

SAYS AMERICANS SENT SUPPLIES TO DEWEY AT MANILLA

COUNSEL FOR HAMBURG-AMERICAN LINE OFFICIALS CITES TORIC, PRECEDENT FOR ACTS OF HIS CLIENTS.

CASE WILL GO TO JURY TODAY

Attorney for Defense Declares Captain Boy-Ed Naval Attache, Did Nothing Not Sanctioned by International Law.

By Associated Press. New York, Dec. 2.—Counsel for the four indicted officials of the Hamburg-American line whose case is expected to go today to the jury went back in his summing up today, to the days of Dewey at Manila and a vindication of the acts of his clients in sending coal and supplies from American ports to the German fleet in the South Atlantic in the early days of the European war.

During the blockade of Manila, it was claimed, Dewey's ships were supplied by an American firm at Hong Kong, which cleared British ships for the Chinese port of Macao and these ships, whose manifests said they carried scrap iron, transferred supplies to the United States warships. Nothing was ever done, it was asserted, about this.

Roger B. Woods, conducting the prosecution, objected to this argument but was overruled by Judge Howe. Mr. Wood contended that the situation in Manila in 1898 had nothing to do with the situation before the court.

"It has everything to do with it," replied William Rand Jr., who summed up for the defense, "it is the same situation. Shall we say what we called as a virtue in loyal American citizens at Hong Kong in 1898 has become a vice in the case of loyal citizens of Germany in New York in 1914?"

Reviewing the alleged participation of Captain Boy-Ed, the German naval attache, Mr. Rand said: "He has done nothing not sanctioned by the law of nations and of the United States."

When Mr. Rand concluded, adjournment was taken until 1 o'clock when Mr. Woods began to sum up. Yesterday afternoon Buens testified that he arranged for the shipment of coal and supplies, chartered various neutral ships through John H. Gans and spent altogether about \$1,500,000 in trying to accomplish his object. This money was repaid by the home office in Hamburg.

"Did you see Captain Boy-Ed, the German naval attache while you were directing the movements of these vessels or chartering them?" asked Rand.

"I did."

"Did you take your instructions from him?"

"No, I was working under our agreement with the German government."

"But he knew what was going on?"

"Yes, he knew."

Dr. Buens concluded his direct testimony by asserting that he had never heard of the steamer Marina Quesada, which sailed Dec. 16, 1914 from Newport News to supply German cruisers, so the government charges that he had not tried to obtain false manifests, and that nothing was further from his thoughts than to deceive or defraud the United States.

On cross examination Dr. Buens testified it was his intention to have relief ships proceed empty to the destinations named in their clearances, after they had transferred their supplies at sea.

"What did you consider your obligation to the United States?"

"I didn't give it much thought, I regard the United States as a friendly power and I didn't want to break its laws."

FRISCO IS AUTHORIZED TO BUY NEW STEEL RAILS

By Associated Press. St. Louis, Dec. 2.—The St. Louis and San Francisco railroad was authorized by Federal Judge Sanborn here today to spend \$651,000 in the purchase of steel rails and equipment to replace worn out and defective equipment on its lines in Missouri and Arkansas. About 17,000 tons of 90 pound steel rails will be used for these improvements.

THREATS AGAINST GREECE BY GERMANY ARE RUMORED

Athens Government Said to Have Been Told It Might Lose Macedonia Provinces.

By Associated Press. Athens, Dec. 2.—Representatives of Austria and Germany have informed the Greek government, according to a newspaper statement here, that if the demands of the quadruple entente are granted, the central empires "will cease to consider Greek Macedonia as friendly territory."

TRADE CONDITIONS SHOW IMPROVEMENT

REPORTS FROM FEDERAL RESERVE BANKS RECEIVED AT WASHINGTON.

GENERAL TONE IS FAVORABLE

Dallas Bank Reports Conditions in Southwest Much Better Than Year Ago.

By Associated Press. Washington, D. C., Dec. 2.—Reports of business conditions throughout the country from federal reserve agents are in the main favorable and show improvement for November, according to information from these sources, published today by the reserve board.

Reports to Dallas from Texas, Southern Oklahoma, Northern Louisiana, Southern New Mexico and Southeastern Arizona, are said to show a gratifying recovery from conditions existing at this period a year ago.

Although farmers in the Kansas City district are reported as showing a decided inclination to hold wheat for higher prices, a considerable amount now is moving to the market. With clear weather approaching, improvement is looked for in the commercial, industrial and business conditions.

