

AVIATORS DEPART SATURDAY MORNING REACH FORT WORTH

RESUME JOURNEY SOUTHWARD AT 9:25 AFTER SLIGHT DELAY, AND ARRIVE AT FT. WORTH IN LESS THAN TWO HOURS

FIRST ACCIDENT NEAR JOLLY

Man Falls From Truck and Sustains Broken Arm—Large Crowd Through Camps Here and Witnesses Squadron's Departure

The aero squadron of the United States Army, after spending just 24 hours in Wichita Falls, mounted to the skies at 8:26 Saturday morning, circled quickly over the field, then took a southeasterly course and within a few minutes had disappeared into the cerulean of the eastern sky.

At once the motorcycles and lorries bearing the impedimenta of the squadron, were on their way, following the Meridian road out of the city towards Fort Worth.

Private's Arm Broken. The first accident of the trip occurred when the motor trucks reached Jolly yesterday morning. Harry Smith, a private, fell from a truck as it was passing through Jolly, his arm being broken in two places. He was placed on the southbound Denver train yesterday afternoon and taken to Fort Worth, whence he will be conveyed to San Antonio.

The trip to Fort Worth was completed in slightly less than two hours, the last machine, that of Captain Foubis arriving in the Panther City at 11:24. When the machines left here their altitudes ranged from 2,000 to 3,500 feet, but they were 6,000 feet up during most of their journey to Fort Worth.

Banquet Friday Night. The aviators and members of the party enjoyed their stay in Wichita Falls and all were warmly appreciative of the hospitality extended them. The banquet which had been planned for them at the Metropolitan at six o'clock Friday night was held, although not a single member of the squadron was present.

The hangars in which the aeroplanes will ordinarily be housed were not erected Friday night, only one shelter being put up for the members who were to spend the night on the field.

A crowd estimated at 5,000 to 6,000 witnessed the departure of the aviators, and the field was thronged with sightseers during most of the time that the squadron was here.

On Friday the visitors were permitted to go near the machines and to ask questions—a privilege which was liberally taken advantage of—but yesterday morning they were kept back. The disposition of the spectators to crowd past the line set by the officers caused some trouble, and the officers adopted the quite effective expedient of running a big motor truck along the edge of the crowd.

One by one, each of the machines was released by the helpers—sped along the ground for 100 yards or more, then a slight tilt was given the planes and the flight began.

CARRANZA WELCOMED AT NEUVO LAREDO

10,000 PEOPLE GREET THE FIRST CHIEF AT THE BORDER CITY GIVE NOISY OVATION.

FIRE A SALUTE OF 21 GUNS

Carranza Heads Procession Through Triumphant Arches—Generals Accompany Him.

Laredo, Tex., Nov. 20.—General Venustiano Carranza arrived at Nuevo Laredo tonight and was welcomed by the ringing of bells, blowing of whistles and a salute of 21 guns. Ten thousand people greeted the first chief as he stepped from his special train. On leaving the train which arrived at six o'clock General Carranza marched at the head of a procession through triumphal arches.

There was a grand celebration on the plaza tonight attended by scores of society people from both Nuevo Laredo and this city. With General Carranza on his tour over the state are five prominent army officers, General Koss, Aguilar, Zertuche, Machuca and Caballero, the latter the governor of the state.

MORE CARANZA TROOPS TO PASS ON U. S. SOIL

Aggie Pass, Texas, November 20.—The second detachment of Carranza soldiers whose government has already been given permission by the United States to pass through Texas en route to Arizona, today arrived today at Piedras Negras, the Mexican town opposite here. One troop train with about 1,500 troops was the day's complement.

Late today no arrangements had been made with the Southern Pacific railroad to move the troops but as there is no equipment here it was believed there would be at least two days delay in handling the troops.

Confirmation of Killing of Americans Received. Douglas, Ariz., Nov. 20.—J. M. Hall, superintendent of the Mexican range of the Slaughter Land and Cattle Company, stated today he had received practical confirmation of the killing of Henry Slate and A. N. Harper, American ranch employees.

GENERAL OBREGON PLANS TO CRUSH RODRIGUEZ

Douglas, Ariz., Nov. 20.—General Alvaro Obregon is devoting his immediate attention to disclosing of the Villa force under Gen. Rodriguez at Cananea, according to advices from Carranza officials at Naco. It was expected this would be accomplished in a few days when Obregon's march against Nogales and thence move back against the white Villa army near Hermosillo which Gen. Carranza makes a front attack.

AN ITALIAN STEAMSHIP PURSUED BY SUBMARINE

Madrid, Nov. 20.—A telegram received here today gives a wireless message said to have been sent out by the Italian steamship, Verona, stating that she was being pursued by a large submarine with two periscopes. According to this telegram the submarine is accompanied by a steamer. The position of the Verona was given at latitude 40, longitude 6 off Cabotelo.

Latitude 40, longitude 6 is a point in the western Mediterranean about 110 miles west of Sardinia. The Verona has been engaged for several years in passenger service between New York and Italian ports. She is owned by the same company that owned the Ancona, sunk recently by a submarine in the Mediterranean.

VERONA ELUDES SUBMARINE IN FOG

Madrid, Spain, Nov. 20.—A wireless message late today from the Verona states that she has eluded the submarine in a fog.

VILLA FORCES ARE REPORTED FLEEING FROM HERMOSILLO

LEAVE BEHIND 1000 IN DEAD, WOUNDED AND CAPTURED ACCORDING TO OFFICIAL CARRANZA SOURCES.

THE RAID ON LOS MOCHIS

Mayo Indians and Villa Troops Loot Place and Four Americans and One British Subject Reported Killed—Refugees on American Gunboat. Douglas, Ariz., Nov. 20.—The forces of General Francisco Villa are retreating from Hermosillo leaving 1,000 dead wounded and captured, according to official Carranza reports.

Villa forces of General Jose Rodriguez have broken through the curtain placed around Cananea by General Obregon and are rushing to the assistance of Villa.

DETAILS OF RAID ON LOS MOCHIS

Topolobampo, Sinaloa, via Radio to San Francisco, Nov. 20.—Details of the raid on Los Mochis eighteen miles inland by Mayo Indians and Villa troops on Tuesday, received here today, said the Indians looted the commissary stores of the United Sugar company and that Mexicans since have been pilfering among other American projects there. Four Americans and a British subject were killed. It is said one hundred and ten refugees who sought safety here were still aboard the gunboat Annapolis tonight.

Between 500 and 1000 horses and mules were reported driven off with wagons, other property owned by the United Sugar company.

Colonel Escobar, according to the Carranza garrison which was withdrawn from Los Mochis, shortly before the raid, Indians shot up the town, presumably to terrorize the foreigners there. It was said he lay in the street for several hours calling for help. Finally an Indian shot him through the head.

A. F. of L. Votes Down I. R. R. Resolution. Chicago, Nov. 20.—The annual convention of the American Federation of Labor at Chicago, which opened here tonight, closed with the passage of a resolution which would elect the officers of the American Federation of Labor by referendum vote of the membership.

GOMPERS WAS RE-ELECTED

Only Three Dissenting Votes in His Election One Being That of Chicago Socialist. Chicago, Nov. 20.—Samuel Gompers of New York City was re-elected president of the American Federation of Labor at the concluding session of the annual convention here tonight.

Resolutions asking "shall the officers of the American Federation of Labor be elected by a referendum vote of the membership?" and providing for the initiative, referendum and recall in transacting the affairs of the organization, were voted down today by the annual convention.

Peace Overtures to Be Made to Carpenters. Washington, Nov. 20.—The problem of attempting to heal a breach in the ranks of the American Federation of Labor, growing out of the presentation late last night of a resolution calling for the suspension of the United Brotherhood of Carpenters and Joiners, was up today as the principal business at the concluding session of the federation's 25th annual convention.

PEACE OVERTURES TO BE MADE TO CARPENTERS.

Washington, Nov. 20.—The Italian foreign office has notified American Ambassador Page at Rome today that it has no reason to believe that the submarine which sank the liner Ancona with the loss of several Americans was other than an Austrian. This, with the Austrian government's acknowledgment of the act, clears up the last possibility that it might have been a German boat.

EVENTS WILL FORCE GREECE TO MAKE A DECISION SOON

WITHIN NEXT 24 HOURS IT IS EXPECTED DEVELOPMENTS WILL FORCE POSITIVE ACTION BY HELLENIC NATION.

SERBIANS ARE RETREATING

Will Soon Be On Greek Soil—Greece Has Announced She Will Intern All Serbian Soldiers Who Cross Her Frontiers.

