, but even the black look didn't mar his handsome face.

"Can't a man marry a rich girl without being called a fortune hunter?" he suddenly asked.

"Not!" exploded Aunt Anna indignantly.

"Does your niece share your views—that every man—no! I won't doubt her for an instant!" He turned toward the desk.

The door flew open and in came a radiant Carlotta, her blue eyes agleam with the glad light of surprise and her cheeks aglow.

"Anthony! Anthony! you dear!" she cried, and she went straight into the arms of the "secretary" young man, who held her closely.

Aunt Anna shut her eyes upon this horrifying sight.

"And there is the poor secretary waiting in the hall," cried Carlotta, releasing herself from Lester's arms.

"The secretary? Carlotta Drew, who is this young man?" demanded Mrs. Marsh in a tragic tone.

"Why it's Anthony Lester, the man I almost told you about—it's a secret that we love each other, and I suppose now our engagement must be announced. Who did you think he was, auntie?" she asked curiously.

Lester gallantly came to the rescue and Aunt Anna never forgot it. She took him to her heart even before she discovered that he was considerably richer than Carlotta.

"Why, who did you think he was?" repeated the girl curiously.

"Mrs. Marsh asked me to help straighten out your accounts," he interposed tactfully. "I've brought order out of chaos, but there's still one more thing to settle."

A small, dapper-looking youth, with owl, spectacled eyes, entered the room meekly.

"This is Mr. Mook, the secretary, Aunt Anna," said Carlotta.

# A Perfect Musical Instrument---THE PREMIER

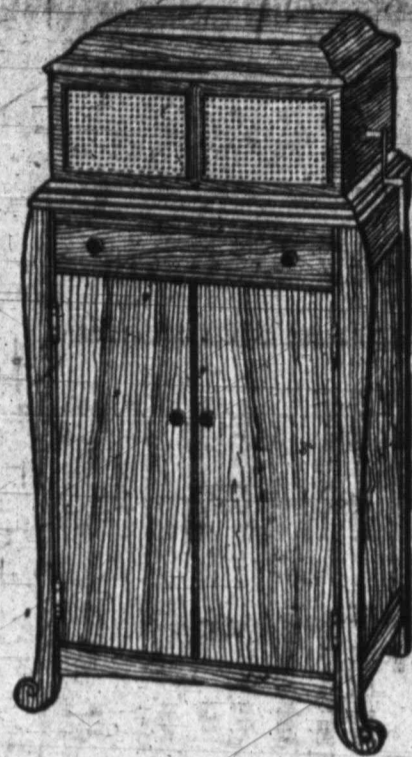

The Freear Furniture Company, always in the fore front with something new, and at the right price, announces as a departure in their business the introduction of—

## THE NEW PREMIER TALKING MACHINE

In the Premier are embodied the thought, work and endeavor of eminent designers, expert mechanics and inventors, master musicians and famous violin makers, all working to the one end; that they might produce for you a perfect musical instrument. Profiting by past experience they have retained and improved the tried and proved elements and discarded the unpleasant and unsatisfactory attributes of the old "talking machines." The Premier is not primarily a machine, but an automatically operated musical instrument, containing within itself unlimited capacity for your amusement. Music, song and story flow from it so naturally that you lose all consciousness of the mechanical means to an end, and listen to the Premier with all the enjoyment you might feel in the personal presence of the artist.

## Premiers Come in Many Styles

The wide range of styles give opportunity for selection at the price desired. The prices are \$29.50 to \$125. All instruments play either Victor or Columbia Records without additional attachments. We have the exclusive sale of the Premier in Wichita Falls, and will be glad to demonstrate it to any who are interested in this wonderful new instrument.

### BEGIN CORONATION OF JAPANESE RULER

FIRST OF LONG SERIES OF CEREMONIES IS HELD SATURDAY AT KIOTO

### TO OBSERVE ANCIENT RITES

State Entry into Ancient Capital of Empire Is Brilliant Festival—Immense Crowds

By Associated Press. Kioto, Japan, Nov. 7.—Amid plaudits and cheers Emperor Yoshihito made his state entry today into Kioto, the ancient capital of the Empire. Here on Wednesday next will be held the first great coronation ceremony. The imperial train conveying the emperor and the whole court arrived here from Nagoya, where a night was spent. The city was beautifully decorated. Never before was witnessed such a magnificent display of enthusiasm and life in the ancient capital. The people of all classes gave vent to their joy and happiness at the state entry and return, though temporary, of the court, and the arrival of the occasion of the long-looked-for coronation ceremony. The grounds around the station compound and the streets along the route of the imperial procession were profusely decorated and were thronged with cit-

izens eager to worship the imperial sanctuary and welcome the imperial cortege. On the station platform were present a number of peers residing in Kioto, high prefectural and municipal officials and military officers, representatives of various administrative and business corporations, and prominent citizens who accorded hearty welcome to the imperial party. The imperial sanctuary and the imperial cortege arrived at the station amid the impressive strains of the Kioto, or national anthem, and saluted first by artillery in the neighboring park. Emblems of sovereignty were slowly borne on the shoulders of villagers. Then, with the Emperor just behind and his suite directly after him, the procession proceeded to the imperial palace through streets lined by troops and people. The imperial train was taken to the Shinkoden hall especially erected as the site for the reception of the "sanctum sanctorum" in the compound of the Kioto palace. The route of the cortege led through a great green arch erected by the municipality. The repose of the imperial shrine consisting of the sacred mirror was celebrated with an impressive religious ceremony conducted by the court ritualists in the presence of the coronation commissioners. The ritualists made offerings before the altar, the chief ritualist reading Shinto prayers. Then followed the worship by the Emperor and Empress, who were represented in this case by chamberlains and also worship by the members of the imperial family. In observance of the coronation the city of Kioto presented the Emperor with picture books containing the works of thirty-eight contemporary art-