St. Louis says there is indication of a considerable increase in business activity in all parts of that district. Business developments in the Chicago district are reported favorable and confirm former reports of general recovery, with accumulated orders for future delivery in steel equipment, cars and heavy structural forms.

Further developments of "the very satisfactory general conditions heretofore reported," feature the Richmond district.

Atlanta reports conditions generally as representing more of a continuation of the favorable situation and outlook for the previous month, than new features.

Boston says business has improved "but slightly, if at all," but that the economies of the past few months are not now being so rigidly observed.

Activity and improvement in trade and industry continued during the month, New York reports.

Philadelphia says that conditions throughout that district gradually are becoming better and substantial improvement is reported in nearly all lines.

A tremendous demand for steel products continues throughout the Cleveland district, with prices the highest since 1908.

Industrial conditions are reported good in the Minneapolis district with labor fully employed.

San Francisco is hoping for reasonable stability in its commerce, the report says, with a perceptible betterment in lumbering and important inquiries and considerable buying which have somewhat strengthened the demoralized prices.

SAYS DECLARATION OF LONDON IS INVALID

London, Dec. 2.—"The Declaration of London has no international validity and adoption of the declaration by an order in council does not involve the creation of an international tribunal," said the Marquis of Lansdowne, minister without portfolio in the British cabinet, in answer to a series of questions put by the Earl of Portsmouth in the House of Lords. "We have adopted the declaration only with very considerable and important modification, and we adopted it only partially and for the guidance of our own courts."

The Earl of Portsmouth's questions were submitted with a view to eliciting the exact position of Great Britain with regard to the Declaration of London and to setting at rest or confirming the reports that Lord Reading had made an arrangement with the United States government for the reference of claims to an international tribunal after the war.

STEPHENS WANTS TO KNOW MORE ABOUT PREPAREDNESS

Washington, Dec. 2.—The plan of Representative C. H. Taverner of Illinois for a congressional investigation into the source of the most frightful war in history, for fifteen months the people of the world have waited for their governments to act; have waited for their governments to bring Europe out of unspeakable agony and suffering and to prevent Europe's destruction.

"Meanwhile millions of men in the battlefields are dead. Humanity owes it to the million more who are led like cattle to the shambles to prevent the slaughter.

"If the Christianity of our boasted twentieth century civilization stands for principles, the great Prince of Peace enunciated this can be accomplished."

"There is no nation that has not declared it does not want this war. There is no nation that does not at heart ardently long for peace. But warring nations can not find it. Neutral nations must arrange the way.

"We therefore plan a mediating conference. Men and women from America who believe in the ideal international disarmament are sailing in the peace ship Oscar II. Scandinavia-American line, leaving New York December 4. They will proceed to Christiania, then Norway's valiant sons and daughters will join the crusade. In Stockholm the ship's company will be reinforced by the choicest of Sweden's people.

GRAIN INSPECTION YARD PLANNED AT GALVESTON

Galveston, Dec. 2.—The establishment of a grain inspection yard at Galveston, that grain may be inspected and certified immediately on its arrival at the port, probably will be made within a short time. Such an inspection, dealers believe, will put the port of Galveston on the same basis as the port of New Orleans and although it may bring no new business to Galveston, it will prevent any threatened diverting of the shipments to the other big Gulf ports.

King Of Tiny Montenegro Issues Another Defiance To Teutonic Powers

Nearly all of Serbia being held by the Teutons and Bulgars, the attention of the central powers has now been turned toward Montenegro, the little country which espoused Serbia's cause early in the war and has been fighting vigorously against the Austro-Hungarians ever since. The Montenegro consul general at Paris received the following dispatch from Cetinje: "King Nicholas has addressed an energetic proclamation to the people. He urges them to remain calm in the face of the danger which threatens Montenegro and recalls the heroic defense of Serbia, now invaded. The proclamation reads: 'The Serbian army has been obliged to retreat toward the mountains of Montenegro, where the forces of the two Serb kingdoms, united against common foes, will resist valiantly. Faithful to its traditions, Montenegro will carry on the struggle until death, which it would prefer to slavery. The allies have undertaken to revictual the population of Montenegro and the army. The latter will defend the glorious soil of its native land without sparing blood. It will fight from mountain to mountain around its king with the ardor that full confidence in a definite victory for Montenegro and its great allies gives.'" In the pictures 1 is King Nicholas of Montenegro; 2 is a scene in the Montenegro mountains; 3 is a group of Montenegrin cavalrymen; 4, a Montenegrin infantryman.

