The Grandmother.
I came back home from frozen Nome. And walking up the street. What should I see ahead of me? But something slim and sweet. A string of pearls and Pickford curls. A dress of gauzy stuff That cleared—it did!—boot tops of kid. Some baby, sure enough.

I followed her four blocks, yes, sir! She had me hooked, you bet. I made a bow: "Beg pardon now. I think that we have met." She turned around and from the ground My feet refused to stir. I felt so weak I could not speak; It was my grandmother.

MRS. J. L. ART GIVES DELIGHTFUL RECEPTION

In the reception and tea given Saturday afternoon by Mrs. Joseph Leonard Art at her home, 1009 Brook there was a double reason which promised the hospitality, to honor Miss Rose Reisenberg, of Sherman, her sister, who on the occasion of her visits here has become quite a social favorite and to introduce to local society Mrs. Louis Cohen who has but recently claimed Wichita Falls as her home. And for this reason the occasion was more unusually enjoyable, being as it were an introduction to the Thanksgiving holiday season.

The Art home was charming, the background of ferns and flowers providing a fit background for the beautifully gowned house party, which included a number of matrons, one of the brides of the season, Mrs. Bentley Bacon and several of the young girls, friends of Miss Reisenberg. The windows and arched doorways were outlined with smilax and other greenery in which carnations were caught here and there, the color motif of pink and white being marked throughout the reception suite. The daintily appointed tea table, presided over by Mrs. Leon Loeb was especially pleasing to the eye. The polished table was overlaid with lace and was centered with a mound of pink and white—plume chrysanthemums, banked on a silver reflector. The buffet was likewise banked with rare chrysanthemums in the prevailing tones. Here a sandwich plate was served with the tea, and pink mints repeated the color note. Before leaving the guests were refreshed with punch, Miss Kahn being at the punch bowl. Victrola selections were given throughout the afternoon. The seveners, pinned on the guests by little Miss Anna Ruth Kahn, were miniature turkeys, tied with pink ribbon and bore the date and the name of the honorees.

The callers were met by Mrs. C. R. Hartsook, who with Mrs. H. J. Fenton was in the reception hall. Mrs. Hartsook wore a taffeta frock of grey, trimmed with touches of coral and accordion pleatings. Mrs. Fenton's gown was of black flowered grenadine over turquoise blue with jet trimmings. Mrs. Ed Sanders wore a frock of pink silk net edged with crystal lace, over pink accordion pleated chiffon. Mrs. Alex Kahn's gown was of black silk lace over cloth of silver with touches of pale blue and red corsage rose. Mrs. Claude Woods was gowned in white taffeta, the bodice being made of white Chantilly lace with girde of blue. Mrs. Strib Moore wore a gown of pink crepe de chine, combined with Georgette crepe and trimmed with lace. Mrs. Merrill Blair's frock was of pink accordion pleated chiffon with girde of blue and crystal trimmings. Mrs. Watter Robertson wore a robe of black spangled net, over pink satin, jet trimmings and court train. Mrs. Bentley Bacon wore a creation of white chiffon velvet, chiffon, net and white fur. The girde was of silver cloth and the bodice was formed of bands of beaded net and chiffon. Mrs. H. A. Allen wore a gown of blue and corn colored chiffon in rainbow effect with girde of Dresden, satin. Little Miss Anna Ruth Kahn wore a white lingerie frock with hair and sash bow of pink. Mrs. Leon Loeb wore a frock of pink flowered chiffon, accordion pleated and trimmed in cream silk lace and black velvet ribbon. Miss Frances Hunter wore a gown of canary yellow brocaded satin, trimmed in old lace and cut entrain. Miss Hazel Hunter's frock was of nile green satin with lace over dress, trimmed with coral cut velvet. Miss Mary Orth wore a quaint 1830 model of satin striped taffeta, trimmed with smocking and ruffles. Miss Blanche Kahn's gown was of yellow chiffon over yellow messaline, the bodice of cream silk lace over shell pink chiffon and trimmed with blue velvet.