ists, a cushion designed by Sekka Kamakura, and a flower vase made at the Prefectural Ceramic Institute. The city also presented to the Empress a gold lacquered box, two rolls of fine brocade with patterns of pine trees and a phoenix and five rolls of white silk damask with patterns of chrysanthemum flowers (the imperial crest) embroidered in deep blue. On the day of the chief coronation ceremonial the city assembly will call an extraordinary meeting and present an address to the Emperor, the writing of the address having been entrusted to Kawan Noto, a noted scholar. Coronation Festivities. On November 18th the municipality will give a garden party at the Helan Shrine, inviting all guests from the princes and princesses of the blood downward, numbering 2,500 who will participate in the coronation banquets. The governor of Kioto will give a dinner and theatrical entertainment at Gion, inviting the princes of the blood, ministers of state, the diplomatic corps and other dignitaries. The Coronation Celebration Committee organized by prominent citizens of Kioto has a plan to invite the participants in the ceremonies to the famous cherry trees, to a maple party on Mount Takao and to present the guests with souvenirs and guide books in commemoration of the event. Kioto offers a brilliant spectacle. By day it is a mass of bright decorations—lanterns, flags, flowers, banners, festoons, and by night it is a blaze of light. The bridges across the Kamogawa river are illumined with festoons of electric lamps. Nightly fire works will be a feature of the coronation period. To commemorate the coronation and the fact that official guests will stay in their homes, which are known as the "Choraku Kan" or "Hall of Eternal Joy," Kichibei Mural, a Kioto millionaire banker, decided to make such alterations as would make it an accession or coronation memorial. He has contrived a beautiful structure, half Japanese, half American. To harmonize with the bibly surroundings of Kioto and the picturesque quietude of Maruyama, where the house is located, the theme of the Japanese paintings is the Bay of China with its ripples and gulls. The ceilings are designed to represent the blue skies. Gulls are scattered over the ground, so that waves and birds glitter as if in bright sunshine. The idea was borrowed from a roll picture in the Miyajima shrine and the design on a hand-copied Buddhist scripture kept in the Tennoji temple at Osaka. The painter was Makoto Tsuchida of the imperial household, and the gold ground and other ornamentations were the work of Messrs. Ryoabin Kano, Kakusen Takata and Kyokuro Kawabe. The artistic judgment of Viscount Kaneko, former ambassador to Washington, was consulted. This villa has been set apart for the use of Senator Malowsky Malowitch, the Russian ambassador, and for Sir Cynghan Greene, the British ambassador and his wife, Lady Lily Greene. During the coronation period the majority of the members of the diplomatic corps will stay at the Kioto Hall. Among these will be George W. Guthrie, the American ambassador, and Mrs. Guthrie, as well as Post Wheeler, first secretary of the American Embassy, who will be accompanied by Mrs. Wheeler. The other official American guests are Colonel J. A. Hens, the military attaché, and Mrs. Hens, and Captain Frederiek A. Horne and Mrs. Horne. The military and naval attachés with their wives will stay at the Nara Hotel in the city of Nara, which is about one hour's railroad journey from Kioto. On account of inadequate accommo-

dations it was found impossible to house all the diplomatic corps in Kioto. Each of the invited was permitted to bring one servant, provided that servant was Japanese. The court, whose guests the diplomats and attaches are found it impossible to supply more extended foreign accommodations. State carriages will be placed at the disposal of the foreign guests during their stay at the ancient capital. BACKACHE IS A WARNING. Wichita Falls, Nov. 6.—Backache is often nature's most frequent signal of weakened kidneys. To cure the pains and aches, to remove the lameness when it arises from weakened kidneys, you must reach the cause—the kidneys. If you have pain through the small-of-your-back, urinary disorders, headaches, dizzy spells, or are nervous and depressed, start treating the kidneys with a tested kidney remedy. Doan's Kidney Pills have been proved good and are especially for weak kidneys. Doan's have been used in kidney trouble for over 50 years. Read Wichita Falls testimony. S. W. Rowland, stationary engineer, 616 Travis St., Wichita Falls, says: "I got down with my back and kidneys two or three times. The pains in my back were very intense and often I didn't hardly stand them. My kidneys didn't act as they should. I used Doan's Kidney Pills, procured from Foose & Lynch's Drug Store, as they had given fine results to another of the family. Three boxes of this medicine relieved the pains in my back and regulated the kidney action." Price 50c. at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mr. Rowland had. Foster-Milburn Co., Props., Buffalo, N. Y. DESERTIONS INCREASING IN THE JAPANESE ARMY. Associated Press. Tokyo, Nov. 6.—The frequency of army desertion as well as suicide of some of the deserters is causing some concern among the military authorities. Statistics show that during the last year 98 per cent were desertion, of which 93 per cent were common soldiers. Tokyo leads other cities with 184 cases while there were 112 cases at Osaka. Out of the total 288 soldiers were brought before the military court and punished while 498 deserters voluntarily surrendered before three days' grace had expired. The increase of suicide among deserters is believed to be due to the reduction of days of grace during the war from six to three days, the deserter sometimes preferring to kill himself than face the shame of court-martial. Deserters who surrender before the three days' expiry are restored to the service with a light admonition. If they delay their return they become fugitives and are peremptorily punished on their arrest by the military court. GERMAN NAMES REPLACE FRENCH ONES IN ALSACE. Associated Press. A certain number of French geographical and municipal names in Alsace, tolerated by the Germans for 45 years have now been supplanted by German names. Belfort has become Schonenbrunn; Neufchâtel is now Ludwigsfels; Plobsach is changed to Urbach. The philological and historical mission that made these changes decided to leave the names of Saint Privat and Gravelotte unchanged because of the historical interest attaching to these famous battlefields.

### SECRETARY LANSING PLANS SHARP PROTEST TO ENGLAND

Emphatic Note on Subject of Shipping Will Be Sent to London This Week

Washington, Nov. 6.—At the instance of the British Embassy copies of the latest American note to Great Britain protesting against interferences with neutral shipping will be handed to the British Ambassador and the French Ambassador in Washington simultaneously with the delivery of the note by Ambassador Page to the British Foreign Office. This is in recognition of the fact that France is equally concerned with Great Britain in the subject matter of the note, having by official orders of the French Admiralty adopted the British rules governing seizure and detention of neutral ships and cargoes substantially without change. It is learned that Secretary Lansing's note contains some sharp passages and is very emphatic in condemnation and protest against several features of the British orders in council. Objection is made particularly to that part of the British order in council under which cruisers have diverted from their voyages and detained for long periods in British ports American vessels bound for the neutral ports of Northern Europe. It is held under the general principles of international law that while these vessels might properly be stopped and searched on the high seas they should not be taken to distant ports for examination at great expense to the British authorities. The British authorities possess information that absolute contraband is included in their cargoes. Though the issues are understood to be strongly presented by the United States, they are not regarded as beyond the reach of diplomatic treatment at this stage. It already has been intimated by Sir Edward Grey in the British Parliament, however, that the whole subject may be rapidly nearing a phase when a peaceful and satisfactory adjustment can be reached only by means of an international commission. WILL URGE EXTENSION OF TEXAS INTERCOASTAL CANAL. Interstate Inland Waterways League of Louisiana and Texas Holds Convention. By Associated Press. Houston, Texas, Nov. 6.—With delegates present from several Louisiana and Texas towns, C. S. F. Henrich, of Victoria, Tex., president, opened the two days meeting of the Interstate Inland Waterways League of Louisiana and Texas. The league this year will consider further extensions—north and south—of the intercoastal canal, a projected waterway along the Texas and Louisiana coast from four to eight feet deep, as far east as New Orleans, and as far south as Corpus Christi. Federal appropriations will be asked to have the channel deepened and widened south of Corpus Christi to the Laguna Madre, south to Arroyo Colorado, and thence to Point Isabel giving Brownsville direct service for small craft with western Louisiana. A fringe of island permits small boats to traverse the