HENRY FORD'S MESSAGE TO POPE MADE PUBLIC TODAY

Urges Pontiff to Take Action to End War by Means of Mediation At Once.

New York, Dec. 2.—In a long cablegram addressed to Pope Benedict, Henry Ford has outlined in a definite form the manner in which he hopes to "end the war and bring the boys out of the trenches."

Ford's peace headquarters made public a copy of the cable message. From the gathering of peace delegates, carried to The Hague by his peace ship, Oscar II. Ford plans, in an international peace congress in some neutral capital. This congress is to formulate definite peace proposals and present them to the belligerent nations.

"For this undertaking, most holy father, we bespeak your good-will and co-operation," Ford cabled the pope.

No reply has been received thus far.

Ford's cabled message to the pontiff follows: "Realizing the high and holy interest which you as supreme pontiff of the church have taken in ending the carnage, may I announce to you the peace mission on which we are approaching Europe?"

"Believing that a world situation in which international forces must cooperate exists, we have planned a conference of neutrals to adopt means of action for ending the most frightful war in history. For fifteen months the people of the world have waited for their governments to act; have waited for their governments to bring Europe out of unspeakable agony and suffering and to prevent Europe's destruction.

"Meanwhile millions of men in the battlefields are dead. Humanity owes it to the million more who are led like cattle to the shambles to prevent the slaughter.

"There is no nation that has not declared it does not want this war. There is no nation that does not at heart ardently long for peace. But warring nations can not find it. Neutral nations must arrange the way.

ONLY NEUTRAL PASSPORTS FOR FORD'S PEACE PARTY

Will Not Be Given Papers to Belligerent Countries State Department Says.

Washington, Dec. 2.—Secretary Lansing announced today that members of the peace party planning to sail on the ship chartered by Henry Ford will not be given passports to belligerent countries, but only to neutral states in Europe.

Secretary Lansing made it plain that passports were given to American citizens for belligerent countries only when business made it absolutely necessary to visit there or when they were guided by some government agency in those countries. He explained that no distinction was being drawn between members of the peace party and that the general rule of the state department was being observed. The ruling, however, was interpreted generally as meaning that the United States does not regard unofficial missions for peace by private persons, as business of an urgent character. Officials of the state department said there seemed to be some impression in Europe that the United States was sanctioning the Ford plan and they emphasized there was not the slightest ground for such an intimation. Each applicant for a passport will be subjected to the close scrutiny it being feared, as one official said, that "a wolf in sheep's clothing" might get aboard the ship and while playing the part of an advocate for peace be in reality a spy. The department is determined that nothing of the kind shall happen.

EMPEROR'S VIENNA VISIT WITHOUT SPECIAL MOTIVE

Austrian Newspapers Declare That the Meeting of Rulers Had No Significance.

By Associated Press. Berlin, Dec. 2.—"Vienna newspapers," says the Overseas News Agency, "commenting on the German emperor's visit to that city state that there was no special motive for the meeting of the two monarchs. Friends met friends with simple cordiality in striking contrast to the theatrical description of the meeting as made by our enemies."

AUSTRIA INQUIRES AS TO GORICAR CHARGES

By Associated Press. Washington, Dec. 2.—The state department has received from the Austro-Hungarian government a demand through Ambassador Penfield at Vienna for a formal inquiry regarding the statement recently issued by the department of justice which was constructed by the Austrian embassy here as being in confirmation of the charges made by Dr. Goricar, a former Austrian consul.

ITALY IS PARTY TO LONDON AGREEMENT

JOINS ALLIES IN PROMISE NOT TO CONCLUDE SEPARATE PEACE.

FOLLOWS AUSTRIAN RUMORS

Reports Current Recently That Vienna Government Wished to Enter Negotiations.

By Associated Press. Paris, Dec. 2.—Italy gave her adherence on Monday to the London agreement of the other entente allies not to conclude a separate peace, says a Milan dispatch to the Matin.

Lieut.-Gen. Count Cadorna, chief of the Italian general staff, who was to have visited France for a conference with the French and British commanders and for an inspection of the western battle front, has been compelled to forego this trip because of the intensity of the fighting on the Italian front, especially along the Terno. Gen. Porro, underchief of the general staff, will be sent as a substitute and will arrive in Paris, December 5.

