LONDON NEWSPAPERS EXPRESS SURPRISE

THIS DOMINANT TONE OF COMMENT ON NEW AMERICAN NOTE.

AMERICAN SHIPPERS' METHODS

Pall Mall Gazette Says Note Does Not Grapple With Realities of War.

By Associated Press. London, Nov. 8.—Surprise is dominating in the tone of the majority of British newspapers in their comment on the American note. The note, says the Pall Mall Gazette, "scarcely grapples with the realities created by the war and the criminality of German practices. It is impossible to deal with questions arising between the allies and the United States while ignoring the practices of Admiral Von Tripitz and the changes in policy they enforced on ourselves and our friends."

The Gazette says it is notorious that the methods of concealment adopted by American shippers exhibit an ingenuity demanding the most thorough counter check.

UNITED STATES FRIENDSHIP IS NECESSITY, NOT LUXURY

English Paper Takes This View of Situation Arising From Latest Note

By Associated Press. Manchester, Eng., Nov. 8.—The American note to Great Britain is peaceful, but hard in substance in the opinion of the Guardian which says: "We must not let preoccupations prevent us from trying to understand the United States viewpoint. Although we shall be unable to concede its intentions, let none forget that the cordial friendship of the United States will not be a luxury but a necessity when the war is over."

EMPHATIC PROTEST SENT GREAT BRITAIN

DECLARES UNITED STATES WILL NOT HAVE NEUTRAL RIGHTS CURTAILED.

BLOCKADE ORDER CRITICISED

Seizure of Vessels By Great Britain is Protested and Precedents Are Cited.

By Associated Press. Washington, Nov. 8.—The United States in its latest note to Great Britain made public here Sunday covering exhaustively British interference with American trade since the beginning of the European war, declares that the so-called blockade instituted by the allies against enemy countries on March 11 is "ineffective, illegal and indefensible."

Notice is served that the American government cannot submit to the curtailment of its neutral rights and it cannot with complacency suffer further subordination of its rights and interests.

Ambassador Page, to whom the note was sent by special messenger for delivery to the London foreign office, was instructed by Secretary Lansing to impress most earnestly upon the British government that the United States must insist that the relations between it and his majesty's government be governed, not by a policy of expediency but by those established rules of international conduct to which Great Britain in the past has held the United States to account when the latter nation was a belligerent engaged in a struggle for national existence.

Declaring the United States unhesitatingly assumes the task of championing the integrity of neutral rights the note proclaims that the American government will devote its energies to the task, exercising all ways an impartial attitude.

The note, nearly 1,000 words in length was made public by agreement between the state department and the British foreign office. It carries with it a voluminous appendix giving the text of American naval instructions issued in 1862 and a summary and table showing hundreds of vessels detained by British authorities since the beginning of the present war. The body of the note is divided into thirty-five points dealing with all phases of the contraband question, seizures and detentions prior to, as well as after the so-called blockade was instituted and announces that a separate communication will be sent soon dealing particularly with the propriety and the right of the British government to include in their list of contraband of war certain articles which have been so included.

In conclusion after an argument on the law and facts Secretary Lansing says: "I believe it has been shown conclusively that the methods sought to be employed by Great Britain to obtain and use evidence of enemy destination of cargoes bound for neutral ports and to impose a contraband character upon such cargoes are without justification, that the blockade instituted by the allies is ineffective and indefensible; that the judicial procedure offered as a means of reparation for an international injury is inherently defective for the purpose; and that in many cases jurisdiction is asserted in violation of the law of nations. The United States therefore cannot submit to the curtailment of its neutral rights by these measures, which are admittedly retaliatory and therefore illegal in conception and in nature, and intended to punish the enemies of Great Britain for alleged illegalities on their part. The United States might not be in a position to object to them if its interests and the interests of all neutrals were unaffected by them, but being affected, it cannot with complacency suffer their continuation of its rights and interests to the plea that the exception at geographic position of the enemies of Great Britain require or justify oppressive and illegal practices."