canal and a thriving inter-town freight business is being done. Among those prominent in the work attending today, are Colonel C. S. Piche, U. S. Army engineer, of Galveston; Leon Locke, of Lake Charles, La., general secretary and Roy Miller, mayor of Corpus Christi, secretary for Texas. Both of the latter are vice-presidents for Texas of the National Rivers and Harbors Congress of Washington. The attendance this year is unusually good, principally because inland points have sent delegations of from three to fifteen members. The largest delegations from a single town was that sent by Corpus Christi, headed by Roy Miller. Corpus Christi will be a candidate for the 1916 meeting place. SEVERAL NEW STATE BANKS ARE PROPOSED. By Associated Press. Austin, Tex., Nov. 6.—Indicative of the general prosperity which is prevailing throughout Texas on account, it is stated here, of the prices paid for cotton, several new applications for the organization of the new state banks have been received by the State Department of Insurance and Banking. Another indication that money is plentiful is seen, according to announcements here, in the fact that reports are being received daily from state banks showing considerable increases in individual deposits. One bank, with a capital stock of only \$10,000 is shown to have deposits amounting to \$100,000 and another, capitalized at \$52,000 has \$400,000 in individual deposits. The last financial statement showed an increase of \$8,000,000 in individual deposits. RESULTS SHOW VALUE OF TYPHOID VACCINATION. By Associated Press. Paris, Nov. 6.—Doctor Leon Bernard reports that out of 800 cases of typhoid fever that he studied among French soldiers the mortality of those that had been treated with the anti-typhoid vaccine was only 5 1/2 per cent while it was 17 per cent among the unvaccinated. Among those that survived the difference in the gravity of the cases between the vaccinated and unvaccinated was 19 to 29. Marriage licenses were issued yesterday as follows: Chas. Noble to Miss Enla May Sullivan; A. G. Booker to Mrs. Ada Graves; J. D. Hale to Miss Mattie Griffin.

### BOLD BAD MEN HOLD UP AND ROB QUANAH SHERIFF

(Quanah Tribune-Chief). An unpleasant experience in which Sheriff Walker and J. H. McDonald were victimized by three hold up men occurred near Yernon last Saturday night. The two men had been on the lookout for a stolen horse and buggy, and were returning home in an automobile. Crossing the railroad near Condon Springs, the auto slowed up, and had hardly reached the track when three men appeared in the dark and commanded them to halt. The two Quanahites taken completely by surprise were at a great disadvantage. One man stood in front of the auto, the two others on each side, slightly behind; all three wore masks and held sixshooters pointed at the motorists. Sheriff

Walker had a gun but he realized that before he could possibly draw it, the others had a chance to plug him and McDonald several times, and he wisely refrained. Mac was un-armed. While the two robbers stayed behind in the dark, the one in front ordered that the passengers give him what money they had. Walker gave him two dollars, while Mac insisted that \$175 was all he had. The robbers evidently thought that two such respectable men would not tell a story under any circumstances and let them go, firing their guns after the auto started off. It was very dark at the time, and the hold up men were completely unrecognizable. Several theories have been advanced that the robbers were perhaps transient cottonpickers, who had been on the lookout for farmers returning home after selling their

cotton in town. In that case it would be strange that they should hold up an auto. Sheriff Walker thinks his assailants worthless town boys, who imagined robbing people an easier way to make a living than by working for it.

### MAY DRAG RIVER IN SEARCH MISSING WOMAN

Miss Lillie Doss Left Home Early Friday and Efforts to Find Her Have Failed.

Miss Lillie Doss, aged 40 years, disappeared early Friday from her home at 806 Fourth street and is still missing. She was seen Friday near the river several miles above town, and on the theory that some mishap may have befallen her, steps have been taken for an organized search. All who are willing to take part have been requested to meet at the court house this morning at 9 o'clock. If the woman cannot be located, it is likely that the river will be dragged. Miss Doss resides with her mother and has been in poor health for some time and her mind has been affected. No motive for her departure has been offered. She left home without notifying anyone and later Friday someone answering her description was seen some distance up the river. Several individuals were searching for her yesterday, without success. The assistance of the public has been asked in the search which will be undertaken today, and all who are willing to take part are urged to be at the court house at nine o'clock.

### GIN IN WILBARGER COUNTY IS DESTROYED BY FIRE

(Vernon Record) The plant of the Kincheloe Gln Company, located, ten miles southwest of town, was totally destroyed by a fire of unknown origin, about midnight Tuesday. When first discovered the flames had made such headway as to be beyond control of fire extinguishing equipment kept at the plant. The buildings and machinery were a total loss. The seed house was filled with high priced cotton seed and only a small part of these remained undamaged. Insurance to the amount of \$4,500 was carried on the plant, which cost approximately \$11,000 and was comparatively new. The gin, under the management of Mr. Huddleston, was doing a splendid business. Having turned out about forty bales Tuesday.

The civil service examination for stenographer and typewriter, which was to have been held on November 23 has been indefinitely postponed. Secretary Howard announced.

### ALLEGED CHICKEN THIEVES SOUND TO GRAND JURY

Tom Jones and P. B. Bowman were bound over to the grand jury after an examination before Justice Howard this morning on charges of burglary, in connection with the stealing of chickens. Jones' bond was set at \$500 while Bowman's bond was placed at \$1,000. Jones made a written statement telling about a chicken raising expedition. He said that he waited at the wagon while Bowman went out and got the chickens bringing them back to the wagon in a sack. Neither of the defendants were able to furnish bond and were remanded to jail.

### TOPOGRAPHICAL MAP BEING MADE NEAR BURKBURNETT

(Burkburnett Star) About a dozen men employed by the United States geological survey have been here this week making a topographical map of the Burkburnett oil field. They will make a similar map of the Electra field, we are informed. This number of men with their compasses and other equipment aroused considerable curiosity when they began to go about their work in and near Burkburnett, and speculation was rife concerning their purposes and intentions. They volunteered the information, however, that they were employed by Uncle Sam and that their work had no local significance whatever. We understand several weeks will be required to complete their work at this place.

### COTTON FUTURES DECLINE 18 TO 20 POINTS.

### THE HEART OF PAINTED WOMAN AT LYDIA MARGARET FRIDAY.

Another of the popular Metro feature dramas will be shown at the Lydia Margaret Friday night when Mme. Olga Petrova will be seen in "The Heart of a Painted Woman." A story of the play follows: Selma, daughter of poor parents, leaves her home in Pennsylvania to go to New York and take up her career as a singer. Unsuccessful, she abandons singing and secures a position as model in the studio of a rich artist. After a few sittings, model and master become infatuated and before the first painting is finished, Selma succumbs to his wiles and becomes his paramour. Later, Selma is abandoned and the artist becomes the husband of a prominent heiress. Desperate and discouraged, Selma sinks lower and lower in the human scale and at an entertainment, she meets Young Spendthrift. Enthusiastic over Selma's rare beauty, her latest admirer suggests a game of cards, the stakes to be Selma herself. The winner to accompany her to her home. Disgusted at the affair, Selma flees—but is followed by Young Spendthrift, the winner. Spendthrift offers Selma large sums of money—but to no avail. Selma lectures Spendthrift and tells him that if she had his opportunities in life, she would have accomplished things, instead of being the "sort of a woman she was."