If it is true that Italy gave adherence to the London agreement Monday, when an earlier dispatch from Rome said formal announcement of her decision would be made the step was taken almost simultaneously with more or less detailed reports that Austria had instituted negotiations for a separate peace. It has been asserted also that Emperor William's visit to Vienna was taken to circumvent certain actions by Germany's ally.

FRIENDLY SETTLEMENT OF BREWERY CASES IMPOSSIBLE

Austin, Dec. 2.—Negotiations for a settlement of the brewery cases are off, and the taking of testimony was suspended to be resumed at some date to be fixed, possibly in about two weeks. Conferees could not come to an agreement and a determination to fight was expressed by both sides. An amicable settlement is possible, as it was explained that "the bridges have not been burned behind" but that the several litigants are so far apart at this time an understanding is now impossible.

INTIMATES ITALY WILL SEND TROOPS TO BALKANS

By Associated Press. Rome, Dec. 2.—What is believed to have been an intimation that an Italian expedition soon will be sent to Albania was given by Foreign Minister Sonnino in his address before Parliament when he said that as soon as possible the Italian flag "would wave from the opposite coast of the Adriatic to help the Serbians."

EPISCOPAL BISHOP HAS PRAISE FOR PRESIDENT

By Associated Press. St. Louis, Dec. 2.—"President Wilson rules today, not only America, but in a sense may be said to hold the world in the palm of his hand," declared L. L. Kinross of the Episcopal church of Southern Brazil in an address before the Laymen's Missionary convention, there last night. He continued: "Thank God that in the White House we have a man with the heart of a prophet who is leading us aright on the great national question of preparedness. The preparedness that is neither for or against war, and the preparedness that with a strong army of continental patriots and a strong navy on the high seas will be the best guarantee of peace."

BERLIN DISCOUNTS REPORT OF FOOD DEMONSTRATION

By Associated Press. Berlin, Dec. 2.—"Yesterday, as usual," says the Overseas News Agency, "at the opening of the Reichstag, large crowds gathered in the building and the neighboring streets. Among the throng were some who made demonstration in favor of the settlement of the problem of government regulation of prices and the distribution of food. Germany's enemies no doubt will again spread all over the world, ridiculous reports about Berlin's street riots and make other insinuations which in no way correspond with the truth."

MONASTIR IS NOT YET OCCUPIED BY BULGARIANS

By Associated Press. Paris, Dec. 2.—Telegraphing from Athens under date of December 1, the Havas correspondent says: "The Bulgarians have not yet occupied Monastir. The Serbians have evacuated the city and it is supposed the Bulgarians are awaiting reinforcements. Serbians refugees who continue to arrive at the Greek border are suffering frightfully from the cold weather being ten degrees above zero. Fresh Bulgarian forces are concentrating on the west front."

NEXT BALKAN MOVE BY TEUTONIC ARMY AGAINST RUSSIANS

BELIEVED FORCES WILL TURN THEIR ATTENTION TO MENACE FROM CZAR'S DOMAIN—ANOTHER ALTERNATIVE OPEN.

ADVANCING ON MONTENEGRO

Defenders Exact Heavy Toll From Invaders—Greek Diplomatic Situation is Showing No Change Today.—No News From Other Fronts.

By Associated Press. London, Dec. 2.—Military events in the Balkans are apparently in a transitory stage which may precede another German offensive but whether this will be made against the Franco-British troops which hold all that remains of Serbia or against the Russians should they launch an attack against Bulgaria from the east, the present situation gives no indication.

The Saloniki dispatch reporting the withdrawal of Field Marshal Von Mackensen's forces from the Serbian front to Bulgaria is interpreted in some quarters as confirmation of the second alternative, with Pristina in Bulgarian hands, both the Austro-Germans and the Bulgarians have formally announced the completion of their Serbian campaign. Vienna officially intimates the capture of more than 60,000 Serbians by Gen. Von Keuss's army during the month of November alone. Moreover it seems certain that the Serbians in their retreat over Albanian mountain passes, encountered not only by civilian refugees and made more difficult by wintry weather were forced to leave behind them a large part of their equipment, including most of their heavy artillery, motor cars and other transports.

The Germans are now engaging the Montenegrins on the Montenegro frontier and as a heavy cost have penetrated some distance beyond the border. Yet this struggle is not comparable to the serious and sanguinary fighting which marked the Serbian campaign last month and which has now almost ceased.

Notwithstanding all the entente negotiations at Athens, the Greek situation today remains such as it was a month ago. It is now clear that Greece has determined not to demobilize or withdraw her army from Saloniki. Though a deadlock seems to have been reached negotiations are still under way.