"The government of the United States desires, therefore, to impress most earnestly upon his majesty's government that it must insist that the relations between it and his majesty's government be governed, not by a policy of expediency, but by those established rules of international conduct upon which Great Britain in the past has held the United States to account when the latter nation was a belligerent engaged in a struggle for national existence. It is of the highest importance to neutrals not only of the present day but of the future that the principle of international right be maintained unimpaired."

ROUMANIANS WILL OFFER ASSISTANCE AT "PROPER TIME"

PARTICIPATION IN WAR WILL DEPEND LARGELY UPON OUTCOME OF SITUATION IN BALKANS, IT IS ASSERTED

NO MINISTERIAL CRISIS LIKELY

Even Interventionists Agree That to Enter War Now Would Entail Needless Sacrifices—Believe Aid Will Decide Conflict

By Associated Press. Milan, Nov. 8.—There is no longer any possibility of a ministerial crisis in Roumania, says the Bucharest correspondent of the Corriere della Sera. Even the interventionists' opposition, he asserts, agrees with the government that military government must depend upon the situation in the Balkans.

A majority of the people of the nation seem to believe that inasmuch as Roumania now is virtually surrounded by fighting forces, her entrance into the war would mean the useless sacrifice of a reserve of men upon whom the entente powers might count when the sea route, the only sure road for military supplies, again is opened. "One of the chiefs of the interventionists is credited with having said that every thing indicates that Roumania's military aid would decide the Balkan war and that this help will be offered at the proper time."

ASQUITH'S "SURPRISES" ARE NAMED BY GERMAN WRITER

Makes Comment on Recent Statement of English Premier in House of Commons

By Associated Press. Berlin, Nov. 8.—The statement of Premier Asquith in his recent speech in the House of Commons that the war had brought surprises to all elicited today the following comment from Major Morant, the military critic.

"The surprises were the German advance in Russia, the failure of the Franco-British attack against the German west front, the great and swift successes of the Austrians, Germans, Hungarians and Bulgarians in the Balkans and the lack of system of the allies action in Serbia which was carried out as though it were a reconnoitering movement in the colonies instead of a serious military operation."

MEXICAN SEAPORT LOOTED BY FORCE OF CARRANCISTAS

Instead of Pursuing Villa Forces, They Rob Stores, According to Steamer Officers

By Associated Press. San Francisco, Nov. 8.—Stories of the looting of the Mexican seaport of Manzanillo by Carranza soldiers were told today by officers of the steamer Salena, which has arrived here from the lower coast. The steamer carried 1200 Carranza soldiers from Guaymas to Manzanillo near where a regiment of Villa's men was reported. Instead of seeking the enemy the Carranza men looted the shoe and clothing stores. Police-men who tried to interfere were overpowered and women and children were injured in street fighting.

SAYS ALIENS TRIED TO INFLUENCE LABOR

FOREIGNERS' SCHEMES DISCUSSED IN ANNUAL REPORT TO FEDERATION.

PLAN PROVES UNSUCCESSFUL

Effect of War on Labor Unionism is Discussed and New Legislation Reviewed.

San Francisco, Nov. 8.—Presentation of the annual report of the executive council featured the opening day of the 35th annual convention of the American Federation of Labor which opened here today for a two week session.

President Samuel Gompers presented the report which pronounced the year past the most momentous in the history of organized labor and one of extraordinary stress for the labor movement, testing as it had its very existence.

There is not a country, and there is scarcely a relation in the common life," says the council's report, "that does not show some effect of the terrible war that is being waged in Europe. From our present viewpoint these effects are primarily destructive. Whatever of constructive value shall come out of it all, will depend upon the wisdom, the ability and the statesmanship of the real statesmen of the nations. But at present we see customs, institutions and the relationships that are the result of years of struggle and persistent effort to realize ideals, swept away by the great tide of destruction and lost in the clash of arms, the smoke of the battlefield, and in the terrors of naval warfare."

Describing the effects of the war upon organized labor and American customs and institutions, the report deals at length with attempts by interests of belligerent European nations to interfere with the peaceful pursuit of American industries.

Foreign intrigues. "Some of these movements have been genuine, others have been created by individuals and interests that were really unneutral. These movements have taken various forms; some have tried to influence the policies of state and governmental authorities of our country; others have tried to work upon public opinion and still others have sought to use the good name of our labor movement to further the interests of some foreign country."