## Diamonds win out over the roads you know

It is a perpetual battle between tires and roads—and victory is hard-earned.

The strength and toughness of the rubber in Diamond Squeegee Tread Tires resists the roughest road wear—yawning ruts do not take toll from Diamond Squeegees.

Tried for years—on every road that leads in or out of this city—on all makes of cars—Diamond Squeegees have proven their unflinching superiority, and more than satisfy car owners.

We have almost discontinued making smooth treads, because the small (less than 10%) increase we ask for

Squeegee treads has made Diamond Squeegees so popular that 90% of the Diamond Tires sold to consumers are Squeegee Treads.

Squeegees were put on the market because they proved to be the most satisfactory non-skid tires—tests prove that in addition to this the Squeegee construction (more rubber where the wear is hardest) makes Squeegees the best Long Distance tire at the price.

BERLIN PRESS COMMENTS UPON ATHENS SITUATION

Berlin, Nov. 6.—The press of Berlin today says the victory of former Premier Venizelos of Greece over the Zaimis ministry brings a sharp crisis in the affairs of Greece. An exception is the Vossische Zeitung which declares the Greek cabinet crisis "is of no significance in connection with the foreign policy." The Tagblatt believes financial difficulties may have been the cause of Zaimis' overthrow.

Mrs. Morris Marcus and daughter left yesterday for a short visit at Dallas.

The Greatest Coat Cutter

In America can do nothing more than follow the measurements he has at hand. The finest tailors in the world make clothes that would not fit anything but a hippopotamus. But don't blame the tailors or the customers who design clothes because the fit depends on the man who LAYS THE TAPE. The art of the craft tailoring must depend for his specifications on the man who measures the form that is to wear the suit. For years I have laid the tape on every shape and size of man from the "Beef Trust" to the "Bean Pole" and made the suits fit. Any time the suit don't fit it is my suit and you can't leave my shop with it. It won't cost you a penny to find out whether or not I can make these statements stick.

DEMOCRAT LEADS BY ONLY BLENDER MAJORITY

Louisville, Ky., Nov. 6.—Four days after the ballots were cast former Congressman O. Stanley, Democrat, was leading his Republican opponent, E. P. Morrow, by 871 votes, in the contest for governor of Kentucky. Official returns from the 116 of the 120 counties in the State, together with unofficial but apparently reliable returns from the remaining four counties gave him this majority. M. L. Galvin, chairman of the Republican state campaign committee, today steadfastly held to his claim of victory for Mr. Morrow.

### and friends of the First Presbyterian Church attended a reception given in honor of the new pastor and his wife, Mr. and Mrs. N. F. Grafton.

The reception was held in the downstairs parlors of the church which were decorated in a most attractive manner with chrysanthemums in yellow and white. Immense bowls of the flowers were placed on tables and pedestals at the entrance to the parlors and decorated the punch room and the suite where refreshments were served.

### A reception committee of the ladies of the church met the guests and introduced them to the pastor and his wife and after the formal handshake and word of greeting a short program was enjoyed.

Three little girls, Misses Elizabeth Carrigan, Frankie Adickes and Jean Nelson, sang three numbers, "The Land of Nod," "Jack Frost" and "The Owl." Mrs. Bruce, Mrs. Akin, played "Goodnight" by Nevin, a violin solo; C. R. VanVoy sang "Over the Ocean Blue," and Mrs. Tully sang "My Lady's Bower." One of the most enjoyable numbers of the program was the vocal trio by Mrs. Darnell, Mrs. O. E. Maer and Mrs. C. Tully, the selection being "Lift Thine Eyes."

### Following the program refreshments of ice cream and cake, punch and mints were served by a number of young girls of the church.

The ice and cake was in yellow and white and chrysanthemums on each plate were souvenirs. The pastors of the various churches and their wives were special guests at this affair to honor Mr. and Mrs. Grafton. There were about two hundred and fifty guests present.

### WICHITA TRAVEL CLUB MEETS THURSDAY MORNING

## Skilled Optical Service!

### Halton & Friedly's Optical Parlor

DR. L. S. CORNELL, Optometrist

Halton & Friedly, jewelers, have been contemplating putting in an Optical Parlor in their store, and announce that they have acquired the services of Dr. L. S. Cornell, an expert optometrist with a wide range of experience. He has practiced optometry since the year 1900 when he was graduated from the Chicago Ophthalmic College.

He was in the Optical Department of Marshall Field & Company of Chicago for some time and for the past five years has practiced in Colorado where a state board examination must be taken before you can test the eyes and fit glasses. Dr. Cornell is an expert in the science of measuring the eye, to determine its defects and correcting these defects with lenses.

His experience also enables him to adjust glasses so that they fit the face properly, which is a very important part, in the fitting of glasses.

This firm has fitted up an up-to-date optical parlor and examination room.

Optometry as referred to above is the most scientific and accurate method of fitting eyes. No drugs are used in this method and the eye is tested in its natural state.

If others have failed to give you relief, try Dr. Cornell. We cordially invite you to visit our optical parlor at any time. When it comes to glasses—come to us.

## TURKEY SHIPPING SEASON IS NOW ON

BETWEEN 1800 AND 2000 BIRDS BEING SLAUGHTERED AND PACKED DAILY

### INDUSTRY EMPLOYS MANY

Turkey Crop Big Quality is Fine and Price is High—This Section is Favored

Turkeys for many New England Thanksgiving dinners are now being slaughtered and packed in cold storage in Wichita Falls. From now until Thanksgiving poultry packers will rank among the important industries in Wichita Falls. From now until that time the Thanksgiving birds will be shipped from Wichita Falls picked and dressed at the rate of 1500 to 2000 daily.

Between twenty-five and thirty chicken pickers and packers are now employed at the Overstreet Produce Company's packing rooms on Harwise street, and this number will be increased this week to fifty. Business will continue brisk until Thanksgiving Day and then will drop off considerably to revive nearer Christmas.

From the country within a radius of 100 miles turkeys are now headed for Wichita Falls on foot, in wagons and in express crates. The turkey crop this year is a fine one and the prices are high. Twelve cents a pound is being paid for turkeys at the Overstreet packing. The Texas turkey is sought for in all the markets of the North and East and the turkeys from Northwest Texas are as good as the best. Mr. Overstreet said yesterday that the turkey crop in this section was not only large but that the turkeys were in the best shape for early turkeys that he ever seen. While the crop is large in Northwest Texas it is short in most other places and this is one of the reasons for the high prices and the good demand.