No change of significance was reported on either the western or the eastern front during the last twenty-four hours.

CLARKE HAS OPPOSITION FOR SENATE PRESIDENCY

Washington, D. C., Dec. 2.—Senator Pomerene of Ohio became a candidate last night for president pro tempore of the senate in opposition to Senator James P. Clarke of Arkansas, who seeks re-election. The candidacy of the Ohio senator, announced after a session of the senate Democratic caucus, assures a lively contest, which will be settled next Friday. Opposition to Senator Clarke had been smoldering ever since the Democratic conference began Monday because of his antagonism to the ship-purchase bill at the last session. Administration leaders had sought, however, to ally this opposition for the sake of party harmony and it was not until tonight that an open fight against him developed.

The committee agreed upon a closure rule which would provide means for forcing a measure to a vote when ever filibustering tactics became apparent.

It would provide that when any senator rises and asserts the opinion that an attempt is being made to obstruct a measure and claims the right of the senate to proceed to a vote, the chair shall submit to the senate, without debate, the question: "Is it the sense of the senate that an attempt is being made to obstruct, hinder or delay a vote?"

If the question is decided in the affirmative, it would be in order for any senator to move to fix a time for taking a vote on the pending measure and all amendments, such motion to be decided without debate. The time to be fixed would be at least two calendar days after the making of such motion.

Democratic senators who oppose closure predicted that the proposed rule would be vigorously fought in the conference.

MISTRIAL RESULTS IN THOMAS E. WATSON TRIAL

Augusta, Ga., Dec. 2.—A mistrial was ordered in federal court here last night in the case of Thomas E. Watson of Thomson, Ga., charged with having sent obscene matter through the mails. The jury, which had the case before it since Tuesday afternoon, reported it could not agree on a verdict.

According to a statement made by members of the jury, the vote stood ten to two for acquittal from the first to the last ballot.

The jury was called into court shortly after 8 o'clock after it was agreed at a conference between Judge Lambdin, who presided at the trial, and counsel for both sides that a mistrial be taken in the event there was no prospect of a verdict.

peared together in only two cities last season—New York and Chicago. The characters of the remarkable play are singularly fitted to the differing personalities of the stars, and each role is a vivid and appealing factor in the development of the romantic story. Those who contend "The play's the thing" had the witching gratification of an interpretation they enjoyed as never before, and those who insist on acting quality in a performance were refreshed by a feast of entertainment new to their experience. Those who sit in critical high places of school and press, the dear old ladies of dramatic club tendencies, posing writers of racked dramatic idols, the odds and ends of the big city that cackle about old days and blare about green taxes—all united to honor "The New Henrietta" with its all star cast so that the business result loomed the biggest in years.

The Empress. Today's attraction at the Empress is "Captain Macklin, Vice President of Honduras" a Mutual Masterpiece, based on the thrilling romance by the same name written by Richard Davis. Royal Macklin, the hero, is born of a long line of fighting men, and to him strife means life. War was his accomplishment and women were his chosen diversion although he loved no woman. He was expelled from West Point for running the gentry and being in a dance without leave and goes home in disgrace. There he meets Beatrice who lives with his grandfather. She falls in love with him and for the time being he fancies her to be the object of his affections. The spirit of adventure soon possesses him again and he goes to Honduras where a revolution is in progress. Leaving Beatrice almost broken hearted. After many months of adventure Macklin becomes vice president of Honduras and for a short time rides on the crest of political favor. Reverses come however, and again Macklin goes back to home and Beatrice. A friend Lowell accompanies him and when later Macklin again answers the call of strife Beatrice finds in Lowell's love the comfort which Macklin could never have given her.

The Gem. "A Night in the Show" a brand new Chaplin comedy is the head line attraction at the Gem today. The question was, could Chaplin put the funny business over sans the usual eccentric makeup? The question may now be conveyed to Goldberg and listed with that gentleman's formidable list of foolish ones, for Charlie with or without is the same Charlie. Any clothes while on Chaplin serve to cover a multitude of laughs which duly uncover themselves as the picture progresses. (Editor's note: The clothes remain intact.)