London, Nov. 20.—The present military situation in Serbia, which appears to make a Serbian retreat into Greek territory almost inevitable, will, the belief is confidently expressed here, force Greece within 24 hours, to abandon the ambiguous attitude which has been the cause of uneasiness both in the triple entente and the central powers, and declare some definite intelligible policy.

Some comfort is derived here from the optimistic tone of dispatches from Athens, which since the arrival of Denys Cochin, the French cabinet member, who went to Greece on a special mission, report that public opinion is running strong for the entente allies. But since it is a well known fact that King Constantine's course waits upon the outcome of military operations, the situation here is hardly prepossessing in favor of the entente allies.

It is already announced from German sources that Greece has informed the foreign diplomats that in order to maintain neutrality, it will disarm and intern all Serbian troops which may retreat into Greek territory.

The Austro-German armies are now on the borders of Novitza and are approaching Pristina. Old Serbia as it existed before the last two Balkan wars is completely overrun by hostile forces.

ALLIES SATISFIED WITH BENEVOLENT NEUTRALITY

French Minister Says Greece Can Avoid Difficulties by Being Faithful to Promises

Paris, November 20.—The newspaper Patrie of Athens says it has obtained from the French minister to Greece an interview setting forth the present attitude of the entente powers towards the diplomatic negotiations in the war by Greece and continues:

The entente powers offered Greece the opportunity of participation in the victory and the fruitful harvest. Greece has been able to do this by its withdrawal from the war and the disposal of which she has done without Greece. The only thing they ask is that Greece shall maintain the benevolent neutrality she promised and accord facilities as agreed. The situation is this—let each be faithful to the promises made and all difficulties will be avoided.

THAT SUBMARINE WAS AUSTRIAN NOT QUESTIONED

Italian Foreign Office Does Not Question Nationality of Craft That Sank the Ancona

Washington, November 19.—The Italian foreign office has notified American Ambassador Page at Rome today that it has no reason to believe that the submarine which sank the liner Ancona with the loss of several Americans was other than an Austrian. This, with the Austrian government's acknowledgment of the act, clears up the last possibility that it might have been a German boat.

HAMBURG-AMERICAN LINE OFFICERS TO BE TRIED MONDAY

CHARGED WITH CONSPIRACY TO DEFAUD THE GOVERNMENT BY OBTAINING FALSE CLEARANCE PAPERS.

SENT WARSHIPS SUPPLIES

Government Will Attempt to Show Preparations by Germans Weeks Before War Started in Europe—100 Witnesses for the Government.

New York, Nov. 20.—One hundred high officials of the Hamburg-American steamship line at their trial which begins Monday have been summoned by the government. Four of the five defendants have pleaded guilty and the fifth has not been apprehended.

A charge unique in American jurisprudence faces them—conspiracy to defraud and deceive the government by obtaining clearance papers on false representation. To facilitate the trial, counsel for the defense admits that the defendants loaded cargoes and sent them with supplies to the German cruiser Karlsruhe, Kaiser, Wilhelm and other German men of war, active in the Atlantic in the late summer and early fall of 1914, as charged.

No well did the German agents know that war was inevitable, the government charges, that some of the ships involved were chartered weeks before the war began and several actually sailed on their alleged errand of war before war had actually been declared.

TWO SETS DINNERS ACCOUNT OF WAR

RESUMPTION OF STATE ENTERTAINMENT AT WHITE HOUSE RAISES PROBLEM.

DINNERS FOR EACH SIDE

Separate Entertainment to Be Provided for Representatives of Countries at War.

Washington, Nov. 20.—State entertainments will be resumed at the White House this winter after a lapse of a year. It was announced tonight. The big New Years reception will be omitted for the past two years. The president and Mrs. Norman Galt probably will be on their wedding trip at that time and will return for the Pan-American reception, January 7th, which will open the season's gaieties and introduce Mrs. Galt as the new mistress of the white house.

Because of the war two diplomatic dinners instead of the usual one will be given, as it would be impossible to invite diplomatic representing countries at war at the same dinner.

ADDITIONAL EVIDENCE CONCERNING THE ANCONA

Washington, Nov. 20.—The American ambassador, Thomas Nelson Page, has collected additional evidence concerning the sinking of the Ancona. This evidence has been gathered from several official sources as well as from survivors. It is understood the ambassador has established beyond a doubt the principle circumstances attending the disaster including the degree of responsibility of the submarine, which sank the vessel.

NOTES TO GERMANY AND AUSTRIA TOO

UNCLE SAM WILL DEMAND NON-INTERFERENCE FOR COMMERCE FOR ALL NATIONS.

A LIMIT TO CONTRABAND

Note Now Nearly Complete, But Will Be Revised By President Before It Is Sent.

Washington, Nov. 20.—Non interference with American commerce on the high seas will be demanded of Germany and Austria as well as Great Britain and her allies in a note to be dispatched soon on the subject of contraband.

The note is nearly complete now but will not be sent until it has been revised by Secretary Lansing and President Wilson. It will challenge the right of a belligerent to extend the list of absolute contraband beyond the limit recognized by international law before the war. It also will reassert the right of the United States to ship food supplies to the civilian population of belligerent countries if not for military purposes.

TWO GIGANTIC NEW SUBMARINES FOR NAVY

Engines for New Craft Will Be of 8000 to 10,000 Horsepower—Special Design Required

New York, November 19.—The two new fleet submarines, bids for which will soon be advertised by the navy department will exceed the Schley, now the world's biggest under water craft, so far as is known, by 300 tons in displacement. They will be 600 ton craft.

Congress gave navy designers a hard task when it said that the two submarines should have a surface speed of 25 knots an hour if possible. The Schley will have more than 4000 horse power furnished by heavy oil engines. Experiments with models of the new craft show they will require between 8,000 and 10,000 horsepower. No international combustion engine small enough to go into the space available and furnish the power required could be found for the boat, and the specifications to be advertised will propose vessels fitted with steam turbines for surface work although the same storage battery and electric motor installation as in smaller craft will be used below the waterline.

The boats will mount disappearing guns for surface action. Two of the 4-inch weapons of this type probably will be substituted for the three inch guns on smaller submarines. The gun-carriages have been so designed as to permit the guns to be aimed straight up as defense against air craft.

STEAMER VERDI HEARD ANCONA'S DEATH CRY

Italian Ship Reaches New York with Fresh Stories of Disaster that Befell Ancona

New York, Nov. 20.—Fresh and dramatic tales of what happened in the Mediterranean on November 7, when the Ancona was torpedoed by a submarine, flying the Austrian flag, were brought to New York today by the Italian steamer, Giuseppe Verdi, here on her maiden voyage. The Verdi heard the Ancona's wireless death cry, flashed it to shore stations which the feeble batteries of the sinking steamer could not reach and then rushed at full speed to the Ancona's aid, but boats—swinging outward her passengers on deck and her officers momentarily expecting to get the death blow themselves.

The Marconi operator who told the story said the Verdi also received a cry for help sent out by the steamer France, which was also torpedoed, but that the Verdi did not receive orders to go to the rescue until the Ancona appealed for aid. The story was verified by several of the steamer's 535 passengers, among them being Charles H. Perry, American consul at Torino, Italy.

DR. SAMPSON'S SUCCESSOR IS NOT YET NAMED

Washington, Nov. 20.—The conference for education here adjourned today without taking any action as to a successor for Dr. T. R. Sampson, as organizer for the conference. Resolutions were passed on the work of Dr. Sampson who disappeared in the Rocky Mountains several months ago, and it was agreed that the committee of five members would be chosen to confer and discuss the best means of carrying on the work of the conference.

PRESIDENT TO EAT THANKSGIVING DINNER WITH FLANCEY AND HIS FAMILY

Washington, Nov. 20.—President Wilson will take Thanksgiving dinner with his family and his fiancée, Mrs. Galt at the White House. A 35 pound turkey fattened by South Trimble, clerk of the House of Representatives, from his Kentucky farm will be shipped Monday for the occasion.

COURT HOUSE BONDS CARRY IN ELECTION

WITH ONE BOX MISSING, MAJORITY OF 163 IS RECORDED SATURDAY IN FAVOR OF \$225,000 ISSUE FOR NEW BUILDING.

CITY VOTERS TRIUMPH

All Country Boxes Return Majorities Against the Proposition, But Vote in City Precincts is Easily Sufficient to Overcome Opposition.

Table with 3 columns: Box No., Vote For, and Vote Against. It lists various precincts and their respective votes on the court house bond issue.