"High tribute was paid the working men of the nation through whose patriotism, the report says, these plans have perished and the movements so far have been futile. "The efforts to use the working men of our country have been of two kinds," the report continues, "one to get through them the endorsement of the foreign policy to place an embargo upon so-called munitions of war, the other has been to stir up industrial contentions and disputes and thus interfere with actual process of production so that products to be sent abroad might be stopped. Foreign agents have been trying to corruptly reach some of the organizations of the workers but they have not succeeded. There is nothing touching the industrial and commercial life of America that is not of interest to the working nations."

The holding of a world's labor congress at the same time and place that peace delegates meet when the war is ended, is recommended in the report as "necessary in order to infuse the spirit of humanity and democracy into this political conference." In order that the position of the United States working men in this regard may be fully representative of the country's unanimous voice of labor, the report recommends that all international unions be urged to give delegates to the congress. "The report covers the recent investigation by labor leaders of the Dick military law. In that connection, it says: "Up to the present we have received no complaint nor have we learned of any act in which the military arm of the government had misused the Dick law to offset or curb the aspirations of the working people of the land. We refer particularly to the situation in Colorado last year. The corporations had practically coerced and intimidated the officials of the state and had over ridden the laws of the State. There is not nearly so grave a danger in the Dick law as there is in the menace threatening our institutions through the private detective agencies and the private army of gun men."

Unofficial censuses have shown Corpus Christi to have nearly 20,000 population.

NEW GREEK PREMIER HAS COMPLETED HIS CABINET

Only Two New Members Are Named—General Election May Not Be Ordered.

Athens, Nov. 8.—M. Skouliotis, commissioned by King Constantine to form a new cabinet, has accomplished the task. All the members of Zaimis' ministry are retained, except the premier himself. The new prime minister has taken the portfolio of foreign affairs. The formation of the new cabinet, it is generally assumed, will delay, if not eliminate, the crisis which probably would follow a dissolution of the chamber of deputies by the king.

The cabinet took the oath of office Sunday. Besides the premier, M. Michalidis is the only new member of the cabinet. He takes the portfolio of public instruction, formerly held by M. Theotokis, who becomes minister of national economy, a new post.

The press urges the advisability of going on without a dissolution of parliament and new general elections. M. Skouliotis is reputed to be favorably disposed toward the quadruple entente.

General Yanakitsas, who remains in the Greek cabinet as minister of war, is credited with having been responsible for the crisis which resulted in the overthrow of M. Zaimis.

Secretary Lansing added that no official communication of any sort had passed between the Berlin and Washington governments respecting Mr. Whitlock's status. Mr. Whitlock will sail from Amsterdam Wednesday for a vacation to restore his health.

INVADERS ABLE TO JOIN THEIR ARMIES BY TAKING CAPITAL

IN SOUTHERN SERBIA ANGLO-FRENCH FORCES SUCCEED IN ADMINISTERING SEVERE CHECK TO BULGARIA'S TROOPS

BELIEVE GREEK CRISIS ENDED

Riga and Dvinsk Are Scenes of New Fighting in East—Russian Offensive in Galicia Along Stripa River is Halted.

By Associated Press. London, Nov. 8.—The fall of Nish has united solidly the main Bulgarian forces, and the Austro-German armies advancing from the north, hitherto their communications consisted merely of reaching out advance guards. The Bulgarians and their allies now hold considerably more than half of Serbia and command the Nish railway, one of the chief objectives of their campaign.

From Nish the Bulgarians line now runs north in a slight curve, encircling the Morava river to Krivovar, where it joins the main Austro-German forces. From that point the invaders' line turns at a right angle and runs due west across the broadest part of Serbia. The rough semicircle made by this line is still contracting and as it does so, according to German reports, is taking a heavy toll of Serbian prisoners.

In southern Serbia the fortunes of war are less auspicious for the invaders. There the Bulgarians apparently have received a severe check from the Serbians, assisted by the French and British troops. No official confirmation has been received, however, of a decisive defeat of the Bulgarians, who are attempting to advance into Macedonia through the Babuna Pass. South of Strumitsa the French are fighting on Bulgarian soil.