"A Night in the Show" introduces Chaplin via two characters. He is very much the ridiculous man about town, arrayed in neat fitting dress suit and human sized shoes, who goes to a vaudeville show and bothers everyone else in the orchestra. Besides he witnesses the performance from the gallery attired as a bum, not as the usual Chaplin bum, but much more humbler than usual. Perhaps the most amusing thing in the entire two reels, if it is possible to discriminate at all, is the spectacle of Chaplin crawling over a row of people to get to his seat, crawling back again to change it, and back again to get it again.

The Lydia Margaret. Clara Kimball Young in "The Heart of the Blue Ridge" is today's attraction at the Lydia Margaret. A synopsis of the story is given. Plutina, a country girl, lives in the moonshine district. She is in love with and beloved by Zeke, a young farmer, and is happy in the possession of a pet bear. Dan Hodges who secretly operates an illicit still, is in love with Plutina, but she repulses him. In revenge he kills Plutina's bear. Zeke gives information about the illicit still to the government, but Dan and his followers escape into the mountains. When Zeke learns of the death of the bear he swears to punish Dan. The still is destroyed and Dan vows vengeance on Zeke. He reappears and tells Plutina that he must have her or he will burn her house down and kill her grandfather and sister. Plutina is now genuinely alarmed. Zeke is appointed overseer of a lumber area and he and Plutina have every prospect of being happily married. Dan Hodges starts another still and swears to get Zeke. Plutina directs the officers to Dan's still and Zeke goes away. But Dan and his men again escape. Dan captures Plutina and tries to take her to the mountains with him. Zeke learns of Plutina's plight and hastens to rescue her. He arrives in time to confront Dan as he is striking Plutina. There is a fight between the two men on the edge of a cliff. Hodges plunges on to the rocks below and Zeke rescues Plutina from an awful death.

The Majestic. "The Master of the House" the notable production scheduled for showing today at the Majestic Theatre will afford patrons of that house opportunity for seeing that famous dramatic actor, Julius Steger, in his first screen effort, which is a picturization of his former great stage success, and in which he appeared successfully for a long season in New York and several seasons on the road.

"The Master of the House" is the story of a husband, who tiring of his faithful and old-fashioned wife, seeks to graze in pastures new, but who, after trying experiences, sad adventures and costly blunders, returns to his family fold a sadder and wiser man. The husband who has wandered off with the beautiful governess who came into his house a siren, is welcomed back by his faithful wife and loving children, a broken, dispirited man.

Only a few months ago we were scarcely known in Wichita Falls, but today we are employing more people than any other cleaning establishment in the city. There is a reason for this—our work is right and our prices are right. We are cleaners, dyers and hat renovators. We know the business and employ only people who know the business and guarantee to please you or no pay. We have an expert in our alteration department who can take your old suit and make it look like it was just from New York. If you are not our customer already, give us one trial and be convinced.

Song.

I thank thee, God, that I was strong
That life leap'd lusty in my blood,
For every thrush or linnet song,
For love and all our nestling brood.

I bless thee, God, that I am old,
And bent and poor, and weak and blind,
I drained the chalices of gold,
Firmly I face the leaden wind.

FORMER WICHITA GIRL MARRIES IN KENTUCKY.

The following clipping of the Mathey-Brasfield wedding in Hickman, Ky., taken from a Hickman paper of last week will be of much interest to the friends of the bride, who for many years made Wichita Falls her home.

Miss Maytha Ann Mathey and L. Drury Brasfield, popular young people of this section, were married at the home of Mr. and Mrs. H. A. Scates, in Union City, Tuesday afternoon at 3 o'clock. Rev. G. T. Mayo, of Dresden, Tenn., performing the ceremony in the presence of only the immediate relatives of the contracting parties. Mr. Brasfield is the son of Geo. Brasfield, a substantial farmer of near Hickman, and is a young man of good habits and industry. The bride was formerly a resident of Wichita Falls, Texas, but for the past year has made her home with her cousin, Mrs. B. Parham. Since coming to Hickman she has made many friends, and is deservedly popular in her circle. She is also a musician of more than usual talent, her work on the violin being especially brilliant. The happy young couple returned to the home of the groom's father immediately after the ceremony where they will make their home. The courier joins the many friends of the young people in extending congratulations.

HEAVY COTTON EXPORTS TO RUSSIA THROUGH SEATTLE

Seattle, Wash., Dec. 2.—Exporters began negotiations today with the Seattle port commission for space in public warehouses in which to store 1000 cars of cotton on route here from the south, for shipment to Vladivostok. Because of the scarcity of ocean tonnage, it will be necessary to store the cotton here several weeks. The movement of cotton through this port to Russia where it is used for the manufacture of explosives is said to be the largest on record.