Wichita Falls dream of a new, modern and fire proof court house, commensurate with the needs, dignity and importance of Wichita county, was brought a big step nearer realization Saturday when twelve out of five-thirty-two precinct boxes in the county gave 661 votes for the \$225,000 court house bond issue to 493 against it. The majority is 163, with the Alleluia box still to be heard from. It was found impossible to get telephone connection with Alleluia last night.

The need for a new court house has been felt here for many years, but it was only recently that sentiment crystallized sufficiently to secure the calling of an election. The vote was much closer than bond elections here usually are; and when the first country boxes came in with their overwhelming majorities against the bonds, three wary fears that for once, defeat had come to a bond issue in this county. But four of the five city boxes piled up majorities that left the opponents sufficiently in the rear to remove all doubt of the result.

It had been expected that there would be a heavy vote in opposition in the country, but it was not thought that the sentiment would so decisively against the bonds. Less than 100 votes for the bonds were cast outside of Wichita Falls, but while the country boxes were going five to one against the bonds, Wichita Falls was going nearly six to one for the bonds and casting about 200 more votes in addition.

Nothing was slight in the morning, and knowing that the opposition was heavy in the rural boxes, the friends of the bonds bestirred themselves and saw to it that those favoring the bonds went to the polls. Had this action not been taken a different outcome might have resulted, as there were many who did not seem to consider that their ballots were necessary. As a whole, the vote was much heavier than is usual in such elections in the country.

There had been rumors of heavy opposition in town, but this materialized into less than 100 votes, not counting the bridge box, most of the voters at which reside in the country. The opposition in the city was in about the same proportion as is usually exercised in bond elections. Many expressions of gratification were to be heard last night over the result, as there were some who had feared that the result might be different.

LIBERTY BELL THREATENED BY FIRE AT PADUCAH, KY.

Paducah, Ky., Nov. 20.—The safety of the Liberty Bell was threatened here today when fire swept through two warehouses, within less than a thousand feet of where the relic was staked. For a time the flames threatened to reach a 600,000 gallon oil tank just across the street. Wind faned the flames in the opposite direction, however. Thousands of persons were crowded to view the bell.

FAT KENTUCKY TURKEY FOR PRESIDENT'S DINNER

AVIATORS DEPART

SATURDAY MORNING

(Continued from Page One)

had higher until an altitude of about 2,000 feet was reached. As they turned and headed to the southwest, five of them were bunched in front the machine of Captain Foulis being some little distance to the rear. The crowd watched silently for a moment, then the hundreds of automobiles and vehicles moved for the

one gate by which the pasture could be entered. Long before the field was clear the machines were out of sight, seeming to fly almost into the morning sun. It had been planned to have the motor trucks leave at 7 o'clock on account of the prospect for a strenuous trip, but one thing and another, particularly the engine trouble, delayed them until it was decided not to start until the machines were under way, accompanied by a large volunteer escort of local machines for some distance. Aviators Warmly Gled. As the aeroplanes mounted for the flight, one of them, travelling direct-

ly away from the spectators, seemed to be standing perfectly still. "Look," said someone in the crowd, "that fellow up there has stopped to wait for the others." The morning was not cold, but was sufficiently cool to make an overcoat feel comfortable and Wichitans did not envy the aviators who had to face the bitter cold of the upper altitudes. But clad in woolen shirts, sweaters and leather coats lined with corduroy, and their lower limbs swathed snugly, the aviators were equipped to face almost any sort of weather. Leather helmets with goggles completed their costume, giving them a fantastic appearance that was rather in keeping with the life they follow. Enjoy Visit Here. "This sure is a good town," said one of the soldiers, "we went down town last night and they wouldn't let us spend a cent. I remember somebody leading me out into the street at 9:30 and the next thing I knew I was in a hotel this morning. I don't know how I got there. And my head—oh, gee!" The motor trucks made fairly good time Friday afternoon after they got into Texas, encountering the worst roads on the Oklahoma side. They were in Wichita Falls in less than two hours after crossing Red River. The Red River bridge at Burkburnett is a covered bridge and its top proved to be too low for the top of one of the machines, which jammed. Efforts to dislodge it by gentle means proved unsuccessful, and it was extricated by simply being jammed through with main force of its engines. The truck suffered somewhat in the process, but not materially. Answer Many Questions. Friday afternoon the machines were inspected by the crowds that visited the field and the workings were patiently explained by the aviators and other members of the squadron. They showed willingness to answer all sorts of questions of which "Ain't you afraid of getting killed?" was easily the favorite. Incidentally they made more than one convert to the preparedness idea, for although they did not argue the matter or seek to exercise any undue influence, the military situation in this country, especially as regards the aerial service, was impressed whenever the questioner's inquiries led in that direction. More than one citizen, after hearing the matter explained, announced that he was going to write to his congressman. Is Gala Occasion Here. The flight of the machines was a gala occasion for Wichitans. It was not only an interesting and diverting spectacle, but it was free, and if there were any who failed to avail themselves of it they were very few. Yesterday morning several hundred automobiles were on the field, but moved back at the request of the officers to positions close to the railroad track where there was no danger of their getting in the way. The crowd, like all crowds under similar circumstances, possessed more curiosity than caution, and had the start been made from the place originally planned, an accident could scarcely have been avoided. The officers handled the difficult situation as best they could, and there were no accidents. The street cars carried crowds that were limited only by the capacity of the cars. The Southland line was provided with the big double truck cars for the occasion, but even these were totally inadequate.

HARVARD DEFEATED YALE—SCORE 41 TO 0

CRIMSON TEAM SURPASSED ALL PREVIOUS RECORDS—MAHAN'S PLAYERS IRRESISTIBLE.

BLUE DEFENSE HOPELESS

Its Desperate Rushes and Tackles Only Occasionally Checked Hough-ton's Scoring Machine.

By Associated Press. Cambridge, Mass., Nov. 20.—Harvard's football machine rolled over Yale's eleven here this afternoon, defeating the Blues 41 to 0 in a game in which the Crimson team surpassed all previous records against the E.P.F. The work of Captain Mahan's players was irresistible. Although the fighting spirit which Tom Shefflin imparted to the Yale eleven just previous to the battle with the Tigers was still in evidence it availed the Blues nothing against Harvard's Houghton instructed team. The rushes and tackles of the Blues occasionally checked the Cambridge advance for a moment, but after the first period the record never was in doubt and interest among the Harvard clan was centered in the size of the score. Their hopes of a record Crimson tally against the Blues were not disappointed before Captain Mahan and his team-mates completed their final day's work of the 1915 football season. They received the largest total ever scored by a Harvard eleven against Yale and the largest but one ever made in this eastern football classic which dates back to 1875. More than 20 years ago in 1884, Yale defeated Harvard 48 to 0 and had today's game continued for a few minutes longer these figures might have been equalled or surpassed. Mahan's Brilliant Work. As it was the contest established other records for Harvard scored her first touchdown against Yale in the stadium since that structure was erected twelve years ago. In addition, Captain Mahan closed his football career with a display of gridiron ability during which he made four touchdowns and five goals from touch-downs, for all total of 29 points which added to an individual record for this series. Not in many years has the annual meeting of the Blue and Crimson on the football field uncovered such an elusive pigskin-carrying star. Assisted by a splendid team, Mahan romped around and through the line of the Blues to gain after gain, apparently unhampered by the slippery and uncertain footing of the stadium turf. Mahan stood out above the other players of the Crimson machine, but Houghton, King, Harte, Boies and Sotey all shone in the combination plays of Houghton's gridiron steambroller. Weather Conditions Bad. Although the weather conditions improved after the heavy storm of Friday the afternoon was far from ideal for football, either from the standpoint of players or spectators. A chilling gale blew out of the west and many of the 50,000 spectators were forced to leave or seek sheltered nooks from which they saw only portions of the contest. The ground was wet from the heavy rain of yesterday and at times the players lost their footing. Guernsey suffered a dislocated shoulder. Several other players were injured but their hurts were not serious. Only one attempt at field goal was made. This was by Neville, called into the play in the last period at a time considered opportune for a Blue score, but the ball missed the uprights from the twelve yard line.