The Overstreet Company shipped out its first car load of packed turkeys yesterday. They were consigned to a Boston firm. After killing and picking the turkeys are thoroughly chilled after which they are placed in big refrigerator cars. Most of the turkeys shipped from here are sent in carload lots.

Mr. Overstreet's plant has been in operation here for three years. During that time Mr. Overstreet has taken great interest in the improvement of the breeding stock and as a result a better grade of turkeys are being marketed this season than ever before.

## SOCIETY

(Continued from Page One)

The special topics for discussion were: (1) Setting of this monologue; (2) Additional facts brought out in this version; (3) Ineffectiveness of a conclusion reached and reasons therefor. A refreshment course was served following the final number of the program and the members enjoyed a half hour of chat.

### MRS. BUCHANAN ENTERTAINS SUNDAY SCHOOL CLASS

Mrs. S. A. Buchanan entertained her Sunday school class at her home Saturday afternoon in a most pleasing manner. A number of interesting and profitable games were played and delightful refreshments of chicken sandwiches, pickles and pumpkin-facchionettes were served. A Jack Horner pie gave much delight to the little folks, the strings when pulled causing a spook to jump from under the cover. Individual favors were baskets filled with nuts, pop corn, grapes and candy. Those enjoying Mrs. Buchanan's treat were: Annie Jones, Ralph Barker, Marvin Pollard, Robert Vann, Lucille Reynolds, Willie Reynolds, Yelma Estrickin, Buster Scott, Irene Dunaway and Tommie Worlar.

Misses Lella Beall Anderson and Louise Montgomery are at home for the week end from Miss Hockaday's School in Dallas.

The L. A. to O. R. C. will meet Tuesday afternoon at 2:30 at the new Odd Fellows hall. Election of officers and other important business should bring every member out.

The Ladies of the Macabees will meet Friday afternoon, Nov. 12th, at 2:30 in the old Odd Fellows hall. All members are requested to attend.

The Home Economics Club at a meeting Wednesday afternoon decided to dispense with meeting until after Christmas.

## BOND OPPONENTS TO HOLD MEETING

MEETING CALLED WEDNESDAY NIGHT OF THOSE OPPOSED COURT HOUSE BONDS

### DECLARED MANY WANT IMPROVEMENT OF COURT HOUSE BUT DON'T WANT IT DONE BY BOND ISSUE

A mass meeting of those opposed to the court house bond issue has been called for Wednesday night at the court house in Wichita Falls. The meeting will be called to order at 8 o'clock. C. H. Van Horn who lives north of Iowa Park was in town yesterday and asked that The Times announce the meeting.

He said there was considerable opposition to the bond issue in his community but that there had been no attempt to organize this opposition. He declared that there were many who favored the improvement of the court house who were opposed to a bond issue and that the meeting Wednesday night was called principally for the purpose of learning the sentiment of the people in regard to some step to improve the court house without a bond issue. He said that all persons opposed to the bond issue would be welcomed at the meeting. He indicated that the opposition might be organized at this meeting to wage a campaign against the bonds.

Plans for the organization of an amateur field trial association in this section, to hold annual contests for the bird dogs in Northwest Texas are being formulated and the first meeting and field trial will be held November 29 and 30, probably in Wichita Falls, though this is not certain. Among those taking an active part in the plans are Dr. J. G. Sherman of Vernon, Gun Willough of Wichita Falls and S. A. Searight of Bowie. The following announcement has been sent out to dog owners in this section:

### FIELD TRIALS ARE PLANNED; DOG OWNERS TO ORGANIZE

Meeting and Contest to Be Held November 29 and 30 for Northwest Texas Nimrods

"There will be a meeting of dog owners and a field trial conducted and participated in by amateurs on November 29th and 30th, 1915, at some convenient place along the Fort Worth & Denver, Decatur to Childress.

"The bird season opens on December 1—those of you who have your dogs in the hands of trainers will have them home in time to participate in this trial and as the two days we have agreed upon follows a Sunday, you will have ample time to reach the place of the trial on Sunday and be ready for the beginning of the trials on the following morning, Monday, November 29th.

"The opportunity is now at hand for the bird dog owners and lovers of our door sport to organize in North Central Texas the first amateur field trial association in the Lone Star State. This will be a more opportune time, coming as it does just preceding the open season, than November 29th and 30th, for the live wire nimrods of this section to perfect a Texas organization and have the distinction of participating in its first meeting. We will also arrange a trap shoot if possible.

### FORMER WICHITAH DRILLS IN BIG WELL IN MEXICO FIELD

George Harmon Once Oil Operator Here, Proves Very Successful Near Tampico

The current issue of the Fuel Oil Journal contains a photograph under the caption: "Historical War Period Photograph: George Harmon Surrounded by His Cabinet." The photograph was taken in Houston recently. It shows Mr. Harmon in the center of a group of thirteen.

Mr. Harmon who was here in the early days of the Electric field where he drilled several dry holes, recently drilled in a 100,000 barrel well near Tampico, Mexico, and is now living in the biggest house on Easy street. Mr. Harmon's partner is Joe de Soira. Mr. Harmon is a great big tall man weighing more than 300 pounds and is well remembered by many here. One day while here he matched a "catfish" with "lumber" on men of about the same weight. In the drinks that followed everybody forgot who was the winner. Harmon is remembered here as a bluff, wide scented fellow and all who know him are glad to hear of his success in Mexico.

Two Good Shallow Wells in Iowa Park District. (Iowa Park Herald) The Rex Oil Company, which brought in a good shallow oil well on the Menden farm, pronounced the well good for 18 barrels a day. There is not much drilling in this territory just now but if the present price stays up long, there will be considerable drilling going on around Iowa Park. We heard a man say the other day that he would not be surprised if Iowa Park should get a deep hole put in the ground within a short time. He says a deep hole means 2000 feet, and he thought at this depth, a big pool of oil would be found. A good oil well was brought in Tuesday on the Black farm, two miles south of Iowa Park. The lease is owned by Kemp, Blagg and Owens. This well is 720 feet and is good for 15 to 18 barrels a day. This well is the third one brought in on this tract of land that has shown up for a good pumper at a shallow depth. The first well was brought in by Cobb, Hooley & Company, the second and third by Kemp, Blagg and Owens. Considerable drilling will be done in this vicinity, if the proper amount of acreage can be secured. Schnell & Weaver yesterday delivered to R. O. Harvey, the oil broker, a handsome Hindoo cabriolet. This was the first of these machines to be sold in Wichita Falls. The body of the car is in black and blue making a very pretty combination.