The crisis occasioned by the resignation of the Greek cabinet, has been met temporarily and if the Chamber of Deputies accepts the new Skouliotis ministry, the present status may be continued indefinitely with no change in the announced policy of Greece, now reiterated, of benevolent neutrality.

On the eastern front severe but unproductive fighting continues before Riga and Dvinsk. The offensive movement of the Russians in Galicia along the Stripa has been halted for the present and the big battle in that region has ended. There are no developments of importance on the other fronts.

THANKS UNITED STATES FOR SENDING FLAGSHIP

By Associated Press. Tokyo, Nov. 6.—Thanks to the United States government for its courtesy in sending here for the coronation celebration of the cruiser Saratoga, flagship of the Asiatic fleet, are expressed by the newspaper Asahi-shimbun which calls attention to the absence of naval representation by other powers, notably China, Japan's nearest neighbor. United States Ambassador Guthrie and the diplomatic representatives of the other thirty nations left today for Kioto to attend the coronation ceremonies.

ALLIES ARE RECLAIMING LOST GROUND

By Associated Press. Saloniki, Nov. 8.—The French offensive against the Bulgarians is proceeding satisfactorily but slowly because of the difficulties of the terrain northeast of Strumitsa. Kaghlyk and Meimly were occupied on November 5 and Dolombo was stormed yesterday. It is reported here. The French advance toward the north is said to be continuing without interruption today, with a British contingent on the right wing. The Serbs are reported to have repulsed heavy Bulgarian attacks in the Krivopal sector, where the French also have extended their line which reaches northwest beyond Gredsko and west beyond the Thema river to the Kavadar region.

MISSING WOMAN IS FOUND AT FARMHOUSE NEAR CITY

Spent Friday Night Alone on Prairie But Was Taken to House on Saturday.

Miss Lillie Doss, the woman who disappeared from her home on Fourth street Friday morning and for whose safety considerable apprehension was felt by relatives Saturday, was found Sunday morning at the J. D. Hurley farm, about four miles up the river from the city. She slept Friday night in the brush along the river, but Saturday morning was found by J. R. Crowbar, who took her to the J. D. Hurley farm, where she spent Saturday night.

Yesterday morning about 40 Wichitans gathered at the court-house, in response to the appeal in The Times of Sunday to search for the woman, and they proceeded across the river in automobiles and buggies to see if any trace of her could be found. J. S. Bridwell, who was one of the searching party, went to the Hurley farm to borrow a horse on which to ride up the river, and was told that the woman was there, safe and sound. She was brought home to her aged mother, who gave her a joyful welcome.

The woman gave no explanation of her conduct, which is thought to have been due to her illness. She said that she was much frightened when she had to sleep on the prairie Friday night, but that she did not know where to go.

LAWTON TEAM WINS FROM LOCALS SUNDAY

HARD FOUGHT GAME GOES TO VISITORS WHEN DROP KICK SUCCEEDS.

HOME SQUAD SHOWS STRENGTH

Threatens Lawton Goal Many Times But Is Unable to Score—Large Crowd Attends.

In a fast well-played game, the Lawton football team took the measure of the Wichita Falls Independents at the city park Sunday afternoon, the score being 3 to 0. A field goal by the visitors in the second quarter gave them the 3 points, which as it turned out, decided the game. Many times the Wichitans threatened the Lawton goal, but could never fully realize upon their opportunities to tie or over-come the three-point lead.

A large crowd witnessed the game, and the occasion was encouragingly successful from a financial standpoint. The support given the independents is greatly appreciated and makes certain that more games will be staged here. Although Lawton defeated the locals cleanly and cleverly, it can be said that they never demonstrated any marked superiority. For probably the greater part of the game the locals kept the ball in Lawton territory, and the Wichita Falls line was at all times superior to that of the visitors. Scarcely one of the several attempts at forward passes by the locals was successful, however, and it was only by straight football that the goal could be gained. There were two attempts at field goals, Jungk failing both times. His first effort, just at the close of the second quarter, missed by the narrowest of margins, while the second was blocked.