WICHITA FALLS BEATEN BY STAMFORD 48 TO 0

Wichitans Outclassed in Every Department of Game—Stamford Scored in First Minute

Special to The Times. Stamford, Texas, Nov. 20.—The Stamford high school team decisively defeated the Wichita Falls high school football team here this afternoon rolling up a score of 48 to 0. Wichita Falls was outclassed in practically every department and was beaten after the first minutes play. Within a minute after the kickoff Stamford had registered her first touchdown. Thereafter her players scored almost at will, gaining ground by line bucks, end runs and forward passes. Although hopelessly beaten the Wichita Falls players did not quit but played doggedly until the last. At one time they had the ball within a few yards of Stamford's goal posts but lost it on a fumble. Football Scores At Syracuse—Syracuse 6, Dartmouth 0. At Lafayette, Pa.—Lafayette 26, Lehigh 6. SMALL ADVANCE IN NEW YORK MARKET

By Associated Press. New York, November 20.—The cotton market was very quiet today and prices fluctuated within a range of six or seven points with the close steady at a net advance of three points. January contracts sold from 11.71 to 11.76 and closed at 11.75. The market opened steady at an advance of one to three points in response to relatively steady cables and reports that the Liverpool rally had resulted from steady calls.

F. Z. BISHOP FILES BANKRUPTCY PETITION.

By Associated Press. Corpus Christi, Tex., Nov. 20.—F. Z. Bishop, prominent real estate speculator and founder of the town of Bishop, Nueces county, Texas today filed a petition in voluntary bankruptcy here. The assets named in the schedule consist of real estate, principally with improvements, and total \$1,065,450, of which \$8,500 is claimed as exempt. The liabilities, scheduled amount to \$827,215. FIELD TRIAL ASSOCIATION IS TO BE ORGANIZED HERE

Owners of Bird Dogs in Northwest Texas to Hold Meeting in This City

Organization of a Northwest Texas Field Trial Association will be undertaken at a meeting to be held here November 23, at which owners of bird dogs from points along the Denver from Childress to Decatur, and from adjoining counties are expected to be present. It had originally been planned to hold a field trial in Wilbarger county at that time, but many owners of bird dogs were unable to enter them at that time, so it was decided to hold the meeting, perfect organization and make plans for holding the field trial at a later date. The movement was started several weeks ago by a number of bird dog owners, Gus Wilcox of this city being among those taking an active part. At the meeting the attendance, not only of owners of dogs, but of all who are interested, is requested. MEETING OF MINISTERIAL ALLIANCE MONDAY, DEC. 6 A meeting of the Ministerial Alliance will be held in the study of the First Christian Church Monday, December 6th. CONSOLIDATION OF PLANTS IS FAVORED

PERMISSION FOR SALE OF ELECTRIC PROPERTY IS GRANTED BY VOTERS.

MAJORITY OF 269 RETURNED

Result Means That Wichita Falls Electric Company May Take Over the Citizens Plant.

Permission for the consolidation of the properties of the Citizens Light & Power Company and the Wichita Falls Electric Company was granted by the voters of Wichita Falls Saturday, the vote by boxes being: City hall—for consolidation 52; against 42; Court house—for consolidation 412; against 153.

Total—for consolidation 464; against 195; majority 269. It was the first time that anything of this nature had been before the voters of this city, and the election was one of the first to be held in the State under the provisions of the general laws of Texas covering such cases. Some opposition was evident, and this was making itself heard to such an extent that many predicted the defeat of the proposition.

The Citizens Light & Power Company of which T. E. Dobson is the principal owner, was formed six years ago, the plant being located on Wall street. According to Mr. Dobson the investment has never been a profitable one and he considered it expedient to sell the property to the other company. Both the laws of Texas and the Wichita Falls special charter required that the consent of the people be obtained before such a consolidation could be effected.

Ready Response for Funds to Bring the National Convention to Texas Metropolis.

By Associated Press. Dallas, Tex., Nov. 20.—It was announced here today that the \$100,000 fund being raised by Dallas and Texas democrats to bring the 1916 national democratic convention to this city, had been oversubscribed \$30,000. The surplus will be used, it is announced, as a part of the \$150,000 fund to erect a coliseum for the convention. Dallas claims to be the first city to raise an "all-cash" bonus and a record is also claimed in raising the fund in three days. A special train will be run from here to Washington in December to work for Dallas' candidacy when the national committee meets.

SERBIAN TROOPS REPORTED TO HAVE RETREATED

By Associated Press. London, Nov. 20.—An Athens dispatch filed Friday says Serbian troops at Monastir retreated yesterday for four and two-thirds miles. The telegram adds that the intention of the march toward Monastir of the Bulgarians who already have occupied Prilep is unknown.

The reference to the Serbian advance is rather cryptic. Unofficial advices yesterday were that the town had been occupied by the Bulgarians. The advance may have been made before the town finally was abandoned or may mean that Monastir still is held by the Serbians.

Illustrations fail to do justice to the beauty of the Cabinets and words lack in which to describe the purity, sweetness and naturalness of the Premier tone.

If you are a musician or a lover, no other instrument satisfy you after a demonstration of the effectiveness of the wonderful Premier. At your instant command are the services of the world's most famous artists, reproduced in your own home with all the beautiful expression of the personality of the artist. The Premier reproduces equally well all makes and varieties of disc records.

Music, song and story flow from it so naturally that you lose all consciousness of the mechanical means to an end, and listen to the Premier with all the enjoyment you might feel in the personal presence of the artist. The Premier is made in many different designs, selling at \$26.50 to \$125. We sell them on easy weekly or monthly payment. Select one now and we will deliver it to your home on Christmas eve.

20 YEARS OF GROWTH IN MERCHANDISING
THIS STORE INVITES COMPARISON OF MERCHANDISE AND PRICES
It's an easy matter for a store to buy white space in a newspaper and say to the public, "We can sell merchandise cheaper than other stores;" but do they stand back of this statement? We say, frankly, that any merchandise bought in this store that will not stand comparison in price or quality, do us the favor of returning it.—KAHN'S CO.

The Proper Coat For the Woman--Her Purse and the Occasion-- At Kahn's

PARTING RECEPTION FOR MRS. HARDESTY-BARCLAY

Friday afternoon the Royal Neighbors have a reception at the attractive home of Mrs. G. B. Isler on Travis in honor of Mrs. Hardesty-Barclay, who with her daughter, Joyce, will leave in a few days to join Mr. Barclay in Northern Minnesota, where they will reside. The house was decorated in the camp colors, purple and white, with a profusion of potted plants. The honoree was presented with a handsome pair of blankets the gift of the camp. Mrs. Lula Thompson making the presentation speech. The gift was one chosen with a thought for the climate of Mrs. Barclay's future home. In response to the speech of Mrs. Thompson the honoree spoke at length and feelingly, reviewing her long and happy association with this camp. A tribute was paid to Mrs. Barclay, under whose guidance the camp has grown from a struggling few to one of the largest and most important in the state. She has been Royal Neighbor district deputy for several years and her loss will be keenly felt by both those in the order and her countless other friends. A refreshment course was served late in the afternoon to the following: Mrs. Hardesty-Barclay, honoree; Mesdames E. G. Cook, S. T. Neale, O. E. Riggsbee, Hill, West, Dillard, Tucker, Huddleston, Hurley, Burton, Smith, Thompson, Boone, English, Lindsay, Huckleby, Fowler, Stensle, Lee, Nancy and Seeley.

DANCE FOR MRS. GOOCH GIVEN FRIDAY EVENING.

A delightful prelude to the Thanksgiving festivities of which the next week gives promise, came in the dance for Mrs. Horace Gooch of Amarillo, Friday evening a formal affair with Mr. and Mrs. John Sherw as host and hostess. The house was elaborately decorated for the occasion with season-

able cut flowers and greenery, and an especially delightful two-course luncheon was served during the intermission. The guests included Mrs. Gooch, the honoree; Messrs. and Mesdames Frank Blair, Piner, Avis, E. L. Smith, Gates, Morris Marcus, Winfrey, Wade Walker, Peyton Gwynn, Larkin, Reid, Mytinger, Miss Kent and Messrs. Jake Avis and Harry Baum.

WICHITA TRAVEL CLUB MEETS THURSDAY MORNING.

The Wichita Travel Club met Thursday morning at the home of Mrs. Wiley Blair. Roll call was answered with current events and according to the usual custom questions of the preceding lesson were reviewed. Mrs. Hamilton had a paper on "The Formation of the British Government and the First House of Parliament" and a parliamentary drill completed the order of the meeting. Members present were Mesdames J. W. Akin, George W. Akin, Urban, Fauntleroy, Robertson, Bell, Shelton, Hamilton and Miss Potter.

PATHFINDER CLUB WITH MRS. R. H. GRACEY FRIDAY.