Business is Coming from Far and Near

The addition of the automobile painting to our other business has proven a great success. Yesterday we returned a car to Vernon that we had just finished, and at once received another from the same place. We have had business all the way from Fort Worth to Vernon, and every car we have turned out has helped us get other orders.

The Elliott Eight Coat System of Automobile Finishing is recognized as the most successful method on the market of painting automobiles. It is guaranteed not to crack, chip or peel.

By this system we can make your old car look like new and such a small comparative cost that you will be surprised.

We will gladly give you an estimate of the cost. We also call attention to the fact that we carry a complete line of wall papers and paints, and will be glad to be of any assistance in formulating a color scheme for your home, if you are contemplating building or re-decorating this fall.

### LAWTON TEAM WILL MEET LOCALS TODAY

FOOTBALL GAME TO BE PLAYED AT CITY PARK THIS AFTERNOON

### SCORELESS TIE IN FIRST GAME

Wichitans Expect to Make Better Showing Today and Have Been Practicing Hard

The independent football teams of Lawton and Wichita Falls, which played a scoreless tie game at Lawton two weeks ago, will meet again this afternoon at the city park in an effort to determine the question of supremacy. Judging from the closeness of the former game, Wichitans may expect an exciting exhibition, as the game at Lawton was a nip and tuck proposition.

Considerable expense will be entailed by the management of the home team in bringing the Lawton players here, and they hope to have a crowd present large enough to justify bringing still other eleven here for games.

This will be the third game of the season for the locals, they having tied one game and lost one. The team has been strengthened recently and is in condition to put up a fast game. It is not as heavy as the Lawton team, but in the former game his speed fully offset the advantage given the Lawton players by their weight.

### KATY ALL PULLMAN TRAIN FROM TEXAS PROMISED SOON

Will Give Quicker Service to St. Louis and Kansas City—May Charge Extra Fare.

Wichitans going to St. Louis or Kansas City will be able to save several hours time when the Katy establishes its all steel Pullman train to those cities from Texas, which will be about December 1.

While the exact figures have not as yet been determined the train will leave St. Louis about 6:30 p. m., after the arrival of all of the fast trains from the East and will reach Dallas and Fort Worth between 1 and 1:30 p. m., the following day, making the run from St. Louis to Fort Worth and Dallas in between 18 and 19 hours. This train will run through to San Antonio arriving at that point about 9 p. m.

Northbound the train will leave San Antonio in the morning arriving Dallas between 4 and 4:30 p. m. and will reach St. Louis the following forenoon, making all of the fast train connections for the East. This same train will have a connection for Kansas City, arriving the following morning at 7:30 a. m.

Mr. Crush, general passenger agent in commenting on the service states "that this will be the fastest and finest train ever operated in the Southwest." One of the reasons that inspired the Katy to establish this service was to give Texas more publicity and offer a greater inducement to the winter tourist as against Florida and other southern winter resorts. Service of this sort exists in many sections of the country and if we hope to divert the winter travel to and through Texas this character of service is absolutely necessary.

When asked if this would be an extra fare train Mr. Crush stated that this point had not been definitely decided but on account of the great expense of operation and the high class service that these all Pullman trains offer, that it is probable that an extra fare will be charged.

There will only be four or five stops between Fort Worth, Dallas and St. Louis and not over three between Dallas and San Antonio. This train is established for the accommodation of through travel and it is our opinion that this will have a great influence on directing the better class of winter tourist business to this territory.

### OREGON OFFERS AMNESTY TO REACTIONARY MEXICANS

Many Are Accepting and Returning to Their Homes—Force Sent to Occupy Durango

By Associated Press. Nov. 6—Messages to the Mexicans confidential agency today said General Obregon had offered amnesty to all reactionaries with a bounty and transportation to their homes and many are accepting. He has given notice that no more recruits are necessary because of the satisfactory condition of the campaign. A strong force has been sent from the main army to occupy Durango. General Carranza has forbidden the exportation of cotton, cornseed and cottonseed oil in order to supply the textile mills which have been using imported cotton.

LADIES TAKE CAPUDINE FOR ACHE AND PAINS RELIEVES THE NERVOUSNESS ALSO IT'S LIQUID—NOT NARCOTIC

# This Entire Stock Must Be Closed Out At Once!

**New Pianos, guaranteed, \$95**

**New Player-Pianos, guaranteed, \$265**

**FREE!** To the first lady attending our sale Monday morning, we will give absolutely free, a grand piano, the new value of which was \$1400. It will make a fine practice instrument for some beginner.

**This is one of the beautiful Pianos we bought for cash. It is a regular \$550 Player, but during this sale, \$265 will buy it. We will take your old Piano or Organ in exchange. This sale will only last a few days. Come now. Don't wait.**

**PIANO PURCHASERS—BOTH CASH AND TIME BUYERS—READ THIS**

To say this great Piano Sale is without doubt the most bewildering that has ever been conceived since the inception of the Piano business would be using mild language indeed. We challenge the entire annals of Piano selling to duplicate the proposition that we are submitting in these pages today.

**Brand New Pianos, Guaranteed by Their Respective Manufacturers for a Period of at Least Ten Years, at Prices Ranging from \$85 Up.**

Yes, we mean this, most emphatically, and on terms as low as \$5 down if necessary, on Pianos costing \$150 or more.

**MR.—OUT-OF-TOWN BUYER:** We ask you to consider this proposition from every standpoint and we will ask you if it is not the greatest, most remarkable and overwhelming liberal offer that has ever been extended to a Piano-buying public. We will pay your transportation both ways to this great sale if you buy a new Piano costing \$100 or more. We will prepay the freight on the Piano to your home town. We furnish you with a beautiful stool and scarf. This is most decidedly your chance. Do not hesitate. Do not delay. If the average person waited until they felt able to afford a Piano they would never buy one.

**12 Months Free Trial of Any Piano in Your Own Home**

To convey in a mild manner and to give you some idea of what this GREAT PIANO SALE means to those people who are thinking of buying Pianos, we have decided to give 12 months' trial of any Piano, and all money paid in the meantime will be credited against the Piano of your second choice. Just think of it—TWELVE MONTHS TRIAL IN YOUR OWN HOME! You have heard of the 30-day trial plan, but it is a well known fact that the cheapest kind of a Piano will stand the test for 30 days. But we want you to have this Piano for twelve months. We want you to be the judge and jury, and we will be governed by your decision. Come where the Pianos are selling fast and for little money. Come to this great big sale where you are protected by the unblemished reputation of an old, reliable and responsible house.

**U. S. NAVY IS SHORT OF HOSPITAL SUPPLIES**  
 By Associated Press.  
 Washington, Nov. 6.—Medical supplies and surgical instruments needed for the navy have advanced in some instances from 200 to 1200 per cent in price since the outbreak of the European war, according to the annual report today of Surgeon General Braisted. The American output of surgical instruments meets but ten per cent of the domestic demand, the report adds, and urges that immediate steps be taken toward storing up an adequate reserve of surgical supplies. The report recommends that two new hospital ships be provided that arrangements be made for the purchase of additional merchant craft for use as medical transports in time of war.