ELKS MINSTREL IS SEEN AND ENJOYED BY CAPACITY CROWD

FIRST PERFORMANCE PROVES HIGHLY SUCCESSFUL AND BIG AUDIENCE IS WELL ENTERTAINED—NOVEL FEATURES.

IS TO BE REPEATED TONIGHT

Local Talent Shines Wednesday Night—Young Ladies Take Part In Songs and Dances and Add Much to the Production.

In the presence of an immense crowd that evinced its hearty appreciation of every feature of the performance, the annual minstrel by the local lodge of Elks was presented at the Wichita Theatre last night. The production was a glittering and thorough success and was enjoyed by all who witnessed it.

The minstrel differs in form from the usual procedure of such shows and the variation adds to the enjoyment of the production. Instead of the hackneyed "first part" the curtain rises upon a scene at Tuxedo, New York, supposed to be a fashionable suburb of New York City. The gradually unfolding plot develops that guests are expected and that entertainment for them must be provided. In this way, the path is opened for the appearance of the regular minstrel portion of the performance, the minstrels being conscripted to provide entertainment for the supposed Tuxedo party.

In the course of the opening scene several musical numbers were introduced. Miss Mabel Simpson, who had the leading role in the sketch was assisted by a chorus of local young ladies who danced and sang in a manner most pleasing. Among the musical selections was "Dearie Girl" by Miss Simpson and Jake Avis. Frank Blyler of the Miller & Draper organization which assisted the Elks in staging the show, gave a number of very enjoyable numbers and "Chit Chat" minstrel rendered some old plantation melodies that proved a most acceptable feature. Those taking part in the first act were:

- Miss Mildred Myles—Miss Mabel Simpson.
- Sadie—Miss Ann Carrigan.
- Sidney Vincent—Jake Avis.
- Siskoon, a traveling man from Chicago—Max Gardner.
- Lord Charringtons—John Humphrey.
- Red McGee—Jack Barnard.
- Plunkett T. Plunkett—Will Andrews.

A Musical Show Director—Frank Blyler.
—Chit Draper—By himself.
With the way paved neatly enough for the minstrel part of the program the second act, a comedy skit entitled "Wichita Falls in the Year 2000" was presented. This was a clever satire on present day conditions, with some personal shots that were not lost on the audience and some melodramatic features that were quite thrilling. A. L. Hines as Evelyn Templeton, Ernest Walpole as Mrs. Riley, R. J. Maria as Clarendon Riley and W. N. Bonner as Reginald Remington, presented the playlet in a manner that kept the audience at the highest pitch of enjoyment.

Then the knights of the tambourine and the burnt cork had their inning and they made the most of it. Mayor A. T. Britain was the interloper, filling that position ably and expertly, while a galaxy of Elks and others furnished the music and the comedy. The musical numbers provided a very delectable feature, the mixed chorus of 60 voices adding much to that part of the program. The end men and other burnt cork artists fired several volleys of jokes at the crowd, and demonstrated their ability as laugh getters in fine style. Claude Woods, without whom no Elks minstrel would be even attempted, much less staged, was there and M. A. Brin, another old time favorite on such occasions was in his glory. Others on the fringe line included G. H. Hodgins, Hugh Cargoe, C. R. Van Voy, A. Adams, J. D. Proctor, James Griffin and Chit Draper.

Mrs. Walter Robertson, always a favorite with local music lovers, gave a solo, and Ivan Murchison sang "Farewell to the King's Highway" which the audience liked immensely.

One of the most pleasing musical numbers was the encore "Little Grey Mother" sung by Messrs. Murchison and Blyler. A large number of "chorus girls" added much to the production the following taking part: Misses Mabel Simpson, Agnes Reid, Anne Carrigan, Lillian McGregor, Grace Nolen, Orveta Wyatt, Mary Orth, Bess Kell, Berna Mae Kemp, Stringer, Kahn, Louise Fox, Lillian Avis, Louise Bullitt, Alice Burnside and Genevieve Carver. The "chorus men" included Messrs. McGregor, Gober, Andrews, Huey, Avis, Humphries, Walpole, Marin, Stone, Bonner, Swift, Kaufhold, Wilson, Barnard, English,

EMBARGO ON FREIGHT INTO MEXICO LIFTED.
Galveston, Dec. 2.—The embargo on freight in carload lots into Mexico through Laredo which was put into effect by the International & Great Northern railway February 16, 1915 has been lifted according to an announcement here. Freight will now be accepted for Mexico City, Monterrey and points eastward and to Toronto.