Score on Drop Kick. Lawton's three points were scored in the second quarter, after they had held Wichita Falls for downs close to the latter's goal. Unable to gain through the line or around the end, Stephens dropped back to Lawton's 18-yard line and kicked for the goal. The ball struck the cross-bar and then bounced over. Wichita Falls came back strongly and before the end of the period was close to the Lawton goal, attempting to duplicate the drop kick just before time was called.

John Tevis was the bright particular star for Wichita Falls, being a consistent ground gainer on offense, and a persistent tackler when Lawton had the ball. Clopton and Bachman also did some very effective work and Courtney, as usual, played an excellent game at Lawton. Isham, the Indian full back, was a tower of strength hitting hard and often on the offensive and mixing things up very regularly on defensive.

The game was played with very little squabbling and in a spirit of friendly rivalry that was typical of two college teams. When the final whistle blew each team cheered the other. Lawton is due to meet the locals again here on Thanksgiving day and it should be a game worth seeing, as yesterday's three points were all that have been scored in the two games played this year.

Electra Next Sunday. The locals will meet Electra here next Sunday, and on the Sunday following will go either to Mineral Wells or Childress for a game. Yesterday's lineup: Lawton—center, Phipps; guards, Jones and Brandon; tackles, Robertson and Glick; ends, Woodhouse and Stephens; quarter, Newman (Capt.); half backs, Stephens and Williams; full back, Isham. Wichita Falls—center, Colburn; guards, Vincent, Hageman and Mueller; tackles, Nebbett and Clopton; ends Courtney, Bachman and Erwin; quarter back, Mathis; half backs, Hefkman and Tevis; full back, Jungk (Capt.) Officials—referee, Stanforth; umpire, Huff of Lawton; head linesman, Gould; limekeepers, Keefe and Black. Time of quarters, twelve minutes.

NORTHWEST TEXAS COTTON CROP IS FAR BELOW 1914

Less Than One-Third as Much Cotton Ginned to October 25th, the Report Shows.

Less than one third as much cotton had been ginned in Northwest Texas on October 25, 1915, as on the same date in 1914, according to the figures of the government census bureau. In Archer and Wichita county the figures for which have already been published, the disparity is even greater.

However, as a result of the extremely favorable weather of the past 30 days, it is expected the ginsmen will be much heavier when the next report, the totals for which are published today, is made public. The figures for Northwest Texas, under the report for October 25 are as follows:

Bait.
A dozen puffs of golden hair, extra bright and curl.
A dainty swan's down powder puff
A box of blanc deperle;
A bathing suit, a motor coat
A filmy veil or two,
And little patent leather pumps
All shiny, smart and new,
Some silken hose of rainbow hues,
And gloves of wrinkled kid,
A stunning frock of satin plink,
In frosty lace hid;
A picture hat, a string of pearls,
A parasol and a fan—
Behold the bait that moves along
Beware! unthinking man.

D. A. R. MEETING HELD SATURDAY AFTERNOON.

The Daughters of the American Revolution, Major Francis Grice chapter, met Saturday afternoon with Mrs. Wiley Blair, hostess. The program was an unusually entertaining one and the meeting was one of the most interesting held in some time. The chapter had two visiting daughters, one Miss Evingson of Spokane, Wash., being a Daughter of the Revolution, a similar organization to the Daughters of the American Revolution. Miss Evingson told of the work of the D. R. throughout the United States and in her own state. The visitor, Mrs. Gooch of the Estler McCroly Chapter of Amarillo was here on her way home from the state meeting at Texarkana. Mrs. Gooch had the honor of nominating Mrs. James Laverne Smith of Amarillo who was elected state regent. Mrs. Gooch spoke of proceedings at the Texarkana convention and also told of the work of the Amarillo chapter.