EGG NOODLES

Two eggs not beaten, one-half teaspoonful of salt, three tablespoonsful of cold water. Mix very stiff with Belle of Wichita Flour, roll and pull very thin, spread on large cloth to dry. When quite dry roll up shred fine, drop in chicken or beef broth and let cook twenty minutes. If let dry thoroughly it will keep some time. Contributed.

Club held Saturday evening was a very enjoyable affair, the evening being devoted to forty-two. The ladies of the club acting as hostesses had made arrangements for a Thanksgiving party and the club rooms were prettily decorated with chrysanthemums in a color scheme of yellow and white, which was followed in the refreshment course of brick cream and cake. The score of the game was marked on cards adorned with turkeys, pumpkins and other Thanksgiving insignia and the refreshment accessories were in keeping with the general motif. Victrola music and piano selections by Mr. Linn were welcome additions to the evening's entertainment. Two high score prizes were given, a cut glass nappie going to Mrs. J. C. A. Guest while S. E. Simpson received an ivory clothes brush. Those enjoying the evening were Messrs and Mesdames R. D. Thorburn, Sellars, Guest, J. S. Walker, H. C. Carpenter, J. G. Pressley, W. G. Hoffman, Drinkard, L. Tamm, Hancock, Simpson, Formby, Wade and Mr. Linn.

WHISKEY SALES NUMEROUS ELECTION DAY AND SUNDAY

Ten Arrests Are Made—Negress Hits Deputy Sheriff McFall With Lamp

Ten arrests have been made by the sheriff, constable and police departments since Saturday morning for alleged violations of the liquor laws, there being a number of persons who sought to alleviate the two days' drought and to profit there by. Five negro women, one white man and one white woman were taken into custody. In arresting one of the negro women, Deputy Sheriff Bob McFall had some trouble that came near being serious. With other officers, he raided a negro house Sunday morning interrupting a crap game and finding a negro woman who was wanted for selling liquor. She refused to accompany him and drew a knife, which McFall knocked from her hand. She seized a lamp and struck the officer with it, cutting a gash in the side of his head. McFall drew his pistol and fired, missing the negress, but causing her to cease her resistance. McFall had more trouble before the day was over when he arrested three men who were charged with beating up a fourth in the flats. One of the men resisted arrest and went to the ground with the officer before he consented to come along.

One of the negroes arrested on the liquor charges is known as "Show." He sold half a pint of whiskey to Politman George Gilham and was shortly afterward taken into custody. "I knowed Mr. George was a law," said Snow, "but I thought he was cold and wanted a little drink. Next time he'll have icicles on him as big as I is 'fore I'll give him a drink."

The Majestic.

Theda Bara is featured in "Sin" a Fox feature which will constitute the program at the Majestic for Tuesday. Miss Bara plays in one of her characteristic vampire roles in "Sin." The story runs of Italian lovers, the girl Theda Bara. Love of jewels causes to prove false to the man who loves her and she induces another man, an Italian, also to steal the jewels from the breast of the Madonna. Too late he finds that "the soul he got from God he has bartered for woman's clay" and at the close the pitiful plight of "the fool" is revealed, deserted by the heartless woman, who also receives her just dues.

The Allendale box has reported at last. Only 11 votes were polled—five for the court house bonds and six against. This makes the total for the entire county stand as follows: For the bonds, 666; against, 604. Majority for the bonds 162.

A few years ago about the best price that could be obtained for a yearling steer calf was \$10 and now they sell readily for as high as \$40 per head. And strange as it may seem, more stockmen were engaged in the business a few years ago when the price for cattle was low than there are now.

Thursday is Thanksgiving. Wichita Falls and Wichita county have much for which to be thankful, not the least of which is that bonds to the amount of \$225,000 have been voted for building and equipping of a new court house.