The Pathfinder Club met Friday afternoon for a two hours study with Mrs. Harry Berry as leader. Mrs. H. Gracey being hostess. An interesting current event was given by each member in answer to roll call and the lesson of Art IV was taken up as the lesson. Miss Stokes gave a concise comparison between Dryden's "All For Love" and Shakespeare's "Anthony and Cleopatra" and the program was concluded by a general discussion of the questions given out by the leader. Miss Burnside gave a report of the Federation proceedings at Brownwood. A delicious refreshment course and a social half hour closed the afternoon most pleasantly for all. The members present were Misses Burnside, Stokes, Emma Smith and Hazel Hunter; Mesdames Clarence Dethers, Burnside, Beckman, Harry-Berry and Gracey.

THURSDAY BRIDGE CLUB ENTERTAINED THURSDAY.

The members of the Thursday Bridge Club and a number of substitutes were entertained in delightful session Thursday afternoon at the home of Mrs. Wade Walker. The usual number of games was played and the souvenir crepe de chine handkerchiefs were cut for Miss Sherrod being fortunate. An appetizing hot luncheon course was served to the following members and substitutes: Mrs. Gwynn of Fort Worth, Mrs. Gooch of Amarillo, Mesdames Reese, Toney, Sherrod, Frank Blair, Winfrey, Zundelwitz, Craven, Dent, McGregor, Stahl-

MUSICIANS CLUB PLANS SACRED CONCERT SOON.

The Musicians Club met in choral

practice Thursday afternoon at the Westland club rooms. Arrangement was made for the sacred concert next Sunday at the First Presbyterian church which will be free to the public. The concert will be given Sunday, Nov. 28 at four o'clock. A final practice will be held Wednesday morn-

ing at 10 o'clock at the First Presbyterian church.

MRS. P. P. LANGFORD HOSTESS TO THE UNITY CLUB FRIDAY.

The Unity Club met Friday afternoon with Mrs. P. P. Langford hostess. The subject of the study was "Giuseppe Caponacchi" and Mrs. J. C. Hunt was leader. Papers given were: "Resume of Caponacchi's address to court," Mrs. Young; "Caponacchi before and after meeting Pompilia," Mrs. Gorsline; "Guido and Pompilia as seen by the young priest," Mrs. Hunt. Special topics for discussion were: "Caponacchi's reasons for branding the letters imputed to Pompilia a forgery"; "The insight which his speech gives into the inner life of the church"; "Is his arraignment of the court for the secular piece of punishment deserved?" A social time was spent over the refreshment plate, the club then adjourning to meet next with Mrs. A. Zundelowitz.

WHY RECEIVERSHIPS ARE NOW NECESSARY

SUNSET CENTRAL PRESIDENT TELLS OF TEXAS RAILROADS FINANCES

"BURN CANDLE AT BOTH ENDS"

Says Legislation Causes Increased Expense on One Side and Small Revenue on Other

Special to The Times.

Houston, Texas, Nov. 20.—W. B. Scott, president of the Sunset Central lines, has given out the following statement in reply to the inquiry made by H. N. Pope, president of the Farmers Union as to why so many railroads in Texas were in the hands of receivers.

"In my judgment the Texas roads now in the hands of their creditors are there because of the simple fact that they cannot, with the existing freight rates, meet their current expenses and give the people what the people, the legislatures and the commissions demand. The candle must not be consumed at both ends.

"Business to be successful must burn its returns while its permanency is carefully maintained. Railroads are no wise different from commercial establishments in this respect, as witness the extent of the present receiverships in Texas and the number of roads included therein. Revenue must equal expense of operation, interest on obligations, taxes and renewals, to say nothing of extensions, new equipment, heavier rails and additional conveniences. When earnings fall off, retrenchment necessarily follows and this means fewer employes, reduction and impairment of service and economies that sometimes seriously affect the maintenance that makes for safety and comfort, but which cannot be avoided.

Old Bugaboos Disappear.

"The old time bugaboos—watered stock, over capitalization, top heavy bonds and incompetent administration—have no place in the operation of a trunk line road. Mismanagement is quickly followed by a change in administration, while the roads which were established years since could not be built today for almost double the stock and bonds which represent their obligations.

"The roads which have contributed to the development of Texas were not unwisely built even though they were projected at a time when money was scarce and when the State was barren of immediate results, the builders having only their own faith in the prospective upbuilding of the State, based upon a knowledge of the productivity of the soil and the opportunities which awaited the man of ambition and energy.

"For the past ten years the Texas railroads have been beset upon every side. Legislation has decreased their earning powers while increasing their expenses and liabilities. Increase in labor charges and prices of material represent additional factors that have gradually lessened the earnings, while constant manipulation of rates, rate situations and changes in jobbing and competitive centers have reduced compensation for service all along the line.

"A casual examination of the following statistics, which relate to the Sunset Central lines only will, I am sure, convey a few of our arguments more forcefully than any other I think I could present:

"Expenditures account state, federal and municipal requirements and safety devices, \$2,200,000; the storm damage, past two years amounted to \$900,000; personal injury payments, Texas \$165 per mile in 1906; personal injury, Texas \$275 per mile in 1914; personal injury payments, entire United States, in 1913 constituted .385 per cent of earnings, while in Texas same year this expense was 2.472 per cent of the earnings; mail earnings per passenger train mile 10.4 per cent in 1906; mail earnings per passenger train mile 7.2 per cent in 1914; increased price fuel oil 1915 over 1906, 109 per cent; increase in all classes labor from 20 per cent to 90 per cent in 1915 compared with 1900.

Effect of Lower Rates.

"Freight rates instead of being reduced to conform to changed conditions have been gradually lowered in most of the tariffs until the minimums are from 30 per cent to 70 per cent and the maxima from 10 per cent to 50 per cent lower than the railroad commission considered reasonable more than twenty years ago, while many important items of expense have doubled.

"The whole situation resolves itself into a plain business proposition. The people rightfully demand safe and reliable transportation. This means good road bed, new ties, heavy rail, first class motive power, good passenger cars with modern conveniences, sound bridges, comfortable depots for passengers, convenient and adequate facilities for freight. All of these cost money, more money than the average Texas road can provide, under the present conditions.

"Increase in labor and material charges, taxes, personal injury verdicts, flood and storm damages, should be met by additional earnings and as earnings are reflected in rates of transportation, it follows the rates should be revised upwards instead of downwards and the roads given an opportunity of meeting their obligations to the public upon a sound and fair basis. Prosecution of receiverships, hauling and brokering should be shelved and instead there should be put in effect a spirit of mutual understanding and help and recognition of the great community of interest, which makes the railroads and the public, and particularly the farming public, positively dependent each upon the other."

SPECIAL DISPLAYS For THANKSGIVING

All Departments Participate With Assortments of Timely Interest

At last motion pictures have come into their own. We have searched the entire film market for features in the class of William Fox productions. The Equitable Company we believe has answered our demand. Fox and Equitable are programs that cannot be surpassed. We will present for the first of our Equitable program a film story that will live in the mind of every lover of the photoplay.

Clara Kimball Young - AND - Wilton Lackaye - IN - "TRILBY"

WHAT NEW YORK PAPERS SAY:

NEW YORK HERALD: The Equitable made TRILBY live again in all its picturesque charm.

THE NEW YORK WORLD: TRILBY is a genuine masterpiece. The camera work is faultless, the portrayals without a flaw.

NEW YORK JOURNAL: It is greater than any other TRILBY, and I have seen many. It is the final word in filmdom.

NEW YORK SUN:

TRILBY captured a huge audience and held it to the finish. The picture would have amazed DeMaurer himself, it was greater than the spoken drama.

NEW YORK CLIPPER:

TRILBY assures the future of Equitable. It met the unqualified approval of a biased critical audience.

We could write all day on the merits of "Trilby" and other Equitable features coming, but our space is limited. Will tell you more about this wonderful line of features later. Remember the make.