The program for the day continued the study of the government of the United States with Mrs. C. W. Beavers leader. Mrs. Ben Bell had an excellent paper on "The President" and Mrs. Whitney gave a comprehensive study of "The Cabinet." Roll call was answered with the name of a cabinet member. Mrs. O. E. Maer delighted with a vocal selection, "Somewhere a Voice is Calling"; Mrs. Burnside made a report from the Texarkana convention. The usual social half hour was enjoyed. Guests were Miss Evingson of Spokane, Mrs. Gooch of Amarillo, Miss Foster of Dallas, and Mrs. Frank Blair. Daughters present were: Miss Burnside, Mesdames Watts, Whitney, O. E. Maer, J. L. SEVERE PUNISHMENT

Of Mrs. Chappell, of Five Years' Standing, Relieved by Cardui.

Mr. Atry, N. C.—Mrs. Sarah M. Chappell of this town, says: "I suffered for five years with womanly troubles, also stomach troubles, and my punishment was more than any one could tell. I tried most every kind of medicine, but none did me any good.

I read one day about Cardui, the woman's tonic, and I decided to try it. I had not taken but about six bottles until I was almost cured. It did me more good than all the other medicines I had tried, put together.

My friends began asking me why I looked so well, and I told them about Cardui. Several are now taking it."

Do you, lady reader, suffer from any of the ailments due to womanly trouble, such as headache, backache, sideache, sleeplessness, and that everlasting tired feeling?

If so, let us urge you to give Cardui a trial. We feel confident it will help you, just as it has a million other women in the past half century.

Begin taking Cardui to-day. You won't regret it. All druggists.

Prepared by Chattanooga Medicine Co., Ladies' Advisory Dept., Chattanooga, Tenn., for Special mention on your case and 40 days' home trial. Cardui for Women, in plain wrapper, B. G. 184

WHOLESALE GROCERYMAN PLEASED WITH CONDITION

Dallas, Texas, Nov. 5.—Mr. J. R. Hall, who holds a responsible position in the cigar department of the Boren Stewart Whole Grocery Company, secured one of the first bottles of Tanlac sold in Dallas, and now is glad to recommend the master medicine to all sufferers from indigestion and a run down system. Mr. Hall said: "I had been feeling badly run down and had suffered intensely from indigestion lately. Due probably to a nervous condition brought on by indigestion, I began losing sleep and felt as badly when I got up in the morning as I did when I went to bed at night. As this is a very unusual condition for me to be in, I became alarmed. My folks in Kentucky upon hearing about my condition wrote me that my father had derived great benefit by taking Tanlac and as soon as I found that it was to be placed on sale here I secured a bottle and began taking it regularly. I have not quite finished taking the first bottle but I am glad to testify that I am feeling much better in every way. I do not suffer from that stuffed up feeling and am more active, have a fine appetite and in fact am beginning to eat like a horse and I sleep soundly. I am no longer constipated and I am enthusiastic in regard to the Tanlac treatment. I desire to recommend it as a first class remedy, and as it has benefited me so much, I believe it will do all that is claimed for it."

Tanlac will continue to be explained at the Palace Drug Store. (Adv't)

Will Have Lectures Here and Show Methods of Combatting Pests That Harm Fruit.

The orchard demonstration train being run by the Katy agricultural department with the cooperation of A. & M. College will arrive in Wichita Falls early tomorrow morning, and will spend the entire day here. The purpose of the tour being made by this car is to promote improved methods of orchard culture, and particularly to enable fruit growers to combat the insects and other pests which damage the fruit. There will be demonstrations at several orchards in this city, following the schedule previously printed in The Times, and in the afternoon at 3 o'clock there is to be a meeting in the Chamber of Commerce rooms. From this city the special will travel east over the Katy to Denison and thence over all the State. Several members of the A. & M. faculty accompany the train and will conduct the demonstrations and lectures.

By Associated Press. Grafton, W. Va., Nov. 8.—Detectives armed with cameras are taking photographs of every employe of the Baltimore & Ohio railroad they see taking a drink of alcoholic liquor. "A number of employes have been discharged. Whiskey as first aid to the injured has been prohibited by J. S. Turner, chief medical examiner of the railroad."

The Majestic. Blanche Sweet is featured in "Oil and Water" a two part Biograph release together with Henry Walthall and the cast which made the Biograph of a year back famous. The program is made up of this feature with two other reels.

The Gem. Anna Orr is featured in "The Masked Dancer" a three part Kalem Broadway Favorite feature. A single reel completes the picture bill.