**CONFEDERATE VETERANS TO CONVENE THIS AFTERNOON**  
 Organization of Camp is Planned—Meeting Will Be Held at the Court House

Organization of a Wichita Falls camp of Confederate veterans, and consideration of other matters of interest to the ex-soldiers will come up at a meeting of the veterans, called for this afternoon at the court house at two o'clock. The call for the meeting is signed by George Simmons, H. J. Norwood and W. J. Howard. Among other things it is desired to get up a complete roster of the veterans in this city and section. It is probable that a camp will be organized here if sufficient interest is manifested.

**SMALL JUDGMENT IS GIVEN IN OVERFLOW DAMAGE SUIT**

**W. I. Cameron Receives Verdict for \$183.05, in First of Several Similar Cases**

The jury in the suit of W. I. Cameron against the Fort Worth & Denver Saturday morning returned a verdict for the plaintiff assessing his damages at \$183.05. He had sued for \$4,000. This was the first suit of a large number growing out of damages from overflows alleged to have resulted on account of the Fort Worth & Denver's bridge across Holiday Creek, to come up for trial.

**IMPROVED PROSPECTS FOR PEACE, DESPITE DENIALS**

**Evidence is Plentiful That All of the Belligerent Nations are Tired of the Strife.**

London, Nov. 5.—One of the most remarkable of the late developments of the European war is the increase in the crop of "peace rumors." These stories have become so numerous, and the denials of their authenticity so emphatic from all sides that even diplomats have so far forgotten themselves as to privately admit that, after all, there may be some basis for the talk.

The Frankfurter Zeitung prints a statement that peace rumors and the cautious movements of German diplomatic representatives in neutral European countries, notably Switzerland, have caused "war stocks" to become less active than formerly and have led speculators to give more attention to industrial securities.

Dr. W. S. Solf and Prince von Buelow are in Switzerland. The Frankfurter Zeitung warns its readers that there is danger of being misled by rumors which are without foundation.

Geneva contributes the report that a newspaper there publishes a statement that it is able to form a statement that Von Buelow met Former Premier Giolitti or any other Italian official there. The newspaper intimates that Von Buelow has come to that country to discuss conditions in Poland with a representative of the Vatican.

The real truth, perhaps, is that all of Europe has grown tired of this war, which has cost her so much in blood and treasure. The conservative, far-seeing men in all of the belligerent countries, their hatred dying, are beginning to look ahead to the days which will come after peace is declared.

Many tens of thousands of their best men, their producers of wealth and supporters of families, have been sacrificed.

Some of the greatest business institutions have been destroyed. Vast areas of once fertile land have been laid waste. And the longer the war continues the greater will be the loss and destruction.

In England, Premier Asquith frankly admits that the financial burdens are becoming "very serious." All of the other belligerents, allied as well as Central Powers, truthfully can say the same thing.

Germany first denied, then tacitly admitted the reports of food shortage. Students of the situation say that while all of this is distressing in one sense, in another sense it is encouraging, as it hastens the day when peace must be proclaimed. They believe that in power take the same view, and consequently are more inclined than ever to give credence to rumors of "peace talk," even though these rumors be "officially" denied.

**FIRE ON STEAMER DUE TO INCENDIARY BOMB**

**Captain of Rio Laga Makes Statement Sugar Cargo was Bound For Queenstown**

By Associated Press.  
 Halifax, N. S., Nov. 6.—The fire in the sugar cargo of the steamer Rio Laga which put in here last night when the flames still smoldering, was caused by an incendiary bomb, according to a statement today by Captain Bell. The fire is now virtually out. It was discovered Thursday the fourth day out of New York. Captain Bell said the cargo, which was consigned to the British sugar commission at Queenstown had been loaded by Austrian and German stevedores.

**ACROBAT SHOES For CHILDREN**

We wish that everybody knew the extreme merit of our Minnehaha Acrobat welted shoe for children. These shoes are the result of twenty years' constant study of childrens' feet and their requirement to preserve their health, comfort and strength. They fit the foot perfectly giving distinctive character to this line of footwear.

All the upper leather used is especially tanned to meet the demands that are made upon childrens' shoes. Soft, pliable, strong, and durable. The outer soles are of the old style "long tannage," pure oak, but specially treated to make them flexible as felt and yet extremely durable. The stocking rests upon leather only. No tacks, nails or thread under the foot. No metal of any kind used in making this shoe. Just leather.

**We Have Just Received a Shipment of These Shoes in All Sizes**

**LOT NO. 136**—Patent upper with mat kid top, button style, has the soft, flexible sole. No better style made for children at school or at play.

**LOT NO. 112**—Same style as above but upper is made of selected stock Kaffir wolf, Bull leather with mat kid top, the Acrobat style—the kind the children all like.

**TRY A PAIR OF THESE NO ACHE—NO PAIN—But service and solid comfort.**

**Broadway Has Sent Us Her Best Styles in Ladies' Coat Suits and Coats**

It is with pleasure we announce for Monday another new showing of ladies coat suits and coats. Midseason on Broadway and Fifth Avenue has brought many changes and the newer styles are prettier and better than ever. The materials are practically the same—velvets, broadcloths, poplins, gaberdines and the always popular, always durable serges and wool mixtures, and the colors have not changed materially. Good black and dark brown and blue and Russian green are just as good as ever. The coats are a little longer with a little more dash in the cut. Mostly they are fur trimmed in the Russian style, or wide braid trimmed in the military effect, with the chin chin collar.

**This new lot is priced in a wide range \$19.50, \$22.50, \$25.00, \$27.50 and up to \$59.50.**

We also show a new lot of motor and street coats in velvets, broadcloths, plush and mixtures—all fur trimmed in harmonizing, comfortable looking stylish furs.

**Prices \$15, \$20, \$25, \$27 Up.**

**Come Down Monday and See the New Afternoon and Evening Gowns**

Here are creations that will please the most artistic and discriminating taste. Beautiful afternoon Gowns of Charmeuse and Georgette in plum and grey, stripped taffetas with chin chin collars, luxurious velvets. Evening Gowns of Pussy Willow Taffeta in blue and combination gold embroidery over net; Pussy Willow of salmon and black, and blue with silk lace, and many other colors and combinations. These prices range from \$15 up.

**\$6 and \$8 Skirts for \$5**

Special shipment of skirts in serge, poplin, hair line stripes and mixtures of black and white checks, colors blue and black, all sizes up to 30 waist band.

**Choice \$5.00**

**Dresses Worth \$7.50 for \$5**

### HIGH SCHOOL TEAM DECISIVELY BEATEN

GAINESVILLE WON BY SUPERIOR WORK IN LINE AND BY GREATER SPEED.