THEATRE LYDIA MARGARET Monday BROADWAY UNIVERSAL FEATURES The Distinguished American Actor WILTON LACKAYE Star of such successes as "Trilby," "The P..." etc., in a lavish production of a great play "THE MAN OF SHAME" Supported by Rosemary Theby and Harry C. Myers and a notable cast filmed in 5 great Acts. Adapted by M. B. Havely from the great French Novel "Roger La Houtte," by Jules Mary. (Pictures now Exclusively—Exclusive Pictures Only) 5c PRICES 10c

At The Theaters "A MAN OF SHAME" AT LYDIA MARGARET MONDAY Wilton Lackaye, Rosemary Theby and Harry Meyers are featured in a four part Broadway Universal special "The Man of Shame." A synopsis is given. After having sworn eternal friendship to Lucien de Noireville, Roger finds that Julia, with whom he was in love, is his wife. Roger, for the sake of his friend, decides to drop the affair between Julia and himself, but she is enraged. Roger goes to the country, where he meets and marries Marie. Roger has an enemy, Laveran, whom he had some time previously beaten in a duel. At the time Laveran swore revenge. He prevails upon Gerber to demand from Roger the large amount of money which he had entrusted to his keeping, but Roger is unable to pay that very day. Laveran, in an attempt to rob Gerber, murders him. His wife comes to visit him and notices Laveran lurking about the prison

walls. She is then convinced that he is the real murderer. Roger has a political friend, who plans to get him out of jail. Laveran hears of this, and gets the police after him. Meanwhile Roger sends for Julia, knowing that she plotted with Laveran against him, intent upon getting the truth from her. When she sees him she breaks down and confesses. Laveran arrives with the police and Julia tells them all. Laveran is then sent to jail, while Roger returns to his family.

CLARA KIMBALL YOUNG AT MAJESTIC WEDNESDAY

Clara Kimball Young and Wilton Lackaye are to be featured on the Majestic program Wednesday in "Trilby." Mr. Lackaye portrays Svengali, the role which he has interpreted so many times of the speaking stage with marvelous success. Miss Young is Trilby.

Trilby a model for an obscure sculptor, seeking adventure meets with little Billy, the Laird, Svengali, Ghecko and others. Svengali experiments with Trilby and proves that he can hypnotize her. His devilish mind conceives the idea of keeping her under magnetic power and giving her, through this power, the voice of a nightingale.

Billy and Trilby fall in love with each other and when Svengali finally influences Trilby away, and through his hellish power makes of her a great Diva, Billy is inconsolable.

Trilby mounts the ladder of fame and soon becomes a universal figure. Billy and his friends happen into a theatre one night where a fashionable audience has gathered to hear the famous La Svengali as Trilby has become known. Discovering Trilby, Billy attacks Svengali, who dies of heart failure and Trilby after months of torture recovers her own personality and is about to become happy when, facing Svengali's picture, the old influence returns and she drops dead of fright.

"A DISCIPLE OF NIETZSCHE" AT EMPRESS WEDNESDAY

Florence La Badie, Marshall West and Lorraine Huling are featured in "A Disciple of Nietzsche," a three part Than O Play on Tuesday's program at the Empress. The story is taken from the Nietzsche theory that only the fittest should survive and introduces several unusual characters. Miss La Badie portrays the weaker sister and to her go the honors of the picture.

"THE TURN OF THE ROAD" AT THE GEM THURSDAY

A V-S-L-E special production "The Turn of the Road" produced by the Vitagraph people is on the Gem program for Thursday. Joseph Kilgor, Naomi Childers, Bobby Connelley and Virginia Pearson are featured. The story is that of a man lured from his home and child by a beautiful woman and little Bobby Connelley plays an appealing part, that of little Jack. For a time it seems as if the happiness of all involved would be wrecked but by a sudden turn of fate the man takes the right "turn of the road" and all ends well.

THEDA BARA: IS SHE REALLY A VAMPIRE?

Perhaps one of the most interesting actresses shown on Wichita motion picture screens is Theda Bara, better known as "The Vampire Woman" and there is much speculation as to her real nature. A year ago she was practically unknown and her name on the billboards caused the great American commonwealth to wonder whether she was a new perfume or the latest thing in tooth paste. Immediately after her first appearance in "A Fool There Was" she leaped into fame and now wherever the flickering shadows play across the screen the slim pointed face of the vampire woman, her beautifully rounded arms and sinuous, slinky walk are well known and greeted with applause.

Is Theda Bara a vampirish off stage or rather screen as she is on? That's a question that is interesting many but the actress herself says she does not know anything about the vampire game in real life, regardless of the many sensational stories that have been going the rounds about her. She regards her work as a privilege and from some letters which she has received she is doing some good in the world by her acting, even if she is offered as a horrible example. The following letter recently received by Miss Bara from a man in New Hampshire proves

The world's largest, most talked of, most interesting and fastest growing industry of today is the moving picture business. It is the topic of conversation throughout the whole universe, and not half enough can be said in its praise. Educational from every standpoint and uplifting morally. So fast has the moving picture industry grown, the Lydia Margaret Theatre has like thousands of others changed to pictures exclusively, and now are offering their patrons one of the best programs which can be had. Taken from the pen of our most noted authors and acted by our most talented actresses and actors, some of the features for this week are on this page. We invite your inspection of our Thanksgiving entertainment.

teresting service at night. We invite all Methodists who haven't yet united with us to join at one of these services Sunday.
A. L. ANDREWS, Pastor.

Lutheran Trinity Church.
Sunday school at 9:30 a. m. Morning worship and preaching at 10:30 a. m. The confirmation class will meet Wednesday afternoon at one o'clock. We will have Thanksgiving services on Thursday at 10 a. m. Everybody is cordially invited to attend our services.
F. A. BRACHER, Pastor.

Lutheran Church (Mo. Synod)
Sunday school (German and English classes) at 9 a. m. Bible class will take place after morning service. German morning worship will begin at 10 o'clock and not at 10:30 as other Sundays as the pastor will go to Henrietta in the evening. Everybody is cordially invited to worship with us.
C. M. BEYER, Pastor.

First Methodist Episcopal Church.
Sunday school at 9:45 a. m. Preaching at 11 o'clock. Epworth League at 6:30 p. m. Preaching at 7:30 p. m. Prayer meeting Wednesday evening at 7:30. The Ladies Aid Society will hold the regular monthly business meeting in the church Monday afternoon at 2:30, and will hold their monthly social meeting at the home of Mrs. H. J. Bachman, 114 Eleventh street Friday afternoon at 3 o'clock. All ladies of the church and friends invited.

First M. E. Church, South.
Today is red letter day with this church. We want everybody to come out to Sunday school, League and the church services. In the morning the pastor will preach to the old folks the theme being "Fading as the Leaf." In the evening he will preach on "Heaven." Automobiles will be sent for all who will phone 670. We want to make this the greatest day in the year. All Methodists who haven't yet united with us are urged to do so today. The stewards ask that all who are in arrears put the amount due in the baskets today. Our last prayer meeting for the conference year will be held next Wednesday night.

Christian Science.
Services are held in the church edifice corner Ninth and Lamar as follows: Subject "Soul and Body." Sunday school at 9:45 a. m. The reading room at the same address is open daily except Sunday and legal holidays from 2 to 6 p. m. The public is cordially invited to attend the services and visit the reading room.

Christian Church.
Bible school at 9:30. Many attended prayer circle at 9:15 last week, did you? Junior Endeavor at 8. Mrs. J. W. Pond in charge. Y. P. S. C. E. at 6:30. Sam Sproles, president. Ladies Aid Monday afternoon. Prayer meeting at 7:30 Wednesday evening. For a few weeks we are studying the book of Revelations. It might be of interest and helpful to you. Thanksgiving Day is soon here. Your pastor has been asked by the Pastors' Association to preach the sermon in the First Presbyterian Church on Thursday morning. The last local minister preaching had a very small audience, no one pushing the service it seemed. Last year an outsider preached the sermon, everybody pushed for a large audience and the church was filled. Why will our churches not push their own work and pastors like they do others far away or who chance to drop in for a day or two? Sunday morning at 10:00 will be given some echoes from the lecture-ship in Vernon. Bring your friends. The ordinance of baptism will be administered at the beginning of the morning service.
F. F. WALTERS, Pastor.

We Want To Thank Our Customers

For the very liberal patronage they have extended to us during the past year. Our trade has been away beyond our expectations, and continues to increase all the time.

We also wish to invite others who have not heretofore traded with us to give us a trial when in need of groceries. We believe we are better able to serve the families of Wichita Falls and vicinity with staple and fancy groceries than is any concern in the city. The extent of our business makes necessary the buying in very large quantities, giving us the advantage of the best selection and the lowest prices in the markets. We in turn give this advantage to our customers, making prices that are low and guaranteeing the quality of every article we sell.

To parties who are responsible we are glad to carry accounts on a monthly basis, giving the convenience to the housewife of ordering goods by telephone when in a hurry, and assuring her of always having her table needs at hand without the trouble of coming to town.

We have fresh shipments of vegetables and green fruits every morning.