The Lydia Margaret. Julia Dean in "Judge Not" is today's offering at the Lydia Margaret, now an exclusive picture house. Lured into a mock marriage by a gambler, an innocent girl finally extricates herself from his clutches only to find that the man whom she loathes and whom she believes has passed out of her life, forever has fastened himself upon her again like a foul leech, just at the time when she has rejoined herself and is about to marry a man who knows nothing of her past.

Judge Not. "Judge Not" was written by a master story writer—appears in the Saturday Evening Post almost exclusively. And those who are familiar with literary markets are fully aware of the fact that to break into the Post means fame which brooks no rival. The Universal engaged Mr. Kyne to write its Broadway feature, "Judge Not" because he is the master of the punch—a virile, red blooded writer who depicts life with microscopic fidelity in all its phases.

Majestic-Tuesday. Tomorrow Fox Feature, day "The Regeneration" will be shown at the Majestic.

Anna Q. Nilsson, who plays the part of Mamie Rose in "The Regeneration" has been a motion picture star for four years. She is one of the few who through their remarkable ability and beauty has been able to hold her position and remain a favorite with the public. Miss Nilsson is a statuesque blonde, with remarkably handsome features and an unusual personality.

She fits the part of Mamie Rose as though it had been written for her especially, and her emotional work in this great picture is attracting unusual attention. Miss Nilsson has one of the largest followings of any motion picture actress in the world.

Wichita Falls, Texas, Nov. 8, 1915.

That Germany is getting all the cotton she needs for the manufacture of high explosives there is little doubt, but the question is: Where is she getting it from, and who is furnishing it to her? Is it possible that the Allies are doing this for the money there is in it for them? We all know that every time a ship loaded with American cotton tries to ship through to a German port, it is seized by the Allies, and turned over to a prize court. But that does not seem to keep Germany from getting the cotton.

Independent oil refineries are being put in at several places throughout Texas and Oklahoma. The plant at Gainesville, with a capacity of 10,000 barrels daily is to begin operations on November 10th, and a 1,000 barrel refinery is now under construction in this city. The reason for the building of these independent refineries throughout the country is said to be a predicted famine in gasoline. Considering the number of automobiles now in use, and the fact that automobile factories are working full time and even at that are unable to supply the demand for their products, it would seem that the oil refining business is a most inviting field for those who have money to invest. There is room in Wichita Falls for a half dozen or more oil refineries.

On March 1, 1914, the tariff on sugar was reduced 25 per cent, and even at that sugar, instead of getting cheaper has gone higher. If the 25 per cent had not been taken off the price to consumers would have been just that much higher. Next year, May 1st, all the tariff will be removed and sugar will go on the free list, and it is well that that is to be the case, for the reason that unless the tariff was removed entirely the result would be that many families would be forced to cease the use of sugar on account of the high price. The object of taking off the tariff was to cheapen a household necessity, but it has worked the other way, and the reason for it is either that the demand for sugar is greater than the supply or that the sugar trust is manipulating things in such a way as to keep the price going up instead of down.

Everybody seems to be pleased over Tuesday's elections, if the dispatches are to be relied on. The Republicans are happy because they read in the returns that they will win a victory next time; the democrats say they have made substantial gains in certain quarters and therefore feel enthusiastic; the anti-suffragists say the election points out that woman suffrage is a thing of the past and the suffragette is all smiles because in every state there were gains in favor of what she is fighting for. Of course, the Bull Moose man is saying very much, but otherwise the grocer seems to be hanging high for everybody concerned and next year there is going to be a sure enough political fight.—Sherman Democrat.

With one exception, the above is about correct. So far Mr. Root, Republican presidential aspirant, has not been heard from. The avalanche of votes, piled up against his pet project—a new constitution for the state of New York, piled over him to such an extent that he will probably not be able to extricate himself in time to even have his name put before the next convention.