### MOST SCORING IN FIRST HALF

In Last Two Quarters Gainesville Sent in Substitute and Ball Kept in Visitors Territory.

The Gainesville high school football team decisively defeated Wichita Falls high school Saturday afternoon at the city park, the score being 21 to 0. It was a well played, cleanly fought game and furnished entertainment for a large crowd of spectators. Gainesville won by superior work in the line and by speed.

Most of the visitors' scoring was done in the first half, the score being 24 to 0 at the end of the second quarter. For the last two quarters a number of substitutes were sent in, and against these the locals made a greatly improved showing, keeping the ball in Gainesville's territory most of the time and playing a much better defensive game. Sinclair, Cooper and G. Harris did the best work for Wichita Falls, while Mahan was Gainesville's star making four of the five touchdowns.

In point of attendance and in point of showing school spirit, the game was very satisfactory. There was a larger crowd than usually attends games here, and the students contributed some lively rooting that added to the occasion and that had the added glory of not being stopped when the home team was beaten. There was a minimum of squabbling and the game was unmarred by any unpleasantness. The disposition of the spectators to crowd on to the field of play hindered things somewhat and if something could be done to prevent this practice in the future, it would be an improvement.

Gainesville made her first touchdown in the opening quarter, carrying the ball steadily down the field on line plays and scoring the first touchdown in five minutes when Mahan bucked through. Scott missed goal. On the second kickoff, Wichita Falls received the ball, but soon fumbled. Gainesville failed on a forward pass from Mahan to Booser and soon kicked. Wichita Falls was unable to gain on either line plays or a forward pass and kicked to Pierce. Mahan got away for 25 yards around the end, but Gainesville was penalized five yards for off side, the ball being brought back. Mahan came back with another run, making fifteen yards. A forward pass failed, and a line plunge was also unsuccessful, but another forward pass netted fifteen yards and Gainesville was soon able to cover the remaining distance, Mahan going across for the second touchdown.

The second quarter began with the ball in Gainesville's possession on her own 11 yard line. Two forward passes and an end run by Pierce brought the ball close to Wichita Falls' goal, and a forward pass, Mahan, to Pettit, gave another touchdown. The goal was blocked. Wichita Falls kicked off 40 yards to Mahan who returned 30 yards. A forward pass failed, and Mahan made 20 yards on an end run, followed by an end run by Pierce, bringing the ball to Wichita Falls' 18-yard line, where the locals held the visitors for downs. Wichita Falls punted to Mahan who was downed in his tracks. Line plunges brought the ball again to the Wichita Falls' goal, though the locals' line seemed to be holding better. Mahan went across for a touchdown.

In the last half the ball was kept in Gainesville territory, but the Wichitans were not able to gain consistently, finding the visitors' line hard to pierce and having indifferent success with the forward pass. In the last quarter Pierce, Gainesville received the ball on a forward pass and ran 60 yards to a touchdown, the goal being kicked. After this touchdown, when Gainesville kicked off, Sinclair of Wichita Falls received the ball back of the goal line and made a brilliant run of 45 yards before being downed. Once the locals were close enough to the Gainesville goal to attempt a field goal, but it failed. Wichita Falls plays Electra at Electra Wednesday, and will meet Bowie on the home lot here next Saturday. Yesterday's lineup:

Gainesville: A. King, center; Pendleton, Fox, Brown and Jewell, guards; Alexander and Booser, tackles; Liles, Alderson and B. Pierce, ends; G. Pierce, quarter; Mahan, full back; Pettit, E. King, and Embry, half backs.

Wichita Falls: Williams, center; Gentry and Cooper, guards; Swearingen and Bentley, tackles; E. Harris and Hickman, ends; Griggs, quarter; Cooper, full; Sinclair and G. Harris, half backs.

Officials: Waggoner and Gould, alternating as referee and umpire; Farr, field judge; Mathis, head linesman. Quarters, 15 minutes.

### AEROPLANE LAUNCHED FROM MOVING WARSHIP

By Associated Press.  
Pensacola, Fla., Nov. 6.—An aeroplane was successfully launched from a moving warship in Pensacola early today when Captain Múster in an aeroplane was shot out with a catapult operated by compressed air from the cruiser North Carolina which was moving at five knots an hour, according to an announcement at the navy aviation station here today. This was said to be the first time the feat has been accomplished in the American navy. Rear Admiral Benson witnessed the demonstration.

### BROWNING LECTURE HERE

#### NEXT TUESDAY EVENING

Dr. Jas. Blanton Wharey of University of Texas to Give Address on "The Poets of Faith."

Tuesday evening the literary clubs of the city will hear by special invitation and as the guests of the Unity Club a lecture on Browning and Tennyson, "The Poets of Faith" by Dr. James Blanton Wharey of the University of Texas. The Unity Club has made a study of Browning for the past several years and this year is taking the University group study course which embraces the works of Browning. This lecture comes in connection with the course and the Unity Club has decided to share this instructive and entertaining evening with the other club women and others interested. Dr. Wharey will be with the club in the afternoon the private lecture being reserved for club members, while in the evening the invited guests of the club will share the privilege of hearing him.

A short musical program will precede the lecture. Artists who will appear are Mrs. Bruce Greenwood,

Mrs. C. Y. Tully, Ivan Murchison and Mrs. Walter Robertson.

The lecture will be of interest to every student of literature and especially to those interested in literature of the time of Tennyson and Browning, the two poets under consideration.

The first half of the nineteenth century was a time of upheaval in the world of religious thought. The theory of evolution, together with the results of higher criticism, threatened to overthrow the traditional beliefs of many earnest men. Tennyson and Browning, while accepting in the main the new teachings of science, remained unshaken as to their faith in a personal God, the divine purpose of evil, and the immortality of the soul. Dr. Wharey's talk will deal with these three fundamental doctrines as shown in the writings of each poet.

Dr. Wharey was educated at Durham College, North Carolina, John's Hopkins University, and the University of Berlin. He was for several years professor of English at Peabody College, Nashville, during which time he lectured for several consecutive summers on Tennyson and Browning at Monticello, Tenn. For five years he has been a member of the faculty of the University of Texas.

### BULGARIANS IN LONDON

#### ENLIST IN ENGLISH ARMY

London, Nov. 6.—With war between England and Bulgaria, one may see in London the curious spectacle of Bulgarian citizens in British uniform. Some of them, in the light blue, hospital uniform which is worn by the wounded have returned from fighting in Flanders, and others have

just enlisted and are about to go to the front. Most of these Bulgarians have had an ardent admiration for England and have, without becoming naturalized, contrived to enlist in the Canadian force.

The Bulgarian colony in London is not large, but it is said that most of the Bulgarians of military age have enlisted in the army.