If the plants that manufacture war munitions were owned and controlled absolutely by the government there would be little or no opposition to placing the United States on a war basis and building a navy second to none in the world. In other words, if congress would enact such laws as to make the manufacture of war munitions unprofitable there would be few if any wars. Those who have their millions, as a rule, are never satisfied, and will resort to almost anything to add to them. The matter of having rivers of blood shed never deters them. It is not their blood. As a rule they stay out of range of the bullets they manufacture and sell at a profit. All they care for is to make more money.

In the three-cornered race for the senatorship in Tennessee, Luke H. Lea, present incumbent, seems to have lost out in the primary election of last Saturday. Congressman McKellar receiving a plurality of 2,700 votes over ex-Governor Malcolm R. Patterson, and a second primary is to be held in which only the two who polled the largest vote—McKellar and Patterson, will be candidates. The official returns of Saturday's primary gave McKellar 42,180 votes; Patterson 39,482, and Senator Lea, 32,035. On the question of statewide prohibition, Lea and Patterson were counted as pros, while McKellar was neutral, but a strong enough anti to receive strong support from them. Senator Lea gracefully admits defeat, and will take no part in the second primary, pledging himself to support the nominee.

WHAT NATURE WILL DO IF COAXED.

There is something new under the sun and the New York Times analyst tells the story. Sam McCall is an Alabama negro. He is a former slave, 75 years old, and he has shown what can be done in the way of producing cotton.

C. T. Revere tells about it in the New York publication. Sam McCall lives on a small farm in Alabama. Twenty years ago he was a share-cropper, a despised negro tenant, and he barely existed. Sterile land was cheap and so he grubbed together sufficient money to make a payment on twenty acres. For years it had produced one-third of a bale per acre.

Today Sam McCall gets eight bales of cotton per acre against the South's average of two-fifths of a bale. Isn't this former slave, this ebony-

hued son of Africa, entitled to a place in the public gallery of men who have done things? The Record thinks so. Sam McCall has one ambition—to raise nine bales on a single acre before death calls him.

How did he do it? Well, he had a little farm where the top soil had been washed away, leaving the unproductive subsoil exposed in many places. He did not know anything about soil conservation that appears in books. He is unable to read or write.

Too poor to buy commercial fertilizer, he employed his children and grandchildren to get leaves and leaf mold from the woods of the unused portion of his land.

Mr. Revere tells what happened. Sam McCall owned a horse and two cows. The stable fertilizer was guarded carefully and returned to the field. When he raised corn or cotton he did not burn the stalks, but broke or cut them up and plowed them under. When he raised cotton this old negro returned to the soil all that it had produced except the lint and a portion of the seed.

He practiced crop rotation. He sowed cowpeas among his oats. He followed oats with corn and corn with cotton. The soil needed decaying organic or vegetable matter. Sam McCall fed the soil.

Year by year he plowed deeper until he broke his ground to a depth of ten inches, thus obtaining a loamy soil lightened by the decaying corn stalks, cotton stalks and stable manure. His neighbors sneered at him when he rejected their advice. This old negro said that the soil needed plenty of potash, nitrogen and phosphoric acid—the three elements of plant food. He fed the soil and then he plowed to a great depth in order to conserve the moisture in times of drouth and absorb moisture in times of too much rainfall.

In 1898 his two-acre cotton patch produced seven bales. This was the highest report in the South up to that time. Then he studied seed selection, and he believed that under perfect conditions he could raise nine bales per acre.

In 1913 he came very near reaching that figure. On a measured half acre of perfect stands, he had 612 plants that produced an average of 23 1/2 ounces of lint for each plant, or one bale for the eighth of an acre.

Marvelous; but on two acres he has produced as much as 320 bushels of corn in a season. On one acre he planted oats in rows and received a yield of 70 bushels. He harvested the oats in May and then planted cotton, and on this acre he produced three bales weighing 604, 506 and 510 pounds, respectively.—The Fort Worth Record.