949 HOGS ARE VACCINATED WITH ANTI-CHOLERA SERUM

Agricultural Agent Has Busy Time Combatting Disease and Has Checked Spread

During the past few weeks J. W. Campbell, agricultural demonstration agent, has vaccinated 949 head of hogs with the anti-cholera serum. The vaccination has stopped the ravages of the cholera in several sections of the county as vaccinated hogs are immune from its effects, but it is still epidemic in other sections. Mr. Campbell is vaccinating the hogs without charge for his services but the farmers are required to pay for the serum. To be most effective the serum should be used at the very outbreak of cholera in a herd. Mr. Campbell asks that he be notified immediately of the outbreak of cholera in any herd. He can be reached by telephone or by mail at Holiday.

CENSUS REPORT IS DISCOUNTED

Bullish View Is Taken, However—Wheat is Affected by Weather and Receipts.

By Associated Press. New York, Nov. 8.—The cotton market opened steady at an advance of one to six points in response to a bullish view of the census giving figures. Liverpool, however, was lower than day and prices here soon sagged under foreign, southern and local selling which seemed to be based upon very much the same considerations as were responsible for the decline of late last week. January contracts had advanced to 11.64 cents to 11.56 or a point under Saturday's figures, but at this level the market steadied. On private predictions for less favorable weather and there were rallies of several points toward the middle of the morning. The census report was considered in line with smaller crop estimates and ran rather under recent predictions based on favorable weather for ginning operations during the period.

**DERANGED MAN WITH RAZOR
TERRORIZES NEIGHBORHOOD**

A man in the factory district while temporarily deranged, this morning ran amuck with a razor and for an hour or more terrorized the neighborhood near the Shamburger lumber yard. He got out into the street and chased all who came near him brandishing his razor and uttering threats. His brother finally seized him and secured the razor and succeeded in preventing him from doing violence to his family or others. A call was sent in to the police station and Motorcycle Officer Fred Smith went out. Mr. Smith and the man's brother were unable to completely overpower the man and other officers were summoned. Constable Will Allen and his deputies, Buster and Carnes answered the second call and Policeman Rawls also went out. A doctor also arrived. The six officers finally overpowered the man after which he was given an injection of a drug which quieted him. He is now in jail. The man has become violent several times before it is said, but his derangement on these occasions is said to have been only temporary.

**THIS YEAR'S CORN CROP
MOST VALUABLE ON RECORD.**

By Associated Press.
Washington, D. C., Nov. 8.—The na-
tion's corn crop this year was the most
valuable ever grown. Based on the
prices paid to farmers, November 1st,
it is worth nearly two billion dollars
—\$1,913,025,000 in exact figures. In
size it is second only to the record
crop of 1912. The production was 3,
090,500,000 or 21,000,000 less than the
country's previous highest corn crop.

**PROMOTIONS IN ARMY
HAVE TO BE LIMITED**

Washington, Nov. 8.—Privates
and non-commissioned men in the
army will have no opportunity to
reach the commissioned rank by
competitive examination, in the im-
mediate future, because of a lack of
vacancies in the grades of second
lieutenant. The only opportunity
for private soldiers and civilians to
obtain commissions therefore, prob-
ably will be afforded by legislation
at the approaching session of Con-
gress.

The Greatest Coat Cutter

In America can do nothing more than follow the measurements he has at hand. The finest tailors in the world make clothes that would not fit anything but a hippopotamus. But don't blame the tailors or the engineers who design clothes because the fit depends on the man who LAYS THE TAPE. The artist of the craft tailoring must depend for his specifications on the man who measures the form that is to wear the suit. For years I have laid the tape on every shape and size of man from the "Beef Trust" to the "Bean Pole" and made the suits fit. Any time the suit don't fit it is my suit and you can't leave my shop with it. It won't cost you a penny to find out whether or not I can make these statements stick.

**SMALL BOYS IN LONDON
MAKE MONEY AS GUIDES.**

By Associated Press.
London, Nov. 8.—The darkening of
London streets has provided a new oc-
cupation for the small boy. Armed
with a small electric flash-lamp, he
takes his position soon after nightfall
at the suburban subway station and
carefully scans the faces of arriving
passengers. Espying a stranger, he ad-
vances, and flashing his little lamp, of-
fers to conduct the stranger to his des-
tination. The price of the services,
which is generally eagerly taken ad-
vantage of, is ten or fifteen cents, ac-
cording to the distance.