GUERNSEY HEIFERS ARRIVE TO START DAIRY HERD HERE

Shipment of Sixteen Thoroughbreds Here For New Enterprise of J. A. Kemp

J. A. Kemp received a shipment of sixteen thoroughbred Guernsey heifers and cows from Pewaukee, Wisconsin yesterday. The animals were driven from the car to the handsome new dairy barn just completed north of Mr. Kemp's house. The heifers arrived in fine shape and Mr. Kemp was so pleased with them that he drove along behind the herd as it was driven from the stock car to the dairy barn.

The shipment was accompanied from Pewaukee by a Mr. Jones who will have charge of Mr. Kemp's herd. Mr. Kemp plans to build up a herd of Guernseys that will be unsurpassed by any in the Southwest.

MISSING SCHOONER LUCY H. IS FOUND AGROUND

Vessel That Sailed Without Clearance Papers Has Been Located Near Pensacola, Fla.

By Associated Press. Atlanta, Ga., Nov. 20.—The American schooner, Lucy H., which recently left Key West with a cargo of arms and ammunition presumably for Mexico, and without clearance papers, has been found near Pensacola according to announcement made here today by special agents for the department of justice. The vessel was anchored and in good condition. The Lucy H. has had a varied career in the past three months. During September she was cleared for Mexican ports with arms and ammunition. The night before she sailed, the steam yacht, Buena Ventura, was stolen from Key West. The yacht was found outside Key West with six members of the crew of the Lucy H. aboard. It was re-

ported they had planned to transfer part of the Lucy H. cargo to the yacht. The men were arrested but their cases were never disposed of. The Lucy H. put to sea on schedule, but ran aground, but returned to Key West and her papers were held up. On October 31 she sailed without clearance papers and later was reported to have landed her cargo in Mexico.

MANY CLAIMANTS FOR SYRUP IN VERNON JAIL

(Vernon Call)
There are 405 gallons of Wilbarger county seeded ribbon cane syrup at the Wilbarger jail awaiting orders from the court, which has caused much litigation. The cane to make the syrup was raised on the land of Mrs. T. H. Jones by L. M. Caruth, and the syrup was made and put up by Will Stanley. A suit for landlord's lien and labor join was tried in the justice court last Thursday. Mrs. Jones was given judgment for \$160 and Stanley awarded \$66 (labor lien) against the 405 gallons of syrup. The parties were suing L. M. Caruth and N. B. Obenault for alleged rent due on the land north of Vernon, that the sorghum

was grown on. Sheriff J. D. Key was made a party to the suit by reason of his executing and levying an attachment on the syrup, which is in his possession, as sheriff. Stanley came in as an interpleader, he having made the syrup. The suit of L. M. Caruth vs. N. B. Obenault and Sheriff Key, tried at the same time, for alleged home consumption of syrup and damages, was decided in favor of the defendants.

PEANUT PICKER FINDS WORK IN CLAY COUNTY

(Henrietta Review)
Citizen Will Dugger has been at Haisell this week with his peanut picker, handling a few small crops. His next machine engagement is in Thornberry precinct where 100 acres were given to this crop. Mr. Dugger grew 35 acres of peanuts this year on his place east of Henrietta and is well pleased with results. The nuts are saved and stored represent 45 bushels per acre, and the forage one ton. The nuts may be counted on at a price approximating \$1 per bushel and he has sold all the forage he can to part with at \$12 per ton. And now the hogs are seeing prosperous days with the waste in the field. His expenses for help were

JURORS FINE SPEEDER, THEN HELP PAY FINE

(Frederick Leader)

After having voted to convict Albert Owen of violating the speed limit of Grandfield, in a trial in Justice Buchanan's court in that town Tuesday, several members of the jury helped pay the fine. The speed limit is fixed by the Grandfield ordinance is eight miles an hour, all over the city. Owen was arrested for exceeding this maximum. He was tried first Saturday with a hung jury. At the second trial Tuesday several members of the jury realized that while it was their duty to find Owen guilty under the law and the evidence, it was also with him the cause exceeding the eight mile limit is a habit in Grandfield. They therefore, chipped in on his fine and the city attorney, F. J. Hansen, remitted his fees.

FOREIGNERS EMPLOYED FOR WORK AT BURKBURNETT

(Burkburnett Star)
When the train arrived last Satur-

day a large number of foreigners wearing rather dusky complexions alighted from the cars. They evidently came prepared to stay as many of them carried great loads of bedding and other luggage. They are being employed about 100 in number, it is reported, in laying the six inch pipe line from the local oil field to the new refinery being put in at Wichita Falls. The laborers are reported to be Bulgarians, mostly and some of them are said to be crippled as a result of army service in recent wars.

VERDICT FOR ONE DOLLAR AGAINST JESS WILLARD

By Associated Press. Oklahoma City, Nov. 20.—Damages of one dollar were awarded A. H. Currell and A. W. Phillips against Jess Willard, champion-heavyweight pugilist of the world, by a jury in a suit here today. The plaintiffs sued for \$40,000, claiming that Willard had broken a contract given to them four or five years ago, which gave them the entire handling of his affairs. They also claimed they had advanced him numerous sums of money during the days when he first was breaking into the fight game in Oklahoma City.

GOOD BOUT STAGED BY DAVIS AND "RED"

HONORS PRACTICALLY EVEN BETWEEN BOXERS AT ATHLETIC CLUB FRIDAY

CROWD SEES EXCELLENT CARD

Interesting Preliminary Events—Davis and Henderson to Fight 15 Rounds Thursday Night

While opinion is sharply divided as to whether "Red" Henderson or "Sally" Davis had the better of the boxing argument at the Business Men's Athletic Club, all who attended are agreed that the program in general and the main bout in particular, were all that could have been desired from a standpoint of entertainment. As between the two boxers, the question is one of individual opinion, the two being so evenly matched that a newspaper decision or any other kind would be difficult to render.

It may be said, however, that Henderson made a far better showing than Harry Walsh did when the latter opposed Davis. Henderson showed speed and agility that was nearly, if not quite, a match for the active and nimble maneuvers of the Davis representative. It had been thought that Davis would have an easy match with Henderson, but the red haired one surprised and gratified his many friends here by proving himself Davis' equal in nearly every particular.

The bout was full of steam and speed and was one of the best yet staged here. It was the first to be held in the athletic club's quarters and while there were not seats enough for the crowd, the arrangement otherwise was thoroughly satisfactory. It is promised that the next bout is held, Thanksgiving night, there will be no lack of seats. On Thanksgiving night, Davis and Henderson will try to settle the decision which attended last night's mill, by going fifteen rounds and this contest is one which may be eagerly anticipated by local fight fans.

There were some interesting preliminaries that rounded out the evening's card very nicely. First came a battle royal in which five youngsters participated. Three of them fell by the wayside, leaving two sons of Mike Levine in the ring. The youngsters went for each other without any signs of brotherly affection and scrapped quite vigorously to the enjoyment of the spectators. Harry Lattrell and Weldon Gray, two boys, next donned the gloves, for a three round contest in which both acquitted themselves quite creditably, neither having any marked advantage.

Howard and Jack Bell, the young brothers who appeared on a previous program, entertained the crowd with a scientific and clever three round bout in which neither had much on the other. They fought with a skill and speed unusual in boys of their age and their performance was one of the evening's best features.

Kirk and Skeen were the next to oppose each other. Kirk apparently having the best of a three round argument, although Skeen made a favorable showing.

Hefner and "Shag" Devine staged

a three round bout for the next event. It was Shag's first appearance in the ring, and while he displayed some talent, the other was easily the superior.

Then came a battle royal with five negroes in the ring. One of them was a mere boy who occupied himself chiefly with keeping out of the way. Three of the participants soon quit after some fast and furious fighting had been witnessed, and the two remaining fought for some minutes before one of them tired of the fray and quit.

Judge Scurry addressed the crowd while the preliminary program was being held, urging all present to support the court house bond issue which was voted upon yesterday. T. E. Dobson, owner of the Citizens' Power Plant, also spoke, urging support of the proposition to sell the property.

Manager Howard of the athletic referred the main bout; applause greeted both boxers as they entered the ring. Henderson became the aggressor as soon as the gong sounded and soon forced Davis to cover up, but the latter used the clever dodging tactics for which he is noted and kept out of reach for most of the time, though it was Henderson's round. In the second round, Davis took the offensive and Henderson came back at him vigorously the two mixing things briskly for a few seconds. Davis did not seem to be handling things as well as in his bout with Walsh, and it was again Red's round. The third round began with some of the hardest fighting yet seen here, the real bear cat stuff being displayed. Davis emerged from the fray with a mark under his right eye where one of Henderson's swings had found a tar-

get. For the remainder of the round however, Davis showed splendid form and he landed on Red for several hard knocks. This was Davis' round.