YOUNG MAN ARRESTED FOR CURSING, DISCHARGED

A young man who lives in a neighboring town was charged in the city court this morning with using profane language in a public place. He was arrested Sunday at the Union Station. He said he was asleep in the station when he was roughly awakened by the station officer. He said he had a ticket and felt justly indignant and that he did not believe anyone other than the officer who disturbed his slumber heard him. The officer was not present to testify against the young man and City Attorney Nutt's motion to dismiss the case was sustained.

TO OUR PATRONS!

We want to thank the patrons of the P. H. Pennington Store for the very liberal patronage given to us on the opening day of our going-out-of-business sale on Saturday, and for the very enthusiastic evidence of confidence that was shown by the people who have been our customers for the past nine years.

It is with no little pride and thankfulness that we are come to a realization that the people of Wichita county feel such confidence as was shown Saturday by their presence in such tremendous crowds solely on our statement that they should have the benefit of vastly reduced prices. We believe our business was the largest one-days' selling of merchandise at retail ever done in Wichita Falls, having run considerably more than \$2,500. At this rate it would take us nearly to the end of the year to close out every dollar's worth of goods.

If you were not on hand Saturday, be sure to come during the week. Thousands of bargains are here for your selection, and we want you to have them.

While our sales force was greatly increased for this sale, it was inadequate to care for the large crowd of eager buyers, Saturday, and for this we wish to apologize, and to promise that in the future we shall be able to give each customer the service which is their due.

THERE ARE
 Some citizens in Wichita Falls, who's dear old father and mother rest in unmarked, unremembered graves.
 Old Mother Earth is far kinder towards them than they. She endeavors each year to spread the soft green mantle of love above them, and in so far as possible hide human negligence from the eyes of friends who pass that way.
 Peace be to their ashes; God has not forgotten even as the Sparrow falleth not unnoticed by him.

BIG SATURDAY BUSINESS AT THE PENNINGTON SALE

There is no evidence of hard times in Wichita Falls, judging by the number of buyers at the Pennington sale Saturday. All day long the store was thronged with eager shoppers and clerk service was at a premium, so keen were the ladies to buy.
 "I believe we can claim without exaggeration that it was the biggest one day's selling of merchandise at retail ever accomplished in Wichita Falls," said Mr. Pennington, "and I want to thank the people through The Times for the magnificent manner in which they responded to the advertisement of our going out of business sale. And I also want to express my heartfelt thanks for the many years I have enjoyed their confidence and patronage. After nine years in business here, during which I have sold nearly a million dollars worth of goods, I have always made it a principle to tell only the truth about the goods, both in our ads in our selling and when I decided to retire from business I thought I would make a simple statement to that effect, leaving the matter of prices to the judgment of those who had been our customers and who were to be the buyers of the merchandise we offered. The avalanche of customers who came to us Saturday and showed their confidence by their eagerness to buy made me almost sorry that I am to quit."
 To have gained this confidence of our people is the very best part of the business, so far as I am concerned. More than a hundred people told me Saturday they were truly sorry that I was going out of business, and these and other expressions of like nature makes a fellow feel that the time has not been mis-spent. We sold over \$2500 worth of goods on Saturday and at this rate it will not take till January 1st to sell out the entire stock, but of course I do not expect every day to be like Saturday. By the first of the year, however, I expect to have the stock completely sold out, and be able to spend my time at leisure.

Pop Corn Vender Now Welthy Man; Owns Cushing Oil Tract
 Dalhart, Tex. Nov. 22.—Twelve years ago A. B. Wall, now of this city accepted five acres of land near Cushing, Okla., from a half-breed Indian in payment of a note for \$125, because he could not collect the note any other way. The land lay idle all these years while Wall made a modest living as an itinerant popcorn vender. Last week Wall, now an old man, received a telegram from a friend in Cushing that oil had been found within thirty feet of his land and for him not accept any offer for the land until he visited Cushing. The friend a banker, had