By Associated Press. New York, Dec. 2.—The cotton market opened steady at an advance of six to seven points today in response to steady cables and bullish overnight spot advices, with January selling at 12.49 and March at 12.78. There was a good deal of scattered realizing, however, while the easier tone of the stock market appeared to promote rather a reactionary sentiment and prices soon eased off 9 or 10 points from the best with January at 12.39 and March at 12.69. Liverpool was a seller of July and October here and the report of a further advance in freight rates on cotton from New York to Liverpool probably helped to offset the steady showing of the cables.

Chicago Grain. Chicago, Dec. 2.—Indications of a large export business carried wheat prices today decidedly higher. It was said that the sales of wheat to be shipped by way of the Gulf of Mexico were of greater magnitude than had been generally supposed. A sharp falling off in receipts in the northwest counties also in favor of the bulls and so, too, did quotations at Liverpool. Opening prices here which ranged from a shade off to 5% up with December at 106 1/4 to 106% and May at 109 to 109% were followed by a material upturn all around. Absence of offerings from the country gave a lift to the corn market. After opening 3/8 to 3/4 higher the market scores a notable further gain. Oats partook of the strength of other cereals.

NO MORE FOOTBALL GAMES

PLANNED HERE AT PRESENT. The football season for this year has practically ended for both the high school and independent teams, although it is possible that the latter will arrange to bring some visiting team here for a game on Christmas Day. The teams have ceased practicing, however, and no more games are probable. The season was not a successful one for either team, both the high school eleven and the independent losing most of their games. From a financial standpoint, however, the season was one of the most successful ever held here, all games being witnessed by good crowds.

NO TRACT YET SELECTED FOR COUNTRY CLUB SITE. The question of a site for the grounds and clubhouse of the golf and country club which is in process of organization here, has not yet been settled satisfactorily, and until that important matter has been gotten out of the way little can be done toward getting the club going. The site first recommended by the committee, for land at Lake Wichita near the ball park could not be secured for the price the committee offered, and it is considered likely that another tract will be chosen. The site committee which consists of J. J. Perkins, F. M. Gates, R. E. Huff, C. W. Reid and G. D. Anderson is anxious to receive suggestions of other tracts which might be available and those having any such sites in mind may communicate with any member of the committee. Numerous tracts near the city have been considered, but so far none has been found that was suitable both from the standpoint of natural advantages and from the financial side.

POLICEMEN BAG QUAIL, RABBITS AND BOB CATS. Policemen Frank Burns and Chas. Culver went hunting on the Little Wichita yesterday, the first day of the quail shooting season. Mr. Burns will send the cats to a taxidermist to be mounted.

KRUGER SALE ATTENDED BY IMMENSE CROWD TODAY. Times advertising received another big boost today among the merchants of the city, when the crowd poured out to attend the Kruger Bros. sale this morning. This sale was advertised exclusively in The Times and even before the opening hour of the sale the store was packed to capacity with eager customers. It is a little unusual for a jewelry firm to put on a sale of this kind just before the holidays, and this fact no doubt appealed greatly to the public, as right now almost everybody is in the market for this class of goods, but nevertheless the crowd was away beyond expectations and Mr. Kruger is kind enough to give the credit to The Times advertising for bringing the people out.

MOVEMENT ON TO BRING W. C. T. U. CONVENTION HERE. Efforts are being made to bring the State W. C. T. U. Convention here next spring. The movement was given impetus by the recent visit here of Mrs. Nanette Webb Curtis, state president. It is practically certain that the convention can be brought here if the ladies of the town will pledge accommodations for the delegates who will number between 200 and 300. It is the custom to entertain the delegates without charge. A committee from the local union will soon begin a canvass of the homes of the city to see whether the ladies of the town are interested enough to furnish accommodations for the visitors.

WE CLEAN AND PRESS

the finest suits in Wichita Falls. We look after the best wardrobes in the city. There is a reason for this. If we did not give absolute satisfaction in both work and price we would never be able to hold this business. We do one hundred cents worth of work for the dollar; we know that fifty or seventy-five cents worth of work scattered over a dollar job would never do with the class of people who patronize our shop. The American people get what they pay for; if the price is so cheap the work is the same way. We clean and press your suit for One Dollar, because the dollar is right—less is not enough. Our guarantee is open with no strings to it. If we don't please you don't pay.