In the fourth round Davis showed more disposition to rush the fighting and became an aggressor, forcing Henderson to cover. Red protected himself quite successfully and Davis fell to the mat once when Henderson side stepped one of his rushes. The fifth round saw both boxers trying to take the lead and there were alternate rushes by each with no scoring by either. Davis' defense appeared to be improving. The sixth was easily Davis' round, Henderson being several times forced to cover up, while the other rushed things. In the seventh, Henderson came back, brilliantly rushing Davis across the ring in great style but Davis also did some rushing before the round ended. Henderson attempted to repeat his rushing tactics in the eighth, but Davis stopped him cleverly and managed to land several hard blows. The fight showed up somewhat in the last two rounds which passed without any fea-

ture. The sixth was easily Davis' round, Henderson being several times forced to cover up, while the other rushed things. IMMIGRATION FRAUDS ARE TO BE INVESTIGATED

By Associated Press.
San Francisco, Nov. 20—A broad investigation of the federal immigration service on the Pacific coast has been instituted on authority of Secretary of Labor Wilson, according to a statement today by Assistant Secretary of Labor John Dismore. Dismore is directing an inquiry into many charges that have been preferred against the immigration service in California. The present investigation is said to have resulted directly from the exposure of a Chinese smuggling conspiracy after the arrest of 36 Chinese brought to this port on the last voyage of the steamship Mongolia.

THERE ARE

Some citizens in Wichita Falls, who's dear old father and mother rest in unmarked, unremembered graves.

Old Mother Earth is far kinder towards them than they. She endeavors each year to spread the soft green mantle of love above them, and in so far as possible hide human negligence from the eyes of friends who pass that way.

Peace be to their ashes, God has not forgotten even as the Sparrow falleth not unnoticed by him.

W. O. W. COUNTY INITIATION PLANNED NEXT WEDNESDAY

Number of Candidates Will Be Given Secret Work—State Manager to Attend

Wednesday evening at 7:30 Wichita Falls Camp No. 3061 will meet and initiate the following candidates: Wilford Harrison, McKee, L. E. Jones, Marvin Smith, W. T. Burk, D. C. Walker, C. V. Ragsdale, W. S. Thornston, E. M. Reynolds and F. Shade. The meeting will be a county initiation, and Iowa Park, Burk Burnett, and Electric Camps will bring several candidates to be initiated. The degree team of 3061 will have charge of the initiation and Captain J. H. Moore and Colonel Bob Board report the team to be in fine training for the degree work.

R. H. McMill, W. O. W. state manager from Dallas, Texas will be present with his staff, and will make a talk to the members on the new work. J. A. Medlock, state deputy, will tender to the members in Wichita Falls Camp that has the most need-up applications, a handsome \$20 gold watch.

There will be talks made by Mayor Britain, Judge Harvey Harris, and Judge W. B. Chaucey, members of 3061. The meeting will have the regular routine of business aside from the initiation, and some social and humorous skits will be in order. Invitations have been sent to all the local camps of the county, and all are cordially invited to be present.

FOOTBALL TODAY BY TWO LOCAL ELEVENS

MOORE'S TIGERS AND COURTNEY'S BEAR CATS TO MEET THIS AFTERNOON

TEAMS VERY EVENLY MATCHED

Game Arranged After It Was Found Impossible to Get Out of Town Team

Although no out of town football team could be found willing to come here for a game with the locals this afternoon, fans will be able to see a game nevertheless, and it promises to be a good one. The opposing teams are made up of the regular squad and substitutes, with a few additions of the Independents. One team is headed by Clarence Moore and is to be called "Moore's Tigers." Tom Courtney is the captain of the other team called "Courtney's Bear Cats."

The game will be called at three o'clock at the city ball park and an effort will be made to start promptly. There will be an admission fee of 25 cents.

The Bear Cats average 158 pounds and the Tigers 171, but the latter's advantage in weight is not expected to count heavily against the speed of the Cats. The teams were shown with a view to matching them as evenly as possible, and members of the regular team are evenly distributed between the two elevens.

The lineup will be as follows:
Bear Cats—Hickman, c; Lewis, rg; Miller, lg; Skeen, rt; Cook, lt; Courtney, re; Bachman, le; Stanforth, qb; Clopton, rh; Hawthorne, lh; Powell, lb.
Tigers—Colburn, c; Holliday, rg; Hagemeyer, lg; Bell, rt; Nebitt, lt; Moore, re; Erwin, le; Mathis, qb; Tevis, rh; Smith, lh; Jungk, lb.

ROUMANIA IS EXPECTED TO MAKE DECISION SOON.

By Associated Press.
London, Nov. 20.—Athens dispatches estimate that more than 80,000 Bulgarians are facing 50,000 Serbians in the Monastir region in south Serbia. The Serbian forces which have evacuated Perlepe, following their forced abandonment of Babuna Pass are expected to retire to the heights between Perlepe and Monastir and eventually retreat towards Albania, the advices state. In the face of the concentration of both Austrian and Russian forces on the Rumanian frontier, Rumania is expected quickly to reach a decision as to her attitude, according to a Bucharest dispatch to Rome.

Power—Accessibility—Dependability

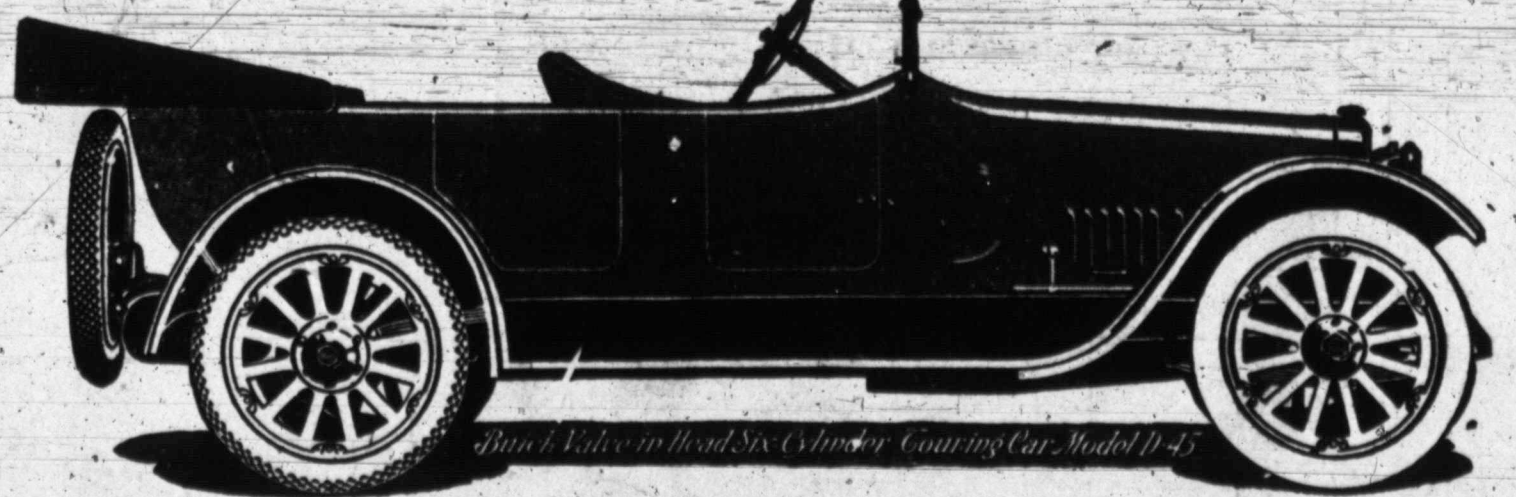

Pioneer Builders
Valve-in-Head
Motors

Power in the motor car is seven-tenths of the time a dormant factor, but, when it is needed, the most important of all others. Whenever power is needed the Buick Valve-in-Head motor is the most efficient. No engineers or writers of recognized authority in either the United States or foreign lands hesitate to admit this. The leading builders of motors for all purposes

where constant power is demanded, such as in the aeroplane, the submarine and marine engines, unhesitatingly adopt the Valve-in-Head type.

The simple construction of the Buick Valve-in-Head motor makes all parts accessible. They are where they can be seen. No uncertainty or guess work, no complication of moving parts to make oiling a difficult problem.

The success of the Buick Valve-in-Head motor is due to the fact that it is not an experiment, not an uncertainty. The Buick is a car of proven value and dependability.
